CALLAWAY SAYS HE WILL INSIST ON RUN-OFF RACE

With Returns Nearly Complete Blanton Lacks 806 Votes of Having Majority.

With complete returns from 11 counties comprising the Seventeenth district, partial returns in from seven others and Burnet county still unheard from, Representative Thomas L. Blanton is shown to be within 806 votes of a majority.

Blanton has 21,761; Callaway 9,264; Cunningham 8,739, and Dibrell 4,564.

Additional returns from the seven counties not complete and from Burnet county will not likely change the standing of any of the candidates, it is said. Oscar Callaway of Comanche, in reply to a question from the Abilene Reporter, declared that he would insist on a run-off.

The tabulated vote by counties follows:

SOUTHWESTERN MINERS TO REFUSE PEACE PACT

MUSKOGEE, Okla., July 26.—A "qualified reply" refusing to enter negotiations with the coal mine operators of Missouri, Kansas, Oklahoma, Arkansas and Texas for a wage scale that will permit resumption of mining operations in these states will be sent to the operators by the district president of the United Mine Workers of these states, at a meeting to be held at Kansas City on Friday, John Wilkinson, president of District No. 21, said today at a meeting of the district board.

EATS ICES AND MAN'S ROLL STICKS TO HAND

NEW YORK, July 26.—Things just naturally stick to the fingers of Louis Levy. He told the police so when he faced a charge of picking pockets.

"It's this way," he said. "I ate lemon and orange ices and they melted on my fingers and made them sticky. I got in a crowd and somehow a man's watch and chain and money just stuck to my hands. Then, too, I am magnetic and things are attracted to me."

"It's a second offense," said the captain as he instructed that Levy be taken to court.

"DRUMMER" DOOMED TO PASS SAYS MANUFACTURER

NEW YORK, July 26.—The American "drummer" is doomed soon to become as extinct as the dodo or the bustle, Louis E. Pierson, president of the Merchants' association, predicted in announcing plans for the national merchandise fair to open in New York Aug. 7.

Such fairs, patterned after the European system, will permit merchants periodically to view and compare the goods of competitors, thus eliminating the need of "drummers" or traveling salesmen, said Mr. Pierson.

The national fair will mark a try-out of the "direct-selling" plan in America.

CHILDREN WILL PARADE TODAY TO CELEBRATE PLAY PARK OPENING

Children of the city have been asked to gather at the Cooper, Young and Central schools this afternoon at 4 o'clock for participation in the parade and picnic featuring the formal opening of the two new playgrounds by the Child Welfare club. The children of the Blackwell and Cooper additions will gather at the Cooper school; those living east of the Hamon railroad will meet at the Young school and those living west of the Hamon road and centrally located at the Central school.

Those meeting at the Cooper and

SLAYS SISTER OVER HUSBAND

NEW YORK, July 26.—A family vendetta, involving four relatives of "John the Barber," famous sports figure, ended today in the murder of pretty Bertha Katz, recently named correspondent in a separation suit filed by the sportsman's wife.

"I told him he could not have any other woman but my own flesh and blood," shouted Mrs. John Reiser, wife of "John the Barber," as she was arraigned today in Brooklyn on charges of murdering Miss Katz, her sister, the other woman in the case.

WARTIME FUEL ADMINISTRATION TO HANDLE COAL

Secretary Hoover in Conference With Dr. Garfield Over Present Crisis.

BOSTON, July 26.—Dr. Harry A. Garfield, fuel administrator during the war and now president of Williams college at Williamstown, Mass., may be recalled to Washington to again assume his duties as fuel administrator, if the coal crisis continues.

Confidential reports from friends of Dr. Garfield say he has already been in conference with Secretary Hoover in regard to the situation.

GERMAN SCHOOL BUILT LIKE FORT, ALLIES LEARN

PARIS, July 26.—The council of ambassadors decided today to make a firm demand on the German government for immediate destruction of the fire control and range finding school which the German naval authorities have quietly established on the Kiel canal. It is said the school has been so constructed that it would serve as a fort, commanding the entrance to the Kiel canal.

