## PIPE LINES CUT CRUDE PRICE TO \$2

### CANDIDATES' FUR EXPECTED TO FLY TONIGHT

Three Candidates for County Attorney Meet in Downtown Arena.

One of the warmest contests in the county campaign is expected here tonight when the three candidates for county attorney, W. J. Barnes, L. H. Flewelling and G. G. Hazel meet in the political ring at the corner of Main and Austin streets.

The three candidates have met in other parts of the county but only Flewelling and Hazel have spoken here. At that time Flewelling bitterly attacked the indorsement of candidates by the citizens' committee and declared that "the fur was going to fly."

It was announced yesterday by a committee of Ranger women that Barnes would address the women of the city this afternoon at 3 o'clock at the Christian tabernacle on Main street.

Another announcement given the Times stated that candidates for all offices would be given opportunity to announce themselves.

### CARPENTERS RETURN TO WORK ON HIGH SCHOOL

All seven carpenters who left their work on the high school building Thursday afternoon went back to work yesterday afternoon with one addition to their ranks, the men announced this morning.

The laborers, however, who left their work following the refusal of the contractors to meet the \$3.50 wage scale, are still out. It is understood that their places have all been filled where it was found necessary.

The carpenters were ordered off the job Thursday afternoon by the Central Labor council in the laborers' fight for an increase. Yesterday the carpenters declared they had received a telegram from their union headquarters in Indianapolis holding the strike unconstitutional, and immediately went back to work.

### GRAVEL PIT CAVES IN BURYING TWO WORKMEN

AMARILLO, July 15.—Howard Picture, 23, was smothered to death and Charles Blackwell was injured, 42 miles west of here late yesterday afternoon when a wall at a gravel pit in which they were working caved in on them, burying them under about a foot and a half of gravel. A crew of men worked frantically to rescue them and succeeded in getting Blackwell out alive, but Picture was already dead when his body was uncovered.

### OWN CAR RUNS OVER MAN RECOVERING WIFE'S HAT

COLORADO SPRINGS, Colo., July 15.—Charles E. Shuffelbarger, a salesman for the Moffat Coal company of Denver, was badly injured when he was run over by his own automobile. While the car was taking a long hill Mrs. Shuffelbarger's hat blew off and her husband stopped the machine, set the brakes and went back in the road.

The brakes were unable to hold the car and it started to back down the incline, striking Shuffelbarger as he stooped to pick up the hat. One of the wheels passed over his body and the machine stopped several feet away when it struck a bank.

The injured man was taken to the home of friends in Colorado Springs. Several ribs and his collarbone are fractured.

### PEA HULL IN WINDPIPE KILLS DE LEON INFANT

DE LEON, July 15.—The infant son of Mr. and Mrs. R. R. Smith, De Leon R. F. D. 2, died Saturday night on a Fort Worth-Dallas interurban car, near Arlington, where the body was taken to an undertaker and returned here for burial Sunday.

Death resulted from inflammation of the lung, caused by a green pea hull, which the child sucked into its windpipe on the morning of July 4. It was being taken to Dallas for treatment when death occurred.

### RUNAWAY CHAMP!

KANSAS CITY, July 15.—Frank Neely, 9, of Muskogee, Okla., today claimed to be the champion runaway of the world. Frank, found asleep in an auto here after riding the rods of a freight train from Muskogee, admitted it was his thirtieth adventure.

### SENATORS TURN THUMBS DOWN ON FORD PROPOSAL

Agricultural Committee Disapproves All Offers Made for Muscle Shoals Plant.

WASHINGTON, July 15.—Henry Ford's offer to purchase and lease the government project at Muscle Shoals, Ala., was rejected by the senate agricultural committee today by a vote of 9 to 7.

The nine senators voting against the Ford offer were: Norris, McNary, Keyes, Gooding, Norbeck, Harrell, McKinley, Kendrick and Page. Supporting the Ford offer were Capper, Glass, Smith, Ransdell, Harrison, Heflin and Caraway.

The bill introduced by Senator Norris calling for operation of the project by a government owned and controlled corporation also was rejected, 9 to 5. The other offers for Muscle Shoals, including those of the Alabama Power company, Frederick E. and Charles L. Engstrom, and Charles L. Parsons also were rejected, without a record vote. The committee also voted down a bill introduced by Norris at the request of former Representative Lloyd of Missouri, proposing operation by a semi-governmental corporation.

Despite the adverse vote, the proposals of Ford and Norris will be presented to the senate for final decision through minority reports, it was explained by Norris.

### WANT FIVE MEN TO TELL ABOUT MINE MASSACRE

MARION, Ill., July 15.—The attorney general, state's attorney and sheriff of Williamson county, after a conference here have recommended that the meeting of the grand jury called to investigate the Herrin massacre on June 22 be postponed, because of insufficient evidence at this time.

The officials are seeking to identify the following:

An aviator who flew over the mine shortly before the attack.

A heavyset man who led the strikers but counselled moderation.

A second leader who aroused the passion of the men and urged that the strikebreakers be killed.

A third leader who gave the order for the massacre.

A man who appeared on horseback and pointed out the woods where the massacre took place.

### WOMAN BADLY BURNED LIGHTING GAS STOVE

CISCO, July 15.—Mrs. A. D. Martin was painfully burned at her home, 705 West Sixth street, when she attempted to light the gas under the boiler. When the flame of the match came near the escaped gas it exploded causing a concussion which threw her backward to the floor. Her front hair and eyebrows were burned and her face and arms were very severely blistered. Today she is reported resting easy.

### REPARATIONS PAID.

PARIS, July 15.—Germany's July reparations payment of 32,000,000 gold marks will be made some time today, the reparations commission has been advised. It is understood that the payment will be deposited in British and Belgian banks. The commission expects to be advised of the receipt of the payment Monday.

