ENTOMBED MAN NOW FACING SUFFOCATION

JOE BURKETT ON HIGHWAY COMMISSION

Frank B. Lanham of Dallas Is Named Chairman; Other Appointments.

AUSTIN, Feb. 4.—Frank B. Lanham of Dallas Tuesday was named chairman of Texas highway commission by Governor Ferguson...

Mr. Lanham is a brother of Congressman Fritz Lanham of Fort Worth and son of the late Governor S. W. T. Lanham.

Mr. Williams served as county engineer of Kaufman county and he has been engaged in levee construction work, which is the principal effort of the reclamation department.

State board of health appointees: Drs. R. W. Noble of Temple, M. F. Bledsoe of Fort Worth...

State board of pharmacy: M. E. Dooley of Wolfe City, W. A. Klecka of Temple...

Senator Burkett is in Austin today and it could not be learned whether or not he would accept appointment on the highway commission.

BANK GUARANTY LAW AMENDMENT PASSES SENATE

Hardin's Bill Permitting Bonds To Secure Depositors Gets Overwhelming Vote.

AUSTIN, Feb. 4.—The senate late Tuesday passed the bill by Senator Hardin to permit state banks to put up security bonds to protect depositors.

The bill as passed contains no material amendments. It permits state banks to operate either under the present fund system or under a bond plan.

When the bill came up for engrossment Tuesday morning Price proposed his amendment, declaring that the proposed bonding system would not protect depositors because capital stock, he pointed out, is often less than the amount of deposits.

Some banks have a capitalization of \$500,000, Holbrook told Price, and your amendment would force them to put up a bond for \$1,000,000, which would afford no relief and these banks already are staggering under a burden.

The idea has grown up in the minds of the people that their deposits are protected, said Price after Holbrook admitted that full protection was not provided in the bill.

Do you assume that under this bill banks will be allowed to advertise a failure to pay? asked Holbrook.

No, and I never said that, replied Price. The banks have been violating the present law as to bonds, but they are willing to accept the benefits of the law so this senate is not going to pass this bill.

Holbrook entered a denial. If you were familiar with the situation, he said, you would know that the state banks have over \$12,000,000 and \$13,000,000 under the guaranty fund law.

When Hardin of Kaufman inquired whether the Holbrook bill would weaken the guaranty fund system, Holbrook admitted that it would and that he was not going to explain that regardless of the Holbrook bill the present law is being crippled because banks are quitting it to become nationalized.

Monday Senator R. S. Bowers of Caldwell sought to amend the bill by making it optional with the state bank to put up bond, to remain in the guaranty fund or to accept neither.

Before final passage Senator Edder Witt of Waco succeeded in tacking onto the bill an amendment that will require banks in their advertising and stations to state the amount of their bonds.

BROTHER OF MRS. GREGG DIES IN HOUSTON HOME

Alexander Thompson, brother of Mrs. Sanders Gregg died in Houston Monday after an illness of more than a year, which was aggravated by a recent attack of influenza.

Mrs. Gregg left Ranger Sunday night and will return today.

ANTI-TOXIN CLEARING UP DIPHTHERIA IN NOME

NOME, Feb. 4.—Nome is winning its fight to control the diphtheria epidemic. Anti-toxin, frozen while being rushed here over icy trails has been found undamaged and work of administering it to the threatened people of the city is going forward rapidly.

HUNDRED DEAD AND MANY HOMES DESTROYED IN STORM

CONSTANTINOPLE, Feb. 4.—More than 100 persons were dead and scores of houses collapsed at Tabriz in Asiatic Turkey, which was visited by a hurricane and snow storm early today.

Guilty But Not Proven, Yet Punished for Being Innocent, So Justice Be Conciliated

INSURANCE LAW AMENDMENT NOW BEFORE SENATE

Would Repeal Investment Feature and Lower Penalty to Returning Companies.

AUSTIN, Feb. 4.—Senator Wirtz of Seguin has recalled the fight on the Robertson insurance law, repeatedly brought up and so far always unsuccessful, by presenting in the senate a bill which takes out the compulsory investment feature, requiring each insurance company writing insurance in Texas to invest 75 per cent of the reserves on Texas business in approved Texas securities.

The fund would amount to about \$1,500,000, which, according to terms of the bill, would be paid to the state before permits to do business in Texas were issued and would be applied to the state's school fund, one-fourth to the available school fund, one-fourth to the University of Texas, one-fourth to A. & M. college, C. I. A. and Texas Technological college, and one-fourth to the state teachers' colleges.

The bill was signed by A. J. Wirtz, John H. Bailey, Archie Parr, Gus Russek, Julius Real, Walter C. Woodward and J. W. Reid.

Penalties Remitted. The bill also provides for the elimination of a penalty amounting to \$5,000,000 which has been accruing at \$25 a day for all companies that left the state.

According to the senators who signed the measure, the return of these insurance companies will result in new investments in Texas farms, ranches, business houses, etc., amounting to between \$300,000,000 and \$400,000,000, and a decrease in the interest rate, which is now higher than that of Oklahoma.

New York Has Quick Epidemic of Sudden and Violent Deaths

NEW YORK, Feb. 4.—Thirty-nine sudden deaths, most of them violent, have been reported in the last 24 hours, the largest day's record in many years.

Only two deaths were suicides. Five persons were killed by falls, three lost their lives in fires, three were accidentally asphyxiated by illuminating gas, two were killed by automobiles, three died from acute alcoholism and one froze to death.

METHODIST CHURCHES IN CISCO DISTRICT TO MEET IN EASTLAND

Representatives from all the Methodist churches in the Cisco district together with representatives from the Woman's Missionary society, Sunday school and Epworth league, will meet in Eastland Friday at the First Methodist tabernacle to discuss church problems.

