## "GIVE US LIBERTY OR ----" IS THE CRY HEARD

### CLEAN UP ALL OLD CANS AND BAR MOSQUITO

City Sanitary Officers Issue Orders Which Declare Will Be Enforced.

A drive has been started by Wade Swift, city sanitary officer, to clean up the premises of Ranger residents who have exposed old cans, trash receptacles or anything that will catch water and become a breeding place for mosquitoes.

"After the recent rains every old can or bucket lying discarded contains water enough to breed a million mosquitoes and should be removed," the sanitary officer said. "Residents of Ranger should have enough civic pride in their community and their homes to keep it clean up. Those who do not remove old cans, trash and rubbish will be invited to do so by the city commission in the near future and a bill to defray expenses of such work will be charged to them."

Although no official action has as yet been taken on the subject, it is said that the city sanitary officer has his instructions to clean up the town. Mosquitoes are the bane of summer living and while Ranger has never been troubled with the pests, as has neighboring towns, enough of them have invaded the city to cause considerable discomfort and steps are being taken to do away with them as much as possible.

The easiest way is to abolish breeding places and to do this citizens of the town must cooperate with the city officials in every way. Removal of all trash, cans and other rubbish likely to contain water long enough to breed mosquitoes is considered the first and most important action.

### Merger to Control Power Situation Is Being Formed

NEW YORK, May 15.—Steps towards the formation of a merger to control the power situation in the vicinity of Muscle Shoals were made public today with an announcement by the Southern Power company that it is negotiating to turn over its assets to the Electrical Power & Light corporation, a holding corporation. Properties of the Southern Power company are located in Mississippi, Arkansas and Louisiana.

### Ford Has Passive Attitude in Deal For Shipping Fleet

DETROIT, May 15.—Henry Ford feels that the next move in negotiations whereby he might purchase 400 steel ships from the United States shipping board is up to the board, it was revealed today. Although officials of the Ford Motor company were extremely reticent and refused to divulge just how far negotiations have gone, Ford's personal spokesman was emphatic in declaring "it's up to the board."

The impression given out at Ford's Dearborn offices was that no offer for the fleet had been made and that the shipping board is yet to state what price is wanted for the ships. Ford himself is not interested in commanding a fleet in world commerce, it was made clear by Ford spokesmen.

### Ranger Band to Be Heard in Concert

Residents of Ranger will have an opportunity to hear the Ranger Texas Ranger band Sunday afternoon for the first time since their return from Mineral Wells, where they walked off with second place in the two-year old band contest.

A concert will be given at Rotary park, West Main street, Sunday afternoon, starting at 3:30 o'clock, according to Director Leo M. Underwood. Plans now under consideration call for a concert every Sunday afternoon at the park.

### Miss Dorrance of Houston Wins Way Into Golf Finals

DALLAS, May 15.—Miss Margery Dorrance of Houston defeated Mrs. A. M. Rhodes of Dallas 3 to 1 in the semi-finals of the woman's state golf tournament here this morning. She will play in the finals Saturday morning.

### FRENCH STUDY PROBLEM OF INTER-ALLIED DEBTS

PARIS, May 15.—The French cabinet today charged Foreign Minister Briand and Finance Minister Caillaux with the task of studying for a possible solution of the problem of the inter-allied debts. This decision is interpreted as meaning that France intends to move seriously for a settlement of her debts to the United States and Great Britain.

### Lions of Ranger And Eastland to Meet on Diamond

An old and ancient feud will be renewed next Wednesday afternoon, when Ranger's brave Lions engage the Eastland Lions in a baseball game at Nitro park.

The Ranger and Eastland teams are practicing steadily in preparation for the game, each realizing it will have no easy time with the other. The game next Wednesday is one of a series between the two teams, both of which are open for engagements with any independent team in this section of the state.

### Charges of Graft Threaten Shake-Up in Philadelphia

PHILADELPHIA, May 15.—Forty policemen, including an acting captain, faced dismissal here today on graft charges resulting from an alleged conspiracy with brewers to allow an illegal distribution of beer. The men were suspended today and ordered before a board of inquiry in what promises to be the greatest shake-up in General Butler's regime as head of the police force.

More than 400 policemen, 40 district detectives, a score of sergeants and lieutenants and almost as many captains will be investigated and demotions may result.

### Governor Pardons Marshall Jackson, Eastland County

AUSTIN, May 15.—Governor Miriam Ferguson increased her clemency record to 387 proclamations today, when she granted two full pardons and granted several furloughs.

Marshall Jackson, sentenced to two years from Eastland county for theft is given a full pardon for the reason he has served one year and nine months with a clear record and the further fact that he is suffering from tuberculosis.

### Immigrants Send Large Sums Abroad

WASHINGTON.—Immigrants in the United States annually send more than \$300,000,000 in American money to friends and relatives in the country of their origin, it is estimated by the department of commerce.

This export of immigrant money, derived from wages and other sources of gain in this country, forms one of the considerable items in the annual import and export balance.

Estimates of the department showed that during 1924 immigrants remitted \$100,000,000 to Italy; \$80,000,000 to Germany; \$30,000,000 to Poland; \$25,000,000 to Russia, and \$20,000,000 each to Greece and Ireland. These large remittances of American money serve greatly to reduce the favorable trade balance of the United States, the department said, which on actual imports and exports of merchandise during 1924 showed a balance of \$970,000,000 in favor of this country.

Remittances during 1924 totaled \$350,000,000, but during the same period arriving immigrants were estimated at \$200,000,000.

### Ranger Lions Give Their Approval to Uniform Flag System

The endorsement of the Ranger Lions has been given to the proposition suggested by the Carl Barnes post of the American Legion for a uniform system of flag decorations in Ranger.

The plan provides for permanent flag pole fixtures and poles in front of every business house in Ranger and a flag owned by each which will be hoisted every holiday and on other occasions when it is desired to make a display. It is the wish of the Lions and of the American Legion to have the flag system in Ranger ready for the decoration of the city on Memorial day, May 30.

### RADIO PROGRAM

9:30 to 10:45 p. m.—Concert of classical music arranged by Victor B. Acres. (W. E. B.)

Saturday, 6:15 p. m.—Complete baseball results.

7 p. m.—Review of the interdenominational Sunday school lesson by Mrs. W. F. Barnum.

Dallas, WFAA, 475.9 Meters.

Friday, 4:30 to 5 p. m.—Woman's hour.

6:30 to 7:30 p. m.—Musical recital by Director Brown, head of the piano department, Baylor university, Waco, Texas.

8:30 to 9:30 p. m.—Program by remote control from Sanger Brothers.

Saturday, 12:30 to 1 p. m.—Musical recital.

8 to 7 p. m.—Orchestra recital by Henry Adler's Midnight Melody men.

8:30 to 9:30 p. m.—Mabel Williams' Confederate choir; Earl D. Behrends directing.

11 p. m. to midnight.—Adolphus hotel orchestra, playing in the junior ballroom.

### Dorothy Says It's Natural, But—

Dorothy Nourse, 16, of Roxbury, Mass., who in a year has won eight beauty prizes in her home state, says her beauty is natural, but she shows excellent technique in handling her lip stick. Exercise, swimming and riding horseback, has enabled her to fill her home with beauty trophies, she says.