TEXAS NATIONAL GUARD MOVING TO ENCAMPMENT

AUSTIN, July 26.—The entire infantry organization of the Texas National Guard, with the exception of the five companies sent to Denison to enforce martial law, was expected to be moving by tonight to Austin to attend the annual encampment, which is to open Friday morning and continue two weeks.

Approximately 4,000 officers and men will be encamped and if further troops are needed for strike duty they will be sent without delay.

SON GRANTED BOND AFTER FATHER IS SLAIN

MCKINNEY, July 26.—Lee Allsbrook, 24, became engaged in a quarrel with his father over breaking some land and after some words, according to Sheriff Ed Blakeman, the young man went to the house and returned with a shotgun and shot his father. The wound proved fatal.

The young man waived his examining trial, made bond in the sum of \$2,500 to await the action of the grand jury.

The father and son lived near Farmersville.

CLAIMS BUDGET SYSTEM SAVINGS ARE PIPE DREAMS

Ranking Democratic Senator Attacks Republican Economy Claims.

WASHINGTON, July 26.—Republican claims of economy in federal appropriations and expenditures were denied by Senator Overman of North Carolina, ranking Democrat of the senate appropriations committee, in a statement today in the senate, comparing present and past appropriations.

"All the big headlines which have been appearing in the newspapers showing the great savings made under the budget system, were nothing but camouflage and pipe dreams," said Senator Overman, referring to recent statements by Chairman Warren and Madden of the senate and house appropriations committees, respectively.

Excluding from the present appropriations all war aftermaths as major expenses, Senator Overman said that for the legitimate expense of the government this year appropriations were \$1,329,000,000 as against \$793,000,000 for 1915.

COST OF LIVING NOW TWO-THIRDS ABOVE '14 LEVEL

WASHINGTON, July 26.—The general level of the cost of living during June was still 66.6 per cent above the pre-war figures of 1914, the department of labor reported today.

A drop of about 8 per cent occurred during the first six months of the year, but from March to June the decrease was only 3-10 of 1 per cent. At peak high prices in June, 1920, the level was 116.5 per cent above the pre-war figures.

Food is leading in the gradual price decline, standing now at 41 per cent above the pre-war level, while furniture prices are at the highest standing, 102.9 per cent. Housing is 60.9 per cent above the 1914 figures, clothing 72.3 per cent, fuel and light 74.4 per cent and miscellaneous articles 101.5 per cent.

EDITOR TOO HEATED ABOUT KLAN UNMASKING AT AUSTIN REVIVAL

AUSTIN, July 26.—Indictments returned by the Travis county grand jury here today include one charging criminal libel against the publisher of a weekly newspaper, the alleged libel growing out of an article concerning an attempt made by Edgar Shelton to unmask a Ku Klux Klansman at a revival meeting in South Austin a month ago. The sheriff's office has not served the capias issued in the indictment.

HELIUM RECOMMENDED FOR ALL U. S. AIRSHIPS

WASHINGTON, July 26.—The use of helium, the new non-inflammable gas, in all big airships of the United States army and navy was recommended today in an official report of the army air service on the destruction of the dirigible Roma at Norfolk, Va., on Feb. 21. Many of the 34 men who lost their lives in the conflagration which followed the plunge of the Roma would have escaped death if helium had been in the big gas bag of the airship, according to reports which were compiled by the special board of inquiry appointed by General M. M. Patrick, head of the army air service.

LOW WAGES CAUSE LOW PRICES OF GERMAN GOODS

BERLIN, July 26.—Though there is much more unemployment in countries with a favorable exchange, the market in countries with a low exchange is only a seemingly good one. The German industries, for instance, sell their goods for comparatively low prices, the workmen paying the price for the depreciation of the mark by getting minimum wages compared to those of countries with a favorable exchange.

Strange to say, sudden rise of the mark would involve grave peril for German economies, immediately the industries would be unable to export their wares.

Telephone Company Wants Rate Increase

Extensions Hinge on \$1 Monthly Boost, City Commission Is Told.

