

## LOSS OF LIFE AND DAMAGE MOUNTS HIGHER

### FATE OF THE SPANISH ROYALTY NOW HANGS IN THE BALANCE

## LEGISLATURE NOW DOWN TO HARD WORK

### MAY COMPLETE ALL VALIDATING BILLS THIS WEEK

### Measure To Tax Tobaccos May Be Sent To Houses

By United Press.  
AUSTIN, Sept. 20.—The legisla-  
ture for the validation of \$100,000-  
000 Texas road bonds was in full  
swing in both branches. It reconvened  
this morning after an adjournment  
since last Thursday afternoon, and  
efforts, according to leaders, are to  
be made to have all 566 road bills  
finally disposed of by the end of this  
week.

The senate unanimously passed,  
finally without amendment, senate  
bill No. 1, the general validating  
measure, and it now goes to the  
house. The senate had on its calendar  
today 113 road bills, and the  
house was to consider 61 similar ones  
today.

The Harris county four road bills  
which had been favorably reported by  
the committee were not considered in  
the senate today on account of the  
absence of Senator Murphy of Hous-  
ton. These bills are to be considered  
separately from other road measures.

**Probe Road Contract.**  
The probable investigation by the  
attorney general's department of a  
contract let by the state highway  
commission to the Old River Construc-  
tion company for road work in  
Waller county loomed up today when  
Senator Wood admitted that he had  
sent a letter to the state highway en-  
gineer requesting the data as to what  
method was used in letting the con-  
tract.

"What procedure I will take in the  
matter depends upon the data the  
state highway engineer gives me,"  
Senator Wood said.

"If necessary, I will introduce a  
resolution in the senate requesting  
the attorney general to look into the  
matter."

**Pass Up Gas Tax.**  
Governor Miriam A. Ferguson will,  
this week, submit to the special ses-  
sion of the legislature the subject of  
a tax on cigars, cigarettes and tobacco  
to raise revenue to increase the per  
capita scholastic appropriation to  
\$15, it was said at the governor's of-  
fice Monday, and a further statement  
was that the proposal to increase the  
gasoline tax from one to three cents  
will not be submitted.

**Moore is Confirmed.**  
The senate committee on nomina-  
tions has decided to report favorably  
on the nominations of District Judge  
W. S. Moore of Denton and Robert  
Lyles of Cameron, assistant to the  
state attorney in the court of criminal  
appeals.

**Deficiency Submitted.**  
Governor Ferguson today submit-  
ted her first additional subject to the  
special session of the legislature, it  
being a bill providing for an emergen-  
cy appropriation totaling \$98,038, re-  
quested by the comptroller's depart-  
ment. The bill covers payment to  
district attorneys for services and  
several other items.

### FIRE WIPES OUT BLOCK WORTHAM

By United Press.  
MEXIA, Sept. 20.—Practically an  
entire block was wiped out by fire at  
Wortham today. The Mexia fire de-  
partment aided in bringing the fire  
under control.

The Tucker hotel, two residences,  
two stores and several smaller build-  
ings were destroyed by the blaze. The  
damage is estimated at about \$19-  
000.

### DALLAS STEERS LEAVE TO PLAY AT NEW ORLEANS

By United Press.  
DALLAS, Sept. 20.—The Dallas  
Steers, winners of the 1926 Texas  
league pennant, are to leave here at  
9:10 tonight for New Orleans, La.,  
to play their first two games in the  
Dixie series with the New Orleans  
Pelicans, winners of the Southern  
league.

Two special cars were attached to  
the Sunshine special for the players and  
newspaper correspondents. A  
special train will leave here tomorrow  
for New Orleans carrying 1,500 fans  
or more.

Games will be played in New Or-  
leans on Wednesday and Thursday.

### A Chance for a Modern Noah

Noah would have thought he was right at home had he visited Kansas when the Neosho, Verdigris and Cottonwood rivers overflowed and gave the state the worst flood in its history. This picture, taken from an airplane (part of the wing can be seen in the foreground), shows how the country just outside of Burlington was inundated.

### INTERNATIONAL CONFERENCE ON COAL UNDERWAY

By United Press.  
PITTSBURGH, Sept. 20.—In the  
future it may be a crime to burn  
raw coal.

Scientists have advanced the theory  
that the by-products of coal con-  
stitute its most valuable parts, and  
that to burn coal raw is an economic  
waste. With this view-point as a  
basis, a conference of international  
scientists to discuss the uses of coal  
has been called by the Carnegie In-  
stitute of Technology for Nov. 15  
to 19, it was announced today.

Whether the conference will show  
how soft coal may be treated so that  
the maximum value may be obtained  
from it, the announcement suggests,  
is a question the solution of which  
it is probably too ambitious to antici-  
pate; but that both European and  
American engineers regard the con-  
ference as a promising move at this  
time is already indicated by the wide-  
spread interest aroused.

Dr. Thomas S. Baker, president  
of Carnegie Institute of Technology,  
who called the conference, recently  
returned from Europe with the ac-  
companiment of several distinguished  
scientists of England, France, and  
Germany to attend the meeting and  
to describe various processes.

**Europe Invited**  
"I was impressed," he reports,  
with the interest that European en-  
gineers and fuel technologists show-  
ed in the conference. In Europe,  
where there is practically no oil in  
the ground, the problem of convert-  
ing coal into oil products is particu-  
larly acute. The government heads  
are deeply interested in our meeting  
and I look for a large representation  
from abroad when we begin our de-  
liberations."

"The starting point of this confer-  
ence," he points out, is the belief  
of engineers that the burning of coal  
in its raw state is an economic waste.  
One of the fundamental questions to  
be discussed is how to get a greater  
value out of bituminous coal. Discus-  
sion will center also upon the extrac-  
tion of valuable non-combustible pro-  
ducts before the coal is burned, and  
low temperature distillation processes.

**Smokeless Fuel**  
"Other problems to be studied will  
include smokeless fuel for domestic  
use, powdered coal, extraction of  
fertilizer components from coal, the  
economic relation between hydro-  
electric and steam power, liquifica-  
tion and gasification of coal, and the  
generation of electric power at the  
mines and its transmission by high-  
tension wires.

