R. H. WELLS WANTS DAMAGES FOR ARREST

Sues Sheriff Edwards, Leonard Davenport and E. E. Wood, Alleging Malice.

R. H. Wells of Ranger has filed suit in Judge Elzo Been's court at Eastland against R. W. Edwards, sheriff of Eastland county; Leonard Davenport, assistant chief of police of Ranger, and E. E. Wood, deputy sheriff of Eastland county, for alleged damages in the sum of \$20,000—\$10,000 actual and \$10,000 exemplary.

Wells, who was taken into custody and held for investigation following the killing of Policeman Jimmy Daniels of Ranger on the morning of Feb. 1, alleges that the officers arresting him did so without any warrant or legal authority or, if they did have a warrant, it was not issued by a magistrate having authority to issue one and that he was arrested for the purpose of harassing and injuring him.

Wells' petition alleges among other things that on the night of Feb. 22, 1925, about 12 o'clock, that the defendants came to his home and arrested him and falsely and maliciously imprisoned him; that defendant Davenport spirited him away from Ranger by way of the back alleys and back streets to a place on a dark and deserted road about two miles from the city of Ranger near the highway leading from Eastland county to Turner and there delivered him to E. E. Wood, who was waiting for him and who handcuffed him to another party and carried him to Weatherford where he was placed in jail and that after being kept there for some time was carried to Stephenville and placed in jail.

The petition further alleges that during the time plaintiff was in the custody of the officers he was carried into the presence of many people, which caused him great humiliation; that he was refused the privilege of conferring with counsel and friends; that the defendants had conspired to kidnap him, etc.

Tent For Revival Meeting Blown Down, But Soon Restored

The revival meeting of the Central Baptist church, Ranger, nearly met with disaster on its opening day Sunday, when it was discovered that the big tent in which it is being held was torn. The wind, early Sunday morning was responsible for the damage, which was speedily repaired.

Meetings are being held nightly at the big tent on Pine street between South Rusk and Austin.

BANK DEPOSITS IN MEXIA SHOW INCREASE
MEXIA, April 20.—The recent activity in the Wortham oil field was reflected in the increase of bank deposits as shown in current bank reports as compared to a bank statement rendered last December. Deposits in local banks increased 50 per cent in the last four months, the statements showed, and were directly attributed to the upward trend of the oil industry in the Wortham and Mexia fields.

Tabulation showed that Mr. Percapita Citizen had \$531.50 on deposit in the banks.

GALVESTON BOY DROWNS.
GALVESTON, April 20.—The body of Charles Nelson, 19, who was drowned yesterday afternoon near the beach, had not been found early today. He went down in a pit dug by a government dredge. Several other boys were with him.

COTTON MANAGER NAMED.
DALLAS, April 20.—C. O. Moser of Dallas has been named general manager of the American Cotton Growers Exchange, body of cotton cooperatives in the south, according to advices received here from Memphis, Tenn., today.

SPRING STORMS IN NORTH AND NORTHEAST CLAIM LIVES AND HEAVY PROPERTY TOLL

Spring storms varying from small squalls to cyclones swept New England, West Virginia, Ohio, Illinois, and Pennsylvania Sunday morning, causing two deaths, injury to scores of persons and possible property damage aggregating several million dollars.

Two persons were killed and damage estimated at \$500,000 was the toll of the storm at Peoria, Ill. Considerable property loss was suffered also at Pekin, across the river. The cyclone did much damage in the business district of Wheeling,

Eastland Lions Attending District Meet At Brownwood

Eastland Lions to the number of about thirty are attending the district meeting of the Lions clubs, at Brownwood today and tomorrow. Many of the party left the American Legion Athletic club in Eastland this morning at 6 o'clock.

The Eastland delegation is accompanied by a band and will wear hats, badges, etc., and carry banners. They went to Brownwood via Carbon, Gorman, De Leon and Comanche.

Judge N. N. Rosenquest, president of the Eastland Lions Club, was scheduled to respond to the welcome address by the Mayor of Brownwood.

