FILIPINOS WANT THOMPSON FOR GOVERNOR

MOHAMMEDANS AND CHRISTIANS ENGAGE IN FIGHT

U. S. Army Officers Are Among Blamed Ones By the Natives.

ZAMBOANGA, P. I., Aug. 27.—All Filipinos want Col. Carmi I. Thompson for governor general of the islands, Augustine Alvarez, former governor of Zamboanga, said in an address following a clash here between Mohammedans, Moros and Christian Filipinos. This declaration was cheered by the Filipinos, who heard the speech.

It was Alvarez who accused Americans, especially army men, of stirring up the clash to convince Thompson that a dangerous situation exists in Mindanao.

Thompson visited different parts of the city and addressed groups of Mohammedans and Filipinos, saying he was glad the trouble had subsided. "I would rather have missed my visit than to have been the cause of bloodshed," he said.

MEXICAN WAR IS ONE OF ATTRITION

MEXICO CITY, Aug. 27.—The Mexican religious struggle between the church and state has taken the nature of a war of attrition today. Both parties to the conflict seemed willing to abide by the verdict of time.

Quantrell's Band Survivors Hold Annual Meeting

KANSAS CITY, Mo., Aug. 27.—Survivors of Quantrell's famous band of guerrillas, well known to residents of the border states in Civil War days, met today at Wallace Grove, near here for their twentieth annual reunion.

All but a half dozen of the seventeen men who once rode with Quantrell were expected to attend the two days meeting. One veteran was expected from California, another from Kentucky and a third from Oklahoma.

SUNDAY WILL BE WOMEN'S DAY AT THE BIG REVIVAL

Great preparations are being made for the women's and girl's meeting Sunday afternoon at 3 o'clock. Dr. Will Hogg will speak, special music will be a feature of the meeting. The women of Ranger are strenuously working to have every woman and girl in Ranger there.

Mrs. M. H. Hagaman is chairman of the reception committee. Mrs. Hagaman will have associated with her Mrs. R. F. Holloway, Mrs. J. M. White, Mrs. W. W. Housewright, Mrs. G. D. Robertson, Mrs. O. Hamblen, Mrs. H. B. Johnson, Mrs. N. O. White, Mrs. C. E. May, Mrs. O. L. Phillips. Mrs. Hagaman wishes to meet these ladies in the Methodist Church at 2:30 p. m., Sunday, to complete the arrangements in order to give every woman and girl a hearty handshake and a cordial welcome.

The invitation committee will consist of the following ladies: Mrs. E. V. Bollinger, Mrs. K. E. Barker, Mrs. W. M. Cross, Mrs. O. S. Driskill, Mrs. J. T. Killingsworth, Mrs. H. S. Hinton, Mrs. E. E. Trammel, Mrs. Ed Dixon, Mrs. J. E. Burns, Mrs. James Cox, Mrs. S. B. Baker, Mrs. H. C. Jones, Mrs. C. E. Maddox, Mrs. K. C. Jones, Mrs. Allie Armer, Mrs. W. C. Clay, Mrs. Betty Clay, Mrs. E. C. Shipp, Mrs. Myrtle Dodd. These ladies will see that every lady and girl in her church has an invitation to the meeting. This list of ladies will also act as ushers with Mrs. Andy Anderson as head usher.

The subject of Rev. Hogg's message Thursday night was, "Where do We Go from Here?" The scripture lesson was taken from the 19th chapter of Revelations. Mr. Hogg told of several experiences he had with our boys in France. He told of having buried 3,462. The question usually asked by the soldier was, "Where do we go from here?" Many imaginative books of records were held up, the book of the home, the book of business, the book of marriage, the book of truth, the book of church life, and last, the book of life. The message lasted only 35 minutes, but it was one of the very best. (Continued on Page Two)

Sirene Will Call Voters Attention To Go and Vote

When the big fire siren sounds at 12 o'clock Saturday noon and from then on each hour until the polls close at 7 o'clock, Ranger people are not to think the town is burning up for the siren call is a reminder to folks to go out and vote for their candidate. Legging voters will thus be reminded to go and do their duty as citizens. This move has the sanction of Mayor pro tem Teal. Any other whistles in the city that feel like joining the "Let You Forget" chorus are invited to tune in hourly when the siren sounds the starting moment.

TRUDY HOME FROM EUROPE CROWD THERE

NEW YORK, Aug. 27.—"Trudy" came home to Manhattan today and Manhattan went wild. Even the enthusiasm of Dover, Bologna and Stuttgart hadn't prepared Gertrude Ederle for the reception of her home town and the girl who swam the English Channel was a happy heroine. It was 12:30 p. m. when Gertrude came ashore at the Battery from the liner Berengaria, at quarantine. Fifty thousand people were massed at Battery park to shout their welcome to her.

Miller Smashes Transcontinental Automobile Record

NEW YORK, Aug. 27.—L. D. Miller established a new transcontinental automobile record today when he reached here from San Francisco in 55 hours and 12 minutes. The previous record was held by "Ad" Jenkins and Roy Tuck, who drove the distance in 86 hours and 20 minutes.

13 FISHERMEN ARE MISSING AT BARATARIA

60 Per Cent of Crops In Stricken Area Are Completely Ruined

NEW ORLEANS, Aug. 27.—As communication was established with communities isolated until this morning by the hurricane which struck the Louisiana gulf coast Wednesday night, a much heavier toll of lives and property than had been expected was indicated.

Thirteen fishermen are missing from Barataria fishing colony, and searching parties have been unable to find any trace of the men or boats. It is feared their crafts may have gone down in the storm.

Property damage was estimated at \$4,000,000. Sixty per cent of the standing crops were reported destroyed in the gale-swept areas, which stretched inland almost 100 miles.

Stockmen also suffered heavily when cattle were drowned or killed by falling trees.

Every House Hit. Morgan City and the territory around it suffered the heaviest damage.

Virtually every house in the town was damaged, boats were carried away, a ferry boat swept from its moorings and crashed into a railway bridge. Damage there was estimated at \$1,000,000.

By far the greater property damage was done to the rice, sugar cane, cotton and corn crops. The New Orleans States placed this damage at approximately \$1,000,000. Houma, Morgan City, Pontchartroula and other town's property damage was believed around the half million mark, but no definite estimate could be made.

100-Mile Wind. At Pontchartroula the gale reached a velocity of 100 miles an hour, reports said. There, at Hammond nearby, at Morgan City and at Houma residences and stores were shattered or unroofed by the storm. Light and telephone wires were blown down and in the country districts crops were greatly damaged, in many cases rendered a total loss.

