

PRESIDENTIAL ROW PREPARES FOR ITS DRIVE

Lowden and Wood Open Headquarters in Chicago.

By Associated Press CHICAGO, May 18.—"Presidential Row," an institution unique in American politics, is preparing for the final drive that will culminate the week of June 8 in the nomination of a Republican candidate for president of the United States.

The "Row," which each four years is the center of national pre-convention politics, is going through the biggest season in its history.

"Presidential Row" includes parts of two Michigan boulevard hotels, which are connected by a subterranean passageway, and along the row every leading Republican presidential candidate has established or will establish his headquarters.

National headquarters of Governor Frank O. Lowden and Major General Leonard Wood were the first to open this season. The Wood delegation has been active on the "Row" since early last winter and the Lowden camp has been on the ground since January 1.

Later arrivals included western headquarters for Herbert Hoover and Attorney General A. Mitchell Palmer, and the regional offices of the National Personal Liberty league, working in the interests of Governor Edwards, Democrat of New Jersey.

Reservations have been made for Senator Hiram Johnson, Senator Miles Poindexter and Governor Coolidge of Massachusetts. They will open offices several days before the convention.

The Republican national committee has had offices on the "Row" for several months. The committee will move to convention headquarters at the Coliseum about May 24, and there will begin hearing contests for convention seats on May 25 or 26, according to present plans.

Following the convention the Republican committee will occupy an entire floor, including the ball room in a downtown hotel, and also establish work rooms in a loop office building.

Will H. Hays, chairman of the committee, is expected to spend considerable time during the campaign here, and one of the large hotel parlors is being prepared for his private office.

The Democratic national committee will maintain headquarters here, but has not yet selected a location. Chairman Homer S. Cummings will divide his time between the offices here and those at the Grand Central Palace, New York.

DALLAS EXCURSION IN BRIEF VISIT, VOTES RANGER A LIVE CITY

Bedecked with ribbons, pennants, placards and signs, and carrying souvenirs for men, women and children, more than a hundred evangelists of trade from Dallas made themselves at home here yesterday afternoon.

The municipal band of Dallas led the parade of the organization up Main street to the new Harper building, where an address of welcome was made by Mayor M. H. Hagaman and a response was given by George Waverly Briggs, vice-president of the City National bank of Dallas.

After the speech-making the visitors' band gave a short concert in front of the Guaranty State bank. The visiting delegation passed out many souvenirs. One man was particularly popular with Ranger women. He distributed feathers of the variety which sell in the stores for \$7.98 and a crowd of women soon collected. They were goose feathers.

Several newspaper correspondents, representing four Dallas papers, are making the city. They began to fire questions as soon as the train stopped, after the manner of correspondents, and gathered a mass of data regarding the city and the oil fields.

Newspapers handed 250 complimentary copies of the Ranger Daily Times to the excursionists as they headed the train to leave. The Times carried an account of their visit here.

"Live ovens; good city," were comments of the Dallas men.

"For Lo! The Winter Is Past... And the Voice of the Farmer Is Heard in Our Land"—The Song of Solomon Up-to-date. —By Morris

Evergreen Park Cemetery Nearly Ready for Public

Lots in the new Evergreen cemetery now being built on the Wayland road a mile from the center of town will be placed on sale next Monday.

Charles Meyers, president of the Dallas Housing corporation, will be the principal speaker tonight at the second open forum meeting of the Chamber of Commerce, to be held in the Baptist tabernacle.

De W. C. Palmer, chairman of the Civic Forum committee, has made an appeal for a large attendance at the meeting tonight. The housing problem, he asserts, is one of the most serious that confronts Ranger and both money and time will be given to the question by the Chamber of Commerce.

The new board of directors of the Chamber of Commerce will be made preceding the discussion. The balloting closed at noon today and committees are busy this afternoon tabulating the returns.

The open forum meeting a week from tonight will take up the subject of telephone service for Ranger.

GERMANY MUST PAY RUMORED VERDICT OF CONFERENCE AT HYTH

PARIS, May 17.—It is understood in official circles that the Anglo-French conference at Hyth yesterday decided that Germany should pay reparations of 120,000,000,000 marks gold (\$30,000,000,000).

It is also understood that Germany will be permitted to issue bonds covering her indebtedness to the allies, paying annual installments.

It was stated that a special allied conference will be at Ostend, independent of the League of Nations, to consider financial questions.

LONDON, May 18.—Success against the Poles on the northern front are officially reported by a Russian soviet message from Moscow. It claims the Poles have been forced over into Berezina.

DALLAS HOUSE EXPERT TALKS AT C-C FORUM

Senator Penrose Father of Sims' Charges Year Ago

WASHINGTON, May 18.—Senator Penrose, Republican, not Rear Admiral Sims, originated the basic charges against the navy department made by Sims, Secretary Daniels asserted today before the senate naval investigating committee.

The senator's 1918 speech said procastination on the part of the secretary delayed the termination of war at least three months, cost \$15,000,000 and many lives.

Daniels said almost the identical words were used by Sims a year later.

COUNTY OFFICIALS WANT HIGHER RATE FOR ROADS BONDS

AUSTIN, May 18.—County officials have appealed to the governor to submit at the special session an amendment to the road laws providing for the issuing of bonds, bearing six per cent interest.

Proponents of the proposal amendment say that a million dollars of road bonds voted cannot be sold because the present law provides that five and one-half per cent bonds bring par with accrued interest.

MOTHER HAD PREMONITION, WARNED MURDERED SON

PROVIDENCE, R. I., May 18.—"You ought to be careful son; something may happen," is the warning of the mother of Oliver Eklund, murdered Providence chauffeur, given to him at 5 o'clock on the evening of the fatal night. She stated that it was a premature feeling which told her that harm would come to him.

But the son reassured her that there was no danger, saying, "Oh, it will be all right, mother. They are two fine, nice-looking young men, and I know they wouldn't hurt anyone."

