## ALL LAKES FILLED BY HEAVY RAINFALL

### FLOODED SABINE FORCES FAMILIES INTO TREE TOPS

#### Several Persons Missing Near Greenville; Rescue Parties Out; Livestock Drowned

DALLAS, April 4.—Several persons are reported missing and some livestock drowned in the Sabine river near Greenville, which has been swelled by the heavy rains of the past twenty-four hours. The river at its headwaters above Greenville is reported more than a mile wide.

Two men have been rescued from partly submerged trees and rescue parties are out in boats seeking others believed to have been caught in the rapidly rising waters. Another man was seen early this morning lodged in a tree near the normal bank of the river.

Heavy winds accompanied a five-inch rain at Hillsboro last night, moved a church from its foundations and damaged the high school building. Several bridges were washed away near Brandon, according to reports from Hillsboro and at Vaughn, in the same locality, three small buildings were blown away.

#### T. & P. SUFFERS HEAVY DAMAGES FROM RAINS

DALLAS, April 4.—The offices of the Texas & Pacific at Fort Worth report rain west of Fort Worth for 500 miles. At Bonham, five inches of rain fell in twenty-four hours. The T. & P.'s big dam at Bonham broke this morning and water is pouring through a twenty foot hole.

The Katy reports considerable damage done to railroad tracks with washouts on the Dallas-Denison line. The road was forced to detour several trains last night.

Several miles of track on the T. & P.'s main line between Mesquite and Forney have been under water since last night.

The Brazos river at Waco had risen twenty-nine feet at noon and a further rise is expected. The water is seeping into the Texas Power & Light company's plant in East Waco and workmen are piling sandbags along the river bank.

#### DOWNPOUR COVERS STATE

DALLAS, April 4.—A general rain, the first since last June, has fallen over almost the entire state. Reports indicate a precipitation of one to two inches. In some sections there was a regular downpour. It was estimated unofficially that more than three inches fell in Dallas during this period. The Trinity is bank full and floods are feared in the lowlands.

Reports from all sections indicate that all lakes and streams are filled. As yet railroad transportation is unaffected but highways, except where hard surfaced, are practically impassable.

#### ENGRAVING BUREAU DISCHARGES LAID TO 'DEMOCRATIC PLOT'

WASHINGTON, April 4.—Administration spokesmen in congress today began a counter-attack on the Democrats who criticized President Harding's action in firing all the executives of the bureau of engraving without notice. The Democrats have introduced a resolution in congress demanding an investigation of the whole affair.

Now, it is indicated, the administration spokesmen will accuse the discharged employees of plotting with persons high in the Wilson administration to keep intact within the government service the nucleus of an effective governmental machine.

#### HARDING TO TELL WHY HE TIED CAN TO ENGRAVERS

WASHINGTON, April 4.—The recent dismissal of thirty officials of the bureau of engraving and printing by President Harding is from no desire "to reflect upon the character of any government employe," it was said today by Secretary Christian.

In a letter to John Deviny, one of the dismissed executives, Christian declared that the President regretted that insinuating publicity had attended the dismissal order and indicated that a statement broadly covering the whole incident might be made later by the White House.

#### Lightning Bolt Hits House on East Side; Electric Service Hampered.

For the first time in the last year the Ranger section has enough water. The Hagaman lake, Mirror lake and all tanks of the section were filled to overflowing when the intermittent showers and drizzle of yesterday turned into a steady downpour late yesterday afternoon, and continued more or less steadily until 1 o'clock this morning.

The home of F. C. Bainum on Ross street, Young addition, was struck by lightning, the power lines and the Ranger power plant of the Oil Cities Electric company were repeatedly put out of commission and a few telephones over the city were affected by the electrical storm which accompanied the rain.

#### Firemen Fight Flood.

Families living just below the Mirror lake dam in Eastland hill hollow were threatened with a flood. Firemen stood on guard the greater part of the night over the spillway on the south side of the lake. All this in spite of the fair forecast for West Texas, sent out from the federal bureau in Dallas yesterday afternoon.

The Bainum family were seated at the supper table between 6:30 and 7 o'clock when with a triple crash, that startled residents over the entire city, lightning struck the gable on one side of the home, shattering the weatherboarding and a window. To occupants of the house, the reports sounded no louder than that of a .22 caliber pistol. The room filled with smoke but was not set on fire. A row of can openers on the wall were knocked down and one was torn to pieces.

Mr. Bainum, who is the proprietor of the B. & B. grocery on Young street, kept a small stock of groceries in the room. He had been seated on an ice box in the room shortly before the lightning struck, when he was called to supper. Had he remained there but a few minutes longer he felt he would have been killed. No one in the house was injured.

About the same time the lights went out over the city when the power lines from the Leon river plant were burned out somewhere along the route. After a short delay the Ranger circuits were cut into the emergency power plant here. The plant switchboard was then burned out and the city was in darkness until the local circuits could be connected with the Leon river plant by way of Eastland. Manager Gifford Cleeg of the company stated this morning that the breaks between Ranger and the power plant had not been located.