TEATSWORTH SCOTT NO. 10 GOOD GASSER

The Lou Teatsworth Scott No. 10 at Olden, which gave promise of being a real oil well is showing 400,000 cubic feet of gas, but little oil. It is now in the deep sand and whether the well be developed as a gasser, or shut down, is now known.

Other wells drilling in the Olden sector are:

Butler No. 2 Conway Brothers, s drilling at 1200 feet with no showing of any kind at this depth.

Magnolia B-1 fishing at 3150 and Teatsworth Partin No. 1, drilling at 650 feet.

The Clastain Donley well on the R. B. Thomas Ranch is still a fishing job, but in view of the fact that the Ranger pay was found during boom days in this vicinity in good amounts, and that an oil sand was encountered at a shallow depth in this well, it is generally conceded that this company will have a well. If the pay is not found at the deep depth, then they can come back to the first or second oil sands that they have already encountered.

5 UNMASKED BANDITS ROB A JEWELER

LAWTON, Okla., Aug. 27.—Four or five unmasked bandits entered the store of the Osborne Jewelry Company here today, bound and gagged the proprietor and several customers, and escaped with diamonds and other articles valued at between \$40,000 and \$50,000. The men escaped from the rear of the store into a waiting automobile.

They'll Try a Back Yard Flight

These two U. S. marine corps aviators are about to hop off on a regular "back yard flight" from the naval air station at Pensacola, Fla., to San Diego, Calif. They will start with only two gallons of gas in their tank, and when it is gone will land in the handiest meadow or back yard, seeking out the nearest garage to replenish their supply. What's more, they will follow this system throughout their journey. They are Major Ross Powell (left) and Lieut. William J. Wallace.

APPRECIATION.

ENGLAND AND ITALY CALLED UP BEFORE BAR

By HENRY WOOD, United Press Correspondent. GENEVA, Aug. 27.—When the league council meets on Sept. 3 and the league assembly on the sixth, the League of Nations will be called upon to make an investigation into the protest of Ras Tafari of Abyssinia that England and Italy have entered into an agreement to split up his territory and have concerted to bring pressure to bear on him in the event he refuses to consent to the split.

League circles are frankly chuckling with undiplomatic glee at Ras Taffari's caustic note as constituting one of the greatest justifications the league has yet had for its existence. In the first place it will constitute the first time in the league's history that its youngest and humblest member—and a black member at that—has been able to summon on the carpet before the world's greatest tribunal two of the latter's oldest and most distinguished members.

France Interested. In the second place, supposing, as is currently rumored, that Ras Taffari was egged on to his protest by France, leagueurs point out that the affair constitutes one of the most striking examples of how the mere existence of the league prevents war. In the old days, had England and Italy secretly agreed to divide Abyssinia into zones of influence and had France not been willing to accept such an arrangement she would have had no other alternative except to go to war about it.

Now, however, all she has to do is by a little diplomatic correspondence persuade Abyssinia to send a note of protest to the league, and both England and Italy are obliged to abandon any sinister designs which they may or may not have had. Abyssinia interests are protected, and France has the satisfaction of having thwarted any effort at "splits" without first consulting her.

What Will Be Done. Up to the present time it has not yet been decided just what will be done with Ras Taffari's protest. In his original note he merely asked that if he communicated to all members of the league which has already been done.

In the meantime the secretariat has (Continued on page two.)

GOVERNOR GOES TO HOME TOWN TO CAST VOTE

Statements Made By Both Candidates On Eve of the Election

AUSTIN, Aug. 27.—Gov. Miriam A. Ferguson issued her final run-off primary campaign statement today, attacking "Moodyism" and the Ku Klux Klan and defending "Fergusonism."

The governor will go to Temple Saturday morning to cast her ballot and in that city will be joined by her husband, James E. Ferguson, who will close the campaign for her in a speech at Groesbeck tonight.

Whether the Fergusons will remain in Temple or return to Austin, Saturday evening, to receive the election returns, has not yet been definitely announced.

Attorney General Dan Moody, returning to Austin today for the final speech in his run-off campaign here, predicted that if clear weather prevailed Saturday, Fergusonism will be overwhelmingly obliterated.

Moody expects a majority of at least 300,000 over Gov. Miriam A. Ferguson.

Heavy rains fell in this section of the state early today and the weather continues threatening.

'UNCLE JOE' CANNON IS IMPROVING

DANVILLE, Ill., Aug. 27.—The condition of "Uncle Joe" Cannon, for many years speaker of the house of representatives, was reported improved today. The retired statesman has been ill for two weeks but his physicians and nurses declare it is not serious.

"Mr. Cannon is very tired and is getting a much needed rest," his nurse said. "He had a good rest last night and expects to leave his bed and take a short walk during the morning."

Coffin Closed On Valentino Until Funeral

NEW YORK, Aug. 27.—Rudolph Valentino's coffin has been closed, and it is planned that no one will see his body again until the funeral services.

The services will be private and in quite a contrast to the tumult of the past few days. The funeral is set for Monday, but George Ullman, manager of the actor, is seeking a health permit to extend the burial time limit until after the arrival of the Homeric due Wednesday of Valentino's brother, Albert Guglielmi.

When the coffin was closed, at midnight, Ullman said, the burial place would depend on the wishes of Albert Guglielmi, but expressed a belief he would approve of the plan for burying Valentino in Hollywood.

Headed by Joseph N. Schenck of the United Artists Corporation, under whose standard Valentino appeared, formed plans here to solicit subscriptions from 5 cents to \$1.00 to erect a permanent memorial to Valentino.

RAY CAMP WILL SPEAK IN EASTLAND

Ray M. Camp, publicity director of the Texas State Teachers' association, will speak in Eastland, Sept. 8, before the Eastland county teachers' institute. Camp will discuss the need for higher professional standards for the teachers of the state, and the findings of the Texas education commission. These matters will be presented by some official of the association to every institute held in Texas.

The opening of the young people's work under the direction of Miss Bessie Rice, was wonderful last night, there were 60 present. The meeting for the young people will be held each evening at 7 o'clock in the basement of the church. There will be a children's parade Saturday afternoon at 4 o'clock. All children in the town are invited to meet at the church and take part in the advertising parade. Interest grows at all of these services. There seems to be a few knockers, all of Ranger seem to wish the meeting well. The sermons are different from the ordinary, there is no trade made and no abusive language used.

There will be no day service Saturday, but will have the regular Saturday night meeting at 8 p. m.

ENGLAND AND ITALY CALLED UP BEFORE BAR

(Continued from page one.) addressed him a note asking if any further action is desired. It is expected that his response will be in before the league council meets on Sept. 3.

