STARKEY JURY APPEARS TO BE DEADLOCKED

ROTARIANS TO CELEBRATE 4TH WITH A PICNIC

Start for Grounds Will Be Made at 6 o'Clock; Good Time Assured.

Rotarians will spend their tablecloths in the quiet and cool atmosphere of a wooded retreat about five miles north of Ranger Wednesday evening. It will be an old-fashioned basket picnic. No athletic sports are programmed as a start for the picnic spot will not be made until 6 p. m.

The proposed picnic grounds is near an abundance of good drinking water, is shady and has for a surface, numerous flat rocks. An invitation reads:

"This is absolutely going to be an informal affair. The club will furnish water melons and ice cream and paper plates and silverware for the tables, but be sure and bring enough to eat.

"We will leave town at 6 o'clock and all go together to the place where we are going to have the picnic. We will meet on the corner by the Ranger State Bank. All who have no cars, please phone 389 and tell them to tell Gus to arrange for their transportation." This on authority of President Gus Coleman.

"Now, do not lay down on us and say you are too busy or that you forgot about it or any thing like that, because everybody who was in the club two years ago will remember what an enjoyable time was had then. If you have friends, bring them along."

To reach the place, the Bankhead highway must be taken for about two miles, according to C. E. May of the club, who with his family enjoyed the surroundings Sunday evening. After passing the Russell bridge about 100 yards following the old Strawn road, turn off to the left and drive through a pasture and keep going until a log hut is reached.

The picnic will take the place of the regular weekly luncheon, so every Rotarian is expected to attend.

EMISSARIES LISTEN AND FORGET THEIR PURPOSE

PARIS, July 2.—Albert Sarraut, minister for the colonies, and one of the French delegates to the Washington arms conference who recently refused to resign from the cabinet at the behest of the radical party, tells his radical friends he has a good precedent for his action in the following story, for which he vouches.

When the radical cabinet presided over by Emile Combes was overthrown in 1905 the radical party decided it would not accept as a successor Maurice Rouvier, minister of finance, who was asked by President Emile Loubet to form a new ministry. It sent a delegation composed of Viviani, Martin, Fernand Dubief and M. Trouillot, minister of commerce, to tell M. Rouvier that the radical party would have nothing to do with him and that he had better, in the interest of harmony, decline the task.

The executive committee of the party remained in session to hear the report of the delegations' visit to Rouvier, but after waiting until late at night went home without word from the emissaries. The next morning, however, they got news—news that each of the delegates had accepted a portfolio in the cabinet to be formed by M. Rouvier.

POLICE SUSPECT "FENCE" FOR STOLEN AUTO TIRES

A garage and automobile supply shop is being operated in a little village in an adjoining county as a "fence" for stolen automobile tires and accessories, Ranger police department declares.

The owner has been arrested in Ranger on a previous occasion, according to Assistant Chief L. E. Davenport. Breckenridge authorities suspect the same man as being guilty of a series of thefts of automobile equipment, Davenport said.

SIMMONS WOULD EXTEND KLAN TO ENGLAND

SAN ANTONIO, July 2.—First public announcement to extend the work of the Ku Klux Klan outside of the United States, to all parts of England and north Protestant states will be made tonight by Emperor William Simmons.

Extension of the klan particularly to England and the English colonies will be attempted, he said.

Immigrants Knocking Lustily At Door of U. S. for Admission Limited Number May Come In

BEAUTIFUL AND GIFTED HEIRESS TO MILLIONS TAKES EMPLOYMENT AS GOVERNESS TO 3 CHILDREN

Daughter of Cattle Baron, Already Wealthy in Her Own Right, Want Opportunity to Earn Her Living and Appear to Enjoy Job She Obtains.

Special to the Times

DENVER, Colo., July 2.—When a demure little "Spanish maid" told John D. Alkire of Denver and Deckers Springs that she wanted to become a nurse for his children, Alkire jumped at the chance.

Over six months ago he took her to his mountain residence and she has since been living there—an ideal companion and now a fixture in his home. Thursday he was told that his "Spanish maid" is an heiress to \$1,500,000 in her own right and the daughter of Frank Hubble, millionaire cattle king of New Mexico.

It is another case of the romance of life outshining that of fiction. The discovery of Miss Hubble in the quiet home at Deckers Springs, where she is popular and beloved through her own personality, would make a worthy theme for any fiction writer.

It is the old story of a girl who wanted to make good for herself. Through a graduate of Columbia university, educated to the nth degree, possessed of unlimited riches and social position at her home in Albuquerque—or in the East, for that matter—she came to Denver to search for romance in her own way.

She found an ad inserted by Alkire, who is widely known throughout the state and in Denver, but who has made his home in Deckers for the last four years. It asked for a companion for his children.

Miss Hubble loves children and she applied for the job. This was six months ago, and there were over 100 applicants. Alkire looked over the crowd and saw a dark little gem of a girl far exceeding in culture anyone he expected to find.

He asked no questions, but congratulated himself on his good luck. He took the girl home and within a few days she was the most popular person in the little resort.

Friends in Denver knew that Miss Hubble had an intense desire to see what the real struggles of life were like. She wanted to see if a working girl actually can live in comfort. So when she disappeared, her friends figured that Miss Hubble had some little romantic plan of her own.

