NEGRO SLAYS WACO MAN, ASSAULTS GIRL

BOOZE RAIDERS TAKE EVIDENCE TO GRAND JURY

Indictments Sought in Two Cases; Two to Federal Court.

Members of the citizens' committees taking part in the booze raids Sunday left this morning to appear before the special session of the Eastland county grand jury, which convenes this morning.

The sample bottle of each of the brands of high grade whiskies and champagne, white mule and choc beer, which had been locked in a vault at the Peoples State bank since the three truck loads of plain and fancy hooch was destroyed Sunday, will be laid before the grand jury for action.

It is understood that the committees will seek to have Cleve Barnes and Harry Atwood, alleged owners of the destroyed booze fortune, prosecuted in the state courts, where the penalty, if convicted, will be heavier; and the cases against Leon Wilson and Jack Carpenter, charged with possession of only a small quantity of "white mule," prosecuted in the federal court.

TULSA DOCTOR SHOT DEAD, WIFE HELD FOR CRIME

TULSA, Okla., May 26.—Mrs. M. A. Jergensen, 35, the mother of two children, is being held in the county jail here on charge of slaying her husband, Dr. M. A. Jergensen, who was shot to death last night. The slain man was prominent in medical circles here. In reply to questions following the shooting Mrs. Jergensen is said to have replied "I don't know why I did it."

Dr. Jergensen had brought suit for divorce and a copy of the notification of the suit was served on Mrs. Jergensen yesterday, she admitted to the police.

Tulsa Twins Make 900-Mile Journey to Visit Sick Mother

COLUMBUS, Ohio, May 26.—Herbert and Harold Deford, 14-year-old twins, today completed their nine-day trip from Tulsa, Okla., to the bedside of their mother in a hospital here.

Following information that their mother, Mrs. Maud Lively, whom they had not seen for several years, was ill here, the boys started on the 900-mile hike. They left Tulsa May 16 without money or transportation and accepted the occasional aid of passing motorists. They slept in the open at night and earned their food by singing.

The twins arrived here after their mother had gone home but hospital attaches took them to her.

OKLA. BANKING OFFICIAL INDICTED BY GRAND JURY

OKLAHOMA CITY, May 26.—H. C. Carpenter, Oklahoma City examiner, acting as assistant banking commissioner, was arrested here today, charged with corruption in office, in connection with the failure of the Bank of Commerce at Sulphur. He was indicted by a special grand jury at Sulphur yesterday.

BRIBED WITH OVERCOAT?

SULPHUR, Okla., May 26.—The alleged acceptance of an overcoat valued at \$45 as a bribe, formed the basis of the indictment returned by the grand jury against H. C. Carpenter, former state bank examiner.

Sheriff Parke and his deputies today began the roundup of a number of persons named in twenty-seven indictments returned by the grand jury investigating the failure of the Bank of Commerce here. President Posey and Cashier White are charged in twelve separate bills with embezzlement and receiving deposits while in an insolvent condition. None of the men have been arrested.

Nolley Jury Disagrees

Discharged After 17 Hours Discussion; Split 4 to 2; Stand Not Stated.

Special to the Times.

EASTLAND, May 26.—After remaining out seventeen hours, the jury in the case of Sheriff Sam Nolley, on trial in the county court at law for aggravated assault on L. J. Starkey at Cisco, reported that it was unable to reach a verdict.

The six jurors stood 4 to 2, they reported, but did not say whether the majority was for conviction or acquittal.

The case went to the jury yesterday afternoon at 6 o'clock following closing arguments by H. P. Brelsford, attorney for the defense, and County Attorney Ove Overson for the state.

FRENCH GOV'T NOT AWARE OF CRANE TROUBLE

By United Press.

PARIS, May 26.—The French foreign office has no knowledge of the reported conviction of C. R. Crane, former American minister to China, and authority on the Near East, by a French military court at Damascus, on a charge of inciting to riot, as reported in press dispatches, it was stated today.

Trouble in Syria was provoked by injudicious talk by Crane, foreign office officials said, but up to the present time they have no information regarding any condemnation.

Crane himself said he was confident the reported conviction was an error. He laughed when informed that he had been sentenced to twenty years' imprisonment on a charge of inciting to riot by the French government in Syria.

"It is all based on a misunderstanding of the officials," said Crane, who has just returned from a study of Syrian problems.

Crane said on leaving Damascus his automobile was surrounded by a throng which gave him an enthusiastic send off, but that he knew of no rioting.

SODERMAN CASE WILL GO TO JURY THIS AFTERNOON

By Associated Press.

