

House Begins Debate On \$58 Million Bill

Measure Represents Hike Of 15 Per Cent Over Previous Funds

AUSTIN, May 12. (AP) — The House today began debate on the \$58 million dollar bill providing funds for state-supported colleges during the next two years.

Rep. Preston Smith of Lubbock, chairman of the subcommittee that wrote the measure, and it represented an increase of 15 per cent over funds appropriated by the legislature two years ago.

Consideration of the college bill — another of the big money measures that must be finally acted on before the legislature can end its session — followed yesterday's passage of the departmental appropriations bill.

The House trimmed the departmental bill from \$50 million to \$49 million and finally approved it last night, 124 to 8.

The Senate went to work early today and quickly passed 85 local and uncontested bills and seven resolutions.

The House also concurred in Senate amendments to a bill providing for a more secret ballot, sending this measure to the governor for signature. The House refused to accept Senate changes in the universal fishing license bill, asking for a conference committee to work out differences.

Mass Chest X-Ray Program To Begin Here On July 2nd.

Date for beginning of the mass chest x-ray program in Big Spring has been set for July 2.

The survey, designed to reach every person in Howard county between the ages of 15 and 44, is being sponsored by the Howard County Tuberculosis Association. The Lions club has assumed the responsibility of promoting the health project, one of the most ambitious ever undertaken in the county.

Equipment is to be set up in the Empire Gas company offices for public convenience, and the x-ray service is free to individuals. Because x-ray pictures offer perhaps the most accurate means of tuberculosis diagnosis, the local association and the Lions club is anxious to gain maximum participation by the public in order that unsuspected cases of tuberculosis may be discovered in their incipency when they may be treated most effectively.

25 Fined Here In Traffic Violations During Past Month

Twenty-five of 33 persons charged with traffic ordinance violations were assessed fines ranging from \$5 to \$50 each during the month of April, according to the Big Spring police department's monthly report.

In all city police made 175 arrests during April, with all but 28 bringing action in corporation court. Others were transferred to other authorities for court proceedings.

Fines assessed in corporation court totaled \$2,981.50, of which \$1,515.50 was paid, \$1,378 was laid out in jail and \$88 was pending at the end of the month.

The police radio station made 800 calls to local units, 125 calls to other stations and received 101 calls from outside stations, while patrol cars travelled 7,820 miles. Police issued 588 parking tickets, of which 442 were paid and 47 were excused.

ANNUAL LOSS IS CONSIDERABLE Big Spring Still Wrestles With Trying Problem Of Hot Checking

Hot checking continues to hold its trying pace in Big Spring. Just what the loss to merchants amounts to per year is a problem, shrouded as it is by a sense of chagrin on the part of many who rose to the check book. But it is considerable. This form of bogus charity has mounted with return of a tighter economic situation, and although merchants in general are becoming more cautious, large numbers of losses are still incurred. Since Feb. 24, when the office of County Attorney Elton Gilliland instituted a new information form in check cases, there have been 38 cases filed. Of this number 15 were dismissed, paid or turned out to be forgeries, leaving 41 on the current file. This doesn't sound like many, but actually only a fraction of the victims get around to filing a case

NO CONCESSIONS TALKED Truman Still For Full T-H Repeal

WASHINGTON, May 12. (AP) — President Truman said today he still stands for full repeal of the Taft-Hartley Act.

He said that he had not discussed concessions with labor leaders and that his own position is well known.

Throughout the presidential campaign last fall, and since, the President has called for repeal of the whole Taft-Hartley Act and restoration of the old Wagner Labor Law with minor revisions.

He was asked at a news conference about reports that labor leaders have agreed to some concessions on a new labor bill in order to get repeal of the present law.

He said specifically that he did not talk about concessions yesterday during a conference with President William Green of the American Federation of Labor.

The President restated his stand as House Labor Committee Democrats were called together to plan strategy for getting Taft-Hartley repeal and minimum wage legislation through the House in the next month.

There was much talk of concessions as the lawmakers got together, along with predictions of a bitter battle.

Both the AFL and the CIO now have publicly acknowledged that they might agree to some changes in the administration's Thomas-Lewis bill which failed to get through the House. They continue, however, to oppose vigorously any change that would permit court orders in labor disputes.

Today's was the first gathering of the 16 labor committee Democrats since the six-day House debate last week. It also was the first caucus this year to which all Democratic members were invited.

Truman Pledges His Continued Support To UN

Disappointment In Organization Is Expressed, However

WASHINGTON, May 12. (AP) — President Truman pledged his administration anew today to full support of the United Nations despite "disappointment" at that organization's failure to achieve greater security for the world.

He submitted to Congress a report on the UN which placed blame for the failure on Russia. At the same time he cited the development of the North Atlantic Treaty, now awaiting Senate ratification, as a means of bolstering the world organization.

Of America's role in the UN, Mr. Truman said: "We have taken the lead in many fields of international relations. We can be proud of what we have done."

His report, including a letter from Secretary of State Acheson, covered the year 1948 and reflected the bitter political conflicts which divided Russia and the West during that 12 months.

Acheson declared that both "hope and disappointment" marked American participation in the UN.

"The hope," he said, "grew out of the continuing feeling that the principles and purposes of the United Nations Charter offer the best basis of a peaceful world with international justice and respect for individual human rights and that most members of the organization are working loyally in that direction."

"At the same time there was disappointment because of the failure of certain states to observe their obligations under the charter on matters which seriously affect the maintenance of peace."

On this latter point, Mr. Truman added:

Eisler Is Found On Polish Ship

WASHINGTON, May 12. (AP) — Immigration Commissioner Watson Miller said today a stowaway aboard a Polish ship at sea has been "positively" identified as Gearhart Eisler, missing alien Communist.

The 33-year-old Eisler, facing two possible jail sentences in this country, disappeared last week from his New York home. He was free on \$25,000 bail.

The liner Batory, which sailed from New York six days ago, later radioed that a German stowaway aboard identified himself as Eisler.

Miller told reporters "we have a positive identification." Eisler, also awaiting deportation proceedings, has been trying to get out of the country for a long time.

Neighbors reported they had not seen him around his New York apartment since late last week.

The justice Department has been investigating his disappearance and Scotland Yard detectives were waiting for the Batory to dock at Southampton.

Eisler has admitted being a Communist, but denied being the No. 1 Red in this country — as alleged before the House Committee on un-American activities.

City Is Overnight Stop For Tourists

Thousands of people spend the night in Big Spring while on business and pleasure trips through this area.

The fact is established graphically by results of a chamber of commerce survey of hotels and tourist camps for the month of January.

For that month, the figures show 12,494 persons registered overnight in nine hotels and 16 tourist courts, three tourist and trailer camps and one trailer camp.

The survey was made in support of a transportation brief and not primarily for tourist purposes. Hence, some of the figures have not been tabulated in final form for tourist analysis.

Of the total, at least 3,000 were out-of-state visitors and approximately 100 were out of the nation guests. Bulk of the traffic was intra-Texas travel.

No estimate is made of the number of tourists who may have stopped for fuel, food and other purchases but who did not stay overnight.

Among natives of other countries spending the night here that month were those from Canada, Sweden, Hawaii, and Panama.

Thirty-nine states furnished visitors, touching every section of the country.

The chamber made no estimates on the value of the tourist business for that month, but on the basis of figures commonly used, it likely was at least \$125,000.

Eggs Spatter Car Of Arab UN Delegate

LAKE SUCCESS, May 12. (AP) — A barrage of eggs spattered against the car of an Arab United Nations delegate in New York today, the delegate told a UN committee session here.

He made the report as Arab delegates sat in a UN session with delegates of the new state of Israel.

The Arabs, who had stalked from the assembly hall last night with the admission of Israel as the 59th member, all were back in their seats today.

Jamil M. Baroudy of Saudi Arabia, a leader of the opposition to Israel's membership, said four men drove up in a car and hurled 10 to a dozen eggs at his automobile. He said he did not want to link the egg-throwing with Saudi Arabia's attitude on Israel.

He said he wanted the United States to protect delegates against "such cheap attacks."

Mrs. Franklin D. Roosevelt, sitting as U. S. delegate in the assembly social committee where Baroudy made the complaint, expressed "deep regret that any group of hoodlums would do anything of this kind."

In the political committee Israel Foreign Minister Moshe Sharett took his seat as a delegate, soon after the blue and white flag of Israel was raised outside.

REDS DISPLAY GOOD WILL West Traffic Again Flows Into Berlin

By DANIEL DeLUCE AP Staff

BERLIN, May 12. — The Russians pulled up their German Iron Curtain today, ending their 327-day-old Berlin blockade, major sore spot of the cold war.

Ground traffic flowed on through the day, by rail and highway, pouring supplies and passengers into the long-besieged old capital city from the west for the first time in nearly 11 months.

The blockade — lifting had all the fanfare of a Hollywood movie premiere, and the people, convinced that at last this phase of the cold war was ended, whooped it up in the flag-decked city.

The Russian and western allied military outdid each other in courtesy as the barricades went down ending the blockade and the allied counter-blockade. There was a general display of good will and smiling readiness to cut red tape.

But the Western Allies were taking nothing for granted. Their airlift, which had made the blockade a useless Soviet weapon by flying in the food, fuel and raw materials needed by west Berlin's 2 million residents, continued flying. It is to continue at least 30 days, building a stockpile and giving a chance to really sound out Russian intentions.

Allied military trains, followed by food and fuel trains, were the first into Berlin after the barriers went down one minute after midnight. Foreign correspondents, racing down Hitler's famous superhighway, were the first into Berlin from the West.

The vehicles had a big send-off at the old barrier points, which had been cleared of steel and concrete obstructions by work crews. There were cheering crowds, special lighting for the camera men, and a big display of the black, red and gold colors of the new West German government. The trains were plastered with placarded slogans.