A few days ago they found out the truth of the whole matter. They told Alkire, and Alkire, putting together what he knew of his "nurse maid" and what they were able to tell him, realized that in reality he had been playing host to one of the wealthiest girls in the West.

No hint of her status was ever given by Miss Hubble, according to Alkire. She told him at the time she was engaged that she had come from Albuquerque, but volunteered no further information.

Is Splendid Teacher. She has accomplished wonders with

(Continued from page one.)

COTTON PRICES BREAK FOLLOWING BUREAU REPORT ON ACREAGE

By Associated Press

NEW YORK, July 2.—Cotton prices broke from 69 to 74 points today. July cotton dropped to 26.35 and October to 23.83.

The government figures on acreage and crops produced a surprise in view of recent private predictions.

BIGGER COTTON CROP THAN LAST YEAR FORECAST

Yield Estimated at 11,412,000 Bales by Government as of June 25 Survey.

WASHINGTON, July 2.—This year's cotton crop is forecast at 11,412,000 bales by the department of agriculture in a statement issued today.

The forecast is based on the condition of the crop on June 25, which was 69.9 per cent normal and cultivated acreage was over 32,278,000 or 12.6 per cent more than last year's acreage at that time.

The acreage estimated for Texas is 14,077,200 or 77 per cent of normal and the number of bales 3,337,000 or 64 per cent of normal.

The comparative scarcity of cotton, due to last year's restricted crop and diversity of opinion as to this year's crop focused attention on the government's report.

The department pointed out that the forecast of acreage may be actually larger or smaller, dependent on weather conditions during the rest of the cotton season.

The production last year was 9,761,187 bales. Two years ago it was 7,953,641. Three years ago it was 13,439,603.

The condition of the crop on May 25 was 71 per cent of normal, and on June 25 was 71.2 per cent. For the past 10 years the average on June 25 has been 71.2 per cent.

IMMIGRANTS CONTINUE ARRIVING IN FORCE

By Associated Press

NEW YORK, July 2.—Ten foreign ships arrived during the night with 5,000 passengers, mostly immigrants, which swelled the number waiting here for examination for entrance to the United States. It was said by officials that the arrival of new immigrants would daily exceed those passed by the immigration authorities as long as the quotas were not exhausted.

Among the quotas today were Greeks, Swedes and those of smaller European countries.

Those Now Coming Are Of Unusually Good Class. Attracted by High Wages Paid Some Crafts.

By United Press

NEW YORK, June 2.—The lid of the "melting pot" was lifted today to the greatest rush of immigrants since the new regulations went into effect two years ago. Dawn found the officials busily at work passing the first of the 2,500 immigrants expected to gain admittance to the United States today. Two thousand and seventy-four were admitted Sunday.

The rush of foreigners seeking homes in this country lured for the most part by high wages paid in some crafts, such as \$12 a day to bricklayers, is expected to be over by Tuesday afternoon, by which time the largest number ever admitted within three days will have been passed.

It is said the immigrants now seeking admission are of an unusually good class and at least 80 per cent of them will be admitted. There has been no serious congestion attending the coming on of the new citizens.

NEARLY TWELVE THOUSAND ARRIVE IN NEW YORK JULY 1

By Associated Press

NEW YORK, July 2.—With a total of 11,482 aliens in port at the end of the race of immigrant-carrying liners to reach port first after the new immigration quota became effective, more than 9,000 immigrants were still clamoring for admission at Ellis island today.

Less than 2,000 were passed yesterday. Six hundred others remained on Ellis island last night and were examined early today. The remainder are being held on the liners that brought them over and it is probable that many will receive the disappointing news that the quota of the country from which they came has been filled.

FIFTEEN PERSONS HURT AT AUTO RACE IN FRANCE

By Associated Press

TOURS, France, July 2.—Fifteen persons were injured when a car in the automobile races failed to make a hairpin turn today. The car grazed a post, was flung against the fence and then ran into a tree. Three children suffered fractured skulls and one woman had her leg broken. Seagraves in a Sunbeam car won the race.

TWO SCORE HURT IN CRASH ON RAILWAY NEAR BUFFALO

By Associated Press

BUFFALO, N. Y., July 2.—Forty persons were injured, several fatally, when two cars crashed today on the Niagara Falls line of the International railway near Tonawanda this morning. An open switch is blamed for the trouble. Both cars went into the ditch, one turning over.

HOUSTON, July 2.—Jay Morgan, oil field worker, charged with the murder of Jim Yarbrough at Blue Ridge, near here, yesterday, today, was freed at Richmond under \$2,000 bond. Yarbrough had been indicted for killing P. H. Thelman, an oil field worker at Blue Ridge. He was shot and instantly killed by Morgan, who then surrendered to the sheriff.

Bride Waits At Altar; Her Beloved Blames Abductors

By United Press

NEW ORLEANS, July 2.—Jimmy Keiffer, young bank clerk left his bride, Miss Doris Voss, waiting at the altar, was today located at Timpon, in Texas.