### LIGHTNING HITS HEARSE.

NORTH BERGEN, N. J., July 15.—A bolt of lightning struck a hearse, shocked the undertaker and caused a panic among the mourners while the body of Sarah Gallo, of West Hoboken, was being lowered into the grave at Flower Hill cemetery it became known today.

The horses attached to the hearse broke the traces in their fright and scattered the gathering before they could be controlled.

After the undertaker had recovered from the shock he went ahead with the burial.

### \$1,500,000 LOSS IN MAGNOLIA CO. TANK FARM FIRE

Half Million Barrels of Distillate Is Destroyed Near Beaumont.

BEAUMONT, July 15.—Four earthen tanks containing more than 500,000 barrels of distillate, valued at more than \$1,500,000, went up in smoke at the Magnolia Petroleum Company's farm near Beaumont yesterday.

The fire started when lightning struck a 250,000-barrel earthen storage tank of the Magnolia Petroleum company at Gladys Station, near here, Friday, setting 100,000 barrels of refined oil contained in the receptacle on fire.

Employees of the company, many of whom were sent from the refinery here, are devoting their efforts to preventing the spread of the flames to other nearby tanks, although an attempt also was made to drain oil from the bottom of the burning tank.

Company officials declared the fire probably would continue for 36 hours.

### LIGHTS KLAN MEETING.

PORT ARTHUR, July 15.—While flashes from a battery of burning oil tanks near here threw weird lights across the sky, 3,000 white robed klansmen initiated 1,000 new members into the clan at a city park near here Friday night.

### LEWIS URGES REJECTION OF U. S. MEDIATION

WASHINGTON, July 15.—Members of the general policy committee of the United Mine Workers, with full power to act for the bituminous miners and in certain cases for the anthracite miners, held a two-hour session here today. President Lewis in a speech urged the unqualified rejection of President Harding's proposal for federal mediation.

The discussion had hardly started among the 150 subordinate officials when a noon recess was taken. The first speakers following Lewis, however, are said to have supported his position in general, and it is expected that a vote will be taken late this afternoon.

A conference of senators from coal producing states has been called this afternoon by Secretary Hoover. Senator Pepper, Republican, of Pennsylvania, called the conference at the suggestion of Secretary Hoover, but the senators have not been informed as to just what phase of the coal strike they are desired to take up.

### DYE EMBARGO DEFEATED

WASHINGTON, July 15.—Republican senate insurgents again succeeded today in assailing the tariff bill as drawn by the senate finance committee. By a vote of 36 to 32, the committee amendment continuing the embargo on dyes as a protection to American dyemakers was knocked out.

### REPARATIONS PAID.

PARIS, July 15.—Germany's July reparations payment of 32,000,000 gold marks will be made some time today, the reparations commission has been advised. It is understood that the payment will be deposited in British and Belgian banks. The commission expects to be advised of the receipt of the payment Monday.

### REAL RED LIQUOR PUT IN CIRCULATION

YORK, Pa., July 15.—Sixty armed men with 15 motor trucks broke into the Foust distillery at Glen Rock, near here, early today, secured 300 barrels of whiskey and dashed across the Maryland line, according to reports telephoned to the police here by distillery guards.

### Ring Lardner Demands Protection If He's to Rite Up Lion-Rotary Game

Rough Neck, N. Y., 7-14-22.

Dear Customers:

The New York Sun, being desirous of obtaining a special, unbiased and impartial rite up of your Lion and Rotary ball game Sunday, has asked me to lay aside my arduous duties temporarily and bring my golf clubs out and get a story on the various complications which will arise and to, if necessary, assist the Ranger fans in razing the umpire for an inn or so. This will give me a distinct advantage over the regular customers of the ball yard as I understand that the less money a guy contributes to the club the more he hollers on things general (one who climbs over the fence have complete authority to stop the game) I can no doubt be of great assistance to the kickers.

But, jokin to one side, I will come if you can guarantee me protection. I understand that everything in Ranger is laid out on the newspaper reporter in inverse proportion to whatever he might have had to do with it and bein as I will be an ignorant bystander I would no doubt be the chief target in case of any alley apple battle. I understand also that some of the Lions were captured or chased or maybe they chased somebody else, in the Fargone Forrest and had some sort of an experience with the Lost Battalion or Lost Ball or some other headliner in the want ad column and that some of them even have mustaches. Now if anything ever makes me laff out loud it is a ball player with a mustache, so if I should get there and get tickled I want the privilege of havin a good laff without anybody askin what the heck I am laffin about.

Mayor Hylan of our naberin village told me that all the city officials but one or 2 belonged to the Rotary club and that if I had anything of importance to bring up while there to take it up with the Rotary club because they like to talk about important things, but if I wanted anything DONE to ask the Lions about it because they worked much and talked little. He said the Lions had engineered the cow pasture pool yard and the Hotel de Plivver for tourists to stake their whoopies out on the grass, while the triflin Rotarians set around and whittled, only stopping long to sign a check now and then and make some suggestions as to how the Lions could get the two above mentioned assets to the town and have the Rotarians furnish the money, which both did respectively.

Please reserve me a seat in the press box and have one of the policemen or constables bring his knife and stick up and sit by me during the game instead of down on the street corner, and then if anything happens that I should need his protection it won't be very much trouble to wake him up. If you have any Deputy sheriffs who can rest from their task of serving papers on the good ladies of the town in order to get them to go to Eastland and get toeman poison, be sure and have them out there to show their big hats, boots and pistols and maybe make an arrest if somebody else will file complaint.

Yours sincerely,

RING W. LARDNER.

(With many apologies.)

Rough Neck, L. I., July 15, 1922.

### HEROINE SAVES TWO, THEN BEATS IT, UNKNOWN

MIAMI, Fla., July 15.—Mystery still surrounds the identity of the fashionably-dressed young woman who last night leaped into Biscayne bay from her motor car, and, with the later aid of a street car motorman, rescued from drowning beneath their automobile two men whose machine she had seen dive into the bay ahead of her.

