## PROHIB PROBE FATAL PARTY AT OKLAHOMA CITY

Think Little Liquor Mingled in Events Preceding Colonel's Death.

By Associated Press.  
OKLAHOMA CITY, Okla., April 5.—Preparations were made today to launch three separate inquiries into the events surrounding the slaying of Lieutenant Colonel Paul Ward Beck, pioneer army aviator and assistant commandant of Post field by Jean P. Day, wealthy oil operator and prominent attorney, in the Day home Monday night, when, according to Day, Beck was found attacking Mrs. Day.

A separate investigation by county authorities will determine the charges to be filed.

A military commission of three army officers will come here according to an announcement at Post field, and investigate the killing.

A third inquiry was started when prohibition officers under Director Meadows for Oklahoma, began to check up whether liquor might have had a part in the party that preceded the killing of Colonel Beck.

Claims Unwritten Law.  
The unwritten law of Oklahoma will be invoked to clear Jean P. Day, Oklahoma oil man, politician and attorney, from blame in the killing of Lieutenant Colonel Paul Ward Beck, handsome commandant of Post field, it was apparent today.

"Could any red-blooded man do anything but what I have done?" asked Day, after telling how, through the high French windows of his mansion he saw his wife, a beautiful Oklahoma and Washington society matron, struggling with the aviator.

Mrs. Day, hysterical from the tragedy and under the care of a physician, today told her version of Beck's death, substantiating her husband's story.

ARMY WILL INVESTIGATE.  
By United Press.  
WASHINGTON, April 5.—An army court of inquiry will be appointed to investigate the shooting to death at Oklahoma City of Lieutenant Colonel Paul Ward Beck, army flyer of Post field, Oklahoma, it was learned at the war department.

This is in accordance with regulations, requiring such an inquiry in the event of the death of an army man from other than natural causes in peace times. This step will be taken independently of any action taken by the civil authorities.

## U. S. MAY RESUME WORK ON DAM AT MUSCLE SHOALS

By Associated Press.  
WASHINGTON, April 5.—Resumption of work on the gigantic Wilson dam at Muscle Shoals under the charge of army engineers, was recommended today by the senate agricultural committee, who voted to include in the army appropriation bill an appropriation of more than \$7,000,000 for the work.

PRESIDENT SAYS CONGRESS MUST DIRECT DISPOSAL.  
WASHINGTON, April 5.—President Harding was represented, after a conference with Chairman Kahn of the house committee on military affairs, as taking the position that congress must direct the disposal of the government plant at Muscle Shoals and should not refer the matter back to the executive branch of the government.

## TREASURY PREDICTS PAR FOR ALL U. S. BONDS

By United Press.  
WASHINGTON, April 5.—All Liberty bonds soon will be selling at par or above, for the first time since their issuance, treasury officials believe. The steady comeback of the bonds should continue, it was said, as conditions approach normalcy, when all government bonds will sell at a nice premium.

## DENY RAILROADS PAY MORE THAN INDUSTRIES

By Associated Press.  
CHICAGO, April 5.—Replying to testimony of railroads that outside industries paid much lower wages, union officials told the United States labor board that the carriers had not presented a true summary of the situation in their wage hearing evidence.

## ON TOP AGAIN!

Ranger Ford Agency Leads State for Second Month in Succession.

Ranger is one of the favorite flivver playgrounds of Texas and the Leveille-Maher Motor company here is the champion Ford agency of the state, it is shown from March reports which credits the local agency with the largest number of sales of any other in Texas, for the second consecutive month. In February, the Ranger agency led other agencies over the state with a total of sixty-three cars sold. In March it again led with a total of eighty-seven. A Dallas agency and the agency at Breckenridge are second for last month with a total of seventy-five sales. Fort Worth is next with seventy-one cars; Burkburnett fourth with sixty-five cars; Wichita Falls with forty-three and Cisco with thirty-two.

While more Fords are sold in Dallas, Fort Worth and a few other of the larger cities of the state, the Ranger agency leads every other single agency in the state including agencies in towns many times larger than Ranger.

In February the Ranger agency sold sixty-three, a Fort Worth agency fifty-eight, and Breckenridge was third with 45.

## KANSAS FAMILY STRUCK DOWN BY FIEND WITH AX

Youth Dead, Father and Three Children Are Expected to Die.

By United Press.  
CONCORDIA, Kan., April 5.—Bloodhounds today took the trail of an ax murder fiend who late last night attacked the family of L. J. Tremblay, well-to-do farmer living twenty miles east of here, near Clyde. Theodore Tremblay, 18, was slashed to death, and Tremblay and three smaller sons are not expected to recover. Cleo, 8, has a chance to live, doctors say.

The murderer fired both house and barn after he had robbed his victims.

Three of the boys were dragged unconscious from the burning home by neighbors, who succeeded in preventing complete destruction.

Tremblay was found with his skull crushed, lying unconscious on the doorstep.

Mrs. Tremblay died several years ago and Tremblay lived alone with his sons. Neighbors could recall no enemies of the family.

