RANGER OFFICERS WIN GUN BATTLE

DAY JUSTIFIED IN BUMPING OFF ARMY OFFICER

Oklahoma City Coroner's Jury Recommends No Charges Be Filed.

By United Press.

OKLAHOMA CITY, April 8.—Holding that Jean P. Day, prominent attorney and oil man, was justified in the killing of Lieutenant Colonel Paul Ward Beck at the Day home early last Tuesday, a coroner's jury returned a verdict here tonight recommending that no charges be preferred against Day. The crowded courtroom was silent as it heard the verdict read. Mr. and Mrs. Day displayed no emotion as it was made public and after it had been read they arose. Day shook hands with Coroner McWilliams, and the party walked slowly from the room without a word between them.

The text of the verdict follows: "We the coroner's jury, duly sworn and empaneled to inquire into the causes of the death of Paul Ward Beck, after hearing evidence introduced before us from witnesses and after viewing the body of Paul Ward Beck, do upon our oath find and report:

Hold Day Justified. "That Paul Ward Beck came to his death at the hands of Jean P. Day and from the evidence submitted to us conclude that Jean P. Day was justified in defending his wife and himself, even though the unfortunate affair resulted in the death of Paul Ward Beck, and we therefore recommend and advise that no charges be filed or prosecution instituted against Jean P. Day."

The verdict was signed by all six of the jurors.

County Attorney Hughes after concluding the questioning of state witnesses, asked if Day or Mrs. Day had any voluntary statement to make.

The defense announced both desired to be heard.

Day, waiving all immunity, took the stand at the inquest and related how he killed Beck. In a low voice Day began to tell his story without interruption from attorneys.

Before Day began his testimony the county attorney warned him that anything he might say could be used against him. In a broken voice but with a gleam of determination in his eye, Day related how he killed the noted army aviator accidentally when he sought to drive Beck from his home after attempting to assault Mrs. Day.

Resents Statements. "I got there in time to protect her and I did," declared Day. Leaning over and pointing his finger at County Attorney Hughes, Day said in a pleading voice: "I want to say to you boys, you can prosecute me to the limit but don't make such statements as you have to newspapers reflecting on the purest, sweetest woman in the world."

The county attorney replied that he had tried to be fair but it was his position as the representative of the state to bring out every angle of the case.

"I didn't intend to kill him; that is the truth. He jumped back and put his hands back as if to fight," the witness said, "and I struck him with all my might." Day said he did not know whether his finger was on the trigger of his revolver. He testified the weapon discharged accidentally.

"One time I caught the gun and put it to my head but did not shoot. I thought of my wife and child," he said after relating how he surprised Beck, entered the home and went to an upstairs room, where he obtained his revolver. In Cuba and in Porto Rica poisonous gases have been used successfully in combating rodent pests in the cane fields.

Mrs. Day testified she first saw her husband as he descended the stairs with a revolver in one hand. I yelled, "Daddy, don't do that," she said she cried.

Beck had jumped up from the divan, meanwhile, and had retreated to another room, she said. The next thing she saw was the body of Beck lying on the floor.

Mrs. Day, clad in a dark serge suit and wearing a black sailor hat, sat through the delineation of the finding of Beck's body in a pool of blood and saw photographs and X-ray pictures of the head of the army officer passed about and discussed. She breathed deeply at times but never approached a breakdown. On the stand her eyes were moist but she did not weep.

Her testimony was given in a low voice and it was necessary to caution the spectators, who stood on the seats to get a better view. Day sat slumped in his chair during the hearing, chewing a cigar.

Storm Toll Is Now Seventeen THREE DISTINCT TORNADOES PASS THROUGH OIL FIELD COUNTIES

OBREGON WILL USE IRON HAND AGAINST REBELS

Small Bands Not Dangerous But Make Bad Impression of Conditions.

MEXICO CITY, April 8.—Stern measures for dealing with rebels against the Mexican federal government were outlined in a presidential decree made public today. The decree is directed to Attorney General Neri.

Heretofore President Obregon has dealt leniently with leaders of uprisings, but the tone of his decree indicates that he is exasperated with several leaders of small groups who while not constituting an actual menace, give a bad impression of conditions, both here and abroad.

NO SLACKERS FROM COUNTY, IN WORLD WAR

Eastland county has a war record that is equalled by few counties even in Texas, it is shown from the "slacker list" sent out by the war department under date of April 1.

The list contains the names of only three men, all Mexicans, and all giving their addresses elsewhere when they registered for the draft in this county.

One of the alleged deserters was from Snyder, the second from San Angelo and the third from Teoifilo, Texas.

FARMER-LABOR NOT INCLUDED IN ANTI-TRUST LAW

WASHINGTON, April 8.—By a vote of 28 to 27, the house today adopted an amendment providing that no part of the appropriations carried in the justice department appropriation bill should be used for the prosecution under the anti-trust laws of any organization or individual for entering into combination or agreement having in view the increasing of wages, shortening working hours or otherwise improving the condition of labor, or for prosecuting farmers for co-operating and organizing in an effort to obtain and maintain a fair and reasonable price for their products.

PLAN GAS WAR ON PESTS. HONOLULU, T. H., April 8.—Poison gas will be used in a territory-wide campaign against rats, which now cause losses in the cane fields estimated at 10 per cent of each two-year outturn of cane. In Cuba and in Porto Rica poisonous gases have been used successfully in combating rodent pests in the cane fields.

MISS M'CORMICK TO WED IN EUROPE

By Associated Press. STAUNTON, Va., April 8.—The marriage of Miss Mathilde M'Cormick, granddaughter of John D. Rockefeller, and Max Oser, Swiss riding master, will take place abroad, at a date to be determined later, and Oser will not come to America, according to a statement today by Howard A. Colby, a friend of Miss M'Cormick's father, Harold F. M'Cormick of Chicago.

Western Stephens and Desdemona Districts Storm Swept During Day.

Reports from over Eastland and Stephens counties this morning show that three separate and distinct tornadoes passed over different sections of the counties. One through the western section of Stephens county between 2 and 3 o'clock, and the second through Eastland county into the east section of Stephens county and the third the east portion of this county between 8 and 9 o'clock. All three tornadoes were accompanied by heavy rain storms, which also fell in the sections not touched by the twisters. More than fifteen persons, ten of them in Stephens county, were injured, according to reports already in and an estimated property loss of approximately \$250,000 inflicted.

Stephens Is Flooded. Rivers and creeks throughout Stephens county are reported out of their banks with considerable damage to roads and bridges. The loss from the wind appears to be scattered throughout the county. The Caddo and Crystal Falls communities being heavy sufferers. No communities in either Stephens or Eastland counties are reported to be in need of outside assistance.

In Eastland county Cisco is reported to have sustained the greatest loss, the damage there being reported at approximately \$60,000. Ranger sustained an estimated loss of less than half that amount. Eastland and Olden escaped, the tornado passing a mile north of Olden, high in the air, before dipping through the east section of Ranger. The offer of assistance of the Ranger Retail Merchants' association to Cisco was declined by that community. Arrangements have been made by the Ranger chapter of the Red Cross to provide relief for all Ranger storm sufferers on application to Lytton R. Taylor. It is understood that the Red Cross chapters in the other towns have also offered assistance to families needing it.

Rigs at Desdemona. Desdemona escaped without serious damage to the business section, although a number of barns were wrecked in the outlying district and thirty oil rigs, seventeen of them belonging to the Magnolia company, were destroyed.

According to the reports received at an early hour this morning, all of the tornadoes came from the southwest—and their courses were practically parallel. The one reported between 2 and 3 o'clock passed over Fort county into the western part of Stephens. The one first striking at Cisco came directly northeast over Eastland and Olden, struck Ranger and Caddo and passed on into the east section of Stephens. The third striking Desdemona, was headed northwest and is generally conceded to have been a different tornado from the one striking Cisco and Ranger.

NEW ORLEANS ELKS' HOME BURNS; NINE INJURED

NEW ORLEANS, April 8.—Fire broke out tonight on the fourth floor of the Elks' home when the building was crowded with guests. Nine injured have been taken to the hospital. The structure, one of the finest Elks' homes in the country, appeared doomed soon after 11 o'clock.

DOCTOR WARNS U. S. PORTS AGAINST TYPHUS MENACE

HOBOKEN, N. J., April 8.—Strictest measures are needed in the ports of entry in this country to prevent typhus from getting a foothold here, according to Colonel Edward C. Gibbs, formerly of the medical corps, United States army, on his return today on the steamer America. He visited Poland to investigate the immigration situation for the New York health department. Revno has become a center of disease. It is practically the only point of entry from Russia into Poland. He said the conditions there were horrible. Hospitals, houses and banks were overcrowded with patients, most of whom could not be treated because of lack of facilities.

