

SENATE RULES MAY BAR MONEY IN ELECTIONS

WASHINGTON, May 12.—A resolution designed to vest the senate with power to prevent wholesale expenditure of money in elections was introduced today by Senator McKellar, democrat, of Tennessee.

ANYWAY, RUSSIA HASN'T HAD ANY BABY FAMINE!

BUZULUK, Samara Province, Russia, April 12.—(By Mail.) There has been no baby famine in the Volga valley. Even during the six months just passed, when hundreds of thousands of adults and children have died, the stork has made a valiant fight to keep pace with the Reaper.

GIRL WEDS DETECTIVE TO OBTAIN FORTUNE

NEW YORK, May 12.—That Jacqueline Lebaudy, 16, heiress to the \$12,000,000 estate left by Jacques Lebaudy, is really the wife of Roger Sureau, son of the French detective who has figured so importantly in her affairs and her mother's, was admitted for the first time yesterday.

ARTICLES FROM AUSTIN BLOWN TWENTY MILES

LOCKHART, May 12.—Lytton Springs and Mendoza are more than twenty miles from Austin. Reports come here that people in that section are finding articles that were blown from Austin during the tornado of last week.

PIPE LINE ORDERED TO CARRY MID-CONTINENT OIL

WASHINGTON, May 12.—The Prairie, Indiana and Buckeye Pipe Line companies, under an interstate commerce commission ruling made known today is required to accept minimum shipments of 10,000 barrels from oil wells in Kansas, Oklahoma and Texas to stations in Pennsylvania.

BOND FIXED IN KLAN QUIZ CASE AT BEAUMONT

BEAUMONT, May 12.—Deputy Sheriff George Wallace, fined \$100 and jailed for contempt of court because he refused to answer questions concerning his membership in the Ku Klux Klan, was released today on \$100 bond following habeas corpus proceedings in the court of criminal justice.

FEDERAL PROBE ASKED OF BIG STEEL MERGER

WASHINGTON, May 12.—The resolution introduced by Senator LaFollette of Wisconsin, Republican, asking that the attorney general and the federal trade commission be asked to investigate the proposed merger of seven of the largest iron and steel corporations in the country was adopted without roll call.

BILL WOULD PARDON ALL POLITICAL PRISONERS

WASHINGTON, May 12.—A bill granting amnesty to all persons convicted for violating war espionage acts was introduced in the senate Thursday by Senator Ladd, Republican, of North Dakota. It is estimated that 113 prisoners would be affected by the bill. Senator Ladd said that the bill did not include cases of spying or imparting information to the enemy.

THAT'S EASY

Teacher (seriously)—Do you know who is the laziest person in this room? Percy (innocently)—I dunno. Teacher—You ought to. Who is it, when everybody else is industriously studying, sits and watches the rest or looks out of the window? Percy (brightening)—Why, you, Miss Jones.

Candidates for Moderator of Presbyterian Assembly

A heated campaign for Moderator is expected when the annual general assembly of the Presbyterian church (North) meets in Des Moines, Iowa, May 18. Grouped about Dr. Henry Chapman Swearingen, present Moderator, are five prominent church leaders, who will be candidates for the place. They are: Rev. John B. Laird, Philadelphia; Rev. W. O. Thompson, Columbus, Ohio; Rev. Hugh T. Kerr, Pittsburgh; Dr. Cleland McAfee, Chicago, and Rev. C. C. Hays, Johnstown, Pa.

JIMMY DANIELS SETS 'EM UP TO GUARDIANS OF LAW HEREABOUTS

Sergeant Jimmy Daniels of the police department gave a party yesterday evening at the Ranger cafe. Aside from being a blamed good party from every standpoint, nobody knew just what kind of a party it was. It was a party without an honoree or honor and the host denied repeatedly that he was either a political or matrimonial candidate and declared that like Willard the Wizard he had nothing up his sleeves. The question of any ulterior motive having been dissolved, the eleven guests settled down to the chicken dinner that ran the entire course from soup to finger bowls.

It was the first gathering of the police department around a banquet board in two years and the city and county "laws" and the outside guests enjoyed it to the fullest. Assistant Chief Eugene Reynolds, candidate for sheriff, drew back his ears and attempted to make an address on the probable political ambitions of the host. The host promptly squelched him.

