

## STRIKE TIE-UP HALTS TEXAS RAIL TRAFFIC

### Dallas Speaker Accepts Position Tuesday Program

L. S. Franklin of Dallas, editor of the Texas Highways Magazine, has accepted an invitation to make one of the addresses at the civic conference of the Chamber of Commerce next Tuesday night at the Summer Garden. He is a strong speaker and has aided in good roads campaigns all over the state. The acceptance of Dr. Leonard J. Rothstein of Pine Bluff, Ark., was received yesterday and assures a great program for the meeting. The complete program will be announced Sunday.

The campaign committee announced today that no subscriptions or financial pledges will be asked at the meet. Chairman Stockman said that its purpose is to discuss our civic problems and to hear the advice of noted civic leaders on the subject of building a city.

The railway companies serving Ranger have offered their strongest co-operation to the Chamber of Commerce forward movement. Following are excerpts from letters received by President R. H. Hodges:

P. J. Neff, general manager of the Wichita Falls, Ranger and Fort Worth railroad: "I assure you that I will personally be glad to assist in any way possible in this work, and that the Wichita Falls, Ranger and Fort Worth employees will also help the good work along, as it is to our mutual interest to make Ranger the best town in the oil fields. We will be glad to render any assistance we can."

J. B. Shackelford, general agent, Texas & Pacific railroad: "This will acknowledge receipt of your letter of the 6th inst., notifying me of my appointment on the 'Greater Ranger' committee of the Chamber of Commerce. This honor, I assure you, is very highly appreciated and it will be a pleasure to work with you gentlemen in any way possible to further the interests of Ranger."

Plans for the "Greater Ranger" dinner to take place on Tuesday night, April 20, in the Mission garage, are proceeding satisfactorily. The committee in charge would like to know the size of the largest indoor Chamber of Commerce banquet ever held in Texas. They expect to surpass it in this affair.

Special plans have been made for community singing at the smoker and the dinner. Dr. C. M. Collins of the Presbyterian church, with experience in overseas community singing, has accepted an appointment to lead the singing at these affairs. He is asking for volunteers to form a male choir to meet next Sunday night at 8 o'clock at the Presbyterian church. He especially desires men from the American legion.

### BUSINESS LEADERS TO MEET AT GREAT TRADE CONVENTION

By Associated Press. SAN FRANCISCO, April 10.—The list of speakers who will be heard at the National Foreign Trade convention which meets here Monday is announced.

There will be four general sessions at which papers will be presented by leaders in their respective fields and thirteen group sessions for informal discussion on various problems.

Among the speakers will be James A. Farrell, chairman of the board of directors of the United States Steel corporation of New York; Robert H. Patchin, export manager for W. R. Grace & Company of New York; Dr. Henry Suzzalo, president of the University of Washington, Seattle; Frederick J. Koster, president of the Koster company of San Francisco; George E. Roberts, vice president of the National City Bank of New York and William Sproule, president of the Southern Pacific Railway.

### Fourth New Town Soon to Be Opened On Ranger Railway

Jake L. Hamon on behalf of Hamon & Kell, has announced the opening of his fourth new town on the new Ranger railroad. This latest of the new towns to be put on by Mr. Hamon is to be called Breckwalker after Breckenridge Stepens Walker of Breckenridge, who helped Mr. Hamon to select the town-site and who is one of the wealthiest and most successful men in Texas, having amassed his fortune in the immediate vicinity of the new town where he is a very large landowner.

Breckwalker is to be opened May 10. On that date it is planned to have the Wichita Falls, Ranger and Fort Worth railroad completed to Breckwalker, which is eight miles south of Breckenridge and about nine miles north of Frankfort, to which latter point the new line is already in operation. Also by May 10 it is certain that the new railroad will be in operation north out of Dublin to all intermediate points between there and Breckwalker, thus bringing to Ranger and the oil fields the service as a carrier that was desired and expected at the time of the inception of the new railroad project in this city.

Breckwalker, according to George McQuaid, industrial agent for the Wichita Falls, Ranger and Fort Worth railroad, and manager of the Hamon & Kell town-sites, will be one of the most successful new towns in Texas.

"The new town is in the exact middle of the most active development in Stephens county oil fields," said Mr. McQuaid, "and it is in a location that is alike slightly, sanitary and strategic. Breckwalker together with Frankfort will make it possible to develop the oil territory of Stephens county with a minimum of cost for hauling and thus reduce the expense of operations in those fields. It is situated in a good farming country as well as an oil region and by all the rules of town building it should be a mighty important point within the next ninety days."

"Incidentally the new towns and the new railroad that Hamon & Kell are building from Ranger and Dublin into the oil fields is attracting a great deal of attention in the centers of commerce and the possibilities for trade expansion as a result of the new railroad and its new towns are being canvassed by business men and the facilities that are going to develop the country in the vicinity of Ranger. Fort Worth interests are especially interested in the new line and the new towns and contemplate making the best use of them."

### THOUSANDS PAY FEE TO CROSS THE BORDER INTO "WET" MEXICO

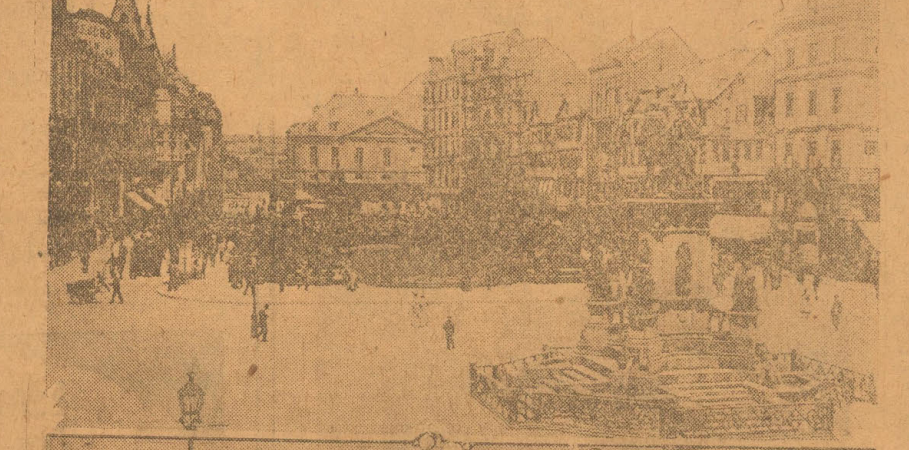

BROWNSVILLE, Texas, April 10.—During February and March, two thousand visitors, 99 per cent of whom were citizens of the United States, crossed into Mexico at Brownsville, according to the passport register kept at Matamoros by the Mexican consulate. The register indicates that at least 200 foreigners enter Matamoros through Brownsville daily. A fee of \$2.50 is charged for visiting each passport.

