## RAINFALL FILLS UP WATER RESERVOIRS

### FEAST OF SONG PROMISED FOR JUNE MEETING

T.-P. Sunshine District Singing Convention to Meet in Eastland June 20-21

Three thousand people are expected to attend the T.-P. Sunshine district singing convention, composed of Eastland county and a large number of surrounding counties, which is to meet in Eastland, Saturday and Sunday, June 20 and 21. Communications received from many leading song publishers, song writers and singers over the state, say that they are making plans to be on hand at the opening of the convention and many of them expect to be here on Friday before.

Virtually every organized singing class and all singing conventions in Eastland county and adjoining and close by counties have either joined the district convention or are making their plans to do so at their next meetings.

The matter of taking care of the crowd that is expected to be in Eastland on the occasion, has been taken over by the Chamber of Commerce, which is working in co-operation with the arrangement committee appointed by President R. L. Rust of the convention for that purpose.

Secretary Briggs of the Eastland Chamber of Commerce stated this morning that he would take the matter of the convention up with the board of directors of the Eastland Chamber of Commerce at the next meeting of the board, which will be within a few days, at which time definite plans for handling the crowd would be decided upon.

### Rock Island and Southern Pacific Merger Possible

CHICAGO, May 8.—Financial leaders here today looked with interest on the prediction of J. E. Gorman, president of the Rock Island railway, that the Southern Pacific and Rock Island roads may be merged in the near future.

Addressing the annual meeting of his stockholders, Gorman indicated that plans for the merger have been held up by the opposition of Julius Kruttschnitt, chairman of the board of directors of the Southern Pacific. Gorman said that Kruttschnitt would retire June 1 and that plans probably would be advanced at that date. The proposed merger, which is understood to be in line with the interstate commerce commission's for consolidation, would link 20,000 miles of railway into one system.

### 'Tis Different When President Attends

WASHINGTON, May 8.—Closeting in scanty attire may be all right for regular patrons of musical comedy, but when the president of the United States attends, it's different. Breast plates were especially added to the bead string equipment of the starring lady of the Ritz Revue, for the occasion of the president's night out Tuesday, it developed here today.

### DALLAS OFFICERS DOUBT WHAT THIRD READER SAYS

DALLAS.—Dallas police officers may be backward and all that and may come in for some criticism because they do not take a great deal of stock in spiritualism, physics, et al. But when one lady telephoned Captain Will Moffett to "rush some one to Cushing, Okla., to get my machine in at Cushing?" Moffett queried, "I know it's there," the lady replied coldly. "A mind reader told me so."

A close check on departmental expenditures does not show expenses for an officer to go to Cushing.

### JAPANESE SHIP WRECKED, ONE HUNDRED PERSONS DROWNED

TOKIO, May 8.—The steamship Toyio Maru, a vessel of 470 tons, has been wrecked near Sasebo, Japan, in a terrific storm. It is feared that approximately 100 persons lost their lives.

Three destroyers, which were sent to the scene of the wreck, reported no signs of life aboard the vessel.

The destroyers are continuing the search for members of the crew and passengers.

### SAVE CYCLONE TREES.

CHICAGO.—An attempt will be made to save as many trees as possible along the path of the Missouri-Illinois-Indiana cyclone of March, 1925. Tree surgeons will be sent along the path of the storm and whatever trees are worth saving will be given tree surgery.

### Mrs. Shepherd Is Given Her Freedom On \$5,000 Bail

CHICAGO, May 8.—In sharp contrast with the tribulations of her husband, Mrs. Julie G. Shepherd, charged with being an accessory to the alleged murder of Mrs. Emma McClintock and her son, Billie, was free today on bond of \$5,000. There was no opposition from State Attorney Robert E. Crowe, who put up such a strenuous and successful fight to keep William D. Shepherd in jail.

Crowe indicated he would allow the case to take its regular course. This means it may be a month or more before the grand jury takes action. Chief Justice Olson of the Chicago municipal court, who instigated the entire investigation, is displeased with Crowe's attitude. He feels that Crowe ought to go before the grand jury immediately. Crowe holds he would complicate the prosecution against Shepherd if he were to take action against Mrs. Shepherd now. Shepherd's trial is due to start May 18.

### WOMAN KILLS HER HUSBAND'S FORMER WIFE

Mrs. Fuqua Held In Waco For Death of Mrs. Alexander.

WACO, May 8.—A charge of murder was filed here today against Mrs. M. M. Fuqua in connection with the death of Mrs. Edna Alexander, 25, of Fort Worth, last night. Mrs. Alexander was shot twice by Mrs. Fuqua, police said, when she attempted to force her way into the Fuqua home over the protest of Mrs. Fuqua. Mrs. Alexander was Fuqua's former wife. Trouble which arose over the husband resulted in the shooting, police said.

### Ballinger Man Is Unhurt After Fall About 3,000 Feet

BALLINGER, May 8.—Roy Reeder, a young merchant of this city, had a narrow escape from death, while returning from the West Texas Chamber of Commerce convention at Mineral Wells when the airplane in which he was riding fell from a height of 3,000 feet. The machine began to descend when water from a burst radiator killed the motor. The airplane fell to the ground near Taha, eight or nine miles east of here, landing in a flock of sheep, killing and crippling a number of them. The plane landed right side up, and aside from a shaking up Mr. Reeder was not injured.

### Student "Dating" Abbreviated by the Oklahoma University

NORMAN, Okla., May 8.—A wave of protest swept the campus of the University of Oklahoma today over the resolution limiting "dating" during the first four nights of every week passed by the board of regents. "How are we going to make enough headway toward gathering in a frat pin with a rule like that?" was the cry of the fair sex.

The new rule becomes effective with the opening of school next September. The Oklahoma Daily, student publication, raised a protest to the rule today, declaring that the university of the Missouri valley refused to adopt such stringent measures.

### RUTHERFORD FACES LIFE SENTENCE FOR MURDER

BRADY, May 8.—Dave Rutherford, of Santa Anna, was facing a life sentence in the prison today for the murder of Joe Griffith several months ago.

Rutherford was found guilty by a jury after less than two hours of deliberation last night.

### FREE MOTION PICTURES IN PARKS OF HOUSTON

HOUSTON.—More than 30,000 persons view free moving pictures here each week in the parks. The shows are located in fourteen of the most convenient parks and according to Manager Orill O'Reilly, the audiences are well pleased with the shows.

On each program is a feature picture, usually a five or six reel drama, a comedy and an educational picture.

### PORT ARTHUR IS CITY OF LITTLE CHILDREN

PORT ARTHUR.—Children seven years old make up the largest part of the city schools, according to a census taken this year by school authorities. Eight hundred and sixty-two of the 8,704 school children between the ages of seven and 17 are seven years old.

Girls exceed the boys in number. Vidor—Highway from this place to Ewalds to be shelled at cost of \$40,000.

### In Training

Presenting Gertrude Ederle, one of America's best girl swimmers. She will attempt to swim the English Channel this summer. Here we find her chinning herself in Central Park, New York City, it being part of her training program.

### Alleged Fraudulent Deals Amounting to \$20,000,000 Probed

LOS ANGELES, May 8.—Alleged mail fraud which postal authorities say will total about \$20,000,000 were investigated today by a federal grand jury here. The probe involves operation of the Invader Oil corporation and its subsidiaries, of Muskogee, Okla., and the Owensmouth Oil corporation of Fort Worth.

Three tons of evidence, including books and records of the companies, were brought here under federal subpoena to be scanned by the investigators. United States District Attorney S. W. McNabb, directing the investigation, said discrepancies totaling millions of dollars had been found in the books.

### Pola Negri Pursued By Stern Collectors

LOS ANGELES, May 8.—Pola Negri was made defendant today in a mechanic's lien action demanding payment of \$18,704.55 alleged balance due for constructing a garden at the actress' beautiful Beverly Hills home. Action was brought by the Rodeo Land and Water company, which contracted with the screen star to convert the grounds of her estate into a replica of her native Poland forest. The company claims that the work was completed on April 8, and that only \$2,000 of the contract price of \$20,704.55 has been paid.

