NEW BANK OPENS HERE SATURDAY

LIONS CLUB FORMED WITH 31 MEMBERS

Dr. W. C. Palmer Chosen First Head of New Civic Organization.

The Lions' club was organized here last night in the Green room of the Gholson with a charter membership of thirty-two. Dr. W. C. Palmer was elected president. Other officers are: W. H. Fouke, first vice president; E. A. Ringold, second vice president; Ben A. Owen, third vice president; George Hemmingson, secretary-treasurer; A. M. Jameson, lion tamer; Dr. C. C. Craig, tail twister; Walter Murray, publicity man.

Garrett Bohning and A. J. Orth were elected as two-year directors and Leslie Hagaman and Saunders Gregg as one-year directors.

Thursday Luncheons. Regular luncheon meetings of the club will be held every Thursday from 12:15 until 1:30; the meeting this week, however, will be held Friday. A committee was appointed to decide upon a meeting place. One meeting each month will be held at night for the wives and women guests.

The membership of the club, which includes one member from each classification of business and profession, is made up of the following: Dr. Harry A. Logsdon, medicine; Leslie H. Hagaman, waterworks; Dr. Clyde C. Craig, dental surgeon; A. M. Jameson, groceries; Dr. W. C. Palmer, surgery and X-ray; L. H. Flewellen, attorney; J. R. Krause, haberdasher; L. H. Ducker, accountant; Saunders Gregg, general contractor; George Hemmingson, city secretary; S. P. Gilbert, pipe and pipe fitting; W. H. Fouke, refinery; G. W. Bohning, wholesale building supplies; F. A. Brown, broker; Walter Murray, advertising; Charles Terrell, petroleum engineer; Eben S. Finney, oil production; Ben A. Owen, oil well supplies; Andrew J. Orth, Orth Bottling company; W. F. Savage, auto accessories; T. E. Henshaw, ladies' ready-to-wear; J. H. Corbett, oil well primers and sucker rods; E. E. Dreby, garage; J. M. Ralston, Drugs; J. T. Killingsworth, furniture; E. A. Ringold, tax collector; B. C. Morgan, railroad agent; R. W. Thomas, casinghead gasoline manufacturing; H. S. Cole Jr., chemical engineering; J. M. Dodson, banker; C. E. Shields, express.

TWO RANGER MEN ON COUNTY SCHOOL BOARD

EASTLAND, April 12.—E. H. Mills and Dr. R. A. Hodges, both of Ranger, were elected county school trustees of the county at large and precinct No. 1, respectively, at an election held in the rural school districts Saturday a week ago. It was announced yesterday afternoon following a canvass of the light vote by the commissioners' court. Mills received 33 votes and Hodges 31. The former succeeds Lee Reid and the latter Briggs Owen, both of Eastland.

BROTHER'S RECORD TO BE MISS BLANTON'S CAMPAIGN THUNDER

DENTON, April 12.—In opening her congressional campaign here tomorrow, Miss Annie Webb Blanton, state superintendent of public instruction will not confine her speech to her own candidacy to fill the unexpired term of Congressman Lucian Parrish, but will discuss the record of her brother, Thomas L. Blanton in congress and the recent attack made against him, it was announced today.

SNOWDRIFTS STOP TRAINS IN KANSAS

SMITH CENTER, Kan., April 12.—Western Kansas was battling against the worst snowstorm in history Tuesday. Railroad snowplows were bucking against snowdrifts six to twelve feet deep between here and the Colorado line. No trains eastbound from Denver were able to plow through the storm.

TEARS TAME 'EM

DETROIT, April 12.—Tear gas, used by the police for the first time today, routed seven suspects from an apartment which had been besieged for twelve hours. The war material was brought into use when police did not care to risk bullets which the besieged had threatened to send into the first man breaking in the door.

When the seven—five men and two women—finally marched out, coughing and sneezing, they were found to be unarmed. The suspects were wanted in connection with a jewel robbery last Sunday morning.

TARIFF BILL ATTACKED FROM EVERY ANGLE

Democrats Will Claim Its Gold Brick and Raises Living Costs.

WASHINGTON, April 12.—The new tariff bill will be fought by the minority as a gold brick to the farmer; as a sure source of raising the cost of living; and as the highest tariff ever imposed and a detriment to foreign trade rather than a help to American business.

Senator LaFollette will fight it as the wildest tariff ever written. It will be fought by the house as a breach of faith on the part of senate finance committee Republicans, who substituted foreign valuations after promising the ways and means committee to use American valuations. This is the outline of some of the cyclonic disturbance boiling up in congress today as a result of the bill reported yesterday.

WEEKS REPLIES TO CRITICISM ON WAR CONTRACTS

WASHINGTON, April 12.—Replying to charges made yesterday on the floor of the house, Secretary Weeks declared today that the war department was doing "everything possible" to clean up the war contracts in such a manner as would fully protect the federal government.

SCHOOLS WILL HAVE EXHIBIT AT CHURCH DURING CONVENTION

A manual training exhibit from the Ranger schools will be opened Thursday at noon in the basement of the First Baptist church and will continue through the convention of the Federated Women's Clubs here Friday and Saturday, it was announced this morning by Superintendent E. O. McNew.

AUSTIN COLLEGE WILL ENTERTAIN ORATORS

SHERMAN, April 12.—Austin college will entertain the Texas Intercollegiate Oratorical association in its 1922 meet, at Sherman, next Saturday evening. T. P. Baker, secretary of the association announced Saturday. The association has for its members nine of the leading colleges and universities of the state.

BIRMINGHAM, Ala., April 12.—Suits totaling \$250,000 were filed here today in the federal district court by P. H. De Badelen, former druggist of Sylacauga, Ala., against twenty-two residents of that place, for personal injuries received in a flooding there on April 19 of last year.

Fleming Quits Ball Club

BAND AND ENTERTAINERS GO ON BASEBALL BOOSTER TRIP

Ranger boosters start tomorrow morning on a trip to the east and north for the purpose of advertising the opening of the West Texas league season here next Thursday. With the aid of neighboring towns, it is believed that the oil field representative stands a fine chance for the loving cup given each year to the town with the largest opening day attendance.

A twenty-three piece band will go along and in addition "Chick" Hannan and Florence Hughes, rodeo experts of national fame, will entertain the populace of the various places visited. They will advertise the riding and fancy roping exhibition which will be given here Sunday for the benefit of the ball club. A large crowd is expected to be attracted here on that date.

The road is open for all who want to go, and boosters who can make the trip in person are asked to go along and get acquainted with their neighbors. The first stop is THURBER!

PERILS AND PLEASURES OF FAR NORTH LIFE TOLD BY DR. COOK

Dr. Frederick A. Cook, whose contests with Admiral Peary for north pole discovery honors is said to have never been definitely settled by scientific bodies of the world, last night in his address at the First Baptist church added two other names to the list of north pole discoverers. They were those of his two Eskimo companions on the long trek over the shifting ice of the polar sea to the pole and the fourteen months' journey back to the first outpost of civilization.

Dr. Cook pronounced the names but did not spell them. "These men," he said, "are entitled to as much credit as I am."

Sandwiching his tale of the hazardous journey to the polar regions with intimate accounts of Eskimo life and the loyalty of the people, Dr. Cook time and again paid a high tribute to the sagacity, intelligence and loyalty of the dwellers of the Arctic and removed any dryness from his lecture by numerous amusing incidents, even turning at times the suffering of himself and his companions into laughs.

Upholds Claim. Toward the end of his address, he touched briefly on his bitter experience when the claims of Admiral Peary were accepted over his own. He briefly stated that the navy department in 1914 had thrown out a number of Peary's claims and that many of his own had been accepted in latter years by scientific bodies.

High intelligence is required to survive in the Far North, Dr. Cook said in telling of the life of the Eskimos. He described the education of Eskimo boys, who are taught from babyhood by their fathers and grow up with a dog team of half-wolf puppies. The existence of these boys, he said, depends above all else on their ability to kill a bear, and a bear must be killed with a knife by each young man before he can get a wife. The girls receive an education from their mothers in preparation of the skins and home drudgery.

Despite all this, the explorer pointed out, the Eskimos think they live in the best part of the world and feel genuine pity for the grass eaters of the lower latitudes. Deformed boys are not allowed to live, he said.

Mid-Oven Business. "The only law of the Eskimos is for each to attend strictly to his own business and respect the property of others," Cook said.

OIL ON GRAPE JUICE

MIAMI, Fla., April 12.—Florida politics today calmed down, following the announcement late yesterday by W. J. Bryan that he would not seek election to the senate from this state.