An increase of \$1 on residence and business telephones of the city was asked but not acted upon yesterday afternoon at the meeting of the city commission. Assistant General Manager Baker of the Southwestern Bell Telephone company at Dallas and District Superintendent Caldwell of Cisco, told the commissioners that the company was losing money in Ranger under its present rate. They sought an increase of from \$2 to \$3 a month on residence phones and from \$5 to \$6 on business phones. The extension of telephone lines into parts of the city not served would likely depend on favorable action on the rate increase, it was intimated.

The telephone company, while losing less money this year than last, is still operating at a loss here, the commission was told by the officials, who estimated that the rate increase in Ranger would mean an increase in revenue of approximately \$4,000 annually.

Under the opinion that the lack of earning power of the company under the present rates had not been fully shown the commission asked that the company furnish financial statements for the years 1919, 1920, 1921 and the first six months in 1922, showing revenue and disbursements in detail and also a fair valuation of the property investment of the company in Ranger.

The need of telephone lines in several residence sections of the city was brought up at the meeting and the company officials agreed to make an investigation along this line. The opinion was expressed that the commission surely would not expect the company to make the extension unless the increased rates were allowed.

Beside the commissioners and the telephone officials, the meeting was attended by a committee from the New Chamber of Commerce.

On motion of Commissioner Cole, seconded by Commissioner Terrell, the commission decided to call upon the city commissioners to appoint a board of managers for the City-County hospital, as is provided under the state law. The motion carried the names of a number of persons suggested by the commission. The board of managers is vested with the authority to direct the furnishing, equipping and operation of the institution.

Commissioner Terrell was given authority by the commission to install two street lights at each of the new public welfare parks or playgrounds in the Hodges Oak Park and Central additions.

DRY AGENTS HELD WITHOUT BAIL IN BEAUMONT CASE

BEAUMONT, July 26.—Indictments charging William A. Nitzer, prohibition chief general agent at Dallas, and General Agent M. T. Gonzallos with murder in connection with the fatal shooting on election night of Justice H. T. Showers were returned here today by the Jefferson county grand jury. Both men were denied bail following a preliminary hearing.

MAJOR FAIRFAX MORGAN TO TRY PACIFIC FLIGHT

LONDON, July 26.—Major Fairfax Morgan officially notified the American Embassy today of his intention to attempt an airplane flight across the Pacific ocean.

Major Morgan is a British aviator.

SAY SO? WATCH RANGER GROW! NEW PAPER, DRUG STORE, MOVIE

Boasts that the Times and certain other business concerns of the city, whose proprietors took an active part in the recent law enforcement crusade and in the recent election of the law enforcement candidates, would be put out of business, were being freely circulated over the city last night and this morning.

A new daily paper, it is currently reported, is to be established here in the next few days,

money having already been subscribed in certain quarters and among certain interests.

The plans further contemplate, it is rumored, the establishment of another picture show and another drug store, as the result of certain business men daring to back their convictions with personal work in the liquor raids, and efforts in the interest of the county and precinct candidates who swept the county on law enforcement platforms.

FIVE NATIONAL GUARD COMPANIES TAKE UP STRIKE DUTY AT DENISON

DENISON, July 26.—The railroad districts of this city passed under martial law at 5 o'clock this morning pursuant to proclamation issued late yesterday by Governor Neff.

Supervision of the Denison shopmen's strike situation is now in the hands of the Third battalion of the 142nd infantry, which, five companies strong, detained here this morning. They arrived on a special train from Austin. Colonel Nimom of Gainesville assumed command of the battalion.

The troops, travel-worn and weary, marched from the Katy yards, where they detained, to Forest park, where a camp will be laid out.

Picket lines were thrown out at once. Without protest strikers moved their picket lines back 1,000 feet from the railroad property, the boundary of military control.

Governor Neff's proclamation declared martial law in all the territory lying along the Missouri, Kansas & Texas railroad, the Houston & Texas Central and the Frisco lines, in the city of Denison.

Texas rangers who have been on guard duty here are under orders to proceed to Childress and Sherman, which have been placed under open port law by Governor Neff. The open port law is designed to keep traffic lines in Texas open and the rangers are under instructions to see that rail property and workmen are protected from violence.