NEFF WILL NOT INTERFERE IN HORNSBY CASE

Investigation Convinces Him That Condemned Man Is Slayer, He Says.

AUSTIN, April 8.—Governor Neff will not interfere with the execution of George Hornsby, sentenced to hang in Belton next Friday for the murder of J. N. Weatherly at Brownwood over a year ago.

Such was his declaration in a statement today, discussing the Hornsby case. He said that 7,138 citizens of Bell county had petitioned him to commute the sentence to life imprisonment and twenty-eight other petitions, mostly from other counties, had urged him not to interfere with the sentence.

After a lengthy discussion of the case and his talk with Willie Carter, the state's chief witness in the case, who once repudiated his testimony and later said his repudiation was false the governor said:

Will Back Verdict. "The jury that heard all the testimony found against the contention of the defendant and were so strong in their belief as to his guilt that they assessed the death penalty against him. The supreme court of the state for criminal cases passed on and approved in every way the trial of the case, finding no error committed and no injustice done and I have been presented with no new evidence that would justify me to set aside the pronounced verdict of the jury and legally entered judgment of the court."

It is not known when Hornsby, who is now in the Austin jail, will be returned to Belton.

Carter Repudiates Again. Willie Carter who is in jail here, late today wrote a letter to Judge Sam Snodgrass of Temple, urging him to arrange another conference with governor Neff for him, saying that the statement he made to the governor in the recent conference was wrong, and that the statement he made to Judge Snodgrass in Temple was true. The letter was opened by local officers and delivered to Governor Neff. Carter said the statement he made to Governor Neff was under threat of death by other parties. Neff said that his letter would not affect his decision in the Hornsby case. He is confident that Carter told him the facts in the case in the recent conference and his decision is final, he said. "There is nothing in the letter to make me change my decision," he declared.

NEW RECORD SET BY BUILDINGS NOW UNDER WAY

NEW YORK, April 8.—Buildings expenditures of 109 cities of the United States during March totaled \$194,661,082, the greatest amount ever known in any one month in this country's history. According to the Bradstreet's big increases were noted at Oklahoma City.

RED CROSS WILL AID STORM SUFFERERS

The Ranger Chapter, American Red Cross, has arranged to furnish relief to all the storm sufferers in this section who are in need of assistance. Families or individuals in need of assistance should communicate with Lytton R. Taylor at his residence on the Strawn road or at his offices in the Guaranty bank building.

TORNADOES DO HEAVY DAMAGE IN MANY TOWNS

Fourteen Places Report One or More Injured, Several Fatally.

DALLAS, April 8.—Seventeen persons are reported dead and more than eighty injured as a result of tornadoes which swept from West Texas east into Oklahoma toward Arkansas early today. Tonight's tally of the dead and injured may be increased, as reports from the stricken towns are meager.

The list of casualties reported tonight showed: Russells county, near Rowene, 9 dead, 7 injured; Oplin, Callahan county, 4 dead, 20 injured; Electra, 1 dead, several injured; Cleburne, 1 dead, 1 injured; Lawton, Okla., 2 dead, 17 injured; Dallas, 5 injured; Ranger, 1 injured; Caddo, 6 injured; White Wright, 1 injured; Echo, 6 injured; Breckenridge, 3 injured; Graham, 3 injured; Cisco, 2 injured.

Cleburne and Breckenridge, Texas cities, reported property damage in Johnson and Stephens counties amounting to \$500,000 for each county. The Johnson county fair buildings were struck and the top blown off the new grandstands. Highways, bridges and buildings were demolished in Stephens county, together with thirty oil derricks.

Rowene, Russells county, was the first to feel the effects of the storm. The tornado swept across this county for a distance of forty miles.

The latest reports tonight on the number of dead in the county brought the total up to nine, with about twenty injured, some probably fatally. Two churches and many homes were wrecked. Reports from Lawton, Okla., tonight stated seventeen seriously injured were being taken care of in the Southwestern hospital. Two of them are believed to be probably fatally injured. At Ranger property damage of \$25,000 was reported. At Caddo 100 rigs were wrecked.

BAND CONCERT IN AFTERNOON IF SKY IS CLEAR

The concert of the Retail Merchants' band which was postponed last Sunday will be given this afternoon at 3 o'clock at the bandstand on Elm street, unless rain interferes, it was announced last night. The following program will be rendered.

1. National Air.
2. Tenth Regiment (Hall.)
3. Commencement Overture (Bart-holme.)
4. Southern, Illinois (Hall.)
5. Summer Evening in Hawaii (Wheeler.)
6. Rosiland Waltz (Berry.)
7. W. M. B. March (Hare.)
8. American Patrol (Meacham.)
9. Stars and Stripes Forever (Sousa.)

SAILORS MAKE CLUBROOM OF STEAMSHIP'S FUNNEL

SEATTLE, Wash., April 8.—When sailors of the steamship Rampan find the night sea air too chilly they retire into the vessel's capacious funnel, light their pipes and warm themselves in the most unique clubroom afloat.

If the smokestack becomes overwarm they open a door in its side; if they desire their laundry dried they pack it into the draft tube and the scheme works like a charm.

FRENCH PREMIER RAPS U. S. FOR BAN ON WINE

PARIS, April 8.—"If wine were bad for the health, this fact would have been known since the days of the Romans and Greeks—since the genesis," said Premier Poincare. "America," the premier continued, "is, of course, the mistress of her own internal legislation, but she must recognize the truth as stated by the Anglo-Saxon poet—wine is health, courage and life."

AUTO THEFT SUSPECT BELIEVED FATALLY WOUNDED IN MELEE

Chief Reynolds and Len Davenport in Hot Scrap; Posse Finds Earl Sober Suffering at Farm House Near Scene.

Earl Sober, alias Red Johnson, former driller, was shot and probably fatally wounded early last night in a gun fight with Assistant Chief of Police Reynolds and Officer Len Davenport, when the officers surprised him seated in an alleged stolen car hidden in the brush four miles south of the city. Wounded in the right side and right arm, Sober escaped into the brush when the officers ran out of ammunition and made his way to a farm house two miles east of Olden, where he was not located until late last night. He was brought to the Clinical hospital in Milford's ambulance. Surgeons were doubtful as to his recovery.

One of the shots fired by Sober passed through Reynolds' hat another glazed his left cheek, which was powder-burned, at the close range. Fifteen or more shots were fired in the fight before Sober made his getaway and the officers, without ammunition, and believing that others of a gang of automobile thieves were in the vicinity, returned to town for reinforcements.

INJURED WOMAN LIES HOURS IN WRECKED HOME

Mrs. C. E. Craighead, 75, Believed Fatally Hurt in Midnight Storm.

BRECKENRIDGE, April 8.—Mrs. C. E. Craighead, 78, living seven miles west of this city, was fatally injured and nine other persons were more or less seriously hurt by the tornadoes that passed over the west and east section of Stephens county this morning. Property damage to buildings, oil rigs, bridges and roads is estimated at between \$150,000 and \$200,000.

One of the tornadoes passed over the west half of the county between 2 and 3 a. m. and the second over the east portion about 8:30. Heavy rainstorms accompanied both. All rivers are out of their banks. Bridges in some sections have been washed away and heavy damage is thought to have been sustained to highways and partially completed highways through the bottoms.

Mrs. Craighead, who is not expected to recover from her injury, lay unattended from the time her home was struck by the twister until daylight. She lived alone with her daughter, Mary Craighead, who was slightly injured. Five persons were injured at Caddo by the second storm.

Two men were injured at Crystal Falls, where the baseball grandstand and dancing pavilion was washed into the river. Five persons are reported to be marooned between Hubbard creek and another stream of that section. Clear Ford creek is reported running ten feet above the dams along the stream.

Both of the storms missed Breckenridge.

HASTINGS, Mich., April 8.—On three successive days death visited the Conrad Main home here. Saturday the head of the household, Conrad Main, killed himself.

Sunday the sister of Mrs. Main, Mrs. Hattie Matoche, died, following a short illness. Monday death took the daughter, whose ill health had been partly responsible for Main's act.

BABY LOSES OUT

OMAHA, Neb., April 8.—Sentence providing he shall not see his 7-month-old baby for two months was imposed today by Police Judge Foster on Herbert Russ, who eloped two years ago from Minneapolis with Mrs. A. L. Lambert, who left a husband and four children behind in Minnesota.