Even, however, should Ras Taffari decide that it is not necessary that the league go further with his protest, league officials point out that already the desired end has been attained.

The mere publicity that is given by the league to such protests is regarded as almost always sufficient to rouse a world-wide opinion against any apparent injustice. In any event it is believed that in view of the storm of astonishment and criticism that has been raised against England and Italy as a result of Ras Taffari's note, neither is likely to proceed further in the matter.

MOHAMMEDANS AND CHRISTIANS FIGHT

(Continued from page one.) ZAMBOANGA, P. I., Aug. 27.—Governor General Leonard Wood has placed the entire blame on the Christian Filipinos for the clash with the Mohammedan Moros on the occasion of Colonel Carmi Thompson's arrival.

Filipino leaders met this announcement with the assertion today that General Wood personally set the stage for the clash and conspired with the United States army officers in so doing. Hearing of the clash, Governor Wood, rushed back to Zamboanga, summoned witnesses and conducted a thorough investigation of the trouble.

A few days before Thompson arrived Governor Wood obtained a promise from the Christian Filipinos that they would remain in a side street until Thompson had landed. This he believed would avoid a clash with the Mohammedans, who predominate, Wood declared, in his findings that the Filipinos had violated the agreement.

Banks In County Aiding Farmers To Purchase Stock

"We have established a station at Weatherford and cream is being shipped in daily to fill the needs of Ranger creamery," Steve A. Lillard Jr., said this morning in speaking of the demand for cream for the use of the creamery.

Mr. Lillard stated that the banks were making quite a few loans to farmers to buy dairy cattle for the purpose of improving their milk stock and supplying the creamery with cream; with money to buy hogs to fatten on their skim milk after the cream has been sold to the creamery, and to provide another source of income from their sale when they reach maturity and to buy stock cattle for the pastures to use their feed crops and increase their herds as well as their bank accounts.

"More hogs have been raised in Eastland county this year than in several years," Mr. Lillard said. When the creamery was first thought of, one of the main things planned was to help the dairymen and farmers buy better stock, and this plan is working out splendidly. Many farmers are disposing of their scrub stock and buying registered stock to take their place, realizing that the upkeep for a fine cow is no more than for a sorry animal, but that the returns are treble and perhaps more.

While the creamery has not been in operation many months, it is doing a most encouraging business and its demand for cream cannot now be supplied at home.

ARMED MEN GUARD JAIL; LYNCHING

By United Press. SINTON, Texas, Aug. 27.—While armed men guarded the San Patricio county jail here where two Mexican suspects in the brutal slaying of Dr. J. A. Ramsey of Mathis, were held, officers resumed search today for J. H. Leahy, charged soon after the aged physician disappeared in May.

KILLED IN LIVE OAK, NOT SAN PATRICIO

By United Press. SAN ANTONIO, Aug. 27.—Dr. J. A. Ramsey, whose body was found yesterday about six miles from Mathis, was slain in Live Oak county and not in San Patricio, it was learned today and Sheriff Eugene Key of Live Oak county has joined Ranger Aldrich in San Antonio to search for the white man implicated by the confession of a Mexican, now held in Sinton jail.

NEITHER PARTY WILL AID FARMER, SAYS ONE

TWO OFFICERS ARE SHOT BY BANDITS

By United Press. SALLISAW, Ok., Aug. 27.—Deputy Sheriff Terry Chuculate, and under Sheriff Bert Cotton of Sequoyah county, were shot and injured shortly before noon today by two men believed to the bandits who robbed the national bank and American State Bank at Covington, Okla., Wednesday.

After shooting the officers the two men stole a new touring car belonging to Deputy Sam Sharp, captured the chief of police, J. C. Wolls, of Sallisaw, and made off in the direction of the Cookson Hills.

Park Committee Meets Monday To Discuss New Plans

The park committee will meet Monday noon at lunch at the Gholson Hotel, Ranger, Chairman Raymond Teal announced today. Just what changes will take place at Nitro Park will be outlined at this meeting.

Yesterday afternoon Chairman Teal and George Murphy did a two some in stepping off the grounds and Mr. Teal stated today that several things might result from the board's actions. The park may be made larger. A nice center track is looming large. Plenty of bleachers are probable and a dozen different things may happen to Nitro Park that will change its looks and improve it in many ways, Mr. Teal said.

Secretary True Home From West, Big Convention

Mrs. Alice True, secretary of the Retail Merchants' association of Ranger, who has been vacationing for the past two weeks in California, and incidentally attending the Retail Credit Men's association, arrived home today. "Came home to rest," Mrs. True said, and is back on the job at her post in the Ranger State bank building.

Mrs. True was accompanied all the way by Miss Lucile Self, secretary of the Brownwood Retail Merchants' association, and says that they had a wonderful trip, which included many places in California, Salt Lake City, Yellowstone park and other interesting places.

The convention was quite a success, Mrs. True said, with Texas having the largest number of delegates of any state in the union excepting California, there being 30 secretaries and their wives from the Lone Star state.

The next meeting will be in Providence, R. I., Mrs. True stated.

WASHINGTON.—Production of ink for writing has not increased in recent years. Officials are undecided whether to attribute this increased use of the typewriter or to speeding up of American life to a point where telephones or telegrams are used for many communications.

Writing ink production last year was \$4,405,715 in the 28 principal factories, which made other products to make a total output of \$6,084,295 which is more than \$30,000 under the 1923 mark. In the same period, the number of establishments with a \$5,000 a year production decreased by three.

SOCIETY AND SOCIAL AFFAIRS

SATURDAY Public library open from 9 a. m. to 5 p. m.

A LAWN PARTY FOR DALLAS VISITOR

The younger set had their social evening last evening, when Nannie Catherine Newnam entertained with a lawn party, at the home of her parents, Mr. and Mrs. M. R. Newnam, from 5:30 to 7 o'clock in honor of her guest, Mary Filicidas Brownfield of Dallas.

The games chosen by Mrs. Newnam for the entertainment of the children, were all adapted to the outdoors and were enjoyed most heartily. Home-made grape juice, cake and Eskimo pies, were also an important factor in the evening's pleasure, and were served to Elizabeth Neal, Laverne Newell, Doris Murray, Florence Bryan, Margaret Yonker, Martha Carroll, Lila Bess Bollinger, Mary Alice Yonker, Ollie Bryan, Myrtle Lucile Mills, Hazel May Erwin, Margaret White, Dean Newell, the guest of honor and her little hostess.

A BIRTHDAY PARTY FOR FRIEND HUSBAND

Mrs. W. C. Palmer, assisted by Miss Florence Alice Palmer, entertained with a five-course dinner last evening at the family home on Pine street, in honor of Dr. W. C. Palmer, whose birthday it was.