DALLAS, May 26.—The contention of the state that Dave Soderman killed Jay Clay Powers over business deals, and the contention of the defense that Soderman killed Powers while of unsound mind caused by his wife's statements of intimacy with Powers were presented in arguments before the jury, which began this morning. The case is expected to go to the jury late this afternoon.

Will Curtin for the state argued that the defense had failed to support its contention that the killing had resulted from revelations of Mrs. Soderman's intimacy with Powers. W. P. McLean, opening for the defense, argued that there was no doubt but that Soderman had shot Powers while mentally unbalanced by the confession from his wife.

EXIT MAX!

CHICAGO, May 26.—A way out was provided today for Mathilde McCormick from her engagement to marry Max Oser, Swiss horseman.

Appointment of Harold F. McCormick, millionaire president of the International Harvester company, as guardian of the 17-year-old girl will prevent her marriage to Oser without McCormick's consent. The best information obtainable from McCormick's circle of friends here was that Mathilde would prefer to utilize that way out and have her father withhold consent.

RIG BUILDER'S TONGUE SLIPS, SPEEDING PLANK RUNS OVER IT

B. W. Wallace, rig builder, was struck on the tongue and painfully injured by a falling derrick timber several days ago and a portion of the timber was removed from Mr. Wallace's tongue yesterday. The injured tongue last night prevented the rig builder from going into full details regarding the accident.

At the time, however, Wallace, who is an employee of the T. O. Bray Rig Building company, was constructing a rig for the Prairie company. He was working part

of the way up the derrick when several timbers fell from the top. One of them skidded off his tongue after driving a splinter several inches in the direction of his tonsils. He pulled a portion of the splinter out himself and started in to figure out what the tongue was doing outside the garage. He is still figuring.

A large portion of the splinter that had remained in his tongue was removed last night by Dr. Carl Wilson, Wallace said.

EASTLAND HIGH SCHOOL YOUTH DROWNS ON FIRST DAY AT WORK

EASTLAND, May 26.—Donald B. Mitchell, 16, son of R. E. Mitchell, gauger for the Prairie Pipe Line company, was drowned this morning when he fell from a pipe spanning a small but deep body of water on the outskirts of Eastland. Mitchell was a high school boy and had just started to work with the Prairie company.

At the time of the accident he was walking one of the company pipe lines with a man companion. The man and boy came to a small body of water about fifteen feet across and

seven or eight feet deep. It being some distance around, the pair started across on the pipe. The man got across safely, but young Mitchell fell into the water as he reached the middle of the stream. His companion was unable to swim, but succeeded in getting help and recovered the body in four or five minutes. Efforts to revive him failed.

Beside his parents young Mitchell is survived by a sister, a student at the Texas Woman's College, Fort Worth.

MOTORCYCLE COP PUT ON JOB TO STOP TRAFFIC LAW VIOLATIONS

Speeding and traffic regulations in Ranger will be enforced from this time on, it was announced this morning with the appointment by Police Commissioner Terrell of E. F. Adair as motorcycle officer. Adair, who has had several years' experience as a motorcycle rider and as ambulance driver for the Milford and Jones-Cox companies, went on duty at 8 o'clock this morning and spent the forenoon warning speeders and violators of the traffic regulations. He is employed on a strict salary basis as a member of the police department.

In warning car drivers this morning, the officer was compelled to make sixty-two miles an hour to catch up with one driver, who thought the officer "some bird out for a race." Many of the cars and trucks were found to be running with open mufflers. A number of drivers were found to be paying no attention to the turning blocks in the middle of the streets, particularly the one on East Main street. A number of cars were found to be parked wrong on the city streets. Others were found without the necessary head and tail lights. All the drivers were warned by the officer that he had been ordered to enforce the traffic regulations in every case after the drivers had been warned. Several of the companies operating trucks were notified regarding open mufflers.

ANOTHER BIGGEST WELL AT PIONEER

T. B. Slick's Eakin No. 4, at Pioneer came in this morning with what is declared to be the biggest production yet struck there. Estimates run as high as 15,000 barrels a day. One report wired to the Times said the well is "conservatively estimated at 700 barrels an hour. This is the truth."

LOVE STRENGTH HINGES ON NUMBER LOVED, SOUL MATES TOLD BY EXPERT

LONDON, May 26.—Soul mates and affinities take notice: Dr. David Forsyth, the well known psycho-analyst, declares that man is incapable of being "head over heels" in love with more than one woman at a time. When a man thinks he can love two women at the same time he is only deluding himself, Dr. Forsyth says, because any affection given to No. 2 means that No. 1 suffers to that extent.

Real love, he adds, can't be a fifty-fifty arrangement, but "a man can be half in love with two women. He can be one-sixth in love with six women and one-twelfth in love with twelve women."