However, she adhered to her instinct and again said, "Be careful, son!" Eklund's body, cut and bruised, was found on the Taunton road. Police are searching for two well dressed young men who hired the young chauffeur to drive them to Boston and who murdered him en route.

DEADLOCK REACHED ON ARMY BILL; NITRATE PROBE REPORTS CLASHING

EXTRAVAGANCE AND PREJUDICE ARE CHARGES

Majority Recommends Sale of War Plants Without Delay.

WASHINGTON, May 18.—Two reports, one Republican, condemning the government's war-time nitrate program, charging reckless waste and extravagance, the other Democratic, defending the program and charging partisan bias by the majority, were presented to the house by the special investigating committee, which began the investigation a year ago.

GIVE AND TAKE TO MAKE POSSIBLE COAL WAGE SETTLEMENT

WASHINGTON, May 18.—Concessions obtained by Labor Secretary Wilson from both miners and operators during the conference today, officials said, make possible a settlement of the controversy arising over increased wage demands of anthracite coal miners, probably by tomorrow.

EFFORTS TO SPEED CONSIDERATION OF BOLL WORM BILL

AUSTIN, May 18.—Efforts to have the pink boll worm bill considered by a joint session of the senate and house committees and later have each branch consider the bill sitting as a committee of the whole to expediate the measure will be made, said Senator Leon A. Smith, acting chairman of the senate agricultural committee today.

SOVIET RULE FRANCE WAS PLAIN IF PLOT OF MAY DAY WON

PARIS, May 18.—Soviet rule in France was to have been established if the revolutionary strikes of May 1 had been successful, the police said. Complete evidence of this was obtained by secured documents, they state.

BLIND BEGGARS FIGHT FOR GOOD CORNER PRIVILEGE

FORT WORTH, Texas, May 18.—Two blind beggars fighting desperately for the privilege of monopolizing the corner of Fifth and Houston streets, was the novel sight that attracted hundreds of pedestrians here recently.

MERGER OF CHURCHES IS DOUBTFUL, REPORTED

DES MOINES, May 18.—The Methodist Episcopal church's adoption of plans now before the conference for unification with the Methodist church, South is doubtful, was the sentiment of delegates today. The committee presented the plan without recommendations.

GERMANS STUDY THAT THEY MAY LEAVE HOME

BERLIN, May 18.—Foreign language schools are the busiest ever because their pupils desire to leave the fatherland for happier shores. Virtually everybody is studying English, with Spanish second. The pupils are prospective emigrants to North and South Americas.

BUMPER STRAWBERRY CROP.

NEW ORLEANS, May 18.—Louisiana's strawberry crop this year was worth \$7,507,500, according to department of agriculture estimates. Record prices were received. About 7,700 acres were planted.

MODIFICATION OF IMMIGRATION LAW TO SUPPLY LABOR

NEW YORK, May 18.—Temporary modification of the immigration laws to permit the influx of desirable immigrants to meet the American labor shortage was urged today by Senator Walter E. Edge in an address to the National Manufacturers' Association. He advocated a process of Americanization to prevent the immigrants falling under the spell of "world-wide anarchists and bolsheviks."

WEATHERFORD GIVES SCHOOL MATERIAL, OTHER NEWS NOTES

SPECIAL LEASED WIRE. WEATHERFORD, May 18.—County Superintendent V. P. Craven, has received a letter from the state department of education asking him to furnish some material to be used in school literature to be issued by them soon.

GEORGE V. INSTALLS ORDER OF THE BATH WESTMINSTER ABBEY

(By International News Service) LONDON, May 18.—With all the trappings and equipment of ancient ceremonial Kings, George inaugurated today at Westminster Abbey a Solemn Chapter of the Order of the Bath.

MAN REGAINS SPEECH WHEN HIS TEETH ARE PULLED

International News Service. SPRINGFIELD, Ohio, May 18.—The story of how the extraction of two teeth resulted in restoration of John H. Happersett's speech and of the use of the muscles in his face and left arm is told here as follows:

INDICATED HUNGARY WILL SIGN TREATY; APPONYI RESIGNS

BUDAPEST, May 18.—It is indicated today that Hungary will sign the peace treaty presented by the allies. Count Albert Apponyi, a strong treaty opponent, has resigned from the peace delegation.

WAGNER AT PARIS OPERA.

International News Service. PARIS, May 17.—Preparations are being made for the reentry of Wagner at the Paris opera, the theatrical weekly Le Rameau learns. Mlle. Alice Danzas is said to have been selected as the principal interpreter of the works of the German composer for the first time since the war.

PROTEST RESTORATION OF POET KEATS' HOME

LONDON, May 18.—Some opposition is developing against a proposal to raise a fund of \$50,000 with which to buy, restore and maintain the home in Hampstead in which the poet Keats lived while he was writing some of his greatest work. The dissenting element contends the money might be better spent in aid of poets who have spent their lives in poverty, but who are now living

COMMITTEE TO RETURN BILL FOR A BALLOT

Senator Walsh Takes Jab At the Inaction of Congress.

WASHINGTON, May 18.—A Deadlock on the army reorganization bill was reached today by the senate house conference. Senate provisions to reorganize our forces caused the breach. The question is to be brought to the house for a vote. The disagreement came, said Chairman Woodworth of the senate managers, despite the offer of the senate, said to eliminate provisions for voluntary military training of youths between eighteen and twenty.

Profiteering was denounced today in the senate by Senator Walsh, Democrat, who asserted that extortion of profiteers was the principal cause of widespread unrest, that congress had been culpably inactive in moving to relieve the situation.

### At the Leading Amusement Houses TODAY

Lamb—Taylor Holmes in "The Very Idea."

Lone Star—Constance Binney in "The Stolen Kiss."

Liberty—Geo. H. Melford's production "The Sea Wolf."

Opera House—Five acts of high-class vaudeville; also double picture program.

Hippodrome—Douthitt Wilson company presents "The Prince of Liars."

Queen—Big double program including a Neal Hart picture.