Mrs. Lambert, following her recent arrest with Russ, decided to leave the child here and return to her husband and children, now in Zimmerman, Minn., when Lambert said she could return on condition she gave up the child born after her elopement.

BOTH OPEN FIRE

According to the police, the fight occurred when Officers Reynolds and Davenport went to the scene, on receiving a report that a Ford touring car was concealed in the brush some distance off the Olden road, on the east side of the Texas & Pacific tracks. No one was near the machine when a man passing saw it and reported to the police. On the officers' arrival, however, a man said to have been Sober, was in the front seat of the car. As Davenport and Reynolds stepped from around some bushes he is said to have raised in the seat and reached for his gun. Reynolds then opened fire and was joined by Davenport as the man commenced to fire. Firing alternately at the two officers, he kept the car between himself and them and several of the bullets from the officers' guns entered the body of the car.

After the shooting had been reported at police headquarters a party composed of Chief Luther Davenport, Constable Faircloth, Deputy Sheriff John Barnes, Deputy Constable Shell McDowell, and Officers Reynolds, Le Davenport, Floyd Daniels, Jim Daniels, Jim Ingram and several possemen hurried to the scene and began the search for the wounded man and any companions. He could not be located in the brush, however, and several officers were sent to Olden to make inquiries while others went to Eastland.

Found at Farm House. At Olden it was learned through a physician that a wounded man had stumbled up to the house of R. T. Herrod, on Commissioner E. H. Webb's place, east of Olden, and a half miles east of Olden. The officers located Sober there. According to Herrod he had come to the place about sundown and told the family that he had been shot by three men. He also sought to get in touch with a party in Fort Worth and told Herrod that he had a wife and four children living in Oklahoma. The Milford ambulance was sent to the place and the wounded man brought to the Clinical hospital here after he had received medical attention at the hands of an Olden physician. The hospital was reached at 12:40 and an operation immediately performed. He was identified by officers.

The car recovered last night is believed to have been stolen from Mineral Wells. It bore different license plates on front and rear, one reading 587476 and the other 604337. One of the two cars captured Friday night is believed to have been stolen from Breckenridge. One of the machines was seized by the police and Constable Faircloth on East Main street, when the driver ran and the other was found in a local garage.

TALCUM POWDER DASHED IN BABY'S FACE BRINGS DEATH

OMAHA, Neb., April 8.—The 8-months-old baby daughter of Mr. and Mrs. Glen Peebler of West Point, Neb., died in a Fremont, Neb., hospital from what physicians said was congestion of the lungs resulting after talcum powder had been dashed into the infant's face by her 3-year-old sister while they were playing on the floor of the family home last Wednesday. The powder had clogged the baby's nostrils.

KISSING ANOTHER'S HUBBY IS NOT CRUEL, JUDGE RULES

MILWAUKEE, April 8.—The fact that a woman may kiss another woman's husband does not constitute cruel and inhuman treatment and is no grounds for divorce, a judge ruled when he denied Edward Plyte a decree from his wife.

NAVY COST CUT \$181,000,000 BY HOUSE BILL

WASHINGTON, April 8.—The 1923 naval bill, carrying out the 5-5-3 ratio was reported today to the house. It carries a total of \$233,224,000,000 or \$181,000,000 less than appropriated last year.

There remains to be appropriated a separate measure later, however, of about \$16,000,000, estimated by the navy department as the cost of cancellation of contracts for ships not completed and ordered scrapped. Briefly, this is what the bill does: Cuts the enlisted personnel from 95,000 to 65,000, plus 2,000 apprentices.

Leaving officers' total substantially intact, except for the dropping of 389 reserve officers on active duty.

Authorizes commissions for only 200 of the 535 first-class men at Annapolis to be graduated in June. Lays up 254 vessels of nondescript character.

Eighteen battleships are allotted to the United States under the naval treaty. In rounding out a fleet, the bill reduces the number of destroyers in commission from 278 to 103, authorizes eighty-four submarines or cruisers and light auxiliary craft. Out of 67,000 enlisted personnel, it provides 50,000 for ships afloat.

Provides for the same number of officers in marine corps and 19,500 enlisted men, a reduction of less than 1,000. This number, the navy advised the committee will be cut to 17,500 with the withdrawal in the next year of 2,000 marines from Santo Domingo, who will not re-enlist.

Representative Kelly of Michigan, chairman of the subcommittee of appropriations which framed and reported the bill made public with the bill a statement explaining its provisions.

AMERICANS COMPETING WITH MEXICAN BEGGARS

MEXICO CITY, April 8.—Derelicts of the race track, Americans who followed the ponies to Mexico City and then failed to win enough for carfare home, are making competition keen for their Mexican beggar brothers.

During the day they frequent the main plazas of the city and waylay their more fortunate countrymen for the price of food and drink. They will camp by night at the race track where a kind management allows them to "hit the hay" free of charge but, handicapped by a lack of knowledge of Spanish, they are finding work difficult to obtain, even if they look for it. There is no organized American charity in Mexico City to care for them.

NORRIS WANTS U. S. TO OPERATE MUSCLE SHOALS

WASHINGTON, April 8.—A government owned and operated corporation, to be conducted under the supervision of three directors appointed by the President, for the development of the nitrate and water power project at Muscle Shoals, was proposed in a congressional resolution made public tonight by Senator Norris of Nebraska, chairman of the senate agriculture committee. The resolution will be introduced in the senate Monday and referred to the agriculture committee for consideration during the hearings beginning then on the four private offers, made by Henry Ford, the Alabama Power company, Frederick Ingstrum and Charles Parsons.

Mrs. Arthur Livermore, appointed by President Harding to the United States commission which will represent this country at the Brazilian exposition, is the only woman member of the commission.

IRISH COPS-FOR JEWS.

LONDON, April 8.—Irishmen as policemen are familiar to Americans, but Irishmen to police Jews and Arabs in Palestine are an unforeseen development of the re-arranged post-war world.

General Tudor, addressing a parade of royal Irish constabulary being paid off in Dublin where he commanded all the Irish forces for two years, announced that he was taking charge of the new police force in Palestine and that he was glad to say 300 members of the R. I. C. were joining this new force.

WOMEN ASKED TO HELP NEAR EAST REFUGEES
NEW YORK, April 8.—An appeal to the women of the country to help refugee women and children in the Near East has been sent by Mrs. Mark L. Bristol, wife of the American high commissioner in Constantinople, addressed to Mrs. Warren G. Harding and the women's emergency committee of the Near East committee.

SEATTLE, Wash., April 8.—Towing log booms across the Pacific ocean from British Columbia points to Japanese ports is the latest idea of the Japanese in getting the long logs into their country. The Japanese expect no trouble with this system and will send over their own powerful tugs to tow the rafts.

CHINESE STUDENTS HERE FORGET THEIR OWN LORE
CHICAGO, April 8.—Chinese students in America say that frequently on returning to their own country they find that after steeping themselves in Occidental scholarships they are rusty on the intricate and extensive lore of China. They report sometimes meeting with taunts from men who have studied in Japan rather than in America.

HIGH SALARIES THREATEN RUIN FOR BASEBALL

Owners Must Take in \$2,000,000 This Year to Break Even.

By I. E. SANBORN. CHICAGO, April 8.—Whether or not professional baseball can stand the "blue sky" salaries forced on the club owners by some of the star players this year will be known in a few weeks, when the opening games of the pennant campaign furnish an index to probable income for the season.

At least half of the sixteen major league clubs must depend largely on their profits in the first few months to carry them through the year, for only half of them can be in the first division and, as soon as pennant hopes begin to fade in any community, the turnstiles slow up.

Cannot Depend on Figures. Practically all the salary figures published in the newspapers must be subjected to an alum bath to obtain the facts. Most of them are guesses. Nothing pertaining to the business of baseball is surrounded with greater secrecy than the salaries actually paid the players. This is because the club owners do not want to increase the natural jealousies that exist among (not "between") the star performers. Consequently the fans should deduct from one-third to one-half from the press agent figures of individual players.

From an authoritative source it is known that the combined pay roll of each of the two big leagues this year will exceed \$1,000,000 unless unusual economy is practiced in cutting the roster of players below the limit. That means more than \$2,000,000 to be extracted from the patrons of the eleven cities represented in the two major circuits to pay the players alone.

