TWELVE DEAD IN AUSTIN STORMS

School Girl Butchered

WU ARMY ROUTS CHANG FORCES AND SEIZE PEKIN

Chang's Flight and Retreat of Army to Tien Tsin May End Hostilities.

By Associated Press.

PEKIN, May 5.—General Wu Pei Fu was in control of Pekin at noon today. General Chang Tso Lin, whose forces were routed in the battle yesterday, is reported to be fleeing toward Mukden and his army retreating in disorder toward Tien Tsin. It is believed that the sudden collapse of Chang's army will bring an end to the hostilities. This city is virtually isolated by the destruction of railroad communication.

The total casualties in the fighting yesterday is reported between 5,000 and 7,000 dead and wounded.

Admiral Strauss, commander of the American Asiatic fleet left this morning in an automobile for Tien Tsin. As the car is expected to cross the lines, it bore a white flag.

AMERICAN MARINES TO CHECK VIOLENCE AT TUNG CHOW

By Associated Press.

WASHINGTON, May 5.—A detachment of American marines has been dispatched to Tung Chow, about fifteen miles from Pekin, to guard against possible violence by the Chang Tso Lin troops, American Minister Schurman at Pekin notified the state department today. While it is not known whether there is American property at Tung Chow, it is assumed the marines were ordered to the town because of its nearness to the capital. The marines reported quiet.

OKLAHOMA GUN FIGHT FATAL TO NOTED BANDIT

By Associated Press.

BRISTOW, May 5.—Press Fanning, notorious bandit, and Andrew Payne of this city were killed and Lee S. Fournour of Hastings, Neb., was badly wounded in a free-for-all fight in a road house near here early this morning. Fournour was taken to the county jail, where he refused to talk. Fanning and Fournour both are said to be wanted at Treslas, Kan., for the robbery of a bank there. Fanning also was wanted in Dallas for a \$10,000 holdup in 1920. He is one of the most notorious bandits of the Southwest.

A free-for-all fight began at the road house about 2 o'clock this morning. All the men had been drinking, and after attacking each other with fists, guns were drawn and the battle followed. About a dozen shots were fired.

MAN CAUGHT MOVING BODY IN SUIT CASE

By Associated Press.

BRADFORD, Ont., May 5.—Captured with a suitcase containing parts of a body which he was removing piecemeal from his rooms, Harry Dent is charged with the murder of Peter Yeghiazar, his landlord.

Mrs. Dent was held on a similar charge. The torso was found in Dent's room, while the head and arms, which Dent admitted he had carried away, were found in the canal.

HARVEY DIRECTED TO LOOK INTO RUSS CONCESSIONS

By Associated Press.

LONDON, May 5.—George Harvey, American ambassador to Great Britain, who has been in the country most of the time since the Genoa conference has been in progress, returned here today. He refused to comment on the report that he has been instructed to make inquiries in regard to the matter of oil concessions before the conference.

The British foreign office has, in view of the reports from Genoa, shown a keen desire to explain that the British government is not interested in the oil concessions.

Head Beaten to Pulp, Stabbed Thirty Times, in Field Near Kirven.

By Associated Press.

MEXIA, Texas, May 5.—Led by bloodhounds, an enraged mob today is searching for the murderer of Eula Ousley, 13-year-old school girl, near Kirven, fifteen miles east of here. Eula's body was found yesterday 400 yards from the road, within a mile of her home. Thirty distinct stab wounds had slashed her body to ribbons. Her throat was cut from ear to ear. Her face was beaten to a pulp, officers believe to hamper identification.

The body was discovered when search was instituted after the girl failed to return to her home, three miles from the school. Her horse was found on the road and there were evidences of a struggle nearby, where it is thought she had been dragged to the ground. The searching party combed the fields and her body was found lying in the field in a pool of blood, with her clothing almost entirely torn off.

News of the discovery spread like wildfire and the whole countryside gathered for the manhunt. Officers were mystified, as the assailant left no clew.

Eula was better known as King, as she had assumed the name of her grandparents, with whom she lived.

"CAVEMAN" SOUGHT FOR NEW YORK GIRL'S DEATH

By United Press.

HAVERSHAW, N. Y., May 5.—While searching parties are scouring the fastnesses and ravines of the mountains here today in hopes of finding a clew to a "caveman" believed to have murdered Miss Lillian White, police in the valley believe they are close on the trail of suspects and expect an arrest will be made soon.

THREE MEN HELD.

WACO, May 5.—Advices from Kirven say that two white men and one negro have been arrested as suspects in the murder of Eula King yesterday afternoon and the officers are hunting for another negro.

Hundreds of enraged men are searching the bottoms near Kirven for the negro now suspected of the murder of Miss Ousley and it is said that the evidence against him is strong enough to insure his death at the hands of his captors in the event that he is caught.

It is reported that the bloodstained clothing of the negro was found in a house on the farm owned by the girl's uncle.

DALLAS KU KLUX TO TALK ABOUT DOFFING MASKS

By United Press.

DALLAS, May 5.—The Ku Klux Klan of Dallas may unmask tonight. A meeting of the clan is scheduled for tonight at the fair grounds here.

It was learned on good authority that the question of unmasking will be taken up. Rumors are that many klansmen favor the plan to have the clan come out in the open and wear a button designating membership in the order. Grand Goblin George B. Kimbrough Jr., of Houston, recently declared that the clan would unmask soon. It is reported that the suggestion that buttons be worn by klansmen will be the main discussion at the meeting scheduled for tonight.

WICHITA FALLS POLICE CHIEF SLAYBUCK GARRETT'S SEX-DEPUTY

By Associated Press.

WICHITA FALLS, May 5.—Former Deputy Sheriff Bud Ballew was shot and killed this afternoon, five shots being fired and one taking effect in the head, causing instant death. Following the shooting, J. W. McCormick, chief of police and formerly state ranger, surrendered to Captain Tom Hickman of the Ranger force.

ARDMORE, Okla., May 5.—Bud Ballew who was killed today in Wichita Falls, was a deputy under Buck Garrett, ousted last winter for lax law enforcement. Ballew was one of the men wounded Feb. 20 last in the fight at the courthouse in which five men were wounded.

LIONS BITTEN BY GOLF BUG

By United Press.

Plans for golf links at some suitable place near the city were approved yesterday at the weekly luncheon of the Lions club. Dr. H. A. Logsdon was appointed chairman of ten to work out definite plans for the project and report at the noon meeting of the club Thursday.

It was pointed out at the meeting yesterday by Leslie Hagaman that suitable ground for a golf course could be found east of the Hagaman lake.

BILL WOULD GIVE U. S. CONTROL OF COAL INDUSTRY

All Elements Would Be Represented in "Fact-Finding Commission."

WASHINGTON, May 5.—Government action to determine the cause of the present coal strike, with a view to averting future strikes and bringing about lower coal prices, is provided in the Blaine bill, approved today by the house labor committee. This bill would call for a government investigation into the reasons for the present strike and create a federal fact-finding commission with power to compel arbitration.

The commission would consist of ten members, representing the miners, the public and the government agencies directly connected with coal mining, including the geological survey and the bureau of mines. A report to congress is required within two years. Chairman Nolan said that every effort will be made to get the bill before the house before the end of the present session.

WATER WORKS DATA IS BEING SCRUTINIZED

The special committee of five, appointed at the recent meeting of citizens and city commissioners to investigate the feasibility of the purchase of the water distributing system by the city, was organized yesterday afternoon at a meeting in the Lamb theatre building. The members were assigned to the work of ascertaining the present costs of various parts of the plant and to examining the company books.

The committee, which is composed of H. S. Cole, J. M. White, S. W. Bobo, M. R. Newnam and Dr. W. C. Palmer, will meet again Monday.

ELKS POSTPONE MEETING

The weekly meeting of the Elks Club tonight will not be held on account of the Rotary vaudeville show. It was announced this afternoon by Karl Jones, secretary.

MAN DISAPPEARS WHEN CAR BURNS ON LONELY ROAD

Son, Asleep in Car, Found Father Missing and Machine on Fire.

By United Press.

GREENVILLE, Texas, May 5.—Local officers today are trying to solve the mystery of the disappearance of L. H. Patton, 40, of Alba, from his burned auto on a country road five miles from here, about 2 o'clock this morning.

John Patton, 19, his son, appeared here at 4 o'clock and called for help. Young Patton said he was asleep in the car while his father and a stranger were repairing the motor. Officers hurried to the scene and found the burned car but there was no sign of the elder Patton or the stranger.

J. B. Patton, brother of the missing man, has advanced the theory of foul play. A five-gallon oil can in the car has been punctured by a bullet, he said. Young Patton declared he had heard no shot.

