BASEBALL BOOSTERS GO SOUTH TOMORROW

DILLINGHAM IS NEW PRESIDENT PEOPLES BANK

J. S. Stribling Retires From Organization and Frank Champion Is Added to Directors.

O. D. Dillingham, head of the Ranger Ice Company, has been elected president of the Peoples State Bank, succeeding J. S. Stribling of Llano, who recently resigned.

GERMANY AND RUSSIA SIGN NEW TREATY

GENOA, April 17.—A treaty between Germany and Russia was signed at Rapallo yesterday, the signatories being the foreign ministers of the two countries.

KANSAS CITY BANKER HELD FOR HUGE FORGERY

KANSAS CITY, April 17.—Doy O. Douglas, secretary and manager of the Jackson County Savings & Loan association, from whose funds he is said to have misappropriated approximately \$450,000, was charged today with first degree forgery.

OPEN SHOP MOVEMENT IN FORT WORTH COURTS

FORT WORTH, April 17.—The open shop movement, which has been smoldering here for the last month, was brought into court today when the proprietor of a motion picture theater who had adopted the open shop plan filed a petition for an injunction to restrain union members from picketing his theater.

RATE REDUCTION ON TEXAS CATTLE EXPECTED

CHICAGO, April 17.—A considerable reduction in freight rates on range cattle from Texas may be put into effect in a few days, it was learned here today.

SHOE MACHINE COMPANY VIOLATES TRUST LAW

WASHINGTON, April 17.—The United Shoe Machine company's restraining commerce in shoe machinery industry, in violation of the Clayton anti-trust law, the supreme court today held.

WASHINGTON, April 17.—Agreement was reached today by Secretary Denby and Chairman Lasker of the shipping board for the elimination of provisions in the pending administration ship subsidy bill for a merchant marine naval reserve.

Fifty Cars Wanted for Invasion of Eastland County Towns.

Ranger baseball backers will leave tomorrow on the second booster trip, taken for the purpose of arousing interest throughout this section in the league season which opens here Thursday.

The band will be taken along, and with the experience of last week, this is expected to be much more elaborate than last week's journey to the north and east.

Where They Go. The caravan will go to Desdemona, Gorman, Carbon, Cisco, Eastland and Olden, making short stops at each place, during which the band will play and the boosters will fraternize, with the object of bringing to the oil field representative of the cup for the largest opening day attendance.

Since the president's decision to divide the contest into two classes, and Ranger must compete with Amarillo, Abilene and San Angelo, a high ranking will make necessary the support of the whole district as well as Ranger, and it is felt that if a large interest is exhibited by the trippers, the interest of neighboring towns will be increased accordingly.

The half holiday for Thursday is being approved on every hand and Ranger will be at the ball park by the time his honor the umpire calls play ball.

PAGEANT WILL SHOW WEDDING OF HOLY LAND

The opening program of the Palestine pageant, a dramatization of the Twenty-third Psalm, was given last night at the Methodist church before a large audience that was deeply impressed.

Dr. Allan Moore, who is in charge of the pageant, will speak tonight on the entrance of former Emperor William of Germany into Jerusalem and on General Allenby's entrance into the Holy City.

Dr. Moore's collection of costumes, weapons, implements and other curios gathered during his seventeen years' service as a missionary in the East is used in the pageant.

TWO SMALL BROTHERS DROWN AT LAGRANGE

LAGRANGE, Texas, April 17.—Two sons of Joe Slansky, aged 11 and 7 years, were drowned in Buckner's creek, several miles from LAGRANGE, and were buried at Plum.

KATY SHOPS REOPEN.

DENISON, April 17.—The Katy railroad shops reopened here today after having been shut down for a month. It is stated that 300 men went back to work this morning.

POOR MARKSMEN!

DENISON, April 17.—Mike Patti and E. O. Fredericks can owe their lives to the poor marksmanship of both, according to police, who are holding the two after a pistol battle early this morning.

Standing within ten feet of each other, the two men fired several shots, none of which took effect. Then, police said, they threw their guns aside and attacked each other with natural weapons and Patti bit off Fredericks' finger at the first joint.

FOUND IT 'GOING'

There is one snake less along the Thurber road, a large rattler leering wickedly from the roadside at passing motorists, having been attacked and killed yesterday afternoon by George Hemmingson, city secretary, and Karl E. Jones, secretary of the Elks lodge.

NO BILL AGAINST BRECK BOY WHO HIT TEAMSTER

Newt Mahaney's Son Among Several Indicted on Burglary Charge.

EASTLAND, April 17.—No true bill was found by the grand jury against John V. Colvett, young teamster, who was arrested in Breckenridge several days ago for assault on murder H. C. (Dutch) Hoffman, another teamster.

Young Mahaney, son of Newt Mahaney, recently convicted in district court for assault on murder L. J. Starkey of Cisco, was indicted on a charge of burglary. He was released on bond.

Other indictments made public today include twelve indictments against Lewis Moseley, eight charging burglaries and robberies of box cars and four charging burglary and theft elsewhere.

EBEN D. FINNEY TAKES TUCKER'S PLACE WITH SUN

Eben D. Finney, district superintendent of the Sun company, has been promoted to the assistant general manager of the company, succeeding George Tucker, resigned, it was learned today.

Mr. Tucker will go to Dallas to become general manager of the Sims Oil company. Mr. Finney will continue to maintain offices in Ranger.

OKLAHOMA TO GET DOUBLE RETURN FROM OIL PRODUCTION TAX

OKLAHOMA CITY, April 17.—Oklahoma's gross production tax on oil will more than double the estimate of \$1,600,000 from this source made by the state equalization board this year, State Auditor Frank Carter predicted today.

NEGROES TO ESTABLISH COLONY IN VERA CRUZ

EL PASO, April 17.—Mexico, as a haven for colonists, is fast gaining a name for itself which rivals that established by America in 1492.

Following the arrival of the advance guard of Mennonites from Canada reports have been circulated that a colony of American negroes will be started in the state of Vera Cruz.

ATTEMPT MADE TO ASSASSINATE IRISH LEADER

Rebels Fire on Michael Collins and Attack Barracks of Free State Troops.

DUBLIN, April 17.—An attempt was made by republican rebels to assassinate Michael Collins early today and insurgents attacked free state posts in various parts of Dublin in ushering in "Black Monday," the anniversary of the 1916 Easter rebellion.

Beggars Dush barracks was attacked by rebels at midnight but the assailants were repulsed by free state troops. Free state lorries carrying soldiers on patrol were fired on in various parts of the city.

JUSTICE DEPT. PROBING ACTS OF DRY LEAGUE

WASHINGTON, April 17.—Representative Tinkham (Rep.) of Massachusetts said in a statement Sunday that charges recently made by him in the house that the Anti-Saloon League of America had failed to comply with the corrupt practices act "were now before the department of justice and will be acted upon in due season."

Retracting his charge that the league had failed to report all contributions in the statement filed under protest by Wayne B. Wheeler in 1920, Mr. Tinkham's statement said: "The Anti-Saloon League of America has not denied one of the charges, but last Friday issued a characteristic propaganda statement in relation to prohibition and the Anti-Saloon League's well known formula of 'anarchy' and 'nullification,' as if it alone were interested in protecting the United States from anarchy and nullification."

EX-POLICE CHIEF HERE NOW STAMFORD CHIEF

STAMFORD, April 17.—City Chief of Police A. G. Sanders tendered his resignation Saturday and at a special meeting of the city commissioners, George C. Flournoy was elected to fill his place. The changes mentioned are effective May 1.

GOVERNOR SMALL ASKS ANOTHER TRIAL DELAY

WAUKEGAN, Ill., April 17.—A new delay of one week in the trial of Governor Len Small, charged with embezzlement of state funds, was asked by his attorneys when the case was called in the Lake county court today.

Washington, April 17.—The suggestion that General Semenov, now in jail in New York, was perhaps on his way to Paris for a conference with former Grand Duke Michael relative to a counter-revolution against the soviet government was made today by immigration officials at Vancouver.

Flying to His Wedding, Army Officer Dies in Plane Crash

Captain Little and Sergeant Johnson Killed in Dallas Accident.

DALLAS, April 17.—Captain G. S. Little was on his way to his wedding when killed in an airplane crash here yesterday, it became known today. Little, with Sergeant James L. Johnson, died when their plane, with a sudden turn from an altitude of about 100 feet, nose dived into McGraw aviation field, near the west end of Oak Cliff viaduct, at 2 o'clock Sunday afternoon.

