SEISMOGRAPHER SAYS NEW YORK 'QUAKE HAZARD'

Extremists Predict Sky Scrapers Will Yet Tumble Down.

Special Correspondence.

NEW YORK, March 2.—United States, Canadian and even London seismograph authorities are laboring to place the exact center, and perhaps more important, the direct cause of the earth tremors which last Saturday night rocked New York and other eastern cities, extending in its scope from Sudbury, Canada, to Florence, S. C., and including Detroit and Chicago, and even noticeable in Wisconsin and as far west as Denver.

The Saturday night quake, authorities, and certainly the frightened people, claim to have been of greater severity than the tremor of 1914.

The subterranean disturbance is charged by Washington and New York seismographers to "Logan's fault," while the exact center of disturbance is declared to be at the mouth of the Saginaw river in Michigan or in one of the Great Lakes.

Dr. David Todd has declared that the earthquakes are due to pressure from New York's massive buildings on the solid rock foundation beneath the city, which in turn is pressing against "Logan's fault." He predicts an early though decidedly more disastrous recurrence of the quake, and extremists even declare the possibility of New York city's skyscrapers "tumbling down to the ground."

No serious damage to property and no loss of life have been reported as a result of Saturday night's tremor.

ONRUSHING TRAIN KILLS FLEEING POSTAL BANDIT

LORAIN, Ohio, March 2.—Three of the four bandits who robbed the Lorain postoffice of \$10,000 in stamps and currency Saturday were sought by police and Federal authorities in northwestern Ohio today. MIDDLEWEIGHT CHAMPION SCORES DOUBLE "K. O." IN BATTLE WITH THREE PENNSYLVANIA ROBBERS

PITTSBURG, Penn., March 2.—Harry Greb, middleweight champion, won a decision over two bandits in a fist fight, but the third highwayman escaped and took a \$1,000 diamond ring and \$95 in cash from Miss Naomi Branden of Pennsylvania while the battle raged was on.

Greb was motoring with Miss Patricia Jones and Miss Branden when an apparently injured man on the side of the road stopped the car and asked that he be taken to a hospital. As Greb alighted from the car two other men appeared with revolvers.

The champion started into action and scored two knockouts but meanwhile the third bandit seized the ring and pocketbook of Miss Branden and fled.

STOKES SLANDER TRIAL NOW NEARING FINISH

CHICAGO, March 2.—The prosecution in the Stokes conspiracy narrated the end today. Mrs. Arthur Scott Miller Elwood Stokes, returned to the stand with fresh attacks upon the defense of her aged and wealthy son-in-law, William E. D. Stokes, to the charge of conspiracy to defame his wife.

Direct implication of Stokes in the purchase of a false affidavit was expected to come from the lips of Leon Diers, a negro, who says he was paid \$250 by Stokes personally to sign an affidavit swearing Mrs. Stokes and Helen Young, a white woman with whom he had been friendly, were one and the same person.

BUFFALO, N. Y., March 2.—Shortly after he had obtained important evidence against a Niagara border rum ring, Orville Preuster, customs inspector and leader of the federal government's crusade against liquor and narcotic smuggling, was instantly killed by a bomb explosion that had been ingeniously planted in the transmission of his car.

The blast which sent Preuster to his death and injured Elmer Whitaker, a friend, occurred when Preuster stepped on the starter. The customs inspector was killed Sunday while in the driveway of his home.

So terrific was the explosion that Whitaker was thrown 40 feet and the windows of the house broken.

Yoakum Offers To Insure Marketing Measure If Passed

WASHINGTON, March 2.—An offer guaranteeing the government against loss up to \$500,000 if congress should enact the Curtis-Aswell bill providing for a national farm marketing system, owned, controlled and directed by the farmers, was made Sunday by E. Yoakum, chairman of the Farmer-to-Consumer League, in a telegram to Senator Curtis of Kansas, the republican leader.

Declaring the failure of the Haugen co-operative marketing measure to pass the house rendered it impossible to enact a law at this session of congress in accordance with the principles recommended by the president's agricultural conference, Mr. Yoakum contended that the Curtis-Aswell bill, which now is on the senate calendar, "could be passed on short notice, as all the members of both branches of congress are familiar with its provisions and know them to be fair to the farmer."

Both houses will get down to work Tuesday upon returning from the Rio Grande valley junket trip. Night sessions will probably be resorted to in an attempt to shoot through unopposed bills, it has been indicated, while the senate will inaugurate night sessions starting Thursday to hear evidence in the suspended prison investigation. Evidence to be heard is expected to be of a corroborative nature, relative to the probe conducted by the joint legislative committee, whose report calling for resignation or dismissal of 23 prison officials and employees was adopted by the house.