Seven of the doctor's friends were asked to share this part of his birthday with him, and those invited, who were Mrs. Harry A. Longdon, J. A. Shackelford, C. C. Craig, Walter Jackson, and Walter Murray, Steve A. Lillard Jr., and Dick Barkley, were the men with whom he is most closely associated in his daily life.

The dinner table was laid in handsome linen and silver, with a mound of ferns and roses forming the attractive centerpiece. At the end of the fourth course, the lights were turned out, and Mrs. Palmer entered, bearing the birthday cake, ablaze with its numerous tapers. The cake

was a picture in itself, being a large chocolate iced cake, with white holders bearing white candles. Dr. Palmer cut and served the cake, but since all present were married men, and their fortunes were all made, there were no hidden luck pieces within its luscious depths.

After dinner a smoke was enjoyed, yarns swapped and congratulations showered on the honor guests.

PERSONALS

Mrs. Craig and family of Amarillo are visiting Mr. and Mrs. T. B. Tharpe at their home on South Austin street.

Mrs. S. L. Edelman and two children and her mother, Mrs. Goldberg of Fort Worth, are spending today with their old time friends, Mr. and Mrs. Chopse Welsh, having driven over from Mineral Wells this morning.

Miss Virginia Gardner of Macon, Ga., is in the city for a few days visit with Mrs. A. S. Brookes, before returning to her home in Georgia. Miss Gardner is a noted teacher of journalism.

EASTERN STAR TO VISIT IN STRAWN

The Eastern Star chapter has been invited to meet with the Strawn chapter on Aug. 31, or Tuesday night. All members who intend going are asked to call Mrs. Ab Pitcock, 447, not later than Sunday, so she may advise the Strawn chapter how many to expect.

Breckenridge Hickman Club Poor Losers

The Eleventh Supreme Judicial District is being flooded with circulars purporting to be put out by friends of J. E. Hickman and the Breckenridge Hickman Club.

First they try to explain away the fact that in the first primary Judge Davenport led the ticket in twelve of the nineteen counties in the district and received a substantial lead in the entire district. These facts, however, remain true and cannot be explained away.

The latest circular which has come to our attention is to the effect that some one has said that some one else has accused Mr. Hickman of being a member of the Klan. Neither Judge Davenport nor any one with his knowledge or consent has ever intimated that Mr. Hickman is a member of the Klan. It is perfectly apparent that this circular is not intended to correct any rumor that Mr. Hickman is a member of the Klan but is merely a pretext to appeal to a popular prejudice against the Hoffman Construction Company. The first suit referred to in the circular, as is well known, is now pending in the District Court at Austin and is being handled by Attorney General Moody. And it may be assumed that the interests of the State will be protected by that department without the intervention of the Breckenridge Hickman Club.

The other suit referred to is the one that was tried by Judge Elzo Been of the 88th District Court, with which Judge Davenport was not even remotely connected. And the purpose in referring to this case can be but the same as that in referring to the case first mentioned.

This circular on its fact is a cheap political trick of the eleventh hour type—a regular ward-heeler's method of campaign, and should be repudiated by Mr. Hickman at once.

Having been active in Judge Davenport's behalf, and working with him in this campaign, we know that he has refrained from personal attack or innuendo and is not now seeking to appeal to the prejudices of the voters, but is willing to let the issues be decided upon the qualification and fitness of the office.

We hope that the people of the district will express by their vote a most emphatic repudiation of such methods of campaigning as have been resorted to by the friends of Mr. Hickman.

VANITY CASE

BEGIN HERE TODAY:

Mrs. Prentiss sees mysterious lights in the Heath household next door one night and the next day Harbor Gardens, Long Island, is over the murder of Myra Heath and the disappearance of her husband, Perry.

House guests of the Heaths are Lawrence Inman, heir to Myra's fortune, and Bunny Moore, beautiful, vivacious, to whom suspicion points because of her strange actions.

Myra Heath never used rouge, never wore colors, yet when her body was found she was heavily rouged. She had a mirror for collecting glass, and it was a new old bottle from her collection that the murderer used to kill her. Candles were burning at her head and feet; nearby was a card marked, "The Work of Perry Heath."

The strange thing about Heath's disappearance is that the windows and doors were locked on the inside the night before and were found that way in the morning. Fingerprints of Bunny Moore and Inman were found on the bottle.

At the country club the murder is discussed by Sam Anderson, Heath's rival for the club presidency; Al Cunningham, who is trying to solve the crime, and others. Todhunter Buck, nephew of Mrs. Prentiss and in love with Bunny, believes Heath also may have been murdered.

Bunny is amazed to get a phone call from Heath. He calls her again, saying Inman is guilty. Bunny faints under a grilling by Detective Mott. Inman confides to Buck that he saw Bunny ascending the stairs after the murder, and Mott questions all the servants and tells them to keep silent. Katie, a maid, tells of seeing a man leave the grounds the night of the murder. Mott is inclined to think Bunny is guilty.

NOW GO ON WITH THE STORY:

CHAPTER XXXII.
Al Cunningham had always flattered himself that he had detective instinct. But it was flattery, and more over, it was harmful flattery. For it gave him confidence in himself and in his conclusions which was not justifiable.

His detective instinct was all right up to a certain point. But that point came very near the beginning of the line of detective qualities.

For instance, his imagination was good, but it was untrained. A detective depends frequently on his imagination, but it is not one which runs rampant, or flies off in a new direction at any and every hint that presents itself.

Also, Cunningham lacked experience in many ways. He had intuition and quick perception, but his judgments were hastily and changeable; his sympathies too easily enlisted, and his personal bias too dominant in his conclusions.

If Mott had had Cunningham's brains in addition to his own, he would have been a first-class sleuth.

Cotton Picking Is Underway In Parts of West Tex

Special Correspondence.

STAMFORD, Aug. 27.—The West Texas cotton crop is beginning to come on the market. Cotton picking is getting well under way in the southern counties of the region. Picking of the crop was begun this week in both Runnels and Tom Green counties and cotton is reported as opening rapidly in Coleman, parts of Eastland, and in sections of Taylor and Brown Counties, by the agricultural department of the West Texas Chamber of Commerce. Jones county received its first bale a week ago but the crop in this county is not yet opening to any great extent.

Estimates of the yield per acre cannot be made yet because of the

I ought to be telephoning the police and all that!"

"Don't try it. I'm not the murderer, you know."

"Who is?"

"Larry, of course. I only blew in here for a minute to tell Sam that, and to ask him to see justice done. I know they're suspecting that mite of a girl, little Bunny, but she didn't do it. Only a blind, pig-headed imbecile could think such a thing!"