Captain Little was to have met his fiancée, Miss Vera May Stiles, daughter of a Los Angeles oil man, at Fort Worth today, and accompanied by Miss Stiles' mother, was to proceed by train to Little Rock, where they were to have been married on April 24.

Miss Stiles and her mother arrived here early today, having been informed of Captain Little's death last night at Fort Worth. Mrs. Stiles said Captain Little's father is an attorney in New York City. Efforts to learn the home of Sergeant Johnson have been unavailing today. His service card gave his age as 21.

Little and Johnson had flown here from Kelly field, San Antonio. Little had just been ordered to the Hawaiian Islands to command the Twenty-third bombing squadron, and he planned to leave with his bride immediately after the wedding.

Captain Little was in the front cockpit, and it is believed he was piloting the plane. It is believed by some witnesses that the flyers intended to land. As the machine was carried near the viaduct it headed straight up and suddenly as hundreds of people from the viaduct looked on, the plane whirled about and dived to the ground.

The plane appeared over McGraw field ten minutes before the tragedy occurred. It apparently was making for Love field, as it went beyond the scene of the fatality and was under perfect control.

Five or six flyers were at McGraw field and when they saw the plane would land there, they cleared the spot and made it possible for a safe landing.

The radiator was buried six feet and the engines stripped from the machine plowed three feet into the ground. The plane landed on its nose and then crumpled over on its side, sending splintering wood and fuselage more than 200 feet in all directions.

WEATHERFORD STORM CAUSES HEAVY DAMAGE

WEATHERFORD, April 17.—Wind and storm damage is said to have unroofed a number of houses and to have done considerable railroad damage today at Rhome, fifteen miles north of here. Reports of storm damage at Tioga, north of Rhome, were also received.

The storm damage was heavy at Weatherford and throughout Parker county, where the loss is expected to run into several thousand dollars. The round house of the Mineral Wells road was damaged and numerous barns and small houses unroofed.

U. S. FILES CLAIMS FOR MILLIONS OVERPAID ON WAR CONTRACTS

DETROIT, April 17.—The bankrupt Lincoln Motor company's creditors' hopes fell today with the announcement that the United States government would file a claim for \$9,118,561.98 due it on overpaid war contracts.

Earl J. Davis, United States district attorney, received the papers in the case from Washington this morning and is preparing them for service. He will file the claim with the Detroit Trust company, receiver, tomorrow morning.

RANGER NEEDS MORE HOMES!

Realty Man Says Lack of Them Is Holding Up Growth of City.

More than a score of families, many of them former residents of Ranger, have moved or returned here within the last sixty days. Others who have been living in makeshift quarters are looking for permanent homes and the demand for both rental and sale property in good dwellings is increasing each day.

There are few if any good houses to be had in Ranger at the present time that are either listed for sale or rent, Mr. Maddocks said, and he was of the opinion that new houses must be built at once if Ranger is to get the new families who want to come here to live. There are plenty of shacks available, but no demand for them, Mr. Maddocks explained.

Conditions in Ranger, he said, have not only improved wonderfully during the last few months, but this city is rapidly becoming known throughout the section as a home city as well as a purchasing depot for the district.

FAMILY FUSS IN PANHANDLE FATAL TO TWO

DUNCAN, Hartley County, Texas, April 17.—John P. Miller, a wealthy merchant at Alma, a small town twenty-eight miles east of here, was shot and instantly killed today at his home. Miller's brother-in-law, named Turner, then turned the gun on himself and is thought to be fatally wounded.

SEVEN KILLED BY TORNADO IN ILLINOIS TOWN

SPRINGFIELD, Ill., April 17.—Seven were killed, four are missing and eighteen were injured in a cyclone which struck Irvington, a coal mining town of 250 population, six miles south of Centralia, early today, according to reports reaching Adjutant General Black. The report was made by Omar McMacklin of Irvington, who had been requested to send information.

PUBLIC NOT WORRIED ABOUT COAL STRIKE

WASHINGTON, April 17.—The present mine strike has cut coal production much more than did the great coal strike of 1919, official figures of the United States geological survey revealed today. The effect on the country, however, is much less than during the first two weeks of 1919.

KU KLUX DONATE.

BEAUMONT, April 17.—Eight masked and robed figures marched into a church at Sour Lake last night, where revival services were under way, and handed Evangelist Day a note containing \$100. The note was signed by Klan No. 98. It stated that the money was to be used to meet the needs of carrying on the services. Fourteen hundred persons were present at the meeting.

MORE WORK, NOT HIGHER PAY, IS NEED OF MINERS

Russell Sage Foundation Says It Is More Important Than Wage Increase.

NEW YORK, April 17.—The Russell Sage Foundation, in a lengthy report on "The Coal Miners' Insecurity," made public Sunday, holds that no satisfactory agreement of a permanent nature on wage rates can be reached between miners and operators in the bituminous coal industry until steps have been taken to curb what the report describes as "the over-development of many more mines than are required to supply the country's needs."

Estimates of the cost of living prepared by Prof. W. F. Ogburn of Columbia university, to be presented by the United Mine Workers to the Bituminous Coal Commission, showed that in January, 1920, \$1,603 was required to provide a "minimum of subsistence" for a family of five.

Conditions in Ranger, he said, have not only improved wonderfully during the last few months, but this city is rapidly becoming known throughout the section as a home city as well as a purchasing depot for the district.

One Source of Employment. "Facts about miners' earnings and the suffering which unemployment causes in their families can be understood only if conditions of life in a mining camp are known. In many mining communities the mine is the only place of employment. To find another job in dull periods means moving to another town. Moreover, a miner's family lacks the economic safeguards of life in a community with several varied industries in which other members of the family, including wives and daughters, find work. For many coal miners this resource is lacking. The coal industry necessarily becomes responsible for insuring sufficient income to the men in the mines to maintain their families throughout the year."

Minimum Work Year. "The miners in the soft coal industry might well ask for a guaranteed minimum of employment as the basic need, taking precedence over wage adjustments this year. The necessity for regarding a reasonable minimum of employment as a fixed charge upon the industry would probably make operators more reluctant to open new mines or to enlarge unduly those already open. To make employment regular is important not only for the standard of living of the miners' families but for the economic conduct of the industry. Capital, as well as men, is wastefully used when money and energy are invested on a scale to produce much more coal than is required. The public, the operator and the investor and the coal miner, have a common interest in making bituminous mining efficient and economical."

Texas Gets Another Big Slice of Government Loans. WASHINGTON, April 17.—The approval of eighty-four advances for agricultural and livestock purposes, aggregating \$2,722,000 were announced today by the War Finance Corporation. The advances included \$300,000 for Oklahoma and \$274,000 for Texas.

# WHEAT JUMPS TO NEW HIGH LEVEL IN CHICAGO PIT

### Rumor of Armour Shortage Causes Wild Buying Scene at Opening.

CHICAGO, April 17.—Amid wild scenes in the pit, wheat for May delivery continued to advance on the Chicago board of trade today. On the report that Armour interests were short millions of bushels and trying to cover, there was a mad rush to buy.

After opening at \$1.43 1/2 up 1/4, quotations on May wheat shot upward so rapidly that it was some time before any settled prices were obtained. It went up 3 or 4 cents a bushel in a few minutes.

# HIGHLAND PARK HOME BURGLARIZED SUNDAY

The residence of L. C. Colbert in Highland Park was burglarized some time Sunday and a worsted suit and gladstone bag carried off. A reward of \$25 for the recovery of the stolen articles or information leading to the recovery is offered by Mr. Colbert.

Police state that search warrants were used in making a search for the stolen articles yesterday.

# M'CORMICK RESTS WELL

NEW YORK, April 17.—"Mr. McCormick is sleeping comfortably and we are hopeful," was the statement issued from the bedside of the noted Irish tenor, this morning. McCormick has been near death for the past week from an infection of the throat.

COLUMBIA GAFONOLOS and APRIL RECORDS are now on sale at  
McELROY GLASS AND FURNITURE CO.  
411-13 Main Street Phone 400

# WATERSPOUT CHASES HUGE OCEAN LINER

NEW YORK, April 17.—The story of a gigantic waterspout which chased the Cunard liner Carmania half an hour and then suddenly subsided when it was almost upon the herd-driven ship, was told by officers and passengers when she arrived here after a round trip to the Near East.