#### Lake Over Spillway.

Late last night the Hagaman lake was flowing a foot over the spillway and had backed up as far as the water could go. By this morning, however, the water running over the spillway had decreased to six inches. M. H. Hagaman of the Ranger Water company stated. Since the first big rain a few days ago the water in the lake has risen twelve feet, Mr. Hagaman said.

From 7:30 until midnight Fire Chief George Murphy and Assistant Chief Jake Friedman watched over the spillway at Mirror lake, in order to warn the families living in a number of small houses just below the dam, in case the spillway of loose rock was washed away and a section of the dam began to crumble. The firemen had also arranged to do a Paul Revere in a river to the bottoms near the laundry, which would have been inundated in case the dam had given away. Both men remained seated in the curtained flivver by the side of the spillway until the rain ceased. This morning the water was still running over the spillway there but had been lowered by opening a small chute on the north side of the lake. Residents of the section last night were unable to locate the control to the small gate releasing the water through the chute and it was not until after daybreak that the gate was raised.

#### GETS BOUNTY FOR KILLING 3 WILDCATS WITH ONE SHOT

PITTSFIELD, Mass., April 4.—Martin J. Race has been awarded \$15 for killing three wildcats with one shot.

Race was hunting on Beartown mountain, when he came across three cats fighting over the remains of a dead partridge. He fired one shot, and all three of the animals dropped. He later filed a bounty claim for \$5 on each of the cats.

#### WILL PROBE 'WET' LEAGUE.

WASHINGTON, April 4.—Investigation of the Constitutional League of America will be undertaken by the justice department, Attorney General Harry M. Daugherty said today. He said that the decision had not resulted from charges and requests for investigation recently made on behalf of the Anti-Saloon League of New York state.

## BACKING UP!

Denison Folk Who "Recognized" Unmasked Klansman Change Their Minds.

By Associated Press.  
DENISON, Texas, April 4.—Persons who yesterday declared positively that they recognized the Ku Klux Klansman whose mask was torn off by W. L. Smith, a deacon of the First Baptist church, when the party of masked and robed men visited the church Sunday night, today are not sure they know him. It was first stated that they recognized the unmasked man as being a prominent Denison business man.

## RESORT BATTLE FATAL TO THREE AT SAN ANTONIO

#### Eleven Held by Police Pending Investigation; Woman Among Slain.

By Associated Press.  
SAN ANTONIO, April 4.—Two persons were killed and a third probably mortally wounded in a pitched battle on the Rio City road about 10:45 o'clock last night.

The dead are: Miss Marie Savia, 18, shot through the head; Jesus Pechecho, 35, shot through the body. Severiano Aguilera, 25, was shot through the right shoulder and seriously wounded. Fifteen men are said to have taken part in the running fight, which was precipitated by "rough house" tactics at Rio Inn, a mile and a half beyond Kelly field.

Fifteen persons, of whom eleven are men, are being held at the Central police station pending investigation.

## AIR FLEETS TO REPLACE SHIPS, SAYS SENATOR

WASHINGTON, April 4.—Japan, Great Britain, France and Italy are building up air fleets rapidly; America should do likewise. The sea fleets of today will be worthless in ten or fifteen years except as harbor craft and great air fleets will supercede them.

The above epitomizes an interview given the United Press today by Senator Walsh of Massachusetts, apropos of his resolution asking for the establishment of an air West Point and air Annapolis, and investigation as to the upbuilding of the American air service.

## EXTREMISTS WORSTED IN IRISH FIGHTING

DUBLIN, April 4.—Twenty-five Irish Republican extremists have been killed in border fighting in the Sperrin mountains, county Tyrone, which continued night after night for over a week, according to reports reaching Dublin today. Ulster constables have been attacked incessantly by Sinn Feiners.

#### BELFAST TOLL HEAVY.

LONDON, April 4.—Ninety persons were killed and 201 wounded in fighting, murders and bombings in Belfast between Feb. 10 and Feb. 26, Winston Churchill, minister for the colonies announced in the house of commons this afternoon.

#### STUDENTS PAID TO LEARN SERMON RESPOND POORLY

OBERLIN, Ohio, April 4.—Five dollars for memorizing the Sermon on the Mount did not prove to be so great an inducement for Oberlin college students as had been anticipated by faculty members.

Out of about 1,600 students only 275 took the examination. Of this number women predominated and most of them were self-supporting. The Sh...shrdlu cmfwyp pu pu

#### THE WEATHER.

West Texas—Tonight and Wednesday unsettled, local showers.

## TOOL DRESSER TOO GOOD WITH PEN, IS CHARGE

#### Held for Swindling When Bad Checks Nick Local Firm for \$170.

J. A. Robertson, claiming to be a tool dresser employed at Desdemona, was held to the grand jury late yesterday afternoon by Justice of the Peace Fenlaw on a charge of swindling, arising from the alleged cashing of bad checks at the clothing store of E. H. & A. Davis. Bond was fixed in the case at \$750, in default of which Robertson was lodged in the county jail at Eastland.