According to word from the youth received by his mother, he was robbed and kidnapped just before the ceremony was to have taken place. His abductors beat him up and carried him off and when he recovered his senses he found himself on a highway near Timpon. He said he had no idea who his abductors were. He said he would return at once and marry Miss Voss, who had been heart-broken since his disappearance after leaving her at the church door to get the wedding ring.

FRENCH SEIZE MORE RUHR AND RHINELAND AREA

Krupp Works at Essen and Numerous Towns Taken Over as Reprisal.

By United Press

BERLIN, July 2.—The advance of French troops in the Ruhr and the Rhineland again has begun. It is believed the French movement is in reprisal for the killing of several score Belgian soldiers Saturday, when a bomb was exploded in a train.

Westhove was occupied by the French at 4 o'clock this morning. Cavalry and infantry have advanced to Hagan. It is reported that the entire Krupp works at Essen have been seized and all work stopped. The occupied area has been cut off from all over parts of Germany since Saturday. At Dursburg 20 citizens were arrested and are held as hostages. Restaurants and theatres have been ordered closed and all traffic has been prohibited. Pedestrians are not allowed on the street between 10 p. m. and 5 a. m.

Every time a train comes to a bridge in the occupied area all German passengers are ordered out and then, with arms raised above their heads, are made to advance on foot across the bridge, ahead of the train, being taken on again when the other side is reached.

WEEK-END AUTOMOBILE ACCIDENT DEATHS ARE NUMEROUS AS USUAL

By Associated Press

Forty-four persons were killed in automobile accidents over the week-end in 36 cities of the country, a weekly poll today showed. 85 persons were injured, 15 of these being in and around New York.

BOYDEN RESIGNS FROM REPARATIONS COMMISSION

By Associated Press

PARIS, July 2.—Roland W. Boyden has resigned as unofficial representative of the United States on the reparations commission, effective Aug. 1.

"I have been here long enough," he said.

WASHINGTON, July 2.—The resignation of Roland W. Boyden as American observer with the reparations committee, which was announced in Paris Sunday, is due to his desire to resume his professional practice at the bar, the state department in a formal statement said. His duties, it was added, will be taken over by his assistant, Colonel James A. Logan Jr.

NEW YORK, July 2.—United States District Attorney Banton, whose office dropped the charges against A. H. Anderson, state superintendent of the New York Anti-Saloon league, today announced that an basis of new evidence he will ask the grand jury next week to indict Anderson on grand larceny, extortion and forgery. He said he discovered new evidence in a \$24,000 publicity fund, with which to make fraud charges.

Eleven to One Poll of Jury Foreman Says

Whether Majority Be for Acquittal or Conviction Court Is Not Informed. Further Deliberation May Bring Results, Presiding Judge Thinks, So Jury Is Again Locked Up.

At 3 o'clock this afternoon the jury in the L. J. Starkey case had been out 49 hours. The jury filed into the courtroom this morning about 9 o'clock and through its foreman, told Judge George Davenport, who presided at the trial, that he didn't believe the jury could reach a unanimous verdict.

"How do you stand," Judge Davenport asked.

"Eleven to one," the foreman answered. He did not say whether the majority was for conviction or acquittal.

Judge Davenport so far has declined to say when he will discharge the jury in the event the deadlock is not broken. Yesterday he said he wasn't inclined to discharge a jury "so early in their deliberations in the absence of a verdict."

The only time the jury has asked for stenographic testimony was yesterday afternoon when it called for the testimony of two negroes and that of Starkey and B. B. Poe, an eye witness to the killing.

The jury called for the testimony of the witnesses in regard to words spoken in the "death tent," leading up to the killing, and to the position of the men when the shooting took place.

GASOLINE TAX MONEY HELD UP BY TEMPORARY RESTRAINING ORDER

By Associated Press

AUSTIN, July 2.—Temporary injunction restraining State Comptroller Smith from certifying to the state treasurer funds received under the one per cent wholesale gasoline tax bill was granted today by Judge George Calhoun of Travis county.

It was granted on the petition of the Oriental Oil company of Dallas. The petition attacks the legality of the first gasoline tax bill passed. Other companies are interested in bringing the test suit. No hearing on the injunction has been set.

WORKMEN'S COMPENSATION BOARD NAMES RATE CLERK

By Associated Press

AUSTIN, July 2.—W. B. Shoë, of Philadelphia, was today named chief rate clerk for the state board of workmen's compensation by the fire insurance commission. He was formerly with the United States Shipping board.

AUSTIN, July 2.—A check for \$58,158 was received today by State Comptroller Lon Smith from the federal agricultural department. It will be credited to the state highway department as payment for work on highways in the state.

Cats Hold Convention

Toms and Flappers of Ranger, Joined by Large Delegation From Neighboring Cities, Meet to Push Organized Fight Against Manufacture and Sale of Rat Traps.

The regular meeting of the Ranger Cat society, organized for the purpose of combatting the manufacture and sale of rat traps, was held at 3:30 a. m. today on the fire-escape in the rear of an old, unoccupied hotel. The meeting was held in spite of protests by residents in the neighborhood. It was called to order by the chairman, who is considered a "big boy" in local catdom.

