## REPEATERS INCREASE WORK AT SCRIP MINT

Many Come Back for More, When One Trip Would Do as Well.

Applications for scrip to the number of 175 had been received by the Retail Merchants up to last night and \$15,000 worth of the paper had been put into circulation. This makes the average amount granted each applicant slightly in excess of \$80. This tends to show the full service that the scrip plan is giving. It shows that many with small savings would have benefited if the plan had not been put into effect. Also, according to M. O. Burt, secretary of the association, a portion of those applying for scrip had goodly accounts in the bank, nevertheless, they were badly in need of relief. Several of them were in need of relief. Several of them were in need of relief.

The association, of course, is willing to be accommodating but it wishes, as far as possible to stop the practice of repeating. It would like that everyone secure enough scrip to care for their wants at one visit.

## BRYAN LAUDS CONFERENCE ON DISARMAMENT

NEW YORK, July 19.—"The peace conference ended one war; the disarmament conference may end all wars," William Jennings Bryan declared today in a message to the United Press, from Lagrange, Mo. Bryan, long an advocate of disarmament and various peace plans, was enthusiastic over Harding's invitation to the powers to a conference in Washington.

"The disarmament conference promises to be the most important gathering in centuries," Bryan declared.

## BLOODY CLOTHING OF AMARILLO MAN FOUND; FOUL PLAY IS FEARED

AMARILLO, Texas, July 19.—The finding of bloody clothing yesterday, belonging to Walter Lyons, local newspaper man, in a lake by the Rock Island railroad tracks on the outskirts of the city, led officers to believe he was the victim of foul play. Lyons went to San Angelo on a business trip last week, and wired friends he would leave for Amarillo on the Santa Fe Saturday night.

The shirt found had Lyons' laundry mark on it, and was identified by his landlady. Officers believe he was attacked on his way to his room, after arriving here from San Angelo.

## AUSTIN LEGIONNAIRES NO LONGER TO 'BUDDY' WITH NIGGER-LOVERS

AUSTIN, July 19.—Resolutions requesting national headquarters of the American Legion to withdraw the charter of the Sol Sai Mor post of Chicago because the post announced at a banquet they would support Jack Johnson in a fight with Jack Dempsey, were adopted last night by the local post.

## GOV'T EXPENDITURES DROP NINE MILLIONS DURING FISCAL YEAR

WASHINGTON, July 19.—The total government expenditures for the fiscal year just ended decreased \$9,000,000 from that of last year, representing a decrease of \$1,387,000 in ordinary disbursements and a reduction of \$7,846,000 in payments on public debts, according to an annual statement of the treasury department.

HICO, July 19.—The Texas Poultry World, a magazine devoted entirely to poultry interests of Texas, is now being issued by the Hico Publishing company. Each week. It is published in the interests of better and more poultry and in the heart of a great poultry section of Texas.

## ENGINEERING DATA FAVORS LAKE ROUTE FOR PLEASANT GROVE ROAD

County Officials' Hearing Develops That Eastland Hill Requires 500-foot, 6 Per Cent Grade, Mirror Lake 300-Foot, 5 Per Cent; 185 Feet Difference in Length.

The advocates of the Mirror Lake route for the Pleasant Grove highway seemed to have had the best of the argument at a meeting held yesterday, where both that and the Eastland Hill route were discussed before Judge C. R. Starnes, County Commissioner Ernest Webb and County Engineer Eccles. The meeting was held in the Chamber of Commerce rooms. No decision was made at the meeting.

It developed through questions asked by Judge Starnes, that the Mirror Lake route had the best of the argument from an engineering standpoint. If the road is built by the lake, it will have a 300-foot, 5 per cent grade, but if it goes up Eastland Hill the grade will be 6 per cent and 500 feet long. Also if the road goes up the hill from Main street, it will require a culvert that will cost \$2,000. This will be in excess of the cost of the Mirror Lake route. However, to follow Pine street to the hill, the cost would be about the same as that of the lake site. But here a difficulty arises because Pine street is not easily opened by law and cannot be opened for the reason that residences are built in what would have to be the street. The Eastland Hill road would be 185 feet shorter than a road by Mirror Lake.