#### LIBERTY.

##### "The Sea Wolf."

Sea Wolf Larsen, he was, when he sailed the Ghost from the bay of San Francisco, and the Sea Wolf he died, on the dismantled hull of his ship as she lay on a sand bar to the lee of a desert island.

Blind and with a fragment of his skull driven into his brain by a blow from a bottle in the hands of his brother Death Larsen, the blood of the superman still ebbed and flowed.

The "Sea Wolf" written by Jack London and now being shown at the Liberty through a series of accident carries a woman, a city bred man and the Sea Wolf to sea in the Ghost, a sailing vessel manned by a crew of the toughest of the California waterfront. And of them all the skipper was the master.

He ruled by his might. He feared neither providence or the devil. City was no part of his being. The city man was made a cabin boy and a galley slave. The girl was at the mercy of the Sea Wolf—at once beast and cultured devil.

Then the escape in an open boat—the struggle with the open sea—threatened death from thirst. The drawing of straws between the city bred man, a sailor to see who would quit the boat.

Like a man bred of the sea the sailor dropped overboard and was left astern.

The desert island—the drifting of the Ghost against its shores deserted except for Larsen, who was blind. His death, a Sea Wolf to the last. Then rescue.

The picture has some thrills that are so real that one forgets for the moment that it is make believe.

#### LAMB.

Taylor Holmes in "The Very Idea." At the Lamb theatre today Taylor Holmes plays the part of Gilbert Goodhue, a pampered son of the rich, in the comedy drama, "The Very Idea." He and his frail little wife want a baby, and his frail little wife wants a baby, and his frail little wife wants a baby, and his frail little wife wants a baby, and his frail little wife wants a baby.

a child, so Goodhue sets out to adopt one.

He finds that it is not an easy task. Clinging to the idea he gets "vamped" by a beautiful dancing girl at Palm Beach; finds that his wife has deserted him, gets in jail for piracy, and has numerous other adventures, which all end happily.

A Western comedy and Pathe news complete the bill.

### Liberty Theatre Sale Completed To Southern Co.

Details of the sale of the Liberty theatre are being completed by Herschel Stewart, district manager of the Southern Enterprise company, which purchased the theatre from Palmer brothers, its former owners. The Southern Enterprise company operates forty motion picture houses in twenty-five cities of the state.

By acquiring the Liberty the company will have two shows in Ranger, when the Temple, which is being built in the New Southern Hotel, is opened. This will be, according to Mr. Stewart, about June 15. A combination organ will be installed which will be operated by a trained organist.

Ollie Brownlee of Dallas will be manager of the Liberty for the Southern company.

Mr. Stewart said that at least once each week a super feature would be shown at this theatre.

One service which will be installed at both the Liberty and the Temple when opened, will be that some one will always be present to properly look out for young girls when they attend the show alone.

This, Mr. Stewart said, was a plan at all his company's places and was found to be greatly appreciated.

Both the theatres will cater to women. Mr. Stewart said the women of Ranger do not attend the picture shows as they do in other towns, and it was their intention to find out why this was so and then take the steps to remedy the situation.

W. C. Palmer, who has been manager of the Liberty for Palmer Brothers stated that he would enter the life insurance business in Ranger.

For a time, Mr. Palmer will have associated with him Robert L. Bains of Weatherford. Their office will be at the Liberty Theatre.

#### START CAMPAIGN AGAINST HIGH PRICE OF SPUDS

PITTSBURGH, May 18.—An organized effort to bring down the price of potatoes is under way here.

The movement was initiated by the Pittsburgh branch of the International Stewards' association, which adopted resolutions asking the public to be conservative until the prices of tubers resume normal proportions.

Restaurant owners, clubs and housewives will co-operate and placards are to be distributed all over the city to notify people of the ban.

#### SAYS PRACTICAL RELIGION IS NEEDED TO CURE UNREST

COLUMBUS, Ohio, May 18.—"Democratization of industry, increased production, thrift, a league of nations to take the military burden off the working people and a religion that will be practical are the cure for the existing widespread industrial unrest," declared Rev. Irving Maurer, pastor of First Congregational church here.

"We have overlooked the worker's desire for self-realization in our craze for efficiency," Rev. Dr. Maurer said.

### Scientists Warn Against Sowing the Jack Bean

WASHINGTON, May 18.—Savage disciples of Voodoo worship in the American tropics ascribe supernatural powers to the jack bean. They plant a row around their rude gardens in the belief that the plant will punish trespassers. This custom was doubtless brought by negro slaves from Africa, where the very similar sword or fetich bean is thus worshipped. But the bureau of plant industry, United States department of agriculture, fails to support this weird belief concerning the bean. Nor do the scientists find much to recommend this plant stranger from the West Indies.

The jack bean, it appears from abundant experiments, is a prolific plant. It is not unusual for the seeds in their 14-inch pods of a jack bean plant to outweigh its own herbage; and the herbage, if cut green, frequently crops at the rate of sixteen to twenty tons per acre. This wonderful productivity makes the bean a favorite of the get-rich-quick gentry who seek to introduce a new and marvelous commercial plant. The popularity among unscrupulous promoters accounts, in part at least for the numerous aliases under which the jack bean is known. "Person bean," "wonder bean," "Wataka bean," "Gotani bean," "South American coffee bean," etc., are only a few of the names in which the jack bean has been rechristened.

Government scientists have warned prospective buyers of "wonder beans" to have a specimen identified, or else confine the first plantings to small areas until the doubtful values of the bean are better established and a better market provided than seems to exist at present.

### NEW ALPINE PARK OPEN TO CLIMBERS NEAR VANCOUVER

VANCOUVER, B. C., May 18.—Members of the British Columbia Mountaineer club have discovered, mapped out and opened up a trail to a remarkable Alpine park almost at the door of this city, where in a space of about 500 square miles are gleaming snowfields, majestic mountain peaks, volcanic craters and a lake in the clouds.