The meeting will open promptly at 10 o'clock Friday morning. Judge Barcus of Waco will speak on the question of "Lay Activities."

The women of the Eastland church will provide lunch for those attending the meeting.

ROTARIAN AIDS NOT AT ALL IN DEN OF LIONS

Tries to Find Truth There, But Learns Her Shadow Was Driven Out.

It was a jolly bunch of goodfellows, more than half a hundred of them, who gathered at the American Legion Athletic club Tuesday noon for the regular weekly luncheon of the Eastland Lions' club, and to attend the trial of Lion W. J. Barnes, charged by the club with being the driver of the losing car in a recent membership attendance contest conducted by the club.

Senator H. P. Brelsford, a Rotarian, presided at the trial. Lion E. H. Jones was clerk of the court and Lion Galloway of Ranger acted as sheriff.

When the members and their invited guests, which included a number of Lions from Cisco and Ranger, had finished with the luncheon, Judge N. N. Rosenquest, president of the local Lions' club, arose, uninvited, and began making a speech to which few, if any, paid attention.

Judge Rosenquest stated that he was sorry to learn upon his return from an unavoidable absence of several days from the city that the local Lions' club had just about gone to pieces from the lack of his wise counsel.

Judge Rosenquest then called attention to the charges preferred against Lion Barnes and said that he could understand how even a Lion might sin or blot out some law, but that it was beyond him why the members of the club would go to the Rotary club and select a Rotarian, especially a prominent and noted Rotarian such as Senator Brelsford, to sit in judgment over a Lion, although he be criminal.

Senator Brelsford, in replying to Judge Rosenquest's remarks, said that in this case of Lions vs. Lion, where they were all criminals, it was necessary that an honest man be secured to hear the evidence that each side might get justice and that there was nowhere else to go but to the Rotary club to get one.

In calling the case Senator Brelsford stated that as he understood the issue it was whether or not the race was fairly won. He also stated that the defendant was presumed to be guilty until his innocence had been established by competent and legal testimony and that the burden of proof was upon the defense.

After considerable wrangling among themselves, the attorneys on both sides announced ready for trial and the court ordered all witnesses for both the prosecution and defense, to stand on their right feet and hold up their left hands and be sworn.

The collector called attention to the law requiring service car drivers to take out chauffeur's license. Service car drivers failing to do so are held to be violating the law and should be become involved in a collision or an accident would be subject to a heavy fine for violating the traffic law.

INFANT SON OF MR. AND MRS. JOHN W. THURMAN DIES

John W. Thurman Jr., infant son of Mr. and Mrs. John W. Thurman, died this morning after a few days' illness. He was almost two months old and his coming brought great joy to a household which had lost its first baby, who died when little over a year of age.

Funeral services will be held at the home, 811 Cherry street, at 7:30 o'clock Thursday morning and interment will take place in Evergreen cemetery.

Two Presidents Are Invited To Meet In West Texas In May

WASHINGTON, Feb. 4.—Plans for a joint visit between President Coolidge of the United States and President Calles of Mexico to West Texas in May were launched today when the Texas delegation called at the white house to invite the president and Mrs. Coolidge.

Records of the Eastland county collector's office show that license passenger automobiles, 550 trucks and 60 tractors, a total of 7,560. The collector estimates the total issued is about 15 to 20 per cent of all in Eastland county, the others being trucks and cars that are held in garages and barns until later in the year, not being needed now, and when taken out for service will be registered.

POISON MIXED WITH MEDICINE PROVES DEADLY

Two Students at Ohio State University Die Before Clew Is Found.

COLUMBUS, Ohio, Feb. 4.—A deadly poison mixed with medicine at the free dispensary of the Ohio State University, probably by some crank, was the direct cause of the death of two students and serious illness of several others here this week. This was the statement issued by Dr. E. F. McCampbell of the university school of medicine.

The two deaths were at first attributed to an epidemic of cerebro spinal meningitis, a highly contagious malady, and a score of students who had come in contact with the victims were immediately isolated.

The poison clew appeared today when Dr. McCampbell pumped out the stomach of another student named Thompson, who was near death and found the contents contained strychnine. He was thought suffering from meningitis.

When the members and their invited guests, which included a number of Lions from Cisco and Ranger, had finished with the luncheon, Judge N. N. Rosenquest, president of the local Lions' club, arose, uninvited, and began making a speech to which few, if any, paid attention.

Records of the Eastland county collector's office show that license passenger automobiles, 550 trucks and 60 tractors, a total of 7,560. The collector estimates the total issued is about 15 to 20 per cent of all in Eastland county, the others being trucks and cars that are held in garages and barns until later in the year, not being needed now, and when taken out for service will be registered.

Wayne Rogers Gives His Life To Save Lives of Others

A frozen gas pipe, one which ran the pressure up to 450 pounds caused the explosion, officials announced. Property damage was estimated at \$50,000.

Rogers went back into the burning plant, following the explosion, to shut off the gas from a high pressure boiler, which had it exploded, would have destroyed the lives of those residing in the houses clustered about the building.

CAVE PRISONER NOW SHUT IN NARROW CELL

Roof Caves In Just As His Foot Is Released From Boulder.

CAVE CITY, Ky., Feb. 4.—Floyd Collins will not come out of the cave alive. He will die of starvation and sickness, it was said by rescuers today. They gave up hope today when John Collins, dam digger, voiced this conclusion. Collins is directing the rescue work.

"We want 50 more men," Collins said at noon. "Every man here is worn out. They can do no more and the Red Cross must get food and other supplies here quickly."

Collins called for the 50 men to push work on a new tunnel, which he plans to sink under the blockage. This would emerge in the cavern behind the prisoner. From here the rescuers will tug at the rock which held the explorer in its vice.