## BRITAIN CALLS ON FRANCE FOR DEBT INTEREST

By United Press.  
PARIS, April 5.—The French government has received a note from England which is considered tantamount to a demand for immediate payment of the interest on France's debt to Great Britain of 2,500,000,000 francs. Marquis Curzon, British foreign minister, indicated in his communication that England could not renew the three-year agreement, whereby France was permitted to postpone payment of interest on war-time loans.

The whole question of inter-allied debts and of Europe's debt to America may be brought up in the Genoa conference as a result of today's action by Britain.

## SAYS MILLIONAIRE HAS TOO MANY WIVES

By Associated Press.  
NEW YORK, April 5.—Indictment of Joseph Donald Grafton, son of a Pittsburgh millionaire, on a charge of bigamy will be asked of the grand jury, it was announced today at the office of District Attorney Banton.

R. C. Murphy, assistant district attorney, will present the case to the grand jury this afternoon.

## FREE STATE OFFICIALS ARRESTED BY REPUBLICANS

CORK, Ireland, April 5.—Armed Republican insurgents have arrested three Free State election officers who were campaigning at Remy in favor of the peace treaty with Great Britain. Several shots were fired during the excitement but no one was injured.

## KLAN PANNED BY DALLASITES AT MASS MEET

Resolution Pledges Opposition to Any Candidate Who Is Member or Friend.

DALLAS, April 5.—Dallas today had a new organization as an outgrowth of recent floggings here—the Dallas County Citizens' league. The avowed purpose is to oppose the Ku Klux Klan, as summarized in the resolution adopted last night at the mass meeting.

"No member of the Ku Klux Klan should be permitted to hold any office in our state and we pledge the people of Texas that we will not support or vote for any candidate who is a member of the Klan, who is in sympathy with it or who has apology to offer for this organization or its acts," the resolution read.

A permanent committee of nine members with M. M. Crane as chairman, today took up its first day of executive work of the week. In addition to Mr. Crane, it is composed of O. B. Colquitt, Dr. J. B. Cranfill, G. H. Irish, A. O. Anderson, I. K. Hexter, Dan F. Sullivan, Ben Chilton and C. M. Smithdeal.

Last night's meeting heard addresses by Crane, Colquitt, Judge James Haven, Judge W. L. Crawford, W. W. Nelms, Henry L. Seay, Austin Callaway, Dr. Cranfill and Judge Smithdeal. Each denounced the Klan.

## DENISON DEACON SILENT.

By Associated Press.  
DENISON, April 5.—Dr. W. L. Smith, the deacon who snatched the mask from the face of a clansman during the visit at a local church Sunday night, has not revealed the identity, although he intimated that he knew the man whom he exposed. A grand jury is investigating the fight in the church, which followed the unmasking.

## GOVERNOR HASN'T READ DALLAS MAYOR'S LETTER

AUSTIN, April 5.—The letter from Mayor Aldredge of Dallas requesting Governor Neff to turn over evidence of lax law enforcement here to him and to the Dallas county grand jury was received at the governor's office this morning. The governor will not receive the letter until noon or later, his secretary said as his time will be taken up with other matters.

## CAN'T STOP USE OF LIQUOR IN CHURCHES

WASHINGTON, April 5.—All sorts of intoxicating liquors may be used in churches and synagogues for sacramental purposes, it was ruled today in an opinion by Justice Hitz of the District of Columbia supreme court.

## PORTUGUESE FLYERS ON SECOND LEG OF FLIGHT

LISBON, April 5.—After a false start yesterday, when engine trouble forced them to postpone the second leg of their flight to Brazil, the Portuguese aviator began their flight at 8:30 this morning from the Bay of Gando instead of Las Palmas, taxying to their starting places to avoid bad weather. They were to fly to the Cape Verde island, a distance of 900 miles.

The third and hardest leg of the trip is a 1,500-mile flight from the Cape Verde islands to an island off the coast of Brazil.

## OIL MAN GIVES TEN THOUSAND TO BAYLOR

By Associated Press.  
WACO, April 5.—The Baylor fund jumped to \$95,000 today when W. E. Comper of Shreveport, wealthy oil man, sent in a donation of \$10,000.

## STORM WRECKS SMALL HOUSES IN LOUISIANA

NATCHITOCHES, La., April 5.—A storm struck Tymans, six miles above Natchitoches, yesterday demolishing thirteen tenant houses and wrecking eight others and the Texas & Pacific freight depot, it was learned here today.

## TONIGHT

The Master Masons club will meet tonight at 8 o'clock at the club rooms in the Masonic building. All members and Masons interested in membership are urged to attend.

## Two Trips Planned to Boost Baseball Opener

One Will Be Staged Tuesday, Other Thursday; Will Cover "Circle."

Plans for the biggest crowd Ranger ever put in a ball park were laid last night by directors of the club at a meeting held at the Chamber of Commerce.