Robertson is said to have cashed two checks at the store, one for \$100 and another for \$70, to which he is said to have signed the name of a fictitious drilling contractor at Desdemona. He was arrested last week by the police, who state that Robertson could not tell the name of the lease on which he worked or give any details of his employment. The officers were unable to locate any contractor bearing the name signed to the checks. When arraigned before the justice of the peace yesterday afternoon, Robertson waived preliminary examination.

## BRECKENRIDGE EXCITED OVER CITY ELECTION

BRECKENRIDGE, April 4.—The biggest vote ever polled here is expected today in the city election in which eight candidates are contending for the office of mayor and two commissioners. Great interest has been aroused in the race, particularly in the mayoralty contest, and straw votes are being taken today in an effort to ascertain the direction of the wind before the polls close at 7 o'clock tonight.

C. H. Fulwiler, Ralph L. Looker, H. A. Leaverton and Richard G. Key are candidates for mayor. W. P. Fulton, F. W. Holder, Robert Douglas and J. O. Herryford are candidates for the two openings on the commission. Polls have been opened in the Nineteenth district court room.

All of the candidates are working steadily and announcements have been made by C. H. Fulwiler and Richard G. Key, mayoralty candidates that they will speak at the court house and in the theatres, respectively.

## TAG DAY RAISES ABOUT \$100 FOR SALVATION ARMY

A little more than \$100 was raised Saturday by the local corps of the Salvation Army from the sale of tags over the city, Ensign George reports. The fund secured, together with the street collections at the open air meetings, will run the organization here for a few months, after which the Salvation Army in Ranger will again be on the rocks. The Ensign was unable to say what action would be taken then to assure the continuance of the army work here.

The Salvation Army board, made up of Ranger residents and former residents, has scattered since last fall and many of the officers have either left or resigned.

## COUNTY ATTORNEY WILL PROSECUTE MASKED MEN WHO READ HIM LECTURE

STILLWELL, Okla., April 4.—County Attorney George O. Grant of Adair county today announced that he would prosecute the members of a masked band who kidnapped him recently, took him out into the country and lectured him. The county attorney declared that although masked he knew the identity of some of the mob.

He said the mob accused him of running around with a woman, and added: "If they have anything on me, let them come into court with the case and prosecute me there."

#### COUNCIL OF JEWISH WOMEN SELECT GALVESTON FOR 1923

WACO, April 4.—The Council of Jewish Women, meeting here today, selected Galveston as the meeting place of the 1923 convention.

# Army Colonel Is Slain by Wrathful Husband

#### Oklahoma City Capitalist Held Under \$5,000 Bond; Statement Says He Surprised Officer Struggling With His Wife.

OKLAHOMA CITY, Okla., April 4.—Formation of the eternal triangle caused the death last night of Lieutenant Colonel Paul Ward Beck, commandant of Post field, at the hands of Jean C. Day, prominent Oklahoma financier, county authorities believe.

Beck was shot through the head and had been badly beaten with the butt of a revolver. According to Justice of the Peace McWilliams, Day has confessed the killing of Beck, when he says he discovered him making improper advances to his wife. Mrs. Day, who witnessed the killing is hysterical and under the care of a physician.

Day, who is a former justice of the state supreme court, is being held on \$5,000 bond, although no charges will be filed until after the inquest, which is now scheduled for tomorrow afternoon.

Friend Tells Circumstances. According to a statement issued by R. W. Dick, Day returned to his home after escorting home a number of guests whom his wife earlier in the evening had entertained at cards,

## DALLAS MAYOR VERY PEEVISH OVER CRITICISM BY GOVERNOR

DALLAS, April 4.—A committee to draw up resolutions for the mass meeting to be held here tonight to discuss lawless conditions in Dallas, met this morning. It is said that plans are being perfected to check up the affiliation of public officers. Speakers for the mass meeting tonight include former Governor Colquitt, Sam P. Cochran and Dr. J. B. Cranfill.

DALLAS, April 4.—In a statement given this morning Mayor Sawrie R. Aldredge demanded that the governor present either him or the grand jury with facts to substantiate his charges that Dallas legal machinery is not functioning properly to bring law violators to justice. The mayor declared he had not received the governor's letter but took it for granted that a letter published in morning newspapers was authentic. This letter constituted serious charges against the Dallas administration, the mayor said.

Governor Neff's letter as published reads as follows: "Text of Neff Letter. "Dear Mayor Aldredge: "Your telegram advising me that state rangers, to assist in enforcing law, were not needed in Dallas, received. Similar communications from other officers of your city and county reached my office.

"I have no desire and no plans at this time to take any action that would not meet with the approval of your city and county officers. I can do but little looking to the enforcement of the law in Dallas, or elsewhere, except in co-operation with local authorities.

