# **FOUKE LOSES**

C. S. McBurnett of San Angelo Is New Champion of Oil Belt.

By HOWARD BARMAN. EASTLAND, July 26.—Ranger's only entrant in any of the finals of the three flights of the Oil Belt Golf association, W. H. Fouke, was defeated here yesterday afternoon by Neil Moore, Eastland golfer. The match ended, one up in 20 holes. Floyd Boone, well known pro player, who watched the match at intervals, said it was a pretty game. Fouke played hard and it was a tough match

for him to lose, Boone said. San Angelo is the new home of the Oil Belt champion. C. S. Mc-Burnett, well to do hotel man of San Angelo, won over Joe Frantz of Graham, one up in 21 holes. Both men were steady and kept their shots straight in the three extra holes.

Frantz Loses Play. The break came on hole No. 3 which is a short one, 172 yards. Both men, using their mid irons, dropped their balls on the left side of the Physician Tells How He Saves bunkers, surrounding the hole, Mc-Burnett's ball rolling 20 feet or more further. Frantz lost his match when he dubbed the ball with his mashie. He showed his disgust by ramming the head of the stick into the ground. His next stroke brought the little white ball 10 feet or so inside the putting area circle. With one stroke, transfusions to save the lives of perswerve, and thereby losing his chance to make the hole on par. He sank the

ball on the next putt.

Tied To Twentieth Hole.

The end of the eighteenth hole in the match between Fouke and Moore "The method." sank their puts nicely on the nineteenth hole and went on to the twentieth hole even. Both got green
drives of about 150 yards. The approach to the putting ground was on
an even basis. The break came when

## Bootleggers' Wet Goods Pronounced Spurious "Likker"

By Associated Press

WASHINGTON, July 26 .-One per cent of 80,000 samples of liquor seized by prohibition agents during the last fiscal year and analyzed in government laboratories was genuine, Prohibition Commissioner Haynes said today, reiterating his former assertions that bootleg liquor was leading to serious physical consequences.

Haynes said there were four sources for the liquor that is being illegally sold: moonshine, apparently the most plentiful; redistilled denatured alcohol, smuggled into the country and liquor illegally withdrawn from bonded warehouses.

## Money In Germany So Plentiful It Becomes a Burden

BERLIN, July 26 .- The spectacle of a nation of people, all striving frantically to get rid of their money, presented itself throughout Germany today.

The German people, seeing the paper money go into nothing, are making desperate offorts to lay hands on anything tangible. A panic is on. The banks are unable to supply money for paper bills. The citizens are hurrying to the shops with bundles of paper money.

"Give us anything you have to sell," they are demanding of the harrassed clerks and shop keephave going fast.

Pockets no longer are large enough to hold the marks one needs for an excursion into the streets of Berlin. A familiar sight is a citizen with a huge bundle under his arm or stuck into a basket. Everybody knows what his neighbor has. Everybody is hurrying to spend their marks, lest they become worth-

Here is a chance for you to get started toward greater profits-or to build up a business of your own-and it costs only \$5 to make the start.

Everywhere, Ford One-ton Trucks and Light Delivery Cars are saving more than this every year for their users. So, as soon as your truck starts running it will quickly take care of the purchase price and add new profits as well.

It will widen the area in which you can do business, enlarge the number of customers you can serve—and keep your delivery costs down to the lowest point.

Start now toward the ownership of a Ford Truck or Light Delivery Car—use the

# FOR THE TITLE

Featherweight Fighters Believed to Be Very Evenly Matched.

By HENRY L. FARRELL,

United Press Sports Editor. NE WYORK, July 26 .- The iron jaw of France and the rubber ball of America will meet at the Polo Grounds tonight to decide the featherweight championship of the

Eugene Criqui, with the serious face and the crooked jaw, will defend the title that he won some time ago, with a great victory over the venerable Johnny Kilbane, against Johnny Dundee, one of the greates little fighters that ever swung a

Dundee, one of those Italians who sent the poets into reveries abou the fighting blood of Caesar, will b at least the sentimental favorite. H has a tremendous following in New York and his partisans are not con-

fined to the Italian colony.

Criqui proved in the Kilbane fight that he is a worthy champion and a great fighter. He has proved it before, in Europe, but Americans are skeptical about the class of fighters on the other side who helped to give the gallant French war hero of Verdun an impressive list of knockouts.

Dundee is, beyond doubt, one of the greatest little fighters that ever lived. He has been nearer to various championships than any other fighter, with the possible exception of Charley White. He has battled them all, and in most of his fights he was forced to give away pounds and

pounds of weight to his opponents. Various opinions have been expressed on the outcome of the fight. but there is one that should carry weight because he has met them both and he knows both.

Johnny Kilbane, former feather weight champion, leans toward Dundee as the victor, and he predicts that Criqui will have the fight of his life on his hands.

"Criqui is a greater fighter," Kilbane says. "He keeps coming in all the time and he is always hitting. He hides behind an upraised shoulder, much after the style of Dempsey, and he is hard to reach on the jaw. He is not an extremely clever fighter, but he has a heart that keeps him coming back all the time. I had no trouble outboxing him and I found that he was easy to hit.

"However, when I found openings I missed many of them. I had been ing was way off. I was short with punches that I felt sure were going right to the button, and every time I missed I got a good one back. That French boy can counter.

"Against Dundee, Criqui will have a different fight to carry. Dundee hasn't been out of the ring. He is about the 'fightenest' boxer in the business, and when he leads he will not miss like I did. When Criqui cocks his right hand he will not find Dundee standing in the way of it, like he caught me. Dundee has a tricky style, and if he fights his usual fight Criqui may find so many gloves in his face that he cannot set himself for his right-hand punch.'