Picks His Teeth With Match and Burns to Death

NEW YORK, May 26.—Picking his teeth with a match caused the death of Charles Castellano. It ignited and he threw it hastily from him—into a can of gasoline, which exploded, setting fire to his clothing.

FIVE KILLED IN FIRE. NOGALES, Ariz., May 26.—Five men were killed early Thursday in a fire which destroyed about a dozen buildings in Cananea, Sonora, Mexico, about sixty miles south of Douglas, Ariz., it was said in advices received here.

U. S. OFFICIALS CHARGED WITH WARTIME FRAUDS

No Outsiders Could Rob Government Without Inside Aid, Congressman Says.

By United Press.

WASHINGTON, May 26.—Hints that government officials employed during the war are involved in the pending investigation of war frauds were given this afternoon by Representative Reavis of Nebraska, who has resigned in order to assist Attorney General Daugherty in prosecution of the cases.

"I have no illusions regarding the difficulties to be encountered," Reavis said. "No crook outside the government ever robbed the government without the assistance of some crook inside. Consequently, records in many instances are missing, which will make the trail of the serpent difficult and devious."

Efforts of Representatives Johnson and Woodruff to force consideration of the resolution ordering an exhaustive probe of war contracts failed in the house today. Speaker Gillett refused to recognize Johnson when he sought as a question of personal privilege to force Chairman Campbell of the rules committee to introduce the previously ordered resolution paving the way for the probe.

SOLDIERS HELD IN WHOLESALE THEFT PLOT

By Associated Press.

PHILADELPHIA, May 26.—Two members of the Twenty-sixth infantry, an ex-soldier and three civilians have been arrested in an alleged plot to steal army goods valued at \$500,000 and cover the theft by setting fire to the warehouses. Captain Duignan, investigator for the quartermaster corps, said he had purchased from the three civilians four motor trucks, two motorcycles and a touring car, after which the arrests were made.

MERCHANTS TO ELECT OFFICERS MONDAY NIGHT

KLAN OUSTS ALL KLEAGLES IN CALIFORNIA

By Associated Press.

ATLANTA, May 26.—The Ku Klux Klan has revoked the commission of every kleagle in California, after a preliminary inquiry into alleged lawlessness in that state and has appointed William S. Coburn as king kleagle in charge of the Klan's interests in California, it is announced by W. E. Clark, imperial kleagle or supreme vice president of the order.

"We do not intend to reinstate any kleagle in California, whom we find has taught the doctrine of lawlessness or encouraged any Klan or klansman to believe that this organization would encourage or did encourage any activities in conflict with or outside of the constituted law."

CONTROVERSY IN TREASURY

WASHINGTON, May 26.—The Blair-Dover controversy in the treasury department which was described yesterday as closed by Secretary Mellon was resumed today with the presentation of petition signed by dozens of the Ohio delegation seeking the reinstatement of C. C. Childs of Ohio.

FAILURE OF PISTOL SAVES VICTIM'S LIFE; SNAPS THREE TIMES

Girl Dragged to Woods After Companion Is Slain, Held Prisoner Three Hours; Tracks Show Criminal's Path

MAN BELIEVED CAUGHT.

By Associated Press. WACO, May 26.—The negro thought to be the one who last night killed Harold Bolton and assaulted Miss Margaret Hays was captured shortly before noon today, fifteen miles southeast of here, by Constable Leslie Stegall. The negro's name is Sank Johnson. His gold tooth and footprints are said to correspond to that of the negro sought for the murder and assault.

By Associated Press. WACO, May 26.—Posses numbering approximately 500 men early today was searching the country between Waco and Hillsboro for a negro who last night shot and killed Harold Bolton, 25, and assaulted Miss Margaret Hays, who was driving with Bolton in an automobile on the Corsicana road four miles east of Waco. Two negro suspects are held in the Waco jail while officers at Hillsboro are working on two or three leads, they announce.

The negro, according to Miss Hays, stopped Bolton's car at a lonely spot about 9 o'clock and shot Bolton. Then he dragged the girl into the woods, where he held her prisoner three hours. After the assault, he dragged her to the Katy railroad, where he tried to shoot her, according to the girl's story. He snapped the trigger of the gun three times but the cartridges failed to explode, she said. The negro then threw her into a ditch and boarded a northbound freight train.

Train Searched.

Officers who stopped and searched the train at Hillsboro were told that a negro had been seen to leave the train at Abbot, ten miles south of Hillsboro.

Bolton and Miss Hays are members of prominent Waco families.

Miss Hays said she could identify the negro, whom she described as tall and yellow, with a gold tooth. The description otherwise was not complete.

Taken to Home.

Three boys found the young woman wandering on a country road near the scene of the crime shortly after midnight. They carried her to her Waco home and reported the affair to officers.

