## MINE WAR TRIALS OPEN AT CHARLESTON

### CONGRESSMEN PROBE ACTS OF FEDERAL JUDGE

Labor Committee Hears Complaints of Miners Denied Citizenship.

WASHINGTON, April 24.—The alleged actions of Federal Judge Charles T. Orr of Pittsburgh, in refusing citizenship papers to coal miners because they were on strike is being made the subject of a congressional inquiry today as the house labor committee resumes investigation of the coal strike.

### FIRE DAMAGES WASHINGTON'S FINEST HOTEL

WASHINGTON, April 24.—Vice President Coolidge, several members of the senate and house of representatives and many other persons prominent in public, business and social life were among some 600 guests of the New Willard hotel who were routed out of their beds early today by a fire which swept the top floor of the ten-story grey stone structure at Pennsylvania avenue and Fourteenth street.

The blaze originated in the ballroom on the tenth floor, where a few hours before President Harding, Mr. Coolidge, members of the cabinet, senators and representatives, foreign diplomats and others had sat around the banquet board as guests of the Gridiron club at its annual spring dinner and frolic.

The fire was confined to that floor and the roof above, but tons of water poured into the flames seeped through the floors below, causing much damage.

While unofficial estimates of the damage by fire and water ranged all the way from \$100,000 to \$300,000, Frank J. Hight, managing director of the hotel, said the loss could not be determined until a more thorough examination could be made by experts. Everything on the tenth floor was wiped out, the flames eating through the roof and burning out all window sashes. Smoke and water caused some damage on floors below, but within a few hours after the fire had been subdued, many of the rooms again had been made ready for occupancy, while on the main floor all signs of damage had been removed.

### HEAVY RAINS IN PANHANDLE

AMARILLO, April 24.—Rain of one to two and a half inches fell throughout the Panhandle and adjacent sections in New Mexico and Oklahoma last night, at Canyon approaching a cloudburst. Paul Baker, automobile man of Plainview, narrowly escaped drowning last night about 8 o'clock in Spring branch, a tributary to Palo Duro creek, in the Palo Duro canyon. The accident resulted from a bridge over the stream washing away.

### ATTEMPT MADE TO ROB MINERAL WELLS P. O.

MINERAL WELLS, April 24.—The postoffice building was entered some time Saturday night, the men effecting an entrance by prying open a window. One of the safes in the office was badly battered in an effort to open it, but nothing of value was missing after a checkup by Postmaster Mercer Sunday.

THE WEATHER.  
West Texas—Tonight and Tuesday partly cloudy, probably showers in the Panhandle.

### Future of Coal Barons and Union Workers Hangs on Outcome.

CHARLESTON, W. Va., April 24.—Two hundred coal miners, mostly of sturdy mountaineer stock, today are here to face charges of murder, treason and lesser crimes, arising out of the Logan county mine war of last summer. They call themselves crusaders against the rule of the West Virginia coal barons. The prosecution calls them traitors, slayers and insurrectionists.

At the outset of today's court proceedings, Attorney Houston, the white haired counsel for the United Mine Workers, asked the court to quash certain indictments and dismiss some of the cases. He planned to insist on dismissing a number of the defendant miners. The prosecution apparently is planning to proceed first with the treason cases, but so far has refused to tell the defense what cases to prepare for. This has angered the defense counsel, as they say it is dictated by the coal barons and is an injustice to the men facing trial.

Outwardly, what is being tried here is a group of miners who engaged in the march on Logan county last year, but beneath the murder and treason charges is a fight of broader consequence to the state and nation as a whole—a life and death struggle between capitalism and unionism.

### MATHIS MAINTAINS INNOCENCE IN DEATH OF GRANDCHILDREN

HOUSTON, April 24.—Y. S. Mathis, grandfather of the three children found asphyxiated last Thursday, and who was charged with their slaying, today reiterated his innocence. No definite date for the examining trial has been set.

### TWO WOMEN INJURED WHEN AUTO GOES CRAZY

WACO, April 24.—Two persons are in a local sanitarium suffering from bruises and shock, the result of a peculiar automobile accident here Sunday afternoon. The car driven by G. J. Craddock of South Waco became unmanageable two blocks west of the suspension bridge across the Brazos river and began going around in a circle, gaining speed with each turn and finally catching fire. Mrs. Craddock and her daughter, Miss Lillamae, jumped from the machine when it had gained a speed of about thirty miles per hour. Their condition is not thought to be serious. Mr. Craddock finally checked the circling motion of the automobile by steering it against the curb. The car was not badly damaged.

### MARY GARDEN QUILTS AS OPERA MANAGER

CHICAGO, April 24.—Mary Garden's attitude and conduct during the vicissitudes of grand opera in Chicago has been manly—"there is no other way to describe it"—Sam Inzell, head of the Civic Opera association announced today. Miss Garden, who resigned as managing director yesterday, will continue as one of the most prominent artists of the Chicago Opera company, he said. No successor to Miss Garden has been named.