### State Volunteer Firemen Elect 'Dark Horse' to Office; Going to Harlingen

CISCO, May 15.—R. F. Heyer of Cuero automatically becomes head of the Texas Volunteer Firemen's association, which closed its session here last night after selecting Harlingen as the 1926 convention city. Heyer goes from the first vice presidency to presidency. W. E. Burgess of Itasca became first vice president, W. A. Hammer of Belton, second vice president, and J. A. Caldwell of Teague third vice president.

CISCO, May 15.—Fire Chief John Parker of San Angelo, a dark horse in the race, was elected fourth vice president of the State Volunteer Firemen Thursday, which elected him to automatically advance him to presidency in due time.

Harlingen, the little Rio Grande valley town, with the solid backing of Central and North Texas and aided by the loyal backing of fifteen valley towns, secured the 1926 convention over the powerful Galveston delegation. Galveston started a boom late Wednesday and very nearly won out, but with the fifteen valley towns, whose delegates made the trip to Cisco in a chartered Pullman train, all working hard for Harlingen and supporting it the town as if it was their own city, the convention was swung to them. Next year's meeting is especially important as it is the golden anniversary of the association.

In winning the fourth vice presidency, Fire Chief Parker defeated

an almost sure candidate, Chief Wilite of Rotan, who came in third. E. P. Davis, of Brenham, was second and ran strong, but failed to gather the necessary strength to overcome Parker's lead. Parker was not supported by any delegation, as he said his wife were the only ones present from San Angelo, but won out on personal popularity.

Belton took first money in the reel races, winning a prize of \$750. Lampasas and San Marcos tied for second and third prizes, totaling \$500, and split the money.

Cameron team won the O'Connell cup race, Brownwood was a close second.

Brady won the convention city race, with a time of 27 seconds, winning a gold medal.

C. W. Heathley of Lampasas won the 100-yard dash in 10 1/5 seconds, winning a silver loving cup.

In the ladies race Miss Rathman of Lampasas won first prize, with Mrs. Carrie Fleisher of Brownwood second.

By acclamation, Olin Culberson of Hillsboro was re-elected recording secretary; Louis H. Shoof of New Braunfels was elected assistant recording secretary; T. L. Barrington of Lubbock, corresponding secretary, and the Rev. H. H. Packer of Lampasas, chaplain.

Cisco, the convention city, was honored by the election of its chief, R. L. Bettis, as the delegate of the state association to the International Firemen's convention.

### LATE FLASHES

CLEVELAND.—Modern structure to be erected on site of Stone building.

SAN GORGONIA.—Preliminary steps taken for wide boulevard to extend between Maywood and Whit-tier.

EASLAND HAS GET-TOGETHER PARTY

More co-operation and more personal work for the town as a whole by the individual citizens was the key note of the talks made at the Eastland Chamber of Commerce banquet last night at the American Athletic club. The dinner served by the ladies of the Baptist church was par excellence.

Better schools and better school buildings, better church buildings, more support, both morally and financially for athletics, a systematic studying of Eastland's resources, the building of an adequate and well equipped city hospital were a few of the subjects discussed by the different speakers who were called upon by President Butler of the Chamber of Commerce for speeches.

President Butler read a statement showing the financial condition of the Chamber of Commerce in which it was shown that the organization is on a cash basis, has money in the treasury and is paying off an indebtedness that accrued some time ago.

Secretary George W. Briggs told of what the Chamber of Commerce is doing toward perfecting plans for the fair to be held next fall and of the work done in arranging exhibits for the state fair at Dallas, the fair state show at Fort Worth and other shows.

It was decided by a vote of those present that another similar banquet and get-together meeting would be held within three months.

### WILDCAT OIL OPERATORS IN VARIOUS POOLS

Drilling Active North of Ranger; Seeking Gas in Cheney District.

Drilling in divers pools in Eastland county started with the busting of the Barkley well in wildcat territory about a month ago. With 15 locations around the Pritchard No. 1, located about 8 miles northwest of Ranger, oil men are flocking into Ranger and deals are being transacted every day. Groups of men are to be seen standing on the corners, in the hotels, sitting on the curbs, parked in automobiles and many have oil maps in their hands. Most of the maps are the geological survey of the Carter-Barkley pool but a number of them are of others.

An unconfirmed report is that Parsons, George and Delaney have purchased the interest of Harrison et al., in the Cheney district, several miles southwest of Ranger. With four producing gas wells flowing about 40,000,000 cubic feet of gas and several more drilling, the prospects for a dry gas field in the Cheney district are bright.

The Lone Star Gas company is said to have made a contract calling for the laying of a big main to the field when the production reaches 50,000,000 cubic feet of gas. Independent oil operators around Ranger say that there is oil in the Cheney field and that the same one will hit it sooner or later. The 4,800 acres comprising the survey lies between two producing areas and a firm belief is held in the minds of the operators that oil is to be had in that district.

Courtesy Brothers are now drilling on the old M. V. Brewer farm, lying between the creek and Merriman school house. The old Merriman pool has produced more than 5,000,000 barrels of oil in its day and is still good for more. The well is now down about 2,000 feet and drilling is being pushed. A report just the drill had struck a good showing of oil in a pay sand about 1,200 feet down that would be good for a nice well, is true, but the hole was drilled on through in an effort to strike the old Ranger pay at a depth of about 3,300 feet.

Leases are slow changing hands in the new pool, as titles are clouded. Practically the entire territory was leased over during the boom and a number of them have lapsed. Most of the available leases to be had now from the farmers are tied up with royalty leases possessed by men who live in other climes. The prices being asked for land adjoining the Pritchard well and surrounding territory are steadily going up with one report having that an owner had asked \$1,000 an acre for her land. However, the deal has not gone through as yet, according to reports. Starting out at \$150 per acre, leases are now changing hands for \$300 an acre or more.

### Lawyers Desire Courts to Take the Summer Easy

The Eastland County Bar association, at a meeting held in the Ninety-first district courtroom this morning, passed a resolution asking the courts to set no cases for trial during the months of July and August except such cases as could be set by agreement of all parties. This will enable the judges and attorneys an opportunity to take a vacation this summer. The district judges will arrange their vacations so that one of them will be in Eastland all of the time so that emergency cases could be heard.

### Entombed Montana Miner Is Sought

BUTTE, Mont., May 15.—Latest reports from the Colusa mine said that rescue crews were still unable to locate Gus Boldea, miner, entombed behind a fallen rock Monday afternoon. The driller said last night they were within three feet of where they think they will be found if he was caught in the fall. Little hope is held that he man will survive.

### AD CLUB TOURISTS ARE GUESTS IN SAN ANTONIO

SAN ANTONIO, May 15.—One hundred and fifty circle tourists, delegates to the Associated Advertising Clubs of the World convention at Houston, arrived here today to look at San Antonio. Their special train was met at the I.-G. N. station and the visitors taken to San Pedro park for a swim in the municipal pool, after which breakfast was served in the park. The national band of Mexico accompanied the party.

DALLAS.—Lamar & Barton, publishing unit of Methodist Episcopal church, purchase building at 1314-16 Commerce street; to be remodeled for use as office building to house all Methodist church interests in Dallas.

GRAND PRAIRIE.—Work started on construction of Young block.

