

At the Leading Amusement Houses TODAY

OPERA HOUSE—Now vaudeville and musical comedy—also Corine Griffith in "The Garter Girl."

LONE STAR—"Thou Art the Man," featuring Robert Warwick.

LAMB—A Blackton production, "The Blood Barrier."

LIBERTY—"Heart of the Jungle"

HIPPODROME—Bartles Dixie Girls present "At the Saratoga Inn."

QUEEN—Bryant Washburn in a "Very Good Young Man."

LIBERTY.

Paul Rainey's "Heart of the Jungle." The death of a charging lion is the feature scene in the Paul J. Rainey's "Heart of the Jungle," showing at the Liberty for the last time today.

The lion is trailed by the dogs of the Rainey party until he is brought to bay in the brush. After being surrounded he is made to charge, and is shot.

During the pictures run, many other animals native of Africa are shown in their native haunts.

Chief among these is a flock of flamingos containing thousands of the birds going to roost on the bosom of a lake. Giraffes, zebras, elephants and other wild animals are shown as they gather around their watering place.

LAMB.

"The Blood Barrier." Robert Gordon and Sylvia Breamer play the lead parts in "The Blood Barrier," an interesting drama playing today at the Lamb theatre. Gordon plays the part of an army major, Miss Breamer the part of a childhood friend of the major, wedded to an insanely jealous husband.

The plot rings in two Germans who are commissioned by their government to secure dye formulas which the major has taken during the war with Germany. The Hun is utterly unscrupulous. They take advantage of every situation to gain the coveted prize. Failing to secure it by an attempt at bribery, they plan to kidnap the major and torture him into giving up the papers.

The heroine's husband is a noted criminal investigator. He is assigned by the district attorney to guard the house of the major and prevent any theft of the papers. He goes to the house to kill the major, of whom he is jealous. He frustrates the attempted kidnapping, then takes up his own private quarrel. A tragedy occurs and a tangle results that almost costs two lives.

The plot is very clever and the acting good. The picture will be enjoyed by all who see it.

STRANGER ACCUSED OF ATTEMPT TO PASS BAD CHECK AT BANK

A man giving the name of J. E. Gilbert and saying he is from Dublin, Texas, was taken to Eastland yesterday and placed in the county jail on a charge of attempted forgery, after he waived examining trial before Justice J. N. McFatter and failed to make \$1,000 bond. Gilbert was arrested by Ted Hamilton of the local police force. He attempted to pass a forged check for \$500 at the Bank of Ranger, officers allege, and was detained on a pretext until an officer could be summoned.

CIVIL DOCKET HEAVY IN JUSTICE COURT

The civil docket of the justice court was set today.

Most of the cases were set by agreement of attorneys on opposing sides. In a few instances where attorneys were not present, Judge McFatter set a date for trial.

ALL UNDERTAKERS HERE GOING TO CONVENTION

All of Ranger's undertakers will attend the convention of the undertakers and embalmers state association at Waco May 18 to 22.

A state law compels attendance on the association once in every three years, and since the gathering is rather a dry affair, local undertakers have put off going as long as possible. John E. Milford and D. H. Eyer of the Milford undertaking establishment and J. E. Wells and L. F. Son of Jones-Cox & company are planning to attend.

Marriage Licenses

Marriage licenses issued by the county clerk:

John M. Moore, Gorman, to Miss Annie Estill Gorman.

Harry S. White, Eastland, to Miss Vergie McGee, Oklahoma City.

BOY AND GIRL SCOUT COUNCIL IS BEING FORMED IN RANGER

A meeting was held yesterday afternoon in the Chamber of Commerce rooms to organize a Boy and Girl Scout council. The meeting was called by F. B. Barnes, community service organizer.

Those in attendance were C. A. Munson, Bob Hansford, Leslie Hagaman, R. D. Clancy, Mrs. V. V. Cooper, Mrs. H. Clegg, Scoutmaster Bayers, Miss Galloway, and the leader of the Girl Scouts, Miss Kennison.

A committee was appointed composed of Bob Hansford, R. D. Clancy, Mrs. Clegg and Miss Galloway to draft a plan for a Boy and Girl Scout council. The committee will meet Friday afternoon in the Chamber of Commerce rooms.

