'WA' FERGUSON SPEAKS ONLY IN WHISPER

NEAR APPROACH OF SPRING HAS TONING EFFECT

Eastland Golf and Cntry Club Planning Tournament and More Members.

The board of directors and the executive committee of the Eastland Golf and Cntry club met Sunday afternoon at the clubhouse. Tentative plans for bettering the course were discussed and committees appointed to act during this year.

Spring will soon be here and the fans are polishing up their irons in preparation for the coming tournaments, and prospects are bright for a banner year.

In order to make the 1925 season a success, the club must have the whole-hearted support, not only of its members, but of every citizen of Eastland as well.

Every playing member of the club is urged to be a "paying member" also, in order that the committees may not be hampered by a lack of funds.

The club hopes for a substantial increase in membership this season and with this in view every member is urged to put his shoulder to the wheel and do his or her bit toward making 1925 the best year that the club has yet had.

Following are the committees appointed at the Sunday afternoon meeting:

Greens Committee—F. H. Weaver, J. F. Owens; third member to be appointed by Weaver and Owens.

Tournament—W. I. Clark, chairman; A. J. Nicholson, H. H. Porter. Membership—Joe Weaver, chairman; Earl Conner, W. T. Garrett.

Publicity—E. W. Rand, chairman; E. E. Freyschlag, J. F. Owens.

BERGDOLL TRYING TO LEARN HOW HEAVY HIS PUNISHMENT WILL BE

BERLIN, Jan. 27.—Grover Cleveland Bergdoll, notorious American draft evader, may be preparing to abandon his refuge in Germany and return to the United States, the United Press learned today.

Private dispatches from Eberbach, where Bergdoll has made his headquarters, tell that relatives in America have been spending every effort to induce him to return and throw himself on the mercy of the law, following the surrender of his former chauffeur and companion, Eugene Stecher, who gave himself up in Philadelphia last week.

"It is believed here," a message from Eberbach says, "that Stecher was sent ahead to sound out sentiment towards Bergdoll. If the draft evader considers his prospects favorable he may return and surrender himself for punishment."

MRS. B. F. COTTON DIES IN HOME AT ABILENE

News reached Eastland Monday night of the death in Abilene Sunday of Mrs. B. F. Cotton, widow of the late Judge Cotton, and sister of Jacob and Sol Lyeria, of Eastland. Burial was to take place this afternoon at Pleasant Grove, the message said.

Mrs. Cotton, who was about 70 years of age, was a pioneer settler of Eastland county. When oil was struck on the Cotton farm, between Eastland and Ranger, during the oil boom, Mrs. Cotton moved to Abilene where she made her home with her sons, O. J. and Jack Cotton.

Mrs. Cotton is survived by three sons, O. J., Jack and Will, one daughter, Mrs. Oscar Norwood, two brothers, Jake and Sol Lyeria, and three sisters, Mrs. Sturgeon, Mrs. Frank Anthony and Mrs. Grice, all of Oklahoma.

FOUR CHILDREN BURN TO DEATH NEAR JOPLIN

JOPLIN, Mo., Jan. 27.—While their mother was out chopping wood, four children of Mrs. Vach Cooper were burned to death in a fire which destroyed their home here.

Mrs. Cooper returned home to find it in ruins and the charred bodies of her children in the debris.

MONTANA WILL RATIFY CHILD LABOR AMENDMENT

HELENA, Mont., Jan. 27.—Montana today appeared to be certain of ratifying the child labor amendment to the federal constitution following the action of the house yesterday in approving the amendment. The resolution carrying the ratification clause carried 76 to 7. Labor leaders say it will pass the senate as well.

Snow Falls Over North Texas and Blankets Oklahoma

PARIS, Texas, Jan. 27.—Snowfall was general over Northeast Texas last night and early this morning, following in the wake of the norther that blew down over Texas yesterday.

OKLAHOMA CITY, Jan. 27.—Oklahoma was blanketed with from two to five inches of snow today as the state was caught on the rough edges of the general storm which has been sweeping across the northern states. Temperature at 6 o'clock this morning registered 6 degrees above zero. Only a few minor break-downs were reported as a result of the storm.

CHILLING WINDS, DRIVING SNOW, NOW SUNSHINE

Norther Brings Ice and Snow to Eastland County, But Today Sunshines.

Overcoats and discarded winter clothing came out of storage with a rush following the sudden norther that dropped out of the northwest Monday overnight, bringing with it a keen piercing wind that penetrated to the very marrow of the bones, and causing much grief to unprepared motorists who left their cars out in the weather for a few hours. The mercury today still indicated cold weather was ascending slowly all morning and will be at normal once more within twenty-four hours. The sun shone brightly today.

Living up to its reputation, Texas weather within the last week has changed from one extreme to the other and back again. Spring weather with its attendant sun and balmy air prevailed Saturday and the populace went about their business congratulating themselves that no more cold weather would be had this year. Sunday the sky became overcast and the sun rays were shut off by a dull gray cloud that hung threateningly in the sky. Monday it turned cold.

A mist that forecast rain descended Monday night but the temperature dropped so rapidly that it turned to snow. With the temperature rapidly going down, down, down, automobiles were frozen up while they stood on the streets.

Reports from various points in Eastland county indicated a minimum temperature of 15 degrees above zero during the night. Snow fell regularly but the wind picked it up as fast as it fell and whirled it into nooks and corners, keeping the streets clear. Motorists who were out late Monday night report that the wind blew in gusts and would pick up the snow, whirling it aloft with snakelike undulations.

With the temperature again approaching balmy weather it apparently will again be springlike within another twenty-four hours.

BRECKENRIDGE MAN IS CHARGED WITH AUTO THEFT

A. M. McDaniel of Breckenridge was arrested Sunday afternoon in Ranger and was brought to Eastland and placed in jail after a complaint charging him with the theft of an automobile had been filed against him by Chief of Police H. E. Lawrence of Eastland.

McDaniel, who is about 25 years of age, is charged with having stolen a new Ford coupe belonging to George Thompson of Eastland from in front of the Eastland hotel about Jan. 15. When arrested he was in possession of a car which Mr. Thompson identified as his and it was delivered to him. McDaniel is said to have had a bill of sale to the car he had.

SALT LAKE MINING PROMOTER FOUND GUILTY ON 6 COUNTS

SALT LAKE CITY, Jan. 27.—Charles Peter, Salt Lake mining promoter, was found guilty last night on six counts charging him with using the mails in furtherance of promotions to defraud in the district court here where the case has been on trial for over six weeks.