A month ago the sheriff's office attached Miss Negri's automobile and other household effects to compel payment of a bill of \$2,039.84 to an interior decorating firm for work done on her home.

### MOSCOW COMMUNISTS BLAMED FOR SOFIA BOMB OUTRAGE

VIENNA, May 8.—Evidence has been established that Moscow communists engineered the outrage at Sveti Kral cathedral in Sofia, where a bomb killed more than 200 persons the prosecuting attorney in the trial of four suspects, told the court yesterday.

Russian communists also organized isolated territories for a frontier fight, hoping to stir up general discontent and arranged the attack on King Boris, which was intended for a signal as a revolution.

Closing his case, he demanded the death penalty for four suspects accused in connection with the destruction of the cathedral.

### INVESTORS ARE PROMISED GET-RICH-QUICK PROFITS

LOS ANGELES, May 8.—Promising their clients \$10 for every \$1 which was entrusted to them, Thomas Hennessy and Harry D. Hibbs, Los Angeles stock promoters collected between \$300,000 and \$500,000 in a fake railway merger, it was charged today.

According to investigators the "California Ponzi" posed as agents for a giant merger of middle-western railroads involving one-third of the country's roads. The merger itself would represent \$6,000,000 capitalization and they would receive \$200,000, they were alleged to have told their customers.

### Road Bond Case In Court May Be Determined Today

Judge George L. Davenport of the Ninety-first district court, who heard the testimony in the George Davison vs. Eastland county injunction case Thursday, took the case under advisement and stated this morning that he would likely render a decision in the matter late this afternoon.

### STATE FIREMEN CONVENTION TO BE BIG AFFAIR

Firemen throughout the state of Texas will gather at Cisco May 12, 13, and 14 for their annual meeting. Officers of mutual welfare, the fighting and preventing of fire and other subjects pertaining to fire protection will be discussed by leading speakers of the state. Every town in Texas maintaining a fire department will probably send a representative and the big towns will have a large delegation from each town on hand.

The parade will start Tuesday afternoon, May 12, at 2:30 p. m. sharp. Bands from West Texas will furnish music for the convention, with other organizations represented. Ranger Texas Ranger band will lead off the parade, followed by fire fighting apparatus from various towns and with bands from Weatherford, Canyon, Anson, Simmons College, Cross Plains, Mineral Wells, Stamford, L. Strawn and the Cisco Drum corps.

The crowd of West Texas is represented in the group of bands that will play at Cisco, many of these having taken a prize at one time or other at the West Texas Chamber of Commerce convention and other meetings held each year.

Social events on the calendar include, dances at the Cisco Country club, street dance and at the labor temple. A huge barbecue is planned for the final night and a rodeo, participated in by the leading rodeo performers of the south, will be held every afternoon.

### Rum Runners On Rum Row Nearing Critical Point

CLIFTON, N. Y., May 8.—A crisis will be reached within the next 48 hours in the dry navy's "starve or surrender" campaign against rum row, officials believe. Unable to penetrate the 100-mile blockade which the government ships have maintained since Tuesday and without sufficient water to sail for home, most of the ships beyond the 12-mile limit today expect to abandon the fight over the week-end.

Examination of rum row is regarded by the officials as only a matter of time, but the arrival today of four new vessels on the row may bring those stranded there temporary relief.

### QUESTION OF VITAL IMPORTANCE SETTLED

WASHINGTON, May 8.—Another great burning international question has been settled in Washington. How much should a steward be given on a trans-Atlantic steamship? "Five dollars," says Comptroller General McCarl.

Secretary of State Kellogg put \$10 on his expense account on his recent return from England, but hereafter \$5 is all that will be allowed official travelers.

### RADIO PROGRAM

WBAP, Fort Worth, 475.9 meters. Friday—4:30 to 5 p. m. Educational lecture given by a member of the West Texas Chamber of Commerce. Health talk given by a member of the Tarrant County Medical society.

7:30 to 8:30 p. m. The Panther City Eight, playing popular music. (W.E.B.)

9:30 to 10:45 p. m. Concert given by artists of the Abilene Christian College, Abilene, Texas. (W.E.B.)

Saturday—8:15 p. m. Complete baseball report.

7 p. m. Review of the interdenominational Sunday school lesson by Mrs. W. F. Barnum.

WFAA, Dallas, 475.9 meters. Friday—4:30 to 5 p. m. Woman's hour, with vocal and instrumental music.

6:30 to 7:30 p. m. Vesper recital by Frank Davenport's orchestra.

### OFFICERS HAVE CLEW THAT MAY FIND MURDERER

Arrest Negro in Connection with Dallas Killings; Looking for Another.

DALLAS, May 8.—Special investigators continued the search here today for a negro believed implicated in the murder of W. L. Milstead and attack upon Mrs. Mabel Berry, two weeks ago.

Information said to connect the negro with the slaying was given officers by another negro arrested here yesterday. Conflicting stories told by the negro caused him to be held for further questioning. Bloody clothing found in his home could not be explained, officers said.

The negro, giving his name as Lee Walker, was arrested in connection with the death of Ryan Adkins and Larry Milstead last month and the hold-up of Assistant District Attorney Bob Terry on a country road a few days before Milstead was slain.

The negro escaped officers who attempted to arrest him and fled to the thicket where he was surrounded and taken prisoner.

Woman Sees Prisoner. Mrs. Mary Steer, fiancée of young Adkins, visited the district attorney's office and said in a general way the negro answered the description of the negro who attacked her, but she would not positively identify him.

When Mrs. Steer partially identified the negro, W. H. Adkins, brother of the slain man, made a move to reach for his hip pocket, but was restrained by Allen Seale and Hal Hood, who were in the district attorney's office.

Perry Is Positive. Bob Perry, Assistant District Attorney, identified the negro shortly after he had been taken to District Attorney Cox's office as the negro who held him up in Highland park two months ago.

A pair of bloody trousers led to the arrest of the negro caught Thursday afternoon. The negro had sent a pair of bloody trousers to a cleaner. The cleaner tipped the officers. An attempt had been made to wash the blood out of the trousers before they had been delivered. Before District Attorney Cox the negro denied ownership of the trousers.

In the negro's house were found also a winter cap and a skull cap. The clothing and description of the negro closely fits the description furnished the officers by Mrs. Steer.

### Japanese Approve Plan to Prohibit Poison Gas In War

GENEVA, May 8.—The League of Nations arms traffic conference today discussed the American proposal to prohibit international commerce in poison gases.

Baron Masuda of Japan declared his country's viewpoint already had been given in ratification of the Washington convention. He praised the American attitude regarding arms control.

He proposed that the American motion be returned to a sub-commission "for profound study."

WEATHER OFFICIAL CAUTIOUS ABOUT PREDICTING WEATHER

FORT WORTH.—Col. D. S. Landis, official weather prognosticator, said that he sometimes slips up on the weather predictions, but he is a cautious man withal. He also is averse to accepting offers for outside employment or sale of his predictions.

An individual at Byron, Texas, directed a letter to Landis asking for quotations upon daily forecasts for the coming summer. The answer Mr. "Doc" received follows:

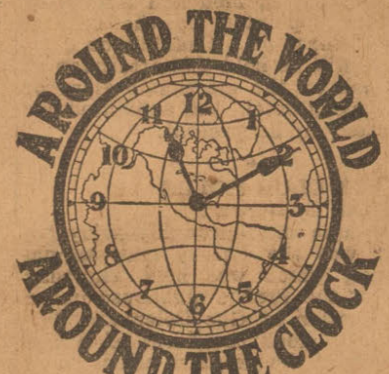

"I am delighted to assure you that I shall be glad to predict the weather from now on until September 1. By then you should have the crops 'laid by.' For this service, I shall charge \$5 a day, payable in advance.

"I will give you positive guarantee that never shall a single prediction prove correct. If interested let me have your reply at once."

Out of the fertile plains no word has come—Only silence is Colonel Landis' award.

### GRAFT PROBE GATHERS SUSPECTS IN CALIFORNIA

LOS ANGELES, May 8.—At least four officers will be indicted for extorting graft money from bootleggers, at the next session of the grand jury, District Attorney Asa Keyes declared. Three were indicted at this week's session. District Attorney Keyes has summoned a score of witnesses for the next meeting of the grand jury investigators.

