CONGRESSMAN IN BOOZE PLOT, U. S. AGENTS SAY

Indictments Also to Be Sought Against Rich Man and Dry Officials.

By United Press.

CHICAGO, July 17.—Internal revenue agents today sought the indictment of more than fifty men, including a millionaire, a member of congress and former federal agent, in connection with a \$2,000,000 booze ring uncovered here. Federal agents declared evidence obtained when Harry Mager, former collector of internal revenue, and Benjamin M. Mitchell, politician, were arrested, will be presented to the federal grand jury.

Sensational evidence of wholesale corruption of prohibition agents has been obtained, agents said. Two prohibition officials are reported to have been on the payroll of a certain brewery with salaries close to \$100,000. Men on every floor of the federal building will be implicated, an agent said. Most of the men against whom indictments are sought have been out of office many months, it is declared.

Among those against whom indictments will be asked are a congressman from Illinois, a millionaire building contractor, a former high internal revenue official who agents claim received \$100,000 as his share, two former directors of prohibition, the owner of an iron foundry and several subordinate police officials.

THREE FINED FOR VIOLATING PURE FOOD LAW

G. H. CAVAS, proprietor of the Metropolitan Cafe and one of the three men arrested Saturday by a state inspector for violations of the pure food law here, was convicted this morning by a jury in Justice of the Peace McFatter's court and fined \$25. The restaurant man, who was specifically charged with having spoiled meat in his possession, announced he would appeal the case.

E. A. GARZA, grocer charged with having spoiled meat on hand and G. Baird, baker, also charged with a violation of the pure food law, pleaded guilty and fines of \$25 were assessed against each of them.

The state inspector, who with Wade Swift, city sanitary officer, inspected all of the food handling establishments and soda fountains, declared that he was well pleased with the work of the city sanitary officer.

CORONER'S JURY HEARS HAMMER MURDER STORY

By United Press.

LOS ANGELES, July 17.—The story of how Mrs. Clara Phillips is alleged to have beaten Mrs. Alberta Meadows to death with a hammer was expected to be unfolded today before a coroner's jury.

"Well, they got me," said Mrs. Phillips, who does not seem to realize the gravity of the crime, when brought back here from Tucson, Ariz. Mrs. Kraegar, wife of the sheriff, who accompanied Mrs. Phillips on the trip, said the prisoner smiled most of the way but refused to discuss the charges that she had slain Mrs. Meadows after accusing her with intimacy with her husband.

Mrs. Phillips' husband, who informed police that his wife had confessed the crime to him, has hired attorneys to defend his wife.

25,000 MAINTENANCE MEN STRIKE WITHOUT ORDERS

By Associated Press.

CHICAGO, July 17.—Approximately 25,000 maintenance of way men have struck without permission from headquarters, Viva President Snook of the union estimated today. Snook said the strikers probably will be outlawed by the national officers.

DETROIT, July 17.—Members of the maintenance of way union who engage in unauthorized strikes will not be expelled from the union for the moment but brotherhood organizers will be sent to the strikers and endeavor to persuade them to remain at work pending final decision on a national strike, President Gabel announced this morning.

REPARATIONS DEPOSITED.

By Associated Press.

PARIS, July 17.—The reparations commission was officially notified today that Germany had deposited \$2,000,000 gold marks in designated banks to meet the July 15 reparations payment.

BOOM DAY RECORDS BROKEN

Prosperity is returning to Ranger with a rush if the record sale of flivvers made by the Leveille-Maher Motor company last month is to be taken as any barometer. One hundred seven machines, including practically every member of the flivver family, were sold during June here, the local dealers leading all agencies in the entire division, composed of the states of Texas, Louisiana, Oklahoma, Arkansas, North Carolina and Alabama, and leading the state of Texas for the fourth time in the last seven months.

The largest number of Fords sold in Ranger during any of the boom months was 90, Ed Maher stated this morning and attributed the heavy June business to

the fact that general business conditions here were on the upward trend. Many of the persons buying cars, he said, explained that they were going back to work and had to have some means of getting out to the leases. A large number of the cars were sold to companies operating out of Ranger, which he considered an indication of increased activity in oil circles.

The Ranger agency, he declared would lead the state again this month but for the fact that there has been great difficulty in obtaining cars, and that they have only been able to obtain forty-seven machines so far this month to supply the increasing demand.

TWO BANDITS KILLED, THIRD CAPTURED, NEAR GAINESVILLE

By United Press.

CITIZENS TICKET IS ENDORSED BY LABOR COUNCIL

The Ranger Central Labor union, composed of delegates from all the crafts and unions of the city, yesterday took action endorsing the stand of the Citizens' committee of Ranger, and with one or two exceptions declared for the entire law enforcement ticket as announced, "believing that much good will come from the election of men of known honor and ability." Only one or two members stated that they could not consistently declare for the ticket as a whole.