"It seems to me, however, that for some reason your law-abiding people have been forced to bend their knees to the lawless element of your city. Those who, from this office have been for some days quietly watching, at close range, the wheels turn in your law enforcement machinery, are of the opinion that, to say the least, the cogs slip with almost every revolution.

## LIBERTY BONDS UP

NEW YORK, April 4.—Joining in the general upward movement of stocks, Liberty bonds today registered new high prices. The First and Second 4 1-4 per cent bonds reached 100.08, while Victory 4 3-4 per cent climbed to 100.88.

#### AMARILLO ATTORNEY DROPS DEAD WHILE TRYING CASE

AMARILLO, April 4.—Judge W. H. Kimbrough, 50, Amarillo attorney, dropped dead at Dalhart today while addressing a jury in the trial of a case. Heart disease is said to have been the cause of death.

#### TRAINS FITTED WITH RADIO.

CHICAGO, April 4.—The first railroad in the United States to equip a train with wireless for the use of passengers is the Chicago, Milwaukee & St. Paul, which announces the installation of radio sets on trains between Chicago and St. Paul and Minneapolis. News received will be posted for the benefit of travelers as fast as it is received.

#### BANDITS SEIZE \$7,300 FROM YOUNG BANK MESSENGER

ST. LOUIS, April 4.—Four men today held up Harold Kaesmerer, a 17-year-old messenger for the Water Tower bank, on a Bellefontaine street car and escaped with money and negotiable papers totaling \$7,300. About thirty passengers were on the car. The bandits escaped.

## LOYD GEORGE TURNS HANDS TO LABOR TROUBLE

#### Wins Test Vote on England's Foreign Policy by Big Majority.

LONDON, April 4.—Triumphant in the house of commons last night, where a test vote showed his enemies still hopelessly in the minority, Lloyd George rested no time on his laurels, but today plunged into the industrial crisis resulting from the lockout of 1,000,000 men in the engineering trades.

He summoned the labor men to meet him this morning and was to receive deputations from the employers this afternoon. It was typical of Lloyd George that he wasted no time in tackling domestic issues that threaten his administration, after once having convinced himself that he had the support of parliament. "Having my sleeves rolled up, I might as well clean up all difficulties," he told a friend.

Lloyd George won a direct vote of confidence in the house of commons when the house passed his resolution supporting the government's economic program, by a vote of 372 to 94.

## DRYS TO PLAN FINAL DRIVE ON DEMON RUM

WASHINGTON, April 4.—Uncle Sam's most determined effort to throttle the demon rum, will be made within a week at a conference here of prohibition chiefs. This war council will be composed of Commissioner Roy A. Haynes, who has been delving into the situation on the Canadian border; Colonel L. G. Nutt, who mobilized the Florida army, and E. C. Yellowly, who recently reorganized the forces on the Mexican border. The three will assemble Thursday or Friday to draw up final plans for a simultaneous rum roundup on land and sea. Pickets have been placed all along the line from Havana to Montreal and from San Diego to El Paso, gathering evidence to be used in the drive.

## MEXIA COP HITS NEGRO WITH GUN, FATALLY SHOT

MEXIA, April 4.—C. C. Vandiver, local detective, was shot accidentally last night while assisting in the arrest of some drunken negroes and died thirty minutes later. According to other officers, one of the negroes resisted arrest and when Vandiver struck him with the butt of a pistol the gun went off and penetrated his right side.

The body will be shipped to Waco for burial. Vandiver was about 35 years old and is survived by a wife and two children.

#### YOU CAN'T GET FIRED FOR DRUNKENNESS IN ARKANSAS

LITTLE ROCK, April 4.—The supreme court held that drunkenness was not sufficient cause for removal from office.

#### FEEDLER HIT BY TAXICAB CARRIES 15 POUNDS OF COIN

BOSTON, April 4.—Coins weighing fifteen pounds were found in the pockets and lining of the clothing of Solon R. Handy, 92, peddler, by attendants in the hospital where he was treated after being struck by a taxicab.

The money in nickels, dimes, quarters and half-dollars, as well as a few foreign pieces, amounted to \$184.