Kenneth Borrows and Douglas Gibbons were the men rescued, but efforts to learn the name of the young woman were futile.

She drove away in her car as quickly as she had jumped to the rescue after the man had been dragged out.

### JACK PICKFORD GIVES UP SHARE OF WIFE'S ESTATE

NEW YORK, July 15.—Jack Pickford, who was the husband of Olive Thomas, motion picture actress, who died of poisoning in Paris, relinquished all his share in her estate in favor of his wife's mother, the appraisal of the estate filed Friday shows.

Miss Thomas left a taxable estate in this state of \$37,094, consisting almost wholly of jewels and other personal property. The mother is Mrs. Lorena Van Kirk of St. Louis, Mo.

### ELOPING PARSONS CAUGHT

PORT HURON, Mich., July 15.

"We knew if we were caught what we could expect for defying the conventions of society," Rev. W. W. Culp was said to have told officers here when questioned as to why he eloped with a member of his church choir at Spring Valley, Ohio, several weeks ago. Miss Esther Hughes, his companion, also is being held by the county authorities here. She gave her age as 19. The pastor stated he was 34.

Sheriff John Mains said that Rev. Mr. Culp told him it was impossible to live on a salary of \$1,200 annually.

"She ate with a knife and was no inspiration to me," was the reason given by Culp for leaving his wife.

### STATE AND FEDERAL PROBES QUIETEN TROUBLES AT DENISON

Adjutant General Will Report Tonight; Labor Leaders and Business Men Pledge Peace, Farmers Bring Food to Strikers After Big Demonstration.

DENISON, Texas, July 15.—Denison is being federal or state troops will be sent here to police the properties of the Katy railroad probably will be known following surveys to be made today by representatives of Secretary of War Weeks and Governor Neff.

Col. C. F. Lincoln of San Antonio, assistant chief of staff of the Eighth corps area, arrived here shortly after noon today to begin an investigation of the strike situation. On his arrival he went into conference with Katy officials and later made a tour of the Katy shops. He is to confer with union leaders late this afternoon and to complete his investigation by tonight.

Adjutant General Barton and Ranger Captain Hickman, representatives of Governor Neff, today were well on their way to a report of the result of their investigations. The sudden quietness of the situation, which began last night with the arrival of Barton and Hickman, continued this morning. Barton expressed surprise at the quietness and said there was little indication, so far as he could discover, that the situation is not under control. Barton expects to complete his survey this afternoon and probably will meet Governor Neff in Dallas to render his report. He said he would not make known his recommendations until he had conferred with the governor.

Denison voiced its protest against the movement of state or federal troops here today at a meeting of strike leaders and business men with Governor Neff's investigators. Strikers and citizens attending the conference pledged Adjutant General Barton and Ranger Captain Hickman to do all in their power to keep down violence. Barton would make no statement following the meeting. He is expected to leave at 3 p. m. for Dallas, where Governor Neff probably will get his report tonight in person. Although he will not discuss it, Adjutant General Barton announced that he has decided on the recommendation he will make to the governor in Dallas. The ordering of Texas rangers here to take charge of the situation is one of the chief questions confronting the adjutant general.

Several shots were fired last night in the vicinity of the Katy shops but officers report they were unable to discover who fired them.

Union officials today said the strike which is now entering its third week, is practically 100 per cent complete.

Supplies Donated.

Strikers and sympathizers paraded this morning in a peaceful demonstration. Wagonloads of produce were distributed free to the strikers by members of the Farm Labor union.

### TRUCKS CARRY MAIL.

WASHINGTON, July 15.—Inauguration of the use of motor trucks to transport mail, due to the inability of railroads to move mail matter of account of the strike was announced today by Postmaster General Work, who said it had been determined to use motor transportation between Bedford and Smith City, Ind., between which points train service has been annulled.

### ONE MAN WOUNDED IN PENNSYLVANIA SHOOTING

SCRANTON, July 15.—One man was shot and slightly wounded in connection with the shopmen's strike last night at Carbondale, north of here. The man was Joseph Walker, who was on his way home when fired upon, it is alleged, by a strikebreaker on the Delaware & Hudson railroad. The police claim fourteen shots

(CONTINUED ON PAGE TWO.)

### OKLAHOMA AND KANSAS CRUDE ALSO DOWN 25C

Cut Anticipated by Officials; Large Stocks Given as Possible Reason.

Announcement of a 25-cent cut in the price of North Texas, North Central Texas, Kansas and Oklahoma crude was posted this morning by the Prairie Oil & Gas company. Similar announcements followed from the offices of the Transcontinental, the Texas Pipe Line company and the Prairie Pipe Line company. Dispatches from Dallas announce that notices of the cuts were being sent out from the Dallas offices of the Magnolia company. No official notification of cuts by the Gulf Pipe Line had been received at the offices here this morning.

The cut brings the price of North and North Central Texas crude down from \$2.25 a barrel to \$2 a barrel and the price of Oklahoma and Kansas crude from \$2 a barrel to \$1.75.

The cut was not unexpected, according to the head officials of one of the companies here, who declared that another cut was anticipated in the near future. There has been a great deal of oil in storage for the last few months, he said in advancing a reason for the reduction.

North and North Central Texas crude started on the upward trend in the late spring of last year after slumping from \$3.50 to \$1 during the winter. On Oct. 3, a second increase brought the price to \$1.50. A third increase on Oct. 7 carried it to \$1.75 and on Nov. 7 the price had reached \$2.25, which was maintained until today.

### NEW C. OF C. TO COLLECT DATA ON GAS SUPPLY

Roads leading into Ranger are soon to be emblazoned with road signs pointing into this city, under plans adopted last night at the meeting of the directors of the Chamber of Commerce. A committee has been appointed to take the matter of these signs up with the county commissioners' court, who under the law are authorized to provide them. Failing in this, the chamber proposes to provide the signs out of the funds of the organization.

