

NO ATTORNEYS ON BONDS, RULE OF JUDGE HILL

Faulty Sureties Exposed in Court and Law En- forcement.

Special to The Times.
EASTLAND, May 27.—After passing on contests in a large number of forfeited bail bonds in criminal cases, Judge E. A. Hill entered upon the minutes of the court the following order:
"It appears on the call of the scire facias docket of bond forfeitures that a number of bonds forfeited were executed to the sheriff by attorneys as sureties. Since attorneys are officers of the court, it is the opinion of the court that it is to the best interest of the due administration of the law, as well as the attorneys themselves, that they refrain from joining as sureties in the execution of bonds in criminal cases.
It is therefore ordered by the court that the officers of this court accept as sureties no attorney who practices in this court, except in special instances when permission to do so is granted by the court."
In the case of the state versus Louis Fitzgerald, principal, and sureties T. M. Mirrick and W. J. Mays, a judgment was entered against both principal and sureties for \$750. The defense made by the sureties was that the former orders declaring forfeiture on the bond should be set aside because the judge had not fixed the amount of the bail and this the sheriff had no authority to take the bond, because there was no variance between the nature of the offense described in the bond and in the indictment.
In the Sam Fiegenhutz case the sureties, W. J. Mays and J. D. Hollingsworth, asked for the forfeiture on a bail bond for \$2,000 set aside because the offense charged in the indictment and the offense charged in the indictment were different. The county attorney announced that in his opinion the forfeiture was defective and void as to the sureties, because the offense had not been properly charged in the bail bond. The court ordered the forfeiture set aside as to the sureties, but made the judgment final as against the defendant.
The judgment of forfeiture on the bail bond of E. R. Davis was made final as to Davis and set aside as to the sureties, R. M. Todd and W. J. Mays, because the bail bond charged was defective in that it failed to describe the crime properly. Amount of this bond was \$750. An order was entered setting aside the judgment of forfeiture against the sureties, R. M. Todd and W. J. Mays, making the same final against the principal, E. R. Davis, in the sum of \$750. In this case it was shown that the county attorney admitted that the bond is defective.
The forfeiture against B. F. Blossom and sureties was set aside because the county attorney admitted that when the bond was forfeited the case had already been dismissed.
Other judgments were:
State versus Elmer Wright and sureties. Forfeiture set aside because the defendant had later appeared, was tried and convicted, and showed that he was sick at the time of the forfeiture.
State versus E. P. Wright and sureties. Same order.
The forfeiture on the bond of J. J. Allison and sureties was set aside because it was shown that at the time of the forfeiture the defendant had committed suicide.
State versus Fred Wheat and sureties. Forfeiture set aside because defendant was wounded at the time of forfeiture and appeared later and was tried and acquitted.
The forfeiture against Carl Churchill and sureties was set aside because within a few hours after the year the defendant appeared for trial and explained to the court that he had roads had prevented his being on time, the court having failed to notify the clerk not to enter up the forfeiture.
State versus M. C. Wood and sureties. Forfeiture set aside and vacated because no bond had been taken in the case called for trial, and the bond forfeiture was in another case.
State versus J. C. Bailey and sureties. Forfeiture set aside because no bond had been taken and the forfeiture was on a bond in another case not set for trial at that time.

MANY PARDONS ARE URGED BY PRISON BOARD

AUSTIN, May 27.—Twenty-two pardons have been recommended by the board of pardon advisers for poor and friendless convicts in the state penitentiary as a result of the recent trip taken by the board with hearings conducted at El Paso, San Antonio, Dallas, Fort Worth, Galveston and Houston. Approximately three thousand persons appeared before the board during the trip, according to a report filed by F. R. Smith, chairman of the board, with the governor.
In most instances, pardons were recommended for convicts whose cases had been brought to the attention of the board, and the report gives some pitiful cases of misery and hardship discovered by the board during its investigations.
They visited the home of a mother of seven children, whose husband was serving a term of five years for theft. They found that she was doing her best to support her family by taking in washing, "but we could see way down the eyes of this little woman and her children the lack of the necessities of life and the lack of food to give them sufficient strength with which to combat life," said the report.
Visits were received from several convicts, according to the report, who wanted their citizenship restored, and in many cases the change in manner and appearance of the applicants was so marked that the board had difficulty in believing they were ex-convicts.
The expenses of the trip to the state were \$291.55, according to the report.

WANTS JUSTICE TO MAKE PROBE FOR MEX. GOVERNMENT

MEXICO CITY, May 27.—Appointment of a commission to investigate Carranza's death is asked of Mexican senate by General Obregon who suggests that the commission be headed by the supreme court justice.
QUERTARO, Mexico, May 27.—General Obregon today surrendered to Gen. Lazaro Cardenas at Coyula, Puebla, and is being taken to Mexico City to tell all he knows about the death of Carranza, according to a message received by Gen. P. Elias Calles.
General Calles has ordered all persons accompanying Carranza at the time of his death to be detained and questioned regarding the circumstances.

TREATY TOOK LARGE PART OF INDUSTRY

BERLIN, May 27.—The Bremen firm of Hagedorn, in a report on the continental cotton situation, states that Germany through the loss of Alsace-Lorraine has lost one-sixth of her cotton industry but is still third after the United States and Great Britain in the number of spindles and looms.
The German cotton industry is working at 25 to 30 per cent normal and Hagedorn estimates that to occupy the continental market fully it would require 2,500,000 bales of American cotton during the next six months.

DANDELION SOUGHT BY ALL WHO THIRST

WINCHESTER, Va., May 27.—Prohibition and the high cost of living has elevated the lowly dandelion to healthy estate in this section of the country. Residents this spring are seeking the little yellow blossoms everywhere, scouring lawns where the dandelions have been considered a pest, country lanes and pasture fields, filling baskets with the blossoms and the green leaves. The little blossoms go into old-time dandelion wine. The leaves, young and tender, have long been eaten as greens similar to spinach.
GIVES PORT SAID FIRST AS
WICKEDEST MODERN CITY

PEACE VETO READ BY CONGRESS TODAY

WASHINGTON, May 27.—President Wilson's message vetoing the Republican peace resolution will be sent to Congress today. White House officials declined to say whether the President would return the Versailles treaty with his veto or an oral message.
Such methods of making peace with Germany, the president declared, "would place an ineffaceable stain upon the gallantry and honor of the United States. Without announcing our intentions regarding the Versailles treaty," the president said the treaty embodied all the important things omitted by the resolution and that by rescinding the treaty the United States declared in effect it wished "to draw apart and pursue objects and interests of its own."

UNIVERSITY TEACHERS ARE GIVEN SALARY INCREASE

ST. LOUIS, Mo., May 27.—Staff instructors at Washington university, receiving annual salaries of \$4,000 or less, will be given 25 per cent increase at the opening of the scholastic year next September. Chancellor Frederick Hall has announced.

BOLL WORM IS STILL BEFORE LEGISLATURE

By Associated Press
AUSTIN, May 27.—Both branches of the Legislature met in joint session today to hear letters from Secretary of Agriculture E. T. Meredith on the pink boll worm. The session follows a two-day adjournment. The boll worm committee held no meeting this morning.
A delegation of Texas sheriffs asked the governor to submit the proposed increase in fees and prisoner allowance. A twenty-five per cent increase in salary for deputies is also being considered. Those who declare they are unable to keep efficient men at the present wage.
Amendments to the minimum wage law are expected to be agreed upon today by a conference of employers and employees sitting with the Industrial Welfare commission. The plan generally favored proposes to fix minimum wages by cities, according to population.
Immediate needs, Mr. Meredith's letter said, are a declaration of a non-cotton zone for infested areas of Texas, plowing up fields already planted in such areas, if Texas should fall in the present emergency to carry out the program of extermination, adopting in lieu thereof some halfway course which would practically amount to giving up the fight, leaving ample room for the spread of the insect in Texas to other states, the department of agriculture, realizing its obligation to other cotton growing states, feels it would be a remission of duty if it failed to do everything possible within the limit of its power and authority to prevent the spread of the pest from Texas.
It was upon the suggestion of J. F. Wolters that this action was taken. Meanwhile it was not the intention of the proposer to thwart the purpose of the two agricultural committees of the House and Senate in their effort to obtain all the testimony possible in connection with the pink boll worm. Testimony will continue and the subcommittee will meet at such times as will not interfere with the work of the investigating body. This plan was also suggested by Mr. Wolters. The first subcommittee meeting was held tonight to work out a program suitable to the needs of farmers, which probably will be presented to the federal horticultural board tomorrow. Should this action or movement avail nothing, according to Mr. Wolters, then the investigating body will have lost no time and continuation of the taking of evidence can proceed uninterrupted.
Members constituting the special subcommittee for the purpose of drafting legislation which it is hoped will be agreeable to wishes of the state and federal departments of agriculture and to the farmers in the infested districts, are: Jake F. Wolters, attorney representing farmers; C. W. Minson of Galveston county and W. H. Nichols of Brazoria county, farmers of the infested district; Representatives Brown of Liberty, Veatch and Belden, together with B. L. McDowry, chairman of the investigating body; Senators W. R. Cousins and F. M. Gibson, Commissioner of Agriculture F. W. Davis and Attorney General C. M. Cretton. The committees will meet with the four members of the federal horticultural board in Austin tomorrow afternoon. Dr. C. L. Marlatt, chairman; Dr. W. D. Hunter, Carl Kellerman and Dr. Sudworth are the members of the federal board in Austin.

