RANGER PROMISES GOOD ENTERTAINMENT

COUNTRY CLUB TO CELEBRATE JULY FOURTH

Announces Sunrise Breakfast-Dance to Start Independence Day Off Right.

That the members of the Ranger Country club are patriotic, is evidenced by the plans that they are making with which to start off the Fourth of July, for it takes a lot of patriotism to face an alarm clock at four o'clock in the morning. However, regardless of the hour and loss of beauty sleep, the club will entertain with a sunrise breakfast-dance on that date, beginning at 4:30.

A circular letter has been mailed to all members of the Country club, instructing them to mail the chairman of the entertainment committee a list of their guests, in order that there will be no duplication of invitations. Upon receipt of these lists, invitations will be mailed out. Reservations for a breakfast-dance must, of necessity, be made in advance.

Since only a limited number of reservations can be made, interest is unusually keen, and many members have already made their reservations. The leader of the orchestra will tune in promptly at 4:30. Breakfast will be served in courses by the Gholson hotel and the cuisine will be under the personal supervision of that superb chef, Arthur G. Jury.

The decorations for the occasion will be in charge of a special committee with R. J. Bates acting as chairman. These promise to be unique and in keeping with the day.

The board of directors has already ordered the dining room and kitchen be built, and they will be in readiness for the affair.

The entertainment committee in charge of the breakfast-dance consists of Dr. Carl Wilson, chairman; William Gifford Clegg, Robert J. Bates, Al Cameron, Mrs. C. C. Craig and Mrs. E. E. Crawford.

The invitations read as follows: "The Ranger Country club announces a sunrise breakfast-dance at the clubhouse, Saturday, July Fourth, 1925, 4:30 a. m. You are invited to make reservations for yourself and lady (before July 1). R. S. V. P. by mail. Ranger Country club chairman entertainment committee, 111 1/2 W. Main street, Ranger, Texas. Enclose remittance reservations \$4 will be sent you by return mail."

Organizing Sons Of the Confederate Veterans In Ranger

Col. Charles E. Gilbert of Houston is in Ranger for a few days endeavoring to organize a Ranger chapter of the Sons of Confederate Veterans. Colonel Gilbert, himself a son of a Confederate veteran, has been engaged in this work throughout the south for the last five years with much success, and is just finishing a trip through West Texas during which he organized chapters at Sweetwater, Merkel, Baird, Cisco, Breckenridge and Eastland. He was invited by the Daughters of the Confederacy at Sweetwater to come there and make them an address on Jeff Davis' birthday anniversary, and afterwards turned his attention to organizing the sons.

Colonel Gilbert is dean of afternoon newspaper publishers in Texas. He established the Dallas Herald, which afterwards was merged with another to make the Times-Herald. He established the Abilene Reporter and published it several years. He has had newspapers at Sweetwater, Austin, Nacogdoches and several other places, often buying a "sick" newspaper, building it up to a paying proposition and then selling it.

Colonel Gilbert is a guest at the Southern hotel and would be glad to get into communication with all the sons of Confederate veterans in Ranger.

"Every southern man should be interested in the S. C. V., but it is the only direct descendants we can ask to join us," said Colonel Gilbert. "The S. C. V. has a number of splendid enterprises on foot now in addition to the Stone Mountain memorial. In Virginia, the sons have purchased the ground where was fought the battle of Manassas, the first great battle of the war, and they also obtained from the state of Virginia an appropriation of \$10,000 to continue improvements of a beautiful Confederate memorial park with markers at all important points of historical interest. A similar improvement of the battlefield at Pea Ridge, Arkansas, is under way, and another at the Pleasant Hill battlefield in Louisiana, where Louisiana and Texas each lost two generals, although 14,000 Confederate soldiers defeated Banks' army of 40,000 men and drove it back to New Orleans.

"These are just a few of the methods of honoring the Confederate memory, besides the important schoolbook work they are contrib-

Communist Deputies Of France Accused of Traffic With Enemy

By United Press.
PARIS, June 20.—The procureur general is preparing a complaint in which Communist Deputies Herriot and Marty will be accused of having "intelligence with the enemy," the Riffians.

The government has been aroused by the situation created by the communists' position towards the Moroccan campaign, and it is claimed important documents have been transmitted to the Riffian chieftain. Premier Painleve has decided to lay all the facts of the communists' alleged role before the chamber of deputies, Tuesday, and to demand the chamber remove the parliamentary immunity of the two members and authorize that proceedings be instituted against them based on the procureur general's charges.

WOMAN BURIED ALIVE CLAIMED BY PROSECUTOR

Dr. Thomas W. Young Will Face This Charge At His Trial.

By United Press.
LOS ANGELES, June 20.—Mrs. Grace Grogan Young was buried alive after her husband had decapitated her senses with the dental gas, "somoform."

This is the charge that will face Dr. Thomas W. Young when he goes to trial here on Aug. 17 for the "scientific" murder of his society wife.

District attorneys agreed on this theory of the murder today. Dr. Young's three confessions which he repudiated by pleading "not guilty" may not be used at the trial, District Attorney Keyes declared.

Dr. Young's defense will be that his wife died a natural death while they were both under the influence of liquor, according to his attorneys. The slayer will also contend that his confessions were secured while he was intoxicated.

Trying to Protect Ex-Service Men From Money Lending Sharks

WASHINGTON, June 20.—A nationwide drive to stamp out activities of money lenders who are offering loans to ex-service men who put an adjusted compensation certificate as security, was started today by the United States secret service.

Chief Moran announced that operatives in San Antonio had seized 235 certificates said to be held by a money lender who was making approximately 100 per cent on advances to ex-service men. Evidence uncovered by agents has been turned over to the United States district attorney at San Antonio.

Mistaken Identity Causes Fatal Clash

HUNTINGTON, W. Va., June 20. Mistaking each other for moonshiners, federal and state prohibition forces clashed near here today, resulting in the death of William F. Porter, field chief of the federal dry officials in West Virginia, and the wounding of W. E. Workman and George Ball, state officers.

The affray occurred at Camp street in Wayne county as the two forces drew up on opposite sides of a hill. Porter was shot through the heart. The two wounded men were brought to the hospital here by Y. W. C. A. girls who were encamped near the scene.

Texas Teachers Defer Bible Study Action

AUSTIN, June 20.—The Texas state committee on classified and accredited high schools, at its annual meeting at Austin, steered clear of Bible study in schools, deciding to postpone action for at least one year. This follows the nation-wide discussion of the case of John T. Scopes, the Tennessee teacher who is to be prosecuted by W. J. Bryan and the state of Tennessee and defended by Clarence Darrow and other distinguished lawyers.

ating through the south. Keep alive the spirit and sentiment and much good will be accomplished in that direction. Occasionally I hear a man who doesn't want to 'arouse antagonism.' That is foolish. The sons of the union soldiers and the G. A. R. men themselves found a welcome in every part of the south and a republican and northern congress put its seal of approval on the Stone Mountain memorial in the souvenir half-dollar coins. No son or grandson of a Confederate veteran should hesitate to do that which will honor his father's service to his country."

Wedding Bells

Herbert C. Hoover Jr., son of the secretary of commerce, and Miss Margaret Watson of San Francisco will be married June 25 at Memorial Church, Stanford University. The wedding is the outgrowth of a college romance. Secretary and Mrs. Hoover will attend the wedding.