The directors discussed negotiations for a brick plant which are now on with a brick manufacturer who is anxious to locate in Ranger, provided conditions are right. The matter of a site for such a plant was taken up and discussed in detail by the directors. At the present time the chamber, through Secretary Albright, is making a survey of the available gas in the near vicinity, with particular regard to commercial rates. The survey of the entire Ranger field, which was launched last winter by the railroad commission at the request of the old Chamber of Commerce, has proved too indefinite for use, because of the large area included, it is stated.

Every member of the chamber, it was decided last night by the directors, is to have a neat brass membership sign to hang in his place of business. These signs have been ordered and are expected here in the near future.

### RUNAWAY HORSE DRAGS WYOMING BOY TO DEATH

WHEATLAND, Wyo., July 15.—Earl Felix Sturgeon, 13 years old, youngest son of Mr. and Mrs. William Sturgeon, was dragged to his death by his own saddle horse while riding to his brother's ranch at the edge of the Laramie plains. In unadding his horse the reins, which were tied together, caught in his spur and before he could extricate himself the horse became frightened and bolted. Friends who witnessed the accident raced after the horse but young Sturgeon was dead before they could assist him.

### THE WEATHER.

West Texas—Tonight and Sunday, generally fair.

10,000 ACRES IN N. MEX. OPEN TO EX-SERVICE MEN

Veterans Have Until Sept. 27 to File Applications at Las Cruces.

EL PASO, July 15.—Approximately 10,000 acres of land in New Mexico may be taken over by veterans of the world war in the near future.

Up to September 27, the lands will be subject to entry under the homestead and desert land laws by qualified service men of the world war who have been honorably discharged or separated from the service or placed in the army or naval reserve.

From September 28 to October 18, any remaining unentered lands will be subject to homestead entry by any qualified entryman.

Beginning Oct. 19, any remaining lands will become subject to entry under any applicable public land.

Such lands as are within the Elephant Butte Irrigation district will be subject to the irrigation district taxes.

The exact location of the various tracts of land may be obtained by reference to files at the U. S. land office at Las Cruces. They range in size from 225 to 640 acres.

LEAP FROM AUTO TO ENGINE PILOT SAVES COLORADO MAYOR

COLORADO SPRINGS, July 15.—Remarkable presence of mind saved the life of Mayor John B. Paulson, of Manitou. In crossing the Colorado Midland terminal tracks near Manitou, Paulson observed a westbound train only a few yards from him.

The deepest place in the ocean yet found, 5,269 fathoms, or about 6 miles, was discovered by the United States steamship Nero, in 1899, at latitude 12 degrees 43 minutes north, longitude 145 degrees 49 minutes east.

STATE AND FEDERAL PROBES QUIETEN TROUBLES AT DENISON

(CONTINUED FROM PAGE ONE.)

were fired at Walker and eight other men. An hour later a crowd gathered and attempted to break into the state armory to get guns but were repulsed by the police.

WASHINGTON, July 15.—Hearings will be held soon by the senate interstate commerce committee to initiate revision of the transportation act and deal with problems developed by the present strike, Chairman Cummings stated today.

The first efforts of congress, Cummings said, probably would be to amend the law so as to guarantee a fair living wage to railroad workers. Later, but probably not during the present strike, he said, an effort would be made to provide penalties for violation of the orders of the railroad labor board.

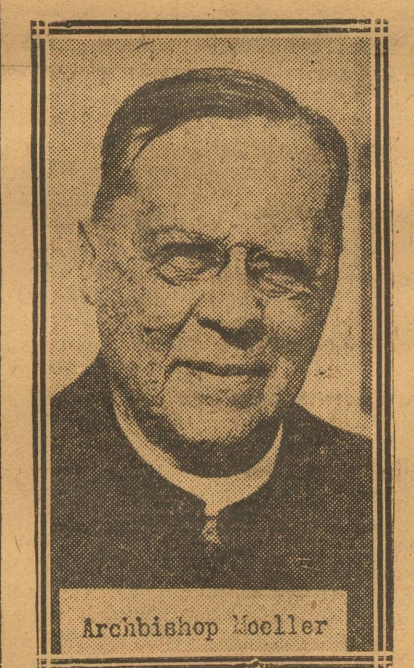

WON'T WORK AT HANNIBAL.

ST. LOUIS, July 15.—The Katy railroad officials have informed Governor Hyde that protection at Hannibal, Mo., is lacking and that it is impossible to operate the roundhouse there because of the inability of the road to get any men to work.

CAR PITCHES OVER CANON EDGE AS DRIVER SLEEPS

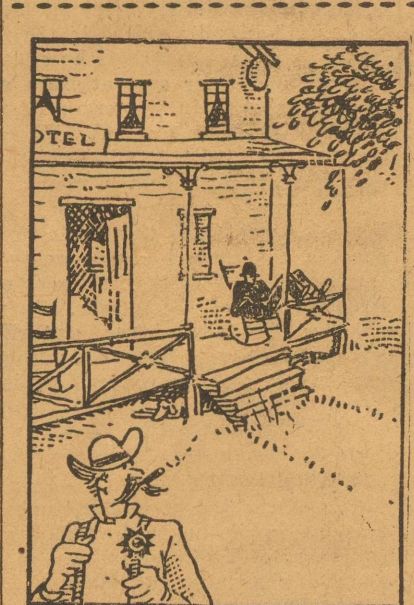

COLORADO SPRINGS, Colo., July 15.—Falling asleep at the wheel of his automobile almost caused Charles Arkwright, an employe of a North Cheyenne canon resort, his life. As he was driving up the canon, returning from Colorado Springs, he repeatedly caught himself nodding, he said, and finally the desire was too strong and slumber came. The car was pitched over a short embankment. Arkwright incurred several broken ribs.