The case has been the longest and hardest fought in any trial ever heard in this court and conviction will cost the government over \$50,000. Witnesses were brought from New York, New Mexico, California and Okla., to tell the stories which they say Peter used in persuading them to invest in the Mascot Mining company.

COLLINSVILLE, Ill., Jan. 27.—Two bandits today held up a post-office messenger and escaped with a pouch of first-class mail thought to contain a shipment of \$15,000 to meet a payroll of the Lumagini Coal company.

GOV. FERGUSON IN INAUGURAL GOWN.

GOV. FERGUSON IN INAUGURAL GOWN.

Above is shown Governor Miriam A. Ferguson, first woman governor of Texas, wearing the gown she wore when she took the oath of office in the State House in Austin. The gown, made by a New York modiste, is of black satin, with wide flowing kimono sleeves, embroidered in steel and crystal beads. Bands of fur are artistically placed in the centre of the embroidery, on the sleeves and around the bottom of the skirt. It is a straight-line garment, tying in front, the back panel hanging loose from the shoulders.

CRUDE OIL GROWS STRONGER

Higher Grade Than Heretofore Listed Added to Postings and Quoted at Advance of Twenty Cents a Barrel.

A new grade of crude petroleum was put on the market for North Central Texas production today, being announced by the Sinclair Oil company and effective at once. The top quotation is now \$1.85 for oil of 41.6 baume gravity and above.

Heretofore the highest quotation has been \$1.60 for 39 degrees baume gravity and above. That price is yet paid for all oil grading up to and including 41.5, the increased price beginning where that leaves off. It is an advance of 20 cents a barrel for the best grade of North Central crude if it grades up to and above 41.6 degrees baume gravity.

No other oil company operating

in the Ranger-Eastland field had met the advance in price at 2:30 o'clock today. It was stated in several quarters there was no oil of 41.6 baume gravity being produced in this field and that it was thought the price was made to take care of some special purchase in Oklahoma. But if crude petroleum of 41.6 baume gravity is produced in the Ranger-Eastland field, it will bring the advanced price of \$1.85 a barrel.

The prices of crude quoted last week when higher prices were posted are reported holding steady. Production in various fields continues to decline, consumption is increasing and oil producers are looking for yet higher prices.

AUTO LICENSE LENIENCY NEAR END OF LINE

Traffic Officers Will Refuse All Excuses After This Week.

A few days ago the officers having in charge the enforcement of the automobile license law, gave out a statement in which it was stated that day would be the last day on which cars would be permitted to run without 1925 license, and owing to the fact that there were so many people who had not paid and because it seemed almost impossible for everyone to get to the tax collector's in so short a time, it was thought best to not begin a strict enforcement of the law until Feb. 1.

Frank Robason, one of the county traffic officers, stated this morning that Saturday, Jan. 31, was absolutely the last day that anyone would be permitted to operate a car of any description on the Eastland county highways without a 1925 license and that excuses would be accepted from no one.

"We feel that we have been very lenient with everyone and we must insist on 1925 licenses being displayed on all cars after Saturday, Jan. 31," Mr. Robason said.

FEARING DREAD DISEASE, YOUNG MAN KILLS SELF

Dares Not Announce Engagement to Wed Because of Epileptic Fits.

KALLISVILLE, Mont., Jan. 27.—The body of Harvey D. Paige, 21, of Southbridge, Massachusetts, was enroute east today, authorities discontinuing plans to hold an inquest after it was established without a doubt that he committed suicide.

Letter written by the youth shows he took his own life because he feared the epileptic condition that had afflicted him as a boy would make his marriage impossible. The letter was addressed to Miss Helen O'Connell, his fiancee and to his parents, Mr. and Mrs. John E. Paige of Southbridge, Mass. He was a grandson of Congressman Calvin B. Paige of Massachusetts. The shooting occurred on the eve of the announcement of his engagement to Miss O'Connell.

JUVENILE COURT JUDGE OUSTER SUIT TO BE HEARD

DENVER, Jan. 27.—Motion to dismiss the suit involving the legality of the election of Juvenile Court Judge Ben Lindsey brought by Royal E. Graham, his klan opponent for the office, will be argued before Judge Charles Butler, in district court here January 30.

Judge Butler set Friday as the date for argument after attorneys for Lindsey had demanded as speedy a hearing as possible for the case.

NOTED PIANIST DISAPPEARS IN ALARMING WAY

Ethel Leginska Can't Be Found Though Police and Friends Search Diligently.

NEW YORK, Jan. 27.—Vanishing into the night while an audience of 2,000 awaited her appearance at Carnegie hall, Ethel Leginska, pianist, was missing today, although sought for 12 hours by hundreds of police throughout the city.

Miss Leginska disappeared from the stoop of a modern brownstone front house on the lower south side, where she has been making her home while here, during the 10 minutes that her secretary was away from her side seeking a taxi.

When the pianist failed to appear at the hall and her secretary was unable to locate her, a general alarm was sent out by the police. Inquiries at city hospitals and search of the neighborhood failed to disclose her whereabouts or account for her disappearance. She had not returned to her home or been heard from this morning.

No reason for the disappearance of Miss Leginska was apparent to friends of the pianist or to her agents, Henkel & Jones. She is a short, slight and sallow-complexioned woman of about 35 years, is not wealthy and had no money or jewels with her when she vanished.

Cameron Marshall Concert Postponed Because of Illness

Owing to the illness of the singer, Cameron Marshall, who has an attack of the flu, the concert announced by him for tonight at the Ranger high school auditorium has been postponed until Friday night, February 6.

Mr. Marshall will at that time give the program he expected to give tonight. This evening the extension department of Howard Payne college held every Tuesday night at the Ranger high school auditorium, have also been called off by Mr. Loftis, director of the extension department, found it too cold to make the long drive this evening. The work will be resumed at the usual hour on Friday of this week.

ENGINEERS IN LONDON ON STRIKE, BUT KING'S PALACE IS LIGHTED

LONDON, Jan. 27.—More than 1,000 employees of the engineering section of the office of public works struck today because of the employment of non-union workers. The men who walked out were employed in the division that furnished illumination for Buckingham palace, court and gardens. Hastily summoned volunteers maintained partial illumination and the lights burned in the palace as usual.