Prior to this meeting the ladies of the committee will meet with the Girl Scouts at the Central school, and the men will meet with the Boy Scouts at the Presbyterian church, for a consultation.

The Boy Scouts troop in Ranger has fifty-six members enrolled.

The Girl Scouts have thirty members. It is planned to combine the two troops in the near future and take them on a one-day hike.

SHERMAN GROWING FASTER THAN TEMPLE

By Associated Press
WASHINGTON, May 12.—The population of Temple, Texas, is 11,033, an increase of forty persons, and the population of Sherman is 15,031, an increase of 2,619, the census bureau announced last night.

EARLY STORE CLOSING MEETS WITH APPROVAL OF RANGER MERCHANTS

The agitation several days ago of various merchants for an early closing hour among business houses assumed concrete form this morning.

J. M. White, J. E. Templeton and J. E. Castellaw were circulating a petition asking that such merchant establishments that could reasonably do so open their places of business at 7 o'clock in the morning and close at 7 o'clock in the evening.

At noon everyone had not been seen, but all the merchants who had been visited were in favor of the plan.

It is planned to start the early closing next Monday. In the meantime, every merchant will be given an opportunity to sign the petition.

In addition to circulating the petition, the members of the committee are asking all business people to meet at Castellaw's store next Wednesday night in a social gathering where they may all become better acquainted and, perhaps, form a permanent social organization among merchants and their clerks.

BEATS WIFE WHO TORE "THIRST PASSPORT"

EL PASO, May 13.—Passports from El Paso into Juarez are highly prized by some El Paso men. One man thought so much of his passport that he beat his wife when she tore up his credentials.

"I felt like I wanted a 'thirst extenuator' and I decided to go across to Juarez and get a drink," the man told the judge. "I found that my wife had torn up my pass and I flogged her."

The defendant was released upon the promise not to repeat his actions.

THREATENS ARREST OF BUYERS OF JUNK RAILROAD MISSES

Special Agent McCarty of the Texas & Pacific railroad stated today that he will swear out complaints against persons who buy goods stolen from the railroad company, in an effort to break up the practice of stealing from the railroad yards.

He said dealers in second-hand goods have been too careless in buying property offered for sale in small lots, and have failed to investigate the title to the property.

ARRANGE EXTENSION OF COMMERCE STREET TO BLACKWELL ROAD

Tom Lauderdale of Cisco was in Ranger yesterday conferring with Mayor M. H. Hagaman regarding the opening of Commerce street from Mesquite street to Blackwell road.

Commerce street follows the line of the Texas and Pacific railroad and has never been dedicated to the city.

The land over which it passes is owned by Mr. Lauderdale and Gus Ward. The survey has been made and approved.

Mayor Hagaman said that all the remaining detail work would be done in a few days and that the street will be opened.

OIL NEWS

Pressing Work on Many Wells in Brazos Field

WEATHERFORD, May 13.—Oil development in the new Brazos field, except for the usual delays occasioned by bad weather, is going on unabated, with new locations being made every few days.

The Wheeler is now drilling at 3,350 or thereabout. A heavy gas pressure is anticipated at any time now, which when found is expected to increase the flow of this well to at least 1,000 barrels.

The Gilbert No. 1 is drilling at about 800 feet, having just finished a fishing job. Unless something very unusual happens to delay operations this well will be completed within sixty days.

The Wheeler No. 2 will be completely rigged up by tonight, and the spudding in is expected not later than Saturday.

The Upham et al well on the O. G. Whorton farm is expected to be spudded in soon. The rig which blew down during the storm last week is now being reconstructed.

T. G. Williams et al are constructing a rig on the Allen farm just west of the Brazos, adjacent to the townsite. Drilling on this well is to begin not later than June 1, and it is reported that there are to be two other wells started by the same operators in the near future.

The Phillips Petroleum company made a location for a well on the Wheeler farm the first of the week and were making a second location yesterday.

Interest and speculation have settled down to a substantial basis and everything points to a steady development of the Brazos field.