Situated in the heart of the Mt. Garibaldi and Mt. Manicoum region, at the head of Howe Sound, this scenic grandeur, hitherto unknown to any save the Indians and an occasional questing trapper, is within four hours' run by boat and train from this city. The provincial government will shortly declare it a public reserve.

With the ocean almost directly alongside, every foot of this region is at least 3,000 feet above sea level, while the higher peaks—Castle Towers, Red Mountain, Sentinel, Polaris, Table Rock, Black Peak, Mammoth, and Garibaldi, all rise from 7,000 to 8,700 feet.

### OPERA HOUSE.

Well-Balanced Vaudeville. An exceptionally well-balanced vaudeville bill is playing to capacity houses at the Opera House this week. Every one of the five acts on the program is well received.

Henriette de Serris and her famous company of models direct from the life classes of the noted French institute in Paris head the bill. The posing done by both the men and the women is out of the ordinary. None better has ever been staged here. They reproduce only the most noted works of art in painting and sculpture.

A comedy of a rural grocery store presented by Eldridge Barlow and Eldridge, introducing old-fashion dancing and violin playing was as good as it is different.

The three Mori brothers' fast foot juggling and contortion act with some very pleasing comedy went over great. It can be said of them that no other Japanese act has ever been here that has been so entertaining.

Goetz and Duffy's novelty act of singing, dancing and whistling was a restful change from the average act of its kind playing here.

Bert Stoddard, playing his old-time melodies as he played them for the different entertainments in his community years ago, together with the story of his experiences, drew a great deal of applause from the crowded house.

This vaudeville road show will be here for two days more and anyone who likes good vaudeville will find this one of the best they have ever witnessed here.

Parker county's crop of blackberries is now beginning to come on the market, the first arriving last Friday. Reports indicate that the crop is very fine and the yield good.

### QUINCY POINT FEARS TENANTS WILL LEAVE GOVERNMENT HOUSES

By International News Service. QUINCY, Mass., May 17.—Steps are being taken by several hundred government tenants at Quincy Point to block the sale to a syndicate of the houses built with government money.

The Associated Tenants of Quincy Point, including tenants of many of these government houses, fear that their roofs will be sold over their heads.

These tenants are informed and believe that several syndicates are dickering with the United States Housing corporation to get around the law which provides that the houses shall be first offered for sale to individual tenants.

The tenants believe that the syndicate plans to obtain possession as follows:

Have a commission appointed by the government appraise the houses at their replacement value. An appraisal has been made.

Offer individual tenants a house at this inflated value, knowing the tenants

will refuse to pay such an exorbitant sum. Then the Housing corporation, in order to avoid bookkeeping, clerical work, etc., sell the houses in block to a syndicate, at less than the appraised value, probably by auction.

Should such plans mature the tenants foresee excessive increases in rent, to say nothing of being robbed of their chance to buy a home at a reasonable price.

The houses, 240 in number, were built by the government during the war at a cost of \$3,000,000, for the accommodation of workmen at the Fore River shipyards. The original cost included the construction of the dwellings, some of wood and others of brick, together with the land they stand on.

Although I. K. Sherman, of Washington, D. C., president of the United States Housing corporation, branded as "ridiculous, absurd, without excuse or foundation" the report that the houses are to be sold to a syndicate buying for speculation, a large number of people living in the houses believe that a syndicate will eventually get the bulk of the dwellings and that the rents will be boosted.

American soldiers totaling 550,000 participated in the St. Mihiel drive and the Meuse-Argonne offensive.

### PLAN DIRIGIBLE SERVICE BETWEEN AKRON AND DETROIT

AKRON, Ohio, May 18.—Rally round trips between Detroit and Akron are to be made by a huge dirigible beginning next fall.

This mammoth airship is to carry mail, express, freight and passengers. The trip to Detroit, a distance of 150 miles by air line, is to be made in three hours.

The dirigible is a French ship of the Chalais-Maunou type and was purchased from the United States government by a local tire and rubber company.

The big airship is twice as large as any dirigible ever assembled here. Its capacity is 320,000 cubic feet, and it is 260 feet long; an enclosed cabin is 45 feet long, and while built to carry from 33 to 35 persons only 20 persons will be carried on long trips. Twin motors,

each 250 horsepower, will permit the ship to make 55 miles an hour. Four men comprise the crew.

### TUBERCULOSIS CAUSES MOST MEAT REJECTION

WASHINGTON, May 18.—The Bureau of Animal Industry of the Department of Agriculture reports that tuberculosis in cattle was responsible for the condemnation of more cattle slaughtered under federal meat inspection last year than all other diseases combined.

Information from the bureau shows that 59,547 carcasses of cattle were condemned on post-mortem inspection and of that number 37,000 were the result of tuberculosis.

### TIMES WANT ADS PAY BIG

### SAYS PITTSBURGH IS FULL OF CIVIC SLACKERS

PITTSBURGH, May 18.—Pittsburgh is full of civic slackers, according to Dean W. H. Walker, of the Duquesne University.

"Pittsburgh is one of the most backward cities in the United States in civic affairs," said Dean Walker. "There are too many men who think that if they pay their taxes once a year and perhaps vote once or twice a year they have done their complete duty. Pittsburgh is too full of men who would let 'George do it.'

### For Colds, Catarrh or Influenza

Do you feel weak and unequal to the work ahead of you? Do you still cough a little, or does your nose bother you? Are you pale? Is your blood thin and watery? Better put your body into shape. Build strong!

An old, reliable blood-maker and herbal tonic made from wild roots and barks, is Dr. Pierce's Golden Medical Discovery. This "nature remedy" comes in tablet or liquid form. It will build up your body and protect you from disease germs which lurk everywhere. One of the active ingredients of this temperance alternative and tonic is wild cherry bark with sillingia, which is so good for the lungs and for coughs; also Oregon grape root, blood root, stone root, Queen's root, all skillfully combined in the Medical Discovery. These roots have a direct action on the stomach, improving digestion and assimilation. These herbal extracts in the "Discovery" aid in blood-making and are best for scrofula. By improving the blood they fortify the body against an attack of grip or colds.