SOPIA, May 8.—New plots and additional stores of bombs and munitions have been discovered in various parts of Bulgaria, and many new arrests have been made by the Zankoff government.

ROME, May 8.—When Premier Mussolini succeeds Admiral Thaon di Revel as minister of marines, owing to the latter's resignation, the fascist leader will occupy more ministerial posts simultaneously than any other statesman in the world. He is premier or prime minister, and secretary of the war, navy and air service.

LONDON, May 8.—The prince of Wales has accepted an invitation to visit Chile, it was officially announced today.

### CHEATHAM WILL ATTEND LEAGUE MUNICIPALITIES

Thirteenth Annual Convention in Texas to Be Held In Waco, May 18-19

City Manager J. H. Cheatham of Eastland is planning to attend the thirteenth annual convention of the League of Texas Municipalities, of which Eastland is a member, which meets in Waco, May 18 and 19.

The league of Texas municipalities is a non-partisan organization interested in the furtherance of better government in Texas cities. The secretary of the league is located in the bureau of government research at the University of Texas. Cities of all sizes have a place in the organization.

Three nationally known men from outside of the state will address the convention of the League of Texas Municipalities. Leslie C. Frank, of the United States public health service, will talk on a "Standard Milk Sanitation Service." Oswald Petstet of the National Playground and Recreation association, will discuss the need for more recreation facilities in our cities. Walter W. Pollock, president of the Manufacturers' Appraisal company, will speak on the "Somers System of Tax Valuation."

Another question to be discussed at the Waco convention will be the "Encroachment of Home Rule on Texas Cities," which will be the keynote of the address of Mayor W. D. Yett of Waco, considered an authority on this subject.

### Volunteer Firemen Of Ranger Called To Meet Tonight

Volunteer firemen having each one dollar to spare may stay from the meeting of Ranger's volunteer firemen called for 8:30 o'clock tonight by Fire Chief Murphy. Those who do not wish to pay the fine must attend.

The meeting is to be held at the Ranger fire hall. There are about 25 volunteer firemen in Ranger. They are supposed to meet at least once each month at the call of the fire chief, and all absent from this meeting are fined \$1 each.

### Houston Woman Says She Has Knowledge Damaging to Defense

CHICAGO, May 8.—A "surprise" letter calculated to increase the evidence by which Chief Justice Henry Olson hopes to send William D. Shepherd to the gallows for the murder of Billy McClintock was received by the judge today.

Written by Mrs. Myrtle Osborne, of Houston, the letter declared that Billy, the "millionaire orphan," suspected that his mother had been poisoned and expected his life to end in the same way.

It was stated that when Shepherd went to Bay City to develop Mrs. McClintock's land he took with him a book on poison. The letter also intimated guilt on the part of Mrs. Shepherd. Mrs. Osborne wrote that she was dangerously ill, near death and that she composed the letter against her doctor's orders.

"I was formerly Mrs. H. H. Nichols, wife of the once brilliant under-poisoned and expected his life to end in the same way."

It was stated that when Shepherd went to Bay City to develop Mrs. McClintock's land he took with him a book on poison. The letter also intimated guilt on the part of Mrs. Shepherd. Mrs. Osborne wrote that she was dangerously ill, near death and that she composed the letter against her doctor's orders.

"I was formerly Mrs. H. H. Nichols, wife of the once brilliant under-poisoned and expected his life to end in the same way."

SAN ANTONIO.—Concrete being poured for first floor of \$800,000 municipal auditorium.

### LAKE HAGAMAN FILLING FAST AS RAIN FALLS

Water Now Within Four Feet of Spillway and May Soon Reach Level of Dam.

Rainfall gauging about one-half an inch fell last night and early this morning, bringing the lake up another foot, putting the water within four feet of the spillway, according to reports from the lake.

The government gauge at the Oil Cities Electric company gauged about .34 of an inch from midnight on, with a slight fall before midnight that made the total precipitation around half an inch.

Creeks and subsidiary branches of Lake Hagaman are still running water into the lake. It is said that the lake will reach another foot before the water quits running.

With the weather report calling for local showers, Ranger is apparently in line for additional rainfall, which will just about fill the lake, insuring an adequate water supply for the summer, for all purposes.

Although enough water has fallen now to thoroughly season the ground, farmers and ranchmen appear pleased that the rain continues to fall. With the long drought, only broken recently, the ground needs every drop of water it can assimilate in the near future for sufficient seasoning to withstand another dry spell, in the event that no rain should fall during the summer.

### Prisoner Confesses He was One of Four Denver Mint Robbers

CHICAGO, Ill., May 8.—Michael Marey, alias Henry Nelson, 26, of Boston, Mass., today confessed to Detective Sergeant John Carlin that he was one of the four bandits who robbed the Denver mint about three years ago. Two girls assisted them in looting the money-making plant, he said.

Marey admitted he is an ex-convict from San Quentin, Calif., penitentiary, and that he is wanted there for violation of his parole.

DENVER, May 8.—Two men were killed and 200,000 taken in the spectacular robbery confessed to by Michael Marey, in Chicago. The robbery, occurred December 18, 1923. The mining guards were taken by surprise and completely demoralized by the fusillade of shots poured on them. Charles Linton, 60, a federal reserve bank guard, was killed and J. C. Sloan, one of the bandits, fatally wounded. His frozen body was found in a private garage a month later. The bandits made good their escape in a huge touring car, after mixing with heavy noonday traffic on the streets.

### VAN SWERINGENS ATTACKED FOR THEIR MERGER PLANS

WASHINGTON, May 8.—The interstate commerce commission today was asked by Thomas R. Gay, Richmond, Va., attorney on behalf of minority stockholders of the Chesapeake and Ohio and Hocking valley railroads, to dismiss all further proceedings in the Van Sweringen Nickel Plate merger.

Gay's petition alleged that the Van Sweringens planned to "despoil the minority stockholders" of the two railroads by withholding valuable information from them. It alleged also that the brothers have used the financial resources of the companies in carrying out the scheme of taking the properties of the companies away from their stockholders.

### ROCK ISLAND OFFICIALS MEETING IN KANSAS CITY

KANSAS CITY, May 8.—General executives of the Rock Island railroad, including J. E. Gorman, president, arrived here today for the fifth semi-annual conference which is expected to be attended by more than 200 officers of the road.

### BIG INDUSTRIAL WASTE.

WASHINGTON.—In six of the greatest industries of the country, a group of industrial experts in 1920 found an average waste of nearly 50 per cent of material and labor, according to the department of commerce. A large contribution to this waste, a survey by the department indicated, was due to the effort to "make something different."

### GOOSE CREEK LIBRARY

GOOSE CREEK.—Ground has been broken for the library building which is to be erected by R. S. Sterling and given to this community. Part of the building material is on the ground and workmen have started excavating.

**BIBLE THOUGHT**  
And now also the axe is laid unto the root of the trees; therefore every tree which bringeth not forth good fruit is hewn down, and cast into the fire.—Matthew 3:10.

**THE GREATEST GRIEF.**

When a friend or a relative dies, or even one whom we might have helped but neglected to do so, we have reproached ourselves with the regret that we did not show affection, sympathy or helpfulness when it would have lightened burdens or have given joy. This has been the experience of mankind since civilization began.

Beautiful spirits, lovable natures, tender relatives and deathless friends, pass into the realms of death without the word we might have spoken. They go where nevermore is heart or soul hunger or love hunger. Then the irrevocable and irremediable silence falls, and we find ourselves forever powerless to do that which our heart is big to do, but which we neglected to do when we so easily could have done it. In all the history of accumulated griefs, this is the greatest grief—the real reason behind our sorrow.

All about us are people who are starving for some word of love, affection or appreciation. And strange to say they are the ones who usually from deepest tenderness of heart and nature, of unselfishness and of sacrifice, contribute most of the real and genuine and worthwhile affection of the world.

Measured by the yard-stick of eternity life is but a fleeting instant. Why should it be devoted to pulling and hauling and crowding and crushing when tomorrow every one of us measure exactly equal in God's acre and are soon forgotten? A little love and kindness here and now would transform this old world.