New Clemency Record Established In Texas

AUSTIN, June 20.—Governor Ferguson has established a new clemency record for the last week, according to a survey of certificates on file. Fifty-eight persons, including 45 negro convicts freed on June 19, constituted the week's clemency list.

Eight life termers—seven for murder and one for criminal assault—were pardoned today. Thirteen murders were in the list freed by the executive on the closing day of the week.

Admiral Robinson Asks Retirement

WASHINGTON, June 20.—Admiral J. K. Robinson, temporary chief of the bureau of engineering of the navy, has applied to Secretary of the Navy Wilbur for retirement as rear admiral and Wilbur has recommended to President Coolidge that his application be approved. Robinson approved the naval oil leases negotiated by former Secretary of the Navy Denby and former Secretary of the Interior Fall.

He was three times passed over for promotion to permanent rear admiral because of the doubtful outcome in the courts of the suits for the return of the reserves.

STRYCHNINE CAUSES DEATH
DALLAS, June 20.—J. F. Dowell, 40, state manager of the Aluminum company of America, died here today after swallowing several strychnine tablets.

SMALL TORNADO SWEEPS OVER TOWN OF GAZA

GAZZA, Texas, June 20.—A small concrete store building was demolished together with several other buildings when a small tornado swept over the town late today.

SUPREME COURT FINAL ARBITER OF OIL LEASES

Must Eventually Determine Clashing Teapot Dome and Elk Hill Decision.

WASHINGTON, June 20.—Only the United States supreme court can bring harmony out of the clashing decisions by Federal Judges McCormick and Kennedy on vital identical points in the Teapot Dome and Elks Hill oil lease cases. Both are certain to land in the high tribunal, the Doheny case by way of its own appeal and the Sinclair case through the appeal by government attorneys. Both will have to go through the circuit of appeals, entailing a delay of a year or more before reaching the supreme court unless an agreement is made to expedite them.

It is not customary for the higher federal court to rule on the finding of facts in the lower courts, usually restricting their decisions to points of law, but such diametrically opposed findings will compel them to re-view and reassess the evidence.

Fall Pleased With Court's Ruling In Teapot Dome Case

THREE RIVERS, N. M., June 20.—The Teapot Dome decision nearly fulfills the expectations of Albert B. Fall, one time secretary of the interior, who said today:

"I have no statement except to reiterate my unflinching confidence in the courts despite another and very recent decision. I have never entertained the remotest doubt as to the final outcome of the civil trials concerning the oil leases nor of any criminal charges, despite methods adopted by the senatorial committee. Eventually those who care for the same will be informed of my part."

Foreign Powers Seek To Discuss Shanghai Rioting With China

WASHINGTON, June 20.—Foreign domination of the international settlement of Shanghai, from which Chinese jurisdiction has been excluded for many years, may be taken up by the powers in discussing the Shanghai riots, the state department was advised today.

"The diplomatic body of Peking has intimated to the Chinese government that if the government desires they are disposed to request the authorization of their respective governments to discuss in a friendly spirit the problems at Shanghai," the department said.

These propositions, which concern the organization of the international settlement and the administration of justice there, were large factors in the lack of agreement which caused the breakup, June 11, of Shanghai conferences between representatives of the corps and the Chinese government.

Two Missing Boys Sons of Well-to-Do Parents Are Sought

PITTSBURGH, Pa., June 20.—Frank Harwood, an executive of the American Tobacco company, arrived here today to aid in the search for his 15-year-old son, Warren, who disappeared from New York city eight days ago with Webster Cosse, aged 14, son of Charles A. Cosse, civil service commissioner of Mount Vernon, N. Y. The parents have offered a reward for the recovery of the boys.

One Victim of Ibox Explosion Is Dead

BRECKENRIDGE, June 20.—G. D. Rabo, 44, injured yesterday in a gasoline explosion at the Phillips Petroleum plant at Ibox, died here today. Five other persons were injured in the blast.

MacMillan Sets Out For the North Pole

WISCASSETT, Me., June 20.—From this sleepy inland whaling town on the Sheepscot river, Capt. Donald B. MacMillan's Arctic expedition set out this afternoon for the unknown land of the north pole. Bidden God-speed by officials of America and of the state of Maine and thousands of country folks, MacMillan turned the prows of the vessels, the Perry and Bowdoin, towards the open seas.

Testifies

Here is Isabelle Pope, fiancee of William McClintock, for whose death William Shepherd is on trial in Chicago, as she appeared as a witness for the state. The engagement ring given her by McClintock is still worn by Miss Pope, as can be seen in the picture.

MAN IN DAZED CONDITION IS FOUND IN CISCO

Will Blair, Formerly of Gorman, Suffers From Loss Of Memory.

CISCO, June 20.—Wandering about in a dazed condition, Will Blair, formerly of Gorman and now a lineman for the Southern Pacific railroad at Tucson, Ariz., was picked up at the union depot here by local police and taken to headquarters where he was detained overnight. Blair seemed to be unable to tell where he was or where he came from. He said that he had lost his handbag and money. A search for this was made by the officers and the bag, containing approximately \$200, was located at one of the leading hotels.

Officers were unable to determine what was wrong with Blair. It was stated that he did not appear to be drunk, but acted as though he had been doped. While talking to the officers Blair seemed to be laboring under the delusion that his mother and sister were with him and frequently stated that he must go to the station to meet them. Other than suffering a loss of memory he talked rationally and appeared to be all right. He could give no information of having taken anything in the way of drugs or drinks.

The officers took charge of his money and other valuables and have notified his relatives of his whereabouts and condition.

Two New Wells Come In Producing From the Shallow Sands at Olden

Two wells producing from the shallow oil sands at Olden were reported in yesterday, the McMinn No. 2 of the Roselle company, and No. 2 of the Roselle company, and the Testor's Scott No. 4, the former on the north side of the highway almost within the town of Olden, and the latter near the depot on the north side of the railway tracks. The McMinn No. 2 came in at a depth of 1,450 feet. It gushed in the tank from 7 o'clock Friday morning to 7 o'clock Saturday morning, 198 1/2 barrels of high grade oil. This is the well that caught fire several days ago just when it was about to be drilled in. Gas was coming from the well and someone standing near lit a cigar and then threw down the match without putting it out. The gas caught and immediately flared up, burning one of the drillers quite badly on one arm. Steam

Highwaymen Continue Depredations In and About San Antonio

SAN ANTONIO, June 20.—While police and deputy sheriffs continued to patrol outlying roads in search of highwaymen, and despite the fact that two men were killed Thursday night by officers looking for bandits, two highwaymen shot and wounded a negro whom they tried to hold up last night. The negro, named Usher, took to flight when confronted by the pair, who fired five times at him, two bullets taking effect, one in his left arm and one in his right side. The hold-up men then fled.

Teddy Young, a negro, was also confronted by a negro highwayman, but fled when told to hold up his hands.

A white man was also seen to choke a woman and force her into an automobile driving away with her before officers reached the scene.