GLOWING VIEW LOOMING AHEAD JOLLY PROMISE

Ranger Chamber of Commerce Directors Get Several Cheerful Reports.

Various projects concerning the welfare of Ranger were discussed by the Chamber of Commerce board of directors at the special meeting last night.

A report from the white way committee informed the directorate that Monday night, Feb. 9, would be the official opening unless unforeseen accidents delay the work.

W. W. Housewright and Ed Maher, chairman of the two divisions of the white way financial committee, were appointed to draw up plans for the celebration. Beyond the appearance of the band there will be no definite program.

Tentative plans call for a get-together meeting with no long-winded speeches. Plenty of fun on the street for the public is assured by the committee.

Merchants will be requested to decorate their windows for the occasion.

An optimistic report was given by the industrial committee which reported that several projects under consideration by them had reached a near-climax and would be decided within the next few weeks.

A committee was appointed consisting of Dr. L. C. Buchanan, president of the Rotary club; Dr. C. Craig, president of the Lions club; John M. Gholson, president of the Chamber of Commerce, and C. C. Patterson, secretary of the Chamber of Commerce, to formulate plans for a meeting to be held Feb. 24, at which time C. D. Hardy of Chicago, representing the public relations department of Swift & Co., will address the gathering on the subject, "Marketing of Live Stock and Live Stock Products."

The roads committee reported they had assurance from the county commissioners' court that the road known as the Pleasant Grove road will be placed in first class condition and the Desdemona road will also be worked over.

From Breckenridge comes the report that the road from Caddo to Ranger would be placed in good shape with a gravel surface. All roads leading out of Ranger in all directions will be put in excellent condition.

At the request of A. Joseph of the Boston store his resignation was accepted from the directorate and John Hassen appointed to fill his place. Mr. Joseph in his resignation stated that he believed a director should be active and his absence from Ranger for the next six months would prevent his being so.

The directorate adopted a resolution approving the bill now pending in Austin creating a court of civil appeals at Eastland and instructed the secretary, C. C. Patterson, to draw up a memorial and send it to members of the legislature.

Poultry raisers in the vicinity of Ranger are urged to attend the meeting to be held tomorrow night at 7:30 o'clock in the board of directors rooms of the Chamber of Commerce in the Guaranty bank building. Plans will be formulated to hold the Eastland County Poultry Raisers' association poultry show in Ranger in 1925.

Matters of mutual interest to all poultry men of Ranger will be discussed and all are requested to attend the meeting.

THE WEATHER. West Texas—Tonight fair, warmer in extreme southeast portion; Thursday fair.

PRISON PROBERS WANT WOMAN TO REPEAT THE STORY SHE TOLD THEM

AUSTIN, Feb. 4.—Mrs. Jennie Cade, with her husband, a convict at the Ferguson prison farm, are expected to testify before the joint house and senate committee in the investigation of the Texas prison system today. Cade was granted a temporary parole by Governor Ferguson in order to testify at the hearing.

Mrs. Cade was called before the committee to reveal the name of a prison official with whom she alleged she occupied a room at a Houston hotel for a night on the promise that her husband would be given a pardon. Cade was given a trusty position at the prison immediately after the alleged incident, but never given 135 freedom. Several other prisoners are expected to testify of alleged cruelty at the prisons.

GORDON GIRL NAMED FOR C. I. A. OKLAHOMA DEBATE

DENTON, Feb. 4.—Misses Lois Cameron of Dallas and Robbie Ringo of Gordon have been selected to represent the College of Industrial Arts in the annual debate with the Oklahoma State College for Women to be held at Chickasha next month. The subject is, "Resolved, That Congress Should Be Empowered to Override by a Two-thirds Vote Decisions Made by the Supreme Court."

Misses Violen Emission of Alpine and Martha Barnett of Paris have been chosen as alternates.

SAN ANTONIO EPISCOPAL MINISTER ELECTED BISHOP

TACOMA, Wash., Feb. 4.—The Episcopal diocese of Olympia, meeting here yesterday, elected the Rev. S. Arthur Huston, of San Antonio, Texas, bishop of the diocese. He succeeds the Rt. Rev. Frederick Keator, who died recently.

METHODIST CHURCH AT VENUS DESTROYED BY FIRE

VENUS, Feb. 4.—Fire Tuesday afternoon destroyed the Methodist church here and two residences. The loss is placed at about \$30,000.

Two fire trucks from Cleburna responded to a call for assistance and aided in checking the fire. The origin of the fire had not been definitely determined early Tuesday night.

BURGLARS RAID MAY, BUT FALL INTO MISHAP

Touch Off Alarm Which Arouses Citizens and They Escape Empty Handed

An attempt to burglarize and plunder the stores in the town of May in Brown county and just across the Eastland-Brown county line, was thwarted last night when citizens, aroused by the sounding of a burglar alarm, which the robbers had stumbled onto in their work, arrived on the scene in time to prevent them getting away with a car which they had loaded with goods from the stores. The burglars were not captured.

According to information reaching the officers here, one of the stores of the town had been broken into and several hundred dollars worth of goods carried out and placed in a Ford touring car belonging to the robbers. And while they were burglarizing a second store an electric burglar alarm was touched by one of the burglars and no sooner had it sounded than citizens of the town began to arrive on the scene. One man arrived in time to tear some of the wiring loose on the burglars' car just as they were starting it to get away.

When the burglars, two in number, saw that they could not run their car they abandoned it and fled on foot toward Rising Star.

The car they were captured is said by officers here to have been registered in Eastland county. The license receipt No. is given as No. 6343, license No. 230657 and the engine No. 7474556. The name in which it was registered is given as John J. Howington and his address as Cisco.