**THE BIGGEST WORD.**

One of the biggest words in the English language is "Think."

The railroad yardman who thinks is the man who is advanced; the shopman who thinks is the man who becomes foreman; the foreman who thinks is the man who becomes superintendent or manager. Thinking is the motive force behind all creation, all invention, all there is to art and literature.

The advantage of thinking does not lie in original ideas, nor in giving unique expression to words, but in exercising the brain cells that run errands back and forth through the paths of the brain.

The man who always thinks is thrice armed, and it has solved the knottiest problem of all history.

If you form the habit of thinking things out for yourself, you will cultivate an independence of thought, a clear and exact purpose behind this thought, and make yourself felt as an influence wherever you go. A man who thinks always takes his stand apart from the crowd.

The progressive, refreshing man or woman, has original ideas and courage to express them. They are no trailers, nor do they think as some one else directs them. They develop their own individuality. The man who will honestly think is bound to become a leader of men—because so many of us depend upon his brain power.

Brig. Gen. H. M. Lord, director of the public budget, does not agree with Mr. Mellon and others who predict a reduction of income taxes this year. Mr. Lord says that any further reduction of taxes is impossible unless governmental expenditures are materially reduced and these expenses seem to be on the increase.

Lone Grove to have fireproof school building to cost \$4,000.

**CHAUTAQUA COMMITTEE TO MEET TODAY**

A meeting of men and women of the city appointed by the various clubs to serve as a Chautauqua committee, will be held this afternoon at 3 o'clock on the mezzanine floor of the Gholson hotel. All appointed are requested to be present.

**ROTARY CLUB HOLDS ANNUAL BANQUET**

A unique and thoroughly enjoyable affair was the Rotary club annual banquet, which was held Thursday night at the Prairie clubhouse under the direction of Gus Coleman. The "banquet" took the form of a box supper and the program consisted of the holding of "school" with the "boys" and "girls" sitting on different sides of the house. There were history, geography, and other classes which caused much amusement.

At the close of the session the boxed tickets in the club colors of purple and yellow, were served and the merriment continued until a late hour. Many compliments were handed to Chairman Coleman on his management of the affair.

**PERSONALS**

Mrs. Charles G. Northcut of Dallas, who came to Ranger Monday to visit Mrs. J. M. White, left Thursday afternoon.

Mr. and Mrs. G. T. Bowman of Sinclair camp, with their daughter, Miss Maurine, and son, Julian, expect to move to Fort Worth on Saturday as the Sinclair company has transferred Mr. Bowman to that city. They will reside at 2222 Williams st., Mistletoe Heights.

**CHRISTIAN CHURCH TO GIVE PLAY TONIGHT**

A comedy in three acts entitled "Where East Meets West," will be given tonight at the High school auditorium by members of the Christian church, under the direction of Mrs. Marion F. Peters. There will be specialties between acts that will add to the interest of the occasion. The scenes are laid in the yard of a ranch home in the Davis mountains and in a New Orleans home. There is plenty of fun and sparkling wit in the performance, which merits a large audience. The cast of characters includes:

Elce Sanders, W. R. Pettit; Jim White, Truman Perry; Mr. Winslow, M. F. Peters; Chauncy Winslow, Dewey Jones; Thomas Jefferson Davis, J. E. Burns; Nell King, Mrs. M. D. Bishop; Mrs. West, Mrs. Charles Sigler; Mrs. George Washington, Mrs. P. M. Padon; Martha Washington, Mrs. J. E. Pickett; Madge Brooks (Miss Jackson), Mrs. J. E. Burns; Mrs. Shaffer, Mrs. L. R. Rolls; Miss Ramsey, Mrs. Truman Perry.

**LIONS CLUB HAS FINE SPECIAL MUSICAL PROGRAM**

In honor of music week a special musical program was given at the Lions club luncheon which was held at the DeGroff hotel at noon. Those presenting the entertainment were from the Music Club of Eastland. The program included: Vocal solo, "Love's Old Sweet Song," Mrs. B. D. Hampton, accompanied by Mrs. S. S. Noblett; piano solo, "Liebes-fest," Fritz Kriesler, Mrs. S. S. Noblett; vocal solo, "Carry Me Back to Old Virginia," and encores "Run, Nigger Run" and "Little Grey Home in the West," Mrs. Allen G. Barnard; reading, "Home" (Edgar A. Guest), Mrs. B. D. Hampton; piano solo, waltz by Durand, Virginia Neal Little. The selections were much enjoyed by the club members who applauded heartily. The Lions' club will continue to have its weekly meeting at the DeGroff for the present.

**MOTHER'S DAY AT CENTRAL BAPTIST CHURCH SUNDAY**

There will be a special Mother's day service at Central Baptist church on Sunday when all mothers are asked to come and bring their babies, and those who have no baby are reminded that they can borrow one. There will be a committee of mothers at the door to greet visitors and there will be special music, flowers and a message just for mothers. The evening service will be in the open air at 8 o'clock.

**PARENTS' DAY AT THE METHODIST CHURCH**

A special program of music, flowers and appropriate message will be offered to all at the Methodist church Sunday in honor of Parents' day. The pastor will preach at both morning and evening services and there will be special music under the efficient leadership of Mrs. J. M. Dodson. Whole families are invited to come and worship together remembering the words, "Honor thy father and thy mother."

**PEOPLE DON'T EXCUSE PIMPLES—GET RID OF THEM**

Black and White Ointment, and Soap, are doing almost miraculous things for people who had tried many things in desperation trying to get rid of pimples, blotches, bumps, eczema, "breaking out." That more than two million packages are being used a year just proves its wide use and tremendous popularity with the people whose skin it has cleared up. Any dealer can supply you with both Ointment and the Soap. So there is no excuse to keep being bothered with your skin troubles. The 50c size Ointment contains three times as much as the 25c size.—Adv.

**Menus for a Family**  
SISTER MARY

**Breakfast—Stewed prunes, cooked wheat cereal, ham toast, crisp rye toast, milk, coffee.**

**Luncheon—Cheese raminikins, lettuce sandwich, pineapple souffle, milk, tea.**

**Dinner—Broiled sirloin steak, mashed potatoes, new carrots in orange cream sauce, curly endive with bacon dressing, sour cream pie, whole wheat rolls, milk, coffee.**

Needless to say, the members of a family who are under school age will not partake of the sour cream pie suggested to tickle the palates of father and big brother.

With this exception the menu for the day can be served as planned to all members of a family.

**Cheese Raminikins**

Two tablespoons butter, 3 table-  
spoons flour, 1/2 cup milk, 1/2 tea-  
spoon salt, 1/4 teaspoon pepper, 4  
tablespoons grated cheese, 2 eggs.  
Melt butter, add flour and stir  
until perfectly blended and smooth.  
Scald milk and add slowly to first  
mixture, stirring constantly. Add  
salt, pepper and cheese. Remove  
from the fire when the cheese is  
melted. Add yolks of eggs well  
beaten. Let cool while beating the  
whites of the eggs until stiff and  
dry. Fold whites into cooked mix-  
ture and turn into buttered rami-  
nikins. Bake 20 minutes in a mod-  
erate oven.

**Pineapple Souffle**

One cup shredded pineapple, 1/4  
cup sugar, whites 4 eggs, 1 table-  
spoon lemon juice, few grains salt.  
Shred fresh pineapple and bring  
to the boiling point in its own juice.  
Remove from the fire and add half  
the sugar. Beat whites of eggs un-  
til stiff and dry, gradually beating  
in remaining sugar and lemon juice  
and salt. Fold in pineapple and  
turn into a buttered baking dish.  
Bake 25 minutes in a moderate  
oven. Serve with a custard sauce  
made with the yolks of the eggs or  
with whipped cream.

**'Natural' Defects  
May Be the Result  
Of Malnutrition**

Why worry about nutrition? This question expresses the attitude of many mothers of young children. Yes, of course, John is pale, and Mary has knock-knees. There are, it is admitted, dark circles under Frank's eyes and his baby teeth are beginning to decay, and Jean can not seem to keep up with her class in school and has a tired feeling con-

**LAKE EASTLAND  
NOW HAS AMPLE  
WATER SUPPLY**

The surface of the water at the Lake Eastland dam, one of Eastland's main sources of water supply, was raised some three or four feet by the rains that fell over this section Wednesday and Thursday. It rose higher after Thursday night's rain. The spillway, which was recently raised about one and one-half feet above what it had been for the last three years, because it had washed down, is still above two feet above the water surface.