The people, who had been slow to respond for days, really got into the mood. End of the blockade means for them the promise of fresh foods instead of the dehydrated stuffs the airlift had supplied them. It means more fuel, enough electric lights in their homes and an end of the street blackouts. It means that they can move between the east and west sectors of Berlin, free again from the danger of molestation by the police. It means a sense of security they have not felt for the better part of a year between east and west remained as deep as ever, however. Each still has its own police force, city government, fire department and other services.

President Says Alternative Is To Go Into Red

About \$26 Billion Of Debt Retired By Chief Executive

WASHINGTON, May 12. (AP) — President Truman said today he is standing by his demand for a \$4 billion tax increase.

It is needed, the President told a news conference, if the government is to avoid going into the red.

Mr. Truman asked the big tax increase in his January state-of-the-union message to Congress.

The subject was brought up at his news conference because Rep. Doughton (D-NC), who heads the tax-writing House Ways and Means Committee, said after a White House call yesterday that he thinks the government must make economies to keep income and spending in line with each other rather than looking to a tax increase.

The President said he had retired about \$26 billion in national debt since he took office. That, he added, is more than any other president in history had retired.

Mr. Truman went on to say that this government ought to retire from two to five billion dollars in debt every year.

As a result of the huge wartime expenditures, the government's debt now stands at about \$231,600,000,000.

The President said he has exercised rigid economy and that his budget message to Congress in January called for rigid economy.

He said he discussed social security, rather than taxes, with Doughton.

Doughton's house committee handles social security legislation as well as tax measures.

Mr. Truman replied with a flat no when a reported asked if he thought a deficit could be avoided without additional taxes.

Asked if he thought the additional taxes should amount to four billions, the President first said he'd have to see how things worked out.

But later he said he was standing by his original recommendation. He said he did not know what the deficit would be for this fiscal year, but certainly it would be far less than the four billion dollars. The administration originally estimated the deficit at between six hundred and seven hundred millions.

Big Spring-Snyder Road Progressing

Progress is being made on construction of the northeast extremity of the Big Spring-Snyder highway in Howard county.

Construction is well along on structures and virtually all the road has been cleared and bladed preparatory to installation of flexible base.

# Brannan Farm Program Not As Simple As It Appears To Be

This is the second of four articles on the new farm bill introduced by Secretary of Agriculture Charles F. Brannan.

By HOUSTON HARTE

WASHINGTON, May 12 — The Brannan Farm Program is the first farm bill presented to Congress which offers the consumer a bargain in food while giving all but two per cent of the farm operators of the nation full protection on the price of their agricultural products.

This is why Congressman O. C. Fisher of the 21st Texas District thinks the bill will be hard to beat. He says the consumers feel subsidies will be paid farmers in one form or another so why not get cheaper food instead of letting the stuff rot in storage or be shipped overseas to people who may not want it.

Under the present farm support program (Aiken-Hope Farm Act) the government buys agricultural products in order to keep the price to the farmer at a specified level. In keeping wheat, corn, cotton or eggs high for the farmer, the government at the same time keeps them high for the consumer. While one department of the government condemns the high cost of living, the Department of Agriculture sees to it that there is no drop in the basic food products which prevent lower food prices at the corner grocery.

It is this enigma which the Brannan plan attempts to solve. In principle the Brannan plan is deceptively simple. In operation it depends on an involved series of formulas.

In its simplest terms the Brannan plan proposes to let farm prices fall as farm surpluses grow. This would permit the law of supply and demand to operate as advocates of free enterprise so vehemently urge.

Under this system the prices at the grocery store and the butcher shop would be low enough for the average consumer to eat better and to eat more. Surplus farm products thus would be reduced. Certainly the consumer would be happy and the consumers are going to be for the Brannan plan.

The farmer is to be made happy too. The Brannan plan recognizes that low prices would have a devastating effect upon the income of the farmer and that his decline in farm income might bring on a major depression. Here the federal taxpayer steps into the picture and provides the farmer with something called "income support" which is a new name for an old friend of the farmer known in the past as "price parity."

Mr. Brannan wisely points out that the taxpayer already is paying the farmer. He does not say his plan will not cost the taxpayer. But he does say that it will not cost the federal treasury as much as the present plan. However, he produces few figures to prove the contention.

No one here believes that there is any chance in doing away with the present Aiken-Hope Farm Act without offering the farmer something more attractive. Congressmen say every time there is an over supply of any farm crop a group of disciples of free enterprise come to Washington and want to get their particular product included in the support program.

This spring the mohair people from West Texas have been here. They think mohair is as important to them as tobacco to the North Carolina burley raiser—and it is. But the point recognized here is that the principle of the federal

government supporting farm prices has been established as a national policy. Taxpayers must consider the Brannan plan from this viewpoint: Is the Brannan plan better or worse than the present program?

During the last presidential campaign Governor Dewey emphasized that needed changes in the Aiken-Hope Farm Act would be made by the Republicans. He was specific enough to say, "An expanding livestock population is essential to the maintenance of an ever increasing human population." The Brannan plan seeks to utilize retired corn, cotton and wheat acreage with grass for livestock.

As between the two plans, Secretary Brannan points out the obvious virtue of his program—namely that under his plan surplus crops would be consumed. Under the Aiken-Hope Farm Act, and all other farm acts, surplus crops are withdrawn from the market and either put to secondary uses or allowed to rot or forced to be destroyed.

All other farm subsidy legislation has treated the producers of any given farm crop exactly alike. The Brannan plan limits the amount of subsidy any given farmer can receive. It is in this particular aspect that it is a "bold new plan." The Brannan plan "boldly" leaves out the large ranch operators and the so-called "mass production farms" from subsidy benefits.

Another group of persons the Brannan plan will help is the public accountants. No farmer can operate without at least a single entry set of books. If farmers and ranchmen have been selling products and forgetting to get them on their income tax statements, the Brannan plan will serve as a check on their memory. They can't collect subsidies without a sales slip.

Last year the average per capita farm income was \$900. In non-farm areas the per capita income was \$1,569, or 40 per cent more than the farmer's. Brannan admits there are some expenses incident to city life which do not occur on the farm. He is not advocating that the farmer's cash income be as great as that of his city neighbor. But he does think the average farm income should be raised to \$1,200 a year. Whether some subsequent Congress will raise this is anyone's guess—but he does not advocate it now.

You need a slide rule artist to follow the Brannan plan from here on. You begin with the fact that the average yearly cash sales from our farms for the last ten years has been \$21 billion. But the purchasing power of the dollar was constantly changing during that period. Brannan calculates that in average dollar buying power average farm income from 1939 to 1948 was but \$18 billion. This \$18 billion figure is considered the base below which the farmer's income should not fall. When it does Brannan's "stabilizing" factors come into operation.

An Associated Press dispatch explains how you do this. The base income figure is multiplied by the "parity index" figure. This parity index is stated as a percentage of prices paid by farmers for their cost of living and cost of farming operations, including seed, machinery, taxes and interest. The average of 1939-48 is considered at 100. On that basis, the index today stands at 144 per cent of the average.

The base figure of \$18 billion

multiplied by 1.44 gives roughly \$26 billion. This is the "national income farm support standard." Under the Brannan plan, total cash receipts from farm marketings would not be allowed to fall below this standard, in 1950 dollars.

The problem now is to convert these national totals into average support prices for individual commodities. The first step in this

process is to determine what's called the "price support factor." This is done by dividing the above calculated national farm income support standard by the actual 10 year average of cash receipts. In other words, divide \$26 billion by \$21 billion. The answer comes out 1.25.

The 10 year average price for each commodity is now multiplied by this price factor. This gives the support standard price. Take a few typical examples.

The 1940-49 average price for corn has been \$1.17 a bushel. Multiplying by the factor 1.25 gives the support standard price \$1.46. The 10 year average wheat price is \$1.50 a bushel. Multiplying by the factor 1.25 gives the support standard price \$1.88.

Tomorrow—A third article on the Brannan plan.

## SHERIFF, DEPUTIES ARRESTED IN APRIL FLOGGING OF SEVEN NEGROES

TRENTON, Ga., May 12 (U. S. —) The arrest of a sheriff, three deputies and another person in the flogging of seven Negroes by men identified as Ku Klux Klansmen may be followed by federal grand jury action, a U. S. district attorney said.

The five men were indicted Tuesday by the Dade County grand jury after the seven Negroes came here to testify.

Ellis Mundy, U. S. attorney for North Georgia, said the investigation now under way by the FBI may result in federal action if civil

rights have been violated. Sheriff J. W. Lynch and Deputies W. M. Hartline, N. Stokes McCaulley and John Bleckley were indicted on charges of assault and battery and failure to suppress mob violence. Robert Keener was indicted on an assault charge.

The sheriff said Klansmen took the Negroes from his custody on the night of April 2 after he had arrested the men at a house where "wild parties" were reported. He said about 40 hooded and robed Ku Kluxers told him they were "taking over."

to a wooded spot near Hooker, Ga., flogged, and told to "clear out." Judge John H. Pasneau called a special session of the grand jury to investigate the flogging.

Judge Pasneau ordered the five men to make appearance bonds of \$1,000 each. Each count against the men is a misdemeanor calling for a maximum sentence of six months in jail, 12 months in the public work house, a \$1,000 fine, or all three. The trial date was not set.