### Right-of-Way Fight?

The lake route also has one drawback. It will be necessary that it pass over the Jones farm, and Mr. Jones has said that he will contest a right-of-way for the reason that the right-of-way is already available over the old road. On the other hand, the Eastland Hill right-of-way has all been obtained and the contractors could go to work at once if the court should decide that was the most suitable routing.

Throughout the meeting, Judge Starnes continually impressed upon

the advocates of both sides of the question that the matter of right-of-way within the city was a question for the city to solve and that the court had to look at the road not from a city standpoint but from a county-wide standpoint.

"The commissioners court has no jurisdiction within the city," he said, "and is under no duty to build a road in the city limits. However, it has that right under the law, but the city must first provide a site for the road that is approved by the court."

Personally, he seemed to favor the Eastland Hill to Main street route, but he stated positively that if that route was chosen the city would have to provide for the construction of the culvert, the cost of which would be in excess of the cost of the Mirror Lake route. If he has leanings in the direction of the Main street entrance into the city, it is probably because everyone seems to want the highway to enter Ranger on Main street.

### Quick Decision Urged.

Before the meeting opened it was explained by J. E. Peters that from Eastland toward the Stephens county line and from Cisco toward the county line the stone was being placed on the highways and Ranger's only hope of having communication with Breckenridge is for the question of the Pleasant Grove road to be settled at once.

"While we are chewing the rag," he said, "Cisco and Eastland are both struggling to be first to the county line and provide a good road for folks around Leerer and other points in that direction. The contractors are ready to begin work at once and have contracted the output of one crusher."

About forty men, advocates of both sides, were present. Much talk was indulged in, but very little concerned the engineering features of the road.

## CREDITORS' COMMITTEE AT WORK ON REFINERY REORGANIZATION

Special to The Times.

EASTLAND, July 19.—At a creditors' meeting held last week in Kansas City, wherein more than \$1,000,000 in claims against the company was represented, a tentative plan was suggested for re-financing the Ranger Refining & Pipe Line company and again putting it into operation. A committee was appointed to work out full details of the plan and the creditors present agreed to abide by the decision of the committee, which at once drafted an agreement which is to be executed by all creditors who care to take part in the proceedings. This information was given out today by K. K. Crowley of Eastland, one of two receivers appointed by the Kansas City court for the bankrupt company. A second set of receivers were appointed by the Abilene federal court. Since the appointment of the two sets of receivers the question has been before the federal courts as to which court has jurisdiction.

The appointment of the committee occurred after the creditors who met in Kansas City had gone thoroughly into the affairs of the company. The committee was empowered to represent all the creditors present or who join them, at any bankruptcy proceedings.

### Ranger Man Named.

It is composed of the following: P. E. Laughlin, president, Mid-West Reserve Co., Kansas City; J. H. Vaughn, treasurer, Eldorado Oil & Gas Co., Ranger; J. A. Curtis, counsel, Root, Hipp & Duff, Cleveland, Ohio; L. P. Ryland, counsel, McDonald Oil & Gas Co., Kansas City; O. M. Chambers, Buffalo, N. Y.; C. W. Reed, City National Bank, Wichita Falls; H. Fitch, treasurer Kansas City Structural Steel Co., Kansas City.

## SEVEN PERSONS BITTEN BY DOG BELIEVED MAD

AUSTIN, July 19.—Seven people from Cooke county arrived here today to take treatment at the state Pasteur institute. They were bitten by a dog, supposed to have been afflicted with hydrophobia. On Sunday the dog bit three children of Claude Stice, residing sixteen miles from Gainesville. The dog was taken to Gainesville for examination, but before it could be shot, it escaped and bit several persons.

## WEATHER

Tonight and Wednesday partly cloudy, probably scattered showers in extreme west portion.

## YOUNG WOMAN AND MOTHER ARE ATTACKED

DALLAS, Texas, July 19.—Miss Florine Roberts, 29, was beaten unconscious, and her mother, Mrs. J. N. Roberts was severely bruised when they were attacked by an unknown man in their front yard here early today.

Miss Roberts was returning from a dance, and as she stepped into her car, she was seized by a man, who, she alleged, was a rejected suitor of hers, struck her and knocked her unconscious. Mrs. Roberts heard her daughter's screams and ran to the front yard. She was attacked, and received a bad cut over the eye.