The rains Wednesday and Thursday ran the first water into the lake that had run into it since June 7, 1924, almost a year ago, officials of the Lake Eastland corporation stated. Notwithstanding this fact, engineers of the Texas & Pacific railroad, who about 60 days ago made a survey of the water then in the lake said that there was sufficient supply for the city's use for 18 months.

When the Lake Eastland dam was constructed provisions were made for raising the main dam 10 feet and it is possible that this will be done in the near future. Should the dam be raised 10 feet the impounded water would cover a surface of 700 acres instead of 300 as at present. It would also make it necessary for the Texas & Pacific railroad to raise certain portions of its track west of Eastland.

But some children are just made that way, so they think. It is natural for John and Mary, and Frank and Jean to look and act as they do just as it is natural for them to have brown or blue eyes or straight or curly hair, such mothers believe. Anyone, however, who is familiar with the signs of poor nutrition knows otherwise. Some physical defects and mental quirks are easily. Faulty mental habits cling and in countless other ways he carries a handicap all through life.

Every mother of a young child needs to know the following signs of good and poor nutrition and to watch for them as her child develops. The well-nourished child has an erect, sturdy, well-developed body with straight legs, flat shoulder blades, full rounded chest, strong, white teeth, and firm, rosy flesh. The expression of his eyes and face denotes a keen, happy mind, and all his movements show vigor and energy without undue nervousness.

**Body Is Exhibit.**  
The body of the undernourished

**Want Ads Will Pay**

inherited, but many are the result of the food a child eats during his growing period. Such characteristics can be considered normal only as being the result of a very abnormal condition known as malnutrition.

The United States department of agriculture is uniting with the American Child Health association and other organizations in a Child Health Week program calling attention to the close relation between food and health in growing children.

**Missing Right Food.**

In the midst of plenty, thousands of American children are not getting the foods they need for the highest development of mind and body. The United States has more food and better food than any other nation. Our pure food laws and sanitary methods of handling food supplies are world famous. Along with our efforts to safeguard health through food control, however, we need to develop better food habits and so reduce our alarmingly high percentage of malnutrition. For the undernourished child does not have a fair start, and everything is harder for him. Even though his body may outgrow some of the visible signs of malnutrition, others not so apparent remain. His resistance is likely to be lowered so that he "catches" dis-

child exhibits just the opposite characteristics and his listless attitude toward life or his extreme nervousness and irritability show that he is carrying a heavy handicap. His body is likely to be stooped, not well padded with flesh, and the flesh itself pale and flabby. The chest is flat and narrow, while the shoulder blades protrude in "wings," and bowlegs and knock-knees show that his food has not furnished the right materials for proper bone formation. The teeth are often uneven and shown evidences of decay, and the breath is unpleasant, instead of sweet like that of the normal child. There are dark circles around the eyes, and the expression is often dull or wistful. He is finicky about his food, and temper tantrums are not infrequent. His school work is likely to be erratic and below standard. Some or all of these signs of malnutrition are found in a large percentage of the pre-school and school children of the United States today.

### County Board of School Trustees Has Two Vacancies

The county board of school trustees met Wednesday in the office of the county superintendent at Eastland for the transaction of such business as had arisen since their meeting last month. Only three members, Briggs Owen, Grant Daniel and Will Uesary, were present. Appointment of trustees to fill vacancies at Peak and Union schools where no trustee elections were held, was made. Raymond Gray and S. W. Woodruff, whose time expired as trustees at Peak, were re-appointed. H. S. Vestal, H. D. Marshall and J.

H. Marshall, were re-appointed to succeed themselves at Union. W. E. Hagood, a member of the present board, tendered his resignation. Appointment of his successor will be taken up at the next regular meeting. D. E. Jones, elected a member of the board from Rising Star at the last election, failed to qualify and the vacancy thus caused will have to be filled at the same time. The old Howard, or No. 23 district, a portion of which was annexed by the Desdemona district about a year and a half ago and the school building moved off, was divided by the board at the Wednesday meeting, a portion of it placed in the Mountain district and the balance in the Salem district.

### WHAT IS SAUERKRAUT? YOU TELL UNCLE SAM!

By United Press.  
WASHINGTON. — A problem which has puzzled lexicographers for centuries is to be solved at last. The problem is: What is "sauerkraut"? Dr. W. W. Skinner, chairman of the joint committee on definitions and standards, bureau of chemistry, has inaugurated a nationwide search for an accurate definition of the word. He hopes to solve the problem finally by June 1, 1925. Therefore, he has asked that all communications reach his Washington office before that date. The text of the tentative definition and standard for "sauerkraut" follows: "Sauerkraut is the clean, sound product, of characteristic acid flavor,

# SPECIALS for Saturday

Are you guilty? Is that what you are looking through this paper to find? Then, Mrs. Housewife, your husband has a right to fuss at your cooking and your doctor knows why you are regular patients. Any store can advertise in that way. True it costs them 49 cents a column inch, but why and how are they specials? The days of something for nothing are, and always were, like the millennium—"there never was and never will be." So do not take too much for granted.

Knowing where to go for what you want comes first. Next comes the matter of what you want. A customer, upon finding that we had no country butter, asked us if we knew where he could get some. "If you are not particular, yes," was the answer. "But I am particular," he came right back.

## SO WE SOLD HIM "GOLDEN STATE"

So There Are SPECIALS and SPECIALTIES

Our specialties are **Quality Food Products**. If we carry it, it is the best to be had, or we will tell you differently. Are you particular? Then you are our customer. "But I can't afford it! You are the highest place in town!" Thank you! We wish we were. But our regulars that you can't get away from us, know that they have **more** to eat, that is **always better**, for less money, per any given period.

# Rock Islanders and Breckenridge Play Thurber at Thurber

THURBER, May 8.—The Thurber baseball club have two fast games matched here for Saturday and Sunday. On Saturday they will play the Rock Island club of Fort Worth, one of the fastest teams in the Fort Worth city league, and on Sunday they will meet the Breckenridge "Dynamoes," who are always fast and give Thurber a run for their money.

Both of these games promise to be closely contested events and with fair baseball weather prevailing, a large crowd is expected to witness them.

## PRACTICE SHOTS COMPARED WITH COMPETITIVE PLAYS

If golfers could putt in competition with the same deadliness they display while tapping the ball aimlessly about the practice green, they would have to be classed as formidable opponents. This putting while waiting about for a chance to get started on the regular round can hardly be described by the name "practice." The mind of the individual is only half on what he is doing, and if Ted Ray is to be believed, this is no way to get results.

This former open champion of Great Britain, who for years has been one of the best putters in the game, maintains that practice is of no avail unless attended with some sort of strain similar to that experienced in actual play. What Ray means is that nerve tension in a match makes putting under such circumstances a different proposition from merely putting in a haphazard sort of way, no matter how hard he may be trying, or things he is.

## NOTICE BY PUBLICATION IN PROBATE

THE STATE OF TEXAS,  
To the Sheriff or any Constable of Eastland County, Greeting:

You are hereby commanded to be published (in a newspaper of general circulation, which has been published continuously and regularly for a period of not less than one year in your county) at least once a week for ten days previous to the return hereof, copies of the following notice:

### THE STATE OF TEXAS,

To all persons interested in the estate of B. F. Cotton, deceased, as G. E. Cotton has filed an application in the county court-at-law of Eastland county on the 30th day of April, 1925, asking the court to appoint G. E. Cotton, executor of the estate of B. F. Cotton, deceased, which said application will be heard by said court on the 11th day of May, 1925, at the courthouse of said county in Eastland, Texas, at which time all persons interested in said estate are required to appear and answer said application, should they desire to do so.

Herein fail not, but have you before said court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Eastland, Texas, this 30th day of April, A. D. 1925.

ERNEST H. JONES,  
Clerk County Court-at-Law, Eastland County, Texas.  
May 8-10.