WANTED Clean Cotton Rags 5c Per Pound RANGER DAILY TIMES

FREE LECTURE WEDNESDAY NIGHT At the Presbyterian Church at 7:30 P. M. Under Auspices International Bible Students' Association Christ's Return Soon Manifest There shall come, in the last days, scoffers walking after their own lusts and saying "Bohire is the promise of his presence."—II. Peter 3:3-4. Will the Lord's Prayer be answered? \* \* \* Thy kingdom come, thy will be done on earth as it is in heaven. The establishment of Christ's kingdom soon. "Millions Now Living Will Never Die."—Judge Rutherford. That there will be a personal, second coming and presence of Jesus Christ is generally believed by Christians, but as to the object of his coming and the manner in which his presence will be revealed there is almost universal confusion. Indeed, few ministers care to discuss the subject. Jesus did not leave his followers without information, however. He gave certain clearly defined signs which should be looked for as indications of his presence in the world, and left with the injunction: Watch! Do you know that most of these signs are either already fulfilled or in process of fulfillment? Do you know that most of the problems which mankind has vainly sought to solve (many of them ages old) Christ himself has come to solve during his second presence? Do you know that the second presence of Christ means that there are millions of people living today who will never go into the tomb, but will live on the earth forever? You are cordially invited to hear a lecture on this topic by V. C. Rice. "The Finished Mystery"—volume seven of Studies in the Scriptures—is a verse by verse explanation of the books of Revelation and Ezekiel. It discusses many of the Scriptures dealing with our Lord's return and kindred topics. A copy may be secured for 25 cents by addressing H. L. Lee, Box 963, Ranger, Texas. ## WOMEN BETTER BOOTLEGGERS, DRY AGENTS SAY

### Prohi Army Plans Special Drive Against More Deadly Specie.

WASHINGTON, April 4.—Officials of the national prohibition unit in Washington are authority for the statement that the woman bootlegger is making more difficult the enforcement of the Volstead law than the men who engage in the illicit traffic of intoxicating liquors.

Roy A. Haynes, national prohibition commissioner, is being urged to work out a special plan of battle against women who violate the dry laws. Employment of women as dry detectives is suggested as one remedy.

Many Women Arrested. Arrests of women bootleggers are made daily in New York, Washington, Philadelphia and along the Canadian and Mexican borders, reports received here show. More than 100 members of the feminine sex now are awaiting trial on charges of having attempted the illegal transportation and sale of liquor, these records reveal.

Prohibition officials say that not only are women difficult to detect, but that juries frequently are loath to mete out to them punishment equal to that given to male lawbreakers. If the present increase in women bootleggers continues indefinitely, they say, women soon will have a monopoly in retail sales of liquor.

Better Than Men. Male bootleggers are finding it hard to compete with them. Dry detectives say that women are able to make several sales while a man is making one. These dry detectives say the only solution of the problem is the organization of a national force of women detectives to catch women bootleggers.

Women, it is said, conduct secret bars for the sale of whisky by the glass in New York and several other large cities. These underground saloons are raided frequently, but new places spring up over night. A large quantity of the whisky sold in these saloons is manufactured by women proprietors from grain alcohol and coloring matter, dry sleuths say. Bootleggers dealing in whisky in wholesale lots prefer to do business with women saloon keepers because the places are used as storage plants for illegal traffic, it is asserted.

### CLASH IN SIBERIA.

TOKIO, April 4.—Japanese and red troops of the Chita government of the Far Eastern republic have clashed near Habarovsk, Siberia, according to reports reaching Tokio today. Accounts of the affair are confusing and details were not clearly reported, but the clash is not considered serious.

**ENGLISH BULLDOG PUPPIES** for sale, now ready for delivery; white and spotted, a fine lot of good puppies, males at \$15, females at \$10. Lackland Bros., Lackland addition.

## NEW RADIO SET JUST ATTACHED TO LIGHT PLUG

WASHINGTON, April 4.—A new development in radio whereby music, news, lectures and other forms of speech can be received by attaching the usual receiving instrument to the electric lamp and eliminating the antenna, as well as relieving the congestion of wireless broadcasting in the air, was announced today by Major O. Squier, chief signal corps officer of the army, its inventor.

The first public demonstration of the new "wired wireless" was conducted in the signal corps headquarters. The whole operation of installing the device for receiving consisted merely of removing a bulb from a lamp on Major General Squier's desk, inserting the receiving plug in the same manner as electric fans, vacuum cleaners and flatirons have been attached to the lighting circuits. The broadcasting station, it was explained, was connected with the lighting circuit through a lamp receiver at another point.

The invention is believed by signal corps officers to offer a great utility to owners of electric lamps everywhere, the major general said, could bring to every home where there was an electric lighting system the concerts broadcasted through the air and heretofore received through antenna.

Another advantage reported by the inventor is the relief to congestion of the air that it offers, to a modified degree, and for a solution of which Secretary Herbert C. Hoover recently called upon the National Wireless conference.

Broadcasting over great distance by use of the invention is believed to be possible, but that use has not been attempted. The idea was conceived less than a week ago, Major General Squier said.

### MARRIAGE LICENSE

Marriage licenses issued since March 29, 1922, by Earl Bender, county clerk.

Libburn Warford and Miss Loise Dailey, Gorman.

G. C. Berkley, Cisco, and Mrs. Gladys Hansen, Chanute, Kan.

Guy Chables, Abilene, and Miss Della Maude Daugherty, San Antonio.