A good description of the man was given police, and an early arrest is expected.

## THUNDER CAUSES SHELL SHOCK RECURRENCE TO JAKE HAMON'S NEPHEW

WEEHAWKEN, N. J., July 19.—Lieutenant George Hamon, of Ardmore, Okla., wandered dumbly about the ward of the North Hudson hospital here a victim of a recurrence of shell shock, brought on by a heavy thunder storm.

## U. S. DIPLOMAT REFUTES CHARGE OF COL. HARVEY

RHEIMS, July 19.—Idealism led America into the world war, Ambassador Myron T. Herrick declared in an address here today.

## THIRD FORD IN THREE DAYS IS STOLEN HERE

The third automobile to be stolen in as many days was taken last night from the front of Dr. A. K. Weir's residence, shortly after dark. Dr. Weir had parked the car, which is a Ford roadster, in front of his residence. When he returned thirty minutes later, it was gone. It was locked, he said.

On Sunday night the car of D. Sanders was stolen and on Saturday night preceding, the machine of E. Buchwald was taken. In both cases the cars stolen were Fords.

## ASPHALT COAT BEING LAID ON CADDO HIGHWAY

Part of Road Will Be Opened to Use by Saturday; First in County.

One mile and perhaps more of the new Caddo highway will be opened for traffic by Sunday, according to a statement made yesterday by the builders. It is hoped that the road will be ready for traffic for two miles by this is not promised.

Yesterday the contractors began pouring the first coat of asphalt. On top of the first layer of asphalt, a thin layer of fine stone is placed. This is rolled until it is solid and all cracks are filled. Then another coat of asphalt is applied and the final stone dressing is applied. This consists of very fine screenings. The road is then rolled again, welding the whole into a tightly bound, weather-proof mass. Beneath the last two layers of finer stone is several inches of heavier rock.

Late yesterday afternoon several hundred feet of the first coat of asphalt had been applied and the distance rolled.

This will be the first strip in the county to be entirely finished.

## EXPLOSION OF 34 OIL TANKS CAUSES MILLION DOLLAR FIRE

Firemen Battle With Blaze on New Jersey Shore for 14 Hours; Families Are Driven From Homes by Flaming Wall and Many Are Sickened by Breathing Fumes.

LINDEN, N. J., July 19.—A flaming flow of burning oil, which swept over the Jersey meadows, and spilled into Staten Island sound, blowing up 34 oil tanks, and causing \$1,000,000 damage, was brought under control today, after a 14-hour fight.

The damage may be increased to more than \$2,000,000, due to explosion of an asphalt tank, and six additional gasoline tanks today. A hundred fire fighters ran for their lives, abandoning 5000 feet of hose, as the new fuel was poured on the flames.

Starting with the explosion of an asphalt still in the plant of the Warner Asphalt company, the "burning sea" covered many acres. For a time, blazing oil threatened to cross the shores of Staten Island. At night the scene was illuminated with the glare

## STATE BEGINS ATTACK UPON MASKED BANDS

AUSTIN, July 19.—A bill aimed at the heart of the Ku Klux Klan and other kindred organizations, with the avowed intention of eliminating them, is being prepared today by the attorney general's department to be introduced in the senate tomorrow.

The bill provides that the court of criminal appeals be instructed not to reverse cases sent up to it from the lower courts merely because of irregularities or technicalities that may have taken place in the lower courts.

The bill will specifically mention the Ku Klux Klan, Senator Edgar Witt of McLennan county, its sponsor, declared today.

Witt attributes the rapid growth of the Ku Klux Klan to a growing impatience on the part of the people of Texas with the frequency with which convictions of the lower courts are reversed because of technicalities.

"If my bill is enacted into law," Witt said, "the fundamental cause which led to the organization of the Klan will be removed."

## COUNT MADE OF UNCLE SAM'S BILLIONS IN GOLD BY ASSAY OFFICE MEN

NEW YORK, July 19.—Employees of the United States assay office in Wall street Saturday finished weighing and testing the myriad grains of gold and counting the certificates that comprise the huge sum of \$1,500,000,000—about one-fifth of the world's supply.