Nearly all of the Davenport boys except the Judge were there. Chief Luther Davenport sat at the head of the foot of the table, depending on how you looked on it; Commissioner Lon Davenport sat in the middle next to Deputy Sheriff John Barnes, and Officer Len Davenport sat on the right hand of County Attorney Ove E. Overson. Mrs. Lon Davenport was also present. Then there were the Daniels boys, including the host, Jimmy, and his slender brother, Floyd. Likewise Eugene Reynolds, Jim Ingram and J. L. Hunt, or Silent Jim, all of the department, and a Times man. County Judge C. R. Starnes dropped in but aside from a few handshakes it did him no good as all but the finger bowl course had been served.

The time of the next banquet of the department was set for next Thursday evening and Eugene Reynolds, as the only self-acknowledged candidate in the coming primaries, was elected host.

POLICE TELL WOMEN TO MEND THEIR WAYS

BALLINGER SHIPS HALF MILLION EGGS IN WEEK

BALLINGER, May 12.—A car of eggs was shipped last week to Mexico by the firm of Jeanes & Co. The consignment consisted of 500 cases, or 15,000 dozen, or 180,000 eggs. Another car was shipped the same week containing 400 cases. The Potter Produce company also shipped a car containing 400 cases. Total shipments from Ballinger for the week was around 500,000 cases, according to information compiled by the West Texas Chamber of Commerce.

A recent issue of the New York Poultry Journal made special mention of a car shipped from here to Cuba, proclaiming West Texas as the future poultry products section of the United States.

CELEBRATING FIRE FIGHTERS GIVE RANGER DEPARTMENT A RUN

The presence of a large number of returning firemen from the Volunteer Firemen, Fire Chiefs' and Fire Marshals' convention in Brownwood was made known here early this morning, by a fake alarm sent in from the Hamon station soon after they had stepped off a Hamon train. Strawn, Eastland, Mineral Wells and a number of other towns were represented in the large group of white capped firemen, who changed over to the Texas & Pacific road here enroute to their homes.

Fire Chief George Murphy of Ranger, who attended the convention as the city's representative reported that Eastland had twenty-nine volunteer firemen present and participated in a number of contests. Strawn was also represented by a big delegation of volunteers.

Eastland lost to Lampasas in the reel race, the Eastland team having the hard luck of "getting their water" before their lines were in readiness. Lampasas' time was 27 seconds in making the run over the specified course, connecting with a plug and turning on a stream. The Grandview and Hillsboro teams came second in the reel race, a half second behind the Lampasas team.

San Marcos was chosen as the meeting place next year for the convention.

One of the most important actions taken at the convention, Chief

"Dolly, I'm glad you get Kellogg's Corn Flakes and fruit for supper. I'm so glad out with the heat that Kellogg's is the only food that would appeal to my appetite. It digests so easily and yet I know it is nourishing! Guess I'll have another helping. Kellogg's certainly are delicious!" Eat sensibly during the warm weather! Kellogg's CORN FLAKES are nourishing-refreshing-delicious

It's a long step for health and riddance of summer drowsiness and that sluggish feeling if you'll all stop eating so much heavy, greasy foods and let Kellogg's delicious Corn Flakes do your health a good turn! With cold milk and the luscious fruits now in season, Kellogg's are extra delightful—so crisp, and appetizing. Kellogg's Corn Flakes are nourishing and supply all the summer energy you need; yet, they digest easily and actually rest the stomach! On such a diet you'll feel so much better; your mind will be keener and you'll accomplish a lot more work—and help yourself keep cool.

It's an extra dessert treat to serve Kellogg's Corn Flakes with fresh fruit and a generous helping of cream! Be certain you get Kellogg's Corn Flakes—the kind in the RED and GREEN package that bears the signature of W. K. Kellogg, originator of Corn Flakes. None genuine without it!

THE EARLY FLY IS WORST, SAYS HEALTH AGENT

Methods to Keep Down Pest Are Given By State Official.

By Associated Press.