SMALL DEFENSE WINS FIGHT TO DISMISS JUROR

WAUKEGAN, Ill., May 5.—Charles Melville, juror sworn in with the second panel in the trial of Governor Len Small, was challenged and dismissed by the defense today. Judge Charles C. Edwards allowed opening of the second panel to remove Melville on motion of the defense and over the bitter opposition of the state's attorneys.

Attorneys for the governor declared Melville had expressed opinions opposing the executive in the jury room.

FORMER TEXAN SLEW ENGLISH GIRL; MUST DIE

LONDON, May 5.—Ronald True, former major in the British aviation service, charged with the killing of Gertrude Yates, was convicted today and sentenced to death. True formerly resided in Texas and other parts of the United States.

U. S. AND GERMANY PLAN CLAIMS COMMISSION

WASHINGTON, May 5.—Negotiations are now under way between the United States and Germany looking to the organization of a mixed claims commission to pass on seizure of property in the United States and in Germany and upon the claims filed by American citizens as the result of the sinking of the Lusitania.

The commission will be composed of three men, one American, one German and a neutral. Following the completion of the treaty providing for the commission, it will be rushed to the senate for approval and enabling legislation. It is not expected, however, that the treaty will be brought up at this session.

KANDIDATE KIDDED

AUSTIN, May 5.—University of Texas students last night drew hundreds of people to a burlesque klan parade on Congress avenue. Rumors and reports were circulated yesterday that the klan planned a parade. Constable Charles H. Hamby, anti-klan candidate for sheriff, appealed to Governor Neff to prevent it if possible, even if necessary to call out the rangers and militia. The governor in a message to Hamby assured him that there would be no klan parade.

There wasn't. But citizens lined the streets as the students made merry.

CITY SLICKER SEEKS BARGAINS IN HOMES NEAR HOSPITAL SITE

No condemnation proceedings have been instituted and none are contemplated at this time by the city in connection with the continuation of Fine, Elm and Mesquite streets west of South Hodges street, to provide entrance to the new City-County hospital site, it was learned yesterday afternoon at the city offices.

The statements that are being made to property owners in this section by certain individuals seeking to purchase small houses and shacks for a song, are therefore without foundation, it is stated. It was reported yesterday that a would-be purchaser has visited several of the houses in that section and informed the occupants that the ground on which their home stood had been condemned and that they would have to move and to have made small offers for the houses.

At a recent commission meeting City Engineer Redwood presented dedication data for the streets for the commission's acceptance, but no action was taken at this time. Condemnation of the land needed for the streets has never been discussed. In the opinion of City Secretary George Hemmingson, the property along the routes will not be condemned if the owners do not see fit to agree to its use for streets. A sufficient number of property owners have already agreed to the dedication of the land for street purposes to provide the continuation of one or two of the streets, it is said.

It is understood that several of the house owners approached by the individual circulating the erroneous reports of condemnation proceedings will lay complaints before the authorities.

ROTARY CLUB VAUDEVILLE GOES OVER BIG WITH LARGE AUDIENCE

The first performance of the Rotary vaudeville show went over big last night before a crowded house at the Majestic theatre. Mrs. R. C. McCoy and Gus Coleman shared honors only with Willard the Wizard, the big time vaudeville star, while Raymond Teal, Julius Krause, Bob Taylor and Big Foot Gibson in their respective specialty acts were kept busy answering encores. Every thing that is usually seen in first-class vaudeville had its place on the bill last night and the combination of professional and home talent added greatly to the performance.

That Ranger Song! Mrs. McCoy not only imparted her usual charm to her songs but she startled her audience and then delighted it with her rendition of Carl Jones' epic song on the Ranger bank failures, in which the unquenchable spirit of Ranger is interwoven with frankly humorous comments on the liabilities and assets of the banks of the past. Gus Coleman accompanied Mrs. McCoy on the flute and in many quarters commanded a higher respect for that instrument by demonstrating that it can produce real music when handled right. The pair were only allowed to leave the stage after they had responded to numerous ovations.

Willard the Wizard increased the popularity he gained during his former recent visit here and proved himself a versatile star in every particular. Not content with mystifying the audience with baffling feats of various nature, during the first part of the show, he removed his French mustache and goatee during the middle of the performance and starred as a trapeze performer. He closed the performance with his trunk trick, in which he substituted himself for his wife in a locked and bound trunk in which his wife had been placed after being tied in a sack by a committee from the audience.

Julius Krause, baritone, was heartily applauded at the end of several songs, while Bob Taylor, the Ranger magician, generously refusing to compete with the visiting wizard, gave a creditable performance of clog dancing.

Big Foot Gibson as a black face, refused to spare anyone in his jokes, in which he involved ministers, corner saloon and hotel accommodations with equal abandon. His songs brought repeated encores.

Teal Classic Dancer. Raymond Teal, stage director for the occasion, appeared toward the close as a classic dancer and then as a singer, starting in both vehicles as is his custom, and living up to his reputation in every particular.

The closing performance of the show will be presented tonight at the Majestic with every act different from last night. Willard the Wizard will perform as a hypnotist as well as a magician and promises to put a delegation of Rotarians through a number of tricks.

All proceeds of both performances go to the Rotary Club welfare fund, to be expended here in various ways for the benefit of the city.

'OIL BOOM' AT GENOA FOLLOWS CONCESSIONS

By Associated Press.

GENOA, May 5.—None of the American oil towns have ever had the great excitement that extends over Genoa now as the result of the reports of oil concessions by the Bolsheviks.

Petroleum is gushing all over the Genoa conference and nothing has created such a storm since the Russians and Germans handed to the surprised allies their Easter treaty. Baku has been literally moved to Genoa and the names of other districts and nations unknown to most of the delegates are being spoken glibly.

of the show, he removed his French mustache and goatee during the middle of the performance and starred as a trapeze performer. He closed the performance with his trunk trick, in which he substituted himself for his wife in a locked and bound trunk in which his wife had been placed after being tied in a sack by a committee from the audience.

Julius Krause, baritone, was heartily applauded at the end of several songs, while Bob Taylor, the Ranger magician, generously refusing to compete with the visiting wizard, gave a creditable performance of clog dancing.

Big Foot Gibson as a black face, refused to spare anyone in his jokes, in which he involved ministers, corner saloon and hotel accommodations with equal abandon. His songs brought repeated encores.

Teal Classic Dancer. Raymond Teal, stage director for the occasion, appeared toward the close as a classic dancer and then as a singer, starting in both vehicles as is his custom, and living up to his reputation in every particular.

The closing performance of the show will be presented tonight at the Majestic with every act different from last night. Willard the Wizard will perform as a hypnotist as well as a magician and promises to put a delegation of Rotarians through a number of tricks.

All proceeds of both performances go to the Rotary Club welfare fund, to be expended here in various ways for the benefit of the city.

LACK OF MEAT IS HELD CAUSE OF PELLAGRA

WASHINGTON, May 5.—Pellagra, a mysterious disease which has caused widespread illness and taken a heavy toll of life in the United States and many countries of Europe, is caused primarily by lack of animal protein in the diet, and is both preventable and curable, by proper quantities of animal protein being included in the diet, according to the report of an inquiry conducted by the United States public health service.

Drs. Joseph H. Goldberg and W. F. Tanner, surgeon and past assistant surgeon respectively of the health service, reporting the results of many years' study of the disease, assert that forty grams per day of beef or milk proteins in the diet, will for practically all normal individuals, prevent the contraction of pellagra. The necessary forty grams of animal protein are contained in about a pound of beef or three pints of milk.

FINCH ON ANKLE RUINS GIRL'S CHARACTER, MOTHER SAYS

COLUMBUS, Ohio, May 5.—Shoe salesmen may take a tip from Charles Vagner.

He was fined \$50 here for having contributed to the "delinquency" of a girl 13 years old. The girl's mother brought the complaint.

She filed an affidavit against him, charging that, in fitting her daughter with a pair of shoes, he pinched her ankle.

COLLEGE BOY IS HURLED 300 FEET BY WIND

Two Distinct Tornadoes in Sight at One Time; Damage Half Million.

AUSTIN, May 5.—The death list in yesterday's tornado was brought to twelve at noon today with the finding of the body of an 8-year-old negro girl at St. Elmo, a settlement four miles south of here. Another victim added to the list was Andrew McGregor, a student at St. Edwards' college, whose body was found at 11 o'clock this morning in a clump of bushes. It is thought that the hurricane picked up McGregor on the college grounds and hurled him through the air into the bushes, 300 feet away.