ESCAPED CONVICT, FACING MURDER CHARGE ALSO, SEIZED

KANSAS CITY, Jan. 27.—Ben Casey, escaped convict who shot and killed D. W. Burns, Kansas prison clerk, who had gone to bring Casey back from Texas, in December, 1923, after Casey's capture, is under arrest at West Point, Miss. Casey following his escape from the Lansing, Kan., state prison, was arrested at Texarkana with Charles O'Keith, another escaped convict.

Burns was sent after the two men and was overpowered and slain by Casey as they neared Alicia, Ark. Casey and O'Keith escaped but O'Keith was later captured. No trace had been found of Casey until his arrest in Mississippi.

WIFE OF FORMER SPEAKER OF TEXAS HOUSE DIES

DALLAS, Jan. 27.—Mrs. Roberta L. Thomas, 45, Lewisville, wife of Charles G. Thomas, a former speaker of the Texas house of representatives, died at a Dallas sanitarium today. The funeral will be held at Lewisville tomorrow. Thomas and four daughters survive.

LAWYER GETS WORD THAT HIS 'SHIP' HAS ARRIVED

TROUP.—A. A. Dawson retired as county attorney of Vna Zandt county January 1, and looked about for something to do. However, his search was interrupted by a messenger boy with a telegram notifying him that a gusher in the Wortham field in which he was interested had blown in at an opening pace of \$18,000 a month.

Populous Island of Port Alexandria Is Sucked Into Ocean

LISBON, Jan. 27.—Reports from Africa say the little island of Port Alexandria has disappeared as if by magic under the seas. Scores of dead bodies and floating debris are all that remains of the once populous and prosperous island port. Cause of the disaster is believed to have been a subterranean earthquake that caused a tidal wave to engulf the port.

A few gibbering mad men were picked up by vessels near the spot where the port once was. From their ravings it was gathered that the seas rose up and engulfed the island without warning in a maelstrom that sucked everything down with it under the water.

MILITIA KEEP PEACE BETWEEN ANGRY GROUPS

Klan and Anti-Klan Factions in 'Bloody' Herrin Burying Their Dead.

HERRIN, Ill., Jan. 27.—The official inquiry into Saturday night's hate war, in which S. Glenn Young and three others were slain, opened today. Conducted by the state's attorney, an inquest will attempt to throw light on which of the several participants in the battle fired first. One witness who claims to know the whole story is Lish Greene, a coal miner, who says he was in the center of the fight which erupted between Young and his arch enemy, Ora Thomas. Both Young and Thomas were killed, and Ed Forbes and Homer Warner also fell, mortally wounded.

Other witnesses have been subpoenaed to appear before the inquest today to tell of the bitter feeling between the klan and anti-klan factions. While officialdom is having its inning relative to placing blame for Saturday's battle, relatives of the slain men are going about the burial of their dead.

This afternoon Thomas will be buried from his family home and the coal miners are expected to turn out almost en masse. Thomas was a member of the union, having worked as a miner before he became a deputy sheriff. Young's funeral will be tomorrow and full klan rights will be observed. Klansmen from all over the county have announced they will be on hand. The militia continues to patrol the streets and is expected to take special precautions today and tomorrow.

FUNERAL OF YOUNG IS POSTPONED TO THURSDAY

HERRIN, Ill., Jan. 27.—Sheriff George Gallivan, nephew of the klan, will make his first visit to Herrin since Saturday to attend the funeral of his under sheriff, Ora Thomas.

Gallivan has been at the city jail at Merriman since the riot with his arms around him. His arrival here is expected to cause no trouble as the militia will probably be represented in the funeral procession. The date for the funeral of S. Glenn Young has been changed to Thursday afternoon. Failure of Young's brother to arrive caused the delay. Twelve white horses will be hooked to the hearse and the klan will be out in full force.

FOUR WIDOWS AND TEN ORPHANS REMAIN TO MOURN

HERRIN, Jan. 27.—Four widows and ten children, one of the women totally blind, today are shouldering the sorrow brought about by a war of hate. They are the widows of the men shot to death in the war.

Mrs. Young with her 23-months-old baby is unable to go to the Baptist church to view the remains of her husband, or to see the floral offerings from friends. A few months ago while riding with her husband she was blinded when a gang of gunmen poured down a barrage of bullets into the car.

Mrs. Ora Thomas, another widow with two children, is a young woman slightly over 25 years of age.

Around the corner from Mrs. Thomas is the family of Ed Forbes, a widow and seven children.

SOUTH CHINA DICTATOR VERY ILL AFTER OPERATION

OSAKA, Japan, Jan. 27.—The condition of Dr. Sun Yat Sen, South China dictator, operated on for a disease of the kidneys, is described as desperate in Pekin dispatches today.

GOVERNOR ILL STAYS AT HOME, CONSORT WORKS

'Pa' Occupies Executive Office, Attends Conferences, Makes Announcements.

AUSTIN, Jan. 27.—Governor Miriam A. Ferguson faced another day's absence from the capitol as she fought off a severe cold. Hoarseness and the inability to speak above a whisper caused her absence. The woman executive has no fever and apparently suffered no ill effects from her cold. Physicians said a few days rest would be necessary but that her condition was not alarming.

The former governor sat in for Mrs. Ferguson at the capitol Monday and was scheduled for several conferences here today.

Announcement coming from the executive offices through the former governor acting as spokesman for the governor was that he preside over daily conferences with newspaper men usually held at the close of the day's work. Ferguson usually refers to the governor as "my wife."

AUSTIN, Jan. 27.—A list of seven nominees for the university of Texas board of regents will probably be laid before the senate for confirmation today former Governor James E. Ferguson said on behalf of his wife last night. Submission of the Ferguson list has been held up pending the withdrawal of the remaining one of the Neff recess appointees, Miss Florence Stirling of Houston, Ferguson indicated. Withdrawal of W. W. Woodson of Waco yesterday for "business reasons" and the resignation of H. A. Wroe of Austin, left the woman appointee as the only outstanding appointee remaining.

Weaver Oil Corp. Brings In Producer At 3445-Foot Depth

The Weaver Oil corporation's E. D. Dulin No. 1, located three miles northwest of Eastland on block 4, section 42, H. & T. C. Railway company survey, is reported making 250 barrels per day from a depth of 3,445 feet following a 60-quart shot given late Sunday afternoon.

This well was drilled by Corzelli Bros. and Taggart. The United Producers company is laying a line to the well and will run the oil.

The Weaver Oil corporation's well is only about 1,600 feet from Corzelli Bros.' No. 1 Dulin, which was drilled in some three years ago and which is making 400 to 500 barrels of oil per day now.

The Hatten No. 1 being drilled in this territory by Corzelli Bros. and Taggart is down about 1,400 feet.

