FORD NOT AFRAID

One reason why there is still a large amount of Ranger money in out-of-town banks is that some folks still are troubled by visions of the closings during the preceding years. "Take no chances," is their motto—and in "taking no chances," they take a chance on the solvency of banks which in a greater or less degree were beset by the same storm that shattered Ranger's institutions. In addition to that, they are deliberately closing their eyes to the fact that the new banks have started clean, with none of the old notes that proved to be a waste of paper and ink and printing. They are ignoring the fact that the new institutions are being conservatively managed, and with new officials, aware of the mistakes made by others in the past, are not financing any quick rich pipe dreams. Furthermore, they are ignoring the fact that those who had deposits in Ranger's three state banks did not lose a penny, and under the Ranger scrip plan, did not even need to suffer inconvenience. Why then, should they hesitate to bring their money home?

The doubters have a practical example in the Ford-Motor company's deposit this week with a Ranger bank. Ford did not put that money here of his own motion, but that makes it all the better reason why his example should be followed. For he placed it here only after repeated urgings had caused him to make a strict investigation. And when a man is won over to the merits of a proposition, he is more certain that what he is doing is safe. That this investigation showed this to be true is doubly made certain by the announcement to the Times that the account is a time deposit, interest-bearing, and therefore not protected by the state guarantee fund.

What Henry Ford can do because he recognized the soundness of the banking institutions here, should be done by Ranger citizens, not only for their own convenience and safety, but because it contributes to the growth and prestige of the town.

CORONATION MAY BE HELD UP WHILE QUEEN VISITS U. S.

Rumanian Ruler Is Waiting on Invitation From White House.

By Associated Press.

BUCHAREST, May 31.—Queen Marie of Roumania may forego her coronation this fall in order to visit the United States. Since the signing of the armistice the queen has been planning to go to the United States, but pressing affairs in her own country and the expense of the long land and ocean journey have deferred her.

Now invitations from friends and petitions from women's clubs and civic societies are pouring in on her so fast she finds it difficult to resist them.

While the queen has not received an official invitation from President Harding, it is known that the American government would welcome and entertain her. The Roumanian government, however, would prefer that the queen receive a formal invitation from the White House in order that there might be no mistake concerning her status.

Friends Urge Her to Go. The queen has not set any date for her departure, but her friends are urging her to postpone her coronation with King Ferdinand, which is set to take place in Transylvania, and start for New York after she has fulfilled a few European court engagements.

The queen today made it clear to the Associated Press that if she went to the United States it would be with the object of seeing the country and thanking in person the thousands of Americans who helped Roumania so

generously during and after the war. She said it was absurd to think that she would engage in any motion picture enterprise.

Wishes to See Our President. "I wish also," the queen added, "to see your big-hearted, sympathetic and humane President, your enterprising and clever men and your practical and resourceful women. I desire especially to talk with your women and get the benefit of their ideas, wisdom and experience."

WRITER DENIES PENROSE GHOST IS IN OLD ROOMS

WASHINGTON, May 31.—Mrs. Mary Roberts Rinehart, noted writer, Wednesday asked Universal Service to deny for her emphatically that her apartment at Wardman Park Inn had been visited by the ghost of its former tenant, the late Senator Boies Penrose.

Reports were published here Wednesday that the spirit of Pennsylvania's former republican leader had shown displeasure at Mrs. Rinehart's rearrangement of the furniture after his death and had changed chairs and tables back to their former positions.

The late senator's rocking chair was supposed to have been seen to move back and forward as if the bulky figure of Penrose were seated in it again and a ghostly hand had rung a buzzer connected with his office.

Stories of this kind have been current in Washington for several weeks, since the lectures here of Sir Arthur Conan Doyle and had been sent to the Universal Service where they were first circulated but lacking confirmation they were not published.

Wednesday Mrs. Rinehart telephoned her denial to this office.