Tuesday evening the citizens of Brazos organized the Brazos chamber of commerce with an initial membership of thirty-five.

EXPERT INSPECTS WEATHERFORD PAVING; OTHER NEWS NOTES

WEATHERFORD, May 13.—The city commission has had an expert on street paving here the past week inspecting the paving that is now being placed on our principal streets and the public square. There has arisen some discussion as to the durability of the paving, and the expert was called to settle the question. His report was that the work was excellent and that the materials used were above question. This work has been delayed the past week or so on account of the recent rains, but now that we have prospects for some pretty weather the paving company has resumed operations and will soon complete their job on North Main street.

A Ford car was stolen from the garage of Frank Porter last Tuesday night. The chamber of commerce trade excursion that was to have taken place today has been postponed indefinitely on account of the recent rains making some of the roads over the route practically impassable for some time to come.

Roy Godby was convicted in the district court yesterday on two charges and given five years in each case. He was charged with two cases of car theft.

The Methodist meeting being conducted at the First Methodist church is drawing great crowds at every service. The sermons are well received and much good is being accomplished.

NEW SANTA ANNA WELL PRODUCING A HUNDRED BARRELS OF OIL A DAY

SANTA ANNA, May 13.—Production of about 100 barrels of oil a day is reported at Pope well No. 5 of the Gladys Belle Oil company, southeast of Santa Anna. The well, it is said, will be shut in an effort to increase production.

There is now great activity in Santa Anna oil lands. The town is beginning to fill with oil men interested in the work of development.

LIGHTNING STRIKES DESDEMONA DERRICKS

DESDEMONA, May 13.—Two derricks here were struck by lightning during the storm on Sunday night. These were the derricks of the Alvin Lake No. 2 and the Tidwell No. 1. Both were destroyed.

PERSONALS

George McQuaid, manager of townsites for the Hamon and Kell railroad, left yesterday for Dallas, where he expects to remain several days.

W. V. Dammann, of Eastland, was in Ranger yesterday in interest of his race for the office of county attorney.

C. D. Mason is in Dallas for several days on business.

TIMES WANT ADS PAY BIG

Another Producer for Gulf Company in the Caddo Field

Reports from Caddo state that the Gulf Production company has brought in its W. P. Bradford well, four miles south of Caddo, and that the well is producing about 1,000 barrels of oil a day.

Pay sand was found at a depth of 3,547 feet.

The company's other new well, the Stoker No. 2 at Breckenridge, is said to be producing about 10,000 barrels of oil a day.

The well came in on May 3 and during the ten days it has been producing has made considerably more than 100,000 barrels of oil. Sufficient pipe lines have been completed to the well to care for practically the entire output. Very little of the production is now being allowed to run into earthen storage. It is estimated that several thousand barrels of oil were lost Thursday night on account of the heavy rain. A lake of oil which had been stored on the lease from the first few days flow was washed away.

The royalty interest from this well alone amounts to around \$4,000 daily. K. Stoker, the owner of the lease, according to reports from Breckenridge, still owns the entire royalty interest.

In the extreme southeastern part of Stephens county the Hagaman well of the Cosden Oil and Gas company is making 150 barrels daily from the pay at 3,650 feet.

The Scott No. 1 of Ray Colcord at South Bend in Young county is flowing by heads, making a little more than 100 barrels daily. This well struck the sand at 2,156 feet and at one foot in the well had an initial flow of 200 barrels. It was drilled deeper and at 2,172 feet salt water was found. The well is showing some salt water at present though an effort is being made to shut off this water with a lead plug.

The Scott is the best producer that has so far been drilled in the shallow sand belt of Young county. At this rate it is producing more than either of the Donnell wells or the Pratt well of the North American-Roxana company.

In the northwest Burk Burnett field, Texhoma company has completed its George No. 3, which is making 400 barrels daily from the Waggoner sand at 1,634 feet. The well has thirty feet of pay. The National Oil and Gas company has also reported a completion in the Burk Burnett field, its No. 2 Taylor. This well is flowing 750 barrels.

If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says: "Take for example, Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfills almost every wish in overcoming kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by Parsels Post, Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention the Ranger Daily Times. Large and medium size bottles for sale at all drug stores.