"Why are you in hiding?" Cunningham demanded.

"I'm not in hiding. I lit out because I didn't want to testify against Larry, but when that kiddy is accused, I have to put in a word for her."

"You saw Inman commit the crime?"

fact that picking has not progressed to any great extent. The staple of the cotton ginned thus far is reported as being good with no weather damage. Enterioration is continuing throughout the region.

Taylor county has reported a hard blow from insect damage and the Plains section which has enjoyed comparative freedom from leaf worm damage has reported that the worms have appeared in alarming numbers during the past few days.

Supplies of poison are reported more plentiful in the cotton area and calls upon the West Texas Chamber of Commerce for calcium arsenate and other poisons have become less. The organization has been instrumental in securing equal distribution of poisons during the shortage by putting sections where there was a scarcity of poison in touch with points at which there was a surplus.

Doughboys Win From Salesmen In Spirited Game

The Doughboys went after the Salesmen Thursday afternoon like they were after "Boches" and won 4 to 3. The game was fast and by getting an early start there was plenty of time for the five innings which the game went. Neither team scored in the first, but the Salesmen pushed one around in the second. Cotulla popped out to Taylor. Morgan was safe on Peacock's error. Lingle forced Morgan at second. Lingle took second on a passed ball. Avant was safe when he hit to Battles, who threw the ball over Peacock's head at first. Lingle scoring. Gholson ended the inning by swinging out.

The Legion boys made two in the third on singles by Lines, Gallagher and Peacock. Gallagher developed into a human streak to come home from second on Peacock's hit to short center field. The Salesmen came from behind in the fifth to knot the count at three all, after two were out. Littlefield was safe when Avant was thrown out at third. Eason was purposely walked. Collum lifted a high one back of short which Henry could not get to and both runners scored. The Legion, coming to bat in their half of the fifth must have thought they were still in France by the way they bombarded the ball. Gallagher first up, poked a high one that seemed certain to go over the right field fence for a double, but it hit one of the posts that supports the wire and hounded back into the park. Gallagher slid under Collum to be safe. On the first ball pitched him, Peacock slammed out another double to score Gallagher with the winning run.

Special Correspondence.
AUSTIN, Aug. 27.—More than 200 persons interested in interscholastic league work have volunteered to aid in forming league organizations at county institutes during the first weeks in September, according to Roy Bedichek, chief of the league bureau at the University of Texas. It is thought that by the end of that month 150 county organizations will have been perfected.
As the league's appropriation for traveling expenses has been reduced considerably this year, it will be impossible for representatives from the league headquarters to visit more than a few county institutes. Mr. Bedichek said. Consequently the formation of the county units will depend this year almost entirely upon the work of persons of the local institutes. Mr. Bedichek will aid in only two county institutes, the first at College Station where he will be on the program on Sept. 2, and the other at Houston on Sept. 8. Roy Henderson, athletic director of the league, will be at the county institute at San Antonio from Sept. 6 to 10.
County officers of league organizations of last year have been asked to carry on the work again this fall, and encouraging replies have been received, Mr. Bedichek said. A large number of county superintendents have also indicated their willingness to aid in the work.

Northwestern's New Stadium Is Ready for Season

CHICAGO.—Northwestern's new football stadium will be ready to accommodate twenty-five thousand rooters when South Dakota trots on to the new field for the season's first game on October 2.
By the 13th of November, 55,000 seats, the temporary maximum, will be ready for the formal dedication game with the University of Chicago. Later, the Evanston city fathers and the Northwestern fans willing, a third tier will be added to the double deck structure, bringing its total capacity up to approximately 80,000.
A goodly number of veterans and some promising graduates from the

Freshman squad will be on hand for the first practice session on the 15th of September. There is the scintillating Captain "Moon" Baker, who plays left halfback, Solheim and Ruseh, quarters and Schumacher, another half. Fischer and Bovik will be back at the flank positions, with Bob Johnson at a tackle. Cohen, Siebenmann, Rahr and Schuler are a quartet of experienced guards. A big hole is left, at center by Tim Lowry, but he will be back in a coaching capacity, ready to groom some rookie to fill his shoes in the pivot job.

Camel—the greatest tobacco word of all time

NEVER in the history of smoking has there been such a cigarette as Camel. No other cigarette was ever made welcome in so many millions of homes, because no other ever brought so much enjoyment to smokers.

When Camels came into the world they brought an entirely new sense of smoking satisfaction and contentment. Millions who have tried them all, who could well afford to pay more, will smoke only Camels. Camels on the table mean that this is the home of experienced smokers.

Camel is the world's favorite cigarette. Camel is given a greater patronage than any other cigarette ever had. Why? Because Camels contain the choicest Turkish and Domestic tobaccos grown. Because Camels never tire the taste, no matter how liberally you smoke them. Because they never leave a cigarette after-taste. The world's largest tobacco organization puts the utmost quality into this one cigarette.

If you want the mellowest mildness that ever came from a cigarette, try Camels. Regardless of what you are willing to pay, you will find in this famous smoke every fine feature you ever looked for in a cigarette.

Have a Camel!

Wages of Hashers In Washington Better Than Clerks

By CHARLES P. STEWART
(NEA Service Writer)

WASHINGTON.—"Back home," remarked the spruce waitress in the so-called "popular price restaurant" where this particular Washington neighborhood eats most of its lunches, "I'm supposed to be a clerk in one of the government departments."

"I was originally. But mercy! I couldn't begin to live on the pay I got. Between my pay and my tips I make enough here to buy up two or three girl clerks for the government."

"Of course the disagreeable part of it is that a waitress isn't anybody socially. It would make my folks feel dreadfully if they knew I work in a restaurant. So I let 'em go on thinking I'm still on Uncle Sam's payroll."

"Once a year I go home for a couple of weeks and swell around in clothes I couldn't even dream of on a government salary, and they look at me and say, 'My! she has a government position in Washington.' I'm invited out and entertained by all the best people and have a lovely time."

"Wouldn't their eyes pop if they knew I really was just a hash-slinger?"

This damsel's confession could be duplicated to the tune of hundreds, and maybe thousands, if anybody wanted to take the trouble to do the necessary research work.

The capital's full of young women and young men, too, and some not so young whom the "home folks" fondly suppose to be holding down dignified federal jobs, but who, in reality, are engaged in considerably less classy but much more remunerative employment.

What's more, they show their financial good sense, and the little deceit they practice doesn't hurt anybody.

New Zealanders Hunt for Whales In A Speed Boat

By United Press.

WASHINGTON.—Use of a 45-mile-an-hour speedboat with a 700-pound aluminum gasoline engine to chase whales has been reported to the Commerce Department from New Zealand.

