No. 94

SPEAKER TO NAME PROBERS WEDNESDAY

WARRANT IS ISSUED FOR NOTED EVANGELIST MRS. MCPHERSON

FLATWOODS COMMUNITY GETS GOOD WELL

WELL ON HARBIN PLACE ATTRACTS BIG ATTENTION

Other Developments Are Nearing Pay In Vicinity Of Eastland

Increasing interest in oil circles in Eastland county, occasioned by the splendid showing being made by wells in wildcat and semi-wildcat territory, is noted this week. The progress being made on drilling wells in proven territory during the past week, if continued for a few days longer, will bring a number of them to the pay. The latest development to attract more than usual attention, was the striking of the pay in the Jess Harbin well four miles south of Eastland in the Flatwoods community and on section 15, block 2, H. & T. C. Railway company survey. At a depth of 1,290 feet this well is bailing more than two barrels per hour. It has not been drilled in and is making no gas. Lewis, Moore and associates of Eastland own the well.

Fritchard Well.
The derrick and rig on the Judge Ed Fritchard well in the Flatwoods section, which burned a few days ago when an unexpected flow of gas ignited, is being rebuilt for the purpose of continuing drilling operations, the gas flow having been encountered at a very shallow depth. This well is being drilled by Clayton et al. of Eastland.

LeRoy Arnold and the Consolidated Gasoline company of Eastland, are nearing the pay on their No. 1 Eppler, west of Eastland, and expect to drill it in within the next 24 or 36 hours.

Knox & Hyar, drilling for the Arab Gasoline corporation of Eastland, are making good time on the latter's well on the J. A. Beard farm, known as the Hawk tract, a few miles north of Eastland. It is understood that this tract is being drilled primarily for gas.

Parsons Pool.
An extension to the Parsons pool, four miles southeast of Eastland, is being made by the Gulf who is drilling on the T. A. Bendy farm, which is about one mile from the discovery well in this pool.

Seven miles north of Rising Star the Dick Barkley No. 1 G. W. Hill has a splendid showing of oil at a depth of 2,940 feet. Preparations are under way to drill it in. Formations in this well are said to be similar to those found in the Morgan well in that section. A shot will doubtless be given.

The Navarro Oil company have just finished setting six-inch casing in their No. 1 Clark, two miles east of Rising Star, and are ready to again resume drilling.

NEW YORK DEMOCATS NAME AL

ALBANY, N. Y., Sept. 17.—Gov. Al Smith today practically admitted to the newspapermen that he has accepted the ultimatum of the democratic leaders and would be a candidate to succeed himself at the fall election.

This places Smith in the running as a possible candidate for the democratic nomination of president. However, his religious affiliations may cause some trouble in the south.

Smith is an avowed modification of the Volstead act man, and the democrats in the east and north are taking that up as a battle cry. While that is the case in the north and east, the south is bone dry. Just how the two factions can be brought together is a question.

Democratic leaders in New York and other eastern and northern states do not seem to be uneasy over the outlook, and believe the south will stand true to its principle of standing solidly behind the democratic party. They do not think that anything can split the party in the south.

ALL BIDS REJECTED BY CITY OF EASTLAND

All bids submitted for paving Eastland streets were rejected by the City Commission, and new bids are to be advertised for within a short time, according to W. E. Dakan, city secretary.

Bread and Water Prisoners

When Judge Orville Chatt, of Tekamah, Neb., sentenced Thomas Nelson and Roy Carson to a 40-day bread and water diet for violation of the liquor laws, he started a controversy that has aroused the nation. Here are first pictures of the principals. Above Dr. Isaac Lukens is examining Nelson. Below, right, is Carson, trying the jail bread. At the left is John H. Chatt, brother of the judge who sentenced the men, who declares he will go to court to seek an injunction to prevent the sentence being carried out. He calls it cruel and discriminating.

HAGAMAN HOME FROM LEGISLATURE

Representative M. H. Hagaman, returned to Ranger today from Austin where he has been attending the special session of the legislature. Mr. Hagaman stated that the legislature had adjourned until next week to give the clerical force an opportunity to complete its work.

Supplemental appropriation for the aid of the public schools will be made at this session, Mr. Hagaman stated in commenting on the activities at Austin. One-half of the road bonds are through he added.

All other matters will be left for the regular session, was Mr. Hagaman's opinion. The investigation committee, which has been made a permanent one, will make its report then, he added.

Bandits Busy In Throng At R. R. Station

CHICAGO, Sept. 17.—As hundreds of passengers streamed through a crowded railway station here today, a bandit stepped from the throng, onto the running board of an automobile driven by Gustaf Engelman, No. 2 West 36th street, New York, and robbed him of \$60,000 in diamonds and unmounted jewels.

Broadcast of Fight Gone Glimmering As The Rights are Sold

NEW YORK, Sept. 17.—There is a possibility that there will be no public broadcasting of the Dempsey-Tunney fight. It appeared today with the announcement on the part of the New York promoters that the broadcasting rights had been secured by the Public Address system, who plan to operate a private broadcast only.

FOUR OTHERS ARE INDICTED; CONSPIRACY

Trial Of Woman May Be Delayed, Sickness; Radio Man Surrenders

LOS ANGELES, Sept. 17.—Warrants for the arrest of Aimee Semple McPherson and four others on three counts of alleged conspiracy to obstruct justice were issued at the district attorney's office today. The warrants signed by District Attorney Asa Keyes, charged "perjury and preparation of false evidence." Others named in the warrants were Kenneth Ormiston, former radio operator at the Angelus temple; Mrs. Minnie Kennedy, the evangelist's mother; Mrs. Lorraine Wiseman, and "John Doe" Martin.

Preparations for a speedy prosecution of Mrs. McPherson and her associates may be delayed, however, by illness of the Angelus temple pastor. Mrs. McPherson was confined to her bed with a serious infection of the nose near the brain, and grave complications were feared.

Ormiston, the object of a nationwide search for months by the district attorney's investigators, was to have surrendered today. According to his attorney, the radio man will be an important witness for the state, for which he expects immunity from prosecution.

It is expected to be the most sensational trial ever held in California, since the Durant case in San Francisco.

Mrs. McPherson and her mother were notified this morning that they were considered under arrest. "John Doe" Martin, named by Mrs. Wiseman in her sworn statement as the agent who made the first advances to her regarding an impersonation scheme which would clear Mrs. McPherson of implication in the scandal with Ormiston at Carmel.

ALL STOCKS TUMBLE ON EXCHANGE

NEW YORK, Sept. 17.—Heavy selling today caused the biggest break in the stock exchange since last March. Stocks dropped heavily some as much as ten points.

The drop on the exchange was reflected in curb and bond market. All sections of the lists were affected. U. S. Steel dropped 2 3/4 and Hudson Motors 4 3/8 and many strong stocks lost proportionally.

Call money was renewed at 4 1/2 per cent.

English Swimmer Crosses Channel And Wins \$5,000

LONDON, Eng. Sept. 17.—Norman Derham, an Englishman, completed a swim across the English channel and won \$5,000 offered by Lord Riddle, owner of the "News of the World" for any citizen of Great Britain, who could better Gertrude Ederle's time for crossing.

Derham came ashore at St. Margaret's bay near Dover at 10:57 a. m., thirteen hours and 56 minutes after entering the water at Cape Gris Nez. Gertrude Ederle's time was 14 hours and 31 minutes on August 6.

Phillies Manager Arthur Fletcher Draws Suspension

NEW YORK, Sept. 17.—Arthur Fletcher, manager of the "Phillies" has been suspended for the remainder of the season, it was announced today at National League headquarters here.

It was charged that Fletcher abused Umpire Klem in yesterday's second game with the Cardinals, and he did not get off the playing field for fifteen minutes after he was ordered off today.

Catcher Wilson was fined \$50 for making a protest to Klem.

Two-Gun Tom

Captain Tom R. Hickman of the Texas Rangers has added another feat to his long string of exploits. He happened to be in Clarksville, Tex., when two bandits held up a bank there. They would not halt when he commanded them to, so he shot both to death with one bullet. This photo shows him with his two hand-engraved revolvers, presented to him by admirers.

WANTS SLAYERS OF ROSENTHAL APPREHENDED

WASHINGTON, Sept. 17.—On the basis of official reports of the murder of Jacob Rosenthal, a wealthy New Yorker, by Mexican bandits, Secretary of State Kellogg, acting through the American embassy in Mexico City today urged the Calles government to apprehend and punish the remaining culprits.

Following the dispatch of these instructions, Secretary Kellogg was prepared to receive from a Ku Klux Klan delegation, resolutions of the national Klivocation supporting the administration's "hands off" policy in the Mexican-Catholic conflict.

Two Captured.

Because of the vigorous efforts of the Mexican federal authorities already resulting in the capture of two of the six Rosenthal captors, this government has decided not to send the customary protest against Mexican banditry. This policy is in line with the recent white house statement exonerating the Calles government of the responsibility of isolated cases of lawlessness and comparing such banditry with the activities of gunmen in American cities.