AMERICAN ADS AMAZE GERMAN

By Associated Press
BERLIN, May 27.—Germans marvel at American magazine advertisements. A writer in a Berlin paper talks of feasting his eyes on the pictures of food in a popular American weekly.
"Who has to advertise ham in order to get rid of it in Germany?" he facetiously asks. "But the unfortunate American who has a ham to sell must first buy, for a dreadful lot of money a whole page in a magazine and, at another terrible price, hire an artist to paint a picture of his ham."
"A cross section. White layers of fat. Salmon pink flesh, with streaks of fat like the rays of the sun."
It amazed him to find that, in addition to the picture, the owner of the ham "finally has to sing its praises in sweet words."
"How we pity," he exclaims, "the American who possesses a ham!"
Turning over the pages, the writer came upon an advertisement of rubber shoes. Evidently he thought they were made for the purpose of the Germans make their "sole-keepers."
"Don't imagine," he goes on, "that these American sole-keepers are the kind we have in Germany, made of iron. Not a bit of it. They are made of rubber!"
An idea of how scarce and dear rubber is in Germany may be gathered from the writer's statement that "the cost of these American sole-keepers, computed in our valuta, would be as great as that of a railway trip from Berlin to Hamburg, with one day in a hotel besides."

MONROE DOCTRINE TO BE DISCUSSED BY SMALL NATIONS

VALPARAISO, May 27.—A Pan-American congress of "internationalists" convened by leading journalists of North and Central America, whose duty it would be to define the meaning and scope of the Monroe Doctrine, is proposed by Juan Ignacio Galves, a Chilean publicist, writing in El Mercurio.
The members of the congress would be chosen, according to his plan, by the newspaper publishers of each country, including Canada, five from each, and would meet this year, preferably, in Buenos Aires. The definition arrived at would be presented for official adoption by the next Pan-American congress which will meet in Chile.

COMMITTEE SENDS WILSON'S LETTER ON ARMENIA BACK

WASHINGTON, May 27.—The President's proposal of an Armenian mandate was disapproved today by the Senate Foreign Relations committee. Only four Democrats opposed adverse action. By a vote of eleven to four the committee reported the resolution declaring that Congress respectfully declined to grant the Executive power to accept a mandate over Armenia.
Tanners and manufacturers believe prices will fall by that time, Mr. Brand said, because of the recent decline in leather prices. This decline could not be reflected in shoe costs, he said, because they are made up far in advance of the season in which they are offered on the market.

BOOZE FOR G. O. P. WETS CAUGHT ON WAY TO CHI

LOS ANGELES, May 27.—A freight car bearing 640 cases of "extra dry" California champagne bound for the Hotel Sherman in Chicago, where the California delegation to the Republican convention will reside, has been side-tracked. Prohibition agents procured the car from leaving the state. Needles, Cal. Federal permit for shipment of the carload of wine was secured for medicinal purposes.

JAPANESE BANK CLOSES DOOR: WILL AFFECT U. S.

TOKYO, May 27.—Suspension today of the Seventy-fourth Bank of Yokohama, controlled by Sobei Mogi, is regarded as being important because it was connected with the silk operation, Japan's chief American export.
ARMENIANS WILL MEET
RUSSIANS ON INVITATION

LEGION MEETS TONIGHT.

Carl Barnes post, American Legion, will hold a meeting tonight in the Elks lodge, above Marston street on Main. Important business matters will be considered. Reports on the band and the returns from the legion dance at Shamrock park will be made.

OMAHA STORES WILL ADOPT NEW PRICES

OMAHA, Neb., May 27.—Regular prices will prevail next Saturday at two stores which were first to announce hoisting, but a mob gathered and the negro was spirited away.

PALMER STATES His Platform as a Candidate

By Associated Press
WASHINGTON, May 27.—Flat opposition to government ownership of railroads received the endorsement of the federal control of manufacture distribution "necessary commodities" and the elimination of excess profits taxes in favor of higher taxes on incomes from investments was characterized by Attorney General Palmer's reply to the recent questionnaire submitted to presidential candidates by the national board from organizations.
The right of free speech, Palmer said, must be carefully guarded and preserved. "I would have men preach just as radical doctrines as they see fit to preach, so long as they strive to make their doctrine effective by peaceful means, but the right of free speech is not the right of unbridled speech without responsibility."
"I believe the time has come when in the interest of the producer on farms and the consumer in centers of population, there should be government regulation of exchanges dealing in foodstuffs and in securities of corporations whose business has to do with necessities."

ADOPT NAVAL BUDGET WITH FEW CHANGES

By Associated Press
WASHINGTON, May 27.—Next year's naval budget is fixed at about \$430,000,000 under a complete agreement with the naval appropriation bill reached today by the senate-house conference. The original house bill carried \$425,000,000 and the senate bill \$467,000,000. The conference agreed upon \$20,000,000 for naval aviation.
In lieu of the senate appropriation of \$1,000,000 to begin work on the new Pacific coast base in San Francisco, the conference authorized a congressional commission of five senators and five representatives to investigate available sites at San Francisco bay to report to congress not later than December 31.

SENATOR HARDING'S FUND IS LOOKED UP

WASHINGTON, May 27.—A total of \$113,109 was raised for the campaign of Senator Harding, Republican, Ohio, today by John C. King of Connecticut, the committee investigating pre-convention campaign expenses was told by Harry M. Daugherty, Harding's manager.
WASHINGTON, May 27.—Dan Hanna of Cleveland agreed to raise \$500,000 to finance General Wood's campaign, the campaign investigating committee was told today by John C. King of Connecticut, who first was manager of Wood's national organization.
General Leonard Wood's presidential aspirations have thus far cost William Cooper Proctor, his manager, \$510,000, and an amount nearly equal to that has come in from other sources. Proctor told the senate subcommittee investigating campaign expenditures. Mr. Proctor said he made an initial contribution of \$10,000 and since then had "advanced" a half million more out of his own pocket. Representative Lewis C. Cramton of Michigan, who conducted Senator Hiram Johnson's campaign in that state, said the expenses for his candidate's fight there were \$134,570, of which \$5,071.73 was as yet unpaid. He said Johnson's California organization advanced \$63,200, and that less than \$1,000 was raised locally in the neighborhood of Detroit.
Palmer's campaign has thus far cost in the neighborhood of \$70,000, with the Pennsylvania manager yet to be heard from, declared Carlin. "The attorney general himself," he declared, "had made no personal contribution."

EASTLAND OIL MAN SUCCUMBS AT DALLAS

EASTLAND, May 27.—Sam Lykins, well known oil operator of Eastland, died Tuesday night in the Baptist sanitarium in Dallas, while undergoing an operation.
He was connected with oil development in the Eastland-Ranger field during the past year as one of the owners of the Lykins well near Olden.
For six years he was custodian of the statehouse in Kentucky under the administrations of Beckett and Stanley. Later he was warden of the state penitentiary of Kentucky.
Mr. Lykins was born in Morgan county, Kentucky, forty-eight years ago. He came here from El Paso. The body will be sent to Kentucky for burial.

SHERMAN SCORES LEGION'S REQUEST FOR BONUS

WASHINGTON, May 27.—Senator Sherman, Republican, Illinois, speaking today in the senate, denounced the proposed soldier relief bill as a "disgraceful deterioration of the patriotism of a great country."
If the impelling aim of the American Legion is to "loot the federal treasury," he said, "it is a disgraceful organization."
Senator Sherman declared that for twenty years he had never allowed the American Federation of Labor to dictate to him and that he did not intend to permit the American Legion to do so.

LOWER SHOE PRICES ARE FORECAST BY TANNERS

WASHINGTON, May 27.—Lower shoe prices next winter and spring were predicted today by Edward A. Brand, secretary of tanners' council of the United States, testifying before a senate committee of inquiry.
Tanners and manufacturers believe prices will fall by that time, Mr. Brand said, because of the recent decline in leather prices. This decline could not be reflected in shoe costs, he said, because they are made up far in advance of the season in which they are offered on the market.

KOLCHAK WAS EXHIBITED FOR PRICE AFTER CAPTURE

VANCOUVER, May 27.—Admiral Kolchak, former head of the all-Russian government, after his capture by revolutionists, was placed in a cage at Irkutsk and was exhibited for a nominal charge, according to a former member of his staff, recently arrived here.

TURKS OPPOSE TREATY PREPARED BY ALLIES

NAGORA, May 27.—Unalterable opposition to the peace treaty the Allies have submitted to Turkey is expressed by Mustafa Kemal Pasha, leader of the Turkish Nationalists forces.