Posses this morning found the tracks of the man, leading plainly from the car from which he dragged his victim to the place of assault and then to the railroad. He wore a No. 10 shoe, with a Goodyear rubber heel, which imprint name was stamped clearly at every step. He left the train about a mile from where he boarded it and walked across a field, going east.

Posses in the man hunt today have arrested three negroes suspected of the murder and assault. They do not know whether any of the three men are guilty of the crime and the negroes will be spirited away until Miss Hays is given an opportunity to identify any of them.

DANGER OF LYNCHING AT HONEY GROVE ENDS

By United Press.

HONEY GROVE, Texas, May 26.—Will Mason, negro, who was captured by a mob yesterday in connection with the attempted assault on Mrs. William Clark, near here, is still alive today. Danger of lynching is believed past.

Mrs. Clark failed to identify the negro when a mob of more than 1,000 dragged him before her last night, after taking him from a sheriff's posse. He was returned to the officers after Mrs. Clark's father and brother made dramatic appeals to the mob to let the law take its course.

Officers declare they have grave doubts as to Mason's guilt.

A mob swarmed about the jail here after midnight last night, in an apparently uncertain frame of mind. The sheriff declared a thorough investigation was being made and another negro is under suspicion.

AVIATORS TEST PARACHUTE THAT FOLDS INTO POCKET

LONDON, May 26.—A new life saving device for airmen shot down in aerial combat was tested recently at the London air station.

The instant the pilot finds his machine is out of control he flings out a pocket parachute, which, opening in the rush of wind, drags out another and large parachute, which, in its turn, opens and lifts the pilot from his seat while the airplane continues its headlong dive to earth.

CABINET MAN DENIES TILT WITH HARDING

WASHINGTON, May 26.—Secretary of Agriculture Wallace today denied a report that he intended to resign from the cabinet. He denied any dispute had arisen between President Harding and himself over the proposed government reorganization.

CONGRESSMEN CAN'T SIDESTEP BOOZE ISSUE

Both Sides Will Demand That Candidates Take Definite Stand.

By United Press. NEW YORK, May 26.—A great wet drive to offset the dry convention at Milwaukee is under way throughout the East today. New York is the first objective of the Association against the Prohibition Amendment, which will canvass the entire country before the congressional elections next November.

The Anti-Saloon league meeting has declared every candidate for congress must take his stand on the eighteenth amendment and say whether he will uphold the letter of the constitution as amended.

The wet campaign has exactly the same plank, except it will ask candidates to uphold the theory of non-interference with personal rights and liberty. Both organizations, bipartisan and claiming to be non-political, in a six-months drive will endeavor to make his prohibition stand the test of fitness for congress on the part of every candidate.

YOUTH ADMITS MURDER OF NEW JERSEY GIRL

CAMDEN, N. J., May 27.—George Elmer Munroe, 18-year-old boy, Thursday confessed to Prosecutor Wolverson that he kidnapped and murdered Ida Kramer, 7 years old, whose body was found in "Newton creek a month ago."

"I was down and out and needed money," he said. "I had read where kidnapers got fortunes. So I went to Woodbury and brought the girl to Camden. I started to take her to an old cabin I had built along the creek. But she started to cry. It frightened me. I picked up a rock and hit her on the head several times. I was afraid I had killed her, so I dragged her body over to the creek and put it there."

Munroe's confession exonerates Miss Esther Tannobaum, saleswoman for a New York corset house, who was arrested as the abductor of the child several weeks ago.

FIND MISSING PAPERS IN EX-EMPLOYEE'S ROOM

WASHINGTON, May 26.—Commissioner Blair of internal revenue in a formal statement Thursday said that more than 300 packets of papers removed from the account units of the bureau had been recovered and were under examination.

The papers were declared by the commissioner to have been found in the apartment of S. G. Patchell, former chief payroll examiner of the accounts unit. Patchell, the commissioner said, "has stated that the papers were gathered together by A. D. Sumner, former deputy commissioner, and others, and were taken away from the accounts unit by him at the request of Sumner."

Thibet, Nepal, Abyssinia, parts of Arabia and Afghanistan are still closed to the British and Foreign Bible society.

DRY DREAMS

By United Press. MILWAUKEE, May 26.—"America, a missionary nation to save a drunken world from alcoholic self-destruction by preaching the gospel of prohibition," was visioned as leaders of the dries throughout the country met here today.

Make the United States safe for prohibition and then spread the doctrine over the face of the earth, was the slogan of the Anti-Saloon league gathering.

PIONEER GAINS 1,500 DAILY IN PIPE LINE RUNS

WICHITA FALLS, May 26.—Pipe line runs for the week show another good gain in the average daily production of the North and North-Central Texas oil fields. The greatest gain is in the Pioneer district, where production shows to be more than 1,500 barrels above the production from that district for the previous week.