### TELEPHONE GIRLS GET DE LUXE CHICAGO HOME

By Associated Press. CHICAGO, April 10.—A home for telephone girls with numerous recreations will be established here as a means of solving the traffic and housing problems. A fifty-six room apartment building, to house about eighty girls, is being converted by the telephone company, into a boarding house at an approximate cost of \$50,000.

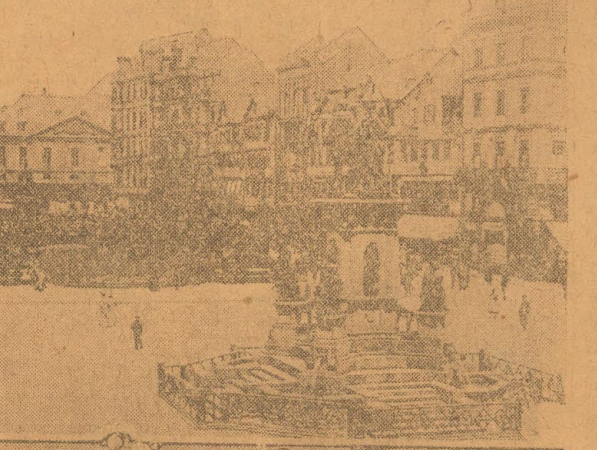

The dormitory will have a large service kitchen, dining room, laundry, and a number of sewing rooms. Each apartment will be furnished with a phonograph as a piano. The building is expected to be open by June.

### Frankfort First German City Taken By French In Their Punitive Advance

Frankfort on the Main and map showing its location. German territory now in allied hands is shown in white.

To convince Germany that she intends to enforce the peace treaty and will not permit Berlin forces to liberate they have taken without allied permission of sending troops into the Ruhr district, France has occupied cities east of the Rhine. The first city taken in the French advance was Frankfort on the Lahn. The occupation was bloodless, but later the French and Germans have met in battle, at Frankfort and in the region of Dusseldorf.

AMSTERDAM, ANTWERP, COLOGNE, LUXEMBOURG, METZ, FRANKFORT, COBLENZ, MAINZ, VERDUN, FRANCE, BELGIUM, GERMANY

### FORT WORTH'S LINES HARD HIT; NEW YORK NOW FEARS HUNGER WITH STOPPING OF FOOD TRAINS

GOVERNMENT MAY ACT TO PUT END TO STRIKE

WASHINGTON, April 10.—Should the rail strike threaten to paralyze the transportation of the country, the federal government will have to intervene, it was said today by high administration officials.

FORT WORTH, Texas, April 10.—Freight traffic is paralyzed here today, following the strike of 650 switchmen Friday night.

Express companies refuse to receive shipments on any basis and cars of perishable goods are standing unloaded on many tracks.

Houston Strike Called. HOUSTON, Texas, April 10.—A strike was called here today by members of the switchmen's union. About thirty yardmen, it was reported, will go out on strike.

Strikes Still Multiplied. CHICAGO, April 10.—Despite the assertion of railroad brotherhood officials that there had been a break in the ranks of the "insurgent" Chicago switchmen and engineers, unauthorized strikes throughout the country assumed serious proportions today, with reports indicating that nearly 35,000 men were idle.

Chicago postoffice officials secured a warehouse today in which to store the mail which has been piled up in this city as a result of the railroad and express strike. It was announced that certain classes of mail were many days late.

Gompers Hurries to Confer. WASHINGTON, April 10.—Samuel Gompers, president of the American Federation of Labor, is en route from New York to Cleveland, headquarters of the Brotherhood of Railway Trainmen.

Federation officials here would not discuss the purpose of Mr. Gompers' trip, but it is understood that the federation leader will confer with brotherhood chiefs on the unauthorized strike of railroad employees.

Freight Tie-up in New York. NEW YORK, April 10.—Serious unauthorized strikes, which virtually paralyzed the movement of freight in New York and vicinity, spread today to the passenger service. Firemen on outgoing trains on the Erie railroad at Jersey City quit, causing the withdrawal of some trains and delay in the starting of others.

An embargo on express matter has been ordered. There is a report current that an embargo on passenger traffic may be necessary before the day ended.

The demoralized freight traffic threatens this city's food supply. Perries ran spasmodically and Manhattan is today nearly isolated from New Jersey.

The express embargo was made effective to all but New England and New York state points, with the exception of Syracuse and Buffalo.

Thus far, the strike has not affected the parcel post or other mail matter.

LENGTH CONFERENCE. CHICAGO, April 10.—Federal intervention unless the railroad strike ends within forty-eight hours was indicated as probable at the federal building today.

District Attorney Cline, following a conference which began Friday night and continued until today, said that the government had power to cope with the situation if it interrupted food shipments.

### Ranger Interests Buy Site to Build Bank in Gunsight

Special to The Times. GUNSGIT, April 10.—Ranger interests have purchased a site here on which a bank is to be built. The charter has been applied for.

There are several wells now nearing completion near Gunsight. The Prairie Oil & Gas company on the Meadows tract is in the black line and the Sinclair offsetting the Prairie on the Poe tract are also on the line.

The Ajax Oil & Gas company, on the Good tract is 3,200 feet and in the black line. They expect to shoot the well within a few days.

The Southwestern Oil company, on the Telle tract, is nearing the interesting depth.

### IOWA PARK DRILLERS HIT BLACK SAND AT 750 FEET

IOWA PARK, April 10.—The oil well being drilled by Adolph Chanowsky five miles west of Iowa Park struck black sand at a depth of 750 feet and drilled in sand for seven feet.

The Cauble well, one mile from Iowa Park, is producing about 1,000 barrels at a depth of 2,200 barrels.

### CARGO SPACE A PREMIUM ON SHIPS EUROPE BOUND

By Associated Press. GALVESTON, April 10.—Cargo space for trans-Atlantic ports is at a premium, according to shipping circles here. All vessels bound to sail for Liverpool and other British ports are sold out, and many hundreds of tons of additional cargo awaits tonnage.

The heavy export movement from the middle-western states is responsible for the prevailing conditions, shipping agents state.

### Draft Horses Bring Highest Price Ever Recorded in Chicago

By Associated Press. CHICAGO, April 10.—The highest prices ever paid for draft horses bought in the open market at Chicago have just been recorded, according to Wayne Dinsmore, secretary of the Horse Association of America.

Mr. Dinsmore said the purchase was made by a concern from Fort Fairfield, Maine, which purchased a consignment of horses for shipment to the potato fields of Maine. The selections were deep-bodied, powerfully built drafters, averaging more than 1,800 pounds each in weight and costing more than \$450 each.

One pair sold for considerably more than \$1,000. Good judges consider this to be the best carload of draft horses ever bought on the Chicago market.

The rise in prices for good draft horses and mules in spite of the existence of more than twenty-one million farms, and almost five million mules on farms, Mr. Dinsmore said, indicates how agricultural and transportation needs are growing.