Two trade trips, one north and east and the other south and west, will be staged by boosters to call attention to the opening of the season in all the neighboring towns; the school children will be invited as the guests of the club, a special section being devoted to them in the left-field bleachers. All stores, offices and shops will be asked to close, in order that every man and woman in Ranger can be there when his umps calls play ball and the 1922 season is put under way.

And before the season opens, there's going to be another event that will stir Ranger to its depths with scandal! Remember that couple that got married the other night at the Liberty theatre? Well, the gossip peddlers are to have their inning. Things are not going well in the Ward-Davenport family at all. They have agreed to part and the allegations those two persons make against each other! Gents and ladies, it's awful! What they say about each other is too terrible to be put in print. But it's going to be aired out in a divorce suit set down for hearing Tuesday night, April 18. And the judge has ruled it will be an open session, in order that all persons may be informed of the ills that hasty marriages lead to.

The booster trips are scheduled for next Tuesday, the 11th, and Thursday, the 13th. Jack Gullahorn and C. Q. Rogers were named to rustle the conveyances. The merchants' association will be asked for the loan of its band, and plans are under way to make each of these outings a thing of joy in itself, as well as the best booster-trade tripping enterprise in which Ranger has yet engaged. Phone the committee that you're going and say how many cars you'll furnish.

Teal Is Pop Man.  
Every Monday is to be "ladies' day," when admission will be free to all wearing skirts, regardless of length. It was decided to call play 4 o'clock on week days and 3 o'clock on week ends.

(Continued on Page 2.)

## PAY TAXES, OR PAY PENALTY, IS WARNING

Full or part payments must be made on all city and school taxes by April 15 to avoid the 10 per cent penalty, City Tax Collector Ringold announced this morning. The delinquent tax list on May 1 will be turned over to attorneys here and because of the fact that the money of many of the taxpayers has been tied up in the F. & M. bank, the city and school district had not started assessing the 10 per cent penalty on Feb. 1, the date set by law, but had allowed all the time possible.

Taxpayers not able to pay the full amount of taxes within the time allowed can avoid the penalty and suit by making a part payment and arranging at the offices for weekly or monthly payments, it was announced.

Both the city and schools are in need of money, it is pointed out, and with the paying off of depositors of the bank and the improvement of general conditions there is less excuse for delinquency in meeting the tax payments.

## SPIES ROB ENGLISH DIPLOMATIC MAIL

By United Press.  
PARIS, April 5.—International spies last night robbed a mail train running between Paris and La Roche of thirty sacks of English mail bound for Italy, in an attempt to obtain diplomatic communications relative to the Genoa economic conference.

## FIRST STRIKE VICTIM.

By United Press.  
SCRANTON, Pa., April 5.—Dominic Serlano, first victim of the coal strike, died here today. Serlano, a miner, was shot from ambush Saturday night. His slayer has not been captured.

## CONFIDENCE—AND SUSPICION

One Man Says Merchants' Association "Best Bank He Knows Of"; Another Asks How Long Money Will Last.

The height of confidence and suspicion has been encountered by Secretary Burt of the Retail Merchants' association in paying off the assignees of accounts in the F. & M. bank and in the redemption of scrip, which started at the offices Monday.

"Just let it stay" one former depositor of the F. & M. bank told the secretary this morning when informed that he had four years in which to collect the balance due on his assigned account.

"This is about as good a bank as I know of, so I will leave it alone for a while," the assignee added as he left the offices. The secretary explained that the association was desirous of paying off all claims and redeeming all scrip as soon as possible.

"How long is the money going to last?" another individual inquired of the secretary as he breathlessly rushed in. He explained that his mother was sick and could not well come to the offices to collect the balance due on her assigned account, but would do so, doctor or no doctor, if there was a possibility of the money not holding out for a few days. The inquirer was assured that "the money would hold out" until the last claim was paid and the last scrip note redeemed.

During Monday and Tuesday, \$27,000 in scrip was redeemed at the offices, leaving only a comparatively small amount outstanding. In addition 145 claim-holders have been paid.

## PRESIDENT TO SWEEP DEMOCRATS FROM ALL HIGH EXECUTIVE POSTS

By United Press.  
WASHINGTON, April 5.—A general housecleaning that will remove at least 2,000 prominent government employees here with Democratic leanings, whose views are hostile to the administration, will be made in addition to the summary dismissal by the President of twenty-eight bureau of engraving executives.

President Harding, it was said, has determined that to obtain the highest efficiency of governmental administration, the more important positions in the administration must be held by Republicans or others friendly to his policies. He has decided to carry out this policy regardless of any criticism that will arise at first, believing this step will be approved in the end.

In addition to the bureau chiefs dismissed from the bureau of engraving, it was learned today that 445 of the 5,000 employees of the customs service have been removed recently. This ratio of one to ten will hold in other departments, it is said.