Besides this amount, there is \$872,000,000 worth of gold in a sealed vault, which had previously been checked. The enormous hoard, the largest ever assembled in one building in history, will continue to swell for some time, financiers said, as nearly every liner arriving here has a consignment for liquidation in this country.

## ONE HUNDRED THOUSAND WENT TO 'HIGHER-UPS,' SAYS BERGDOLL'S MOTHER

WASHINGTON, D. C., July 19.—Mrs. Emma Bergdoll, mother of Grover Cleveland Bergdoll, charged before the House investigating committee that Capt. Bruce Campbell, military counsel for Bergdoll at his slander trial, demanded \$100,000 to "fix higher-ups" in the case.

## CHICAGO PRISONER ENDS FAST OF SEVEN WEEKS

CHICAGO, July 19.—Hunger triumphed today over the obstinate will of Andrew Brykajola, who went on a hunger strike in the county jail seven weeks ago.

A glass of milk, an orange and a plum, laid temptingly within his reach, broke his fast. He ate both orange and plum and drank the milk. Physicians said his condition was improved today but they entertain little hope for his recovery.

## SECRET DEALS WITH ALLIES ARE CENSURED

Senate Group Demands Public Be Informed on Progress of Negotiations.

WASHINGTON, July 19.—A powerful combination of senators today set out to tear away the veil of secrecy from negotiations for refunding the \$10,000,000 debt Europe owes the United States. They want the American people to know from day to day, as the negotiations go on, just what terms are being agreed to for the repayment of each loan.

Senators LaFollette, Reed, Borah, Walsh and others will fight to include in the pending bill authorizing refunding negotiations, one or both of the following provisions:

1. That, as soon as an agreement has been made with one nation for repayment of that nation's debt and interest, a complete official copy of the agreement shall be sent the senate for its information.

2. That each agreement, as it is made, shall be submitted to the senate for ratification before becoming effective.

## MASKED BAND ATTACK MAY PROVE FATAL

CHANDLER, Texas, July 19.—E. H. Peters of Athens, Texas, was dragged from his room in the Leavel hotel last night by unknown men, carried three miles from town, and dumped from an automobile with his hands tied and a gag in his mouth.

He was discovered this morning in an unconscious condition. Physicians are fighting to save Peters' life. His condition is said to be dangerous.

A note was left in the hotel room, signed "K. K. C."

According to the sheriff, more than \$200, which Peters was known to have, was missing.

## NEFF TO PRESENT PINK BOLL WORM MEASURE

AUSTIN, Texas, July 19.—Pink boll worm legislation designed to meet the demands of the federal government and prevent a quarantine against Texas, will be submitted within the next few days to the special session by Governor Neff, it was learned today.

Members of the central pink boll worm committee made the announcement as they met to pass upon a bill which is to be submitted to the legislature shortly after the administration bill is introduced.

The committee is composed of seven members with W. D. Farris of Ennis, chairman.

## SANTA FE PUTS BACK ARMY OF LABORERS

TOPEKA, Kan., July 19.—Six hundred additional track laborers have been put to work on eastern lines of the Santa Fe, as the first material re-employment since the general lay-off several months ago, officials of the company announced here today.

## POWDER PUFF USERS GAINING ON WIELDERS OF RAZOR, IN TEXAS

WASHINGTON, July 19.—The total population of Texas includes 2,409,222 males and 2,254,006 females, the census bureau announced today. The ratio of males to females is 106.9 to 100, as against 107.4 to 100 in 1910.

Texas now has 741,696 negroes, 449 Japanese and 773 Chinese.

The foreign born population numbers 360,519 against 239,984 in 1910.

## HOW 'BOUT REED?

WASHINGTON, July 19.—The United States senate is seeking to be represented on the American delegation at the forthcoming disarmament conference, it was stated definitely today.

It was also stated that a decision as to just what senator will be named on the delegation has not yet been reached.

## CARNIVAL NOT SPONSORED BY CHARITY CLUB

The Charity club officially denies that it is sponsoring the Daredevil Miller carnival or any other entertainment of the sort, as indicated on placards distributed about town.

"We were approached to do so," said Mrs. Cabe Terrell and Mrs. Garrett Bohning yesterday afternoon, "but did not give our consent, and the next thing we knew the placards were printed, stating that proceeds would be turned over to the fund."