Several songs were given by members of the younger set before business talks were made. A certain Miss Cat, who is known as one of the most popular flappers in the neighborhood, sang "Aggravatin' Papa, I'll Do Anything You Say." Another young pussy cat sang "You've Got to See Mama Every Night."

One of the prominent Thomas cats of the city spoke at length on the rat trap situation. According to this cat, rat traps are unethical and are bound to hurt the profession. He even advocated that all good cats should refuse to work in places where rat traps are used. But, due to the fact that so many cats are now at work, it was decided this would be an unwise step at this time.

A delegation of cats from Eastland, Cisco and Thurber arrived soon after the meeting had started, according to some of the folks in the neighborhood. One big tom cat from Thurber, who entered the meeting room in a loud and boisterous manner, was asked to leave, but refused to do so and it was necessary to put him out. This was not an easy task, but finally a big yellow cat who is connected with a local meat market hooked him with a wicked left and he took the count.

Outside of this little incident the meeting progressed nicely and lacked none of the usual loud M-E-O-W-S, that could be heard for blocks. The noise was so "tame," however, that one living outside the "three-mile limit" could easily sleep. But some of those living in the vicinity, who have acquired a lazy habit of sleeping between the hours of 3 and 5 a. m. sought to organize a rival meeting and decided to send the cat society an invitation to adjourn. This was sent in the form of a brick-bat and when it landed somewhere near the convention room a few of the "lady" members of the society almost went into hysterics and let out a series of mournful sounds and meows. Finally the rival organization decided to make a charge. The attack was made with brickbats, old shoes and anything else that could be thrown, following which there was a wild scattering.

One old cat in a mad rush, mistook a chicken wire fence for clear space and hit it for a broadside, bounced back about 10 feet and, startled by such a sudden stop, made another rush and almost ran over a by-stander. The convention adjourned without delay subject to call by the chairman for the next meeting.

RANGER HIGH HAS FINE CHANCE FOR CHAMPION ELEVEN THIS YEAR IF RIGHT EFFORT BE MADE

Now is the time to begin "roping" in likely football material for the Ranger High school eleven. The opening of school is about two months away and youths are thinking about what school they would like to attend.

Ranger with its new \$250,000 high school building, athletic equipment, gym and an adequate athletic football and baseball field with a grandstand should be able to offer as much if not more than the majority of high schools in North Central Texas.

There are any number of villages and towns within 30 miles of Ranger who will send boys away for their high school educa-

tion, some because of superior equipment and teaching staff and others that their sons may "make the high school team," in a big town.

John W. ("Bill") Stevens, who was a member of the Austin college baseball and football teams for two and one-half years, and who is holding down shortstop regularly for the Ranger Snappers, said he knows of at least three high school eligibles, not living in Ranger, who can probably be brought to Ranger to matriculate.

Stevens gets a lot of fun and satisfaction in his athletics and will, if the opportunity is offer-

ed, go in for all-year-around coaching of some high school. He has never done coaching, this being his first year out of college. However, with the interest he has shown here in a Snapper uniform in playing to win, he has displayed one of the prime needs of a coach—enthusiasm. Stevens' home is at Merkel.

It is understood that D. O. Marshall, an A. & M. senior, who has been engaged as manual training teacher for the Ranger High school, will also act as football coach. Marshall has been on the A. & M. team, and was last year coach for the Navasota High school.

BIBLE THOUGHT.
 ALL NEEDS SUPPLIED.—The Lord is my shepherd; I shall not want. Surely goodness and mercy shall follow me all the days of my life; and I will dwell in the house of the Lord for ever.—Psalm 23:1, 6.

PUBLIC EDUCATION
 Appearing before a large audience Saturday, Dr. R. E. Vinson, retiring president, made a farewell talk to the students and faculty of the University of Texas, prior to his leaving for his new home in Cleveland, Ohio, on July 2. When he arose to speak, the audience stood and greeted him with applause, signifying their respect and admiration, as well as regret at his departure. At the close of his address, students and faculty crowded up to shake hands with Dr. Vinson and personally bid him farewell.
 Dr. W. S. Sutton, acting president of the university, was introduced by Dr. Frederick Eby, dean of the summer school. Dr. Sutton made the presentation speech, introducing Dr. Vinson, paying high tribute to his work not only in behalf of the University of Texas, but on the part of every branch of the educational system in Texas.
 Dr. Vinson recalled the fact that he had addressed a body of students attending the summer school in 1916 and that he had also been invited then to address them by Dr. Sutton, who asked him to tell how it felt to me a university president after 24 hours of service. After seven years, Dr. Vinson said that the task was even more difficult.
 "One or two things stand out conspicuously, however, as personal reactions," said Dr. Vinson. "Now, more than ever, after 30 days separation from the institution, I am more entirely committed to the fact and advisability of permanent education in America. From the universities to the lowest grades, the system of public education in America is permanent. Americans are committed to it by national traditions, national practice, and the manner in which the young men and women are reacting to the system. The time is past when Americans can give up the system. Now that I am leaving the system of public education for an endowed school, I have no delusions regarding the fact that the public schools are the main dependence of the youth of America."