H. C. Brashear and Miss Pauline Wilson, Atwell.

E. N. Waldrep, Desdemona, and Mrs. E. N. Waldrep, Ranger.

J. D. Callens and Miss Autie May Bryant, Gorman.

B. M. Daniel and Miss Clara Gleison, Eastland.

George Hughes and Miss Bessie Grimes, Ranger.

Sidney Custer, Thurber, and Miss Olga Fannin, Mingus.

### HALF MILLION DOLLAR FIRE IN HOPE, ARK.

TEXARKANA, Ark., April 4.—Hope, Ark., was visited by a disastrous fire early this morning. The Alice theatre, said to be one of the most magnificent in the Southwest and valued at \$400,000, was totally destroyed. Other buildings destroyed will bring the total loss to over \$500,000. The origin of the fire has not been determined.

Herring Shiver, a student from the Annapolis Naval academy, visiting in Hope, was injured when a large plate-glass window broke, showering him with splinters of glass. He was removed to a hospital.

### PRAIRIE GETS ANOTHER

BRECKENRIDGE, April 4.—This territory has another good producer in the No. 2-B of the Prairie Oil & Gas company, which came in good for 600 barrels. This well is located on the Veale tract in the Atlantic pool, six miles east of Breckenridge, and is holding up according to the latest report. The two largest wells of the last week were the 2,500-barrel well for the Gulf Production company, located on the Cox farm southeast of Breckenridge, and the Mid-Kansas Atkins No. 4, which came in a few days ago near Eliasville.

In Boston university there are two pretty young Portias who are studying law and are married to students of the university.

## WILL ANTI-JAZZ AMENDMENT BE NEXT FOR U. S.

### Law Limiting Percentage of Pep in Music Forecasted By Teacher.

(By Arthur H. Folwell in Leslie's Weekly.)

Addressing a thousand teachers, J. J. Cammack, superintendent of schools in Kansas City, forecast (without saying so) the next amendment to the constitution of the United States. "The nation has been fighting booze a long time," Mr. Cammack said, "I am wondering whether it won't soon be necessary to legislate against jazz as well."

Jazz music, it seems, has the same effect upon young and old that "a stiff drink of booze" has. It gets in the blood and results are "debasing and degrading."

Obviously, the first thing to organize is an Anti-Jazz league, with national, state and local headquarters. Operations should begin simultaneously upon state legislatures and congress. Thus, by the time the Anti-Jazz amendment is passed by house and senate, there will be a sufficient number of state legislatures in a proper frame of mind to ratify it.

May Argue "Life, Liberty, Etc." After ratification may come a few protests that anti-jazz denies a citizen's rights to "life, liberty and the pursuit of happiness," but a decision or two by the higher courts will silence them effectively, and then all will be plain sailing.

All, that is, except anti-jazz enforcement. The law, no doubt, will define jazz as any piece of music having more than an eighth of one per cent pep.

It will tend to bring back, and to popularize in hotels and dance restaurants, the minuet and the gavotte, but for these the going will be rough. Once jazz is declared unconstitutional, a lot of respectable folks who never cared for dancing of any kind before will want to go in for it.

### Switching Tempo at a Raid.

There will be muffled pianos in all cabarets, and pianists who will be experts at switching the tempo in the event of a raid by federal jazz sleuths of whom there will be thousands on the public payroll.

There will be, of course, a tremendous battle over the right of citizens to jazz in their own homes; also as to what constitutes a home. The soundness of the claim that home is where the piano is will doubtless be tested by the United States supreme court.

An interesting incidental to the whole affair will be the establishment of innumerable dance halls, crosswise along the Canadian border; and the jazzists may move across the line into the Dominion whenever a raid is pulled off.

## FREAK BILLS WILL BOB UP IN LEGISLATURES

By Associated Press.

NEW YORK, April 4.—The Kentucky legislator who proposed that moonshiners be compelled by law to equip their "stills" with whistles that could be heard for two miles has no monopoly of the unusual in proposed legislation for the solons who sit in legislative halls of state capitals are prone to sarcasm, irony and jokes.

Some odd bills have cropped up in the state legislative sessions now drawing to a close.

For example there is the bill introduced in the New York assembly making hypocrisy a misdemeanor and defining it as "the act of a person who for pay, gift or other valuable thing publicly advocates and supports any legislative measure restraining free exercise of personal liberty or the act of any person who solicits funds for such support."

The measure is aimed at "reform" organization workers.

The Massachusetts legislature had before it in this year's session a bill making church-going compulsory for every resident of the state who was physically or mentally capable of attending church.

### Quiz for Candidates.

Another measure proposed in Massachusetts provided that every candidate for public office must be examined by a justice of the superior court to determine whether he is qualified to hold office to which he aspires.

A bill in the Massachusetts legislature authorized the appointment of a special legislative committee to make an official Fourth of July visit to the Irish Free State at the expense of its members.

Some of the unusual legislation proposed is obviously aimed at what the authors regard as injustice.

