From Which Kentucky Man Suffered Two or Three Times a Month, Relieved by Black-Draught.

Lawrenceburg, Ky .- Mr. J. P. Nevins, a local coal dealer and farmer, about two years ago learned of the value of Thedford's Black-Draught liver medicine, and now he says:

"Until then I suffered with severe bilious attacks that came on two or three times each month. I would get nauseated. I would have dizziness and couldn't work.

"I would take pills until I was worn-out with them. I didn't seem to get relief. After taking the pills my bowels would act a couple or three times, then I would be very constipated.

"A neighbor told me of Black-Draught and I began its use. I never have found so much relief as it gave me. I would not be without it for anything.
"It seemed to cleanse my whole

system and make me feel like new. I would take a few doses—get rid of the bile and have my usual clear head, feel full of 'pep' and could do twice the work."