The liner was about 800 miles out of New York when the spout was sighted. For a time, they said, it stood still while Captain G. W. Melson, after pronouncing it a big waterspout, ordered the liner ahead at full speed. At almost the same moment, the spout seemed to take wings and rush after the big ship.

At first passengers thought it just a wonderful phenomenon. They began to bet on its speed, on whether it could catch the boat or pass it. Then as it towered in the Carmania's wake, gaining rapidly, it suddenly occurred to the passengers that it carried certain death with it—that the race was one for life.

The spout continued to gain until it was almost on the ship. The passengers huddled, awe-stricken, along the decks watching the oncoming mass of water. It had only to reach out for the ship—and it subsided as suddenly as it had risen. Five minutes later there was nothing to show there had been any disturbance of the placid ocean.

# HAYNESVILLE RULED BY MOB SUNDAY NIGHT

HAYNESVILLE, La., April 17.—Comparative quiet has been restored here today after a night of excitement during which a mob of several hundred men virtually ruled the city, stormed the jail in search of Ralph Coleman, roughly handled several negroes and ordered undesirable to leave town.

# STRIKES DEPLORED BY UNION LEADERS

EL PASO, April 17.—The Texas Federation of Labor convention in open session here today was told that the strike was a weapon that should be used only as a last resort. The speaker was W. J. Moran, president of the El Paso Bricklayers union, and one of the leading union men in the state.

# LARGE CROWD ATTENDS FUNERAL OF HORNSBY

TEMPLE, Texas, April 17.—A crowd estimated at between 3,000 and 4,000 persons attended the funeral services for George F. Hornsby, who was executed in Belton Friday for the murder of J. N. Weatherby, wealthy automobile dealer of Brownwood, in October, 1920. Many

persons who are said to have believed Hornsby was innocent sent floral offerings.

THE WEATHER.  
Tonight fair, colder; frost in north portion. Tuesday fair.

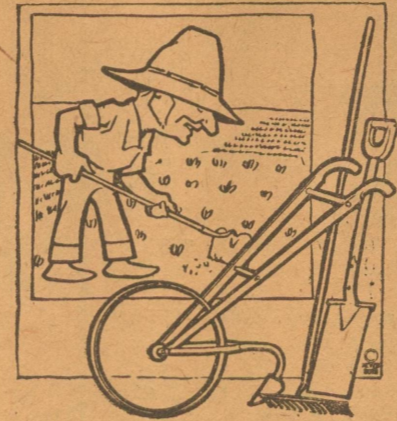

# GOOD ROAD ADVOCATES ORGANIZE STATE BODY

AUSTIN, April 17.—Good roads advocates from all over Texas are in session today for the purpose of forming a state association to take

over the work of a number of local road and highway associations. Over 200 representatives were present when Judge Hugh L. Small of Fort Worth, Tarrant county, called the meeting to order in the senate chamber.

Stating the object of the meeting, Small said that by having one central body a statewide road system would be more rapidly accomplished

and Texas would have a far better chance of securing federal aid than through so many organizations. Politics and special interests will be eliminated from the state association, he said. The organization, which has been endorsed by Governor Neff, will be named the Texas Highway association. W. V. Crawford of Waco, was elected president.

# CLEAN UP!

### Take Care of Your Garden and Your Lawn, Make It Easy on Yourself

Get pleasure, recreation, satisfaction and exercise by working your garden and lawn. You can do this only by using the proper tools. Don't work with old, worn out tools. ### KIRBY WILL ERECT BUILDING AT BRECK

BRECKENRIDGE, April 17.—J. H. Kirby, lumber and oil man of Houston, has purchased the corner lot at Breckenridge and Walker street for the sum of \$12,000 and will erect a three-story office building there this summer. The location is considered as the hub of the business district and the building is to be constructed for a department store on the first floor and the upper floors cut up into offices.

### HUSBAND SHOTS WIFE FOR BURGLAR

ENDERSON, Texas, April 17.—The little town of Tatum, this county, was the scene of a tragedy this morning at 2 o'clock when C. E. Donegan shot his wife to death, mistaking her for a burglar. Mrs. Donegan had gone to an adjoining room to investigate a noise and was in the act of raising a window shade when her husband was awakened, and, taking his wife for a burglar, shot one time with a pistol, the bullet piercing her heart. Mrs. James J. Davis, wife of the secretary of labor, in Washington, is the youngest of the cabinet hostesses.

**LESSENING THE WASTE.**

The hearing before the state railroad commission on April 26, to determine whether carbon black plants should be permitted to use gas which is being wasted after passing through the casinghead plants, promises to be of considerable importance in the growth of oil field industry.

Carbon black plants have been prohibited in this field since its inception; therefore there is but little knowledge of the scope and value of the industry—the remuneration to royalty owners, the plant construction and operating costs and the like.

Presumably, the profits are not in proportion to the value of the gas required, or the railroad commission would not have barred them from the state. But it has nevertheless long been an argument among boosters that where gas is being wasted anyway, its use in these plants would at least minimize this waste by extracting a substance of value from gas that is now becoming merely a part of the atmosphere. There would seem to be merit to the argument, regardless of whether the commission is right in forbidding the use of gas fresh from the wells. It would seem so meritorious that oil field communities could well join in pleading for an abatement of the commission's present ruling.

Monroe, La., where there is no restriction on such plant, is said to have built up a prosperous commerce through them. The same probably would be true in North Central Texas, if the plants were allowed.

Senator France cast the only vote against the ratification of the naval treaty. His only other distinction was acquired by going to Russia and hobnobbing with Bolshevism.—Toledo Blade.

Notwithstanding all of the deprecatory comments on the new woman, the fact that she does not clean house the way her grandmother did is absolutely to her credit.—Detroit Free Press.

France still wants to sell us wine for medicinal purposes. Unfortunately, we have almost forgotten what all our ailments were.—Kansas City Star.

That Emma Goldman does not like it is the only feature favorable to Bolshevism that has come under our observation.—Pittsburgh Gazette-Times.

What has happened to the old-fashioned man who could "take it or leave it alone?"—New York Telegraph.

Margot is going to write a book about America; depend on it, she will be candid.—St. Louis Globe-Democrat.

Free love has been known to deprive its devotees of their freedom.—Knoxville Journal and Tribune.

**DOG HILL PARAGRAPHS**  
By GEORGE BINGHAM

It was known that the Mail Carrier was approaching for quite a while before he reached here today, as Jeff Potlocks heard him sneezing.

Slim Pickens created considerable wonder and a good deal of speculation last Sunday by the peculiar rattling noise he made as he walked around, and which turned out to be caused from two sheep bells he carried in his pockets.

Cricket Hicks reports that the Rye Straw store was so crowded this morning there was not any room for any more room.

**PETROLIA OPERATOR ASKS VACUUM PERMIT**

WICHITA FALLS, April 17.—For the first time since the rule regulating the use was announced by the state railroad commission, an application for the use of a vacuum in the operation of producing wells has been filed with the state commission by the Developers Oil & Gas company, local operators. A rule announced by the commission several months ago provides that the vacuum can not be used except where the fields are depleted and it is necessary in order to continue commercial operation.

The application which the railroad commission said was the first they had received, asks that the petitioner be allowed to use the vacuum in the operation of their wells in the Petrolia field. The Texas company, which has wells on an offsetting lease, joins with the company in asking for the permit. The commission has set Wednesday, April 26, for the hearing regarding the petition and has invited all operators in the Petrolia field to attend.

The vacuum was in general use in the older fields here before the rule was announced. It is aimed to regulate its use in the new fields of the state.

EASTLAND, April 17.—The States Oil corporation is now drilling eight wells in the Pioneer field. Other wells are being drilled in the Lake Eastland district by this company and by the end of this month the operations of the States in the Eastland district will show twelve or fourteen strings of tools running. This is the greatest activity here for this company for several months.

**GOVERNOR 'SAVES SOUL' THROUGH PINOCHLE GAME**

LINCOLN, Neb., April 17.—Winning souls by his powers as a pinochle player is the modern method adopted by Dr. S. L. Clemmons, pastor of the fashionable First Methodist church of this city.

The latest "beneficiary" of Dr. Clemmons' game is S. R. McKelvia, governor of Nebraska.

Governor McKelvie met the pastor as "Mr. Clemmons a few weeks ago on a train. The governor suggested a game of pinochle, and lost steadily for several hours. Dr. Clemmons, in refusing to accept the winnings, revealed his identity and made the suggestion that they play one more game to see whether the governor joined church.