AUSTIN, May 5.—Two tornadoes which swept the outskirts of Austin late yesterday afternoon took a toll of ten lives and injured fifty, several of them seriously. Property damage in excess of \$500,000 was done, according to a check early today. Efforts are being made to communicate with the district south of the city, which was cut off by the storm.

Accompanied by a downpour of rain and hail, the funnel-shaped clouds formed shortly before dark. Penn aviation field and Oak Hill, a suburb, were hard hit. Nine are known dead at Oak Hill and one at Penn field. They are:

DORIS GAIL PADGETT, 18 months old.
MRS. JOHN BARGSELEY.
MISS ADA BARGSELEY.
MRS. J. S. THOMPSON, Sr.
MRS. J. S. THOMPSON, Jr.
JOHN THOMPSON.
"AUNT MARIA" KINCHEON, negro.

S. S. SCALES, negro.
LAURA SCALES, negroess.
NED ROBERTS, negro.

Mrs. J. R. Padgett, mother of the infant killed, is believed to be the most seriously injured. Others probably fatally injured are Mrs. W. F. Woodman and J. S. Mussett, Jr. They were injured at Penn field. The dead, with the exception of the Padgett baby and Scales, occupied the Bargsley home at Oak Hill. The house was torn to fragments by the twister.

Seven of the eight large buildings at Penn field were demolished and the eighth seriously damaged. They had been recently purchased by the Woodward Manufacturing company. Employees, who saw the funnel-shaped cloud approaching, ran into the open, where they threw themselves upon the ground. Those injured were struck by flying debris. Padgett and his wife were among them.

Students at St. Edwards college were rushed into the basement by the priests in charge. Five were injured and the college buildings were badly damaged. The gymnasium was destroyed.

Several residences in Travis Heights were demolished, but the occupants escaped injury.

North of the city one storm swooped down on the state school for colored deaf, dumb and blind. Two inmates were injured and several buildings damaged.

Hundreds of persons stood near the state capitol building and watched the progress of the two storms. Both were moving southwest at the same time, about six miles apart. Debris was seen plainly as it was lifted and hurled through the air.

Firemen and volunteers worked all night searching the ruined buildings for victims.

Meager reports from the outlying districts say there was heavy property loss but no additional deaths are reported.

Binson, a small settlement on the I. & G. N., five miles south of here, was struck by one arm of the storm and two negroes are reported missing. Houses, barns and trees were twisted into fragments. One family of ten escaped unhurt, although the house they occupied was torn to pieces. The cyclone crossed the I. & G. N. tracks twice in its rush from Austin to the suburb of Oak Hill. Its path was about 500 yards wide.

EXPECTS GENOA PARLEY TO END IN TWO WEEKS

PARIS, May 5.—The Genoa conference will be all over in ten to fifteen days, Louis Barthou, head of the French delegation, declared today on his departure for Italy. Barthou, who came here from Genoa to consult Premier Poincare and the cabinet, said he would return to Paris in that time.

THE WATER PLANT

The citizens now investigating the proposal that the city buy the water distributing plant appear to be going about this duty in earnest, and with an eye to all details, in order that they may conscientiously reach a conclusion which they can stand behind and which will have the support of reasonable people.

A majority of this committee, as do a majority of all citizens, probably hold the theory that municipal ownership of waterworks is best. Nevertheless, the thoroughness with which they are going about their task indicates that they have taken the laudable viewpoint of theoretical opposition to the present proposal. That is right and proper. For the opponents of a proposition will be more able to recognize defects in it, than can those already committed in its favor. And the committee, must not only convince itself, but it must convince others of many things, if the proposed bond issue can hope to be carried by vote.

There is not only the present actual value of the plant, which is a matter of mathematical determination:

There is the question of whether citizens can be convinced that the water can be made potable at small cost. That might necessitate another chemical analysis.

There is the question of operating costs, and linked therewith the rates to the consumers. As a rule—and exceptions are negligible—municipal operations is considerably more expensive than private operation. How then, can the city hope to reduce rates almost one half—and make not only interest on sinking funds—and at the same time lose the taxes on the plant—when the water company in effect claims that it cannot reduce rates, though all it has to make is interest and taxes and allow for a slight depreciation.

Also, there is the report of the state fire marshal's office, now on file, which says that the present six-inch mains should be eight-inch, and the four-inch mains increased to six-inch, before there will be adequate fire protection. Have conditions changed in this regard, or would the city be buying a plant which it would ultimately have to junk because it was insufficient?

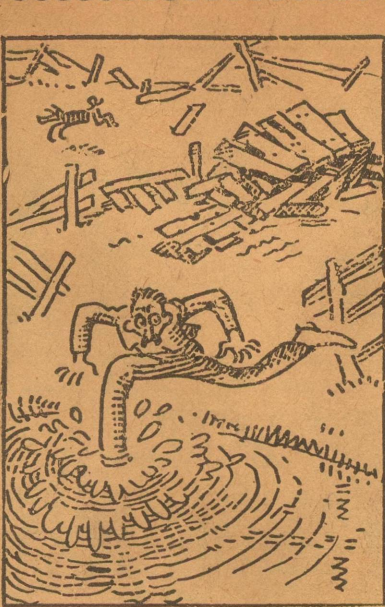

These are questions the committee should ponder. And having satisfied themselves that the merits of the proposal outweigh the objections, they should by a logical presentation of the facts make it clear for all to see.

Former President Wilson seems determined to establish a reputation for sooner or later coming to loggerheads with his best friends.—San Francisco Chronicle.

Outside of the charges, that General Semenoff is a thief, traitor and murderer, there seems to be little objection to him.—Dallas News.

The German and Russian delegates might invite a few Turks and have an economic conference of their own.—Cincinnati Star.

DOG HILL PARAGRAPHS

By GEORGE BINGHAM
 A lizard got on Ellick Helwanger Saturday morning while he was leaning against a rail fence, and in the excitement Ellick tore down a nice pig pen, and stepped into a pond. In the confusion the lizard was badly frightened and made its escape.

Poke Eazley's wagon broke down while standing in the horse lot this morning. The wagon has been needing rain for some time.

Sile Kildew was in Tickville Saturday afternoon and reports having seen a young lady wearing a dress that nearly reached her shoe tops.

**HEART BALM
 HARD TO GET
 IN CHICAGO**

CHICAGO, May 5.—The attitude of Chicago courts towards broken hearts that cry to be mended with gold is undergoing a radical change, it was asserted today as attorneys commented on a series of decisions handed down yesterday, in line with others.

The old picture of man as a human vulture, feasting on the lovely and innocent maiden, then cruelly casting her aside, is fading. No more of this Mid-Victorian stuff. In the modern sketch of life courts see equals who take equal chances with open eyes, and love has no price.

Some Samples.
 Mrs. Beatrice A. Kulleen vs. Frank H. Brunell, plaintiff asked for \$50,000; jury's verdict gave \$7,500; verdict set aside by Judge Joseph B. David.

Miss Ethel J. French vs. John Wood Brooks Ladd, plaintiff asked for \$50,000; verdict of \$1; Judge Palm indicated that he would refuse to grant new trial.

Miss Nettie Laiser vs. Abraham Stenberg, plaintiff asked for \$50,000; verdict of \$1; new trial expected to be denied by Judge David.

Mrs. Anna Marcus vs. Hyman Wittenberg, plaintiff asked for \$50,000; verdict \$25; new trial denied by Judge Frank Johnston Jr.

Self expression—economic and other kinds of freedom for women—

is the order of the new day, following suffrage, it is asserted.

No Price on Love.
 What the courts indicate in refusing money to these women is that they have no right to place a price on love, but must accept equal responsibility with men, attorneys believe.

This was expressed by Judge David in setting aside the \$7,500 verdict in the Brunell-Kulleen case. Brunell, racing publisher, had found a harbor of refuge in the Kulleen flat. In setting aside the verdict and refusing to hear the case again, Judge David said:

"Actions of this kind, to recover as

a result of a breach of promise, are recognized by law, but not where the manifest purpose is not to seek solace for a wounded heart, but evidently a means of extortion."

A Spitz dog is said to be a domesticated jackal.

Why a Good Housewife Takes Ice in Early Spring

SHE knows it saves her money by saving food. Ice costs a mere trifle at this season of the year. Food is expensive.

She knows that variable temperature is bad for perishable food; that when the thermometer rises above 50°, milk rapidly gets stale and bacteria multiply a thousandfold.

Even if the food does not spoil, it loses its crisp, fresh flavor and most of its nutritive value.

In this changeable weather ice is a necessity—and a cheap one.