# FRECKLES AND HIS FRIENDS

## Everyday Radio BY RINGBALL HOUTON STARK

### THE GENTLE ART OF TUNING

The actual proceeding to be followed in tuning a Neutrodyne receiver after the antenna ground, and all battery connections have been properly made, is as follows:

1. Insert five "hard" amplifier tubes (type UV-201-A's or C-301-A's), or, in cases where dry-cell tubes are used, type UV-199 or C-299, in the five-tube sockets. Turn the two rheostats halfway up to the right and then turn the amplifier control switch from the "off" position to the "medium" position.
2. Let us assume it is desired to receive station WEAF, New York, N. Y., which transmits on a wave length of 492 meters. On examining the dial calibrated in station call letters as shown in the drawing above, it is seen that this station corresponds to a dial setting of 67 degrees. Accordingly, set dials 2 and 3 of your Neutrodyne receiver at this setting and rotate dial 1 very slowly from zero to 100. Signals will be heard with dial 1 at a setting identical with dials 2 and 3 or at a few degrees lower. Under this condition, rotate dials 2 and 3 independently very slowly until the maximum signal is obtained. In any particular Neutrodyne receiver, dials 2 and 3 may read identical, but in no case should they differ by more than 1 or 2 degrees. The first or left-hand dial may read identical with or lower than dial 2. A record should now be made of the settings of this station on the log charts as follows: WEAF: 492 meters 63 66 67.

After adjusting the dials for maximum signal strength, each of the two rheostats may be turned backward and forward until the maximum signal with clarity is heard. In general it may be said that a lower filament current is required for local or strong stations and a high filament current and very careful adjustment for the more distant ones.

In all cases when tuning a Neutrodyne receiver, it is best to keep dials 2 and 3 always within one or two degrees of each other and they must be moved slowly, at a rate of about 2 or 3 degrees a second. Very often, a weak signal is passed over by moving the dials fast. One can tell if the receiver is "tuned-in" when the broadcasting station cannot be heard, by listening to the intensity of the noises that are present.

## FIVE-WEEK-OLD ROOSTERS ALREADY ARE COMING

By United Press.  
YOKAUM.—W. A. Karnes has 150 young roosters, whose type never will be popular in the city in a domestic role. The youthful barnyard strutters have just passed the five-week-old stage, but they take a leading part in announcing the arrival of every new day. Ordinarily roosters do not reach the crowing stage until they are about three months old, Karnes said.

## Racing Season In Maryland Beginning

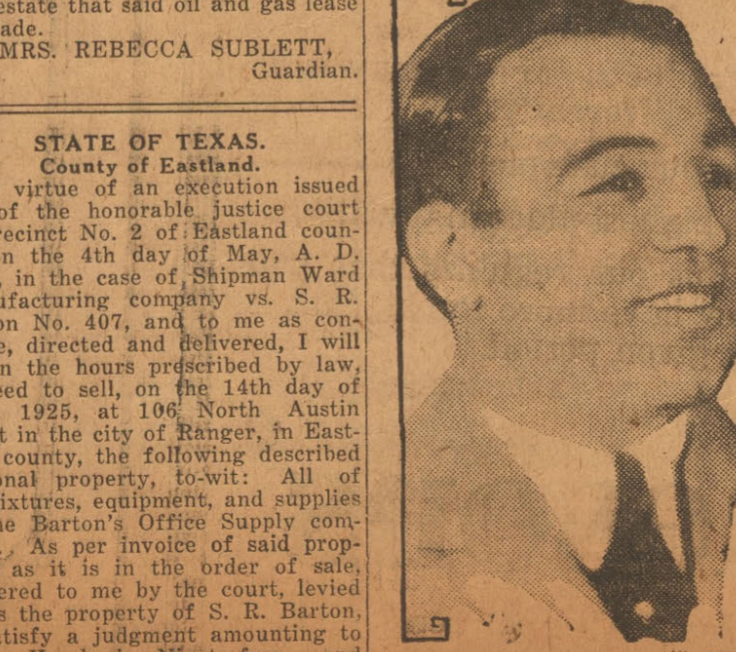

By United Press.  
PIMLICO, Md., May 8.—Fifteen fine thoroughbreds—14 colts and a filly—were expected to start this afternoon in the \$50,000 Freakness stakes, the first big classic of the summer racing season and the runner-up for the Kentucky derby. Clear weather greeting the thousands of enthusiasts who began arriving last night and poured in this morning.

The track is fast and in perfect condition. One of the largest crowds ever seen here is expected.

## EASTLAND GUN CLUB POSTPONES WEEKLY SHOOT

The Eastland Gun Club, on account of so many of the members being at the West Texas Chamber of Commerce convention at Mineral Wells, Wednesday, did not have its shoot at that time and on account of the rain definitely abandoned it for this week. The shoot will be held next week at the regular time and place.

## Still Smiles

Gene Delmont (above) still smiles, though he has lost the sight of one eye and the vision in the other is none too good. A one-time promising lightweight boxer he is now training Rudolph Valentino and other movie stars in Hollywood the art of self-defense. Severe punching in the ring brought on his present predicament.

### SNAKES AND EDUCATION.

OMAHA, Neb.—"Business is good," reports Frode Eskesen, 14, who is putting himself through school and paying a first class passage by selling snakes. Frode doesn't deal in pedigreed snakes, but he knows all the fine points of serpent-lore. "I ought to make a lot of money this summer," the youth declared. "The market is good."

MOM'N POP

BY TAYLOR

CAR IN EVERY FAMILY.

By United Press.  
 DETROIT, Mich.—Eleven states in the union have one automobile for every family, according to figures made public here. California leads in the density of cars to population with one car to every three people. Iowa is next with one car to every 4.1 persons, followed by Nevada with one car to every 4.2; and Kansas, Nebraska and Oregon all with 4.4, Indiana has one car to every 4.7 and Michigan which has 4.8.

NACOGDOCHES.—Southwestern Bell Telephone company enlarging local system.

AUSTIN—2,000 acres in Cherokee county set apart for forestry experimental work.

Notice to Depositors and Creditors

Notice is hereby given that the Peoples State Bank, Ranger, Texas, has been closed and is now in my hands for the purpose of liquidation.

All persons having claims against the Peoples State Bank, Ranger, Texas, must present such claims and make legal proof thereof on or before June 12, 1925.

ALL CLAIMS OF GUARANTEED DEPOSITORS MUST BE PRESENTED AND LEGAL PROOF THEREOF MADE NO LATER THAN JUNE 12TH, 1925.

ALL CLAIMS OF GUARANTEED DEPOSITORS PRESENTED AFTER JUNE 12, 1925, SHALL NOT BE ENTITLED TO PAYMENT OF ANY PORTION THEREOF OUT OF THE DEPOSITORS GUARANTY FUND.

All claims and proof of claims must be presented to the special agent in charge at the banking house of the Peoples State Bank, Ranger, Texas.

CHAS. O. AUSTIN,  
 Banking Commissioner of Texas.

Why

Business Men and Investors read The Wall Street Journal daily—and profit thereby.

1. The Wall Street Journal TELLS THE TRUTH about the stock market, pool operations and the basis for these operations; the value of securities for investors, bond holders (creditors) and share holders (partners) of corporations listed on the Exchanges or worthy of being dealt in on the Curb, or elsewhere.
2. The Wall Street Journal HAS ITS PRIVATE WIRES TO DIFFERENT CITIES and complete reporting systems covering the financial and business world. It maintains offices, expert news gatherers, and analysts in important financial centers following everything of interest to business men and investors. It prints all the important news of the day which may affect security values.
3. IT PUBLISHES MORE EXCLUSIVE MATTER THAN ANY OTHER DAILY PAPER in the United States. Its news is gathered, analyzed and interpreted by experts and is subjected to the most searching scrutiny and supervision before publication.
4. The general daily newspapers employ a few men who write paragraphs about bonds or stocks which have gone up or down. The Wall Street Journal has a staff of OVER 100 EXPERT FINANCIAL WRITERS, who are constantly analyzing movements in individual securities and giving the underlying causes for such movements.
5. Since 1913 (when the original income tax law was enacted) The Wall Street Journal has maintained an INCOME TAX DEPARTMENT to which any perplexing questions relating to the income tax may be referred and an interpretation of the Law will be given by income tax experts. Many subscribers have been saved unnecessary payments to the Government through this service. No charge is made to inquirers.

