The election of a permanent secretary of the New Chamber of Commerce was deferred last night at the meeting of the board of directors of the new organization, in order to allow the board to consider all applicants carefully and select the type of man needed for the work.

A committee composed of R. B. Waggoner, chairman; J. S. Echols and John W. Thurman was appointed from the board to investigate the proposed purchase of the water distribution system by the city, with instructions to go thoroughly into the matter of operating expenses and overhead of the Ranger Water company, and report at the meeting of the board next Friday.

Dr. Harkrider, J. M. White and E. E. Crawford were named as a committee to draw up the constitution and by-laws of the organization. J. C. Smith, J. M. Dodson and M. K. Collier are the committee to select quarters for the new chamber.

Miss Inez Davis, stenographer of the old Chamber of Commerce, was elected stenographer of the new chamber.

SUCCESSOR TO PARRISH TO BE CHOSEN TODAY

WICHITA FALLS, May 13.—Ideal weather conditions existed today for the voters choosing a successor to the late Lucian W. Parrish and indications are that a representative vote will be cast, as much interest is being manifested locally.

S. A. Morgan closed his campaign last night with a meeting here that was largely attended. Orville Bullington closed his campaign with an address at Vernon.

Besides Morgan and Bullington, the Wichita Falls candidates, Miss Annie Webb Blanton, state superintendent of public instruction, and State Senator Guinn Williams of Decatur are making the race. All are Democratic candidates except Bullington, who is an independent and has the endorsement of the Republican state committee.

He is a prisoner in the hospital, charged with violation of the Sullivan anti-pistol law.

WEATHER IS IDEAL FOR TURF CLASSIC

LOUISVILLE, Ky., May 13.—Nature is furnishing a perfect setting for the Kentucky derby — American turf jewel — at Churchill Downs late this afternoon. The weather is clear and cool. Showers late yesterday freshened the air and the mud through which swarms around the race track will be cooled by rain-freshened breezes. The Downs track, soaked yesterday, dried off rapidly and the going will be fast in the \$50,000 event.

WARTIME FRAUDS INVOLVE SUM OF \$192,000,000

Daugherty Says Recovery Will Be Much More Than \$500,000,000 Appropriation.

WASHINGTON, May 13.—The amount the government will recover from alleged war fraud cases will be many times the amount needed to be expended in prosecuting the cases, Attorney General Daugherty stated today in the interest of a \$500,000 appropriation sought for the work by the department of justice. The attorney general explained that there were 275 such cases, ranging from several thousand dollars to several million, and involving a total of \$192,000,000.

Mrs. McCormick's Name now Linked In Swiss Romance

CHICAGO, May 13.—An added starter has appeared in the matrimonial race of the Harold F. McCormick-John D. Rockefeller families. The name of Mrs. Edith Rockefeller McCormick, divorced wife of Harold, was coupled with that of Edward Krenn, Swiss, her personal friend and advisor.

In this reported romance of the daughter of the world's richest man and her "business manager," Cupid has continued to deal strange cards which brought widespread attention to the love game of the house of McCormick.

Two other matches in the family with prospects of marriage soon are: Harold F. McCormick and Ganna Walska, Polish opera star.

Mathilde McCormick, 16-year-old daughter of the family, and Max Oser, Swiss livery stable proprietor, Krenn blushed furiously and giggled hysterically when asked in his luxurious apartment at the Drake hotel about the rumored engagement to Mrs. McCormick, but he wouldn't deny it.

Rumors that Mathilde's wedding to Oser had been postponed perhaps permanently, persisted Thursday in spite of her emphatic denials, and claims that her love for Oser was true.

Mathilde took the attitude that this was her story and she was going to stick to it.

However, closeup gossip from the McCormick household was that the Rockefeller branch of the family, which has opposed the marriage from the first, had won a signal victory toward breaking up the romance. Mathilde's father, who first publicly approved the match, was understood to be now arrayed with the opposition to Oser.