The United States may file claim for damages in the Rosenthal case with the existing claims commission. In a somewhat similar case of an Italian murdered in Texas several years ago, the United States congress absolved the federal government of all responsibility, but voluntarily voted an indemnity as an act of friendship.

Widow of Murdered Man Is Turned Back

NEW YORK, Sept. 17.—The body of Jacob Rosenthal, retired New York business man, who was killed by Mexican bandits, will be returned to Woodmere for burial, his attorney, Alfred D. Glind, said today.

Mrs. Rosenthal, the widow, was en route to New York from St. Louis today. Mrs. Rosenthal was on a train bound for Mexico when her husband was murdered, and a telegram from friends in St. Louis reached her in time to halt the journey there.

Since 1916, Rosenthal has traveled all over the world, his moderate fortune had permitted him to retire.

Note Is Delivered By Lane to Mexico

MEXICO CITY, Sept. 17.—Secretary Arthur Lane, of the United States Embassy, delivered to the foreign office a request for the apprehension and punishment of all persons guilty in the complicity of kidnaping and murdering Jacob Rosenthal, retired wealthy business man of Woodmere, N. Y.

TEAGUE REPRESENTATIVE WILL INTRODUCE GASOLINE TAX AND OTHER MEASURES

OBSERVERS SEE MANY CHANGES IN WASHINGTON

WASHINGTON, Sept. 17.—All primaries completed, political observers today counted noses of interesting and picturesque Senate and House figures who have fallen by the political wayside.

Considerable attention was focused on the strange political fate which befell Representative John B. Sosnoski, Michigan self-styled "100 per cent Republican." Seeking renomination on the Republican ticket, Sosnoski bowed to Robert Chaney, who held a seat in the last Congress on the Democratic side of the chamber. This year, however, Chaney changed his political raiment and ran on the Republican side.

Swell Dresser.
Sosnoski's passing leaves Speaker "Nick" Longworth without a close competitor for the title of "best dressed man in the House." The Michigan member sported a wardrobe of 25 suits, and an abundance of natty shirts, cravats and spats.

The passing of Representative John P. Hill, who was unsuccessful in his attempt to wrest the Republican senatorial nomination in Maryland from Senator O. P. Weller, completed the elimination in Congress of the two extremes on the prohibition question. Hill was leader of the modification forces, and known as the "wettest of the wets." His opponent, Representative William D. Upshaw, Democrat, Georgia, the "driest of the dries," suffered defeat in the primaries last week.

Divorce Trial.
As a result evidently of sensational revelations during his divorce trial, Representative Frank Scott, Michigan, was beaten for renomination by Dr. Frank F. Bohn.

Many members of the House are gloating over the victory of former Representative John Clark, Republican, New York, a wet, over Representative Tolley, Clark owns a massive up-state farm and during his term in the last Congress he frequently banqueted a score of fellow members. His table was banked high with a variety of food, fresh from his farm. Clark's friends in Congress hope he will achieve success in the November polling.

Air Mail Pilot Jumps 4000 Feet And Lands Safely

OTTAWA, Ill., Sept. 17.—Air mail pilot Charles A. Lindbergh, flying from St. Louis to Chicago, was safe here today after leaping from his plane from an altitude of 4,000 feet and floating to earth by a parachute last night.

The jump was made necessary when the supply of gasoline was exhausted. An inkly black fog made it impossible for him to find a landing place.

Lew Cody, Screen Lover, And Mabel Normand Wed

HOLLYWOOD, Calif., Sept. 17.—Lew Cody, sophisticated screen lover, announced at an exclusive breakfast here today he had married Mabel Normand, famous comedian of the films.

"Fellows, I went to a party last night—it was my wedding party," the screen lover said. "I married Mabel Normand."

It was Miss Normand's first marriage, but Cody was divorced several years ago by Dorothy Dalton, film actress. He is 39 years old and Miss Normand is 28.

UNIDENTIFIED LAD KILLED BY PASSENGER

GAINESVILLE, Texas, Sept. 17.—An unidentified white boy about 20 years old was killed by a passenger train here today. It appeared if he had been asleep on the tracks.

Adjournment Legality Is Discussed; No One Will Be Called Back

AUSTIN, Sept. 17.—Speaker Lee Satterwhite, announced at noon that he probably would appoint the committee for investigation into the state departments next Wednesday morning. It was said, that Dan Moody leaders would dominate the probe.

The question was raised this morning as to the legality of the legislature of adjourning from Thursday to Monday, it being contended an adjournment of over three days was in violation of the constitution. Many of the legislators have returned home, and it was said they, probably, would return to Austin before the expiration of the adjournment. The matter was being discussed by Lee Satterwhite and other legislative officials.

It was announced that no attempt is to be made to summon the legislature to meet before the adjournment expiration next Monday morning 10 o'clock. It is said that the constitution does not vest authority with the lieutenant governor or speaker to recall members after they have adjourned to specified time.

Bills providing for increasing the gasoline tax to three cents per gallon and for an appropriation to supplement the available school fund to allow a per capita scholastic of \$15 instead of \$11.50 as fixed by the state board of education, have been prepared by Representative John F. Wallace of Teague, who said they would be introduced immediately after the governor submits the subjects to the special session.

He also announced that he would introduce as a companion to the gasoline tax bill, a third measure for the reduction of the registration fee on pleasure autos by one-half, and repealing the 17-1-2 horse power tax on both trucks and pleasure cars. All of the revenues from the registration fees are to be left in the counties under the terms of the Wallace bill.

STORM TAKES TOLL 6 LIVES IN MID-WEST

CHICAGO, Sept. 17.—High waters, snow and rain storms have taken a toll of 6 lives in mid-west United States and Western Canada, in the last 24 hours.

Two persons were killed near Humbolt, Neb., when their motor car overturned in a water filled ditch.

Four were killed in the snow and hail storm in western Canada. Near Bardestown, Ill., where the Illinois River is above flood stage, many residents are moving from their homes.

Masked Bandits Hold Up Steamer Office for \$5,000

PHILADELPHIA, Penn., Sept. 17.—Three masked men in an auto drove on the steamship pier of the Merchants and Miners Transportation Company here today, held the office and escaped with \$5,000.

United States Prevents Cuba's Candidacy

LONDON, England, Sept. 17.—An Exchange telegram from Geneva said that the United States had applied pressure to Cuba to prevent the latter country from being a candidate for the League of Nations council.

GENE TUNNEY OPENS TRAINING QUARTERS STROUGHDSBURG, Pa., Sept. 17.

Gene Tunney threw his training quarters open to the public again today and announced that tomorrow and Sunday he would do the same, after which his work again would be private.

FROM THE BIBLE: Behold, happy is the man whom God correcteth; therefore despise not the chastening of the Almighty.

PROSPERITY HERE: With a bumper feed crop ready for harvest, or already harvested, a fair cotton crop, Texas taken as a whole, and fall merchandise buying under headway, there is no room for any one to kick.

Merchants generally in Eastland county report business much improved over last year. In addition to good crops, there is a resumption of oil development that bodes the opening of new fields and pools.

The cotton fields as well as the oil fields are sires that have lured many from their own fireside. These laborers need clothes and merchandise and are buying them, according to merchants reports.

A ride over any of the highways that radiate through Eastland county may be seen truck loads, autos loaded with hands going to the cotton patches. Quite a few families are passed en route to the cotton patch, some perhaps going to the new oil pools that are being developed.

Eastland county has a big advantage over most counties in Texas in that it is a leading oil producing area as well as one of the best farming sections, to say nothing of taking the lead in the production of poultry, and soon will lead in dairying and hog raising.

Another factor to be considered in proving that prosperity is here is that the cost of living shows a slight decline in the oil belt along with other things. Look upward and see the blue sky not the lowering clouds. The outlook is too optimistic for any one to have the blues, prosperity is here, lets greet her with open arms and make Eastland county the leader of the prosperity parade.

Queen of Italy Is Champion Trout Catcher: GENOA.—The queen of Italy is the champion trout-catcher of the Italian royal family and Prince Humbert is the worst.

The queen finished the one-day competition with 268 trout to her credit. The king came far behind her, but next, with a catch of 179. Princess Yolanda scored 153, Princess

SOCIETY AND SOCIAL AFFAIRS

SATURDAY County Federation Meeting at Gorman, 2:30 o'clock.

HOME Mrs. Nannie Walker, who has been in California for the past two weeks enjoying a brief vacation, has returned home and reports a most delightful trip.

NOTICE SUNBEAMS The Sunbeams of the Central Baptist Church, will meet at 11 o'clock Sunday morning instead of in the afternoon as heretofore. The meeting will be held in the Annex.

COUNTY FEDERATION TO MEET SATURDAY The County Federation will meet Saturday afternoon in Gorman, at 2:30 to take up its program for the ensuing year, however, at this meeting the business will be dispatched as quickly as possible so that those in attendance may have an opportunity of attending the Gorman fair, which is now in progress.