HEALTHY YEAR REPORTED IN UNITED STATES ARMY

WASHINGTON. With four deaths per thousand men, the army last year had the lowest peace time mortality rate in history.

Figures submitted to congress by Maj. Gen. M. W. Ireland, surgeon general of the army, show that the admission rate to hospitals of enlisted men was 60 per thousand, a total of 647 men. Ireland explained that the previous year 639 men were admitted to hospitals, the lowest of all time.

"A soldier," said Patrick, "goes on sick list report very frequently, when a man in civil life would be doing business. He is not able to keep up with the men in the ranks. The slight increase over last year in admissions to the hospitals is accounted for by the amount of dague we had in the southern states, particularly in Texas and in the Philippine islands. Dague is an epidemic disease similar to rheumatism, accompanied by a high fever. It is not a serious ailment; the death rate is nil. This disease, Ireland reported, put 2,000 men off duty and its death rate was two.

The death rate from injury was 1.90 per thousand.

COLD WEATHER DOES DAMAGE BUT DOES ABUNDANT GOOD

ORANGE. Cattle losses in Orange county during the December sleet and rain storm will run from three to five per cent, according to County Agent G. C. Ellis. Ellis said that the cold spell would be of more advantage to the community than it appeared detrimental. Figs and orange orchards escaped injury from the weather that killed many insects, the agent said.

FIRST BAPTIST HONORS
PASTOR IN CELEBRATION.

Members of the First Baptist church celebrated the seventh anniversary of the pastorate of Rev. W. H. Johnson, their minister, on Monday night, in their usual wondrously hearted fashion. In spite of the extreme cold weather, about 150 were present. Rev. Mr. Johnson and his wife were presented with a handsome silver table service and a sum of money in gold. The presentation was made by F. A. Brown in behalf of the congregation. Fine addresses were made by Joe Lary, president of the Gorman State bank, Rev. Ira Parricks, pastor of the Gorman Baptist church, and Rev. J. J. Ponder, associational pastor of this district. A short talk of appreciation was given by Mayor R. H. Hodges and musical selections were given by an orchestra recruited from the band and other musicians with Mrs. M. R. Newnam at the piano and singing by a quartet which included Mrs. Longley, Miss Marguerite Klump, Misses Mittie and Callie Morris, also accompanied by Mrs. Newnam.

Frank A. Brown gave a financial report of the church work for 1924 which was of interest to all present. A bountiful and delicious box supper was prepared by the ladies of the church and thoroughly enjoyed.

MRS. BUDDRUS WILL BE
YOUNG MATRONS' HOSTESS.
 Members of the Young Matrons' club will be entertained on Friday at the home of Mrs. Ed Buddrus, 1015 Vitalious street, at 2:30 o'clock.

BAXTER-EARNSHAW
WEDDING SOLEMNIZED.

The marriage of Miss Linda Baxter of Ranger to Mr. P. R. Earnshaw of the same city took place recently at the home of Mrs. L. P. Hinde, 414 West Wheeler street in Breckenridge. The ceremony was performed by Rev. Mr. Cartwright, pastor of the First Methodist church of Breckenridge, in the presence of a few relatives and friends. The bride is the daughter of Mr. and Mrs. T. E. Baxter who have resided for seven years on South Austin street, Ranger, and is also a graduate of the Ranger High school. Mr. Earnshaw works for the Lone Star gas company. They are members of the Ranger Methodist church. Good wishes for many year of happiness are extended them by their friends.

CHILD STUDY CLUB TO
MEET ON FRIDAY.

The postponed meeting of the Child Study club will be held on Friday afternoon at 3 o'clock at the home of Mrs. J. A. Shaw. It is hoped all members will be present.

METHODIST LADIES ENJOY
PROGRAM AND SOCIAL.

The ladies of the Methodist missionary society had a delightful meeting on Monday in spite of the severe weather. With Mrs. E. H. Chaplin as leader there was a fine program from "The Missionary Voice" on the work of the society since its organization and by Mrs. R. R. Stafford an outline of the work being done among the Mexicans. A contest on the women of the Bible proved interesting and instructive. Following the program there was a social hour with refreshments. Hostesses for the day were Meses. C. E. May, Cole, S. P. Boon, E. H. Chaplin, and Carroll Clarke.

SAN ANTONIO—Sanitary sewer to be laid in Bushnell place, between McCullough and Shook avenues.

HOUSTON—Cameron & Co. to build \$60,000 warehouse.

CHIEF FIGURES IN NEWS OF THE DAY

Above: ROY A. HAYNES & HERBERT HOOVER
 Below: ALLAN A. RYAN & JOHN J. KELLY

Secretary of Commerce Herbert Hoover has declined to accept the post of Secretary of Agriculture in President Coolidge's Cabinet after March 4, and will remain in the Commerce post. It is reported from Washington that Roy A. Haynes, Federal Prohibition Commissioner, is to be superseded. Allan A. Ryan, son of Thomas Fortune Ryan, one of America's richest men, has withdrawn his suit for \$1,000,000 against the New York Stock Exchange for expelling him for his famous corner in Stutz, in 1920. John J. Kelly, oldest employe in the point of service in the New York City post office, has been nominated for the New York postmastership by President Coolidge, succeeding the late Edward N. Morgan.

RANGER BAND SOON
WILL DEMONSTRATE ITS
ABILITY TO PLEASE

Ranger's municipal band under the direction of Leo M. Underwood will hold its regular rehearsal at the fire station, Elm street, tonight. All band members are urged to be present, as only a few more rehearsals remain prior to the opening of the white way celebration at which time the band will hold its first public appearance.

DID YOU EVER
STOP TO THINK

By E. R. Waite, Secretary Shawnee, Okla., Board of Commerce.

That the home city is a man's opportunity. He should help to boost it.
 That to some cities, an era of prosperity seems just "around the corner."
 That some of them will catch it and be crowned with success, judging by the energy and enthusiasm displayed by their citizens.
 That the cities that are shining spots on the map, are the ones whose entire citizenship work tirelessly towards that end.
 That live cities are full of boosters. Boosters are fellows who know the truth when they see it, and get busy and let the other fellows know it.
 That a boosting spirit makes the fellows who can do things, get busy and get out and do them.
 That a live city generally has a few knockers, but the people generally think the way the boosters think.
 That boosters get going and keep going. Every new booster is a new unit that can be used in the building of a city.
 That every new dollar invested in the home city means a new dollar enlisted in the service of the city.
 Wide-awake people who realize the possibilities of the home city usually benefit by that knowledge.
 Those people who think it can't be done should look around. They would see some other city doing it.

