HAMON ROAD CUTS TIME TO BRECKENRIDGE

New Schedule Gives Twenty to Thirty Minutes' Faster Running Time.

A material shortening of the time between Ranger and Breckenridge is announced in new schedules of the Hamon road, effective Sunday. This faster schedule also applies, though not to such an extent, on the line between here and Dublin.

The greatest changes are in the shuttle trains between Ranger and Breckenridge. The time of these is cut twenty to thirty minutes. The afternoon southbound train is moved forward thirty-five minutes in order to insure catching the westbound Sunshine on the Texas & Pacific.

The night train from Fort Worth will leave there at 11:05, five minutes later than at present, and will leave here at 6:15, fifteen minutes earlier than now.

Half-Hour Later.
The Ranger-Breckenridge train now leaving at 8:00 o'clock, will leave at 8:30, arriving at Breckenridge at 10:10, ten minutes later than at present.

The southbound train leaves Breckenridge at 11 a. m. and arrives at Ranger at 12:45.

There is no change in the leaving time of the 2 o'clock train, but it arrives at Breckenridge at 3:40, twenty minutes earlier. The return trip is moved forward to 4:25, and the train arrives here at 6:05 instead of 7 o'clock.

The northbound train leaves here twenty-five minutes earlier, at 3:35, and is in Breckenridge at 5:10.

The southbound train, which formerly left Breckenridge at 8:30, will now start from Jimkum at 8:55. It leaves Breckenridge at 9:55, and arrives at Ranger at 11:45 instead of 10:45. The Pullmans get into Fort Worth at 7:15, as at present.

PENROSE FOR EQUAL RIGHTS FOR NEGROES

Pledges Delegation His Aid for Pennsylvania Measure Extending Equality.

WASHINGTON, April 2.—Negroes are entitled to equal commercial and political rights with white people, Senator Penrose declared today. He verged on the point of favoring social equality, but fell short of the flat assertion. He persisted that all other privileges should be placed on the basis of absolute equality.

"I see no reason," said Penrose, "why the colored man or colored woman should not be able to obtain a cup of coffee at Child's if they want to, or for that matter go to the hotels, cafes, restaurants or other public places frequented by white persons."

"The time has long since passed when there should be any discrimination or repression toward our colored citizens. They are entitled to their rights as citizens under the constitution. They are free men under the constitution, and I believe they are entitled to full commercial and political freedom of action, especially in regard to public accommodations and utilities."

"I am glad to be able to use what influence I possess at Harrisburg, where a bill is pending to give equal rights to the negro race, to secure the passage of that measure, which has been hanging fire too long. It should be passed. I am glad to assist the men and women of the colored race to remove the inequality and discrimination to which they are now subjected."

These sentiments he expressed to a delegation of colored men who came here from Philadelphia to urge his assistance in obtaining the passage of the Pennsylvania measure, introduced by Representative Asbury, a negro member of the legislature.

PROFESSOR MURDERS HIS COLLEAGUE

By United Press.
SYRACUSE, N. Y., April 2.—Dean John Herman Wharton, head of the college of business administration of Syracuse university, was killed in his office today by Professor Holmes Beckwith, a subordinate, who then shot himself through the head, police said. Both were dead when found by the attaches of the office. Wharton is alleged to have reminded Beckwith in connection with his work at the college.

TURKISH CAVALRY PURSUING GREEKS

PARIS, April 2.—Greek forces which were driven from the city of Shahr in Asia Minor by a Turkish counter attack early this week are in full retreat, says a Constantinople dispatch. Turkish cavalry are pursuing the Greeks, it is declared.

WATERS FLOOD COAL MINES IN ENGLAND

Britain Is in Throes of Strike and Train Service Is Restricted.

By Associated Press.
LONDON, April 2.—Six British coal mines which were left to the mercy of rushing waters by the strike of miners and pump men have been flooded and some are said to be in such a condition that they may be permanently wrecked. Scores of appeals have reached the government asking that sailors be sent to help fight against the flood waters pouring into the mines. Restrictions on train service begins next Wednesday and a cut of 20 per cent will be made before the end of the week if the strike continues.

NEFF LAUDED BY STUDENTS U. OF TEXAS

By United Press.
AUSTIN, April 2.—Faculty and students of the University of Texas staged a gratification parade to the state capitol grounds today in approval of Governor Neff's signing of the bill to purchase additional land for the present site of the university.

The entire student body participated in the parade, which was headed by the university band. Governor Neff responded to calls for a speech. Girls of the university dormitory presented the governor with a bouquet of roses.

THOMAS R. MARSHALL PASSES THRU RANGER

Thomas R. Marshall, ex-vice president of the United States, passed through Ranger on the 1:26 this afternoon, en route to Abilene, where he lectures tonight. He was accompanied by Mrs. Marshall.

The Marshalls are the personal guests of President Lancaster of the Texas & Pacific, in the latter's private car.

No unpleasant memories of Ranger could possibly linger in Mr. Marshall's mind. The switching crew under the supervision of Mr. Valentine took off an extra Pullman here and replaced the car with the carefulness of men treading on eggs. Whether that was for the benefit of Mr. Marshall or Mr. Lancaster, was not stated.