"Of the more than 500,000,000  
tons of bituminous produced annually  
in this country the railroads use  
170,000,000 tons, all of which is  
burned raw. In Pennsylvania alone  
40,000,000 tons are used in the pro-  
duction of power, and not one pound  
of this coal is processed for the re-  
covery of those constituent elements  
which add nothing to its thermal ef-  
fectiveness. In other words, the  
valuable by-products are not first ex-  
tracted, and the smoke that pours  
from our locomotives and our fac-  
tory chimneys represents the burn-  
ing up of colossal wealth."

**English Scientist**  
"Three years ago, the president of  
the British Institute of Mining En-  
gineers declared "A very few years  
may see it a penal offense to burn  
raw coal. While the popular view  
(Continued on Page Two)

### DALLAS MAN NOW FACES ROBBERY

A man giving his name as Jim Pat-  
ton and his home as Dallas is being  
held in the county jail at Eastland on  
a charge of robbery following his ar-  
rest last night by Red Murray, one  
of the proprietors of a filling station on  
the Bankhead highway between Cisco  
and Dothan, who held him up at the  
point a six-shooter while he was in  
the act of taking a casing from the  
wheel of a car in front of the station  
after he had burglarized the station.

According to Justice of the Peace  
J. H. McDonald, who ordered Patton  
sent to jail, Murray and his partner  
have living quarters on top of their  
filling station, and in the night Sun-  
day night Murray awoke and heard  
someone in the building beneath  
them. In his efforts to awaken his  
partner he frightened the intruders  
who fled, making their escape through  
a window. Believing they would re-  
turn Murray secured his six-shooter  
and waited. After some time had  
elapsed, he saw a man approach an  
automobile standing in front of the  
station and begin taking one of the  
casing off. Murray called to him to  
surrender which he did. Murray did  
not see the second man until he start-  
ed to run when he called to the one  
engaged in taking the casing off the  
car. The second man made his es-  
cape.

Justice McDonald stated that sev-  
eral dollars worth of candies, etc.,  
were taken from the filling station.

### PENSACOLA AND MOBILE SUFFERERS

By United Press.  
BIRMINGHAM, Ala., Sept. 20.—  
The worst of the tropical hurricane  
has passed over Pensacola and the  
wind has dropped from 100 miles to  
80 miles an hour, the Southern Bell  
company was informed today by a  
radio message picked up at New Or-  
leans. No details as to damage at  
Pensacola were received.

Telegraphic reports from Mobile  
said the wind had risen to 90 miles an  
hour and a heavy rain was falling  
and barometer had dropped to 29.12.  
Reports came from Mobile over a  
single long distance telephone line  
which threatened to go out at any  
minute. It was the only wire out of  
Mobile.

No major damage was reported  
from Mobile, nor had there been any  
deaths there.

The direction of the wind changed  
at 1:40, indicating the worst part of  
the storm was breaking.

### MIDDLE WEST WEST HIT BY FLOOD AND WIND

By United Press.  
CHICAGO, Sept. 20.—Flood wa-  
ters washed over thousands of acres  
of fine agricultural lands throughout  
Iowa today, following a week-end of  
heavy rainfall. Districts near Cedar  
Rapids, Sioux City and Des Moines  
were reported under water this  
morning.

### KING ALPHONSE AND DICTATOR IN LAST FIGHT

### "Bloody" Weyler Of Cuban Fame Opposes DeReviere's Regime

By United Press.  
HENDAYE, Franco-Spanish Fron-  
tier, Sept. 20.—Prima de Riviera  
will match his strength against King  
Alphonse at a council meeting at San  
Sebastian today, which is expected to  
result either in the resignation of the  
dictator, or the eventual abdication  
of the King.

Indications favor the ousting of  
the dictator De Riviera, who for  
three years has dictated the govern-  
ment of Spain without a Parliament.  
He will present for the king's approval  
two projects which are expected to  
meet with flat refusal.

The next twenty-four hours prob-  
ably will seal the fate of De Riviera  
with the Spanish people. In addi-  
tion to ridding itself of De Riviera,  
the nation may also be forced from  
the rule of King Alphonse.

"Bloody" Weyler of Cuban fame  
is one of the leaders of the opposition  
to De Riviera, but just how he stands  
on deposing the king, who is said to  
be preparing to abdicate and go to  
America to live is not known.

While the leading artillery officers  
failed to carry out their coup a few  
days ago, their work is bearing fruit.  
The nation is sitting over a seething  
volcano and its eruption is expected  
at most any moment.

Should the king disapprove the sub-  
jects submitted, by King Alphonse  
then it is expected that De Riviera  
will offer, then something is liable  
to happen. One thing certain, the  
army does not favor the premier.

### MYSTERY STILL SURROUNDS THE DISAPPEARANCE

### FIRST STORY FROM STORM STRUCK AREA

By United Press.  
FIELD HOSPITAL AND MORGUE  
BASE, SEBRING, Fla., Sept. 20.—  
Tales of the horrors that followed  
the complete ruin of Morehaven,  
levelled by the tropical hurricane,  
were brought back here today by  
Wade H. Marlow, one of the first  
of a rescue party to reach the strick-  
en town.

"I had arrived in Morehaven, not  
long after the levee-folding Lake  
Okeechobee, had broken in three  
places, losing a gigantic wall of  
water on the town," Marlow told the  
United Press.

"Water flooded through the streets  
and flowed through the streets twelve  
feet deep, without any warning and  
there was not a chance to escape.  
Those who lived through it did so  
by swimming or by climbing to the  
wreckage of their flimsy homes, that  
collapsed under the least impact."

A few made their way to a two-  
story building, which had remained  
standing, and there we found them.  
They were too frightened and too  
physically collapsed to venture from  
their temporary shelter and had to  
be "hauled" down.

Fifty-one bodies had been recover-  
ed last night and were being embalm-  
ed at Venus. They will be brought  
here later.

"We saw the bloated bodies of  
men, women and children, floating  
on the high waters, but made no at-  
tempt to recover them, seeking to  
find the wounded who were still  
alive."

"Three rescue trains had arrived  
at 6 a. m. today, one manned by the  
American Legion from Tampa, and  
the other from Haines City and San-  
ford."

**Sighs For Mother**  
Pitiful scenes were being enacted  
at the morgue as relatives wailed  
through the long somber aisles to  
identify missing relatives. A little  
child who gave her name as Juanita  
Morrison, was heard asking for her  
parents. She had not been told that  
she was the only survivor of her  
family of eight.