Competition forced the South Sea whalers to abandon their picturesque wooden vessels, the report from Consul-General Lowrie, Wellington, said.

Distinct Types Of Bodies Made by The Chevrolet

Development of distinct types of commercial car bodies, designed and manufactured in their entirety by the Chevrolet organization now affords the public a complete line of Chevrolet-built passenger and commercial vehicles for the first time in the company's history.

Complete trucks are available for immediate delivery to the purchaser. They are the one-ton panel delivery—one ton stake and the one ton grain carrying body.

The chassis can be furnished also with cab only, suitable for mounting any special truck body desired by the owner.

Substantially the same cab is used on all bodies. The cab is entirely enclosed and weather-proof and affords the same comfort in driver's compartment as a Chevrolet passenger car. The doors are 24 inches wide, with high grade locks. Plate glass side windows are furnished with Tensstedt regulators as in the standard closed car. A full ventilating windshield, glass rear windows, cab lining and cushion covering of fabrikoid leather, combination stop

and tail light and conveniently-placed instrument panel are features. Seats are arranged for easy handling of controls and steering wheel. The cab is Biscay green, duo striped in gold and cowl lights are standard equipment.

Each of these body types has been designed for the utmost utility, convenience and adaptability to the work for which it is designed.

Managers Names of Teams To Play Labor Day, Secret

On account of professional jealousy the names of the managers of the two teams who are to play on Labor day at Nitro park for the benefit of the "pep squad," are being kept quiet.

Both managers have played on the big league teams, and there has been bad blood between them for some time, but by tact and patience on the part of the promoters of the game, they have finally agreed to manage their teams on that day, since it is for the benefit of the "pep squad," but they are as jealous of each other as heck.

It is a delicate situation. One is afraid they will praise one a little more than the other, and since their agreement is just as brittle as pie crust, either one liable to fly off at a tangent at the least provocation, it has to be handled accordingly.

But the game is going to be played, even if the managers scrap. Leo Underwood is going to be there with his bandwagon and it may be possible that the teams, headed by their managers will march around the main

streets before doing to the park on the afternoon of Labor day.

Both managers are prominent Ranger men who strutted their stuff before admiring and cheering thousands 20 years ago and they claim they have some stars up their sleeve that they are going to spring on the unsuspecting public on that date.

FADS OF THE FAMOUS.

Aristide Briand, French minister of foreign affairs, is a perpetual cigarette smoker and a lover of country amusements. He always smokes the cheapest brand of French cigarettes.

Briand owns a big estate in Normandy, where he spends every week-

end. During the fishing season he never misses an opportunity to escape from his government duties and the report is current that between bites he prepares his public speeches, which he never writes, contenting himself with a few scribbled notes or signs decipherable only by himself. Briand dislikes to change clothes, his biggest punishment is when for official luncheons or banquets, he has to dress up. He is really happy only when he has no such worries and can walk in his farmyard with a pair of wooden shoes.

Five hundred and one dollars for repair of the car and for hospital and medicine bills was also asked.

Pitcock Equips Gin With Fire Apparatus

Pitcock's gin, Ranger, will be equipped with all possible fire prevention apparatus, so that the farmer's cotton there will be as well protected as possible. Mr. Pitcock is equipping his gin with three soda acid and water chemical extinguishers, putting in two inch lines of hose besides three water barrels and buckets. According to Chief Murphy, this is considered A-1 equipment for any cotton gin and will do much toward preventing damage at the gin or to nearby property.

Baptist Revive Lone Cedar Church, Pastor Is Called

LONE CEDAR, Aug. 27.—The Lone Cedar Baptist church has been reorganized and meetings are being held in the schoolhouse. Rev. Mr. Ponder, missionary, assisted by Rev. Mr. Herdin, a young minister from Abilene, who can preach about the Master's work.

Not in years has the community been revived. There will be Sunday school every Sunday morning, and church in the morning and evening on the first Sunday of each month. There will also be church every Saturday preceding the first Sunday. Large crowds have attended and a great interest has been shown. Everyone is invited to meet and worship in the good old country way.

Rev. Mr. Hardin was called as pastor. Mr. Brashears was elected to fill his old post as church clerk. Mr. Phillips was elected Sunday school superintendent, and Mrs. Powell as organist. The electing of teachers was left until next Sunday, Aug. 29.

Extremists Favor Boycott Against Anti-Independence

By United Press.
MANILA.—Sentiment among Filipino extremists in favor of a boycott against American business men in the islands who are actively fighting the independence movement, has been greatly stimulated by the introduction of several bills in Washington designed to curtail native autonomy in the Philippines.

Senator Osias, who is also president of the National University and recognized leader of the radical student element, addressing a mass meeting openly advocated the use of the boycott as the weapon against Americans and British firms which are contributing money to the campaign against independence.

The meeting was chiefly for the purpose of denouncing the Kiess Bill No. 1, which would strengthen the powers of the governor general, and the Bacon Bill which would amputate Mindanao and other Moro lands from the main body of the archipelago.

About 4,000 persons crowded into the Grand Opera House and cheered vitriolic denunciations of "American imperialism."

EASTLAND TO ASK FOR PAVING BIDS

At a meeting of the Eastland city commission last night the city secretary was ordered to advertise for bids for paving for a number of streets intersecting Commerce and Main streets. These intersections are only one block each in width. The bids are to be opened Sept. 15.

Church Of God In Eastland To Hold Revival

Rev. W. S. Hancock, pastor of the Eastland Church of God, announces that a series of revival meetings for his church will be held at the Nazarene hall, West Main street, beginning this evening at 7:45 and continuing indefinitely. Rev. C. H. Johnson of Sweetwater, assisted by the pastor, will do the preaching.

The pastor announced that there would be services at the Church of God Sunday morning as usual and Sunday school as usual, but no services there in the evening.

Oil Operators Now Are Making Ranger, Mecca

Billy Boyles, oil operator from Weatherford, was in Ranger last night conferring with oil operators here in regard to oil leases, and expressed himself as thinking that things looked mighty good to him in Eastland county, sounding only one regret that he had not gotten in earlier in the year.

Mr. Boyles is one among many oil operators who are stopping in Ranger now, and who are either drilling or watching wells. R. S. King, formerly with the Texas Pacific Coal & Oil company at Thurber is another well known operator who is now in Ranger.

NIMROD NEWS

NIMROD, Aug. 27.—The revival meeting closed Sunday night, with only one addition to the church. Rev. M. F. Richardson, the pastor, did the preaching and Rev. Mr. Dennis of Cross Plains did the singing.