**TO CHALLENGE STATEMENTS**

**Farnsworth Murder Trial Is Recessed**

GUAM, May 12. (AP)—Herman P. Dennis, Jr., today chose to challenge from the witness stand statements the prosecution charges he made in the rape slaying of Ruth Farnsworth.  
 But before Dennis, one of three Negro airmen accused in the case, got in his challenge the 20th Air Force Court Martial was recessed until Friday morning.  
 Two witnesses, Guam Police Chief James Hackett and Police Inspector Al Riedel of Berkeley, Calif., testified Dennis had made four statements.  
 The statements were not introduced. But the weight of the prosecution's case rests strongly on them. They asserted were given in January during lie detector tests.  
 Dennis and his counsel contend the statements were involuntary, were made under duress and without proper warning to Dennis as to his constitutional rights.  
 When Dennis signified his wish to challenge the statements he was called before an eight man court. He saluted smartly.  
 Maj. Arnold Lebell, the court's law officer, advised the airman he could testify as to the circumstances under which the statements were made.  
 Lebell also told Dennis he would be cross examined but only on the circumstances in which the statements were obtained and not as to their content.  
 The law officer told Dennis he could remain silent and not prejudice his case before the court. Dennis will be called to the stand Friday.

**Five Big Springers Enter Horses In Angelo Show This Weekend**

Five Big Spring people have entered horses in San Angelo's seventh annual Horse Show, which will get underway Friday at the San Angelo Fair Grounds for a three-day run.  
 The local participants are H. K. Elrod, Jr., Ira Rice, L. I. Stewart, Alvin Walker and Frances Weeg. Miss Weeg will have two horses in the show.  
 The San Angelo event this year will initiate a cutting horse contest, run under the rules of the National Cutting Horse association, in which 18 contestants will try for a purse of \$1,400.  
 A street parade will open the show at 10:30 a. m. Friday. Judging in the halter classes will begin with the Palomino division that afternoon at 1 p. m.  
 Thoroughbred and Halfbred judging will be staged Saturday at 8:30 a. m., and the Quarter Horse division will be judged at 10:30 a. m. the same day. A parade of champions will be held in the arena following the grand entry of the Saturday evening and Sunday afternoon performances.  
 The first performance class judging and the Cutting Horse Contest will be held Friday evening at 8 p. m. Other performances will be given Saturday at 8 p. m. and Sunday at 2 p. m.  
 Twenty-eight trophies will be awarded in the halter classes and nine trophies will be given in the performance classes. The following judges have been named: Ray Lewis, Quarter Horse judge, Carlsbad, New Mexico; Dr. M. T. Ramsey, Palomino judge, Abilene; and E. O. Nevills, Thoroughbred and Halfbred judge, Big Lake. Hughie Long of Crosson, and J. Y. Crum, of Weatherford, will judge the Cutting Horse Contest.  
 The divisions of the performance classes are as follows: reining, ladies' barrel race, bending races, Western pair class, silver mounted class, and the Palomino pleasure classes. Sections of the halter judging are the Quarter Horse, Palomino Stock Horse, Palomino Pleasure Type Horse and the Thoroughbred and Halfbred.

**Rioting Arabs Tear Flag From U. S. Consulate**

TRIPOLI, Libya, May 11. (AP)—Rioting Arabs tore the United States flag from the American consulate here yesterday, and threw stones and iron balls at the windows.  
 They were demonstrating against a British-Italian plan to restore Tripolitania to Italian trusteeship in 1951, which Arab leaders contend would throw "the Tripolitanian people to Italian floggers."  
 The mob—sometimes chanting "Russia! Russia!"—stoned the French Consulate, one stone striking the consulate. Demonstrators gathered also at the British Consulate, shouting "Down with Bevin!"  
 U. S. Consul Orray Taft, Jr., agreed not to fly the U. S. flag outside the consulate until the tension has eased.  
 The city was placed under curfew, and mobile British police units patrolled the streets.

**Will Attempt To Push Money Bills Through House**

AUSTIN, May 12. (AP)—An effort to push the departmental and college money bills through the House immediately took shape in the Legislature Wednesday.  
 The Senate approved a resolution granting the House permission to consider those House bills Wednesday and Thursday. Wednesday and Thursday are Senate bill days and the Senate's permission for consideration was requested by Chairman Ray Kirkpatrick of the House Appropriations Committee.  
 The House worked late Tuesday as the departmental bill, cutting \$86,000 off the \$50 million total. Two-year money grants for slightly more than half of the state's departments had been acted on when the House quit for the day.  
 While House economy forces were whittling a few thousand dollars from the bill, it was apparent such action would not result in the 5 to 6 million dollar cut that Rep. H. A. (Salty) Hull and others said would be needed to help keep state spending within anticipated revenue.  
 Hull tried unsuccessfully to have the bill sent back to the appropriations committee with instructions to cut it down "five million or so."  
 Some House members commented informally that failure to dispose of the departmental measure yesterday would mean an extra week on the length of the legislative session.  
 The House added an amendment to the State Highway Department appropriation requiring that agency to maintain and repair roads and bridges in state parks. The provision was designed by Rep. Blake Timmons of Amarillo to force state upkeep of roads in Palo Duro State Park.  
 The Senate finally passed a House bill providing for a more secret ballot. The bill was returned to the House for action on Senate amendments.

**60-Day Out-Of-State License Authorized**

AUSTIN, May 12. (AP)—A 60-day license was authorized Tuesday by the highway department for out-of-state vehicles engaged in marketing wheat and other grains in Texas.  
 The temporary license to be issued only to non-residents of Texas, will cost one-sixth of the annual fee, E. J. Amer, motor vehicle division director said.  
 The licenses will cover trucks, truck-trailers, trailers and semi-trailers, Amer said. They should be obtained at the office of the county tax assessor-collector of the first county in which the vehicle is to be operated.  
 The department's action conforms with the provisions of Senate Bill 75, passed recently by the Legislature.

# LEGION LETTER

By KAY BUGG

Top Veterans Administration officials were called upon this week to put an immediate end to inaccurate rulings by some VA regional offices under which War II veterans are being denied rightful GI Bill benefits. Attention of VA Administrator Carl R. Gray, Jr. and a education chief Harold V. Stirling was directed to an apparently widespread practice of denying basic eligibility to veterans who had not served full 90 days prior to July 25, 1947, the end of the war for GI Bill purposes. Harold G. Stagg, in a letter to Stirling and Gray, urged VA officials to "act without delay" in the matter in order to straighten out all regional officials in such clear-cut manner as to preclude further misunderstandings. Correct interpretation of law's intent was held particularly important at this time because many servicemen affected by this point have recently been or will be discharged from service. In order to prevent injustice to those veterans who may have been incorrectly rejected, but whose cases have not come to light, Stagg urged VA officials to instruct regional offices to review all such rejections and correct any existing errors. Representative Rankin chose to give the chairmanship of his first subcommittee to Rep. Olin E. Teague (D. Tex.) the disabled War II vet who led successful floor fight to have the original Rankin pension bill sent back to committee. Other subcommittee members are young Navy vet Rep. Glenn R. Davis (R. Wis.), only Republican member to participate in well-publicized "walkout" during consideration of original pension bill, and Rep. Clarence G. Burton (D. Va.). Appointment of Teague and Davis apparently indicates Rankin rather enjoys a good scrap, respects his young War II vet committee members for their sincerity and hard work. The 40 and 8 fun-making organization of the American Legion was returned to active status Monday night at a session held in the Settles Hotel. Buddy Jack Cook was elected Chief de Gars. The local 40 and 8 unit, Volume No. 1050, had been inactive since 1943. Harry McCain, Plainview, Grand Chief de Train of Texas, was here to assist in the re-activation, and the "wrecking crew" of his home unit will be here May 21 to hold initiation ceremonies. Preliminary features of the initiation will begin at 1 p. m. May 21 at the Settles hotel, and the "wreck" will be held at the Legion clubhouse. A barn dance will follow the initiation ceremonies. Flagg were at half past Wednesday afternoon for Pic. Tom Henry Painter Honor guard and pallbearers were furnished by the

Attending were Mrs. George O'Brien, Mrs. Lonnie Coker, Mrs. J. F. Jones, Mrs. Gene Combs, Mrs. Wayne Williams, Mrs. W. L. Mead, Mrs. Leonard Coker and Mrs. Loy House.

## EAT PLENTY AND TAKE OFF UGLY FAT

When you buy Bismarck, you buy a reputation for taking off weight. You do not pay for any other diet or for vitamins to hurry you against weakness while on a diet. You need only take a few minutes each day with taking this preparation. Bismarck is the original grapefruit juice for weight reduction.

Just go to your drugstore and ask for four ounces of Bismarck. From this large size bottle, add enough grapefruit juice to fill bottle. Then take just two tablets twice a day. That's all there is to it.

If the very first bottle doesn't show you the change you want to see, all right, return the empty bottle for your money back.

Lost 56 pounds

Here is what Mrs. L. J. Bryant, P. O. Box 24, Whitehouse, Texas, wrote us: "I want to tell you what Bismarck has done for me. I weighed 200 pounds when I started taking it. I now weigh 144. I have taken six dozen since then. I am still taking Bismarck as I want to keep that weight down."

Get Bismarck at your drugstore or write to: Bismarck, P. O. Box 24, Whitehouse, Texas.

## RIBBON RAMBLINGS

By MILDRED YOUNG

Nothing in all the world is more encouraging than to know that someone truly believes in you. It is wonderful to have wealth, influence, education and social standing. But most of us cry from the depths of our hearts for someone to look past our faults and beyond our abilities and to believe in us—to believe that our potential self is worth a little faith—not to overlook weakness and smallness—not to fail to criticize—but to be able to say in our brief moments of doubt or triumph—I believe in you.

It isn't that we deserve to have the belief of our friends or family. It's the necessity of self-respect. Regardless of how low-down a person may become, it is absolutely necessary that he regain his self-respect, if he ever overcomes his weaknesses and becomes the type of person he admires. Constructive criticism given in the right manner is very helpful. But the four words, I believe in you, are the ones which remove mountains.