Radio Waves Cross
Atlantic In Daytime
Helped By Eclipse

PHILADELPHIA, Jan. 27.—For the first time in radio history, an American broadcasting station was heard in Europe in daytime. The feat that heretofore was considered impossible by radio experts of both continents, was accomplished Saturday morning during the total eclipse of the sun.

Station WIP, on the Gimbel Bros. store here, had more arrangements with Station 2LO at London and Station 2BD at Aberdeen, Scotland, to stage a trans-Atlantic test during the eclipse period. Station WIP began its broadcasts promptly at 7 a. m., eastern standard time, as arranged. At 7:45 a. m., WIP began a program of orchestral music, and continued to broadcast it until 8:39 a. m.

About 9:30 a. m., a cablegram was received from 2LO saying that WIP's signals had been distinctly heard in London at 8:12 a. m., eastern standard time. This was before the eclipse was noticeable at Philadelphia.

A telegram to WIP from Howard Adams Jr., of Baltimore, Md., reported hearing 2LO's broadcast at 9:09 a. m. James Capozio of Philadelphia distinctly heard 2BD at Aberdeen, Scotland, and held their signals for three minutes. Rossmore Thatcher of Asbury Park, N. J., wired WIP that he had heard 2LO clearly.

This is the first daylight trans-Atlantic test-ever attempted, and the first time that two-way broadcasting was heard in daylight between the two continents.

Whether or not the eclipse of the sun had effect on the radio waves emitted from the three stations is unknown.

DALLAS.—North Harwood street is to be paved between Main and Bryan streets.

Proposed new republic to be smallest in world. BELGRADE (By mail to United Press)—Another new country should be added to the European map according to a proposal recently put before the Council of Greek Orthodox Bishops of Yugoslavia by the Bishop of Ochrid. The creation of this country, he claims, would solve a dispute of long standing between Yugoslavia and Albania.

On the shores of Lake Ochrid, near the Albanian-Yugoslav frontier, stands the Greek Orthodox Monastery of St. Naum. By the Serbs this monastery is regarded as one of their sacred historic monuments. By a recent decision of the Hague International Court of Justice, it has been given to Albania and the Serbs are very much peeved.

There are reasons, of course, why St. Naum should be given to Serbia, as well as other reasons which favored Albania's claim. In order that neither state may have grounds for feeling offended, the Bishop of Ochrid, whose seat is at St. Naum, has proposed that the monastery should be returned to the position which it occupied in the middle ages. If his proposal materializes, St. Naum will become an autonomous ecclesiastical republic. Besides the monastery it will include only two small villages, being thus one of the smallest independent countries in the world.

NEW RULING ALTERS INCOME TAX EXEMPTION

It Affects Marriage Status and Applies Also to Divorces.

WASHINGTON, Jan. 27.—Frequency of divorces in the United States has forced the national income tax to notice that a man may not be married during the entire taxable year.

Regulations just sent out to internal revenue collectors all over the country for the administration of the new income tax laws contain a new provision, stating that the exemptions will be prorated if the status of the taxpayer changes during the year. The method of prorating is this: The exemption is the sum of amounts which bear the ratio to the exemptions for each class that the time the taxpayer was in each class bears to the 12 months of the year. The following example is given:

"A, who has been single during the preceding months of 1924, married B on July 20 and lived with her during the balance of the year. If a joint return is made by A and B on a calendar year basis for 1924, the personal exemption will be \$2,208.33, that is 7-12 of \$1,000 while single, plus 5-12 of \$2,500 for the period during which they were married. If separate returns are made by A and B on a calendar-year basis for 1925, each may claim exemption of \$1,044.16 and is 7-12 of \$1,000, plus 1-2 of 5-12 of \$2,500. In the latter case, the joint exemption, of 5-12 of \$2,500 may be taken either by A or B, or divided between them."

The same ruling applies to persons who become divorced, or whose husbands or wives die during the year. If an individual dies during the year, his executor or administrator in making a return for him is en-

titled to claim his full exemption according to his status at the time of death. Husband and wives, whether married all during 1924 or not, must make a return if their aggregate gross income for the year is \$3,000. Husbands and wives living together for a period less than the year also must file a return if their aggregate net income is more than the exemptions allowed them. Husbands and wives living together for the entire year also must file a return if their aggregate net income is \$2,500—the amount of their joint exemption—or more.

INFLUENZA AND PNEUMONIA TAKING MILD TOLL IN TEXAS

DALLAS, Jan. 24.—A mild epidemic of influenza and pneumonia is sweeping over East, North and West Texas, health authorities advised today. Seventeen deaths have occurred in Hopkins county the last two weeks. Nacogdoches county has reported 1,000 cases to the state health department.

Recent extreme weather changes are held responsible. The malady has claimed three in Dallas and has extended as far southward as Houston, where two died. Other counties have reported 50 to 100 cases with occasional deaths.

Health authorities say the epidemic will not reach dangerous proportions, but urge all feeling colds coming on or sneezing violently to take preventative measures.

Grip Left You a Bad Back?

Is winter time your backache time? Are you lame, stiff and achy; tortured with constant backache and sharp stabs of pain? Look, then, to your kidneys! Grip, colds and chills weaken the kidneys and prevent them from properly filtering the blood. Then follows nerve-racking backache, sudden stabs of pain, headaches, dizziness and annoying kidney irregularities. You feel weak, tired—all worn out. Don't wait! Delay may prove serious. Use Doan's Pills. Doan's have helped thousands. They should help you. Ask your neighbor!

Doan's Pills Stimulant Diuretic to the Kidneys. At all dealers, 60c a box. Foster-Milburn Co., Mfg. Chemists, Buffalo, N. Y.

FAST RUNNER TELLS HOW TO LEARN TO RUN

Nurmi, Finnish Track Speedster, Says Americans Train With Too Much Haste.

NEW YORK, Jan. 27.—Paavo Nurmi, the Finnish runner who won four events at the Olympic games in Paris last summer and who is generally regarded as the fastest and most perfect runner that ever lived, is a very likeable chap. If he could speak English he would be much more entertaining than he is when he is forced to get it and send it through an interpreter. Nurmi speaks no more English now than he did when he was in Antwerp in 1920, but he understands more.

Nurmi never will make a teacher or a track coach. In the first place he doesn't believe in coaching, and also he has his own ideas and theories about running, but he maintains they are only his personal ideas and he does not believe that they would apply to general cases.