CURRENCY IN LARGE AMOUNT CARRIED WITH SAFETY IN RANGER

Fifty thousand dollars carried through the streets of Ranger in perfect security. This is a feat that would seem very difficult today in many of the large cities of the country, but it was accomplished without trouble in Ranger.

W. W. Housewright, active vice president of the Peoples State Bank, wired Monday to the Federal Reserve bank at Dallas for \$50,000 in currency, thinking it might be needed for emergencies. He did not specify how the money was to be sent, but supposed it would come by express. It had not arrived early Tuesday afternoon, and he was about to start a tracer after it when the janitor walked in with two packages marked "From the Federal Reserve Bank," placed them on the table. They were opened and contained \$50,000.

The money had been sent by registered mail, daylight run, and had been delivered to the janitor by post-office authorities who knew he was employed by the bank as its messenger to collect the bank's mail. The janitor signed for the money without knowing whether it was money or bonds; all he knew was it was valuable and must be guarded with care and he guarded it.

FRENCH AVIATORS TRYING TO BREAK DISTANCE RECORD

By United Press.

PARIS, Feb. 4.—The French aviators Le Maitre and Arrachard, who are attempting to break the world's long distance flight by flying from Paris to Dakar in West Africa, a distance of 4,200 kilometers, passed over Casa Blanca in Morocco at 1:30 o'clock today.

LECTURE ON CHRISTIAN SCIENCE TOMORROW NIGHT

One of the leading lecturers in the Christian Science church in the west, Ezra W. Palmer, C. S. B., of Denver, Colo., will make an address in Ranger Thursday night. He is to speak in the Liberty theatre at 8 o'clock. All persons interested in the subject are invited to hear him.

THURSDAY EVENTS.
Lions club meets at 12:15 o'clock at DeGroff hotel.
1920 club meets at 3 o'clock at Gholson hotel.
Elks dance at clubrooms, 9 o'clock.

CENTRAL BOETHIAN CLASS PLANS ENLARGEMENT.

The Boethian class of Central Baptist church had a business meeting Tuesday night at the church. Reports of various officers were given outlining work to be done. James Cox, head of the religious department, told of plans for work at the jail. Pierre Grigg, physical director, for many years with the Y. M. C. A., told of several plans for athletic teams and the class was divided into groups to secure new members for these teams. Through this plan the class was organized into an athletic league, and as soon as the membership is sufficiently increased match games will be played. Six weeks will be devoted to building up the various team membership, at the end of which time the regular baseball season will open. The team captains are Dewey Jones, James Cox, Herman Gregory, Irvin Aikens and John Tibbles. All expressed themselves delighted with Mr. Grigg's plans and anxious to get the members together for actual practice which will soon be arranged for regular intervals.

MORE REMINDERS OF THE CAMERON MARSHALL CONCERT

Those who are interested in music are reminded again of the concert which Cameron Marshall of Howard Payne college is to give Friday night in the high school auditorium. Mr. Marshall was to have sung here on the evening of Jan. 27, but was prevented from coming on account of illness. His concert program is most attractive and offers a wide range of selection from the best composers of all ages. There is not a single dull number on the list and those who attend are assured a treat. Mr. Marshall is head of the music department of Howard Payne college at Brownwood, the extension department of which is bringing him here free of charge and giving to Ranger an entertainment which ordinarily costs a large sum of money. Press notices from all over the country speak in the highest terms of Mr. Marshall, of his singing and of the general excellence of his programs. The concert in Ranger is being sponsored by the Parent-Teacher associations of the city. Everyone interested is invited to attend free of charge.

BABY IS WELCOMED INTO CAGLE HOME.

Mr. and Mrs. E. L. Cagle of Eastland hill are receiving congratulations from friends on the birth of a baby girl this morning. Mother and babe are doing nicely.

THURSDAY BRIDAL CLUB POSTPONED INDEFINITELY

On account of the death of the Thurman baby the meeting of the Thursday bridge club, of which Mrs. Thurman was a member, has been postponed indefinitely.

TWENTIETH CENTURY CLUB MEETING POSTPONED.

Because of the death of Mr. and Mrs. Thurman's baby the meeting of the XXth Century club, announced for Friday noon at the home of Mrs. J. A. Shackelford, has been called off. Members please take notice and tell others.

YOUNG SCHOOL P-T. A. HEARS PRE-SCHOOL AGE TALK.

Members of the Young School Parent-Teacher association listened to an interesting talk by Mrs. C. E. Maddocks on the pre-school age of children, given at the regular meeting Tuesday afternoon at the school. Mrs. Maddocks is anxious and willing to assist in the organization of pre-school clubs in Ranger and assist mothers in the study of this important question.

Superintendent McNew talked on the county unit as recommended by the recent educational survey. Plans were made at the business session to purchase more playground equipment for the school grounds. Pupils of Miss Leila Giles gave the following readings, which were much enjoyed: "A Visit to Grandma," Ruby Bishop; "The Missing One," Allen Baker; "Bobbie's Cotton Tail," Sidney Plummer; "Love of Country," Durwood Roberts; "An Untimely Call," Marguerite Houston.

CALLED MEETING OF 1920 CLUB EXECUTIVE BOARD.

There will be a called meeting of the executive board of the 1920 club at 2:30 o'clock on Thursday at the Gholson hotel. Several matters of importance are to be discussed and executive board members are asked to be present.

PERSONALS.

Mr. and Mrs. R. W. Balch, who reside at the Burton-Lingo Lumber yard, are receiving congratulations on the arrival of a baby daughter born Monday morning. This is their second child, the other being a boy.

EXTENSION OF LOAN TO PRISON SYSTEM SOUGHT

By United Press.