LAWYER THROWS BOMBSHELL INTO COURT HEARING

Declares If Defendant Had Harmed Daughter of His He Would Take His Life

NOBLESVILLE, Ind., June 20.—"I'm going to make a statement that perhaps should not be made, but if this man had harmed a daughter of mine no man-made law would prevent me from taking his life." This dramatic declaration by former Supreme Court Justice Charles E. Cox, acting as special counsel for the state, threw a bombshell into the bail hearing of D. C. Stephenson, "the old man" of the Ku Klux Klan, and his assistant, Earl Klenck and Earl Gentry, charged with murder.

The statement by Cox was immediately preceding an announcement that Judge Fred E. Hines would rule next Thursday afternoon on the bail petition of the men charged with slaying Miss Madge Oberholzer. It drew the condemnation of the court and drew fire from attorneys of the accused men. The former justice withdrew his statement with the assertion that "no man with red blood in his veins could countenance the deed."

Stephenson, wielding powerful influence in Indiana politics as a result of his former Klan affiliations, was quoted in the girl's dying statement as saying he was above punishment because he was the "law and power of Indiana."

Shepherd to Take Witness Stand to Bolster Up Defense

CHICAGO, June 20.—His own defense witnesses having failed to bolster his case, William D. Shepherd now stands on his own testimony to save him from conviction of murdering Billy McClintock, his millionaire ward.

Shepherd, according to his attorneys, will take the witness stand some time Monday and tell his own side of the case.

Shepherd's most severe blows were dealt today in the form of testimony extracted from his own witnesses during cross-examination by State's Attorney Robert E. Crowe. He claimed victory through his cross-examination and defense counsel publicly conceded victory by insisting on a Saturday afternoon session.

Following these preliminaries, a semi-final is being arranged, although not yet certain, between Aguilar of Mexico City and Walter Varner of Baird, the "pride of Callahan county, who will weigh in at about 155 pounds each. They are to go eight rounds. Callahan and Stephens county fight fans are expected in force to support their favorites.

The main bout will be a ten-round battle between Dick Bowers of Breckenridge and Green Evans of Stephenville, formerly of New York, who will weigh in at 135 pounds at 3 o'clock in the afternoon. Both are clever boxers and this is expected to be one of the best exhibitions ever seen about in this part of the state. Erath county fans will come to back their favorite, it is promised.

The entire card will be one of the best ever put on in West Texas, according to members of the American Legion, who are making the arrangements.

On such national holidays as the Fourth of July not only do the banks and postoffices close all over the country, but the business houses usually take a holiday, too. Coming on Saturday, however, this will work quite a hardship on the merchants of Ranger, Saturday being their chief trading day, and it is not certain they will close, although some have indicated a willingness to do so. But if they do not decide to close all day or even for half a day, it has been pretty well decided that all will close their doors by 6 o'clock, so that the heads of the establishments and their clerks may attend the entertainment provided for Saturday evening and night.

JULY FOURTH TO BE DAY OF CELEBRATION

Col. Alvin Owsley to Speak; Parade, Barbecue, Baseball And Fireworks.

Ranger's gala day, the Fourth of July, will be one to be long remembered in the annals of the town, according to Raymond Teal, general chairman of the arrangements committee for the big celebration. At the regular Friday luncheon of the committee at the DeGroff hotel, reports from the numerous committees were turned in to Mr. Teal.

Owsley Is Coming
Colonel Alvin Owsley, of Denton and Dallas, former national commander of the American Legion, has promised to come to Ranger to deliver the Independence Day oration. As an orator Colonel Owsley has few equals and no superiors and he is in such demand, especially for days like the Fourth of July that it is quite a feather in Ranger's cap to have him as the guest of honor for the day.

The entertainment for the day is gradually assuming shape and a number of interesting and highly enjoyable events are scheduled. The Ranger country club will start off Ranger country club will start off 4:30 a. m., at the country club. It is planned to start the big parade at 1 o'clock, from which time on the celebration proper will be held. Each business house in town has signified its intention of entering a float or decorated car for prizes. The Ranger Texas Ranger band will head the parade with the fire department. After the parade, athletic contests will be held throughout the afternoon. The Ranger Magnolias, one of the fastest independent baseball teams in the state, will meet the Eastland team at Nitro park at 3:30 in the afternoon.

Barbecue and Fireworks
Arrangements for the gigantic barbecue that will be served free to the visitors in Ranger on that day have been virtually completed, with the exception of gathering up the supplies, according to Mr. Teal. Swift & Co. have agreed to supply the barbecue meat in quantities sufficient to feed a crowd of from 5,000 to 7,000 people. That number of people are expected to be in Ranger to attend the July 4th celebration.

The night of July 4th one of the grandest spectacles that a West Texas town ever witnessed will be displayed when the pyrotechnic display of J. A. Boze and others, is held at Nitro park. A fireworks exhibition that has never before been equalled in Ranger, or West Texas, will be held at the park that night. The list of stunts includes practically everything known in fireworks from a small cannon cracker to a regular sham battle, and flags etc., in fire. A crowd of more than 5,000 people is expected to jam the park, from all indications, with many parked on the surrounding hillsides to witness the event.

A boxing match is also on the program of attractions for the night's offering and a large crowd will attend the affair. It is being promoted by the American Legion.

The boxing bout will open with a battle royal between five "smokes" known to be good boxers and able to get the crowd on its toes. This will be followed by a four-round preliminary between two young battlers, and a six-round scrimmage between "Shorty" Houghton, a Ranger boy who just loves to mix-it-up with an opponent, and "Rusty" Cahill of Breckenridge, who has the unanimous support of many of the Breckenridge boxing fans. They will weigh in at 135 pounds.

Following these preliminaries, a semi-final is being arranged, although not yet certain, between Aguilar of Mexico City and Walter Varner of Baird, the "pride of Callahan county, who will weigh in at about 155 pounds each. They are to go eight rounds. Callahan and Stephens county fight fans are expected in force to support their favorites.

The main bout will be a ten-round battle between Dick Bowers of Breckenridge and Green Evans of Stephenville, formerly of New York, who will weigh in at 135 pounds at 3 o'clock in the afternoon. Both are clever boxers and this is expected to be one of the best exhibitions ever seen about in this part of the state. Erath county fans will come to back their favorite, it is promised.

The entire card will be one of the best ever put on in West Texas, according to members of the American Legion, who are making the arrangements.

On such national holidays as the Fourth of July not only do the banks and postoffices close all over the country, but the business houses usually take a holiday, too. Coming on Saturday, however, this will work quite a hardship on the merchants of Ranger, Saturday being their chief trading day, and it is not certain they will close, although some have indicated a willingness to do so. But if they do not decide to close all day or even for half a day, it has been pretty well decided that all will close their doors by 6 o'clock, so that the heads of the establishments and their clerks may attend the entertainment provided for Saturday evening and night.

BIBLE THOUGHT
For then shall thou lift up thine face without spot; yea, thou shalt be steadfast, and shalt not fear.
—Job 11:15.

NORTH CAROLINA'S BOOM.
The census bureau has just issued some interesting figures concerning industry in the south, which shows that North Carolina has climbed from twenty-fifth place in 1904 to fifteenth place in 1923, an increase of 683 per cent. Texas comes next in gains, having passed nine states. South Carolina is ranked thirty-first. North Carolina's output of cotton mill products is only exceeded by Massachusetts. Of the 1,375 cotton mills in the nation, North Carolina has 351. The state is sixth in the manufacture of household furniture, and the total value of all manufactures is close to two billions of dollars per year.

