### **Proclamation**

All the people of the city of Ranger have been invited to at-tend the West Texas Chamber of Commerce convention, which is to be held in Mineral Wells next week, Monday, Tuesday and Wednesday, and especially to be present there on the second day-Tuesday.

Since it is of the greatest importance to the convention that Ranger shall be represented in force, and since it is of equal importance to the city of Ranger that the convention shall be dominoted by Rangers,

Now, therefore, I, William Knight, mayor of the city of Ranger for Citizenship Day in National boys' Week, do proclaim Tuesc's y, May 5, a holiday for everybody in Ranger. This shall apply to the business people, to the housewives, to the bankers, financiers, merchants, clerks and all others alike, and also to the schools, for the convention at Mineral Wells should have a rep resentation from the teaching staff in the Ranger public schools 100 per cent strong.

The holiday shall begin at sun-

rise, Tuesday, May 5, and shall end at midnight the same night. Let everybody heed and obey for this proclamation is not an idle command. It must be obeyed. WILLIAM KNIGHT,

Mayor of Ranger.

Marshall will not be with us with the opening of the season next fall.
Wherever Mr. Marshall goes in continuing his work as an athletic coach and a teacher, he may be sure that he will have many warm friends in

schools, but why? Fifteen years ago athletics, it is true, were a part of school life, but a minor part, and grudgingly granted as an interruption in the pursuit of the three R's tail Clothing convention. They are expected back Thursday evening.

C. E. Mason is in the Clinical hospital, suffering from a serious illness. Mr. Mason is employed at the local freight office of the W. F. R. & Ft. W. railway. rather than the foundation for them, which is the part athletics play in school life today.

George Bryant, manager of the Graham plant of the Oilbelt Motor company, is in Ranger today on a business trip.

Competition being the spice of business and social life, it is well that its application be learned early. What field will teach this lesson better than athletics? The keenest as well as the fairest, competition to be encountered is met in interscholastic contests. A rigorous self-control is taught, insubordination is not tolerated and the discipline that governs a squad of athletes will serve well a man who has worked under it. Competition fairly supplied and intelligently directed is invaluable to the successful business man.

To be physically fit is to be ef-

To be physically fit is to be efficient. Athletics during school days place our boys and girls in wonderful trim, providing them with sound bodies and good health to carry them through life. It is certainly a proven fact that the able-bodied men and women enjoy life better than the weakling. The average length of life during the last half a century has been lengthened a good many years, due, chiefly 'c' course to the discoveries of medical science, but aided in no small measure by the more physically fit bodies of men and women whose youthful athletic activities have given them good sound bodies and minds, and made of them fertile grounds for the prolongation of life. Their value then, to men and women of tomorrow, is almost inestimable.

Participation in athletics by school children is the best insurance procurable that life for future cities zens and history made by them will be kept up to the standards of an advanced civilization.

#### Reputed 'Bad Boy' Charged With Death Of His Father, Afterwards Robbing Him

CHISHOLM, Minn., April 29.—
Bloody footprints in the kitchen floor told little Ida Ghilardi, 15, of the tragedy she long had feared—and led authorities to the solution of a patricide not unlike the Dorothy Ellingson case in San Francisco.

Nello Ghillardi, 20, shot and killed his father, Egidio, 40, when the latter tried to force the boy to go to work. Today, Nello's confession was written in the court records and he was taken to Duluth to await the grand jury action. He waived preliminary examination in circuit court late yesterday.

He was known as a bad boy. He would not go to school and he would not work. While his father slaved as a laborer for the village, the boy stole money from the meagre earnings of his parents and spent it play-

Lady Says She Took Cardui and Never Saw Such Improvement-Was So Weak Couldn't Stand.

Weathersby, Miss.-Mrs. James M. Hall, of this place, writes that she was "getting weaker all the time" when Cardui, the woman's tonic. was first brought to her attention. After she had taken Cardui a while, she writes that she "never did see

such an improvement."

"I suffered all the time and had pains all over," says Mrs. Hall. "I was so weak I could not stand. My skin was cold and flabby. I did not have any color. I had always been a very active woman—used to outdoor exercise, walking and going where I pleased, and to get down, not able to get myself a drink, was not able to get myself a drink, was indeed a hardship.

"Nothing seemed to help me, till I began on Cardui. The first bottle seemed to strengthen me, and I sent for five more. By the time I had taken these, I was on my feet, going around, doing my work,

#### HIGH SCHOOL SONG

(By J. P. MASSEY, Teacher in Ranger High) (Tune to "Maryland My Maryland")

> Ye girls and boys of Ranger High, Honor's voice is calling you; Seniors and Juniors, hear the cry, Hear it Sophs and Freshies, too. List to duty's sacred call, If in class, or game of ball; In ev'ry place we'll noble try To honor you, dear Ranger High.

We'll never shirk our teacher's call-English, Lab, or History-To march with Caeser over Gaul, Or solve Equation's mystery. In ev'ry contest true and brave, For you our glorious pennants wave. And ev'ry where we'll live or die To honor you, old Ranger High.