BOTH MOTHER AND DAUGHTER ARE RESTORED

Wonderful Recovery From Stubborn Stomach Troubles Result of Taking Tanlac, Omaha Woman Declares.

"I haven't felt a sign of my old troubles since taking Tanlac," said Mrs. Fred Gauth, 202 N. 19th St., Omaha, Neb. "I suffered dreadfully for two years from severe stomach trouble and was badly run down. At times I had such awful pains in my stomach I could hardly stand them, with severe headaches and dizzy spells. At night I was so restless I could scarcely sleep, and I had such little energy I couldn't do my housework. "I have been improving from the very first by taking Tanlac. My appetite is splendid, I do my housework easily, and feel as well as I ever did in my life. My daughter began taking Tanlac after seeing what it did for me, and it has done her a world of good. We are very grateful, and glad to recommend it to others." Tanlac is sold by all good drug gists.—Advertisement.

SPORTS RAIN BUTTS IN AND LUBBOCK LUCKS FIRST

Game Stopped Soon After Breaks Give Allen's Crew Three Runs.

Old Lucky Lubbock was lucky again yesterday, taking an abbreviated game from the Nitros, 3 to 0, when the heavens opened and the rain descended, in the sixth round.

The day before, Stamford had them beaten, 4 to 0, in the fourth, when an excessive dampness stopped the pastime.

Score two for J. Pluvius. Yesterday's exhibition went blue in the fourth round, quicker than a pop boy can uncork a hot one. With one out, King slid safely into first, just before Guber came down with a high toss from White. Jawn's blow was a high bouncer and Benny had to hurry the throw. Jawn headed for second on the second pitch and as Plagg moved over to cover the bag, Langford poked a sizzling liner through the vacancy. It hopped to the fence and both King and Langford made the circuit. Nitro generosity presented another run in the same round. After Guber had fanned, Battle and Brooks connected safely. Battle rounded third and Brooks headed for second, expecting a throw to the plate. Crawford headed off the ball and trapped Brooks, while Battle jockeyed along the baseline, scoring when he out-guessed Plagg and sprinted for home as Jimmy heaved to third. If Jimmy hadn't been pulled out of position for Langford's drive, he would have snagged the ball for a double play and the contest would have been scoreless.

The damage was done. A small shower drifted across the field while the Nitros were at bat in the fifth, and great aversion, presumably to get wet, came over Nitro batsmen. His rump Jones quelled the hesitancy by calling strikes with no batter in the box. The game was suspended, however, before the side was retired, but was resumed fifteen minutes later and another inning's play made it an official ball game, before the heavier shower effectually put a damper on the proceedings.

Tight baseball marked the first three innings, with both Crawford and Woodrige effective, each allowing two hits, and each team pulling some flashy fielding, including a double play. Battle's catch of White's liner in the opening round and Plagg's capture of Brooks' Texas leaguer in the second were the fielding features.

There was nothing in the abbreviated box score worth mentioning, so here it isn't. Score by innings: Lubbock000 30—3 5 0 Ranger000 00—0 2 3 Batteries—Woodrige and Allen; Crawford and Duckworth.

KECK LOSES SECOND START AGAINST PIRATES

Frank (Cactus) Keck, who last year hurled for Ranger until the withdrawal from the West Texas league and then went to Springfield, Mo., hurled his second game for Cincinnati yesterday and was nicked for nine hits, losing the game.

Keck was purchased from the Springfield club for \$10,000, following a classy exhibition game against the Reds, and in his first start, last week, held the Pirates to four safeties and one run, winning 2 to 1.

INCORPORATION FOR GRAFORD IS SOUGHT

GRAFORD, May 31.—The town of Graford is growing so rapidly that the chamber of commerce is now preparing to start a movement to have the place incorporated. The West Texas chamber of commerce has been asked to send all available information on the details of incorporation.

Lawyers are now preparing the verbal substance of the charter, it is understood.