"The unions have abandoned the policy of keeping out of politics," officials of the central body stated in reporting the action taken, "believing that the example of the grand old man, Samuel Gompers, is best for all, and that the closer we work with the people of our community the better will be our standing through unity of thought and action.

"Through the three years or more past, during which time many things have occurred to try the souls of men, no action of a violent or criminal nature has been committed by a member of our local unions.

"We stand for law and order and ask our fellow citizens only that which we believe fair and we want your confidence and friendship, for which we return to you honest assistance in an honest cause."

FAMOUS MEDIUM FAILS IN TEST BY SCIENTISTS

PARIS, July 17.—Experiments in metaphysics by Mme. Bisson, with the aid of the noted medium, Eva, officially supervised in the Sorbonne laboratory by Professors Lapicque, Georges Dumas and Henri Pierson, gave an entirely negative result, according to the official report of the supervising committee.

Seances, organized by Paul Teuz, author of "The Dead—Do They Live?" have been in progress since March and have given rise to unofficial reports of remarkable cases of materialization. The supervising scientists, however, say: "The experiments produced results that can be characterized only as negative."

The committee recognized the good faith of Mme. Bisson, who admitted that the report was in accord with the facts, but explained that the medium was not in possession of all the faculties and that the experiments were not sufficiently prolonged to be fruitful.

On two occasions a glutinous substance was observed protruding from the medium's mouth during trances, but was regarded as not amounting to the promised materialization of substances of various forms coming from the body.

HUMAN LOTTERY PICNICS STAGED, MEN DRAW GIRLS

LONDON, July 17.—A human lottery, in which every man holding a ticket draws a female companion has been launched by a motor bus concern which is arranging outings called "general post socials."

At an appointed hour a motor bus containing twelve women passengers proceeds to a certain spot on the outskirts of London. In a few minutes another motor bus carrying a dozen men passengers arrives. The passengers then take seats, each man with the woman holding a ticket with a number corresponding to his own. The coaches then proceed to a secret destination in a forest, where there are picnics, dancing and other amusements. "A woman chaperon will accompany each party," the circular asserts.

Sheriff Among 13 Killed in West Virginia Mine Outbreak

KATY TO CLOSE DENISON SHOPS DURING STRIKE

Will Maintain Emergency Repair Shops at Dallas, on Advice of Governor.

STRIKE SUMMARY.

With peace proposals silenced, the strike of the shophmen was increasingly effective today with the walkout of 8,000 stationary engineers and oilers and the probability of many times that number of other union members striking during the week.

Eight thousand clerks on the Chicago & Northwestern are holding a strike order in abeyance pending a conference on Wednesday with officials of the road.

The Big Four road has obtained an injunction in Cincinnati restraining striking shophmen from interfering with traffic.

DALLAS, July 17.—Attempts to operate the railroad shops at Denison will be abandoned and a temporary repair base established at Dallas, according to reports in railroad circles here today. This action will be taken on recommendations of Governor Neff and federal officers.

Forty members of the organization of stationary engineers, firemen and oilers went on strike this morning, according to Chairman White of the local shophmen.

Governor Neff and Colonel Lincoln, assistant chief of staff of the Eighth army corps area, who conferred here last night regarding the strike situation at Denison, this morning maintained silence as to state or federal intervention.

Ranger Captain Tom Hickman returned to Denison this morning, where he will remain and keep Governor Neff informed as to conditions there.

EFFORT TO CLEAR TRACK BLOCKED BY STRIKERS

CHICAGO, July 17.—The postmaster here has reported to the postmaster general that the Burlington train No. 27 has been wrecked near Lovilla, Iowa, and that striking rail and coal miners and their sympathizers have refused to allow wrecking crews to clear the track. Passenger trains and wrecking crews, he said, have been driven away from the scene of the wreck, thus preventing trains from running over the route and delaying the mails.

SERVICE INTO DENISON ABANDONED BY T. & E.

DENISON, July 17.—The Texas & Pacific branch line from German Junction to this city has been abandoned and the station here closed, according to a notice posted on the station door today. The freight that has been waiting for transportation has been removed by a main line crew.

Federal jurisdiction here for the first time since the strike was extended today beyond the shops, when United States deputy marshals took over the city viaduct, which passes over the Katy yards near the shops. No picketing was allowed except one man in the middle and one on either end of the viaduct.

Six staff officers of the Katy arrived here today to relieve six local officers who have been working in the shops. There was no demonstration.

A mob after chasing a strikebreaker for several blocks through the business section of Sherman, overtook him and rushed him into the country, according to a dispatch received by a Denison paper.

ALLIES MAY RESUME CONFERENCE WITH RUSS

THE HAGUE, July 17.—A communication from the Russian delegation today held out prospects that the conference on Russian affairs here, which had been on the verge of a final breakdown, might be resumed.

BRITISH DELEGATION COMING IN SEPTEMBER

LONDON, July 17.—A special British delegation will arrive in the United States early in September in connection with negotiations for funding the British debt to America, it was announced by Premier Lloyd George in the house of commons today.