When asked what he would suggest to young American boys as the proper way to learn how to run, he replied he couldn't offer any lessons or he couldn't teach any one how to run.

He was willing, however, to point out why so many American youngsters can't run faster than they do. "Your boys," he said, "go about it with too much haste. They burn themselves out too quickly. The most important thing is to have a body to carry you over any distance that you want to run. American boys seem to have the idea of getting speed before they build up their body to endure the strain of running. I ran four years, principally for the amusement and the exercise I gained by it, before I got any idea that I could run. I trained for three years for the 1920 Olympic games and I ran for four years before I tried for fast time. In that long period of preliminary training, I built up my body and acquired a natural form. When the time came for me to try for speed I had had the mechanical and the physical essentials."

Nurmi was asked to explain why he selected a style of almost flat-footed running that is frowned upon by most of the best American coaches. It has been said that he made a careful study of styles and invented one of his own that was a combination of all the fine points of the form of other star distance runners. "I don't know what my style is," he replied. "I only know that it is the form that came to me naturally when I was trying to get a stride and a style that enabled me to get the most distance with the least exertion. I didn't study any one's style and I didn't do any copying, as Kohlemainen was the only great runner I ever saw before I went to Antwerp. The trouble with a lot of coaching," Nurmi says, "is that a runner is pushed along too fast. The coach teaches him in a month or so what it would take him a year to acquire by himself and he gets the idea that he can develop into a champion at the same rate. Of course, if a boy had some kind of defective style in running, he might never get along without some one to show him his error, but if he was serious enough about it and had the natural qualifications, he would work out the mistake himself without knowing it."

"If a boy wants to learn how to run he can only acquire that knowledge by running," he says. "I would suggest to young American boys who have a fondness for track sports that they decide upon the distance best fitted to their type. They should run the mile, or the half mile, or the quarter mile, or the eighth mile, or the sixteenth mile, or the thirty-second mile, or the sixty-fourth mile, or the one-hundredth mile, or the two-hundredth mile, or the four-hundredth mile, or the eight-hundredth mile, or the one-thousandth mile, or the two-thousandth mile, or the four-thousandth mile, or the eight-thousandth mile, or the sixteen-thousandth mile, or the thirty-two-thousandth mile, or the sixty-four-thousandth mile, or the one-hundred-thousandth mile, or the two-hundred-thousandth mile, or the four-hundred-thousandth mile, or the eight-hundred-thousandth mile, or the one-millionth mile, or the two-millionth mile, or the four-millionth mile, or the eight-millionth mile, or the sixteen-millionth mile, or the thirty-two-millionth mile, or the sixty-four-millionth mile, or the one-hundred-millionth mile, or the two-hundred-millionth mile, or the four-hundred-millionth mile, or the eight-hundred-millionth mile, or the one-billionth mile, or the two-billionth mile, or the four-billionth mile, or the eight-billionth mile, or the sixteen-billionth mile, or the thirty-two-billionth mile, or the sixty-four-billionth mile, or the one-hundred-billionth mile, or the two-hundred-billionth mile, or the four-hundred-billionth mile, or the eight-hundred-billionth mile, or the one-trillionth mile, or the two-trillionth mile, or the four-trillionth mile, or the eight-trillionth mile, or the sixteen-trillionth mile, or the thirty-two-trillionth mile, or the sixty-four-trillionth mile, or the one-hundred-trillionth mile, or the two-hundred-trillionth mile, or the four-hundred-trillionth mile, or the eight-hundred-trillionth mile, or the one-quadrillionth mile, or the two-quadrillionth mile, or the four-quadrillionth mile, or the eight-quadrillionth mile, or the sixteen-quadrillionth mile, or the thirty-two-quadrillionth mile, or the sixty-four-quadrillionth mile, or the one-hundred-quadrillionth mile, or the two-hundred-quadrillionth mile, or the four-hundred-quadrillionth mile, or the eight-hundred-quadrillionth mile, or the one-sextillionth mile, or the two-sextillionth mile, or the four-sextillionth mile, or the eight-sextillionth mile, or the sixteen-sextillionth mile, or the thirty-two-sextillionth mile, or the sixty-four-sextillionth mile, or the one-hundred-sextillionth mile, or the two-hundred-sextillionth mile, or the four-hundred-sextillionth mile, or the eight-hundred-sextillionth mile, or the one-octillionth mile, or the two-octillionth mile, or the four-octillionth mile, or the eight-octillionth mile, or the sixteen-octillionth mile, or the thirty-two-octillionth mile, or the sixty-four-octillionth mile, or the one-hundred-octillionth mile, or the two-hundred-octillionth mile, or the four-hundred-octillionth mile, or the eight-hundred-octillionth mile, or the one-nonillionth mile, or the two-nonillionth mile, or the four-nonillionth mile, or the eight-nonillionth mile, or the sixteen-nonillionth mile, or the thirty-two-nonillionth mile, or the sixty-four-nonillionth mile, or the one-hundred-nonillionth mile, or the two-hundred-nonillionth mile, or the four-hundred-nonillionth mile, or the eight-hundred-nonillionth mile, or the one-decillionth mile, or the two-decillionth mile, or the four-decillionth mile, or the eight-decillionth mile, or the sixteen-decillionth mile, or the thirty-two-decillionth mile, or the sixty-four-decillionth mile, or the one-hundred-decillionth mile, or the two-hundred-decillionth mile, or the four-hundred-decillionth mile, or the eight-hundred-decillionth mile, or the one-hundred-billionth mile, or the C. M. T. CAMPS ANNOUNCED FOR NEXT SUMMER

Free Military Training and Recreation for Young Men in This Corps Area.

According to plans just approved by the commanding general of this corps area, C. M. T. camps will this summer be held at Fort Sam Houston, Fort Crockett, Fort Bliss, and Dallas, Texas, Fort Sill, Okla., Fort Logan, Colo., and Fort Huachuca, Ariz. Three new camps are in this way established, no camp being held last summer at Fort Bliss, Fort Crockett or Dallas, Texas. The new camps are established with the view of improving on the present C. M. T. camps by making them slightly smaller, thereby giving each student more of the instructor's individual attention. Also, this plan, by reducing the distance to camps, will allow more parents to visit their sons while camp is in progress. Visitors are always welcome and will be entertained at each camp in the best possible manner.