AUSTIN, Feb. 4.—A bill to extend for two more years a \$750,000 loan to the prison system by a Wichita, Kan., brokerage concern, was being prepared today for introduction into the senate and house. The loan was first floated four years ago. Because of the prison system's condition another extension was made by chairman of the senate finance committee and James E. Ferguson, according to Senator John Davis.

ATTORNEY GENERAL NOW WORKING ON FERGUSON VINDICATION PROBLEM

AUSTIN, Feb. 4.—The next move remained with the senate hearing committee today in an effort to obtain from the attorney general's department an opinion on legal phases of the Ferguson vindication move. The first request of the committee was rejected by Attorney General Dan Moody on the grounds that it was insufficient. The committee then submitted a definite question about the validity of an "amnesty or pardon" statute.

Moody replied by letter to Chairman Lloyd E. Price of the committee that his department would forthwith make a preliminary investigation of available authorities in order to furnish the committee at an early date as possible such an answer as "we may be able to give the question." He added, however, that a copy of whatever bill the committee had agreed upon would be necessary in the consideration of the issue.

FORBES AND THOMPSON SENTENCED TO BE PUNISHED

CHICAGO, Feb. 4.—Sentences of two years in the federal penitentiary and fines of \$10,000 each were imposed here today on Col. Charles R. Forbes, former head of the veterans' bureau, and John W. Thompson, St. Louis contractor, for conspiring to defraud the government in connection with bureau hospitalization contracts.

Federal Judge Carpenter rejected the motion for a new trial and immediately imposed sentence. The sentences are the extreme penalty provided for by law. A stay of sentence for 30 days was later granted in order to allow Forbes and Thompson to carry their appeal to the circuit court of appeals. In passing sentence Judge Carpenter bitterly denounced the two convicted men, aiming most of his shafts at Forbes who shook with emotion throughout the session of court.

R. H. WORK, AGED FARMER, DIES AFTER SHORT ILLNESS

Funeral services for R. H. Work, 81, farmer residing northwest of Ranger, will be held tomorrow afternoon at Santo. The body will be taken to Santo this afternoon by Killingsworth-Cox funeral company.

Decedent died yesterday afternoon after a short illness and is survived by wife, Mrs. R. H. Work, and two sons and four daughters.

NEW POSTAL SALARIES INCREASE BILL WRITTEN

WASHINGTON, Feb. 4.—A new postal salaries increase bill was reported to the house today. The house postoffice committee working with amazing speed wrote increases in postal rates to raise \$60,000,000 in revenue enough to meet the president's approval and meet a salary increase of \$28,000,000, according to Representative Kelley of Pennsylvania, postal bill champion, substituting this bill for the one adopted by senate which incurred the disapproval of both the house and president Coolidge.

OLDEN, Feb. 4.—The infant daughter of Mr. and Mrs. S. J. Lee, 8 days of age, died Saturday at 11 a. m. Funeral services were held at the Church of God Sunday afternoon by Rev. McNeil of Cisco. The body was laid to rest in the Eastland cemetery at 4 o'clock.

DR. COUNCIL ACQUITTED.

Dr. M. T. Council of Cisco, tried in the Eastland county court-at-law Tuesday on a charge of practicing medicine without a license, was acquitted by the jury. Dr. Council has been practicing as a masseur in Cisco for some time and the charges filed against him were based on this fact, it is stated.

FOR WORKING PEOPLE.

The best of workers get out of sorts when the liver fails to act. They feel languid, half-sick, "blue," and discouraged and think they are getting lazy. Neglect of these symptoms might result in a sick spell, therefore the sensible course is to take a dose or two of Herbin. It is just the medicine needed to purify the system and restore the vim and ambition of health. Price 60c. Sold by Texas Drug Store and Phillips Drug Store.—Adv.

FOUR BOOZE CARS, TWO DRIVEN BY WOMEN, NOW COMING TOWARDS TEXAS

By United Press.

DALLAS, Feb. 4.—Four liquor-laden cars, two of them driven by women, were reported en route to Dallas from New Orleans today. The machines carry a cargo of 150 cases, they were advised. Other advices said the booze was smuggled ashore from a vessel at the mouth of the Mississippi. Police through Texas were warned to be on a lookout for the cars.

LA GRANGE MAN FACES CHARGE OF KILLING GIRL

By United Press.

LA GRANGE, Feb. 4.—Charges of murder and assault to murder were filed today against William H. Longhorn Jr., 25, following the slaying of Valerie Zapalac, 17, La Grange school girl, and the brutal beating of her sister, Minnie, 15, on a highway eight miles from here late Thursday night. Feeling is running against the accused man, according to District Attorney Blondell, who told the United Press at noon today that Longhorn in a statement had confessed to the crime.

"INFANT LUCRETIA BORGIA" MAY BE TELLING TRUTH

LOS ANGELES, Feb. 4.—Police investigating the amazing murder confessions of Alsa Thompson, 7-year-old girl, was pushed with renewed vigor today following developments which, according to authorities, lend color to the girl's story. Alienists who have examined the infant "Lucretia Borgia" declared in preliminary reports that the child's "confessions" that she killed three persons by poison might possibly prove "authentic."

On the strength of the report from authorities at Dauthin, Manitoba, that the twin sister of the baby suspected had died suddenly two years ago from "gastro enteritis," Capt. L. L. McClary of the Hollywood police stated today that a "thorough investigation" would be made.

ERRORS CREEPING INTO STORY OF BANK CLOSING NOTED AND CORRECTED

The Peoples State Bank of Ranger was first organized by Llano people, J. C. Stribling and his associates, July 15, 1921. The officers were: J. C. Stribling, president; M. M. Moss, vice president; Clay Fowler, cashier; Gray Fowler, director, and Luth Raborn, director.