### Thanks for Divorce by Woman in Case Stirs Judge's Wrath

By Associated Press. CINCINNATI, April 10.—"Thank you" should be omitted in the opinion of Judge C. W. Hoffman of Cincinnati, who prefers no expression of gratitude after granting divorce decrees. The discovery was made when a woman to whom the judge had granted a divorce turned to him and said: "I thank you from the bottom of my heart, judge."

The court withheld comment until the woman and her attorney had left the room, when he confided to his close workers: "There's one thing that I don't like, I wish they wouldn't say 'Thank you' when they get a divorce. They make me feel like a czar. The attorneys do it, too, occasionally. Why should they thank me for doing my duty? I don't think it is necessary and I know I don't like it. All they have to do here is to produce the evidence, show that they come into court with their own hands clean, and that the interests of the state will be taken care of if the decree is granted, and that is all. There is no 'Thank you' necessary."

### PECAN GROWERS START PLANS FOR 1920 SALES

BROWNWOOD, Texas, April 10.—The Texas Pecan Growers association will meet here May 20 and 21 to devise ways and means of marketing the 1920 pecan crop of this state. Pecan growers from all sections are expected to attend the meeting.

Texas is said to produce more pecans annually than all other states in the union combined.

An educational motion picture showing the care and growth of the pecan at various stages of maturity has been contracted for. A demonstration in grading will also be held in a grove near here. The committee on arrangements has invited pecan and agricultural experts to lecture to the association.

### Methodists Lay Cornerstone of Church Tomorrow

The cornerstone of the new Methodist church will be laid Sunday afternoon. The structure will be the costliest church building in this city, representing an outlay of \$125,000.

Work on the foundation was started several months ago. The church will be finer than the Methodist churches in Fort Worth or Dallas and will compare favorably with any in the Southwest.

Dr. O. F. Sensabaugh, presiding elder of the Cisco district, will preach at 11 a. m. Sunday morning. At 2:30 p. m. quarterly conference will be held and after the conference the cornerstone ceremony observed.

### CHRISTIAN SCIENCE LECTURE EASTLAND SCHOOL NEXT TUESDAY

The Christian Science society of Eastland announces a free public lecture on Christian Science by Charles I. Ohrenstein, C. S. E., of Syracuse, N. Y., member of the board of lecturership of the mother church, First Church of Christ Scientists, in Boston, Mass., at the school auditorium, Eastland, Tuesday, April 13, 1920, at 8 p. m. You are cordially invited.

### Sues Humble Oil Co. for \$200,000 After Oil Leases Hitch

Special to The Times. EASTLAND, April 10.—W. N. Mahan has filed a suit against the Humble Oil & Refining company for cancellation of several oil and gas leases and for damages in the sum of \$200,000. He alleges that three several purported leases on his land located on Sabano Creek and fourteen miles southeast of Eastland are fraudulent, forged and void; that these void leases were placed on record and he had his land title.

These void mineral leases were then transferred and assigned to the defendant who is alleged to be the oil and gas in the plaintiff.

### Fastidious Crook Gets \$1,000 Loot at Leader Store

Fifteen silk shirts, six or seven pairs of shoes, several neckties and about fifteen suits of clothing were stolen from the Leader Store, 113 North Park street some time last night. Entrance was made through a rear window. As far as it can be checked up the loss is placed at about \$1,000.

On investigation by the police it was found that the screen on the rear window had been taken loose and a hole about the size of a silver dollar had been punched through the glass, which is reinforced with woven wire, at a point where the fastener that holds the sash down could be turned to allow the window to be raised.

This fact that only high quality goods were taken lead to the supposition by the detective who has been assigned to the case that someone who knew the inside of the store did the work.

### HE CHEATS RAILROAD, THEN BUYS A TICKET TO QUIET CONSCIENCE

HOUSTON, Tex., April 10.—Conscience stricken over having cheated the railroads out of the cost of a child's ticket, a man appeared at the consolidated railway city ticket office here, purchased a ticket for a five-year-old child to a city 1,000 miles distant and promptly tore the ticket into small pieces. When he called for the ticket the agent asked when the party was going to leave.

"They have already gone," he replied, and explained that the mother and child left several days previously but that no ticket was provided for the baby.

### PRESBYTERIANS AT DISTRICT MEETING AT ANSON TUESDAY

F. W. Melvin and Rev. C. M. Collins will attend the meeting of the Abilene presbytery at Anson, Tuesday night and Wednesday and Thursday. The district embraces Ranger and other oil cities.

Mrs. H. R. Gholson and Mrs. W. O. Zurt will represent this city at the Presbyterian Missionary meeting, which will be held at Anson at the same time. Subjects of general interest to cities and towns of the oil belt will be discussed.

### A COINCIDENCE Double Advertising Double Business

Ranger Daily Times, Ranger, Texas, Gentlemen:

Our enclosed check in the sum of \$100.20 covers your March statement, left in the office during the writer's absence.

This is about twice the amount we have previously been paying you, but, likewise our March business was twice that of any previous month. Perhaps it was a coincidence—but, suppose you have your ad man drop around for a display "ad" for Sunday's Times.

Yours very truly,  
COLLIE & BARROW,  
By Marvin K. Collie.

### At the Leading Amusement Houses TODAY

**LIBERTY**—The Great Travel-lute Company.

**LONE STAR**—Theda Bara in "KATHLEEN MAVOURNEEN."

**LAMB**—"ON WITH THE DANCE."

**OPERA HOUSE**—DELAYE'S HAWAIIANS and Larry Semon in "THE FLY COP."

**HIPPOTROME**—Douthitt Wilson presents "THE MEN'S WIVES."

**QUEEN**—Neal Hart "WHEN THE DESERT SMILED."

### "ON WITH THE DANCE" IS A GREAT PRODUCTION

Not many times in a season can one see as great a picture as "On With the Dance." In structure it was perfect. Where the production called for lavishness, it was given with utmost detail. The characters lived their parts; and as for the star, of which much has been said, she has beyond a doubt found the greatest role in her career. Much credit is also due to the director, George Fitzmaurice, and his staff in whose care lay the success of this great picture.

The magnetism of the photoplay lies not only in the great work of the characters or the wonderful direction, but also in the styled sub-titles of prose, the moral meanings of which made one's attention riveted to the screen and live the story as though they themselves were in that seething melting pot of human drift.

The atmosphere of the theater with its attractive lobby and the ushers dressed as Yama Yama girls added much to realization of the completeness with which the management had staged this superb drama of life.

An elaborate musical program arranged by the organists, R. B. Howell and J. B. Mitchell, was unusually good.

Mr. Cole, manager of the theater, was extremely well pleased with the production and intends to book more of these big attractions for Ranger. It will be remembered that he has already run some of the best productions ever brought here and maintains that the people want the best.