All of us have our secret ideas of what the world and individuals who live in it should be like. We can dream of many ways of living—some good, others, not so good, but if you were ruler of the world for 24 hours, would you carry out any plan? We may be far from the mark

and we make no attempt at completeness when we say that it is our belief that values should be emphasized. If we wanted to really improve conditions, we believe that we would need to teach ourselves and others such values as: the peace of worship; the relaxation of play; and the joy of work.

**'Whistle Stop' Battle Spreads To Three Other Texas Towns**

By The Associated Press  
Citizens of at least four Texas towns don't want to go down to the depot to watch the trains go by. No sir, they want the trains to stop.

Electra's battle to keep from becoming a "whistle stop" on the Fort Worth & Denver City railroad reaches a climax tomorrow afternoon. Chillicothe and Clarendon are ready to join this fight.

But Whitney, "the busiest little city by a damsite" has only begun its battle with the Katy Railroad on a similar subject.

Mayor Fred Basham was quite

definite that Whitney was not "going to become a whistle stop by a damsite."

(The big Whitney Dam is being built near Whitney, in Central Texas.)

Whitney's dander went up yesterday when it heard the Key was going to stop passenger service on its Waco to Stamford branch.

Basham called Electra's battle "just a sideshow compared to the main event we will stage to keep passenger service on the line."

Basham called for a group of townfolk to go to Austin Monday to seek a hearing before the Railroad Commission.

Whitney, Walnut Springs, Hico, Iredell, Dublin, De Leon, Gorman, Carbon, Cisco, Moran and Albany and Stamford are served by the branch line.

Now about Electra's mourning: The Railroad Commission reversed an earlier decision and told the FW&DC to go ahead and make Electra and several other towns "conditional stops."

The railroad said it didn't get enough business at these places to make regular stops worthwhile.

So tomorrow, Mayor T. Leo Moore and some of Electra's citizens are going to hold "Whistle

Stop Memorial Day."

Moore is resorting to his last court of appeals—public opinion.

"They're going to stage a big party when the crack Zephyr stops. A couple of bands will be on hand, so will the VFW and American Legion and fire department—all in uniform."

Doughnuts and coffee for the passengers, flowers for the ladies, too. It's an official day, proclaimed by Mayor Moore.

Mayor Moore and the city council also passed a walloping ordinance that, among other things, requires trains to slow down to 15 miles per hour within city limits, employ a flag man at every crossing, limit obstruction of crossings by trains to five-minute periods and provides for regular inspection of train toilets by the city health officer.

The railroad isn't saying much about its plans—present or future. But it knows this ordinance won't stop the trains completely all the time.

Well, how are they going to stop the train tomorrow?

There'll be a passenger aboard at Ft. Worth, bound for Electra. It has to stop to let him off. How do folks at Electra know this? Mayor Moore arranged it.

**Costello Irked As North Irish Measure Passed**

JOHN A. COSTELLO

LONDON, May 12. (AP)—The House of Commons passed a bill last night which keeps northern Ireland in the United Kingdom—if that country so wishes.

In Dublin, Prime Minister John Costello of the Republic of Ireland, which wants to annex the six northern counties, denounced the bill and said it might have "terrible consequences."

Both British Prime Minister Clement Attlee, for the Labor Party, and Anthony Eden, spokesman for the Conservatives, praised the bill which declares northern Ireland will remain under the British crown in the United Kingdom unless its own parliament votes otherwise.

A strong pro-British parliament was elected in northern Ireland in February, six weeks before southern Ireland cut her last ties with Britain.

The bill yesterday passed its decisive second reading. All bills must pass Parliament three times before they become law. The third is generally little more than a formality.

Costello said there were "sinister motives" behind the bill and "rage and frustration" exist in Ireland because of it.

**Troop Withdrawal Plan Is Studied**

NEW YORK, May 12. (AP)—The United States is reported studying a plan for the withdrawal of foreign occupation troops from central Germany to three northern port cities, the New York Times said today.

In a dispatch from Washington by James Reston, the Times said the U. S. is discussing the plan with France and Great Britain.

It reportedly would provide for the restriction of British troops to the Hamburg area, U. S. troops to the Bremen area and Soviet troops

to Stettin on the west bank of the Oder.

All are port cities. Under the plan, the military garrisons would be allowed to communicate only by sea, it was said.

France, which has a common frontier with Germany would withdraw her troops within her own territory.

The story said the Western Powers apparently have agreed to reject any Soviet proposal at the forthcoming foreign ministers' meeting for complete evacuation of troops.

The plan to restrict troops to certain areas is being considered as a possible proposal in case Russia demonstrates it is ready to establish a central German government along lines laid down in the western zones, the Times said.

"It was emphasized in official quarters here," the story said "that this is only one of many ways in which the problem of the occupation troops could be handled."

"There is not as yet agreement that this will be put forward in Paris as the United States plan for dealing with the problem."

"Indeed the Western Powers will have to be satisfied by Mr. Visyinsky (Andrej Y. Vishinsky, Soviet foreign minister) on many other fundamental points before this compromise will be advanced."

Stettin, in which Soviet troops would be concentrated under the reported plan, was placed under Russian control under the Potsdam Act. However, under a separate agreement reached Sept. 20, 1947 the Russians gave control of the former German port of Poland.

**John Whitehead Now Streamlined**

DENISON, May 12. (AP)—The St. Louis Browns were playing an exhibition game with Sherman-Denison of the Class B Big State League. Manager Zack Taylor of the Browns commented on the "slim looking youngster" cavorting with Sherman-Denison.

That "slim looking youngster" was the man with the prodigious paunch of other years—years when he was pitching for the Browns and Taylor was a coach. Big John Whitehead, in his twenty-second straight season of professional baseball, was in the best condition of his career.

Whitehead is the squire of the tiny town of Ector (population 156) and the pitching pride of Sherman-Denison's Twins.

**How Would You Say It?**

"Curley Lawson's cousin from back East and a few of us got talking when he was here visiting, and I couldn't help noticing how different he said things.

For instance, he said, "Lifting that 200-pound bag of cement almost killed me." "You mean sack of cement?" asks Curley. (That's the way we'd say it.) "No," interrupts young Elliott who'd spent a lot of time down South. "He means a 'poke of cement.'"

It was good for a chuckle, anyway. Bag, sack or poke—we knew

what he was trying to say. It just depends on where you are in the U. S., which way sounds right.

From where I sit, whenever we criticize someone for sounding funny to us, we ought to think how we sound to them. It's the same as choosing your liquid refreshment. I'm accustomed to a moderate glass of beer—you may like ginger ale—but who's to say the other's wrong? I'd say we're both right!

## Choose Menu That Can Be Prepared In Advance For Bridal Luncheon

BRIDE-TO-BE LUNCHEON — Use heirloom silver, bride and groom figures.

STRAWBERRY PIE — Special occasion dessert.

BY CECILY BROWNSTONE  
Associated Press Food Editor  
AP Food Editor

For a friend who's about to be a bride, choose a menu that you can prepare ahead of time so you can enjoy the party. Creamed chicken or seafood newburg in patty shells can be waiting in the kitchen to be served with buttered asparagus; for dessert a bowl of fresh pineapple and strawberries and maybe a miniature bride's cake. Or serve the chicken or seafood on toast and then have the pastry in the form of the wonderful Strawberry Chiffon Pie pictured here.

Be as formal as you like in your table setting, with your finest linen, china and silver. If there are candles on your table at this noon meal remember that tradition decrees window shades be drawn.

### STRAWBERRY CHIFFON PIE

Ingredients: For Crust—1 cup sifted all-purpose flour, ¼ teaspoon baking powder, ¼ teaspoon salt, 1-3 cup shortening, 2 to 3 tablespoons ice water. For Filling—1 envelope unflavored gelatin, ¼ cup cold water, ¼ cup boiling water, 2 cups strawberries (washed and sliced), ¼ cup sugar, 2 egg whites, ¼ cup sugar, ¼ cup whipping cream. For Garnish—¼ cup whipping cream, 6 whole strawberries.

Method: For Crust—Sift together flour, baking powder, and ¼ teaspoon salt. Cut in shortening with fork or pastry blender until it is in bits the size of peas. Add ice water a little at a time, mixing only enough to hold ingredients together. Place dough on lightly floured board and roll to about one-eighth-inch thickness. Line a 9-inch heat-resistant glass crinkle edge pie plate. Allow pastry to extend about one-quarter inch beyond top edge of pie plate. Tuck pastry under so that it just comes to top of pie plate and press pastry into flutes of pie plate. Bake in a hot (425F.) oven for about 8 minutes or until crust is browned. For Filling—Soak gelatin in ¼ cup cold water for about 5 minutes. Add boiling water and stir until gelatin is dissolved. Crush strawberries and add three-quarters cup sugar. Add this mixture to gelatin and chill until it begins to thicken. Beat egg whites until fluffy; grad-

wally beat in one-quarter cup sugar. Beat one-half cup cream until thick. Fold egg whites and whipped cream into strawberry gelatin mixture. Pour into baked pastry shell. Chill pie until firm, about 4 hours. Whip one-half cup cream (sweeten if desired), and garnish pie with cream and whole strawberries. 6 servings.

Ingredients: 3 medium onions (about 1 pound), 3 tablespoons fat, 2 pounds chuck beef, 3 tablespoons flour, 1 teaspoon salt, ¼ teaspoon pepper, ¼ teaspoon oregano, 2 cups boiling water, 2 tablespoons garlic wine vinegar, 1 tablespoon ketchup.  
Method: Fry onions slowly in melted fat until lightly browned. Cut beef in serving size pieces; add to onions, increase heat and brown meat on both sides. Mix flour with salt, pepper and oregano and sprinkle over meat; stir well. Add water, vinegar, and ketchup. Cover and simmer until meat is tender—about 2 hours. 6 servings.