BEST FISHING RESERVE

ASHLAND, Wis., May 27.—Fishing considerably better than the average is reported by professional fishermen on Lake Superior.

POT BOILS ON FOR GOP TILT LOOMS CLOSER

By Associated Press
CHICAGO, May 27.—Candidates to the Republican national convention have opened the final drive for the 493 votes that spell victory in the meeting to be held here a week from next Tuesday.
The last of the 984 delegates were chosen yesterday in the primaries of Vermont. As the game stands today, Major General Leonard Wood leads the lists with 153 votes. His total is less than one-third of the number required to secure the nomination.
Johnson boasts of 109 delegates, Lowden 74, with 648 in the hands of favorite sons and unrepresented delegations. In the 145 contests that have been filled, over one-seventh of the seats are still at stake.
Speculation is high, and as the date of the convention approaches interest becomes feverish. Conservative leaders predict the nomination will not come before the fifth or sixth ballot is taken. Democrats fill the air with opinions regarding the procedure that will be followed and the manner in which the victorious one will be finally awarded the leadership in the Republican presidential fight.

WOMAN BANKER of Opinion Men Are Best Payers

MEMPHIS, Tenn., May 27.—Tennessee's woman banker, the only woman bank president in the country, while here attending the Tennessee State Bankers' convention declared she would lend to men in preference to some women but first-class security was an essential.
She is Mrs. J. Runyon, wife of a physician, whose financial institution is located at Clarksville, in north central Tennessee. She and the cashier, the wife of the state's attorney for the county, are the only officers. All the directors are women.
"Men come to me, tell me of their business and borrow money," she said. "Our bank is only seven months old. Its purpose is to aid young people who want to save and that was the prime motive for its foundation. The idea was carried out solely by women; but a man suggested it."
The bank has a capital of \$15,000 and its first six months' deposits aggregated \$53,000.
When called upon to address the convention, Mrs. Runyon declined with thanks, saying she had never talked to so many men.

CONVENTION HALLS WILL BE PACKED TO LIMIT AT OPENING

WASHINGTON, May 27.—More than 150,000 applications have been received for seats in the Republican national convention at Chicago and there are only 13,000 seats available. Hundreds who go with the idea that some influential political friend can get them in will be disappointed for the seats simply will not be available.
The press section is facing the same fate. There were one thousand more applications than there were seats, James Preston, superintendent of the senate press gallery here, who has charge of the arrangements in the press section at Chicago and San Francisco, made a special trip to Chicago to arrange for relief seats. By rearrangement the press space he managed to get in just five more seats. All persons who were allotted seats at Chicago have already been notified. No notification has been sent to those who could not be accommodated.
At San Francisco congestion is expected to be as serious.

HELP WAS REFUSED; NOW ARGENTINA IS TO BORROW AT HOME

By Associated Press
BUENOS AIRES, May 27.—Argentine government having failed to obtain either in Europe or the United States a proposed loan to enable it to consolidate its floating debt of about \$205,000,000, it now plans to resort to a domestic loan for the purpose, it is reported. President Irigoyen, it is said, intends to bring the matter before congress shortly and ask authorization to issue the bonds. Newspaper comment upon the idea is generally favorable, it being pointed out that there is no other recourse.
While the flotation of such a large internal loan will be unprecedented in Argentina, the growing wealth of the country is cited as propitious for its success. It is pointed out, moreover, that subscriptions in Argentina to the Italian loan reached \$140,000,000.

MARTIAL LAW IS ASKED FOR OKLAHOMA DISTRICT

OKLAHOMA CITY, May 27.—Governor J. B. A. Robertson was asked yesterday by John A. Whithurst, president of the state board of agriculture, to declare martial law in a district of Sequoyah county and send state troops for the protection of state property.
Whithurst, after investigating the destruction recently of several cattle-dipping vats, declared the farmers in three townships of the county were in open defiance of the law relative to dipping cattle for eradication of ticks.

ENGINE KILLS GULF PUMPER BARNES LEASE

O. W. Rominger's Body Found Near Work This Morning.
O. W. Rominger, 21 years old, a pumper for the Gulf Production company, was found dead this morning at 6 o'clock near the Barnes #21 No. 8 on the Marie Barnes lease, about four miles west of Ranger.
Justice of the Peace McFatter held an inquest. His verdict was that death had been accidentally caused by the pumper falling into the fly wheel of the engine of which he was the operator.
E. F. McCulle, who worked on the opposite tower, said in his statement at the inquest that he was relieved last night at 12 o'clock by Rominger. This morning he was called by Mrs. Rominger to go look for her husband. She had become worried because he had not followed his usual custom of returning to their camp, which is nearby, after seeing that the pumps he was attending were running in good shape.
Mrs. Rominger verified this statement. She also said that her uneasiness was partly brought about by her husband telling her that on the previous night when he went to work he had seen two men run out of the engine house and disappear into the woods.
When McCulle went to look for the man, he was accompanied by Mrs. Rominger. The body was found several feet from the pump house. Evidence pointed to the fact that after becoming hurt the pumper had dragged himself to the spot where he died.
The supposition of both McCulle and Constable R. L. Faircloth is that Rominger leaned over the rear of the engine to oil some bearings when his foot slipped and he fell within the fly wheel.
Mrs. Rominger said that she and her husband came from San Antonio and had only been married about ten months. The Milford Undertaking company will send the body to that city.

CAR SHORTAGE Hits Cattle Men in State

By Associated Press
FORT WORTH, May 27.—Cattle movement in the Southwest is hampered by the car shortage, states the official weekly report of the Texas Cattle Raisers' association, from West Texas where much Wyoming and Montana stock was wintered there, to return these cattle to home ranges raises a tremendous demand.

CANADA'S OFFICIAL CHAIR AT CAPITOL WILL BE OCCUPIED

PHILADELPHIA, May 27.—A musty American diplomatic secret has been disclosed here through the announcement that Canada soon will send its own minister to Washington. It is that for the last ten years a specially made chair carved with the Canadian coat of arms has been waiting in Washington for this envoy.
Elihu Root, then secretary of state, ordered the chair, one of the many specially designed for the Pan-American Union building at the capitol, Andrew Carnegie's memorial to cement more firmly the relation of the Americas. The story is told by Albert Kelsey, of this city, one of the architects of the Pan-American building.
"Once a month the ambassadors and ministers of all the American republics meet and are presided over by our secretary of state in the Pan-American building and each representative has a chair of his own, with the arms of his country carved on the back.
"Now when these chairs were decided on, Secretary Root asked me to have an additional one made with the Canadian coat of arms on it, which was done, and which has been hidden for the past ten years, for Secretary Root cautioned me to use his exact words—to 'be a little reticent about the matter.'"

LAMB—Mildred Harris Chaplin in "The Inferior Sex."

LONE STAR—Mildred Harris Chaplin in "Home."

LIBERTY—Mary Miles Minter in "Jenny Be Good."

OPERA HOUSE—Cracker Jack's Musical Comedy company and Charlie Chaplin in "The Count."

HIPPODROME—"The Midget Musical Follies" present "Louie the 13th."

QUEEN—Tom Mix in "Roman Cowboy."

LAMB

Mildred Harris Chaplin in "The Inferior Sex."

Mildred Harris Chaplin holds the center of the stage in the clever comedy drama, "The Inferior Sex," which played at the Lamb theatre yesterday and will be shown again today. A two-reel comedy, featuring Gale Henry, the elongated comedian, and a news weekly are added attractions.

"The Inferior Sex" deals with modern marriage and shows the adventures of two couples of opposite likes and temperaments. It is a little satirical in treatment, but not in an unkindly mood. The story contains an unusually good plot and points a moral without moralizing. It affords a study in contrasts and a shrewd analysis of human nature, and at the same time has plenty of action and humor to keep it from being tiresome.

LONE STAR

Bebe Daniels Made Dramatic Debut in Her Mother's Arms.

Pretty Film Player, Here in "The Dancin' Fool." Left Convent to Play in Comedy.

Bebe Daniels, the pretty motion picture player who is Wallace Reid's leading woman at the Lone Star theatre Friday in "The Dancin' Fool," made her debut in dramatics at the age of ten weeks. Her mother and father were both actors, and Bebe was carried on the stage in her mother's arms. At the age of eight, Miss Daniels abandoned theatricals to enter a convent.

Four years ago, Miss Daniels received her diploma from the convent school and immediately satisfied a long-cherished ambition by breaking into motion pictures. Until recently she specialized in comedy, serving as foil for one of the leading slapstick artists. Then came the opportunity to do more serious work under Cecil B. De Mille's direction, and Miss Daniels accepted it eagerly. Her work in the Babylon episode in Mr. De Mille's "Male and Female" and as the "other woman" in "Why Change Your Wife" established her a character actress of extraordinary ability.