ARCHBISHOP MOELLER VISITED POPE

Archbishop Henry Moeller, of Cincinnati, O., has returned to America after a visit to Rome, where he was received by the pope.

DOG HILL PARAGRAPHS

Salem Barlow was at Tickville Monday for the first time in several years. He didn't notice very many changes, except that the Town Marshal has on another hat, and there was a man sitting on the porch of the hotel.

Sile Kildew has made up his mind to dispose of his large watch and chain. He says he has learned that it is a heap easier to ask somebody what time it is than to have to pull out your own watch every time, besides keeping it wound and oiled.

Mrs. Fletcher Henstep has raised so many pretty flowers she does fondly wish some dear friend would get right sick so she could take them a nice bouquet.

NAVAL RESERVE OFFERS SUMMER LAKE CRUISES

CHICAGO, July 15.—Because of the favorable action of congress in appropriating money for the training of the naval reserve the U. S. Wilmette, under the command of Captain Edward A. Evers, U. S. N. R. F., has been placed in commission and the training of the members of the naval reserve started.

The Wilmette will make a number of cruises to points of interest among the great lakes, beginning July 15. Each cruise will be for a period of 15 days and many points of interest such as Mackinac Island, Duluth, Buffalo will be visited. Last year the Wilmette was employed continuously in training the naval reserve from May 1st to October 15th; more than 1700 men reported from training and the vessel steamed 9,200 miles. Two days were spent at Buffalo and every member of the crew had an opportunity to visit Niagara Falls. Mackinac Island was also a point of interest to the citizen sailors.

"The naval reserve," a statement said, "offers an exceptional opportunity for a young man interested in the navy because it permits him to keep in close touch with the service and at the same time remain at home and carry on his duties as a citizen. The men are required to drill one night a week throughout the year and are given an opportunity to make a two weeks cruise on the lakes each year. It is expected that before the winter is over opportunity will be given to cruise with the Atlantic fleet."

Applications for new members are now being received on Monday, Tuesday and Thursday evenings on board the U. S. Commodore at the foot of Randolph street and the lake front.

BOY ACQUITTED OF MURDER OF 11-YEAR-OLD GIRL

MORRISTOWN, N. J., July 15.—Francis Kluzen III, 15, was acquitted by a jury late Friday of a charge of murdering 11-year-old Janette Lawrence at Madison, last October.

BRITISH FARMERS GROW WEALTHY ON FRUIT TREES

LONDON, July 15.—"Many men who ten years ago were farm laborers now drive their own motor cars." That sounds like an extract from a story about California or some other American state where farmers sometimes make a lot of money. But it isn't. It is taken from a report of the big profits made in Hampshire, Kent, Lincolnshire, and a few other counties of this old land by farmers who raise fruits and particularly strawberries. Such tales are not often heard in England. English farmers, as a rule, take more delight in telling tales of woe than of well-being.

Giving details of this agricultural prosperity, the report says: "In one case a man cut up a field of 15 acres in acre plots and offered it to the laborers of the parish. He had arranged the payments to extend over ten years, but nine of the fifteen purchasers paid for it on the spot. Within four years all the rest paid up. One of them during the last three years has sold 1,000 pounds worth of strawberries from his one acre plot. It is not to strawberries alone that such men turn their attention. They make good profits out of plums, apples, cherries, gooseberries and currants.

"At the time of the great agricultural depression Gladstone suggested that farmers should grow fruit instead of corn. His suggestion was received with scorn and derision by the old-fashioned farmers. One man, however, thought the experiment worth trying. He has retired with a large fortune. Hundreds of others are now following in his footsteps."

OLD-TIMER HERE

J. H. Hankins, an old-time resident of Ranger now residing on his farm near Lubbock, was in the city yesterday. Mr. Hankins came here in 1895 and was in the cattle business until about three years ago.

Most of the cats of Liberia are of a bright red color and are very conspicuous in the moonlight.

BULGARIAN KING DRUMS UP U. S. TOURIST TRADE

SOFIA, Bulgaria, July 15.—King Boris would be glad to have American tourists visit this country. "I have met most of the Americans who have been here since the war," said Boris, to the associated press correspondent, "and so far as I know everyone has liked our people and the scenery and the mountains. Indeed, I wish more Americans would come here on business and stay with us."

King Boris makes it a point not only to receive in audience Americans who come here, but in many cases he invites them to visit him at his country home, or else to travel and hunt with him.

MAN FLOATS ON BARREL TWO DAYS BEFORE RESCUE

SAN JUAN, Porto Rico, July 15.—After keeping afloat for forty-eight hours with the aid of an empty barrel, Alfred Mendoza reached shore near Fajardo, on the east coast of Porto Rico, telling of the capsizing of a small vessel in which he, seven companions and a crew were sailing. It is believed he is the sole survivor.

**CALL MEETING TONIGHT.**

Members of Rebekah Progressive lodge No. 244 are requested to attend a call meeting tonight at the I. O. O. F. hall at 7:30 o'clock. This meeting is of the utmost importance so a full attendance is urged.

**MOTHER MEETS SON KIDNAPED 22 YEARS AGO**

By Associated Press.

SAN LUIS OBISPO, Cal., July 15.—Mrs. J. L. Robertson of Oklahoma City, Okla., has been reunited at Arroya Grande, near here, with her son, Byron Ewing, 25 years old, from whom she had been separated and whose whereabouts she had not known for 22 years.

Mrs. Robertson, formerly Mrs. Edward Ewing, obtained a divorce from her son's father in 1900. She was given the custody of the boy, then 3 years old. Shortly afterward the boy disappeared at Windsor, Mo. It was alleged Edward Ewing had kidnaped his own son. The mother searched the country without result.

In time Mrs. Ewing married J. D. Brown, a widower with four children and when he died she became the wife of Robertson, a railway conductor.