Alaska One is of the Most Profitable Buys in History; Nets United States About 700 Per Cent Profit Yearly

By WM. J. LOSH,
 United Press Staff Correspondent.
 WASHINGTON, July 2.—When President Harding visits Alaska in July, he will inspect one of the most profitable real estate buys in history.
 Purchased by Lincoln's secretary of state, William Seward, from Russia in 1867 for \$7,200,000, the territory is now netting Uncle Sam a profit of about 700 per cent per annum.
 When Seward made the purchase, cynical Americans dubbed it "Seward's Folly" and agreed that he could have spent the money more profitably in buying from England an exclusive concession to sell ice to Canadian Eskimos.
 A study of the statistics of trade between the United States and Alaska in 1922 proves who is right.
 During the year 1922, Alaska shipped to the United States products valued at \$48,596,532. In 1921, it shipped products worth \$34,559,130 and in 1920, \$57,742,997 from seven to eight times its purchase price. These figures are exclusive of shipments of gold and silver, which, astounding as it may seem to those who dream of Alaska as a vast treasure house of precious metals and little else amounted to only \$7,431,875 in 1922 and \$7,350,092 in 1921.
Canned Salmon Leads.
 Heading the list of goods shipped from Alaska to descendants of the synics of Seward's time, during all the three past years, was canned salmon, the doughboy's "goldfish," 220,785,073 pounds of it, valued at \$29,487,626. Every soldier in the A. E. F. will swear that they shipped 100 times that much to France in 1918, but the trade statistics shatter this belief, proving 1922 to be the banner year in the canned salmon industry.
 The second article in importance in Alaskan products shipped to the United States was copper ore, matte and regulus, worth \$9,833,444 in 1922 and \$14,006,477 in 1921.
 The third important exported product was "furs other than sealskin" which netted the trappers \$2,747,101 in 1922. Sealskins exported in 1922 totalled 32,005 skins valued at \$814,190.
 The only other products whose shipments from Alaska in 1922 totalled over \$1,000,000 were companions of the canned salmon, dried, smoked and cured fish, whose exported value in 1922 was \$2,402,914, and all canned fish other than salmon, valued at \$1,395,267.
Valuable Export Field.
 From the American business man's point of view, Alaska's value to the United States is in its importance as a market for his products rather than as a source of raw materials however valuable and remunerative. The trade statistics show that "Seward's Folly" is a valuable though not enormously important export field.
 In 1922 its purchases from the United States totalled \$26,777,806; in 1921 \$19,274,215, and in 1920, the territory's banner trade year, both in imports and exports, \$36,876,855.

THREE PHYSICIANS DECLARE WILARD O. K.

Fred Thompson in two poses.

These two photographs are of Fred G. Thompson, held in Chicago on the charge of being the "bandit queen" who murdered Richard O. Tesmer, insurance broker, who tried to save his wife's wedding ring from a hold up "woman." For 14 years Thompson has posed as "Mrs. Francis Carrick," wife of a chauffeur. The remarkable part of the dual life is that Thompson himself had a wife, Mrs. Marie Clark, whom he married two years ago. This marriage so angered Carrick, who had "married" Thompson, that a fight resulted, ending in all three living in a strange compact.

Harding Would Increase Area of Yellowstone Park

By Associated Press

ON BOARD PRESIDENT HARDING'S TRAIN, July 2.—Two days spent by President Harding in Yellowstone National park has had the effect of making him a strong advocate of adding Pecan mountain region to the park area. Shortly before leaving the park, he said he would use his influence in having that region annexed to the national park.
 The President's party spent the greater part of today traveling through Montana. The next stop is Spokane, where he speaks tonight. He will discuss reclamation and kindred subjects.

ORDER RANGERS TO TITUS COUNTY FOR SHERIFF'S TRIAL
 AUSTIN, July 2.—Rangers from Marshall were ordered to Mt. Pleasant today for the preliminary trial of the state against Sheriff J. T. Reeves of Titus county, it was stated at the adjutant general's office. The request for rangers was received from county officials.
 Reeves was recently charged with malfeasance of office.

NEW YORK, July 2.—Rear Admiral Fiske, U. S. N., retired, asserted today in a statement that the United States is "drifting towards war" because of prohibition. He advocated a conference of 100 leading citizens to eliminate the friction caused by prohibition on foreign ships in American waters in much the same manner as the countries decided armaments.

Sleeping Sickness Fly of Africa

HOW METHOD OF FIGHTING THIS PEST INSPIRED MANUFACTURE OF SWEET DREAMS MOSQUITO REMEDY.

A traveler in relating his various experiences in Africa, casually mentioned how the natives protected themselves against the ravages of the Tsetse fly. As is generally known, the bite of this fly results in "sleeping sickness," a malady from which an unfortunate seldom recovers.
 It was reasoned that a remedy capable of keeping off these flies would also keep mosquitoes off. So in America this remedy was reproduced as nearly as possible. Having been found exceptionally satisfactory as a mosquito remedy, this mixture has since been offered in commerce under the trade name of Sweet Dreams. The efficiency of the preparation has caused its immediate acceptance everywhere.
 And the traveler doesn't yet know that his entertaining story resulted in the birth of an industry.
 When mosquitoes are troublesome try Sweet Dreams. Red-top bottles sold everywhere 35c or 3 bottles for \$1.00. For sale by Phillips Drug store and all other druggists.—Advertisement.