TWO BANQUETS TUESDAY NIGHT IN EASTLAND

Lawyers at Country Club; Retail Merchants at Elks' Club

Two banquets are to be given in Eastland, Tuesday night, the annual San Jacinto day banquet of the Eastland County Bar association, which will be at the clubhouse of the Eastland Golf and Country club, one-half mile north of town, and the annual banquet of the Eastland Retail Merchants' association, which will be at the Elks' club. The program at each place will begin at 7 o'clock.

Miss Marie Stevens, secretary of the Retail Merchants' association, stated that a splendid program had been arranged for the merchants' banquet. The delegation of Eastland Lions attending the district meeting of that organization at Brownwood, changed their time of attending from Tuesday to today in order that their members who belong to the merchants' association, may attend its meeting.

Senator H. P. Brelsford, president of the Eastland County Bar association, in announcing the time and place of the bar association's banquet, stated that there had been some confusion regarding the place of holding the banquet and that he wished to emphasize the fact that it would be held at the clubhouse of the golf and country club, one-half mile north of Eastland.

Following is the committee on program and entertainment for the bar association's meeting: Committee on program, John D. McRae, chairman; R. N. Grisham, I. H. Ellwell, Forest Wright, Jake Alford, Grand Bishop.

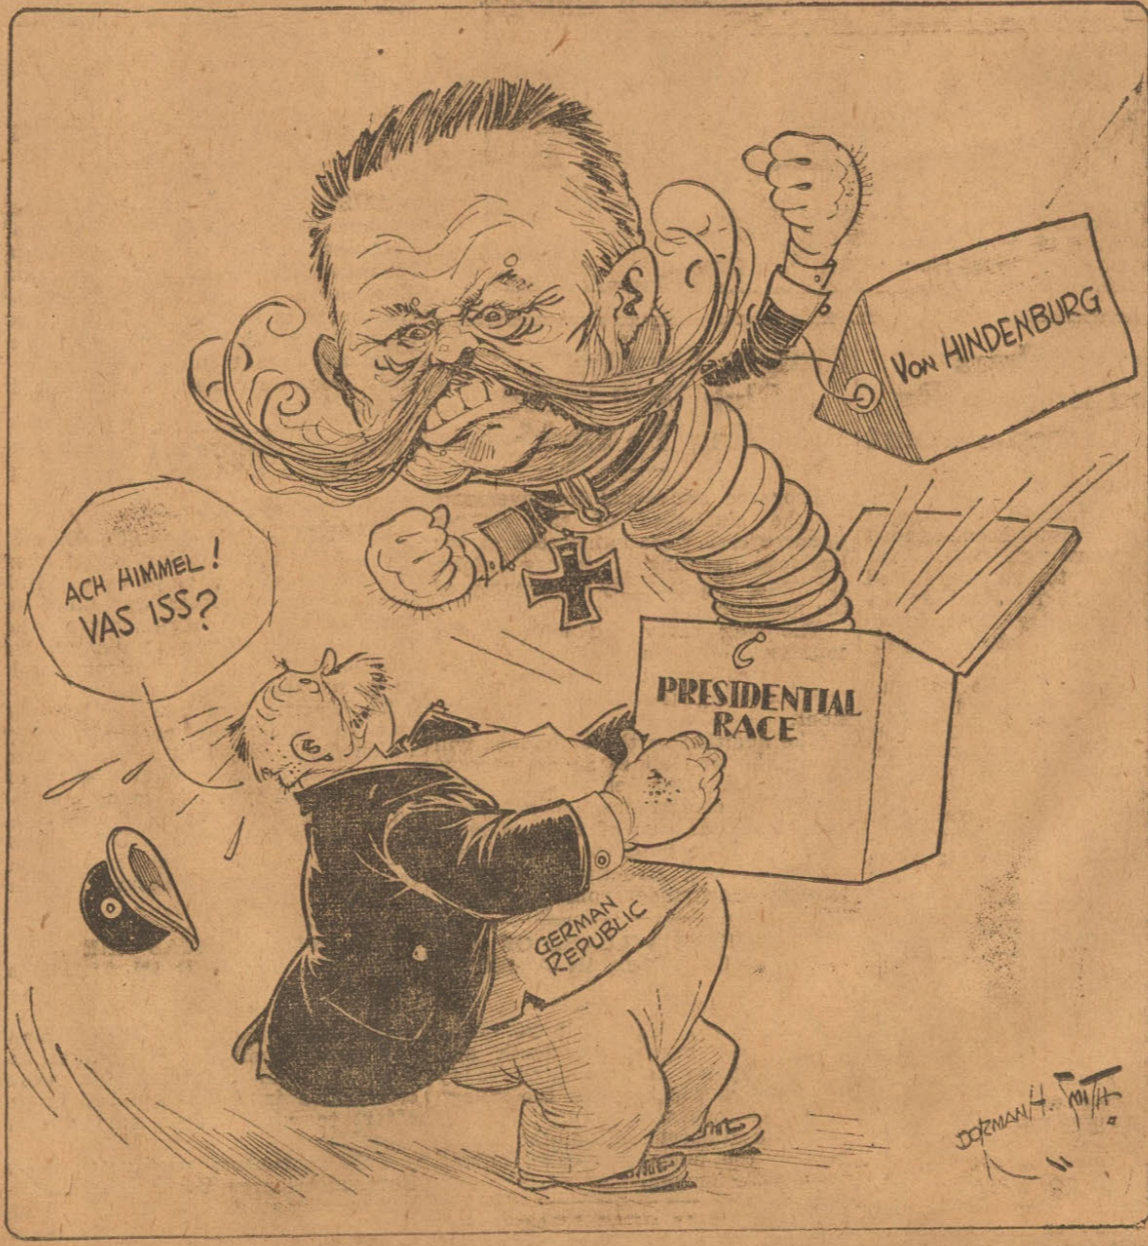

Four Persons Hurt In Auto Wreck On Breckenridge Road

Four persons were more or less seriously hurt Sunday night, when an automobile being driven by Thornton of Breckenridge, son of the sheriff of Stephens county, was wrecked on the highway north of Eastland, at a point where the Pleasant Grove-Ranger road connects with the Eastland-Breckenridge road. Accompanying Thornton were a Mr. and Mrs. Roberson and a young lady whose name was not learned, all of Breckenridge. They were brought to Eastland by passing motorists and taken to a local sanitarium where physicians dressed their injuries. They were later removed to Breckenridge.