Catarrh should be treated, first, as a blood disease, with this alternative. Then, in addition, the nose should be washed daily with Dr. Sage's Catarrh Remedy.

Send me for trial 30c. of Medical Discovery Tablets or Catarrh Tablets to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

## Stupendous Stock Reducing SALE

—If you haven't attended this sale by all means do so tomorrow. Hundreds of people have taken advantage of this event since we opened last Saturday. We have a \$100,000 stock and we want to reduce it to \$50,000 within the next 15 days.

—And we're doing it too. Our prices are so low and the quality of our merchandise so high that people realize they can't afford to pass up our values. It's the record-breaking sale of Ranger—we urge you not to pass it up.

### HERE ARE A FEW OF OUR PRICES — EVERY ONE BELOW WHOLESALE

HAWK BRAND Overalls <b>\$2.75</b> BEST QUALITY Gingham <b>38¢</b> PER YARD	"BIG BUCK" Work Shirts <b>\$1.25</b> 36-IN. WIDE Percale <b>38¢</b> PER YARD	HIGH GRADE Khaki Pants <b>\$2.95</b> "GOOD AS WHEAT" Domestic <b>30¢</b> PER YARD	Work Shoes <b>\$5.95</b> BEST GRADE COTTON FLANNELS <b>30¢</b> PER YARD
--	--	---	---

#### A WONDERFUL SALE OF HIGH GRADE DRESSES

The dresses are the finest you have seen for many a day. In this collection are taffetas, foulards, georgettes, crepe de chine and many others. Note these prices. They are 25 Per Cent below what they cost us wholesale only a short time ago..... \$21 to \$41

#### SHOES FOR ALL THE FAMILY at "Before the War Prices"

We have made drastic reductions on all our shoes. We have a \$30,000 stock of footwear. This is almost three times more than we can carry practicably. We must reduce this stock. Come in and see the prices we are asking for high grade, standard makes of shoes. If you see them you will buy them. Here is an opportunity to supply the whole family.

# MATTRESSES SPECIAL SALE

The last big rain flooded our warehouse, causing a damage to our stock of mattresses.

We have dried these mattresses out, and they are as good as new only the tick is soiled.

We have 50 mattresses that retail at \$12.50, they are made of cotton and will weigh 40 pounds. We are going to sell them, while they last, at—

NONESSENTIAL SWEETENING.

One of the state fair-price commissioners declares: "The government should take steps to prevent the use of sugar in candy, soft drinks and other nonessentials. This should be done especially during the present shortage. If manufacturers of such commodities used substitutes during the war, they can do so now."

The same view has been expressed by Herbert Hoover, who knows more about the sugar situation and practical methods of dealing with it than any other man in America.

It would be unfair to any industry to deprive it wholly, or to any ruinous degree, of the raw material on which it chiefly depends for turning out its manufactured product. The candy-makers and the soft-drink makers are engaged in business that is legitimate, even though not wholly essential at a time like this. They should have enough sugar to keep up a moderate volume of production, if it is obtainable. But it is certainly absurd to allow them to use as large a part of the sugar supply as they are using now, when the sugar is so sorely needed for more important purposes.

Those purposes are, first, the daily needs of American homes for cooking purposes, and second, the needs of the canning industry, commercial and domestic. This second purpose will become the more important of the two when the fruit season arrives.

If there is not enough sugar available then, hundreds of millions of dollars' worth of fruit will be lost and limitless quantities of preserved fruit, jellies, and jams, will be lacking next winter from the grocery shelves and the family fruit closet. There will be serious privation and higher prices.

The public can well afford to dispense with some of its candy and sweet drinks in order to avoid such a calamity. If the sugar scarcity, then, is as great as it appears to be, if there is nowhere near enough sugar to satisfy all demands, let the nonessential sugar-using industries be rationed first of all, and most drastically.

### IN PRAISES OF WORK.

"Uncle Joe" Cannon is not often thought of as a preacher, but he preached a good sermon on his eighty-fourth birthday. Asked for a birthday message to the American public, he said:

"Men wiser than I long ago said that the first blessing of earth is toil; and the second blessing health, which wealth cannot buy. I accept both, and believe that the first contributes much to the second.

"At eighty-four I can wish no greater blessings to the present and coming generations than the present and coming generations. They are the two things in this life that make it attractive and contribute to longevity and happiness. The dream of idleness or lack of necessity for labor is an idle dream."

Could any sage have hit more accurately the big need of the hour? Here we have a world suffering for lack of innumerable things which cannot be obtained without labor, and apparently a majority of the people ignoring facts and seeking more leisure instead of more work. When will the average man learn again the lesson of Adam, that work is not a curse but a blessing, and the chief cause and fundamental condition of progress, health and happiness, for a nation and for an individual?

### UNIQUE BUT WELCOME DONATION

W. D. McLaughlin of Woodchopper Creek, Alaska, frequently sends in bags of gold dust to the Red Cross.

In the U. S. navy, the vessels of the Atlantic fleet carry 24,671 men. The Pacific fleet carries a personnel of 87,390 men.

I was standing in the kitchen door watching Nora make rice pudding yesterday afternoon, and after a while I thawed. Gosh, she aint putting any raisins in. And I sed, Hay, Nora, you aint putting any raisins in.

Tell me smilking I don't know, sed Nora. Mowdy she wusent putting any in because she aident want to. Me thinking, G. holey smooks, wats rice pudding without raisins. And I sed, Well aint you going to put any in, Nora?

I am not, thats the anser to that, have you got any more puzzles you'd like to ask me? sed Nora. Properly thinking she was funny, being the only one that thawt so, and I went up to ma's room and ma was sewing on the sewing machine, and I sed, Gosh, ma, G, wats you think, Noras making rice pudding without any raisins gosh, ma, you cant make rice pudding with out raisins.