### BAIL NOT ASKED FOR HOTEL MAN'S SLAYER

DALLAS, April 24.—Attorneys for D. E. Soderman, charged with killing J. Clay Powers, have changed their plans, which were to file habeas corpus proceedings today, and none will be filed, they announce. Shortly after the indictment was returned against Soderman, his attorneys said a habeas corpus petition probably would be filed today, in an effort to have bond fixed for May 8, but his attorneys will seek to have it changed to a later date.

### GIRL SCOUTS OF C. I. A. OPEN SHINING PARLOR

DENTON, April 24.—Scouts of the College of Industrial Arts have opened a shine parlor in the college campus and the proceeds from it are to be used for erecting a camp house and equipping it for week-end parties. Shines are 10 cents, but where a senior does the shining it is 15 cents.

### SPEED COP MAY BE HIRED

The employment of a motorcycle officer to check the speeding on the downtown streets and along the residence streets and county highways to the city limits, is being considered by the city authorities. One of the plans suggested is that such an officer be employed on a fee basis. Objections, however, have been raised to the employment of even one officer on a fee basis by the city, it being pointed out that a traffic officer would earn a regular salary and that temptation to make arrest for personal reasons would be removed to a great extent.

It is understood that the plan will be brought up tomorrow afternoon at the city commission meeting.

### BOOTLEGGERS USE SUBCHASER, NAVY UNIFORMS

NEW YORK, April 24.—A bootlegging scheme which included the smuggling in of liquor from Bermuda and Cuba on board a former submarine chaser commanded by officers in the uniform of the United States navy was unearthed here today, it was announced by custom officials. The chaser, formerly the 101, now renamed the Fidus, was seized and the commander and crew taken into custody, the announcements stated.

### WOMEN ATTACK PENNSYLVANIA MINE WORKERS

UNIONTOWN, Pa., April 24.—A mob of more than 400 women armed with iron pokers and other makeshift weapons marched on the Armored mine today and sought to prevent non-union miners entering. Two were arrested on a charge of disorderly conduct. They gave their names as Mrs. Mary Redman and Mrs. Carolina Preston.

At the colliery plant, near here, they were dispersed by a stream from a fire hose.

### OKLAHOMA TOWN EXCITED OVER MAMMOTH GUSHER

HOMINY, Okla., April 24.—A gusher spouting oil over the countryside east of Hominy has thrown the little Osage town into a frenzy of excitement. The well, which was drilled in Saturday evening, is estimated to be making 18,000 to 20,000 barrels a day, although there is no way to get an accurate gauge on it.

### HOBO KILLED, FOUR HURT IN OKLAHOMA WRECK

DURANT, Okla., April 24.—An unidentified man was killed and four injured when a Frisco freight train jumped the track near Soper last yesterday, according to word received here today. No cause was assigned for the accident. All five of the men, are said by members of the train crew to have been riding free.

### GAS EXPLOSION BURNS MAN AT BRECKENRIDGE

BRECKENRIDGE, April 24.—When a gas explosion occurred at 2 o'clock Sunday afternoon at the Humble oil camp, J. C. Cowan was badly burned and had a narrow escape from death. Only the timely action of fellow workmen in tearing his burning clothing from him saved his life. Cowan was severely burned about the face, arms and upper part of the body. The explosion is being investigated.

Cowan was hurried to the emergency hospital, where it was found that his burns will not be fatal.

### PRINTERS' DEVIL HEIR TO \$2,000,000 FORTUNE

TULSA, Okla., April 24.—Thary McCoy, 15-year-old, a "devil" in a printing office, threw up his job today when he was informed that he and his mother are heirs to a fortune of \$2,000,000.

## California Night Riders Were Officers, Fatal Fight Discloses

### LEGION CHIEFS AND SENATORS TALK OVER BONUS LEGISLATION

WASHINGTON, April 24.—Officials of the American Legion and organizations of other World War veterans were called into a secret conference today with Republicans of the senate finance committee dealing with soldier bonus legislation. Various plans of paying and financing the bonus were presented to the veterans who are to meet again with the military committee tomorrow.

Senator Watson of Indiana said that American Legion officers, including National Commander MacNider and John Taylor, chairman of the legislative committee had approved the house bill with its bank loan provision and apparently were not enthusiastic over the substituted endorsement insurance feature, with no specific loan value.

The legion, through its national commander, Hanford MacNider, today served notice on the senate that it expects the soldier bonus bill to be passed without further delay. MacNider asserted opposition to the bill was now coming from a small minority, constituting what may be termed "big business and financial interests."