SHORT WEIGHTS CHARGED AGAINST MILLING COMPANIES

ABILENE, April 12.—A total of 185 cases were filed here today in justice court by the state inspector of weights and measures charging ten milling companies over the state with giving short weights in flour. The cases against each company range from eight to twenty-six.

Fans Called to Meet Tonight to Elect New President; Health Bad.

Ranger baseball fans will meet tonight at 8:30 at the Chamber of Commerce to elect a new president to succeed W. R. Fleming, who last night tendered his resignation to the directors, stating that ill health would prevent him giving the club the attention it deserved, and also his having been elected league vice president would interfere with his duties as president of the local club.

The board accepted Mr. Fleming's resignation with regret, after he had explained the necessity for it being accepted, and gave him a vote of thanks for his efforts in behalf of the club. It was the unanimous feeling that without his efforts, Ranger would have been without a franchise this year.

No action was taken as to choosing Mr. Fleming's successor, as it was thought, since the club is a community enterprise, all supporters should have a voice in selecting the man who will direct its activities, and for this reason, the meeting is called for tonight. All persons interested in the success of the baseball club are asked to be present.

Plans were approved for a joint exhibition of baseball and fancy roping and riding at the ball park Sunday afternoon. An effort was made to bring the Allene team here for an exhibition game, but the Eagles were booked up on that day so the Nitros will wage a seven-inning combat with the Prairie Pipe Line team. After the game, Chick Hannan of Montana, Florence Hughes, and Sharty Ricker of Ranger, famed performers with horse and lariat at all the big shows, will exhibit their skill. Hannan will ride "Midnight," and Mr. Hughes "Two-Step," both the property of "Red" Kelly, and both fancy jumpers. Chief Reynolds and Mrs. Hughes will do some trick riding and there will be other events along this line.

Bob Hansford, who made the concessions private, and Raymond Teal announced that he would spend some time in California this summer and could not handle it. The price will be the same, \$600.

GOMPERS JOINS CHICAGO LABOR IN WAGE FIGHT

CHICAGO, April 12.—Samuel Gompers today joined labor leaders in the fight on the wage awards made by Judge Landis in the building trades industry. Branding the award as unjust, the president of the American Federation of Labor counseled Chicago labor leaders to raise at least \$2,000,000 to fight the open shop, which he said was an outgrowth of Landis' decision. The war fund suggested by Gompers was to match the sum raised by the citizens' committee to enforce the Landis award.

METHODIST WOMEN CONVENE AT CISCO

CISCO, April 12.—An appeal for a course of Bible study in the public schools was made here yesterday before the convention of the Women's Missionary Society of the Central Methodist conference, by Mrs. W. W. Potter of Waxahachie. The work of the Sunday schools of all denominations must be supplemented, Mrs. Potter said. School children in Waxahachie, she said, are already studying along these lines and gather at the various churches each Friday morning for an hour's study before going to the various public schools.

BRIDGEPORT PRESIDENT SPENDING WEEK HERE

J. A. Woods, president of the Bridgeport Machine company, is in the city. Mr. Woods arrived here several days ago from Fort Worth after an inspection of the company plant there, and spent yesterday in Breckenridge. He will visit other branches before returning to headquarters in Augusta, Kan.

TRAIN PLUNGES IN LAKE; THREE OF CREW KILLED

NEWBURY, N. H., April 12.—Three men were killed when a Boston & Maine train plunged into Lake Sunapee early today, according to meager reports received here. The dead are the engineer, fireman and head brakeman.

RANGER STATE BUYS OLD F. & M. BUILDING

M. R. Newnham Is President and J. M. Dodson Cashier; Capital \$75,000; Charter to Be Here Tomorrow.

A second strong bank for Ranger became a reality today with the announcement of the opening on Saturday of the new Ranger State bank, by M. R. Newnham, president. The new bank, which has been in the process of organization for the last few weeks, will be headed and controlled by Ranger men and has a directorate composed of substantial business men, representing practically all of the varied interests in Ranger. The bank will be operated on conservative lines, it is announced, and the policy of the new institution will be to look after the interests of Ranger. A loan committee is to be elected by the board of directors, which with the management will pass on all loans.

The Ranger State bank is capitalized at \$75,000 and will be located in the former F. & M. bank building, which has been purchased from the state banking department for \$25,000, the purchase including the lot, building and fixtures.

Officers and Directors. The officers elected so far are M. R. Newnham, president, and J. M. Dodson, former state liquidating agent, cashier. Other officers are to be elected later. The directorate includes: M. H. Hagaman, refinery and water; J. M. Gholson, oil and real estate; J. M. White, dry goods merchant; S. W. Bobo, hardware and land owner; J. M. Dodson, banker; E. H. Mills, groceries; Sam Sibley, vice president of the Southwest National bank of Dallas; W. S. Pearson, lawyer; Saunders Gregg, contractor; Hall Walker, oil and real estate; Dr. Britton, vice president of the Texas Pacific Coal & Oil company; Ed Maher, automobiles; M. R. Newnham, automobiles and real estate.

A charter for the bank, granted yesterday, will be brought here today or tomorrow by an agent of the state banking department.

SKULL CRACKED AFTER THROWING BOILING WATER

Breck Youth Held for Assault on Teamster at Cisco; Is Burned.

EASTLAND, April 12.—Charged with assault to murder H. C. (Dutch) Hoffman, who was found lying unconscious on a vacant lot at Cisco Tuesday morning with his skull fractured, John Velma Colvett, 18-year-old teamster, was arrested Tuesday afternoon at the home of his father in Breckenridge and is being brought to the county jail here. According to a statement made to a newspaperman in Cisco, Colvett claims that he struck Hoffman in the head with a scalding water on him. He exhibited scalded portions of his head and neck to prove his contention. Hoffman is in the Humboldt hospital unconscious and is not expected to live.

He was found lying in a vacant lot Tuesday morning by a foreman for Hughes-Walker, teaming contractors, by whom both of the men were employed. After summoning physicians, the foreman and other teamsters, engaged in hauling from Breckenridge to Pioneer, left on their trip to the latter place and no statements have been obtained from them.

According to Colvett, the teamsters made camp on the vacant lot at Cisco Monday night and before leaving Tuesday morning the foreman ordered Colvett to clean a skillet. Hoffman, he states, ordered him not to obey the foreman and threw scalding water on him when he attempted to carry out the foreman's order.

DELINQUENT TAXPAYERS GET NAME IN PAPER

The 10 per cent penalty required by law on delinquent taxes will go into effect on all taxes not paid by Saturday without fail, City Tax Collector Ringold repeated this morning. The penalty was to have become effective Feb. 1, but because of the local conditions, city tax payers were allowed additional time. A clean sweep will be made this year of all delinquent taxes, including those of 1919, 1920 and 1921, it is announced. The delinquent tax list has been completed, but those who pay their taxes before it is published will be scratched off the list. The list will be ready for publication and will be turned over to the city clerk during the first part of next week.

MEDICAL MEN'S NEXT MEETING AT WICHITA FALLS

Wichita Falls was selected for the next semi-annual convention of the Northwestern Medical Association of Texas at the one-day session here yesterday. The annual election of officers of the organization will be held at that time. One of the features of the convention was the medical address of Dr. Frederick A. Cook on "The Coming of the Eskimo Stork," in which the polar explorer presented an interesting account of family life in the Arctic circle. Fifty or more members from over the northwestern part of the state were in attendance. Following a business session they were entertained with a banquet by the Ranger physicians and surgeons.

The Rev. A. N. Stubblebine opened the meeting with a prayer, which was followed by an address of welcome from J. E. T. Peters of the Chamber of Commerce and responded to by Dr. J. H. Eastland of Mineral Wells. Papers read before the meeting included: "Acidosis," Dr. Jack Perkins, Dallas; "Syphilis and Its Diagnosis from Laboratory Standpoint," Dr. T. C. Terrell, Fort Worth; "Typhoid in Children," Dr. L. E. McAdon, Ranger; "Protozoa of the Intestines," Dr. J. H. Eastland, Mineral Wells; "Eye, Ear, Nose and Throat Surgery," Dr. L. F. Stripling of Wichita Falls; "Neglected Eye Cases," Dr. P. R. Mims, Weatherford; "Squint," Dr. D. Bettison, Dallas; "Asthma, Fever, Nasal Hydronea and Neurotic Oedema; A Partial History as to Etiology," Dr. C. B. Williams, Mineral Wells.

Surgical Section. "The Reason for High Voltage Rays in Carcinoma of the Cervix," Dr. R. H. Millwee, Dallas; "What the Public Should Know About Skin Cancer," Dr. J. M. Martin, Dallas; "Otorhinolaryngology," Dr. T. L. Bloom, Weatherford.