### 'GERM MURDER' TRIAL WILL BE BEGUN MONDAY

May Consume Month or More, Shepherd Says He Will Be Acquitted.

CHICAGO, May 15.—With both sides announcing readiness, Judge Thomas J. Lynch of the criminal court today cleared his docket in preparation for the sensational Shepherd "germ murder" trial scheduled for Monday.

William D. Shepherd charged with killing his youthful ward, Billy McClintock, said today he was supremely confident of acquittal. Officials estimate it will take from two to three weeks to select a jury and from three to four weeks to conduct the trial. A large ante-room has been turned over to the press.

### Dallas Ready to Entertain Veterans Of the Confederacy

DALLAS, May 15.—Plans for the entertainment of 35,000 visitors during the annual reunion of the United Confederate veterans here, May 15 to 22, have been virtually completed, according to Herbert Carpenter, convention committee chairman, today. About 4,000 veterans will attend the convention, together with several thousand members of affiliated organizations, he said. The official program will probably be completed this week, it was indicated.

### College Professor Kills Wife, His Two Children and Self

NEW ORLEANS, May 15.—Geo. W. Peckham, professor at Newcomb college, woman's department of Tulane University, today shot and killed his wife and two children and then killed himself. The children were aged 2 and 7 years. All were shot through the heart. No cause is known.

### Leader of Cuban Liberal Party Is Assassin's Victim

HAVANA, Cuba, May 15.—Representative Joseph B. Cano, leader of the liberal party, was assassinated shortly before midnight by one of three men who attacked him as he was leaving the Jay Alai game building. His assailants escaped. Two years ago Cano killed Congressman Manuel Alonso after a political quarrel. He claimed congressional immunity and went to Europe. After an amnesty bill had been signed he returned to Cuba and was re-elected.

### BULGARS AND SERBIANS RUFFLE EACH OTHER

LONDON, May 15.—Thirty Bulgarian soldiers raided the Serbian frontier village of Ornechaitze, setting fire to several houses and wounding one person, according to Belgrade dispatches.

Incidents of this kind are causing grave concern in the allied capitals, where the possibility of a severance of relations and even of war between Serbia and Bulgaria is recognized.

### CREAGER REPORTS HIGHWAYS TO BE BUILT IN MEXICO

SAN ANTONIO, May 15.—Republican national committeeman, R. B. Creager, back from a stay in the City of Mexico, is enthusiastic over the prospects of speedy construction of two great highways between the Rio Grande and the Mexican capital.

Creager said a number of road engineers and road contractors of the southwest are interested in the highway projects.

### SCHOOL APPORTIONMENT FOR CURRENT YEAR DISTRIBUTED

AUSTIN, May 15.—The final dollar of the \$14 per capita apportionment for the current scholastic year of the Texas free schools has been transmitted by the state department of education. The total amount for the year was \$18,502,400. Scholastics number 1,320,500.

The last apportionment was not sent to 107 counties because they have not filed depository bonds for the biennium and two counties which have not filed the treasurer report.

### JOE BURKETT TO BE BANQUETED IN MIDLAND

MIDLAND, May 15.—A banquet in honor of Senator Joe Burkett of Eastland, member of the state highway department, is being planned by the citizens of Midland when he comes to Midland next week on his tour of inspection of the state highways. Mr. Burkett made many friends in Eastland while serving as state senator from this district and also during his recent campaign for governor.

### MOVIE FANS SEE FIGHT ON MOVIE TRUST

Theatre Owners and Picture Producers Planning at Milwaukee for Independence

MILWAUKEE, Wis., May 15.—The eyes of millions of movie fans are today centered on this city, where is being waged a super-struggle to make the world unsafe for a movie.

Theatre owners and motion picture producers are wending up preliminary plans for a battle which will attempt to make it impossible for a film trust to dictate what pictures shall be shown in theatres over the world.

The theatre owners at the convention are just as anxious to do some trust busting they say.

Sidney Cohen, of New York, is one of the leaders of the trust makers, who say that the trust is a gigantic octopus.

### COMMISSIONS WILL TAKE UP BORDER RIDDLES

Mexican and American Delegates to Consider Liquor and Smuggling Problems

EL PASO, May 15.—The Mexican and American commissions, meeting here to consider plans to reduce illicit transportation of whisky, drugs and aliens into the United States from Mexico, will hold their first organization meeting late today.

Delegates were reticent to discuss the object of the meeting today except to deny reports that additional issues would be injected into the conference. Official declarations generally outlined that additional co-operation between the two governments for suppression of illicit traffic in narcotics, liquor, tobacco and other frequently smuggled commodities will constitute the commission's program.

### Plane Collapses, Killing Pilot and Two Passengers

M'COOK, Neb., May 15.—L. L. Heffling, San Francisco aviator, and two passengers were killed late yesterday near Trenton when one wing of the plane collapsed as Heffling was bringing it out of a loop, according to advices here today.

Heffling was a world pilot, acting as an aviation instructor at San Francisco during the war. Nearly a score of persons saw the plane crash but were unable to rescue the bodies before they were badly burned.

### HUSBAND COMPLAINS HIS WIFE HURT HIS CREDIT

DALLAS, May 15.—A nagging wife can be endured until she tears down her husband's credit standing with his friends, according to a petition for divorce filed in civil district court here.

"Repeated and malicious lies deprived me of the confidence of a friend, who, on several occasions had cheerfully loaned me money," the petition said.

GRADE CROSSING TRAGEDY IN A CANADIAN VILLAGE

WINDSOR, Ont. May 15.—One woman was killed and 14 other women and two men were injured, some seriously, early today when a switch engine struck a motor bus at an unguarded crossing. The bus was filled with a party returning from a lodge initiation.

### ANNETTE KELLERMAN ASKS FOR ALLEGED DAMAGES

LOS ANGELES, May 15.—Annette Kellerman, "human fish," demanded \$20,000 from a real estate firm today for alleged misuse of her name in advertising.

The Australian mermaid directed her suit against the Annette Kellerman Country club project, said to have sold 250 cabin sites to women interested in physical culture.

Officials of the company said the temperamental mermaid was merely "puffed" because the profits didn't flow fast enough. They said she was one of the organizers and had no rightful cause to complain. She also demanded a receiver for the company, saying that it was heavily mortgaged.

BIBLE THOUGHT. For whosoever shall give you a cup of water to drink in my name, because ye belong to Christ, verily I say unto you, he shall not lose his reward.—Mark 9:41.

TEXAS. (From Editor and Publisher.) Organized advertising this year honors Texas with the twenty-first annual gathering of the Associated Advertising Clubs of the World, meeting next week at Houston.

The advertising men who go to Houston are individuals to appreciate Texas—the romance of her incredible commercial and industrial development under hands that truly valued the foundations laid by Stephen Fuller Austin and Sam Houston and their hardy descendants.

The savagery of the aborigine, the imperialism of old England, France and Spain, the tyranny of Mexico, the brutality of pioneer life, the armed man on horseback, the stubborn wilderness stretching over 265,896 square miles—these are the background shades of today's brilliant setting of human happiness, prosperity, activity, in a field so rich and promising that it has few rivals under the sun.