AUSTIN, May 12.—"Communities can abolish the fly evil," says C. V. Ehlers, sanitary engineer of the state board of health. "The advice of the board of health is 'get them early.' Flies in a community mean that there is filth of the worst kind and an utter disregard for public health.

"The first step toward ridding a community of flies is to get rid of the breeding places. Ninety per cent of flies breed in stable manure and it requires at least seven days for the fly to develop from the egg. During the fly season manure should be removed at least twice a week. Cities should have ordinances requiring that this be done.

Borax Solution.

"A solution of borax poured on the ground after the manure is taken away will destroy the eggs and maggots. Making the solution is a simple process. One pound of borax to three gallons of water is strong enough.

"Pig pens should not be allowed within the town limits and until they can be moved they should be subject to the same regulation. Garbage must be regularly collected, at least every two days, and must be kept in covered metal buckets which must be cleaned with lye every week.

"Candy and food exposed for sale must be protected by netting. Refuse from markets, fish houses and meat shops must be removed promptly. Surface kitchen drainage must not be allowed. The fly usually stays near his breeding place, traveling not over a mile unless windblown.

All Can Help.

"To rid a community of flies requires the co-operation of every person in it," Mr. Ehlers said. "Boy Scouts, Girl Scouts and every citizen can help. An inspector, helped by the citizens in the small communities, could cover the town by working two days a week. His inspections would include stables, surface sewage, garbage and exposed food.

"The girls and boys can be helpful in putting up posters, circulating literature, make-fly traps and use swatters. The board of health will furnish literature and plans for fly traps. The Boy and Girl Scouts or Campfire Girls can district the town and appoint patrols to help the inspector."

INDICT GREEKS FOR MURDER OF THREE OFFICERS

RUSHVILLE, Ill., May 12.—Indictments upon three counts, each charging murder of Sheriff Lashbrook and two deputies, were returned against twenty-nine Greek railroad employes by county grand jury today.

Immediately an attorney for the men asked for a change of venue.

Besides Sheriff Lashbrook, Deputies Carl Ueff and Frank Utter were killed.

The officers had approached bunk cars of the section hands at Frederick to offer protection. They were fired upon, it was alleged, when their peaceful intent was misunderstood.

Nebraska Parson Lays His Success to Autos and Ads

KEARNEY, Neb., May 12.—Publicity has changed the automobile from an enemy to a friend of the church, according to Rev. Oliver Kene, pastor of the Methodist Episcopal church here. "When the people of the whole community know of a church and the kind of sermons preached the car will carry them to it instead of away from it," he said.

"By advertising in local papers I have quadrupled the membership of my church in four years. Christ said 'Go out and compel them to come in.' What is more compelling than advertising in the modern way?

"I often inserted a quarter page or half page ad in the home town papers. The expense of advertising is met by the collection box, and the more people the advertising draws to church, of course, the larger the collections. So the ads pay for themselves in dollars and cents.

"Advertising must be backed by a good, sound, honest gospel message from the pulpit. Nothing can take the place of the gospel; not movies, nor music, nor half-baked addresses on current topics. And the man who goes to church is pretty apt to return and bring someone with him."

VENUS DE MILO'S TUMMY OUT OF SHAPE, SAYS OSTEOPATH

ATLANTIC CITY, N. J., May 12.—Pity poor Venus de Milo.

The osteopaths are at work on her. But for the fact that she now exists only in marble the poor girl, whose counterfeit presentation now adorns the Louvre and enchants millions of admirers of the human form, would be a victim of finger surgery and all the other tricks an osteopath knows.

For Venus, take it from Dr. Thomas R. Thorburn of New York City, who delivered an address at the opening of the annual convention of the Eastern Osteopath association this week, was a neurasthenic. Worse than that, her abdomen, or perhaps it's her stomach, is all out of place, Dr. Thorburn says.

Dr. Thorburn is not an osteopath himself. He is a homeopath and a specialist on diagnosis. That is where he comes in to tell us what was the matter with the one woman we thought was all right—(physically.) He has looked Venus over,

studied her in marble. And now he comes to throw a bomb into the perfectly good artist's model museum they call the Louvre.