Other rangers will be sent to Cleburne, Temple, Amarillo, Marshall, Lufkin, Kingsville, DeLeon, Waco and other points where state protection is deemed necessary, it was officially announced.

A second group of non-union workers arrived this morning under the guard of rangers and deputies. They were taken to the Katy bunk houses. A consignment of negro laborers arrived late last night.

Joseph F. Myers, state labor commissioner, has wired his resignation to Governor Neff. He gave no reason for his action but his friends say that it was from dissatisfaction with the ordering of troops to Denison.

Myers was in conference with strikers for two hours this morning and it is said that shopmen have petitioned Governor Neff not to consider his resignation.

WOMEN ATTACK WORKERS AND POLICE AT TOLEDO, OHIO

TOLEDO, Ohio, July 26.—Forty women, wives and relatives of striking railway employes, attacked a party of non-union railroad shopmen on their way to work at Fearing street shops of the New York Central railroad here today. Police, responding to a call for help, were met with a shower of bricks and stones which resulted in a call for police reserves. Three patrol wagons filled with officers were rushed to the scene with orders to arrest every woman found in the vicinity.

MAINTENANCE EMPLOYEES RENEW STRIKE THREAT

DETROIT, July 26.—A threat that the 4,000,000 maintenance men employed on the nation's railroads will go on strike because of alleged action of certain eastern roads in attempting to form company organizations to take the place of international railroad brotherhoods and the action of guards employed by the railroads was made here today at the headquarters of the International Brotherhood of

OFFICERS HELD IN KILLING OF TAXI DRIVER

Austin Grand Jury Fails to Indict Eighteen Alleged Ku Klux Members.

AUSTIN, July 26.—The sheriff's office today made public four indictments returned yesterday by the Travis county grand jury, charging murder in connection with the killing of Peeler Clayton, service car driver, near the entrance to Ku Klux Klan hall in this city on the night of Dec. 15, 1921. Those indicted are Lefe Young, chief of detectives of Austin, and Democratic nominee for constable; W. B. Mayberry, custodian of Camp Mabry; Bassett Miles, United States prohibition enforcement officer, understood to be now stationed in Dallas, and J. L. McNeil, patrolman of the Austin police force.

Young, McNeil and Mayberry have been notified of the indictment and were expected to make bond of \$2,500 during the day. Miles was said to be out of the county and capias will not be served on him until he returns to Austin.

Eighteen Not Indicted. Eighteen Austin citizens who were arrested the day following the tragedy on complaint of Earl Shelton, local attorney, charging connection with the tragedy, were not indicted. The grand jury in its final report announced that investigation of the Clayton killing had been completed and that indictments had been presented against all persons that the evidence disclosed were connected with the killing. This was the second grand jury to investigate the killing, the first having failed to return any bills.

The four officers under indictment were arrested exactly one week after Clayton was shot to death in his car. They claimed that they had attempted to stop Clayton's car for the purpose of arresting Clayton, they having suspected that liquor was in the car.

FERGUSON AND MAYFIELD REST BEFORE RUNOFF

TEMPLE, July 26.—Former Governor James E. Ferguson is planning to start his second campaign next Tuesday in the senatorial race. He said today he had not completed his itinerary but he hopes to make two speeches a day until the run-off Aug. 26th.

Ferguson has been resting at his home here since Saturday so that the vigor of his voice will be restored before he takes the stump against Earl B. Mayfield. He has received a flood of congratulations on his showing in the first primary.

CINCINNATI CROWDS SEE WOMAN KILLED BY MAN

CINCINNATI, O., July 26.—Harry Hamilton, 52, was arraigned in court today on a charge of first degree murder following the killing of Mrs. Anna Fowiner, 58, last evening at a busy downtown corner. Scores of persons watched the killing.

Hamilton, except to declare that he killed the woman because she had wronged him irreparably, maintains a complete silence.