### JEALOUSY PROMPTS WOMAN TO CAUSE HUSBAND'S ARREST

KANSAS CITY, Mo., April 10.—While Mrs. Gus Bell was mending her husband's coat the other day a woman's photograph dropped from a pocket.

Mrs. Bell became jealous and forthwith told the police that Gus had purchased a stolen bride. Bell is serving a sixty-day sentence in the county jail.

### OLD BARNEGAT LIGHTHOUSE SOON TO BE TORN DOWN

PHILADELPHIA, April 10.—Barnegat Light, one of the oldest lighthouses on the Atlantic coast, which has afforded a great deal of material for fiction writers, is to be torn down, because its foundation is being undermined by the sea.

The lighthouse bureau at Washington has decided it would cost too much to save the structure, and it will be replaced probably by a lightship and a beacon light at the mouth of Barnegat bay.

### Quick Sentences for Five Prisoners in District Court

EASTLAND, April 10.—Five cases were quickly disposed of yesterday in the district court.

R. H. McCormick, a young man charged with the theft of an automobile and now in the employ of Judge H. C. Shropshire, was found guilty on a plea of guilty and given a suspended sentence of two years in the penitentiary.

M. R. Bailey, charged with the forgery of a \$100 check on the First National Bank of Ranger, was given two years in the penitentiary on a plea of guilty.

E. P. Wright, charged with raising a check for \$7.50 to \$75.00, and drawn on the First State bank, dated at Strawn, on a plea of guilty was given two years suspended sentence.

Verle Morehead, charged with the forgery of a check for \$65 on the Guaranty State bank of Ranger, on a plea of guilty, was sentenced to two years in the penitentiary, but on recommendation of the jury the sentence was suspended.

Fred Hunt, charged with the burglary of a box car, was found guilty on a plea of guilty and given a three-year suspended sentence.

W. H. Brown, charged with possessing intoxicating liquor, and having brought same from Cisco, in a car owned by Jack Campbell, to Eastland, where the sheriff intercepted him and relieved him of his cargo of several suitcases of booze, was acquitted by a jury. His defense was that a man at Cisco, whose name he did not know, hired him for \$25 to carry him and his baggage to Ranger, and that the man put his baggage in the car, the defendant not knowing what the suit cases contained. He contended that when the arrest was made on his way to Ranger he still knew nothing about the liquor.

### COOPER SCHOOL ... 1891afDo...

The Cooper school baseball team won a double-header Friday afternoon on the Cooper diamond; when they defeated Tiffin 18 to 6 and the Central school 17 to 9.

These were the first inter-school games the teams have played this season.

### SKELETONS OF CHILDREN FOUND IN OLD FARMHOUSE

International News Service, TONGANOXIE, Kan., April 10.—This neighborhood was confronted by a dark mystery recently when two dismembered skeletons were found in the attic of an old farmhouse near here.

The skeletons apparently were those of children about 10 or 12 years old. The bones were discovered when the building, erected some thirty years ago, was torn down by Clifford Hoffman, a recent purchaser.

The coroner's inquest developed no definite conclusions.

### OSAGE INDIANS HAVE TROUBLE SPENDING INCOMES

TULSA, April 10.—The chief worry of the Osage Indians now seems to be how to get rid of their big incomes. Recently they hit upon a new scheme—that of buying tractors.

The average annual income of each Osage now is approximately \$10,000. Exit the expression, "Lo, pity the poor Indian!"

### Oil and Gas Leases, Mineral Deeds, Royalty Contracts—Eastland County

Following is a partial list of instruments filed for record in the office of County Clerk Earl Bender:

H. R. Smith et al to L. H. Guthrie et al, 1.2 interest in a subdivision of the south 1/2 of the northeast 1/4 of section 28, R. B. E. & C. R. Co. in Rising Star; warranty deed; \$1,400.

Everett Keith to Keith Oil Co., 1.7 1/2 acres interest in all oil, gas, etc., in land being 106 2/3 acres; royalty contract; \$1.

W. A. Stagner to E. F. Shotwell, 1/4 interest in all oil, gas, etc., in the west 1/2 of block 4 in the west 1/3 of the Thos. A. Howell survey; royalty contract; \$2,000.

George McGregor to Chevron Oil & Ref. Co., the southwest 1/4 of section 52, block 3, certificate No. 23-1495, H. & T. C. Ry. Co. survey; assignment; \$6,000.

T. W. Bradstreet to F. M. Larkin, refer to description in book 157, page 245-49.

A. J. Olson and wife to J. E. Burleson, lot 36 in Olson addition to Cisco; warranty deed; \$100.

A. J. Olson and wife to J. E. Burleson, lot 37 in Olson addition to Cisco; warranty deed; \$100.

H. S. Childress to W. H. Thomas, an undivided 1/2 interest in the land beginning at the northwest corner of section 39 block 2, E. T. R. Co. survey; assignment; \$100.

E. T. Hart and wife to K. H. Pittard, lots 1, 2, 3, 9, 10, 11, and 12 in block 104, Cisco, E. T. Hart subdivision; said lot 1; warranty deed; \$5,000.

T. J. Ernest to J. H. Edwards, 123.4 acres beginning at the southeast corner of the north 1/2 of Francis Hames survey; warranty deed; \$7,500.

L. E. Shaw and wife to D. R. Shupe, 1.2 interest in lot 2, block A, Spears addition to Cisco; warranty deed; \$1,000.

C. G. Shults to Spencer Petroleum Co., 3 acres out of the northeast corner of the southwest 1/4 of section 8, block 2, E. T. R. Co. survey; assignment.

O. K. Shults et al to Spencer Petroleum Co., the north 1/2 of the part of the Jno F. Sapp survey, containing 20 acres; assignment.

### CONGRESSMAN WEARS PATCHED CLOTHES, CARRIES LUNCH TO FIGHT THE H. C. OF L.

Representative Quin, photographed in his office in house office building, has lunch, patched clothes, rubber collar and all.

Representative Perry K. Quin of Mississippi has his ideas on how to cut the high cost of living and is carrying them out at the capital. He urges the wearing of patched clothes and rubber collars to cut clothing expenses and boasts box lunches to fight the high restaurant prices.

### CLEAN-UP FOR FIRE.

Beside the sanitary gain and the boost in civic morale which follows a clean-up is the added protection from the danger of fire. Ranger has suffered disastrously from fires recently, the fire bill approximating \$50,000. Clean-up of all trash will eliminate much of the fire hazard, especially in the congested district.

State Fire Marshal S. W. English is insisting that every Texas city be cleaned thoroughly before the hot winds come to make the fire hazard great. The local department will cooperate in this work.

"There is no telling what fire may cause a conflagration similar to that at Grandview," the state fire marshal says. "Ranger is no better protected and no luckier. It has similar cases of defective wiring to cause the fire and similar shingle roofs to spread it and the same high winds.

"But we have the example of Grandview and other Texas cities to warn us to prepare for fire—to fight it before the match is struck; and if the people will co-operate in the work we can make our cities reasonably safe from such dangers.