Venus won't do, says Dr. Thorburn. She should have this and that done to her to make her all right again. As a modern flapper she is lacking, he says. Dr. Thorburn says he thinks the world of modern flappers. He will read a paper to the convention Friday telling the osteopaths what they could do to Venus to fix up her spine, make her tummy look like a normal tummy and cure that bad case of marble nerves.

shot with fifteen quarts of nitro, but so far has failed to make a well. The shot was placed at 2,815 to 2,832 feet. Following the shot there was 100 feet of oil in the hole and a small amount of gas showing. The hole will be cleaned out and probably shot with 200 quarts at 2,440 to 2,550 feet.

The well is four miles south of the town of Carbon.

Nose-Print Register to Identify Cattle

CHICAGO, May 12.—"Nose-prints" of cattle as a means of identification soon will supplant the painful and troublesome old branding system, says Al Dunlap, chairman of the International Association of Identification just returned from a western tour. The cowboys laughed at the idea but it is working out effectively in Minnesota where more than 2,000 nose prints already are on file with the state. Mr. Dunlap says the impression of cows' noses differ as widely as those of the human fingers.

NAT GOLDSTEIN OPPOSED

Charging that he was involved in the expenditure of large sums of money in efforts to have Frank O. Lowden nominated as a Republican presidential candidate in 1920, thousands of Missourians are opposing the confirmation of Nat Goldstein as internal revenue collector for the St. Louis district. Goldstein requested that his nomination be withdrawn. President Harding nominated Goldstein.

FATIGUE CAUSES PIANO PLAYER TO LOSE \$10,000

GARY, Ind., May 12.—Fatigue and loss of sleep forced Jock David Livingston of Edinburgh, Scotland, to stop his attempt to break the long-distance piano playing record here at 1:30 in the morning. This is the second time within two weeks that Livingston fell short of the record of 72 hours 9 minutes. Livingston had played but 66 hours when he quit, thereby losing a \$10,000 prize on which the time limit expired at noon Wednesday.

Virginia Rappe Left \$134 Estate; Author Claims It

LOS ANGELES, Cal., May 12.—Virginia Rappe, motion picture actress, in connection with whose death Rescoe C. (Fatty) Arbuckle, film comedian, was tried in San Francisco three times for manslaughter, being acquitted the last time, left an estate of \$134.

That was revealed here upon receipt of a letter from Carl E. Swanson of Trevington, Ala., a claimant to the estate.

Swanson's letter, addressed to the judge of the probate court, expressed the writer's belief that Miss Rappe was his cousin, the daughter of a brother of his mother, whose maiden name was Rappe.

Swanson is understood to be an author.

The announcement as to the value of Miss Rappe's estate came from probate court officials in connection with making public the Swanson letter.

FORGIVENESS BEGGED BY DAUGHTER WHO SENT FATHER TO PRISON CELL

TOLEDO, Ohio, May 12.—Carl Papenfuss, 62 years old, cleared of a criminal charge filed by his daughter, has arrived in Toledo after serving six years of a life sentence in the Ohio penitentiary in Columbus. The daughter, Mrs. Martha Sears, whose testimony was responsible for the innocent man's conviction, was at Union station when her father stepped from his train. She asked for forgiveness and expressed sincere repentance. It was her confession that led to the pardon granted by Governor Harry L. Davis.

At the time of his conviction Papenfuss lived with his wife and eleven sons and daughters. He had been working in the Wabash car shops. After struggling for a score of years he was promoted to a foremanship. Then came his trouble.

His wife, now dead, conspired, it is said, with the daughter, and his conviction and long months of prison life resulted.

Vaudeville all next week at the Majestic.

REFINDING OIL.
Miracles do happen in the oil
fields. That was demonstrated this
week when the Mid-Kansas well came
in for many times the strength of its
older neighbors, scattered all around
it. It was demonstrated a short time
back by the Crosbie & Sweet well
at Olden, which pepped up to 1,200
barrels after having been in opera-
tion more than two years.

These two instances bear out the
wildcatter's contention that "oil lies
where you find it," and it goes far
toward substantiating the belief of
many that in the older districts of the
Ranger field, sensational discoveries
are yet to be made.