MURPHY TAKES SPEEDWAY RACE; NEW TIME SET

INDIANAPOLIS, Ind., May 31.—Jimmy Murphy, San Francisco, driving a Murphy Special, won the 500-mile automobile sweepstakes here Tuesday by the most sensational exhibition of speed driving ever seen in America.

Besides breaking all records of the classic race since its inauguration, he won the unparalleled honor of finishing with no lap over the line, the cream of racing drivers of two continents in every lap from the starting flag until he was waved down. By this marvelous performance he won \$35,000 in lap money and prizes.

Murphy's time for the 500 miles was 5:17:30.5, giving him an average speed of 94.48 miles an hour. The former record was 89.84 miles and hour, set by Ralph DePalma in 1915.

The Pacific coast daredevil did not finish off by himself, however, for the first five cars to cross the line all broke the track record. Murphy, who gave a wonderful exhibition of gameness, skill and daring, was pushed every mile of the long grueling race by the thundering speed marvels driven by twenty-five other crack drivers.

Newcomer Is Second. Close behind him, as he had been for the entire race, was Harry Hartz, a newcomer among the auto track greats, who finished a good second with his Duesenberg. Hartz averaged 93.54 miles an hour.

Eddie Hearne, in a Ballot, was third, right on Hartz heels, and Ralph DePalma, who had crept up steadily throughout the long grind, was fourth, not more than one-eighth of a mile ahead of Jules Ellingboe, who won fifth money.

WEST TEXAS GAMES

EAGLES STILL LOSING.

Special to the Times. ABILENE, May 31.—The Eagles outhit the Gassers yesterday, thirteen to eight, but eight bobbles behind Edgar gave Amarillo an 11 to 4 victory. The misery began in the opening round, when two errors, two passes and three hits counted five runs. Edgar walked six men during the game, while Hitt, though pounded hard, kept the knocks scattered and had good control.

STAMFORD BEATS CLOVIS.

Special to the Times. STAMFORD, May 31.—Playing flashy ball behind Mitchell's tight pitching, the Colonels trimmed Clovis Tuesday, 5 to 2. Stamford took the lead in the seventh, when Noon opened with a triple and Edwards, who followed with a double, stole home. In the argument that resulted over the play, Umpire Price banished Erwin from the park and fined him. Score by innings: R. H. E. BRONC RALLY FAILS.

Special to the Times. SAN ANGELO, May 31.—Swatter hits, followed by Bronc errors, gave Sweetwater the opening game of the series Tuesday, 4 to 3. Three-baggers by Mason and Thrash aided in piling up a lead. The Broncs protested many decisions that figured in the result.

The Broncs filled the bases with none out in the ninth, on a hit by Alexander and Badger's bunt which fell safely, followed by Bupp's error on Robertson's grounder. But Brooks fanned Cocks and his throw to the plate and Shaw's relay to first turned Butler's tap into a double play. Score by innings: R. H. E. What's the Difference? Some business men ask the question—"What's the difference in printing as long as the price is the cheapest?" Just as much difference as in a \$10 suit of clothes and one costing \$50. Printing can be thrown together in a "shoddy" way the same as houses can be built. But, note the difference in appearance after the job is delivered. Our work is turned out in the best possible way. We have the best of workmen, and a fine lot of equipment for them to work with. It is possible for us to do printing in one half the time it now takes and at one-half the cost, but the result is not the "Quality Kind." Our employees are instructed to take their time in order to do the best of work, and our prices are based on such work. With an entirely new assortment of type faces and other material, we solicit your business on a quality basis. Your stationery is your silent salesman. Let it reflect your business policy. If you are contented with cheap, shabby stationery, you may also be contented with vending your wares in such a fashion. Dress up your business by using Quality Printing. We act as agents for embossing, engraving, lithographing, photo-engraving, special ruled ledger and journal forms, rubber stamps, etc. Call us when in need of supplies.