COLD INDIAN SPRINGS, N. J., May 13.—When the sedan automobile in which Miss Elsie Voelk, 24 years old, was driving with her father, John Voelk, 60, upset, broken glass in the rear window sheared off the back of Voelk's head, killing him. Just how Voelk received his fatal injury was not clear. He was sitting on the rear seat and his weight is believed to have been thrown upon his head in the tumble of the car when his skull had broken through the glass.

THREE ADMIT COMPLICITY IN CHICAGO PLOT

Identification of Actual Slayers of Two Policemen Declared Imminent.

CHICAGO, May 13.—The police net thrown about figures in the recent bombings and which culminated in the murder of two policemen Wednesday, tightened today with the obtaining of partial confessions from three of the 150 labor men under arrest, and the arrest of three more, one in St. Louis. Identification of the actual slayers is imminent, the police said, as the relentless drive against those responsible for the disturbances was continued. Additional indictments and arrests are expected at any time.

Sensational developments are expected to be made public in the next forty-eight hours, it was indicated after a conference of police heads, assistant state's attorneys and leaders of civic organizations interested in ending Chicago "gang rule, war between police and labor and terrorists plots."

Anonymous Warnings Received

The principal developments in the crime drive here today were:

The assignments of assistant state's attorneys to the cases; the receipt of numerous anonymous letters threatening the life of Chief of Police Fitzmaurice and a general conflagration in Chicago if a single laboring man is left in jail by sunset Saturday, and filing of damage suits.

Suits for \$50,000, alleging false arrest and imprisonment, were filed by A. T. Thomas, an attorney, for Emmett Flood, a representative of the American Federation of Labor; his son, a member of the Fixture Hangers' union, and his daughter, Evelyn Flood, all of whom were arrested Wednesday.

POLICEMEN VICTIMS IN TWO BATTLES WITH HIGHWAYMEN

CHICAGO, May 13.—Police turned tables in the war with gunmen early today, when two bandits were shot and killed.

Policemen Kearney Driscoll shot John Broda, 19, following a chase. Broda tried to shoot the officer, but Driscoll beat him on the draw.

An unidentified robber was shot to death by Policeman Patrick O'Connell directly after an attempted holdup. O'Connell was shot in the shoulder in the fight. Both men killed were identified by men they had robbed.

GIRL NOW DECLARES ACTOR ATTACKED HER

BOSTON, Mass., May 13.—Dorothy Clark Elms, beautiful 17-year-old dancer and motion picture actress, has reversed her stand and now says her mother, Mrs. Ethel Clark, has grounds for her suit for \$200,000 against Herbert Rawlinson, film actor. She asserts that Rawlinson attacked her three years ago.

It was because of the alleged attack on the girl that Mrs. Clark brought suit against the actor.

The girl had denied her mother's charge and denounced her mother's suit, declaring the incident existed only in her mother's mind. With her young husband, Karl L. Tims, who married her in the midst of the controversy, Mrs. Elms attempted to have Mrs. Clark declared to be insane.

Amazed over her daughter's stand, Mrs. Clark swallowed poison, but recovered.

A PIG ON WHEELS.

MOUNT OLIVE, N. C., May 13.—Wheels take the place of feet for the two-legged pig of M. C. Barfield of this place. The animal, a red Duroc-Jersey, was born without hind legs or tail. The rest of it is normal, including its squeal. It was healthy from birth, and became a pet. Barfield, a veteran of the World war, has trained the animal to follow him about by using wheels in the place of the limbs nature forgot to give it. The animal weighs about 175 pounds.

DAUGHTER TAKES OVER PUPILS OF HER MOTHER

SANTA ROSA, May 13.—Teaching the second grade at the Lincoln school here bids fair to become an inherited job.

Mrs. Mary Wirt, who has taught for fourteen years, recently resigned, and the school board immediately appointed her daughter, Miss Charlotte Wirt, to take her mother's place.

So whatever education Santa Rosa second graders get, they are going to get it from the Wirt family.