A rumor that Woodrow Wilson was passing through brought several persons to the train.

FIRE RENDERS 15,000 HOMELESS IN MANILA

By Associated Press.
MANILA, Philippines, April 2.—Fifteen thousand persons are homeless here today after a fire last night, the most destructive in twenty years. Three thousand homes were burned in the northern section of the city. Two bodies were found in the ruins today.

BLACK HAND BOMB OUSTS 30 FAMILIES

Children Blown Out of Bed in Chicago's "Little Italy" District.

By United Press.
CHICAGO, April 2.—Thirty families were driven to the streets in their night clothes early today when a black hand bomb wrecked the North Side Italian section. The blast was let loose in front of a four-story brick building where several families lived. The front of the building was demolished and the families, including eighteen children, rushed to the streets after being blown out of bed.

Tenement houses adjoining the blasted building were damaged and inhabitants fled.

The owner of the building was handed a blackhand threat recently demanding \$1,500. Refusal, the note, said, would mean a bomb.

The note was turned over to the police.

None was seriously injured in the explosion.

POLITICAL POT BOILS AS DAY DRAWS NEAR

With the city election only five days away, the campaign is growing hotter. Three rallies are on the program for the intervening days and a fourth was held this afternoon in the Lone Star banquet hall by the women of the city who have interested themselves in John Gholson's candidacy for mayor.

Tonight at the same place the Citizens' ticket will hold a meeting. On Monday night both the Citizens' and the Non-partisans will stage a meeting. The former will hold their rally at the Majestic theatre, while the latter will probably use the Summer Garden.

In connection with both events other entertainments will be furnished. It is thought that both sides have assured the services of bands and will wind up the political campaign in the good old fashioned way.

The fact that both sides are fighting to the last ditch is evidenced by these meetings and by some mud slinging. This is expected to grow better or worse, according to the viewpoint, as the remaining days before the election draw to a close.

MAN SAYS HE'S COUSIN OF MR. HARDING, HELD

By United Press.
CHICAGO, April 2.—Everett Harding, 26, Chicago, who says he is President Harding's cousin, was arraigned before United States Commissioner Mason today on a charge of obtaining money while impersonating a government official, and held in default of \$5,000 bond.

Secret service agents said Harding claimed he was assistant secretary to President Harding. They said young Harding told them he aided Frank O. Lowden, former governor of Illinois and aspirant for the presidential nomination, in his campaign, but finally switched over to Harding. He is said to have taken twenty-two persons to Washington to attend Harding's inauguration. He was taken into custody after he is alleged to have made out a \$1,000 worthless check to the Pennsylvania railroad for carrying his party to Washington.

MILITIA BUREAU HEAD OF WAR DEPARTMENT MAY BE KANSAS MAN

Special to the Times.
WASHINGTON, April 2.—It is expected that President Harding shortly will nominate Adjutant C. I. Martin of Kansas, as head of the militia bureau of the war department. President Wilson nominated Col. George C. Richards of Pennsylvania, but he failed of confirmation and the office is again being filled by Major General Jesse M. Carter, of the regular army.

General Martin has been endorsed by thirty-five state governors. Adjutant General Barton of Texas, who was recently here conferred Gen. Martin on Texas militia matters. The appointment of the Southwestern National Guard official would be pleasing to Texas, as he is especially familiar with the needs of the militia in that section.

CITIZENS' ORATORS HANG LABELS ON NON-PARTISAN CANDIDATES

Fleming and Associates Characterized as Bolsheviki, Radicals and Socialists; Head of Ticket Assailed on Road Contract and Connection With Baseball.

"Bolsheviki," "radicals," "socialists" were terms hurled at the Non-Partisan party last night by candidates of the Citizens' ticket at a meeting held by the Citizens at the Young school, at which about forty people were present, about half of whom were women.

The record of W. R. Fleming, Non-Partisan candidate for mayor, in his road contract, was attacked, as was the citizenship of Sanford Dean, Non-Partisan candidate for finance commissioner. Fleming was also alluded to as an "unknown quantity." With the exception of A. Davenport, Citizens' candidate for fire and police commissioner, all the speakers asked that the ticket be voted straight.

It was again stated that John Gholson should be elected because of his past record, which one speaker said was a sure guide to his future actions.

M. H. Smith presided. In his opening talk he reviewed Gholson's record during his thirty years in Ranger. In speaking of Fleming, he said that the road contract Fleming holds is a great public trust, for which he is accountable at any time to the people, and especially to the people of Ranger, since Ranger taxpayers will pay almost 40 per cent of the taxes for the roads. For this reason, if no other, he thought that Fleming should not be placed in the highest place in the gift of the people.

It was John Gholson who attacked his opponent's record in the road work. "We have no roads," he said, and nearly \$1,000,000 of the people's money has been spent, and very little of that has been spent around Ranger, as far as I can see." The speaker also attacked the statement of the opposition that Fleming had as many men and teams at work as he said he had.