## FIRST NATIONAL RECEIVER CAN'T SAY WHEN DIVIDEND WILL BE PAID

Another dividend to depositors of the defunct First National bank is being held up by the difficulty in collecting the indebtedness due the bank, and it is not possible to say at this time when sufficient funds will be accumulated to justify the comptroller of the currency in authorizing another dividend, E. B. Cushing, receiver of the bank stated this morning. Mr. Cushing pointed out that the first dividend exhausted all the funds available for the depositors and that the only source from which money can be obtained for dividends is from those indebted to the bank. The monthly ground rent "at boom-time price" is also taxing the resources of the trust.

"There is quite a sum of money due the bank," Mr. Cushing said, "but it has been difficult to get. Some of the creditors fail to realize that they are indebted to their friends and neighbors who are creditors of the bank and seem to think that the money they pay the receiver goes to the government. As a matter of fact, except what is necessary for current expenses, every cent collected goes to the United States treasury and can be withdrawn only to pay dividends to the creditors. Since the first of January, collections have been slow and unsatisfactory. A large sum is necessary to pay a dividend of 10 per cent, which is the minimum usually paid.

"Aside from collections, the sale of the banking house, corner of Main and Rusk streets, would add to funds available for distribution among creditors and expedite the payment of another dividend. Unfortunately this building stands on leased ground and, so far, it has not been practicable to reach a working agreement with the owners of the ground, through which the sale of the property may be effected. Meantime, under the existing ninety-nine-year lease, the owners are exacting the monthly rental at the boom-time price, which is quite a tax on the meagre resources of the trust. It is hoped that some solution of this difficulty may be reached, and the property disposed of.

"Creditors are assured that every effort will be made to collect what is due them, to the end that a further payment on account may be made as soon as possible, and when another dividend is declared, every holder of a receiver's certificate, whose address we have, will be duly notified through the mails.

"Creditors who failed to prove their claims in time for the schedule of checks issued for the first dividend are informed that a supplementary schedule will probably be prepared and checks issued from Washington about June 15. Due notice will be mailed to all claimants who have proven claims, and obtained receivers' certificates, when such checks are ready for distribution.

"Those who have not filed proofs of claims should do so at once or they will not be included in schedule now being prepared."

## FATTY ON STAND

By Associated Press.  
SAN FRANCISCO, April 5.—Roscoe (Fatty) Arbuckle took the stand in his third trial on the manslaughter charge resulting from the death of Virginia Rappe. Arbuckle followed George Franklin Street, defense medical expert and alienist for the defense in the first trial of Harry K. Thaw for the killing of Stanford White.

## MECHANIC ELECTROCUTED IN FORT WORTH GARAGE

FORT WORTH, April 5.—H. B. Gammon was electrocuted here today while working with an automobile, when a piece of baling wire which he touched came in contact with the front lamp and caused a short circuit.

## WICHITA FIRM BUYS HOSPITAL \$35,000 BONDS

Work on City-County Institution Scheduled to Begin on May 1.

The \$35,000 bond issue, voted by the city last December as its share for the construction of the City-County hospital here, was sold yesterday afternoon by the city commission to Brown-Crummer company, bond house of Wichita, Kan. The bonds were sold at par and accrued interest, less a commission of \$2,450, leaving the city \$32,550 to add to the county appropriation of \$30,000 for the hospital. While the actual sale of the bonds with the commission deducted was 93, the price was considerably better than that obtained by Breckenridge, Eastland and other surrounding cities and towns. Breckenridge bonds are said to have recently sold at 90 and Eastland bonds at 85. The Brown-Crummer bid for the bonds was one point better than the bid from another bond house that was rejected by the commission several weeks ago.

Notes Refunded.  
Procedure was also taken at the meeting yesterday afternoon exchanging \$50,000 in funding bonds for \$50,000 in short term warrants of the city held by the Brown-Crummer company and due on July 5. The warrants were issued by the city in the early part of 1919 to make improvements at a time when no taxes were available. The funding bonds were voted in December, 1919.

The city will receive a check for the hospital bond sale as soon as the bonds are approved by the purchasers' attorneys. The bond issue has been approved by the attorney general of the state and the form of the bonds approved by the state comptroller of the currency and no delay is expected in the approval of the bonds by the purchasers' attorneys.

The contract for the hospital has already been let to Quisile & Andrews, by both the city and county officials for \$51,880, a bond posted and work will commence on May 1. The remainder of the \$62,550 appropriation available from the sale of the city bonds and county appropriation will be used in paying for the Pine street site, installation of an elevator and equipment for the building.

## SETTLEMENT OF COAL STRIKE IS CONGRESS' AIM

By United Press.  
WASHINGTON, April 5.—The house labor committee, which has invited operators of the central competitive field to a conference in Washington April 10 to end the coal strike, gave notice today that it will not cease its efforts until a settlement is effected.

"We are going to stick to this thing until a solution is reached, whether it comes with our first effort or not," Representative Bland, Republican, of Indiana, declared today.

Representative Nolan, Republican, of California, chairman of the committee, expressed a similar determination. He was the originator of the plan toward which the country is looking for a solution.

