GASOLINE WILL PAY

Speaking of good roads and their value, and whether they can be afforded or not, what do you think of the following test

Go out on any of the dirt roads and adjust the gas so you are rolling fifteen miles an hour. Turn on to the pavement or the Caddo road, and notice that the car is making twenty miles an hour.

That means good roads will lessen the gas bill one-fourth. Say it saves a gallon a day for each car. That is roughly \$75 a year. Then multiply that by the 8,000 or 10,000 cars operating in this section. Result, \$600,000 to \$750,000 saved on gasoline alone, to say nothing of tires and repair bills.

That amount of money will build fifteen or twenty miles of road a year. In ten years after the roads are completed, it will pay the entire cost of construction. Thus may direct taxation greatly decrease the indirect taxation.

The only ones who could lose money on good roads, according to these figures, are the auto and accessory dealers. But did you ever see an auto man who didn't boast good roads? He knows what creates business.

'BEAT 'EM UP' IS JUDGE'S ADVICE TO HEFTY HUBBY

ATLANTIC CITY, N. J., April 22.—Webster Risley was instructed to "beat up" Thomas Curtis by Recorder Clarence Goldenberg today. This judicial decision followed the testimony of Mrs. Risley, who said that Curtis was accosting her on the street, writing unfounded accusations in letters to her husband and making scenes when they appeared in public places.

The husband is tall and muscular, while the defendant is small in stature sparsely built and wiry in movement. The recorder looked at them both with a critical eye and said:

"It looks to me as if you were big enough to settle the controversy by beating him up, and while you are at it, I would suggest that you give him a good licking.

WIRED HER DEATH

MUNICH, April 22.—A smartly dressed woman leaned out of a first-class compartment in the Orient Express when it stopped for a moment at Salzburg, en route to Munich. She handed the stationmaster a telegram and the money to dispatch it. When the train had moved on the stationmaster saw it was a telegram from Mlle. Marie Lange to relatives in Paris, announcing her death. The stationmaster telegraphed ahead to Munich. The woman's compartment was searched when the train arrived. Mlle. Lange was found dying of poison.

LIGHTNING BUG ALL LIT UP BY OWN RADIO SET

PEORIA, ILL., April 22.—The mystery of what makes the lightning bug lightning has been solved by radio, according to Hamilton Bailey, wireless operator on the U. S. S. Blackhawk, flagship of the North Sea mine sweeping fleet during the World War.

That lightning bugs are equipped with miniature audio bulbs and possess a low radio frequency and a short wave length is the contention of Bailey. He claims that radio waves generated by parent lightning bugs equipped with broadcasting apparatus cause the lightning-like flashes.

Each bug is equipped with its own antennae—the long feelers or cat whiskers serving as the aerial, according to Bailey. The theory will be made the subject of experiments by the Peoria Radio Club, according to Ernest Stidham, president of the club, and investigations will likewise be made at Bradley College here.

MEXICANS FINED FOR GAMING.

Seven Mexicans were arrested early this morning by the police in a raid on a Mexican railroad camp. The men were charged with gaming. Four pleaded guilty to the charges and were fined \$20.70 each and released. Two others were released after an investigation and another is being held at police headquarters in default of bond.

ATLANTA WOMAN SEEKS LEGISLATIVE SEAT

For the first time in history a Georgia woman is seeking a seat in the legislature of her state. Mrs. B. M. Boykin, president of the Atlanta Women's Club, has thrown her "hat in the ring," because she thinks she'll make a better lawmaker than some of the men.

MINISTER CHARGED WITH EFFORT TO GRAB AGED WOMAN'S WEALTH

BOSTON, April 22.—Charges that Rev. George J. Prescott, pastor of the Church of the Good Shepherd (Protestant Episcopal), betrayed the trust and confidence reposed on him in his capacity as minister and adviser and induced Mrs. Amlagny P. Goodyear, 85 years old, to sign over to him property valued at \$25,000, are made in a bill in equity filed in superior court.

The court was asked to render all papers signed by Mrs. Goodyear while she was "mentally incapacitated" null and void.