The car in which the party was riding is said to have been badly wrecked and two of the injured were reported seriously hurt.

MRS. CRETIA EDDELEMAN DIES.
CISCO, April 20.—Mrs. Cretia Eddeleman, 75, died Saturday morning at the family home here. Funeral services were held Sunday afternoon and were followed by interment in the Cisco cemetery. Besides her husband, decedent is survived by the following children: Mrs. L. Evans, Nimrod; Mrs. Mollie Hazel and Miss Myrtle Eddeleman, Cisco.

A Surprise Package

Eleventh Court of Civil Appeals Due To Organize For Work At Once

Although the bill creating the Eleventh court of civil appeals and establishing the same at Eastland was passed more than 30 days ago and has been in effect since March 17, none of the judges appointed on the court by Governor Ferguson has qualified and no clerk has been named, which is perhaps due to the fact that no place in Eastland for the court to hold its sessions had been prepared.

The Eastland county commissioners' court, which agreed to furnish quarters for the court, has a number of places under consideration, but County Judge Ed S. Pritchard stated Saturday afternoon that no place had yet been secured. He stated that the members of the new court are expected in Eastland, Monday or Tuesday.

The state supreme court a few days ago entered an order transferring all cases pending before other appeal courts from counties in the new Eleventh district to that district and instructed all clerks to send the records of such cases to the clerk of the newly created Eleventh district, but as a matter of fact there is no clerk of the new district and no one to receive or care for the records.

Conner & McRae, Eastland attorneys, claim the honor of being the court of civil appeals, it being the case of J. L. Lancaster, receiver, vs. the Boston store, which was tried in the Eastland county court-at-law.

LATE FLASHES

LONDON, April 20.—British airmen engaged in bombing a number of native villages on the Syrian frontier, were shot down in flames. Two airmen were killed and two machines crashed, according to a Daily Express dispatch from Bagdad.