We have no connection with the carnival and do not need to use this method of raising money. The people of Ranger have given and will continue to give all that is needed for the work. People who patronize the shows need not do so under the impression that they are aiding a charitable work.

## ATTACK VICTIMS WILL TRY TO CONVICT ASSAILANT

CENTER, Texas, July 19.—Center continued to hold the attention of "masked band" league today.

With the victims of two attacks here, developments were coming to a head.

J. W. McKnight, former deputy sheriff of Nacogdoches, who was whipped by a band of five men at Timpsom Sunday, was here, with the avowed intention of making charges against four of his assailants.

## AFAIRS OF SHIPPING BOARD IN DEPLORABLE SHAPE, SAYS LASKER

WASHINGTON, July 19.—In announcing a new estimate of the deficit incurred in the operation of the government fleet, Chairman Lasker declared the books of the shipping board were in a "deplorable condition." He said they "could not have been kept in a much different shape if they had been kept with a view to cheating and deceiving congress and the country."

Lasker asked a relief appropriation of approximately \$2,000,000 for the current fiscal year.

**THE G. O. P. REPAYS.**

Whatever happens to the oil industry, it will happen without the aid or disability of a tariff—which it is, of course, depending upon the point of view.

To those who like for American industry to prosper, who like for American workmen to be employed in America at gainful occupations, this will, of course, be a disappointment.

But for those who look forward to American development of foreign oil fields and the home folk be durned, it is a great moral victory. So there you are.

The fact that Jim Jones and his syndicate of little fellows goes bankrupt trying to compete with shiploads of low grade gusher crude, the fact that his well is ruined through lack of operation, means nothing to those who conceive the future of the American oil industry to be in other countries.

What and who is a protective tariff for, anyway? Does Jim Jones think it is for him? No, it is for the aid of American industry in foreign lands. Isn't that the reason you either voted for or approved of the Republican victory?

High tariff on manufactured products, when Europe can only pay its debts in goods; no tariff on raw materials, which Europe does not have to offer but which can be produced more cheaply in the countries which owe us nothing: That is the theory of the protective tariff in 1921.

And the common people get it both ways where the chicken is supposed to ultimately receive the ax.

When a woman starts out for a picnic on a sunny day with a lunch basket in one hand and an umbrella and a pair of rubbers in the other, she's a pessimist.—Toledo Blade.

As is customary in murder trials one of the most important factors in the Kaber case will be Mrs. Kaber's black tailored suit, blue hat, black pumps and blue gloves.—Indianapolis Star.

Charles G. Dawes will meet his real test when some brave old-timer comes to bat with an objection on the ground that it has always been done the other way.—Indianapolis News.

"It may be worth a good deal of trouble to become a Duchess," remarks the Philadelphia Record. But for some American girls it is no trouble at all.—Baltimore American.

International marriages are the order of the day, but officially Miss Columbia somehow still declines to walk up to the altar with decrepit old Europe.—Boston Evening Transcript.

"What is more beautiful than a silk stockinged leg?" demurely inquires Mary Garden. Not a stockinged one at any rate, as the modern bathing suits amply show.—Louisville Courier-Journal.

That 16.7 per cent decrease in the cost of living during the last year almost kept pace with the chance of earning the cost.—Indianapolis News.

Shaw says that Dempsey was morally knocked out. The uplifters can improve on this by asserting that morally there was no fight to it.—Baltimore American.

**NATIONAL BUSINESS COLLEGE**  
**MAY ESTABLISH BRANCH HERE**

F. A. Farmer, head of the National Business colleges, with schools in Fort Worth, Abilene, Wichita Falls and other cities, is in Ranger with J. J. Cousins, canvassing the prospects for a modern business college here. Decision will be made within the next two days and will depend upon the number of pupils with which the school could start.

Mr. Farmer believes Ranger would be an ideal location for such a college, as it should furnish a considerable number of home students and also is in the center of a densely populated region from which to draw. He believes a school here could easily maintain an enrollment of 100 students

and if the promise of twenty-five or thirty can be obtained as a starter, the school will be immediately established in a downtown office building.