## ILLINOIS OPERATORS TO REJECT INVITATION

By United Press.  
CHICAGO, April 5.—A meeting of Illinois operators will be held here tomorrow to discuss the invitation of the house labor committee to a conference with the union heads on a coal strike settlement. The invitation will be rejected, it was virtually agreed before the meeting.

## LEWIS IN NEW YORK.

By Associated Press.  
WASHINGTON, April 5.—President Lewis of the United Mine Workers left here today for New York, having concluded his appearance before the house labor committee. Lewis characterized the strike situation as satisfactory. In New York, with other union officials he will confer with the operators on negotiations for an anthracite wage scale.

## ALIEN'S WIFE CAN'T VOTE.

By Associated Press.  
AUSTIN, April 5.—A woman, who although once a citizen of the United States is the wife of a man not a citizen, and an alien, is herself not a citizen and is not entitled to vote as long as the marital relations continue or her husband remains an alien, was the opinion rendered by the attorney general today.

**IF WOMEN WANT TO SMOKE.**  
The ladies will smoke or do anything else they want to, and lawmakers and mere males needn't waste any efforts saying they nay, says the New York American, in discussing the recent one-day smoking ban in that city.

Since the writer is evidently a married man as well as a historian, his views may be beneficial to other men who are in any doubt as to when and why to trim their sales. He says:

"In explaining that he knew nothing of the ordinance against women smoking in public, Mayor Hylan remarked:

"I make it a policy in my administration never to interfere with the ladies—for they will do as they please anyway.

"Statesmen, legislators, aldermen, reformers—cut that out and paste it in your hat. For it contains much wisdom.

"When she will, she will—you may depend on 't. And when she won't, she won't—and there's an end on 't. Although, sometimes, she will.

"But, taking her by and large, from the days of Ptah-Hotep, when she began to rouge, down to A. D. 1922, when she still rouges, there has been one streak of singular consistency in her development. She has always had her way.

"Those who, from the best of motives, attempt to change her ways may just as well attempt to sweep back the Atlantic waves or teach halibut to fly.

"If she wants to smoke, let her smoke. If she wants to wear her skirts short, let her wear them as short as she likes. If she wants to bob her hair, let her bob it.

"There is something radically wrong with the man who wants to change women's ways. He probably has a dozen beams in his own eye.

"If the ladies disagree among themselves—ah! that is a different matter. In that case, let them fight it out. No man with a full equipment of cerebrum and cerebellum would ever dream of butting in."

**GIRL BURGLARS**

Ranger Home Entered by Trio Whose Combined Ages Make 40.

Three little girls, 13 and 14 years old, were taken into custody last night by Deputy Sheriff John Barnes in connection with the burglary of a store room in the rear of the residence of T. B. Scott on Austin street. Women's wearing apparel valued at more than \$50 was stolen from the house. The girls were taken before Justice of the Peace McFatter and most of the stolen articles recovered after they had been questioned by the officer. The girls were released on their own recognizance to appear in the justice court when the disposition of their case has been determined by the county attorney.

By United Press.  
DAYTONA BEACH, Fla., April 5.—Traveling at a speed of 152 54-100 miles an hour, Sig Haugdahl of Norway, in his Wisconsin special racing car, officially lowered the world's record here today, when he established a mark 3 minutes and 56 seconds for ten miles and 1.56 for the five-mile distance.

**TEXAS 'HUMAN FLY' WANTS TO CLIMB EIFFEL TOWER**

PARIS, April 5.—Scaling the Eiffel tower on its outside framework is a pipe dream if you're a "human spider." Leastwise, so opines William Strother of Houston, Texas, who aspires to that appellation. He hopes to find time and permission to sandwich such a stunt into his present daily program of seeing and "doing" Paris and being "done" by Montmartre.

Strother, better known as "Bill," says he needs a little exercise. He believes he can secure a permit to undertake the hazardous feat provided he offers to do it in aid of a French war charity. Accordingly, he is getting in touch with the official French ex-service men's organization in order to secure its indorsement of an Eiffel tower climb. Bill says he always attracts big crowds and a collection among spectators is bound to reap rich results.

Strother performed his climbing stunts on New York skyscrapers and other lofty buildings in American cities.

"My first achievement arising from a dare, with a wager attached," he said yesterday, "was to negotiate a climb up the almost sheer face of a five-story building in Pittsburgh. I had a peculiar feeling between where my heart should be and my mouth on that occasion, but practice makes perfect. Now there isn't a structure in existence that could feaze me."

**DOG HILL PARAGRAPHS**

By GEORGE BINGHAM

The Tin Peddler and the engineer of the Tickville road have got so they do not speak as they pass by. It all came up over who had the right of way over the crossing in the Calf Ribs neighborhood.

Fletcher Henstep, after working hard for the past several months, accumulated a ten-dollar bill, which he turned over to his wife. She at once departed for Tickville to buy some things they need, and she is going to give Fletch what change she has left. He is now trying to study up something to buy with it, and has his mind on a postage stamp.