Housewives who do not share in joint control of the family income found a champion in Mrs. Margaret Laird, of Newark, N. J., who introduced a bill in the New Jersey legislature enabling married women to

control the wages they earn in their own homes.

Another New Jersey measure would exempt nurses from jury duty.

A third would enable innocent persons to collect from the state \$1 a day for each day of confinement in jail, provided they proved their innocence.

## MRS. PARRISH WILL NOT SEEK VACANT PLACE

HENRIETTA, Texas, April 4.—Mrs. Gladys Edwards Parrish will not be a candidate for congress to fill out the unexpired term of her late husband, Lucian W. Parrish.

This fact was made known Monday night when Mrs. Parrish through her father, Dr. A. B. Edwards of Henrietta, addressed a statement to her friends announcing that she felt that she should not undertake the responsibilities and at the same time acknowledging her gratefulness for the offer.

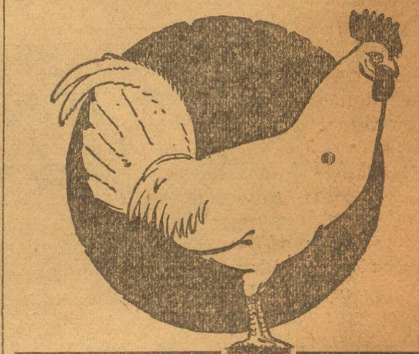

Mrs. Parrish had been considering

# POOR HOUSING CAUSES GIRLS DELINQUENCY?

### Social Expert Would Forbid Keeping Children in Shacks and Covered Wagons.

By Associated Press.

GAINESVILLE, Texas, April 4.—Dr. Carrie Weaver Smith, superintendent of the Girls' Training school, is advocating an enforced housing code for Texas as a remedy for several causes of juvenile delinquency. In an interview today she blamed housing conditions for much of child delinquency in the state.

"It has been learned that many of the things that contribute to the delinquency of children are material," Dr. Smith said. "The worst of these things is remediable—bad housing conditions."

"It should not be possible in Texas for fathers and mothers to live the lives of squatters, dragging their children from Amarillo to Galveston in covered wagons," she said. "Although the covered wagon contributed much in the past history of Texas and played its part in the glory of our pioneer days, it should now be revered as a relic and absolutely discarded as a home for families. The fact that 10 per cent of the girls committed to the Girls' Training school during one year had called a covered wagon 'home' is not without its significance. The lack of privacy, the overcrowding, the sanitation necessitated by living in this way, necessarily makes for poor moral and physical standards."

# SAN ANGELO HOLDOUTS ARE SENT TO SHERMAN

SAN ANGELO, April 4.—The San Angelo baseball club of the West Texas league sold to Sherman, a member of the Texas-Oklahoma circuit, infielders R. H. McCay of Ferris and C. L. (Jud) Lewis of Forney, and Catcher Ludlow Kelly of Beaumont. The deal, involving several hundred dollars, was closed Saturday by telegraph.

McCay led the Bronchos in hitting during the second half last season, being pushed closely by Grailey Higginbotham, now skipper at Sherman, who then was playing in the outfield here. Lewis starred at third base, fielded fast and hit well. He didn't miss a game all season. Kelly was farmed to San Angelo by Beaumont with Pitcher Leo Weber and was not recalled by the Exporters. McCay and Lewis were holdouts this season.

# MICHIGAN PREACHER SAYS BIBLE IS NOT INFALLIBLE

GRAND RAPIDS, Mich., April 4.—Criticism of the Bible is proper, Rev. Alfred W. Wishart, pastor of a Baptist church here, declared.

"Any student has a right to question the doctrines of a man concerning the Bible," he said. "The Bible itself does not claim infallibility or literal inspiration. That is a man-made dogma."

# BIRTH REPORT

Births in Ranger and suburbs during March decreased one-third under the record of thirty set in February, according to the reports on file at the city offices. To bring the number of March to twenty, the suburbs are carried fifteen miles north of Ranger to take in the home of one of the new arrivals. Two of the number born in March are negroes. No increase appears in the Mexican population during the month. Total births for the month includes:

- William Goodrich High, to Mr. and Mrs. Will F. High.
- John Conrad Lindsay, Mr. and Mrs. Morgan Conrad Lindsay.
- Son, to Mr. and Mrs. John Frederick Whitefield, 1023 Oddie street.

# CONGRESSMEN OPPOSE SHIP BOARD SALARIES

WASHINGTON, April 4.—Salaries of \$35,000 a year for men employed by the United States shipping board did not lay well with the house of Representatives Monday in considering the board's appropriation. The debate developed that two men were already drawing \$35,000 a year, and two draw \$25,000 a year, but as the bill came out of conference it was proposed to give four men \$35,000 a year salary each, and to pay six men \$25,000 a year each. The house voted to return the bill to the conference to hold to the maximum of \$25,000 a year. This is one-third the salary of the President of the United States.