Then compute the rest of the overhead charges, such as rentals, interest on investments in plants, transportation, hotels, paraphernalia, non-playing employees, federal, state and municipal taxes, and it runs into pretty big money. That money must come in at the box office in 156 playing days at the most—usually reduced to 145 by rain. It is easy to predict that unless the patronage in 1922 exceeds that of recent years some of the sixteen clubs are going to land in a receiver's hands, unless they can get help.

Must Put on Brakes. That may be an unmixing blessing to the game, because it will compel the club owners to put the brakes on this "blue sky" stuff and force them to revise the salary scale downward, as is happening in every line of business except baseball. There is no reason for the constant increase in the salary scale except lack of determination and co-operation among the promoters. No one club alone can reduce expenses without courting disaster.

In some isolated cases, like that of Babe Ruth, there is some reason for inflation of the pay check. Because of his ability to knock the ball out of the ordinary lot and the wide publicity given that fact, the Sultan of Swat has become a wonderful drawing card—far exceeding as a coin attraction, his value to the Yankees as a mere player. One can count on one's fingers the number of games he has saved in the defensive, because he is only an ordinary outfielder, as such. But Ruth has put thousands of dollars into the receipts of every American league club and deserves his reward for that.

However, there was a narrow escape from an awful mistake, if the Yankees had gone through with their published intention to pay Ruth a \$500 bonus for each of his home runs this year.

AMERICAN JOCKEYS RULE TRACK IN FRANCE

By Associated Press. PARIS, April 8.—Winkfield, a Kentucky colored boy, has been the sensation of the French flat racing season, winning nine races with his fourteen mounts for Leon Mantacheff, a Russian owner. Winkfield was caught in Russia by the Bolshevik revolution and was rescued through the efforts of the Swedish legation after a series of hardships and even imminent starvation. He has won nearly 100,000 francs since the season opened and is second only to Frank O'Neill, who is leading with fourteen victories. American jockeys continue to hold the dominant position on French race tracks. Eddie Haynes has made a great hit and has been dubbed the "Second Johnny Reiff," as he rides perched high on his horse's neck, but has shown weakness in some of the home stretches, O'Neill having beaten him recently in two thrilling finishes.

LOWER FARES IN NEW ORLEANS. NEW ORLEANS, April 8.—Seven cent carfare and a \$1.30 gas rate was assured this city today when the commission council approved the proposal of bondholders of the New Orleans Railway & Light company, ending a year of negotiations. Present carfare is 8 cents and gas rates are based on \$1.45 per 1,000 cubic feet. The company is permitted a return of 7 1/2 per cent interest on \$44,700,000.

NITRO CANDIDATES SHOW THEIR STUFF IN PRACTICE GAME TODAY

The so-called Yannigans and the self-styled Regulars, comprising jointly the Nitro baseball squad, will engage in internecine strife this afternoon at 3 p. m. at Nitro park.

If the idea hasn't percolated yet, here it is in plain Anglo-Saxon, without any alien words beclouding the message:

There's going to be a ball game. And more than that, in order to make the contest enjoyable to all present, including even the chancellor of the exchequer, the customers will be nicked of their loose change, to the extent of 35 slot machine counters per each, flappers as well as jelly beans, both just the same price as ladies and gentlemen.

Here's the lineup for the pastime. Stick it in your pocket so you'll know who's who and will be able to tell Manager Albright which to pick for service in the vineyard.

Yannigans.	Regulars.
Clayton	Gibson
Catchers	
Roberts	Holden
Zapalac	York
McCann	Trammel
Pitchers	
Cope	Albright
First Base	
Dodd	Hardgrove
Second Base	
Moore	Bellew
Third Base	
Seale	Plumlee
Shortstop	
Brown	Craig
Left Field	
Delane	Pulley
Center Field	
George	Hoffman

Wet grounds yesterday afternoon prevented the regular matinee on the diamond, as has been the rule for several days. Chief event of the day was the arrival of two pitchers, assorted left and right-handers, who dropped in from Sweetwater, and Dodd, who hails from Springtown—the home of Plumlee, the third baseman now playing short on the "Regulars"—and Craig, outfielder. The pitchers are Trammel, a right-hander with Sweetwater last year, and McCann, a fork-hander, who also has seen service in the West Texas.

Both had more or less substantial differences of opinion with Popboy, and the said Popboy said: "Well, ME MYSELF, I'm going to stay." So Trammel and McCann are now in Ranger.

Now to keep those players from getting mixed up in reading the list tomorrow afternoon, peruse:

Clayton is the big red-headed catcher; Gibson black-headed, sorta stocky? The tall pitcher who starts for the Yannigans is Roberts; the sandy-headed youth who succeeds him, well built but looking trim, is Zapalac; and McCann is the lefthander who isn't Holden.

Holden is the lefthander who starts

COSTLY TURKEYS

WAXAHACHIE, Texas, April 8.—Turkeys brought more per head here today than possibly any place in the country. Nine of these fowls cost three young men \$927 and twenty-seven months in jail total sentence and fines after pleading guilty in county court to theft of the fowls.

for the "Regulars;" the lad in a greenish uniform who has a perk, experienced way about him. York is a slim righthander, and Trammel is the one who isn't any of the others. Holden has signed the payroll with the Abilene club back somewhere in West Texas history, and Zapalac Trammel and McCann also have served time in this vicinity. Roberts, a Thurber boy, and York, from Gladewater, East Texas, are having their first tryout in league circles.

Over on first base, the fellow who has a tummy is Manager Albright; the brunette youth who hasn't is Cope, who at present is about the only competitor for the job.

At second, the grin expert wearing the green striped suit with yellow lettering on the back, who runs kinda spraddle-legged and camel-like but who has speed, is Hardgrove.

The tall, lanky third baseman with an underhanded shove in throwing is Moore. The young looking one in the white suit is Bellew. These two boys are going to have a great battle for the job, even if Plumlee doesn't horn into it. Both field nicely and have displayed an ambition to rap the apple.

Plumlee can be distinguished by wearing a civilian cap, until he throws one. After that, all will know him. He is an experienced ball player; played third base for Mineral Wells last year until after the team was transferred to Ballinger, then got hurt and finished up the season at Haskell. Seale, playing with the Yannigans, is a Ranger boy, with the Prairie Pipe Line.

And the outfielders: That lengthy youth over in right for the Yannigans is George. He may play out there all this season because he can reach up and bring down the moon any time a ball gets lost. And gents! He also smites 'em. He it was who lost the first apple of the season, Friday afternoon, via the right field fence route.

Hoffman also in right is big and red-faced. Pulley is the wicked slammer in a greenish suit. Craig, is the smallest fellow with an aggressive jaw who'll probably take one or two off his shoe strings. To Brown and Delane, the sports ed must apologize for not knowing how they look as yet.

Now ballplayers, don't ball up these signals!

THOSE MONEY BLUES

"Little more money needed in the pot. Little more money needed in the pot."

Finish it yourself. Write your contribution to the fund on a blank check. Be sure to sign your name correctly, sufficiently legible as to be recognized by the bank, and send it in.

Cash donations to date are a trifle shy of \$2,900. Several pledges have not been paid up and others say they are just aching to dig up. Now's the time. C. C. Chenoweth or W. R. Fleming will take any compositions along the line above outlined, and see that they don't get rusty.

Latest additions to the fund are: Red Cross Pharmacy \$25.00 Farley & Crotty 30.00 Lincoln Tank Co. 50.00 Scott-Blair 5.00 Mrs. Helen Gifford Clegg... 5.00

BOXER WOULD PROMOTE OWN TITLE CLASH

Pal Moore Would Guarantee \$40,000 for Chance at Bantam Belt.

By Associated Press. CHICAGO, April 8.—Pal Moore, the Memphis bantamweight, who has won newspaper decisions over the last four champions in his division but who has never held the title, today announced that he would promote a bout in an effort to get a decision with Johnny Buff. Moore said he would personally guarantee a purse of \$40,000 for the bout, believing that such a purse would bring the match.

COLLEGE GAMES. At Waco—Baylor 7, Texas 3. At College Station—Texas A. & M. 12, S. M. U. 1.