In reuniting the mother and son after their long separation, Mrs. Ivan W. Keith of Beaumont, Cal., a stepdaughter of Mrs. Robertson; C. A. McCullough of Chicago, who married a cousin of young Ewing; William M. Urie of White Pigeon, Mich., a relative of the Ewings, and Hiram Ewing, a brother to Edward Ewing, took prominent parts.

**TWO BOYS SHOT IN WATERMELON RAID**

FORT WORTH, July 15.—A watermelon lark Thursday night may result fatally for 14-year-old Earl Dixon, who, with Cecil Williams, was injured when J. W. Copeland fired at them in his watermelon patch, one mile north of Handley. Dixon was hit in the back and the bullets perforated the intestines. Copeland was brought to the county jail and questioned. Harold Quayle and Willie Estill, other members of the boyish party, were turned over to the probation officers.

**FIVE HELD FOR ATTACK ON COLORADO OFFICER**

COLORADO, July 15.—Four men and a woman are under arrest here accused of assaulting R. C. Dale, deputy sheriff, on the Colorado-Lorraine road, five miles east of Colorado.

According to the officer he had arrested a woman at Loraine on a charge of vagrancy and was escorting her to Colorado in his automobile. A tire blew out, and while he was changing it the men drove up and attacked him. He was struck about the face, head and neck with a blunt instrument, thought to have been pistols.

A truck made its appearance, causing the officer's attackers to flee. His condition is serious.

**METERS TO BE USED IN WEIGHING TRUCK LOADS**

FORT WORTH, July 15.—Two load meters, to be used in weighing truck loads being hauled over Tarrant county roads and enforcing the state highway law, were received by the Tarrant county commissioners court Thursday. The machines cost \$200 each.

They will be carried around in a motorcycle sidecar or an automobile and when a passing truck load appears to be in violation of the law the meters will be brought into play. They are in the form of hydraulic jacks which register the weight applied to the supporting beam. One is placed under each side of the rear axle and the rear is weighed and then one is placed under each side of the front axle while the front is weighed. The total registered weight represents the total weight of the truck and load. On fifty trials the meters made a maximum error of fifty-six pounds.

**MAN MANGLED WHEN CLOTHES ARE CAUGHT IN MACHINERY**

BIG SPRING, Texas, July 15.—C. E. Holden, employed as pumper for the Fensland Oil company at Lake Itan, experienced a narrow escape from death when he was caught in the pumping machinery.

One leg was mangled and it was by sheer strength Holden saved himself from being killed. He was alone at the time and had to drag himself half a mile to a telephone to call for medical assistance.

He was brought to a Big Spring hospital and, on account of the great amount of skin grafting necessary, due to the nature of his wounds, it will be about ninety days before he can leave the hospital.

**MEXICAN MOTHER BEGS U. S. AID**

Mrs. Maria F. Vala de Blanco.

Mrs. Maria F. Vala de Blanco, mother of General Lucio Blanco, former chief of staff to President Carranza of Mexico, who was slain near Laredo, Texas, has appealed to President Harding for U. S. protection for her remaining three sons. Mrs. Blanco declares there is a plot to wipe out the entire male portion of the family. The plot, she says, was formed by political enemies. General Blanco was kidnaped from his hotel in company with Colonel Aurelio Martinez, and their bodies, handcuffed together, were found in the Rio Grande two days later.

**SHERMAN KLAN ROBES KLEANED AND KREASED**

SHERMAN, Texas, July 15.—Local klansmen failed to hold a meeting scheduled for Thursday night because of the weather.

This was learned when someone connected with the klan cancelled by telephone arrangements for delivery by a local tailoring shop of several hundred robes and hoods, as originally ordered. The white robes with the Ku Klux Klan emblem on the left breast and the hooded white cap were left with the tailor Wednesday for cleaning and the order had been completed with.

The robes and hoods were found late Wednesday in three sacks in the alley in the rear of the shop with instructions for cleaning and holding for delivery instructions.

The robes attracted much attention in the tailoring shop Friday.

**TULSA MAN GIVEN COAT OF TAR AND FEATHERS**

TULSA, Okla., July 15.—Tared and feathered and wearing about his neck a placard reading "For all the crooks I am a sure bondsman," a man reported by the police to be S. K. Lesky, real estate dealer, was tossed from a motor car on a downtown street here. The man was bare to the waist save for a liberal coating of tar and feathers, his hands were bound behind him and a bandage was tied over his eyes.

**CHINESE WOMEN JOIN REPUBLIC'S ARMY**

Chinese Woman Soldier

A Chinese "Lady Recruit" standing guard outside one of the government buildings in Canton. In the South of China, where the radicals are concentrated, the women, feeling that the Canton government holds out the best hope for the emancipation of their sex, are volunteering in large numbers in the Southern armies.

**Rabbi, 105, Wants Wife to Think He's Youngster of 90**

CHICAGO, July 15.—Rabbi Solomon Milles' is 105 years old, he admitted today, but doesn't want his wife to know it.

"She thinks I'm only 90," he said, when the fact became known that he is the oldest person in Chicago.

Rabbi Milles is known as a local Solomon in the Yiddish settlement. No longer active in synagogue work he is the "marrying parson" among the Jewish residents. He had eighteen children, eight of whom are still alive.

**TULSA BOY, FEARING WHIPPING, SHOOTS SELF**

By Associated Press.

TULSA, Okla., July 15.—Funeral arrangements were being made today for Ezra Stout, 13-year-old son of a steam coal shoveler near here, who last Sunday shot and fatally wounded

himself because his father had threatened to whip him for telling an untruth.