A THIRD DAUGHTER ARRIVES Mr. and Mrs. Barney Carter are rejoicing over the arrival of their third little girl, who was born early Wednesday morning at the city county hospital. The newly arrived daughter has not yet been named.

TWO POPULAR MATRONS COMING HOME News comes that Mrs. John Thurman and Mrs. Dick Barkley, who have been summering in California, will be home soon. Mrs. Thurman is expected to arrive here not later than Monday, but Mrs. Barkley may stop in Fort Worth a few days before coming to Ranger.

CARNIVAL DANCE OPENS FALL SEASON The Elks Carnival Dance last night in their attractive club rooms opened the fall season most auspiciously. Harrison's Texans, were greeted by a large and enthusiastic crowd, which proceeded to make merry until the morning hours.

SPECIAL ANNOUNCEMENT FOR METHODIST CHURCH All applicants for membership in the Methodist Church are urged to be present at 11 o'clock Sunday morning. Special seats will be reserved and all matters relative to Church membership will be made plain.

Queen of Italy Is Champion Trout Catcher: GENOA.—The queen of Italy is the champion trout-catcher of the Italian royal family and Prince Humbert is the worst.

The queen finished the one-day competition with 268 trout to her credit. The king came far behind her, but next, with a catch of 179. Princess Yolanda scored 153, Princess

Take It for What It's Worth

Coolidge Luck

The well known Coolidge luck still holds out. This time it turned up in Illinois where Marilyn Ives Coolidge, of near Bloomington, won highest baby honors at the state fair.

Flatwood Fair Thursday Drew Large Attendance

The Flatwoods community fair held yesterday afternoon was well attended and the exhibits were good. Exhibits consisted largely of grain, canned fruits and vegetables.

Moslah Shrine Special to Make Stop in Ranger

Ranger is on the route of the special train of the Moslah Shrine temple of Fort Worth which will arrive Sept. 23, at 11:24 a. m., on the way to San Angelo to attend the following morning. In addition to Ranger, it will make stops at Weatherford, Strawn, Eastland, Cisco, Baird, Abilene, Merkel and Sweetwater.

Signs by Radio

Robert W. Shingle, candidate for the Hawaiian Senate, learned while in San Francisco that his nomination papers were invalid without his signature. He had forgotten to sign.

Europe's Taxes Show Increase; In U. S. Decrease

LONDON.—What mainly differentiates Europe from the United States, in the opinion of European economists, is the burden of taxation. In Europe the proportion of national income or wealth that goes into the support of the various governments is still increasing; in the United States the proportion of the national income of the leading European countries paid in taxes estimated as follows:

Table with 2 columns: Country and Percentage. Includes England (11.4% to 22.1%), France (13.8% to 17.8%), Italy (9.6% to 20.0%), Switzerland (6.9% to 15.0%), Austria (14.9% to 17.2%), Hungary (13.4% to 17.0%).

Band Committee Outlines Program For Winter Season

The band committee of the Ranger Chamber of Commerce met today with Leo Underwood, high school band instructor, and C. C. Patterson, secretary of the chamber of commerce to make arrangements for the fall program.

The band is to furnish music at the games beginning with the first one at Stephenville, October 2, and by cooperating with the "pep squad" it was decided more snappy airs should be played this season than formerly.

800 Year Old Gate Restored To Oxford University

OXFORD, England.—An ancient gate of oak, which was set up nearly 800 years ago and swung for 500 years at the entrance to Balliol college before it changed its location, has been found and returned to its old place.

The gate was made and hung in 1288 and it was already a venerable antique when, in 1555, Ridley and Latimer were burned at the stake only a few yards in front of it, after they had been convicted as Protestant heretics.

Few Veterans Grace Indiana Hoosier Huskies

BLOOMINGTON, Ind.—Few veterans will grace the Indiana football squad when Coach Pat Page lines up the men for first practice.

It will be Pat's first year at the Hoosier school and the way things look now he will have a hard row to hoe. And as usual, Pat is making no promises as to just what he intends doing with the material he will have.

The season opens with Northwestern—the first of the "home and home" game series. In return Northwestern comes to Bloomington for the home-coming game October 30. Other games include Notre Dame, Wisconsin, and Kentucky.

PUBLIC HEALTH NURSE EASTLAND VISITOR

Jean M. Campbell, R. N., public health nurse of Austin, who represents the Texas Public Health association, was in Eastland today in the interest of the Christmas seal campaign. She appointed Judge Virgil P. Seaberry chairman of the Christmas Seal campaign in Eastland.

Mrs. J. C. Walker and Mrs. Hadley Barlow and children of Abilene are visiting relatives in the city.

THEY NEVER KNEW

by TOM SIMS

OPENING
Located in the darkest part of Africa is a tribe of savage savages who are awful people. Besides walking backwards so they can see where they were, their chief is named "Umphah" after one of the horns in the orchestra.

Chief Umphah's son is named "Tiddlebum." Due to bad environment, Tiddlebum plays on the piano. When the chief hears of this he is heart broken. In a trembling voice he says, "I should have sent Tiddlebum to boarding school."

This, however, while very interesting, has nothing to do with the present story which is about something else.

In the story at hand, Jimpson Weed marries Pearl Handle and they start on their honeymoon. Pearl's old man objects to the match and tries to shoot Jimp.

The honeymooners are in Greenwich Village. The lights go out. A shot shoots. The lights come on. A tall stranger has been killed deader than anything.

PLEASE, NOW
CHAPTER XII
Could the author please be pardoned for recalling the end of the previous chapter?

You see, there are so many wor-

ries—Jimmy had the whooping cough last night—Johnny cried because he threw the ink well at the cook and missed her—and really, we mustn't let the turmoil make us forget the thread of this thrilling story.

As the chapter concluded, Jimp and Pearl were in a terrible predicament. Someone had shot and killed someone. Naturally, the cops suspected Jimp, our Jimp.

"Who killed this guy?" screamed the chief of police of New York.

"I didn't," said Jimp. "I ain't killed nobody all day long."

"You wouldn't lie to me, young fellow?" asked the chief, his gimlet eye boring into Jimp.

Before our Jimp could answer, our Pearl hopped upon a table. "I shot the bum," giggled she. "And I'll kill any man who does what he did." She was defiant.

"What did the bum do?" questioned the chief. Accustomed as he was to dealing with criminals, he knew Pearl was not a girl to kill men simply for the thrill of the killing.

"He offered me a drink of synthetic gin," Pearl's voice was calm. She knew she was in the right.

"Very well," said the chief. "The fellow needed killing." And saying which, he departed.

The following day Jimp and Pearl awoke, as was their custom.

"Let's go to Coney Island," suggested Jimp, stretching himself.

"Let's do," laughed Pearl, stretching herself.

The Hindus have a quaint way of saying, "There's no fool like an old fool because the young ones haven't had enough experience."

Climbing, out of the subway, which is about fifty feet up in the air at this point, the young husband and his laughing bride pushed their way through the gay crowds of sloppy looking people.

"Let's eat some hot dogs and go riding on a roller coaster," snickered Jimp, who never had done it before.

"Let's go riding on the roller coaster first, and then consume some hot dogs," smiled Pearl.

It was a timely suggestion. Hot dogs cost ten cents each. Even though they had a million dollars, Pearl didn't intend throwing away any of their dimes.

Leaving the roller coaster, Jimp and Pearl started for the beach. It was a funny story and they should see many humorous sights upon the beach at Coney Island.

"Halt!" cried a voice behind them. It was stern and forboding.

"What do you mean, halt?" asked Jimp, turning around and seeing a Western Union messenger boy, and also a Postal messenger boy—because this story is fair to both sides.

"We said 'halt' because we have telegrams for you," smiled the two messenger boys. "We've been hunting you all day long."

Hastily, Jimp opened the telegrams. He frowned as he read the contents.

"Heck," exclaimed he, because the word 'hell' isn't being used in this great novel.

"More trouble, Jimp?" asked his trusting young wife.

"Yes," responded her darling husband. "Seeds of trouble. Here we are at Coney Island having a big

time, and then we get a couple of wires like this."

"What do they say?" questioned the girl. She was his wife and wanted her share of their mutual troubles.

"Read them yourself," said Jimp, sitting down in the sand. It was quite evident that the wires said bad news.

Pearl grasped one of the wires and read aloud, "This is a nice mess," said the wire. "Stop comma, you are still in New York stop you are a couple of swell guys you are stop this is chapter twelve stop don't you ever look at the scenario stop in chapter twelve you are supposed to be lost in Mammoth Cave stop."

The wire was signed by the author.

"What'll we do now?" asked Pearl.

"Orders is orders," said Jimp.

Stalacpites and stalactites stalacmited and stalactited from below and from above.

Cautiously, Jimp and Pearl crept along the narrow passage. They were lost in Mammoth Cave.

"How many lucifers have you?" asked Pearl.

"What's a lucifer?" asked Jimp.

"Lucifers are matches in eight letters."

"Well, why didn't you say so, I haven't any more. I haven't a single lucifer left?"

"Not another lucifer?"

"No, not another lucifer."