Later Ranger people interested included: C. E. May and John W. Thurman, and at yet later date other local people interested.

Money for the capital of the proposed Citizens State Bank, which was to take over and succeed the Peoples State Bank, \$50,000 was all subscribed and paid in, and the proposed new bank was to take over all local paper, but would not have assumed any of the liabilities of the old bank.

At the time of the organization of the Peoples State Bank, \$75,000 of its capital stock was deposited in the Llano National Bank at Llano, Texas, and designated as a depository of the bank. The other \$25,000 was deposited in the Rosenberg State Bank.

OLDEN

OLDEN, Feb. 4.—The literary society program Friday consisted of an address by Mr. Gibson and debate, "Resolved, That George Washington was a Greater General Than Robert E. Lee." Affirmative, Bonnie Branscum, Louise Ray and Garret Cayce; negative, Everett Everett, Carl Hartman and Herschel McMinn. The judges gave the honor of winning to the affirmative. Reading, Ina Lewellen; piano solo, Lillian Lynn; "What I Saw in a Dream," Clem Rayford; talk, Garret Cayce, editor of seventh grade class paper; "A Model Love Letter," Lena Phillips.

The pupils of Olden High school who made above B on the average of the first term of school and are on the honor roll are: Frances Henderson, Lola Branscum, Irene Ray, Mary Weatherall, Clem Rayford, Walton Branscum, and Elizabeth Gullet.

Several members of the Parent-Teacher association of Eastland visited the Parent-Teacher association here Thursday afternoon. The address made by Professor Phillips was enjoyed by all, as was the music rendered by the high school orchestra.

The Olden High school girls played Eastland High at Olden last week. The Olden girls defeated Eastland by a score of 54 to 8.

The Olden basket ball boys and girls played Breckenridge at Breckenridge last Friday night. Both teams lost to Breckenridge. The score of the boys' game was 25 to 15. The girls', 19 to 10. Olden expects to meet Breckenridge again with a victory for Olden teams.

The junior teams, both boys and girls, played the Cooper ward teams last week at Olden. The Olden boys defeated the Cooper boys by a score of 11 to 6. The Olden girls also defeated the Cooper girls, the score being 9 to 3.

Joe Aylward left Saturday for Chattanooga, Tenn., to visit his parents and friends.

Miss Flora Branscum is ill this week with pneumonia.

Dr. H. M. Barker has installed a radio in his home.

Mrs. J. L. Andrews has been ill the past week.

Mr. and Mrs. O. D. McDonald of Cisco were Olden visitors Sunday.

Court Asked To Open To Consumers All Avenues Of Food Distribution

Urge Modification of Packers' Consent Decree in Interest of Public

WHETHER the consuming public and producers of food articles shall have available all channels of food distribution is the question raised in proceedings recently instituted in the Supreme Court of the District of Columbia. The case involves the so-called packers' consent decree of 1920, under which five of the large packing companies agreed to cease handling certain commodities which are also handled by wholesale grocers.

Since the decree became effective certain growers and canners of fruits and vegetables who were not parties to it have asked to have it changed so that the packers could continue to market their products. These producers, cut off under the decree from distributing through the packers, maintain that distribution of their products to the public is now restricted to wholesale grocers. In other words, one well established and efficient method of reaching the consumer, number of growers and canners of important articles of food consumption.

Two wholesale grocers' associations have opposed any modification of the decree. But so strong has been the demand for a change that the Attorney General some time ago ordered a hearing before a government committee representing the Departments of Justice, Commerce and Agriculture, which decided that the question of modifying the decree should be decided by the court. Last May the Court of Appeals of the District of Columbia decided that the canners had the right to be heard on their request that the decree be modified. And in the pending case the Supreme Court is now asked to decide not only whether the decree should be modified, but also whether it should remain in effect at all. The public interest involved in

The case was significantly pointed out by the Court of Appeals which said:

If the charge... is true, that the wholesale grocers are using the decree against the packers to strengthen and build up a giant monopoly in their various and varied lines of business, there would seem to be demand for a searching inquiry as to whether or not the court is being used as an agency to restrain one monopoly and thereby promote, strengthen and build up another. Clearly it is not the policy of the Anti-Trust Act to accomplish this result. Nor will the decree of the court below, declaring the packers' combina-

tion illegal under the Anti-Trust Act, be sustained if its effect is to safeguard one public interest by the destruction of another.

One of the vital parts of the Consent Decree was a stipulation that it should in no way constitute an admission or finding that the packers in handling the distribution of these so-called unrelated lines were violating any law. Since the decree became effective it has been charged by those who oppose any change in it that the decree did imply such a violation. The packers maintain that such a charge is a violation of the terms of the decree itself and that, therefore, the decree should be annulled.

ROTARIAN AIDS NOT AT ALL IN DEN OF LIONS

(Continued from page one)

to Hollywood where he was found flirting with the girls. On cross-examination the witness Collie denied that he instead of the defendant was the one involved and that the defendant lost much valuable time in keeping him out of trouble. At this point Bobbie Bates, disguised as a woman, was brought into the courtroom and Collie was asked if it were not a fact that he met "her" on the trip, became infatuated with "her" and forgot everything else. After giving the "woman" the "once over" the witness said, "I don't recognize her." He was excused.

The prosecution put the "woman" on the stand. She said that her name was "Saffrona Highbrow." She admitted that she met the defendant on his trip over the country and that he flirted with her and "hung around" her home town several days trying to get to see her after she had told him emphatically that she would see him no more.

"Red Nose Pete" (Dr. W. S. Poe) was called to the witness stand and in answer to Senator W. J. Rodgers of the defense counsel, stated that he was not married, had never been married and never would be married. He also denied that he was a "tooth doctor" and advertised to extract teeth without pain.