**JOHNSON GRASS KILLS CATTLE.**

CISCO, July 15.—Pearl Chaney, a farmer living near Moran, lost a bunch of registered white-faced cat-

tle a few days ago under the most peculiar circumstances. While he was driving 21 Herefords from one pasture to another, they began grazing on wilted Johnson grass along the wayside. Soon after eating the grass some of them began to fall, and before he realized that anything was

the matter, 18 of the 21 were dead. Chaney said the cattle dropped dead in their tracks as though they had been shot.

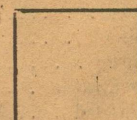

The cuckoo uses the call from which its name is derived only in the mating season.

**Foresight---**

—That's the answer to opportunity's call.

—No man without credit or money saved ever got in on a good thing.

—Judgment, not luck, is the deciding factor in a man's success

Transfers must be made prior to August 1. Proper blanks may be secured from Mr. C. A. Love, or Superintendent E. O. McNew.—Advertisement.

**DRILLING IS ACTIVE IN GRAHAM SECTION**

GRAHAM, July 15.—The Penn Cities Oil company is rushing extra flow tanks to its Herron well No. 3 which is flowing at the rate of 1,800 barrels. This well is in the bend of the Brazos river near Herron City and is producing from the 2,500-foot sand. The company's other wells in this field are producing from the 2,300-foot level.

The Terrell well near Herron City, which was thought dry, has a good showing for a well at 3,100 feet. Activity is increasing in the Herron City field with twenty strings of tools running and several new locations.

Twelve new wells are to be drilled around Foster's Mahaney well at Bunger. Wells are also to be drilled on the Bunger townsite.

**3-YEAR-OLD BABY KILLED PLAYING WITH PISTOL**

AMARILLO, Texas, July 15.—While playing with a loaded pistol, the 3-year-old baby son of C. T. Winger, oil well worker and mechanic, was instantly killed about 7 o'clock Friday morning.

**DON'T WORRY ABOUT EMPLOYMENT IN FUTURE**

The Publishers' Typesetting School at Macon, Ga., can solve the problem for you. Write for information.

To be sure of a chance to earn a living should be your chief consideration. Without it, your wife will be a failure. To have a trade or profession is absolutely essential unless you are to live from hand-to-mouth—unless you are to be uncertain at times whether you can get the necessities for existence.

The course of study in the typesetting school at Macon, Ga., is getting remarkable results. The diploma is accepted in the trades as the equivalent of an apprenticeship. The publishers of this paper will gladly advise with you if you want to go into the work. Write TYPESETTING DEPARTMENT, GEORGIA-ALABAMA BUSINESS COLLEGE, MACON, GA.—Advertisement.

**Discounting the Count**

A COUNT used to be a man in charge of a count of 500 persons to whom he was a sort of overlord. This is not true today because of altered political conditions. We still have Counts, but the Count business has changed somewhat.

Business, of all kinds, has undergone something of a revolution. It was not so many years ago that pack peddlers were the sole distributors and transporters of many of the household articles of the day. Their legs set the limits for most distribution problems in those days.

Modern transportation, progressive sales methods—and advertising—have broken the shackles of time. They make a speedy job of what used to take years. Through advertising many an article has been introduced simultaneously in stores all over the country.

Advertising today is the method used by business to tell you why you should have certain goods and how to identify those goods. The advertisements you find here are a truthful catalog of needed merchandise.