MACK HARRIS SENTENCE IS AFFIRMED AT AUSTIN

AUSTIN, April 12.—The one-year sentence of Mack Harris, convicted of murder in Eastland, was affirmed today by the state court of appeals. The court reversed the conviction of Tommie Harris, who was sentenced to life in prison for the same crime. Harris was sentenced to life in prison for the same crime. Harris was sentenced to life in prison for the same crime.

RANGER'S LEAD IN POLL TAXES CUT BY CHECK

Special to the Times.
 EASTLAND, April 12.—Although a complete checkup shows Ranger failed in the attempt to exceed Eastland and Cisco combined in the number of poll taxes issued in January, the city is shown to retain a decided lead over either town, it was announced this morning by officers engaged in checking up the poll taxes paid over the county.

A first check of the receipts issued show Ranger residents with 2,067, Eastland 1,665 and Cisco 1,501. Ranger has 200 exemption certificates, while very few were issued in either Eastland or Cisco. A recheck will be made to insure absolute accuracy.

Although the tax receipts and exemption certificates gives Ranger a total of 2,267 qualified voters, it is explained that, under the law, in towns the size of Eastland and Cisco, voters exempt from the payment of poll taxes may vote without exemption certificates as they are presumed to be known to election judges. Under these circumstances both the Eastland and Cisco vote is expected to be materially increased.

FLOOD WATERS IN TEXAS RIVERS ARE RECEDING

By United Press.
 HOUSTON, April 12.—Flood danger along the larger rivers of Texas are believed ended today with reports that the waters are stationary or receding. Further damages are not expected, according to reports to the local weather bureau. The Sabine is at its peak at Orange and is falling in the upper basin, a report said.

GOVERNOR CAN REVOKE CONDITIONAL PARDONS, APPEALS COURT RULES

By Associated Press.
 AUSTIN, April 12.—Authority of the governor to revoke conditional pardons when it is made known to him that the provisions therein have been violated was upheld by the court of criminal appeals today in the case of ex parte A. L. Frazier of Erath county.

The court of appeals today upheld the decision of the district court and ordered Frazier returned to the penitentiary.

HUMAN EXHIBITS USED IN R. R. WAGE BATTLE

CHICAGO, April 12.—Human exhibits to prove that the maintenance of way employees of the railroads do not receive a living wage, were introduced today at the hearing of the United States railway labor board on the application of the roads for a wage decrease.

Frank P. Walsh, attorney for the union, called to the stand a number of employees who testified that they were underfed as the result of the wages paid and in many instances lacked the actual necessities of life.

MAN ACCUSED BY DALLAS REPORTER GIVES BOND

DALLAS, April 12.—W. I. Blanchard, charged with carrying a pistol and impersonating an officer, in two complaints filed yesterday in the county court, gave bond of \$500 in each case.

The complaints were filed by W. W. Ferguson, reporter for a local evening newspaper, and alleged Blanchard ordered Ferguson off the Fair grounds, near the coliseum, where a meeting of the Dallas Klan, of the Ku Klux Klan, was being held Saturday night. Blanchard asserted he was an officer, it was alleged.

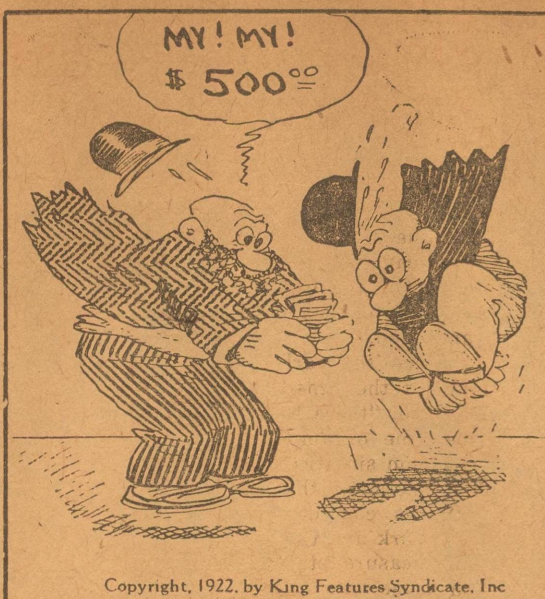

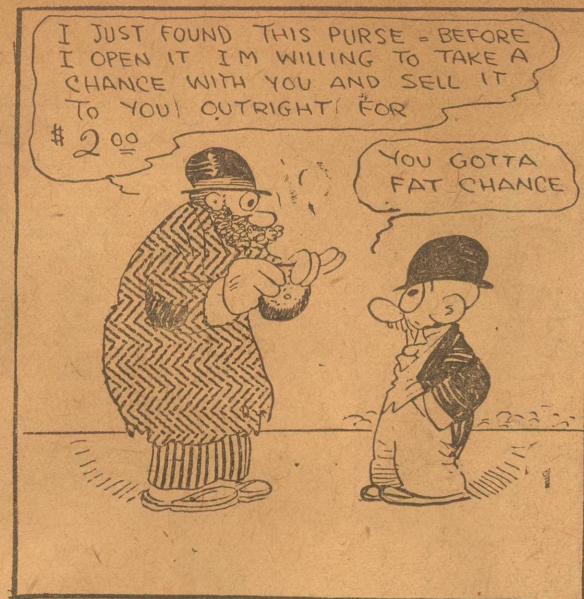

Men of title in England are fast to the movies. Among the to become motion picture actors are Lady Diana Cooper, daughter of the Duke of Rutland; Lois, daughter of Lady Arlington; Pippa Wyndham, daughter of the Duke of Devonshire, and Lady Eden.

BOY SNATCHES MASK FROM KU KLUX; WARNED

MARSHALL, Texas, April 12.—Merritt Gibson, school boy who tore a mask from the face of one of three men said to have been wearing the costume of the Ku Klux Klan Saturday night, yesterday said he is not worrying over a message received stating that he had committed an unpardonable sin against the "invisible empire" and that he would "hear from the Ku Klux Klan later."

Saturday night at the Central schoolhouse, situated in the western part of the county, the question was debated, "Resolved, That the Ku Klux Klan should be disbanded." Just as the boys finished debating and were awaiting the decision, three masked persons marched up the aisle of the schoolhouse.

Gibson, one of the debaters against the Klan, tore the mask from one of the men. The man was not recognized.

Hurriedly, the three men left and joined about forty other white robed figures waiting in automobiles. Members of the party asked the name of the young man who had done the unmasking and departed.

BRIDGEPORT COAL MINES MAY REOPEN

FORT WORTH, April 12.—Texas union coal miners and operators resumed their deliberations early today in an effort to reach an agreement whereby the coal mines at Bridgeport could be opened for filling public utility contracts. President Wilkinson of the mine workers declared that the wage scale proposals would be studied closely today in the hope of ending the strike in so far as the 300 miners at Bridgeport are concerned.

AT BAUM'S BOOTERIE

Our Mr. Baum has just returned from the Eastern markets, where he purchased several thousand pairs of shoes, consisting of ladies', men's and children's season's latest up-to-the-minute shoes,—styles and class that are shown on Fifth avenue today. Some of these shoes were made up for concerns whom the factories did not feel justified in shipping, as they could not take care of their obligations. Our Mr. Baum bought these at a special reduction. Some of these are broken lots of stock carried on the factories' floor. These shoes are too numerous to mention and we will only give a few items for an example.

Big League Season Under Way

GIANTS PICKED TO REPEAT, BUT YANKS LOOK BAD

Both St. Louis Teams Figured Well Up in the Running This Year.

NEW YORK, April 12.—The major league baseball season opens today, with the following schedules:

National League.
Boston at Philadelphia.
Brooklyn at New York.
Pittsburgh at St. Louis.
Chicago at Cincinnati.

American League.
St. Louis at Chicago.
Detroit at Cleveland.
Philadelphia at Boston.
New York at Washington.

The dopesters are picking the New York Giants to repeat as winners this year, with the ball lapping St. Louis Cardinals having the best chance to top them and Pittsburgh conceded to be in the running.

National leaguers and newspaper critics do not concede much to the other three National league clubs. The Phils even with a slight improvement look hopeless. Killifer and Moran at Chicago and Cincinnati have new and untried combinations.

In the American league, the Yanks are not regarded as favorites. The suspension of Ruth and Meusel and the lack of good pitching is expected to get them off to a bad start.

The St. Louis Browns are believed to have a fine chance for the pennant with the hitting club of last year which finished in third place. Fohl is standing pat on his last year's team. Lack of pitching is expected to handicap the Cleveland Indians as well as the Yanks.

Washington is another club that is looked to finish well, if the pitchers come through. This seems to be the big problem all over the Johnson by-ways. The old days of American league pitching supremacy are over. The Griffen are an example.