"Fleming says he has 3,500 teams and 2,000 laborers at work; he also says that he has a payroll of \$115,000 a month. Figuring men at \$3.50 a day and teams at \$10, on the number at work and the payroll given, he is paying his laborers 40 cents a day and his teams \$1.25, which is too low even for Mexican labor. The fact was also mentioned that Fleming had agreed to take the bonds at par.

Other speakers attacked the Non-Partisan candidate for mayor on his baseball record, saying in part that he was protected by notes almost to the extent of his contribution.

Mahe Labels 'Em.
It was Edward Mahe, Citizens' candidate for sanitary commissioner, who used the words Bolsheviki, radicals and socialists. "The opposition must be backed by that element," he said, "because they have no other backing."

He also gave Edward Duggan credit for putting the Non-Partisans into the field. "He kidded Fleming into believing he could be mayor of Ranger," he said, "but next Tuesday, Fleming will be kicked out of that belief."

In opening his address Mahe declared that he would seek the cooperation of the doctors in the event he was elected. "But I am not a doctor," he added, "not even a horse doctor." Cole satirized the statements of the opposition that the Citizens' ticket was the work of a small group of

BILL BARRING JAPS IS NOW LAW IN TEXAS

Governor Neff Puts His O. K. on Five Measures and Kills Two.

AUSTIN, April 2.—Five bills were approved and two vetoed by Governor Neff late yesterday. Just a few hours before the expiration of the time allotted to him by law in which to act on bills after adjournment of the legislature.

The bills approved were the university expansion bill; the supplemental rural school bill; the anti-alien land ownership bill known as the anti-Japanese bill; the soldiers' monument bill; and another monument bill with a small appropriation.

The two bills vetoed were the West Texas A. & M. bill and the bill appropriating \$4,000,000 to aid rural schools for the next two years. The A. & M. bill appropriated \$50,000 to purchase the site of the proposed institution in West Texas.

Governor Neff said that the Democratic convention in Fort Worth had opposed establishing this school at this time and that it was written into the platform under which he was nominated for governor and that to commit an act which the convention had specifically voted against would be an unwise one.

Funds Lacking.
The fact that the state has not at this time sufficient funds to meet the appropriations already made by the legislature, was the reason he vetoed the \$4,000,000 rural aid bill, the governor said. However, he pointed out the fact that he had approved the Melson bill appropriating \$3,000,000 to supplement the available school fund for the next two years.

The university expansion bill appropriated \$1,350,000 to purchase 136 acres of land adjoining the present university site. The supplementary school bill appropriated \$3,000,000 to supplement the available school fund for the next two years. One of the monument bills appropriated \$30,000 to erect a monument to the memory of the soldiers, sailors, marines and nurses who lost their lives in the world war, and the other appropriated \$2,500 to erect a monument over the grave of Cynthia Ann Parker in Limestone county.

The anti-alien land ownership bill is the Dudley bill that has been termed the anti-Japanese bill, for which purpose it was introduced in the legislature. It prohibits all aliens who are ineligible to citizenship in the United States from owning, controlling or leasing land in Texas.

The fact that the governor had waited until a few hours before the expiration of his allotted time for signing bills to act on these measures added a touch of excitement to the climax, which came about 6:30 p. m. A number of Austin citizens and newspaper correspondents were waiting in the reception room for his final action and the governor graciously invited all present into his private office to witness the signing.

Black Is Seized In White Girl's Room In a Leading Hotel

Terrified Bellboy Pleads for His Life While Masked Crusaders Burn Letters Into His Forehead With Nitrate of Silver.

By HARRY E. CAYLOR, United Press Correspondent.

DALLAS, Texas, April 2.—A mob of fifteen masked men last night seized Alex Johnson, alleged to have been found in a white woman's room at a hotel, carried him out of the city and after horsewhipping and branding into his forehead the symbols of the "K. K. K.," released him on a main street in Dallas early today "as a warning to other negroes."

The symbol "K. K. K." was painted into the negro's forehead with acid, after he was lashed with a blacksnake. Upon being released near the hotel in which his alleged offense was declared committed, he was told to tell other employees what had happened to him.

Fred D. Ball and Paul Jones, two newspaper men, were "kidnapped" by the masked men, blindfolded and taken along with the mob in autos, and commanded to act as press agents for the affair.

Blindfolds Removed.
After riding several miles the reporters said it seemed they were taken from the car and the blindfolds were snatched from their eyes. A negro surrounded by masked, well-dressed men stood beneath a tree, a rope around his neck.

A "trial" was then conducted, after the manner described in stories of the followers of the fiery cross in civil war times. During this trial Johnson, a bellboy at the hotel, was alleged to have confessed. The stage under the tree was lighted only by a flashlight.

The negro claimed he had not forced intimacy upon the white woman but that he and other negro bellboys were friends of hers.

Tells Sordid Story.
He told a sordid story of night life at the hotel, one of the largest and most fashionable in the city.

He pleaded for his life between questions which were asked him.

"If we spare your life, will you ever commit such an offense as this again?" one of the masked questioners asked.