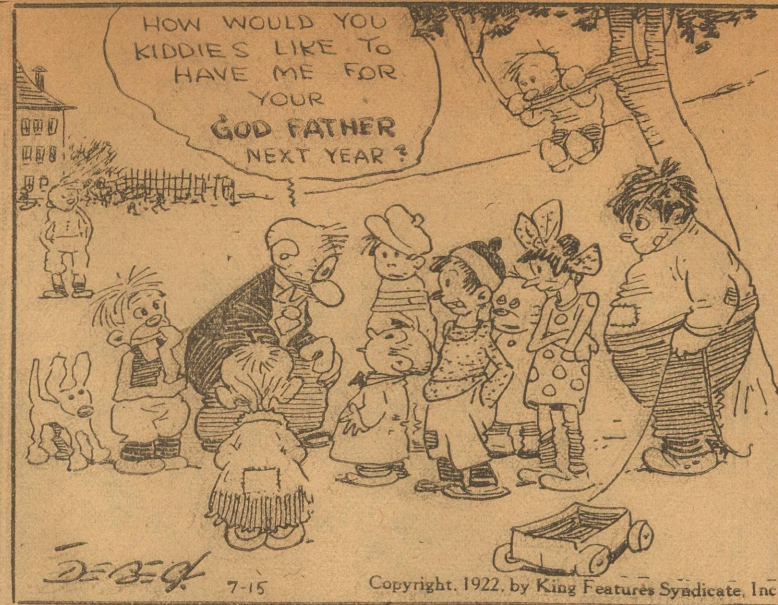

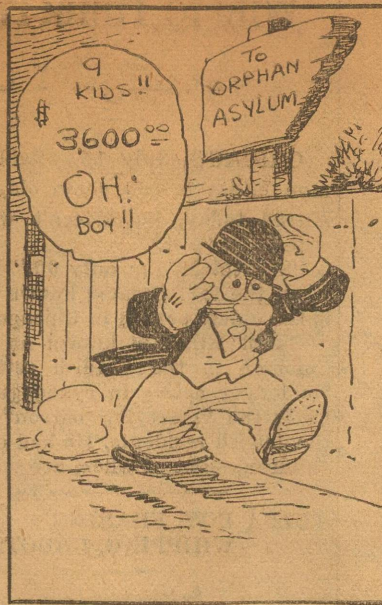

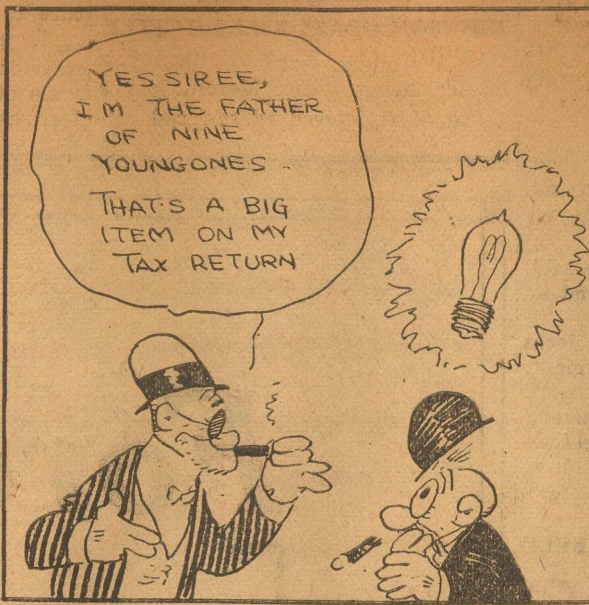

Articles of all kinds and for all purposes are presented in a pleasant way through the medium of type and picture. The outstanding requirements of every member of the family are met by offers of good merchandise of proved value.

Use the advertisements for guidance and you will be a constant gainer.

Barney Has an Eye to the Future

SPORTS

GASSERS TAKE DOUBLE BILL FROM NITROS

AMARILLO, July 15.—The crippled Nitros were forced to further patch their line-up here yesterday when Skipper Jimmy Flagg was patted by one of Morton's shoots in the first game and forced to retire to the battalion aid station. By a coincidence, Manager Meador of the Gassers was forced from the game for the same reason.

As a result of a large number of things, the Gassers copped both ends of the twin bill, 12 to 2 and 12 to 8. Morton held the Nitros to five hits in the first engagement and they were never in the running.

In the second, they braced somewhat and took a small lead early in the game, driving Badger from the box. Two concerted offensives against Red Roberts soon wiped it out, however, and the Gassers romped home in their usual way.

WEST TEXAS GAMES

EAGLES WIN AGAIN.

SWEETWATER, July 15.—In a game played at a picnic at Blackwell, the Eagles trimmed the Swatters, 10 to 7, for the third straight time. The Eagles got the better of bad bounces on the rough grounds, which gave both teams many extra bases.

Score by innings— R. H. E. Abilene . . . . .030 020 500—10 12 0 Sweetwater . . . . .010 000 240—7 8 4 Scruggs and Burch; Brooks, Frierson and Howze.

HUBBERS TAKE THRILLER.

LUBBOCK, July 15.—By counting three runs in the third inning, Lubbock took the third straight from San Angelo yesterday 3 to 2. Both teams fielded spectacularly with Butler pulling the feature stunt when he went to the fence and took Guber's fly over his shoulder, doubling Brown at first on a relay throw.

CLOVIS HITS IN PINCHES.

CLOVIS, July 15.—Hitting at Appletton at opportune times, Clovis beat Stamford yesterday, 4 to 3. It was the sixth straight victory. Wetzel parked the ball in the first round, counting a man ahead, and the Buzzers were never headed, though there was a tight squeak in the ninth.

AT THE HOTELS

FELL IN LOVE ON BEACH AT WAIKIKI

Captain Alan V. Percival and his Bride.

When Captain Alan V. Percival, British "ace" and auto racer, was strolling on the famous beach at Waikiki, in the Hawaiian Islands, he met Miss Winifred Lee Owen, Stamford graduate, of Hollywood, Cal. The tropical wind did the rest, and now they're on their honeymoon. They will live near London.

HAREM GUARDS ON STRIKE FOR HIGHER WAGES

CONSTANTINOPLE, July 15.—Constantinople harem attendants have gone on a strike for more money and shorter hours. Many of the capital's finest harems have been unguarded and their owners are trying distractedly to find suitable substitutes for the strikers. Numbers of Russian refugees have volunteered their services, but it was found they were not fitted for the job.

The strikers insist that their "24-hour day" and the unceasing vigil they are required to keep on the women of the harems justify better remuneration, especially during the present time. Many of them protest that their wages have not been paid for more than a year, and in several instances they have appealed to the American committee on relief in the Near East for aid. The fact is that their masters who in most cases are officials or employees of the government, have not drawn any salaries for months.

The straight line is an abomination to the Chinese.

TEE PEE EXPECTS WELL IN RAINS COUNTY

POINT, Texas, July 15.—Intense excitement prevails here over the good showing of oil with a strong gas pressure, which has been encountered in the Texas Pacific Coal & Oil company well on the Humphrey farm, after the drill bit had lightly touched the Woodbine sand at 3,326 feet. The boilers have been moved 150 yards from the rig for safety and guards placed to keep the crowd back from danger that might result should the well suddenly blow itself in.

The Pacific is fully a mile deeper than any other ocean.

10 ADMISSION 25

MAGNOLIA CO. LOSES BIG OIL TANK IN FIRE

BEAUMONT, July 15.—Lightning struck a 250,000-barrel earthen storage tank of the Magnolia Petroleum company at Gladys Station, near here, Friday, setting 100,000 barrels of refined oil contained in the receptacle on fire.

The flames are being fought with but little success, and indications are all of the oil would be destroyed. Employees of the company, many of whom were sent from the refinery here, are devoting their efforts to preventing the spread of the flames to other nearby tanks, although an attempt also was being made to drain what oil had not yet been burned from the bottom of the burning tank.

TEXAN ARRESTED FOR SLAYING OF KLANSMAN

GLOBE, Ariz., July 15.—J. D. Whitten was arrested Friday in Miami, near here, on a warrant charging him with murder in connection with the killing in Angleton, Texas, in February, of an alleged member of the Ku Klux Klan and the wounding of another man in what was said to have been a Klan raid on a rooming house where Whitten and his wife were living.

Whitten refused to talk. His wife, however, declared that Whitten did not fire a shot. She said she was beaten by Klansmen bent on spiriting away her husband.