The Frazee trades incline the guessers to rate the Red Sox less highly than they deserve. Duffy will have a real fine hitting club, and if nobody else gets pitching, there is no reason why Boston shouldn't show well, too.

The White Sox, the Mackmen and Detroit are the dark horses.

PITCHER'S 'STRATEGY' LOSES NO-HIT GAME

SAN MARCOS, Texas, April 12.—Kallena, pitching for the Southwest Texas normal here yesterday afternoon pitched a no-hit game against the San Marcos Baptist academy but lost the game, 1 to 0. In the fifth inning, Kallena purposely passed the opposing pitcher, Allen, in order to tire him out on the bases. The next man up hit one through the infield, which the outfielder fumbled and allowed Allen to score from first. Kallena struck out fourteen batters and Allen fanned thirteen.

MORAN MAY CANCEL DEAL FOR BOSTONIAN

BOSTON, April 12.—Cancellation of the trade by which Cincinnati gave to the Braves Pitcher Rube Marquard and Shortstop Larry Kopf in exchange for Pitcher John Scott is said to be under consideration by Owner Herrmann and Manager Moran of the Reds. The fact that Scott's pitching arm has been bad all spring has caused the Reds to question whether the Braves management knew his condition when the trade was made.

The Red management is reported to be gathering facts for submission to Commissioner Landis. Scott has been questioned. He is reported to have said that his arm troubled him slightly in one game toward the close of last season, and that he had to abandon a barnstorming trip because of it.

CARDINALS RELEASE FOUR.

ST. LOUIS, April 12.—Branch Rickey, manager of the St. Louis Cardinals, today announced the release of four players to minor league teams. Earl Adams, short stop, was sent to the Wichita Falls, Texas league club; Pitcher Adolph Pierrotti went to Galveston, Irwin Wimer, infielder, was released to the Syracuse club of the International league, and Herbert Hunter, infielder, was released unconditionally.

COLUMBUS TEAM KEEPS MANY WHO TRAINED HERE

By Associated Press.

COLUMBUS, O., April 12.—With only a few changes in the personnel of the Columbus club, Manager Clarence Rowland, believes he has a team which will land in the first division and possibly be a pennant contender, in the race which opens today, especially if he is able to land one more reliable hitter. Last season the Senators were last in hitting, last in fielding and with only one dependable hurler, finished last in the race.

Dave Danforth, the association's leading pitcher last season, is gone but in place of him the Senators have received from the St. Louis Browns eight players who are expected to pull the club out of the cellar this year. Despite Danforth's absence the club looks strong on the mound, with Lowdermilk, Burwell, Sanders and Palmero, all new comers figured as fixtures and with Northrop, a hold-over also assured of a job. Snyder, last year with Toronto, and Edleman, a young southpaw from Wyoming, may also be retained.

Inner Works Are Vets.

Hartley and Wilson, catchers of last year are again with the club which has in addition Catcher Lees, last year with the Chicago White Sox. Burrus will again be at first and Gleason at second. Shortstop Pechous has not yet joined the club as he is attending a Chicago medical college. In his absence, Lee, acquired from the Browns, has been doing some great fielding, but is not figured as a strong hitter. Ike Davis, last year with Toronto, will succeed Swetonic at third base and in this regard the club seems much stronger.

All of last year's outfielders with the exception of Charley High are again available. Eddie Murphy is regarded as the only fixture in the outfield, although Taggart who has been with the team for several seasons is making a strong bid for a regular berth. Todd, from the St. Louis Browns, has been doing some great hitting, while Collins, who was with Milwaukee two years ago, also looks good. It is thought that the team has improved in pitching, that it may show a slight improvement in fielding while the hitting strength is about the same as a year ago.

BAN EXPECTS INDIANS TO GIVE YANKS BATTLE

By Associated Press.

CHICAGO, April 12.—A prediction that the race for the pennant in the American league this season would be one of the best in years is made by B. E. Johnson, president of the organization.

"Since the early expansion movement of the American league," Johnson said, "there have been few years when the organization approached a champion situation with so many real contenders for the flag."

"It is conceded everywhere that New York and Cleveland teams again will measure strength for the prize and those who have followed closely the much improved St. Louis Browns and Washington Senators are firm in the declaration both clubs will prove worthy opponents of the leaders in last year's race."

"The Detroit club is a problem with its new factors, and may challenge the respect and fear of the teams in the first flight."

"Boston, with its batting strength, will prove no mean opponent, and it can be safely asserted the Chicago White Sox and the Philadelphia Athletics have been measurably bettered."

BRITISH PRINCE IS DUE AT TOKIO TODAY

By Associated Press.

TOKIO, April 12.—Tokio, with its cherry trees in full bloom is applying the finishing touches to its festive attire, preparing to welcome Edward, Prince of Wales, who is due today for a week's visit to the capitol and a tour of Japan until May 9 as guest of the Japanese nation.

When the battleship Renown steams into Yokohama with its royal passenger, one of the most eager of the throng of welcome will be Prince Hirohito, regent of Japan, whose visit to London last year brought about the exchange of courtesies culminating in Prince Edward's visit to the Orient.

The seven days the British royal visitor will spend in Tokio will be absorbed largely by court and official visits, as well as by numerous state banquets. There will be short periods, however, in which the prince may see the interesting sights of the city. The program has been planned in such a way that it will allow the visitor to see as much as possible of the ancient customs of Old Japan.

BAMBINO'S PAY SPREADS FAME INTO FRANCE

By Associated Press.

PARIS, April 12.—The fame of the great Babe Ruth has at last crossed the ocean and French publications have recently been filled with the narrative of the superslugger's exploits.

He of the 59 home runs is not being exalted in France for the number of fences he has driven the ball over but the dent he has made in the bankroll of the club owners.

"The swing of his bat is terrible but the swish of his pen is deadlier," says the staid Avenir, referring to the signing of the reported "\$500,000 for Five Years' Contract."

"The virtuoso of the homerun is also an ace in the business end of it," the Paris Midi comments.

"Five hundred dollars each time for hitting a baseball half as far as I could hit a golf ball," laments an anonymous writer in the Paris Sport.

"Besides the money which he gathers from baseball, 'le gros Bebe Ruth' also earns enough on the stage to keep several families in affluence," says Comoedia, a theatrical paper.

Babe Ruth might have gone on forever knocking the covers off baseballs, doffing his cap in a bored way each time he reached the home plate after a circuit trip of the diamond, yet he would have never been heard of in France, had he not signed for the reported sum of \$100,000 a year.

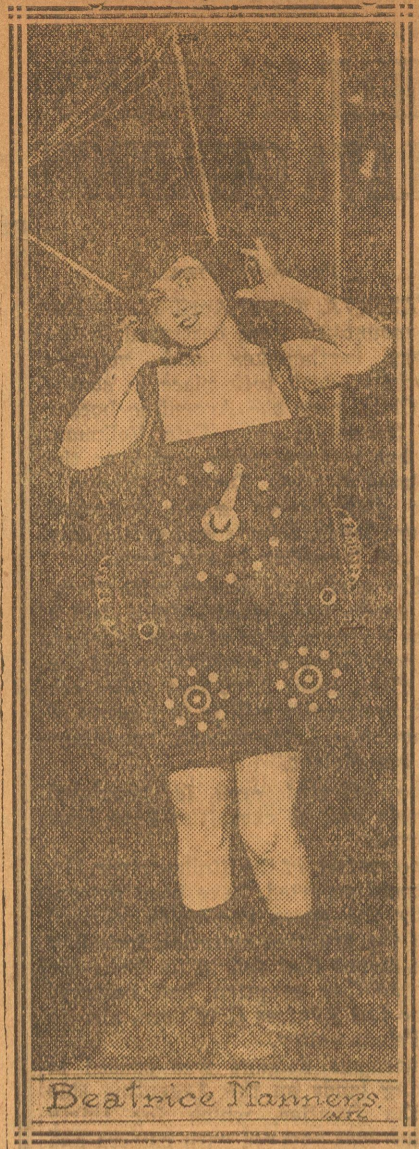

EXTENSION IN YOUNG

WICHITA FALLS, April 12.—An extension of over a mile to the south of the new pool opened up two weeks ago by the wildcat well of the Ralco Oil company, located on the Roark tract in southern part of Young county, was indicated yesterday when the No. 1 Carmack of the Gulf Production company struck a lime formation at 3,780 feet and was drilled in several feet. The test made a strong showing of oil and it is believed that a good producer will be obtained when shot or drilled deeper. Completion awaits the arrival of storage tanks on the lease.