"It is necessary that we have a spring clean-up campaign at once and prepare for summer and its fire dangers. No rubbish should be allowed to collect in alleys and back yards, nor should old boxes and barrels add to the dangers in the business parts of town.

"I am going to ask the women's clubs to co-operate in this work, for in other Texas cities the women are the ones who accomplish most at cleaning up. But the business men must do their part and even the children in the schools can aid. A clean city means a healthy city, too.

"The state fire marshal's office, in co-operation with the women's

clubs, will endeavor to reduce the fire loss in Texas by fifty per cent per capita within the next ten years, and the people must do their share."

### BEST PROOF OF PROSPERITY.

The prosperous condition in Texas is indicated by the condition of the banks.

Between December 31, 1919, and February 28, 1920, deposits in the Texas banks increased \$4,482,615.

The statement issued at Austin by the State Department of Insurance and Banking adds that loans and discounts for the period had shown a remarkably substantial increase.

Sixteen new state banks were chartered, with a total capital stock of \$1,697,200.

The resources of the state banks on February 28 totaled \$411,165,080.35. This was an increase of \$6,000,000 since December 31.

### OVERTIME PUT UNDER TABOO BY CLEVELAND'S BUILDING TRADES RULE

CLEVELAND, April 10.—Systematic overtime work will be stopped here after May 1, according to a notice sent to contractors by officials of the Cleveland Building Trades council, which includes all construction unions.

Where emergencies exist workmen will work more than eight hours, but the emergency must be patent, Charles Smith, secretary of the council, said.

The eight-hour day has almost disappeared, except as a basis for calculating wages, union leaders declared. They asserted that so many men are working nine and ten hours a day that the primary purpose of the eight-hour day—that of assuring more recreation and family life—is jeopardized.

### HIGHWAYMEN KICK VICTIM HAVING LITTLE "SMOKIN"

MINERAL WELLS, April 9.—Three hold-up men recently added insult to injury when, after relieving Herman Shelton of thirty-five cents and a small bag of smoking tobacco, administered a severe kicking because his supply of "smokin'" was so limited.

The robbers, after exchanging shots with a searching party, escaped into the mountains near Lone Camp, Palo Pinto county, where the "robbery" was staged.

### CHRISTIAN SCIENCE SERVICES

are held in the Elks Club 419 Main St. Sunday at 11 a. m. Testimonial meetings every Wednesday at 8 p. m. Free reading room at 307 1-2 Mesquite. Cordial invitation extended to all services and reading room.

### EVERY TEXAS COUNTY INCLUDED IN CHILD HEALTH CENTER PLAN

AUSTIN, April 10.—Simplicity will be the keynote of the child health center which Dr. C. V. Goddard, state health officer, proposes to establish in every county in Texas as an important step toward raising the health standard of the state. In its initial stage its equipment will be comprised of a pair of baby scales, a table with tape attached for measuring charts illustrating the different phases of child hygiene, including statistics showing the value of each, as well as how a child's development may best be accomplished.

"These centers are not merely meeting places for mothers to bring sick infants, but are educational centers as well, where they will receive instruction from experts," said Dr. Goddard. "Results of examinations of soldiers during the world war developed beyond a shadow of a doubt that many of their physical defects were due to neglect during infancy. Such things as deformities of various types date back almost to the

hour of their birth and if these are to be corrected in that the child may develop into a real man or woman, as was intended, it is imperative that he receive this early attention and at the hands of persons who know what must be done to bring about the desired results."

### NEIGHBOR'S PIANOS RATTLE VICTOR HERBERT'S GENIUS

International News Service.

NEW YORK, April 10.—V. Herbert, noted composer, works on his well known musical compositions in the bathroom of his home.

The composer confessed the bathroom was the only place in his apartment where he was free from being annoyed by the "music" emanating from an adjoining apartment.

This apartment is occupied by ten musically inclined young women, four pianos, three banjos and a talking machine. The composer had asked a city court judge to declare his neighbors a nuisance. The court sympathized, but refused to take any action.

"Don't you think the baby favors his father?" "Well, he looks like him, but I wouldn't call it a favor,"—Baltimore American.

# HASSE, TEXAS

## STURKIE WELL NO. 1, OWNED BY THE COMANCHE OIL ASSOCIATION

—Being made known to the world by the Chamber of Commerce of Hasse, Texas, that the Sturkie well is making LOTS OF GAS, that it caught fire on Friday, the 2nd, and that the well is

### STANDING IN OIL-OIL-OIL

WHERE IS IT? THE WELL? HASSE? GET OUT YOUR MAP. LOOK IT UP. YOU HAVE BEEN READING LOTS ABOUT IT. HERE'S MORE: From Ranger to Cisco, then to Dublin, or take the Wichita Falls, Ranger & Fort Worth (Hamon-Kell) Railroad to Dublin; then get the Frisco Railway south to Hasse, Texas. 105 miles out of Fort Worth. What does it mean? MORE OIL! Defining an entirely new oil field, deep and shallow.

## LEASES, ROYALTIES, LOCAL REAL ESTATE AVAILABLE NOW AT LOW VALUES. WILL RISE QUICK

Get the Advantage of the Jump

W. D. Gillett, drilling contractor and president of the Comanche Oil Association, says that he will begin next week unreaming eight-inch casing to shut off water from the 1500-foot level and on arrival of new sand line will bail out the well and drill her in. What will she make? The best oil man in the field can only guess. What will it mean? A NEW OIL FIELD—THE ONLY ONE ON THE FRISCO RAILROAD NORTH OF BROWNWOOD—and the Sturkie well is located one and one-half miles east of the Frisco Railway—BUT A LITTLE OUTSIDE THE OUTSKIRTS OF HASSE.

### What Has Hasse to Make an Oil Town? Go See! Know for Yourself!

It has a bank, the Merchants & Planters; school, churches, several grocery and general mercantile stores, drug store, postoffice, telephone central, Western Union Telegraph at the Frisco Railway Station, with a station as adequate as was Ranger's station in her early boom days; good roads, natural watershed and surface drainage, natural resources for adequate water supply, high power electric transmission line from Dallas to Waco and Brownwood; has a small restaurant and an oil lease office and a garage—and a Chamber of Commerce backed up by the citizens of Hasse and community.

It will need quick, you, your money bigger restaurants, hotels, jitneys and garages and everything to make a new oil field. Plans are under way to drill another well which may be a second Comanche well. Another shallow well may also be put down.

**LISTEN! EVERYBODY:** It was said by a man who was there that the number of optimists recently at the Vernon well before it was drilled in did not exceed twenty people. All the others were pessimists and doubters. That well has attracted thousands and thousands of people there. The Chamber of Commerce of Hasse feels and believes that you have a similar opportunity in the vicinity and at Hasse in Comanche county, one of the biggest oil producing counties in Texas.