In cotton factory products South Carolina and Georgia are making rapid gains, with Alabama promising to give them all a merry chase.

While England, France, Germany, Russia and the United States are bending every energy to fill the air with bombing machines, little Japan, surrounded by water, open to naval attacks from all sides, is perfecting and building a great fleet of submarine dreadnoughts, capable of cruising across the pacific ocean and return without difficulty. According to recent reports Japan now has 17 new ones under construction. The only thing the world seems to have learned as a result of the late war is how to best prepare for the next.

The United States shipping board has some 800 vessels, built on war contracts, that will never be used, most of them not fit to be used that are costing the taxpayers over four million dollars a year to take care of. Henry Ford has offered to buy 400 of them, which all but 25 or 30 he promises to scrap. The shipping board, however, seems reluctant to part with the junk, probably because it might mean the beginning of the end of the board's contact with the federal treasury. The general opinion among industrial leaders is that the shipping board and all its property should be scrapped.

A model code of criminal procedure for recommendation to the state legislatures of the country will be undertaken by the American Law Institute, of which Dr. William Draper Lewis, former dean of the University of Pennsylvania law school, is director. The work will take three years, and the cost of drafting the code will be met by the Laura Spelman Rockefeller memorial, the trustees of which have appropriated \$20,000 for each year.

Because the development of the automobile has accustomed us to an atmosphere seriously polluted with carbon monoxide, the interests controlling the production of tetraethyl lead gasoline consider it possible, for their own economic advantage to pollute the atmosphere to a still greater and more dangerous degree. Lead gasoline should be outlawed instantly.

The Women's Republican club of New Jersey has unanimously resolved to secure the election of at least one woman to the legislature from every county in the state having more than on representative. They contend that women are as well informed and as competent as most of the men usually elected, and believe a change in customs and methods is absolutely necessary.

The total of both-way third-class passengers between the United States and Europe in 1924, was 666,750. This was only 165,000 less than the previous year.

Kills Wife for Fortune

Spurred on by a desire for riches and infatuation with his pretty nurse, Dr. Thomas W. Young, Los Angeles dentist, killed his wife and sealed her body in a concrete cistern beneath his summer home. Above are Dr. Young and Miss Dorothy Leopold, the nurse. Below is Detective Sprankling examining the crypt, and in the circle is Mrs. Young's son, Pat Grogan, whom Young is believed to have planned to murder next.

SINGERS COME FROM FAR AND WIDE TO SING

Entire Chain of Oilbelt Counties Sends Delegates; Enjoyable Sunday Promised

Eastland was host Saturday to the singers and lovers of music, who compose the T. P. district singing convention, which includes in its scope the entire chain of oil belt counties. This is the first meeting of the convention, which was organized in Eastland on February 25, 1925. Judge R. L. Rust, S. C. Hunt and P. A. Jones, all of Eastland, are president, vice president, and secretary-treasurer, respectively of the organization. S. H. Williams is chaplain.

Rust Opens Convention
The convention met Saturday morning in the city hall and was called to order by Judge R. L. Rust, who led the opening song, "If You Will Smile." Saturday afternoon the convention adjourned at 4 o'clock until 8 p. m., at which time it reconvened. At this session a splendid program, including a number of special quartets, solos and other special songs, were rendered, among them, "Dear Old Texas," Mrs. Joseph Leonard and Mrs. Taggart of Eastland, co-authors, which has been entered by them in the contest for adoption as the Texas state song. It was sung by Mrs. Leonard with Mrs. Pipkin of Eastland at the piano. This song will also be given today at 11 o'clock, it was announced last night.

The convention will meet this morning at 10 o'clock and at 12 o'clock will adjourn for an hour, at which time an old-fashioned basket dinner will be served in the shade of the pecan trees on the H. P. Brelsford place, just across the creek north of town. There will be plenty to eat and an abundance of good water and coffee to drink and everyone is cordially invited to go there for their dinner. Those not having conveyance will find plenty of cars ready to haul them out and back without charge. At 1:30 o'clock in the afternoon the convention will re-assemble and the concluding program, which will be the best part of the convention, will be given.

Delegates Entertained
Delegates to the convention will be provided with homes during their stay in the city and should any of them fail for any reason, to see members of the entertainment committee and be assigned to a home, they are requested to communicate with Judge R. L. Rust, who will see that they are taken care of.

Among the early arrivals Saturday were Alvis, Floyd and Leville Thomas and Alvis Sims of Fort Worth, representing the Quartet Music company of Fort Worth; Will Fincaann and other members of a quartet, representing the the Virgil O. Stamps Music company of Jacksonville, Texas; Jess Burman, Moran, Jim Torrence, Carbon, Ike Brumbelow, DeLeon, Taylor Smith, DeLeon;

Ladies of American Legion Helping 4th of July Celebration

One thousand tickets of admission to the grounds for the general program in Ranger the evening of the Fourth of July have been turned over to Mrs. W. W. Housewright, president of the Ranger Ladies' auxiliary of the American Legion, and she is gathering a company of the young women of Ranger to assist her in selling them. These tickets entitle the holders to attend both the fireworks and boxing exhibition.

All young women who are loyal to Ranger and wish to aid in placing these tickets, both within Ranger and outside, are asked to communicate at once with Mrs. Housewright, who is gathering a company of the auxiliary, and for that reason the members are desirous of selling not only the first thousand tickets allotted to them, but perhaps another thousand.

'Back of the Yards' Youth Is Stabbed By Companion In Crime

By United Press.
CHICAGO, June 26.—For two years Bernard Grant successfully fought off the hangman's noose, but tonight he is in the Bridewell hospital near death from stab wounds inflicted by his companion in crime, Walter Krauser. Physicians fear he cannot survive the wounds he sustained in the lungs, neck and legs. Krauser sulked in solitary confinement in the county jail, stubbornly holding out to be stabbed to save his own life.

"I stabbed him because he was planning to kill me," Krauser declared. Grant was scheduled to hang on July 12, when the last of his numerous stays expired. Krauser is awaiting a new trial after the lower courts had sentenced him to hang. They were convicted of killing patrolman Ralph Suders during a hold-up about two years ago. Krauser stabbed Grant late today while they were in the visitors' room of the jail. "Grant was going to frame me," Krauser told the warden. "He was going to kill me."

Warden Westbrook believed Krauser suffers from hallucinations and doubts his sanity. Grant has a stay of execution granted him since he was sentenced to hang.

MIDLAND.—Henderson Horton ranch sold to Christie Cotton company of Waco; the ranch will be cut into 36 cotton farms.

Revival services at First Baptist church, 10 a. m. and 8 p. m.

FRIDAY
Revival services at First Baptist church, 10 a. m. and 8 p. m.
Century club meets with Mrs. M. L. Holland, at 9:30 a. m.

JUNIOR SEWING CLUB.
The Junior Sewing Club met with Eloise Woodell, at her home on South Hodges street, Friday afternoon. After a pleasant hour with sewing and embroidery, a number of games were played until five o'clock when refreshments of sandwiches and lemonade were served to the following members: Mildred Patton, Nila Roberts, Dovie Roberts, Bonnie Wayne Daniels, Nettie Daniels, Trophy Todd, Mary Jane Todd, Jimmie Beth Todd, Alice Snapp. The next meeting will be with Mildred Patton Tuesday afternoon at 3 o'clock.