### DALLAS MAN IS SHOT, RUNNING FROM OFFICER

DALLAS, April 24.—Stanley Matthews was shot and instantly killed by Police Officer W. D. Williams Sunday while trying to prevent arrest. Williams said when he went to arrest Matthews the man fled down an alley, and he shot over his head with a view of making him stop and just as he fired Matthews started to jump over a fence. The bullet struck him in the back of the head. Williams made a detailed statement to the police department and will appear before the grand jury today. Williams was today charged with murder in connection with the shooting. He was released on \$1,000 bond after waiving preliminary hearing.

### ILLINOIS GOVERNOR'S TRIAL GETS UNDER WAY

WAUKEGAN, Ill., April 24.—Len trial today and selection of a jury to try him on a charge of conspiracy to embezzle state funds was started in the Lake county circuit court. The 100 veniremen summoned are mostly farmers. Many of them sat in court in their overalls.

### GORMAN HOTEL SOLD

GORMAN, April 24.—The Gorman hotel, which was built by citizens of Gorman during the oil boom, has been sold to a syndicate headed by Kirk & Brewer, an oil firm. J. C. Davis is the proprietor.

### STILL IS CAPTURED BY CARBON CITIZENS

CARBON, April 24.—Saturday afternoon Mayor A. A. Tate and M. V. Crossley arrested two men for alleged bootlegging and later a party of citizens found and captured a still and two barrels of mash one mile west of Carbon and another arrest was made.

### TWO INCHES OF RAIN AT BRECK.

BRECKENRIDGE, April 24.—A steady rain fell here for twelve hours, beginning a little after midnight Saturday. The precipitation is about two inches. The thermometer stands at 60 degrees.

### STATE AUTO CLUBS PLAN JOINT ACTION

DALLAS, April 24.—Officials of automobile clubs of Dallas, Fort Worth, Houston, San Antonio and El Paso will meet at Austin Saturday to discuss co-ordination of clubs, it was announced today. The auto clubs to be represented are members of the American Automobile association. The conference Saturday will be the first of a series to work out joint action regarding road reports, towing of wrecks, good roads and auto thefts.

### Night Marshal Shoots Three; Women Mistreated By Masked Riders.

LOS ANGELES, April 24.—Secret warrants issued by District Attorney Thomas L. Woolwine's office today for the arrest of a coterie of alleged nightriders believed to have participated in a sensational raid and gun battle at Inglewood last night.

As a result of the Inglewood episode, Constable V. B. Mosher is dead; Leonard Reutt probably will die, and Walker Mosher, son of the constable, is in a hospital seriously injured.

The fullest investigation is promised by the county authorities of the raid. The sheriff states that the dead and injured men were all policemen who were members of an armed and masked band who raided the home of the Eldnan family, reported to be bootleggers, and subjected the family to brutality. Two young girls were subjected to indignities and the men threatened with kidnapping and death.

Frank Warner, night marshal, was halted by the men as he hurried to the house after being summoned by neighbors. An exchange of shots followed.

### CORSICANA FIRE DRIVES ROOMERS INTO STREET IN SLEEPING CLOTHES

CORSICANA, Texas, April 24.—A number of persons were forced to flee to the street in night clothing and several were slightly hurt by walking on broken glass incident to an early morning fire here, which destroyed a number of buildings in the business section.

The blaze originated in the second floor of a rooming house. Property damage will run into thousands of dollars.

### BIG FIRE AT DURANT.

DURANT, Okla., April 24.—Fire early today destroyed three two-story buildings, causing a damage of \$40,000. An entire block was threatened by the flames. Several roomers, trapped on the upper floors, were rescued with ladders.

### MISSOURI TOWN DAMAGED.

BUTLER, Mo., April 24.—More than \$100,000 damages resulted from a fire which today destroyed five business places on the west side of the public square. A restaurant, tailor shop, meat market and bank were destroyed or damaged.

### DISFRANCHISE NON-VOTERS, IS NEFF'S ADVICE

WICHITA FALLS, April 24.—Enfranchised citizens who do not use their right to the ballot should be disfranchised for ten years, declared Governor Neff in beginning his speaking tour of Texas here Sunday afternoon.

"The thugs all go," he added. The character of the governor's address here, at Electra and at Vernon was in keeping with the day, non-political, taking for his subject:

"Man, the Masterpiece, Passes This Way But Once."

His address had considerably more of the characteristics of a sermon than of a political speech. The opportunity of all for bettering this world and the lot of others in it, as well as through exercising their influence on the betterment of the government as through simple aid to the lot of their fellowman, was the central thought of the governor's speech.

### EASTLAND TENNIS TOURNEY.

EASTLAND, April 24.—The spring tournament of the Eastland Tennis club will be held on May 8, it was announced here yesterday by Scott W. Key, chairman of the tournament committee. The tournament is open to all players in the city regardless of their membership in the club. The grounds clubhouse and seating arrangement at the club has been greatly improved for the event.