WICHITA GUARD MOBILIZED

WICHITA FALLS, July 26.—Captain John W. Fletcher was today mobilizing Battery D of the Wichita Falls unit of the national guard under orders from Adjutant General Thomas A. Barton. Active recruiting of new members is also under way. The battery is expected to be equipped and ready for duty tomorrow morning.

Captain Fletcher said today he had no intimation as to where the troops will be sent, if ordered out at all.

GARNER RE-ELECTED AS BEAUMONT SHERIFF

BEAUMONT, Texas, July 26.—Sheriff T. H. Garner of Jefferson county was renominated for office of sheriff over his two opponents in Saturday's primary, receiving 5,206 votes. R. R. Baker and J. J. Dugan, his two opponents, combined, received but 2,872.

Sheriff Garner's race attracted wide attention because of an ouster suit filed against him here because of his membership, which he admitted, in the Ku Klux Klan.

FIRE DESTROYS TANKER

NEW YORK, July 26.—The oil tanker Charles Bruley was destroyed by fire in the Gulf of Mexico early Tuesday, according to wireless reports received by the Cuban Distilling company, the ship's owners. The crew of 30 men abandoned the vessel before she sank.

TONIGHT

A mass meeting under the auspices of the Electrical Workers union will be addressed tonight at the Carpenters hall on Elm street by Miss Berry, representative of the American Federation of Labor. Miss Berry will talk on political issues affecting organized labor. The meeting will start at 8 o'clock. All union men and others interested are invited to attend.

AREN'T REGULARS BETTER? Whatever may be one's sympathies in the rail strike, it must be apparent to all that trains must be kept running for the benefit of the public.

Under those conditions, if troops are necessary to keep trains operating, as the railroad officials say, then there must be troops. Everyone has known for two weeks that troops would be ordered out, though Governor Neff cannily delayed his decision until after the election.

Whether those troops should be state or federal, is another question, however. According to reports, state troops are sent because the war department laid the matter down to the governor thusly: "If you don't call out the national guard, we will send the regular army."

Now why shouldn't the governor reply: "All right, since you are going to send troops, I won't."

That would have saved any divided sentiment in Texas over the issue. It would have saved the expense of keeping up several hundred men. It would not have disrupted the home life of the men affected, fear of which is perhaps the greatest deterrent to enlistment in the guard.

On the other hand, the federal government would be at little more expense than with the men in their regular cantonments and most persons consider the regulars, because of their discipline and training, more capable of handling the situation.

MERCHANTS MEET AT GHOLSON TONIGHT

The importance of the credit rating of Ranger, recently undertaken by the Retail Merchants' association of this city, along the lines followed in the larger cities of the country, will be explained tonight at the membership meeting of the association in the basement of the Gholson hotel. The meeting will start at 8 o'clock.

The question of financing the bond is also to be taken up by the members. All members of the organization are urged to be present at the meeting, in order that their views may be known.

OUTSIDE WELLS NEAR PIONEER HOLD INTEREST

PIONEER, July 26.—Present indications are that the Pioneer field is preparing renewed activity with a possible extension looming up east of the city just across the gas line which runs just east of the townsite. Wells that were drilled on this gas line proved to be nothing but gasless, but several tests are being run east of this line, and one gives promise of a producer.

The Browning No. 1 of the Owenwood Oil corporation of Fort Worth on the east side has been making gas several days at 2,480 feet. This is the first well on the east side to show indications of production.

The Texas Pacific Coal & Oil company No. 1 L. E. Brannon in the northwestern part of the field, is setting and cementing six-inch casing at 2,350 feet to shut off the water after flowing by heads from 30 to 75 barrels at a head, for several days.

The Junior No. 1 Atwood in the extreme western part is shooting at 2,590 feet, hoping to make a producer. There are now 94 drilling wells in the Pioneer field proper, with some 20 more contracted for, and several promising drilling in wildcat area between the Hilburn field and Cross Cut.

The northeast extension to the field seems to be attracting the major attention at present, while the southwestern area has several important tests that are being watched very closely, while about six miles southwest the Gillette Prater well is attracting attention. They are having water trouble. This well made 75 barrels in one hour last week.