You cant make it rite without rice, maybe that wat youre thinking of, sed ma.

No mam, Im thinking of raisins, wats the use of making rice pudding if you dont put any raisins in, you wite as well not make it at all and be done with it, I sed.

Do you know wat economical meens? sed ma, and I sed, Yes mam, but gosh, G, ma, who wants to be economical? I do sed ma and I sed O all rite, but dont expect me to eat any of it. And ma sed, Very well, then there will be that match more for anybody elts.

And wen Nora brawt it in for dizeet at supper I ony ate 2 sawsers full instead of 3, wich I properly would of if it of had raisins in it.

### "BAB YRANDE" GANG CONFESSES TO SIX BURGLARIES

FAIRMONT, Minn., May 18.—Fairmont has a bold "baby bandit" gang. Eight schoolboys ranging in years from 8 to 14, were arrested here a few days ago on robbery charges following burglaries in six business houses.

The "bandits" confessed, according to police authorities, to "pulling off" the robberies. Their punishment is up to the juvenile court.

# "IT IS MY STAND-BY" SAYS OTIS ELEVATOR ERECTOR OF TAMPA

Had Suffered So From Stomach Trouble Was Afraid He'd Have to Submit to Operation.

SAYS NERVES WERE TERRIBLY UPSET

Tanlac Straightened Him Out Four Years Ago and He Has Been Enjoying Fine Health Ever Since.

Still another well known Florida man relates his interesting experience with Tanlac. William A. McGraw, 207 Beach Place, Tampa, elevator erector for the Otis Elevator company, says:

"One day, about four years ago, in Richmond, Va., I was telling a man of the bad state of health I seemed to be getting in and he advised me to try Tanlac, saying it would surely set me right. So I took his advice and found Tanlac just as he said. It not only straightened me up at that time, but has kept me in good trim ever since.

"I had been suffering from constipation and feeling run-down for several years and for some months, previous to the time I began taking Tanlac, had been

having repeated spells of severe pains in my right side. I noticed my pains were more severe when I was worst constipated. Finally they got to coming so often and intense that I could hardly stand it and as a result my nerves were getting terribly upset. Well, I had myself treated, but never with any satisfactory results and it looked like I was in for an operation.

"In fact, I was advised the cause of my trouble could only be removed by an operation. But soon after I began the Tanlac treatment I commenced to be less constipated, my stomach felt better, and my pain began to ease up. Well, it wasn't long until my wife spoke of how I was improving and in a few weeks I found myself free of pain and feeling fine. Ever since that time Tanlac has been my stand-by. When I begin to feel run-down and out of gear it isn't long until Tanlac has me feeling right again. My mother-in-law, who is now seventy-seven years of age and lives in Toledo, Ohio, took Tanlac with fine results while visiting us last winter. The way her appetite picked up and her strength increased was wonderful. To my mind there's no medicine equal to Tanlac for people with any sort of stomach trouble and who are in a general run-down condition."

Tanlac is sold in Ranger by Phillips Bros. and in Eastland by Butler Drug Co.

Huber Brothers Paints Wholesale and Retail 530 W. Main St. Orders for Painting and Paperhanging executed without delay.

J. R. Miller offers to sacrifice fine Marston street property to invest in Culberson county leases. LEVI MORTON WON HIS WAY FROM POVERTY

N. W. YORK, May 18.-Levi P. Morton, twenty-second vice president of the United States, is dead.

Levi P. Morton was the running mate of Benjamin Harrison in 1888. At 71 years of age he remained at his post as life as governor of New York state. Although born the son of a clergyman in poor circumstances at Shortram, Vt., in 1824, he forced his way to the front in the business and financial world until he became one of the money powers of the country.

Morton's financial operations brought him into political prominence. He entered congress in 1878 and established a reputation in the fight over the unlimited free coinage of silver. He was urged to accept nomination for vice president in 1872, but declined.

When a New York man was desired in 1888 to stand on the Republican national ticket with Benjamin Harrison, Mr. Morton was the choice of the convention by a large majority.

After leaving office in his vigorous old age he still was active in the directorates of many corporations. He was rated as a millionaire, many times over.

Mr. Morton was twice married. His first wife was Lucy Kimball, who died in 1871. His second was Ann Livingston, member of an old Manhattan family.

PERSONALS

J. B. Owens, manager of the Sammie Oil corporation, returned yesterday from a business visit to Fort Worth.

MORTUARY

Orilla Hill, the sixteen-months old daughter of Mr. and Mrs. Raymond Hill, 715 Young street, died at 5 p. m. yesterday.

Bombs that have remained unexploded for two or more years on Flanders battlefields have cost many children their lives or caused serious wounds.

MISSION FIRE HAVOC WILL BE UNDONE

Work of rebuilding the Mission garage will start next week, according to Ralph Benson, owner of the building, which burned last week in one of the costliest of Ranger's downtown fires since the general blaze of 1919.

INTENSE ITCHING BURNING PIMPLES

On Face and Arms. Scratched and Irritated, Cuticura Heals. "I was troubled with pimples on my face and arms which annoyed me very much. The itching and burning were so intense that I scratched and irritated the affected parts, and my clothing aggravated the breaking out. I sent for a free sample of Cuticura Soap and Ointment and then bought more. After I had used two cakes of Cuticura Ointment for five weeks I was entirely healed." (Signed) Miss R. McDaniel, Carleton, W. Va., Sept. 3, 1919.

Ranger Christian Science Society

Holds services at Elks' Club House, 419 Main Street, Sunday, 11 a. m., and Wednesday, 8 p. m. Free reading room, 307 1/2 Mesquite street. A cordial welcome extended to all services and reading room.

Richardson-Brown's Great May Sale of MEN'S CLOTHES

Our entire stock of Spring Suits have been reduced to rock bottom, and in many instances suits are offered at less than cost, notwithstanding they are new Spring models, some of which have been in stock only two weeks—none over sixty days.