The Ralco company well was brought in from a 3,750-foot line and showed a flush production of 1,500 barrels and is still producing around 1,000 barrels daily. The Gulf well is located just north of the Stephens county line.

THOSE AWNINGS.

If Ranger is not a center of attraction for oil field folk this summer, it will be Ranger's own fault. Its 'swimmin' lakes' will be full of water; it will have the only league baseball team in this section; it will have band concerts, and other attractions in the amusement line.

Now all these things are an asset to a city; but at the same time, other improvements should keep pace with them.

Main street, for instance: How much better would it look if all the old-style wooden awnings were removed and a light-colored material installed? Other cities have removed them. Why not Ranger?

Later, could come a white way with ornamental posts and everything. But for a time, with the awnings out of the way, an effective and at the same time economical lighting system could be devised, merely by putting high power globes in front of the entrances.

Notice the effect achieved by merchants who have already inaugurated this system, and see what the effect would be if all adopted it.

Lights bring people to town. People in town mean trade. Why not push a movement that pays in money as well as gives that sense of achievement and progress that is vital to civic morale?

KANSAS CLAIMS TO HAVE OLDEST TWINS

By Associated Press.

LEAVENWORTH, Kan., April 12.—Friends of James and Joel Cheatwood, twins who celebrated their nineteenth birthday anniversary last Oct. 11 on the farm of the former near here, are prone to dispute the claim of the Woodville, O., twins, William H. Sr., and Henry Bruns to the title of "oldest living twins in the United States," at the age of 88.

The recipe for long life of the Kansas twins is similar to that of the Ohioans—"work." Each of the Cheatwood twins owns a farm and works on it daily, still being able to keep pace with a farm worker "three-score and ten" years their junior. Pleas of relatives for the twins to retire, always have provoked a protest: "Our chief enjoyment in life is working on our farms. If we hadn't kept busy all these years we probably would have died long ago."

EVEN MOUNTAINS MELT IN CHILE'S LAVA CAULDRON

By Associated Press.

VALLIVA, Chile, April 12.—Entire mountains were destroyed in the violent earthquakes and volcanic eruptions which took place in southern Chile, near the Argentine border last December, says Eric Volkman, who has returned from a visit to the desolated district. Details of the volcanic disturbances which destroyed pasture lands, forests and cattle only now are becoming known here.

"The surface is strewn with flaming gases and steam, from which arises a strong odor of wood vinegar. The rocks have no consistency and the lava field, about 3,100 feet above sea level, apparently still is in process of formation. Subterranean rumblings still are violent.

The affected area is populated sparsely and no casualties have been reported.

The waters of the Rinhue river, Mr. Volkman reported, have been poisoned by the gases and acids derived from the eruptive material, including huge stones that fell in its bed. He said another eruption had occurred in the Los Azufres Cordillera, also in the Pelada valley.

Enormous damage was caused to grazing lands on the Argentine side of the frontier, which for thirty leagues was covered with cinders and volcanic ashes from the erupting peaks, which swept across Argentina, obscuring the sun. Ashes were reported to have fallen all the way across the Atlantic ocean.

OKLAHOMA'S CHAMPION ESCAPER IS OUT AGAIN

McALESTER, Okla., April 12.—John Weems made another escape from the state penitentiary Monday night. He was accompanied by Ace Yarber, a fellow convict. The prisoners were allowed to attend services in the Catholic chapel on the second floor of the main building and the two men managed to elude the guards. It is supposed that they secreted themselves and during the night escaped by sawing through the bars of the front window in the Bertillon room from which they descended the outside wall.

Weems escaped from the prison several months ago by jumping in a passing taxicab and forcing the driver at the point of a gun to take him to Checotah. Soon afterwards he was captured at Fort Cobb.

He next escaped jail at Anadarko. Weems' last sentence was for thirty-three years for robbery of the Fort Cobb bank. No trace of the men had been found at noon Tuesday.

TWO MORE SOLDIERS TO DIE FROM BURNS OF FLAMING FIREWORKS

By Associated Press.
 SAN ANTONIO, April 12.—Two more soldiers are at the point of death as a result of the explosion of pyrotechnics at Camp Bullis Monday night, which has already claimed four men of the Seventeenth infantry. The men for whom no hope is held out are George Russian of Orange and Antonio Duarte of New Bedford, Mass. All other injured are improving and will get well.

Standing out above all the rest in the holocaust is the story of Private John A. Benner of Company B, Seventeenth infantry. He was in direct command of the soldiers in the pit, who were sending up flares and rockets to light the way for an advance of "attacking infantry."

Rim of Fire Around Pit.
 A rocket backfired and ignited scores of others which lined the walls of the pit, which was ten feet deep, ten feet wide and probably 100 feet in length. Creosote lining of the edgings of the pit, placed there for the protection of the trench from the ele-

which made the field of attack as light as day.

At the conclusion of the attack and without warning General Smith and the reserve officers saw a black cloud of smoke belch forth from the pit below them, followed by a spout of white flames that shot skyward. In an instant all was confusion. The shrieks of the doomed men and the agonizing cries of the burning reached their ears.

Scores of rockets and targets sent blue-white streaks of flame zig-zagging in every direction. A creosote line protecting the edge of the pit was ignited in an instant and added to the horror and the futility of hope of escape.

A Trench of Death.
 Down on the field the maneuvering infantrymen dropped their arms and rushed to the edge of the trench of death. Emerging with flaming clothing and blinded eyes, the first of the rescued were carried to points of safety.

None of the injured was able to talk and the story of what actually happened in the pit came in short and halting reports from the uninjured. The shock made them speechless.

A faulty rocket, some said, backfired, igniting the other rockets standing and lying on the sides of the pit.

BOARD PROBES EXPLOSION.
By United Press.
 SAN ANTONIO, April 12.—The army board of inquiry probing the Monday night explosion at Camp Bullis, which so far has cost four lives with nine others injured, will make a report to Brigadier General W. R. Smith tomorrow.

Careful inquiry is being made into why so great a pyrotechnic dump was allowed within the firing radius of rockets and night flares. The body of John Benner, soldier hero, who twice rushed the wall of fire to save comrades, will be shipped to his B-

BRITAIN READY FOR REFUNDING OF DEBT

By United Press.
 WASHINGTON, April 12.—Great Britain has informed the state department that she is ready to begin immediate negotiations looking toward the re-funding of the \$11,000,000 debt to the United States, it was learned officially today. The other debtor nations will not cause any delay in the negotiations. Assurances to this effect have been received from France, Belgium and Italy, it was said.

CRAZED STEER INJURIES SIX IN LINCOLN, NEB.

LINCOLN, Neb., April 12.—At least six persons were injured, one believed seriously, and several others scratched and bruised when an enraged steer, breaking away from the slaughtering pen of the Lincoln Packing company, broke through a stockade, eluded the yardmen who tried to intercept the animal and charged into the business section of the city, scattering pedestrians and causing motor vehicle drivers to abandon their

cars and seek safety in downtown stores.

The animal, galloping and charging over fourteen blocks of the city's main thoroughfares, turned into the residential section and cavorted over two miles of streets and property before it was shot dead by police, nearly three miles distant from the packing house. Packing house officials attributed the steer's frenzy to the smell of blood.

CANDIDATES OF CHICAGO MAYOR LOSE ELECTION

Thompson Handed First Defeat in Many Years; Woman Nominated for Congress.

By United Press.
CHICAGO, April 12.—Mayor William Hale Thompson's candidates for the most important offices were defeated yesterday, incomplete returns today indicated. The Republican faction opposing Thompson and headed by Attorney General Edward Brundage and State's Attorney Crowe was successful in nominating its candidates to many offices. The regular Democratic ticket endorsed by William Brennan was nominated. This is the first defeat for the Thompson forces since his election ten years ago. Mrs. Winifred Mason Huck, daughter of the late Congressman William Mason, who died recently, appeared as winner of the nomination to take her father's place in Washington.

WAR DEPARTMENT SALES DENOUNCED IN CONGRESS

By Associated Press.
WASHINGTON, April 12.—Charges that the war department has sold property and is today "selling property at ridiculously and criminally low prices to favored customers, concealing from congress and deliberately misrepresenting the facts," were made in the house Tuesday by Representative Johnson, Republican, of South Dakota. "As proof of the fact that the war department is misrepresenting the facts to congress," Mr. Johnson charged that a report by Secretary Weeks relative to sale of property, transmitted to the house last December, was "the most fraudulent, misleading and criminally deceitful document that was ever submitted to the American congress." Mr. Johnson declared the evidence he had obtained showed that the war department "is trying to control the department of justice by putting men who ought to be in the penitentiary on the department of justice pay roll and asking congress to appropriate for it."