RHUBARB UPSIDEDOWNS  
Ingredients: 2 cups rhubarb cut in 1-inch pieces (¾ pound), grated rind of 1 orange, ¼ cup sugar, 1 cup sifted enriched flour, 1 ½ teaspoon baking powder, ¼ teaspoon salt, ¼ cup shortening, ¼ cup sugar, ¼ teaspoon vanilla, 1 egg, 1-3 cup milk.  
Method: Mix rhubarb, orange rind, and ¼ cup of the sugar together. Divide evenly into 6 greased custard cups. Sift together flour, baking powder, and salt. Cream shortening, sugar, and vanilla until light and fluffy. Add egg and beat well. Add flour alternately with milk to creamed mixture, stirring only until smooth each time, and beginning and ending with flour. Drop batter on top of rhubarb, almost filling custard cups. Bake in a moderate (375F.) oven for 30 minutes. Serve in dessert dishes with cream if desired or with an orange sauce.

### Smith Will Head Howard-Glasscock Red Cross Chapter

New chairman of the Howard-Glasscock chapter of the American Red Cross is Jack Y. Smith, Couden personnel director, member of the city commission, and civic leader.

Smith was elected at the Red Cross annual business meeting Tuesday night, as successor to A. V. Karcher, who has served for the past two years. He will take office July 1, start of the ARC's new fiscal year.

Olen Puckett was elected vice chairman, Mrs. B. L. LeFever secretary, and Mrs. Reba Baker treasurer.

A revision in by-laws was approved to reduce membership of the advisory board to 20, and names were submitted for this board. These were being contacted for acceptances.

Ingredients: 1 cup sifted enriched all-purpose flour, ¼ teaspoon salt, 2 eggs, 1 cup milk, 1 tablespoon butter or margarine (melted).  
Method: Sift together flour and salt. Beat eggs and add milk. Add to flour and beat until the batter is smooth with rotary beater or electric mixer. Mix in the melted butter or margarine. Beat 3 minutes. Fill greased muffin pans or popover pans or custard cups one-half full. Bake in a hot (425F.) oven for 30 to 35 minutes. Serve immediately with butter or margarine. Makes 6 popovers.

### Tear Gas Used To Subdue Prisoners

SUGAR LAND, May 12 (AP)—Tear gas was used to subdue 39 Negro prisoners who refused to work at Central Prison Farm No. 1 here Tuesday. One was shot in the arm by a guard.

General Mgr. O. B. Ellis of the Texas Prison System said the prisoners refused to work when some of their privileges were taken away.  
Farm Warden H. L. Slaughter said the men had been causing trouble and certain privileges, including going to the picture show, were taken away.

**BOY CHARGED WITH MURDER**

**Police Seek Motive For Girl's Slaying**

ROANOKE, Va., May 12. (AP)—Police today sought some motive for the slaying of Dana Marie Weaver, pretty high school girl, as they sought to build a case against 16-year-old Lee Scott.

Authorities have said the youth has admitted being at the church where the girl was slain Sunday night. He has been charged with the murder, but no date for the preliminary hearing has been set. Dana Marie was buried yesterday in Bolling Evergreen Cemetery near Raleigh Court Methodist Church. Many hundreds overflowed the church and stood outside yesterday afternoon while the Rev. William P. Watkins read a simple and traditional funeral service for the young girl. The cemetery lot was more than covered with flowers.

Jefferson High School, the only senior high school in this mountain-banked city of some 80,000 persons, closed for the funeral yesterday afternoon. The popular, 15-year-old Dana Marie was chairman of a school dance committee. Hundreds of her school mates came to the funeral. Dana died of suffocation, the coroner has said. Her body was found early Monday morning in a pool of blood in the kitchen of Christ Episcopal Church by the janitor. Police began an intensive search for her assailant.

Scott first became a suspect Tuesday. Reports came to police that his face was scratched. This was a clue they had been looking for. Dana Marie's broken finger nails were part of the mute evidence of a desperate struggle in the church kitchen.

The youth, an Eagle Scout and singer in the Christ Episcopal Church choir, was taken from classes at Jefferson High School and questioned Tuesday. He was then formally charged with murder.

Police have disclosed that Scott has made fragmentary admissions about his whereabouts and activities Sunday night, but he has signed no confession.

Authorities said he directed them to a sack from a coffee urn in the

church kitchen which they say could have been used to strangle the girl. A broken pop bottle was found in the sack, and police say this could have been used to club her. Another broken pop bottle was on the church floor.

Scott told police that he remembered going to the church Sunday night. But his account of the evening was hazy and fragmentary. He said he knew that he did not have an appointment to meet Dana Marie.

Dana Marie went to Christ Episcopal Church Sunday night to join a group of young people unaware that the church group that Sunday had gone on a picnic.

**Minuet May Be Too Sissy For 20th Century Boys**

ANNAPOLIS, Md., May 12. (AP)—Is the minuet sissy stuff? Not everyone will be widely excited by the question raised in the rug cutting age.

But Adolphe Robicheau and Annapolis, they are, and for a good reason.

Robicheau, a proper Bostonian from Beacon St., came here to teach the old dance for the city's girls tercentenary pageant. It's going to provide a peek back into 300 years of history. Obviously, a minuet is called for.

The problem of sissiness reared its head when volunteers showed up the first time. The girls like it fine, but the boys balked.

"That's not for me," was the lads' chorus after taking a look at the mincing steps of the colonial dance. Today, a week after this crisis, Robicheau had the joy of watching

an intrepid band of 36 teenagers rehearse the minuet for the pageant, which opens May 22. How did the dancing master from Boston do it?

"I told them the men in that period were just as manly as today, maybe even more," he related, speaking with a Paris accent.

"They weren't scaring me," he added. Celebrations crowd the week from May 20 to May 27 to mark the 300th anniversary of the founding of Annapolis by 10 Puritan families from Virginia.

**Square Dance Festival**

SAN ANTONIO, May 12. (AP)—The second annual Texas square dance festival opens here today. Gov. and Mrs. Beauford Jester are to lead a parade opening the event.

**Vandenberg Urges Envoy Exchange With Franco Spain**

WASHINGTON, May 12. (AP)—Sen. Vandenberg (R-Mich.) joined Sen. Connally (D-Tex.) in urging Wednesday that the United States help clear the way to exchange ambassadors with Spain.

Vandenberg thus added his weight to Senate pressure building up on the State Department for this country to join in a move to have the United Nations soften its 1946 rulings which ban member countries from full diplomatic relations with Spain.

Observing that he had opposed the American position of agreeing to the 1946 action, Vandenberg told a reporter: "In the first place this action was totally inconclusive. Secondly, our designation of an ambassador is in no sense approval of the government to which he is accredited."

At the same time, Sen. Brewster (R-Me.) revealed the cold economic facts of life that are partly

responsible for the sudden demands of senators in both parties for recognition of the Franco government.

**Twin Engine School Moving To Lubbock**

WASHINGTON, May 12. (AP)—The Air Force twin engine school at Barksdale Field, La., will be moved to Lubbock. The move will involve 330 officers and 1,900 men.

Air Secretary Symington announced the planned move yesterday. No date for the switch was set.

## Ackerly P-TA Has Final Meeting

ACKERLY, May 12.—Members of the Ackerly P-TA held their final meeting of the current school year in the school auditorium last Thursday. Mrs. Dick Simpson, new president, was in charge.

Mr. Hale, guest speaker, based his remarks on the idea that every organization has a purpose and that the betterment of the community should be a chief goal.

Mrs. Reed gave an itemized report of the financial standing. Mrs. Wallace announced that she had received the summer health round-up blanks. Mrs. Shelby Reed and Mrs. D. Simpson gave reports on the district conference which was attended by five members of the local unit. Mrs. Simpson urged all officers, chairmen and members to take parliamentary and procedure courses.

Mrs. Shelby Reed announced that Mrs. Mitchell would be the chairman for the study group.

Mrs. Leon White's room reported the most mothers present.

## Tyson Doing Well

CORSICANA, May 12.—Tom Tyson, secretary of the State Democratic Executive Committee, is "doing well" in a hospital here. He suffered a heart ailment several days ago.

## DOMINATING TYPE OF MOTHER MAY DO HARM, SAYS POSTHUMOUS REPORT

BALTIMORE, May 12.—What type of mother is apt to do the most damage to the minds and personalities of children?

A posthumous report by Dr. Trude Tietze, Johns Hopkins psychiatrist, says it is the "subtly dominating" type of mother. The report is to appear in the coming issue of the technical journal, Psychiatry.

The 38-year-old native of Vienna died Saturday, a victim of cancer. She came to the United States 11 years ago.

She began interviewing mothers

## Hague Defeated In Jersey City

JERSEY CITY, N. J., May 12.—Frank Hague no longer is "the law" in Jersey City.

One of the last of the big city political bosses, Hague lost control of the city commission Tuesday as fusion forces smashed to victory in the municipal election.

The fusionists were led by John V. Kenny, onetime trusted Hague lieutenant who was ousted as a ward leader by the Democratic chieftain last year.

Kenny had termed the election "a rebellion against the most corrupt political machine in the history of the United States."

Hague's only comment on the outcome of the election was a 12-word statement issued this morning. "The people wanted it that way," he said, "so it's all right with me."

A stunning victory set off a series of wild celebrations and dancing in the streets throughout this city of 301,000 persons.

The 73-year-old Hague was not a candidate. His handpicked ticket was headed by his nephew, Frank Hague Eggers, whom Hague named mayor two years ago when he stepped out of the office.

It was a bitter defeat for the iron-fisted Hague whose reign spanned 32 turbulent years. He served as mayor for 30 of these years.

Never had Hague, who at one time was a city hall custodian, tasted defeat in a city election.

## To Meet Monday

Lydia Circle of the First Christian church will meet in the church parlors Monday at 7:30 p. m. with Mrs. Roy Milner and Zaida Brown as hostesses.