MINERAL WELLS.—Much interest is being shown here in the fact that President Coolidge is considering Col. Walsh's invitation to be the honored guest of the West Texas Chamber of Commerce at the Mineral Wells convention, May 4, 5, 6.

This with many other interesting matters and attractions will augment the usual attendance of the convention meeting to increase in numbers to untold or probably unheard of numbers, despite the fact that more than 20,000 people were at Brownwood, Mineral Wells will probably go to 40,000 for the three days with weather conditions favorable.

DYING CONGRESS WILL PASS FEW PENDING BILLS

Remaining Day and Night Sessions Cleaning Up Conferences.

Special Correspondence.

WASHINGTON, March 2.—With only two days and a half to go, the sixty-ninth congress probably will not pass any of the several important administration measures waiting on its calendar.

While both house and senate will hold sessions day and night before adjournment, leaders are convinced that they can do little more than clean up conference reports on the appropriation bills and odds and ends. They are satisfied that efforts to complete consideration of any of the important administration measures would be useless.

No lives were reported lost although firemen are digging in the debris for bodies. Hotel guests escaped scantily clad to the streets. Other building destroyed by the blaze were the Crazy drug store, Crazy cafe and Star bathroom.

It was evident that everything on the Crazy wells hotel block had been burned.

"Thought None Perished." "Firemen told me that as far as they could determine at that time no lives had been lost. The hotel authorities were very quick about warning those in the building and none lost any time getting out. I understood the hotel register was saved, so that a check up of the guests in the house could be obtained."

Dr. and Mrs. C. C. Craig spent Sunday in Mineral Wells at the Crazy wells hotel, but left for Ranger about 9 o'clock. Both made an effort this morning to get friends in Mineral Wells on the telephone, but some of the cables must have suffered for they could not get connections.

JURY URGED TO ENFORCE LAWS

Specific instructions to return indictments for violation of the liquor law, including bootleg whiskey and unlawful trading in prescription whisky; driving automobiles while intoxicated, and failure to observe the Sabbath day within the limitations fixed by the law, were included in a lengthy charge to the grand jury of the Eighty-eighth district court by District Judge Elzo Bean at Eastland this morning.

The court noted virtually every felony mentioned in the criminal code and gave instructions to search diligently and act courageously.

"Do not go to your rooms and wait for such things only as may be called to your attention by the county attorney or the sheriff's department, but consider also those matters you may know or may have heard of," instructed the court.

"Your work and your deliberations shall be secret from the world," the court warned the grand jury. "If you believe some one is divulging the secrets of the grand jury, it is your duty to ascertain where such person got his or her information." Revealing grand jury secrets is an indictable offense, advised the judge.

Absence of envy, malice or hatred, observance of kindness, but sternness in duty without fear or favor should be the measure of a grand jury, according to the court, who urged no innocent persons should be embarrassed needlessly, but none guilty should escape.

"It is not a question of what is a good law; the only question for you to decide is whether or not the law is being violated in Eastland county," said Judge Bean. "There may be certain laws you do not believe in, but you do not or should not ignore that law."

ITINERANT SIGN PAINTERS ARRESTED CHARGED WITH VIOLATION OF RANGER'S SUNDAY WORK ORDINANCE

By United Press.

Claiming that they were Seventh Day Adventists and therefore took their "Sunday on Saturday," W. G. Wilson and W. C. McCallum, itinerant sign painters hailing from New Mexico, were arrested by Constable Jim Ingram while the men were busy painting signs on the front of the building formerly occupied by the Postoffice Garage on Elm street, Sunday afternoon. The pair was charged with violating Ranger's Sunday work ordinance.

The itinerant painters were not even consistent Adventists, according to Constable Ingram. Not only did witnesses testify that the men were seen working Saturday afternoon, but they themselves admitted "working a little," the arresting officer said.

Wilson and McCallum were arraigned before Justice of the Peace Ike Irwin, precinct number two, this afternoon.