The witness declared the sole reason the defendant lost the race was because he took up too much time with bootleggers and bootlegging. Judge Rosenquest of the prosecution handed the witness a bottle about the size of a thimble and asked him if that was the kind of bottle the defendant sold liquor in which the witness replied that the bottles he bought from the defendant was not quite so large but that the defendant called them pints and charged him \$25 each for them.

Following "Red Nose Pete," Lion Barnes took the witness stand in his own behalf. He stated that he made the trip over the country in a motorcycle and that there was no one with him, that he was delayed in starting because he did not know the race was on and only agreed to enter the race when he was assured that he would be allowed 1,000 miles advantage over the cars that had already started. Had he been treated fairly he would have won the race by 4,800 miles, he testified.

When the testimony had all been heard a counsel for the prosecution stated, that, in their opinion, the

prosecution had not made out their case and that the court should instruct the jury to find the defendant not guilty. Defense counsel objected to this and said that they desired the defendant convicted in order that they might get a fine for appealing the case and also in order to give them a better chance to collect their trial fee in this case.

At this juncture the court took the matter in hand and instructed the jury to find the defendant guilty, but told them that they might recommend the suspended sentence if they so desired. The jury then adjourned to another room, but soon returned with a verdict that the defendant should be compelled to put

himself in the stocks for 30 days.

prosecution had not made out their case and that the court should instruct the jury to find the defendant not guilty. Defense counsel objected to this and said that they desired the defendant convicted in order that they might get a fine for appealing the case and also in order to give them a better chance to collect their trial fee in this case.

PIMPLY FACED PEOPLE LEARNING NEW METHOD

It is simply a question of knowing what it takes to clear out those diseases of the skin, like bumps, blotches, pimples, rash, eczema, "breaking out," etc., and the makers of Black and White Ointment, and Black and White Soap seem to have just what the skin needs to get rid of them quickly. The fact that more than two million packages of them are sold every year proves how popular they are.

Black and White Ointment and Soap are economically priced, in several packages. The 50c size Ointment contains three times as much as the liberal 25c size. All dealers have both the Ointment and the Soap.—Adv.

his coat on wrong side out, have his hands tied behind him and with a rope around his neck be led around the courthouse square followed by the entire membership of his club. When the verdict of the jury had been read the court asked the defendant if he had anything to say for himself as to why sentence should not be passed upon him, to which he replied that he wished to enter a plea of insanity as he had become convinced that anyone who would employ the lawyers to represent him that he did was undoubtedly crazy. His request was denied. The court then ordered him to stand while he passed sentence upon him. The trial being completed, the sheriff was ordered to take charge of the prisoner, which he did, and the sentence of the court then was carried out.

Effective Means of Reducing Fat

Here is an extraordinary method of reducing weight—extraordinary because no starvation diets or violent exercises are necessary. Marmola Tablets are made exactly in accordance with the famous Marmola Prescription. They reduce you steadily and easily, with no ill effects. Procure them from your druggist at one dollar for a box or send price direct to the Marmola company, General Motors Building, Detroit, Mich. Once you start taking these tablets and losing your fatness, you will be happy again.—Adv.

Lady Says She Took Cardui and Never Saw Such Improvement—Was So Weak Couldn't Stand.

Weathersby, Miss.—Mrs. James M. Hall, of this place, writes that she was "getting weaker all the time" when Cardui, the woman's tonic, was first brought to her attention. After she had taken Cardui a while, she writes that she "never did see such an improvement."

"I suffered all the time and had pains all over," says Mrs. Hall. "I was so weak I could not stand. My skin was cold and flabby. I did not have any color. I had always been a very active woman—used to outdoor exercise, walking and going where I pleased, and to get down, not able to get myself a drink, was indeed a hardship." "Nothing seemed to help me, till I began on Cardui. The first bottle seemed to strengthen me, and I sent for five more. By the time I had taken these, I was on my feet, going around, doing my work, gained in health and strength. "I took two more bottles, and I am well and strong. Can work my garden. I haven't had any more sickness." Ask your druggist. NC-165

"Every Picture Tells a Story"

Grip Left You All Run Down?
BACK lame and achy? Sharp pains stab you at every sudden move? Nerves "all unstrung"? Then look to your kidneys! Winter, you know, is danger time for the kidneys. That's because grip, colds and chills are apt to weaken the kidneys and allow body poisons to upset the whole bodily machinery. Then is apt to come lameness, soreness and stiffness; constant backache, rheumatic pains, headaches, dizziness and irregular or painful passage of the kidney secretions. Don't risk serious kidney sickness! Use **Doan's Pills** before it is too late. **Doan's** have helped thousands. They should help you. Ask your neighbor!

HERE IS CONVINCING PROOF:
 T. B. Ehart, carpenter and contractor, 1708 Wall St., Dallas, Texas, says: "Heavy straining put my kidneys out of order and the secretions passed irregularly and contained sediment. There was a dull ache and soreness across my kidneys, too. After using Doan's Pills, I was rid of the attack."

Why Humble Oils
 Are Service Insurance for Your Car
 The amount of pleasure and service you get from your investment in a car depends, in a great measure, on how well you keep all bearing surfaces in the car greased.
 A thin little film of oil between bearing surfaces is all that protects your car from quick and serious depreciation and permits you to drive it over the road at your will.
 Due to neglect and the use of poor-quality lubricants, many motorists find that their cars are "all used up" after three years. Friction has taken its toll, and Mr. Motorist has either to spend a lot of money for a complete overhauling of the old car or to buy a new one.
 If the average car is kept properly lubricated, it will serve for many years more than three, without excessive costs for repairs and replacements. There is no secret to it—just use the right quantity and grade of Humble Motor Oil and Humble Greases.
 Humble Motor Oils and Greases are carefully manufactured from low-cold-test crudes. Each product is the very best for the purposes recommended, and is specially made to withstand the severe conditions under which it is called on to serve and protect. Their correct use is real insurance that your car will serve you long and faithfully.
 Humble Motor Oils and Greases are sold by conveniently-located dealers. Look for the Humble Signs.