500 Men Attack Plant Near Pennsylvania Line; Sniping Still Continues; Several Houses Burned In Rioting.

WELLSBURG, W. Va., July 17.—Thirteen were killed and twenty-five injured in a clash between striking miners and authorities at the Clifton mine of the Richland Coal company early today, according to reports received here. The dead include Sheriff H. H. Duval of Brooks county and several deputies.

The fighting broke out when the sheriff and his men attempted to halt a march of strikers who are alleged to have burned down a coal tipple and several houses in Cliftondale.

Governor Morgan ordered Sheriff Harry T. Crowe of Ohio county to take charge of the situation. Crowe immediately left Racine, located about two miles from here, with thirty deputies.

The dead were brought to Wheeling, and the wounded were taken to a Wheeling hospital.

Son Chosen as Sheriff.

Thomas H. Duval, who was with his father, Sheriff Duval, when the latter was killed in the fight at the Clifton mine, was elected sheriff today by the Brooks county court. The new sheriff, together with Sheriff Crowe of Wheeling and state police, is reported to have the situation well in hand.

The known dead are now reported as seven, including Sheriff Duval and six unidentified attackers of the mine. Four of the wounded are in a hospital here, and Brooks county officers are searching a wooded section near the mine where a number of bodies are reported to be scattered.

The fire at the mine was extinguished after the tipple and part of the track leading from the shaft was destroyed.

RECKLESS DRIVING CHARGE AGAINST BOY AFTER DR. M'ADON IS RUN OVER

MORE THROUGH TRAFFIC TO BE GIVEN ORIENT

By United Press.

AUSTIN, Texas, July 17.—Railroad Commissioner Clarence E. Gilmore, who has returned from Washington, where he represented Texas at the conference to consider the troubles of the Kansas City, Mexico & Orient railroad, states that a plan has been worked out by which it is hoped the Orient will be enabled to continue in operation.

It developed that the Orient's principal trouble was lack of through business and it is proposed that all Texas trunk lines route their business in such a manner as to allow some of it to the Orient. Traffic managers of these roads will meet soon in Chicago to work out a plan.

Friendly Snake, Loose on 'L,' Found Folks Unfriendly

NEW YORK, July 17.—Some careless woman left her pet blacksnake on the Gates avenue elevated station of the B. R. T. yesterday.

He was a cute snake with big friendly eyes and a tail that waved many greetings to the 100 persons on the platform. He was not crowded off the platform.

In fact, the waiting passengers did their waiting far from where the snake set up G. H. Q. Then along came Policeman Sandericker, a famous snake charmer and pre-Volstead expert with a night stick.

Sandericker looked the snake in the eye. The snake looked him in the eye. Nothing happened. Then Sandericker smashed the reptile, the one he had been smiling at, right on the bean. He broke the snake's main-spring or something and now the snake ain't.

A man who nearly stripped his gears starting for New York on foot when the snake appeared, lost interest in his engagement when Sandericker "did his stuff."

He led many people back to the platform and explained all about the reptile hunting and the inviolability of the 16th amendment.

MAY REACH 30.

AVELLA, Pa., July 17.—The death list in the mine war at Cliftonville, W. Va., may reach 30, according to word received here today by Justice of the Peace J. E. Campbell.

An unidentified foreigner straggling into Avella at noon in broken English told a lurid story of the battle between mine guards and 500 striking miners from western Pennsylvania, eastern Ohio and northern West Virginia. The foreigner, said to have been one of the attacking party, declared the whole countryside around Cliftonville seemed armed.

The fighting began about 3:30 a. m., he said, and gunfire from the wooded sections and clumps of bushes continued for hours as snipers fired at anyone who appeared in the open.

Scores of the attacking party, most of whom bore evidence of furious fighting, returned here this afternoon. They refused to discuss the affair.

WON'T SEND TROOPS.

By United Press.

CHARLESTON, W. Va., July 17.—Unless fighting breaks out again, state troops will not be ordered to Wellsburg, Governor Morgan told the United Press today. "A number of state police already are in Wellsburg," the governor said, "and another detachment is due to arrive momentarily."

Reports to the governor indicate that although the situation is partly under control, strikers still are sniping from the surrounding hills.

MORGAN GIVEN TWO YEARS FOR MISSING FUNDS

AUSTIN, July 17.—The jury in the case of Lon D. Morgan, former chief clerk of the state treasury, charged with misapplication of state funds, this morning returned a verdict of guilty and assessed his punishment at two years in the penitentiary. The jury had been out since Saturday afternoon.

This trial was on one of ten indictments returned against Morgan for alleged misuse of state funds, the aggregate approximating \$15,000. The indictment in this case charged misuse of \$645.

Morgan is yet to be tried on the other nine indictments.

DRY AGENT FIRED

AUSTIN, July 17.—"For the good of the service," Morris A. Moore has been relieved as head of the field service of the federal prohibition unit in Texas, David H. Morris, federal prohibition director for Texas, has announced.