METZ, France, April 20.—General Guinot, hero of Verdun, and a veteran of the war of 1870, died Sunday at the age of 80. He built the famous galleries in the Verdun fortresses which bear his name. Guinot was a professor in the war college, taught Marshall Foch and Petain.

PARIS, April 20.—A Bulgarian request for authorization to recruit ten thousand militia men to cope with revolt is being studied by Marshal Foch and the Versailles military committee.

LONDON, April 20.—A Central News dispatch from Boloemfontein says that as a protest against restrictions on their brewing beer, two thousand kafirs ran wild after an all day carousal, and attacked the 90 native police.

TRAGEDY AT WAXAHACHIE
WAXAHACHIE, April 20.—Sam Hardin was held here today charged with murder in connection with the death of Ernest T. Hines, 55, who was fatally injured in an affray at Hines' home Sunday. Hines was shot twice through the body with a shotgun. Hardin surrendered to officers.

THE WEATHER
West Texas, tonight and Tuesday, partly cloudy weather.

Business Men of Carbon Organize

CARBON, April 20.—The business men recently met and organized a local business men's association with the following officers: Dr. L. T. Wilson, president; J. S. Davis, secretary. A committee, composed of the president and secretary and E. R. Yarbrough, S. P. Rumph, H. Hall and W. W. Speer, was appointed to draft plans of publicity and report back to a meeting to be held at the First State bank building this afternoon at 3 o'clock.

LEGIONNAIRES 17TH DISTRICT HOLD MEETING

Six Hundred "Buddies" Have Quarterly Convention.

STAMFORD, April 20.—Six hundred buddies from nineteen counties of West Texas, meeting here Sunday in their 17th district quarterly convention, warmly applauded Clarence Owsley, former national commander of the American Legion, who spoke "On the Soldier and His Country." He declared that principle should not be sacrificed for peace, much as peace was to be desired, and that the American Legionnaires, having fought on the fields of Flanders, now are fighting the battle of American independence and safety at home.

Recalling an interview with former president Woodrow Wilson just one month before death claimed the great leader, Colonel Owsley quoted him as saying:

Message From Wilson.
"Texas has been good to me and stayed with me when I needed a friend. But look at my physical condition. I have paid a great sacrifice to a great principle. But it will live, it will live."

Tell the youths of America they are my comrades. They were the crusaders of freedom, they were soldiers for the liberties of the people of the world, my comrades.

The convention endorsed the stand taken by General William Mitchell on aviation, urged that the American flag should wave above every public school building during study hours and endorsed the endowment plank.

Abilene was chosen for the next quarterly gathering and July 12 was the day fixed. Delegations attended from Ballinger, Abilene, Albany, Anson, Baird, Stamford, Sweetwater, Cisco, Hamlin, Breckenridge, Brownwood and Moran. Ten men were here from Ranger, the delegates from the Carl Barnes post being: C. C. Patterson, B. H. Peacock, James Boze, Basil Harmon, Al Toms, W. C. Hickey, Abe Shaw, Dick Elliott, Neilson and Adjutant Jimmie Toland.

Interest Awakening.
It was the largest attended quarterly meeting of any I have attended, and I have attended all of them," said Dick Elliott of Ranger. "It shows an awakening interest in these quarterly meetings."

The program was begun Saturday night with a "Slag" party. This Sunday morning's session was held in the St. John's Episcopal church, when Colonel Owsley spoke. The business session was held in the afternoon, the ladies auxiliary holding their meeting in another hall at the same time.

The convention was held under auspices of the Jones County Unit, the only one of the kind in the state. The three posts in the county, Anson, Hamlin and Stamford, have a post commander and unite in keeping interests keen at all alike.

Colonel Owsley went from here to Breckenridge and spoke there Sunday night.

High Wind Damages Chickasha, Oklahoma

CHICKASHA, Okla., April 20.—Two were recovering here today from injuries resulting from the near cyclone of Saturday night, when considerable property damage was done. The 11-year-old son of Mr. and Mrs. Jack Johnson was caught in a live wire, blown down by the storm, at Shannon Springs, late Sunday. He was burned severely and is under care of a physician.