The vast majority of Texas people are native white, and they control government, business and the social life. Two-thirds are dwellers of the rural districts. Every man of family is guaranteed the right to possess a home, and the tools of a work-a-day life, exempt from any form of legal taxation. Texas provides lavishly for the education of her youths. The per capita state allowance for education is \$15 per annum. That does not include supplemental taxes levied by districts and cities. Her love of religion, art and learning is evidenced by the magnificence of the architecture of her places of worship, public buildings, libraries and homes and the preservation of the beautiful relics of ancient civilization. The Rice institute, which the advertising delegate will visit, is being built and maintained out of a \$10,000,000 fund and is dedicated to the advancement of letters, science and art.

Texas' budget is the nineteenth in the list of states. The assessed valuation of her realty exceeds two and a quarter billions. Her net state debt is less than \$5,000,000. Her marvelous bank resources are indicated in the statistics elsewhere shown in this issue of Editor and publisher.

Of 168,000,000 acres of Texas soil more than 67 per cent is farm land, 28 per cent improved, worth four and a half billions of dollars, which is the third valuation of farm property among the states. Texas leads all states in the value of farm products, the latest official figure being \$1,119,000,000.

Cotton is the leading crop, being nearly 40 per cent of all the cotton produced in the United States. Corn, oats, wheat, barley, rice, peanuts, hay, sorghum and a great variety of fruits and other farm products swell the rich annual yield of the state.

Texas is rejoicing as this is being written because of sousing spring rains, the forerunner of bumper yields. No longer does the Texas cowboy ride whooping into town on his mustang, except in the movies. "Down home" he rides to the village in a motor car and he and his fellow

citizens buy at the rate of 14,047 new cars per month. Automobile owners in Texas contribute \$11,000,000 annually to construct and maintain good roads. Nothing is so surprising to the eye of the visitor as the "forest of oil derricks" at nearly 20,000 wells. Texas produces more than 160,000,000 barrels of petroleum per year, a gush each day valued at approximately \$700,000. This is one-seventh of the world's supply. The value of oil producing, transporting and refining properties within Texas is estimated at \$750,000,000. This includes 72 refineries, handling half a million barrels of crude oil per day, coming from the United States, Mexico and South America. Oil has been produced from the breast of Texas for 60 years and the treasure that still exists beneath her surface is beyond calculation.

Sulphur, coal, lignite, clay products, asphalt, cement, natural gas, limestone, salt, granite, mineral waters, quicksilver, lime, plaster, lead, fuller's earth, silver and small quantities of gold are other mineral resources. The chief supply of helium gas, which may some day give all mankind a ride in the clouds on heavier-than-air craft, is supplied by this state.

The material facts concerning every important community in the Lone Star state are furnished in other pages of this issue. The newspaper and advertising statistics are also revealed for the benefit of the representatives of big business who attend this convention or stay at home, but who must, wherever they may be, reckon with this huge state which challenges the admiration of the world for its civic triumphs and material over. No business man making the trip to Houston can fail to receive new inspiration from fresh impressions of America's greatness. From the tropical Rio Grande to the softly chilling hills of the upperly gay and attractive but per Panhandle your Texan and his wife value the amenities and hospitality is a grace never neglected. Houston and the circle-tour cities will give the apostles of advertising warm welcome.

mated to have brought \$46,000,000 of their own money into the country. The new immigration law, the department said, is expected to decrease these remittances, since it makes it more difficult for individual aliens to come temporarily to the United States and puts a premium on immigration by families. Nevertheless during 1924 the remittances increased.

BLOOMINGTON. — New school building to be erected at cost of \$55,000.

Menus for a Family

Breakfast—Stewed prunes, cereal, thin cream, crisp toast, marmalade, milk, coffee.

Luncheon—Scalloped rice, lettuce sandwiches, shredded pineapple, sponge cake, milk, tea.

Dinner—Fruit cocktail, broiled cod steaks, spinach sauce, shoe string potatoes, buttered beets, head lettuce with Thousand Island dressing, toasted crackers with Roquefort cheese, rye bread, milk, coffee.

This dinner offers a suggestion for a company dinner. A fruit cocktail is particularly pleasing during the summer months and is easy for a maidless hostess to serve. Crackers and cheese take the place of a sweet at the end of the dinner again saving the hostess worry and fuss.

Spinach Sauce. Two cups chopped spinach, 2 table-spoons cream, 1 dessert spoon lemon juice, 2 eggs (yolks), 1/2 teaspoon salt, 1/4 teaspoon pepper.

Wash spinach and pack tightly into measuring cup. Drain and pound with a wooden potato masher, rub through a sieve. Put spinach, cream, lemon juice, salt and pepper and yolks of eggs into a smooth saucepan. Use a wire whisk and beat over the fire until frothy. Serve at once. More lemon and another egg yolk can be used if a tartier sauce is wanted. (Copyright, 1925, NEA Service, Inc.)

Itching Eczema Is Worst of All

When you go to the theater or whenever you are near many people and begin to scratch that eczema or itching part of your body, people become uneasy while they are around you and usually show their resentment to the annoyance. You don't have to put up with this embarrassment because you can get rid of the trouble you are bothered with by using Black and White Ointment. It is the quickest way to relieve yourself of eczema, rash, "breaking out," boils, pimples, etc. Be sure to use Black and White Soap when you wash to keep the skin soft and smooth after that. Black and White Ointment and Soap are economically priced, in liberal packages. The 50c size Ointment contains three times as much as the 25c size. All dealers have both the Ointment and the Soap.—Adv.

Society AND THE ACTIVITIES OF WOMEN IN RANGER

SATURDAY EVENTS. Eastland County Federation meets at 2 o'clock, Cisco lake. Public library opens 1 to 6 o'clock, Marston building.

STUDENT RECITAL BY MRS. PETERS' PUPILS. Pupils in expression of Mrs. Marion F. Peters will give a recital this evening at 8 o'clock on the mezzanine floor of the Gholson hotel assisted by piano pupils of Mrs. Charles G. Norton. Elizabeth Earnest will give a special dance. The program promises a pleasant evening and a cordial invitation is extended to all who are interested.

MONOLOGUE. "The Christian Soldier" (Cooke), Eloise Woodell. Reading, "My Grandma" (White) Elizabeth Earnest. Monologue, "Class Parties," Lucille Buchanan. Reading, "At Dancing School." Piano solo, "Angel Serenade" (Braga), Mary McNeil. Reading, "When Father Played Baseball" (Guest). Reading, "Here Comes the Bride," Nell Douglas. Butterfly dance, Elizabeth Earnest. Monologue, "Little Mary Plays the Piano" (Parker), Florence Sue Dodson. Pianologue, "Lasca," Theola Stong; Jennie Robison, accompanist. Reading, "The Summer Idol" (Cooke), Mitchell Woodell. Costume monologue, "Aunt Jane" (Cooke), Elizabeth Barrett. Piano solo, "Reconciliation Polka" (R. Drigo), Marguerite Adamson. Reading, "The Bath Hour" (May), Louis Gregg. Play, "That Boy" (Chaplin). Mrs. Hale, a young widow, Theolo Strong; Sadie, Florence, Laura (her friends), Elizabeth Barrett, Lucille Buchanan, Nell Douglas. Scene: Mrs. Hale's sitting room. Hime: The first day of June.