Mrs. F. M. Purser is leader for the evening with Irma Deason giving the lesson: "China in the Asia of Today."

## Child Study Club Officers Named In Boykin Home

Mrs. Joe Pickle was named president of the Child Study Club during the luncheon and final business meeting of the year in the home of Mrs. Ross Boykin, 101 Jefferson, Wednesday.

Other officers elected were Mrs. Ross Boykin, vice-president; Mrs. Tom Guin, treasurer; Mrs. John Coffey, secretary. Those appointed to serve on the program committee included Mrs. Jack Y. Smith, Mrs. S. Marie Haynes and Mrs. Ross Boykin.

Co-hostesses for the affair were Mrs. S. Marie Haynes and Mrs. John Coffey.

Spring flowers were used in the decorations and one large magnolia blossom centered the buffet service.

Those present were Mrs. Cecil McDonald, Mrs. Jack Y. Smith, Mrs. Harry King, Mrs. Escol Compton, Mrs. Tom Guin, Mrs. Earl Cooper, Mrs. Tommy Hutto, Mrs. Joe Pickle, Mrs. Matt Harrington, Mrs. Jake Morgan and the hostesses, Mrs. Boykin, Mrs. Haynes and Mrs. Coffey.

## Hurricanes Romp On All-Star 4

SAN FRANCISCO, May 12.—The Texas Hurricanes, last year's national open polo champions, defeated an Argentine-bolstered California team, 13-8, yesterday to win the Pacific Coast high goal handicap title.

The Hurricanes had a two-goal handicap because two world famous Argentine players, Juan Alberdi and Eduardo Brown, played for California. Alberdi, a nine-goal-er, rapped in seven scores.

Led by 10-goal-er Cecil Smith, however, the Hurricanes jumped into an 8-1 lead by the end of the third period and coasted on in. Smith scored six times.

## Army Blamed In Texas City Blast

HOUSTON, May 12.—Plaintiffs in the \$200 million Texas City disaster suit contend the Army didn't start worrying about contamination of ammonium nitrate fertilizer until after the disaster.

Evidence intended to show the Army's concern over contamination of the fertilizer during transportation was introduced yesterday.

This concern, attorney for the plaintiffs told Federal Judge T. M. Kennedy, followed the disastrous explosions of April 1947.

It was ammonium nitrate fertilizer that blew up aboard the French Freighter Grandcamp on April 16, 1947, and touched off a chain of explosions and fires that resulted

in more than 500 casualties. Official correspondence introduced showed that as much as a year after the disaster complaints were being received from ports about the number of damaged bags of fertilizer received, despite orders to stop breakage.

# Cayuses Slaughter Swatters Behind Rodriguez, 18 To 2

## Baez Powers 3-Run Homer

Backed by an overpowering 21-hit attack, Fernando Rodriguez coasted to his second pitching success of the 1948 Longhorn league season here Wednesday night as the Big Spring Broncs steamrollered Sweetwater's Swatters, 18-2.

Rodriguez limited the guests to five hits, all of them singles, and experienced his only serious problem in the first stanza when his wildness led to the Swatters' first run. He struck out 12.

Every Big Spring starter, including Rodriguez himself, took part in the Broncs offensive against three Sweetwater hurlers. Individual honors probably went to little Humberto Baez, playing his final game for Big Spring. Baez slammed out three hits, including a three-run homer off Jesse Priest in the fourth.

Felix Gomez chimed in with four blows, one of which was a two-baser, and spiked the pan four times.

Sweetwater picked up its initial run when Rodriguez hit Bill Hannah to force in Bill Peeler. He settled immediately to whiff Howard Nobles, however, and retire the side.

The Swatters pulled a double play in Round One but still yielded four tallies to the Big Springers. The Hosces came right back for five markers in the second, added two in the third, four in the fourth and two more in the fifth before slowing down to a walk.

Dick Gyselman, Sweetwater manager, collected two of the five hits surrendered by Rodriguez but struck out in each of his other three appearances at the plate.

Pat Stacey, the local skipper, made liberal use of his substitutes in the late rounds. He retired to the bench in the sixth after banging out three singles, sending Baez into right and Ed Ramirez to first. Lazarus Coto also went in to catch.

**DIAMOND DUST**—Darryl Gilsom, Sweetwater's starting pitcher, threw eight consecutive pitches that failed to find the strike zone before working one across in the first round. Rodriguez experienced troubles along the same lines in the ninth when he threw seven balls in a row but the visitors couldn't score on him.

Each side had a twin killing. Bert Hernandez starting one for Big Spring in the ninth by taking Bill Peeler's ground ball and tossing to Ray Vasquez. The crowd was fairly substantial despite the cold, but most of the patrons were gone by the seventh. Ace Mendez hit a ground rule double in the seventh, his blow into right center going under the fence. The Hosces played errorless ball.

## Sooner Tribe On Rampage; Eagles Lose

By The Associated Press

A couple of weeks ago they were feeling sorry for the downtrodden Oklahoma City Indians.

But the smiles of scorn have turned to frowns of worry. Lo the poor Indians have turned on their tormentors and are moving like a prairie fire along the Texas League trail.

Last night the San Antonio Missions bit the dust for the fourth straight time from the Redskins' little bows and arrows. The score was 10-7.

The leading Dallas Eagles took another licking. They're rather scarce and the war clubs of the 125,000 ball club continue to roar.

But last night they weren't soon enough and Shreveport's early inning splurges stood up. The Sports won, 6-4.

In other games Tulsa nosed out Houston, 7-6, and Fort Worth straggled Beaumont, 7-3.

Oklahoma City scored seven runs in the seventh inning, with a home run with the bases filled by Ransom Jackson featuring the spurge.

For seven and a third innings Warren Haeker pitched one-hit ball for Shreveport, then the roof caved in. It required Hank Wyse and Gerald Fahr before Dallas' last-ditch drive could be halted.

Carl Erskine twirled a five-hitter for Fort Worth trimmed Beaumont.

Johnny Lane was again the hero as Tulsa nicked Houston. He stole home for the deciding tally Tuesday night and last night walked and got the clincher on Fletcher Robbe's double in the ninth.

The clubs change stands tonight with Houston at Oklahoma City, San Antonio at Tulsa, Beaumont at Dallas and Shreveport at Fort Worth.

## Abilene Roars Past Lubbock

By The Associated Press

Borger and Albuquerque kept the top spot in the West Texas-New Mexico League last night by remaining idle but it didn't help their cause much.

Both Abilene and Amarillo moved up the former within a half-game of the leader.

Borger and Albuquerque were rained out. Abilene beat Lubbock 4-1, while Amarillo licked Clovis, 10-5.

Jerry Rodriguez pitched a three-hitter in Abilene's triumph.

Clovis took its ninth consecutive loss in falling before Amarillo.

Pampa snapped a nine-game losing streak by beating Lamesa 6-2. The Oilers crashed in with a homer by Homer Matney with two on in the eighth.

Gomez, Mendez, Stacey, Hernandez, home run, Baez, 400 bases, Massey, Vasquez, double play, Stacey to Nobles, Hernandez to Vasquez to Ramirez, left on bases, Sweetwater 10, Big Spring 9, hit by pitcher, Hannah by Rodriguez, Mendez by Gilsom, passed ball, Coto, bases on balls, off Gilman 2, Priest 1, Rodriguez 4, struck out by Priest 4, Rodriguez 11; hits and runs off Gilman 2 and 4 in 2 1/2 innings, Ansel 4 and 1 in 1; losing pitcher, Gilson, umpire, Eller and Hammond; time 2:27.

Docusen weighed 133 1/2; Chavez a pound less. The win was Docusen's 56th fight without a defeat. (AP Wirephoto).

## Looking 'Em Over

by Tommy Hart

According to Dub King, the sports tub beater for Texas A&M college, Eddie Houser of Our Town is afforded an excellent chance of making the starting lineup on next season's Aggie basketball team.

That backs up a statement made earlier in this reporter by Jimmy Tidwell, the baseballer now attending school at College Station. Tidwell said he might have been influenced by the fact that Houser was a home town boy but he was firmly convinced Ed was the most polished cage on the great Aggie fish team last fall.

Houser is one of three frosh who may rate the varsity starting lineup. King points out. The others: Buddy Davis, a 6'8" lad from Nederland, and the 6'7" Ken Sutton from Corpus Christi.

The Big Spring lad went down to College Station without an athletic scholarship but he earned himself a spot on the freshman five early in the season.

The Aggie casaba troupe finished its spring training sessions only last week.

**BROWN COUNTING ON COMING OUT FOR FOOTBALL**  
On the subject of basketball, the local high school's chances for next season are promising if not great.

Coach Johnny Malaise will build his team around Howard Jones, Floyd Martin, Howard Washburn, Harold Rosson and Wayne Brown.

Brown, by the way, is growing like a weed. He's past the six-foot mark now. He was probably the most improved athlete on the court at the conclusion of last season and should be good enough to rate all-district honors this time out.

Wayne will report for football drills under Coach Carl Coleman, August 15. He didn't get to suit out last year because of a shoulder injury but looks big and capable and should do Carl a lot of good. His spirit is exemplary, incidentally. He's an end, should make a good target if Coleman turns up with someone who can throw that ball.

Odessa softball teams are trying to book exhibition games with several local nines, preferably in their city.

Steve Sadowski, the popular baseball arbiter now calling them in the WT-NM league, has been ill with dysentery for the past several days but continues to work.

## Half Dozen Southwest Conference Track Records May Be Shattered

By CARL BELL  
AP Staff

FAYETTEVILLE, Ark., May 12.—Half a dozen records will be endangered in the Southwest Conference Track and Field Meet here Friday and Saturday.

That many have been bettered or tried previously this year by athletes who will be among the 117 who will compete in the University of Arkansas Stadium.