Tom Slick has spudded in on the Sheppard tract, four miles northeast of Pioneer and about three miles in the same direction from the producing area, this well being watched with much interest, several other wells are also drilling in that vicinity. It is thought that the pool will be extended in that direction as far northeast as the old Hilburn pool.

HUGH LENNING LOSES CAR

A Ford car belonging to Hugh Lenning was stolen last night, according to a report on file at police headquarters this morning. Officers were unable to say whether the machine had been taken from the owner's garage or whether it was stolen on one of the downtown streets.

The motor number of the machine is given as 4402080, the serial number as 140776 and the license number as 547246.

BIG SUPPLY OF ARMS UNEARTHED IN GERMANY

BERLIN, July 26.—Large stores of arms and ammunition which had been secreted in various parts of Germany are being unearthed, it was revealed today. A big cache of arms, including dum-dum bullets, has just been located at Potsdam.

It is reported from Stuttgart that the inter-allied military control commission has found 500 machine guns which had been hidden there.

His Woman Escort Shoots Annoyer of Dallas Drummer

CLEVELAND, Ohio, July 26.—Annoying a woman's escort cost Edward O'Connell his life early today in a downtown restaurant, while scores of fashionably dressed patrons sat aghast. O'Connell, police and witnesses say, was shot and instantly killed by Mabel Barnett, age 22. Her companion, over whom the slaying occurred, told police he was Clifford Barnett, traveling salesman of Kansas City and Dallas.

Both are held. The woman, police say, claims she is Barnett's wife. Barnett stated he had known her only two days and that the name is a coincidence.

"Oil Promoter" of Texas Skips With Chicago Funds

CHICAGO, July 26.—Ralph A. Plate, "oil promoter" of Archer City, Texas, who operated here, is alleged to have disappeared with close to \$250,000 of some 2,000 Chicago investors' money.

Plate conducted offices here under the names of the Plantation Petroleum & Development company and the Guaranteed Lease company. He is also wanted on confidence game charges.

HOME RUN CLUB HOLDS SESSION, NITROS WIN, 8-4

The Nitro Home Run club held an executive session yesterday, both President Pyle and Secretary Conley registering themselves, as present, and being reinforced by Inner Guard Clayton, who paid up his back dues and was reinstated to good standing in the organization. As a result of their deliberations, well aided and abetted by their auxiliary body, the Base Hit Gang, the Nitros cracked open the series with Clovis by winning, 8 to 4.

It was another of those pleasing pastimes that the Nitros have presented under the auspices of the Ammons dynasty. For not only was it flecked with hefty and timely clouts by the three guests above named, but had side shows that almost rivaled the main tent.

Lybrand Whiffs 'Em.
One of these was a puzzling assortment of slants presented by Lybrand, of the Lefty family. These had the Buzzers wildly waving. In fact, fourteen of them smote vainly at the third corner cutter, or watched it zip across the plate, unmolested. Lefty's row of scapels for the day included all but two members of the Buzzers and the heavy artillery parked in the third and fourth positions fanned twice.

These strikeouts blocked the Clovis offense, though by some unaccountable means they registered nine safe wallops, which might have been enough to change the outcome had it not been for smappy co-operation on the part of Nitro outer and inner works. Brooks on his one chance went to deep short, took a grounder and heaved his man out by a long, accurate throw. It was grand larceny. Leedy flagged several fast hoppers, ticketed for the outfield, while both Dockery and Craig upset the Buzzer attack by quick retrieving of hits. Dockery went across the foul line to take Clary's red-hot slam that White partially blocked by a head-long dive, and threw the runner out at second. Craig double-timed to the fence—three-base territory—and held Vick at second. None was down at the time and the score was 5-3, so a lot of trouble was averted.

No less energetic were the athletes on the paths, the running the bases with a progressive conservatism that brought results. Brooks, Dockery and Lybrand all gained two-base blows by dashing slides into second, after gauging the play to the width of a flapper's eyebrow. Craig put across two runs by speedy legwork—one when he counted from second on Pyle's hit so quickly that no attempt was made to head him off, and the other by scoring from third on an infield out.