MINERAL WELLS FIRE LOSSES WILL APPROXIMATE \$750,000

(Continued from page one.)
 In Mineral Wells early in May and to have its headquarters in the Crazy wells hotel. An auditorium is being built for the convention itself, however, and it is likely that Mineral Wells will find accommodations for all her guests.
Special Correspondence.
Destruction Totals \$750,000
MINERAL WELLS, Mar. 2.—Texas independence day was ushered in this morning by a fire which destroyed the Crazy Wells hotel, known far and wide, and virtually every business house in the block occupied by the hotel. The total loss is estimated at \$750,000, with insurance of about \$400,000.
 The losers are:
 Crazy Wells hotel, property of Sidney Webb, ranchman, banker and capitalist, valued at \$400,000, insurance \$235,000.
 Mrs. E. P. Eberhardt, Crazy Drug company, Crazy bathroom, Bowling alley, Fricke dress shop, Buchanan hat shop, Crazy cigar stand, Crazy tailors, Mineral Wells Electric company, Western Union Telegraph company, Southwestern Bell Telephone company.
 Ladies' exchange, Red Ball Transfer company, West Bros. Realty company, Hazlewood Insurance company, J. D. Hedrick, real estate, Crazy Well cafe, Office of Dr. J. H. Eastland, Dr. C. P. Williams and Dr. Edwin Yeager.
 Diet shop, a cafe catering especially to invalids.
 Many of these carried insurance, but the loss of each will run far ahead of the insurance, it was said.
Library Burned
 Mineral Wells public library, containing about 2,000 volumes, also burned. A large number of new books had arrived but had not been unpacked and were stored elsewhere, so were saved.
 The fire started just after 1 o'clock and is believed due to defective wiring. Before it had gained such headway that it was seen the hotel and adjacent buildings were doomed every person in the hotel had been notified and hurried to safety. A strong wind was blowing and when the flames broke through the roof they spread with great rapidity. The fire department at Weatherford sent an engine and firemen and these kept the flames from spreading to surrounding blocks.
 Seven or eight small fires broke out in various parts of the city, started by sparks traveling with the wind, but watchers were posted all over the city and quickly put out every blaze in its inception.
Many Occupied Hotel.
 The Crazy Wells hotel was a 5-story building in part of 2-story in part, constructed of brick and concrete. Many of the fire victims had their quarters in the hotel.
 Sidney Webb, owner of the hotel, has his residence in Mineral Wells and reached the hotel soon after the flames started, personally aiding in getting out the guests and then in directing the fire fighting.
 There was plenty of water with which to fight the flames and no lack of volunteers, but the wind fanned the blaze beyond control. For a while it was thought impossible to keep the fire from spreading to the next block to the south, but there was no lessening of effort and the fire fighters won.

 The women of the Ku Klux Klan of Eastland have announced that they will entertain their members and members of the men's organization with a "tacky" party and box supper at the Klan hall on South Seaman street in Eastland Thursday evening from 8 to 10 o'clock. Only members will be admitted.
 A delegation of klansmen from the Eastland organization recently went to Breckenridge where they assisted in the re-organization of the Breckenridge Klan, which had been suspended for some time.

—to regain Strength
EVERETT TRUE
 —brings joy to you and your friends!
EVERY man, woman and child wants to have strength and correct weight. It means the joy of living. To be minus strength and underweight often proves low fighting-power in the body. It often means you are minus nerve-power, minus red cells in your blood, minus health, minus vitality. It is serious to be minus, but the moment you increase the number of your red-blood-cells, you begin to become plus. That's why S.S.S., since 1826, has meant to thousands of underweight men and women a plus in their strength. Your body fills to the point of power, your flesh becomes firmer, the age lines that come from thinness disappear. You look younger, firmer, happier, and you feel it, too, all over your body.
 More red-blood-cells! S.S.S. aids Nature in building them by the million! There are no unproven theories about S.S.S., the scientific results of each of its purely vegetable medicinal ingredients are admitted by authorities. Begin taking S.S.S. today. It will give you more energy, vitality and vigor and a more up and going appearance.
 S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

TEXAS CHAMPS PREPARE TO WIN MARCH TRYOUTS

By LLOYD GREGORY. AUSTIN.—Decision of the Baylor Bruins to enter their outstanding track and field stars in the Texas relay games to be staged here March 27, has given much encouragement to the varsity athletic officials who are endeavoring to make the games the greatest of the sort yet held in the south. It is expected that Texas A. & M., Oklahoma A. & M., Arkansas University, Texas Christian University and Southern Methodist University will also enter relay teams and individual stars. "Baylor has a number of outstanding performers who will be able to furnish worthwhile competition for the famed stars of the middle west who will compete in the Texas relay games," said Clyde Littlefield, varsity track and field coach. "Captain Troy Jones, Gauntt, Taylor and Coates are all stars of high caliber." Maurice Stallter, of Eastland, the best bet of the Longhorns in the high hurdles, and Graham, captain of the Kansas Jayhawkers, are other ac-