RADIO CONCERTS FROM AIR TO AID LEGION IN HELPING WOUNDED VETS

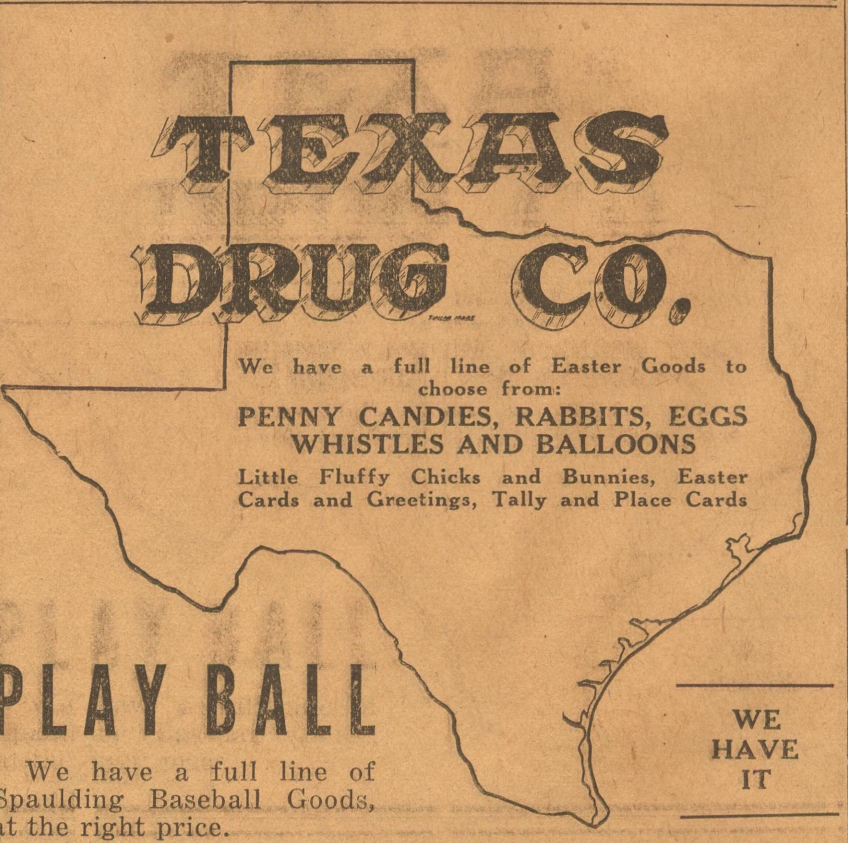

NEW YORK, April 8.—Leonard Maynard, the flying parson, plans to make daily flights over this city and upstate, piloting singers who will give radio entertainments in behalf of the drive for \$2,500,000 which the American Legion is conducting for a campaign in the Adirondacks for wounded veterans. This was learned today from engineers of the General Electric company, who are equipping a five-passenger Fokker plane at Mineola with a wireless sending set. Several flights will be made at night so that the radio operators may have more time to listen in.

RANGER GIRL WINS DISTRICT DECLAMATION

Alyne Stroud of the Central school who won first place as a junior declaimer at the county interscholastic meet in Cisco a week ago, last night was awarded first place in the district meet at Comanche, winning over contestants from nine counties, according to a telegram received here.

BEAUMONT CHOSEN FOR WOMEN'S CLUB MEETING. By Associated Press. COLLEGE STATION, Texas, April 8.—Beaumont will be the meeting place of the next annual convention of the Fourth District Federation of Women's Clubs as a result of a unanimous vote of the district clubs at the first annual convention at the Texas A. & M. college here today.

FOREIGN VALUATIONS TO BE TARIFF BASIS. By Associated Press. WASHINGTON, April 8.—Foreign valuations as the underlying principle of the so-called permanent tariff bill finally was agreed upon tonight by Republican members of the senate finance committee. The vote was 7 to 3, but how the committee members divided on the ballots was withheld.

How We Sell Used Cars

When you buy a used car from us you purchase it on the same basis as a new car fresh from the factory. The same merchandising policy governs either transaction. Whether the car be new or one that has been used, the purchase price represents the same proportionate values. One dollar buys as much motoring value in one case as in the other.

This is the only sound basis on which used cars can be bought and sold. Furthermore, as in the case of our new cars, our interest in your purchase continues after the sale is made because we recognize that in the long run business success is built on the Good Will of satisfied customers.

The extraordinarily low prices at which used cars can now be bought is common knowledge. It only remains for the purchaser to make his selection from cars of reputable make handled by dealers who tell the truth about a car's condition and give every man a square deal.

We Guarantee our used cars to be exactly as represented or money refunded

MORE HOMES.

Ranger must have more houses. This is a fact that is becoming more apparent every day. It is apparent in the fact that men of importance in the section are desirous to move here, and citizens who realize the benefits of these men's coming go zealously hunting for them. It is apparent in the fact that whenever a desirable house becomes vacant, there is a scramble for it on the part of persons already here. That is a situation that must be remedied if Ranger is to grow. It is a situation that can be remedied, if Rangrites will get together. It may be said that rents have come down, and profits cannot be made on rental houses. It is true that rents have been reduced, but that is largely because no one any longer has the money to pay boom day prices for quarters. It may be true that present building costs do not make construction profitable. But that difficulty must be overcome. Perhaps it would be overcome if the situation were studied. What individuals cannot do, organization might. It is at least a common belief that six or a dozen houses can be built at once, much cheaper than each one singly. Bartlett, Texas, a town of 1,731 population, has formed a \$500,000 building and loan association. Bryan, population 6,307, has formed a \$2,500,000 building and loan association.

What is Ranger going to do? There is patience on a monument smiling at Grief, and then there is General Baron Wrangel, waiting for a chance to swat the Russian Reds.—Chicago News.

One interesting thing about Mr. Wilson's prediction that the Democratic party will return to power is that he did not say when.—Detroit Free Press.

We suppose the reason the price of corkscrews is higher than ever is because of the demand for them as mementoes.—Houston Post.

Lenine is reported to be suffering from illness, and a great many Sovietists hope it is nothing trivial.—Washington Star.

It is not likely the house will know its own bonus bill when it gets back from the senate.—Indianapolis Star.

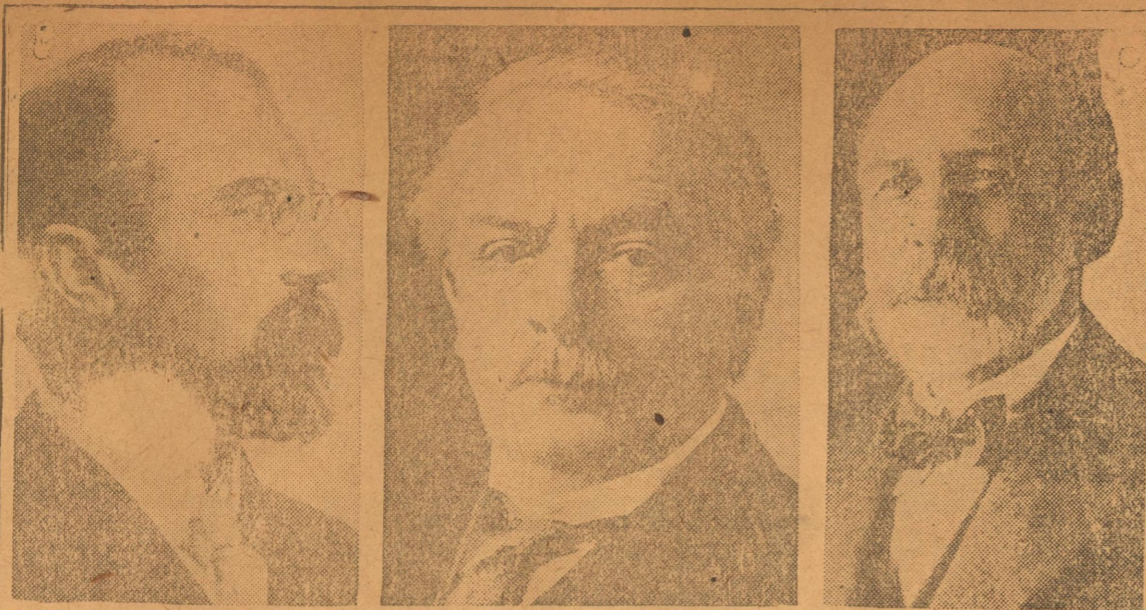

The movies are not so wicked as they are painted; they would be more popular if they were.—Columbia Record.

Well, what's the next thing to get excited over—the Kentucky Derby?—Nashville Tennessean.

Inasmuch as America supplies most of the world's food, why should it appear under foreign names on the American menu?—Chicago News.

It is largely through the study of home brew recipes that reading maketh a full man.—New York Tribune.