"God help me, no," the negro's face was almost ashen.

The members of the masked mob consulted between themselves. They then led the negro to a fence, stripped his shirt and coat from his back and tied him.

Lashes Applied.
Each masked man applied one or more lashes. Each lash tore a piece of skin from the negro's back, and left a huge red welt.

With Johnson held screaming, one member of the group produced a small vial, "Silver nitrate," they told Ball, the reporter.

Carefully and with a little brush he applied it to Johnson's forehead. The negro was then untied and turned loose, writhing from pain, the three letters "K. K. K." standing out on his forehead in the dim light of the flashlight. Johnson was not bodily injured other than the lashes with the blacksnake, it was declared.

When the mob broke up, blindfolds were readjusted and a circuitous route was taken back to Dallas.

WIDOW OF INVENTOR OF THE PULLMAN CAR DIES

PASADENA, Cal., April 2.—Mrs. Hattie M. Pullman, widow of George M. Pullman, the inventor of the Pullman car, is dead here after a brief illness. She was 79 years old. Her son-in-law and daughter, former Governor and Mrs. Frank O. Lowden of Illinois, were with her when death came.

With the Lowdens and their four children, Mrs. Pullman came here early in the winter.

About a week ago she was stricken with pneumonia. Her advanced age made the fight against the attack difficult. Death came in a hotel where she and her relatives had apartments.

The body will be sent to Illinois for burial.

Another daughter of Mrs. Pullman is Mrs. Hattie Carolan. The Pullman estate is variously estimated at from \$18,000,000 to \$20,000,000.

CHILDREN TO ENTERTAIN ODD FELLOWS NEXT AUGUST

BERNE, April 2.—The federal council today decided to grant the request of the Hungarian government that permission be given Charles to return to Switzerland, provided he will abstain from political propaganda.

VIENNA PRESS SAYS CHARLES IS STILL KING OF HUNGARY

VIENNA, April 2.—Newspapers here appear to be certain that the episode resulting in the attempt of former Emperor Charles to regain the Hungarian throne, is ended. They publish today the details of the manner in which Charles will be taken across the border to Switzerland. Reports from Hungary failed, however, to show that matters have reached the final stage. It has been learned that arrangements have been completed for Charles to return to Switzerland, escorted by British, French and Italian army officers in command of a picked force of gendarmes.

IS G. O. P. BACK OF A ONE CENT TAX ON SALES?

Some Say Would Ruin Party, but Government Must Have Money.

BY BASCOM N. TIMMONS, Times Washington Correspondent. WASHINGTON, April 2.—Is the Harding administration back of the campaign for a sales tax of 1 per cent to raise revenue?

This is a question being asked here now. Representative James A. Freer, Republican, of Wisconsin, and many other house leaders insist that the placing of a sales tax would result in the rout of the Republican party in 1922.

But the Harding administration must get money to meet the ordinary expenses of the government. The sales tax is one method.

One of the most enthusiastic supporters of the 1 per cent sales tax is Jules S. Bache, who is said to be slated as minister to Belgium. Bache has been here discussing the plan with senate and house leaders. Another prime mover in the organization is George H. Bancroft of Orange, Texas.

The Tax League of America, Inc., has planned a vigorous campaign in every congressional district throughout the country to educate the voters in favor of a general sales or "turn-over" tax of 1 per cent on the gross annual sales of every business house, as a substitute for the present excess profits tax.

Headquarters are being opened

here and in New York. Regional offices will be opened later. Officers of the league are: Hanon J. Burton of Minneapolis, president; John Williams of New York, vice president; Major Henry G. Opdyke, executive vice president; Jules S. Bache, treasurer, and Lebbues P. Wilfley, chairman of the executive committee. An advisory board consists of Bernard F. Gimbel and Arthur Lehman of New York; James A. Patten, Edward Hines, Edward M. Hurley, George M. Reynolds of Chicago; Charles A. Hirsch of Cincinnati; H. M. Kerr of Norfolk, Va.; George M. Bancroft of Orange, Texas; George E. Brighton, H. J. Burton, William C. Cromwell, James C. McCreery and a large number of prominent business men.

President Burton has authorized the following statement.

"It has been calculated that a sales tax of 1 per cent on all business turn-overs would return at least \$2,000,000 annually. This will form a moderate income tax and other existing sources of revenue would furnish more than \$4,000,000 a year required by the government."

WHY NOT? THEY VOTE! WOMEN HAVE RIGHT TO SMOKE TOO, JUDGE SAYS

LEXINGTON, Ky., April 2.—Women have as much right to smoke in public in Lexington as have men. This was decided here today by Police Judge John J. Riley when he dismissed a charge of vagrancy against Mrs. Buelah Hicks, 24 years old, Nicholasville.

Patrolman Hale told the judge he arrested the woman when he found her smoking in public.

The Hon. Josephus Daniels has pointed the way to the solution of the problem, what shall we do with our ex-cabinet officers? Make reporters out 'em.—Dayton News.

On the occasion American flags were visible throughout the vast throngs. Note the Hungarian boy scout waving the American flag.