'PORK BARREL' TOWNS FIGHT SMALLER NAVY

By United Press.
WASHINGTON, April 12.—Navy yard influence is at work trying to defeat the navy bill with its 67,000 men provision, Representative Kelley, in charge of the measure, said today. Confident of passage with the reduced figure, Kelley claimed that whatever inroads are made by the "big navy" men will be caused by this influence. "The Philadelphia navy yard, the Boston navy yard, the Charleston navy yard and so on around the coast to the Pacific are clamoring to defeat the bill," Kelley said, "regardless of the benefits to the country as a whole."

FORDNEY STANDS FIRM FOR AMERICAN VALUATION

WASHINGTON, April 12.—The declaration by Chairman Fordney of the house ways and means committee that the house would never yield on the American valuation has revived discussion of the tariff at the capitol, with opponents and proponents estimating their probable strength when the bill gets to conference. Fordney is of the opinion that the conference will accept the American valuation, but Senator Smoot of Utah, ranking Republican on the senate finance committee, has not agreed to this view. As the situation now stands, it would appear that the conference will stand 7 to 3 against prohibition of imports.

Easter Millinery

If there is anything more important to your Easter costume than your Easter Bonnet, one wonders what. The many new creations fresh from Millinerydom this Spring makes this a costume need most easy to meet and with no small amount of distinction, either. Of great attractiveness are the extremely smart turbans of the very fashionable straw cloths, tangal, timbo and haircloth. Flowers, feathers and quills lend a captivating air to many clever Hats while applied or embroidered motifs in bright colors trim the new ones for sports wear. Quite a few new ones were received during the past day of two; choose your Easter Hat now while the selection is complete. Prices range from \$4.50 to \$7.50.

Crepe Frocks for Easter Have Peasant and Paisley Trimmings

The Crepe Frock has a large prestige for Easter wear; Peasant and Paisley touches of trimmings make especially smart models in Canton Crepe, Georgette and heavy Crepe de Chine. Uneven hemlines, bateau necklines and often sleeves of contrasting color or Paisley design Georgette are some of the important details and practically every Crepe Frock in the display is embroidered or beaded in beautiful self or contrasting color designs. Navy and black are the leading colors, however several smart styles are shown in periwinkle, sand and other new Spring shades. Prices range from \$19.50 to \$39.50.

Then there are scores of attractive Frocks developed of Taffeta in bouffant styles with quaint basque bodices; some are trimmed with beaded or embroidered designs and others with pleated or ruffled frills. In this group of Taffeta Frocks there are excellent values at \$16.50 and \$28.00 and many, many attractive one are shown at \$30.00.

Easter Gloves

Gloves are a costume detail quite as important as any bigger costume item. Even if convention didn't call for them, the smart, embroidered styles, gauntlet and mousquetaire, designed for Spring are distinctive enough to give them entree to all smart costume ensembles.

Easter Hosiery

When you step out on Easter Morning what of your Hosiery? Of course it will be prominent, but more prominent even than you may think, for the lighter shades: silver, bast, nude, are fashion's preferred, to be worn with black footwear.

'ARMY HOLIDAY' TO BE PROPOSED AT GENOA MEET

By Associated Press.
GENOA, April 12.—George Chitcher, head of the Russian delegation, has asked Foreign Minister Schanzer of Italy, chairman of the principal subcommittee, for exact interpretation of several points in the plan for the restoration of Russia, handed him yesterday. Chitcher desires especially an explanation of that part of the report dealing with the guarantees to be extended to foreigners in Russia.
Lloyd George contemplates suggesting an agreement for limitation of land armament in Europe for a definite period, according to an unverified report. The army holiday, it is thought, will be patterned after

the navy holiday agreed to at the Washington conference.

D'ANNUNZIO TO CONFER WITH RUSSIAN MINISTER

By United Press.
ROME, April 12.—Gabrielle D'Annunzio, Italy's poet-airman, whose dramatic seizure of Fiume made him a national hero, has gone to Pagli, a town in the Italian Riviera near Genoa, the Paeco's Genoa correspondent says. It is declared that D'Annunzio will confer with Chitcher, the Russian foreign minister.

STRIKERS BARRED FROM CITIZENSHIP, CHARGE

WASHINGTON, April 12.—Senator Borah, chairman of the senate labor committee, and other members of the senate will privately investigate the charge of C. P. Fagan of the United Mine Workers that Federal Judge Chas. P. Orr of Pittsburgh, barred men from American citizenship because they were striking coal miners.

DYNAMITE AND BULLETS USED IN MINE STRIKE

By United Press.
CHARLESTON, W. Va., April 12.—Two outbreaks of violence in connection with the national coal strike in the New River field of West Virginia were reported by state police today. Miners from Mount Hope and Oswald were fired upon from the hillside early today and one man was wounded. Four arrests were made by state police.
The home of James Penn, a non-union miner at Sylvia, was blown up by dynamite during the night. No one was injured. A posse with bloodhounds started on the trail of the alleged dynamiters.

The Saturday Before Easter

Like the day before Christmas is an unsatisfactory time to shop, especially for apparel, the selection of which requires much consideration and time on your part, much careful attention on the salesperson's part and large orderly selections from which to choose. The morning hours are the ideal time for shopping as far in advance of Easter as is convenient.

CLEOPATRA'S THRONE OCCUPIED ONCE MORE AFTER 2000 YEARS

Egypt, Freed By England, Has First Independent Ruler in Twenty Centuries; King Faud I. Has Scant Claim to Throne.

LONDON, April 12.—Faud I now is king of Egypt. Great Britain recently ended her protectorate and only a few days ago a proclamation of independence was issued in Cairo. The Egyptians have the right to run their country as they please, so long as the British empire's communications are secured and foreigners and the Sudan protected. And the Egyptians are guaranteed the defense of their land by the nation which, since 1914, has "fathered" them.

Faud is the first independent ruler the land of the Nile has had since the death, almost 2,000 years ago, of Cleopatra. One would like to think that, with his accession to the "throne," the suzerainty that was the vampire queen's had been recovered; one would like to think that the place where the sphinx and the pyramids abide with their mysteries had found a new son of the sun and that he would shed over it something of the spirit that the inimitable lover, as Cleopatra chose to be called, shed over her own Alexandria.

"Successor" a Misnomer. But such thoughts can be only fantastic; Faud is termed "successor" only because a misnomer is applied so easily and with such picturesque effect. Her suzerainty has been defiled by Persian, Turk, Saracen and others for almost twenty centuries. Even now, with the economic and political shackles upon the king, it is still defiled as compared with the freedom which her leadership knew before Octavian entered her kingdom from Rome.

What would Cleopatra's feelings have been if she had known that, after her death, her glorious Egypt was to become an adopted child among the nations of the earth, entered by men in full greed for power and riches, its ideals and its character scattered upon the sands, under the sun in whose rays the Inimitable Lover basked to the great delight of her lovers?

She would have been sad; there is no telling what measures she might have taken to prevent such a catastrophe. She was a sensitive woman; her emotions were well defined; the pride in her power and in her Ptolemaic ancestry was great, even though she was so busy with the business of living that she let the pride take care of itself. But if Cleopatra could have had advance knowledge of the fate of her country, the pride would have been stirred into a glowing fire. Cleopatra Died "Worthy Death." Plutarch relates an incident that

typifies the spirit of Cleopatra, in his "Lives." After the passing of her own Marc Antony and the conquest of Egypt by Octavian, nephew of Julius Caesar, she learned from a young man in Octavian's forces, who turned informant as a tribute to the queen's beauty and her wiles, that she was to be sent out of the country with her children. She made her last oblations to Antony, at his tomb, and wrote a letter to Octavian asking that she be buried with Antony.

Octavian suspected that the queen might commit a rash act, and sent messengers to her quarters. The door broken down, Cleopatra was found on her bed of gold, dead. At her feet was Iris, one of her faithful women. Attempting to adjust the queen's diadem was Charmion, another attendant, who was on the verge of death. One of the messengers, on seeing the sight, asked Charmion:

"Charmion, was this well done?" "Perfectly well, and worthy a descendant of the kings of Egypt."

Her Fault Country Was Lost. While it seems unquestionable that Cleopatra would have been unhappy—madly so—to know that her country was to pass out of her dynastic supervision, yet she was to blame, in part, for its passing out. In the fourteen years that she and Antony were associated they planned for the union of Rome and Egypt.

She was intent, no doubt, in maintaining her sovereign prestige; she wanted to remain a queen. But she wanted to remain the wife also of Antony, with him and her ruling not

her own kingdom, but Rome as well. And that, in part, came to be after her death. Octavian made a Roman protectorate of her land—after Antony died, after she killed herself, the union which she long had struggled for was effected.