### ST. LOUIS BUSINESS MEN MAKE TRIP THROUGH TEXAS

FORT WORTH, April 24.—Eighty-five St. Louis business men will be greeted here this afternoon when they make their first stop on a good will trade tour of Texas.

### ASKS \$35,820 FOR DAMAGES IN FIST FIGHT

W. P. Tarrans Alleges Assault in 1920 by A. C. and Ward Rice.

Alleging that A. C. Rice and Ward Rice of this city conspired to make a murderous assault on him and that he was attacked and beaten on Dec. 19, 1920, by the two men on the streets of Ranger, W. P. Tarrans, local rooming house proprietor, has filed suit in the Eighty-eighth district court for \$35,820. The citations issued in the suit are returnable on May 1. The trouble between the men is alleged to have arisen over a land deal.

It is claimed by the plaintiff that after the two defendants had conspired to commit assault on him with intent to murder and to terrorize him, that A. C. Rice had struck him down from behind with a pair of knuckles and that while down, A. C. Rice had beat him with the knuckles or some other hard substance until he was seriously and permanently disabled.

### GENOA PARLEY PASSES CRISIS; AT WORK AGAIN

GENOA, April 24.—Once more today the Genoa conference, which has been divided between alternate fears and hopes and punctuated by political crises which threatened to disrupt it, set itself grimly to the task of readjusting the economic life of Europe. The announcement of the German delegation that it would not reply to the allies' second note because it did not wish to endanger the conference was received everywhere with words of relief, for almost everyone was in despair that the conference would be able to proceed in bringing about its mission of economic reconstruction.

In all quarters were heard words of praise for efforts of the Italian leaders to re-establish harmony so that the conference might again function on the constructive problems which face it.

Six of the commissions are scheduled to hold meetings today and the committee of experts on the Russian question made plans to consider the report on the reconstruction of Russia, made by the experts who met some time ago in London.

Lloyd George believes the series of crises that have arisen are at an end. The British premier, it was learned today, hopes to be able to return to London by the end of the week. Three of the four subdivisions of the economic parley will have completed their work by that date.

### 1,500 MUSICIANS PLAY 'DIXIE' AT DALLAS DURBAR

DALLAS, April 24.—The stirring strains of "Dixie" should be heard for miles when the massed bands which are to assemble at Dallas during Durbar Week play that favorite air in the evening concert in front of the grandstand at Fair park, on the opening night of the festival, Monday, May 22.

It is stated that at least fifty bands will enter the championship contest in the afternoon and all of them will play in the night concert. As the average number of men in each band will be thirty, it is assumed that at least 1,500 musicians will participate—the largest number of instrumentalists ever brought together in the Southwest, it is claimed.

### KING'S COUSIN DEAD

LONDON, April 24.—The death of Lord Leopold Mountbatten, first cousin of King George, at Kensington palace yesterday prevented his majesty from attending the picturesque ceremony at St. Paul's cathedral today, with which St. George's day is celebrated.

**SAVE ANY TIME.**  
It's never too late to save. Most men, having passed the early thirties without accumulating a nest-egg, assume that the experience of the past is the heritage of the future, and give up hope of accumulating anything in their latter years. But such is not the case. Witness the following from an ad in a Denver paper:

Do you know that, taking a man 38 years old, who deposits in our Saving Life Insurance plan \$84.50 a month, or \$10.140 in ten years, we can pay \$27,940 in premiums on his \$10,000 insurance and can yet pay him at the end of ten years about \$11,800?

It does not seem possible, but it is proven by cold figures. It is a marvel of compound interest earned on a savings account.

Do you know that if a man dies at the end of eight years his beneficiary will get about \$17,395? Do you know that if his income is shut off and he is unable to go through with the contract, he can, after the first few years, cash in for more than he has paid in, by which his insurance will cost nothing?

It is all possible under this remarkable combination of a savings account, earning 4 per cent interest, compounded semi-annually, with a life insurance policy in one of the best companies in the United States.

Now there's an urge to those who feel that small savings will never amount to anything. In ten years, by hanging on to a portion of what he makes, a middle-aged man may have nearly 50 per cent more than he puts in.

Of course, every person cannot save \$84.50 a month from his income. But whatever the amount, the principle is the same. And a few thousand dollars in old age means a lot. They will purchase a plot of ground and a house, by use of which any person can provide for the simple wants of life, and be free from worry over dependence on relatives or the community.

It's never too late to begin saving; nor too early.

No surprise has been expressed that the Germans and the Russians have agreed upon a program at Genoa to work together for a common interest.—Knoxville Journal and Tribune.

Let no admirer of Mr. Bryan grieve because he has decided not to run. In this case discretion was very much the better part of valor.—Charleston News and Courier.

If it is necessary to pound the table to get results at Genoa, by all means let the more or less honorable delegates pound the table.—Birmingham Age-Herald.

There is a schedule in the tariff bill devoted to spirits and wines, but its adoption will not repeal the Volstead act.—Boston Transcript.