### A Rich "Nun"

Eleanor Patterson, daughter of  
Joseph Medill Patterson, Chicago  
newspaper publisher, has been  
dubbed "the million nun" by  
German theater goers, for whom  
she is playing the Madonna in "The  
Miracle." Miss Patterson arrived at  
Salzburg with two limousines, 34  
trunks and a train of servants, and  
took an 8-room suite at the hotel.

### 72 ADDITIONS TO 4 CHURCHES RANGER SUNDAY

By United Press.  
SEBRING, Fla., Sept. 20.—  
Tales of the horrors that followed  
the complete ruin of Morehaven,  
levelled by the tropical hurricane,  
were brought back here today by  
Wade H. Marlow, one of the first  
of a rescue party to reach the strick-  
en town.

Seventy-two new members were re-  
ceived yesterday by the four Ranger  
churches co-operating in the Will C.  
Hogg revival which closed Sunday  
night, Sept. 12.

Of this number the Methodist re-  
ceived 27 during its services yester-  
day; the Christian church 23, al-  
though five persons had placed mem-  
bership previously; the Presbyterian  
church had 14 additions and the Cen-  
tral Baptist eight. Pastors of the  
four churches stated that others had  
made known their intention of plac-  
ing membership resulting from the  
evangelistic campaign.

The revival was conducted by the  
Rev. Will C. Hogg of Memphis, Tenn.,  
who was prevented from preaching  
the last night of the meeting because  
of a paralytic stroke. He was able,  
however, to leave the next day for his  
home.

**Interest Stimulated.**  
Interests in church work has be-  
come very much stimulated by the  
recent revival the pastors all reported  
for their respective churches, point-  
ing out the large number of persons  
making definite decision for Christian  
service by uniting with the church of  
their choice. All four of the churches  
had worked together for the success  
of the revival while it was in progress  
no denominational differences  
were noted. Calls for confessions  
were not made by the evangelist until  
the end of the first week's campaign.

Not only has church membership in  
Ranger increased following this re-  
vival but the Sunday schools have  
benefitted by it also, the pastors say,  
which goes to show the influences  
felt by the community both by the  
young and the adults.

**Sunday Schools.**  
The Sunday school increase was  
not confined to children only but  
many new grown people were noted  
also. The men's class of the First  
Christian church was the largest yes-  
terday it has had for some time, it  
was said.

Special services have been held by  
the churches for the new members or  
will be in the near future. A recep-  
tion will be tendered by the Metho-  
dist church next Sunday for its ad-  
ditions. The women of the First Pres-  
byterian church will hold a meeting  
at 3:30 o'clock today for the new  
members.

The Baptist baptismal services will  
be held in the First Christian church  
next Thursday night for new con-  
verts.

The Rev. Mr. Hogg in writing to  
friends of his condition since leaving  
Ranger, says:

### CARING FOR THE INJURED AND FEEDING HUNGRY IS NOW UNDER FULL HEADWAY

### Government Rushes Eight Coast Guard Cutters To the Stricken Area With Supplies Of the Red Cross

### DEATH ESTIMATES

By United Press.  
Death estimates available of hurricane dead  
in cities show:

- Miami—300.
  - Hollywood—150
  - More Haven and Clewiston—140.
  - Fort Lauderdale—20.
  - Huckway—40.
  - Hialeah—40.
  - Dania—10.
  - Hallandale—2.
  - Key West—18.
- Estimates place injured at 4,000.

### WEST PALM BEACH, Fla., Sept. 20.—Caring for the injured, collect- ing the dead and feeding the home- less occupied the entire attention of Southern Florida, following the tropi- cal hurricane which laid waste to a seventy-mile area, thirty-five miles below Miami to Fort Lauderdale.

Deaths in the stricken area may  
not number more than 400, although  
the estimate now run much higher.  
The injured range from 3,000 to  
10,000.

Autoists report bodies strewn  
along the road from Morehaven to  
Clewiston.

Property damage is estimated to  
exceed \$200,000,000. More than  
\$1,000,000 worth of automobiles  
were destroyed in Miami alone.

**Trucks On Road**  
All night long trucks carrying  
rough boxes and food went from West  
Palm Beach to Hollywood.

Troops patrolled the roads every  
few hundred yard. It is impossible  
to move on the roads without certi-  
ficates from the city authorities.

Miami now is able to cope with  
the situation, city officials have ad-  
vised. Relief trains bearing food and  
water directed to Miami have been  
turned back and redirected to Holly-  
wood, where the situation is said to  
be acute.

**Baby Is Born**  
One of the tragedies of the storm  
occurred at Fort Lauderdale. Born  
in a house which tumbled down in  
the terrible hurricane which struck  
Florida, a baby lived for a moment  
and then was crushed to death with  
its mother, Mrs. Anna Thomas. The  
father had rushed into the gale to  
call a physician.

By United Press.  
BIRMINGHAM, Ala., Sept. 20.—  
The first direct communication be-  
tween Birmingham and storm-strick-  
en Miami, Fla., was established at  
7:30 a. m. today.

The Western Union finally man-  
aged to get one wire through to the  
Florida city. Seven hundred mes-  
sages were waiting to be relayed to  
Miami, most of them from persons  
seeking to find out the condition of  
relatives in the Florida metropolis.

### GOVERNMENT BUSY

By United Press.  
NEW YORK, Sept. 20.—Eight  
coast guard cutters were ordered to  
load supplies and rush to the East  
Coast of Florida, as the government  
began to turn its manifold agencies  
to helping the homeless and prevent-  
ing starvation in the wake of the  
storm.

President Coolidge has promised  
the Red Cross the fullest co-opera-  
tion.

By United Press.  
WEST PALM BEACH, Fla., Sept.  
20.—Break lines formed in the down-  
town district of the storm-wrecked  
Miami today, according to word that  
reached here. The homeless filed in  
long lines to get the first pure drink-  
ing water since the storm broke over  
the city, Saturday morning. Lines  
are in charge of the Red Cross and  
break tickets are being issued only  
to the needy.

A relief train bearing fifteen phy-  
sicians and a staff of nurses, medi-  
cines and supplies and two cars of  
drinking water had arrived in Miami,  
the first outside help.

YOUTH HELD ON CHARGE OF ROBBERY

A young man, giving his name Wesley Wilson and also as Orie Smith, was arrested by Cisco officers Sunday morning following complaint from passengers at the Texas & Pacific depot in Cisco that jewelry had been stolen from them.