In a one-minute speech to the house Monday Representative Sumners of the Dallas district declared that the country in the present condition, that any man who was not willing to serve for as much as \$25,000 a year "is a very good man to disconnect from the public service."

# FORMER WIFE OF PASTOR HAPPIER AS LIFT OPERATOR

Detroit, April 4.—Mrs. Maude Lucas recently divorced her husband, the Rev. Carl J. Lucas, pastor of St. John's German Evangelical Lutheran church, in Brooklyn, N. Y., and now runs an elevator in the Postoffice building.

"It's a far cry from a minister's wife to an elevator operator," Mrs. Lucas said, "but give me the elevator and my happiness."

Piggly-Wiggly dinner in the evening.

## JUNE'S BIRTHDAY IN APRIL

The third birthday of little June Brahaney was very beautifully celebrated Tuesday afternoon at the home of her parents, Mr. and Mrs. Frank Brahaney, with a birthday party, to which was invited her most intimate friends. The colors of the Easter-tide ran riot in the house decorations and favors. Bunny rabbits, Easter chickens, many-colored Easter eggs, and peach blossoms, all appeared in the appointments of the party.

A nest filled with Easter eggs, with a big Easter rabbit on the nest, which had for its background a bank of peach blossoms, formed the centerpiece of the dining table, around which the children gathered and were served ice cream cones and birthday cake. The cake was also very lovely, being pink, with decorations of rose leaves and little chickens, and tiny candles. Favors were balloon whistles and Easter rabbits filled with Easter eggs.

During the afternoon the children blew soap bubbles, played marbles, and enjoyed an Easter egg hunt, in which little Burla Kohn was the most successful huntress and received an Easter basket as a prize. The little honoree received a number of sweet little gifts from her guests.

Miss Althea Lawler of Sapulpa, Okla., who is the guest of Mrs. Charles Conley, assisted Mrs. Brahaney in entertaining and serving. Mmes. Walter Cluney, H. H. Mad-

reen, Ed Maher, Champion and Kohn, played bridge while the party was in progress.

Those invited to help little June enjoy her third birthday were: Betty Jean Burden, Diane Harkider, Peggy Jones, Mary Lavery, Pattie Parr, Betty Clancy, Cordie May McFarland, Catherine Jane Conley, Madeline Maddren, Vivian Champion, Helen Duncan, Burla Kohn, Marguerite Vandervoort, Marie Kohn, Jack Gullahorn, Richard Taggart, Richard Conley Francis Conley, Eddie Maher, Tommy Maher, Bill Bohning, Bob Bohning, Lee Vandervoort, M. K. Colie, Jr.

## PIGGY-WIGGLY DUTCH LUNCH

The Brotherhood of the Presbyterian church will give a Piggly-Wiggly Dutch lunch tomorrow evening at 7 o'clock in the Chamber of Commerce rooms to the ladies and friends of the Presbyterian church. The name "Piggly-Wiggly" suggests that the guests will have to wait on themselves, and no doubt a lunch so served will be quite a delightful innovation. After the repast, a program will be rendered. This lunch is one of a series of get-together meetings that the Brotherhood of this church has sponsored during the last few months, to strengthen the "tie that binds."

## PURELY PERSONAL.

Louis Ducker is quite sick at the Gholson hotel.

Mrs. J. B. Haden and little child are both on the sick list.

Miss Iola Hooker, one of the popular high school teachers, left last Friday for Junction City, Tenn., where she goes to accept another position.

Mrs. D. L. Jameson is visiting her daughter, Mrs. Jones, in Dallas.

A SURE BET. "Willie, I was never so happy as when I was a boy at my mother's knees."

"Maybe not, Pa, but I bet you weren't lying face down at the time." —American Legion Weekly.

# SOUTH BEND RAILWAY STATION IS HIJACKED

SOUTH BEND, April 4.—As Station Agent J. F. Hollis and C. D. Winters, telegraph operator for the Wichita Falls & Southern Railway stepped outside the depot here Sunday night, preparatory to closing for the day, they were ordered by a masked robber to put their "hands up." They were forced back into the depot. Winters was commanded to stand with his face to the wall, while Hollis was forced to open the safe.

The robber obtained \$175 and some checks.

Officers who are investigating the case are of the opinion the man had a confederate on the outside.

Railway officials again left the station about 11:30 o'clock, after which time the office was again entered, presumably by the same man. A window near the telegraph desk had been broken open and a small amount of loot was taken, including some wearing apparel belonging to the agent.

# MAN CRUSHED TO DEATH ON RIG IN MEXIA FIELD

MEXIA, April 4.—While drilling on the Kimble lease six miles south of Mexia, James E. Pendleton was instantly killed Sunday morning about 2 o'clock. He was caught in a drilling line and crushed between the line and the drum of a rotary outfit.

While the associates of Pendleton hastened to stop the machinery the injured man only gasped a few times before death came, never regaining consciousness. Dr. James M. Stucki of this city was called at once but the injured man did not survive until medical aid could arrive.