complished "timber-toppers" who will match their speed and endurance with that of Kinsey, the Olympic champion. "Preacher" Gauntt is another southwest conference champion the Bruins will enter in the relay games. Last spring Gauntt proved the "dark-horse" of the conference meet, winning the high jump championship against such stars as Parker of Texas Christian University and Cowles of the Texas Longhorns. Discuss Throwers. Jack Taylor, of Cameron, is the Baylor athlete who last spring, when he was a freshman, tossed the discus 150 feet, or fifteen feet farther than the conference record held by Stanley of the Rice Owls. Taylor is expected to win the discus toss, though he will be given strong opposition by Celaya, the outstanding discus tosser among the Longhorns. Spanish lad, hails from Brownsville. Sam Coates, Baylor football star, is expected to prove the champion shot putter of the conference. "Bud" Sprague, of Dallas, and K. L. Berry, of San Antonio, longhorn football stars, will force Coates to extend himself, however, in the relay games. Want Jackson Scholz. Of interest to every sport follower in the state is the effort of L. Theo Belmont, varsity athletic director, to obtain the entry of Jackson Scholz, of New York athletic club. Scholz won the 200 meter dash at the 1924 Olympics. His participation in the special 100-yard dash of the relay

Bronze Bust of Pike Placed In Scottish Rite New Cathedral

DALLAS.—A bronze bust of Albert Pike, 33rd degree, late grand commander of the Scottish Rite of Freemasonry in the southern jurisdiction of the United States, has been placed in the hall of the Scottish Rite cathedral at Dallas. This work of art was carved by U. S. J. Dunbar and the sculptor has depicted in detail on Pike's countenance that feature of live, loyalty and devotion the man had for his country, his fellowman and Freemasonry. Those who attend the Dallas Scottish Rite reunion April 20 to 24 will have an opportunity of seeing this wonderful piece of sculpture and gazing upon the countenance of the man who was responsible more than any one other for the great Scottish Rite organization in America today. The coming reunion of the Dallas Scottish Rite bodies promises to be one of the largest in several years.

Many petitions are being received and in addition to the regular routine of degree work, the entertainment committee has arranged for a series of events that will prove of great interest.

A visit to the hospital for crippled children will be made during the reunion week where the Masons can view first hand the great work that is being carried on in that institution. SCHOOL LUNCH MENU OFFERED

Helen Harrington Downing of the domestic science department, Calumet Baking Powder company, gives the following suggestions for school lunches.

The old tale that "Monday we wash, Tuesday we bake, Wednesday the queen's child we take" has been reconstructed in these modern times to "the child's lunch we make—every day in the week." Sometimes this question of school lunches becomes a real problem and rather a stormy problem at that.

Because Sissy Jones has hard-boiled eggs and pickles in her lunch box is sufficient reason to other youngsters for their boxes to contain the same things. Yet with mothers that is anything but a logical reason. It is difficult to argue convincingly with small minds to what is "good for you" and what isn't.

To make it simpler for mothers, who have this as one of their daily tasks, we are publishing suggestions for one week's lunches. Youngsters are curious and one reason for the fascination of the hard-boiled egg, perhaps, is the fact that it isn't an everyday article of diet. So why not call these daily lunches the "wait and see" lunches. This makes the process of unwrapping the unknown sandwiches and sweets a continual surprise. We are sure your children will enjoy this game. Try it.

- One Week's Menus:
- Monday—Roast-beef sandwich, graham bread; grape-jelly sandwich; orange; nut cookies; sweet chocolate.
 - Tuesday—Chopped-egg sandwich with mayonnaise; peanut-butter; bread and jelly; stuffed dates; apple.
 - Wednesday—Cream cheese and

Child-birth

Here is a wonderful message to all expectant mothers!

When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Seranton, Pa., says:

"With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used 'Mother's Friend' and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes." Use "Mother's Friend" as our mothers and grandmothers did. Don't wait until today, and meanwhile write to Bradfield Regulator Co., P. O. Box 46, Atlanta, Ga., for a free illustrated book containing information every expectant mother should have. "Mother's Friend" is sold by all drug stores—everywhere.

Thursday—Minced-ham-and-brown bread sandwich; nut-bread-and-butter sandwiches; chocolate cookies; whole dried figs.

SHAMROCK.—A local building and loan association has just been organized here for the purpose of better supplying homes that are badly needed. More than 75 homes are to be built under this plan. The association is incorporated with H. B. Hill, B. F. Holes, Matt Lewis, R. Lewis and O. T. Nicholson incorporators.

Keeping Up the Pace
Social activities—household duties—business worries!
Because of these the great majority of women today have little time to devote to their personal appearance.
Yes, if you would keep pace with the leaders those very conditions demand additional care of hair and face.
A regular shampoo of fine soap—a special treatment at the slightest sugges-
tion of dandruff or falling hair—a facial massage will accomplish wonders for you and will keep your hair and face healthy and charming.
Fastidious women preserve their natural beauty by weekly visits to Joseph's Beauty Shop.
A necessity not a luxury—prices within the reach of Madame or Mademoiselle.