HOW TO STOP A HEADACHE

Aspirinal Relieves Pain in Two Minutes—Prevents Return by Removing Cause—Absolutely Safe.

Doctors and druggists are delighted with the new Aspirinal Elixir which relieves the pain of headache in two minutes and also removes the cause by gently acting on the liver, overcoming biliousness and constipation and thereby preventing the return of the headache next day. Doctors especially recommend Aspirinal for the reason that it is not dangerous to the heart and does not upset the stomach.

The next time you have a headache go to your nearest drug store, hand the clerk half a dollar for a bottle of Aspirinal and tell him to serve you two teaspoonful in a little water. With your watch in hand count off two minutes and call for your money back, as per manufacturer's guarantee, if you can't feel your headache fading way within the time limit. Your druggist invites and expects you to try Aspirinal so don't be bashful. Everybody is doing it. Same guarantee applies to colds, coughs and neuralgia. Adv.

COST OF LIVING SURPRISES.

Practical benefits might result from a careful study of cost-of-living figures recently given out by the department of labor. There are many odd and many instructive facts observable in them or deducible from them.

Why should living expenses have gone up less in the East, as a whole than in the Middle West? It is usually the East that has the highest prices, and the great, productive Middle West the lowest.

Why, too, should there be a difference between prices in Detroit and Cleveland, two cities near together, of almost equal population and much alike in industrial character and accessibility to food-producing districts. In Detroit the increase has been nearly 108 per cent, while in Cleveland it has been only ninety-five per cent.

Such differences as these are matters for public authorities to consider. To some extent, at least, they can probably be explained by less local speculation and monopoly.

The proportionate rise of different kinds of commodities is illuminating. After all this howl against profiteering landlords, it is rather surprising to find that rents have gone up—or had, up to a couple of months ago when the figures were taken—less than any other important living expense. The average rent was found to have increased only a trifle over twenty-three per cent, less one-fourth as much as living costs in general. The most impressive increase has been in clothing, which has risen 201 per cent for men and 235 per cent for women. Fuel has really been modest in its increase of fifty per cent, while furniture has increased 173 per cent. A casual survey of these figures will suggest to any thrifty-minded person where he may save to most advantage.

TESTS FOR DRIVERS.

As spring advances, the reports of automobile accidents increase in number. In order to reduce this toll all laws affecting the operation of automobiles should be carefully drawn and stringently enforced, but especially those governing the qualifications of the driver.

In one community where an appalling number of fatalities are reported, no license is required for driving a machine. The automobile club in that town has drawn up an ordinance providing that such license shall be required, a fee of \$2 being proposed to cover the expense of issuing. In order to secure a license the driver must have driven at least 500 miles or must submit to a test of his ability by competent judges. Even though he may have driven more than the required distance, he must still take the test if there is any reason to doubt his proficiency. No license will be granted to any person under sixteen years of age, and no person suffering from a physical handicap such as loss of a leg, arm or eye will be granted a license without the test. Licenses will be revoked, and driving forbidden under penalty, where carelessness is proven.

Traffic ordinances, signals, speed limits, one-way streets, school zones, all are good, and none should be neglected. But manifestly the first requisite for public safety is that no person shall be allowed to drive a car who is not qualified to do so, and to determine this some sort of test is necessary.

U. S. STILL WATCHING SUGAR PROFIT MARGIN

WASHINGTON, May 13.—Telegrams were sent by the department of justice today to all United States attorneys reiterating the department's policy of holding the margin of profit on sugar sales to one cent for wholesalers and two cents for retailers.

Efficient Housekeeping

BY Laura A. Kirkman

HOW TO MAKE POTATO FLOUR.

"Every spring my husband plants a large garden and the following summer we have half a bin of old potatoes left over in the vegetable storage bins in our cellar, when the crop of new potatoes is ready for digging, and have to use them up before enjoying the new. So this year I have bought a dehydrator and a small flour mill so that I can make my left over old potatoes into potato flour (which I have heard is as good in croquettes, fish balls, soups, biscuits, griddle cakes and some sweet cakes, as wheat flour). I hope this to save quite a little wheat flour, which is so expensive." writes a reader of this column, "Can you tell me how to use the dehydrator and the mill in making potato flour?"