A tent show was wrecked by the wind and a falling pole struck a negro girl on the head.

Bank of Mineral Wells Closes Doors

MINERAL WELLS, April 20.—The bank of Minerals Wells failed to open its doors for business here today. Officers did not explain the nature of the trouble. The institution was a private banking corporation, which had been in business here 35 years.

THREE MEN ACCUSED OF HOLDING UP POKER GAMES

HOUSTON, April 20.—Raymond King, 20, was drowned yesterday while swimming in Bay Shore, near Sylvan Beach. He was the first drowning victim of the 1925 bathing season. Several boys were swimming with young King, but their frantic effort to save his life availed nothing.

DALLAS, April 20.—H. K. Henderson, 9, of Rotan, Texas, was reported out of danger today, following removal of a pencil clip from his windpipe, Sunday. A bronchoscope was used to search for the clip, which the boy swallowed Thursday.

PENCIL CLIP REMOVED FROM BOY'S WINDPIPE

ROY LANE FOUND INNOCENT OF CHARGE

Roy Lane, 20, who makes his home at Eastland and Vernon and who was arrested in Cisco a few days ago and taken to Vernon on information furnished by Wilbarger officials that he was wanted on theft and forgery charges, was in Eastland today, the charges against him having been dismissed after an investigation in which evidence against him was not found. Lane has many friends in Eastland who will be glad to learn that he was not guilty of the charges made against him.

TINY MITE DESTROYING CHRISTMAS FLOWERS

PHILADELPHIA.—Botanic experts at the University of Pennsylvania are being drafted to assist in the destruction of a mite which annually causes hundreds of thousands of dollars damage to the cyclamen, a widely used Christmas flower in America.

SEVEN PERSONS HURT IN NEW YORK SUBWAY CRASH

NEW YORK, April 20.—Seven persons were injured and nearly 100 others badly shaken early today when a northbound subway train jumped the track and tore down several tunnel supporters near the Pennsylvania railroad station.

Passengers were knocked down and trampled upon in the stampede that followed. All lights were extinguished by the impact and the persons trapped in the cars were hampered in their escape by the darkness.

WORKMEN ON GAS MAIN FEEL BITE OF FIRE

Chestnut and Smith Employees Severely But Not Seriously Scorched.

CAUSE IS UNDETERMINED

Injured Men In Hospitals At Ranger and Eastland.

Eleven men, employes of Chestnut & Smith corporation of Ranger, were burned more or less seriously about the face, arms and shoulders when a gas line, that was being repaired at the Oil Belt Power company power plant at Lake Leon, burst and the gas ignited. Two of the injured men were rushed to the Richardson sanitarium in Eastland and the other nine were taken to the City-County hospital at Ranger. The two men in Eastland, brothers, will be transferred to Ranger some time today, according to hospital authorities.

The line on which the men were working was the main used for carrying gas from Chestnut & Smith plant to the Oil Belt Power company plant at the lake. According to some of the men, they were repairing the flange gates and had loosened the bolts preparatory to taking them out. One of the bottom bolts stuck and in prying up the gate the explosion occurred as the gas ignited. Cause of the ignition of the gas has not been determined and probably never will, according to Chestnut & Smith officials.

The men injured will probably be under treatment for several days, depending on how soon their burns heal. Dr. H. A. Logsdon said. Some of the men were burned more seriously than others although none are in a critical condition. J. S. Brown, Curtis C. Cash, W. T. Smith, J. L. Shields, B. R. Christmas and Tom Neveille are in the City-County hospital. L. L. Lemely, E. N. Peterson and Tom Bove were treated and their burns dressed at the hospital after which they left. G. F. and J. E. Craig are at present at the Richardson sanitarium in Eastland.

Wheeler Defense Wins Important Point In Trial

GREAT FALLS, Mont., April 20. The defense in the trial of Senator Burton K. Wheeler on a charge of misuse of office today won an important victory when Judge Frank E. Dietrich ruled out all evidence pertaining to one count of the indictment. Judge Dietrich refused to permit the prosecution to introduce matter pertaining to the Lincoln Oil company.