Mr. and Mrs. N. J. Dillard and family of near Plainview, who have been visiting Mrs. Dillard's parents, Mr. and Mrs. L. D. Stanaford, for the past two weeks, returned home Tuesday.

The Sabanno ball team was defeated by our team Tuesday evening by a score of 23 to 5.

Mrs. H. A. Wright received the sad news Wednesday of the death of a sister. We extend sympathy to the bereaved relatives.

Mr. and Mrs. W. L. Simpson of Cisco visited relatives here last week.

Mrs. Rufus Key of Fort Worth visited her parents, Mr. and Mrs. Hardin, last week.

Several people from Pleasant Hill, Romney, Haskell, Atwell, Brownwood, Cisco and other places were here Sunday to attend church.

Ben Westerman and family are visiting relatives at Colorado City.

Miss Evelyn Shendan of Ballard spent last week with Miss Gladys Westerman.

D. L. Allen has torn down his old house and his father, who is building a new one for him, had the misfortune of stepping on a nail. He went to the doctor and had the wound treated, which is not very serious.

British Columbia Plans Development Of Sugar Industry

VICTORIA, B. C.—Erection of a \$2,000,000 sugar beet factory near New Westminster, B. C., will be undertaken if the British Columbia government grants the industry a subsidy of \$50,000 a year, W. H. Watson, head of the Vancouver syndicate, announced here.

"The project calls for a factory capable of handling 1,000 tons of beets a day during the operating season. Climate and soil of British Columbia are well adapted to sugar beet culture, government agricultural tests have shown."

No. 11422 SHERIFF'S SALE
The State of Texas, County of Eastland.—By virtue of a certain order of sale issued out of the honorable eighty-eighth district court of Eastland county, on the 19th day of August, 1926, by W. B. Collie, clerk of said court against Ferdinand L. Pederson and W. W. Walters for the sum of Twelve Hundred Seventy-eight and 15/100 (\$1,278.15) Dollars and costs of suit, in cause No. 11422 in said court, styled Charles O. Austin, commissioner, versus Ferdinand L. Pederson and W. W. Walters, and placed in my hands for service, I, R. W. Edwards as sheriff of Eastland county, Texas, did on the 19th day of August, 1926, levy on certain vendor's lien notes situated in Eastland county, described as follows, to-wit: Six certain Vendor's Lien notes, numbered 26, 27, 28, 29, 30 and 31, dated December 17, 1919, and due February 20, 1922, and on the 20th day of each succeeding month thereafter up to and including the 20th day of July of said year for the sum of Twenty-five and No-100 Dollars each and bearing interest at the rate of eight (8) per cent per annum and providing for ten (10) per cent attorney's fees said notes being signed by Robert Pearson and payable to Ferdinand L. Pederson, said notes given as part payment of land in Eastland county, Texas, and being a lot of 110 feet east and west and 50 feet north and south on the east side of Lamar street, in the Burkett addition to the town of Eastland, being the same land described in a deed this day executed by Ferdinand L. Pederson and wife to Robert Pearson, and levied upon as the property of said Ferdinand L. Pederson, and on Tuesday, the 5th day of October, 1926, at the courthouse door at Eastland county, in the City of Eastland, Texas, between the hours of ten a. m. and four p. m., I will sell said Vendor's Lien notes at public vendue, for cash, to the highest bidder as the property of said Ferdinand L. Pederson by virtue of said levy and said order of sale.

And in compliance with law, I give this notice by publication in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Eastland Daily Telegram, a newspaper published in Eastland county.

Witness my hand, this 19th day of August, A. D., 1926.

A RESOLUTION PROVIDING FOR NOTICE OF INTENTION TO BE GIVEN OF THE PROPOSED PASSAGE OF AN ORDINANCE SUBMITTING AMENDMENTS TO THE CHARTER OF THE CITY OF RANGER, TEXAS:

WHEREAS, it is considered to be the best interest of the City that an ordinance be passed submitting certain proposed amendments to the Charter of the City to the vote of the people, and

WHEREAS, the existing Charter of the City and the provisions of Chapter 13, Title 28, Revised Statutes of the State of Texas, 1925 Revision, provide that notice of said intention be published:

BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF RANGER, TEXAS:

1. That notice of intention of the City Commission of the City of Ranger, Texas, to submit to the qualified voters of said City three proposed amendments to the Charter, hereinafter fully set forth, be given by publishing a copy of this resolution in some newspaper published within said City for at least twenty days, said publication being accomplished by inserting said advertisements in the newspaper in at least ten issues thereof, the first insertion being not less than twenty days from the date said ordinance is to be passed.

2. That said ordinance shall provide for the submission to the qualified voters the following amendments to the Charter:

PROPOSED AMENDMENT NO. 1:

Article 11 of the existing Charter is amended by adding immediately after section 2 a new section to be numbered 2-a, which shall be as follows: "Section 2-A. The City of Ranger, in addition to all other powers heretofore shall have all of the rights and powers granted to cities and towns under the provisions of Title 28 of the Revised Statutes of 1925, said rights and powers to be cumulative of any and all other powers held by said City."

PROPOSED AMENDMENT NO. 2:

Amend article IV of the Charter by adding a new section to be numbered Section 2, which shall be and read as follows: "Section 2. No bond shall be issued unless they shall have been authorized at an election held for the purpose, except funding and refunding bonds which shall not require an election except as otherwise herein provided. The City Commission shall have the authority to pass all necessary ordinances to provide for the funding or refunding of the whole or any part of the existing debt of the City, or of any future debt by cancelling the evidences thereof and issuing to the holders bonds or treasury warrants with or without coupons, bearing interest at an annual rate not to exceed six (6) per cent per annum, provided, however, that the outstanding bonds of the City may always be refunded into bonds but the outstanding warrant and note indebtedness of the City may be refunded into bonds only to the extent of the notes and warrants outstanding at the time this Charter amendment is adopted and said note and warrant indebtedness outstanding at any time in the future incurred for the purpose of permanent street improvements may be refunded into bonds, but no other future note and warrant indebtedness shall be refunded into bonds except when refunding bonds are authorized at an election held for that purpose."