PERSONALS. Miss Kate Rowland and Miss Ruby Haines of Coleman are spending a few days with Mrs. W. W. Paschal at 3411 Wayland road. Mr. and Mrs. R. G. LaPrele and children are spending the week-end in Dallas and Fort Worth, visiting relatives and friends. Younger girls are wearing huge bow ties with Peter Pan collars which accompany the blouse of the street suit. Polka dot effects and bright solid colors are those most popular. One young miss wore a gray double-breasted suit with a bluish-gray crepe de chine blouse and a huge violet colored bow knot under her chin.

MRS. TOLLAND HOSTESS TO AD LIBITUM CLUB. Members of the Ad Libitum club were delightfully entertained on Thursday at the home of Mrs. J. R. Tolland, where lovely home-grown sweet peas and roses made the spring day more fragrant. In the bridge games high club favor went to Mrs. Gus Coleman, guest prize to Mrs. W. D. Conway and cut to Mrs. D. L. Jameson who will be the next hostess and will entertain next Wednesday. Delicious refreshments were served at the close of the afternoon. Those present were Mrs. Hall Walker, Mrs. W. N. McDonald, Mrs. R. W. Thomas, Mrs. D. L. Jameson, Mrs. J. A. Shaw, Mrs. G. P. McCobb, Mrs. C. E. Shields, Mrs. Walter Murray, Mrs. Gus Coleman, Mrs. C. F. Underwood, Mrs. C. C. Cooper, and Mrs. W. D. Conway.

ST. MARY'S GUILD HAS ENJOYABLE DANCE. Although the dance given Thursday night by St. Mary's guild might be called a "small and early," it was thoroughly enjoyed by all present. The music furnished by Coleman's orchestra was unusually good and the floor not too crowded to make dancing a pleasure. There were a number of out-of-town guests

among them being Mrs. John H. Moyer and Mr. and Mrs. Bowman of Cisco and Mr. and Mrs. Hanson of Moran. This is the closing event of the season sponsored by the guild.

—RANGER SOC ALL ALATHEANS PLAN SPECIAL FOR SUNDAY. Alatheans of Central Baptist church all planned to earn a dollar this week and to tell how they earned it in verse at the Sunday morning class. Members of the class are reminded that they are expected to be on hand Sunday morning whether they have earned the dollar or not.

FINE-RILEY PROGRAM GIVEN BY T. E. L. CLASS. The T. E. L. class of Central Baptist church gave a splendid Riley program at the church on Wednesday evening. There was a free will offering taken which netted more than \$22 for the redecorating of the church. Those taking part, under the direction of Mrs. L. McNeill, were: Ruth Thranert, Mary McNeill, Sue Harris, Mrs. Leake, Miss Buchanan, Theo Steadham, Evelyn Long, Margaret McDonald, and Joy Leake. Following a preliminary program a presentation was given of "That Old Sweetheart of Mine," by Junior McMichaels, Sue Harris, Mr. and Mrs. B. D. Clarke. These parts were exceptionally well taken and were enthusiastically received. A fine crowd of blond satin are among the important afternoon frocks.

MISS BUCHANAN'S PUPILS GIVE DELIGHTFUL RECITAL. A splendid program of violin and piano music was given Thursday night at the high school auditorium by pupils of Miss Gillian Buchanan. The stage was tastefully arranged with potted plants, cut flowers and draperies which made a pretty background for the dainty frocks of the girls and the new spring suits of the boys. An audience of goodly size gave appreciative attention to an interesting recital, which was thoroughly planned and delightfully presented. The compositions were pleasing in character and the playing of the children reflected credit on their teacher as well as on themselves.

PERSONALS. Miss Kate Rowland and Miss Ruby Haines of Coleman are spending a few days with Mrs. W. W. Paschal at 3411 Wayland road. Mr. and Mrs. R. G. LaPrele and children are spending the week-end in Dallas and Fort Worth, visiting relatives and friends. Younger girls are wearing huge bow ties with Peter Pan collars which accompany the blouse of the street suit. Polka dot effects and bright solid colors are those most popular. One young miss wore a gray double-breasted suit with a bluish-gray crepe de chine blouse and a huge violet colored bow knot under her chin.

DID YOU EVER STOP TO THINK By E. R. Waite, Secretary Shawnee, Okla., Board of Commerce. That advertised goods are in particularly high favor. That they will continue that way as long as they are advertised. That the crowds buy at the store that is a consistent advertiser. That there is a reason for it. That the crowd knows that the store that advertises sells quality goods. That goods of quality and service is what they are looking for. That quality goods and right prices are recognized as necessary in modern methods of business. That this is being recognized by the dealer; he builds his business by quality goods and advertising. That the merchants realize that in order to be successful themselves, the community must be successful. The merchant who does not realize that is as dead as a mummy. Brown lace dresses worn over blond satin are among the important afternoon frocks.

# Potash Development In West Texas Will, In Time, Build Up An Immense Industry

By D. W. HOLLIS.  
AUSTIN.—Conclusions recently reached from a long series of investigations confirm a long felt conviction that potash does exist in commercial quantities on University of Texas and other Southwest Texas lands. The total area is something like 300 by 200 miles. Dr. J. A. Udden, of the bureau of economic geology of the University of Texas, said:

"There can be no mistake about there being potash on these lands and it runs in a territory for 300 miles in length by 200 miles in width. But no one could think of this being one continuous potash bed; it can only be arms of the old sea extending out here and there. Yet even at that, sufficient investigation has now been made to justify a thorough and extensive test of the whole field.

**Complete Survey Costly.**  
"It will take a couple of million dollars to make the survey of these potash possibilities, but every preliminary investigation has been made that is necessary and now is the time to make the final and conclusive investigation of the matter. And we have every reason for saying that this much money should be provided from some source for such investigation. Every evidence has been obtained that would justify such an expenditure.

"The best tests that can possibly be made with the churn and rotary drill have been made, but these can never be satisfactory. What we need is a series of cone drills to prove the percentage of these salt beds in available potash. The tests that have been made heretofore have shown from 2 per cent to as high as 29.4 per cent potash in the soluble salts. This no doubt would run much higher could a perfect core of the potash be taken out. This is the

**"Hey, fella's! Here's flavor!" You bet! A flavor found only in Kellogg's Corn Flakes. A flavor no one on earth could describe! Taste it—and you will agree!**

Discover the Kellogg flavor today. Thrill the whole family and save yourself work. No cooking. Just fill the bowls from the package, and add milk or cream. Simply delicious with fresh or preserved fruit. Served in all restaurants and hotels. Sold by all grocers.