McKelvie accepted, and, to use his own expression, "lost the game, but saved my soul."  
The governor was baptized Easter Sunday as a member of Dr. Clemmons' congregation.

**STAGE LINE PLANNED TO FIELD**  
EASTLAND, April 17.—Plans are being perfected for the establishment of a stage line between Eastland and the Pioneer pool in the southwest corner of Eastland county. The demand for such a facility is growing daily with the increase in travel from this point to the new fields. The roads between Eastland and Pioneer are good and the automobile stage line should be able to make the trip in a short time. Several stages each day are to be arranged.

**COLQUITT COMPANY TO DRILL ANOTHER WELL**  
EASTLAND, April 17.—Arrange-

ments are being made by the Great Southern Oil company, of which former Governor Colquitt of Dallas is president, to drill a third well on its lease north of Eastland. The No. 1 well on this lease is being worked over with every prospect that it will become a good producer again. Governor Colquitt was here Saturday looking after the work on the company's property, in which he has recently increased his holdings.

Lodge calls it a bogus bonus bill. Does he mean it won't pass?—Greenville Piedmont.

## NITROS GANG KNOCKS; BEAT P. O. & G. EASILY

Chick Hannan and Florence Hughes Succeed in Riding Two Ranger Buckers.

Ganging twelve safe blows fore and aft of some dozen walks and half as many errors, the Nitros trimmed the Prairie Oil & Gas (pipe liners take notice) team yesterday afternoon at Nitro park, 19 to 0. It was the Prairie Coyotes' first game, as was noticeable in their hitting. Only three safe knocks were made off Roberts and Gordon, and the Nitro opponents were seldom in scoring position.

Following the ball game, Red Kelly's two bucking horses, Midnight and Two-Step, lost at least technical decisions to Chick Hannan and Florence Hughes, in contests of brief but violent action.

The populace failed to turn out in park-jamming numbers for the double entertainment, but those who responded to the invitation seemed to get their money's worth—especially the Prairie pipe line crew. The Producers' team seemed to be just as popular with them as Jesse James would be at a Sunday school convention.

Looks Like Pitcher.

Groves, the Prairie hurler, pitching his first time this year, got by nicely in the first inning, exhibiting a side-arm and an overhand delivery that promises to be effective in oil amateur circles. Thereafter, he lost control and the thumping began, the Nitros counting a quartet of tallies in each of the next three innings. In the fifth he was replaced by Smith, whose wildness made Groves look tame, and six men counted in one-third of an inning. Then Holden volunteered and tamed his teammates for nearly two innings.

Huffman again wielded the Nitros' big stick, laming out four safeties in five trips to the plate, while Roberts collected two knocks, one of them a homer, and Bellwashed a drive under the clubhouse at a time when the pillows were packed. All players except Plumlee and Gordon manufactured a safety some time during the mele.

Score by innings:  
Prairie . . . . .000 000 0—0 3 5  
Nitros . . . . .144 460 x—19 12 2  
Batteries—Roberts, Gordon and Clayton; Groves, Smith, Holden and Seale, Albright.

Rodeo Events.  
Frank Huffman of Laredo, who is a familiar figure in rodeo circles, did the announcing for the riding and roping exhibition. He is on his way to Abilene with a troupe of rodeo experts.

Calf roping honors went to Allan Holden of San Angelo, holder of the worlds goat roping title, in 22 seconds flat. Holden is here visiting relatives. Wade Swift was second in 36 seconds, and Kelly, the only other contestant, missed his cast and was disqualified.

Trick roping by Florence Hughes and Eugene Reynolds, ranging from hanging by one foot to standing in the saddle, thrilled the crowd, and after the furious bucking in which Mrs. Hughes and Hannan successfully topped their mounts, Hannan bulldogged a steer in the most exciting event of the afternoon. He made a flying lunge from his horse's back to the steer's neck while running at full speed, and after some tussle in which the steer seemed about to win, stretched the animal on the ground. Mrs. Hughes and Hannan will take the two horses to Pioneer and Cross Plains for exhibitions this week.

## LEAGUE PUTS VISITORS' PAY ON PER CENT

The league guarantee rule was changed from \$75 flat to \$75 with an option of 22 1-2 cents on each ticket sold, at a hectic meeting held Saturday at Sweetwater, Abilene and Amarillo held out firm for the flat guarantee, even going so far as to say they would withdraw from the league if the rule was changed, while Sweetwater and Lubbock affirmed unqualifiedly that they would have to drop out unless the change was made. As a result of the argument, the rule was changed, but Amarillo would not make final decision on acceptance until today. It is not believed that the Amarillo club will drop, however, as it has gone too far to back down now, and their losses thereby would be much greater than the few dollars they will pay out above the guarantee.

Two loving cups will be awarded this year for opening attendance, President Northern announced, the towns being classified in two groups. Ranger, Abilene, Amarillo and San Angelo, the larger towns will contest for one cup, while the other will go to Sweetwater, Stamford, Clovis or Lubbock.

Pitchers Trammell and McCann, who came here on an optional agreement, were returned to the Swatters last night. This reduces the Nitro squad almost to the limit. One pitcher and one catcher are yet to be cast adrift, and there is a possibility of an infielder and pitcher arriving from other leagues to contest with those now approaching payday.

Mrs. Ralph Smith, member in the British Columbia legislative council and the first woman cabinet member in the British empire, has resigned, stating that she felt she could no longer assume responsibility for acts of the government.

## SWEETWATER TO HAVE SEVEN OF 1921 TEAM

Special to the Times.

SWEETWATER, April 17.—In spite reports of the contrary, Sweetwater will open the 1922 baseball season on April 20 with far more enthusiasm shown than at any time since her entrance into the West Texas league. The club officials announce that the season ticket sale was highly satisfactory and with the bitter experience of 1921, plus the fact that the club is absolutely clear of debt and has a well equipped park, not to mention the reduced salary expense makes the present season loom as the most prosperous.

Manager Popboy Smith will again pilot the team and after trying and weeding out numerous tossers of varying ability, has lined up what appears to be the strongest team he has ever bossed.

Seven of last year's men will be with the club at the start. In addition to this, Manager Smith has uncovered two likely looking recruits in Pitcher Mark Hanna, of Blackwell, and Shortstop Moore, who hails from Floydada. His probable line-up for the opening game will be: Pipkin catching, Fleharty pitching, Anderson first base,

Mason second base, Moore shortstop, White third base, and Thrash, Richburg and Gressett in the outfield. Smith's entire pitching corps, which appears to be exceptionally good, consists of Fleharty, Word, Richburg and Munger of last season and Brooks, Summers, Singleton, Hanna and Gressett as newcomers. This list will of course be whittled down before the season is many days old.

Boss Smith, while not claiming any pennant, has no hesitancy in declaring that he expects to finish one-two-three.

## AMARILLO WINS FROM SWEETWATER, 23 TO 16

AMARILLO, Texas, April 17.—The Amarillo Grays, aided by a high wind and errors on the part of the Swatters won a slugfest here Sunday 23 to 16.

Score by innings— R. H. E.  
Sweetwater .300 222 007—16 23 6  
Amarillo .400 162 37x—23 23 1

Batteries—Summers, Brooks and Pipkin; Thompson, Haynes, Byers and Hennesly.

WASHINGTON, April 17.—The state department is understood to be preparing to call the attention of the senate labor committee to the usual diplomatic immunity of ambassadors, in connection with the serving of a subpoena on Boris Dakmetoff, the accredited Russian ambassador here, to testify in the investigation of the affairs of General Semenov.

## THE MERRY JOURNEYS OF MARY JANE

The Queen of the Butterflies Goes Shopping with Mary Jane

"I have to buy a new diamond necklace for Queen Mab," said Queen Golden Wings to Mary Jane

ONE day Mary Jane met Angelique Golden Wings, Queen of the Butterflies, who had great golden spots all over her velvet brown wings and eyes that shone like diamonds.

The Queen said, "Mary Jane, I have to buy a new diamond necklace for Queen Mab, for when she gets married next month. Come with me and help pick out a good one."

Mary Jane said she would be very glad to. So they went together down to where the little spring bubbles from under the roof of an old elm tree, and they watched the diamonds being made by Old Mother Nature.