An effort will be made to have the case thrown out of court for lack of evidence, Senator Thomas J. Walsh, chief defense counsel, said today. The prosecution expects to conclude its case before night and only 12 witnesses will be put on the stand by the defense. But Senator Walsh said he would move dismissal of the case without producing any of the defense witnesses. "No case has been established under the law, so we might as well end matters here," said Walsh.

Waco New Center Of Field Artillery Reserves In Texas

DALLAS, April 20.—Reorganization plans which went into effect Wednesday make Waco the new center of the field artillery reserves in Texas. Officials deemed it advisable to center the strength of the reserves as near as possible to one point, rather than have it scattered loosely in a number of places. This means immediate transfer of the 344th field artillery and the 165th brigade of the field artillery from Dallas to Waco. The 344th field artillery will be removed from Fort Worth, where it will be nearer to the central headquarters at Waco. Reallocation of the headquarters does not affect the residence of officers and men, but only means that the reporting station is moved.

TWO SOLDIERS HELD FOR INVESTIGATION INTO ATTACK

SAN ANTONIO, April 20.—Two soldiers are being held in connection with an attack upon a young woman while walking with an escort. Both the woman and man have been unable to identify the pair. The woman's clothing was torn almost from her body, while her escort was robbed of \$65 cash and a gold watch and most of his clothing.

SUPREME COURT DECISIONS.

Representative Ramsey, of Iowa and Mr. Meyer of the legislature reference library, have compiled an official list of laws enacted by Congress during the 136 years since the constitution was adopted. The total number is 50,000,600.

Of the forty-nine decisions holding acts of congress to be unconstitutional and therefore ineffective, forty-six have been made in the sixty years since 1865, and three were rendered in the seventy-six years preceding that date.

The supreme court has decided more than 30,000 cases, records of which fill 266 thick volumes. To 1922 the court has voided 405 acts of state legislatures. Some of these decisions apply to municipal ordinances, several to clauses of the constitutions of new states, and others to acts of legislatures conflicting with the constitutional acts of congress.

Connecticut, Delaware, Rhode Island, Idaho and Wyoming are the only states which have never had legislative acts declared unconstitutional. These figures do not include the hundreds of state and municipal acts set aside by the courts of their own states and accepted as final.

The Wisconsin senate has declined to accept from the Federal government for the state a large assortment of German war trophies, declaring such displays are not peace conducive exhibitions and that Wisconsin does not desire them for its public museums.

During the year 1925 nearly as many miles of highways will be constructed as would be required to circle the earth. Nearly \$406,000,000 has been appropriated by the various states for this purpose, besides \$135,000,000 for repairing and maintaining the existing 217,794 miles of improved highways.

The 3,500 members of the New York Business Women's Association are preparing to erect a \$4,500,000 club house, with 1,000 bed rooms, ball room, dining room, swimming pool and out-door court.

DID YOU EVER STOP TO THINK

By E. R. Waite, Secretary Shawnee, Okla., Board of Commerce.

That progressive cities are on the threshold of the greatest development in their history. Every indication points to an era of progress and prosperity for them, which has had no counterpart in the past.

The names of those cities are not easily forgotten. Wherever they are named, people stop to listen. It calls to their minds a collection of thoughts about great cities in the making.

That hospitality is the joy and spirit of those cities. They are laying the ground work for a great future, and this spirit is attracting the attention of the world.

That progressive cities of today are coming into their own. The results their citizens achieve in their great development will be great because they depend upon the great vision they possess and the great energy they have to carry noteworthy and well devised plans to a successful conclusion.

The world pays attention to progressive cities. It pays little attention to cities that lack a progressive spirit.

THURBER WINS FROM RANGER

Take Lead in First Inning; Score 4 to 3.

Ranger Magnolias lost their first game to the Thurber Miners at Nitro park, yesterday afternoon by a score of 4 to 3. The Miners took the lead in the first inning, when Dalmasso hit the first ball pitched and was safe at first on Dean's error. Higginbotham, next up, came home behind Dalmasso when his grounder got away from Cherry and rolled to the fence.