Present development, of course, is
still tending toward extensions and
the development of new areas. That
is simply common sense, but it does
not mean that oil activity depends on
new fields and that after a swift de-
velopment, the industry passes.
Rather, the development may be com-
pared to the operation of a home-
steader, who clears a tract and farms
it, and gradually clears more land.
But while clearing new tracts, he does
not neglect those which are already
in shape for cultivation. He may
not spend as much time working
them as in clearing new land, but
he gives them a regular working
over.

It is the same with oil. An occa-
sional puncturing of the last three
feet to fortune will keep the drills
working.

MILITARY LEADERS IN CHINESE WAR

General Chang Tso-Lin. General Wu Pei-Fu.
Here are shown exclusive pictures of the two Chinese generals who con-
ducted the Chinese war. Both with presidential aspirations, Wu Pei-Fu
and Chang Tso-Lin headed troops and engaged in bitter battles. Many lives
were lost. Wu Pei-Fu, known as the "savior of China," was the victor.
Chang Tso-Lin, "Mukden war lord," is said to be in flight on a battleship.

UNCLE SAM PLAYED CLEVER GAME
IN DODGING GENOA, TROTZKY SAYS

MOSCOW, May 12.—The develop-
ment at Genoa "having made it clear-
ly evident that the European diplo-
mats have misunderstood what has
happened there," said Leon Trozky,
the soviet war minister. "America's
carefulness in remaining outside the
conference perhaps was right, in that
it gives to America the possibility
better to orientate itself and more
carefully solve the problems which
Genoa has presented."
In this statement to the Associated
Press Trozky broke the silence,
which, as a matter of policy, the
most important soviet officials have
maintained while the delegates have
been in Genoa.

In a frank presentation of Russia's
position, in which he went deeply and
concisely into the principles at stake,
M. Trozky declared he doubted that
the non-success of the conference
would mean that the soviet economic
work would progress more slowly
than Russia had wished and that it
might have done.

"The leading European diplomat-
ists," he continued, "appear still to
consider that the labor revolution in
Russia is not the beginning of a new
and historical world epoch, but a
mere temporary change of one form
of property for another."

"They thought by force to induce
us to the old forms of property, but
this failed and now they are demand-
ing that we pay indemnity for the
revolution on the basis of the legal
forms and calculations of capitalistic
society."

"This is as foolish as if we should
demand at Genoa that European
capitalists, on the basis of our forms
of property should hand over their

ICE COSTS YOU LESS
Than a Cent a Pound!

You can buy enough beans, flour, sugar,
coffee or anything else but ice to do you a
month in advance.

You can cook them up two or three days
ahead and ice will keep them fresh and
sweet for you. But the ice must be deliv-
ered regularly, the supply certain, the deliv-
ery dependable, and the whole works for
LESS THAN A CENT A POUND.

Other lines doing a good business the year 'round con-
sider several cents per pound a fair MARGIN OF
PROFIT, but the ice man does not even get a cent a
pound for ice, profit, service and all, and his season lasts
only 100 days.

We are often cited to instances where ice has been
sold at a very low price, but when we ask about the plant
that could afford to do this we invariably find that
"That old man sold out to So and So," or usually "That
plant just run down to nothing and was sold under the
hammer."

You see the point---Don't you?

RADIO SET TOUCHES
LIVE WIRE; TWO DEAD

CLEVELAND, Ohio, May 12.—Karl
Braun, 48 years old, a contractor, and
his 15-year-old son, Henry, were elec-
trocuted and Harland Leber, 15, was
injured seriously, when a wire from a
radio receiving set crossed a 2,300-
volt electric light feeder.
Young Braun, Leber and two com-
panions were erecting the home-made
receiving apparatus, eager to com-
plete their task in time to catch a
concert.
Twisting and jerking the wireless
aerial back and forth after its strands
had been tossed over the high ten-
sion wire were off the insulation.
This the boys did not realize until
too late.
Young Braun, who held one end of
the aerial, was killed instantly. The
current passed through his body and
struck Leber, who fell unconscious.