It remains only a fantasy to think of Faud as a successor of Cleopatra for another reason, setting aside the facts that there is no dynastic or other direct descendancy. The reason lies in a contrast between the way things were done then and now, Arthur E. P. Brome Weigall, in "The Life and Times of Cleopatra, Queen of Egypt," writes:

Presented Guests With Goblets.

"It would appear that Antony invited Cleopatra to sup with him on the following evening, but the queen seems to have urged him and his suite again to feast with her. . . . When the guests departed, not only did she give to each one the couch upon which he had lain, and the goblets which had been set before him, but she also presented the chief guests with litters, and with slaves to carry them. . . . while for the lesser lights she provided horses adorned with golden trappings, which they were bidden to keep as mementos of the banquet."

Cleopatra entertained the Roman officers at another banquet; and on this occasion she caused the floor of the saloon to be strewn with roses to the depth of nearly two feet, the flowers being held in a solid formation by nets which were spread over them and fastened to the surrounding walls.

In contrast, it may be noted that the other day, when the modern Egypt was declared "free," natives contented themselves with a celebration which consisted of an uprooting of trees and lamp posts, until the police were called.

London society was given quite a shock when it was announced that Lady Clonmel had opened a laundry. The countess now has her establishment in operation and employs many girl workers.

A BARGAIN!

Nobleman Will Marry Any American Girl for a Million—In Advance.

BOSTON, Mass., April 12.—For sale to American girl: One well-educated English nobleman. Title guaranteed. Price \$1,000,000.

This is the essence of a letter received by Mayor James M. Curley from a member of the English nobility, who because his purse has been attacked by wasting disease called "financial reverses," wishes to dispose of himself and title to any American girl who wants to become a baroness. The only condition to the marriage is that the prospective bride must deposit a check for \$1,000,000 in the name of the bridegroom before the ceremony.

The identity of the man who has put himself and his title on the American marriage market, is being kept secret.

Standish Wilcox, the mayor's secretary, who declares the letter is un-

doubtedly genuine, cleared his desk today and awaited the rush of title-hunters.

But, as the saying goes, "times is hard" and no heiress appeared.

GLENRIO, N. M., April 12.—Mrs. Lillian Ivy is under arrest at Tucuman, charged with killing her husband, William Ivy, Sunday at their ranch home, twenty miles from here.

The woman stabbed her husband to

death with a butcher knife on a bed in the Ivy home, according to two ranch hands, who called a doctor for the man when he is said to have staggered to a chair and muttered in a dying breath: "You've about got me this time."

The ranch hands said they went to the Ivy home to deliver some groceries and when they saw the fighting pair, they turned to leave, but at that juncture a bloody butcher knife fell at their feet. They presumed the woman had thrown it through the door. Mrs. Ivy was slightly wounded. The couple were married about two months ago.

MILLIONAIRE TOOK BACK EX-WIFE, BEAT IT DOWN FIRE ESCAPE WHEN CAUGHT WITH HER, WIFE NO. 2 SAYS

NEW YORK, April 12.—The story of a millionaire fleeing down the fire escape of a Riverside Drive apartment, where it is alleged, he had gone to visit his former wife, who divorced him six years ago, was revealed in the supreme court in the complaint in a separation action brought by beautiful young Mrs. Isabel Williams against George T. Williams, president of the Williams Steamship company.

This is the second court action in which Williams appears as a defendant, a suit by William J. Lester, an accountant of Seattle, Wash., for \$100,000 for alleged alienation of the affections of his wife having been filed at White Plains, N. Y., last Wednesday.

According to the story of the young wife, contained in the papers filed Friday, she married Williams in Jersey City in March, 1917. They have one child, three years old.

"Since July 5, 1920, when my husband again returned to Mrs. Lester, his former wife, his cruel and inhuman treatment has been unbearable," says Mrs. Williams in her complaint. "Shortly after our marriage Mr. Williams organized and became president of the steamship company bearing his name. In three years he accumulated \$2,000,000.

"After he came into the possession of this wealth, he in Seattle met Mrs. Lester who had divorced him and they resumed what I deemed at that time (May, 1920) merely friendly relations.

"But I was soon disillusioned on discovering that he induced her to come to New York. She abandoned her husband and has since that time been supported by Mr. Williams. He misconducted himself with her, despite my protests.

"He repeatedly admitted his relations with Mrs. Lester, telling me he did not care what I thought or did about it.

"In December, 1920, he again resumed illicit relations with her under guise of a business trip to California. I traced him to an apartment at 67 Riverside Drive and heard Mrs. Lester conversing with him inside. I demanded to be admitted. After a time the door was opened and I rushed in, only to find that Mr. Williams had escaped down the fire escape."

Williams has not as yet filed an answer.

Lots of peace has been made; but the supply is still short.—Nashville Tennessean.

MILLIONAIRE KILLED IN CHASE OF BANDITS

JAZZ DOWNS ANOTHER!

CHICAGO, April 12.—When a mechanical piano began grinding out a gay tune in a darkened pool room here, neighbors investigated and William Martinson, a 17-year-old negro, was taken into custody. In the boys court he told Judge Jacobs that he attempted to steal the nickels from the piano and accidentally started it. "Another instance of jazz music being responsible for a youth's downfall," commented the judge.

BECK'S BODY TO BE BURIED IN ARLINGTON PLOT TODAY

By Associated Press.
WASHINGTON, April 12.—The body of Lieutenant Colonel Paul W. Beck, assistant commandant of Post field, Fort Sill, Okla., who was killed by former Judge Day of Oklahoma City, will be buried Wednesday afternoon in the Beck family plot at Arlington. The funeral will be with the usual military honors, including the firing of a salute over the grave, but

at the request of Colonel Beck's relatives the military procession which under the arm regulations would follow the caisson to the cemetery, will be dispensed with.

ARBUCKLE CASE TO BE IN JURY'S HANDS TODAY

SAN FRANCISCO, April 12.—After more than four weeks of bitter legal battling, the third manslaughter of Roscoe "Fatty" Arbuckle reached its final stage Tuesday when arguments to the jury were opened.

In closing the state placed Mrs. Catherine Fox and Mrs. Kate Hardeback on the stand for a few minutes. Mrs. Fox emphatically denied that she had ever taken Virginia Rappe to Dr. Charles Barnes for treatment, and Mrs. Hardeback told of Harry Baker's blighted romance with Virginia Rappe.

Arguments opened at 10:45 o'clock with prospects that the case would be in the hands of the jury shortly after noon today.

THE SECRET OF WHY EVA EDWARDS' HUSBAND COULDN'T HOLD JOBS

(Elsie Robinson in the Milwaukee Journal.)

Eva Edwards can't understand why her husband doesn't get ahead. They have been married seven years and, although he's had half a dozen jobs, he isn't earning as much as he was at first.

Never seems to be able to stay long enough in one place to get any advancement. Queer! Young—only 32—healthy, good looking, bright, yet he never "lands." Never seems to take any great interest in things. Goes off grumpy and comes home sulky. "If he's like that down at the office, no wonder they fire him," thinks Eva.

She's gone over and over it, and she simply can't understand. Goodness knows, she tries to do her part. Eva cooks well, keeps the house clean and the clothes mended, doesn't gad around or waste her money or have pool affairs with other men. What more could a woman do? Yet things grow worse all the while. And Eva can't understand.

Now Eva would understand instantly why the tank emptied itself if she left the faucet open, and she'd close the faucet. She'd understand why her sewing machine balked and gritted and broke the thread if it needed oil, and she'd use the oil can. She'd understand why a constant small friction was wearing out her rug, and she would stop the friction. But she can't see that exactly these same processes of waste and irritation are wrecking her husband's life—and with his, her own.

Eva's a good woman. But she has a little habit. She always starts the day with a row. It isn't a big row. It may be over any one of a million trifles. Why didn't Bob mow the lawn last night? When was he going to call on the Wilkines with her—didn't he think she ever needed a little pleasure? Didn't he see how his sister snubbed her at the church social? Why in the world did he always have to use all the hot water for shaving just when she was ready to make coffee? Couldn't he talk to her once in a while instead of reading the paper—she saw little enough of him all day.

Not big rows, just little picky ones. Eva's hardly conscious of them, but they do the work. They start Bob in with his nerves on the raw. He's always a little tired, a little cross, a little below par when he gets down to work. He's always ready to slack a bit through weariness or take offense too easily through peevishness. And the laurels of 1922 are not for the man who's a "little below par."

So Bob doesn't "get ahead"—but Eva can't understand.

GIRL HELD FOR POISONING BABY ENDS OWN LIFE

MARION, Ill., April 12.—Ina Norris, 21 years old, who was under \$5,000 bond on a charge of poisoning her three-months-old baby March 17, committed suicide by plunging head first into a barrel of water.