PUBLIC LIBRARY ANNOUNCEMENT.
The Public Library will open from 8 a. m. to 11 a. m. and 1 p. m. to 5 p. m., Tuesday and Saturday. All members having books overdue are asked them to return as soon as possible.

DEAVERS WALKER WEDDING SOLEMNIZED.
Otis Deavers of Frankell and Miss Stella Walker, were married Saturday evening at 8:30 o'clock at the home of Rev. A. L. Leake on Pine street. In the presence of a few relatives and friends of the young couple, Rev. Mr. Leake pronounced the solemn marriage vows. After the ceremony Mr. and Mrs. Deavers left for Mineral Wells and Galveston, where they will stay until July 1, after which time they will be at home at Frankell.

Mr. Deavers is a very promising young business man, being assistant superintendent of the Fidelity Oil company at Frankell, and his bride is the sister of Mrs. John E. Boyd of Ranger. Prior to her marriage Mrs. Deavers lived here with her sister, where her sweet personality won for her many friends.

WEDDING AT CARBON.
A pretty wedding, at high noon, Saturday, was that of Miss Ruth Littleton and Mr. Harry Aylward. The wedding ceremony was at the home of the bride's father, R. L. Littleton, and the ever beautiful service was performed by Rev. Sanford Terrell. After the ceremony the young couple left in their car for Dallas and other points, for a brief honeymoon trip, after which they will make their home in Olden. Mr. Aylward is a prosperous young business man of Olden, being in the retail drug business there, and is a brother-in-law of Dr. Barker of that place. He formerly lived in Chattanooga, and is the son of Mrs. Phil Aylward. The bride is the daughter of R. L. Littleton of Carbon, and counts her friends in Eastland county by the score.

PERSONALS.
Mrs. Albert Dyar and children have been visiting for the past few months in Cleveland, Ohio, will arrive home today.
Mr. and Mrs. Charles Milliken, are the happy parents of a baby son, born in Weatherford, several days ago.
Mr. and Mrs. Ed Maher leave today on the Sunshine for California for a lengthy stay.
Mrs. Saunders Gregg and her sons, Louis and Saundito, will leave Monday for the east. Mrs. Gregg will spend a great part of the summer in Chicago, with her relatives, while the boys will go to a summer camp at Lake Sheboygan, Wisconsin.
Louis Crede, a former resident of Ranger is in the city.
Marvin K. Collie and little daughter are in Dallas, where the little one is under the care of a specialist.
Mrs. Charles Dyar and children will leave this week for Ohio, for a visit of several weeks.
Dr. Sanford Terrell was a business visitor in Ranger Friday.
Mrs. J. M. Shults, who has been the guest of her daughter, Mrs. Jimmie Matthews, left Monday for a two-weeks visit with her daughters at Goldthwaite. Mrs. Shults will return to Ranger for an indefinite visit.
Mr. and Mrs. F. J. Herbert and children of Houston are guests of Mr. and Mrs. Jimmie Matthews. Mrs. Herbert is Mr. Matthews' sister.
Mrs. D. L. Jameson who has been visiting her daughter in Dallas, returned home Saturday.
Mrs. Leon Julius and daughter, Martha Belle, are visiting Mrs. Julius parents, Mr. and Mrs. J. N. McFatter.
Mrs. G. C. Barkley will return today from a week's visit to her parents who live in Kansas.
Mrs. Clark Newton and three small children have returned to their home in Fort Worth, after a visit to Mrs. Clarke's niece, Mrs. J. R. Toland.

PRIVATE DANCE.
One of the most enjoyable dances of the season was given Friday evening by Miss Nona Mae Jones at her home on South Hodges street. The company, which included a number of the Jones home were brightly illuminated and were merry with dancers. There were present about 24 couples and dancing continued until late. Delicious punch was served throughout the evening. Mrs. Ollie Forman and Mrs. F. Jones assisted the hostess in entertaining. Those enjoying this very pleasant affair were: Misses Christine and Mary Hubbard, Pauline Lowe, Frances Stotts, Mary and Olive King, Thelma Jameson of Coffeyville, Kan., Margaret Walton, Helen and Muriel Keil, Lillian Millholland; Messrs. Rex Thomas, Thurman Gholston, Billy Dreinhofner, Rupert Murphy, Eugene Nourse, Willis Cox, Irvin Akin, Arthur and Dewey Jones, Victor Roth, Otto Jordan, Homer Perry, Clyde Alworth, Tony Grubbs, Brock Hazel, Mrs. Ollie Forman, Mrs. Jordan, Mr. and Mrs. Raymond Hise, Mr. and Mrs. J. A. Jones.

YOUNG MATRONS' BRIDGE CLUB.
The Young Matrons' Bridge club had its regular meeting Friday afternoon with Mrs. Garvin Chastain at her home on Cherry street. There were three tables of bridge and the high score club prize went to Mrs. Frank Brahoney, while the high score guest prize was given to Mrs. C. C. Patterson. After the game the hostess favored the players with a most pleasing luncheon. Club members and guests present were Mmes. Frank Brahoney, C. C. Patterson, E. E. Crawford, Jack Shannon, Francis

Farquhar, Marvin Echols of Nacogdoches, W. D. Conway, Harry Logsdon, Charles Conley, Howard Gholston, R. W. Thomas, John Thurman.

ANNOUNCEMENT CHURCH SOCIETY.
There will not be a meeting of the women's missionary society of the Methodist church Monday afternoon. The society will have its regular business and study meeting on Monday, June 29.

RANGER WOMEN ATTEND CISCO RECEPTION.
Mmes. Barney Carter, R. E. Barker and J. M. White attended a reception Tuesday evening at the home of Mrs. J. J. Butts at Cisco, Tuesday afternoon. This was given to all the Baptist ladies of Cisco and several guests from the nearby towns were present. Mrs. J. M. White, who is district president of the Baptist women's missionary union, made a very splendid talk.

LONE STAR FOUR MALE QUARTET.
Lovers of good music are promised a treat Tuesday evening when the Lone Star Four, a male quartet, will put on at Ranger High school, a sacred-comic concert. Radio station WBAP, Fort Worth Star-Telegram, announce that their station will broadcast a program given by this quartet on Thursday, June 25. The personnel of the party is as follows: Alvis O. Thomas, first tenor, pianist; Laville Thomas, second tenor; J. Floyd Thomas, baritone, pianist, and W. Allen Sims, bass. These musicians should be complimented with a good size audience.

OUTDOORS BECKON
Ranger society is taking its usual summer airing, as a number of the social affairs of the past week have taken the form of picnics and swimming parties and this week's functions will be mostly outdoor affairs. Why not transfer ourselves and our affairs to the great outdoors? It beckons and there is enough gypsy in most of us to hearken to the call of the open road.
Eastland county is blessed with places "to go." There is the lake at Oil Cities, power plant near Olden, with its near beach; the great dam at Cisco, where one may swim, or boat-ride, or stroll, or listen to a band, and where one will always find a tempting meal at the La Ciaco Inn. Bass lake, near Gorman, is another beauty spot, and offers good swimming.
There is Winsett Springs, with its sparkling waters, just in a stone throw of the city, and Sinclair lake, just off the Tiffin road, near Haganman refinery, and a beautiful but exclusive place, owned by the Gulf people, which is open only to friends of the company, or by permit. There is the Country club, with its many facilities, for the club members and there are drives galore. If one's gypsy foot itches for foreign soil, there is Lover's Retreat, in Palo Pinto county, a lovely place, that can be reached in a short time, now that the highway is opened.
The writer feels the very fact that mothers and fathers pile their family in the car on Sundays and other days, and actually play with them, is one of the greatest factors in strengthening the "tie that binds" American families together.