RANGER ONLY CITY TO PROVIDE MILK FOR UNDERFED CHILDREN

The organization of nutrition classes among Ranger school children 10 per cent or more underweight, was announced this morning by the Child Welfare club. The classes meet each Wednesday in all of the grammar schools of the city. The nutrition work follows up the examination made by local physicians and public health nurses last fall. Scales and measuring rods have been installed in all of the schools through the efforts of the Red Cross, to carry on the work.

The Child Welfare club is supplying a half pint of milk each day to all the underweight children in the schools. At a meeting of teachers of the Central school yesterday, plans were discussed for instituting nutrition instruction as part of the regular school program next year and also the organization of health clubs in the schools. Ranger is the only city in the county where milk is being provided for the underweight children, it was brought out at the meeting yesterday.

MORTUARY

BENJAMIN F. DICKSON.
Benjamin F. Dickson, 55, died at 11 o'clock last night at his home two miles north of Ranger. He is survived by his wife and five children and by one brother, J. M. Dickson of Mexia. The family had lived here two years.

The body was removed to the funeral home of the Milford Undertaking company. Funeral arrangements will be announced later.

INFANT GILSTRAP.
The infant son of Mr. and Mrs. John Gilstrap of Cooper addition died this morning at the home of his parents. Funeral services were held this afternoon at 3 o'clock at Evergreen cemetery. The Jones-Cox company has charge of arrangements.

NOTICED GOOD RESULTS FROM THE VERY START

THE LATEST IN PLEAS!

COLUMBUS, Ohio, May 5.—Failure to separate the men and women jurors in a room in a hotel is given as the ground for asking the Ohio supreme court to review the conviction of George Bush of Mahoning county.
He is under sentence of death for first degree murder.
His execution is set for May 5.

Mrs. Scott Says Her Five Years of Suffering From Stomach Troubles and Indigestion Has Now Been Entirely Overcome.

"Thanks to Tanlac I am feeling like a different woman," said Mrs. L. Scott, 114 English St., Wichita, Kan., a valued employee of Jones-Lorimer Dry Goods Co., for fourteen years.

"I had stomach trouble and indigestion so bad for five years I scarcely cared to eat and what little I forced down disagreed with me. I suffered from palpitation of the heart, shortness of breath and severe pains across the small of my back. I was so nervous any little thing upset me, and a good night's sleep was impossible.

"After the first few days of taking Tanlac my change was remarkable. Now I eat three hearty meals a day, have gained weight and I do all my housework in addition to my duties at the store. I want all to know what a grand medicine Tanlac is."

Tanlac is sold by all good druggists. Advertisement.

WOMAN BORN ON NELSON'S SHIP DIES IN ENGLAND
By Associated Press.
PORTSMOUTH, Eng., May 5.—Mary Ann Carr, who was born in the cockpit of Nelson's ship "Victory," near the spot where the famous admiral fell, has just died here at the age of 85.
Her memory of the early days aboard the ship was fresh up to within a few days of her death. She once saw a sailor flogged. The picture of the man suffering remained vivid in her mind through her long life. Only once did she see such a sight for on other occasions she was sent ashore to be spared the spectacle.

Holding Bendy's Prisoners Would Have Been High Handed Act, Lawyers Declare

Judge George L. Davenport of the Ninety-first district court would have been guilty of a high-handed and illegal judicial act, had he not, in view of the facts before him, released the three federal prisoners at the habeas corpus hearing on May 14, in the opinion of thirty-five members of the Eastland county bar who met on May 1 and approved resolutions outlining the facts as found by a special committee and defending Judge Davenport from the criticism of Federal Judge Wilson.

Judge Wilson, acting on a motion of the federal district attorney, referred the release of three men arrested by Prohibition Agent Bendy on liquor charges, to Governor Neff for investigation.

The finding of the committee of the bar association, who investigated the case, is to be presented by a special committee to Judge Wilson and another copy of the findings and resolution submitted to Governor Neff.

Rights Violated?
Setting forth that the three fed-

eral prisoners, Rollen Keller, Manley Keller and Duke Madison of Brown county were arrested by Bendy at Pioneer on the night of March 11 and remained in jail at Eastland until released by the court on the afternoon of May 14, the resolution declared that such a practice is wholly repugnant to both the federal and state bill of rights for any citizen to be confined upon the ipse dixit or mere word of any peace officer.

On the afternoon of March 14, the committee states, Joe Burkett inquired of Judge Davenport when it would be convenient to hold a habeas corpus hearing, stating that the three men were held without authority. The attorney was requested to get in touch with the prohibition agent and ascertain from him when it would be convenient to hold the hearing. The hearing was deferred until 3:30 p. m., March 14, after the filing of the writs in the forenoon in order to give Mr. Bendy an opportunity of being present. Judge Davenport was advised when the hearing was called that

Bendy could not be found but would probably return to his home in Eastland at 6 o'clock. The cases were called soon after 3:30 p. m., and the county attorney requested to file an answer showing by what authority the prisoners were being held in the county jail. The county attorney stated that neither his nor the sheriff's department could say by what authority the prisoners were placed in the county jail other than that they had been placed in jail by Bendy.

No Commitment Given.
Mr. Bendy was again sought, the committee report states, and the hearing did not proceed until it was determined that he was not accessible at this time. The sheriff's office was questioned but could not inform the court by what authority the prisoners were being held. No commitment or written order had been delivered with the men, they said.

"The court upon being advised of all the facts by the said officers and jailers, stated in open court that as he understood the law, there being no commitment or other authority shown for holding the prisoners, and there having been a sufficient time elapsed since they were placed in jail to secure such authority commitment, that he was without authority under the

law to remand the prisoners, but that in view of the fact that the prisoners had been placed in the Eastland county jail by Mr. T. A. Bendy, that as a matter of courtesy to Mr. Bendy the prisoners should remain in Eastland until Mr. Bendy's return and surrender to him," the committee report continues.

Agreed to Stick Around.
The prisoners are thereupon said to have agreed to remain around the courthouse until the westbound train should arrive at 6:55 but that unless Mr. Bendy was on that train they would return to their homes.

The committee declares that after the prisoners had been confined to jail Sunday at Eastland, no complaint was made until Monday, when the commissioner at Abilene was communicated with by wire or telephone and requested to file charges against the men. Bendy did not go to Abilene in person, it is claimed.

Criminal procedure of Texas and federal statutes are cited in the resolution to uphold Judge Davenport's action in the case.

Alcohol was first distilled by the Arabians, and when we talk about coffee and alcohol we are using Arabic words.

HENNA BATH LONDON'S LATEST FASHION FAD

LONDON, May 5.—A henna bath cult is forming among London's more ultra society women, who deem olive-colored skin something worth acquiring. The craze is said to be of

French or American origin. Baths, strongly tinted with henna dye are taken monthly and impart a delicate tint which looks well in the evening dresses of oriental shades and design now popular here.

Immersing is declared to be easier than treating only that considerable portion of the body exposed by modern evening gowns.

A bat is supposed to be able to absorb and digest in one night food three times the weight of its own body.

Bats "see" in the dark on account of their extremely delicate and sensitive nervous system, extending all over their bodies.

No Disappointments

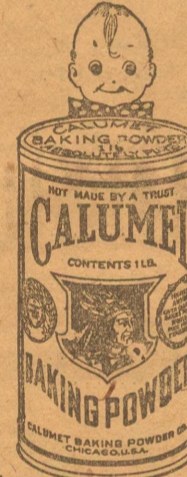

Millions of housewives use Calumet Baking Powder because of its dependability—because when they place their baking in the oven, they know it will "turn out" all right. They are confident of results because they know that no matter what they bake—pies, cakes, biscuits, muffins—the results will be the same—light, perfectly raised, wholesome foods.

CALUMET BAKING POWDER

never disappoints. Don't prepare bakings with expensive ingredients and then have them spoiled because of an inferior leavener.

Have the same assurance that the majority of other housewives have.

A pound can of Calumet contains full 16 ounces. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a pound when you want it.

PAY CASH--PAY LESS

Nitros to Have New Manager

TWO GOOD MEN TO BE OFFERED CHANCE AT JOB

Albright Released Today; Clayton Temporarily in Charge of Team.

Bob Albright will be released as Nitro manager, it was decided last night by the baseball directors, and negotiations were put under way today for the obtaining of one of two men well known and successful in the West Texas league to fill the place. If successful, the negotiations will be concluded by Sunday or Monday, but the names cannot be mentioned because it is against the rules of baseball to "tamper" with another club's players. Catcher Clayton will be temporarily in charge of the team. President J. C. Smith left last night for Abilene to make the change. Two players, Bean and Faudree, will be released, in order to bring expenses down.