Probably Senator La Follette, having Senator La Follette on his side, does not realize that he is the minority.—Chicago News.

**WILDCAT WELL  
DRAWS BOOMERS  
TO PALO PINTO**

MINERAL WELLS, April 24.—Every gauge test taken on the Jack Dalton well, newest Texas oil sensation, has shown an increase, according to the drillers. There seems to be little doubt in the minds of the most conservative oil men that the Dalton is a true sand well and not a lime well, as first reported. The bit is only four inches in the sand and just what the normal flow will be when the well is drilled deeper can not be estimated.

Representatives of many large oil interests who are here say that the well is already one of the most important ever drilled in the north Central Texas fields. The flow of the big gusher has been turned into tanks which were feverishly erected and a double crew is working night and day to make a connection with the Prairie pipe line. In spite of the inclement weather, thousands of automobiles are crowding the highways leading to the well. Several companies have opened offices in this city and many new industries having to do with oil rushes are opening up. Acreage as far as two miles from the well is bringing handsome prices. It is said that the Jack Dalton Oil company owns 1,000 acres surrounding the well and have been offered a flat \$500,000 for its holdings.

**Not Considering Offer.**  
Mark Dalton said today that they were not considering this offer, which is understood to have come from the representative of one of the largest companies.

Two townsite projects near the well are under way. The original theory of scouts and operators that the Dalton well was an extension of the Producing Hart field to the southwest has been thoroughly exploded. The Hart field is producing from a depth of 3,200 feet from a black lime formation, while the Dalton is producing from a sand at 3,963 feet. This seems to be accepted by oil men as indisputable evidence that the Dalton opens an entirely new producing stratum and is the forerunner of a new and distinct North Texas field. An official of the Dalton interests said today that the oil had been contracted for at a premium of \$1 per barrel. This would give a price of \$3.25 per barrel at today's market.

**Renewed Activity.**  
Renewed activity in other fields contiguous to Mineral Wells has resulted from the Dalton discovery and operations are increasing in almost every direction. The Brazos field is represented in the city by several oil firms, offices having been opened here.

The bringing in of the Little Caddo syndicate's No. 2 in the Hart field for a reported 200-barrel flow would in itself have been a sensation in the community had it not been for the overshadowing enthusiasm caused by the Dalton. The Costello, near the town of Pickwick, is nearing the pay and is expected in a few days.

**WILL HOLD ETHERIDGE  
FUNERAL AT EVERGREEN**

The funeral of L. D. Etheridge, aged 69, who died Friday afternoon at his home on Eastland hill, will be held tomorrow afternoon at the grave in Evergreen cemetery. The Rev. W. H. Johnson, pastor of the First Baptist church, will officiate. The Milford Undertaking company is in charge.

**DOG HILL PARAGRAPHS**  
By GEORGE BINGHAM

Slim Pickens is ambitious to become a show man, and will soon know how to walk a slack wire, as he has been rehearsing on the clothes line in the back yard. He says he would make much better headway if he didn't fall off so often.

Just as an illustration of how competitors watch each other and try not to let the other get ahead, about two weeks ago the Rye Straw Storekeeper washed his front window, and today the proprietor of the Bounding Billows store was seen doing likewise.

Frisby Hancock complains that some unknown person has relieved him of one dollar. Its disappearance is shrouded in deep mystery. It has been missing since the day his wife patched his pants.

**EDWIN MUST SERVE!**

By Associated Press.  
WASHINGTON, April 24.—The supreme court today denied the application of Edwin R. Bergdoll for a writ of habeas corpus. Edwin Bergdoll, a brother of Grover Cleveland Bergdoll, is serving a four-year sentence at Leavenworth for failing to perform military service during the war. He claimed in his writ for habeas corpus that his conviction was illegal.  
The supreme court of the District of Columbia decided today that the allied property custodian cannot be required to release the property of Grover Cleveland Bergdoll, valued at \$750,000, if the government can prove conclusively that Bergdoll was convicted of desertion.

**RANGER FIREMEN GOING  
TO BROWNWOOD MEET**

Fire Chief George Murphy and a member of his department will attend the annual convention of Texas fire chiefs in Brownwood on May 9, 10 and 11, it was announced this morning. Chiefs of fire departments, in many cases at the head of picked teams, and volunteer firemen from all over the state will be present. It is expected that the attendance will reach 2,000.

Prizes have been offered to the winning team in a number of contests, including a \$500 prize for winners in the reel race, in which the competing teams contest to lay water lines and have a stream in readiness in the shortest possible time.

Fifteen members of the Strawn volunteer department will attend the convention Chief Murphy said, and Eastland, Cisco, Breckenridge, and other surrounding towns will also send teams.

**JONES GETS PERMIT TO  
PRACTICE INCOME TAXERY**

A permit to practice before the treasury department in income tax matters has been received here by Karl E. Jones, public accountant, and is one of the first, if not the first to be received by an accountant in this section.