The National college here would offer complete courses in bookkeeping and stenography, with auxiliary courses in spelling, English, typewriting and penmanship. The Gregg system of shorthand is taught.

Several prospective students had been sighted Monday afternoon and both Mr. Farmer and Mr. Cousins feel certain that the initial enrollment will be obtained. Anyone interested in such a course can reach them through the Chamber of Commerce.

**FARMERS SEEK FORCED CUT IN FREIGHT RATES**

**Petition Will Be Presented in Congress; Ford's Initiative Applauded.**

**WASHINGTON, July 19.**—Two million farmers, affiliated with the national board of farm organization, were marshalling their influence to force all railroads to follow the example of Henry Ford, and reduce freight rates, Secretary Lyman of the board announced today.

Lyman applauded Ford's action yesterday in asking the Ohio utilities commission to reduce freight rates 20 per cent on his railroad, the Detroit, Toledo & Ironton.

"Freight rate reductions would reduce the cost of food to the city consumer," said Lyman.

Acting for the Iowa Farmers union, Senator Kenyon today planned to introduce in congress a petition signed by more than 2,000 farmers, demanding freight rate reductions. According to the petition, approximately \$1,700,000 could be cut from the operating costs of the roads.

**ALL HAIL! AN OPTIMIST IS IN OUR MIDST**

**DETROIT, July 19.**—World going to the dogs?  
Think so?

That the old world and all those on it are headed for the general bow-wow seems to be the idea of about everyone these days.

The Catholic Daughters of America, in a national convention here, said that divorce, birth control, agitation and modern dress, etc., indicate decadency.

The Christian Endeavor convention in New York came out with the same idea.

The Hon. Ernest T. Tustin, president of the Northern Baptist convention held recently in Des Moines, Iowa, declared that "in our social life there has been a most deplorable lowering of morale" and that "in local politics the morale is lower perhaps than ever before."

And now comes a voice declaring that the alarmists are all wrong. "Bunkum!" cries the Rev. W. L. Stidger, pastor of St. Mark's M. E. church.

"The world is not growing worse—it is better than ever before, and is becoming better every day," the minister declares.

"The world, or our part of the world is not in its decadence, nor are there signs of approaching it."

"The Old World isn't at all right—it never has been—but it is improving all of the time."

"You hear about empty churches. Many of them are empty, that's a fact. But these ministers who are preaching present-day Gospel in a present-day way aren't talking to empty pews. There are more persons attending church than in many years."

"After all, the kind of modern Gospel I mean isn't a new Gospel at all—it's the real, original Gospel—the kind that makes men better, because it makes their hearts better; the kind that reaches down to the industrial line and insists on the principles of Christ being applied to the work-a-day life."

**The Aftermath.**  
"Immodest dress? To be criticized surely. However, because a girl wears a short plaid skirt is no indication that she has fallen or is going to fall. Girls today are just as good as they ever were and much more self-reliant."

"Drinking? Of course there is drinking. But there was more of it before prohibition came. When it was usual for men to be drunk there was less talk about it. The unusual causes gossip."

**'CORONER'S COCKTAILS' FATAL TO FOUR MEN**

**CHICAGO, July 19.**—Moonshine whiskey caused the death of three men Thursday and a fourth will not survive. The dead are: Thos J. Barrett, 28 years old; Thomas Coffee, 64; Michael Ward, 35.

All died at the Illinois Central hospital where they had been taken by the Hyde park police, who found them in a railroad freight house. They said they had bought three pints of whiskey and had drunk almost a pint.

**MAN LOSES DIVORCE BECAUSE HE WAITED FOR WIFE TO DRESS**

**BATTLE CREEK, Mich., July 19.**—Charles W. Eccles, who brought suit for divorce, was tardy when the case was called Thursday and in explaining to the judge, disclosed that he had to wait for his wife to dress. Thus discovering the plaintiff and the defendant still were living together, Judge North dismissed the case.

**LAMB CLOSES FOR SUMMER.**

During the hot months the Lamb theatre will be closed. Last night was the last show that it will give until the weather becomes cooler. It will probably reopen in September.