All of a sudden Mary Jane called Winnie Wigglefoot, the wood nymph who had charge of the diamond manufacturing, and they told her what they

wanted, and they pointed out a diamond.

And Winnie Wigglefoot said, "You are perfectly welcome to anything in my shop."

So they wrapped the diamond up in a beautiful green leaf and took it back with them. When they passed Mary Jane's house the Queen of the Butterflies said how very hungry she was, and how she would love to have some delicious Mary Jane Syrup for lunch.

Mary Jane went into the house and brought out a pitcher of Mary Jane Syrup and poured out a lot on a leaf for the Queen of the Butterflies to sip, and spread a great big piece of bread for herself. Then they sat down and had a regular feast, while they planned what kind of a dress they would wear at the wedding of Queen Mab.

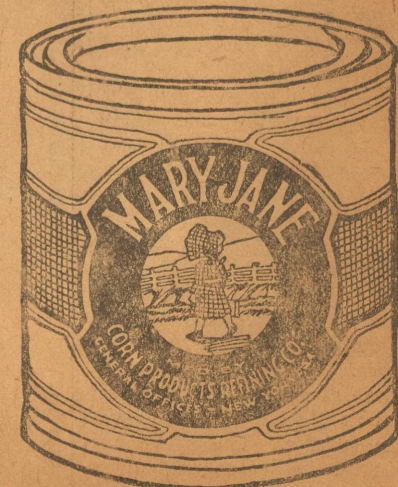

FREE For all children. The complete set of 12 NEW Mary Jane Fairy Tales, beautifully illustrated, sent free on receipt of one Mary Jane label taken from a can of Mary Jane Syrup. Write the Corn Products Refining Company, Dept. A, Argo, Ill.

## Only Two Things Can Do It

to make your mouth water. One is sliced juicy lemon, and the other is sweet, delicious Mary Jane Syrup. Perfect on pancakes, hot biscuits, corn bread and as a spread for the children when they come home for lunch.

Go to your grocer today and ask him for a can of Mary Jane Syrup. When you say "Mary Jane" to him, he will know that you are an excellent judge of quality syrup.

### TILDEN IS SLIPPING FAST AS NET STAR

NEW YORK, April 17.—Lawn tennis players have experienced two stupendous surprises. The most important is the defeat of "Big Bill" Tilden by his young protege of other years, Vincent Richards. This thing that happened in Philadelphia is providing food for thought.

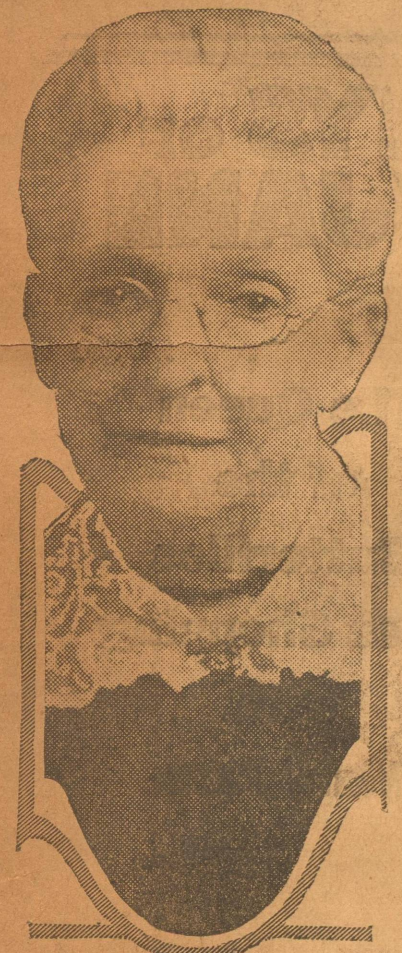

The thought takes the form of a question: Is Tilden slipping?

Those who saw Tilden on his recent appearance at the Seventh regiment armory in this city during the progress of the national indoor championship were inclined to regard the world champion as far from condition. Now along comes Richards, himself only partially recovered from pneumonia, and zip, he trims Tilden up for a 2-6, 6-1, 6-4 score on board courts that are admirably suited to the style of the famous American.

Tilden looked drawn, wan and haggard when he was here a few weeks ago. His physical appearance, and the fact that he seemed to have lost weight was remarked by a number of persons. Now the fact that Richards masters him gives some uneasiness that Tilden may not be in his old form when the defense of the Davis cup rolls around next September.

The opinion prevails among a number of those who have critically watched Tilden that he touched the zenith of his career a year ago. Following his return from England, Richards defeated him in the final of the Rhode Island state championship, at Providence. Then, after the All Comers, the champion bowed to James O. Anderson, the giant Australian, and to Lawrence E. Rice, the former Yale star. The latter already gives promise of being one of the sensations of the coming season. Anyway, if Tilden is not slipping, he assuredly is not on his game.

MRS. MARY A. SPENCER, of Watertown, N. Y., aged 75, who declares she gained fifteen pounds on Tanlac and feels just fine all the time. Was in badly run-down condition.

"Just think of it, at seventy-five years of age to be made well and strong again and gain twelve pounds in weight, but this is exactly what I did after taking Tanlac. Not only that, I feel years younger," said Mrs. Mary A. Spencer, East St., life-long resident of Watertown, N. Y.

"For over a year I was in a terribly run-down condition and I was so nervous and restless that many a night I would hear the clock strike every hour. I was able to eat very little and lost strength right along, finally becoming so weak I could hardly walk from one room to the other.

"On account of my age I thought my declining health was natural, but Tanlac has proved that I was mistaken. I can do all my own housework now, I sleep all night long, wake up in the morning feeling refreshed and just feel fine all the day long. Tanlac can't be praised too much."

Tanlac is sold in Ranger by Phillips Bros., and in Eastland by the Palace Drug Store.—Advertisement.

#### DON'T WORRY ABOUT EMPLOYMENT IN FUTURE

The Publishers' Typesetting School at Macon, Ga., can solve the problem for you. Write for information.

To be sure of a chance to earn a living should be your chief consideration. Without it, your wife will be a failure. To have a trade or profession is absolutely essential unless you are to live from hand-to-mouth—unless you are to be uncertain at times whether you can get the necessities for existence.

The course of study in the typesetting school at Macon, Ga., is getting remarkable results. The diploma is accepted in the trades as the equivalent of an apprenticeship. The publishers of this paper will gladly advise with you if you want to go into the work. Write TYPESETTING DEPARTMENT, GEORGIA-ALABAMA BUSINESS COLLEGE, MACON, GA.—Advertisement.

### TUNNEL UNDER OHIO TO CUT COAL FREIGHTS

BELLAIRE, Ohio, April 17.—The Ohio river no longer is to be a barrier between coal mining operations in Ohio and West Virginia.

Three big coal companies opening up the Powhatan district in the extreme southeastern part of Belmont county, Ohio, and the contiguous district on the West Virginia side already have developments well under way or outlined to tunnel under the Ohio river and deliver their products at the surface, either on the Ohio or West Virginia side as the route of shipment contemplates.

An advantage of 45 cents per ton in shipping charges will accrue by using the tunnels—a saving of 25 cents per ton on some rates and 25 cents per ton bridge charges. If coal mined on the Ohio side is destined for shipment east, it will be taken through the river tunnel and loaded on the West Virginia side, thus saving the bridge charge, also the zone differential. Likewise, coal mined on the West Virginia side, but destined for points west, will be taken through the tunnels to the Ohio side, again saving the 45 cents differential.

The Young Women's Christian association of the United States has a membership of more than 500,000.

### NEGRO HIGH SCHOOL STUDENTS BUILDING HOUSE WITHOUT AID

AUSTIN, April 17.—The carpentry class of the department of industrial training of the Victoria negro High school at Victoria has almost completed the first school building ever constructed in the state by negro boys. The class, according to N. S. Hunsdon, director of the department of industrial education of the state board for vocational education. The boys tore down two old buildings and used

the materials to construct the new two-story, four-room building which will be used to house the home economics classes of the school and for shops for the carpentry course work. The only materials purchased by the boys were some outside weather boarding, paint, shingles and some flooring.

### HUSBAND LIVED WITH WIFE AFTER SECRET DIVORCE, SHE DECLARES

DENVER, April 17.—Less than a month after Roderick Nichols maintains he was granted a divorce in Corsicana, Texas, he returned to his former wife and without informing her he had been given a decree importing her to live with him again and she consented, it is contended by Mrs. Callie Nichols in an answer filed here in district court.