The darkness closed in upon the two poor unfortunates lost in Mammoth Cave. It was so black a lump of coal would have shone like a street lamp.

"Anyway," said Pearl, "we can

Our darling girl at Coney Island

die. Get tomorrow's paper and see how they are saved by nothing less than a miracle.

TERRIBLE PAIN
Alabama Lady Tells How She Obtained Relief by Taking Cardui. Feels Fine and Enjoys Life Now, She Says.

Talladega, Ala.—Mrs. Mary Hardy, 406 Henderson Avenue, this city, says that seven years ago she "got down sick" and was unable to attend to her household.

"I have never been so weak before or since," she says. "I had a terrible pain in my side—so sore in my side and the lower part of my body.

"Across my back ached, and I was so nervous I couldn't stand up. I had just about given up when some one who came to see me began talking about Cardui. This caused me to get it. I took about two bottles before I saw much improvement.

"After this, though, I picked up right away. I slept better at night. I was hungry, enjoyed my food, which I hadn't done for some time.

"The pain and soreness gradually left my side. I regained my strength. I took about six bottles and left off for awhile, then took two or three more. I feel just fine, enjoy life and can work now, too."

Cardui is purely vegetable, and contains no harmful drugs. It has helped thousands of suffering women and should help you, too. NC-168

cat. You have the lunch consisting of fried chicken, hot biscuits, coffee, cake and ice cream which they fixed for us at the Cave City Hotel."

"No," said Jimp. "I haven't the lunch."

"Why haven't you the lunch?"

"The guide carried it with him when he fell into that big hole and broke his neck," sobbed Jimp.

This, indeed, was terrible. It was almost dinner time. Jimp and Pearl hadn't eaten a thing since lunch, except a few barbecue sandwiches, and some popcorn, and some pretzels, and two steaks.

That's all the unfortunates had eaten since noon. And here it was almost dinner. The situation was serious, very serious.

No food. No matches. No guide. That was the situation in a nutshell and in Mammoth Cave.

The mouth of the cave buzzed with activity. "Jim and Pearl are in there, lost," exclaimed excited spectators.

Guide after guide had searched for them. But not one Jimp or one Pearl could be found.

They were lost, good and lost.

"We must do something," said Pearl. "I can't die. I dropped my compact some place. I can't be found dead with my nose shiny."

Jim understood this. He knew how the neighbors back in Omeomy, Ohio, would talk if it got out that his Pearl had been found dead in Mammoth Cave with her nose shiny.

But what could the poor husband do? Grabbing a stalagmite he snapped it off. Using it as a hammer Jimp quickly broke off one of the beautiful stalactites.

He set to work, rubbing the stalagmite against the stalactite. Soon there was a fine dust around his feet. He couldn't see it in the darkness, but he could feel it.

"Here," said he to Pearl, handing her some of the powder. "Put this

Pimples gone!
a clean shave ready to meet the world

THEY'RE GONE! Those unsightly, annoying pimples that were such an embarrassment to you. Absolutely disappeared! S. S. S., the powerful blood cleanser and red, blood builder, did it!

Now you know what to do about such skin eruptions. Now you know how foolish it is to let pimples, blackheads, boils, blotches, eczema and such things remain to handicap you.

Now that you are free of such unsightly things, people will welcome you—like to see you and talk to you, instead of making excuses to keep out of your way.

When S. S. S. starts charging through your blood, skin troubles fade away. Your whole system is improved—nerves strengthened—appetite returns—strength and power comes back into flabby muscles—you feel like yourself again.

S. S. S. is sold by all druggists. Get the larger bottle. It's more economical.

Next Olympics Prospects Are Blue For Americans

By HENRY L. FARRELL,
United Press Sports Editor.

NEW YORK, Sept. 17.—Recommendations that the American Olympic team that will be sent to Amsterdam in 1928 be reduced to a bare skeleton and that wives of officials and athletes be left at home will be made, it is understood, by the committee which returned recently from an observation trip to the scene of the games.

The committee finding that it would not be practical to quarter the team in any hotels or any of the buildings that have been offered by the Dutch committee will recommend that a large ship be chartered and that the athletes be kept on board as they were at Stockholm.

"We found conditions far from satisfactory in and around Amsterdam as there were no quarters large enough for the big team— that usually take to the games," one of the committee said. "It would be out of the question to build a camp as it would be unsanitary and uncomfortable."

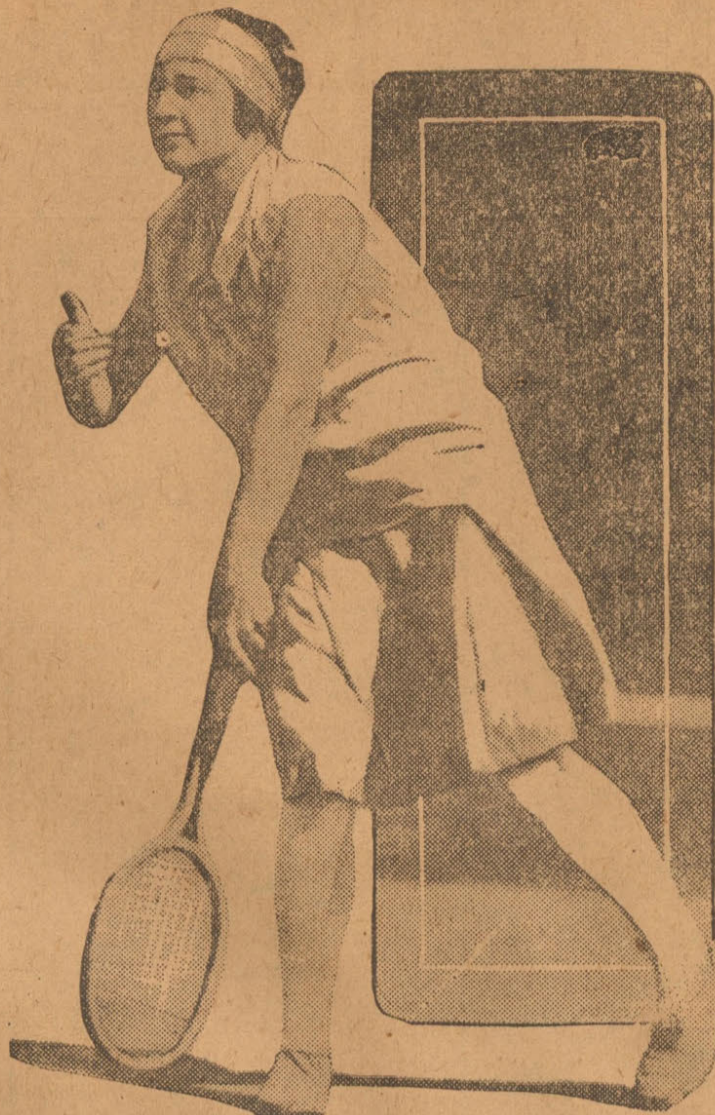

"The only solution I saw was a ship that we could anchor off shore in the Zelder Zee, far out enough to be away from the mosquitoes which we found to be a real nuisance. We could arrange for a number of motor boats to be used in taking the athletes to the shore and bringing them back and we could maintain better discipline with the athletes on a ship."

"If we did charter the ship and kept the men on board it would be necessary to reduce the number of athletes to a bare minimum of comfort would necessitate that all the athletes be given a first class stateroom. The number of officials and coaches ought to be reduced and the officials, athletes and coaches should not be allowed to take their wives unless they traveled on another ship and obtained quarters in a hotel. I would recommend that no athlete be allowed to take his wife with him."

It is understood that prices have been discussed already with representatives of two steamship lines and that the price will be reasonable enough to fit the size of the committee's pocketbook, which, at the present time is rather slim.

The committee recommended, after the Paris games, that only those athletes who were almost sure to be starters, be taken on future Olympic trips as it is almost impossible to find in foreign countries quarters large enough to house a big team in comfort. The food problem is also serious when there is such a large

Promising Tennis Player

This is Miss Avery Follett, one of California's premier tennis players, snapped on the courts at Del Monte, where she recently won the women's Del Monte championship. California has produced many great tennis pastimes and experts see another future star in Miss Follett, a comparatively newcomer at the game.

number of big appetites to satisfy.

The committee returned from Amsterdam with a warning that the United States will have a real contest if the next games are to be won. The Fins are the usual threat and the Germans are attracting widespread attention in Europe.

Germany, it is said, already has a government appropriation of almost a million dollars which is now being used to develop their athletes. Meets are being held in all the little villages and the more promising athletes are turned right over to trainers and coaches as soon as they begin to show possibilities.

Professional Tennis Causes Much Comment

By HENRY L. FARRELL,
United Press Sports Editor.

NEW YORK, Sept. 16.—Dreams of C. C. Pyle about the possibility of open or professional tennis in the United States will prove more of a nightmare to the officials of the United States Lawn Tennis association since Miss Mary K. Browne, former American champion, joined Mlle. Suzanne Lenglen under Pyle's management.