LEADING ACTORS AT GENOA ECONOMIC CONFERENCE

BARTHAN Lloyd GEORGE JOSEPH COOK

RATHENAU TCHITCHERIN POINCARÉ

Momentous problems affecting the economic normalcy of the world will be discussed when statesmen from European nations assemble at Genoa, April 10. Efforts will be made to re-establish world trade and money exchange on a pre-war basis. Here you see the statesmen who will take the leading roles at the conference. Barthan will represent France, carrying out the policies of Premier Poincare, who may not personally attend. Tchitcherin is Soviet Russia's emissary, Rathenau is Germany's and Sir Joseph Cook will look after the interests of Australia. Premier Lloyd George, of Great Britain, will be the dominating diplomat of the conference.

Sixes Cheaper Now Than Before the War

Studebaker - - - \$1,195 Delivered in Ranger

Do you remember the price of a six-cylinder automobile before the war and how they were equipped? If so, see this one and you will be surprised; ride in it and you will be astonished; examine it closely and you will wonder how so much quality can be produced for the price, but when you remember that Studebaker is the largest builder of Sixes in America and that the Light Six is built in Studebaker's big South Bend plant, which is the best equipped plant for manufacturing automobiles in the world, the question is answered.

Three carloads of Studebaker cars will arrive here Tuesday or Wednesday of this week.

It is a pleasure to show them to you.

NATIONS LEAGUE NAMED CURE FOR NATION'S ILLS

NEW YORK, April 8.—Attributing our present day business adversity to the failure of the United States to join the League of Nations, former Governor James M. Cox of Ohio, in an address here tonight urged a continuation of the campaign to have this country join the league.

His address was made before the National Democratic club and was one of his few public utterances since his campaign as Democratic candidate for the presidency in 1920.

Asserting that "as one surveys conditions at Washington he finds little ground for hope of a stable prosperity," Cox declared that the average community believes that there is something radically wrong in Washington and that it consists chiefly of a lack of leadership; that is, "no captain of the ship."

Governor Cox told his audience that "while there is much regret throughout the country on the aimless way in which things are drifting, it is not far to criticize the President of the United States."

FOOD BARELY BEATS THAW TO FAMINE AREA

NEW YORK, April 8.—American corn purchased with the \$20,000,000 appropriated by congress is breaking the back of the Russian famine in the Volga valley region—a district extending for nearly 2,800 miles—according to a cable dispatch from Moscow received today at American relief headquarters. When the grain reached Kazan on April 2, heroic measures were adopted by relief workers to complete its distribution, according to the dispatch. The season for the annual spring thaws had arrived and it is said threatened to isolate in a sea of impossible mud the millions across the Kama river, whose lives depended upon the corn.

A small army of men and 3,000 horses with thousands of sleds, solved the difficulty, according to the officials in Moscow. Transportation of the corn was begun at once, they said, and by working men and animals the limit of endurance night and day the grain was moved across the river and into the outer famine area before the ice and ground thawed.

GALE AT CORPUS CHRISTI.

CORPUS CHRISTI, Texas, April 8.—The wind blew across this section at the rate of forty-eight miles an hour this morning, according to J. P. McAuliffe, observer at the United States weather bureau here.

Spring Styles in Hirsch Wickwire Clothes

Always smart, dressy and appropriate for any occasion—Tweeds, Donegols and light colorings popular.

These attractive models are always in good taste and in their simplicity, the fine tailoring, balance and lines of the garment, are the appealing features.

In Hirsch-Wickwire clothes featuring young men's proportions, the designing balance is so perfected that the style lines fall into place naturally. That is style.

Fabrics are high-test, long strand, all-wool. That emphasizes economy by long wear.

EASTER CANDIES FOR KIDDIES

ANIMAL TOUCHES ARE SECRET OF PICTURE

One of the secrets of the success of David Smith, who directed "Flower of the North," which will be shown at the Liberty theatre Sunday and Monday, is his little human interest touches.

The addition of little bits of atmosphere not written in the script, but which, when flashed upon the screen, give a realism to the production that the average spectator is unable to explain. These little touches consist of beautiful scenic backgrounds, close-ups of wild animals, a rabbit with a litter of little ones, a dog and some unusual, yet characteristic pose; or a player caught unaware performing some act that is entirely characteristic of the individual. These little things when multiplied and put into big production make the picture a classic.

"Flower of the North" is a story of unusual interest, being one of the best James Oliver Curwood novels, and in picturing it, Vitagraph adhered closely to the picturesque story of the North country full of romance, adventure and stirring scenes.

VIRGIL BLYTHE FALLS VICTIM OF INFLUENZA

The funeral of Virgil Gilbert Blythe, 14, route carrier for the Times, who died at a local hospital Friday afternoon, will be held tomorrow morning at 10 o'clock.

He is survived by his parents, Mr. and Mrs. W. V. Blythe, living west of Eastland hill, one brother and one sister. His death followed an illness of two weeks of influenza. The place of the funeral has not been announced. Arrangements are in charge of the Jones-Cox company.

EARTHQUAKE REGISTERED.

WASHINGTON, April 8.—An earthquake was registered on the seismograph at Georgetown university today. It was said to be 3,400 miles from Washington, probably to the south. Belief was expressed that the disturbance may have occurred in Mexico. The shocks began at

3:51 p. m. and continued until 4:50 p. m., the minimum being registered at 4:08.

SOCIETY

AND ACTIVITIES OF WOMEN

MRS. R. B. CAMPBELL, Editor Telephone 418

PROGRAM FOR CONVENTION OF WOMEN'S FEDERATED CLUBS

Below is given the program for the seventh annual meeting of the Sixth district of Federated Clubs which convenes in Ranger from Thursday, April 13 to Saturday, the 15th. Many noted women of the state are expected to be present, among them being Miss Annie Webb Blanton, state superintendent of public instruction; Miss Minnie Cunningham, district president; Mrs. Maggie Barry of College Station, and Mrs. Phoebe K. Warner, of Claude. Hostesses of this meeting will be the 1920 club and the Ranger Symphony club. The meetings will be held at the Baptist church, while lunches and dinners will be served at the Gholson. For those who are interested in the work that is being done each year by the Federated Clubs of our nation, this will be a rare treat. There will be some able addresses, good music, entertaining reports, all making a splendidly well balanced program. Mmes. O. L. Phillips and Vincent Wakefield are on the local program committee.

Thursday Afternoon.
4:30—Executive board meeting; 6:30, dinner at Gholson hotel; 8:30, musical at Baptist church; Mrs. R. C. McCoy, soprano; Mrs. Vincent Wakefield, pianist; Mr. Gus Coleman, flutist.

Club Reports; invitations for district meeting in 1923; general business; song, "America."

PROGRAM FOR HIGH SCHOOL P. T. CLUB.
The Parent-Teachers' club of the Ranger High school will meet Tuesday afternoon at 4 o'clock. Following some of the thoughts that were discussed during the recent conference of Parent-Teachers' clubs here, the program has been arranged to take up the subject of dress reform. Mrs. C. E. Maddocks will talk on "Shall There Be a Uniform for Ranger High School Girls?" and two High school girls, Veeda Winsett and Maurine Bowman, will discuss "My Views on High School Uniforms." This promises to be quite an interesting program and all mothers and friends of the school are invited to be present.

HONORING MR. AND MRS. WAGGOMAN.
On Thursday night Rev. and Mrs. Stubblebine entertained with an informal 7 o'clock dinner in honor of Mr. and Mrs. R. B. Waggonman. Table decorations were of ferns, reflected on a mirror. Covers were laid for Mr. and Mrs. R. B. Waggonman, Mrs. Lytton R. Taylor, Edna Louise and Raymond Taylor, and the Stubblebine family.

CENTRAL PARENT-TEACHERS ELECT.
An election of officers was held Friday afternoon at the regular meeting of the Parent-Teachers' association of the Central school. Mrs. C. C. Chenoweth was elected president; Mrs. H. D. Woods, vice president; Mrs. Adamson, second vice president; Mrs. Mills Davenport, third vice president; Mrs. Healer, secretary, and Miss Jennie Hair, treasurer. A committee was appointed at the meeting to select pictures for the school. The \$60 fund secured as the portion of the recent art exhibit. Pictures had been won as prizes. It was announced at the meeting that Mrs. Mary Healer's and Miss Daphne Cline's rooms, for the largest number of tickets sold by students to the exhibit.

The business session was preceded by a short entertainment program in which readings were given by Mrs. C. H. Davis and Miss Blanche Niver.