HOUSE PARTY
Miss Gwendolyn Bohning has for her guests at a week-end house party, at her mother's home in the Gholston addition, Misses Josephine Harington and Beth Whitty of Fort Worth, and Messrs. Harry Austin and Bernard Getzenander of Fort Worth, and Doctor Douglass of Breckenridge.

CHRISTMAS-SIMMONS WEDDING SOLEMNIZED
At the parsonage of the First Baptist church, Saturday afternoon, Mr. Maston Christmas and Miss Ethel Simmons, were united in marriage, Rev. W. H. Johnson performing the beautiful rite ceremony. There were a few intimate friends of both parties present.
Mr. Christmas is an employe of the Chestnut-Smith occupation. His bride is a popular Ranger girl.

EPISCOPAL

421 Pine street—Services Sunday morning at 11 o'clock. Sunday school at 9:45 o'clock. Wednesday services at 8 p. m. Reading room open Tuesday, hours 9 to 11:30 a. m.

ROMAN CATHOLIC
Blackwell road—Mass each Sunday at 8 a. m. and 10 a. m.

SALVATION ARMY
South Austin street, near Elm.—Services on the street at 10:30 a. m. and 7 p. m. Sunday school in the hall on South Austin street at 2:30 p. m. Evening service at 8:30 o'clock. All invited.

Forty Persons Hurt When Pier Collapses
CAPE MAY, N. J., June 26.—Forty persons, all of them members of the Philadelphia & Reading railroad veterans association, were injured here today when a section of the municipal pier collapsed. The pier was crowded with people watching a life saving exhibition being staged for the entertainment of the gathering. Eight persons were on the section which collapsed. They were dropped forty feet into shallow water.
Two special trains which brought the members of the association for the outing were speedily turned into relief trains and started for Philadelphia, carrying the injured to hospitals there for treatment.

SEARCH WARRANT REQUIRED FOR LEGAL INQUIRY
AUSTIN, June 26.—To inquire made to the attorney general's department regarding the new search and seizure act of the last legislature which became effective June 18, answers are that the language of the statute is clear.
Under the new law the searching of an automobile, a private residence or other premises where there is a suspicion that liquor is stored would be illegal providing the search should be made without a warrant.

PERSONALS
Duncan McRae is visiting his brother in Denver, Col., and contemplates entering the state university there this fall.

New Oil Wells In Carter-Barkley Pool Flowing Steadily

G. C. Barkley's Pritchard No. 2, drilled in Friday afternoon, is now flowing steady at about 500 barrels, according to reports. No definite report was available Saturday inasmuch as a gauge report had not been turned in to the Prairie Oil & Gas company, running the oil.
Pay sand was struck at a depth of 3,540 feet, slightly lower than the Pritchard No. 2 of McLester and Carter, offsetting the Barkley well to the east. The McLester-Carter well, drilled in at a depth of 3,528 Wednesday night for an estimated 325 barrels is now flowing steady and making 360 barrels a day.
Drilling in of the Barkley well makes the seventh producer of the Carter pool, with about three more wells due to be drilled in near the first part of the week. One of the wells to be drilled in is the Pritchard No. 3 of G. C. Barkley and, according to reports, is to be drilled some time Sunday morning.
Hickey-Hart-Carter Pritchard No. 3 will probably be the next well to drill in, following the Pritchard No. 2 of Barkley and others, as they were setting casing Saturday afternoon.

CHURCHES

FIRST METHODIST
Elm, near Marston.—Rev. A. W. Hall, pastor. Sunday school, 9:45 a. m.; L. E. Forrest, superintendent; 11 a. m., preaching by the pastor, subject "Spiritual Surgery," text Matt. 5:29; 11 a. m., Junior church meets in basement with Mrs. A. W. Hall as leader; 8:15 p. m., Senior league and evening service combined; 3 p. m. Monday, women's missionary society meets. The pastor says: "It is important that services begin promptly. The weather is warm and many of our people are out of the city. So each one remaining should be especially faithful to the church and its program. The league and evening services are being combined into a one-hour program. Come and encourage the work by your presence."

FIRST BAPTIST
Walnut street, near Marston.—Rev. W. H. Johnson, pastor. Sunday school at 9:45 a. m.; Walter Murray, superintendent; Sunbeams meet at 3 p. m.; B. Y. P. U. at 7 p. m. Morning service at 11 o'clock. The Rev. Gordon Barry, will preach on "God's Extremity." The evangelist will preach at 8 p. m. on "Sins of Omission." The Jackson brothers will sing at both services. A full attendance of the membership is expected. The Rev. W. H. Johnson will preach at the Baptist church in Dublin at the morning hour.

PRESBYTERIAN
Marston and Walnut streets.—Rev. G. D. Robison, pastor. Sunday school at 9:45 a. m.; morning service at 11 o'clock. Young people's society of Christian Endeavor at 7 p. m. Night service at 8 o'clock.

CENTRAL BAPTIST.
Opposite T. & P. Station.—Rev. A. L. Leake, pastor. Sunday school, at 9:45 a. m. Morning service at 11 o'clock, the pastor preaching. The night service will be held at 8:15 o'clock in the open air, when the pastor will preach on the theme, "The Painted-Faced Woman."

EPISCOPAL
Opposite Young School.—Sunday school at 10 a. m.

CHURCH OF CHRIST.

Germany Undecided About Security Pact

By United Press.
 BERLIN, June 20.—Germany is believed in well informed sources today to be at the cross-roads in the question of choosing an eastern or western alliance. The Russian interest in the question of the German acceptance or rejection of the proposed four-power security pact, continues though secrecy veils activi-

ties of Moscow and Berlin. The United Press understands that Russia is claiming acceptance of the pact would be a violation of the Rapallo treaty between Russia and Germany. Germany takes this attitude:
 "If the pact is accepted then a sort of western alliance would be created; if she rejects it then, according to the view here, a sort of eastern alliance with Russia would come. The decision, it is held, is important, as determining the future alignment of power in Europe."

RANGER GUN CLUB SHOOT HAS SMALL ATTENDANCE

Marksmen of Ranger and the Ranger gun club are not immune to heat, as was demonstrated Friday afternoon at the regular shoot of the gun club at the range near the Ranger Country club. Only a few were present and these were mostly visitors. Only two persons were present outside of Dr. and Mrs. W. L. Jackson and Dr. Jackson's twin brothers who are singing at the First Baptist church revival and J. T. Killingsworth, who is always present, as the duty of supplying traps and ammunition to the club members falls on his broad shoulders.

All members of the gun club are urged to turn out in force for the shoot that will be held next Friday afternoon at 4:30 o'clock. Plenty of traps and ammunition are available for all.

Scores turned in at the Friday shoot are: Mrs. W. L. Jackson, 8-10; Dr. W. L. Jackson, 11; H. A. Jackson, 13-15; H. J. Jackson, 14-10; Ray Calvert, 21-16; J. T. Killingsworth.