Ranger Business Houses Aid The High School Band

Contributions for the benefit of the Ranger High school band are being in a splendid manner, C. C. Patterson, secretary of the Chamber of Commerce, reports.

Following are the firms responding to aid for the band: Murray's pharmacy, J. C. Smith, Gholson hotel, Citizens State bank, Hagaman Refining company, Ranger Dry Cleaners, Bicycle & Fixit shop, Joe Dennis Auto works, Durham & Pettitt, E. H. & A. Davis, the Jamesons, Meads, Langston's, C. E. Maddocks & Co., Lions club, M. Stevenson, Ranger State bank, Boston store, Phillips Drug company, Joseph Dry Goods company, C. C. Craig, The Globe, Raymond Teal, Oil Cities Electric company, Southern Ice & Utilities, Prompt printery, Ranger Furniture exchange, John M. Gholson, Ranger Transfer company, Heid Bros., C. D. Hartnett, Lewis-Maher, Vernon Deffebach, Ranger Daily Times, Charlie's delicatessen, Tharpe Furniture company, Speed's bakery, Killingsworth-Cox, Pennant service, Paramount hotel, Ranger Medical and Surgical clinic, Ranger Steam laundry, Oilbelt Motor company, Street Motor company.

Ranger De Molays To Discuss Plans Of Organization

With the return of the boys who made the trip to Colorado representing the Ranger chapter, the De Molays of Ranger will meet Wednesday night at 7:30 when a report will be made by the representatives as to the progress made at the Colorado meet. Future plans of the organization also will be discussed at that time.

Since a state meeting will be held at Fort Worth, Oct. 2, it is likely that the question of representation there will be decided at the Wednesday night meeting.

Texas & Pacific Begins Extension Of Passing Track

The Texas & Pacific Railway Company will begin extension of its passing track in Ranger in a very short time, according to B. A. Tunnel, the local agent.

The extension has been caused by the additional freight being handled through Ranger, Mr. Tunnel said.

Wolverines Face Heavy Schedule In Middle West

ANN ARBOR, Mich.—The University of Michigan football team, champions of the western conference in 1925, enters the coming season a predominant favorite to repeat its last year's triumphs.

There are three important vacancies left open by the graduation of stars to be filled, and there is a heavy schedule for the Wolverines to play, but Coach Fielding Yost's team on preseason dope looks capable of meeting these emergencies.

Munn Looms Up On Horizon of the New Heavy Weights

By HENRY L. FARRELL (United Press Sports Editor) NEW YORK.—Not since the war have two such promising young heavyweights attracted the public attention that is being given to Munn, Nebraska legislator, and Harry Persson, a big Swede and the best heavyweight in Europe.

This statement is made without losing thought of Luis Angel Firpo and with the realization that it is fickle to pick out rookie fighters and expect too much of them on early form.

De Forest, who has been boxing around for a heavyweight championship prospect for seven years and who has scouted hundreds since Jack Kearns dismissed him after the Toledo fight thought he had found his fortune when Firpo crawled out of a cellar in Newark and came to him for advice.

But Firpo wouldn't stick. He thought that De Forest wasn't getting him along fast enough and he listened to some other experts who told him that De Forest was still a Dempsey man and that he would teach him the wrong things so that Dempsey could whip him.

"I never could have made a finished fighter out of Firpo," De Forest said later. He never could have been taught how to box because he wasn't built to be a boxer. But I could have put him in physical condition and taught him how to defend himself. I also had the disadvantage of being forced to give him all his instruction through an interpreter.

Because of the Becketts, the Scots and the other prominent European heavyweights, Americans have a inclination to flatter when a fighter comes to this country bearing foreign decorations but Persson is a real prospect and De Forest will bring out everything that he has.

Munn, however, seems to be much more of a prospect. Apparently he has everything a fighter needs, size, strength, punching power, ability to take it and throw it, the killing instinct that is born in a man and never developed.

In another year with good breaks and the wise handling they are certain to get, Munn or Persson or both ought to be real contenders for the championship, or at least contenders for the contenders. Suggestions already have been made to match them with Harry Wills but he is too smart for them now.

Wolverines Face Heavy Schedule In Middle West

ANN ARBOR, Mich.—The University of Michigan football team, champions of the western conference in 1925, enters the coming season a predominant favorite to repeat its last year's triumphs.

There are three important vacancies left open by the graduation of stars to be filled, and there is a heavy schedule for the Wolverines to play, but Coach Fielding Yost's team on preseason dope looks capable of meeting these emergencies.

With Capt. Benny Friedman back at quarterback, again slinging forward passes, and with the super-receiving set, Bennie Oosterbaan and Bill Flora at ends to catch them, the aerial attack of 1925 should be repeated, provided a sturdy line can be found to hold back the opposing line as well as it did last year's forwards.

With "Bo" Molenda to thump the line for substantial yardage, the ball totting department looks capable of slashing through again.

This puts the burden of the season's results upon the men who plus the gapping holes left by the graduation of ex-Capt. Bob Brown at center, George Babcock, Harry Hawkins, and Tom Edwards.

WESTERN OPERATORS IN SESSION

By United Press. DENVER, Colo., Sept. 20.—The annual convention of the Western division of the American Mining Congress opened here today to discuss relation of government public land policies to mineral development.

Secretary of Interior Hubert Work told the delegates that piece-meal legislation covering mining on public lands, leasing of coal, potash, and kindred material, together with oil and shale or grazing on public domain, will meet the situation without embarrassing administration.

But these matters should all be comprehensively considered at the same time and a comprehending policy defined so that the different activities should not be thrown in conflict with each other by special legislation enacted in their interests.

Commissioner William Spry of the General Land Office, will address the convention, outlining the government's policy regarding the administration of public domain. W. B. Greeley, chief U. S. Forester, will discuss "Mining in National Forests," and F. I. Hess, Bureau of Mines, will speak on "Rare Minerals."

Other speakers will include Representative C. E. Winter, Wyoming; J. V. Howell, Colorado; George Otis Smith, geological survey, and A. G. Macchenzie, Salt Lake City.

Delinquent Tax Payers Are Now Getting Busy: Fifty-four taxpayers of Ranger responded to the call last week for delinquent school taxes, A. E. Ringold, tax collector announced this morning. The total amounts paid to the collector was \$862, the largest amount received being for \$88, and the smallest sum 30 cents.