**Kellogg's CORN FLAKES**

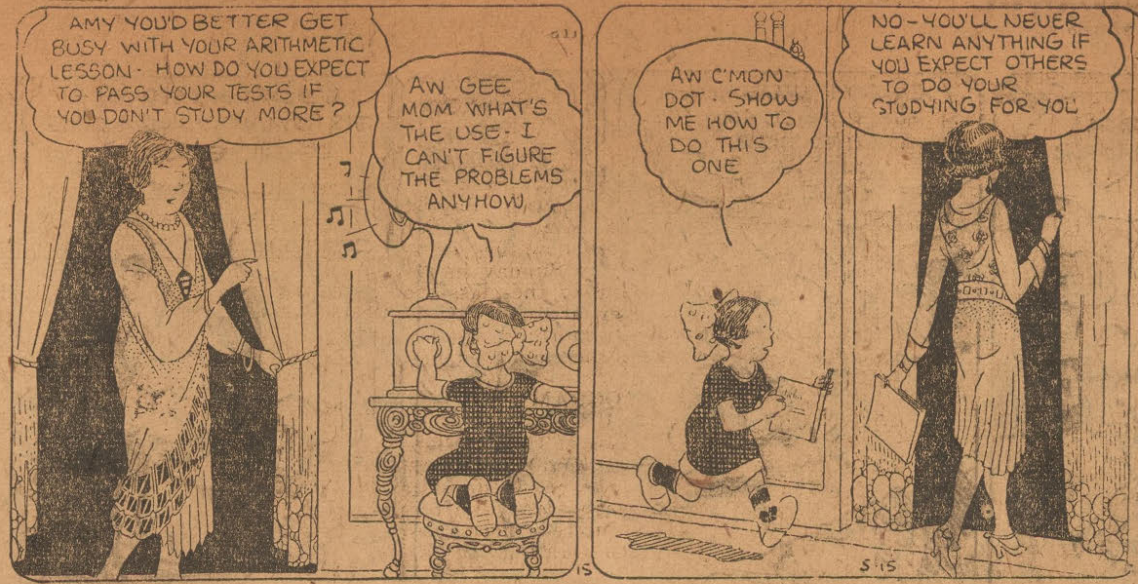

Oven-fresh ALWAYS  
Kellogg's patented inner-sealed waxlike wrapper preserves the flavor and keeps the flakes toasty-crisp. This is an exclusive Kellogg feature!

**We challenge the World**  
Try any ready-to-eat cereal. You won't find another that even approaches the marvelous flavor found only in Kellogg's Corn Flakes.

### MOM'N POP

BY TAYLOR

next best proof to the mining of the product.

"There are some commercial concerns interested in the potash beds of Southwest Texas, but whether any of these are of sufficient importance to take care of the situation, I am not able to say. We have letters and other communications concerning these beds very often, but whether any of the men who

have seen me are sufficiently backed to carry on the work or not, I can not say.

**Organization Necessary.**  
"It is sufficient to say that there will be a thorough investigation of these potash beds within the next few years. There are many things to consider in a big thing like this. It will entail many unthought-of details before we can go to producing

potash on a paying and altogether economical scale. In the first place it will take a great organization to put this project over. Of course, after it is once started, and it will be, there will be sufficient money and enterprise to carry it on, and no doubt but what we will produce much potash there within the next decade."

Dr. H. P. Bybee, of the geology

department of the university, thinks that in the absence of other funds for the development of the potash beds on university lands, the oil royalties of the institution should be turned to that work. He said:

MUNDAY.—Messrs to build lodge hall at cost of \$18,000.

# Your dollar is round

---BUT---

WITH IT?

Do you give it a chance to do its stuff in full value? Do you let it have sense? One hundred cents worth? Or are you penny wise and pound foolish?

A silver dollar weighs one ounce. A gold dollar weighs one-sixteenth of that. Yet the intrinsic value of the gold dollar is almost twice that of the silver dollar.

Is it weight you are after? Quantity? Then when you change a ten-dollar bill, call for it all in silver and kid yourself into believing you have more money than you started out with.

Your silver dollar is only worth about 44 cents, but in this store it will buy 100 cents worth. The quality behind our products is your guarantee, the same as "E Pluribus Unum" is your guarantee on the silver dollar.

OUR SPECIALTY IS QUALITY.

OUR SLOGAN IS SATISFACTION.

Our aim is to make a living by your custom and we can't do it without being square with you. If you are a special-chaser you are wasting your time here. If you want something good to eat and 100 cents worth for your dollar, you are wasting your time until you get here.

We endow your dollar with sense.

# HOUSEKEEPERS OF YESTERDAY AND OF TODAY

By BARBARA BROOKS  
Kellogg Company, Battle Creek, Mich.  
The other day we heard a young housekeeper say that it seemed as if she was always washing dishes and that she was always a meal behind!

In our grandmother's time, it would have been considered slovenly not to wash the dishes immediately after each meal. In the wealthy homes, the custom was to bring pans of water into the dining room where the mistress of the house washed the fine tea things with her own hands. The thin silver, spoons and Chelsea tea set were too precious to be sent to the kitchen.

**Ways Change.**  
Our ways have changed since then. Running hot and cold water and generous sinks make it simple to rinse the dinner dishes so that they can be neatly piled and washed the next morning if we prefer doing that way, and no apologies are necessary.

We would regret going back to our grandmother's time in the matter of household conveniences. A month's camping in summer will bring most women back to town counting their blessings in the way of labor-saving devices.

Meals, too, have changed since grandmother's day. Then the foods were not so refined. Wheat was ground at the mill and nutritious loaves of bread were made from the flour. This flour contained all the bran and the bread was "sweet as a nut." Every family had a garden and many vegetables were eaten in the summer, and fruits were preserved or stored for winter use. Fresh vegetables were lacking during the winter, but the apple barrels seemed bottomless and their rosy contents saved many families from an otherwise monotonous round of canned peaches and cherries.

**Whole Wheat Habit.**  
The whole wheat, or bran, bread habit is one which we can well adopt. The outer covering of the wheat grain is rich in minerals—especially iron and phosphorus—which are so essential for health. Package bran is convenient to have on the pantry shelf. It can be added to white flour and used for griddle cakes, muffins, bread, and rolls.

The next time you feel that you

# FRECKLES AND HIS FRIENDS

## Breckenridge to Play Magnolias In Ranger, Sunday

Ranger Magnolias and Breckenridge will play Sunday afternoon at 3:30 o'clock at Nitro park, Ranger. The Dynamos and the Magnolias are both playing good baseball this year and a fast game is looked forward to by Ranger fans. Breckenridge was easy for the Magnolias last year but have bolstered up their club with new blood this year and may spring a surprise on the Ranger team.

Must have some homemade bread, try the following bran recipe—instead of baking the dough in a loaf, it may be shaped into rolls, glazed with white of egg and sprinkled with bran.

**Mashed Potato Bran Bread**—One yeast cake, 2 teaspoons salt, 2 tablespoons sugar, 3 tablespoons molasses, 1-2 cup mashed potatoes, 2 cups lukewarm water (80 degrees), 2 1-2 cups All-Bran, 4 cups bread flour (or more).

Crumble the yeast cake into the bowl, add the water, then all the other ingredients except the flour. Sift in flour carefully, stirring until the mixture can be kneaded. Knead until smooth. Cover and let rise until double in bulk. Punch down the dough and let it rise again. Shape into loaf, put into a greased bread pan, let rise, then bake in a moderate oven (350 degrees) for 55 minutes.

## ANSWERS FAIL TO SATISFY THE COURT

HOUSTON, May 15.—Nerves, fish and beer figured in the hearing on liquor charges of Louise Mathews, negress, in justice court here. Louise said she made the beer because some one told her it was good for "a case of nerves." She explained the presence of 500 corks by saying Tom Daniels, implicated in the case, was going fishing.

Tom said he didn't know anything about the beer or the corks. The pair were held.