Clab Hancock stayed longer around the stove at Rye Straw store than he should to, but he knew if he left the others would begin to make remarks about him.

**NEWBERRY CASE UP IN INDIANA SENATE RACE**

INDIANAPOLIS, Ind., April 5.—The Newberry case is having a marked effect on the Republican campaign for the United States senatorship nomination in Indiana, which is now swinging into the final month of battle.

It is a typical Indiana campaign, with everything from the hours of work put in by Senator Harry Newberry to the number of tea parties attended by his former opponent, Senator Albert J. Beveridge, entering into the fight, but the fact that there was a recent scandal over the amount of money Senator Newberry's friends spent in Michigan is obviously having its effect, as this campaign is the first to follow the Newberry charges.

Beveridge devotes considerable time in his speeches to discussion of large expenditures he alleges are being made by the New campaign managers. Senator New has offered no details in regard to these alleged expenditures, and no defense has been presented by New other than to point out that some of Beveridge's speeches were widely advertised in newspapers, with the suggestion that this must have cost considerable money.

Political Thrift.  
Beveridge says that these expenditures were made without his consent and that he has stopped all such outlays. And to further prove his belief in political thrift, Beveridge ordered his state headquarters in an Indianapolis hotel closed. He announced he would conduct the remainder of his campaign from the law offices of his campaign manager.

Senator New's campaigners are devoting much attention to Beveridge's "war record." They declare that "while other orators—and Beveridge is an orator of unusual ability—were out selling Liberty bonds, Beveridge was up in the Maine woods writing the biography of John Marshall. To which Beveridge's speakers respond that the former senator did speak for the Liberty loan, and furthermore, sold his automobile so he could buy some bonds himself.

Great stress is being put upon the work Senator New does in Washington by his campaigners. To hear some of his supporters one might imagine New was dragging himself down to skin and bones by work done in the quiet of his own office or in committee rooms, and, therefore, without public glory.

Tenstrike for New.  
In this connection, the speech which Senator New delivered by radio from Washington to an Indianapolis woman's meeting last week was a tenstrike for the senator. It emphasized first, that Senator New is on the job at Washington and is so busy that the only way he can address his Indiana audiences is by wireless, and, too, that Senator New is so influential with the administration and with the President that all the facilities of the wireless system are thrown open to him.

The fact that was generally published that President Harding, at the White House, listened in on Senator New's radio speech was not bad for the senator either. The Beveridge followers realize that it did not help them any to have it indicated in this

way that the President is, at least, interested in New.

They Make Women, Too, a Puzzle How S. S. S. Stops Skin Eruptions Positively.

Pimples and skin eruptions have a price—you pay for every dustule, black-head and pimple on your face. Pimples produce prejudice and prevent prosperity. Your heart may be gold, but who wants to kiss eruptions? Pimples men don't look like the owners of anything. Pimples women, too are puzzles, with no prospects and no power. Young men and women, here's the positive way out. Physics and purgatives will fail. What you need is a scientific blood-cleanser. S. S. S. is one of the most powerful destroyers of blood impurities. You can prove this in a short time. S. S. S. has been passed on by a jury of millions of people just like yourself. It is considered one of the most powerful vegetable blood-purifiers and flesh-builders in existence. That's why you hear of so many underweight people putting on lost flesh in a hurry, why you hear of so many rheumatics being freed from this scourge, with S. S. S. Start today with S. S. S. and see your face clear and your skin get reddier, your flesh firmer. It will give you a boost in your career. S. S. S. is sold at all drug stores, in two sizes. STATE COURTS TRY DRY CASES JUST FOR WHILE

CHICAGO, April 5.—Attorney General Harry M. Daugherty has no intention of abandoning prosecution of liquor cases in the federal courts and the transfer of certain cases to the state courts here was a temporary measure pending filling of vacancies on the federal bench, according to a letter from Mabel Walker Willebrandt, assistant attorney general, in charge of liquor cases, made public here. Writing on behalf of Mr. Daugherty, Miss Willebrandt said: "There is no intention or effort on the part of the department of justice to abandon the firm stand taken by the attorney general in his announcement at the Cincinnati convention of the Bar association last fall as follows: 'My duty is clear. As long as I am the responsible head of the department of justice the law will be enforced with all the power possessed by the government which I am at liberty to call to my command.' To Clear Docket. "Request reached us from a federal judge to make temporary disposition of the great mass of cases constantly flowing into the federal courts from prohibition agents. The suggestion of sending the cases to the state courts was for a short period only and merely as a result of the congested calendars of work in the federal courts due to the resignation of Judge K. M. Landis and pending the filling of vacancies in the federal courts. "The prohibition department appreciated the dilemma and requested officials of that department to say whether they could handle their cases in the state courts until the federal courts would have all places filled. "To construe the action as a permanent abandonment of the intent to prosecute liquor cases in the federal court is an entirely erroneous light to cast on the matter. It merely is an attempt to meet a temporarily congested situation by dividing the cases between state and federal courts."