The list of delinquents now is being prepared, Mr. Ringold said, preparatory to bringing court action for the remainder of the delinquent taxes. Some time will be necessary to bring this list to date, Mr. Ringold further said.

Filing of the suits was ordered at a meeting of the school board last week.

Southern Gas Company Gets New Manager

A change in the management of the Southern Gasoline company of Ranger became effective today by the new manager C. W. Nicodemus of Los Angeles, assuming charge succeeding W. P. Dykema, who has been in charge since the company entered this field several years ago.

Mr. Dykema who resigned will continue to reside in Ranger. He was in San Angelo today and could not be reached to ascertain in what business he will engage hereafter.

The Southern Gasoline company which has its plant seven miles north of Ranger is one of the largest plants in this section.

Do the movies supply the thrill for which we long or make us long for the thrills which we cannot supply? We can learn from other nations. In Japan, the movie sub-titles are read aloud by an official reader.

SOCIETY AND SOCIAL AFFAIRS

TUESDAY. Tuesday Bridge club meets with Mrs. D. L. Jameson at 2:30 p. m. Pastime club meets with Mr. and Mrs. Roy Jameson at 7:30 p. m. Child Welfare club meets at Acorn acres at 1:30 p. m.

AD LIBITU MCLUB. Mrs. Jimmie Tolland will entertain the members of the Ad Libitum club Wednesday afternoon at Acorn Acres at 2:30 o'clock. Members please note place and time.

PERSONALS. H. J. Wenzel of Muskogee, Okla., is visiting his son, Robert, at the home of Mr. and Mrs. O. A. Ward. Mr. and Mrs. Leon Riddell of Denison are also visiting at the Ward home, and with Mr. Riddell's mother, Mrs. Albert Riddell.

TULSA VISITOR. Mrs. Conway, of Tulsa, who has been the guest of her uncles, J. L. and Sam Thompson, at the Gholson, for the past week, returned to her home in that Oklahoma city, after being delightfully entertained by her uncles and their friends while here.

Several dinner parties at Acorn Acres featured Mrs. Conway's stay, and on Saturday night, Mr. and Mrs. Louis Flack entertained with a few tables of bridge in her honor, at the Gholson. Places at the tables were marked for Mrs. Conway, J. L. and Sam Thompson, Mr. and Mrs. L. P. Lawton, Mr. and Mrs. Guy Cummings, Mrs. May Harrison and McLaughlin of New York, Dick Lawton and the host and hostess.

ANNOUNCING A SON. Mr. and Mrs. J. A. Knox of Holiday have announced by cunning cards the arrival of a son, J. A. Knox Jr., who arrived on July 7. Mrs. Knox will be remembered by Ranger folks as Miss Helen Kassell, who lived here and worked for the Ranger railroad prior to her marriage.

"GOOD EVENING, CLARICE." "Good Evening, Clarice," is not a salutation, it is the name of a sketchy little play that the Little Theatre folks will offer for their first production of the season, on Sept. 30, at the Liberty theatre. Rehearsals are going on every night and all the cast are in dead earnest in their endeavor to put this play over big.

Since Ranger people have already recognized the ability of the Little Theatre players, the announcement of their first date is sure to find a reservation on the social calendar of people who like to see good plays.

YOUNG SCHOOL P-T-A. Young School Parent-Teacher association will resume its work tomorrow afternoon when they meet for their first meeting of this term at Young school at 3:45. All old members and all prospective members are urged to attend as there is much work for the Parent-Teacher association to turn its hand to this year—in fact it seems that all of the Parent-Teacher associations of Ranger are putting forth efforts to make this a banner year in their work.

The club plans to follow its routine work, help on the health nurse's salary, to make the auditorium more comfortable and to take up other things that may arise from time to time, but above all to co-operate with the teachers in their school work. Mrs. L. McNeil is president of the club.

CONLEYS RETURN TO RANGER FOR WINTER. Mr. and Mrs. Charles Conley and children who have been at Worger for the past month or two, have returned to Ranger to spend the winter, at any rate. Mr. Conley is now on "both feet" again after his serious accident last spring and while he will be in and out of Ranger, as he is operating in the Amarillo fields, still the family will remain here, at their home on Vitalious street, and their children will attend St. Rita's school today. Ranger people are very glad indeed that the Conleys did not decide to stay away from their home and friends. Mrs. T. J. Kelly, Mr. Conley's sister, returned to Ranger with them, but will leave for her home in Tulsa today.

Beauty is a precious flower that withers with neglect. Visit the Stafford Beauty Shoppe. Phone 415, Ranger.—Adv.

Some children are incorrigible. In Alabama, a county school burned the first day.

A blue salesman is worse than a green one.

CANADA'S GRAIN EXPORT. OTTAWA, Ont.—Canada's development as the world's leading grain exporter is shown in a bulletin issued by the federal bureau of statistics which points out that the value of the Dominion's wheat shipments amounted to \$396,647 in the year ending June 30, 1926, or more than Canada's entire foreign trade in 1913.

### Forward Pass Rule Comes Up For Criticism

By HENRY L. FARRELL  
(United Press Sports Editor)  
NEW YORK, Sept. 20.—Experiments in limiting the defensive use of the forward pass and curbing it as an indiscriminating offensive weapon will provide one of the interesting features of the coming football season.

After long deliberation on complaints that the forward pass was being used defensively by many teams as a means of stalling and killing time late in a game, the rules committee last winter changed the rules to impose a penalty of five yards, as well as the loss of a down, in each instance where team makes more than one incomplete forward pass during the same series of four downs.

**Opinions**

Opinion as to the merits of the new rule and its effect upon the open game is fairly well divided among the coaches. Veterans of the old school, who have offered all the resistance possible to the introduction of "basket ball" tactics in the game welcomed what they considered a return to real football. Younger coaches criticized the rule as a curb on a department of the game that has made it the most popular of all outdoor games.

Knute Rockne, Notre Dame coach, however, is one of those who believe that the new rule will have little effect upon the game either from the viewpoint of a player or a spectator. His opinion should be worth something as he has been one of the foremost in the development of the forward pass.

**Change Desired**

Another change, designed to curb the use of safety as a defensive weapon, forces the team scoring the safety to put the ball in play by a kick from its own twenty-yard line.

In several games last year, a team in the lead committed deliberated safeties in order to kill time and prevent the opposing team from getting a chance to tie the score or win the game. In one game safeties were committed purposely and the committing team won the game by a score of 7 to 6.