Edward Fry, federal prohibition agent at Brownsville, has been appointed to fill the vacancy.

TOM CRUTCHER WEDS

DALLAS, July 17.—Tom W. Crutcher of Eastland, and Miss Viola Reynolds of Midland, were married here Saturday night and are now honeymooning in South Texas.

Crutcher is a prominent business man of Eastland, where he is president of the Rotary club and director in the Chamber of Commerce. He is a Shriner and organized the Eastland Elks lodge several years ago.

OHIO BOYS FORCED TO WALK, BAREFOOT, OVER ROW OF TACKS

COLUMBUS, Ohio, July 17.—Charges that boys were shackled in rooms and forced to stand for hours and finally exhausted, were taken to the hospital; that another boy was placed under a faucet where freezing water was run on his back for more than an hour, and that another lad was compelled to walk barefoot over a row of tacks, are alleged to be certain of the sensational charges made against employees of the Boys' Industrial school, Lancaster, in a report by the Ohio bureau of public efficiency, as a result of investigation made at the request of Governor Harry L. Davis.

Dr. McAyeal will not make the report public until he has made thorough examination of it.

ARGENTINE TEAM WIN. NER OF POLO MATCH

ROEHAMPTON, England, July 17.—The Argentine polo team, playing in the first round of the Roehampton polo cup tournament, defeated the Arcadians by the score of 6 to 4.

ADMINISTRATION WORKS ON PLAN TO END STRIKES

Coal Operators May Agree to Joint Conference Indorsed by Miners.

By United Press.

WASHINGTON, July 17.—A movement to settle the nationwide mine strike in a bipartisan conference of miners and operators without governmental participation is definitely under way, it is officially announced here today. A formal proposal of such a peace meeting may be made this week by mine leaders. Reports say that operators representing a considerable proportion of the tonnage of the coal fields favor this plan, which has been used in the past to settle mine disputes. Harding's threat to seize the mines was said to be swinging other operators to the proposition.

With the situation throughout the country becoming more menacing each day because of the railroad and mine tieups, the government announced today it would make desperate efforts for a solution. Harding realizes that he is facing a grave crisis.

A specific program designed to end both coal and rail strikes is understood to have been discussed today at the White House at a conference between President Harding and Governor Sproul, Senator Pepper and Attorney General Alter of Pennsylvania. No announcement was forthcoming as to the nature of the proposal which the president is understood to have made.

Meanwhile, it appeared probable that the use of federal troops in the rail strike would be delayed. There is little disorder in Denison, Secretary Weeks said today following receipt of a report from Colonel Lincoln, who was sent there from Fort Sam Houston to investigate the situation.

MORE THROUGH TRAFFIC TO BE GIVEN ORIENT

By Associated Press.

AUSTIN, July 17.—The jury in the case of Lon D. Morgan, former chief clerk of the state treasury, charged with misapplication of state funds, this morning returned a verdict of guilty and assessed his punishment at two years in the penitentiary. The jury had been out since Saturday afternoon.

This trial was on one of ten indictments returned against Morgan for alleged misuse of state funds, the aggregate approximating \$15,000. The indictment in this case charged misuse of \$645.

Morgan is yet to be tried on the other nine indictments.

GATHERING PLACE NEEDED.

The heart of the business district is doubtless a fine place for candidates to speak, as they can thereby attract casual auditors who perhaps would not go so far to hear the arguments.

However, a meeting place where persons can sit in comfort is a convenience every town should have. Suppose, for instance, the lot next to the fire hall was manicured, massaged and decorated with benches?

Under those conditions, there would be good crowds, numbers of persons who would enjoy sitting out in the open and being entertained.

Vic Donahey, democratic candidate for governor of Ohio, favors "economy by abolishing unnecessary jobs and departments."

But even if the constitution was made over by Mr. Gompers and Senator La Follette would not be satisfied unless they could do the making.

"Leaders are deserting Dr. Sun." But his followers had already deserted him, he must be lonesome.

We can't make out whether Lasker thinks prohibition is half seas over or three sheets in the wind.

Russia has offered to reduce her armies, because if she doesn't famine will.

Senator Capper wants Secretary Weeks to resign. There is a chance for a little of the old Gaston and Alphonse stuff.

Mr. Ford is still waiting for the American people to rise up and demand that he run the Presidency.

A press dispatch from Doorn says the former Kaiser is still a very religious man. He needs to be.

TWO WIZARDS OF ELECTRICITY MEET

Prof. Steinmetz and Signor Marconi

Professor Steinmetz, chief consulting engineer of the General Electric company at Schenectady, N. Y., regarded as the world's foremost electrical scientist, greeted Signor Guglielmo Marconi, the world's foremost wireless expert, when the famous Italian visited the plant.

PUBLIC FORUM

PRITCHARD ANSWERS ROAD WORK QUESTIONNAIRE

Ed S. Pritchard, candidate for county judge, in a statement to the public answers the questions recently propounded by Eastland citizens, as follows.