The thought behind the present deliberations of the association is not the immediate effect of the desertion of the amateur ranks by two such high ranking women players but the influence it will have on other stars, especially if Pyle's experiment proves a success.

Work for Me.

"I have worked enough for tennis. Let tennis work some for me," Mlle. Lenglen said when she accepted the offer to turn professional. Miss Browne expressed the same feeling in almost the same words and if other high ranking players decide to let tennis contribute openly to their support, the big stadium at Forest Hills will have to be made available for open or professional tennis or it will almost have to have a curtain for

A Pair of Fish Stories

Julian T. Crandall, merchant of Ashaway, R. I., caught this one—a seven-foot Marlin swordfish—off Rhode Island, using the rod and reel he is holding, while—

Louis Chavaud, life guard at La Jolla, Calif., tackled this one—an eight-foot shark—with his bare hands off the La Jolla beach, and after a 20-minute battle, brought it ashore.

Prospects Look Much Brighter For Washington

By United Press.

PULMAN, Wash.—Football prospects look brighter for the Washington State college this year than for several seasons.

Babe Hollingbery, new coach, will have fifteen lettermen available when the squad is called out September 15 and plenty of freshman material.

Because of the amount of team material available this year indications are that some of last year's letter men will have to fight to keep their places against several promising new squad members.

The Cougars will have a line averaging better than 180 pounds. Without counting in the diminutive Butch Meeker, it is anticipated that the backs will weigh around the 176 mark.

Lettermen who will return to the gridiron this year include: Parkhill, end; Exley, end; Taylor, end; Fred Kramer, tackle; Hanson, tackle; Hendix, guard; Smith, guard; Young, guard; Dills, center; Meeker, quarterback; Chuck Sweet, halfback; Gustafson, fullback; Koenig, halfback; Jackey, halfback and Cox, halfback.

Captain Marker, end; Bill Kramer, halfback; Glenn, quarterback; Crow, center and Waldorf, fullback, are lost to the team this year.

110 Pound Baby Is Born to Bobby And Joan Hippo's

By United Press.

LONDON.—A "baby" weighing 110 pounds and a beautiful shell pink in color, has been born to Joan and Bobbie, the famous zoo's prized hippopotamus. This is only the third time a hippopotamus has been born in captivity in the London zoo. This one's father was one of them.

Joan and her bouncing youngster have been shut away from public eyes. At present the baby is still too young to walk on land and must live in the water. It will presently lose its fresh pink color and become dark grey and thick-skinned, like its elders. In about a dozen years, when full grown, the baby will weigh more than three tons. Bobbie and Joan are still very young but Bobbie weighs two and a half tons and Joan tips the beam at two tons.

ment that might offend her. Pyle started something when he got the idea that star tennis players in the professional field could make as much money for him and for themselves as Red Grange did on the football field. And it looks now as if Pyle will be able to finish what he started.

Amateur tennis in the United States can offend Mlle. Lenglen but it cannot offend Miss Browne because the tennis public thinks just as much, if not more, of Mary Browne than it thinks of the association.

May Speak Up.

If the attacks are carried too far on Mlle. Lenglen she may speak up and say some things out loud about amateur tennis that have been whispered for years and that are becoming louder each year. Miss Browne might be able to say some things too but she is too much of a sportswoman to engage in controversy unless she is forced to do it in self-defense.

The association must have realized, after the handful of spectators who saw the women's national championship and the final round of the Davis cup eliminations between France and Japan that it is the player and not the game that attracts the ordinary citizen and it is the ordinary citizen who has to support the game in these big stadium days.

Miss Browne, in the reasons she gave for giving up amateur tennis, will be respected more than she ever has been before. "She never has me" anything out of tennis, directly or indirectly, and she has given much of her time to its promotion.

That is more than can be said of some of the members of the official family. "I turned professional because I thought that there was too much hypocrisy in the amateur game and I tired of it," Miss Browne said.

In that statement is one whole of a big thought for tennis.

movies. Pyle announced from Paris that he had signed a contract with Mlle. Lenglen, the association laughed it off. "Where will she play in the United States and against whom will she play?" they asked.

When Pyle added the announcement that he would recruit a whole team of players for an invasion of the United States, the idea was again ridiculed and a list of the high ranking players that he could not get was called.

But when the announcement followed that Miss Browne had decided to turn professional, official tennis was horrified and refused to comment. The intimation was offered that Miss Browne had been too close to the game, its officials and its best players to make any kind of a state-

You May Have It And Not Know It

Are you constipated?
How do you know you are not?
Constipation doesn't mean merely failure of the bowels to move! You must have a complete and thorough evacuation every day! If you don't, your system is not thoroughly cleansed—and germs of disease and poisons breed in the putrefied wastes left in the intestines.

These poisons enter the blood through the blood vessels in the intestinal walls. The headaches you get—the fatigue—the skin blemishes—the mental sluggishness—the susceptibility to colds and countless other ills are directly due to the presence of these poisons in the system. Continuing constipation may lead to serious trouble and the sick bed.

Don't take a chance. Be sure your entire intestinal tract is THOROUGHLY CLEANED OUT. The best

way is to take KLOX-LAX. Just a KLOX-LAX tablet with a swallow of water! And you may be sure that every inch of your twenty-eight foot drainage canal, including your stomach, upper and lower intestines IS WASHED CLEAN, CLEAR, AND PURE.

The KLOX-LAX way is the new, improved method to overcome constipation. It produces complete cleansing—not just cleansing in spots, as with oils, salts, castor and ordinary laxatives and purgatives.

Everybody is using KLOX-LAX now! Its so effective—and so easy to take! No griping—no nausea—no time lost from work. Just a nice, pleasant way to keep refreshed, alive and active—with plenty of "pop" and energy and a hearty appetite.

Get KLOX-LAX from any good drugist.

Freshman Week Under Headway At A. & M. College

Special Correspondence

COLLEGE STATION, Sept. 17.—"Freshman week" at the A. & M. college of Texas opened Sept. 13 with the arrival of a host of new students and the beginning of registration of the newcomers. Indications are that the freshman class this year will total around 900, according to Dean C. E. Friley, registrar. With the 1,500 or 1,600 old students who are expected back, the total enrollment promises to reach 2,500, a record for the college.

The freshman week program, planned with the idea of giving the new students as thorough an introduction and insight into the life and customs of the college as possible prior to the opening of classes, included a number of talks by college officials; tours of the campus, and various gatherings in the assembly hall and Y. M. C. A. A general reception for the new students was held Monday evening in the

Y. M. C. A., followed by an entertainment program.

On Tuesday President T. O. Walton delivered an address of welcome to the newcomers. Col. Ike Ashburn, secretary of the Former Students' association, spoke on the customs and traditions of the college. At an afternoon meeting, Head Coach Dana X. Bible talked on athletics, and Dean Friley, of the school of arts and sciences, spoke on the grading system of the college. Tuesday evening was devoted to a program on the religious life at A. & M. under the direction of the Y. M. C. A. secretary and the student pastors.

On Friday morning, Sept. 17, for formal opening ceremonies for the new college year will be held in Guion hall. Friday night has been designated as college night. On this occasion the students, freshmen and upper classmen will gather for the annual opening pep rally. College yells constitute a feature of this gathering. Since the first football game of the Texas Aggies will be played Sept. 24 with Trinity university at Waxahatchie, the students will do intensive yell training at short practice periods held each evening.

Move under your own power; the engine always heads the train.

French are Still Kicking About Ederle's Swim

By MINOT SAUNDERS (United Press Staff Correspondent)

CAP GRIS NEZ, France.—The controversy over the legitimacy of Gertrude Ederle's channel swim still echoes in three or four unimportant provincial French newspapers and is given space by a certain section of the English press.

Witnesses of the swim have dismissed the French criticism with a smile. The chief complaint of the French newspapers is that no French journalist was aboard either tug that accompanied Miss Ederle. As a matter of fact several French photographers and movie-men were aboard the press tug, witnessed the swim throughout, and are ready to testify under seal that the swim was fairly done. Also French journalists were invited aboard the press tug providing they paid their prorata share of the expenses of the tug. A Boulogne Telegramme man was anxious to go, but he said he could not afford the price.

The English criticism that the two tugs maneuvered in such a way as to protect the swimmer from the wind and the rough sea merits more serious consideration, but the facts of the case should speedily dismiss any suspicion that the swim was not fairly done.

Tugs Followed Miss Ederle was accompanied by the tug, Alsace. She was backed by an American newspaper syndicate, which would not permit rival newspaper men or photographers aboard that tug. The rivals were forced, therefore, to hire a tug of their own, and they took La Morinie, a larger tug than the Alsace.

Miss Ederle's trainer and pilot were aboard the Alsace, plotting the course and looking after her. She swam on the lee side of the tug, which is only natural, just a foot-racer or a jockey will keep to the inside of the circular track.

The Alsace has long been popular as an escort for channel swimmers because it can throttle down and move at an even, slow pace, thereby keeping with the swimmer. Captain Louis Cortes was making his thirty-third voyage with a channel swimmer. He managed his boat as he has always done before, and gave Miss Ederle only the protection that he gave the others, including Charles Tott, on his successful crossing in 1923. The Captain's other thirty-one trips ended in failures. No complaint was ever heard about the protection accorded a swimmer by the Alsace.