GASOLINE MAY GO TO 30 CENTS

WASHINGTON, May 13.—Further increases in gasoline prices will be made effective soon in all parts of the country, it was learned at the interior department today. These increases may total 4 or 5 cents a gallon by mid-June, it is stated. This is in addition to increases made in the last six weeks, ranging from 4 to 6 cents per gallon.

The Standard Oil company will lead the way in the next price boost, according to reliable information.

DAUGHERTY TO PROBE ADVANCE IN OKLAHOMA

OKLAHOMA CITY, May 13.—Attorney General Daugherty will begin an immediate investigation into the increase in gasoline prices in Oklahoma. A message received from him by the Oklahoma News today states that he will give the matter immediate attention. The price of gasoline in Oklahoma City has increased 6 cents—from 19 to 25—in about three weeks.

Texas Floods Do Heavy Damage to Liquor Industry

DALLAS, Texas, May 13.—Recent floods in north and central Texas have boosted the price of "corn" whiskey sky high.

Although no official estimate of the loss to still owners has been made by authorities, it is stated in reliable "bootleg circles" that hundreds of stills were destroyed and thousands of gallons of mash—not to speak of considerable quantity of three-run product.

Some grades of "corn" are bringing as high as \$15 a quart. The price before the flood was around \$6.

Plans for rebuilding the washed-out stills were not made public by the bootleggers.

It is rumored that bootleggers are planning to label corn whiskey. Previously it has always been sold in a fruit jar without a label. The plan is to put a "guarantee label" on the bottles specifying that the contents is either "one, two or three run."

Gordon, federal student at the Oklahoma A. & M. college, was held without bond at a preliminary hearing today for trial in the district court for the murder of Beckham Cobb of Birmingham, Ala., another student, who was slain on a street bordering on the campus, on May 9. No new developments occurred at the preliminary hearing.

GENOA, May 13.—Lloyd George at the meeting of the political sub-committee today formally proposed that a mixed commission be named to take up the financial and other problems of Russia and the allies. He also proposed a truce remain in effect in the Russian border states until an agreement is reached.

Garland citizens had made vigorous protest against the meeting.

TRAIN THROWN INTO DITCH BY HITTING AUTO

Three Killed When Engine and Five Cars Hurtle Into Creek.

BUFFALO, N. Y., May 13.—Three persons were killed and fifteen injured when the Black Diamond Express on the Lehigh Valley railroad was derailed at North Leroy, near here, today.

The train, just after passing a westbound train, struck an automobile driven by Thomas Grood, 70 years old, and after carrying the machine several feet, left the track and plunged down a steep embankment into a creek. Three coaches crowded with foreigners, a parlor car and diner followed.

The dead are: Thomas Grood, driver of the automobile; an unidentified man and woman, believed to have been man and wife. The latter two were in one of the coaches.

NEW BILL WOULD STOP BIG ELECTION EXPENSES

WASHINGTON, May 13.—Enactment of legislation to regulate primary and election expenses of senatorial candidates is contained in a bill introduced in the senate by Senators Pomerene of Illinois, and McKellar of Tennessee. The bill is an amendment to the corrupt practice act which applies to senatorial candidates in states where they are elected by the legislatures.

STARVING RUSSIANS EAT DOGS AND CATS, BUT WON'T TOUCH CROW

BUZULUK, Samara Province, Russia, April 13.—(By Mail.)—Eating crow seems literally to have been the one thing the famine-stricken peasants of Volga have refused to do. During the worst periods of the hunger, suffering, when cats, dogs, clay and even more ghastly food substitutes have been greedily devoured, the country has been full of big, black and gray crows.

So bold are these scavenger birds and apparently so unmolested by even the hungriest peasants, that some of them even perch upon and peck at meat supplies laden in sleds for transport from the railway stations to the villages.

Some of them may have been eaten, but the correspondent saw literally hundreds of them at every place his train stopped from Samara on the way to Orenburg.

They were the fattest creatures in the famine area. Peasants with whom the correspondent talked on this apparent anomalous condition, in a region where one instance of cannibalism had been reported, admitted that crows might be as good to eat as dogs or cats, but advanced various vague reasons as to why these birds had not been slaughtered for food.