**DUE TO THE GEOGRAPHICAL LOCATION OF HASSE AND THE STURKIE WELL ON THE LEON RIVER,** of which the head waters begin in the wonderful DESDEMONA OIL POOL, twenty miles northwest, and following the map, from Vernon down through and between Caddo and Breckenridge in Stephens County and on through the NECESSITY POOL now perhaps as great as was ever the Desdemona field, and the line continues through the Ranger field on further southeast through Desdemona and the Duke-Knowles OIL POOLS and then to the STURKIE WELL. FOLLOW THE FOLD IN THE FORMATION.

## GOT LOTS OF ROOM AT HASSE FOR YOU! IT'S WARM! COME ON!

For further information and particulars wire or write, or better call and see the

SAN ANTONIO, Tex., April 10.—James Z. George, vice president and general manager of the Texas Chamber of Commerce, has completed plans for the annual conference of the chamber here April 15 and 16.

Spent a fortune in search for help. Prominent Los Angeles Hotel Man Says He Tried Every Treatment Money Could Buy Without Getting Relief.

SPENT A FORTUNE IN SEARCH FOR HELP

In 1900 I suffered a general breakdown and during these twenty years I spent a small fortune searching for health, said Harry McAvoy, with the Alexander Hotel of Los Angeles, one of the largest and finest hotels in southern California.

HARRY McAVOY, of Los Angeles, who declares he suffered 20 years.

proved, I began to sleep better and my strength gradually returned. So I kept right on taking the medicine and in only a few weeks time my troubles had all left me and I found I had gained fifteen pounds in weight. From that day to this I have positively been in the best health I ever enjoyed in my life. I eat anything I ever ate and don't suffer any bad after effects at all; in fact, I feel just like a new man and have plenty of strength and energy. My nerves are steady and strong. I never have a dizzy spell and my sleep is restful and refreshing.

PROMINENT LOS ANGELES HOTEL MAN SAYS HE TRIED EVERY TREATMENT MONEY COULD BUY WITHOUT GETTING RELIEF

"I was absolutely afraid to eat, for it meant nothing but suffering afterward and I would have awful pains and burnings in my stomach and chest. Sleep? Why, I didn't know what it was to get a night's sleep! I would lie in bed a while and then get so restless I would have to get up and walk the floor. I was almost a nervous wreck and couldn't even sit still and write a letter. I lost so much weight and strength, I was almost too weak to walk, and I honestly believe no man in the world suffered any more than I did.

TEXAS WOMEN ENTER FIGHT TO PUT A STOP TO LOSSES BY FIRE

AUSTIN, Texas, April 10.—As a result of a conference with Upshur Vincent, chief of the fire prevention division of the state fire insurance commission, the Texas Federation of Women's Clubs will at once begin a campaign of fire prevention.

TWENTY SOCIAL WORKERS AT RED CROSS INSTITUTE

AUSTIN, April 10.—The third consecutive Red Cross institute has just been concluded at the University of Texas, under the direction of Ivan G. Wright, lecturer on sociology on the Red Cross foundation, and covered various phases of Red Cross and other social problems, including junior Red Cross organizations, publicity, public health work, first aid, child neglect, child labor and mothers pensions. Some twenty social workers were enrolled in the class and took trips to Houston, San Antonio, and other points, for practical work in social welfare.

**MEXICO FINDS IT HARD TO GET COPPER METAL TO MAKE SMALL COIN**

JUAREZ, Mex., April 10.—With the shortage of silver coin already at zero, the Mexican government is now facing a shortage of copper for minting purposes, according to advices here from the Mexican treasury department. To alleviate the small change situation, large orders for additional fractional Mexican currency has been placed with American printers, it is said.

**NAMES, NO NUMBER NOW ON IOWA STUDENTS' DOORS**

IOWA CITY, Ia., April 10.—Names rather odd and sometimes a little misleading, are being substituted for numbers of the rooms occupied by men students in the Quadrangle at the University of Iowa. It started when one of the men placed a sign reading "Dinky Moore" over his door and took off the number.

## YANKS LEGIONAIRES

When the war came to an end there were 133,000 horses and 60,000 mules in the American army stables abroad.

Records show 54,365 men of the state of Maryland were in various branches of service in the World war.

In recognition of their service in the war, twelve states have already granted a cash bonus to aid former soldiers and sailors.

Twenty-four thousand disabled soldiers, sailors and marines are being retained in a wide variety of vocational training.

Under the present program the United States will have a navy which will be the equal, if not the superior, to any in the world by 1924.

Out of 32,000 men and women who have returned from the service, Rhode Island has nearly 9,000 members in the American Legion.

The national committee of the American Legion accepted a gift of more than \$50,000 from the National Council of the Y. M. C. A.

It will take a year or more for the war and navy departments to make all the awards for honorary service in the World war.

Under the supervision of the Federal board of vocational education, the University of Wisconsin has 192 disabled soldiers enrolled.

The French government has acquired patents to a new gun which shoots 150 miles, or a range twice that of the German "Big Bertha."

More than 2,400 candidates for military service in this country during the war were rejected on the ground that they were feeble minded.

Memorial buildings dedicated to men lost in the World war are taking the place of the heroic bronzes which typified the soldier of 1861 and 1898.

Emmanuel Oppenheimer, 99 years old, veteran of the Mexican war, is a member of the Arronne post of Veterans of Foreign Wars, in Brooklyn, N. Y.

Out of every 1,000 combatant troops in the American forces on the western front between June and November, 1918, no less than 50.3 were killed in battle.

**HOMELESS FAWN FINDS NEW MOTHER IN CITY COW**

International News Service.

PORTLAND, Ore., April 10.—Anyone who thinks a cow hasn't a strong maternal instinct should take a trip to Multnomah Station, a Portland suburb, where a yearling fawn has been adopted by a cow of A. H. Fordyce.

Fordyce has no idea how the deer came to his place, but does know it journeys to and from the pasture with its "mother" morning and evening.

It is believed the fawn's family was chased out of the woods or killed by hunters and that the fawn came toward, and, finding a new "mother," decided to stay in town.

## LANE'S DAUGHTER AN ARMY BRIDE

Miss Nancy Lane, daughter of Arthur E. Lane (former secretary of the interior) is to be married to Philip Kauffman, also of Washington, April 20. She is very popular in capital social circles.

### Nitros to Eastland for Pair of Games With Judges There

One gang of the Nitros' recruits under the leadership of Mac McCormick will go to Eastland today for two exhibition games Saturday and Sunday with the Eastland Judges. His will be three pre-season games that will have been played with the Eastland team. In the first one the Nitros were trimmed with a gentle simplicity that was refreshing. They are still smarting from the indignity of the unequal score that was their lot on that occasion. They contend that it was both discourteous and smacked of lack of neighborly kindness on the part of the judges to treat them in that manner.