Richardson-Brown's Great May Sale of MEN'S CLOTHES

The most astounding values in high grade garments we have ever offered. A sale that is a sale in which quality is uppermost—quality of materials and styles, workmanship and finish. We are not advertising "cheap" suits in the true sense of the word for we have none. It is our policy to place on our racks the kind of garments that reflects to our credit—the kind that discerning men and young men like to wear.

Table listing suits and their prices: Suits that sold for \$84.50, now \$63.25; Suits that sold for \$75.00, now \$56.25; Suits that sold for \$72.50, now \$54.25; Suits that sold for \$65.00, now \$48.75; Suits that sold for \$55.00, now \$41.75; Suits that sold for \$50.00, now \$37.50; Suits that sold for \$45.00, now \$33.75.

## Labor Will Demand Allies Make Peace With Red Russia

LONDON, May 18.—Demands that Great Britain and her allies in the war make peace with the soviet government of Russia will be submitted to the annual conference of the Labor Party, to be held at Scarborough in the latter part of June. The Independent Labor Party which is affiliated with the Federated Labor Party has suggested a resolution for adoption in the convention which proposes not only recognition of the soviet government but that fraternal greetings be sent to the Russian Socialist republic. Another proposal calls for an international conference of all labor parties throughout the world and requests that the Russian government would be expressly asked to send delegates here.

The Hampstead Labor Party has given notice that it will propose a motion that the Labor Party secede from the Second International. The Birmingham Central offers a resolution declaring that the Allied peace treaties grossly violate the professed objects for which the governments of the allied and associated nations entered the war.

The Glasgow Trades and Labor Council suggests the adoption of a resolution in favor of the cancellation of the war debts of the allied nations and advocates an international loan and the establishment of machinery for a world organization of democratic control of foreign policy and establishment of international standards of labor conditions. It requests that the convention put itself on record as opposed to all militarist and imperialist projects and programs.

Eight resolutions have been sent in land. Some of these call for self-determination in that country and withdrawal of British troops. The North-west Hull Labor Party asks the convention to express disapproval of the government's policy in Ireland and to arrange for mass meetings all over the country to agitate for a policy of "hands off Ireland."

Other resolutions raise the questions of direct action, nationalization of the railways and public ownership and control of the liquor trade.

The Independent Labor Party asks for democratic control of foreign policy and establishment of international standards of labor conditions. It requests that the convention put itself on record as opposed to all militarist and imperialist projects and programs.

## Efficient Housekeeping

BY Laura A. Kirkman

ANSWERED LETTERS.  
Mrs. J. J.—"W. Byron please give me a recipe for fruit punch?"  
Answer.—Here are two fruit punch recipes, both good:  
Fruit Punch No. 1.—1 quart cold tea, juice of 2 lemons, juice of 2 oranges, one-half pineapple which has stood several hours in sugar, 1 cup of strawberries cut in pieces, the same of raspberries, cherries, (peaches peeled and diced, or any desired juicy fresh fruit in season may be added), 1 1/2 quarts of water; sweeten to taste and put in a bowl with cracked ice.  
Fruit Punch No. 2.—Juice and pulp of 1/2 dozen oranges, juice of 3 lemons, 1 can white cherries, 5 bananas sliced, 2 quarts water; sweeten to taste, color with raspberry juice and serve with cracked ice in the punch bowl.

Amateur Nurse.—"My mother is an invalid and I have to lift her bodily a great deal, as she is almost helpless. Is there any easy way that you know of, to do this? Someone has told me that there is, but could not describe how. Luckily, I am quite big and strong and she is slight and small—or I could not do it at all. But I would like to learn of an easy way, as it tires me all out."  
Answer.—Most women, in cases like yours, do the lifting in the following manner:  
To Lift an Invalid Easily.—Fold a sheet lengthwise several times until it is about a foot wide, and then pass it around the back of your neck, letting it fall over either shoulder. Pass one arm under the patient's two arms, around her back, and firmly grasp the end of the sheet which is nearest; pass the other arm under the patient's two knees and firmly grasp the other end of the sheet which is about your neck.

In this way, your arms form a hammock upon which the patient lies when you straighten up. It gives the lifter a great lifting purchase and even a slight person can lift a heavy one by this method.  
Bride.—"How is citron made at home?"  
Answer.—To Make Citrons Cut cantaloupes in halves, taking out pulp and seeds, and peel each half, then cut it into 3 pieces. Weigh. Make a brine strong enough to bear an egg and let the pieces of cantaloupe remain in this 4 days; pour off brine and let cantaloupe pieces stand in enough cold water to cover for 3 days, changing the water often. Then put cantaloupe in a kettle of hot water over the fire and boil until tender, after

which take the fruit out and wipe it well with a clean napkin.

To each pound of this fruit allow 1 pound of granulated sugar and 1 pound of water; make a syrup of this sugar and water, put cantaloupe in it, boil nine minutes; pour all into a jar, cover, and let stand 3 days; then boil juice 10 minutes and put back into the jar again; let stand 3 more days; put cantaloupe into a collander and drain two hours. Boil the juice until thick and pour it hot over the drained cantaloupe pieces in the jar; let stand 3 days again, then take out and place the pieces on a platter to dry. When perfectly dry, keep them in a dry, cool place until used.

Tomorrow—A Simple Home Dinner.

LEARNED HE WAS FATHER OF TRIPLETS THROUGH PAPER.

International News Service.  
CARDIFF, Wales, May 17.—Patrick O'Connell learned that he was the father of triplets through a newspaper.  
"It was the last thing in my mind," he said, "When I saw it in a newspaper placard I thought it was the limit. I am not exactly overjoyed, of course, but I think I shall get over it."

### Country to Learn West Texas Wealth Thru Ad Campaign

The West Texas Chamber of Commerce, through its publicity department, is planning an extensive advertising campaign throughout the middle and western states.

For this purpose interesting data is being gathered and moving pictures are being made of the towns which are a member of the West Texas Chamber.

The campaign when started will be personally conducted. A motor truck, an airplane and a moving picture machine will be a part of the equipment.