As the girl-heroine of "The Dancin' Fool," Miss Daniels has one of the most congenial parts of her career. She is cast as a cabaret dancer, who is really a modest, home-loving girl at heart. The picture was adapted by Clara Kennedy from a magazine serial by Henry Payson Dowst. Sam Wood directed, and it is a Paramount Arteract picture.

QUEEN

Woman Scorns Oriental; "Suicide of Course," Says Slayer to Scared Boy.

"Stop! Do you think for a minute that there could be anything serious between me and that black Hindu?" Valeska DeMarsay, the blackmailing adventuress in "For a Woman's Honor," had been playing the spineless Dick Rutherford against Debendra Nath, her Hindu lover.

"You heard!" Valeska turned defiantly on the Hindu. "Well, that ought to put you in your place!" Nath jumped at the woman, seized her by the throat and sank his knife to the hilt in her heaving breast. Dick grasped in horror. He could not inform on the Hindu for Nath knew secrets that would blast the white man's reputation.

"What will we do? What can we say?" he exclaimed in terror. "Suicide, of course!"—coolly remarked the Hindu, as he threw the knife by the side of the body and left the room.

"For a Woman's Honor," starring I. B. Warner, is a thrilling story of blackmail, Oriental intrigue and romance. It is a Robertson-Cole picture distributed by Exhibitors Mutual.

This picture will be shown Saturday at the Queen.

Little Benny's

By Lee Pape

Yestiddy after supper pop was smokin' and reeder in the setting room and I was wonderin' what I would drahter be doin' if I dident haff to do my lessins, and I sed, G. pop.

That's a good beginnin', sed pop. This is certeny a nice room, I sed. Do you think so? sed pop.

Yes sir, its a peetch of a room, G. look how big it is, sed I.

It is a nice sized room, as a matter of fact and I'm glad to see yo notice things like that, said pop, true happines consists in appreciating your own home, as a gentleman in Kansas suddinly thout when he saw the ceiling disappear dooin' a cyclone.

Yes sir, I bet its three times as big as wat some rooms are, its a big room, all rite, I sed.

So you mentioned, sed pop. Look at all the space between the chairs and things, I sed.

Jest look at it, sed pop, and I sed, G. pop wat do we need sutch a big room for if it was only haff this big?

Perhaps it would my life has been so bizzzy I've never had time to think of that before, sed pop.

Well then why can't I have haff of it for myself to do somethin' in, pop? I sed. Sutch as wat? sed pop.

Raise rabbits, I sed. You get funnier every day, you'll get a laff out of me yet, do your lessins, sed pop.

Wich I did.

WIFE OF SPY IS NOW LONDON KITCHEN GIRL.

LONDON, May 27.—Mrs. Lincoln, wife of Ignatious Tribitsch Lincoln, the former German spy deported from England and press censor during the recent Kapp revolt, is now employed in domestic service in a quiet hotel not far from London, says the Daily Sketch.

She once had a big establishment of her own, Lincoln, the papers say, has written to his wife asking herto go to Germany but she adheres to her decision to remain in this country and bring up her children as British subjects.

which she is riding over a high cliff and bring the story of "Jenny Be Good," in which Mary Miles Minter is presented at the Liberty theatre today, to an exciting climax.

Born to occupy a place of security in New York's smartest society, the woman, by one of the strange tricks of fate, has become a drug victim. Discovering at length the plight in which she has involved herself, she fights to avoid the inevitable.

But the sunshine of life breaks at this point when Jenny, played by Miss Minter, comes finally to discover the love and happiness she has struggled against odds to attain. Her pretty Realtor star is supported by an excellent cast in presenting this story of smart social life for the screen.

LAMB

Animals Are Stars in Comedy Picture. Sennett Features His Menagerie and Feathered Follies.

Mack Sennett's latest five-part comedy sensation, "Down on the Farm," released by United Artists (the "Big Four") will be the big feature at the Lamb theatre for two days, beginning tomorrow.

"Down on the Farm" represents Mack Sennett's genius as "comedy king" at its height. Through five reels he carries the beholder through alternating scenes of comedy, travesty, hilarious satire, serious drama and thrilling episodes, never permitting keeping it up at a speed typically in "Sennett tempo."

The story relates the adventures in romance and finance of "a trusting corn-fed beauty," namely, Louise Fazenda. The romance of her life is provided by the "hired help," whose fists are as big as their heart. Finance is brought to the plot by the village banker—a kind of cross between Shylock and Don Juan or a mixture of Turk and "shark." The farm hand loves her for herself alone. The village house broker and home-wrecker desires her for an inheritance.

Coming Sunday "The Courage of Marge O'Doone" By James Oliver Curwood LIBERTY

VOICE OF PROMISE IS ALTHEA DEAN'S AT THE HIPPODROME

The business of being a prophet is without thanks, generally speaking. Take the weather man, for instance.

But the meteorologist and the black-clad astrologist—four pardon, Mr. Marvin—who reads in the conjunctivity of the planets the events which are to curse and bless the world in the unborn years, are far removed in their methods from the simple observer who finds talent, youth and ambition agreeably combined and presages that success is not far away.

The bill at the Hippodrome—the Midget Follies—is above the average. And with it comes the voice of Jappe Althea Dean, vintage wine with table d'hote.

She has sung "Give Me All of You" and "In the Heart of a Rose" for Ranger audiences. In her parentage, odd mixture of romantic Latin and practical Boston, may be found partial explanation for the warm sympathy which glows in her voice and for the application which some day will place her with—let the years supply the answer.

Of her voice, a clear, concert soprano, say simply that its appeal finds its way straight to the heart and its clarity, strength and sweetness show that careful training has made the most of a golden natural endowment. What a wayfaring critic may say of it will not add to its beauty, nor further its success. When the day comes that the powers that be in the musical world find the voice of Miss Althea Dean, then it will find a wider sphere.

This is her first professional engagement, entered from concert work, after her training at Bush conservatory of music at Chicago. She is with the Kitzell company, she admits, half in the spirit of adventure and bravado, to prove to a boastful friend that she, too, could use her ability with a road company.

And what matters the route to success? Where talent, and youth, and the urge to win are co-workers, the goal is the same, no matter what road is used to reach it.

Her immediate ambition, suited to America's recipes for making fame, is vaudeville. From vaudeville—where you will, Althea. For when the gods have been good, luck is an empty term. Success is the natural follower of ability and effort.

Another bright spot in the Hippodrome

HUSBAND FINDS LETTERS; WOMAN SHOOTS SELF

ATCHISON, Kan., May 27.—Mrs. William Stephenson, wife of a commission merchant, was near death here today the result of four self-inflicted wounds.

According to her husband she turned the weapon upon herself when he came into possession of letters she had written to another man.

Divorce proceedings had been instituted by Mrs. Stephenson.

Acting on a request from employees of several oil companies, the Opera House has moved its vaudeville matinees up an hour, and the afternoon picture now starts at 1:30 p. m. and the vaudeville at 3:30 p. m.

Only one vaudeville show will be given tomorrow. The High school play will be shown at the Opera House tomorrow night in place of the regular bill.

Lively interest in the play has been shown and advance ticket sales have been heavy. A record attendance is expected. Doors will open at 7:30.

"Tinker Bob" Stories

by Carlisle H. Holcomb

MAJOR POLE CAT ARRIVES.

Now it was very wrong for Jerry to be so rude as to tell everything he knew about Bob White being taken to Bird Heaven. It made Bob White's brother feel very badly, because he wanted to tell the truth about his visit and he knew that Jerry had the habit of telling things that were not true.

While this fellow was hiding in the thicket and talking to Johnny Field Mouse, Tinker Bob was investigating the sounds that came to his ear from a tree some distance away. Said he to himself: "If I go to the tree boldly, I'm afraid that the voices will cease and I will not know what it is all about." So he decided to tap the Stone of the Unseen and see if he could not get close to the tree without being seen.

He tapped the stone against the Stone of Knowledge and at once he passed out of sight so that no creature of the forest could see him, and the beautiful creature took him silently to the tree where the voices were heard. Of course Tinker Bob could see everything that was going on, but no one could see him, and he could hear the mingled voices of many forest dwellers. The first voice, however, that was speaking plain was this one:

"Thief! Thief! The King had no right to take Bob White to Bird Heaven without saying anything to the other forest dwellers."

I am sure you know just who it was that said these words. Yes, it was Jerry—the same Jerry that was so anxious to get his feathers back so he could fly again. It seems so strange that he should forget so soon how the king had taken him to the realm of the lost.

And there was Red Wing, the Black Bird, listening to the story, and also Billy Crow, and Mr. Blue Bird. Jerry was doing most of the talking, as usual.

There was Sammy Squirrel sticking his head out of his hole in the top of the tree. He was not talking but listening. Jerry had said a lot of mean things about the Bob White, and also about the King, because he thought that was the way to make friends with the forest

"Thief! Thief! The King had no right to take Bob White to Bird Heaven without saying anything to the other forest dwellers."

dwellers that had been enemies of his. But all of the listeners were so surprised that they merely talked to each other in low tones.