Some said there were no guns or ammunition to shoot them and that they were extremely hard to trap or catch. Others said they were "unclean."

INFORMATION SOUGHT ON BIG STEEL MILL MERGER

WASHINGTON, May 13.—Acting promptly on the LaFollette resolution demanding an investigation of the proposed steel merger, the federal trade commission today wired the various companies involved for a "full and specific information on the consolidation."

The commission request was addressed to the presidents of the Midvale Field and Ordnance company, the Indiana Steel company, the Youngstown Steel & Tube company, the American, the Briar Hill Steel company and the Bethlehem Steel company.

DALLAS MAN IS SLAIN BY SHOT FROM WINDOW

Aged Fort Worth Resident Charged With Act; Business Troubles Cause.

FORT WORTH, May 13.—Firing from an upstairs window, H. J. Henley, 68, is alleged to have shot Lemuel T. Martin, 40, storekeeper, to death this morning as Martin passed along the street underneath, according to the police. The shooting occurred on East Front street. Henley is said to have used a shotgun loaded with buck shot. Only one shot was fired, striking Martin in the breast.

Martin lived in Oak Cliff, Dallas. Litigation over a store Henley sold to Martin about a year ago is said to have caused trouble between them.

Henley lives upstairs over the store. Martin had just alighted from a Dallas Interurban and was approaching the place when the shot was fired.

Two cases are now pending in Dallas county, one for debt and one for slander, as the result of differences between the slain man and the defendant.

NEWSBOY SHOT.

FORT WORTH, May 13.—The shooting of a newsboy early this morning at the home of W. C. Summers, general manager for Armour & Co. here, in the exclusive Rivercrest addition, was followed by a statement from Summers explaining the act.

He was awakened, Summers said, and saw someone crossing his lawn and approaching his front door. He asked who was there and on receiving no reply, fired, the shot entering the boy's leg and inflicting a flesh wound.

The boy was employed by a local newspaper and was distributing sample copies by placing them inside the screen doors of residences.

WOOD TO STAY IN PHILIPPINES UNTIL FEB. 1

MANILA, May 13.—Gov. Gen. Leonard Wood probably will remain in the Philippine Islands until the end of next January, it is understood in well-informed circles, although he has not made formal announcement of the time he will resign his governorship.

General Wood was given a year's leave of absence by the board of regents of the University of Pennsylvania, the presidency of which he had accepted. This was to enable him to undertake a term as governor of the Philippines as a public service. The understanding at that time was that he should return to continental United States in time to assume his duties as president at the opening of the university year this autumn.

What effect, if any, prolonging his stay here will have on his relations with the university could not be predicted here. His program for reconstruction of insular governmental affairs, especially the rehabilitation of the government's finances, still is uncompleted and it is said this work will require probably eight months more.

HANDCUFFED TO BOY, DESPERATE NEGRO LEAPS FROM SPEEDING TRAIN

LANCASTER, Ohio, May 13.—An impediment in the form of a 16-year-old boy handcuffed to his wrist meant nothing to a Pomeroy negro bootlegger, when it came to making a dash for liberty on a train going at forty miles an hour yesterday.

So through the window he went, taking the boy with him. The lad suffered a broken shoulder and other severe injuries.

The negro, John Sparkman, 38 years old, was being taken to the Dayton workhouse to serve a sentence for bootlegging. The boy, Leonard Larkin, was being taken to the state reform school at Lancaster. The two officers in charge of the prisoners had handcuffed them together. Both prisoners were recaptured.

CLOVIS, HITLESS FOR SIX INNINGS, POUNDS ROBERTS FOR 8-6 VICTORY

CLOVIS, May 13.—A hearty rally in the seventh, after Roberts had held the Clovis batters hitless for six rounds, ran up five scores and gave Clovis yesterday's game with Ranger, 8 to 6. Again in the ninth, after Ranger had tied the score, the pinch blow came, Dean hitting a homer with a man on, ending a game that kept the spectators at fever heat.