Where Money Went.
 The baseball club, smitten by bad weather, is down to bed rock again. A statement presented last night shows that approximately \$5,000 has been spent thus far. Of this amount, \$1,300 was posted with the league and the national association, and a portion of it will be returned at the end of the year; \$900 was paid out in guarantees to visiting clubs; uniforms and equipment cost \$682, the first payroll of about \$1,000 was met, together with incidental expenses. The \$2,900 donated, plus gate receipts, were figured to meet these expenses and make the first and second pay roll. However, the rotten weather, which rained out six games and held down the attendance at all except opening day, prevented this being done, and as a result, plans were laid last night for an entertainment program to aid the club.

The "Womanless Wedded" pair are going to get a divorce, next week. There will be a Fat and Lean game the week following, and somewhere between will be inserted a Baseball ball. All of these will be staged with the idea of not only bringing in money but giving everybody their money's worth. However, donations are not barred. It is felt that the field has hardly been scratched in this respect, and if Rangerites will but believe that every effort will be made to put out a topnotch team—provided the money is at hand to do it with—there will be plenty in the pot.

The ball club will need about \$2,000 by the end of the month to meet all contingencies. The entertainments, if lucky, will bring in half of that sum. Those who have subscribed but not paid, and those who have done neither, are solicited to kick in on the expenses. Every \$50, or \$25, or \$10, helps that much.

The money will all be accounted for at public meetings from time to time, for the baseball club belongs to the whole community.

NITRO NOTES

Abilene will play Sunday ball, commencing Sunday with the Ranger game. Quite a crowd is expected to go up from here to attend the pastime, if the roads are good.

The Nitros, despite three straight losses at San Angelo, have shown symptoms of strength that will win games, with a little more assistance. Duckworth and Clayton are well up to the league standard as catchers. There are at least four good hurlers in the bunch now carried and first and third base appear to be well taken care of. Plumlee is doing a fairly good job at short, for he is remembered this is a hard field to play on, and every man who comes here has his troubles, if the chances are anything like hard. The biggest need right now is a manager who can also play second base. That would kill two birds with one stone, so to speak. Then with a little additional strength in the outfield, the club would be in

shape to win games. It's barely losing now. With a few changes, it will be winning.

The sporting spirit of a town isn't shown by rooting for a winner. Any burg can do that. The sporting town is one that sticks with a team that's doing its best, regardless of its standing. That puts heart into players. It makes them feel that their efforts are appreciated, and their appreciation is reflected in their playing. The members whose best is not good enough, of course, must be replaced.

SWATTER HOME RUN WINS CLOVIS GAME

CLOVIS, May 5.—Flehart's eleven strikeouts, many of them with men on bases, were the deciding victory in the game here yesterday, which Sweetwater won, 5 to 4. The game was close all the way. Pipkin's home run in the sixth, scoring Bupp ahead of him, gave the deciding runs.

STAMFORD BLANKED
 ABILENE, May 5.—Heavy rapping by the Eagles piled up five runs yesterday, while their defense held Stamford in check at all times. Four double plays were made by Abilene. Sain led the hitters, having a perfect day in four trips up. Two of his raps were doubles. The Eagle stickwork began in the first round, when three men registered. The score:

LOOSE FIELDING AND PITCHERS' WILDNESS DROP DOUBLE-HEADER

Broncs Make Clean Sweep of Series at San Angelo, 5-3 and 7-2.

SAN ANGELO, May 5.—The Nitros dropped a double-header here Thursday, 5 to 3 and 7 to 2, after two somewhat stirring sessions in which the Broncs either rapped safely in the pinches or wildness of Nitro pitchers brought calamity. It was the hitting of O. Craig that won the first battle, in which Trammell worsted Zapalac by only a slight margin and had by far the better support.
 In the second game, eleven bases on balls issued by Holden and Gordon proved their undoing, and numerous errors aided in packing the pillows. Gordon relieved Holden with none out and the bases full in the sixth and was lucky to get by with only two scores chalked up. He was rapped in the last two sessions.
 Faudree was hit on the head in the sixth by a pitched ball, and knocked out.

LUBBOCK AGAIN VICTIM OF GASSER SLUGFEST
 AMARILLO, May 5.—For the second time in a row, Amarillo smothered Lubbock under the same score, 21 to 4. Every man on the Amarillo club hit safely, and Comstock got four out of five, including a triple. Allen had used up all his pitchers in the two-day batfest, and Johnny King officiated on the mound for the last two innings, yielding nine scores.

NEGRO TEAMS BATTLE AT BALL PARK TOMORROW

The Ranger Oil Stars open their first series of the year tomorrow afternoon at 4 o'clock, against the Eastland "Oil Burners," with whom they waged warm and pleasurable combat last year.

Temple, a righthander who is described as a grand pitcher, will do the boxwork for the Ranger battlers, and an all around spirited combat is billed.
 A section of the stand will be reserved for whites, and the usual arrangement at the ball park will prevail.

TOWN GOES EIGHTY-FIVE YEARS WITHOUT CHURCH
 JAMESTOWN, Tenn., May 5.—Plans for the building of a church here, the first structure of its kind to be erected, notwithstanding the fact that the town has been incorporated eighty-five years, have been announced by the Rev. Robert Hall, pastor of the Southern Methodist congregation here.

WEEKLY PICTORIAL NEWS

Photos by International News Service

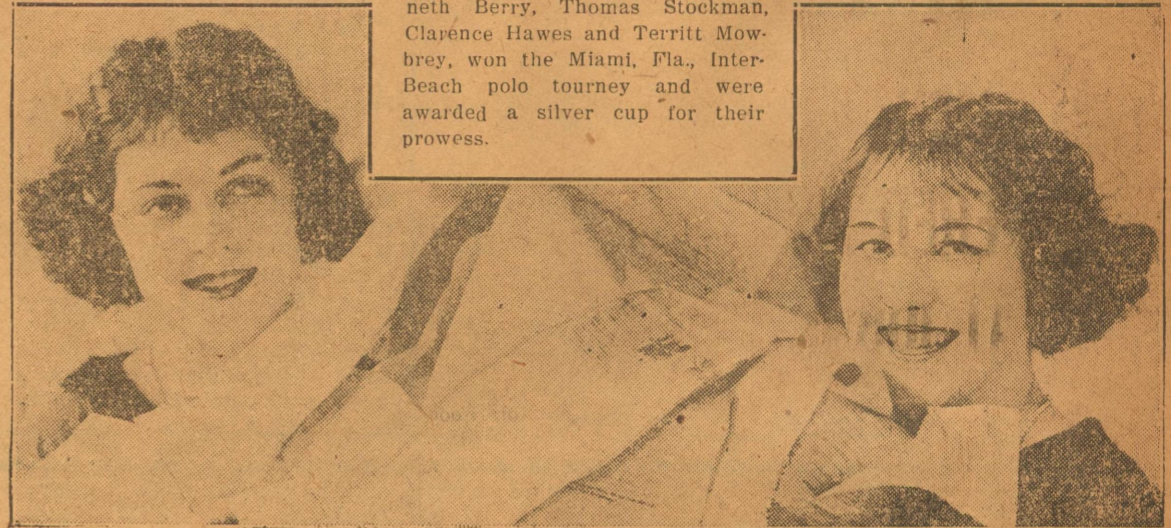

HOWDY!—The State of Texas presented him that hat. Now that your question is answered, let us proceed: With Judge Landis are Kid Gleason and John J. McGraw.

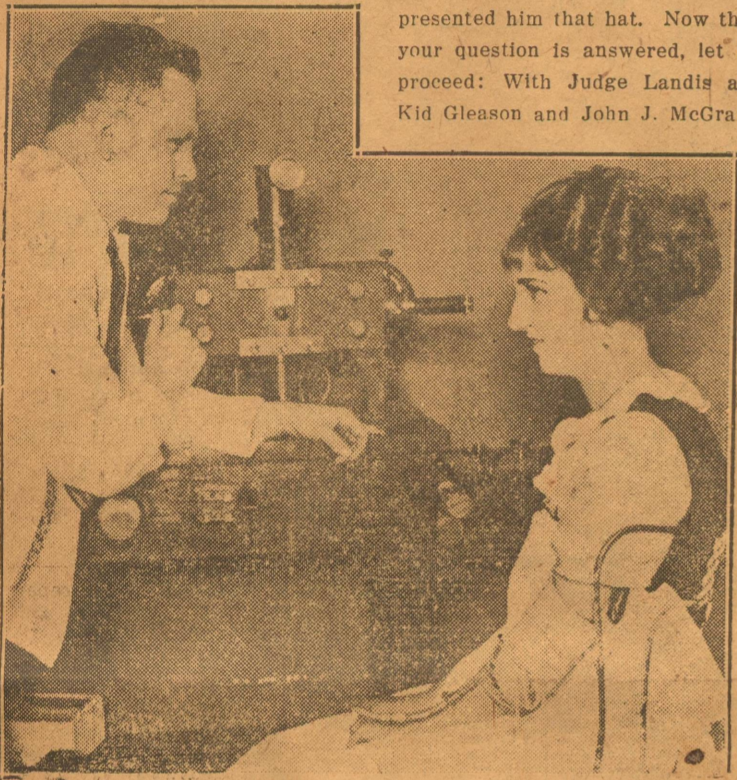

CRIME WAVES?—Some remarkable styles in hair dressing were displayed at the convention of the European Hairdressers' Association in Berlin. Having heard a great deal about our American "permanent" and "Marcel" waves, the camera man suggests the styles here might be called "crime waves." Let the ladies decide.