To Dehydrate Potatoes.—Wash and boil the potatoes until tender, with the skins on. Plunge them into cold water, remove skins and black specks, and mash smoothly. Place on the trays of the dehydrator in a thin layer, turning over with a pancake turner, now and then, to insure even drying. Let dry until crisp (this will take from three to five hours). When done it should break into small, hard pieces.

Using the Flour Mill.—Set the machine to make the flour as fine as possible. It can be made still finer by running it twice through the mill. All that is necessary is to take the mashed potato which has been dried on the dehydrator and run it through the mill. If it has browned on the dehydrator, it will be somewhat the color of fine cornmeal; if unbrowned on the dehydrator, the flour will be a rich cream color. The flavor is better if the flour is browned on the dehydrator; the browned flour is especially satisfactory for soups and gravies.

Some housewives do not mill all their hydrated potato, preferring to keep half the hydrated amount to use as potato, not as flour. The two following recipes give directions for its use in this form:

To Cream Dehydrated Potato.—Break the dried potato into small chips. Soak two hours in three times its amount of milk, then bring to a boil. (More milk may be added if much cream gravy is desired). Thicken with potato starch, seasoning with salt and pepper and adding

butter to suit taste and serve.

Using Dehydrated Potato in Hash.—Soak the potato in water to cover for one hour. (One heaping tablespoon of the potato is enough to allow for one serving of the hash.) And chopped meat to equal the amount of potato used, one tablespoon chopped onion, and desired seasoning! Let cook until brown, and serve.

I will be very glad to send to any reader who writes to me, recipes for the use of potato flour in baking powder biscuits, griddle cakes, buttermilk or sour milk bread, potato flour sponge cake, and potato flour plain cake.

Next Friday I will write about the use of the hydrator for drying other vegetables. For this correspondent, as well as other readers who own or plan to purchase hydrators, may be interest-

ed in a further discussion of this method of preserving surplus vegetables. Tomorrow—Making Old Clothes Do.

WOMAN FINDS NEW WAY OF SWINDLING

SAN FRANCISCO, May 13.—Police officers stationed in the fashionable shopping district here are looking for a smart-

ly dressed young woman who has been working successfully an unusually simple swindle on patrons of the big stores. Registering well-bred embarrassment, she would confront one of a throng of

shoppers with a distressing whisper: "My dear! I find I lack a dollar for a purchase, and the clerk is waiting. Could you—and let me have your address?" Obtaining the money, she would disappear.

Says Every Railroad Man Should Read This

Peterson's Ointment Co., Inc., Buffalo, N. Y. Dear Sirs: I was afflicted with what the doctors said were Varicose Ulcers, and an until about five weeks ago I have been treating them for about a year and five months.

With all the treatments that were prescribed to me by several doctors I received little benefit, and they "kept spreading and gave me much distress and caused me to quit my work."

I was induced by a brother brakeman to try Peterson's Ointment, and after I had used two boxes I saw wonderful results. You can tell suffering ones troubled with ugly, painful and horrid ulcers that your Ointment is a cure for them when everything else fails, as I have tried about everything. Thanking you many times over I am, your friend, Chas. J. Heyser, Battle Creek, Mich., 42 Glenwood Avenue, January 12, 1916.

"I know and dozens of people write me," says Peterson of Buffalo, "that Peterson's Ointment also cures eczema, old sores, salt rheum, piles and all skin diseases, and all druggists sell a big box for 60 cents." Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y.

Phillips, Texas, or Ranger druggists will supply you. Adv.

DAILY TIMES SPORT NEWS

ALL THE NEWS OF THE OILBELT LEAGUE

Lefty Munger, With Errorless Support, Brings Home Bacon

Lefty Munger went to the hill yesterday for the Nitros and with errorless playing behind him, in which the defensive work of Dude Mooney shone, returned a great victory in the first of the Buddy series.

But the Nitros were doing some hitting themselves yesterday, everyone but Lefty taking at least one cut at it, and they batted him to an early lead, which was only once threatened.