Miss Ederle's handlers resented the presence of La Morinie in the water and whenever the press tug came close to get pictures, Burgess and "Pop" Ederle became highly indignant and waved the tug away. At times they became furiously angry, and while the photographers were only trying to do their work, they were accused of trying to spoil the swim. La Morinie was charged with giving the swimmer a wash, and while it probably did not interfere at all, the incident indicates that the second tug could not have been any help.

Except on half a dozen occasions, when La Morinie came close for picture purposes, it lay to starboard and at least two hundred yards in the rear. When darkness settled and pictures became impossible, Captain Vidal of La Morinie was instructed to keep well away and during the last three hours his ship was half a mile distant from the swimmer.

The Alsace is a smart tug and other swimmers, like Madame Sion and Colonel Freiberger, have used larger tugs for their unsuccessful swims.

King of England Premises Robbed By a Burglar

LONDON.—The premises of the King of England have been burglarized, under the nose of the King's brother-in-law, the Marquess of Cambridge, Governor and Constable of Windsor Castle.

There is great mystery about the affair, though a prisoner has been caught and arraigned in the Windsor police court. The prisoner refused to give his name, declared upon arraignment that his head was badly muddled and was haled to the bar as "the nameless one." Much investigation is under way.

The premises of Windsor Castle, where the King and Queen have been taken into custody, are under the guardianship of the Marquess of Cambridge, Viscount Northampton, Earl of Eltham, whose full name is Lieutenant-Colonel Adolphus Charles Alexander Albert Edward George Philip Louis Ladislaus Cambridge. He is the brother of the former "Princess Mary" of Teck, who is now Queen Mary of England.

The Marquess of Cambridge has had a distinguished diplomatic and military career and has earned the long string of initials which follow his name. These include a G. C. E., G. C. V. O., K. C. V. O., and a C. M. G. He saw active service as a transport officer in the Boer War, served as commander of the First Life Guards in France during the World War and was at one time Military Attache of the British Embassy in Vienna.

But "the nameless one," arraigned against the many-named Marquess, has set up a mystery which neither military experience nor diplomatic skill yet has solved.

Mercedes Wants 1928 Convention Of Legionnaires

MERCERDES, Texas, Sept. 17.—Plans to ask for the 1928 convention of the American Legion to be held in the Lower Rio Grande Valley are already being considered, according to Ralph Buell, executive committee man from the fifteenth district.

Wins Women's Western Title

Miss Dorothy Page, 17-year-old golden-haired lass of Madison, Wis., is the new women's western golf champion. She came into the honor the other day by defeating Mrs. O. S. Hill of Kansas City in the 36-hole final at Olympia Fields, Chicago, 3 and 2. Miss Page proved a sensation from the first day of the tournament and should rank with the topnotchers in national competition within the next few years.

Lady Mountbatten Wins Deauville Vote for Dress

By United Press

DEAUVILLE.—Lady Louis Mountbatten has been voted the best-dressed woman at Deauville, which means the best-dressed woman of the world. The competition in dressing up or dressing down is keener at Deauville in August than anywhere else. This seaside resort, with its beautiful harbor and famous casino, is the fashion-center of the world when the season is on.

Lady Louis Mountbatten, whose husband, Lord Mountbatten, is the "best pal" of the Prince of Wales and who accompanied the prince to the United States, has achieved her eminence in style at Deauville by dressing simply. Her gowns are magnificently fitted without being ornate, and she decorates herself only with a

string of simple pearls and a ring or two on her fingers. Her restraint in the use of jewels is noticeable because other women at Deauville this season seem bent upon hanging on every gem and jewel they possess, all at the same time.

The Mountbattens are staying aboard their yacht, the Shrimp, in Deauville harbor, giving many brilliant parties aboard and going ashore often for bathing, polo, or to the casino. Lady Louis Mountbatten is heiress to the Cassel millions, probably the largest inheritance in England.

Candidates straddle issues to keep their knees from knocking.

Bulldogs Ready For Grey Hounds In Opening Game

Coach Blair Cherry's 1926 gridiron hopes will amble forth to Nitro field tomorrow afternoon and give Ranger's football enthusiasts their first view of the Bulldogs in action this year. Strawn will furnish the target for the canines' ferocity. And everybody knows that when a bulldog, imbued with similar speed, meets a greyhound—will its generally lights for the afforsaid greyhound.

Cherry has been giving the locals a pretty stuff workout the past week and from the observations of this writer who had opportunity to watch several scrimmages, the Bulldogs lack very little if anything.

Backfield Brilliant. Mills and Swafford appear exceptionally brilliant in the backfield and the fleet-footed Troy Grubbs and Phillips are going to be able to take care of the end positions with something left over.

Hamblen, rookies center, who probably will start in tomorrow's game in place of Cooper who is out with an injured hand, passed the ball back yesterday for 20 minutes or more and his judgment was virtually impeccable. He looked quite capable of taking care of Cooper's position at least temporarily.

Glenn and Reaves both look good at quarter and its a toss up as to whom the coach will choose to start the game against Strawn. Of course Whitehall can be depended on for his usually splendid game.

Ranger Line-Up.

Coach Cherry submits the following line-up for the Strawn game: Right end, Grubbs, 145; left end, Phillips, 157; right tackle, Cornelius, 168; left tackle, Hinman, 180; right guard, Seay, 148; left guard, Taylor, 157; center, Hamblen, 150; fullback, Whitehall, 168; right half, Swafford, 190; left half, Mills, 170; quarterback, Glenn, 147, or Reeves, 145.

Strawn Line-Up. Strawn, equally confident of a victory, will send the following aggregation of brains and brawn here to do battle with the Bulldogs:

R. Waugh, 150; J. Waugh, 157; Guy Craddock, 155; A. McKown, 145; M. Echols, 160; D. Way, 175; R. Wheeler, 161; B. Stewart, 167; P. Witherspoon, 163; R. Pruitt, 155; Lonnie Lynn, 164; Red Goble, 150; Worth Loving, 146; E. Hubbard, 128; T. Mumford, 160; Joe Lovera, 141; Jack Hash, 145; Charlie Cox, 138; R. C. Brothers, 140; Robert Herrin, 123; Jack Tucker, 146; George Berry, 128; M. Mumford, 145; M. B. Johnston, 130; H. Fancher, 131; J. R. Stuart, 127.

The result of tomorrow's game probably will give some indication of the Bulldogs' strength and it is hoped will be favorable enough so that Bill McDonald, Jack Mooney, Chief Murphy, C. C. Patterson et al., may once again woo Morpheus at night without having their slumbers cluttered up with conference goblines.

Ranger All-Stars To Play Bulldogs To Aid Pep Squad

The "Ranger All-Stars," a picked team, composed of former players of the Ranger High school, will play Blair Cherry's Bulldogs within the next 10 days to secure funds for the purchase of sweaters for the pep squad. Over 100 members already have been secured by the "peppers." It was stated by Chief Murphy, one of the sponsors of the new team, this morning.

Two or three positions are still open on the All-Stars of which "Happy" Schertz is captain. All men desiring to play with them are requested to see either "Happy," Tom Vonker, or Chief Murphy.

The "All-Stars" have some good material to pick from since there are many men who have played previously on the Ranger High school team or elsewhere. According to present plans, Louis Harvey will be quarter on the All-Stars; Roy Wilson and "Happy" Schertz, halfbacks; Clayton Hill, center; while there are known to be players coming from the Ranger Junior college.

Plenty of support for the Bulldogs will be the aim of the "pep" squad, the leaders of which are Cecil Cole and Miss Catherine Hall. To supply this organization with appropriate uniforms is the purpose of the game between the All-Stars and Bulldogs. Plans will be made to secure a large attendance for this game, which will be announced later, so that the peppers will have sufficient funds to meet their needs.

INJURED PRAIRIE EMPLOYEE ON ROAD TO RECOVERY

Benjamin Toon, an employee of the Prairie pipe line company, who was injured Monday in a fall from a tank at Cross Plains, is making rapid recovery in the St. Joseph Hospital at Fort Worth, according to Jack Mooney, manager of the Ranger office. Mr. Toon was taken to Fort Worth immediately after his injury, which consisted of a bruise to the arm.

Anger is an explosion in the human boiler, and who ever knew an explosion to do a boiler any good?

Ranger's Second Team Will Play At Desdemona

Ranger's second football squad of the high school left shortly after one o'clock today to play the Desdemona team at that place Blair Cherry, coach, accompanied the team which has been undergoing thorough training for the past week.

The line up for the second teams includes: Hubbard, quarterback; McDowell, fullback; Short and Lemley, half backs; Nourse, center; Johnson and Tackett, guards; Star and Knott, tackles; Blanchard and Hoffer, ends. Substitutes are Pratt, Mitchell, Hunt, Hampton and Bowden.