The suit to recover the property was brought by Asa S. Allen, conservator of Mrs. Goodyear's estate since October, 1920. Other defendants named are Mrs. Prescott, the clergyman's wife; his two daughters, Mrs. Ruth De Koven Jenkins and Mrs. Marjorie C. Lawrence, and his son, George W. F. Prescott.

For years, it is charged, Rev. Mr. Prescott acted as Mrs. Goodyear's religious and business adviser, and "contrived" to establish himself completely in her confidence.

It also is alleged that in September, 1918, the clergyman caused the aged woman to make a will, or other instrument of like nature, in which she bequeathed all her property to him.

'HAIG AND HAIG' SOLD FREELY IN AMERICA, BOMBAY AD ASSERTS

NEW YORK, April 22.—Joseph Runshelm, a well known member of the National Republican club on his way around the world, has sent to Prohibition Director Ralph A. Day a copy of "Today's Times" of Bombay, India, of March 1, carrying a flaunting Haig and Haig whisky ad under the caption, "India and Prohibition." "Haig and Haig five stars Scotch whisky is on sale in America," reads the ad. "Not only in the drug stores but elsewhere, if you know your way about."

Runshelm wants to know of his friend, Commissioner Day, "How about this?"

TOURIST CAMPS OF GREAT VALUE TO COMMUNITY

WATERLOO, Iowa, April 22.—One of the mooted questions in many cities and towns is, "Do camping grounds for automobile tourists benefit the city and is money expended in providing comforts for tourists well expended?"

The United States touring information bureau, Waterloo, Ia., set out to find the answer and the following extracts from letters received from chambers of commerce and motoring publications tell the story:

Chamber of Commerce of North Platte, Neb., says: "Last year 4,985 cars a night parked at the camping ground and in addition many parked for a few hours during the day. No charge is made except, in event the tourists want to stay six days or longer, when a small fee is collected. The camp is located within a few blocks of stores, bathing beach and shows. It is a valuable asset to the town and the money is well invested. It is considered by merchants as a real business getter. Eighty per cent of the tourists using the North Platte grounds are of good class."

From Clinton, Iowa, comes the following: "Free public camping ground catered to 100 campers in a few weeks. Business men of town consider campers expended from \$5,000 to \$6,000 in grocery stores, ice cream parlors, moving picture houses, telegraph offices, oil stations, fruit stores, dry goods houses and garages. The community in general feels that the grounds are a valuable asset to the city and that without the grounds few tourists would stop over night."

SHERIFF SAM NOLLEY ANNOUNCES FOR RE-ELECTION

I wish to announce my candidacy for re-election to the voters of Eastland County, subject to the action of the Democratic primary next July.

I feel that I need no introduction to the people of Eastland County. I was born in Texas and have spent all my life in this great state. For the past twenty-nine years I have resided in Eastland County and feel that during that time I have made a host of friends.

After serving as a deputy sheriff for about a year, and before that for five or six years as an officer of the law, I entered the race for Sheriff in 1920, and was elected to that office, entering into the duties of the position in December of that year. Since becoming sheriff my department has placed 608 prisoners in the county jail. In addition to this big total there were hundreds of other arrests made where a bond was given and the prisoner was released without being placed in jail. In all probability a total number of arrests thus far during my term of office is equal to 1,000. These figures will give the public an idea of the activities of my department.

One thing of which I am proud is that I have never placed a pair of handcuffs on any prisoner and have never mistreated a prisoner.

I ask the voters in making their decision to take into consideration the record and qualifications made by me and my department during my first term of office.

SAM E. NOLLEY.

LAMMER LANGFORD'S FIVE SWATS SEND NITROS TO SECOND DEFEAT

Drives in Two Runs, Counts Four, and Lubbock Wins, 7-4.

The Nitros lost again yesterday. However, there's a reason.

When Homer smote 'is blooin' lyre, it aroused quite some commotion in Greece and adjoining precincts. Fact is, even to this day, dim rumors of that mighty smiting linger with us. But if 'omer's lyre was smote one-half so sorely and mercilessly and continuously as the baseball was maced yesterday by Phineas Langford, doctor of swat, there is no cause to wonder thereat.