Then there came a great surprise to everyone, for out of the underbrush nearby came Major Pole Cat.

"That's all right Mr. Jerry. For those words you shall stick fast to the tree till I send someone to take you down." And sure enough, Jerry found himself sticking fast to the limb of the tree.

DRY FOR YEAR; WETS AND DRIES OF OHIO SPEAK

By Associated Press
COLUMBUS, Ohio, May 27.—Ohio will have one year of prohibition tomorrow.

Both wets and dries have issued formal statements on the effects of prohibition in the twelve months.

James A. White, superintendent of the Ohio Anti-Saloon league, said: "The benefits of prohibition are on every hand—fewer men in jail; more personal liberty. Commitments to Ohio penitentiary have decreased; Cincinnati will close workhouse first of June; Columbus workhouse farm leased; workhouse in Toledo to be diverted to other pur-

poses. Arrests for drunkenness have decreased more than 50 per cent. Saving accounts increasing everywhere. Business men benefited by purchase of legitimate supplies for the home, and merchants' accounts paid more promptly. Children being better supplied with the necessities of life and wives made happier.

"All these benefits have accrued to the state, notwithstanding the enforcement code is being held up by wets to a referendum, and the state is compelled to depend largely on the national government for enforcement of prohibition, with efforts of the wets to buy every official whose oath of office is for sale."

William F. Hess, secretary of the Ohio Brewers' association, speaking both for that organization and the Ohio Home Rule association, said:

"One year's prohibition in Ohio has aggravated financial deficits in the cities and increased general taxation burdens to replace the loss of liquor revenue and to enforce an unpopular law; has, to the detriment of efficiency, fomented discontent among labor deprived of the milder beverages; has promoted emigration of

needed unskilled labor; has been productive of the drinking and use of concoctions of drugs dangerous to health and life; has caused the manufacture of home brews, placed by the authorities on the same plane as the illegal still and subject to oppressive search and seizure. "Prohibition, as promised, has not lessened divorces or any of the major crimes; has not benefitted the inebriate and has only operated to deprive the temperate drinker of an enjoyment he believes himself entitled to under free institutions."

In the Spring Time

Any fool knows enough to carry an umbrella when it rains, but the wise man is he who carries one when it is only cloudy. Any man will send for a doctor when he gets bedfast, but the wiser one is he who adopts proper measures before his illness become serious. During a hard winter or the following spring one feels run-down, tired out, weak and nervous. Probably you have suffered from a cold, the Grip or flu, which has left you thin, weak and pale. This is the time to put your system in order. It is time for house-cleaning.

A good, old-fashioned alternative and temperance tonic is one made of wild roots and barks, without the use of alcohol, and called Dr. Pierce's Golden Medical Discovery, in tablet or liquid form. This is nature's tonic, which restores the tone of the stomach, activity of the liver and steadiness to the nerves, strengthening the whole system. First put up by Dr. Pierce over 50 years ago, now procurable at any drug store; or send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

Breckwalker Now Has Regular Train Service

The newest and best oil fields town in Texas is BRECKWALKER, eight miles south of Breckenridge, twenty miles north of Ranger, and in the midst of a community of three thousand persons that are engaged in developing the oil fields there that are producing the biggest and most enduring wells in Texas. The wonderful well of the Gulf Production Company on the K. Stoker lease that is making 9,000 barrels a day is just three miles from Breckwalker. The great development of all the big companies in Stephens County centers at this new town. Several of the big companies have large camps in the neighborhood of Breckwalker and it has been for a long time a center of oil field activity despite that it was twenty miles from a railroad. Now that it has railroad service Breckwalker is growing faster than any other town in Texas.

The Wichita Falls, Ranger and Fort Worth Railroad

Has completed its tracks from Dublin into Breckwalker and will begin operation of trains daily. The first train will be run into Breckwalker

SATURDAY, MAY 29th

This special train to open the service on the new oil fields road north of Frankell will be operated from Dublin to Breckwalker, leaving Dublin at 7 a. m., Ranger at 10 a. m., Frankell at 11 a. m., and arriving at Breckwalker at noon. Returning the train will leave Breckwalker at 5 p. m., arriving at Frankell at 5:50, Ranger at 6:35, and Dublin at 9 p. m.

Breckwalker is an oil fields opportunity. Its location is in the very heart of the big development. The people who are in the vicinity of the town afford a population to make it an active center at once. The amount of development that is under way and the value of the production of oil together with the amounts that are being expended daily in the development of the field assure Breckwalker of a rapid growth and promise definitely large returns for persons who go there to engage in business.

There are openings in Breckwalker for all lines of business. The prices of the lots are low. The terms of sale are easy. Ten per cent of the purchase price may be paid in cash and the remainder in ten equal monthly installments. The townsite is attractive and has every natural advantage.

The combination of regular railway train service and a territory that is producing more oil than any other like territory in Texas, and the development just beginning, makes the Breckwalker proposition one that no live person who would make quick profits can afford to pass by.

First Train Runs Saturday, May 29

Regular daily train service will be maintained thereafter. Beginning in a few days through trains will be run from Fort Worth via Dublin to Breckwalker and intermediate points on the Wichita Falls, Ranger & Fort Worth Railroad, setting out sleepers at Breckwalker each morning and picking them up for return each evening.

RANGER BASEBALL.

Ranger baseball backers today start a short drive to form a stock company to take over the club, which Manager Jim Galloway has financed thus far. Manager Galloway has faced unusual difficulties in bearing the financial burden of the club to date. The park was not ready for him as early in the season as it should have been, and he was unable to realize as much on his pre-season games as he should have. The park association, responsible for the building of the park and the completion of the grand stand and bleachers, had a hard row to hoe in getting their work of financing finished before the Chamber of Commerce drive.

The showing of the club to date is not discouraging to anyone who knows baseball. Manager Jim has assembled a club that will represent Ranger with credit in the season. It is not the first flash in the pan that counts; it is the work throughout the year. In many respects he has the strongest club in the circuit. The few weak links that remain are rapidly being erased.

In the question of support, he has had an uphill pull, in that few fans want to go to a park where they must spend the afternoon in the broiling sun, or in danger of being drenched if the clouds spill rain.

These are matters that are cleared up now and there will not be another series at Municipal park with the stand in its present naked condition. Work may start before the club leaves Ranger for the next road trip and will be finished, committee workers promise, before the Nitros return.

The Ranger baseball association will be capitalized at a reasonable amount, \$10,000, and stock will be sold at \$10 a share. Every loyal supporter of America's game has his chance to get behind the Ranger club. The money will be an investment in Ranger, in clean sport and in a sound baseball club, well managed.

Of that amount, half was paid in before the stock campaign started.

At the meeting of Ranger Rotary yesterday, the Rotarians showed the stuff of which they are made by taking \$1,200 in stock. Workers Thursday morning met to form committees to finish up the rest of the amount in quick shape.

They should meet quick responses.

Will Ask Salary For Teachers in Texas Is Report

—WILL ASK SALARY—

STEPHENVILLE, May 26.—The Erath county school have remained closed for lack of teachers this year, according to County Superintendent Mary Marrs. During the year one-tenth of the teachers have resigned, the lowest salaries being paid being \$280 per year. Nine out of the ten applicants are without experience, and the tenth has taught less than one year. Miss Ulala Howard, county superintendent of Eastland county, reports four rooms or schools remained closed for lack of teachers. In this county the weekly wage of a carpenter equals the monthly pay of the poorest paid teachers. In Comanche county Mrs. J. E. Deely, county superintendent, says the monthly pay of a carpenter exceeds the annual pay of the lower rated teachers. To supply the call fourteen persons have asked the lowest grade certificates, twelve, whose average age is seventeen, have never taught. Brown county says Miss Carrie Reaves, county superintendent, had sixteen resignations. Four places could not be filled, and three schools remained closed for lack of teachers.

One-fifth of the Bastrop county schools were taught this year by teachers without experience, according to County Superintendent T. N. Powell. Teachers received an average of \$68 per month, paying \$30 for board; poorer paid teachers got \$50 per month and carpenters \$42 per week. County Superintendent Joe F. Saeger says teachers received as little as \$10 per week and paid \$6 for board in Guadalupe county. Ten resignations in Caldwell county caused five rooms to be closed and two other places could not be filled, reports Miss Leona Dodd, county superintendent. At the last examination there were less than half as many applicants as vacancies, and they were without experience. Gonzales county, according to Superintendent J. C. Cochran, has shown its devotion by building from private funds teacherages, yet the lowest salaries paid are less than \$14 a week.

Seventeen of Fort Bend county's fifty-one teachers resigned during the current year, according to County Superintendent Minnie N. Hayes. The report shows that but two applicants, sixteen years of age, took the last examination, asking for the lower grade certificate issued by the state. W. G. Smiley, county superintendent of Harris county, says twenty-five teachers resigned, and that monthly pay for some teachers equals the weekly pay of carpenters in Houston. Miss Alice Cameron, superintendent of Waller county, reports but one applicant for a certificate, saying probably forty teachers will be employed next year without experience, as the lowest pay per year is \$240. Superintendent Deefe reports that Brazoria county paid as little as \$45 per month for teachers, saying some donations were used to increase some salaries.