There are more inter-sectional games than ever on the schedule this year and that is saying quite a lot as the field has been all cluttered up with them in increasing numbers every season since the war.

**Peak October 30**

The peak of the season will be reached on Oct. 30 with a flock of the most interesting mase of the season.

On that day the menu will include Yale against the Army; Navy against Michigan; Columbia against Cornell; Dartmouth against Brown; Notre Dame against Georgia Tech; Holy Cross against Dayton; Illinois against Pennsylvania; Lafayette against Washington and Jefferson; Princeton against Swarthmore; Stanford against Southern California; West Virginia against Missouri and Wisconsin against Minnesota.

An interesting feature of the Western Conference schedule provides for two games between Michigan and Minnesota and also for the first time the west will get a look at the Army-Navy game, which is expected to draw more than 100,000 spectators to the municipal stadium in Chicago.

**Jack Dempsey To Enter Ring Big Favorite**

By HENRY L. FARRELL  
PHILADELPHIA, Sept. 20.—Jack Dempsey probably will be the heaviest picked favorite that ever defended a heavyweight championship when he enters the ring here Thursday night against Gene Tunney.

This does not mean that the betting odds on him will be higher than there were on any other heavyweight champion but that the opinion of the experts will be more solidly behind him even than it was thrown to the support of Jess Willard before he fought Dempsey and lost the title.

There seems to be few against everyone who gives the challenger a chance and even more against those who have risked the opinion or the money that Tunney will win the championship.

**What is the reason?**

Tunney Larger.

Tunney is slightly larger than Dempsey and is just as strong. He has had experience and no one doubts his courage. He seems to have cultivated a Joan of Arc conviction that he is destined to be the next champion. He can box and he isn't such a feeble puncher.

Dempsey's backers will grant you that but they will call your attention to something in these words: "Dempsey is a natural fighter and Tunney is a manufactured one."

They also give their opinion that Tunney is strictly a counter fighter and build for Dempsey's style of attack. Also that Tunney hasn't the powerful attack of the champion and that he hasn't a doubled barreled attack like Dempsey.

They laugh off the suggestion that Dempsey may not be the fighting machine that he was three years ago and insist that Dempsey couldn't have gone back far enough to become such a poor fighter that Tunney could beat him.

Put the question to them—"Who did Dempsey ever lick?" and they will tell you—"Dempsey wouldn't let the guys that Tunney has licked into his camp as sparring partners."

So it goes on and the ferocity of the argument leads to another question:—"If it is such a poor match and the public knows it, where did they sell all those tickets?"

And the reply is—"You know—the old ballyhoo."

It seems after all that the public is interested in spectacles, that it isn't the fighters so much as the fight, that there are thousands prompted only by the curious desire to "be there when—" but Rickard certainly sold the fight to the public.

The experts shouted that Carpentier would be massacred by Dempsey and the experts shouted that the society for the prevention of something or other should have stepped in and saved the lamb Firpo from slaughter.

But many of these same experts laughed at Dempsey before the Toledo fight and wanted to spare Tom Gibbons from Dempsey for the sake of the handsome little Gibbons children.

There is no intent included here to pick a winner. That will have to be done on the day of the fight because it is newspaper routine to pick a winner even if the writer doesn't want to do it.

Dempsey says that any big man with a fair punch is dangerous and he means what he says. It would seem to be logical that Tunney has at least a chance and that the longer he remains on his feet the better his chances will be. It certainly looks as if Tunney has more of a chance than Firpo or Carpentier but that may be no chance at all if you care to look at it that way.

But whatever happens don't be one of those who may say that it was a dive.

### Chilean Women Rapidly Taking To Athletics

By N. REYNOLDS PACKARD  
(United Press Staff Correspondent)  
Santiago De CHILE.—Casting aside the traditional Latin ideas of feminine dignity, the girls of Chile are now manifesting great interest in sports and have organized a number of athletic clubs in the larger cities of the country. Basketball and tennis, as well as track and field events are among the more vigorous activities in which Chilean girls are now participating.

A few years ago Chilean girls read with awe and amazement of the athletic accomplishments of their American sisters in the United States and gossiped disdainfully among themselves about how masculine the American woman is tending to become. But since then sports have been creeping into the country little by little until today the Chilean girls are accepting them as essential to their physical charm and health.

Girl-athletics were first introduced by means of tennis and golf, which naturally carried with them a certain social prestige. Later the sports commenced to take interest in swimming.

Today the phases of sports are more varied and cover almost as large a scope as those of the men. In the leading department stores, athletic organizations have been formed for the girls and inter-city games have been staged.

In the schools as well as in commercial circles, athletics have been adopted with enthusiasm. The exclusive finishing schools have also organized hockey, basket-ball and tennis teams.

The curriculum of the public schools which are attended by girls now includes classes in physical culture. There are also special courses in the normal schools for the girls who wish to become teachers of athletic games in the primary and secondary schools.

Some have nerve enough to go ahead and accomplish what others have too much sense to attempt.

**Dixie Series Excursion Rates Dallas Sunday**

Special rates for a round-trip ticket of \$3.45 is offered by the Texas & Pacific Railway Company Sunday, Sept. 26, from Ranger to Dallas, for the Dixie series, according to announcement received today. Tickets will be good on trains arriving at Dallas Sunday morning on limited trains of the Texas & Pacific, returning from Dallas on trains leaving Sunday night.

### Ex-Legislators Will Organize A Fraternity

By United Press.  
AUSTIN, Sept. 20.—Members of the thirty-ninth legislature and former members of the legislature will meet here tonight for the purpose of organizing a legislator's fraternity.

More than 125 members have been enrolled and the organization will be chartered. Representative John E. Davis of Dallas will head the list of charter members.

Some people are lucky enough to have more sense than to depend entirely upon luck.

### Sheriff Holds Two Women For Fisher County

The Eastland county sheriff department is holding two women, whom they arrested this morning on a message from the sheriff of Fisher county at Roby, stating that he held a warrant for them on a charge of arson. Officers from Roby are due in Eastland today to take the parties to Fisher county.

### Ranger All-Stars To Meet Tonight At Fire Station

A meeting of the Ranger All-Star football team will be held at the fire station at 8 o'clock tonight for completion of its organization and to make preparation for its game with Blair Cherry's high school Bulldogs, according to Chief Murphy. The same will be held sometime this week Chief Murphy added.