There were no remarkable gains in any of the other districts, some of the districts even failing to maintain the production of the previous week. Average daily runs from the entire district for this week show a gain of nearly 1,800 barrels over the production of the last seven-day period. Production this week is 135,120 barrels.

KANSAS FARMER SAYS CONDITION WAS ALARMING

Oakland Man Was So Weak He Could Hardly Get About the House—Believes Tanlac Has Added Years to His Life.

"I'm willing to vouch for Tanlac—it certainly does the work," said F. T. Peyton, well-to-do farmer of Oakland, Kans.

"When I began taking Tanlac I was in an alarming condition as a result of an attack of the flu, complicated by rheumatism. Actually, I was so weak I could hardly get about the house and it was out of the question for me to attempt to do any housework."

"I believe Tanlac has given me a new lease on life as I have more strength and energy than in a long time. My rheumatism is almost completely gone and I feel as spry as a boy again. Besides that, I have gained twenty pounds in weight."

Note.—Tanlac Vegetable Pills are an essential and vitally important part of the Tanlac treatment. You cannot hope to get the most satisfactory results from Tanlac without first establishing a free and regular movement of the bowels. Tanlac Vegetable Pills are absolutely free from calomel and are sold on a positive guarantee to give satisfaction.

Tanlac is sold by all good druggists.—Advertisement.

SERVICE---

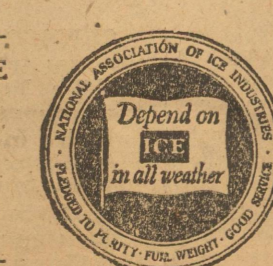

What is It?

Service is what one man renders to many men, and his patriotism must be judged by the character of his service. A business may be operated by small men, may be operated in a small way, but when that business grows to a point where it is a public necessity, where it is for the benefit of the public, it becomes an institution; and an institution is something that people depend on.

The difference between a business and an institution is that anybody can run a business, but it takes God's men to run an institution.

We believe that we realize our responsibility to the people in the service we render. We know that our product has passed through the evolutionary stages from a luxury to a necessity. There is one thing we want the people to know and that is:

You cannot buy the service we render from any except an ice organization for the low price we get for the service and ice together.

AMUSU CLUB ENTERTAINS FOR MISS CAMPBELL.

Just as stars differ from one another in glory, so have the many social functions that have been given in honor of Miss Mary Bonner Campbell during the past month, each one being a bit of perfection within itself.

Yesterday afternoon the Amusu club entertained for Miss Campbell at the home of Mrs. W. J. McFarland on Elm street, with a most unique and clever party. The guests were invited into a heart-shaped house, as hearts adorned curtains and walls and were cascaded and festooned across the French doors that separate the living room and the dining room. Cupids of course played their part in the decoration motif. A register, formed in the shape of a heart and covered with red crepe paper and tied with red ribbon, was placed near the entrance way for the convenience of the incoming guests. This book was given to the honoree as a souvenir. The dining room was especially attractive in its decorations. Four streamers were brought from the swinging lights to four points of the table where they were caught and held in place by kewpies. The table was laid with lace and a bowl of pink roses formed its centerpiece.