Forty schools in Hopkins county were taught at the close of the term by teachers having lower qualifications or holding lower certificates that at the beginning of the term, says Dan J. Thompson, county superintendent. During the year 131 of 143 applications sought second-grade certificates and ninety were without experience. In Franklin county, Mount Vernon paid grade teachers \$70 per month, \$16 less than the average for the state, and gave high school teachers, excluding superintendent and principal, \$833 per year, or \$16 per week. One Fannin county teacher resigned every third day of the session, says F. A. Spencer, county superintendent. Vacancies have been filled, he said, with teachers of lower qualifications or less experience, or both. More than one-fourth of Delta county's teachers have resigned, where the lowest pay was \$50 per month, according to county superintendent W. B. Wheeler, who says none of the recent applicants for certificates have taught, their average age being seventeen.

NO ONE WOULD WIELD THE WHIP IN WHIPPING CASE

International News Service. COLORADO SPRINGS, Colo., May 27.—J. D. Johnson of this city escaped a lashing with a horse whip because Police Court Magistrate Manning was unable to find anyone with sufficient courage to administer the punishment.

Johnson was arrested for beating a horse. He was sentenced to pay a fine of \$25 and receive twenty-five lashes with the same whip he had used on the horse. Every policeman on the force refused to carry out the court's order, so Johnson was released upon payment of the fine.

WAREHOUSE STORAGE HARD TO GET IN CITY

Local merchants are complaining that it is impossible to secure storage for merchandise at any of the storage warehouses in town. All warehouses are said to be full to capacity.

Recently a construction man of this city wanted to find a place to store some cement. He was finally compelled to rent a small shack in an out-of-the-way part of town for use as a warehouse, he said.

PATTIES IN THE SUMMER MENU.

In summer we do not need as much protein as in winter, so the wise housekeeper serves chiefly temptingly light and cool salads during the warm weather, at least at mid-day. For digestive reasons, however, it is necessary to serve some warm dishes, and this fact is the secret of the patty's popularity as a summer dish—it is both hot and a light dish.

The housekeeper who has once learned to make patty shells will list the patty as one of her greatest standbys. Left-over bits of meat, fish, and vegetables may be "stretched" to form the main dish of another meal if patty shells are at hand. The question, "What shall I serve my guest?" is never a puzzling one to the woman who has become a master of the patty.

The following recipe for puff paste is a good one:

Puff Paste for Patty Shells—2 1/2 cups pastry flour, 1/2 teaspoon salt, 1 scant half cup ice water, 1 1/2 cups butter. Sift the flour and salt together and cut in the butter with a knife when the flour has been poured out to the board. Now remove the large floured lumps and form a little well in the heaped-up meal; pour the ice water into this well, stirring it in gently (the flour should be merely moistened, not wet.) Flour the mixture a little, then roll out to a thickness of one-half inch; dot over with half of the floured lumps of butter which were removed, and fold over one-half, pressing the edges together and rolling into a long strip. Now dot over with the other half of the reserved lumps of flour; fold the dough double once more and rolling out to a long shape again. Flour slightly, fold in threes and fours and chill for an hour in the refrigerator. Then cut out rounds of the chilled pastry 3/4 inch in thickness and place these rounds in a pan lined with brown paper. Rub the edges of each round with cold water. From the remaining pastry cut out as many rounds as there are in the pan (the exact size and with a small circular cutter take out a disc in the center of each of these rounds; this will make a ring of each of these new rounds and the distance

of the rounds in the pan, brushing the ring lightly with ice water. Cover the pan with paper and bake about 30 minutes in a moderate oven, removing the paper covering of the pan toward the end of the baking. Higher patty shells are made by putting two of the pastry rings on one of the pastry rounds. A Subscriber. Answer—Clean your brass by moistening rottenstone with a little sweet oil and applying it with a flannel cloth or chamois. Rub this off

and go over the surface with a dry whitening, rottenstone or tripoli.
Tomorrow—The Attic Bedroom.

DELAY SEEN IN PASSING SUFFRAGE RESOLUTION IN LA.

BATON ROUGE, May 27.—Announcement of plans today by rival suffrage groups seem to preclude immediate action in the legislature on

the resolution which if adopted would make Louisiana the thirty-sixth state to ratify the Anthony amendment.

LOUISVILLE MAN GAINS TWENTY-THREE POUNDS AND NEVER FELT BETTER

Five Years of Dyspepsia and Catarrh Had Weakened Him So He Could Work But Little.

COULD HARDLY GET BREATH LYING DOWN

McCrone Says Tanlac Soon Overcame His Troubles and He Now Feels Like a Brand New Man.

"If there were ever a time in my life when I felt better than I do now I don't remember it," said Michael McCrone, a well known resident of 541 South Clay street, Louisville, Ky.

"I have not only gotten rid of a case of stomach trouble and catarrh of the head that made my life miserable for five years, but I actually weigh twenty-three pounds more than I did the day I began taking Tanlac. I could not eat anything except very light food but what gas

would form and keep me feeling sick at the stomach for hours. I had the worst sort of pains in my left side and at night especially the catarrh in my head caused me so much trouble I could get but little rest. I could scarcely breathe lying down and it was often almost day before I got any sleep at all. I lost thirty pounds in weight and had very little strength, and was in such a bad fix that I had to stay home from work for days at a time.

"While looking over the paper one evening I ran across a testimonial for Tanlac that described my case so well that I made up my mind to try it. After I had finished my third bottle I was feeling like a brand-new man. My catarrh was gone, my head felt clear, my stomach stopped troubling me and I could lie down at night and sleep like a child. I can now eat such things as meats and cabbage—in fact, just anything I want and never feel a touch of indigestion. I have never felt better in my life than I do now, and when I recommend Tanlac to my friends it's easy for them to see the change that has taken place in my conditions."

Tanlac is sold in Ranger by Phillips Bros. and in Eastland by Butler Drug company.

WHAT DOES IT MEAN TO YOU?

A bank connection should not be made lightly, but should be given the most careful consideration. It may mean more to you in the future than you dream of now. It is a matter upon which may hang your success or failure. A strong and helpful bank connection is the foundation upon which almost all business success has been built.

OIL

Oil Company Will Construct Office Building

DALLAS FACES GAS SHORTAGE OR RATE BOOST

EASTLAND, May 27.—A \$40,000,000 oil company has just closed a deal for a site in Eastland on which to build an office building and warehouse before developing something over 5,000 acres of leases controlled in Eastland county.

The Associated Oil company, capitalized for \$40,000,000, has obtained a block of land from Senator H. P. Brelsford just north of the city where it will build the office and warehouse.

This company is said to be the largest oil concern in California, controls an immense amount of acreage and has several refineries and pipe lines it controls a part interest in. It has producing properties in Kern, Fresno, San Luis Obispo, Contra Costa and Kay counties, California, with refineries at Gaviota, near Santa Barbara and Avon, San Francisco Bay. Distributing stations in California, Oregon, Alaska, Honolulu and selling agencies in Arizona, Nevada and Utah. It also owns pipe lines from the Santa Maria field to Gaviota and from the Coalinga field to Monterey Bay.

It is rumored that this company controls a large acreage to the south of Eastland that it will develop in the near future. It is further said that representatives of the concern came into this field last year and obtained the acreage south of the city.

DALLAS, May 27.—Dallas will face another winter with a low gas supply unless the board of city commissioners acts on the increase in gas rates asked by the gas company to enable the company to extend its lines to other fields, Mayor Frank Wozencraft declared.

Mayor Wozencraft made this announcement in a warning to people of this city to lay in a supply of wood and coal for the winter as the controversy between the board of commissioners and the gas company looked anything but promising.

That a gas shortage equal, if not worse than those of the past two years will be evident in Dallas this winter was emphasized in Mayor Wozencraft's words.

Practically all homes and many large industrial plants depend entirely upon gas as a fuel. Many of the downtown cafes and many Dallas homes saw the installation of coal and wood heating stoves last winter.

Several local business men have launched a campaign to form a corporation for the purpose of buying boats and barges which would ply along the Trinity river and transport cord wood to Dallas.

BEGINNING OF \$4,000,000 ROAD PROJECT IS MADE BY STEPHENS COUNTY ENGINEER

Special to The Times.

BRECKENRIDGE, May 27.—Stephens county is now beginning active operations in the construction of the four million dollar highway system. \$3,500,000 was voted November 5, 1919, and the county has been allotted \$200,000 federal aid by the state highway commission. Additional aid will be granted as progress is made. The engineers have established a camp in West Breckenridge with a force of twenty men, at present, giving their entire time to the completion of plans. They have made preliminary surveys and are now engaged in making locations of the roads, after which the force will prepare plans and estimates for the approval of the court, to take probably from thirty to sixty days.