Lefty has started in several games and for three innings Sunday looked very good, but he never showed the stuff that he turned loose for the Buddies yesterday.

NITRO NOTES.

The game was run off in major league fashion. There was less delay in getting on and off the field. The fans like this, and the umpires should keep up the good work.

The weather was August and without wind. It was ideal for good baseball. Dude Mooney started his defensive work in the first, when he took Gressett's fly after a brisk run.

Loveless handled four chances, Sturdy's drive in the sixth taking him almost to the fence. It was a beauty catch. The support Munger was given is shown in the fact that eleven put-outs were in the outfield, and the infield handled twenty-six chances without a kick.

The Buddies again today.

WEARY BIRD FAR AT SEA FINDS REST ON STEAMER

VICTORIA, B. C., May 13.—Nine hundred miles out at sea, a bird of the plow species recently picked out the liner Tajima Maru as a haven of refuge among the vast waters of the Pacific while the big steamer was plowing along to this port. Passengers related the incident after the boat docked.

The bird was almost exhausted when it made the steamer and flew aimlessly about its broad expanse of deck for a while before fluttering down to safety. The new passenger was taken in charge by a member of the ship's crew and soon regained its strength. It proved to be very tame and showed no inclination after its severe experience to resume its flight.

ST. LOUIS, May 13.—Organized labor here has begun the collection of a fund to assist in the non-partisan political campaign of the American Federation of Labor. The plan is to collect \$1 from each of the more than 100,000 union workmen the unions say are here.

BASEBALL WEST TEXAS LEAGUE RANGER VS. GORMAN FOUR DAYS Wednesday, Thursday, Friday, Saturday May 12, 13, 14, and 15 MUNICIPAL PARK NORTH COMMERCE OR RUSK STREET Games Called at 4 P. M. Admission 68c; War Tax 7c; Total, 75c Ladies Free Every Day Except Saturday

ON SATURDAY, MAY 15, we will open the most phenomenal sale of merchandise we have ever offered the people of Ranger. Hundreds of satisfied shoppers who attended our former sale, earlier in the season will tell you that this announcement really means something. We are putting forth every effort to make this sale a record-breaking event and one that you will long remember. People know and appreciate the quality of J. M. WHITE & CO.'S merchandise, because they know that J. M. WHITE & CO. have always done just what they have advertised they would do.

A Supreme Effort to REDUCE the HIGH COST of LIVING

Sales and Price Re-Adjustments have been discussed all over Ranger and the surrounding country—but the values we have given all year have been a marvel to the merchants of Eastland County. And now—beginning Saturday and for 15 days—we mean to eclipse all former efforts with a Bona Fide Selling Event in which all our enviable records for real value giving will be broken. Everybody will be here; people from miles around will attend this sale—and well may they afford to do so—for it's the greatest Merchandise Event J. M. WHITE & CO. have ever offered, and that means much when all our former records are considered.

This Sale Means a Saving of 25 to 50 per cent on Everything You Wear.

Men as well as women will be quick to realize the tremendous saving this Sale means; our Men's Department was never more complete, Clothing, Shoes and Furnishings will be offered at drastic reductions in order to reduce this vast stock in the shortest time possible. Be here when we open Saturday; it will pay you to investigate these values.

COME PREPARED TO TAKE ADVANTAGE OF THE GREATEST PRICE CONCESSIONS YOU'VE SEEN FOR MANY A DAY!

WATCH TOMORROW'S PAPER for PRICES and FURTHER NEWS of INTEREST

113 MAIN ST. J. M. White & Co. "THE HOUSE OF REAL VALUES" Every Department will be ablaze with Bargains during these 15 days of Exceptional Selling. Make a list of what you need and come in Saturday. We guarantee to save you money.

The Finest Store in Ranger "CUTS LOOSE" on Everything

Sale Starts
Friday

Warns University of Texas of Fire Danger, Campus

AUSTIN, Texas, May 13.—The risk of fire on the University of Texas campus is so great, according to the report of the business manager, I. P. Lochridge, that he says he "would not be surprised to see a protest from the insurance companies canceling our insurance or materially increasing our premium thereon."