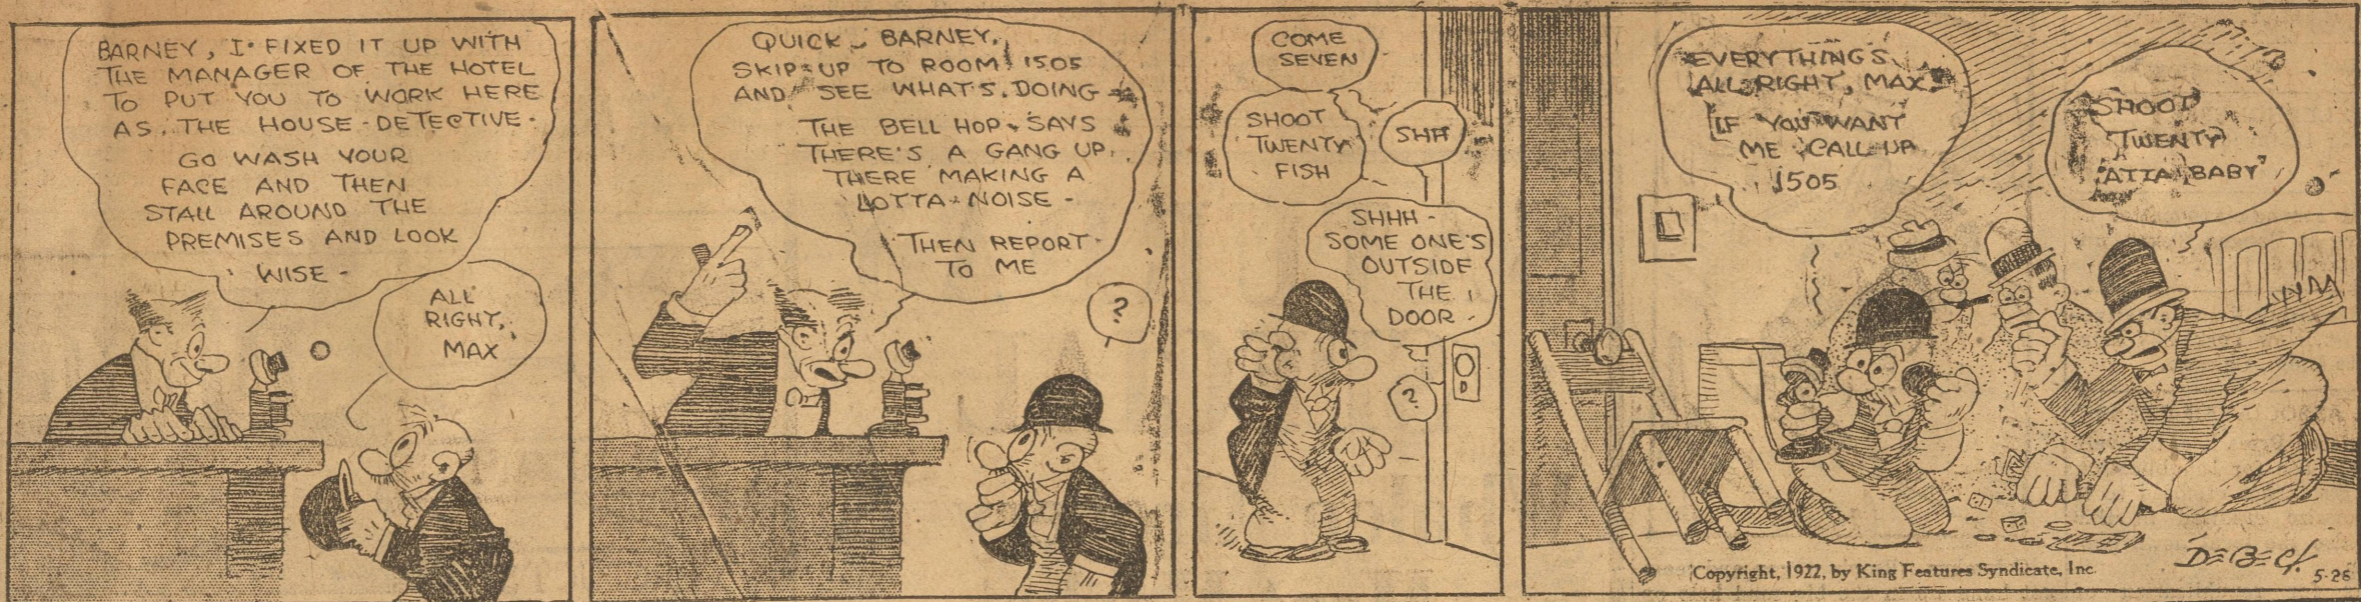

The contests for the afternoon were very clever. One was called "Consequences" and was woven about the name of Mary Bonner Campbell and Bobbie Bates and the "Consequences" in most of the contestant's papers was "they married and lived happily ever afterwards." The next game was a very vital one, for in this the bride-to-be got the experience of all matrons and advice of all girls present in a condensed form on "What a Bride Should Know." In this contest, Miss Marie Stevens was the lucky one, and received as a prize a lovely pink bowler cap, which she presented to the honoree. The next contest was the "Wedding of the Flowers" and in this Mrs. Charles Conley was the lucky contestant, receiving a lovely collar and cuff set, which she also presented to Miss Campbell.

A contest that was extremely unique and amusing and ended in the grand finale was a fortune contest. On the French doors was pinned a large pasteboard heart that was literally covered with written fortunes. Each guest was blindfolded and equipped with a hatpin, proceeded to spear her fortune. These fortunes were very clever and brought forth much laughter and many blushes.

In this contest the guest of honor came last, but to her touch the doors opened wide and when the bandage was pulled from her eyes she beheld a miniature bridal party, with a little bride and groom and flower girl, standing guard over a big white basket literally running over with lovely gifts, which they handed to her. Little Barbara Schmuck was the groom, Cordie May McFarland the little bride and Mary Rowland the little flower girl. Miss Campbell unwrapped the packages, one by one and when the bottom of the basket had been reached, she found herself fully equipped for setting up housekeeping, even to the "rolling pin." Witty cards attached to the various presents were read and caused much merriment. After the unwrapping of the presents, the bridal bouquet was thrown by the little bridesmaid, and it was caught by Miss Nannie Haden, who according to all "signs" will be the next bride of that assembly.