How to build up your Weight

TO be under weight often proves low fighting-power in the body. It often means you are minus nerve-power, minus red-cells in your blood, minus health, minus vitality. It is serious to be minus, but the moment you increase the number of your red-blood-cells, you begin to become plus.
 That's why S. S. S., since 1826, has meant to thousands of underweight men and women, a plus in their strength. Your body fills to the point of power, your flesh becomes firmer, the age lines that come from thinness disappear. You look younger, firmer, happier, and you feel it, too, all over your body. More red-blood-cells! S. S. S. will build them.
 S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

his three children, according to Alkire. They are 3, 4 and 5 years old, and yet they already have been taught phonetic spelling and proper use of the English language until they are educated far beyond the average tots of their age. Her progress with the children has been wonderful, Alkire said, demonstrating the most up-to-date methods of instruction.

Miss Hubble has frequently visited in Denver, though her trips here since taking the job with Alkire have been limited to the visits his family have made to the city.

Miss Hubble is about 25 years old. She is slight, but gives an impression of dignity.

Her father, Frank Hubble, is one of the best known sheep and cattle men of the West. He is reputed to be worth several million dollars and owns great herds that roam the country around Albuquerque, where he keeps a city home.

Miss Hubble's own fortune came from an uncle, Grover Hunter of Des Moines, Iowa, who died recently. Her estate amounts to \$1,500,000, it is said, and in addition she is the sole heir to her father's millions.

Glass windows were not seen until after the Norman conquest.

NINTH PRIZE WINNING LETTER IN THE RANGER DAILY TIMES ESSAY PAGE CONTEST

WHY WE SHOULD PATRONIZE RANGER.

BY FRANCES FOUKE

We might ask ourselves the question: "What Has Made Ranger?" Four years ago Ranger was a small town, struggling to live. Then oil was discovered and many people crowded here. It was through the goodness of the people that Ranger lived to be what it is today. Though prices were high, they paid them. In every town there are places that should not be patronized, but Ranger has very few of these.

One of the important business firms of Ranger is Wright's Furniture company. Every one who trades there is assured of service and complete satisfaction.

Those who wish to save on their groceries buy them at Gilbreath's for they are sure of the best at the lowest prices. They carry a complete line of the groceries needed in the household.

All who have eaten American Beauty Bread proclaim it the best they have ever eaten.

What is more delicious when on a picnic than Ranger made Potato

Chips? They are crisp and delicious and made right in Ranger.

Who does not like a dish of ice cream on a hot summer day? It refreshes and cools one off and none more so than Banner Ice Cream.

The Ranger Steam Laundry is very careful with the things you send there to be cleaned. They send them back well done.

The Ranger Dry Cleaning Plant does very good work. If they think they cannot clean it perfectly, the owner is notified at once before the work is started.

There is no car fully equal to a

Buick. What would life be to the Buick owner without his trusty Buick which has carried him through rain and shine?

When your car is in need of repairs take it to the Mission Garage for you are assured of the best repairs at a lower price and done sooner than at any other garage.

When in need of a new battery the best will be found at the Battery Service Company. They will sell you nothing but the best.

Don't worry if you break a part in your machinery, as you can take it to the Clay Boiler and Machine com-

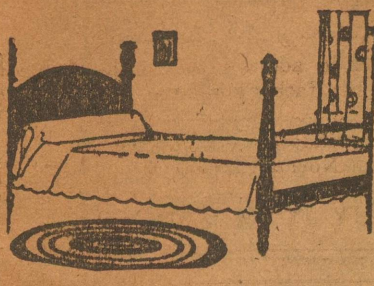

pany and have it repaired or a new part substituted.

When you are moving from one house to another, let the Ranger Transfer and Storage company make it easier for you by moving the furniture.

Buy your shoes at the Ranger Shoe company. When trading there you are assured of getting the best quality at the lowest prices, for they will sell you nothing but the best.

It pays to have your old shoes fixed over by J. L. Clem, for it costs much

SPORTS

RANGER SNAPPERS HAS LINES OUT FOR CATCHER TO PLAY IN NEXT GAME

Watts, Early, Buchanan and McDowell, who wore Snapper uniforms yesterday in the Parks camp game have been playing in the Dallas City league. All four men returned to Dallas last night and it is improbable that they will be back.

Sawyer, who has been showing class around second, also returned and if the Snapper club is unable to find a position for him, it is unlikely he will return.

The club has its lines out for a new catcher and he is expected to come in Tuesday.

Nugent or Redus will pitch Wednesday against the Olden club. The Olden boys have been playing fast baseball. The breaks seem to be against them, as they have been losing by close scores.

The Snapper management has not yet arranged a game with the Breckenridge Dynamoes, who decisively defeated the Thurber club Saturday and Sunday. Several letters and telephone messages have failed so far in scheduling a game.

The Dynamoes would be a great attraction here. It is almost an exclusive league baseball team.

HOW THEY STAND

TEXAS LEAGUE.

Table with columns: Team, W, L, Pct. Rows include Wichita Falls, Fort Worth, Dallas, Houston, San Antonio, Galveston, Beaumont, Shreveport.

Yesterday's Results.