POLOISTS—These youths, Kenneth Berry, Thomas Stockman, Clarence Hawes and Territt Mowbray, won the Miami, Fla., Inter-Beach polo tourney and were awarded a silver cup for their prowess.

BONUSSETTES—That Chicago petition for a soldier bonus is more than a yard long. Misses Virginia Coats and Gabrielle Smith presented the plea to more than 12,000 "Windy City" inhabitants. Take a lingering look at the little ladies and ask yourself: "Who could keep from signing?"

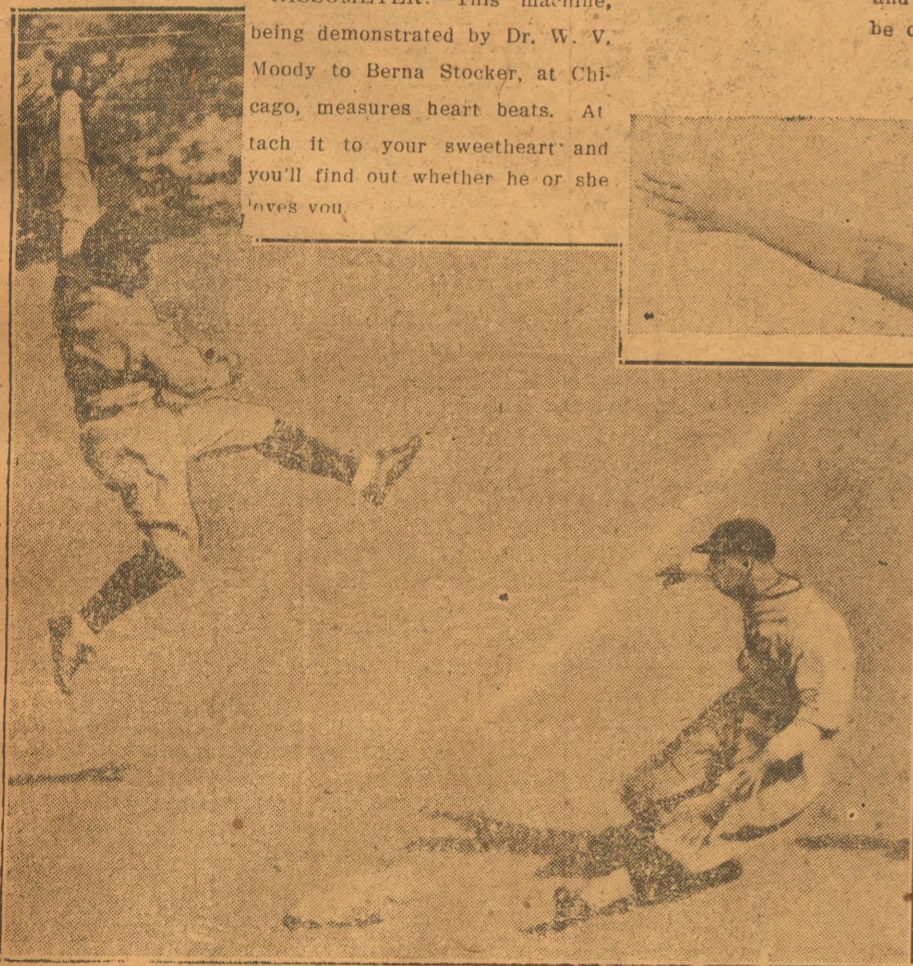

KISSOMETER!—This machine, being demonstrated by Dr. W. V. Moody to Berna Stocker, at Chicago, measures heart beats. Attach it to your sweetheart and you'll find out whether he or she loves you.

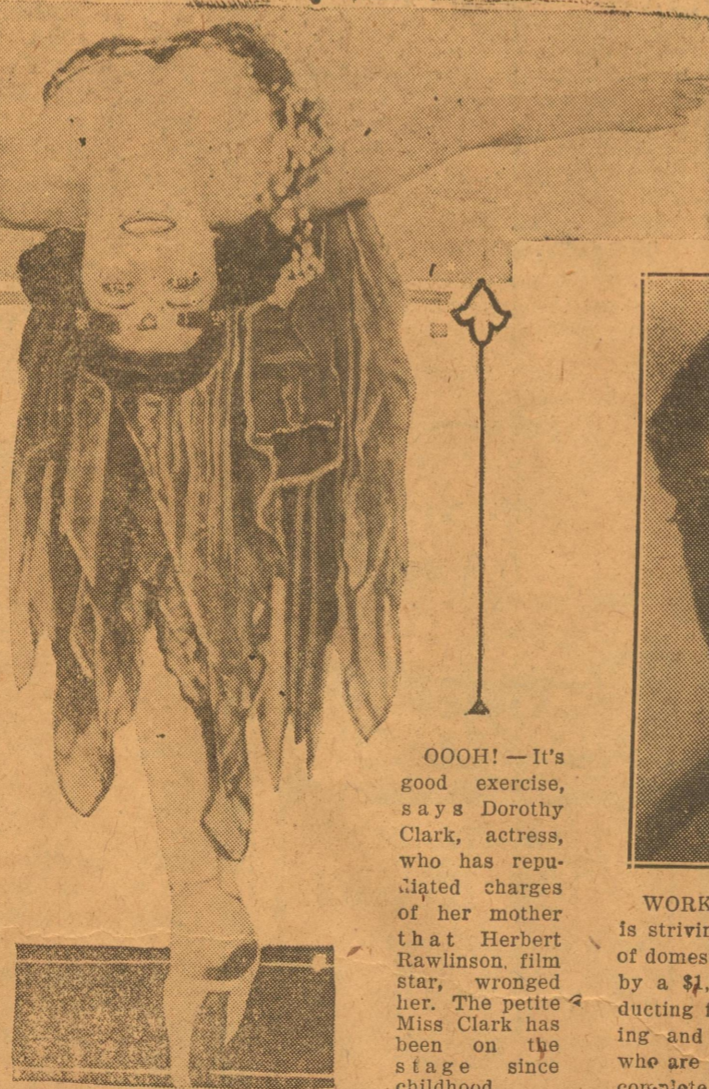

SPEECH!—Dr. Charles Selmets, scientist who makes artificial lightning, here is shown speaking through a radio-telephone to an army of invisible listeners. He's telling how he evolved the experiment of "harnessing" lightning—a scientific accomplishment which startled the entire world.

HIGH-STEPPER—The moral is, to start with, that you can do most anything if your desire to do it is sufficiently strong. Obstacles are easy to overcome, asserts Miss Fay Marde, who, in a high-stepping moment, proves it to the camera man. If you want to do something, she rumples, jump right into action—and you'll go over the top.