Former Eastland Citizen Visits Boyhood Home

Burand House, eldest son of G. H. "Uncle Doc" House, for many years a resident of Eastland and remembered by most of the old settlers of this section, was a business visitor in Eastland Thursday from Fort Worth, his home. He is connected with an oil company and was in this section checking up production for his company.

Mr. House, who lived in Oklahoma and other states a number of years after leaving Eastland and before going to Fort Worth, stated that it was the first time he had been in Eastland for many years, and that he was agreeably surprised at the wonderful growth in the city and the improvements throughout the county as a whole.

"Uncle" Doc is getting rather feeble, being 78 years old, Mr. House stated. He is now making his home in California, but never forgets his old time friends in Eastland, and often expresses a desire to come back to see them again.

Dallas Couples Do Lady Godiva Act After Party

DALLAS, Texas, Sept. 17.—Following close on the recent nude ride in an automobile of a Dallas couple, paying a poker bet Judge W. C. Graves here declares that others of the city seem to be trying to depict Lady Godiva, if not go her one better.

Twenty-six women have recently appeared before the judge charged with "appearing in person" sans garments. Most of these were completely "sans clothes," too, said the judge. Wild parties, bets and games of strip poker were among the various excuses advanced when the offenders appeared for trial in borrowed garments.

Childress Man One of Flyers To South America

CHILDRESS, Texas, Sept. 17.—Leonard D. Weddington, formerly of Childress, Texas, will probably be one of the U. S. fliers to participate in the U. S. air service flight around South America, according to the tentative list for the flight issued by the air service.

Weddington was born in Childress and his parents still reside here. He enlisted in the air service during the world war and following this was transferred to the Hawaiian Islands where he saw two years duty. At present Weddington is stationed at San Antonio.

Lieut. Weddington has been elected as a pilot in the air races to be held in the near future at San Antonio.

Former Schoolmates Hold Reunion And Talk Over Old Times

Judge Nat Patton, former County Judge and former Representative of Houston county, was in Eastland Wednesday from Crockett. He was enroute to Abilene.

Judge Patton was a college classmate and later taught school for a number of years with J. C. Allison of Eastland. He and Mr. Allison had lunch together while Mr. Patton was in Eastland and enjoyed a talk over "old times."

Judge Patton owns some residence property in Eastland and is well pleased with growth of the town and with its prospects for the future.

STEPHENVILLE, DUBLIN AND DELEON GAS LINE COMPLETE

G. A. Phillips and W. R. Fullerton, Eastland contractors, are just finishing a contract for laying a gas line for the Tri-City Gas Company, which took in DeLeon, Dublin and

Stephenville. The work required several months to complete and furnished employment for a large number of men.

U. S. Improves Its Highways 50,000 Miles Yearly

WASHINGTON.—Highways in the United States are being improved at the rate of 50,000 miles a year, according to the American Road Builders Association.

This phenomenal rate necessitates a yearly expenditure by state local and federal highway bureaus of \$1,200,000,000.

"The road system in the United States is so enormous that few laymen can grasp its meaning," H. G. Shirley, president of the association declared.

"There are enough roads in this country to completely gird the earth, 120 times, or estimating the average width of 18 feet, to make a single highway around the world, 2,160 feet in width," Shirley said.

"The first modern transcontinental highway will in all probability be completed before the end of the present summer. This will be a hard surface road of enormous width from coast to coast, passing through Washington, St. Louis, Texarkana, El Paso and Southern California. Its length is a little more than 3,400 miles and already more than 90 percent of the road has been completed. Its completion should be an epoch in the history of roadmaking.

The immediate goal of the highway associations, Shirley said, is the completion of the 182,000 mile fed-

Health Plays Part in Color Of Eyes; Scientist

SEATTLE, Wash., Sept. 17.—Your health determines whether you have blue, green, gray, hazel, black or brown eyes, Dr. J. D. Levine, editor of a health publication, declared in a talk here.

If your eyes are blue with a silken finish you are in perfect health, Dr. Levine said. Abnormal states of body and nerves are responsible for all other colors, he declared.

"Every child is born with blue eyes, never a deep dark brown. Changes from blue to green, gray, hazel, brown and other colors are not due to racial, political, religious, climatic, or accidental considerations, but to states caused by toxins, acids, inflammations or congestions in the body.

"Ninety per cent of the people have brown eyes which show the presence of toxins. The color may be changed by abstinence from certain food.

The Irish of the old country are blue-eyed because they are forced to live on a strict diet, frequently and fortunately nothing but potatoes and buttermilk.

eral aid system. Already 140,000 miles of this system has been improved to some degree, he said, and work on the remainder is progressing favorably.

Women Rave Over New French Powder

Scientist Sees Rubber Made Of Corn and Spuds

SEATTLE, Wash., Sept. 17.—Corn and potatoes may help the United States to wrest control of the world's rubber market from the British, A. L. Freidlander, vice president of the Dayton Rubber Manufacturing Company, said on a recent visit here.

He declared that the manufacture of first class rubber from such products as potatoes and corn may take years, but that a cheap process of making synthetic rubber ultimately will be found.

"A process now under experimentation involves the breaking up of the constituents of vegetables, such as corn and potatoes into alcoholic products," he explained. "From that stage they go into rubber. Commercially it's not much good yet but the day of good synthetic rubber probably is coming."

Burglar In Bed With Couple Is Cause of Alarm

LONDON.—Mrs. Amelia Lyons, wife of a transport worker at Hull declares that three persons in one bed is one too many—especially when the third person was a burglar.

Mrs. Lyons awoke the other night to find a third person in the bed, she and her husband were occupying. She gave one wild whoop and the stranger and her husband bounded out of bed simultaneously. The stranger reached the door first. Shortly afterwards police arrested Frederick Pougher, 40, a pedler, who was subsequently sentenced to three months hard labor for being "found on enclosed premises."

The Court of Public Opinion rejects the general claim of officeholders that they are underpaid upon the ground of impossibility.

SUFFERED WITH CONSTIPATION 25 YEARS

Kellogg's ALL-BRAN brought relief in 3 weeks!

Read this remarkable testimonial to the power of Kellogg's ALL-BRAN over constipation:

"I prize your ALL-BRAN. I have been using it three weeks for constipation. I had had this trouble for 25 years and had tried everything, but could never get any relief—but since using your bran I can truthfully say that I am entirely cured and feel like a new man."

Yours truly,

THOMAS A. HENLEY, JR.
Blotchy skin, eruptions, spots before the eyes, headaches—these all tell of the ravaging inroads of constipation. Don't let this dire disease send its poisons through your body. Check it now and save your health and happiness!

Kellogg's ALL-BRAN is guaranteed to relieve constipation permanently if used regularly or money refunded. Eat two tablespoons daily—in chronic cases, every meal.

Made by Kellogg in Battle Creek, Michigan. Kellogg's is 100 per cent bran. Ready to eat. Delicious with fruit or cream—also in cooking. Served in all restaurants. Sold by all grocers.

New as the Season!

FOOTWEAR THAT WALKS WITH FASHION

FRECKLES AND HIS FRIENDS

Mon's Pop

By Taylor

Named New Archbishop in Texas

Rev. Arthur J. Drossner, for eight years bishop of San Antonio, Tex., has been appointed archbishop of the newly created Roman Catholic archdiocese of San Antonio, formerly a part of the New Orleans province. The new archdiocese contains approximately 1,000,000 Catholics, with church property valued at \$20,000,000.

we not say, look on this picture, and on this?" Dean Inge agrees with Dr. Johnson that "a man is seldom more harmlessly occupied than when he is making money?" and he subscribes to this as "contradicting nothing in the Gospel."

Will of Wisps. "The fact is simply that while Europe has been following various will-of-the-wisps which are usually described collectively as socialism, America has adhered to the economic creed of the Benthamite radicals and the Victorian liberals. The much-abused economists of 80 years ago have now been proved to be right, while every prophecy of the socialists has been completely falsified and every one of their schemes as soon as tried has been proved to be unworkable."

Co-operation. Friendly co-operation between employers and the workers is not the only reason for America's good fortune, he added. America, he declared, is "the man who won by the war" while Europe squandered its resources. Moreover, America is thinly populated while Europe is crowded and is using only her best natural resources while England is working all her resources.

Mischief Maker. "There is a very bad spirit among us which we do not find in America," he continued. The ambitious workingman in England no longer wants to head a department. He wants to be a labor leader or professional mischief maker like the egregious A. J. Cook."

"All these evils may be summed up in the legend of a necessary class war, the most diabolical theory ever devised for the ruin of civilization. The main part of the guilt belongs to certain intellectuals. These enemies of society are supported by middle-headed sentimentalists. This poison is being steadily and craftily dropped into the minds of the workingmen who are not educated enough to see through the monstrous fallacies on which the whole theory of Marxism is built."

"It is ill will fed by false and poisonous social teaching which makes our English economic problems so unhelpful and our people so unhappy."

One fine thing about counterfeit work is the fact that it eventually finds its way back to the manufacturer.