LANDMARKS MAKE WAY FOR CLEVELAND DEPOT CLEVELAND, Ohio, April 5.—The biggest wrecking job in Cleveland's history—the razing of every building, save one, in the area bounded by Prospect avenue, Ontario street, Vinegar Hill, Canal road and West Third street, to make room for Cleveland's new union station on the public square—has been started. When it is completed half a dozen famous old landmarks of historic interest and more than a score of other structures of various sizes will have been demolished and more than five acres of land in the very heart of Cleveland will stand as barren as in the day when the east bank of the Cuyahoga river was grazing land. The new station in the heart of downtown Cleveland will cost about \$50,000,000.

GIRL WHO FOUR TIMES DEFIED U. S. LAWS FOR LOVE DEPORTED AGAIN

PHILADELPHIA, April 5.—Miss Beatrice Hebert, 30 years old, the Canadian stenographer, whose love for William Zinzer, manager of a Philadelphia tourists agency, caused her to enter the United States against the mandate of the authorities, has been deported for the fourth time. She will be sent to her mother in Toronto, it is said. Before leaving Miss Hebert told Commissioner Hughes that she had been cured of her affection for Zinzer and that she would not attempt to return to the United States. She had been at the detention home since the middle of January.

BERLIN IS CENTER FOR COUNTERFEITING MONEY

BERLIN, April 5.—A band of international counterfeiters with a branch office in almost every European country, America and Australia has established headquarters in Berlin, say police and Reichsbank investigators. Monies of half a dozen countries are being manufactured here. A score of arrests have been made but authorities say the band is still functioning. In addition there have been many arrests of counterfeiters operating alone, making either German or American money. American dollar and \$10 notes are favorable productions of the counterfeiters. German 50,000 and 1,000-mark notes also are widely counterfeited.

WINDSTORM WRECKS BUILDINGS AT CURRIE

CORSICANA, April 5.—Wrecking seven derricks, demolishing a theatre as well as a number of other buildings under construction and blowing down a large number of tents, a windstorm of unusual intensity swept the oil town of Currie, this county Monday night at 11 o'clock. The wind was accompanied by a hard rain which has made the roads to the oil fields almost impassable and caused discontinuance of drilling for the present at many of the deep tests. No estimate has been placed on the damage, but it will be several thousand dollars. No one was reported injured.

ST. LOUIS TEAMS EXPECT BETTER WORK ON MOUND

ST. LOUIS, April 5.—Both the Cardinals and Browns have improved their pitching staffs this year as compared with last season, according to training camp reports. Weakness on the mound has consistently been the cause of wrecked pennant hopes for both St. Louis' major league teams, but with the considerable improvement reported, the local managers expect to remedy this fault and not to let it interfere in their scrambles for the National and American league pennants. Danforth helps Browns. Danforth promises to strengthen the hurling staff of the Americans. He was obtained from the Columbus American Association team and had previously played with the Chicago White Sox. Shocker, Davis, Vangilder, Bayne, Danforth and Wright have been selected by Manager Lee Fohl to be the Browns' regular twirlers. The Cardinals made no notable additions in their pitching department, but Branch Ricker, the manager, expressed satisfaction with his squad of last year which includes Doak, who led the National league in earned runs; Pfeffer, obtained from Brooklyn and Pertica, Bailey, Haines, Walker, Sherdel and Goodwin.

DETROIT ASKS WAIVERS ON INFIELDER YOUNG

DETROIT, Mich., April 5.—Waivers have been asked by Manager Cobb of the Detroit American association on Pep Young, veteran second baseman. In announcing his decision to drop Young, Cobb said he wished to fill the place at second permanently and was doubtful whether the veteran would regain his old-time form. Young's erratic throwing last season caused him to be dropped for a time from the regular line-up.

NATIONAL STANDARDS DISCUSSED BY 'GAS' MEN

KANSAS CITY, Mo., April 5.—Establishment of a national policy regarding inspection of gasoline was the subject to be threshed out at the first session of the spring convention of the National Petroleum Marketers' association which opened here Tuesday afternoon. Approximately 1,000 oil men, mostly jobbers and refiners were in attendance. It is planned to hold sessions every afternoon with a banquet Thursday night, after which the convention will adjourn. Subject for disposition at today's session was determination of the position to be taken by the petroleum industry in view of the efforts being made by state and federal governments to place heavy taxation burdens on gasoline. Refiners, jobbers and members of allied industries had exhibits in places surrounding the arena floor of the convention hall.

### EX-RANGER MEN NAMED IN OLDEN BANK SUITS

EASTLAND, April 5.—Three suits against stockholders in the defunct Guaranty State bank of Olden were filed Saturday in the district court here by Ed Hall, commissioner of insurance and banking of the state of Texas. One of the suits is against C. B. Hedrick, former president of a defunct bank of Ranger, and is for \$18,500.

Hall alleges that Hedrick owned 185 shares, par value \$100, in the Olden bank, and that he, the commissioner, has levied a 100 per cent assignment against all the stockholders, and that Hedrick has not paid the assessment. Therefore the banking commissioner has brought suit for \$18,500.