And when our lessons all are o'er. Happy school-days past and gone, We throng these sacred halls no more, All our vic'tries lost or won, When our steps are sundered far, And we say our last good-bye, Still be our hearts as evening Star, Trust to thee, dear Ranger High.

The Delco-Light Millions Have Waited For F.O.B. DAYTON. O.

AS THE world's largest manufacturers of farm electric plants, we have been working for months on the development of a lighting plant that could be sold at a radically lower price—a price so low that it would bring electricity within the reach of every farm home in America.

We knew that a million farm homes were ready for electricity that a million farmers realized the money-saving, time-saving value of electricity—that a million farm women had learned that electricity would lighten the burdens of farm life and bring new happiness and new opportunities to their families.

#### A Price That Is Revolutionary

We realized that a small reduction in price would not be enough. It must be revolutionary—drastic. And we wanted to be able to offer this plant on very easy terms—so that every farm home, whether owned or rented, could have the benefits that are so much appreciated on the 200,000 farms where Delco-Light is now in use.

#### And Now It's Ready

Today the new Delco-Light is ready. It is more than we had Quantity productionmodern engineering-millions of dollars worth of machinery-research and invention-have produced the Delco-Light that can make all farms electrically lighted

#### A 600-Watt Non-Storage-Battery Plant

The new plant is a genuine Delco-Light in every respectfull 600-watt capacity, strong, sturdily built, economical in operation. It is equipped with a standard Delco starter and an economical starting battery. And its price is only \$195 f. o. b. Dayton-the lowest price and the greatest value ever offered in a Delco-Light electric plant.

#### **Complete Installation** at a Remarkably Small Cost

In addition to this, special arrangements have been made whereby the Delco-Light dealer in your community will install your plant and wire your house for five lights, to be located wherever you specify. You will receive with the plant five beautiful spun-brass lighting fixtures complete with bulbs.

And all of this-plant, installation, wiring, fixtures, everything ready to turn on the lights-will cost you only \$53, in addition to the price of the plant itself.

#### A Small Down Payment -Balance on Easy Terms

Finally, we have arranged that this new low cost for Delco-Light, completely installed, can be paid on terms so easy that anyone can take advantage of them. The total cost is only \$248, including freight (a little more west of the Mississippi). But you make only a small down payment. The balance is payable on easy terms, arranged to suit your convenience.

#### Ask for Details

Never before has such an offer been made. Never before has Delco-Light cost so little and been so easy to buy. It means that any farm home—your home—can have Delco-Light today.

At the bottom of this advertise-ment appear the name and address of the Delco-Light dealer for your community. Call on him, write, or telephone for full information—specifications of the plant, illustrations of the fixtures that come with it, details of our complete installation and wiring plan, and the figures that show how easily you can now get Delco-Light.

#### WOMEN HERE SEE THAT G. F. P. REALLY **RESTORES VITALITY**

Many Tell of Remarkable Quick Gains in Weight and Health Since They Have Begun to Use It.

When women seem so anxious to let their friends and fellow women know how St. oseph's G. F. P. has caused them to gain in weight and strength no further proof of the startling success of this great mediine seems necessary. It is getting o be a common occurrence to hear men, who were formerly thin and rail gaining strength so rapidly as cause them to wonder how it could

When they are asked for an explanation of this unusual change in their condition, they invariably attribute it the phenomenal medicine, G. F. P "I am now on my third bottle and have gained six pounds," says one woman. "I have just finished my fourth bottle of G. F. P.," says another woman, who had been so frail and weak that her husband and chil-dren were alarmed, "and I have gain-ed nine pounds. I am now able to sleep, eat and work like a normal

woman again." There is a reason for this. The liscoverers of G. F. P. believed that some mysterious malady is causing most of the ailments from which women suffer. After years of pains-taking search their efforts were re-warded by the discoverers that this malady-Catarrh of the Generative Organs is the cause of so much ir regularity, pain, nervousness, head-ache, pains in the side and back, depression and that awful irritable feelng. It s because of its power to stamp out and destroy catarrh that G. F. P. succeeds in building up flesh and tissue and restoring health, and plenty of vitality.

Delay is dangerous where this dreaded malady is concerned, because it so quickly spreads from one organ to another, breaking down the unforunate victim's power of resistance and creating a condition which often leads to kidney, liver and bladder troubles, and that run-down feeling which is so prevalent nowadays.

It was a tough problem for the Romans to change the rule of the road. It was easy for the trolley run the streetcars on the other track, once they started on the right track. But, it was difficult for automobile drivers and cabmen. Signs were

purist wonders why there are not a uccession of accidents when they takes the side of the street that suits him best. However, the drivers seem to scent what the other fellow is going to do and, with that peculiar streak they choose the opposite. Ac-

cidents are comparatively rare But, when the rule of the road was changed, all the drivers stuck to the rule. They all seemed to have one idea in their head—"There's only one way to turn, and that is to the

right."
The accidents caused by the change were generally caused by au-tomobiles and, to the fact that the pedestrian had not paid so much attention to the new rule as the drivers were forced to.