SHE WAS FOUR.
Thursday afternoon little Maurine Moseley was the honoree of a birthday party at the home of her parents, Mr. and Mrs. C. B. Moseley. The house was prettily decorated with Easter colors and symbols. All kinds of indoor games were played. The little guests also enjoyed an Easter egg hunt in which little J. T. Whitefield won the prize as the most successful hunter.

A lovely white birthday cake, with its four tiny pink candles formed the centerpiece for the dining room table around which the children gathered and were served ice cream and birthday cake. Balloon whistles and Dutch windmills were given as favors.

Little Maurine received many nice little gifts from her guests. Mrs. Jack Blackwell, Misses Thelma, Nanna and Hazel Herrington assisted Mrs. Moseley in entertaining and serving.

Those wishing Maurine many more happy birthdays were: Margaret Casey, Ulala Yardley, Mirian Nanna, Clara Dyer, Christine Baker, Lucille Patterson, Wilma Blackwell, Belottie Patterson, Bobbie Lee Taliner, James Edward Dean, Frankie Conley, Grant Nanna, Charles Dyer, Vernon Lee Patterson, J. T. Whitefield.

FRIDAY BRIDGE WITH MRS. ENDICOTT.
The first meeting of the third year of the Friday Bridge club was with Mrs. "Pop" Endicott, Friday afternoon, at her home on South Hodges street. The high score club prize, an electric reading lamp, went to Mrs. J. C. Martin, while the club consolation, an embroidered glass towel, went to Mrs. John Moyer. The high score guest prize, an embroidered guest towel, went to Mrs. P. F. Davis, while the consolation guest prize, a hand-embroidered doily, went to Mrs. T. B. Scott.

The hostess also gave "a free-for-all prize," a fancy candy called "egg on toast," which was made by her brother, and Mrs. Scott was the successful contestant in this. While the game was in progress home-made candy was served.

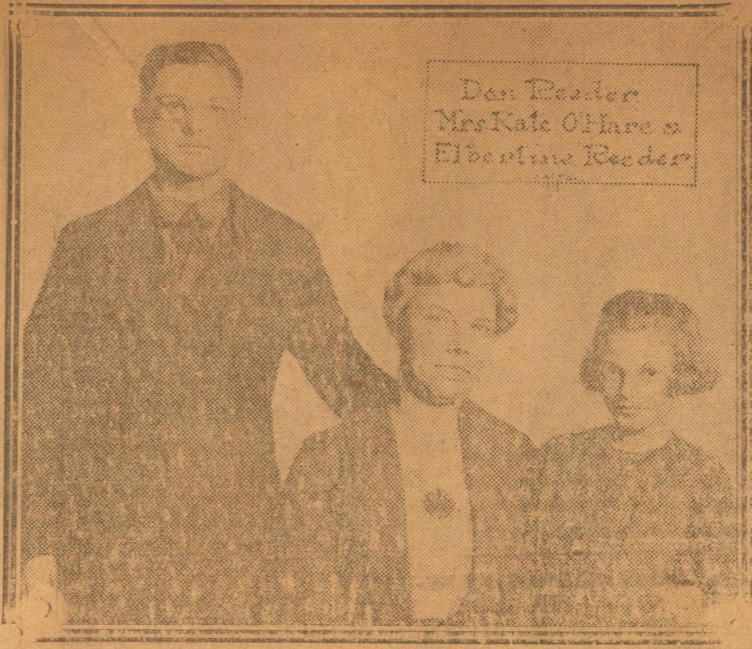

Favors for the afternoon suggested Easter, as they were tiny baskets filled with salted peanuts and tiny Easter eggs with a yellow chicken mounting guard on the rims. Delicious refreshments of deviled eggs on lettuce, cheese, pickles, peanut butter and ham sandwiches, cake and coffee were served.

Club members and guests present were: Mmes. J. C. Martin, John Moyer, Ira Nourse, Walter West, C. N. Ochiltree, Whitbeck, Harry Reid, V. C. Ashford, T. B. Scott, P. F. Davis, W. J. McFarland, Miss Doushka Bobo.

The next meeting will be with Mrs. J. B. Haden, on Saturday afternoon.

TWENTIETH CENTURY CLUB MEETS.
At the home of Mrs. Frank Champion Friday afternoon, Mrs. William Denning entertained the Twentieth Century club. Easter decorations were blended with early spring flowers, all suggesting the season. Easter eggs, fluffy yellow chickens and rabbits were all used effectively. The high score club prize, a set of silver teaspoons, was awarded to Mrs. John Thurman, and the low score club prize, a box of correspondence cards, went to Mrs. Mary C. Blair. Mrs. Cole Jr., received the high score guest prize, a hand-painted picture. A box of Easter candy was also suggested.

MRS. O'HARE TO LEAD CHILDREN'S ARMY TO PLEAD WITH HARDING

Mrs. Kate O'Hare, who served a prison term for violation of the wartime espionage act, will lead an army of about fifty children to Washington to plead with President Harding for the release of their fathers, all serving federal prison terms for violation of the same act under which Mrs. O'Hare was convicted. The expedition starts from St. Louis April 13. Here Mrs. O'Hare is shown with two of the children who will accompany her. They are Don and Elbertine Reeder, both of Wilson, Okla.

was greatly appreciated. There will be a call meeting of this club Tuesday afternoon at 4 o'clock at the Gholson.

PURELY PERSONAL.
Mr. and Mrs. L. J. Marks were returned from a short trip to El Paso.

Mrs. Ella Agey is home from a visit to friends in Dallas.

Mrs. Burchette, who has been in the city on business for the past few days, left Saturday for her home in Dallas.

Bernard Lipman left Friday night for Dallas, where he will spend Easter with relatives.

M. L. Belton returned to Dallas Saturday.

Jack McKinney, who has been in Ranger in the interest of the Lion's club, returned to Dallas Saturday.

John Thurman is a business visitor in Houston.

Mr. and Mrs. Frank Rarey, who have been living at Wiles, have moved to Tiffin.

Mmes. M. H. Hagaman and C. D. Woods will leave today to attend the annual Council of Women's Missionary society which convenes at Cisco this week.

Mrs. D. M. Steele will leave Monday for Morgantown, W. Va., where she has been called on account of the illness of her sister.

She Made Him Neckties and Dumplings But Loses Suit for Breach of Promise

NEW YORK, April 8.—A story of blighted hopes, mental agony, crocheted neckties and potato dumplings failed to move the hearts of a jury here when Mrs. Emma Hornkamp, 63 years old, twice married, testified in her suit against Walter C. Decker, 68, a widower, for \$5,000 damages for failure to marry her.

The verdict, after twenty minutes' deliberation, was for the defendant.

With sobs in his voice, Attorney David May told how Mrs. Hornkamp had lavished ties and shirts upon the defendant. With gastronomic fervor, she had prepared to tempt Decker's palate when he was convalescing from a fractured knee. He referred to her gentle ministrations in applying cooling lotions to that knee, which later, he said, she had sat upon at the persuasive insistence of the man to whom she had given her affections with a view to matrimony.

Sadly it was conceded that the only pledge of affection received by the plaintiff from the defendant was a white shirtwaist. Decker swore he never mentioned marriage.

EASTER SALE on Suits and Dresses

We Commence Tomorrow at 8:30 a. m. the SEMI-YEARLY "SALE OF SALES" —The intensive value-giving event for which all thrifty women wait.

Suits 25 Per Cent Off | Dresses 25 Per Cent Off

These models represent the fullest possible measure of value; indeed, we consider them the most remarkable ever shown in Ranger. They feature youthful, straightline effects; aristocratic semi-tailored models for those who prefer them, and a goodly number of braid-bound, beaded or beautifully embroidered designs for those who like a touch of trimming. All in all, we cannot too strongly impress you with the unmatched values.

THEY HAVE HIGH-TONED GALOSHES NOW

With rings on her fingers and bells on her galoshes, the flapper makes music wherever she splashes! They're getting high-toned now. The latest in this sort of footgear is the "Cavalier," shown here. It is a high-toned galosh with a high one-buckle gaiter and a swagger, flaring upper.

RADIO MAKES FILMS TALK

Stars, Speaking From Studios, Have Lines Broadcast to Theatres Under Newest Invention of Wireless.

NEW YORK, April 8.—The motion picture is believed to be on the threshold of an advancement that may revolutionize the film industry.

The films have been married to the voice, the wireless telephone being the minister.

The linking of motion pictures and speakies by radio is believed to be the forerunner of a "movie" broadcasting station that will reach every film theatre in the United States. Briefly, the plan is this:

A motion picture is produced in the studio as usual, the scenario writer having supplied speaking lines and sound effects as though the production were to be given behind the footlights. A number of film theatres are equipped with radio phone receiving instruments.

