Charlie Porter and associates are rigging up and expect to spur in about Wednesday on a well just across the Leon river east of Eastland on the Dr. L. C. Downtain estate, where they have several acres under lease.

Six years ago last January Mr. Porter drilled in the Norwood No. I for the States Oil corporation, which is located about one mile northeast of the Downtain location. The Norwood, which came for about 50 barrels, is still making around 14 barrels per day and promises to continue producing for many years to come.