BROTHERS ON HONEYMOON REPORT LOSING BRIDES

YOUNGSTOWN, Ohio, April 2.—Mrs. Agnes Hetzell, 18 years old, and Mrs. Thelma Hetzell, 20, sisters, who recently married Henry and Jacob Hetzell brothers, of Atlanta, Mich., have mysteriously disappeared, the bridegrooms have reported to the

local police.

The newly married couples were on an automobile honeymoon trip, when, according to their story, soon after passing Akron Sunday, their car was stopped by a woman standing beside a big touring car, who appealed to the men to change a tire for her. As the men worked

the women chatted together. When the tire was changed the stranger requested the brides to ride with her, saying she was lonely. The car sped away. The husbands' fears were aroused when they reached North Jackson and found no one who had seen the automobile containing the three women.

DEATH THREAT MADE AGAINST WOMAN FOR DRIVE ON CIGARETTES

DES MOINES, Iowa, April 2.—Mrs. Ida B. Wise Smith of Cedar Rapids, state president of the W. C. T. U., received an anonymous letter recently warning her that if she did not cease her campaign against cigarettes and boxing she would not live until Wednesday.

"It reminds me of the old days of the fight against liquor," Mrs. Smith said. "I will still be here fighting Wednesday."

men by referring to the "diabolical clique" that had wished the candidates off on an unsuspecting public. The speech of Fleming at the Summer Garden several weeks ago was also criticized.

"Fleming," Cole declared, "can only think in terms of money. His chief asset is his own expressed opinion of himself." In his address was a declaration that all intelligent voters would vote for Gholson.

The speaker attacked the citizenship of his opponent, Dean, by declaring that he was not a citizen of Ranger, since more than two years ago he moved himself and family to Austin. "He returns here from time to time," he asserted, "on business connected with the Hodges estate."

"Vote Ticket Straight." The speaker, as did Maher and Gholson, asked the people to support the Citizens' ticket straight. He doubted the efficiency of the board of

split. The Citizens' ticket was referred to as a running team, selected after many persons' opinions had been gathered.

A Davenport dwelt principally on his record with the fire department and the amount of notes he and M. R. Newnham had signed during the past two years. To the war he laid the blame of hijacking that had gone on in Ranger. He brought out the fact that only three safes had been blown during his term as police commissioner. He lauded Mr. Gholson as a citizen and a public spirited man. In discussing the opposition's promise to increase the pay of the firemen and policemen, he said that they were as well paid as almost any other similar departments in the country. "Salaries all over the country are coming down and we must all take our loss together," he asserted, "and the city of Ranger cannot raise salaries because it has no money."

Newnham Speaks. In opening his speech, M. R. Newnham said: "I am a little bit discouraged. Last night I had a few words to say and today I picked up the paper. I read about where the other speakers on that occasion had things to say and way down at the bottom of the article I noticed a little squib that said that Ray Newnham 'also spoke.' "I would like to ask the press to publish anything I say tonight that will win a vote and leave out anything that will hinder my race."

"I have been spending my time soliciting votes for John Gholson, but yesterday a friend of mine told me that Gholson had plenty of votes, but if I wanted any I had better work a while for myself, and so from this date on I am for Newnham first."

However, Mr. Newnham used his time in speaking of the merits of the remainder of the candidates on the Citizens' ticket except where he reviewed the fact that he and Mr. Davenport had signed notes at the banks until the banks had some suspicion as to their value as collateral.

He concluded by asking the people to vote for him.

Go to Church Sunday

—The supreme fact of the universe is the reality of God. He is here. Not many appreciate His presence. This is deplorable. Every man is or should be vitally related to him. This conscious relationship, practice of His presence is eternal life. To establish this atonement of God and man is the goal of the church. The church is the only institution beneath the stars whose sole purpose is to reveal Jesus Christ as man's saviour and friend. To know him personally is to have found the heart of wisdom, the source of power and the fountain of life.

—The church stands for a greater, better, cleaner city. No one should stay out and criticize, but hop in and help mould the public conscience. Let our "trademark" be our best booster. Prospective Rangerites will judge us by our "brand." Let's support to the highest efficiency our churches and institutions of learning. Beg in now to get ready, report Sunday at church, get better acquainted with God. "Draw near unto Him and He will draw near unto you."

ONE EVERY MINUTE! THIS'N BUYS BIG CHUNK OF GRAND CENTRAL, N. Y.

NEW YORK, April 2.—In the Hall of Gullibles, that long corridor of immortalization for men who have bought Eiffel towers, Brooklyn bridges and traffic rights to the Atlantic ocean, room was being made today for Gregory Pontasi, restaurateur. Gregory complained to the police that he had paid \$1,200 for a "large section" of the Grand Central terminal and that when he went home to get an additional \$800 needed for completion of the deal the owner disappeared.

Followed the arrest of a young man who gave the name of Christopher Nicholas, accused by Pontasi of having been his adviser. The "owner," described as a tall man who smoked tipped cigarettes, is the object of a police search.