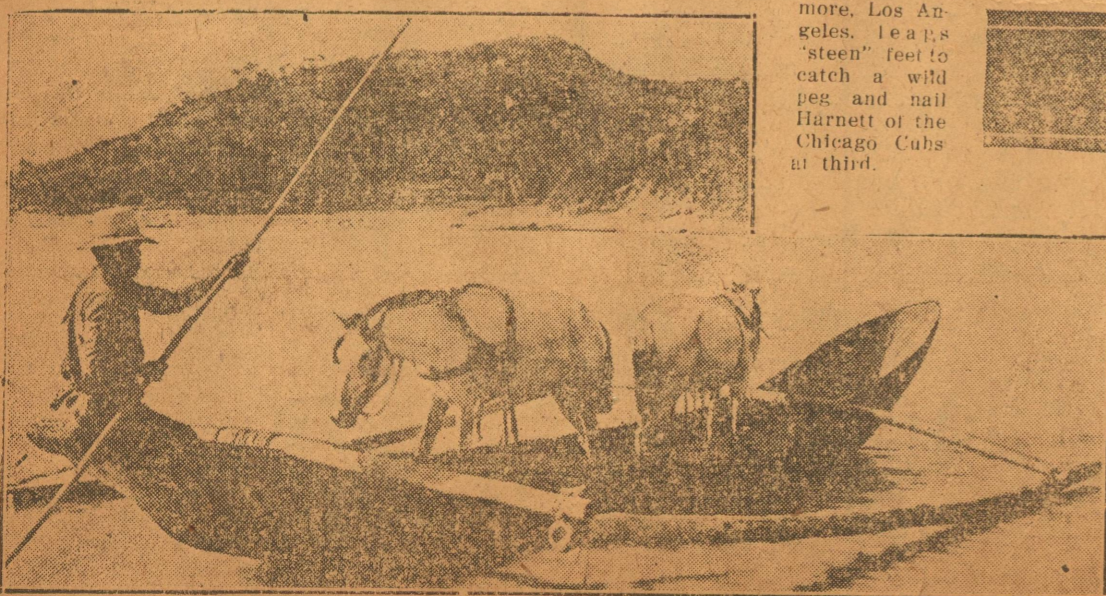

ACTION!—Howard Lindmore, Los Angeles, leaps "steep" feet to catch a wild peg and nail Harnett of the Chicago Cubs in third.

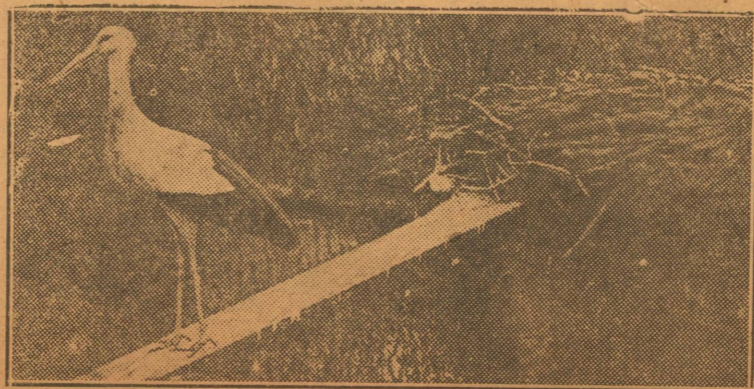

OOOH!—It's good exercise, says Dorothy Clark, actress, who has reputed charges of her mother that Herbert Rawlinson film star, wronged her. The petite Miss Clark has been on the stage since childhood.

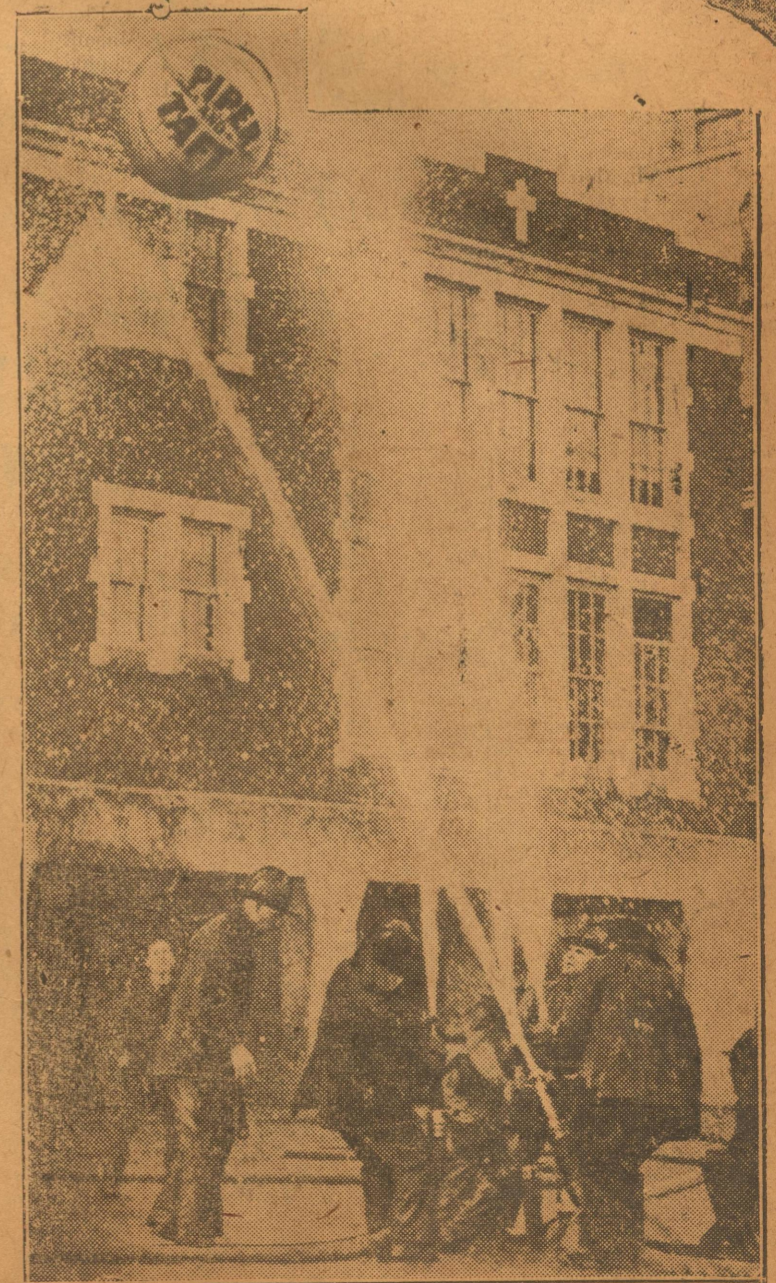

WORKER!—Miss Lillian Barker is striving to relieve the shortage of domestic help in England. Aided by a \$1,000,000 fund, she is conducting free classes for the training and education of domestics, who are given positions when they complete the prescribed course.

HORSES GO BY RIPPING!—Although it is not as aptly named as the Hussar river ferry service, the ferry of this Filipino manages to get almost anywhere he desires, provided he has a few inches of water in which to float his horses. There's no soft for the horses—getting a free boat ride. The odd ferry craft without its bulging bamboo frame would promptly overturn, but when rigged as shown in the picture it is a real beauty.

HERE'S A SECRET!—Discovered: the home of babyland. Dr. Stork, king of his domain, here is seen "at home." All you kids who giggle over this try to figure out where Dr. Stork hides the babies. He's delivering hundreds of them every day—just to give the census taker some work to do in 1920.

FIREMEN'S GOLF!—Checkers and chess and chewing have all passed out of the fire stations. They're history. Following in the wake of the idle rich, these Seattle fire fighters have learned that "golf" is a corking good game. If water is available, the game's easy—just get a pneumatic rubber ball and a few lengths of fire hose and there you are!

SATURDAY.

Bake sale at Phillips Drug store by Cheerful Workers of the Christian church.
Saturday Evening Bridge club meets.
Call meeting 1920 club at 2:30.

ELDEEN CLUB HAS PLEASANT MEETING.

The Eldeen club met with Mrs. C. L. Webb at her home on South Hodges street Thursday afternoon. Vases filled with lovely red and white roses gave a fragrant breath of spring, to

the occasion and made one realize that indeed and in truth spring is here. The afternoon was pleasantly spent with sewing and conversation, after which a delicious luncheon course, consisting of cherry pie and ices, was served to the following ladies: Mmes. C. P. Standard, A. White, John Hayden, W. O. Tibbels, Spurgeon Reynolds, W. W. Townsend, E. M. Huffman, Nova Little, D. E. Klinger, and the hostess.

Mmes. Reynolds and Townsend will entertain the club members and their husbands with a progressive forty-two party next Thursday night at Mrs. Townsend's home in the Cooper addition.

CALL MEETING OF 1920 CLUB.

There will be a call meeting of the 1920 club Saturday afternoon at 2:30 o'clock, at the Methodist church. Every member of the club is urged to be present at this meeting as there is quite a lot of regular and special business to be transacted.

POSTPONED.

The party that was to have been given tonight at the Methodist church has been postponed until next Friday night. Those interested will please note the change in date.

1920 CLUB PROGRAM.

At the regular meeting of the 1920 club Thursday afternoon a very interesting program was given. This was a combination of the program for April 19 and May 4 and some splendid papers were given. Mrs. Rex Outlaw presided over the meeting. The subjects for the two afternoons were "Texas Celebrities" and "House and Garden" and were given as follows:

"Texas Celebrities"—"Artists and Cartoonists," Mrs. Rex Outlaw; "Editors and Pen Women," Mrs. R. H. Hodges; "Ministers," Mrs. A. N. Stubblebine; "Review: Lomax's 'Folk Lore and Cowboy Songs,'" Mrs. L. R. Taylor.