In the second Knight walked, stole second and went to third on a wild pitch. Paulowsky fled to Blankenship; McKinnon walked. Dalmasso struck out, and the count was two strikes and two balls on Higginbotham when he tripped to left center field, scoring Knight and McKinnon. Bechtol flied out to Robinson, retiring the side. Four runs and two hits for Thurber. Ranger scored two runs in the third, sixth and eighth innings. The Magnolias' inability to hit in the pinches was partly responsible for their losing the game.

Blankenship for Ranger struck out seven men and allowed only six hits, but was wild, giving five Miners free passes, and making one wild pitch. Hudspeth allowed nine hits, striking out six men and allowing two walks.

Higginbotham of Thurber got a triple and White of Ranger got a double for the only extra base hits of the game.

Umpire Seale called a good game.

The box score:

Chesterfield's popularity was won on taste alone

Put a ring around that word — and don't forget it!

Taste! That one word explains Chesterfield's enormous popularity. "They satisfy," because they contain the richest, mellowest tobaccos that money can buy. And they're mild, because these tobaccos are blended in just the right proportions for taste and aroma. It's a blend of unique character and it can't be copied! No wonder smokers everywhere are changing from all kinds of cigarettes to Chesterfield.

Balanced Feeding For the Child Suggested By Child Health Workers

What is your plan for feeding your child? Do you think only about keeping indigestible foods away from him? If so, you are behind the times. Or do you think first about serving him the foods his body needs? If so, you are modern and up-to-date.

Below are some bills of fare for children suggested by the United States department of agriculture, which is uniting with the American Child Health association and other organizations in a child health week program. These bills of fare contain all the things needed for their development. Why?

First, there is at least a pint of milk in each day's ration. Many children want more and can take it without leaving out other essential foods. Under these circumstances they ought to have more.

Second, there is an egg in the first bill of fare and a little meat or fish in the others. This is for iron which milk lacks.

Third, there is fruit in two meals out of three. This is a good rule to keep in mind all the time. Fresh fruit is best—juice or pulp for very young children. If fresh fruit can not be obtained, dried fruit may be used at one meal and either a little tomato juice or a raw green vegetable such as lettuce in the other. These woods are the watch dogs of the diet. They help to keep off disease.

Fourth, every meal in these rations provides for "roughage." In some meals it is supplied by potatoes. In others it is supplied by whole-grain cereal breakfast foods or whole-wheat bread. This means that the food will have enough bulk to prevent constipation.

Fifth, at one meal there is a vegetable other than potatoes.

Sixth, every meal contains a little butter or cream. Something very much needed by children is in butter fat and it is well to give them a little of it besides that which they get in the milk.

Make a list of the foods your child eats and see if all six of these different kinds of foods are included each day: Milk, eggs, vegetables, fruit, whole-grain cereals, and butter or cream.

PHILLIPS PETROLEUM CO. OFFICIALS ON TOUR

A party of 80 officials and stockholders of the Phillips Petroleum company with headquarters in Bartlesville, Okla., and New York city, made a tour of inspection of the company's holdings in Eastland and Stephens counties Friday and Saturday.

Besides large oil holdings in this section, the Phillips Petroleum com-

pany has eleven gasoline plants. One of these is located at Pioneer and another near Gorman in Eastland county. The plant at Pioneer was included in the itinerary of the official party.

The trip from New York was made in a special train and the party will return to Bartlesville for a meeting of the directors of the company next Tuesday.

Eastland School Board Discusses Barring Football

Dr. J. H. Caton has been elected president, George Brogdon, vice president, and Mrs. A. H. Johnson, secretary, of the Eastland school board.

W. Z. Bates, re-elected as superintendent has been voted an increased salary.

The question of athletics in the schools is being discussed and the board expressed a desire to eliminate football this season on the ground that too many students and parents seem to consider the game of importance above the education of the pupils.

TULIPS IN CANYON MATURE AHEAD OF EXPECTED TIME

By United Press. CANYON, Texas, April 20.—The weather man stepped in here and dealt the aspirations of Canyon women a staggering blow with the assistance of ambitious tulips.

Several thousand tulip bulbs were planted last fall by the club women in order that they might do their stuff when the Texas Federation of Women's Clubs hold their annual meeting here May 4-6.