The girl claimed that the father of the baby had refused to marry her. He is held under \$5,000 bond.

RIDES LOG ACROSS SWOLLEN CREEK TO DO JURY SERVICE

THROCKMORTON, Texas, April 12.—Gus Key, one of the jury venire, had to cross the Clear Fork, which was out of banks and covering the bottom lands, from a half to a mile wide, en route here. He rode a log across the stream rather than go forty miles further around by old Fort Griffin, the nearest bridge. He says he did not think he was taking any chances by riding the log across the swollen stream as he has done it many times in the last thirty years.

MAN ROBBED IN JAIL BY FELLOW PRISONER

DALLAS, April 12.—Even the jails are not safe. At any rate, that is the opinion of H. W. Hancock, arrested and placed in jail Saturday night, who reported to the police today that he had been robbed of \$70. Hancock stated that he had the money concealed and that the officers overlooked it when they searched him. All the prisoners were searched until the money was found on one of them.

MEXICO GRABS VAST ESTATE OF TERRAZAS

MEXICO CITY, April 12.—The expropriation of the estate in Chihuahua of Gen. Luis Terrazas, over which there has been considerable controversy, has been ordered by President Obregon. The estate comprises more than 6,000,000 acres. The president orders the confiscation "commence as soon as possible within the period prescribed by law and for reasons of public utility."

The reasons for the expropriation are said to be because a large part of it is uncultivated land and no effort is being made by the owner to make it productive. It was stated that "the program of the government is to endeavor by every legal means to subdivide large holdings which do not constitute a source of production at present due to the inability of a single owner to bring about its agricultural development."

The confiscation is not to apply to those lands which now are cultivated by Terrazas, but this exception does not include farms tilled by his tenants, as the government contemplates placing the latter in a position to acquire allotments.

JUDGE SETTLES SUIT BY PAYING OFF HIMSELF

SAN FRANCISCO, Cal., April 12.—Judge L. T. Jacks listened until weary of arguments of attorneys and health board inspectors over the payment for removal of waste from the rear of a Mission street market.

"How much will it cost to remove this garbage?" he finally queried wanly.

He was told it would be \$2. He produced two silver dollars and tossed them upon his desk. "Take it and go!" his gesture said, and the case was ended.

NAMING CORSETS FOR PRESIDENTS AROUSES WOMEN

CHICAGO, April 12.—Protest against the use of ad writers and sign painters of the names of great Americans in the advertising of suspenders, insect powder, whiskies, automobiles, pool halls, etc., was voiced today by the United States Daughters in convention here.

"We have Washington coffee, Andrew Jackson hosiery, Molly Pitcher

corsets and a short time ago a murderer here arrested four men and one woman in connection with alleged intimidation of federal witnesses.

"How can a foreigner become a good American when his conception of our national heroes is their connection with some brand of whisky or cigarettes or a pool hall, or sex or suspenders?"

The United States Daughters fear that in another generation children and newcomers will have forgotten all about the real fathers of this country whom they will associate with cold cream, paints, shaving brushes or automobiles.

FIVE ARE CHARGED WITH INTIMIDATING WITNESSES

FORT WORTH, April 12.—Department of justice operatives working

with prohibition enforcement officers here arrested four men and one woman in connection with alleged intimidation of federal witnesses. The arrests are the outgrowth of alleged threats made to witnesses in the case of an alleged liquor law violator arrested Friday night.

It is said by federal authorities that the witnesses were threatened if they did not leave town and remain away.

Why the \$10.90 USCO is better than just a \$10.00 tire

On November 10, 1921, the 30 x 3 1/2 "Usco" was marked to sell for \$10.90.

This odd and closely figured price was the lowest quotation ever made on any tire of known standards.

A genuine pioneering step by the makers of U. S. Tires.

Now comes a lot of different \$10.90 tires being rushed into the market. "Special" tires. "New" treads.

Unfamiliar to look at—with perhaps an atmosphere of having been made to meet the price.

But the "Usco" still occupies a place by itself. A good old

standby on millions of cars for years. Better than it ever was.

Still putting the emphasis on honest quality, even if it does sell for only ten dollars and ninety cents.

The \$10.90 tire with the record of a proven product.

The tire that people still buy for the dignity of its quality regardless of the low amount they pay.

PRINCESS PAT'S GAY HUBBY GETS 'NOTHER CHANCE

Her Papa Also Is Gay and Doesn't Want Daughter Chaperoning Him.

PARIS, April 12.—The Princess Patricia Ramsay, niece of King George, has returned to Paris and to her husband, Commander Alexander Ramsay of the British navy, naval attaché in the French city.

It was not long ago that the princess left her husband because she had discovered "Gay Patee" afforded the officer, who had been promoted on the occasion of his marriage in 1919, many pleasures she did not care for him to enjoy.

The commander was not invited to attend the marriage of his wife's cousin, Princess Mary, to Viscount Lascelles. This strengthened rumors of the possibility of a divorce between the commander and his wife.

Tried to Make Home.

For two years the princess tried to make a home in Paris, but failed. She

discovered that she did not possess sufficient means to make a "splash" in the French city and she also found Commander Ramsay too popular socially in the gay metropolis.

The world heard only vague rumors of this, but in circles close to the royal family it was widely discussed, and whispers of a possible divorce went about when it was learned that the princess had returned to her father, the duke of Connaught. The king and the queen became quite anxious.

Commander Ramsay was urged either to come and see her or induce her to return to him. He declared he was too well bred to try to impose himself on Princess Patricia. But, he continued, he would welcome her any time she chose to return to their five-room flat.

Spoiled the Duke's Game.

The duke of Connaught, in spite of his affection for his daughter, did not care to have her constantly with him. It interfered considerably with his own freedom of action. In particular the princess had prevented a second marriage he had desired, and to which the willful princess had objected.

Finally it was announced that the princess was going back to Paris.

Princess Pat was humored in all things by her parents, the duke and late duchess of Connaught, and especially by her grandmother, the late Queen Victoria. She was adored wherever she went.

It has been said she more resembled an American girl than a lady of the royal house of England.

BANDITS HAVE REGULAR DRILL, JUST LIKE ARMY

By Associated Press.

LOUISVILLE, Ky., April 12.—A bandit gang, organized along military lines, with transportation corps, signal corps and intelligence service, is believed to have been disclosed following the arrest here of nine men in connection with the John H. Caperton robbery.

Wines and liquors valued at more than \$8,000 were stolen from the Caperton home last Friday by a band of masked bandits. The men also are linked in four other robberies here.

Had Maps.

A complete map or "layout" of every "job" was in the hands of the chief of the gang before a move was made, police believe. This was obtained by scouts, likened to intelligence officers.

A corps of transport "troops" who operated the trucks in which the loot was taken away was drilled in advance, and each driver had minute instructions as to his part.

The "signal corps" was personified, police allege, by Louis Bolander, an employe of a burglar alarm system, who yesterday is said to have con-

fessed that he disconnected burglar alarm systems, thereby enabling the gang to work in safety. He saw to it that the proper signal clocks were turned at the right time, he is said to have admitted.

George Murphy, only alleged member of the gang who has had army experience, is credited by police with having been the organizer.

TWO HELD FOR \$50,000 FIRE, SIPE SPRINGS

SIPE SPRINGS, April 12.—Fire believed to have been of incendiary origin Tuesday morning destroyed four buildings, entailing an estimated loss of between \$50,000 and \$75,000.

Two men have been arrested and are being held in the county jail at Comanche until a complete investigation can be made of the cause of the fire, officers stated last night.

The fire started in the Foust lumber yard and rapidly spread to adjoining buildings. Other buildings destroyed included a hotel, warehouse and garage. All the buildings were of wooden construction.

Madalynne's Half Sister Accused of Theft From Fiance on Wedding Day

LOS ANGELES, Cal., April 12.—Woolwine fixed the amount of bail at \$1,500 and the girl was released. Deputy District Attorney Asa Keyes told the story:

"It seems the boy and girl met five or six years ago," he said, "and in the course of a few months became engaged. There were lovers' quarrels and the engagement was broken and renewed. Then about the first of last year Mrs. Emma Smart, the girl's mother, went to see Mrs. Abel.

"My daughter is going to have a child," she said, "and your son will be its father, but your son will never be

a son-in-law of mine. What I want is money, and I want it quick."

"Mrs. Abel said she'd take it up with her husband. Both she and her husband decided not to give to the Smarts a penny.

"Last Saturday Glenys had agreed to go to Santa Ana with Douglas, marry him there and go on to San Diego. It was on this trip that the robbery occurred."