The hostesses served delicious pink and white brick cream and Mrs. Schmuck's famous angel food and devil's food cake. Miss Campbell was

asked to cut the bride's cake, and Mrs. Harry Reed found the ring. It was a happy occasion—so happy that the mother of the honoree broke out in verse with a tribute to the Amusu club. If these hostesses kept a notched stick for the recording of their social victories, they were entitled yesterday to cut a deep notch, for the registering of this happy affair.

Guests registering were: Mmes. S. B. Via, R. D. Lavery, R. B. Campbell, A. G. Jury, J. S. Reynolds, Harry Reed, W. J. Rowland, Charles Conley, G. C. Barkley, J. A. Martin, J. T. Pipkin, R. L. Hodges, Geo. L. Riddle, Walter Burden, C. H. Mofett, S. D. Terrell, F. J. Dreinhofen,

R. M. Schmuck, G. J. Boyd; Misses Nannie and Clara Haden, Bertha Jones, Evelyn West, Marion Subbline, Marie Stevens, Laura Schmuck, Jewel Jones, Mary Bonner Campbell, Edna Clark; Amusu members: Mmes. W. J. McFarland, Pop Endicott, R. L. Hodges, J. T. Lander, John H. Moyer, Walter West, T. B. Scott, Donald Lander, W. S. Adamson, Carroll Clarke, Ira Nourse and J. B. Haden.

LOWER FREIGHT RATES

Serious subjects like freight rates demand serious editorial treatment from serious-minded editors who think the rates would not go into effect or have any effect unless commented upon.

Therefore, having due regards for the ethics of the craft, the Times hereby officially welcomes lower freight rates and is prepared to tender them the keys to the city.

There is cause for everybody to rejoice except the railroads, which, poor dears, always have a hard time, no matter how much they make. Furthermore, they are afflicted with aspiring burrs along the line, which want them to build depots, to pave streets which the railroads never use and do other things which will undoubtedly benefit that town but which the railroads look upon as contributions. Also, they have to rebuild tracks washed out by nature while on a spree, and attend to other incidental expenses that have nothing to do with paying the regularly established wages of hired hands.

Therefore, due sympathy must be with the carriers, who swallow their medicine gracefully, but probably make a very wry face over it.

As to Mr. Average Man, he of course will be overjoyed. For nothing delights him more than the thought of his own income going up or remaining still while his expenses are decreased.

Lower freight rates may mean this, but Mr. Average Man will probably never know it. There is no need for planning to spend the surplus left over by the cutting of rates.

FLAGG SAYS:

Jimmy Flagg will make the Nitros a ball team, is the unanimous opinion of Ranger fans who know the West Texas league, and know what Flagg has done during his connection with it. He is a heady ball player and a good one, and with his experience is fully capable of injecting the desired pep and teamwork into the Nitros.

Incidentally he is a personable cuss, who will not only prove popular with the players but with those fans who do not yet know him.

"I am confident, from what I have seen of them in the last two days, that the Nitros can be made a factor in the West Texas race," was Manager Jimmy Flagg's word to Ranger fans in an interview last night. "It is a good hitting ball club, with first-class hurlers, and I see no reason why it should not make a winner."

"However, I will ask the continued support and patience of the fans, for miracles cannot be made overnight, and a tail-end club cannot expect to jump into the lead at once. But it can be made into a winning aggregation, that will help determine the first half pennant and make a strong bid for the flag in the second half."

"One thing I will promise, and that is, that the Nitros will be a snappy, peppery ball club, out there fighting for every game. If every game is not a ball game, I will find out the reason why."

Manager Flagg may not get into the line-up for several days, as he wants to study the team and find out what he has—and as he expressed it: "You can't do this nearly so well when out there playing as you can by watching. The player has so much to do looking after his own work, that he hasn't time to form an opinion"

SLUGGING IN EIGHTH WINS THIRD SWATTER GAME FOR NITROS, 5 TO 2

Double-headers will be played with Clovis Saturday and Monday, on account of rain on the first trip here. Play will start at 3 o'clock.

By perhaps the flashiest collection of fielding feats ever gathered together in Nitro park, backed by hefty and timely stickwork, the Nitros took the final game of the Sweetwater series yesterday, 5 to 2.

Guydas' single, followed by Roberts' triple and Craig's homer, turned the trick with two out in the eighth, after the Nitros and the Swatters had battled to a standstill all the way.