The permit was granted Mr. Jones following an examination, and enables him to represent the interests of clients in all kinds of income tax matters.

**BROKE AND WIFELESS  
HE WILL RIDE RODS**

DETROIT, April 24.—Harry Carroll, 28, pilgrim from Chicago who arrived in Detroit in search of his wife with 18 cents in his pocket, has spent all his money and will return to Chicago with the co-operation of a few railroad companies he told the police today.

Carroll, who missed his wife by twelve hours yesterday, told the police today that he had given up the search and was confident that she meant to lose him after she had got possession of his life's savings amounting to \$400.

**PUSHING BREATH OUT  
NEW WAY TO HEALTH**

PARIS, April 24.—Push your breath out if you want real health. The more breath you drive out the more you must take in. The silent person does not emit enough breath.

The chatterbox who exhausts you in conversation goes off in a sound condition, while you are left a mental and physical wreck. This is due to our inability to get in sufficient respiration.

**OIL MEN EXPECT  
EARLY BOOST IN  
CRUDE PRICES**

ARDMORE, Okla., April 24.—The hesitancy which has prevailed among oil men in this section on predicting quotations on the crude oil market is showing a decided change and the consensus of opinion at the present time reveals that the fraternity is looking for a rise in price in the near future with a record figure in effect by the end of this year. These predictions are indicated by the present status of the industry, oil men say, with facts and figures in substantiation. Chief reasons advanced for the expected rise are the slump in the biggest areas of production, the constantly increasing demand and the great amount of crude in storage, which is constantly increasing. During the past it has always been a sign of a coming advance when the big companies filled up their storage and began strong competition with one another for the purchase of the oil, as is now the case, it is said. Latest figures issued by the American Petroleum institute at New York show the pipe line and domestic crude oil stocks held in the United States to have increased 10,905,000 barrels in March. The buyers in all fields in this area are engaged in a tank-building campaign, indicating that they intend to continue their buying. They are zealously competing with one another in seeking connection with producers in new fields.

An important factor which is gradually relieving the United States of a big hindrance, oil men point out, is the fact that the expected drop in importations is in evidence, the report of the institute showing imports of both crude and refined products for the week ending April 15 to be 2,698,005 barrels, compared with 2,967,712 barrels, a daily average of 414,388 barrels for the week ending April 8.

The flag of the new republic of Germany is not recognized in some provinces and a number of towns in that country.

**K. C. Flappers Vamp Doctors Out of  
Whisky Prescriptions, Then Sell 'Em**

By United Press.  
KANSAS CITY, Mo., April 24.—Kansas City police were waging a crusade against "flapper" bootleggers of bonded whisky today.

Arrest of two girls, each about 17 years old, disclosed the source of "bonded likker" that has been peddled in considerable quantity of late in office buildings, federal and city authorities said.

Eleanor Cecile Gulusha, one of the girls, explained how she obtained the whisky by "vamping" doctors:  
"I went to doctors' offices, told them I was ill and got whisky prescriptions. I had a gentleman friend who paid me a commission for every prescription I got. He sold the whisky to business men.

Police are puzzled as to what penalty can be applied to the girls. They can't find any city statute, they say, that prohibits a girl "vamping" a physician for a prescription, and an investigation disclosed that Eleanor "vamped" at least two-thirds of reputable Kansas City doctors.

Many other girls are working the same "stunt," authorities claim.

**'GLOBE' INCORPORATES**

# WOMAN CAUSE OF TRIPLE TRAGEDY ON TRIAL TODAY

By Associated Press.

NEW YORK, April 24.—Trial of another woman for murder in Brooklyn was set for today as a sequel to a tragedy that already has cost three lives.

It is the case of Mrs. Lillian Raizen, who shot Dr. Abraham Glikstein, Brooklyn physician, to death in his office last December. It follows close on the heels of the trial of Miss Olivia M. P. Stone, graduate nurse, who recently was acquitted of a charge of murdering Ellis G. Kinkead, former corporation counsel of Cincinnati, in Brooklyn last fall.

Indeed, the cases have points of similarity.

**Also Claims Betrayal.**

In both cases, the defendants have told a tale of betrayal at the hand of the man they killed. In both cases a defense of insanity was made or indicated. In both cases a triangle existed.

Another point at which the cases crossed trails came shortly after the acquittal of Miss Stone, when Mrs. Anna Glikstein, the physician's widow, leaped to her death from a window in her home.

"Any woman can commit murder now," Mrs. Glikstein said before she killed herself, "especially a woman like Mrs. Raizen. She will be freed, too. All she will have to do is to say she was insane."

As dramatic as the suicide of the widow was the death of the physician's aged mother, Mrs. Lena Glikstein. Gazing on the bier of her beloved son, she fell dead across the coffin.