A concrete viaduct will be built over Gonzales creek at the foot of Walker street at the east city limits. The plans for this structure will be definitely decided upon at the June meeting of the commissioners' court. Highway No. 1, east and west from county line to county line, will be the first road constructed. Federal aid so far granted will be available when the work is started. The type of construction has tentatively been agreed upon as an eighteen-foot concrete road. But on account of shortage of cement in the Texas mills, it may be necessary either to go to Oklahoma or change the type of construction to a brick pavement or a bituminous surfaced road. It is the plan of the commissioners' court of Stephens county in spending this money to connect with the high class roads of Eastland county where \$5,000,000 for good roads has been appropriated.

The character of the roads in the oil fields has become notorious during the rainy season on account of the tremendous burden placed upon them in carrying supplies to more than a thousand oil wells and to the growing city of Breckenridge.

It is estimated that more than 150 wagons or trucks loads of material are required to supply each completed well; each load is estimated at a ton and a half. To supply the necessary material for all the oil wells in the county, without the weight of the vehicle or team, the burden is 1,500,000 tons.

Notwithstanding the fact that these

roads have been bad at different seasons, the travel is continuous and seldom interrupted. The county has been without railroad facilities heretofore but with the advent of the railroads, the highways will be relieved of a considerable burden.

CHICAGOAN HAS BOND LIFTED IN FORT WORTH

FORT WORTH, May 27.—Chicago is a fast place but Fort Worth is faster in spite. One saddened Chicago citizen admitted this at the police headquarters Tuesday night.

The Chicago man arrived in Fort Worth with \$250 in cash and a \$100 Liberty bond in his possession. He was accosted by a negro woman near a dark alley off Main street, who relieved him of the money and the bond.

Chicago citizens can learn a little in Fort Worth, he admitted, as he went out Wednesday morning to wire to Chicago for money.

HOUSTON SHIPPERS SEEK TO EVADE STRIKE TIE-UP

HOUSTON, May 27.—Representatives of three Houston firms whose goods have been tied up on the docks at Galveston because of the strike of freight handlers, went to Galveston today, determined to move their freight to Houston.

Their trip followed an investigation by local Chamber of Commerce officials which resulted in assuring the Houston merchants that they would be given protection at Galveston.

The plan is for the Houston firms to accept their freight at the docks from the steamship company and then handle it as entire new shipment.

PRICE OF GASOLINE GOES TO 28c IN CHICAGO

CHICAGO, May 27.—The retail price of gasoline went to 28 cents a gallon here today following the action of the Standard Oil company of Indiana in raising the price to filling stations to 26 cents, a 1-cent increase. Refined oil jumped one-eighth cent.

FOUR NEW WELLS ADD 2,750 BBLs. TO RECORD

SHREVEPORT, La., May 27.—Four new wells brought in here added 2,750 barrels to the total production.

Skin Trouble On Three-Year-Old Boy Cuticura Heals.

"My little boy three years old began to break out in red spots, from the size of a dime to a nickel, over his body and on his face. They would itch and he would lie awake and scratch sometimes till they would bleed. They dried up and formed a scale that looked like corn bran, and some of the places would crack. "I tried salves with no effect, so I tried Cuticura Soap and Ointment. I could tell a difference from the first application. When I had used one cake of Cuticura Soap and one box of Cuticura Ointment he was healed." (Signed) Mrs. D. Burnett, Salt I lick, Kentucky, Sept. 9, 1919.

Once clear, keep your skin clear by using Cuticura Soap and Ointment for every-day toilet purposes and Cuticura Talcum to powder and perfume. Nothing better.

Sample Each Free by Mail. Address: "Cuticura Laboratories, Dept. B, Malden, Mass." Sold every where. Soap 25c, Ointment 25c and 50c, Talcum 50c. Cuticura Soap always without mug.

TEAMSTER'S LIFE SAVED

Writes Letter That Is Worth Reading Very Carefully.

Peterson Ointment Co., Inc., Buffalo, N. Y.: I was afflicted with a very severe sore on my leg for years. I am a teamster. I tried all medicines and salves, but without success. I tried doctors, but they failed to cure me. I couldn't sleep for many nights from pain. Doctors said I could not live for more than two years. Finally Peterson's Ointment was recommended to me and by its use the sore was entirely healed. Thankfully yours, William Hense, West Park, Ohio, March 22, 1915, care P. G. Ratz, Box 199.

Peterson says: "I am proud of the above letter and have hundreds of others that tell of wonderful cures of Eczema, Piles and Skin diseases."

Peterson's Ointment is 60 cents a large box at all druggists, and there isn't a broad-minded druggist in America that won't praise it. Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y.

Phillips, Texas, or Ranger Drug Stores will supply you.—adv.

JOHN-A-DREAMS
XXXV. WHEN YOU DREAM OF MOVING YOUR HOME.
This is a chapter for married women. Occasionally a single woman might have a dream thus; a man, too, at rare times. But the significance is mostly for those who, as mother and wife, preside over the home.
There's an old almanac rhyme of which I would remind you—curious, isn't it, how some of the ancient sayings hit the truth?
If you move in the sun,
Your home remains one;
If you move in the rain,
Your home breaks in twain.

In this spirit must the dream be interpreted. If the sun shines upon you as you pack up, or leave the house with the intention of going into another, all's well and the sunshine will follow you into your new abode, and you may rest assured that the change will take place shortly, even though you may know of no plans at present that may bear out the meaning of the dream. But if it rains, or it is dark or the winds blow, then a separation will precede your moving and there will be sadness in your heart, for—

Those I have nursed with aching hands
Are scattered far in alien lands—
If you find yourself in the midst of furniture, standing topsy-turvy, things out of their places and you bewildered by the confusion, there is happy news in store for you. It will first disconcert, perhaps even worry you, until you realize that it's all for the best. To see broken furniture is a good sign. It means that you will be able to discard many old things and replace them with better and new ones.
Joyous amazement will be yours if, in your dream, you take a car or a rug, or if you smile at the interpretation—but it will prove true, nevertheless. It means that you will find something of great value, so precious that it will amount to a small fortune. If on the other hand, you beat a carpet, you will be annoyed by petty bickering in your home.
To sit in a moving van, or next to the driver, is a sign of an unpleasant trip or duty. If the van moves through the city streets, the distances you will have to go is short. If along a country road, you will be called out of town, probably far away, to find nothing but care at the end of the journey.
To see furniture, yours or that of other people, fall out of the van is a warning against hasty and ill-advised purchases or some other domestic expenditures that have been in your mind. To help in carrying furniture out of your home tells you that you will have unwelcome visitors, but to bring furniture into your house is a sign of dear guests. To see or feel a bed break down is a harbinger of a message of childbirth. If you have the vision while in bed, the baby will be a boy; if you merely see it break, it will be a girl. But that it will not be your child, but that of a near relative.
A vision in which you search for a new home foretells quarrels. To tell some one in your dream that you intend to move means that, for one reason or another, you will take the lead in important domestic affairs, either overruling your husband or making an important decision for one of your children. If your children help you in moving your furniture, your family's financial affairs will become involved and your sons and daughters will be entitled to hear some of the burdens which hitherto devolved upon you or your husband, and gave the rest of the household no concern whatever.
To miss a familiar article of furniture is not a good sign; it foretells losses of some sort and may, if the particular object is closely identified with a member of your family, even hint at this person's illness or death. So, for instance, if you miss your husband's bed, you will soon be a widow.

Mrs. Robert J. L.—Don't be silly. I told you the very first day that my interpretation represents merely my own views, that I can give you no guarantees and make no promises. I would not be worried over the dream you speak of, if I were you. Live your life carefully and considerately of yourself and others, and all will be well.
"In Love"—No, your dream does not mean that he loves you. The appearance of a man you care for in a dream may signify a hundred things, but if, as you describe it, "he seemed to be unhappy because I cried," this merely indicates that he will sustain a small money loss and the dream has nothing at all to do with you.
Student—The dream book you speak of does not interest me.
Unhappy Wife—You are perfectly right; geraniums mean "Lying Tumors," and in the dream connection you speak of their significance seems to be your husband's willingness to listen to idle gossip.
In the next chapter I will tell you what it means to dream of a Marriage Ceremony.
John-A-Dreams will be glad to interpret dream experiences sent to the editor of the Times by its readers. No replies will, however, be given privately and no fee will at any time be asked or accepted. It is distinctly understood that there can be no guarantee when such questions will be answered, though every effort will be made to satisfy inquirers within three or four weeks.

Why pay rent for light housekeeping rooms when you can buy a place like mine for your price on your own terms. I have an army tent, all screened in, also 8x16 screened in sleeping porch, attached with sanitary toilet; furnished, stud frame and all boarded with matched lumber, beaver boarded all around inside; in the coolest place in town, half way up the hill, out of the dust and mud; good neighborhood; back of Ranger distilled water plant.
Inquire of Mrs. Bartlett,
307 Hodges Street.