(A Louisiana lawyer writes: "I consider your discussions of the Income Tax and your opinions on problems arising from it, the best that I have ever seen.")

6. AN INQUIRY DEPARTMENT is also maintained. Problems of an investment nature can be referred to it. Replies will be made by financial experts, either by mail or through the inquiry column of The Wall Street Journal. No charge is made for this service.

(A New Hampshire investor says: "I think if investors would read The Wall Street Journal carefully and write for information regarding securities, before they make their purchases, they would be rewarded well for their efforts. I have been successful in making money that way.")

Philosophy is usually about all a philosopher has.

The sound of the lazy yawn is being heard throughout the land.

Harsh critics of winter are beginning to retract their statements.

The Prince of Wales is writing poetry, and poets seldom remain bachelors for very long.

Ice man was overcome by heat in Chicago, this being regarded as a sign of spring there.

Police report no booze at a New York party where a man got drunk and fell off a building.

Mexico City's strike of 10,000 bakers is news. We thought Mexicans lived on hot tamales.

Movie producer has married. Ordinarily we wouldn't mention it, but it's his first one this year.

American firm will build a water-works in Athens, Greece, this being a fair return for her culture.

Portugal's president has resigned, and we don't blame him since they have china money there.

Beer was found in a Cincinnati baseball man's room, but fans won't call it another scandal.

London actor drowned himself because the audience didn't like him. Maybe it will set a precedent. (Copyright, 1925, NEA Service, Inc.)

SALESWOMEN AND WORKING GIRLS FIND G. F. P. A BLESSING

Forced to Constantly Be on Their Feet, Usually Means Indescribable Misery.

Girls and women, too, who have to work for their living, and sometimes others, too, often find the time for their periods an awful burden, especially if they are among the victims of the dreaded malady—Catarrh of the Generative Organs—which has now been proven to be the cause of nine out of 10 cases of so-called "female troubles." At this time when they should get all the rest possible, they have to stay on their feet. Only a miracle keeps them from being entirely disabled.

Those headaches, backaches, pains in the sides, cramps, spells of dizziness and nausea, and that awful tired-out, don't-care feeling are nature's notices that you are "overdrawn" and that something must be done to replenish your supply of nerve-force, energy and strength or you cannot continue to go and do. For a quick and easy relief from distressing pains and sickness, for a sure return of glowing health and happiness, for a joyous reviving of buoyancy and energy and for a new realization of value in medicine for sick and suffering women go to your druggist, secure a bottle of St. Joseph's G. F. P., use it consistently and see for yourself that the enthusiastic praises of the thousands of women who are using it are fully merited by this marvelous medicine which is doing so much to relieve sickness and pain among women and restore them to lasting health and happiness.

Women Now Depend on  
**St. Joseph's G. F. P.**  
 To Restore Their Vitality

CASES SET FOR HEARING IN COUNTY COURT AT LAW

Following is the setting of cases in the Eastland county court-at-law for the week beginning May 18. The week just prior to this has been set aside as criminal week and the list of cases to be tried during that week appeared in the press a few days ago:

Monday, May 18: Black Bros. vs. W. R. King; Briggs Owen vs. Texas & Pacific Railroad company.

Tuesday, May 19: Eastland county vs. A. E. Cook; Netro Tin company vs. Shell Torpedo company.

Wednesday (May 20): J. W. Fox vs. T. B. Russell; E. A. Beskow vs. T. C. Harwell.

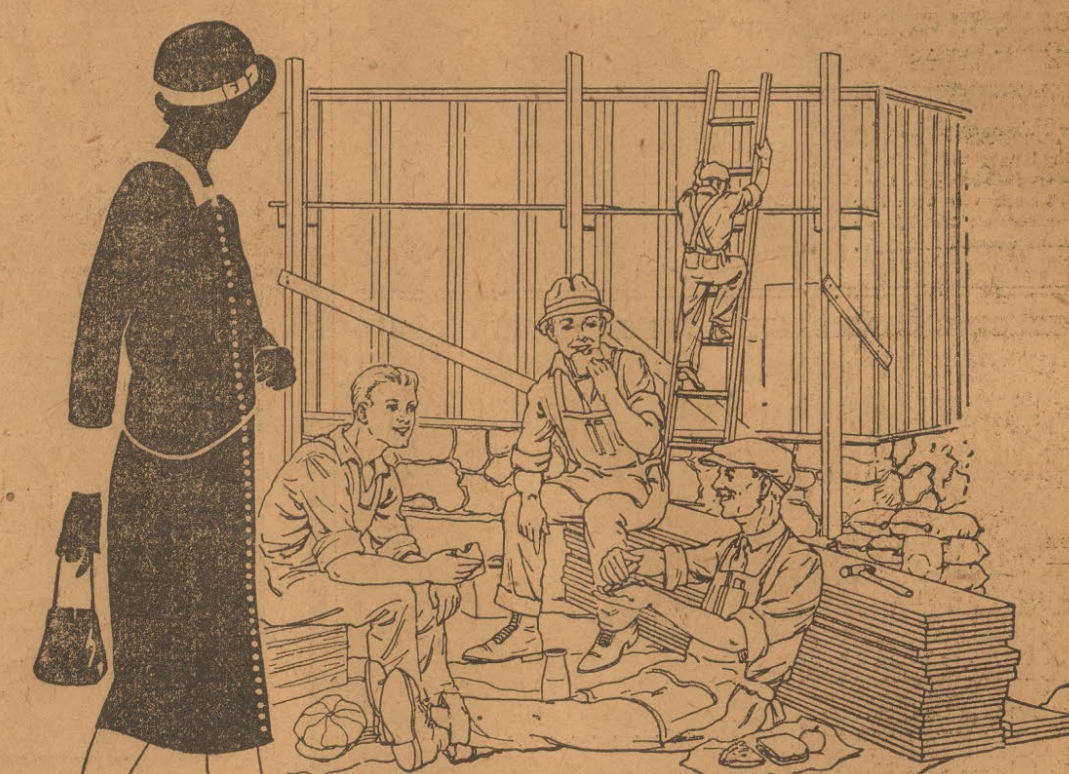

Thursday, May 21: D. C. Allgood vs. Eastland, Wichita Falls & Gulf Railroad company.

The second civil-jury week of the May term begins on Monday, May 15.

Judge Tom L. Cunningham of the county court at law has had copies of the assignments of all cases in his court made and mailed to attorneys interested in them.

PORT ARTHUR—"White way" installed on several streets.

WHEREVER I GO—Somebody's Saying "Decker's"

"EAT slowly, boys—there's Decker's Iowana Ham in those sandwiches! You don't get a treat like that every day."

Served hot or cold—baked or boiled—there is no mistaking the wonderful flavor of Decker's Iowana Ham. Like its partner, Iowana Bacon, every slice is tender and finely grained. Every slice is an invitation for more of that sweet, mild-cure flavor. And there are meals galore in every whole Iowana Ham and Bacon. Prudent housewives call it economical buying.

Yes, for 200 years the Deckers have specialized in the selection and preparation of hams and bacon. Now you will understand that matchless "Iowana" flavor.

Your Decker Dealer will be pleased to supply you

Deed of trust, W. F. Barton et ux. to Earl Conner, 50 acres out of lot 7 of Thomas A. Howell survey, Eastland county.

**DID YOU EVER STOP TO THINK**  
By E. R. Waite, Secretary Shawnee, Okla., Board of Commerce.

That the advertising columns lead the world as the get-together place for the buyer and seller.

That prospective purchasers should all realize that business concerns advertise because there is something they have to tell them that will vitally interest them.

That the public reads the ads because they expect to find in the advertising columns, information as to where, what and when to buy.

That the store of advertised values carries merchandise of the better kind.

That the names of the business concerns that advertise have a definite meaning; they stand for fair dealing and service.

That their policy is to satisfy their customers at all times and to sell for less, reasonable merchandise for the entire family.

That modern business concerns live up to their advertisements.