A Perfect Day.

Five times up, five raps, is that gent's record for yesterday. He was "the difference," for because of him or by him, the Lubbock "Hubbers" accumulated six of the runs which gave them a 7 to 4 victory in the second set of the season.

In the first inning, he bumped a single to right with Earnshaw roosting on third base. In the third, he spanked a triple to left center, stopped to regain his breath and was gently assisted across the plate by a drive that Gober bounced off the wall. In the fifth, he made the circuit on a drive which nearly broke Zapalac into small and scattered pieces, but which retained sufficient force to roll through Pulley to the fence. There was a runner on second when he slammed this one. In the seventh, he singled through the box, stole second and was again driven in by Gober. And in the ninth, beginning to feel kinda remorseful for the treatment he had given the helpless horseshide, he rapped it over the palings, thereby ending its torture. Verily, this Langford looks to pisen to pitchers.

Zapalac Is Steady.

In spite of the heavy pounding by Langford and his fellows, Zapalac pitched a steady game after a trace of wildness in the first inning, when a walk to Earnshaw inspired King and Langford to mace the pellet, driving in one run. Four of Ballinger's runs were made with two out, on consecutive hits. Another was Langford's homer in the ninth, and two others may be attributed to Pulley's failure to stop Langford's drive through Zapalac, which if handled a la Johnny King would have resulted in nothing.

Green was even steadier, issuing only one pass, and the only time the Nitros got to him effectively was in the third round, when clean bingles by Zapalac and Bellah were followed by Craig's double over Brown's head, counting two, and Craig scored when Earnshaw made a poor throw after fielding Albright's bouncer.

That was the only bit of luck Ranger enjoyed during the game, unless Hoffman's blow to right center in the eighth could be counted. This drive, a fly against the fence, not quite high enough to clear and too high for Langford to handle, put him on second, and he scored on two infield outs.

NITRO NOTES

The Nitros, even in defeat, looked 1,175 per cent better yesterday than in the opening day fiasco. Facing a bombardment of fourteen safeties and many additional hard chances, is no mean task. Most any team will crack under it at times. And he it said for the Nitros yesterday, they cracked but seldom.

Unfortunately on those occasions,

they did it thoroughly and in ways that exasperated the spectators who expect an aggregation of strange ball players to be welded into a smooth-working, airtight team overnight.

There was Zapalac's throw to third, with two men out. There was the spectacle of three men chasing a fly ball, with the usual result. There was some bad baserunning in the first inning. All of these things are due to lack of working together and will be ironed out. Of course, they must be ironed out fast, or the Nitros will be hopelessly in the ruck.

But considering the other side of the question, there was commendable work done yesterday. Plumlee handled ten chances in snappy fashion without a babble. Craig made a fancy shoestring catch of a short fly. Then there were two doubles, one of them, Zapalac to Dodd to Albright, being especially snappy. Besides this, there were four other men out off at second, which is the main reason Lubbock failed to count as many runs as their hits entitiled them to.

On the offensive, there were some bad breaks—due, it must be admitted, to fast fielding on the part of the Hubbers. In the first round, Johnny King's fast work threw a spike into the baserunning department and effectively smeared the attack. With two on, Albright smashed a single to center. Expecting a play at the plate, he sprinted for second. But King had dashed in on the ball and hopped on it like "Ol' Red" on a rat, before Pellah had rounded third. As a result, he was held there, and Albright, forced to return to first base, was caught between the bags.

In the third, Gober leaped high in the air and dragged down Pulley's liner with one hand. He barely missed doubling Zapalac off first. That did not put a quietus on the Nitro rally in that inning, but as it later turned out, it cut off one run and possibly two. In the seventh Gober was squarely in front of a liner by Delane which would have put two men in scoring position if it had been a few feet to one side. In the ninth, Battle grabbed Delane's hard hit grounder near second and stopped a rally in the making.

Those happenings, together with Langford's drive which got by Pulley for two runs, spelled the difference in winning and losing. Pulley was in on the ball and could have nipped the runner at the plate with any sort of throw if he had stopped it, but a bad knee handicapped his getting down. Pulley was released last night, Manager Albright announces. He is an experienced ball player, but his bum prop makes it impossible to carry him.