QUICK THINKING TRUCK DRIVER FOOLS GANG OF THREE HOLDUP MEN

By Associated Press. CHICAGO, April 2.—Quick thinking by Robert Burdette, driver of a government mail truck, frustrated the plans of three robbers who tried to obtain registered mail from him today.

Commanded, under threat of pistols, to throw the "money bag" into their automobile, Burdette tossed two sacks of nonregistered mail into the thieves' machine. They compelled him to ride two blocks with them, then pushed him out.

Burdette ran back to his truck, drove to suburban postal station in the Cleero district, and reported the occurrence.

RECORD PARACHUTE JUMPER TO MARRY SAN ANTONIO WOMAN

ST. LOUIS, April 2.—A marriage license was issued here yesterday to Lieut. Arthur G. Hamilton, who last week established a world's record for altitude in a parachute drop of 24,000 feet at Rantoul, Ill., and Miss Miriam Hunter of San Antonio, Texas. Lieut. Hamilton gave his home as Sikeston.

FLETCHER SUCCEEDS DAVIS IN COMMUNICATION PARLEY

WASHINGTON, April 2.—Announcement was made today that Norman H. Davis had resigned as representative of the United States or the International Communications conference and that Under-Secretary of State Fletcher had been designated by President Harding for the office.

Mr. Davis, who was under-secretary of state in the closing years of the Wilson administration, continued on the conference at the request of Secretary Hughes.

WYOMING GETS OIL LAND TAKEN BY GOVERNMENT WASHINGTON, April 2.—Claim of Wyoming to eighty acres of oil lands was upheld today by the supreme court in deciding a title suit against the government. The lands were acquired for support of schools on admission of Wyoming to the Union. Oil was discovered later, causing the interior department to reject the list.

MOTHER OF CHARLIE CHAPLIN IN U. S. AFTER DELAY AT ELLIS ISLAND

NEW YORK, April 2.—Charlie Chaplin's mother, Mrs. Hannah Chaplin, fifty-five, was detained by the immigration authorities on her arrival on the steamship "Celtic" Saturday. She was sent to Ellis island for medical examination as to mental malady. When it was learned by the board of special inquiry that Chaplin's mother had suffered shell shock while the German airplanes were bombing London, and that the movie star would stake his fortune, if need be, to have his mother cured, Mrs. Chaplin was permitted to leave Ellis island without further delay.

Arrangements were made some time ago at Washington whereby a bond would be accepted for Mrs. Chaplin's admittance. It was learned that Chaplin spent considerable money to have his mother's health restored. He had sent his private secretary, Thomas Harrington, from Los Angeles to accompany her overseas. She was released in Harrington's custody and they started immediately for Chaplin's home, 702 Sunset boulevard, Los Angeles.

Also Water Blisters. Could Not Rest At Night. Cuticura Healed.

"My child started with an itching and burning on her face and she would cry and scratch and water blisters would come. The blisters would dry up and her face would turn sore. She could not rest at night and would fret in the daytime. I sent for a free sample of Cuticura Soap and Ointment. It did so much good I bought two cakes of Soap and one box of Ointment, which healed her entirely." (Signed) Mrs. Mary Lue Williams, R. F. D. C., Box 9, Griffin, Ga., July 13, 1920. Cuticura Soap daily and Cuticura Ointment occasionally prevent pimples or other eruptions. They are a pleasure to use, as is also Cuticura Talcum, a fascinating fragrance for perfuming the skin. Sample Each Free by Mail. Address: "Cuticura Laboratories, Dept. T, Station 41, Medford, N. J." Sold everywhere. Soap 5c. Ointment 10c. Talcum 5c. "Cuticura Soap gives without mug."

NEFF AND HIS "REASONS."

However much Governor Neff may be in his own mind justify the veto of the West Texas A. & M. bill, it is going to be hard for him to justify it in the minds of West Texans. This immediate section, it is true, is dominated by thoughts of oil and the matter may not seem to be of immediate moment, but further west in the great agricultural region of the plains it is a matter of vital consequence.

They have farm problems there, different in many ways from the farm problems that can be wrestled with and solved at the A. & M. College of Texas, operating under different conditions of soil, rainfall and climate generally.

They have recognized this need for a bill and have striven diligently to meet it. Several times, the bug in the cup, they have climbed painstakingly nearly to the top, only to fall all the way to the bottom again. Now they have taken another fall, but the climb will begin again.

Governor Neff's reasons for vetoing this bill would be amusing, if the matter were not so serious.

"A resolution recommending that this college be established was rejected by the platform committee of the State Democratic convention." When in the history of Texas has the decision of a platform committee been considered binding and the Democratic party absolutely obligated to carry out those decisions and inhibited from making any not approved by this committee? That is autocratic government with a vengeance, and a government by persons who are not the duly elected servants of the people. It is such things as this which may some day break the Democratic party's power in Texas. It is such things as this as may some day give rise to a really serious demand for a division of the state.