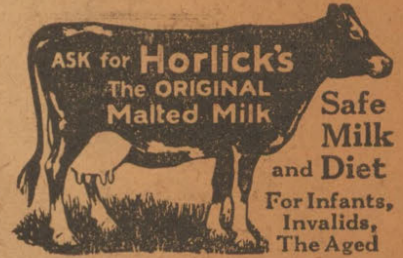

That they are very conscientious in the fulfillment of their statements.

Persistent advertisers make good on all their advertised offers.

**INSTRUMENTS RECORDED.**

**\$700 IN CASH PRIZES FOR BAKINGS MADE WITH**

**Read what Mrs. Alexander says**

"Baking Powder of course is one of the most important ingredients that goes into the baking of cakes and especially those intended for the rigid inspection of the judges of the Iowa State Fair.

"When I entered my first cake at the State Fair thirteen years ago I used Calumet Baking Powder and won a prize. I have been using it ever since and for the last eight years have won the greater share of first prizes for cakes at the State Fair, with my greatest success this year when I received 23 Blue Ribbons, 8 Seconds and 3 Thirds, or 34 winners out of my 37 different kinds of cakes entered.

"I have always found Calumet to be the dependable, reliable and consistent winner."

*Mrs. Jesse Alexander*

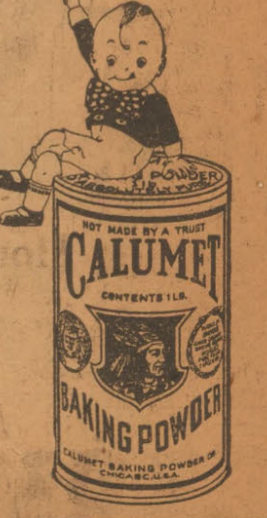

Thirteen years ago, Mrs. Alexander of Indianola, Iowa, decided to make a cake and try for a prize at the Iowa State Fair. She used Calumet Baking Powder and won a prize. Today she has 280 prize tags—159 first prizes, 102 second prizes and 19 third prizes, and she has won the tidy sum of \$700.00.

She is not a domestic science expert—just a plain every day farmer's wife, who has the good judgment to select pure and dependable ingredients such as Calumet when she bakes.

Millions of housewives are baking prize cakes, pies, biscuits, muffins, etc., every day with Calumet, the time-tested leavener that never fails to raise the bakings to their highest nutritional value.

For economical and always satisfactory results, the leading restaurants, big hotels, railroads, domestic science teachers and good bakers use Calumet.

**BILIOUS ATTACKS**  
From Which Kentucky Man Suffered Two or Three Times a Month, Relieved by Black-Draught.

Lawrenceburg, Ky.—Mr. J. P. Nevins, a local coal dealer and farmer, about two years ago learned of the value of Theford's Black-Draught Liver Medicine, and now he says:

"Until then I suffered with severe bilious attacks that came on two or three times each month. I would get nauseated. I would have dizziness and couldn't work. I would take pills until I was worn-out with them. I didn't seem to get relief. After taking the pills my bowels would act a couple of or three times, then I would be very constipated.

"A neighbor told me of Black-Draught and I began its use. I never have found so much relief as it gave me. I would not be without it for anything. It seemed to cleanse my whole system and make me feel like new. I would take a few doses—get rid of the bile and have my usual clear head, feel full of pep and could do twice the work."

One cent a dose. **THEFORD'S BLACK-DRAUGHT LIVER MEDICINE**

**Ranger Man Says Reckless Driving Must Be Stopped**

Ranger, Texas, May 8, 1925. To the Ranger Times:

I want to say a few words of protest to the reckless driving that is indulged in by so many of the motorists in Ranger. There is a seemingly wanton disregard for the rights of others in property or life.

One of these "sporty" drivers deliberately ran over a very valuable bulldog of mine yesterday, killing it and not attempting to stop to see what he had done. He was on the wrong side of the street and was disregarding every traffic rule. The loss to me was a pet dog worth considerable money and a child crying for its companion and playmate.

Nor is such a thing confined to pet animals and property rights. Reckless driving at and near the schools threaten the lives of children at assembly time and at dismissal. It would seem that there should be at least a decent attention to the safety of school children by even the most reckless drivers. If they want to risk their own valueless necks, they should remember that they have no right to risk the life and limbs of others. The killed and injured from such driving is greater than the killed and wounded in the late war during the same length of time, and there should be an effort by the au-

thorities to stop such disregard of common decency of conduct by such people.  
I would like to see Ranger made at least moderately safe from them and their ways.  
(Signed) - S. L. GOLDEN.

**SUNDAY SERVICES IN RANGER CHURCH OF CHRIST**  
There will be preaching Sunday morning at 11 o'clock at the Church of Christ, Ranger by Elder D. C. Williams, minister for the Gorman

Church of Christ. Sunday school will be held at the usual hour of 10 o'clock, with communion at 11:45 and evening service at 8 o'clock. The public is cordially invited to all these services.

A saving worth while. All men's oxfords on sale at reduced prices Saturday, Ranger Shoe Co.—Adv.

**Ed Does It Right and and Reasonable**

Hundreds of school children came to Ed's Studio Monday to have their photos made free, and the next day when they came by to get them, all you could see was smiling youngsters with a little brown envelope in their hands enclosing their pictures. It may interest the people to know that Ed can make any kind of photo that you may want and just like you want it. Ed says, "please the customers—make it just like he, she, or they might want it and not like somebody else wants it." Ed's Studio turns out the best work that has ever been in Ranger and above all it is the most reasonable. Photos that you would have to pay four or five times as much for elsewhere are made at Ed's Studio. Ed stated the reason he can make your photographs so reasonable is because of the large volume of pictures he makes every day. Don't put it off another day—come in while you have the opportunity of having your photos made at prices that will astound you.—Advertisement.

**Clears Complexion**

"Oh! how clear and beautiful your complexion is today, my dear!"

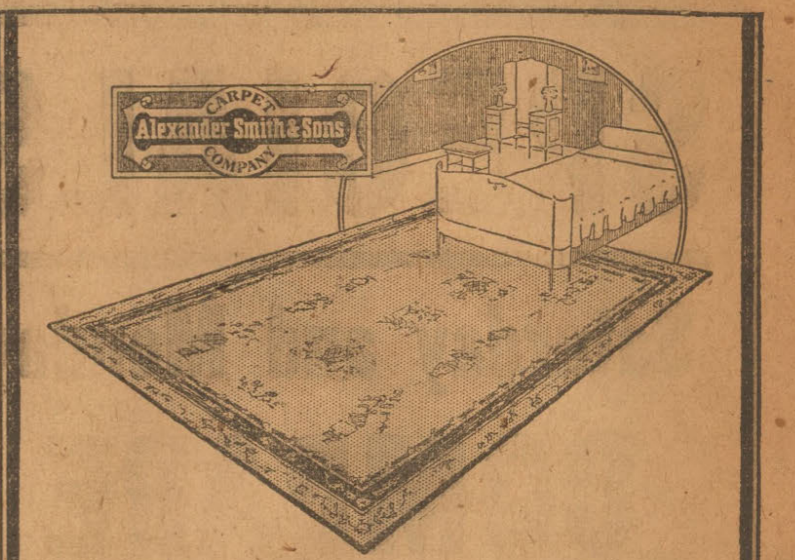

THERE is a certain joy—a certain pride—in knowing you are admired, whether it be from father, brother, husband or sweetheart! And back of that joy is the satisfaction of knowing all is well.

Men are fascinated by the charms of beauty. Women gaze with envy, secretly jealous, perhaps, wondering—hoping—praying for that attractiveness which is not theirs. But why the wondering—the hoping—the praying for that craved for attractiveness—that clear skin—that beauty. A clear skin—is the barometer of one's condition. A healthy skin radiates beauty. Pure, clean blood means a clear skin.

S.S.S. is waiting to help you. It will rid your blood of its impurities and give you that clear complexion. Since 1826 S.S.S. has been ridding people of blood impurities, from pimples, from blackheads, boils, eczema and from rheumatism, too. Because S.S.S. is made from fresh herbs and barks, it may be taken with perfect safety. Try it yourself. You will not only look better, but you will feel better, too.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.