Houston 2, Fort Worth 0. Wichita Falls 3, San Antonio 1. Dallas 8, Beaumont 0. Shreveport 9, Galveston 3.

Today's Schedule.

Houston at Fort Worth. San Antonio at Wichita Falls. Beaumont at Dallas. Galveston at Shreveport.

AMERICAN LEAGUE.

Table with columns: Team, W, L, Pct. Rows include New York, Philadelphia, Cleveland, Chicago, St. Louis, Detroit, Washington, Boston.

Yesterday's Results.

New York 4, Philadelphia 0. Chicago 6, Cleveland 2. St. Louis 8, Detroit 0. Washington 8, Boston 1.

Today's Schedule.

Chicago at St. Louis. Philadelphia at Boston. Washington at New York. Cleveland-Detroit not scheduled.

NATIONAL LEAGUE.

Table with columns: Team, W, L, Pct. Rows include New York, Pittsburgh, Cincinnati, Brooklyn, Chicago, St. Louis, Boston, Philadelphia.

Yesterday's Results.

Brooklyn 2, New York 1. Cincinnati 3, Pittsburgh 2. St. Louis 8, Chicago 7. Only three games scheduled.

Today's Schedule.

St. Louis at Pittsburgh. Cincinnati at Chicago. New York at Philadelphia. Boston-Brooklyn not scheduled.

BRECKENRIDGE WINS TWO GAMES FROM THURBER

BRECKENRIDGE, July 2.—Breckenridge Dynamoes administered two stinging defeats to the Thurber club here Saturday and Sunday. Saturday the Dynamoes amassed a total of 16 runs to Thurber's two. Sunday the score was 9 to 3.

DESDEMONA PREPARING TO ENTERTAIN KLAN

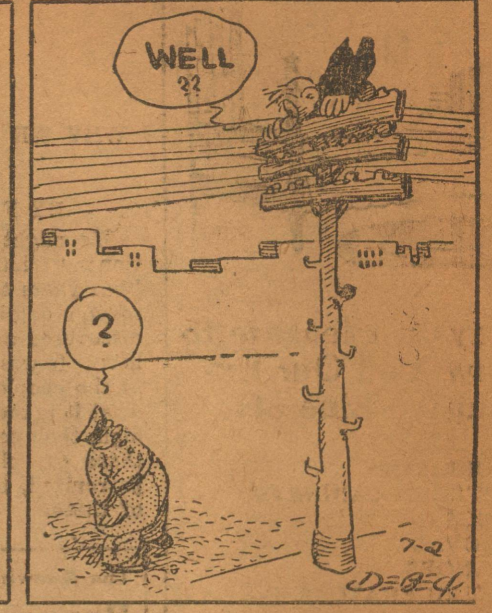

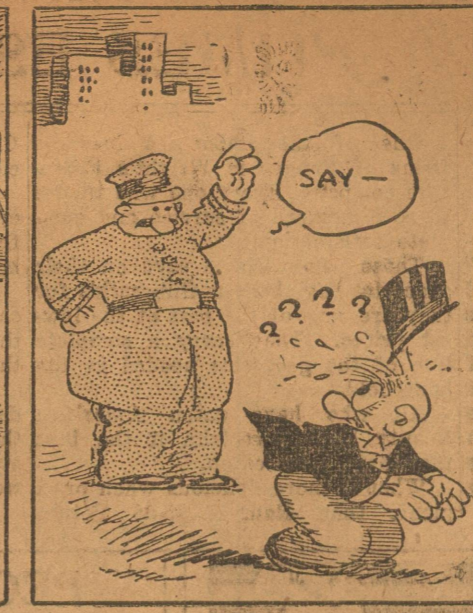

Ranger, Eastland and Desdemona Knights of the Ku Klux Klan will hold a joint picnic at Mansco's lake, seven miles out of Desdemona on the Eastland road on July 4, according to word from Desdemona.

The picnic will be an old-fashioned lunch basket kind and there will be an initiation ceremony at night.

WICHITA FALLS VALUATIONS.

WICHITA FALLS, July 2.—A conservative estimate of the total valuation of city property for this year has placed the figure at \$32,000,000. This is \$2,000,000 less than that of last year.

BARNEY GOOGLE—Barney Fears the Worst.

M'DOWELL WALLOPED FOR 9 HITS IN 3 INNINGS; PARKS TAKES GAME EASILY

Nugent, O'Keefe and Adams Shine in 8 to 4 Loss at City Ball Park.

By HOWARD BARMAN.

If there's no victory to crow over there are some crumbs of satisfaction to pick out of the game at the city park yesterday afternoon before the biggest crowd of the season. It was a win for the Texaco Stars of Parks camp but the Snappers after getting away to a bad start due to faulty pitching, played as nice an article of ball as has been witnessed here this season. The final score, 8 to 4, should be explained immediately.

"Lefty" McDowell, making his first appearance here in a Snapper uniform, was slammed to all corners of the lot the three innings he was in. The Stars had no trouble at all in fattening their batting averages. Nine hits were made while "Lefty" hurled. The hits were well placed and were not of the scratch variety.