On the truck will be carried many mineral and farm exhibits from the western part of the state. Over each of the 250 towns and 16 state fairs where stops are planned to be made the airplane will fly above the city, dropping pamphlets setting forth the truth concerning West Texas.

In a lecture given by Dr. O. H. Lloyd, moving pictures of the towns belonging to the West Texas Chamber of Commerce will be shown.

It is thought by the leaders of the movement that by this method any false impression existing in the north and east concerning West Texas will be eradicated.

It is also believed that a vast permanent good will result from advertising this rich section of the state.

Dr. Lloyd, who will conduct the tour as exhibition director, will be in the city tonight and will address the open forum meeting of the Chamber of Commerce.

which is to be held at the Baptist tabernacle.

He will cover all plans for the trip and arrange for a camera man to come later and take moving pictures of Ranger.

### BREAD IN RANGER ADVANCES IN PRICE ONE CENT A POUND

The price of bread advance went into effect in Ranger yesterday. The leading bakeries added two cents to the price of their pound loaves and three cents to their one and a half pound loaves.

The master bakers say the advance is due to the fact that flour has risen in price from \$12 to \$15 per barrel.

The price for all pastries and rolls was also raised. According to the bakers, this was due to the fact that sugar, which has been selling under government supervision at ten cents per pound, is now fifteen cents.

A pound loaf of bread contains about nine ounces of flour, a small percentage of yeast and salt, the remainder of the loaf is water. On an average the raw material costs about ten cents, from which the other five the baker must pay for labor, rent, baking, wrapping and delivering.

A well organized bakery bakes several thousand loaves daily at a minimum of expense. The profits come in a large volume of business done on a margin, sometimes as small as one cent per loaf.

The latest United States census will not include at least 10,000 Americans who are living in France. The census, however, is being taken among the American troops and welfare workers on the Rhine.

### JOHN-A-DREAMS

XXI. NIGHTMARES NOT DREAMS; THEIR MEANING: "NIL."

Dear John-A-Dreams: I have had terrible nightmares of late. It always seems as though something horrible was sitting on my chest. I am getting worried—please tell me what to make of all this and what it means. DORA B.

I am glad Miss Dora B. has written this letter, though, to be really helpful it should have been more explicit. Yet it gives me the opportunity to say at greater length what I have already hinted at some time ago—that nightmares which seem to have an actual physical effect mean nothing in the world of dreams; and if they are the cause of worryment at all, it must refer to the health of the dreamer and not to the future of the soul.

Permit me to advise you, madame, to see a physician. Such nightmares if they come rarely, are due to overeating, over-exertion, to much mental strain, to emotional drains. If they come frequently they may be due to a rather serious physical derangement, the explanation and cure of which lies in the doctor's realm—not in mine. You can tell best from the manner in which you awaken. If you

have to fight yourself to wakefulness, trying to throw off the spell gasping for breath, exhausted and almost in physical pain, you had no dream at all, in the real sense of dreams. Some of your organs, either temporarily or chronically disturbed, got beyond the control of your muscles or your will power, and in being released from this curbing influence, subjugated all others until nothing was left but the pain or the distress caused by the offender. Had you been awake at the time the physical tension reached the degree of disturbance which led to the nightmare you would have felt miserable, too. Only, your mind would not have been powerless from sleep, you would have been able to move freely, to take medicine, to rub the sore spot, in short, to do something to bring about relief. Your mind would become concentrated on the idea of cure, instead of being lamed by sleep and helplessly exposed to the adverse physical influence. Toothaches have produced such nightmares. What else are fever dreams? You need not be told that they mean nothing but physical illness. Well, your occasional nightmares differ from them only in degree. So pay no attention to them, Miss Dora B., in the sense of dream omens. Eliminate them from your future nights by consulting a physician. Remember the verses:

Your heart is ill, O, queen; perhaps your table is too rich—

Your arm may hurt, perchance a tooth,

no matter which.

One cooling draught, one hour of fresh air,

And you will sleep as though you knew no care.

But there are horrible dreams which mean a good deal, though not always evil things. The only way to recognize them is, as I said before, by observing your state of mind and body as you awaken.

A real horror dream leaves you physically undistressed. You open your eyes refreshed from sleep as though you had dreamed of flowers or birds. Quite often, you sleep on long after the vision has vanished and as later you think over it, you discover that quite some slumber-time has elapsed between the end of the horror dream and the moment of the waking. At times you find some trouble recollecting what the dream was about, and only after much thinking are you able to piece the terrible tale together, and often you can remember only disconnected fragments—

The horrors I have dreamed would make a tale To make the bravest fear the night and quail, I prayed for light and day, and when I woke There was no memory that would make me pale, Only dim fear that vanished like a plume of smoke.

Of these visions and what they mean I will tell you in the next chapter.

John-A-Dreams will be glad to interpret dream experiences sent to the Editor of the Ranger Times by its readers. No replies will, however, be given privately or accepted. It is distinctly understood that there can be no guarantee when such questions will be answered, though every effort will be made to satisfy inquirers within three or four weeks.

BOYS' AND GIRLS' HAIRCUTS AND "BOBS"

### They're Here Men!

—Those cool PALM BEACH SUITS you've been waiting for.

You really must see them—they're the snappiest models we've seen for many a day.

—They are priced \$15.00, \$20.00 and \$25.00.

Also showing the newest Straws and Oxfords for men. As usual, we are showing the new things first.

## Castellano's

IF ITS FOR MEN, WE HAVE IT

### Going Out of Business

OUR SALE IS DIFFERENT

We are not selling to reduce stock; we must sell at low prices even with a loss, as we are entirely

### Giving Up Business

It will pay you to supply your Summer needs or to get your next fall apparel, as you save more than half on everything you buy here.

—A call will convince you.

### JUNIOR SHOP

Complete Line of Ladies', Children's and Infants' Wear  
Hippodrome Theater Building 319 Main Street
