The fire was caused, it is said, by the explosion of a gas stove, and the baby was lying on the bed. The house appeared to be only of one or two rooms. It was a smoldering blaze when the fire department arrived. It was far beyond water connections.

Redistricting is dead; dead through indifference and neglect, according to press dispatches from Austin. Appropriations are slashed to a stage of horrible mutilation, it also would appear. Thus are the two chief reasons for calling the special session of the legislature nullified.

It is a disappointment. The people really had expected the legislature to function with some knowledge of the half years there are two full moons tasks in hand and a desire to use common sense in dealing with them. They had expected redistricting be cause it is long overdue, because it is B. Rather, it might be sensible, and if anyone must appear childish, let it be the governor. He has on several occasions made himself rather laughable by his utterances, but the legislators have gene so far beyond him in carrying on their part of the feud, that Neff has been elevated to a pedestal of

comparative dignity. The people of Texas should demand that the legislature come to its senses. They are not elected to play ante-over with the governor, to strive to circumvent his reasonable desires, and to try to excel him in nut stuff. There is no need for it making a burlesque of economy, especially. If the legislators should say, "I will no longer wear pants, because they cost money and I must economize," they would be doing no more than putting their personal expenditures or the same plane as they seem to be seeking for the state of Texas.

CONFESSED HI-JACKER GETS FIVE-YEAR TERM

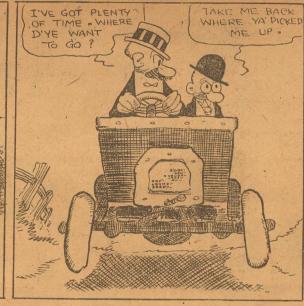

EASTLAND, Aug. 2.—J. E. Brunson, whose home is said to be in Lueders, Jones county, was given a fiveyear sentence in state prison here Saturday on a charge of hi-jacking, said to have been committed in the Gorman community some time ago. At that time it is alleged that Brunson and two other parties, one of them Sam Kellum by name, held up and robbed Mr. and Mrs. E. V. Huffstedler and a H. M. McElroy,

all of Gorman. The robbery took place near the Gorman Home refinery, Mr. and Mrs. Huffstedler and McElroy being forced to get out of an auto in which they were riding, at the point of a gun. The highwaymen then relieved them of their valuables. Brunson pleaded guilty to the charge.

HAT'S OUR IDEA in making CAMELS—the Quality Cigarette.

Why, just buy Camels and look at the package!

It's the best packing science has devised to keep cigarettes fresh and full flavored for your taste. Heavy paper outside—secure foil wrapping inside and the revenue stamp over the end to seal the package and keep it air-tight. And note this! There's nothing flashy about the

Camel package. No extra wrappings that do not improve the smoke. Not a cent of needless expense that must come out of the quality of the tobacco.