The other reason is that "this is no time to lay new foundations for state institutions." And yet on the same day the governor signed the University of Texas land expansion bill, which carries with it potential appropriations of many millions of dollars. We are not opposing that. But the jewel of consistency has suddenly ceased to shine. It is a funny thing, but "now" is never the best time to start any movement. There are better conditions "just around the corner"—but the corner never seems to be turned. The time to build anything is when it is needed, and it is a well accepted theory of economics that public works should be undertaken at times when there is industrial depression, in order to steady it and provide sustenance for those who otherwise would not have it.

West Texas should demand in no uncertain voice that the legislature and the governor and the platform committee and all the other dignitaries perform their duty and quit quibbling over politics.

HIGHEST MUSIC NOTE SUNG BY A FOURTEEN-YEAR-OLD DENVER GIRL

By MICHAEL F. DACEY, International News Service Staff Correspondent.

DENVER, April 2.—That a potential prima donna and grand opera star has been discovered here in pretty 14-year-old Lou Milton is the belief of several prominent Denver musical tutors who have had the young prodigy under observation.

The girl has amazed professional teachers who have listened to her remarkable voice recently. It is declared that she is known to have above "high c"—the highest note ever recorded by a human vocal chord.

The highest previously recorded note was that attained last fall by 12-year-old Robert Murray, of Tacoma, Wash., who sang before Metropolitan Opera stars in New York and reached the note "c" one octave above "high c."

The note achieved by the sparkling Denver miss is one-half an octave above that sounded by the Tacoma boy, and a full octave above the range climax of Mabel Garrison, who is said to have the highest range of any living prima donna. Little Miss Milton's voice is declared to possess a continuous range of four octaves.

The Denver marvel is a beautiful, vivacious child of 14. She lives with her parents at 3400 Federal Boulevard, and attends the eighth grade in the Columbian public school. Her winsome manners and eager willingness to participate in school entertainments have won her much popularity, and teachers at the school predict a successful career in the realm of music for the dainty miss.

THE KING OF THE ANTS.

"Good morning Mr. King of the Ants. What did you have for breakfast?" It seems to me that there are too many ants here for you to have enough to eat for all of them. These words came from Tinker Bob. He had left Silky the Monkey and Mr. Ant Bear in the Magic Basket while he went about to explore a bit as the sun was coming up. They had been sleeping in the desert where the ants were so plentiful that really all they could see was ants and ant palaces. "What do you do for food around here?"

Now the King of the Ants was not much afraid of strangers because he had such a wonderful standing army of followers that he could call upon at any time. So he did not answer Tinker Bob at first, but just sat in his palace window unconcerned and looked out over the fields to see if his workers were up and about their business. Tinker Bob saw at once that he did not intend to speak to him so he must needs do something to call him down from his high perch. He tapped the Stone of Knowledge, and the thing that happened was not exactly the thing that the King of the Ants had expected. The scene changed so suddenly that he hardly knew it.

The Wonderful Creature of the King's Desire had come quickly and brought the Magic Basket. Of course Silky the Monkey and Mr. Ant Bear were in it. Well the thing that now happened was this. Mr. Ant Bear thrust out his tongue, and before the King of the Ants knew it he was having a ride to the stomach of the ant eater. "Help, help," he cried. "Save me, or I will die the death. Save me now or I go to death."

Then Tinker Bob spoke: "Will you speak to me now, or are you too proud?"

"O, I will do anything if you will save me from this terrible thing."

Tinker touched Mr. Ant Bear, and the King of the Ants dropped from

He Did Not Answer Tinker Bob at First, But Just Sat in His Palace Window Unconcerned.

his tongue to the ground. "I want you to see I have the power to destroy you or save you at will. You have lived here so long with such power that you think you are the most powerful creature in the world, but you are not strong enough to even be noticed."

"I will show you if I am strong or weak, I will have my army fall upon you and drive you away." The King was yet a little naughty.

"O King of the Ants, send your army that I may see what they look like. My friend is in need of a feast. Send them along."

"They shall fall upon you and you shall see," then the King of the ants made a peculiar sound and some strange movements and suddenly there appeared 10,000 ants coming toward the King of the Forest. Mr. Ant Bear stood by the King and as they came on he licked them up with his tongue and had the feast of his life. (To Be Continued.)

RIPLING RHYMES By WALT MASON

UNSUNG HEROES.

The owner of the Blue Front store has ample reason to be sore, to have a throbbing sigh; for when the price slump hit the land he had all kinds of goods on hand, he bought at prices high. He had to sell them under cost, and every night there was a frost, when he sized up the till, each day of business stripped his roll, and put him further in the hole—it was a bitter pill. And yet he wore a smiling face, and went around with princely grace,

refusing to be glum, and urged his neighbors to be glad and boost their good old native grad, and help to make things hum. The merchant princes of the land have seen a season's profits earned, they had a plexus blow; "We'll just forget the loss," they cry, "for better luck will soon come by—we haven't time for woe." The wallings come from doleful gents who lost some twelve or fourteen cents, from pikers here and there; the bigger men just stand the gaol and face the hard world with a laugh, and sidestep grim despair.

When all other kinds of change had long since disappeared in Russia it was still possible for Lenine to change his mind.—New York Herald.