On the recommendation of the war department the Chicago Association of commerce proposes to fill in a mile of lake front close to the downtown district, to be utilized as a great airport.

How to buy a Chevrolet with \$5 down

- 1—Choose the Chevrolet model you like best, paying down as little as \$5.
- 2—We will issue to you a 6% Purchase Certificate—you earn 6% interest on all the money you pay in.
- 3—You make regular weekly or monthly payments, as little as \$5—until—
- 4—Payments plus the earned interest equal the amount required for actual delivery of the car. After you get your car you pay us the balance in regular monthly installments. We deposit your money in a separate trust account at a bank insured against loss by a strong, well-known insurance company.

If you already own a car we will credit your certificate with an additional 6% on all service, repairs and accessories you buy from us.

You will be surprised to find how easy it is to buy your Chevrolet this way. Come in and let us give you the details of this plan which will save money for you.

At 102, He Exercises Daily

Morris Tamkin, at the age of 102, is still studying. An inmate of the Jewish Home for the Aged in Rochester, N. Y., he devotes all his time to a study of the Talmud, carrying out a vow he made when he was 70. Plenty of outdoor exercise, he says, is sure to prolong life. Accordingly, he takes a walk every day.

Pimples

You will be startled how quickly and thoroughly you can stop skin eruptions and beautify your complexion with S. S. S.

PIMPLES are the first thing one notices in another person's face. It is too often cruel in its misjudgment. It judges from what it sees on the outside. Pimples are easy to get rid of. More red-cells! That is what you need when you see pimples staring at you in the mirror. Red-cells mean clear, pure, rich blood. They mean clear, ruddy, lovable complexions. They mean nerve power, because all your nerves are led by your blood. They mean freedom forever from pimples, from blackhead pest, from boils, from eczema and skin eruptions; from that tired, exhausted, run-down feeling. Red-blood-cells are the most important thing in the world to each of us. S.S.S. will aid Nature in building them for you! S.S.S. has been known since 1826 as one of the greatest blood-builders, blood-cleansers and system strengtheners ever produced. Start taking S.S.S. today. Its medicinal ingredients are purely vegetable.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

SLAYER OF WOMAN IS REFUSED A NEW TRIAL

By United Press.
 DALLAS, June 20.—Motion for a new trial was refused here today for W. F. Arbuckle, sentenced to 25 years in connection with the slaying of Mrs. Birdie Williams, April 27. Arbuckle slew the woman when she reprimanded him in her boarding house.

CARD-OF THANKS.

During our bereavement over the loss of our dear son and brother we have not been able to thank our many friends for their kindness and sympathy, so we want you to remember that we appreciated your friendship very much. Also we wish to thank the Ranger Boy Scouts and the ones offering the beautiful flowers. E. M. Plumley and Family.—Advertisement.

Magnolias to Play Breckenridge Dynamos In Ranger This Day

Ranger Magnolias and the Breckenridge Dynamos will play this afternoon at 3:30 o'clock at Nitro park, Ranger. The game should be both interesting and full of thrills, as the players of both teams love each other like two bull pups gently arguing over a bone. The two teams are even up in the number of games won, each having a win chalked up to its credit and one loss. The game this afternoon will break the tie that is now existing as an armed truce between the two.

SAN SABA MAN HEADS TEXAS PRESS ASSOCIATION

By United Press.
TYLER, June 20.—W. E. Smith, of San Saba, was elected president and San Antonio was selected the 1925 convention site of the Texas Press association at the close of the forty-sixth annual session today. A resolution was adopted commending the Texas Medical association for its attempt to standardize its profession.

Appears for Disabled Vets

Miss Louise Williams of Omaha, Neb., will be one of the performers who will help entertain the disabled American veterans of the world war at their coming convention in Omaha. She is said to be a highly talented dancer.

Gullahorn Has New Hudson 4-Passenger Brougham Displayed

A new four passenger brougham—a strikingly handsome car—is announced by the Hudson Motor Car company. One of the new cars is now on display at the sales room of the Gullahorn Motor Co., Hudson-Essex dealer.

The new car is a four-door, close coupled type, with leather rear quarters. The general lines are typical of Hudson construction and design. The whole effect is one of striking smartness and style.

"These cars are custom-built by one of the oldest and best known body manufacturers in the country," said Mr. Gullahorn. "The construction is all-aluminum, and the details of trimming and fittings are of the same standard as the Hudson sedans in the seven-passenger size. This car will be recognized at once as one of the handsomest on the streets."

"The outstanding feature however, is that they are given a quantity price. Hudson-Essex is now the largest six-cylinder manufacturer in the world, and all its costs and manufacturing expenses are distributed over a very large volume of business. This fact has made possible the unusual price which Hudson has established on this car. With its custom-built body and the advantages of the famous Super-Six chassis this brougham will be one of the finest cars anywhere. It really must be seen to be appreciated in its fineness of details and its general impression of luxury and smart beauty."

"The general volume of Hudson-Essex business is at an unprecedented rate. This month will be the largest we ever have known, and it would be much larger if we had as many cars as the public asks us for. We are making every possible effort to deliver cars promptly but the demand is so unusual that the task is almost beyond us."

"The public is looking for utility and value in motor cars, and when these qualities are offered as Hudson-Essex offers them this spring there is sure to be an immediate and a continuous, consistent demand."

The announcement that underground radio has been tried out successfully promises to solve one of the greatest problems in radio development by doubling the number of wave lengths. Secretary Hoover is enthusiastic over the possibilities.

WAYNE MUNN WINS TWO FALLS FROM JOE MONDT

By United Press.
TULSA, Okla., June 20.—Wayne "Big" Munn, 253-pound wrestler, was victorious over Joe Mondt, weighing 218 1/2 pounds, in a wrestling contest here last night, when he put the latter's shoulders to the mat in two straight falls. Mondt appeared to be no match for Munn.

U. S. Army Polo Team Defeats British Four

By United Press.

BURLINGHAM, Eng., June 20.—King George, Queen Mary and a distinguished assembly saw the United States army polo four riddle the much vaunted British army team on the smooth greensward at Hurlingham this afternoon by a score of 8 to 4.

Hard riding and accurate hitting by Maj. L. A. Beard and Capt. P. T. Rhodes of the American team broke up the famous attack of the McCreary brothers, British stars and the visitors, who were rated below their opponents before the match began, triumphed in a desperately

fought if somewhat unscientific contest. Maj. A. H. Wilson, U. S. A., was the individual star of the match.

C. C. ROBEY ORGANIZES ORCHESTRA IN EASTLAND

An orchestra, so modest that it has not been discovered by the general public, has been organized in

Eastland by C. C. Robey, and has been playing for sometime under his directions. They expect to be well rehearsed and ready for real work for church affairs, school entertainments, etc., this fall. The per-

sonnel is as follows: Louis Rifkin clarinet; E. L. Surface, clarinet; Grover C. Curry, and Miss Dorothy McCanlies, violin; W. E. Davis, cornet; Will Mahaffey, trombone; E. R. Pettis, saxophone; Horace Condeley, drums; Mabel Clayton, piano; C. C. Robey, flute.