If he's at his peak and has favorable weather conditions, J. D. Hampton of Texas A&M, whose school is top-ranked for the team championship, may establish new marks in the mile and two-mile runs.

The smooth-striding Aggie has clipped 2.9 seconds off the mile record of 4 minutes, 20 seconds, and has run two miles in 9 minutes 25.6 seconds—nearly seven seconds under the record.

Also tottering is the discus throw record of 165 feet, 2 1/4 inches. A&M's George Kadra has tossed the platter four feet farther.

## Senators Gain Ninth In Row At Detroit

By JACK HAND  
Associated Press Staff

Joe Kubel, who manages Washington, just pulled a ninth rabbit out of his hat.

Nine straight wins by any Washington club call for an explosive mixture of voodoo charms and black magic.

Kubel's sagging Senators started west on their first road trip 10 days ago. They had won only three of 14.

Two straight at Chicago, three more in St. Louis and three more over Cleveland, two by shutouts, brought them to Detroit for No. 9 yesterday. They won, 11-1.

The world champion Cleveland Indians welcomed the league-leading New York and won, 3-2.

The Boston Red Sox continued to find it tough going in the west as they were outscrubbed by Chicago, 12-8.

Rookie Jack Graham bombarded Philadelphia's Bobby Shantz with two doubles and a single, driving in two runs and scoring two in St. Louis' 5-4 win over the A's.

Warren Spahn, back to his 1947 form, hurled his second shutout and fourth straight victory for Boston, with a three-hitter against the St. Louis Cardinals, 7-0.

They finally stopped the New York Giants after seven straight wins. Cincinnati's Howie Fox did the trick, 4-2.

Pittsburgh's rookie lefthander, Bill Werle, survived a ninth-inning uprisings by Brooklyn to win a 5-3 decision.

Chicago ended Ken Heintzelman's four-straight win streak by coming from behind to whip the Phillies, 4-2.

GAME TIME 8:15

# Refiners Host Ackerly At Steer Park Friday

Steer park will be the scene of a Tri-County baseball league game Friday night between the Cosden Refiners and Ackerly's Eagles.

The two clubs were originally booked to tangle last Sunday but wet grounds forced the managers to postpone the bout.

Each team has won one decision in three league starts. The winner can nail down third place in the standings.

Admission prices have been pegged at 50 cents for adults. Children under 16 years of age will be admitted free.

There will be free prizes donated by local Cosden service stations, Johnson Promises—four premiums as a matter of fact.

# MAXWELL WILL GET TO PLAY IN CITY

## Bobby Leaves SMU May 25th

The City golf tournament may not have a new champion, after all.

Bobby Maxwell, the 1948 kingpin of the Munny meet, now in school at Southern Methodist university, has sent word back here that he expects to be out of classes by May 25 and will be here in time for his first round match.

Since Bobby is the defending champion, he does not have to qualify. May 22 has been set down as the deadline for qualifying.

## WARNING TO THE CITIZENS OF BIG SPRING

It has been reported to us that some individual has been visiting numerous cities, calling at homes asking that he be permitted to go through the house and make a sketch of the floor plan.

He states that the purpose is to enter the home in a contest conducted by some well known national magazine.

He also states that he represents Wm. Cameron & Co., and that prizes for the best homes are to be given by Wm. Cameron & Co.

This is to warn the citizens of Big Spring, and all other towns, that this person does not represent this company; that we are not participating in or conducting any contest; that we are offering no prizes of any kind.

If this man comes to your home presenting this proposition, and representing himself as an agent of Wm. Cameron & Co., or if you know he is operating in your town, get in touch with your local police and the Wm. Cameron & Co. store immediately.

# Lions Entertained With Music At Wednesday Meet

Music featured the weekly meeting of the Lions club Wednesday at the Settles.

Richard Deats, son of Dr. and Mrs. C. W. Deats, played Von Weber's "Concertino," a difficult composition for the clarinet. He had won a first division rating recently at San Angelo for his interpretation of the piece.

Mary Jane Hamilton was accompanist, and also sang two numbers, "Smiling Through," and Herbert's "Falling in Love" from "Naughty Marietta."

Mrs. Ruth Lewis, director, announced the production of a religious play, "The Light Eternal," Thursday and Friday evening at the city auditorium under sponsorship of the H.C.S. freshman class. A cast of approximately two score players will be in the production, which tells the old, yet always new story, of the "Eternal Light" as a solution to men's problem.

# Local Guard Unit Passes Inspection

A surprise ordnance inspection has been passed by the local (battery B, 132nd FA) National Guard unit.

Inspectors arrived about two weeks ahead of schedule, but the battery was fully ready, said Capt. T. A. Harris.

Advance detail lists to the summer National Guard camp are being prepared and the battery made ready for the trip. Two enlistments have been added recently, but the Guard is anxious to add more recruits to its strength, said Capt. Harris. Drills are held regularly each Monday at 8 p. m. at the armory at the city air base area.

# Chemical Corps Will Conduct Two Courses

The chemical corps school will conduct two indoctrination courses for organized reserve corps officers at Edgewood Arsenal, Md., it has been announced.

The classes are of two weeks duration and will begin June 5 and July 10. All active reserve officers of the chemical corps are eligible and application may be made through the instructors office located at Midland airport No. 2, Midland.

Members of the Church of Christ Ladies Sewing class convened in the home of Mrs. Clyde Ross Thursday. A covered dish luncheon was spread at noon. Present were Mrs. J. S. Walker, Mrs. Don Raspberry, Mrs. M. A. Cockrell, Mrs. C. B. Harland, Mrs. C. A. Burks, Mrs. Ora Richards, Mrs. Meedie Shortes, Mrs. L. M. Roberts, Mrs. W. D. Burks and the hostesses, Mrs. Clyde Ross, Mrs. C. B. Harland will entertain the next club meeting in her home, Thursday, May 19.

# Philathea Class Observes Birthday

Observing the 22nd anniversary of the founding of the First Methodist Philathea Class, members held a banquet in fellowship hall Tuesday, May 9. W. C. Carr presided.

Decorations included twelve birthday cakes, one for each month, and roses. Mrs. Charles Watson gave the history of the class. Mrs. Veda Carter gave a reading entitled "The Land of Beginning Again." The Rev. Alvie H. Carleton, pastor of the church, spoke briefly.

Sixty persons attended.

# C. Of C. Group To Hold Meeting Today

A meeting of the Big Spring chamber of commerce civic and beautification committee has been called for 5:30 p. m. today by D. M. McKinney, committee chairman.

The session will be held in the Settles hotel.

All members of the various sub-units affiliated have been urged to attend and help map plans for a program of work to be followed during the next 12 months.

# Local YMCA, Red Cross To Offer Swimming Classes This Summer

Swimming classes will be offered jointly this summer by the YMCA and the Howard-Glasscock chapter of the American Red Cross.

Lee Milling, executive secretary for the YMCA said that classes would start at the Munny swimming pool on June 8 and would provide for beginning and advanced classes for children, and that there would be similar arrangements for adults.

All persons interested in the swimming courses, under supervision of qualified instructors, are asked to write or phone the YMCA office to register. Parents should call on behalf of their children.

Tentatively, it is planned to hold classes for beginners among the youngsters on Monday, Wednesday and Friday mornings, and for advanced swimmers on Tuesday and Thursday mornings. If there is a demand for adult classes, these will be worked out to suit convenience, possibly after the regular morning sessions.

With two youth camps making use of the pool early in July, it is anticipated that life saving classes will not be started until mid-July, but whatever they pass this course can qualify for either the Red Cross or YMCA life-saving awards since Red Cross instructors will be used and the Y requirements are identical with Red Cross.

# House Group Okays Big Housing Bill

WASHINGTON, May 12. (UP)—The House Banking Committee approved 14 to 7 today the administration's proposal for a multi-billion dollar program of slums clearance, low-rent housing and farm housing aids.

The bill provides for construction of 1,050,000 low-rent housing units in seven years, as President Truman requested. The Senate recently passed a housing bill cutting the number of these units to 810,000 in six years.

Banking Chairman Spence (D-Ky.) said the legislation will come to a showdown vote in the House next week and "it will pass beyond any doubt."

# U. S. Orders Halt To Removals Of Japanese Plants

WASHINGTON, May 12. (UP)—The United States today ordered a halt in further removals of Japanese plants as war reparations.

Maj. Gen. Frank R. McCoy, the American representative, told the 11-nation Far Eastern Commission that even industrial plants classed as "primary war facilities" are needed by Japan to hasten its economic recovery.

The deliveries ordered halted were advance deliveries of plants and equipments which the commission already had earmarked for removal.

The reparations have gone in limited quantities to China, the Philippines, Netherlands and the Netherlands Indies, and Britain for Burma, Malaya and far eastern colonial possessions.

McCoy informed the commission the United States is convinced that there should be no ceiling on Japanese production for peaceful purposes.

McCoy's statement was made public by the State Department.

# Coplon Espionage Trial Is Balked

WASHINGTON, May 12. (UP)—A torrent of words still balked today efforts of prosecutors to get on with their espionage case against Judith Coplon.

But the prosecutors can't call their next witness until Miss Coplon's attorney, Archibald Palmer, stops talking. And he gave no indication whatever that he's rushing out of words.

Palmer, in fact, paraphrased a man of fewer words—Gen. Grant—to prove that he isn't.

"Asked by reporters how much longer he intended to keep an FBI agent on the witness stand, Palmer shot back, still talking fast:

"I'll keep him on the stand all summer if that's necessary to get all the facts."

For the third day in a row, Palmer called the agent, Brewer Wilson, to the stand to face another avalanche of questions.

In his direct testimony late Monday, Wilson told of following Miss Coplon and Valentine A. Gubitchev, a Russian, prior to their arrest in New York March 4. It took about 25 minutes, Palmer has been asking questions ever since.