### FULWILER IS ELECTED BRECKENRIDGE MAYOR

BRECKENRIDGE, April 5.—In a warmly contested city election Tuesday C. H. Fulwiler was elected mayor over three opponents, receiving 410 out of a total of 931 votes polled.

Two commissioners were elected, F. W. Holder and Robert Douglas. Members of the school board elected were G. O. Bateman, G. T. Wilson and Mrs. Jessie R. Smith.

### ANOTHER PRODUCER IN SOUTH BURKBURNETT WICHITA FALLS, April 5.—The No. 1 Murdock of Hunter and associates, located in the south Burk Burnett district, near the No. 1 Cropper of Laning & Moninger, was completed here today as a 125-barrel producer from a 1,230-foot sand. The well is the first to be completed in that section since the bringing in of the Lanning well opened up the pool. The first well drilled showed a production of 250 barrels.

Several other tests are drilling in that section surrounding the two completions. The wells are located between the Burk Burnett townsite and Texhoma pools.

### \$90,000 FIRE LOSS IN WAXAHACHIE ELEVATOR

WAXAHACHIE, Texas, April 5.—Fire of unknown origin caused a property loss of approximately \$90,000 here early Tuesday when the plant of the Stone-McKenna Milling company was destroyed. The building, a three-story structure, contained all the machinery of the plant, a large quantity of grain and grain products. A large wooden elevator with a capacity of 40,000 bushels, and which was practically full of grain, also burned, but two metal elevators escaped.

### PARRISH'S SUCCESSOR TO BE CHOSEN MAY 13

## NEW WELL FLOWING IN ELIASVILLE AREA

ELIASVILLE, April 5.—The Benson Drilling company has brought in its McDonald well on the Empire lease four miles west of here. The well is flowing better than 300 barrels before being shot. The company expects to shoot the well within a few days and also expects a large producer after the shot, as the wells in that vicinity are usually doubled in production by a shot of nitro-glycerine.

More activity is seen in this field since an adequate water supply has been furnished by the recent rains. The Glascock Production company has resumed operations on its Cunningham No. 1, two miles west of here and north of the Clear Fork river. More casing and pipe has been moved through Eliasville during the last week than for many months.

### \$1,500 IN JEWELS HAULED AWAY IN GARBAGE CAN

SAN ANTONIO, April 5.—Precaution against thieves cost Mrs. Percy E. Abbey \$1,500 worth of jewelry and caused a score of garbage men to dream of sudden fortune, according to a sad tale related to police today. Just before going down town late yesterday, Mrs. Abbey placed a diamond necklace, valued at \$1,500, a small diamond ring and an opal ring in a small box, carefully hiding the box in some waste paper in a basket.

While Mrs. Abbey was away some one decided to clean house and emptied the waste basket into the garbage can. The contents of the can were dumped in a wagon and hauled away before the loss was discovered.

## Girl Dreams Gun Is Pointed at Her; Cuts Hair in Sleep

FERRIS, Texas, April 5.—Miss Margaret Wilcher, 16, is minus her beautiful black tresses because she cut a portion of them off while in her sleep, and a barber the next morning found it necessary to trim the remaining strands.

According to the parents of the young woman, they found her several mornings ago moving about her room while asleep. One strand of her hair had been cut off. It was lying on the floor where it had dropped from the scissors.

When awakened, Miss Wilcher said she had dreamed that a man had leveled a revolver at her, saying: "If you do not cut your hair off and give it to me I will kill you."

It was in obedience to that command that the girl got out of bed, secured a pair of scissors and cut off one strand of hair.

Miss Wilcher says that she had a similar dream some nights ago, but that time the dream awakened her.

## RICH BRIDE NEEDED BY BRITISH PRINCE

LONDON, April 5.—Prince Henry, third son and fourth child of King George, celebrated his twenty-second birthday Friday, and salutes were fired in London, Windsor, and all naval and military stations, in honor of the anniversary. The young prince is a lieutenant in the Tenth Hussars. But young Henry has few privileges, being a younger son, and unless he can secure a wealthy bride, he will be condemned to the rather humdrum existence of a junior officer, compelled to work his way up through every grade. The British royal family has no money to spare for younger sons.

A rather serious-looking young man, Prince Henry has had no opportunity to display special brilliance, except in the field of sport. He is easily the best cricketer and polo player in the family. He is also a fine cross-country runner.

## HUSBAND OF 13 GETS FIVE-YEAR PEN SENTENCE

INDIANAPOLIS, April 5.—Isiap Moore, confessed husband of thirteen wives, was sentenced to five years in state prison for bigamy by Judge Collins, in criminal court. In addition he was found guilty of embezzlement and fined \$1,000 and sentenced to serve two to five years.

The number of women employed in railroad shop work decreased more than 50 per cent from 1918 to 1920, while those in clerical and semi-clerical jobs increased more than 18 per cent in the same period.