The film company, probably composed of the same persons who made the original film at the studio, is assembled at the broadcasting station. At the theatres, five minutes or so before the picture is to be flashed on the screen, the broadcasting station warns motion picture machine operators to be ready. The projection machines flash the photoplays on the screens.

At the broadcasting stations the actors speak their lines word for word, as though the many audiences were seated in front instead of in many different theatres miles apart. The actors watch their own screen closely, lest they supply the speakies too quickly or too closely for the pictures.

Carefully guarded experiments, which were carried out in Chicago recently, have become known.

Unemployment which is prevalent

in the film industry is expected to disappear when the radio movies become popular. Thousands more actors and actresses will be employed than at present. Movie theatres will receive greatly increased patronage. The blind man will be able to "see" the pictures.

There is only one matter that is a puzzle. During the applause, will the "movie-speakie" be shut off, or what? All audiences will not applaud at the same time. However, that is considered to be a mere detail which will overcome easily.

LIGHT THAT WILL BURN FOR YEAR ON ONE CHARGE PLANNED BY INVENTORS

NEW YORK, April 8.—A group of men associated with the Tomadelli corporation, Harrison, N. J., believe they are on the verge of an important discovery—the manufacture of an electric light that, once it is charged with electricity, will remain lighted for a year, possibly two or three years.

It is learned that all the energies of those interested in the idea are being bent toward the construction of machinery which will charge the lamp. No lamps have as yet been made, it was said.

The pork bar! draws no party line. —Washington Post.

WICHITA FALLS LOOKS STRONG IN TEXAS LEAGUE

Most Dopesters, However, Concede Fort Worth Should Cop Again.

BY HORACE S. McCOY,
(Sports Editor of the Dallas Journal)

DALLAS, April 8.—Interest in the Texas league, which usually wanes when it is definitely known whether or not Fort Worth will have an entry has suddenly flared high and this season promises to be the greatest of history.

And for good and sufficient reasons. At least two other teams are conceded an even chance with the two time Southern champions. Both the Wichita Falls Spudders and the Houston Buffs appear as though they might make the road exceedingly rocky.

Wichita Looks Strong.
Especially does Wichita Falls loom as a strong contender. At the close of the 1921 season, President R. O. Harvey bundled his cash and sent his scouts out after a team for 1922. They got it. The more determined

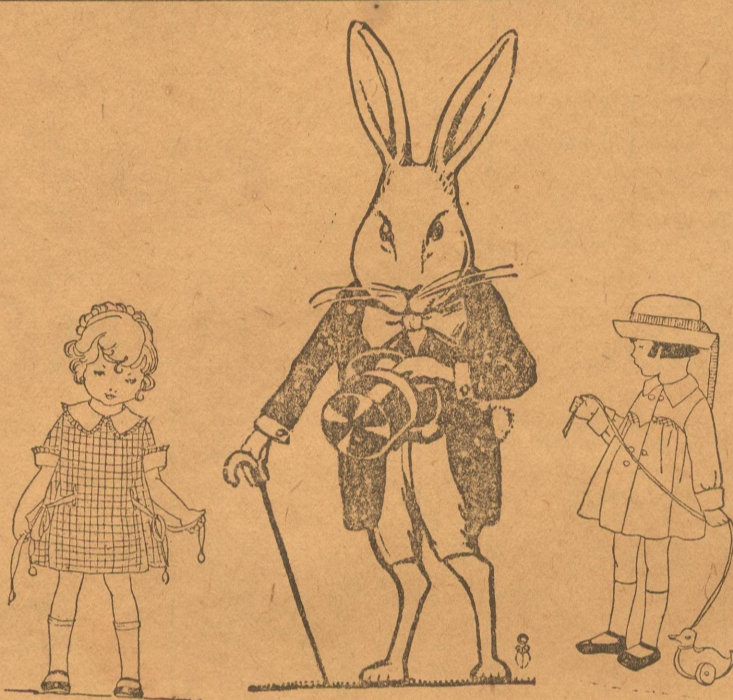

of the Texas league experts unanimously nominate Fort Worth for a repeater, but the Spudders must be figured in.

Equipped with an excellent pitching staff, two good catchers—two who can hit—the hardest hitting infield in the league and a splendid outfield, both offensively and defensively, they appear formidable. The recent acquisition of Fred Beck and Ray O'Brien has boomed the chances of the North Texas entry to where they become real contenders.

Beck hit thirty-five home runs last year in class "A" baseball and totaled an average of .324, which was quite healthy. Besides this, he is an excellent fielder. Had Wichita Falls had Beck last year, they would have won the second half of the Texas league championship.

With first base plugged and Bob Bescher, Ray O'Brien and Jakey Miller in the outfield, there seems to be nothing lacking. Bescher is aging but he still has a remarkable lot of baseball left in him and he can stay up there with any of them.

Houston Has Chance.
Houston, popularly conceded third place in the race, is the dark horse of the circuit. Manager Whiteman has obtained Tom DeNoville, formerly of Jersey City, for his first base.

EASTER SALE Monday and Tuesday

210 S. RUSK STREET

He comes with a record that speaks for itself. That is the only big addition Houston has made.

Beaumont, Galveston, Dallas, Shreveport and San Antonio probably will flounder around trying to win the lower rung of the first division. Dallas was riddled when Camp Skinner, Claude Robertson, Eddie Palmer and Joe Munson left but has made valiant efforts to mould together a team.

No matter where the Marines finish, the owners have an ironclad ally. They were held up until three weeks before the spring season by the long court action and legal mazes through which the Dallas franchise traveled.

ORDER OF BONEHEADS CELEBRATED FOUNDING AT DALLAS CONVENTION

DALLAS, Texas, April 8.—Chief Bonehead Everett has announced arrangements for holding the third annual celebration of the founding of

the Order of Boneheads at the international convention to be held here this month. Speeches delivered at the international borehead banquet will be given to the world by radio, the chief announced.

Several new members have been elected in order to keep the local club up to "fifty-seven varieties" of boneheads.

The Order of Boneheads holds a state charter in Texas and there are several local clubs in the country, one being in Chicago, according to members here. The members are business men who meet for a weekly luncheon, discuss international, national and local events, refusing to consider any problem seriously and after debate announcing how the problems should be solved.

SAYS DIVORCE CAUSES JUVENILE DELINQUENCY

NEW ORLEANS, April 8.—Divorce is the greatest cause of juvenile delinquency, according to B. A. McGleachlan, supervisor of physical education and chief probate officer of Jefferson county, Texas, who spoke before the convention of the Louisiana Teachers' association today.

'Go Get a Reputation,' Says Jeffries When Challenged to Spiritual Boxing Bout

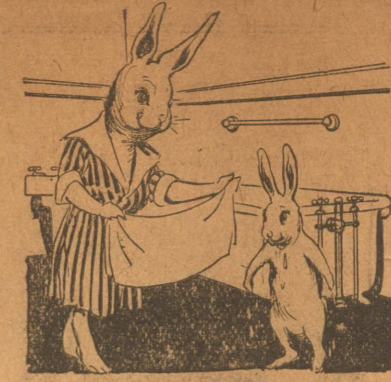

LOS ANGELES, April 8.—"Go get the ring and so is sin. Why should he object if I want a crack at 'em?" That was the reply of James J. Jeffries, former boxing champion, who proposes to lecture on religion, to the challenge of the Rev. Dr. P. P. Dunlop, Chicago evangelist, to a 10-round spiritual bout.

RANGER K. C.'S GO TO DALLAS FOR 4TH DEGREE

The fourth degree of the Knights of Columbus will be exemplified at Dallas on San Jacinto day, April 21, it was announced Saturday by officers of the local council, and abullation may be made to Ed R. Maher, district deputy, Knights of Columbus. The degree can only be conferred on a state or national holiday, it is explained. It is purely patriotic, it is stated, and in it is taught the lessons and duties of citizenship, the following pledge being taken:

church, to the end that she may flourish and our country prosper to the greater honor and glory of God." Officers of the Ranger Council Knights of Columbus, in speaking of the pledge declared that traducers of the order have ascribed to it a certain bogus oath, "when as a matter of fact it is not an oath bound order and there is no pledge taken in its degrees that cannot be divulged to the proper civil authority. History shows that the bogus oath attributed to the order is older than the order itself."

About twenty members of the Ranger council will take the work.