They asked Eastland over for a nice little game of the national sport and the judges tried to turn the affair into a footrace. Such action is not conducive to sweet temper and the Nitros are filled with a high resolve to come home with the scalp of the enemy.

Mac McCormick will line them up this way: Hawes, catcher; Lynch, Mathis and Moise, pitchers; Thomas, first; Anderson, second; Florence, third; McCormick, shortstop; McDougal, left; Dillard, center; Culum, right; Suddeth, utility.

Jack Shyres, who was to have joined the Nitros, has been retained by the Beaumont club of the Texas league. He will be used in the outfield.

**CISCO'S BIG FIRE TRUCK IS INSTALLED FOR SERVICE**

Special to The Times.

CISCO, April 10.—The city commission received on Friday the big Packard fire truck with Northern equipment. This was purchased some weeks ago for the Cisco fire department. The new machine was driven through from Dallas by Chas. F. Hershfield, freight transportation manager.

Upon arrival of the city's new modern fire fighting machine, a large audience assembled at the fire station to inspect it. Several try-outs were made during the day to the entire satisfaction of the fire boys and city officials.

The engine has a capacity of pumping 450 gallons of water per minute with 125 pounds pressure. Several hard tests proved the machine strong.

### FOR VANISHING HOUSE

By Associated Press

WICHITA FALLS, April 10.—The sheriff's office is looking for a stolen house. The officers had been watching the house for a reason yet unexplained, but when they returned one day it was gone. No trace of it has been found. They expressed the opinion that some homeless worker in the oil fields confiscated it when no one was looking. It was a one-room affair.

### MRS. DORA A. VANCLEAVE DIES AT PARENTS' HOME

Special to The Times.

CISCO, April 10.—Mrs. Dora Anna Vancleave, aged thirty-one, died at the home of her parents, Mr. and Mrs. P. E. Hoover, in East Cisco, Friday morning from chronic heart disease. The funeral services and burial took place here this afternoon.

### "DOMINOES" SAY NEGROES HELD AS CRAP SHOOTERS

By Associated Press

WICHITA FALLS, April 10.—Fifteen negroes arrested by officers on a charge of playing a dice game, denied the charge, declaring they were engaged in a game of "prohibition poker," which they explained was the "negro slang" for dominoes. They demanded a trial jury when brought before the justice of the peace. "Judge, your honor, I was just 'playin' dominoes and that ain't yet agin' the law."

### DAFFY-DOWN-DILLY FROCK OF TAFFETA FOR APRIL DANCES

Just like the flowers that bloom in the spring trail, is this pretty frock of yellow taffeta. Folds of taffeta over the hips a pepium on the quaint little bodice give the popular bouffant effect and each is faced with geranium which shows just a tiny bit. The hip panels are of yellow net embroidered in silver and they show a novel whim in extending below the line of the skirt.

### Officers and Legion Scrap at Desdemona

Special to The Times.

DESDEMONA, April 10.—From the standpoint of members of the Peavy-Price post of the American Legion of Desdemona, the defeatment of a legion poster Monday by a local officer was an outburst of feeling against the legion because of the movements made by ex-service men to secure better moral conditions in Desdemona.

From the standpoint of the officers, the feeling aroused by the legion men is the outgrowth of a "political grudge." The commander of the legion post, B. F. Bates, they claim, sought "self-advertisement" in the poster, which was a caricature of Bates displayed in his own office window.

"The less I say about this the better," Bob Peacock, deputy sheriff and recently elected city marshal, told a reporter for the Times. "I defaced Bates' picture on the poster because it was advertising him. He had offered me frequent insults, among them the statement that I was not an American citizen."

Mr. Bates said that he had had no conversation with Peacock at any time, save after the incident.

Mr. Bates is fifty-two years old, and served as an enlisted man in the world war with the engineers. He is a kindly, congenial-appearing man, and his office, on Main street, seems to be a gathering place for service men. The poster, advertising a legion smoker to be held Wednesday, April 11, indicates a grizzled, mustached, old-timer bearing some resemblance to the post commander, with the customary exaggerations of the amateur cartoonist.

This telegram, addressed to Acting Governor W. A. Johnson, by G. C. Kinnison, justice of the peace, was not sent, through advice of his partner, J. W. Stroome. Mr. Kinnison said, however, that the officers will welcome an investigation.

"A Fort Worth paper carries an article that indignities have been offered members of the American Legion at this place. Does the fact that a man is a member of the American Legion make him immune from the arm of the law? A member here made a gun play and was searched. Another party displayed his picture in a window which was objectionable. No more crime in Desdemona than in your fair city, and I offer a challenge for an investigation of both places with a view to proving to you that these rumors are false."

Though the telegram was not sent, Mr. Kinnison said the officers would welcome an investigation. It is certain that the American Legion members are eager for it. With State Commander Henry Hutchings urging it, it is probable that a probe may be made.

### Wandering Bacon Comes Home Again

"Bacon, bacon, who has the bacon?" went the rounds of the post-office this week. The rightful purchaser had it, a stranger got it, now Postmaster Connell has it and he locks it away each night with his other valuable parcels.

To lose seven pounds of smoked pork is not a matter to be treated lightly. To lay it down and have a stranger carelessly pick it up and walk away with it is almost a tragedy. To have it returned from whence it was taken without the owner's knowing that fact is joy withheld.

It all happened at the postoffice. A woman laid the parcel down and went away, another picked it up. The first one returned seeking her goods and went away without it. The second returned looking for the owner. Now the postmaster has it and is anxious to pass the responsibility to the rightful owner.

### K. of C. Officers Elected, Council Instituted April 18

Chas. F. Rohlf, district deputy of the K. of C., visited Ranger last Thursday in the interests of the new council to be instituted in Ranger on Sunday, April 18. At a representative meeting of members and candidates the following officers were elected:

Edward R. Maher, grand knight.  
D. Cawley, deputy grand knight.  
Jno. R. Gandin, chancellor.  
Henry Campbell, warden.  
Jas. E. Casoy, treasurer.  
Chas. Greely, financial secretary.  
J. B. Owen, recording secretary.  
M. Leveille, trustee.  
Chas Conley, inside guard.  
A. Campbell, outside guard.

At this meeting complete arrangements were perfected for the exemplification of the first three degrees of the order Sunday, April 18.

Between 150 and 200 visiting knights of Dallas, Fort Worth and Wichita Falls will be in Ranger for this occasion. Solemn high mass will be celebrated at St. Ritas church at 8 a. m.

The Rev. L. J. Harrington of Dallas, will preach the sermon.

Immediately after mass work in the first degree will start. Luncheon will be served at noon and the degree work continued immediately afterwards.

A banquet will be served in the dining room of the McCleskey hotel at 8:30 p. m., at which time prominent speakers will address the membership. All visiting knights are urged to be present and candidates will report at the church at 7:30 a. m., promptly.