Tom Yonkers, who is captain of the All-Stars, requests that all men desiring to play on this team to be out for the conference tonight.

Proceeds of the game will go to buy uniforms for the pep squad of the Ranger High School.

# GREAT CHARACTERS from a GREAT STORY

These are some of the characters that appear in the greatest serial story of the year

Cherry Lane, the selfish sister who was beautiful and knew it.

## SAINT and SINNER

It starts exclusively in this paper Tuesday, September 21.

Saint and Sinner was written by that remarkable young woman, Anne Austin, who at 30 has had a successful career as fiction writer and magazine editor and is the mother of the famous child prodigy Elizabeth Benson, who enters college this fall at the age of 12.

Saint and Sinner is a story of life and love, of the romance of an American home. It is the story of a selfish, man-mad flapper and her generous-hearted sister.

Faith Lane, the family drudge who didn't realize she was beautiful.

JOY

Nine years old and hard-boiled.

LONG

The family sheik. They called him Long for short.

AUNT HATTIE

Who meant what she said and said what she meant.

BOB HATHAWAY

Who thought he could believe all women.

JIM LANE

The patient, plodding father.

MRS. LANE

An invalid, and always boasting about it.

GEO. PRUITT

Who tried not to let his money spoil him.

DON'T FAIL TO READ THE OPENING CHAPTER

Remember, It Appears Tuesday in This Paper

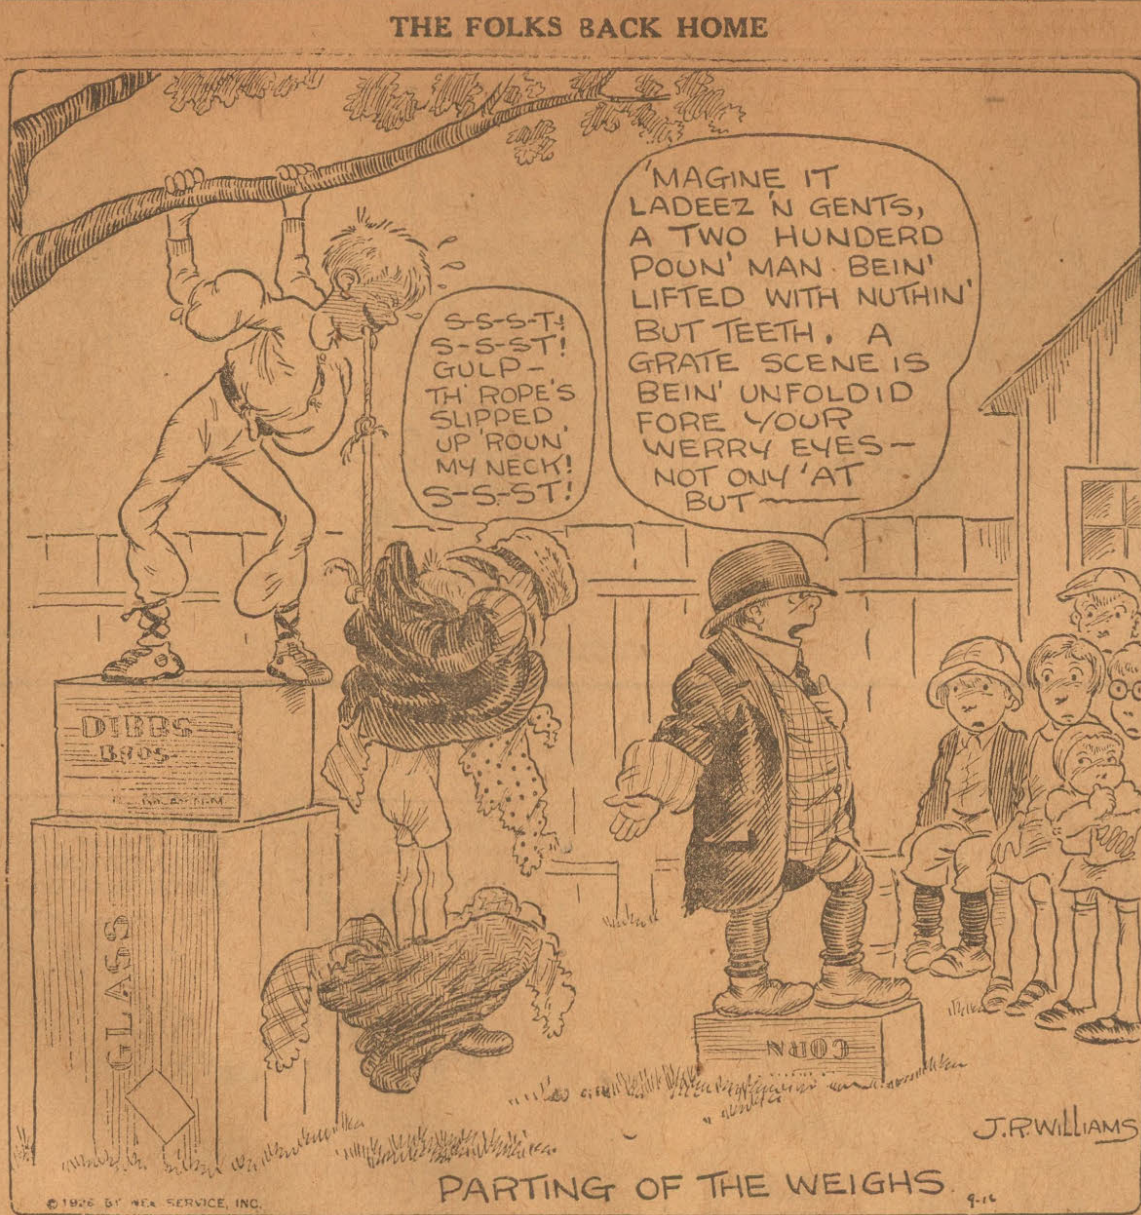

### Legion Parade Program Ready For Convention

By United Press.  
 PHILADELPHIA, Sept. 20. — A military circus, the mammoth Legion parade, air carnivals, the junior world's championship baseball series, football and lacrosse will combine with the Sesqui-Centennial Exposition as the entertainment program for the 100,000 legionnaires and their families who will attend the eighth annual American Legion Convention in Philadelphia, Oct. 11 to 15.