"House and Garden"—"The Influence of Environment," Mrs. A. L. Duffer; "Shrubs and Flowers," Mrs. T. L. Lauderdale; "Vegetables and Fruits," Mrs. C. D. Woods; "Birds and Bees," Mrs. Karl E. Jones; discussion: Personal Experiences, leader, Mrs. C. H. Moffett.

A SENIOR PARTY AND A FAREWELL.

At the home of Rev. and Mrs. A. N. Stubblebine Thursday evening Misses Emily and Ella Dreinhofer and Miss Marion Stubblebine were hostesses to the senior class of the High school and to a farewell party in honor of Miss Peggy Tucker and Mr. Glenn Tucker, members of the class, who leave for Dallas, to live after school is out.

The Stubblebine home was very sweetly decorated in cut flowers and potted plants, which in their profusion made it a typical flower party, as it was, for the games played were flower

contests and the charades were the names of flowers and the prizes were roses. The color scheme prevailing was pink and white, which was carried out in the house decorations and in the refreshments, which were angel food cake iced in pink, pineapple whip and pink and white mints.

The seniors present were Misses Marie Armer, Frances Bunch, Myrtle Clemmer, Blanche DeBolt, Beatrice Dreby, Ella Dreinhofer, Emily Dreinhofer, Nannie Haden, Mabel Knight, Rose McEyer, Julia Owens, Marion Stubblebine, Mabel Tucker, Eulalia Wolfe, George Henshaw, Perry Jones, Bill Mills, Joe Terry, Glenn Tucker, Leland Pellerin, Phil Simpson; Misses Mayme Ruth Langston and Blanche Niver were the juniors present.

EDGAR C. SHARP MARRIES ALABAMA GIRL.

The wedding of Miss Emma Lila Drisdale and Mr. Edgar Chisholm Sharp was quietly but impressively solemnized at the home of the bride's parents, Mr. and Mrs. W. E. Drisdale on Wood avenue, Tuesday at noon. The house was lovely with many roses and ferns as decorations. Only the immediate families of the bride and groom were present. The ceremony was performed by Dr. George Read. The bride was becomingly attired in a tailored suit of midnight blue with hat and accessories of jade.

Mr. and Mrs. Sharp left immediately after the ceremony for their wedding trip, which will include several southern towns. They will be at home in Ranger, where the groom has been in business for the past two years. Mr. Sharp is the son of Mr. and Mrs. W. E. Sharp of this city and has many friends here who congratulate him on winning his bride. Mrs. Sharp has enjoyed a popular girlhood here, and has many friends here, who while offering all best wishes, regret that her marriage will take her so far away.

The above announcement taken from a Florence, Ala., paper, will be of interest to the many friends of Mr. and Mrs. Sharp in this city. Mr. Sharp is with the Texas Pipe Line company and his many friends here are glad to welcome him and his bride in their homecoming. Mr. and Mrs. Sharp returned last night from their honeymoon trip to New Orleans and were met at the station by Mrs. Woods and brought by her to their apartment at the McElroy, where they received a hearty reception. Prior to her wedding Mrs. Sharp was the honoree of several very beautiful showers.

WAR MEMORIAL TO BE ERECTED AT EASTLAND

Collections will be taken up in the city schools and others over the county on Tuesday to aid in the erection of a fountain to commemorate the service of the Eastland county men in the world war and as a memorial to those who gave their lives. All desiring to contribute to the fund are asked by Superintendent McNew to send in their contributions to the schools on that day.

The Civic League of Eastland has undertaken to raise the fund to erect the memorial fountain on the courthouse lawn in that city. Under authority of the county superintendent, Tuesday, May 9, has been designated for the drive through the schools of the county.

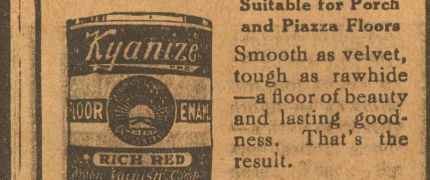

The radio will be an unequalled success if congressmen do not try to broadcast their speeches.—Indianapolis Star.

Kyanize

SANITARY FLOOR ENAMEL

This solves the old floor riddle. A good brush and a can of Kyanize Sanitary Floor Enamel (any of the eight shades). All ready to apply—simply spread from the can to the floor. In almost no time it's done. Next day a bright, cheerful, waterproof floor greets you.

Suitable for Porch and Piazza Floors. Smooth as velvet, tough as rawhide—a floor of beauty and lasting goodness. That's the result. Try a Can FREE

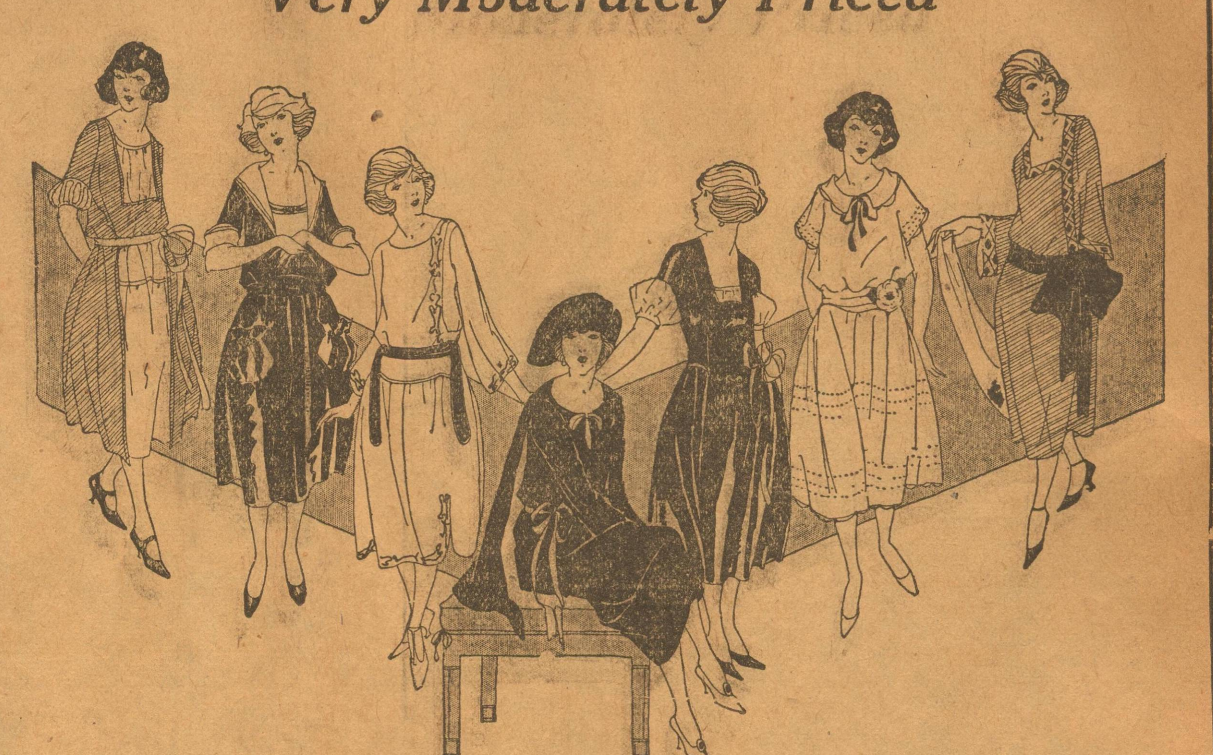

Here's Our Trial Offer to You. Full half-gallon can of Kyanize Floor Enamel FREE, if you present this coupon to the dealers below with 25 cents for a good brush to apply it.

Fashionable New Spring Frocks

In the Subtle New Tans, Grays, Etc.
Very Moderately Priced

A collection of soft, drapery little dresses which will respond to your call, regardless of your need, whether for party, dinner, dance, theatre, street, sports or business wear. The tans begin with that rich, deeper-than-cream shade, yellow like old lace, and range from the cafe au lait and beige tones, to a rich cocoa brown. The grays remind one of the pearl, so true are they in tone. A collection of truly beautiful dresses, fascinating in their up-to-the-moment newness of style, materials and trimmings; dresses conspicuously abounding in Boston Store character and worth, although very modest in price.

Beautiful Dresses for the Graduate

In organdie, georgette, dotted Swiss, voiles. The girl graduate will find that the Boston Store has prepared for her and made the selection of a dress only a matter of choice.

CHILDREN'S HATS

Milans and Leghorns. Ribbon trimmed in many colors. Baby colored organdie dresses with little bonnets to match.