The first question asks whether the candidate favors filing a suit against the men who signed the \$750,000 bond to protect the county funds in the Security State bank.

"Yes," these bondsmen should be made jointly defendants with the banking commissioner in the suit now pending against him.

The second question asks whether the candidate favors an investigation of the \$50,000 bond deal and the taking of such steps as are necessary to protect Eastland county's interest in the matter.

The third question is whether the candidate favors the immediate prosecution of a suit to recover from the bondsmen of John A. Russell.

The fourth question is whether the candidate favors the immediate prosecution of a suit against the bondsmen for \$70,000 of Eastland county school funds that were on deposit in the Security bank.

The fifth question is whether the candidate favors discharging the present employees of the highway department and employing a new set of engineers.

"I favor discharging the chief engineer and bookkeepers."

The sixth question is whether, in the event the court holds the road contract void, the candidate favors settling with the contractors on the basis of the illegal and void contract.

"No, I would not be in favor of settling with the contractors on the basis of a contract held by the courts to be void."

FARM LABOR UNION TO PICNIC AT CISCO

All of the union crafts of Ranger have been asked to send one or more representatives to the big picnic of the Farm Labor Union at Cisco on Friday.

Granulated sugar has only a little more nourishment per pound than honey or molasses.

THURBER BREAKS EVEN

THURBER, July 17.—The Fort Worth Dokeys evened up the series with the Thurber team yesterday by winning, 7 to 1.

First game: R. H. E. Dokeys . . . 000 000 100—1 4 3 Thurber . . . 010 200 02x—5 10 2

Second game: R. H. E. Dokeys . . . 000 000 124—7 6 6 Thurber . . . 000 100 000—1 4 7

According to the Geodetic Survey the waters of the oceans gradually grow colder until a depth of four miles is reached.

Paper is made from wood, rags, banana skins, bean stalks, pea vines, coconut fibre, clover, hay, straw, seaweed, fifty kinds of bark and more than 150 kinds of grasses.

DOG HILL PARAGRAPHS

By GEORGE BINGHAM

The manager of the Tickville Hotel says he never suspends a guest until he sees him set his suitcase down right careful.

Those who predict that the drouth is going to kill all the crops this summer and cause every body to starve next winter, will please meet at the postoffice tonight at 7 o'clock.

Isaac Helwanger says somebody is always telling somebody else what they ought to do, when they don't themselves.

HON. OSCAR CALLAWAY

of Comanche, Texas CANDIDATE FOR CONGRESS FROM THE 17th Congressional District of Texas

Will speak in Ranger, Texas, July 18, at 8:30, at McCleskey Hotel corner. All are invited to hear him.

FRIED CHICKEN CAUSES DOWNFALL OF HUNGER STRIKE

PETERSBURG, Ind., July 17.—Tempting dishes, including fried chicken and delicious dessert, prepared by Mrs. Blanche Cheatham, daughter of Sheriff Wayne Bryan, proved to be too great a temptation for Orville Decker, 20 years old, serving a jail sentence here for wife beating, and who had announced that he would not eat until he saw his wife again.

The prisoner said that after seeing the food he decided that, inasmuch as his wife had said she cared for him no more and had left the city, he "could not afford" to starve himself to death.

Decker, after his attack on his wife, pretended self-destruction by drawing the back of a razor across his throat and falling on a bed as though dead.

Protein and fat are combined in nuts much the same as in meat, which makes nuts an excellent meat substitute.

NOTICE!

It has been circulated that the Legion Hotel has been closed. I want to inform the public that it is not true and I expect to do business the same as heretofore.

I want to thank the public for the courtesies shown me, and hope I may be able to please the public in the future.

Pimples Keep Young Men Down!

They Make Women, Too, a Puzzle How S. S. S. Stops Skin Eruptions Positively.

Pimples and skin eruptions have a price—you pay for every pustule, black-head and pimple on your face.

S. S. S. Will Rid You of the Crushing Pimple-Calamity.

but who wants to kiss eruptions? Pimples don't look like the owners of anything. Pimple women, too, are puzzles, with no prospects and no power. Young men and women, here's the positive way out. Physicians and purgatives will fail. What you need is a scientific blood-cleanser. S. S. S. is one of the most powerful destroyers of blood impurities. You can prove this in a short time. S. S. S. has been passed on by a jury of millions of people just like yourself. It is considered one of the most powerful vegetable blood-purifiers and flesh-builders in existence.

Cothes Plucked From Fair Dancers, Stag Party Feature

CHICAGO, July 17.—Five hundred and forty-two men arrested in a raid last week on a west side stag party were fined \$1 and costs each in the morals court. Four court rooms were used to accommodate the men, who were charged with being witnesses to an immoral show. The promoters of the show and four women and one male performer will be brought before the court at a later date.

Sgt. Neil Kahler was the chief prosecuting witness and he gave an interesting description of the show. "The most exciting thing of the evening was the 'strip dance,'" said Kahler. "A dancer known as Ruby Thompson first came out with a few pieces of clothing on. She then passed down the rows of men, urging each one to pluck some article of clothing from her as she danced."

