nearer the business part of town and will do quite a bit of repair work on it. Ollie Wilkerson and family have moved back to Olden from Rotan. Little Miss Bettye Suecke, who recently moved to Throckmorton spent the week-end visiting Christina Barker. Miss Beulah Speer and Miss Boland of Eastland were guests at the Speer home here Saturday night and Sunday. Mr. and Mrs. Henry Munn have moved back to Olden from Breckenridge. Miss Lela Mae Smith spent the week-end with homefolks in Eastland.

Dr. W. R. DeWitt of Cisco Dies Suddenly

CISCO, April 21.—Funeral services for Dr. W. R. DeWitt, who died suddenly at his home here Monday, at the age of 66 years, will be held here this afternoon from the family residence and will be conducted by Rev. A. C. Miller, pastor of the First Baptist church. Interment will be in Oakwood cemetery, Cisco. Dr. DeWitt had been a resident of Cisco for the past 18 years, coming here from DeLeon. He was a veterinarian and had been out on a call and had made no complaint of being ill. He had started from his car, parked at the curb in front of his home, to the house when he was seen to stagger. His son-in-law, Norton Gray, went to him to assist him into the house but he expired in Gray's arms. The cause of death was given as heart trouble. DeWitt is survived by his widow, who is sick and in a serious condition because of the shock of her husband's sudden death, and five children, as follows: Roy and Llovd DeWitt of San Francisco; Mrs. H. L. DuBose of San Francisco; and Mrs. E. L. Wisdom and Mrs. Norton Gray of Cisco.

Sour Milk Has High Nutritive Value In Food Preparation

Mary Jane Parker of the home economics department of the Calumet Baking Powder company, says, "Never waste sour milk," and gives the following suggestions for its use: Sour milk is a food of high nutritive value, so rich in the elements we need to preserve that it should never be allowed to waste. It also has many uses in the preparation of foods of which some of you seem quite unaware. Save the fresh milk that has soured and the sour cream as well. Both need only the addition of a bit more water and then soda to neutralize the acid. Sour milk and buttermilk biscuits are considered a delicacy which every woman takes pride in knowing how to make correctly. Usually a scant half teaspoonful of soda will neutralize one cup of sour milk, although the amount of soda required varies with the acidity of the milk. A good recipe for sour milk biscuit is as follows: Sift together 1 1/2 cups of flour, 1/2 tsp. of Calumet baking powder, 1/2 tsp. salt, 1/2 tsp. soda; chop into this 1 1/2 tbsps. cold leaf lard. Add a cup sour milk, cutting the dough with a spatula or knife. Toss the soft dough on a floured board; knead in a little flour if the dough is too soft. Roll. Cut small biscuits, and bake in a quick oven.

Mr. and Mrs. O. D. McDonald of Cisco attended church in Olden Sunday night. Little Jackie Gibbs is ill with whooping cough. Bennie Anderson was able to be brought home from the sanitarium Sunday. Mr. and Mrs. J. C. Mitchell were Cross Plains visitors Sunday. A number of Biblical pictures were shown at the Baptist church Saturday night. The oil well being drilled on the C. A. Wilson place was brought in today. The production is not known yet. Mrs. H. Suecke and children, who recently moved to Throckmorton, was visiting friends in Olden Saturday night and Sunday. Dr. and Mrs. I. L. Vaughn and Mrs. J. W. Pickens were visiting in Cross Plains today. The ladies' missionary society served lunch Monday. Mrs. M. A. O'Brien has returned home from a few weeks' visit with relatives near Dallas. The Baptist people are shipping a crate of eggs to Buckner Orphans' home at Dallas. Roy Pickett moved his house today to its new foundation. GILMER.—A sixteen-ton ice plant is being installed here by the East Texas Public Service company.

CROSSWORD PUZZLE

You've come across it before, if you've been solving crossword puzzles from the beginning. It's just another of those freak crossword puzzle creatures. See if you can get 29 vertical without knowing the unkeyed letter.

- HORIZONTAL
1. Party for men only.

72. Seventh note in scale.
74. Toward.

DAWES RESUMES HIS ATTACK ON SENATE RULES

(Continued from page one) ed by the constitution and inconsistent with the principles of representative government? Of what relevance are the claims that because the power of unlimited debate in the early days of the senate with its small membership, was not abused, this power with its consequences should have existed then or should exist now? "Because it could modify the conduct of government business as intended by the constitution, the existence of the power was as wrong in the past as both its existence and exercise are wrong at the present time. Who can justly claim that the protection of the country against hasty legislation demands not only a concurrence in legislative action of the two houses of congress, the veto power of the president of the United States and the power of revision by the supreme court of the United States, but in addition a power during the end of a session of congress on the part of a minority or even at times, of one of the 96 senators, to block and destroy legislation by consuming time necessary for decision by prolonging debate until the session ends—a power the existence of which the constitution of the United States does not contemplate—a power which at times puts into the hands

of minorities and individuals, the ability to modify or control legislation by barter? The reserved power of the states in the constitution does not include the power of one of the states to elect a senator who shall control a minority or even one of the other states."

Grease Spots Rot Materials, Spread Disease

Experiments have proved that dry cleaning at regular intervals prevents the rotting of materials. Every grease spot, though apparently unnoticeable, causes a decay that spreads germs and ruins the fabrics of the goods.

Have your clothes cleaned often by a MASTER CLEANER to lengthen their life and prevent the spread of contagion.