McDowell Slammed Hard. The Stars have two star left-handers and they constantly practice batting against left-handers so McDowell's offerings were just to their liking. He had no chance. Fans were looking for Skipper Snapp to substitute Nugent at the beginning of the third but McDowell was allowed to continue. In the third the Stars rapped him for three hits. Nugent was sent in the next inning.

His appearance was a signal for an outburst of applause from the Ranger fans, who were conspicuously silent. It seemed to renew the fans' faith in the Snappers. He started out by fanning Dorsey. Pittman got a stingy hit. Sisk and McArdle were easy outs on flies to Stevens and Early, a new outfielder. The fans began to get over their glum feeling and when Sawyer "hit 'er out" as a fan called out, the grandstand began to vibrate with cheers. O'Keefe was walked.

Adams Does It "A La Ruth." Tom Adams, who won a game last Sunday against Olden by a terrific clout clearing the bases and scoring himself came mighty near repeating only there were only two on base, and the centerfielder made a quick recovery and throw to the infield. Tom stopped at third while the crowd shouted its approval. O'Keefe gave a demonstration of base running when Adams cracked the ball. It won the plaudits of the crowd. O'Keefe crossed the plate a few seconds after Sawyer. Sawyer, who was one base further around than the fleetly centerfielder, hesitated at second, thinking perhaps the centerfielder would grab the ball. This was the last score this inning.

"Kid" Nugent pitched masterfully. He was cool and took his time. He is showing the results of coaching. When he first began pitching for the Snappers he'd hardly get the ball from his battery mate but what he was ready for a windup. Yesterday when Buchanan, who took Gribble's place behind the bat, would return the ball, Nugent would stand off to the right of the pitcher's box and get his signals from Buchanan and then slowly advance to the box.

Nugent Allows Five Hits. He allowed but five hits, only one of which was for more than one base. One of the two runs scored during his time in the box was unearned. Parks camp hopped on McDowell in the first inning. Pittman hit just inside the third base line scoring Dorsey who had made a single and had taken second on a passed ball. Pittman who took two bases on his hit was thrown out at third.

A double play came when Sisk got to first when hit and McArdle lined the ball to Stevens, who threw it to Sawyer to get Sisk and the second baseman completed the double play by getting McArdle at first.

In the second frame, Duddy fanned and Hellman singled to right field. He stole second. Newport was out on a fly to Adams. Johnson scored Hellman. The former took second on a passed ball. Wilkins singled to right field scoring Johnson. Dorsey got a bingle. Pittman rolled one to Stevens and Dorsey was out at second on a fielder's choice.

Sisk was hit in the ribs by McDowell in the third and he took first. McArdle was out to McDowell. Duddy poked the ball to right field, bringing in Sisk. Newport sent a sizzler to

STEVENS INFLUENCE OF MUSIC ON CHARACTER

The influence of music on character was stressed by J. Bernard Eberts, instructor of the Elton Boys' Brigade band, the Bronx, New York city, in a recent drive to fill a few vacancies in the band. In appealing for a larger membership, Mr. Eberts said:

"It is a recognized fact that the leisure hours in the life of a child or adult have the greatest influence upon his character. This is one reason why the teaching of music is so strongly advocated by moral workers, for the playing of instruments is not only a fine amusement, it is also a means of developing high culture and of bringing the child into close relation with one of the finest of arts.

"It creates a desire for the good and beautiful and brings the child into close contact with people of refined taste. It is a means of developing latent powers and enabling the child to make the best of himself. The playing of instruments in groups has developed the deepest of friendship and has been the means of bringing the highest of ideals forward in the character of the children."

POLICE HEAR OF SPARE TIRES STOLEN FROM CARS

Automobile tire thefts were reported to the police yesterday. Thomas A. Pledge, salesman of Fort Worth, left his auto parked in front of the Teal apartments early Sunday morning and when he visited the car about 10:30 o'clock, a new spare tire and rim were gone. Chester Ames of Newport, reported a new spare tire removed from his car sometime Saturday night or early Sunday morning. Mrs. McHenry of Ranger told the police a spare tire and motorcar were stolen from her car Saturday night.

GEORGETOWN—What are said to be the first terracing schools to be held in the state were conducted in Williamson county. The schools were supervised by County Agent H. T. McCollum and M. R. Bralley, farm engineer of A. & M. college. Farmers were instructed in terracing lands to prevent washing and individuals were named to further instruct other farmers in their communities.

STRESSES INFLUENCE OF MUSIC ON CHARACTER

The influence of music on character was stressed by J. Bernard Eberts, instructor of the Elton Boys' Brigade band, the Bronx, New York city, in a recent drive to fill a few vacancies in the band. In appealing for a larger membership, Mr. Eberts said:

"It is a recognized fact that the leisure hours in the life of a child or adult have the greatest influence upon his character. This is one reason why the teaching of music is so strongly advocated by moral workers, for the playing of instruments is not only a fine amusement, it is also a means of developing high culture and of bringing the child into close relation with one of the finest of arts.

"It creates a desire for the good and beautiful and brings the child into close contact with people of refined taste. It is a means of developing latent powers and enabling the child to make the best of himself. The playing of instruments in groups has developed the deepest of friendship and has been the means of bringing the highest of ideals forward in the character of the children."