NEW YORK BABE LIVES WITH BULLET IN BRAIN

NEW YORK, July 17.—Virginia Brown, 2 years old, is expected to recover despite a bullet that is imbedded in her brain. Physicians are afraid to attempt to remove it. She is in a private hospital at Bay Shore, L. I., where she was taken after the bullet, from an undetermined source, had lodged in her head when she was playing near her home. A nurse at the hospital said the child was conscious and recognized her mother and father, both of whom are at her bedside.

TUESDAY.

Child Welfare club luncheon at 12:30 o'clock at the Presbyterian church club rooms.

SATURDAY NIGHT BRIDGE.

Mr. and Mrs. Chas. Conley entertained the Saturday Night Bridge club on Saturday night. On account of several of the members being numbered among the summer vacationists, there were only three tables at bridge. Mrs. D. M. Steele made ladies' high score, and Mrs. A. N. Harkrider ladies' low score. Mr. J. C. Pullen made the gentlemen's high score and Mr. J. B. Haden the gentlemen's low. The guests were served a one course luncheon at the end of the game.

Those present were Messrs. and Mrs. A. N. Harkrider, J. B. Haden, J. C. Pullen, D. M. Steele, Frank Branhane, Mmes. George Jennings and F. E. Crawford.

PURELY PERSONAL.

Mrs. W. N. Cox left today for a vacation trip of a week or two to be spent in Mineral Wells and Fort Worth.

Mr. and Mrs. Robert J. Bates, of Desdemona spent the week end with their mother, Mrs. R. B. Campbell.

J. T. McCleskey and family have moved back to Ranger from Weatherford where they have been living for the past three years, and are now living on the McCleskey lease south of town.

ATTEMPT MADE TO WRECK T. & P. TRAIN

MARSHALL, July 17.—Lives of many passengers and the train crew were in jeopardy Sunday morning when an attempt was made to wreck Texas & Pacific railway train No. 21, the Louisiana Limited, due in this city at 9:15 a. m.

A nut from a large bolt had been placed on one of the rails at a point three miles east of Marshall. There is a curve here after the tracks come down Smalley's hill. The train was going at a high rate of speed down the hill and just as it rounded the curve hit the steel nut and the pony trucks jumped the track.

For twenty-eight rail lengths the wheels of the pony truck ran bumping along the ties before the train could be stopped. It was brought to a standstill only a short distance from a high trestle.

No one was injured. Conductor Brown brought the nut with him to Marshall and members of the crew state that it was the narrowest escape they ever had from a bad wreck which might have cost many lives.

\$50,000 LOSS IN FIRE AT WALNUT SPRINGS

WALNUT SPRINGS, July 17.—Fire Saturday night practically destroyed two brick buildings here with a loss estimated at approximately \$50,000.

The Masonic building and the old telephone building were destroyed. The fire originated in the Masonic building and it had gained considerable headway before discovered. The Ford Motor company, a dentist's office, the power and light company's office and the Masonic lodge occupied the building.

FT. WORTH BOY KILLED BY AUTOMOBILE IN DALLAS

DALLAS, July 17.—Dean Petta, 12, of Fort Worth was instantly killed here Sunday afternoon when run down by an auto. He came to Dallas to play ball. He was accompanied by his parents, who took a train earlier in the day for Greenville, where they went for a visit.

Brave by Proxy.

"Yes," said the dentist, "to insure painless extraction, you'll have to take gas, and that's 50 cents extra."

"Oh!" said Casey, "I guess the old way's the best; never mind the gas."

"You're a brave man," said the dentist.

"Oh!" said Casey, "it ain't me that's got the tooth; it's my wife."—New York Central Lines Magazine.

The carpenter bee burrows and builds rows of cells in solid wood.

RICH MAN WILLS WIFE TO RIVAL AND SLAYS SELF

LOS ANGELES, July 17.—Willing his wife to the "other man" W. W. Green, wealthy retired orange grower of Pomona, Saturday calmly seated himself in a comfortable arm chair and swallowed a quantity of poison which caused his death a few moments later. The suicide of Green occurred at the home of K. A. Sapp Ontario. In his last moment Green called attention to his farewell note, or will.

It was addressed to Mrs. W. W. Green or Miss Selma Johnson, at Greens home address in Pomona. As made public by San Bernardino county officials the last will read:

"I guess you thought I was only fooling, but now you know better. I am leaving you to the other man. If you can be happy with him go to it and God bless you; but I'll see him later in hell. Please take care of my poor old body. BILL."

RUSSIAN DUKE OUSTED FROM BROOKLYN FLAT

NEW YORK, July 17.—Once wealthy and members of the Russian aristocracy that was the Duke and Duchess Malik-Shenhanazoff and their children were evicted from their humble apartment in Brooklyn by their landlord, S. Kanowski.

Kanowski said they were two months behind with their rent payments.