In the lucky seventh, Cavanaugh singled, Baker was hit by a pitched ball and Newberry singled, filling the bases. Dean smashed out a double, putting Clovis one to the good. The side was finally retired only after seven hits had been accumulated.

The Nitros pounded Boyle from the box in the opening round, counting three times, and Holloway took up the pitching burden in the ninth, after Mickey had yielded the Nitros the tying run.

WEST TEXAS GAMES

CASSERS TAKE TIGHT ONE AMARILLO, May 13.—The Cassers took their eleventh straight game yesterday, 4 to 3, from Stamford, though the visitors put up a hard tussle. Roy Appleton, Stamford hurler, and Ridings, the Gasser ace, battled all the way, each being reached successfully in only one inning. Appleton yielded three doubles and a triple in the fourth, which gave Amarillo three runs, and a walk, a single and an error allowed the fourth run. Stamford threatened in the sixth, when a single and a pass was followed by Edwards' two-base knock, scoring two, and Edwards counted on an infield play.

Wife's Matrimonial Record Too Varied, Indian Complains

CHICAGO, May 13. — Charging Hawk, a full-blooded Sioux Indian, told Judge Adams of the court of domestic relations he had been in the army four years and served as policeman on the Sioux reservation for three years, but he had never had so much excitement in his life as the time since he got married. "My wife liked variety too much for me," he told the judge. "She been married four times—to a German, a Mexican, a Chinaman and then me I can't keep up with her. She had too much experience." Mrs. Ethel Charging Hawk declared she hadn't received a dollar for the support of herself or her two children—both by former marriages—since she married the Sioux. Judge Adams took their domestic difficulties under advisement.

MADE COPPERS STAND By United Press. HOUSTON, Texas, May 13.—A policeman is human, the same as any other man, according to a decision of Norman Beard, Houston civil service secretary. The decision makes a policeman entitled to a seat in a street car the same in uniform as out. Heretofore, the rule was for policemen to give their seats to civilians. "This does not affect the unwritten rule of always giving seats to women," Beard said.

LAX STANDARDS OF DAY BLAMED ON THE PARENTS

BALTIMORE, Md., May 13.—Reasons for the revolt of the younger generation against moral standards of an earlier day were discussed at the opening of the Church Congress under the auspices of the Protestant Episcopal church. The Rev. Dr. Bernard Iddingsbell, president of St. Stephen's college, Annapolis, N. Y., laid the conduct and beliefs of the present day youth at the door of the fathers and mothers. "The plain fact is that our young people have little respect for our generation, which has messed up our industrialism as it has, which produced the ghastly butchery of the last few years as its highest achievement internationally, which has well-nigh killed off arts with floods of Roto-gravures, and popular priced magazines, which produces no leaders in any humanistic field and which bids youth to emulate and, even more difficult, to admire the somber stupidity and prissy primness of contemporary commercial success. If the only authority for our ethics is us we might as well say farewell to our children. "Youth will no longer respect our standards simply because they are ours. The typical collegian today, who sets the fashion ethically as well as in dress, is taught to examine life fearlessly and follow only that which persuades," he said. A person with normal hearing should be able to hear the tick of a watch held five feet away, in a quiet room.

BOYS ACCUSED OF ATTEMPT TO WRECK TRAIN

BRECKENRIDGE, May 13.—Four young boys are here in the county jail, with a charge of attempting to wreck a C. & N. E. passenger train lodged against them. The boys give their names as W. H. Flowers, J. C. Litchfield, Eugene Waggoner and J. Johnson. Their ages are from 16 to 19 years. One of the boys is said to have made a confession and indicated the reason for the attempt was that they were refused a ride on the train. It is said the quartet left Cisco for Breckenridge on the passenger train and at Leary were put off because they did not pay their fare. The young men making the asserted confession said they placed ties on the track. The engineer saw the obstruction in time to stop the train. The young men give their home as Sweetwater and said they have been working in the oil fields.