However the warm sunshine and the tulips mixed with the result that the second week of April found the city flower gardens ablaze with all indications that the tulip crop will be faded within another month.

"IDLEWOOD" BAD NAME FOR COLLEGE TOWN

UNIVERSITY HEIGHTS VILLAGE, Ohio, April 20.—This is a new town near Cleveland—inssofar as the map is concerned.

But physically, this town has been here for some time, it was listed as Idlewood. Residents dislike the name "Idlewood." For an upstanding, progressive town, boasting a university, it had the wrong cognomen. Who would want to send their sons to Idlewood to college, they asked one another.

So the other day Judge James B. Ruhl acted on a petition signed by most of the residents and changed the name to University Heights Village.

John Carroll university and Notre Dame academy are located here.

GERMS IN ACTION TO BE PICTURED ON SCREEN

CHICAGO—Films showing germs in action are to be displayed at the annual session of the American Medical association at Atlantic City, May 25 to 29.

A film prepared by Dr. Alexis Carrell of the Rockefeller institute, one-time Nobel prize winner, will reveal the growth of a living human cell outside the body as done experi-

mentally by him in tubes of culture media.

A film prepared by Dr. Clark Finemann, Chicago, will show the development of ring-worm on the skin, the methods by which the physician finds the ringworm and the various procedures used to heal such lesions.

A special exhibition will be devoted to children poisoned by lye or suffering from other destructive injuries to the throat. Another will be given over to heart disease.

Most of the social welfare and health organizations of the country plan to exhibit their work in the scientific section.

Breckenridge Wins Game From Eastland Tigers

The Breckenridge Dynamos defeated the Eastland Tigers in a fast game of baseball at Parks camp Sunday afternoon by a score of 3 to 2. Features of the game was the pep and hustle shown by each team and hitting of a home run by Andrews, Eastland's right fielder.

The entire infield for Eastland did splendid work, taking 18 chances without an error. Only one error and one overthrow was made by the team during the game. Eastland got nine hits and Breckenridge six.

Batteries for Breckenridge were Belcher and Johnson and for Eastland, Fairbairn and Amis.

Took a Friend's Advice

Houston, Texas—"When I was comparatively a young woman I became afflicted with woman's trouble and got so I could hardly walk. I had a delicacy in submitting my case to the doctors. Finally a friend advised me to try Dr. Pierce's Favorite Prescription. I did so, and before I had taken three bottles I was all right. Later on in life I became afflicted with a kind of poison in my blood; for this I took the 'Golden Medical Discovery' and gradually my blood became pure. I never again had anything like either of these afflictions."—Mrs. D. M. Wilson, 1521 Fulton St. All dealers

- to regain Strength

—brings joy to you and your friends.

EVERY man, woman and child wants to have strength and correct weight. It means the joy of living, the joy of being able to do things, to be minus strength and underweight often proves low fighting-power in the body. It often means you are minus nerve-power, minus red cells in your blood, minus health, minus vitality. It is serious to be minus, but the moment you increase the number of your red-blood-cells, you begin to become plus. That's why S.S.S., since 1826, has meant to thousands of underweight men and women a plus in their strength. Your body fills to the point of power, your flesh becomes firmer, the age lines that come from thinness disappear. You look younger, firmer, happier, and you feel it, too, all over your body.

More red-blood-cells! S.S.S. aids Nature in building them by the million! There are no unproven theories about S.S.S., the scientific results of each of its purely vegetable medicinal ingredients are admitted by authorities. Begin taking S.S.S. today. It will give you more energy, vitality and vigor and a more up and going appearance.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

Kirschbaum Clothes

Note that we don't merely say all-wool. We say all virgin wool. There's a world of difference, and you'll profit by knowing that difference. All-wool is an overworked term and too often it is applied to "shoddy" or reworked wools—wool that has been used in cloth before. Usually it's a poor-serving article, unreliable and short lived. But all virgin wool means 100% pure wool—wool that has not been tampered with before it was made into fine, sturdy, long-wearing fabrics.

You'll get virgin all wool fabrics in the fine new Kirschbaum Spring suits—along with superb style and skillful tailoring, at moderate prices that hardly seem possible for so much quality.