Not knowing where to turn, the refugee family remained on the sidewalk with their effects until after dark, when the janitor of the house in which they lived took pity on them and permitted them to sleep on blankets on the floor of their empty apartment.

Today the duchess, sole bread-winner of the family, went to her work in Manhattan as a needle worker, while the duke, who is ill, and his sons, Zavan, 14, and Soss, 7, searched in vain for fellow Russians who would give them financial assistance.

PINCHED FOR BEACH ATTIRE, GIRLS SUE CITY

CHICAGO, July 17.—Four young women, romping on Chicago's Oak street bathing beach in one-piece bathing suits, were ordered from the beach by a policeman. They declined to interrupt their revels in the sand and a big patrol wagon came and took them away.

The quartet have filed suit for an injunction against the city, contending the upper half of their suits no more decollete than that of the usual evening gown, and that the lower half conformed with all the established requirements of 1922 athletic suits.

The world's speed record for an airplane is 212 miles an hour.

LADY RACHEL CAVENDISH TO MARRY WALES?

Lady Rachel Cavendish, daughter of the Duke and Duchess of Devonshire, is, according to London rumor, to become the bride of the Prince of Wales and the future Queen of Great Britain. With his return from his world tour it is believed the announcement of the engagement may be made soon.

DENIES SHE IS TO WED M'CORMICK

Mrs. Chas. E. Counselman

Mrs. Charles E. Counselman of Chicago, divorced wife of a broker, denies she is to marry Harold F. McCormick, millionaire chairman of the executive board of the International Harvester company and divorced husband of John D. Rockefeller's daughter. Mrs. Counselman, who is summing at Tyannisport, Mass., admits that she and McCormick are close friends, but that is all. McCormick has been reported engaged, too, to Ganna Walska, the Polish opera star who recently divorced Alexander Smith Cochran, multi-millionaire carpet man and sportsman of Yonkers, N. Y.

JOHN D. GOES TO CHURCH CLAD IN WINTER CLOTHES, MERCURY AT 79

TARRYTOWN, N. Y., July 17.—John D. Rockefeller was clad in winter raiment when he appeared at the New Community church at Cocanico Hills Sunday.

Although the temperature hovered at 79 degrees, he took no chances with the vagaries of the weather for he wore an overcoat, a heavy muffler, a leather waistcoat tightly buttoned

RYZON BAKING POWDER

RYZON—raised cakes keep fresh longer. The special process of manufacture is the reason.

RYZON, a slow, steady raiser, has greater raising power. Provides home baking insurance—no bad luck. You may mix batter today. Set in cool place, bake tomorrow.

MR. AND MRS. KODAKER—

If you cannot call, mail your films to us for first class work and 24-hour service. Eastman Kodaks and films always in stock.

RANGER STUDIO

215 SOUTH RUSK STREET RANGER, TEXAS

If your stomach is out of order we will tell you WHY your stomach is not as it should be. We will locate the place where the nerve is unhinged and adjust the vertebrae that causes the pressure. So soon as this is done, the nerves will carry vital energy to the stomach. So soon as the nerve begins to perform its normal function the stomach becomes stronger and performs normally.

3-Year Palmer Graduates 201 1/2 Main Street

most to his neck and heavy, thick-soled shoes. The only bit of apparel he wore that indicated it was summer was a flat brim Panama straw hat.

Others sweltered in the forenoon heat but John D. appeared to be perfectly comfortable. One might have imagined as he stepped from his automobile that he had dressed for a sleigh ride.

As he greeted his friends and neighbors he appeared to be entirely unconscious of his appearance and lack of style. And he cared naught what others thought, for underneath his overcoat he was guarding his most precious treasure—his good health. It was quite apparent that he values this far above his wealth and safeguards it more than he does his gold.

Money has sent many a man to an early grave but health has carried Mr. Rockefeller beyond his eighty-third year and he hopes it will enable him to attain his great ambition to live to be 100 years old.

Although his health is good it was apparent that time has laid a heavy hand on him. Deep lines furrow his face and his step lacks the spring of former days.

His eyes still twinkle, but to protect them from the glare of the summer sun he wore heavy goggles.

Reference to the use of dice to determine chance in sport, and often in important state matters, is found in the literature of almost all periods of history. India knew dice long before Columbus thought of seeking a Western continent. Dice were favorite gambling implements of ancient Rome and some writers profess to have traced gaming with dice back to the days of Babylon.

THIRD AMERICAN LEGION POST ORGANIZED IN CHINA

CANTON, China, July 17.—China's third American Legion post has just been organized here, the others being at Shanghai and Peking. In spite of the difficulty of the American community of Canton is small and scattered, the post was formed without the aid of national or departmental legion officials.

The thirty members include missionaries, bankers, tobacco sales-

men, civil and mining and electrical engineers, automobile and oil men, and sailors from a U. S. gunboat. There are two Chinese members, one an instructor in the college of agriculture, the other a government radio operator. Five-sixths of the post have not previously been members of the American Legion.