Miss Coplon, 27, is a former Justice Department employee is accused of pilfering government papers. She and Gubitchev also are under indictment in New York on charges of espionage conspiracy.

# Abilene Hopes For Red Letter Friday

ABILENE, May 12. (UP)—Abilene hopes to make Friday the 13th a red letter day—and not because of any silly superstition.

In his direct testimony late Monday, Wilson told of following Miss Coplon and Valentine A. Gubitchev, a Russian, prior to their arrest in New York March 4. It took about 25 minutes, Palmer has been asking questions ever since.

Miss Coplon, 27, is a former Justice Department employee is accused of pilfering government papers. She and Gubitchev also are under indictment in New York on charges of espionage conspiracy.

# American Airlines Bids To Suspend Service Are Denied

WASHINGTON, May 12. (UP)—American Airlines' applications to suspend service temporarily at Abilene, Tex., and Jackson, Mich., for safety reasons have been denied by the Civil Aeronautics Board.

The CAB action came yesterday—over a month since the stops at both points actually were stopped April 10. American then substituted new Convairs for DC-3 planes on both routes involved.

Airport facilities at the two points were inadequate for safe handling of the big Convairs, the airline contended.

The board denied both petitions, saying it had been advised by the Civil Aeronautics Administration that the fields involved had been approved "as safe for operations with Convair aircraft, subject to load restrictions."

Reconsideration by CAB will be sought before the service is resumed, airline officials indicated. Although the order, in effect, directs that service be restored, no date was set.

American Airlines also has pending a petition for authority to discontinue service to both Abilene and Big Spring, Tex., as long as they are served by Pioneer Airlines, a feeder service. American contends that one air line can meet the needs of the towns.

# Spy Probers In Huddle To Quiz Mystery Witness

WASHINGTON, May 12. (UP)—Senate investigators of Communist spy activities arranged a hush-hush meeting behind closed doors today to question a mystery witness they call "Mr. X."

Sen. McCarran (D-Nev.), chairman of the judiciary subcommittee conducting the inquiry, refused to give the slightest clue to the man's identity.

Subcommittee aides said the witness summoned to the secret session is "in danger of his life" and cannot be named "because of his connections abroad."

McCarran said only: "If he wasn't important, he would not be brought before us; if he was not very important, he would not be brought before us in closed session."

The witness was called in connection with hearings on a bill by McCarran which calls for the deportation of any alien found to be engaged in subversive activities against the United States. It also is designed to strengthen the immigration barriers.

The bill, McCarran has said, is aimed particularly at foreign agents who come into the country under the guise of representatives to the United Nations and other international groups.

At a public session late yesterday the subcommittee was told that Dr. J. Vilfan, Yugoslav chief delegate to the UN, is "the main, the top man for espionage in this country concerning the Yugoslavs."

# Lt. Lillard Visiting Family In Big Spring

Lt. Dave Lillard, who has been serving as Base Flight officer for an Air Force detachment for Guam for the past 18 months, is visiting his family here.

On 60 days leave, Lillard will report to a refueling unit for a B-29 group at El Paso when he goes back to duty.

Lillard served with the local U. S. Army recruiting station prior to being commissioned.

# Third Time's Unlucky

Henry Wilkins of Lamesa has been confined to the county jail on a charge of passing hot checks. He is wanted in Rankin and Andrews on similar counts, authorities stated.

# HOT CHECKING

(Continued from Page One) pany as well as the individual.

Three of the pending cases have turned out to be forgeries in line with checks that "looked" good. Grand jury indictments invariably are returned on forgeries, but for some reason (possibly because of a feeling that merchants should have been more careful) grand juries generally refrain from hot check indictments.

Some of the questions Gilliland asks when cases are filed are these: Name and address (usually this turns out to be "unknown") of the individual giving the check, sex, race, description, identification carried, name of relatives or friends, whether drinking when check passed, what caused the receiver to think the check was good, whether any other checks taken from the person and if so, were they good?

As to the person who took the check, the office wants to know name of the business, whether anyone else OK'd the check, witnesses, efforts made to collect. Information about the check includes property obtained by check at time passed, when passed, was it a "hold" or "post dated" check (neither are hot checks under the law), was any part given on an account (hot checks on accounts are worthless but not hot), date check put through bank, whether check is suspected to be hot or a forgery?

There is another little matter at the bottom of the form which makes a few timid about filing the information. It simply obligates the complainant to appear as a witness—even if the check is paid.

A lot of hot check victims are satisfied with their money, but the law isn't. Without saying so in so many words, it holds that one of the best ways to break the hot checker is to haul him into court. One of the best ways to keep him out is to spot him before he passes a check.

# Oil Utilization Bill To Jester

AUSTIN, May 12. (UP)—The hard fought oil utilization bill today awaited only the governor's signature to make it law.

Sen. George Moffett's bill was passed by the House yesterday, 75-54, at the end of long, sharply worded debate. A similar bill fell just short of passage two years ago when a compromise could not be reached in the final days of the session.

Rep. William George Richards of Lockhart, House sponsor of the measure this time, said the amended version was a compromise among most of the oil factions.

Sen. George Moffett said he believed the courts would consider such utilization a "reasonable exception" to Texas anti-trust laws.

Fighting the proposition, Rep. Tom Chestnut of Cuero said: "I've heard the call of the little man. I've heard the call and I haven't turned a deaf ear like some of the big, fat, sleek, lecherous oil companies. They're not after conservation; they're after regulation of production."

**Snyder Is Enthusiastic Over Outlook For U. S. Business**

WASHINGTON, May 12. (U.P.)—Secretary of the Treasury Snyder said today that postwar "adjustments" are now "practically completed" in many lines of business.  
In a speech prepared for the National Assn. of Mutual Savings Banks, opening its 29th annual convention, Snyder indicated a belief that, for some enterprises at least, the downturn has about ended.  
Declaring that there are many "elements of strength in our present situation," Snyder said "continuing high income levels" and a record backlog of savings are bolstering buying power.  
He said that speculation—"more decisive than any other single factor in impairing the economic health of the nation" in 1929—has been "virtually absent" in recent years.  
"A second factor today which is in equally sharp contrast to the past is the gradual process of the postwar adjustments to normal competitive conditions."  
"Business recessions in the past were largely unforeseen. They owed their severity to a simultaneous adjustment of many phases of the economy. But the situation is different now."  
The treasury chief said the latest readjustment began "at the very close of the war" and has been going on since.  
"Some luxury industries were affected in 1946. Machine tools, auto tires, radios and others followed in 1947. Textiles, shoes, auto trucks, furniture, household equipment and various other industries started their adjustment in the spring and summer of 1948."  
"Others, such as rayon and crude petroleum, have more recently fallen into line."  
Repeating his belief that there are "powerful factors in our present situation making for stability and progress on a high income high-employment level," Snyder insisted:  
"We are only at the beginning of our peacetime growth."  
"We have made a start only toward developing new products based on wartime discoveries in new materials, new manufacturing techniques, and new types of equipment."  
"One wartime development alone — atomic energy — could revolutionize our economic life within a relatively few years."

**YANK PILOT FACES SENTENCE TODAY FOR ILLEGALLY EXPORTING BOMBER**

BROWNSVILLE, May 12. (U.P.)—A former U. S. Air Force pilot was to be sentenced today for illegally flying an A-20 attack bomber out of the country to help Nicaraguan rebels.  
Federal Judge Allen B. Hannay yesterday convicted James G. Hurst, 27, of illegally exporting the plane. Hurst, formerly of Miami and now a Colombian Air Lines pilot, waived trial by jury.  
Hurst testified he took the plane early last year from Los Angeles, Calif., to Guatemala City, Guatemala. But once he got there, he testified, he backed out of the revolutionary plot cooked up by enemies of Nicaraguan Dictator-General Anastasio (Tacho) Somoza. Hurst said he told U. S. officials all about the plot and his part in it.  
The pilot said he flew the plane to Guatemala City to help the revolutionary forces of Gen. Gemiliano Chamorro.  
Hurst was charged with illegally exporting the plane. The indictment alleged that he and Carl F. Marquard, now believed to be in a California hospital, exported the plane without a license.  
Hurst said he was offered the job of Nicaraguan minister of aviation for his part. He also was to receive cash.  
Air Force Capt. Edward J. Walsh, Jr., assistant U. S. military attaché for air in Guatemala in 1948, testified.  
"They (Hurst and Marquard) were going to pick a favorable day with good flying weather when Somoza was in Managua," Walsh said. He quoted Hurst as saying the two were going to make 12 bombing runs, dropping two bombs on each of three passes over their various targets, and making nine single passes. Military barracks as well as the general's castle-like residence, La Curva, were among their targets, Walsh said Hurst told him.

**Bridge Builders Lauded By Judge In Talk Tuesday**

Tributes to bridge builders, especially those who toil in the spiritual realm, were paid by Judge Cecil Collings at the meeting of the First Baptist Brotherhood at the Baptist encampment grounds Tuesday evening.  
Problems can be bridged for people, he said, but only those "who are going somewhere" and for those "who have the good sense to use them."  
Among the spiritual bridges which he mentioned as "helping us to pass over pitfalls of morality and spirituality" were those of good examples, good training at the hands of parents, love and affection, preachers, churches, the Bible and the "bridge of Calvary."  
Judge Collings, now associate justice of the 11th district court of civil appeals at Eastland, was formerly judge presiding of the 7th judicial district. He also was president of the Brotherhood and of the church board.  
Musical entertainment was furnished by a quintet of Negro spiritual singers headed by L. E. Collins. Merle Crighton, president, was in charge of the meeting, which was preceded by a barbecue dinner and an inspection of the First Baptist cabin at the encampment grounds.