An entirely new matrimonial tangle is presented to the court by the Nichols case, attorneys say, involving whether a divorce decree automatically annuls itself if the parties resume life as man and wife.

Mrs. Nichols filed suit for divorce here March 11 on grounds that her husband had a petulant temper, committed bodily violence upon her and had failed to support her for a year. She obtained a temporary order restraining Nichols from leaving the state before trial of the cause.

Nichols then came into court with the reply that he was not the husband of Callie Nichols, that he was divorced from her in Corsicana, Texas, May 17, 1920, and hence the restraining order against him was based on misrepresentation.

Mrs. Nichols now rejoins that if her husband obtained a divorce in Corsicana she knew nothing about it and that on June 12, 1920, twenty-six days after he says the decree was granted, he came to her in Denver, beseeched her to live with him and that she proceeded to do so until Feb. 2, 1921, when, she says, they again quarreled.

Mrs. Nichols asserts there was common property of the pair that was never distributed by any court order and that if her husband was divorced he violated the terms of the decree by returning to her as her husband.

Mrs. E. H. Harriman, widow of the railroad magnate, has given \$10,000 to the Red Cross.

### FRENCH PRIDE DEMANDS TREATY RESERVATIONS, THO NONE ARE DESIRED

PARIS, April 17.—The temper of the French parliament is to adopt some reservation to the Washington

### WILLIAM HOWARD TAFT GETS GOOD LAUGH

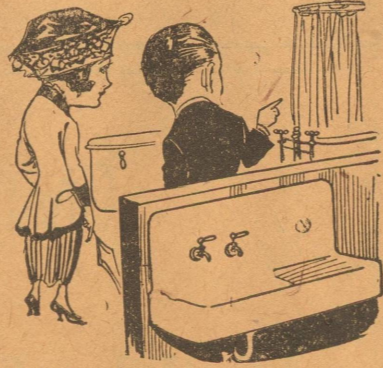

William Howard Taft, former president, now chief justice of the United States supreme court.

forth earnestly the reasons for ratification of the treaties. The attitude of the administration will be expressed somewhat like this: "Here are the treaties. They are admirable, and we recommend them; but it is for you, gentlemen of the senate and chamber, to decide."

M. Poincare had nothing to do personally with making the treaties. He accepted them as a legacy of former Premier Briand's policy on this subject and he supports Minister of the Colonies Sourat, whom he retained from the Briand cabinet.

Prescriptions accurately compounded by a graduate and Registered Pharmacist.

We ask a liberal share of your business and guarantee satisfaction.

### Ask your neighbor about his SPECIAL-SIX

THE SPECIAL-SIX should be the best car in the world for the money—and it is! It's the sum of great engineering and manufacturing resources—millions of dollars in factories and machinery, and 70 years of manufacturing experience.

With these resources concentrated exclusively on the building of six-cylinder cars, it is no wonder that Studebaker produces a car of such intrinsic value as is represented by the SPECIAL-SIX.

It is the Studebaker policy of giving the greatest dollar-for-dollar value that has built its business from a modest beginning to its present position as the world's largest builders of six-cylinder cars.

We urge you to see the SPECIAL-SIX—drive it—put it to any test. Ask your neighbor's opinion of his Studebaker. Compare it with any other car within hundreds of dollars of its price. Then you will know why it is the most popular motor car on the market today.

—No wonder every Studebaker sells another!

OIL TAX UPHELD

WASHINGTON, April 17.—The Georgia state law requiring the testing and inspection of heating and illuminating oils and levying a test

tax of \$40 on the car was upheld today by the supreme court. The court denied the contention of the Texas company that the tax was arbitrary and imposed an injurious burden.

Georgia raises a considerable share of her school funds under this law.

SOCIETY AND WOMEN'S ACTIVITIES

Conducted By MRS. R. B. CAMPBELL Telephone 418

TUESDAY.

Young School Parent-Teachers' club at 4 p. m. Child Welfare club at the Gholson. Twentieth Century club with Mrs. Saunders Gregg. Amusu club's miscellaneous shower at Mrs. Moyer's. Rebekahs in the evening at the Odd Fellows' hall.

PROGRAM FOR PARENT-TEACHERS' MEETING.

The Parent-Teachers' meeting of the Young school will meet Tuesday afternoon at 4 o'clock, at which time the following well arranged program will be rendered:

Paper, "Politeness in the Home," Mrs. A. N. Stubblebine; Mrs. Street's room will entertain with several numbers; reading, La Vora Chambers; reading, Margaret Dillingham.

NOTICE, EASTERN STAR MEMBERS.

The regular birthday party scheduled for tonight has been postponed until May 1 on account of there being some initiations tonight, as well as other business.

POLYANNAS HAVE EGG HUNT.

Miss Clara Shipp of 607 Strawn road entertained her Sunday school class, the Polyannas of the Christian church, with an egg hunt at her home Saturday evening from 6 to 7 o'clock. Eggs were hidden around the house and yard and there were many "glad" Polyannas when the hunt was over, as they all found a number of pretty eggs. However, the gladdest one was Lucile Rush, who found the largest number and received as a prize a box of chocolates. The gold egg, filled with candy and a chicken, also brought gladness to the finder, Zada Walton. Tiny chickens, tied with baby ribbon were given as favors, as were candy eggs and cake eggs.

Those present were: Edith Dennis, Maude Shaw, Mattie Ben Shipp, Diana Harkrider, Lucile Rush, Marie Crutsinger, Marie Hudson, Zada Walton, Allie Walker, Edna Shaw.

THEATRE PARTY.

Honoring six of her school friends, Mildred Berry entertained with a theatre party at the Majestic Saturday afternoon, in honor of her thirteenth birthday. The program was greatly enjoyed by the party and after it was over they went over to the Texas, where they were served delicious refreshments. Here an Easter favor were given each guest.

Upon bidding their hostess goodbye, each declared that they had had a most pleasant afternoon and wished her many happy returns of the day. Those enjoying this nice affair were: Greba Ramsey, Iola Lee, Winifred Eaton, Nancy Bailes, Elizabeth Barrett and Lucile Buchannon.

ANOTHER EASTER EGG HUNT.

In order that the little ones should receive their share of Easter pleasure Mrs. S. B. Plummer, assisted by several other ladies, took her Sunday school class, the primary department of the East Ranger Baptist church, out on the creek Saturday afternoon, where they enjoyed an egg hunt. Little Peggy Smith found the most eggs. Games were played after the egg hunt and a pleasant hour spent in the woods.

PURELY PERSONAL.

L. J. Marks has returned from a trip to Fort Worth.

Dr. Wm. Campbell, Wilson Campbell, J. Wesley Hook and Preston Martin from Weatherford, spent yesterday in Ranger.

Mrs. C. N. Ochiltree leaves today for Cash, Okla., where she goes to visit her mother and sister. She will be away about ten days.

Miss Elizabeth Moffett, who is attending school at Norman, Okla., and her brother, Willard Moffett, of Wichita Falls, are spending Easter with their parents, Mr. and Mrs. C. H. Moffett.

TEXAS U. SPEAKER WINS STATE ORATORICAL

SHERMAN, Texas, April 17.—The annual competition of Texas colleges in oratory, held in Sherman hall at Austin college Saturday evening, resulted in a tie grading by the judges between Judson Francis, representative of the state university, and E. C. Calhoun, representative of Southwestern university, Georgetown, and the awarding of first place by the executive committee of the Texas State Oratorical association to the state university representative.

SEVEN INJURED FIGHTING PAINT FIRE AT PARIS

PARIS, Texas, April 17.—Seven men were injured, one seriously, when fire destroyed the W. E. Hogue paint shop in the business section here today. Eight automobiles stored on the first floor, also were burned. The loss is estimated at \$20,000. W. G. Chappell, superintendent of the paint company was most seriously injured. He was trapped by flames and rescued by the firemen. Six firemen were cut by flying glass

'AMNESTY CRUSADERS' ON WAY TO WASHINGTON

ST. LOUIS, April 17.—The "amnesty crusaders" started their march on Washington today in an effort to bring about the release of relatives from political prisons. Twenty-four women and children from Missouri, Arkansas, Texas and Oklahoma boarded the New York Central train for Terre Haute, Ind., the first lap of the journey to Washington, where an attempt will be made to gain the ear of President Harding to plead for the release of the men now held for war-time violations.