Benny Potts and his cousin Artie Alikander had a contest in Benny Pottides kitchen last Saturday by poring milk out of a milk bottle into a little medicine bottle without spilling much, being a tie each time they tried it, and about the 4th time they noticed there was only about as much milk left in the milk bottle as there was in the medicine bottle, so they quick stopped the contest to see which one had the steddier hand and went out the back way.

PENROSE PREDICTS SCALING DOWN OF ALL INCOME TAXES

WASHINGTON, April 2.—A general scaling down of all income taxes, with reductions in the levy on small incomes as well as the heavy sur-taxes on large earnings, was presaged today by Senator Penrose of Pennsylvania, chairman of the senate finance committee.

While still in a formulative stage, Senator Penrose asserted that the new programme of federal taxation contemplates the abolition of the excess profits tax entirely and "the reduction of income taxes all along the line to the collection point." This is the point which is determined as likely to yield the greatest revenue.

FURNITURE COMPANY FINISHES MOVING TASK

The E. B. Reid Furniture company is today completing the task of moving to the building formerly occupied by the Cherry Blossom on Main street. The store is moving from Marston street, where it has been located since coming to Ranger more than two years ago. E. B. Reid, manager of the firm, considers the new location a much better site for his line because it is a brick building and on a better street. Its entrance is on the street level which is considered an additional advantage.

RANGERS RETURN FROM EAST TEXAS STILL HUNT

State Rangers C. M. Weaver and M. N. Koonsman and J. T. Eads returned last night from Limestone and Freestone counties, over in East Texas, where they have been helping federal officers tracing down the illicit stills which are said to abound in that neighborhood. They found several and several arrests were made.

NEGRO IS ARRESTED IN CONNECTION WITH STILL

Kid Horton, a negro, has been arrested in connection with the whisky still captured yesterday by officers in the building on Pine street. The negro will be sent to Abilene today on a federal charge. Officers say that the still was the most complete layout ever found in Eastland county and had an ideal location, since the odor arising from the Federal bakery immediately adjacent absorbed the smell of the souring mash from which the liquor was made. It is the general opinion of officers that the still had been in operation for some time.

JURY TASTES RICH MAN'S BOOZE TO DETERMINE IF IT'S GOT UNLAWFUL KICK

MIAMI, Fla., April 2.—Loose talk about the resort hotels here today centered largely around the high cost of liquor as experienced by Harry St. Francis Black, New York millionaire, who was acquitted in the County Criminal court of the charge of having violated the state prohibitory enforcement act by having fifty cases of "booze" stored aboard his private car and on a bay front lot. The \$8,000 worth of liquor, paid for with Black's money, has been confiscated. Fines for himself and his negroes in the Police court have cost the millionaire \$1,500. He has had five lawyers working on his case for a week and his private car, valued at \$100,000, is still in danger of being confiscated.

The jury that tried Black yesterday was out only three minutes. During the trial all the members of the jury had been given a drink from the seized stock by the prosecution in order that they might determine whether it was intoxicating.

PERSONALS

Mrs. James Miller and her two children, Caroline and P. J., left for Dallas last night to spend the week-end with friends.

Mr. and Mrs. W. H. Stowe and small daughter will leave tonight for Dallas for several days' visit with friends. Mr. Stowe's home was formerly in that city and Mrs. Stowe has relatives living there.

Mrs. N. J. Novakovitch and daughter left today for a visit with friends in Fort Worth. They expect to be away for several days.

C. P. Edison is in the city for an indefinite visit with the family of his daughter, Mrs. John Teague of the Bobo camp.

WHO IS FLEMING?

Frankly, We Don't Know

WHERE IS HE FROM?

Again, we don't know, but we do know that he has had our County Road Contract for some eleven months and we are unable to find any completed highway, although Parker County, just east of us, started their road contract about the same time and now have many miles of hard surfaced roads.

Fleming's present position is, in fact, that of a Public Official, in that he is spending the Tax Payers' money only. Has he ever made and caused to be published any statement of his expenditure of the people's money which he promises to do if elected Mayor? Has he ever made any correct and definite statement as to the progress being made on his road contract? In other words, has he made good so far?

Fleming says no man can work for less than \$200 per month and remain honest, and yet he employs 3,500 men and 2,500 teams and his monthly payroll is \$115,000, or an average of almost nothing per man per month, not mentioning the teams.

Fleming says he is very wealthy and is a large property owner and tax payer here, having paid over \$2,000 taxes. The records show, according to their own sworn statement that his firm owned on Jan. 1st, 1920, in the City of Ranger property of the value of \$9,360 including real estate, personal property, and cash, and the records further show that Fleming paid city and school taxes on his share of the partnership property amounting to only \$105.30. Records show he owned no property personally.

Fleming says that if he is elected Mayor he will condemn any city property that any industry, seeking location, might want! Is it possible that he does not know that this could not be done, or does he think you don't know it could not be done?

It is generally understood that most of the County road work being done by Fleming has been stopped and that he will shut down entirely Saturday night—Do you know why?