Dates for the camps have not yet been announced by the war department but, as last year, they will probably be held during the month of August. It is expected that the quota allotted to this corps area by the war department, will be 4,100 men in camp. To get this number into camp will require about 5,000 applications. Application blanks can be obtained from the C. M. T. C. Officer, Headquarters Eighth Corps Area, Fort Sam Houston, Texas.

Many boys were disappointed last summer because there were no vacancies for them in the camps. The rule is, "First come, first served," so don't delay but send a card or write a letter now for your application blank. Ask some boy who has attended the C. M. T. C. and don't pass up this chance of 30 days' free training and recreation.

AN ADVERTISING COW
Little Jane was walking in the country with her mother.
"Gracious!" exclaimed mother, "what is that noise?"
"Oh, that's a cow mooing—trying to sell her milk," said Jane.—Progressive Grocer.

LOVE COSTS "PRINCESS" \$40,000.

PRINCESS ELIZABETH DE RIDDER.

Elizabeth, "Princess de Ridder," known incognito to New Yorkers as Mrs. Elsie Walter, has been taxed \$40,000 by a jury there for the damage done Mrs. Milly Hutton, of New Rochelle, N. Y., by the theft of the affections of her husband, Edward J. Hutton, a wealthy silk manufacturer. The Princess was not in court. It is reported she had gone back to Europe, where she owns valuable property bequeathed to her by D. E. M. de Ridder, famous art collector.

Press Agent: I wouldn't have anything to do with that actor; he's a bad egg.
Manager: Well, I've known bad eggs to make their mark on the stage.—The Progressive Grocer.

EDINBURG.—Electric signs extending across the streets entering the city are to be erected by business men. Ornamental arches will carry the signs.

ATHENS.—The new modern telephone system for this city that has been under construction for several months was completed in January.

REVENUE AND EXPENSES OF TEXAS IN 1923

Department of Commerce Shows Total State Government \$46,198,495.

WASHINGTON, Jan. 27.—The department of commerce announces that the total payments for expenses, interest and outlays for the state government of Texas for the fiscal year ending Aug. 31, 1923, amounted to \$48,451,802, or \$9.86 per capita. Of this total \$46,198,495 represents the expenses of operating the general departments of the state government; \$235,161, interest on debt; and \$2,017,946, outlays for permanent improvements. In 1922 the total payments for the state were \$45,842,985, and in 1917, \$22,204,625, a per capita of \$9.48 and \$5, respectively. The totals include all payments for the year, whether made from current revenues or from the proceeds of bond issues.

Revenues.—The total revenue receipts of Texas for 1923 were \$48,190,252, or \$9.81 per capita. This was \$1,756,596 more than the total payments for the year exclusive of the payments for permanent improvements, but \$261,350 less than the total payments including those for permanent improvements. These payments in excess of revenue receipts were met from the proceeds of debt obligations.

In Texas property and special taxes represented 53.0 per cent of the total revenue for 1923, 50.6 per cent for 1922, and 56.6 per cent for 1917. The increase in the amount of property and special taxes collected was 53.7 per cent from 1917 to 1922, and 20.7 per cent from 1922 to 1923. The per capita property and special taxes were \$5.20 in 1923, \$4.38 in 1922, and \$3.10 in 1917.

Earnings of general departments, or compensation for services rendered by state officials, represented 6.1 per cent of the total revenue for 1923, 4.5 per cent for 1922, and 16.7 per cent for 1917.

Business and nonbusiness licenses constituted 18.0 per cent of the total revenue for 1923, 17.9 per cent for 1922, and 12.5 per cent for 1917. Receipts from business licenses con-

sist chiefly of taxes exacted from insurance and other incorporated companies, and the sales tax on gasoline, while those from nonbusiness licenses comprise taxes on motor vehicles and amounts paid for hunting and fishing privileges.

Indebtedness.—The net indebtedness (funded and floating debt, less sinking fund assets) of Texas, for 1923, amounted to \$4,466,584, or \$0.91 per capita. The per capita net debt for 1922 was \$0.85, and for 1917, \$1.07.

Assessed Valuations and Tax Levies.—For 1923 the assessed valuation of property in Texas subject to ad valorem taxation was \$3,469,383,643; the amount of taxes levied was \$26,020,640; and the per capita levy, \$5.30.

DEATH BY SUICIDE WILL TRIAL ON INDICTMENTS

HOUSTON, Jan. 27.—Joseph Silverstein, 42, a retired dairyman, was found dead at his home late Monday with a bullet hole in his head. A verdict of death by suicide was returned by the coroner. He was under indictment on two charges of arson.

GANGSTERS THREATEN WIFE NOTORIOUS BEER RUNNER

CHICAGO, Jan. 27.—Guards have heard about the home of Mrs. John J. Torrio, wife of the notorious king of beer runners, for fear of an attempt on her life. The police have heard that gangsters who shot her husband are planning to kill her to remove a principal witness who might appear against them.

MISSION.—The city street lighting system is being rebuilt by the Valley Electric and Ice company.

Child-birth

HOW thousands of women, by the simple method of an eminent physician, have avoided unnecessary miseries through many months and up to the moment Baby has arrived, is fully explained in the remarkable book, "Motherhood and the Baby." Tells also what to do before and after baby comes, probable date of birth, baby rules, etc., and "Mother's Friend" used by three generations of mothers, and sold in all drug stores everywhere. "Mother's Friend" is applied externally, is safe, free from narcotics, permits easier natural adjustment of muscles and nerves during expectancy and child-birth. Start using it today. Mrs. E. B. Kerzer, Dayton, Minn., says: "It pulled me through." Send for book today, to Bradfield Regulator Co., 24-76, Atlanta, Ga. "Mother's Friend" is sold at all good drug stores—everywhere.

ANOTHER PROBE OF SAME OLD JAIL SYSTEM FINALLY IS STARTED

AUSTIN, Jan. 27.—Legislature investigation of the state prison system authorized under the Irwin resolution was officially underway today. The subcommittee of three of the house investigating committee headed by A. H. King, Throckmorton, was scheduled to start work at Huntsville today. T. K. Irwin and Boyd Saraf of Waxahachie accompanied King.

The sub-committee will work out their own program at Huntsville, according to R. M. Chitwood, chairman of the main committee. No instructions were given and no limit was set upon the length of the investigation, Chitwood said.

"LASSES" WHITE'S ALL-STAR MINSTRELS AT CONNELLEE

"Lasses" White's all-star minstrels, now in its fifth season and headed by the only "Lasses," the popular peer of burnt-cork artists, comes to the Connellee at Eastland tonight. "Lasses" has won a spot that is all his own in the esteem of the minstrel loving public by his unvarying good humor and clean comedy and his yearly visit is one of the real theatrical events.