WEST TEXAS LEAGUE OPENS THURSDAY

Schedule of West Texas League for 1922 Season---Keep This

Table with columns for teams (Amarillo, Clovis, Lubbock, Sweetwater, Abilene, San Angelo, Stamford, Ranger) and their respective schedules for the 1922 season.

NEIGHBORS ASKED TO HELP RANGER WIN ATTENDANCE CUP

Come Out and Make the "Nitros" the Oil Field Team, Not Just Ranger's Team, Is Invitation of Baseball Boosters.

The West Texas league season opens Thursday, April 20. On that date, Ranger plays Lubbock, at Ranger, and is asking the co-operation of all neighboring cities in an effort to capture the cup given by the league president for the largest opening day attendance.

To deliver that invitation, and furthermore, to invite all people of this section to feel that the Nitros are their own team and to make its support a community enterprise, is the mission of Ranger baseball fans who today are making a tour of Eastland county, the trip embracing Desdemona, Gorman, Carbon, Mangum, Cisco, Eastland and Olden.

They especially ask attendance on opening day, because Ranger is competing with Amarillo, Abilene and San Angelo, representatives of the great cattle and wheat belts to the west, for the trophy to be given one of the four larger towns. And Ranger, as the only representative of the oil field section, believes that a good showing on this day will reflect credit upon the section as a whole, and not simply upon Ranger.

Therefore, the presence of all who can possibly make arrangements is asked, in order to offset any such impression.

Good Game Promised. Ranger, furthermore, invites residents of neighboring towns to come on that day to witness an enjoyable exhibition of America's national pastime. Both the Nitros and Lubbock, their opponents, have been in training for several weeks and are in shape for a fast exhibition. In addition, there is always a most strenuous effort to win the first game, which is bound to heighten the interest.

All Ranger stores and shops will close for the afternoon, in order that no one need miss the game. There will be a monstrous parade preceding the combat, and the band will be present to add to the celebration.

Remember, Thursday! Come to Ranger for the opening game, THURSDAY, APRIL 20!

Clip the league schedule herewith; you'll want it later!

The oil fields are coming back! Tell the world by showing how the oil fields support their ball team!

Last week, a similar trip was made to Thurber, Mingo, Straw, Caddo, Breckinridge and Parks Camp. Residents there promised their support. The same is asked from Eastland county, with whose welfare Ranger is even more vitally bound up, and to which copping the cup will be even more beneficial.

Eben D. Finney Takes Tucker's Place with Sun. Eben D. Finney, district superintendent of the Sun company, has been promoted to the assistant general manager of the company, succeeding George Tucker, resigned, it was learned today.

Mr. Tucker will go to Dallas to become general manager of the Sims Oil company. Mr. Finney will continue to maintain offices in Ranger.

Open Shop Movement in Fort Worth Courts. FORT WORTH, April 17.—The open shop movement, which has been smoldering here for the last month, was brought into court today when the proprietor of a motion picture theater who had adopted the open shop plan filed a petition for an injunction to restrain union members from picketing his theater.

OKLAHOMA TO GET DOUBLE RETURN FROM OIL PRODUCTION TAX. OKLAHOMA CITY, April 17.—Oklahoma's gross production tax on oil will more than double the estimate of \$1,600,000 from this source made by the state equalization board this year, State Auditor Frank Carter predicted today. He announced that up to April 1, \$2,361,303 had been collected on the tax.

Rate Reduction on Texas Cattle Expected. CHICAGO, April 17.—A considerable reduction in freight rates on range cattle from Texas may be put into effect in a few days, it was learned here today. A conference of cattle men and railroad officials has been in progress for several days. A slight reduction on cattle between points in Texas is also expected, but will be of little consequence, it is stated.

Kansas City Banker Held for Huge Forgery. KANSAS CITY, April 17.—Doy O. Douglas, secretary and manager of the Jackson County Savings & Loan association, from whose funds he is said to have misappropriated approximately \$450,000, was charged today with first degree forgery.

U. S. Files Claims for Millions Overpaid on War Contracts. DETROIT, April 17.—The bankrupt Lincoln Motor company's creditors' hopes fell today with the announcement that the United States government would file a claim for \$9,118,561.98 due it on overpaid war contracts.

U. S. Files Claims for Millions Overpaid on War Contracts. EARL J. DAVIS, United States district attorney, received the papers in the case from Washington this morning and is preparing them for service. He will file the claim with the Detroit Trust company, receiver, tomorrow morning.

Public Not Worried About Coal Strike. WASHINGTON, April 17.—The present mine strike has cut coal production much more than did the great coal strike of 1919, official figures of the United States geological survey revealed today. The effect on the country, however, is much less than during the first two weeks of 1919.

Public Not Worried About Coal Strike. BEAUMONT, April 17.—Eight masked and robed figures marched into a church at Sour Lake last night, where revival services were under way, and handed Evangelist Day a note containing \$100. The note was signed by Klan No. 98. It stated that the money was to be used to meet the needs of carrying on the services. Fourteen hundred persons were present at the meeting.

Public Not Worried About Coal Strike. STAMFORD, April 17.—City Chief of Police A. G. Sanders tendered his resignation Saturday and at a special meeting of the city commissioners, George C. Flournoy was elected to fill his place. The changes mentioned are effective May 1.

Public Not Worried About Coal Strike. STAMFORD, April 17.—City Chief of Police A. G. Sanders tendered his resignation Saturday and at a special meeting of the city commissioners, George C. Flournoy was elected to fill his place. The changes mentioned are effective May 1.

ATTEMPT MADE TO ASSASSINATE IRISH LEADER

Rebels Fire on Michael Collins and Attack Barracks of Free State Troops.

DUBLIN, April 17.—An attempt was made by republican rebels to assassinate Michael Collins early today and insurgents attacked free state posts in various parts of Dublin in ushering in "Black Monday," the anniversary of the 1916 Easter rebellion. The head of the provisional government was fired upon by assassins who rushed from insurgent headquarters, but escaped, and one of his assailants was captured.

Beggars Bush barracks was attacked by rebels at midnight but the assailants were repulsed by free state troops. Free state lorries carrying soldiers on patrol were fired on in various parts of the city. The provisional government's civil guards at Ballsbridge, a suburb, withstood an attack.

PAGEANT WILL SHOW WEDDING OF HOLY LAND

The opening program of the Palestine Pageant, a dramatization of the Twenty-third Psalm, was given last night at the Methodist church before a large audience that was deeply impressed.

Dr. Allan Moore, who is in charge of the pageant, will speak tonight on the entrance of former Emperor William of Germany into Jerusalem and on General Allenby's entrance into the Holy City. Following the address a wedding procession of some forty people in the ancient dress of Palestine will be shown. "Eastern Dress and Market Scenes" will also be presented.

Dr. Moore's collection of costumes, weapons, implements and other curios gathered during his seventeen years' service as a missionary in the East is used in the pageant.

PUBLIC NOT WORRIED ABOUT COAL STRIKE

WASHINGTON, April 17.—The present mine strike has cut coal production much more than did the great coal strike of 1919, official figures of the United States geological survey revealed today. The effect on the country, however, is much less than during the first two weeks of 1919.

Flying to His Wedding, Army Officer Dies in Plane Crash

RANGER NEEDS MORE HOMES!

Realty Man Says Lack of Them Is Holding Up Growth of City. More than a score of families, many of them former residents of Ranger, have moved or returned here within the last sixty days. Others who have been living in makeshift quarters are looking for permanent homes and the demand for both rental and sale property in good dwellings is increasing each day. C. E. Maddocks of C. E. Maddocks & Co., stated this morning.

There are few if any good houses to be had in Ranger at the present time that are either listed for sale or rent, Mr. Maddocks said, and he was of the opinion that new houses must be built at once if Ranger is to get the new families who want to come here to live. There are plenty of shacks available, but no demand for them, Mr. Maddocks explained. Many families, he said, have been living in shacks and in other temporary quarters, but on deciding to live in Ranger permanently want comfortable homes. The old families who lived here during and prior to the boom who are returning demand real houses or nothing at all.

Conditions in Ranger, he said, have not only improved wonderfully during the last few months, but this city is rapidly becoming known throughout the section as a home city as well as a purchasing depot for the district.