OZARK WATER

Has Again Been Reduced
The United States Geological Sur-
vey pronounces OZARK WATER
the purest in the world. If this water
was examined more closely, fewer
people would be sent across the
ocean to improve their health, as the
same results can be obtained right
at home.
Analysis of OZARK WATER
shows that in each gallon of 231
cubic inches there are less than 6
grains of chemical impredence. This
is an almost incredibly small amount.
There is in each gallon of OZARK
WATER 28.52 cubic inches of gas-
eous contents. A larger proportion
of nitrogen means a proportionately
large amount of oxygen.
Electric purification process re-
moves germs.

MAN IS HELPLESS
AS OAT CRUSHER
GRINDS OFF ARM

CODY, Wyo., May 12.—Wayne
Lewis, an employe on the Hoodoo
ranch, near here, stood helpless for
half an hour Monday while his arm
was slowly being ground to bits in an
oat crusher. The crusher is operated
by a powerful gasoline engine and
Lewis was unable to reach the control
to stop it. Finally he kicked the belt
off with his foot and fell unconscious.
Lewis was taken to Powell, where
physicians amputated the arm. He

Fine Appetite, Perfect Di-
gestion and Ability to
Sleep Soundly Her Re-
ward for Taking Tanlac,
Declares Topeka Woman.
"I am so happy over regaining my
health I just feel like telling every-
body about Tanlac," said Mrs. Man-
deen Terrell, 1127 N. Quincy ave., To-
peka, Kas.
"Seven years ago I began suffer-
ing from nervous indigestion and got
so run down I couldn't do my house-
work. Food formed terrible gas on
my stomach and pressed on my heart
and it palpitated so badly I could
hardly breathe. My nerves were so
bad the least noise upset me, and a
good night's sleep was impossible. I
was also seriously constipated.
"But since taking Tanlac I have a
fine appetite, perfect digestion and
can sleep soundly. It is no trouble to
do my housework now. I think Tanlac
is simply a grand medicine."
Tanlac is sold by all good drug-
gists.—Advertisement.

explained that he tried to pick a peb-
ble out of the crusher, when his glove
caught.

Goes Farther
A can of Calumet Baking Powder will make more pies, cakes, biscuits, muffins, etc. than a can of most other brands.
It lasts longer—goes farther because it contains more than the ordinary leavening strength—therefore you use less.
When a recipe calls for two teaspoons of baking powder, use two level teaspoons of Calumet, the results will always be the same—perfectly raised bakings—remember this when you buy baking powder and don't forget that Calumet is the economic buy because it goes farther.
A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

NITRO NOTES

More than \$800 has been subscribed to the Nitro "endowment fund" in the last three days, in agreement to pay a certain specified sum per month, ranging from \$5 to \$50, in case it is needed.

All who feel that it is worth something to them to have the ball team around, or who think it is good business, and are willing to contribute, are asked to make out a check to the Ranger Baseball club and leave it with J. C. Smith, president.

Fans can not only contribute themselves but they can solicit others. For instance, Times employees are guaranteeing \$25 a month, to be collected in the office and turned over in one lump sum.

The Nitros missed out on a game yesterday. Train connections make it impossible for the trip to be made overnight from Stamford to Clovis.

A feller named Altitude, not listed in the box score, is credited with that string of Amarillo victories. The mile-high town has a thin atmosphere which is said to do queer things to a baseball.

However, we'll have to see what Altitude can do to the best pitching staff in the league when the Nitros betake themselves to Gasserville next Sunday, before that theory can be accepted.

NOTHER SLUGFEST STAGED AT AMARILLO

AMARILLO, May 12.—The jinx which has woefully walloped visiting teams was in operation again yesterday, and the Gassers won their tenth straight game by walloping Stamford, 12 to 4. The Gassers continued their terrific hitting, compiling seventeen knocks. This made a total of 142 hits in ten games. Seventy bases on balls also have been issued by visiting hurlers.

Table showing scores for Amarillo vs Stamford. Columns include AB, R, H, PO, A, E.

VERNON ENTERS RACE FOR WEST TEXAS MEET

STAMFORD, May 12.—Porter A. Whaley has been informed by telegraph that Vernon has decided definitely to enter the contest at the West Texas Chamber of Commerce convention at Plainview, May 23 and 24, for the 1923 meeting place.