THREE RECIPES FAVORITES IN MANY HOMES

Mushrooms, Eggs and Shrimp Prepared in Appetizing Manner.

National dishes quite unknown to many housewives of this country will figure in a series of articles by Helen Harrington Dowling, director of home economics of the Calumet Baking Powder company, Chicago. This will be a series of foreign dishes, beginning this week with English recipes, followed by Norwegian, Russian, French, Swedish, Chinese and German recipes.

Isle of Wight Mushrooms—Select 12 mushrooms of medium size. Put in a frying pan 3 tablespoons of butter. When hot, lay in mushrooms, stems up. Sprinkle with salt and a little paprika. Fry slowly for 6 or 8 minutes. Turn and fry on other side until tender. Place thin slices of buttered toast on serving dish. Moisten each with 1 tablespoon of hot cream, lay mushrooms on toast, and surround with thinly cut, delicately browned bacon.

Devonshire Eggs—Boil 6 eggs—20 minutes. Remove shells and cut in halves. Mash yolks with a work until smooth and light—then add 1/4 teaspoon salt, 1/4 teaspoon paprika, 2 tablespoons finely minced ham, enough cream to moisten. Put mixture back between whites of eggs and press together. Lay in shallow baking dish and pour over them 1 cup thick tomato sauce or tomato soup. Sprinkle with bread crumbs and bits of butter. Bake in hot oven.

Curried Shrimp—1 small onion, 1 tablespoon salt, 2 tablespoons butter, 1 cup stock, 3 tablespoons grated cocoanut, 1 tablespoon curry powder, 1 cup shrimp, 1 tablespoon lemon juice, 1 cup boiled rice. Slice onion thin and fry a little in the butter. Stir in the cocoanut, curry powder, salt and stock, simmer for half an hour. Add shrimp, cooked, and lemon juice. Place rice in serving dish and pour over it the above mixture, very hot.

Towns and cities that have the greatest number of mains, conduits, and manholes in their streets are most prosperous.

DOMINANT WHITE RACE.

By United Press. WASHINGTON.—Unofficial figures gathered here indicate that the world domination of the white race is probably secure for 500 years at least. Of the 1,750 million inhabitants of the globe, 650 million, or 37 per cent are of white European origin and 60 million, or 4 per cent, are white of non-European origin. The yellow race numbers 510 million, or 29 per cent. The brown race has 420 million, or 24 per cent, and the black race is last with 110 million, or 6 per cent. The world's white population is increasing 8,000,000 a year, the yellow 1,500,000 million.

Tom Finty Jr., of the Dallas News, has studied the report of a recent survey of the educational system of Texas and concludes that Texas can have an efficient system of public schools at a reasonable cost. He also points out that Texas can maintain a large number of colleges in competition with each other at much higher cost and have nothing meritoriously educational.

NOTHING LIKE IT ON EARTH.

The new treatment for torn flesh, cuts, wounds, sores or lacerations that is doing such wonderful work in flesh healing is the Borozone liquid and powder combination treatment. The liquid Borozone is a powerful antiseptic that purifies the wound of all poisons and infectious germs, while the Borozone powder is the great healer. There is nothing like it on earth for speed, safety and efficiency. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. Sold by Texas Drug Store and Phillips Drug Store.—Adv.

Rheumatism

"Yes! it's all gone."

DO NOT close your eyes and think that health, free motion and strength are gone from you forever! It is not so. You can get rid of your rheumatism by building up your blood power. It is a fact that rheumatism means "blood poverty." It is a fact with the increase of red cells in your blood, impurities are destroyed. It is a fact that S.S.S. will help Nature build these red-blood-cells! S.S.S. is one of the most powerful blood cleansers in existence. Its results in thousands of rheumatic cases have been nothing short of amazing! The medicinal ingredients of S.S.S. are purely vegetable. This is very important to remember. What can be more inspiring, more wonderful than to see the shackles of pain released from your struggling body, swellings, lingering pains, stiffness of joints and muscles all disappear; your stomach made strong; your face pink with the old sweetheart glow, your blood enriched and your cheeks more plump as they used to be. You can do it! Take S.S.S., the great destroyer of rheumatic impurities.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

S.S.S. Makes You Feel Like Yourself Again!

QUART OF WATER CLEANS KIDNEYS

Take a Little Salts if Your Back Hurts, or Bladder is Troubling You.

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Eating too much rich food creates acids which excite the kidneys. They become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood. Rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders often come from sluggish kidneys. The moment you feel a dull ache in the kidneys, or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, begin drinking a quart of water each day, also get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast, and in a few days your kidneys may act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush and stimulate the kidneys; also to help neutralize the acids in the system, so they no longer cause irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep the kidneys clean and active and the blood pure, thereby often avoiding serious kidney complications. By all means have your physician examine your kidneys examined at least once a year.—Adv.

Tomorrow is Dollar Day

DOLLAR DAY AT THIS STORE ALWAYS BRINGS a big crowd of shoppers, for they realize that real values are to be had. This, the second Dollar Day of the year, represents some extra values.

New Spring Dresses \$16.75

An added attraction to Dollar Day is a wonderful group of Dresses from our new Spring line. Our special buyer is now in New York and working with our resident buyer. They succeeded in securing a very fortunate lot of Dresses. Tomorrow you can share in the saving; all new colors are included.