KITTENS WIN COPS' HEARTS EL PASO, July 26 .- Policemen are chicken-hearted-sometimes. Patrolmen Griffin and McClellan "arrested" three cats on the complaint of persons who were annoyed by the midnight serenades. The officers were asked to kill the kittens. But no one at headquarters had the heart to shoot the "prisoners" and they now have the run of the jail kitchen.

A CHILD IN PAIN runs to Mother for relief. So do the grown-ups. For sudden and severe pain in stomach and bowels, cramps, diarrhoea CHAMBERLAIN'S

## Announcement

THE STUDEBAKER CORPORATION OF AMERICA is pleased to announce to its customers, friends, and the public generally, its complete line of new

## 1924 Model Studebaker Cars

Avoiding the superlatives frequently used in automobile advertisements, the Corporation desires to faithfully state the facts concerning these cars and the reasons why the public should buy them.

## THE CARS

In design, quality of materials, standard of workmanshin durability, refinements, performance, freedom from repairs, and price, the Studebaker 1924 Model Cars are distinctly the greatest intrinsic values the Corporation has ever offered.

Every improvement the safety and practicability of which have been verified by engineering tests is embodied in these new cars.

### The Big-Six

THE BIG-SIX LINE comprises four models, mounted on the standard 126-inch chassis with 60 H. P. 378 x 5 inch motor: 7-bassenger Touring Car - \$1750 5-passenger Coupe - \$2550 5-passenger Speedster - \$1835 7-passenger Sedan - \$2750 all prices f. o. b. factory

Refinements and a few minor mechanical changes have been made in the Big-Six, which has established an enviable record for five years. Our large production accounts for its low price. It is a car of the highest grade, comparable to the best.

### The Special-Six

THE SPECIAL-SIX LINE comprises four models mounted on the standard 119-inch chassis with 50 H.P. 31/2x5 inch motor: 2-passenger Roadster - \$1325 5-passenger Coupe - \$1975 5-passenger Touring Car - \$1350 5-passenger Sedan - \$2050 all prices f. o. b. factory

Radiator, hood, cowl, and body changes have been made in the Special-Six, with minor mechanical changes and refinements in the chassis. The Special-Six has for five successive years added luster to the name STUDEBAKER. It is one of the most satisfactory and finest cars on the market. It is as good in every respect as the Big-Six, except that it is smaller, and costs less to produce, and therefore sells for less.

### The Light-Six

THE LIGHT-SIX LINE comprises four models, mounted on the standard 112-inch massis with 40 H.P. 31/8x41/2 inch motor: 3-passenger Roadster - \$975 2-pass. Coupe-Roadster-\$1225 5-passenger Touring Car - \$995 5-passenger Sedan - \$1550

No body or mechanical changes except refinements have been made in the Light-Six. Over 130,000 Light-Sixes have been produced in the new, modern \$30,000,000 Studebaker plant at South Bend, Indiana, under most economical and almost ideal manufacturing conditions. In our judgment, it stands out as the greatest value and the closest approach to mechanical perfection in moderate priced cars yet produced.

### THE REASONS WHY

With \$90,000,000 of actual net assets and \$45,000,000 invested in plants, Studebaker has ample physical facilities to manufacture most economically.

Studebaker's organization of manufacturing executives, engineers, metallurgists, chemists, inspectors, and skilled mechanics is second to none in the industry. The design of Studebaker cars and the workmanship upon them conform to the highest principles of engineering standards and mechanical practice known to the industry.

### Best of Materials Used

Studebaker cars contain the finest known grades of iron, steel, aluminum, tires, electrical equipment, glass, bearings, etc. No better materials for automobile manufacture exist. Sheet aluminum has but one-third the tensile strength of sheet steel, and consequently, Studebaker uses sheet steel for its bodies.

By the manufacture of drop forgings, castings, stampings and the machining, assembling and finishing of motors, axles, frames, transmissions, bodies, tops, etc., and the consequent elimination of middlemen's profits, coupled with lower overhead factory costs per car arising from quantity production and low commercial expenses, Studebaker's costs are kept at an economically low point possible of attainment only by manufacturers with vast physical and financial resources.

### **Bodies Unexcelled**

The bodies of Studebaker cars are not excelled in quality of materials and craftsmanship, by any cars on the market. The Coupe and Sedan closed bodies are magnificent examples of the coach builder's art.

### Merit Wins

The sales of Studebaker cars for the past six years have shown each and every year a progressive increase. 81,880 cars were sold in the first six months of 1923 as against 60,053 for the same period last year. Only products of merit can make such

Modern equipment has been purchased and will be used on these trains. Nos. 1 and 4 will make connections at Dublin with M. K. & T. and Frisco trains in both directions. Passengers using train No. 2 make close connections at Breckenridge with Wichita Falls & Southern trains for all points on that line. For information relative to conditions and service, call on local Ticket Agent.

General Passenger Agent

IT WILL START FRIDAY MORNING AT 8 O'CLOCK

## Great Summer Glearance Sale of J. M. White & Co.

RANGER AND EASTLAND

No goods carried from one season to another is the policy of this store. Every piece of summer goods must be sold by August 15th. Already large shipments of Fall Merchandise are arriving daily.

## MUST HAVE THE ROOM

Cost prices on all summer goods have been forgotten during this sale and we only have one thing in view—that's to clean out all this season's goods. You are the one who reaps a profit by this sale.