"In my judgment we have already overstepped the safety of our entire plant by placing so many frame structures upon the campus," Mr. Lochridge declared. "And while I am using every precaution to prevent damage by fire, yet should a fire start and get under good headway with a strong wind, I fear our plant would be reduced to ashes. The state fire marshal's office is beginning to complain."

The report shows that insurance carried on the main university property amounts to \$964,000.

On account of the large increase in the student body, particularly in the school of chemistry, it was found necessary to erect a large shack for a laboratory, Mr. Lochridge said. The twelve temporary barracks buildings of the shack type which were built on the east side of the campus for the use of the students army training corps and the naval units at a cost of \$78,000, are now being used for class rooms and offices of different departments of the university. The athletic council occupies two of these frame structures. In addition to these shacks, three other temporary buildings were erected since the last report at a cost of \$67,833.29.

The report shows the woman's building with its annexes to be in good condition financially. The woman students in the annexes are under the same supervision as those in the woman's building and each pays a monthly board and room rent of \$25.

The cafeteria, Mr. Lochridge says, continues to be a most popular eating place, especially for the students in moderate circumstances or for the student working his way through the university. All supplies are purchased on a competitive basis and only the best grades of commodities are used, he said. The report shows that during the period from March 1, 1919, to February 29, 1920, excluding the summer school, there were served in the cafeteria 249,083 meals at an average cost of a little more than 17 cents per meal. The auditor's books show a net balance to the credit of the cafeteria of \$6,301.14 during this period.

DALLAS MERCHANTS PLAN SUMMER CHANGE IN TIME

DALLAS, Texas, May 12.—Members of the Retail Merchants' club of Dallas are considering moving their business hours up half an hour during the summer months as a health benefit measure for employees.

Priest Cross, member of the Retail Merchants' club, declares a majority of the larger retail merchants favor the plan. The health committee of the Chamber of Commerce has endorsed the advanced working hours, he said, in order that the clerks and other employees of the downtown stores may have more daylight recreation.

EX-KAISER'S MOVING DAY HAS BEEN POSTPONED

THE HAGUE, May 13.—Moving day for the former German emperor has been postponed because of a slight delay upon the work at Dorn house. It is possible that he may shift his quarters on Saturday.

I went to get pops spring overcoat from the tailors were it was getting pressed, and Puds Simkinns went with me, and on the way home with it Puds and G. I bet that overcoat would be big enough for both of us, I bet.

Giving me a deer, and I sed, I tell you what do, wen we get to my house lets both put the overcoat on at the same time as if we was the Siamese twins, Wich we did on my front steps, me putting my arm throo one sleeve and Puds putting his arm throo the other sleeve and both of us putting our lose arms around each others waist inside the coat and buttoning it down the middle, looking funny as anything on account of the overcoat coming all the way down, to our feet, and we made it up to both say the same thing twice like twins and then I rang the bell and ma opened the door, me and Puds saying, Siamese twins, hoola hoola.

Well for mercy sake, sed ma. And she started off to laff like anything as if it was funny as everything and called pop, saying, Wilyum, come down heer if you want a good laff.

Never turn down a good laff, thats my motto, sed pop. And he came out and saw his spring overcoat buttoned around me and Puds and sticking out in different places where it wasn't ment to, and he sed, Yee gods, my freshly pressed coat, is this wat Im supposed to laff at?

Siamese twins, hoola hoola, I sed. Siamese twins, hoola hoola, sed Puds. Take it off, take it off at once, ser pop, not laffing yet. Wich we started to do, ma saying, My goodnais, Wilyum, is that your sents of humor?

Is that your spring overcoat, sed pop. And he quick took it away from us and went back into the house, and me and Puds went and got in a game of cops and robbers.

Mrs. F. A. Rhodes Tells How Cuticura Healed Baby

"When baby was about three weeks old bumpy-looking eruptions came on her face. They seemed to itch terribly for she scratched constantly. The eruptions spread to her head and were very large and had a hard scale. She was very fretful and cross, and kept us awake. Her hair was dry, lifeless, and thin and would not grow. The eruption caused her to be disfigured."