Hotel Southland—Modern, fire-proof; weekly or monthly rates.—Advertisement.

FIGHT RESULTS IN KNIFE WORK ON CAR DRIVER

As the result of a fight in front of the Commercial hotel last night, Jack Phillips, a service car driver, is severely cut about the face and chest and M. A. Kelly is in jail awaiting a hearing and charged with having assaulted Phillips.

The fight occurred at 11 o'clock, when the car returned from a trip to Breck bridge, and centers about the driver's fee. It is alleged Kelly protested the charge and attacked the driver with a knife. In the melee that followed both men were injured. Dr. Watson said this morning that although Phillips is severely cut, he will recover in a short while.

Kelly refuses to talk. He gives his occupation as bricklayer but has not given an address or the character of recent employment. He will be held until the victim of the alleged assault is able to attend the hearing, it is understood.

PHILLY SCHOOLS DO NOT USE THE SPELLING BOOK

PHILADELPHIA, May 27.—Philadelphia public schools have no spelling books.

And spelling books have been dropped, say local educators, because they start with "cat" and "rat" and include similar words seldom used in correspondence and business.

Until a spelling book has been compiled that uses the words that are most frequently used in business and private correspondence, Louis Nusbaum, associate superintendent of public schools here, announces that public schools here will compile their own lists of words.

The spelling vocabulary taught an average public school pupil is 2,500 words. This is five hundred more than was found in an investigation of words used in 100,000 business and personal letters.

AMERICAN LEGION BUREAU REPORTS LABOR SHORTAGE

The labor shortage here is becoming serious, according to Secretary Cunningham, in charge of the free employment bureau of the American Legion. Mr. Cunningham said this morning that he was compelled to decline an order for a number of men to work on a pipe line, on account of the fact that he already had several similar orders which he had been unable to fill.

Every class of labor, skilled and unskilled, is in demand, he said, but the greatest need at this time is for rough labor.

Renewed activity in the oil fields, coupled with heavy demands on the labor market by farmers seeking help to work their crops, have brought about the situation, Mr. Cunningham thinks.

HOTEL THEODORE ANNEX TO OPEN WITHIN A WEEK

A fifteen-room annex to the Hotel Theodore will be opened in a week, Mrs. Mabel Willson, owner of the Theodore, stated today. The annex is located in a building started by the T. P. Coal and Oil company as a dormitory for employees.

Under Mrs. Willson's direction the building has been remodeled, windows and doors installed, and all improvements necessary to the making of a first-class hotel put in.

The annex will be furnished in the same style as the Hotel Theodore proper. Most of the rooms will have single beds. Including the annex the Hotel Theodore will have seventy rooms.

Daredevil Oakley in Air Acrobatics at Park Friday

Arthur Oakley, daredevil aviator who has gained fame through his feat of changing from one airplane to another in mid-air, and who, it is said, is the only man who has successfully accomplished the feat of changing from a railroad train to an airplane, will give an exhibition of aerial acrobatic stunts on his airplane over the ball park immediately following Friday's game.

The airplane will fly in a wide circle and will come down very low each time in mid-air, and who, it is said, is the only man who has successfully accomplished the feat of changing from a railroad train to an airplane, will give an exhibition of aerial acrobatic stunts on his airplane over the ball park immediately following Friday's game.

The airplane will fly in a wide circle and will come down very low each time in mid-air, and who, it is said, is the only man who has successfully accomplished the feat of changing from a railroad train to an airplane, will give an exhibition of aerial acrobatic stunts on his airplane over the ball park immediately following Friday's game.

FORMAL OPENING OF FIRST NATIONAL SOME TIME IN JUNE

The First National bank will have a formal opening some time next month, to celebrate the completion of the magnificent new building occupied recently, E. W. Melvin, president of the bank, stated today. On account of the building not being finished at the time it was occupied no formal opening was held.

Work on the interior of the structure is making rapid progress. Marble fixtures are being installed. When completed the building will compare favorably with any other bank building in Texas for costly workmanship and artistic and practical arrangement.

Announcement of the date of the affair will be made in the next few days, Mr. Melvin stated.

IOWA BUILDS STRONG ON FEW BEST MEN

IOWA CITY, Ia., May 27.—The University of Iowa's best showing in the Big Ten conference meet in June is expected to be made in a few of the field events, according to persons who have been following the records of the various men who will take part. Iowa's high jump, discus and shotput men have made good records. Slater has done good work in putting the shot. Belding is expected to show up well in the hurdles.

Colby expects to take part in the 100 yard and 220 dashes. He will have stiff competition. The Iowa mile relay team this year also has been making good marks.

ENGLISH GENTLEMEN ARE TURNING TO TRADE

LONDON.—Gentlemen of England, daughters of great families, are turning to trade, to the advancement of America's foreign trade.

Many society women find that pre-war incomes will not cover post-war outgo, says the Daily Chronicle, and they are turning to trade.

"Several American firms 'see' very well Englishwomen of good family on this side of the water for business done," says the Chronicle. "It is an arrangement which is proving very satisfactory to both sides."

Some of these women get orders for furnishings and various luxuries during their rounds of country visits.

WASHINGTON, May 27.—Complete agreement on the army reorganization bill was reached today by the house-senate conferences.

BRICK DELIVERIES ARE HOLDING UP PAVING WORK, GRADING DONE

The McKennie Construction company is grading Pine street, using the large grader which has been employed on private construction work for some time. A supply of cement is now in sight sufficient to keep operations moving, company men say, but brick delivery is provokingly slow.

About half of the strip on West Pine street which was put in readiness for brick laying several weeks ago, has now been paved, and the remainder will be completed in a short time.

H. E. BOZEMAN DELEGATE TO TYPO RALLY, ALBANY

Ranger Typographical Union No. 842 in meeting at the Times office Wednesday elected H. E. Bozeman delegate to the international convention at Albany, N. Y., in August, and Carl England of the England Printing company as alternate. The convention will be the first in two years, no national meeting being held in 1919.

Ballots also were cast for international officers of the typographical union, in the biennial elections. These were mailed to national headquarters by H. D. Lawrence, secretary of the Ranger union.

Baseball Association Has But \$3,800 to Get; Ranger Rotary Gives \$1,200

With but \$3,800 yet to be subscribed, workers for the new Ranger Baseball association set forth today to get the balance of stock subscriptions which will place the Ranger club of the West Texas league in the hands of the fans.

Billy Burke is at the head of the campaign and his co-workers are: Rex Outlaw and Mills Davenport, banks; Theodore Harris and J. P. Monday, restaurants, tinshops and hardware stores; Jack Gullahorn, with Mr. Burke, automobile and accessory dealers; F. P. Hodges and J. B. Owens, supply stores, oil companies and public utilities; M. H. Lipscomb and Karl Jones, professional men; A. Davenport and Joe Harness, drug stores; Dave Weiss and B. F. Weinberg, dry goods and grocery stores; Ralph Stockman, free lance.

Ranger Rotary got behind the move with a good push the day it was put in form, and at the meeting yesterday subscribed \$1,200. The subscriptions were: R. B. Waggoman, \$100; Jekks Castellaw, \$50; R. D. Lincoln, \$50; J. T. Harness, \$100; E. H. McClurkin, \$10; Karl E. Jones, \$50; Billy Burke, \$50; L. L. Rector, \$50; M. R. Newnam, \$100; E. B. Reid, \$100; D. B. Weiss, \$100; W. D. James, \$10; J. T. Gullahorn, \$100; R. H. Hodges, \$100; J. B. Owens, \$100; J. M. Stucki, \$30; Ralph G. Stockman, \$100.

Of the \$10,000 capital stock, \$5,000 already was paid in.

Early starting of the games was discussed, with the hour of 3:30 p. m., which will apply during the Eastland series, considered, with the idea that business men whose shops are open after supper, until 7:30 p. m., could find it more convenient to get to the games earlier. But the opinion was that the present hour of 4 p. m. was the best.

PERSONALS

F. R. Barnes, community service organizer, left last night for a week's visit with relatives at Terre Haute, Indiana.

Mrs. M. T. Clements returned home yesterday from a two week's visit at Abilene.

Baylor Crawford, United States deputy marshal from Abilene, was in Ranger this morning on his way to Desdemona.

Frank Pruitt, an oil man from Sipe Springs, is here on a business trip.

F. D. Holt, representing the Western Securities company, with headquarters at Kansas City, is in town on a business trip.

EASTLAND COUNTY RED CROSS MEETS AT CISCO

The executive council of the Eastland county chapter of the American Red Cross met this afternoon in the Red Cross rooms in Cisco.

The Wilmette Post of the American Legion in Chicago has started through its members a "spending boycott" war on the high cost of living. Formation in the post of the "Not a Nickel" club marks the opening of the battle and demands of its members that they take an oath that they will, for one year, spend "not a nickel" on themselves unnecessarily.

A BARGAIN.

Until June the 15th, we quote you pure Linseed Oil in barrel lots \$2.50 per gallon. First come, first served.