The main thing to do now is to

RANGER HIGH PLAYS GORMAN TEAM TODAY

Ranger High baseball team will play its first game of the season this afternoon at Gorman, with Gorman Brown, lf. The local team will play Eastland on Wednesday and in Breckenridge on Saturday.

The same teams will be brought here for games while the Nitros are on their first road trip.

But to get the best results out of a ball team, they must have the support of the fans. A little boosting now; letting the players know the fans are with them so long as they are giving the best they have, will do a world of good, while the opposite course will naturally have the opposite effect and make any strengthening all the more difficult. Fighting spirit comes only from appreciation of effort.

Remember last year, when San Angelo came down here with a ball busting outfit very much like these Lubbock birds, and wiped us off the map in three straight games. Remember they came back a month later, needing only one victory to clinch the first half pennant, and were outfought and beaten in three straight games.

Give the boys a chance. Two games do not make a pennant race.

WEST TEXAS GAMES

SWEETWATER, April 22.—San Angelo evaded up the series yesterday by taking a wild game, 14 to 13, ending in a hectic ninth round in which the Swatters put over seven scores. Angelo drove Richburg, Summers and Munger from the box in the early rounds, accumulating a twelve-run lead.

ABILENE, April 22.—Abilene and Amarillo battled to an eleven-inning draw here yesterday, 6-6, giving five scoreless innings after each team had driven a pitcher from the box and scored four runs in the sixth. A home run by Burch with one on started the Abilene rally which evaded the count.

Score by innings— R. H. E. Amarillo: .100 014 000 00—6 10 3. Abilene: .002 004 000 00—6 11 5. Batteries—Thompson, Hays and Byers; Formby, Wright and Burch.

STAMFORD, April 22.—Timely rapping behind errors by the Colonels

The program tonight includes his lecture, "Is There a Bible Reason Why Jerusalem Was Not Bombarded?" and dramatic renditions of the "Dancing Dervish Prayer," the "Mohammedan Call to Prayer," the "Hebrew Conformation," and "How the Last Supper Was Partaken."

Dr. Moore lectured last night to Ranger Masons and their families at the old Liberty theatre, on discoveries in the Holy Land, particularly around the site of Solomon's temple and his palace.

'BEST LITTLE FRIEND' GETS MORE THAN WIDOW

PITTSBURG, PENN., April 22.—To "my best little friend," a term used in his will in referring to Miss Edna C. Walters, Charles C. Weithaus, former prominent hotel keeper of this city, made a bequest of \$10,000 and directed that she receive a third of his estate after all specific bequests had been paid.

His widow, from whom he had been estranged and against whom divorce proceedings were pending, was to receive only the third to which she was entitled under the law, he directed.

BARNYARD GOES ON BAT; FARMER LANDS IN JUG

WINSTED, Conn., April 22.—Turkeys, sheep, pigs, goats, cows, chickens and geese staggered and flopped around the barnyard of Michael Antan's farm in Hohawk Park today, helplessly and hilariously drunk.

The soused sheep fraternized with the spifficated pigs. The tanked-up turkeys played leapfrog with the laughing cows.

An uproariously drunken Plymouth Rock rooster attacked a billy goat that didn't have a leg to stand on, and then, perching on the goat's horns, sounded its chanticler cry of victory. The flock of geese lay on their backs, unable to stand up, but honking happily.

Yesterday prohibition agents raided Antan's farm and found six huge stills and 100 gallons of finished moonshine. Antan was locked up as the sequel to the biggest barnyard liquor party in history.

HE HATED FISH, SO HIS WIFE ASKS FOR DIVORCE

DETROIT, Mich., April 22.—Harry Taup's aversion to fish was blamed by his wife, Clara, for the marital smash resulting in a divorce case.

Mrs. Taup testified her husband came home, found she had fish for dinner, and spoiled it for the entire family by pouring kerosene over it. This act, the wife contends in her bill, constitutes extreme cruelty.