"We used a sample of Cuticura Soap and Ointment. Then bought two cakes of Soap and one box of Ointment which healed her." Mrs. F. A. Rhodes, 2707 Boone St., Baltimore, Md., Aug. 22, 1919. Cuticura Soap, Ointment and Talcum promote and maintain skin purity, skin comfort and skin health often when all else fails.

Sample Each Free by Mail. Address: "Cuticura Laboratories, Dept. 10, Main St., Sold every where. Soap 25c, Ointment 25c and 50c. Talcum 25c." Cuticura Soap shaves without mug.

NOMINATION OF McADOO SEEN ON THIRD VOTE

(Continued from page 1.)

ency as the Democratic presidential preference.

Nor is McAdoo's strength with any one class. It comes from labor, from business, from the professions, from the woman voters—from everyone except the malcontents. In Omaha recently a carpenter told me his craft was solid for McAdoo; in Des Moines a farmer told me McAdoo was the one man who could be certain of the farm vote of the West; in Salt Lake City a lawyer told me that McAdoo would be two million votes stronger than any other man the Democrats might name, and here in New York city today a banker told me that the financial interests believed McAdoo the profoundest financier of his generation.

The reason for McAdoo's popularity is not hard to find. It is generally admitted that he is the ablest man who has occupied a place in the Wilson cabinet. He was the easiest approached. He speaks the language of the people. It was easy to get into the McAdoo office when he was secretary of the treasury, to present a case and to get an immediate answer. He was a successful business man before he became secretary of the treasury and he had not been in that office

long before the nation learned that he is a big man.

Best Known in Country: McAdoo is perhaps the best known man in the country, not even excepting the president. County leaders, congressional district leaders, and state leaders know him. They transacted business with him personally in the treasury department and liked his methods. They think he is the sort of man needed for president. They believe he would bring to that high office the same sort of proficiency he demonstrated in financing the war.

That Mr. McAdoo can carry New York against any candidate the Republicans might name is the belief of many close observers here. These men say that Tammany will loyally support him if he is nominated, though he will lose the radical Irish element. But they declare this will be more than offset by the pure American vote that McAdoo will win on his record.

New York's vote is not necessary to the success of a ticket as President Wilson proved in 1916, but just the same its big block of votes is worth a good many small western states. And the Democrats are going out after its electoral votes. They believe McAdoo can get them.

They believe that with Governor Cox in second place they can pick up Ohio and possibly West Virginia and Ohio and New Jersey. They believe the Democrats will carry every state they car-

ABSENCE OF WITNESS DELAYS BARNES' TRIAL ON MURDER CHARGE

EASTLAND, May 13.—When the case against Fozzo Barnes, charged with murder, was called for trial here the absence of Tia Cobb, an important state witness, caused the state to ask for a continuance.

The county attorney stated that it was impossible to make out a case against the defendant unless this witness was present. It was shown that a telegram had been sent out from Ranger by Cobb to the county attorney, stating that he would be present. But counsel for the state stated that the witness was in Ardmore, Okla., and not in Texas, but could be secured as a witness at a future time.

The court ordered that the case be passed until 1:30 o'clock Friday afternoon.

ried in 1916 with the possible exception of Kansas and California. They believe they will take Minnesota, which gave its votes to Hughes in 1916.

Democrats in a score of states have told me that the pendulum is swinging their way. There is no gloom in the ranks of unfrightened democracy.

THE MOST WONDERFUL SALE SINCE WE STARTED BUSINESS IN RANGER

We are having a great bargain battle and the people are reaping the benefit—thousands of dollars have been saved by the buying public of this city and they are buying to supply their needs for many months. They are loading up on Dry Goods, Clothing, Shoes and the men in many cases are buying two or three Suits apiece. They realize what wonderful bargains we are giving and are taking full advantage of the opportunity.

FRIDAY AND SATURDAY

We are making great preparations for these two days. We are piling the tables high and the bargain bins hold wonders. Come in and see. Great surprises await you. Lock up the house, quit your work and come. The sale continues a few days longer. Better Stock up during this sale—you will need the goods before the summer is over.