Summary—Two-base hits, Anhier, Byers, Comstock, Myers, Sloan, Fitzgerald; three-base hits, McElwee, Byers; home run, Williams; sacrifice hits, Johnson, Byers; double plays, Moore to Meanor to Anhier 2, Meanor to Anhier to Dinsmore, Curran to Williams; innings pitched, Hale 4 1-3; struck out, Hale 2, Myers 1, Hayes 6; bases on balls, Hale 4, Myers 1, Hayes 2; balk, Hayes; stolen bases, Johnson 2, Moore, Comstock, McElwee, Sloan. Time of game, 2:10. Umpire, Jones.

Whaley has been informed by telegraph that Vernon has decided definitely to enter the contest at the West Texas Chamber of Commerce convention at Plainview, May 23 and 24, for the 1923 meeting place.

The big contest at Plainview is expected to be the most spectacular ever witnessed in any convention—commercial or political—in the state of Texas. With Sweetwater, San Angelo, Cisco, Brownwood, Lubbock, Childress, Vernon and several other towns already announced as candidates, "fur will fly," to use the street vernacular.

FASTIME CLUB MEETS TONIGHT.

The Fastime club will meet tonight at the home of Mr. and Mrs. Lytton R. Taylor. This club was to have met Thursday night but the meeting had to be postponed on account of several members being marooned in Fort Worth.

G. G. R. G. CLUB.

The G. G. R. G. club will be entertained by Misses Grace and Nancy Bales Saturday afternoon at their home on Cherry street. Members please take notice.

A BRIDGE LUNCHEON.

A departure from the usual was rounded Wednesday afternoon when Mes. A. L. Bergere and H. J. Mendenhall entertained with a bridge luncheon, at the home of Mrs. Bergere in Hodges Oak Park. The house decorations were cut flowers in pink and white. The luncheon table was very attractive with its centerpiece of lovely pink and white roses and its handpainted place cards. A four-course luncheon was served at 1 o'clock. After lunch, the guests played bridge and in the final count it was found that Mrs. C. C. Craig had made high score. A lovely Madeira gown was awarded her. Mes. Walter Burden made low score, receiving as a prize a vanity case.

Those enjoying the hospitality of Mes. Bergere and Mendenhall were Mes. A. G. Jury, E. E. Crawford, Gifford Clegg, Saunders Gregg, C. C. Craig, Walter Burden, Eben Finney, J. E. T. Peters, H. S. Coomer, Leo Parr, R. D. Lavery, L. A. Vandervoort.

SEVEN TIMES ONE.

Yesterday Cleo Fulcher was "seven times one" and in honor of the occasion, her mother, Mrs. J. H. Fulcher of 116 Young street, entertained a number of her little friends with a birthday party. Games of many kinds were enjoyed and when the little guests were tired of games they were invited into the dining room and served ice cream, cake and lemonade. The house was very attractively decorated in honeysuckle and roses, and the dining table resplendent with its lovely white birthday cake, decorated with pink roses, and seven white candles. The little girls present were given dolls as favors, while whistles delighted the hearts of the boys. The honoree received many lovely gifts.

Those wishing her a happy birthday were: Lillabeth Bollinger, Harry Lindsey, Bessie Marlow, Mar-

guerite Dennis, Mary Wade Harless, Mildred Harless, Salada Marshbanks, Morena Long, Wilma Carlile, Edna Hudson, Jean Williams, Max Williams, Preston Chaney, Burt Bollinger, Truett Fulcher, Peggy Smith, Pauline Dillingham, Ruby Bishop.

BAKE SALE TOMORROW.

The ladies of the Methodist church will hold a bake sale Saturday at the Texas Drug company's store, for the benefit of the piano fund for the beginners' department of the Sunday school of that church.

PURELY PERSONAL.

Mrs. R. B. Waggoman has returned from a short visit to Fort Worth.

Miss Beulah Harrison, who has been the guest of her sister, Mrs. C. E. May, returned to her home in Eastland yesterday.

Mmes. J. C. Pullen and J. B. Hayden have returned from Fort Worth.

Mr. and Mrs. Oscar Senters of Fort Worth are spending the day with Mrs. R. B. Campbell.