Guydas Starts Rally. Both Roberts and Word were pitching steady ball. Sensational play after sensational play, with Alred, Guydas and Craig featuring, had broken up the Swatter offensive, and the game looked like extra innings until Guydas led off the eighth with a resounding smack against the right center boards. He took second on Alred's sacrifice, third on Plumlee's infield out, and strolled home when Roberts decided that a properly applied bat is an important auxiliary to a fast one with vigor and precision, sending a line drive between Mason and Thrash that put him on third.

Then Craig connected with his second long drive of the day—a fleeting drive straight over Mason's head, which bounded to the flagpole and on which by speedy manipulation of his spiked brogans, our Rugged Rufus made the circuit, netting three runs for the inning.

Downs Stops Rally. Trouble loomed on the horizon in the ninth, as Lory walked with one down. But the dark cloud was dissipated when Word drove a sizzling liner, far to Downs' right, and that enterprising youth, doing a sideslip worthy of an aviator under fire, grabbed the ball with a desperate back-hand stab, abruptly and sensationally terminating the affair. If it had gone by, it would have put two on and Mason up.

Both teams scored in the third. Sweetwater on two walks and the Nitros' only misplay of the game, followed by Flagg's drive through the drawn-in infield, which Guydas touched but could not hold.

Ball Playing Starts. Then with three on and one out, came the first of the feature plays. Frierson, drove a fast one to Alred's right, which he grabbed and was thrown full length on the ground, but recovered in time to head Word off at the plate.

For the Nitros, after Roberts had popped out, Craig slapped a long drive to left center, taking three bases. Then Clayton upset the Swatter infield by bunting on the first pitch. It was a perfect squeeze play, which so flabbergasted the three Swatters who raced for the ball, that no play was made to either base. Clayton went to second on Downs' infield out, and came home when Hoffman rammed a wicked drive through Pipkin, after Pyle had been purposely walked.

Guydas Saves Score. Mason tied up the score in the fifth by dropping a fly over the fence. That there wasn't a man on ahead of him at the time was due to Guydas, who raced far back of second base, reached the ball with extended hand, stumbled to the ground and then recovered in time to make the long throw and catch Word on a close play.

In the sixth, accident gave the Swatters a chance to count and then took it away from them. Both Pipkin and Lory hit flies that came down against the right field fence. Both were just too high for Pyle to gather in as he stood against the boards, and both, owing to the bounce, were good for two bases. But Lory's drive, by some freak fate, bounded thirty yards back to Guydas, and his throw to the plate nipped Pipkin, who had been forced to wait, as it seemed that Pyle might gather in the drive.

More Headliners. In the eighth, Craig robbed Mason of a triple by going far back and taking his long liner by a last desperate leap.

In the ninth, came Downs' catch, which was a darn handsome ending to SOME ball game.

HAWORTH IN HOSPITAL; MAY BE BADLY HURT

BEAUMONT, May 26.—Catcher Haworth of the Panthers may have been seriously hurt when he was laid out by a foul from the bat of First Easeman Strong of the Exporters Thursday afternoon. When Haworth was hit he was sitting on the far end of the Panthers' bench. Strong's line foul came like a bullet, taking him squarely on the left cheek bone. Two inches higher, doctors said, and he would have been killed instantly. He would have been accidentally shot a year and a half ago. A duel between men occurred and one was killed. Haworth, a bystander, received a wound in the leg. He was laid up in the hospital for several weeks.

BABE GETS RILED

NEW YORK, May 26.—Babe Ruth ran amuck yesterday after being called out on a close play at second base. Babe had tried to stretch a single into a double and when called out, jumped up and threw a handful of dirt into Umpire Hildebrand's face. "You are out of the game. Get off the field," Hildebrand said, after moving a few steps away from the infuriated ball player.

Babe moved slowly to the bench, and was greeted by many jeers from the stands. He vaulted over the concrete dugout and clambered over spectators, half way up the stands, in search of a man who had called him a "big bum." The man fled, and Babe turned on another who yelled "You're it" at him, but his spiked shoes made clambering difficult on the seats and concrete and he finally returned to the roof of the dugout. There he took off his cap, put his hands on his hips, struck a defiant pose, and invited those who wished to say anything to him or about him to come out in the open and say it.

No one came, and Babe hopped

down, gathered up his playing effects and began a long march to the clubhouse across the fields. Cheers and hoots followed him.

CHICAGO, May 26.—Babe Ruth of the New York Yankees has been suspended by President Ban Johnson of the American league as the result of his argument with Umpire Hildebrand yesterday, which resulted in his being put off the grounds and later climbing into the stands on becoming offended at the booing of the fans. Ruth will not in any event be allowed to play today.