## RANGER GUN CLUB SHOOT THIS AFTERNOON

Marksmen of the Ranger gun club will shoot this afternoon at the gun club range on the country club grounds. All men who desire to shoot are urged to be present by 4:30 o'clock, if possible, so that the matches may be run off without any delay. Plenty of birds and ammunition will be on hand for all, according to J. T. Killingsworth.

At the recent opening of a Broadway production, the actresses wore slippers matching or in contrast to their evening gowns. With an orchid gown, green satin slippers were chosen. A pink gown was matched with pink hosiery and slippers. A yellow gown trimmed in coral velvet was worn with coral slippers.

## Rich and Poor Women Here Join In Common Cause

Battle Against Unseen and Terrible Enemy Which Causes "Female Troubles" Is Making the Interests of All Women the Same.

A remarkable feature of the success of St. Joseph's G. F. P. here is the different types of women it is attracting. They range from the prosperous looking and fashionably dressed women, to plainly dressed working girls and women. All rub elbows in a common cause—the search for vitality and health which will relieve them of their irregularity, nervousness, excitable and irritable disposition, pains in the sides and back and that terribly depressing melancholy feeling.

"Why not," says the representative of the discoverers of this phenomenal medicine. "Because a woman has money and social position, that don't make her immune from the effects of carelessness, neglect, exposure and imprudence. In fact, riding around in closed cars, attending parties in the daytime and social functions at night, together with the rich food which is usually consumed, will put the delicate female generative system out of order as sure as fate."

"Many who are getting G. F. P. now are being sent by friends. Today a prominent woman said she began using it because her maid told her G. F. P. was 'doing wonders for her.' She said: 'My maid suffered from insomnia caused by nervous exhaustion, and I have had the same trouble for years.' I wanted to say 'tommyrot' madam, both you and your maid are suffering from Catarrh of the Generative Organs, which is sapping the vitality and strength from your precious system."

**Women Now Depend on St. Joseph's G.F.P. To Restore Their Vitality**

**WHEREVER I GO—  
Somebody's Saying  
"Decker's"**

"HURRY, dad — we just can't wait. That's Decker's Iowana Bacon, you know!"

Oh the sweet, mild-cure flavor of Decker's Iowana Bacon. As luring as a perfect summer day!

And to satisfy the outdoor appetite, what greater treat, what greater economy than a whole Decker Ham tucked into the picnic basket? One slice like another—so tasty, so tender.

For 200 years the Deckers have specialized in the selection and preparation of hams and bacon. Therein lies the secret of that matchless "Iowana" flavor.

Your Decker Dealer will be pleased to supply you

**TOM SIMS SAYS**

Autos killed 19,000 last year, not counting those who worked them selves to death paying bills.

A hen doesn't lead such a bad life. We wouldn't mind being able to sit still for three weeks.

Another thing to turn green in the spring is the man who drinks the dandelion wine he makes.

Uncle Joe Cannon has started smoking again, perhaps because the Christmas cigars are all gone.

Not long ago a man told us there was no Santa Claus. Now scientists say the bee isn't so busy.

Prince of Wales spoke to the Boers in their native tongue. Hope the Boers were not bored.

The crown prince of Italy is going to Japan. All these prince boys have spring fever.

In New York a man is charged with wrecking hotel furniture. A hotel bed wrecked us once.

Bad news from China. Tientsin cook killed 40 people. He did it with gunpowder, not baking powder.

Job was a patient man. He never pushed a baby buggy while wishing he was behind a steering wheel.

As a man thinks, so is he. So, if he doesn't think, he just isn't.

Work wouldn't be so bad if you could do it for a hobby. (Copyright, 1925, NEA Service, Inc.)

**EASTLAND HIGH SENIORS WILL PRESENT PLAY**

The seniors of the Eastland High school will present the senior class play at the Cannelle theatre, Thursday, May 21. The play is the well known "Mrs. Wiggs of the Cabbage Patch." The success of a play isn't so much in the author, the lines, the theatre, the "house," but in the action. There has not been a play in Eastland in the last few years that is so successful in its characterization as the senior play for the class of 1925. Every character does have a difficult part to fill and it is being filled admirably.

Ada Martin, as Mrs. Wiggs, fits wonderfully into the part. The sympathetic, understanding, helpful personality is ever present. The interests of the whole patch and the successful solution of the many problems only increase Mrs. Wiggs' enthusiasm and pep. Every phase of the development of the inhabitants of the Patch receives the undivided attention of the "head" of the family. Mrs. Wiggs has to fight the battle alone in the absence of her husband, who eventually returns and is forgiven for his actions and the happy family circle continues.

Three Children. Asia, Europa and Australia, are parts just made for Evelyn Skinner, Mineola Graham and Fay Overbey. These children, of course, bring joys as well as worries and sorrows to their "ma." Asia bosses the other

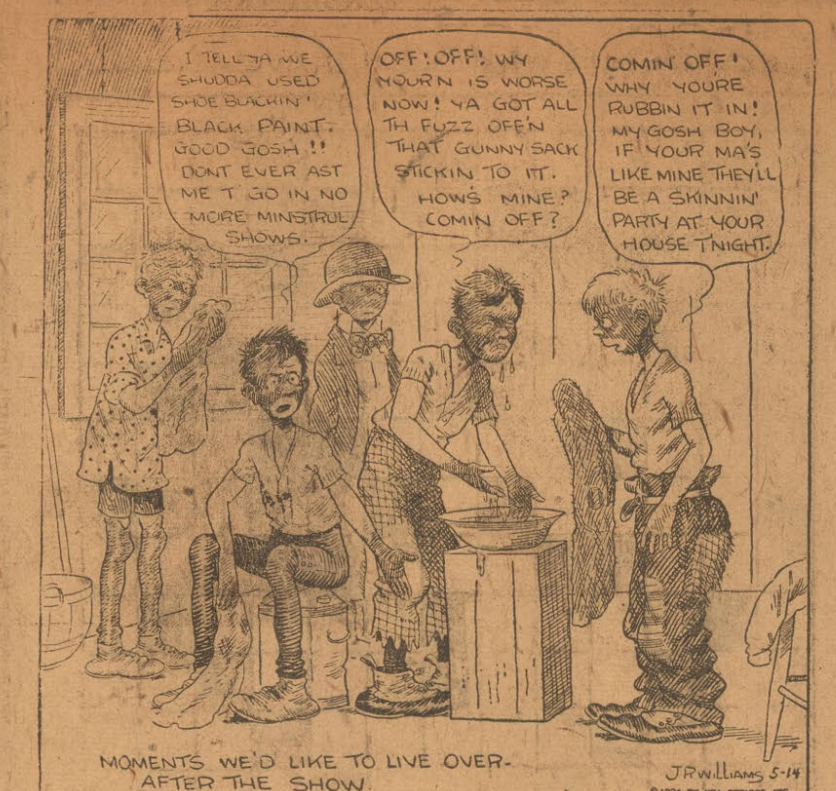

kids around and helps her "ma" to keep the household intact. You can expect to see just normal, happy, mischievous children falling in rain barrels, pulling the cat's tail, and doing other amusing stunts.