**DOG HILL PARAGRAPHS**  
By GEORGE BINGHAM.

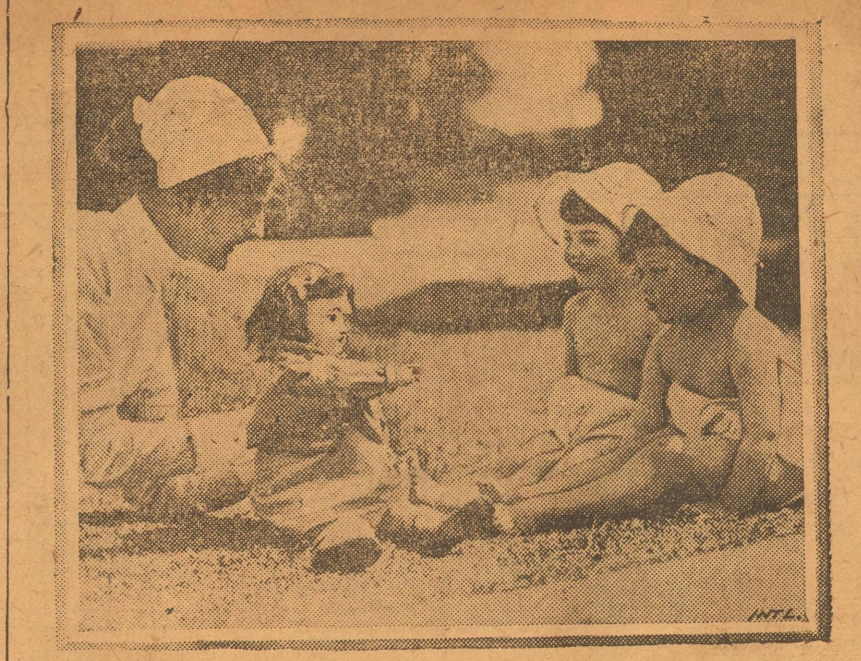

Sim Flinders, who has been trying to do better for the past few weeks, even took his dog to preaching with him last Sunday. However, there has never been anything the matter with the dog.

Yam Sims has set up a complaint against the bad condition of the lane leading up to the residence of the Calf Ribs Widow, and has been trying to start a move to have it fixed, but he is not meeting with much encouragement as he is the main one that has worn the road out.

Dock Hocks, our blacksmith, who excels in everything he undertakes, has added more laurels to his brow, as he now holds the championship as being the biggest eater in this vicinity since attending the birthday dinner on Gander creek Sunday.

**MAKING BABIES 100 PER CENT EFFICIENT AT LEEDS**

Leeds, England, prides itself on its civic consciousness of the importance of infant welfare, and the annual "Baby Week" is its chief function. How Leeds cares for its babies can be seen in this photograph. The photo shows a nurse sunbathing two of the little inmates. This is an important part of the curative treatment.

**YOU TELL 'EM COLONEL, YOU AIN'T A WHOLE NUT**

**COLUMBUS, Ohio, July 19.**—"The fact that the ex-service man is becoming embittered toward the financial and business interests of the country by reason of their opposition to adjusting compensation for him is laying the foundation for a far greater economic loss than would the payment of a cash bonus."

These are the words of Colonel H. M. Bush, member of the Ohio National guard, well known throughout Ohio, and who saw active service overseas during the recent World War.

Arguing in favor of the cash bonus for soldiers, addressing the military committee of the Columbus Chamber of Commerce, Colonel Bush continued:

"We promised the American soldier when he went to France nothing would be too good for him when he returned. We have kept our word—for nothing is what he has received."

**WIFE IS JUSTIFIED IN FRISKING HER HUSBIE'S POCKETS, SAYS JUDGE**

**NEW YORK, July 19.**—Listen, Mister; how do YOU feel about Friend Wife frisking YOUR pockets?

Any objection to finding the wife exploring the recess where your roll hides—remember your roll, boy!—and leaving nothing but emptiness behind? All while you engage yourself in slumber?

Because if you say such womanish conduct is an outrage, you'll agree with various interesting persons in this city, including a certain justice of the peace who sentenced a wife to four months in jail for helping herself to \$10 from her husband's pocket.

And if you declare a wife's rights extend inside her husband's pocket, and further add that the man who would arrest her with whom all his worldly goods he once promised to endow, is a cheap piece of masculinity, you still will agree with another large portion of New York, together with County Judge John J.