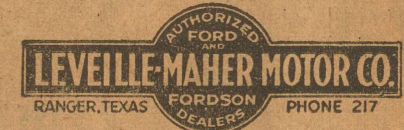

The head of the Canton post is commander Alfred H. Holt, formerly of Lake Forest, Wisconsin, and now a professor of the Canton Christian College.

SPORTS

PROTESTS FILED AS ROTARIANS TROUNCE LIONS BY 22-21 SCORE

IT'S PROTESTED! The Lions club this morning wired protest to the railroad labor board, the federal prohibition director and Governor Neff of their loss to the Rotarians yesterday.

The boasted agile brains of the Lions went A. W. O. L. yesterday in the final crisis of a baseball powwow filled with crises, and the Rotarians romped home with enough runs to salt down the widely heralded athletic debate, 22 to 21.

Today, they modestly admit that the lopsided score is due to a combination of superior acumen and perspicacity with experienced efficiency in the manual phases of the contest.

Whether Umpire Murphy-Jones was right or not, he got his just deserts after the game, when righteously incensed players gave him a tossing in a blanket, furnishing the final sensation of a game filled with episodes.

Whether Umpire Murphy-Jones was right or not, he got his just deserts after the game, when righteously incensed players gave him a tossing in a blanket, furnishing the final sensation of a game filled with episodes.

Numerous players stopped at least one grounder or caught a throw, but Karl Jones was the only one who threw several from his knees. As an acrobat, however, he wasn't in it. Sleepy Gholson slid 30 feet on his shoulder after gloriously missing a fly.

TIGHT BATTLE IS DROPPED BY NITROS, 2 TO 0

SWEETWATER, July 17.—The Swatters downed the Nitros again yesterday, 2-0, in a brilliant contest unflecked by errors and kept exciting by men on bases.

Conley, Nitro first sacker, was banished after he and Pop Boy Smith had mixed in the center of the diamond in the seventh, several blows being exchanged.

Table with columns: Club, P, W, L, Pet. for West Texas League.

Yesterday's Results. Sweetwater 2, Ranger 0. San Angelo 5, Clovis 3.

Today's Schedule. Ranger at Sweetwater. Stamford at Lubbock.

Schedule July 18, 19, 20. Ranger at Lubbock. Stamford at Sweetwater.

TEXAS LEAGUE. Standing. Club—P. W. L. Pet.

Yesterday's Results. Shreveport 7-7, Dallas 6-0. Wichita Falls 9, Fort Worth 5.

Today's Schedule. Dallas at Shreveport (played Sun). Fort Worth at Wichita Falls.

NATIONAL LEAGUE. Standing. Club—P. W. L. Pet.

Yesterday's Results. Brooklyn 6, Pittsburgh 2. Boston 5, Cincinnati 4.

Today's Schedule. Chicago at New York. St. Louis at Washington.

Baseball, the national pastime in the United States, was developed from the English game of rounders, and in its various forms has been known for more than a century.

NITROS WIN PROTEST OF LOSS TO SAN ANGELO

The Nitros "won a game" Saturday by beating Abilene yesterday, 4 to 3, went into first place. Elmer Hill, Gasser hurler, won his own game when he doubled in the sixth, sending two men across the pan.

Concerning the ruling, Mr. Northen makes the following remarks, in a letter to the San Angelo club, a copy of which was received by Mr. Smith: "I know it is hard to penalize a club for a decision that they are in no way responsible for, but at the same time it gives the club who suffers by this decision the right to protest and if the decision is in opposition to a rule their protest must be allowed."

MOTORS FOR BABY BUGGIES. LONDON, July 17.—Electric perambulators are the latest in London's smart set today.

What happens when the batteries run out and the nurse is left to push the lot home isn't stipulated by the smart designers of these "trucks."

To the Voters:

Mr. C. C. Hamilton, my opponent, in presenting his claims to the voters Saturday night, said in part, that he went on some one's bond to keep the whole man from closing me out.

WEST TEXAS GAMES

GASSERS ON TOP.

AMARILLO, July 17.—Amarillo, by beating Abilene yesterday, 4 to 3, went into first place. Elmer Hill, Gasser hurler, won his own game when he doubled in the sixth, sending two men across the pan.

Score by innings— R. H. E. Abilene . . . 120 000 000—3 6 0. Amarillo . . . 001 003 00x—4 7 2.

WOOLBRIDGE TOO WILD.

LUBBOCK, July 17.—Mitchell held the Hubbers to four hits yesterday and Stamford won, 4 to 2. Woolbridge was very wild, he walking in two runs by a pass and hit batsman with the bases full.

BUZZER STREAK BROKEN.

CLOVIS, July 17.—Howell, knocked out of the box Saturday, came back yesterday and broke the Clovis' winning streak of seven straight. His wildness in the early innings gave all of the Buzzers' runs, but he steadied after the fourth, while Mickey was twice nicked for timely hits.