For this season he has arranged a program that includes six episodes—four being unusually novel features. They are called "The Rose Arbor," "Plantation Days of 1924," "Jazzland" and "The Hotel de Blackville." Some of last season's favorites are still with the all-stars, among whom are "Billy" Doss, who is said to be one of the highest salaried artists in minstrelsy, who will be heard in a new and humorous monologue. A newcomer is Dan Holt who is said to excel in character impersonations. Unusual attention has been given to arranging the street parade and a band concert at 7:30 in front of theatre. On both occasions a program of popular airs will be rendered. The band of 22 will be directed by Frank Bauer, the orchestra directed by Prof. James L. Pinning, foremost of minstrel leaders.

ORIGIN OF WEDDING RINGS

In earlier times the betrothal ring and the wedding ring were one and the same. The custom of bestowing a ring upon the betrothed has been traced back in Rome to the seventh century before Christ. Plain iron rings were first used for this purpose, and they were still favored even when the wearing of gold rings had become general among certain classes of Roman citizens. In the course of the sixth century of the Christian era, gold rings came in use in the ceremony of betrothal. With the Romans a signet was set in the betrothal ring to signify that the wife was to have the right of sealing up the household goods, and occasionally a small key formed part of the ring. The words "With all my worldly goods I thee endow," in the marriage ceremony of today, are most likely an outcropping of this Roman custom.—The Mentor Magazine.

FORMER GOVERNOR ACTS FOR WIFE WHO IS INDISPOSED

AUSTIN, Jan. 26.—Illness kept Governor Miriam A. Ferguson from the capital today. Although improved after a day's rest, she remained indoors convalescing from a severe cold. Former Governor James B. Ferguson carried on for his wife at the executive offices.

LAMPASAS.—Extensive improvements are being made to the local telephone exchange. Extension of the service is an important part of the work.

League of Nations Anti-Drug Program Outlined in Part

GENEVA, Jan. 26.—The League of Nations anti-drug conference finally reached a turning point favorable to the American program this afternoon when Viscount Cecil and Congressman Stephens Porter, personally agreed upon the principal points under discussion.

A joint conciliatory commission will attempt to find a suitable date to start a fifteen-year period in which signatories of the agreement will suppress opium smoking and definitely limit manufacture of the drug.

Rastus was proudly sporting a new shirt when a friend asked, "How many yards does it take for a shirt like that?" Rastus replied: "I got three shirts like this out of one yard last night."—Progressive Grocer.

CHILDRESS.—April first is expected to see completion of the new power plant of the Texas Central Power company in this city.

YOU HATE TO LOOK AT A PIMPLY FACE

There is perhaps nothing more distressing to people who are bothered with them, and surely nothing as displeasing to others who see them, as pimples, blotches, bumps, rash, scrofula, eczema, "breaking out" and similar skin distempers. But now that Black and White Ointment and Soap, are proving to be so dependable in quickly getting rid of these diseases of the skin, it seems foolish for people to neglect using them and making themselves attractive to others instead of being slighted all the time. All dealers have Black and White Ointment, and Soap, in the convenient, low-priced, liberal packages. The 50c size Ointment contains three times as much as the liberal 25c size.—Advertisement.

Celery, Lettuce Cabbage, Spinach Contain Vitamines

Valuable suggestions are given by Helen Harrington Downing of the Calumet Baking Powder company as to ways and means of conserving vitamins. To those who throw away the top leaves of celery, the green outer leaves of lettuce, who dislike spinach and refuse cabbage; this is especially addressed.

Combine celery tops with coarse outer stalks of the celery. Simmer in scant amount of water till tender. Remove lid from stew pan to permit complete evaporation of liquid. Season with butter, salt and pepper. Celery tops may be used as a substitute for lettuce in Waldorf, banana and vegetable salads. Dressed with melted butter and combined with chopped peanuts they make excellently flavored sandwiches.

The outer leaves of lettuce may be bunched together and sliced into thin strips with a sharp knife or cut with scissors. So prepared it makes a foundation for any salad.

Scrape and cook young carrots in boiling salted water till tender. Cut in halves, lengthwise; roll in cracker crumbs, then in beaten eggs and crumbs again and fry in butter till a golden brown. Sprinkle with minced parsley and serve very hot. Cabbage may now be had in quantities in the market, large or small heads, according to choice. Serve it one day in cold slaw—skipping a day—then serving it "au gratin," according to the following recipe, or possibly boiled with a ham butt.

Cook cabbage eight minutes in boiling water, chop in small pieces, put in greased baking dish, sprinkle with salt and pepper, cover with white sauce and sprinkle, if desired with grated cheese. Mix cabbage and white sauce gently with a fork, cover with buttered crumbs and bake until crumbs are brown. Cauliflower and onions "au gratin" are also delicious and certainly a change from the everyday, plain boiled vegetables.

PUBLISHER WANTS NO PRAISE AFTER DEATH

CHICAGO, Jan. 26.—Friends today planned to carry out the wishes of John C. Eastman, publisher of the Chicago Daily Journal, that "no words of praise" be spoken at his funeral. Eastman, owner of Chicago's only democratic newspaper, died following a stroke of apoplexy at a hospital here Sunday. He had requested that his body be cremated and the ashes together with those of his deceased wife, be buried together in Ohio.

U. S. CHEMICAL MAKERS FEAR EFFECTS OF DAWES PLAN

NEW YORK, Jan. 22.—Use of American money by Germany to finance the chemical industry of the United States, it is declared by "Industrial Engineering Chemistry," official journal of the American Chemical Society.

thetic organic chemical industry independent, coupled with fortunate circumstances, has placed our industry in a position to compete in quality and variety of products and to provide such quantities as might be required.

"The use of American money to rebuild plants, to extend operations, to support research, and to meet needs might be a surprise in view of our efforts to establish an industry, but presents nothing alarming. But if this money will enable Germany to return to the former practice of long-time credit, occasionally extending over two or three years, then we think the American industry has a perfect right to protest, and that its protest should be heard. All else being equal the long time credit without interest would be a deciding factor in the market. That American money should be used to give this advantage to our strongest competitor is obviously unfair, and the practice should be stopped unless the bankers will even the score by enabling American makers to offer the same privilege."

AUSTIN—\$75,000 bonds approved for street improvement.

CORSICANA—Texas Power & Light company to construct high-power transmission line from this place to Wortham oil field.