PROPOSED AMENDMENT NO. 3:

Amend Article IV of the Charter by adding a new section to be numbered Section 3, which shall be and read as follows: "Section 3. The City Commission shall have the power, when in its discretion it deem expedient and necessary, and at any regular meeting, to pass an ordinance or ordinances authorizing the issuance of interest bearing time warrants, with or without interest coupons, not to exceed in amount \$25,000.00 at any one time, for the purposes for which bonds are authorized to be issued under this Charter, such warrants to bear interest not to exceed six per cent per annum, payable annually or semi-annually, and to mature at such times, and to be payable at such places, as may be fixed by the City Commission; but before any such warrants shall be issued or sold, they shall be submitted to and approved by the Attorney General of this State and registered in the office of the Comptroller of the State of Texas. At the time any such warrants are ordered to be issued, the City Commission shall levy a sufficient tax to provide for the payment of the necessary annual interest on, and to create a sinking fund for, such warrants so authorized to be issued. They shall be signed by the mayor, countersigned by the City Secretary, shall state the purpose for which they are issued, the place where payable, and shall bear the seal of the corporation."

ADOPTED AND APPROVED THIS THE 10th day of August, A. D. 1926.

R. H. HODGES, Mayor, City of Ranger, Texas.

Grain Sorghums Of West Texas To Be Sold On The Hoof

Special Correspondence.

STAMFORD, Aug. 27.—West Texas is to have less cotton than was forecast several weeks ago, but the regions will suffer no food shortage. Reports sent in by field men of the West Texas Chamber of Commerce from over their territory are to the effect that the maize and grain sorghum crops are good and the quality of the crop is unusually good. Yields of one ton or more per acre are the rule while numerous sections have made bumper crops of the feed. About Roscoe in Nolan county the farmers have already gathered two tons per acre of the grain sorghum. The crop is already stored for the winter and the stock have been turned into the fields for pasture. The entire southern section has gathered its crop and plenty of food is assured.

On the Plains the crop is uniformly good. The crop is later there, of course, than in the counties below the Cap Rock, but never have the heads been better filled and the grain of better quality. Harvesting already has been begun in some parts of the Plains and the crop is already made and only needs more curing in the stalk throughout the entire area. One encouraging feature is the fact that the bulk of the crop will be retained on the farms and fed. Numerous requests have come to the West Texas Chamber of Commerce asking that the organization renew the hog importation campaign that was carried on last year with great success by the West Texas Chamber of Commerce in co-operation with the Fort Worth Stockyards Company and the packing houses. More than 7,000 brood sows were placed on West Texas farms during this campaign and the pig crops from the sows are already having a great effect on the section. The agricultural department of the West Texas Chamber has found that the interest in hogs has grown by leaps and bounds and West Texas will regain its old position in hog production within a comparatively short time.

Plans are now being formed to greatly increase the acreage in grain sorghums for the next year. President Arthur F. Buggan of the organization stated that efforts to curtail cotton production would be along the lines of increasing grain sorghum production, which has been pronounced the backbone of West Texas agricultural wealth. Definite plans for the campaign are being made and will soon be announced.

BARTHELMESS FINDS SCREEN EXTRAS STRANGE MISCELLANY

Where do the motion picture extras come from? Richard Barthelmess, who stars in "The Amateur Gentleman," a new inspiration picture for First National, which is being shown at the Lamb theatre currently, questioned many extras on the big steeplechase set and the following statistical record was the result. Dick found that there were:

- Three members of nobility. The husband of a former movie idol. Four widows of officers killed in the world war. A former stage favorite of yesterday. An Alaskan prospector who sold a gold mine now producing three million dollars a year for twelve hundred dollars. Two American Indians. A once reigning boxing favorite. A captain of a steamship. A son from the family of America's four hundred. A bandit of notoriety in the palmy days of the west. A former director who was once on the top of the heap. A wanderer who had visited every country in the world. And a former major in the United States army.

Arkansans Seek Buried Treasure On River's Bank

By United Press.

FAYETTEVILLE, Ark.—Millions of dollars in gold and silver bullion and chests of precious jewels lie buried in the banks of Big Mulberry Creek, Franklin County, Arkansas, in the belief of searchers who are spending earnings of a life time in quest of the treasure.

According to river lore, a group of Spaniards left their homeland with the treasure at the time Spain feared the power of Napoleon, landed at New Orleans, and, hearing of gold deposits to the north, migrated up the Arkansas River in small boats where they were disappointed in quest for further wealth.

Having abandoned their larger vessels, the adventurers concealed their treasures in this vicinity, the legend recounts, and started back to Spain looking toward negotiations seeking its return.

However, disease and the Indians claimed all but one, and he reached only New Orleans. Generations, meanwhile have seen adventurers push their boats up Mulberry Creek, only to return disappointed. Two Spaniards visited Mulberry within the next forty years and claimed knowledge of the treasure. The first, named Antonio, 80 years old, said he represented President Diaz of Mexico.

Learning of Antonio's mission, Dr. L. G. Hill of Mulberry, financed his hunt with a hundred thousand dollars of his lifetime earnings, and the elderly explorer began excavations from points on a map in his possession.

When cave-in dirt was dug away, diggers came to a system of hieroglyphics and the old man was frenzied with joy. He told Dr. Hill that if he came to a small square opening and found a flint dagger and a stone key in this hole, it was the place. Both were found.

Antonio studied the symbols on the face of the cliff, started excavation work, and died. The map he had been following could not be found. The work came to a standstill and a few months later Dr. Hill died.

Now, two of the doctor's sons and a young miner are organizing a company to excavate and locate the fortune.

Legion Sponsors Unknown Soldier Picture, Sept. 8-9

By United Press.

"The Unknown Soldier" will be presented at the Liberty Theater, Ranger, on Sept. 8 and 9, under the auspices of the Carl Barnes Post, No. 69, for the benefit of the maintenance of the American Legion Hall.

This picture is at present being shown at the Rivoli Theatre in New York at a price of \$2 per ticket, and is said by a committee composed of J. B. Krause, W. C. Hickey, C. C. Craig and J. A. Shaw, who attended a pre-view of this picture, to be superior to anything they have ever seen, not especially as a war picture, but as a production every true American should see.

The Legionnaires are asking the assistance of Ranger people to help them make a financial success of this offering, as they feel that the Legion Hall is not only for the benefit of the members of the post, but for the community at large and is an asset to any town.

In order that the sale of tickets may be expedited, they are sending out circular letters, explaining the picture, and the nature of the benefit. And ask that those receiving tickets sell or buy the tickets enclosed therein, which makes friends of the post either buyers or sellers of a certain number of tickets.

PORT ARTHUR.—Building permits issued this year to August 7, totaled \$9,008.77.

Plains Farmers Demonstrate What Can Be Raised

By United Press.

LUBBOCK, Aug. 27.—Plains farmers are proving every year that almost any product that can be raised in Texas can be successfully grown in the high altitudes of the Plains.

W. C. Pearson, who lives near here, exhibited a cabbage head the other day that rivals the largest grown in nature's favored cabbage lands. It weighed 12 3/4 pounds, measured 12 inches one way and was six inches in diameter.