Vice President Charles C. Dawes, Judge K. M. Landis, Admiral Coontz, and Major General Lejeune, Commandant of the Marine Corps, have been announced as the principal speakers who have accepted invitations to attend.

The parade, one of the principal events of the convention, will be held Tuesday afternoon, Oct. 12. In this gigantic observance of Columbus Day, 75,000 legionnaires from 48 states and three foreign countries will take part. The parade, which will require five hours to pass in review, will march from city Hall Plaza, down Broad street to the Sesqui-Centennial Exposition grounds and into the Sesqui Stadium, where high ranking military and naval officers, with Vice President Dawes and John R. McQuigg, national commander, will review the marchers.

Eight thousand members of the Ladies Auxiliary of the Legion, and 14,000 members of the "40 and 8" Society will conduct their conventions in conjunction with the Legion's session. Arriving delegates will be greeted at trains by 150 girls garbed as Quaker Maids and a dozen "William Pens," who under the convention committee here, will conduct the visitors to their designated quarters.

### Women Smile At Mussolini's Dress Dictation

By United Press.  
 PARIS—Parisian dressmakers have no fear of competition from the gowns decreed by Mussolini as the Italian national costume for women. News of the launching of the Monna Vanna dress was received in Paris with a sceptical smile, the prevailing opinion being that not even the Italian society woman will wear it.

"Mussolini is taking a daring step in declaring war between his dictatorship and the dictatorship of feminine fashions. The latter is well entrenched while his is of recent date," said Paul Poiret, one of the leaders of the dressmaking world. "Can anybody imagine a woman of today getting into an automobile or entering a train with such a gown? Perhaps it could be worn at a costume ball but for the practical needs of nowadays it is simply absurd."

"You must remember, too, that the queens of dress in Italy are not all Italians. The foreign element on the Lido surpasses them. And these women all come to Paris for their gowns."

Such also is the opinion of Mme. Jeanne Lanvin, who said:

"It is just another attempt to suppress the short skirt. It will not have any more success than previous attempts. The Italian women, who are coquettes and have excellent taste, will certainly refuse to accept Mussolini's decree, unless, indeed, they are so wrapt up in his patriotic schemes that they are ready to sacrifice themselves to help him."

Some husbands are so perfect they enjoy carrying umbrellas while others are truthful.  
 Getting credit for being good when you are merely afraid of the punishment doesn't count.  
 What this country needs is lint-sticks with glue in them.  
 Cranberries don't make such very good cherry pie.

### Family History Of Mussolini Is Being Traced

By United Press.  
 FOLLI, Italy.—The origins of the Mussolini family have been recently studied by the Rev. Monsignor Domenico Mambini, a noted folk-loreist and a historian of the province of Romagna, where Italy's Premier was born.

Monsignor Mambini traces the origins of the Mussolini family to a little hamlet called Muciolino, near the village of Montaguta. The name Mussolini is, according to the historian, a derivation of the place name Muciolino, where the family originally lived many years ago, and the word Muciolino itself probably derives from some one whose Christian names was Muzio, when Muziolino and Muciolino.

The names of Mucellini, Muciolini, Mussellini and Mussolini are common in this part of Romagna.

### Spain Would Dig Tunnel to Join With Morocco

By United Press.  
 LONDON.—A vision of Londoners traveling to Capetown direct from Calais is conjured up by Spain's renewed interest in a proposal to dig a tunnel under the straits of Gibraltar, 16 miles long. Coupled with the ever-recurring plan to tunnel the channel, this link between Europe and Africa may make it possible for Englishmen to step into a train at London and ride through without a change of cars to Capetown.

Under Primo De Rivera, the Spanish dictator, the plan to dig under the Gibraltar Straits is reported to have entered the domain of actual possibilities. First seriously considered in 1918, the proposal was put aside on account of Spain's difficulties with Abd-El-Krim in Morocco, but with that trouble settled, the plan is again being considered.

### Rescue Worker Speaks at Olden Church Tonight

Rescue work and white slavery will be the subject of an address by Mrs. L. L. Fieldbinder at 7:30 o'clock tonight at the Church of God in Olden. Mrs. Fieldbinder who has been engaged in rescue work for sometime will relate her experiences in this line of endeavor.

She will speak at 3 o'clock Wednesday afternoon on the street corner by the W. P. & Ft. W. railway offices.

### PASSENGER TRAFFIC.

By United Press.  
 CHICAGO.—Passenger carrying capacity of all the railroads of the United States, if every car and coach were filled, would be approximately 2,612,000 persons. Carrying capacity of the automobiles of the United States is more than 60,000,000, according to the American Research foundation.

A go-getter is an individual, (man or woman) who eats at a cafeteria.

### How to stop BOILS!

There's only one way to stop boils. Stop the cause of boils! That's common sense—isn't it? All right. Boils thrive because the blood gets so weak in healthy, red cells that it can't throw off the impurities that get into the body. There's not enough rich, red blood to purify the system.

Now—S. S. S. builds back the blood to fighting strength. S. S. S. builds red-blood-cells—builds them by the millions! Boils dry up!

S. S. S. is the thing. Impurities that cause boils and other skin eruptions can't stand up against the rich, healthy red blood that S. S. S. builds. That's all there is to it.

Stop boils with S. S. S. It's the way. Get it at any druggist. The larger bottle is more economical.

### Famous Scopes Trial Chimpanzee At Dallas Fair

By United Press.  
 DALLAS, Sept. 20.—"Napoleon," the five-foot chimpanzee that figured so prominently in the now famous Scopes trial on evolution will be brought to the State Fair of Texas, Oct. 9 to 24, it has been announced by Fair officials.

The chimpanzee was brought to Dayton, Tenn., during the trial by Clarence Darrow.

An actor of finished "education" with a long record in vaudeville and motion pictures, Napoleon does everything that human beings do, save talk.

**Women Tell**

Others how this new hygienic pad discards easily as tissue—no laundry

BECAUSE one woman so advises others, and because doctors so urge, most women are deserting the old-time "sanitary pad" for a new and better way.

Eight in 10 better-class women now use "KOTEX."

Discards as easily as a piece of tissue. No laundry. No embarrassment.

Five times as absorbent as ordinary cotton pads.

Deodorizes, thus ending ALL danger of offending.

Obtainable at all drug and department stores simply by saying "KOTEX." You ask for it without hesitancy.

Package of 12 costs only a few cents. Proves old ways a needless risk. In fairness to yourself, try it.