## COUPLE DECIDE BETWEEN THEM WHICH TO DO "TIME"

ROCKFORD, Ill., April 24.—Told by the court that one or the other must serve a jail sentence for violation of the liquor law and that they must decide between them which it should be, Mr. and Mrs. Anton Goodoff decided their own fate before Judge Welsh.

Mrs. Goodoff assumed the responsibility for the liquor sales and was given sixty days in jail.

## COSTLY CURIOSITY

LONDON, April 24.—Sidney Norburn, 59, went to a department store and bought himself a pair of binoculars, with night lenses. He appeared next day before the Middlesex County magistrate for watching the lovers on the seats in Hyde Park through his new purchase. Norburn offered a plea of "idle curiosity." The magistrate offered Norburn the choice of a ten dollar fine or a week in the hoosegow.

Bryan, who has a plan for settling strikes, is strong on plans, but weak on performance.—Indianapolis Star.

# TONS OF 'SCIENTIFIC LOOT' BROUGHT TO U. S.

NEW YORK, April 24.—Bringing what is described by Dr. H. H. Rusby, dean of the Columbia University School of Pharmacy, as nearly three tons of "scientific loot," Dr. Wm. Mann, assistant entomologist of the United States department of agriculture, Orland E. White, botanist of the Brooklyn Botanical garden, and Nathan E. Pearson, assistant ichthyologist of the University of Indiana, returned to this country Thursday aboard the Booth line steamship Justina.

The three men are members of Dr. Rusby's expedition which spent five months in the interior of Bolivia and Brazil and the tributary waters of the Amazon last May in research work. Dr. Rusby headed the party, which consisted of seven men, but two months ago he was compelled by reason of infection developed in the jungles to leave the party and make his way alone to civilization.

Professor White, botanist, said he brought back many valuable specimens including rare orchids and an onion tree that would make a man weep while half a mile away.

Dr. Mann brought several thousand specimens. Professor Pearson said his collection of fish and reptiles would probably total 4,000 specimens of 200 or more species.

## EASTLAND OLD-TIMER DIES IN OKLAHOMA

*Special to the Times*  
EASTLAND, April 24.—Aut Connellee, former resident of Eastland, died Friday in Oklahoma City, according to a message received here by his brother, C. U. Connellee, who left at once to attend the funeral. The dead man was in the milling business here twenty-five years ago, older residents of the city recall, his mill being located at the corner now occupied by the building of the Massie Drug company.

## RUBBER SUCCESSFULLY BLENDED WITH CELLULOSE

DETROIT, April 24.—Dr. Rudolph Ditmar, the famous rubber chemist and technologist, has just announced the success of his efforts to combine celluloid and rubber, a solution of one of the most technical problems of the age.

The importance of the discovery is manifold. It yields a substance, celluloid rubber, which presents many interesting and advantageous properties, which are not common to either of its constituents.

Foreign tourists in France are now avoiding the historic battlefields for the attractive features in large cities.

**SATURDAY NIGHT BRIDGE CLUB.**  
Dr. and Mrs. C. C. Craig entertained the Saturday Evening Bridge club Saturday night. Favors in bridge went to the following: Mrs. Leo Parr, ladies' high score club prize, a silver lemon dish; Mr. Leo Parr, the gentleman's high score club prize, a black knitted tie; Mrs. A. J. Orth, the guest high prize, a serving tray, and Mr. A. J. Orth, receiving the gentleman's high score prize, a black knitted tie. The cut prize favors, a deck of cards, went to Mrs. Gus Coleman and Mr. Leo Parr. After the cards were laid aside, the host and hostess, ever mindful of the pleasure of their guests, served a delightful luncheon course.

Those present were: Messrs. and Mmes. Leo Parr, A. J. Orth, J. B. Haden, J. C. Pullen, L. A. Vandervoort, L. L. Rector, R. B. Waggoman, R. D. Lavery, Gus Coleman; Mrs. Vincent Wakefield, Miss Peggy Lawler, Mr. Charles Conley and Dr. D. M. Steele.

**PURELY PERSONAL.**  
Miss Irene Wansley has returned from a week-end visit to Fort Worth.

Mr. and Mrs. Walter Burden and little daughter, Betty Jean, have returned from a short visit to Fort Worth.

Miss Mary Bonner Campbell returned Saturday night from Fort Worth.

Miss Helen Gholson returned today from a short visit to Fort Worth.

Messrs. Warren Felman, Charles Ende, Ted Anderson and Bobby Bates,

Mr. and Mrs. Larry Brothers, and Miss Tot Griffin of Desdemona are spending Monday night in Ranger.

Mrs. Oliver Gibson and little son are visiting in Dallas.