Count in First.
The Nitros pried off a marker in the first round, when with Craig on second, Mr. Pyle batted with his accustomed form. They lost the lead in the second, when Erwin's two-ply swat followed hits by Williams and Sloan.

In the fourth, the Home Run club went into session on motions by Conley and Clayton. Each found a pathfinder awaiting the knock, as Pyle had preceded Conley by beating out a hit to short and Brooks had lined

the ball into right for two bases, ere Clayton added to the fireworks. Clayton's drive caught the crowd all wrought up, and they expressed \$20-odd worth of appreciation, which Clayton had coming, on general principles.

Pyle's Thirteenth.
Parson Pyle's thirteenth circuit swat in Nitro park this season came in the fifth, after Dockery had doubled, giving the Nitros a comforting lead. They added another in the seventh, when Craig reached first on a freak bounce hit, took third when Vick smacked Dockery in the head after fielding a bunt and home on Pyle's infield out.

The Buzzers could add to their total only in the fifth and seventh. The one run in each inning came on extra base hits by Vick and Mickey, which followed singles. Vick's swat was held to two bases, while Mickey's sizzling drive to the club house went for three.

Both teams hustled throughout, the three errors being of the strictly excusable character.

RAT UNDER MOTOR "STEPS ON" GAS, CAUSING CRASH

BOSTON, July 26.—Phil Cohen crawled out after his big car had crashed into another machine at Malden and then overturned.

Phil was a bit dizzy and considerably puzzled. He opened the hood and out dropped a big dead rat. The rat apparently had got mixed up with the accelerator rod and opened the throttle when Cohen tried to stop.

JESS WANTS MORE TIME TO TRAIN FOR DEMPSEY

LOS ANGELES, July 26.—Jess Willard will not consider September 29 as a date for his proposed championship bout with Jack Dempsey, according to Gene Doyle, the challenger's local representative. Willard wants an additional two or three weeks of training to make sure that he will be in condition for the match. Meanwhile, Toddy Hayes, Jack Dempsey's trainer, who is here for the purpose, some say, of getting a line on Willard, will not be welcome at the big fellow's Hollywood training camp. Willard doesn't want any member of the Dempsey outfit hanging around while he is working, explained Doyle.

THURSDAY.

Mrs. D. L. Jameson entertains with a breakfast.
Forty-two club meets with Mrs. Walter Harwell, at cottage 7, Sinclair camp.

PORCH PARTY.

Tuesday morning Mrs. M. H. Hagaman entertained the members of the Thursday Bridge club and several other guests with a very charming porch party. The spacious porch of the Hagaman home is inviting at any time, but was particularly so on this occasion with its decorations of ferns, bluebells and sunflowers, all blending their purple and gold and green loveliness into a harmonious whole. Not only did the porch suggest sylvan places, but clever arrangement of water connections gave the effect of a miniature fountain, which not only cooled the atmosphere by its continuous flow, but lent an added charm to the already lovely setting.

Table decorations were Shasta daisies, with the exception of the head table, which was graced by roses. Bridge was the diversion and the high club score was made by Mrs. Saunders Gregg, who received as a favor some lovely linen towels. The low club prize, a vanity box, went to Mrs. D. M. Steele, while the cut prize for the guests went to Miss Gladys Cornell and was an auto lunch basket.

After the game, Mrs. Hagaman served a delicious two-course luncheon of chicken a la king, orange sherbet and angel food cake. Club members present were: Mmes. Frank Branahney, Garrett Bohning, B. S. Dudley, C. C. Craig, Saunders Gregg, Howard Gholson, A. N. Harkrider, Frank Rarey, D. M. Steele. Guests present were: Mmes. Oscar Chastain of Eastland, J. B. Haden, John Thurman, P. A. Brown, E. E. Crawford, Roy and D. L. Jameson, Hemmingson, Misses Lucile Gregg of Houston and Gladys Cornell of Sherman.