**TOM LANE SENTENCED TO TWENTY-FIVE YEARS FOR SECOND HI-JACKING**

**BRECKENRIDGE, July 19.**—Thirty-one years in the penitentiary face Tom Lane, convicted yesterday of a second hi-jacking and sentenced to twenty-five years imprisonment in addition to a previous sentence of six years. J. L. Rummage testified Lane robbed him of \$16 at South Frankell three months ago, on the same day the robbery on the Ranger-Necessity road was committed, for which Lane was convicted originally.

Ask for **Horlick's**—Get the ORIGINAL Malted Milk. Safe Milk for Infants & Invalids. NO COOKING.

"Food-Drink" for All Ages. Quick Lunch at Home, Office, and Fountains. Ask for **HORLICK'S**. Avoid Imitations & Substitutes.

**LUCKY STRIKE**  
"IT'S TOASTED"

**Cigarette**

No cigarette has the same delicious flavor as Lucky Strike. Because Lucky Strike is the toasted cigarette.

Furman, who released the accused wife when her case came before him on appeal engineered by a group of interested women of Riverhead, L. I.

One member of this latter class is Dr. Winifred Sackville Stoner, psychologist, author, and founder of the natural education system.

Dr. Stoner is the wife of James Buchanan Stoner, U. S. A. She said: "Of course the wife had a perfect right, if she needed the money for her household or for herself, to go into her husband's pockets and get it."

"The pity is that wives of this country too often are forced to resort to such petty measures!"

"Such deplorable conditions go back to customs of a generation or two ago when the wife was not considered worthy of an allowance. Low cunning necessarily was part of her system for getting on. Men who lived on a fifty-fifty business basis with their wives have little to fear from marital pocket-picking."

FIREMAN IN MURDER MYSTERY WHO KILLED SELF, THOUGHT INSANE

EL PASO, July 19.—Autopsy last night indicated that Charles Robinson, who committed suicide yesterday, had been insane since July 8, the date of the murder of Engineer Bohlman.

AT 6 MONTHS BABY TALK SHOULD STOP, SAYS DOCTOR

CHICAGO, July 19.—If your six months old baby gurgles "Goo-goo" and a successful "booch" when you poke a playful finger at his "tummy," he is behind the times.

MOSCOW SOVIET REMOVES RESTRICTIONS ON WEALTH

LONDON, July 19.—The Moscow Soviet has issued a decree removing all restrictions upon the right of individuals to accumulate wealth, according to a Central News dispatch from Helsinki today.

NEW RAT TRAP AND MIRACLE BAIT CATCHES MANY OF CITY FELLERS' SHEKELS—BUT NOT MR. RODENT

Going hither and yon about this fair land of ours is a young man selling rat traps. That in itself would be remarkable, but there are remarkable features to-wit: The traps will not catch rats but nevertheless the young man sells them. He is playing that great game of bilking the public, made famous by Barnum.

PERSONALS

Mrs. W. H. Coker has returned from New York, where she bought full millinery for the S. & H. store.

Mrs. Marvin K. Collie is visiting her parents in Amarillo.

H. B. Via and Miss Iva J. Riggs, Ranger.

Billie Burns, Owens, and Miss Grace Evans, Brownwood.

AUTO INDUSTRY IN FAIR SHAPE, OTHERS "SHOT," NEWNHAM FINDS IN TRIP TO NORTHERN CITIES

M. R. Newnam returned yesterday from points in the eastern states. Among other places, he visited South Bend, Ind., Chicago and Detroit.

Everywhere he went he visited with bankers and talked over general conditions. In places he found improvement over conditions of six months ago, in others the economic situation was about the same as six months ago.

In Detroit he found conditions generally fair. Most factories were running part time.

Among other concerns visited he talked with one of the owners of the Simmons Bed company.

This firm has reduced its labor 20 per cent and expects to reduce it still more.

With a new slate, this firm has reduced its labor 20 per cent and expects to reduce it still more.

His summing up of the situation in comparison with Ranger is that at no time has Ranger ever been in the condition of some of the points visited and at others, conditions at this time are better than they are here.