No play is worth while without some universal truth. Hence this play has a love affair. The match is brought about by Mr. Hunkerdukus Jones, a la Garland Harrison, who is an expert matrimonial agent. He is successful in tying the knot for Mr. Stubbins and Miss Haby. L. L. Vaughn and Clara O'Neil. The wedding scenes with all the neighbors in to celebrate presents a never-to-be-forgotten sketch. You will split your sides laughing at the preacher, deacon and other friends shaking the wicked hoof in the closing scene of the first act.

Enters a Secret. The play couldn't be a success without some secret. The patch is literally thrilled to pieces to have a strange woman and a small child drop in on them and beg for a place of cheer and comfort. Geraldine Dabney and her little brother, as Lovey May and little Tommy, add a touch of pathos and sympathy to the happenings of the patch. They are cordially welcome, but of course, are under the watchful eye of everyone. Finally little Tommy finds his father in the person of a man who comes with the sheriff to arrest Lovey Mary for kidnaping him from an orphan asylum.

Law, you ain't seen nothing till you see the Sunday school class. Mrs. Wiggs doesn't neglect the spiritual side of the Patch any more than any other phase. Everybody in the play hasn't been

**OUT OUR WAY**

mentioned today. In fact there are 28 characters in the cast. Just watch tomorrow for new names and characters. Then plan to see the whole stunt next Thursday night at the Cannelle.

**TEXAS MAN NAMED FOR OFFICE IN BRAZIL**

**HOW MRS. ALEXANDER WON 280 PRIZES WITH CALUMET THE WORLD'S GREATEST BAKING POWDER**

Read what Mrs. Alexander says

"Baking Powder of course is one of the most important ingredients that goes into the baking of cakes and especially those intended for the rigid inspection of the judges of the Iowa State Fair.

"When I entered my first cake at the State Fair thirteen years ago I used Calumet Baking Powder and won a prize. I have been using it ever since and for the last eight years have won the greater share of first prizes for cakes at the State Fair, with my greatest success this year when I received 23 Blue Ribbons, 8 Seconds and 3 Thirds, or 34 winners out of my 37 different kinds of cakes entered.

"I have always found Calumet to be the dependable, reliable and consistent winner."

Mrs. Jesse Alexander

\$700.00 in Cash Prizes—that's exactly what Mrs. Alexander of Indianola, Iowa, has won with her Calumet Baking Powder cakes.

A few years ago, she decided to try for a prize at the Iowa State Fair. She baked a cake and she didn't neglect to use Calumet—she won and she's been using Calumet and winning ever since.

Calumet bakings have been winning prizes and praise for over thirty-five years. And today this perfect leavener is the preference of America's housewives.

Calumet goes farther, lasts longer and never fails to raise the baking to its highest nutritional value.

Contains only such ingredients as have been officially approved by U. S. Food Authorities.

### Jurors Summoned For Duty Next Week

The following have been summoned as jurors for the Ninety-first district court for the week beginning Monday, May 18:

C. B. McCoy, Romney; J. A. Drake, Eastland; Luke Black, Desdemona; M. H. White, Romney; O. M. Bishop, Ranger; T. E. Brownlee, Cisco; F. D. Alderson, Eastland; W. H. Copeland, Ranger; W. B. Baldwin, Pioneer; John Huckabee, Cisco; D. C. Sadler, Cisco; T. E. Wearnden, Pioneer; M. B. Knox, Eastland; Gade Andrews, Gorman; J. G. Robinson, Rising Star; C. E. Buckbee, Eastland; A. P. Murrin, Cisco; F. R. Perkins, Ranger; Herman Reich,

### Take no chances with your baking

MAKE sure that you get the best possible results every time you cook or bake by using Mrs. Tucker's Shortening. You will find that it makes muffins, hot breads, cakes—light and flaky and tender. That fried meat and vegetables are never greasy. That whenever you use it, it imparts the richness of butter—and none of the heavy indigestibility of lard.

That is because Mrs. Tucker's is a pure, wholesome vegetable shortening. It is made exclusively of choice of cottonseed-oil. Buy a full pound tin from your grocer today. It will be enough to convince you of its economy.

You'll be delighted, too, with the new container for Mrs. Tucker's. Absolutely air-tight, it assures you shortening that is fresh and pure. It's wonderfully easy to open—a matter of seconds. Once empty, it is useful about the house as a bucket or dinner pail. Interstate Cotton Oil Refining Co., Sherman, Texas.

*Mrs Tucker's Shortening*  
America's finest cooking fat

NOTICE:—In This Sale We Render the Same Careful Attention as Usual.

Sold for \$75

Fifty dollars down and \$25 more upon delivery. That was the price quoted on Mrs. Lousa Job of Chicago, according to charges she has made against her husband, Anton. Mrs. Job says her husband sold her to John Parker, a contractor. She refused to be delivered.

### LAYMAN TO PREACH SUNDAY AT FIRST BAPTIST CHURCH

The pulpit of the First Baptist church will be occupied Sunday morning by J. P. Walsh of Ranger, in the absence of the pastor, Rev. W. H. Johnson, who has been in Memphis, Tenn., during the week attending the Southern Baptist convention. The B. Y. P. U. will render a service in the evening.

### STOLEN COUPE LOCATED.

Constable C. S. Looney of Cisco was in Eastland today. He stated that he had located the Ford coupe stolen from Rev. T. J. Stewart of Cisco, at Strawn, May 9, at Emory, Texas, and that Mr. Stewart had gone after the car.

### DR. S. C. RICHARDSON SOON WILL MOVE TO DALLAS

Dr. S. C. Richardson announced last night at the Eastland Chamber of Commerce meeting that he would move to Dallas to make his home within a few days. He has been engaged in the practice of medicine and conducting a private sanitarium in Eastland for a number of years.

Trust deed—Mrs. Mattie A. Robinson to Ralph A. Beaton, lot 1 in block 18, Rosewell addition to Cisco.

Trust deed—L. V. Carroll et ux. to Ralph A. Beaton, lot 7, in block 6, Harrells west side addition to Cisco.

Try P. W. Boone, Chiropractic Massur, P. & Q. bldg., Ranger.—Adv.

### Eczema

Oh! The joy of a peaceful, restful night. What a wonderful "up and going" feeling follows such a night of undisturbed slumber.

Oh! What tortures—what agony—what despair—goes with the nights where eczema and other skin diseases hold power and drive away rest and peaceful slumber. For under the cover of darkness like crafty beings of the underworld these eruptions work their most serious havoc.

S.S.S. is the established conqueror of these annoying skin diseases. S.S.S. drives these ever disturbing elements from your system—elements that carry in their wake—lack of energy—undermining health! You may try in vain to get rid of them by using salves, lotions, washes, all to no purpose. You can't do it that way—the seat of the trouble lies deeper—impure blood trying to throw off poisons through the tender skin.

S.S.S. purifies the blood. It aids Nature in creating new red-blood-cells by the million! Blood-cells that send new rich blood coursing through your system. Red blood that drives away eczema—drives away pimples, blackheads, boils and rheumatism, too. An increase in red-blood-cells means added strength, added vitality and renewed vigor. Because the medicinal ingredients of S.S.S. are purely vegetable, it may be taken with perfect safety. Start taking S.S.S. today and watch it rout that annoying, skin destroying, health undermining army that holds your system in its grasp! Learn again what it means to enjoy peaceful, restful nights of slumber.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.