### BEAUMONT STORES CLOSE WHEN BALL GAMES START

By Associated Press

BEAUMONT, April 10.—Members of the Retail Merchants' association have agreed to close their doors and join in the celebration to be held at the opening of the baseball season in Beaumont, April 24.

### Marriage Licenses

Marriage license issued by County Clerk Earl Bender on April 9:

Two certificates not for publication, Eastland.

Huston Pugh to Russell Robinson, Ranger.

Earl T. Noland and Rose Irene Housley, Strawn.

M. C. Hamill and Pansy Young, Ranger.

A. C. Evans and Mrs. Clara Wolery, Eastland.

What's the Matter With U. S., Then? "Pussyfoot" Johnson has gone to the Sahara desert for rest and recuperation. Nothing short of the deist spot on earth would suit that man.—Cleveland Plain Dealer.

### Cisco Civic League Leads in Campaign to Clean up Town

Special to The Times.

CISCO, April 10.—The Cisco Civic league, of which Mrs. Arthur Webster is chairman, met with city officials Thursday to make ready for a "Clean-up" week here. More than fifty influential citizens were present.

A vote was taken to make the week beginning April 12 "Clean-up" week for Cisco. An executive committee of five was appointed to work out details of the plan.

Rules governing the National Clean-up and Paint-up organization was adopted by the local committee. Every section of the city will be divided up into subdivisions and captains and leaders in each portion of the city will be named to superintend the work.

The week beginning April 19 has been designated as health week by Governor Lloydy of Texas, but Cisco sanitarians are unwilling to wait another week. The slogan "Be cleaned for any kind of infection before Health Week" was adopted by the boosters of this movement. Thousands of tons of waste and rubbish will be removed from this city in another week.

### Wandering Bacon Comes Home Again

"Bacon, bacon, who has the bacon?" went the rounds of the post-office this week. The rightful purchaser had it, a stranger got it, now Postmaster Connell has it and he locks it away each night with his other valuable parcels.

To lose seven pounds of smoked pork is not a matter to be treated lightly. To lay it down and have a stranger carelessly pick it up and walk away with it is almost a tragedy. To have it returned from whence it was taken without the owner's knowing that fact is joy withheld.

It all happened at the postoffice. A woman laid the parcel down and went away, another picked it up. The first one returned seeking her goods and went away without it. The second returned looking for the owner. Now the postmaster has it and is anxious to pass the responsibility to the rightful owner.

### SHRINERS ORGANIZE, PLAN REPRESENTATION AT BIG CEREMONIAL

A Shriners' club was organized at the Masonic temple last night, with about twenty-five members. Rev. C. M. Collins was elected temporary chairman and C. A. Hall secretary and treasurer.

A delegation of 150 is expected to attend the Shriners' ceremonials at Dallas and Fort Worth May 1. Applications from 100 candidates have been received to date.

### ESTIMATE VERNON WELL AS 500-BARREL PRODUCER.

VERNON, April 10.—The Szyler oil well, ten miles southwest of Vernon, it was estimated today, will produce not less than 500 barrels of oil daily.

### LABOR FEDERATION SOON TO CONFER IN CLEBURNE

By Associated Press

CLEBURNE, April 10.—The annual meeting of the State Federation of Labor will be held in Cleburne April 26. Arrangements for the meeting are well under way.

### DELAWARE SENATOR IS A JANITOR ALSO

Senator Warren F. Handy.

### Texans Fighting Against Red River Oil Receivership

WASHINGTON, D. C., April 10.—Owners of oil land on the Texas side of the Red river are preparing today for a hard fight against being included in the receivership growing out of the Oklahoma-Texas dispute. Judge E. H. Ward of Wichita Falls has been joined here by Nat Henderson and A. H. Carrigan and Orville Willington are expected to reach Washington tomorrow. These will represent the Texas owners of oil lands.

They will confer with Congressman Parrish tomorrow on what shall be done to protect the interests of the Texas property owners in preparation for their appearance before the U. S. supreme court next Monday.

### ESTIMATE VERNON WELL AS 500-BARREL PRODUCER.

VERNON, April 10.—The Szyler oil well, ten miles southwest of Vernon, it was estimated today, will produce not less than 500 barrels of oil daily.

### LABOR FEDERATION SOON TO CONFER IN CLEBURNE

By Associated Press

CLEBURNE, April 10.—The annual meeting of the State Federation of Labor will be held in Cleburne April 26. Arrangements for the meeting are well under way.

### You Must Invest

and invest intelligently to make a fortune. The new Pecos oil district is now open to you and gives you the opportunity you have been looking for—to invest at \$1.00 an acre in Pecos and Brewster counties. This acreage will go to \$2.00 April 15th, and probably to \$100 by next fall.

Get in: Get the benefit of the increase that is taking place daily because of drilling and production.

Pecos district is producing highest grade of oil and best shutoff wells.

We can deliver from 40 acres to as many sections as desired.

Your check is good. Put some idle dollars to work. Bank references.

HENRY B. CLARK  
501 Main Street, Fort Worth, Texas

### Possum Shin-Dig Entertains Crowd at Summer Garden

The Possum Hollow Foot Shuffle at the Summer Garden Friday night offered entertainment in a rustic setting to a good crowd. Bales of hay, distributed about, furnished seats and scattered wisps made the floor still more slippery. Kirkland's Jazzers furnished music which at times could be heard above the shouts worn by some of the farm boys.

Out-of-town visitors were Miss Virginia Jackson and Miss Rosalie Jackson of Fort Worth, Mr. and Mrs. Pete Leppold, Mr. and Mrs. Douglas Herring and Val Horn of Eastland and the Misses Snyder and Morgan of Strawn. The Bobo sisters, who are attending U. V. C. at Fort Worth, came home for the party.

John Fulk and L. C. Kinard were hosts. A good sum was realized, which will be used for the Jack Gardner fund, for the party early in May.

### DELAWARE SENATOR IS A JANITOR ALSO

Senator Warren F. Handy.

### Church Services

EPISCOPALIAN.  
Lay services will be held at 11 a. m. at 321 South Marston street.

CHRISTIAN SCIENCE.  
Christian Science services are held each Sunday at 11 a. m. Sunday school at 9:45 a. m.  
Lesson sermon for Sunday will be, "Are Sin Disease and Death Real."

PRESBYTERIAN.  
Sunday school at 10 a. m. Preaching by Rev. C. M. Collins at 11 a. m. and 7:30 p. m.

METHODIST.  
Preaching at 11 a. m. and 8 p. m. by Dr. O. F. Sensabaugh, presiding elder Cisco district. Sunday school 9:45 a. m. Quarterly conference at 2:30 p. m., followed by cornerstone laying. Epworth league, 7 p. m.

### PERSONALS

Mrs. C. M. Stewart, who recently underwent a serious operation, is well on the road to recovery. She was removed from the hospital and taken in the Jones-Cox ambulance to her home yesterday.