FAMILY FUSS IN PANHANDLE FATAL TO TWO

DUNCAN, Hartley County, Texas, April 17.—John P. Miller, a wealthy merchant at Alma, a small town twenty-eight miles east of here, was shot and instantly killed today at his home. Miller's brother-in-law, named Turner, then turned the gun on himself and is thought to be fatally wounded. Domestic trouble of long standing is said to have led to the encounter between the two men.

EX-POLICE CHIEF HERE NOW STAMFORD CHIEF

STAMFORD, April 17.—City Chief of Police A. G. Sanders tendered his resignation Saturday and at a special meeting of the city commissioners, George C. Flournoy was elected to fill his place. The changes mentioned are effective May 1.

DILLINGHAM IS NEW PRESIDENT PEOPLES BANK

J. S. Stribling Retires From Organization and Frank Champion Is Added to Directors.

O. D. Dillingham, head of the Ranger Ice Company, has been elected president of the Peoples State Bank, succeeding J. S. Stribling of Liano, who recently resigned. J. F. Champion of the Prairie company, was chosen to fill the vacancy on the board caused by Mr. Stribling's withdrawal, and was also elected a vice president. The changes in the organization were announced at the bank this morning.

C. E. May still continues as one of the vice presidents of the bank and John W. Thurman as cashier. Ira L. Thurman and T. J. Holmesley remain as assistant cashiers. The board of directors of the bank is now composed of W. K. Gordon, O. D. Dillingham, J. F. Champion, C. E. May and John W. Thurman.

The deposits in the Peoples State Bank, as announced several days ago, have increased to near the \$2,000,000 mark.

SEVEN KILLED BY TORNADO IN ILLINOIS TOWN

SPRINGFIELD, Ill., April 17.—Seven were killed, four are missing and eighteen were injured in a cyclone which struck Irvington, a coal mining town of 250 population, six miles south of Centralia, early today, according to reports reaching Adjutant General Black. The report was made by Omar McMacklin of Irvington, who had been requested to send information. He said there were sufficient buildings and houses remaining standing to shelter the homeless. No outside aid will be required, he said.

U. S. FILES CLAIMS FOR MILLIONS OVERPAID ON WAR CONTRACTS

DETROIT, April 17.—The bankrupt Lincoln Motor company's creditors' hopes fell today with the announcement that the United States government would file a claim for \$9,118,561.98 due it on overpaid war contracts.

DETROIT, April 17.—The bankrupt Lincoln Motor company's creditors' hopes fell today with the announcement that the United States government would file a claim for \$9,118,561.98 due it on overpaid war contracts.

DETROIT, April 17.—The bankrupt Lincoln Motor company's creditors' hopes fell today with the announcement that the United States government would file a claim for \$9,118,561.98 due it on overpaid war contracts.

Captain Little and Sergeant Johnson Killed in Dallas Accident.

DALLAS, April 17.—Captain G. S. Little was on his way to his wedding when killed in an airplane crash here yesterday, it became known today. Little, with Sergeant James L. Johnson, died when their plane, with a sudden turn from an altitude of about 100 feet, nose dived into McGraw aviation field, near the west end of Oak Cliff viaduct, at 2 o'clock Sunday afternoon.

Captain Little was to have met his fiancée, Miss Vera May Stiles, daughter of a Los Angeles oil man, at Fort Worth today, and accompanied by Miss Stiles' mother, was to proceed by train to Little Rock, where they were to have been married on April 24.

Miss Stiles and her mother arrived here early today, having been informed of Captain Little's death last night at Fort Worth. Mrs. Stiles said Captain Little's father is an attorney in New York City. Efforts to learn the home of Sergeant Johnson have been unavailing today. His service card gave his age as 21.

Ordered to Hawaii. Little and Johnson had flown here from Kelly field, San Antonio. Little had just been ordered to the Hawaiian Islands to command the Twenty-third bombing squadron, and he planned to leave with his bride immediately after the wedding.

Captain Little was in the front cockpit, and it is believed he was piloting the plane. It is believed by some witnesses that the flyers intended to land. As the machine was carried near the viaduct it headed straight up and suddenly as hundreds of people from the viaduct looked on, the plane whirled about and dived to the ground.

The plane appeared over McGraw field ten minutes before the tragedy occurred. It apparently was making for Love field, as it went beyond the scene of the fatality and was under perfect control.

Five or six flyers were at McGraw field and when they saw the plane would land there, they cleared the spot and made it possible for a safe landing.

The radiator was buried six feet and the engines stripped from the machine plowed three feet into the ground. The plane landed on its nose and then crumpled over on its side, sending splintering wood and fuselage more than 200 feet in all directions.

SERGEANT JOHNSON FORMER RESIDENT OF PHOENIX, ALA.

SAN ANTONIO, April 17.—Sergeant Johnson, who was killed yesterday afternoon in the airplane crash at Dallas, was a former resident of Phoenix, Ala., according to army records.

NO BILL AGAINST BRECK BOY WHO HIT TEAMSTER

Newt Mahaney's Son Among Several Indicted on Burglary Charge.

EASTLAND, April 17.—No true bill was found by the grand jury against John V. Colvett, young teamster, who was arrested in Breckenridge several days ago for assault on murder H. C. (Dutch) Hoffman, another teamster. Hoffman, who was struck over the head with a scantling, is not expected to live. According to Colvett's statement following his arrest, he struck Hoffman after the latter had thrown scalding water on his head and neck.

Young Mahaney, son of Newt Mahaney, recently convicted in district court for assault on murder L. J. Starkey of Cisco, was indicted on a charge of burglary. He was released on bond. C. B. Boles of Cisco has been lodged in jail under eight indictments, four charging box car burglary and four charging box car theft.

Other indictments made public today include twelve indictments against Lewis Moseley, eight charging burglaries and robberies of box cars and four charging burglary and theft elsewhere.

Jeff Athley, Breck Owen and Wallace Boyett, arrested several weeks ago following the discovery of a coat belonging to one of the men in a stolen car, were indicted on charges of car theft.

WEATHERFORD STORM CAUSES HEAVY DAMAGE

FORT WORTH, April 17.—Wind and storm damage is said to have unroofed a number of houses and to have done considerable railroad damage today at Rhome, fifteen miles north of here. Reports of storm damage at Tioga, north of Rhome, were also received.

The storm damage was heavy at Weatherford and throughout Parker county, where the loss is expected to run into several thousand dollars. The round house of the Mineral Wells road was damaged and numerous barns and small houses unroofed.

RATE REDUCTION ON TEXAS CATTLE EXPECTED

CHICAGO, April 17.—A considerable reduction in freight rates on range cattle from Texas may be put into effect in a few days, it was learned here today. A conference of cattle men and railroad officials has been in progress for several days. A slight reduction on cattle between points in Texas is also expected, but will be of little consequence, it is stated.

LOCKED IN VAULT, KNIFE AND COIN SAVE TEN LIVES

Apache Raid Put New York Couple and Servants on Verge of Death.

NEW YORK, April 17.—How Albert E. Shattuck, retired banker, his wife and eight servants faced what seemed to be certain death from suffocation in an air-tight wine vault in which they were imprisoned by five bandits was told yesterday.

While the captives horror-stricken at the thought of the slow death that awaited them in the cellar of the old-fashioned home at No. 19 Washington Square, North, remained in the inky blackness of their prison, the bandits ransacked the house and made off with gems valued at \$100,000.

And for almost an hour the banker worked with a penknife and a dime on the combination lock of the heavy steel door. One of the five women servants had fainted and all were on the verge of collapse when he finally succeeded in shooting the bolts and levers and swung the door open.

Eben D. Finney Takes Tucker's Place with Sun

Eben D. Finney, district superintendent of the Sun company, has been promoted to the assistant general manager of the company, succeeding George Tucker, resigned, it was learned today.

Mr. Tucker will go to Dallas to become general manager of the Sims Oil company. Mr. Finney will continue to maintain offices in Ranger.

OPEN SHOP MOVEMENT IN FORT WORTH COURTS

FORT WORTH, April 17.—The open shop movement, which has been smoldering here for the last month, was brought into court today when the proprietor of a motion picture theater who had adopted the open shop plan filed a petition for an injunction to restrain union members from picketing his theater.

OKLAHOMA TO GET DOUBLE RETURN FROM OIL PRODUCTION TAX

OKLAHOMA CITY, April 17.—Oklahoma's gross production tax on oil will more than double the estimate of \$1,600,000 from this source made by the state equalization board this year, State Auditor Frank Carter predicted today. He announced that up to April 1, \$2,361,303 had been collected on the tax.