Shoot at Moon Impossibility; Says Scientist

LONDON—Rumors that somebody in Moscow wants to shoot at the moon has aroused the academic criticism of Professor A. W. Bickerton, the astronomer, who says flatly in the Daily Mail, that it cannot be done.

"In order to escape the gravitation of the earth," he points out, "your projectile needs a velocity of 7 miles a second. The thermal energy necessary to carry a gramme of matter at this speed is 15,180 calories. The energy of a gramme of a Krupp shell is

about 100 calories; that of Big Bertha—the gigantic gun which shelled Paris—was 400 calories. The energy of a gramme of our most violent explosive—nitro-glycerine—is less than 1,500 calories. Consequently, if the explosive had nothing to carry except its own weight it has less than ten per cent of the energy necessary to enable it to escape the earth. To reach a distance of four miles in the air, the projectile would need a thermal energy unit mass equal to 7,500 calories. Where can we get such energy? Nobody knows."

STORM SWEEPS KIRK ISLAND

KINGSTON, Bahama Islands, Sept. 17.—A storm with the velocity of 100 miles an hour was reported sweeping over Kirk Island through out today. No details have been received here as yet.

Women Use Then dispose of this new hygienic help easily as tissue—no laundry

WOMEN by the millions are discarding the old-time "sanitary pad" for a new and scientific way. A way that offers protection unknown before. A way, too, that solves the old embarrassment of disposal. It is called "KOTEX." Eight in 10 better-class women now employ it. Discards as easily as a piece of tissue. No laundry. No embarrassment. It's five times as absorbent as ordinary cotton pads! You dine, dance, motor for hours in sheerest frocks without a second's doubt or fear. It deodorizes, too. And thus ends ALL danger of offending. You ask for it at any drug or department store, without hesitancy, simply by saying "KOTEX." Do as millions are doing. End old, insecure ways. Enjoy life every day. Package of twelve costs only a few cents.

KOTEX No laundry—discard like tissue

Hamlen, pastor of the Central Baptist Church at Ranger, preached Monday night. The house was full and everybody enjoyed a fine sermon. Rev. J. W. Nelson, pastor of the Baptist Church at Eastland, preached Tuesday night to a large and interested audience.

Sunday school and church were well attended Sunday morning. There were several visitors. School started here Monday morning. There is not a very large attendance now but quite a number of students, who are having to help gather the cotton crop, will enroll later.

J. E. Collins and family, of Carbon moved to this community last week. Mr. Collins is superintendent of the school here. Mary Lee and Zetha Mae Lindsey started to school in Ranger Monday. Willie Mae, Minerva and Clarence King, also Leslie and Randall Covington, started to Eastland High school Monday. Miss Viola Threatt spent Saturday night and Sunday with Mrs. G. P. Harrell. Misses Elma and Winnie Threatt, Maidee Sewell and Veta Hawkins, visited Miss Dorothy Watson Sunday.

Proxie Wedding Of Chinese Girl, Uses Photograph

PEKING.—Civil War in China caused an unusual wedding ceremony here when a pretty young Chinese girl was married to a photograph and solemnly carried to her new home. The picture marriage was decided on when one Chi Shih-shu, a sub officer in one of numerous armies, failed to get leave he had requested for his marriage ceremony. Parents of the bride and groom, who had arranged a huge wedding feast, decided to carry out the ceremony and how-tows were made before a photograph of the groom in the absence.

SKIRMISH BETWEEN WOMEN IN "PARIS"

Joan Crawford, luminary of the screen, has a new claim to distinction. She has staged the most sensational battle with another woman since the famous fight in "Carmen," in Edmund Goulding's new Metro-Goldwyn-Mayer production, "Paris," coming Saturday to the Lamb theatre. As a fiery Apache girl, Miss Crawford battles in "The Birdcage," or famous Apache dive in Paris, in a gripping and sensational fray for the love of an Apache gangster. This is one of several thrills in the new story, a vivid mystery drama of the Paris underworld, which Edmund Goulding directed from his own story.

THE FOLKS BACK HOME

"HELL-BENT FER HEAVEN"

"Hell-Bent Fer Heaven," at the Lamb Theatre, today only, is one of

the outstanding pictures of the year. Adapted from Hatcher Hughes' stage drama of the Carolina mountains that won the 1923 Pulitzer Prize, it was produced for the Warners by J. Stuart Blackton, who after twenty-five years as a director, has this time turned out his masterpiece. Patsy Ruth Miller, officially elevated to stardom, after being featured for two years, plays the role of Jude Lowry, the mountain girl who, while her sweetheart is away in France attending a war, has fallen under the spell of a young camp meeting convert.

Ranger Schools Enrollment Now 1530 Pupils

The total enrollment in the Ranger schools has reached 1530, according to Superintendent R. F. Holloway. Excepting the Ranger Junior College which has 40 students registered the public school has an enrollment of 1490.

While the figures for last year were not obtainable, Mr. Holloway said this year's record will show a considerable increase. The Ranger high school now has more students than any time previously, the registration being 400 compared with 361 at the end of December last year. Three hundred and seventy-two students had enrolled the first day, records of the superintendent office disclose. According to Mr. Holloway the gain in the high school has been due to increased interest of the parents, many sending their children to Ranger from the surrounding country. The new Junior College has caused many parents and students to realize that the child could receive additional instruction in Ranger upon completion of its high school work, Mr. Holloway pointed out.

Enrollment for the grade schools has been about the same as previously. Following is the registration for the grade schools: Central Primary 250; Central Grammar, 240; Young School, 300; Cooper, 160; Tiffin, 50; Merriman, 50; and the colored school 20.

Recreation Expert Here For Conference

J. B. Carrigan, field representative of the Playground and Recreation Association of America was in Ranger today conferring with officials of the Chamber of Commerce and other civic bodies relative to inaugu-

rating the playground system in Ranger. The system pertains to recreational centers for cities, both public parks and for school children, Mr. Carrigan said. Some action on the proposed matter is expected to be taken in a short time, although the detail plans of the proposition were not divulged by Mr. Carrigan. Another representative was in Ranger sometime ago making a preliminary survey of the situation.

Ranger Dentists Go To Abilene For Convention

Ware of the toothache, all of Ranger's dentists are out of town today attending the West Texas Dental Convention in Abilene, today and tomorrow. Dr. A. N. Harkrider left yesterday afternoon on the Sunshine and Drs. C. C. Craig and T. G. McCorkle motored over early this morning. The latter two will return Saturday night after the convention adjourns but Dr. Harkrider will return Sunday night, as he will visit at Snyder Sunday.

English Police Recover Stolen Autos at Once

LONDON.—Of every 100 cars stolen in London, 75 are promptly recovered by the police and restored to their owners, according to the report of the Chief Commissioner of Police of the Metropolitan area. Within a few minutes of the time when the owner reports his loss, every police station in Greater London receives by telegraph a full description of the car. This is immediately mimeographed, and a constable leaves the station with copies, one of which he gives to every constable in the district. The constable, knowing that he may get a substantial reward for vigilance, commits the description to memory and straightway examines every car that passes. In the meantime a similar description goes out through the provinces, either by telegraph or by mail, and in a very short time every constable in England, Wales and Scotland has a description of the missing car in his pocket. Those cars which are not recovered are presumed to be those which are quickly run into the thieves' garages and thoroughly changed in appearance, or "cached" for several months until they can be safely taken out and sold.

COMMONS ATTENDANTS ALL OFF ON VACATION
LONDON.—The famous hospitality of the house of commons will be curtailed during the short session at the end of the summer. The usual comforts and facilities for members of parliament will be available, but they will not be able to entertain their friends, as is usually done. This is because most of the commons cooks and waiters are employed in seaside hotels and restaurants and it would be too costly and work too much hardship on them to call them all back to London for the short sitting. The commons barber shop will be opened, though the head barber is sailing the Atlantic in charge of the tonsorial parlors of S. S. Empress of Scotland. This is his annual term of vacation.

English Princes Have Great Time Visiting Relatives

By United Press.
LONDON.—The two young sons of Princess Mary Viscountess Lascelles, the Hon. George Henry Hubert Lascelles, now aged 3½ years old, and the Hon. Gerald David Lascelles, aged 2 years, have had an interesting and varied summer's holiday, traveling about on visits and with more to come. Their summer program, arranged with all the pomp and ceremony of older members of the royal family, included a visit to their grandparents, the king and queen, at Balmoral and several weeks as the special guests of the Earl and Countess of Harewood at Harewood house. Lady Harewood is devoted to children. The two young Lascelles boys, when they are at home, live at Goldsborough hall.

ROYAL FISHERWOMAN
By United Press.
LONDON.—Elizabeth, the exiled Queen of Greece, like Queen Marie of Roumania, is an expert and enthusiastic fisherwoman. This summer she has been spending most of her holiday on the East Coast of England, out in a boat with an ancient fisherman as her guide. The fisherman is as clever a sailor as any man in the East Coast district and ex-Queen Elizabeth enjoys her company. You hold to your opinion because you're a positive character; the other fellow, because he's a stubborn donkey.