Vaudeville all next week at the Majestic.
(Advertisement)

'CALICHE' MAKES PAVED ROADS CHEAP IN VALLEY

SAN BENITO, Texas, May 12.—Caliche, a limestone deposit, is being tested as a road building material by heavy traffic over the road of this type traversing Hidalgo county recently opened to travel.

Caliche is a limestone deposit, commonly believed to be in a stage of formation, which was mined from pits along the roadside. When removed from its covering of from three to six feet of earth, it is soft and pliable and is spread by scrapers and pounded in shape by rollers and hammers. It is then watered and rolled. The more it rains while a road is being built of caliche the better the road contractors like it.

When settled it makes a hard surface ten inches in thickness. One feature of the use of caliche in road building is its relative cheapness in comparison with other types. Caliche costs \$5,000 a mile, while gravel is estimated at \$15,000 a mile and concrete considerably more.

FORT WORTH GETS 1923 MEDICAL SOCIETY MEET

EL PASO, May 12.—Dr. A. C. Scott of Temple, was chosen president of the State Medical Association of Texas and Fort Worth selected as the 1923 meeting place at the final session here today of the medical annual convention.

NEW LEAGUE FORMING IN WESTERN TEXAS

BALLINGER, May 12.—The organization of a new six-club baseball league, to include Ballinger, Coleman, Brady, Santa Anna, Brownwood and Comanche, with possibly two more towns on the Santa Fe, seems assured and a meeting of representatives of these towns will be held in Coleman Friday to arrange details.

Secretary Farrar of the National commission telegraphed Leroy Nicholson of Ballinger Wednesday that he would allow a Class D league in this territory. Fans here are busy perfecting a local organization, buying uniforms, building a park and signing players and word from the other towns express similar interest.

Ballinger withdrew from the West Texas league this year on account of the long jumps and attendant heavy expense, but retains an interest in several fast ball players. The Colorado Valley league has been suggested as a name for the new circuit.

ANOTHER FISH RAIN.

HEREFORD, May 12.—Scientific savants may disapprove of another perfectly honest assertion about clouds raining fish. Recently a ten-inch rain fell on the Slaughter draw. After the rain residents of the section say many fish were found wriggling on the ground, one of them being a seven and one-half pound bass. The latter was found on the Bill Cage place.

BRUISED HER HUSBAND; HE ASKS DIVORCE!

Mrs. Louise Stillman

He is six feet tall and a railroad plumber. She is young and small. She bit, struck and bruised him, he says. He is "like ice, a block of wood," pretty Louise Stillman told a Chicago judge when her husband, Allen Stillman, sued for divorce. "He killed my love," she said. "All I want is lawyer's fee and sufficient alimony for myself and baby, for when it comes I won't be able to work for a long time."

China had women soldiers long before Russia.

DOG IS CHIEF MOURNER FOR BOY CAVE-IN VICTIM

JACKSONVILLE, Fla., May 12.—A Collie dog was one of the chief mourners at the funeral here of its master, J. D. Crabb, an 11-year-old boy, who was killed Monday when a tunnel the boy and his playmates had dug caved in.

The Collie during the funeral service in the chapel took a place under

the coffin, where his howls were so frequent as to interrupt the proceedings. When the coffin was placed in the hearse to be taken to the train the dog jumped in and all efforts to remove him were unavailing. He made the trip to the station.

When the tunnel caved in "J. D.'s" mother and the dog began digging for the lad at the same moment. With the removal of the body the Collie was locked up, but broke out and remained all day at the scene of the disaster, refusing to be driven away.

FINDS QUARTER IN FOOD; BIG TRADE FOLLOWS

AUSTIN, May 12.—Ed S. Newton, a newspaper correspondent at the state capitol, yesterday found a quarter in an unusual place. As usual he lunched at a local restaurant. He bit on something hard in a dish of veal and found it was a quarter. All of the capitol correspondents are now eating at that restaurant.

RYZON BAKING POWDER

Not merely baking powder but increased leavening power. The special process of manufacture is the reason.

RYZON is an improvement over old-fashioned powders. It has more raising power, is a slow, steady raiser. It retains its full strength to the last spoonful.

Orders can today. Have rich, brown, fragrant RYZON biscuits for every meal.