CLOVIS TEAM IS MADE UP OF YOUNGSTERS

Twenty players comprise the Clovis team which arrived yesterday after taking two out of three from Stamford. Of these, Manager Wetzel and Hammons, outfielder, are the only ones with previous league experience. Wetzel is an old-time ball player, with twelve years' experience in the American association, and Texas and other leagues. He was with Wichita Falls in 1920 and was out of baseball last year. Hammons was in the Florida State league in 1921.

TEXAS WOMAN WINS SUPREME COURT SUIT

19—FOR TRADE OR EXCHANGE

WHY PAY RENT—Some houses and lots close in for sale or trade for land; cash or terms. P. O. Box 21.

WILL TRADE—Roswell, N. M., property for home, furniture and lot. Apply 410 Ray St.

21—LEGAL NOTICE

NOTICE OF SALE—Notice is hereby given that on Friday, April 28, at 3 o'clock p. m., at the City Pound, northeast corner of T. & P. C. Co. yards, there will be sold at public auction, to the highest bidder, for cash, the following unclaimed livestock, to-wit: 1 bay horse, 15 hands high; shod in front. M. L. Davenport, chief of police.

NOTICE OF BANKRUPT'S PETITION FOR DISCHARGE

In the District Court of the United States for the Northern District of Texas.

In the matter of Max Bernstein, Bankrupt.

No. 766 in Bankruptcy, Office of Referee

Abilene, Texas, April 22, 1922.

Notice is hereby given that Max Bernstein of the county of Eastland, and district aforesaid, did, on the 30th day of January, 1922, file in the clerk's office of said court, at Abilene, a petition setting up that he has been heretofore duly adjudged a bankrupt under the act of congress approved July 1, 1898; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the court touching his bankruptcy, and praying for a full discharge from all debts provable against his estate in bankruptcy, save such debts as are excepted by law from such discharge.

On considering the above mentioned petition, it is ordered that any creditor who has proved his claim, and other parties in interest, if they desire to oppose the discharge prayed for in said petition, shall, on or before the 1st day of June, 1922, file with the referee for the Abilene division of said district, a notice in writing of their opposition to a discharge in the above entitled cause.

D. M. OLDFHAM, JR., Referee in Bankruptcy.

Pittsburg 14, Chicago 4. St. Louis 6, Cincinnati 3. Three scheduled.

Where They Play Today. St. Louis at Cincinnati.

Pittsburg at Chicago. Brooklyn at Boston. New York at Philadelphia.

the club's welfare. Anybody can get a team if he has a lot of money to go out and buy it. Albright has not done this. At a cost of only a few hundred dollars for training expenses, he has assembled a bunch of players from which the nucleus of a good team can be picked. Our catching staff is as good as any in the league. So are the pitchers. The far side of the diamond is amply safeguarded by Bellah and Plumlee. A change has been made at second base, where Faudree made a good showing Saturday. In the outfield, Craig has shown a pleasing speed and fly-snagging ability and he also raps the apple. Hoffman has not yet shown the ability he displayed in practice, but he has no copper-rivited cinch on the job. In fact, any player who does not come up to the required standard of play will be replaced by a better man.

Lubbock at Best.

Another thing, remember, the Ranger team has had only about ten days practice, while Lubbock, with a team that played together last year, has had six weeks. The Hubbers are at the top of their form right now. They will get no better, but the Nitros will. At that, except for the first game, the comparative showing hasn't been bad. One or two "breaks," or either of the last two games would have landed in the "won" column.

The Ranger team is your team—not "their team." The support of every fan is expected, in order that the money will be at hand for whatever improvements are needed.

MAKING RADIO EASY.

WASHINGTON, April 24.—The radiophone today took place in the list of household conveniences along with the electric iron and the vacuum cleaner. A new attachment designed by the division of weights and measures may be fitted to an electric light socket, eliminating the cumbersome and not always convenient battery.

There is a current impression that Ranger proposed to go present team, regardless of its strength.

Such an impression is entirely erroneous and unfounded. The Ranger Baseball club is to be as good as the best, and the continued support of the fans is asked to that end. Remember, the Ranger Baseball club is a community enterprise. It is not the private property of any man or set of men. Its funds were raised by popular subscription. Its officers and directors were chosen at public meetings at which every fan was invited to have a voice. All affairs of the club will be made known to everyone, and periodically there will be public meetings in which all are asked to join. Also, since it is a community enterprise, it is vital that all give their support and encouragement. Every day there should be enough fans at the ball park to at least go a long way toward paying expenses, regardless of the temporary standing of the team.

Another thing, Manager Albright is being criticised both for his playing and for the team. But Albright has shown good judgment in many ways and a conscientious interest in

BASEBALL TRIP COSTS CISCO MAN HIS FORD

While the Ranger band was playing Tuesday afternoon at the corner of Broadway and Main, some daring thief used the diversion of the crowds in that vicinity to silently slip into C. C. Carey's nearby Ford touring car and drive to parts unknown without leaving his forwarding address.—Cisco American.