BILL BOHNING HAD A BIRTHDAY

On Monday afternoon at the home of their parents, Mr. and Mrs. Garrett Bohning, Bill Bohning very properly celebrated his fourth birthday. A large number of his little friends had been invited in for the occasion and they made it a merry affair. Among many gifts that came to Bill on this memorable day was a slide, the gift of his father, and this gift was shared by all of his guests to their heart's content. French harps given as favors to the boys added to the celebration, while the girls, who received tiny tea sets, also tried their favors out playing "tea party." Outdoor games were enjoyed from 4 to 6 o'clock.

There was a lovely birthday cake gracing the center of the dining table, which Bill cut and served to his guests—but the birthday cake lost out in comparison to the animal ginger cookies which the hostess served. Ice cream cones and lemonade were also served.

Those wishing their little host many happy birthday parties were: Edna Louise Taylor, C. B. and Sydney Plummer, Dorothy and Mavis Murray, June Branahney, Frances and Catherine Conley, M. K. Collie Jr., Lee and Marguerite Vandervoort, Martha Marie Gholson, C. E. May Jr., Frances and Bob Fouke, Jimmie Haden, Garvin Chastain, Betty Jean Burden, Tom Lauderdale, Baby Duffer, Jack Gullahorn, Diane Harkrider, Roy Jameson, Jack Palmer, Charles Stubblebine, Bob Hodges, Frances and Ernestine

Glazner, Lewis and Saundito Gregg, Peggy and Karl Jones, Bob Bohning.

RECREATION CLUB HAS REAL RECREATION.

The Recreation club had a most delightful meeting Tuesday morning with Mrs. Roger Fenlaw. Fresh morning air, together with a profusion of cut flowers, and the sweet graciousness of the hostess in her well appointed home, made a complete setting for recreation.

After much laughter and merry-making over "Hearts," delicious cantaloupe a la mode and pineapple cake was served to the following: Mmes. R. M. Davenport, Jack Ratliff, Fred Wilson, Guill, Robert Chisholm, Sneed, L. A. Duffer, M. H. Smith, C. E. May, S. P. Boon, C. D. Woods, W. J. Rowland, Harry Reed, W. H. Fiewellen and Miss Beulah Harrison of Eastland. The next meeting will be a picnic, two weeks from Tuesday.

PURELY PERSONAL.

Miss Ruth Hagaman is expected home the latter part of the week. Since leaving the university some two weeks ago, she with a party of her schoolmates and their mothers has been enjoying a vacation at Lake Tanev Como, in the Ozark mountains.

Miss Elizabeth Wilhelm has returned from a six weeks vacation and is again on duty at the Clinical hospital.

WESTERN STUDIOS ARE PREPARING FOR WILL HAYS

LOS ANGELES, July 26.—Hollywood and Los Angeles studios are housecleaning in a hurry to pass inspection by Will H. Hays, movie czar, who is due here Monday to review the western center of the film industry.

Stars, producers, suppers and mechanical workers were co-operating in sweeping gossip under the carpets and fanning scandal into the far corners of the cinema lot.

A big triumphal reception is planned when Hays will be presented with a trophy of some sort and probably William DeMille or Charlie Chaplin will make an appropriate oration.

After that representatives of every branch of the industry will sit in conference with Hays, who will outline his plan for rehabilitation of the film world, according to unofficial accounts from local publicity centers.

Rheumatism at 60

S. S. S. Thoroughly Rids the Body of Rheumatism Impurities.

Somebody's mother is suffering tonight! The scourge of rheumatism has wrecked her body; limping and suffering, bent forward, she sees but the common ground, but her aged heart still belongs to the stars! Does anybody care? S. S. S. is one of the greatest blood-purifiers known, and it helps build more blood cells. Its medicinal ingredients are purely vegetable. It never disarranges the stomach. It is, in fact, a splendid tonic, a blood maker, a blood enricher. It banishes rheumatism from joints, muscles and the entire body. It builds firm flesh. It is what somebody's mother needs tonight! Mother, if you can not go out to get a bottle of S. S. S. yourself, surely somebody in your family will. Somebody, get a bottle of S. S. S. now! Let somebody's mother begin to feel joyful again tonight. Maybe, maybe it's your mother! S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.