Stone's Successor As Head of Locomotive Engineers Aided in Organizing Bank

By NEA Service. CLEVELAND, June 20.—William P. Prenter, who succeeds the late Warren S. Stone as acting president

\$114,000,000 institution was as much his work as it was Stone's. Prenter was born in Philadelphia. He moved to the northwest at an early age and became a fireman on the Canadian Pacific railroad. After serving his apprenticeship he became an engineer and graduated into the executive ranks of the brotherhood some 25 years ago. Quiet and uncommunicative, he never attained the national prominence that Stone knew, but when the brotherhood began to expand its banking activities, gaining a foot-

hold first in Cleveland, later in New York, and then in many other cities. Prenter was the man behind the scenes who did a good share of the planning. He is now the oldest ranking officer in the brotherhood, and at the time of Stone's death was cashier of the bank. Prenter is 68. He lives in a comfortable home here with his wife and daughter. His subordinates describe him as a man who works 12 hours a day and shuns publicity. WASHINGTON, June 20.—France and Czecho-Slovakia have indicated to the United States that they will soon be ready to open formal negotiations for the funding of their war debts to this country, a high administration official said today.

WILLIAM B. PRENTER of the Brotherhood of Locomotive Engineers, is one of the quietest but most influential men in the labor movement today. As first vice president and treasurer, he has been in full charge of all financial arrangements for years, and the expansion of the brotherhood's co-operative bank into a

Throughout the world, at the beginning of 1925, there was a total of approximately 30,000,000 horsepower of water power developed by hydro-electric generating stations.

THE LONE STAR MALE QUARTET will give a concert at the Ranger High school building on the evening of June 23 (Tuesday). This quartet is considered one of the greatest male quartets on the road today. They have just completed a 7,000-mile tour in Oklahoma, Colorado, New Mexico and West Texas. During this trip alone, they sang to approximately 50,000 people. They have had four years' experience on the road and know just what the people like in the way of entertainment. Their program will range from classical down to the lighter varieties. Plenty of comedy for those who enjoy a hearty laugh and it is all clean and wholesome.

Alvis O. Thomas, first tenor; pianist; Laville Thomas, second tenor; J. Floyd Thomas, baritone; pianist; W. Allen Sims, basso.

A. O. Thomas is the manager of the Lone Star Quartet. He is almost as well known as his father, J. E. Thomas, president of the Quartet Music company of Fort Worth. He is a graduate of Dr. H. R. Palmer of New York city, and of Dr. B. C. Ucell of Hagartown, Md.; also of the Analytical School of Music of Fort Worth, Texas. He has probably written more gospel songs than any man in America his age. He has had more than 25,000 pupils. He is considered one of the best pianists in the south, one of his feats being to play two tunes on the piano at the same time.

The admission will be: Adults, 50c; children, 15c.

Natural Beauty Surrounds Ranger

The beautiful natural scenery in and around Ranger is as picturesque as any to be found anywhere in Texas. The beautiful wooded hills and the deep canyons and valleys, lying between the mountains are places of real beauty. The paved highways make these beauty spots accessible for the pleasure seeking public. The Kodak will give you pictures that are interesting and will be enjoyed for many years. Kinberg's Studio is the largest developers of Kodak films in West Texas and their work is the best to be had anywhere. The next time you go for an outing, don't fail to take your Kodak and make the picture that you will cherish so long.—Advertisement.

BAD TEETH ARE CAUSE OF MANY MAJOR DISEASES

Chief Dentist of Health Service Urges Importance of Caring for Molars.

By WILLIAM J. McEVROY (United Press Staff Correspondent) WASHINGTON, June 20.—A score of physical ailments and disturbances are believed to originate from diseased gums and teeth, according to Dr. Clinton T. Messner, chief dental surgeon of the U. S. Public Health Service.

Dr. Messner said it has been proven "beyond a peradventure of doubt" that infected and diseased species of gums and teeth have caused in many cases, systemic diseases such as rheumatism, neuritis, heart and kidney lesions, cancers, gastric ulcers, tuberculosis, deafness and insanity.

"These facts," Messner declared, must be taken into account in the routine practice of the dental profession. We cannot ignore these facts when such a man as Dr. Charles Mayo, of Rochester, Minn., has stated that more than one-half of the abdominal cases operated on at the Mayo Clinic, are the consequential result of primary infections in the mouth, and that the next step in preventive medicine must be taken by the dentists.

Cause of Much Insanity.

Messner said Dr. H. A. Cotton, of the hospital for the insane, Tranton, N. J., had brought out the fact that the teeth are the probable cause of 60 per cent of the insanity cases which have come to his attention. He also recalled that Prof. Oliver T. Osborn of Yale University, once said that mouth infection is a greater menace than tuberculosis and "is more often the cause of heart disease than any other single ailment."

"If mouth infection is the potential cause of so many, so varied and so malignant systemic disturbances," said Messner, "it is our duty not only to train and teach the general public these facts, but to particularly set ourselves to the task of getting this information over to the poor and ignorant, untrained and uncared for, who know nothing of these truths and who care possibly less."

Condition of Health.

"Mechanical dentistry must of course be applied to restore as much as possible, lost tooth structure, but the predominating thought of today, not only of the professions interested, but of the intelligent public as well, is to produce in the civilized races a condition of health so mankind will not be subject to the ills and tortures which are our heritage today."

"In trying to solve this problem, all the professions have become interested, realizing that one branch of the healing art is interlocked and dependent upon the other that the blood stream which carries the food to each part of the human body is the same blood stream that also carries infection from one organ to another until the matter of disease and healing is so interlocking that one specialist is helpless without the other."

"No matter how concentrated may be the interest of each specialist, no one of them can select one part of the body and say—'This is my

field—I care nothing for the rest,—and expect to be in a high degree successful in his work. Each one knows that the health of one part of the body is dependent upon the health of the whole, and particularly upon its nutrition. To disregard this fundamental fact courts failure even in his own special line."

County Treasurer Makes Report of County Finances

County Treasurer J. T. Sue announces the following condensed financial statement for the month of May, 1925:

Debit balances: Road and bridge, precinct No. 1, \$694.45; road and bridge, precinct No. 3, \$4,503.59; series "1923" road warrants, \$8,251.70; total, \$13,449.74.

Credit balances: jury fund, \$8,828.71; road and bridge fund, \$219.58; general fund, \$34,884.19; courthouse and jail fund \$4,543.08; state highway and maintenance fund, \$15,113.71; road and bridge, precinct No. 2, \$4,869.01; road and bridge, precinct No. 4, \$1,340.13; road bond fund, \$31,297.56; special road and bridge fund (L. G. Hamilton), \$778.13; courthouse and jail interest and sinking fund, \$7,235.54; road bond interest and sinking fund, \$122,999.03; road bond special fund, \$21,861.26; total, \$234,507.79.

Net balance to credit of all funds, \$221,058.05; total of all warrants now outstanding, \$4,304.68; total amount of cash on hand, \$225,362.73, which is distributed as follows:

Texas State bank, Eastland, \$97,520.85; Hanover National bank, New York, \$25,947.75; City National bank, New York, \$16.25; Continental Commercial National bank, Chicago, \$16.25; Security State bank, Eastland (outs paid), \$1,193.50; Continental State bank, Gorman; \$98,488.03; W. S. Michael, county auditor, \$500; county treasurer, cash on hand, \$1,680.12.

MANGUM NEWS

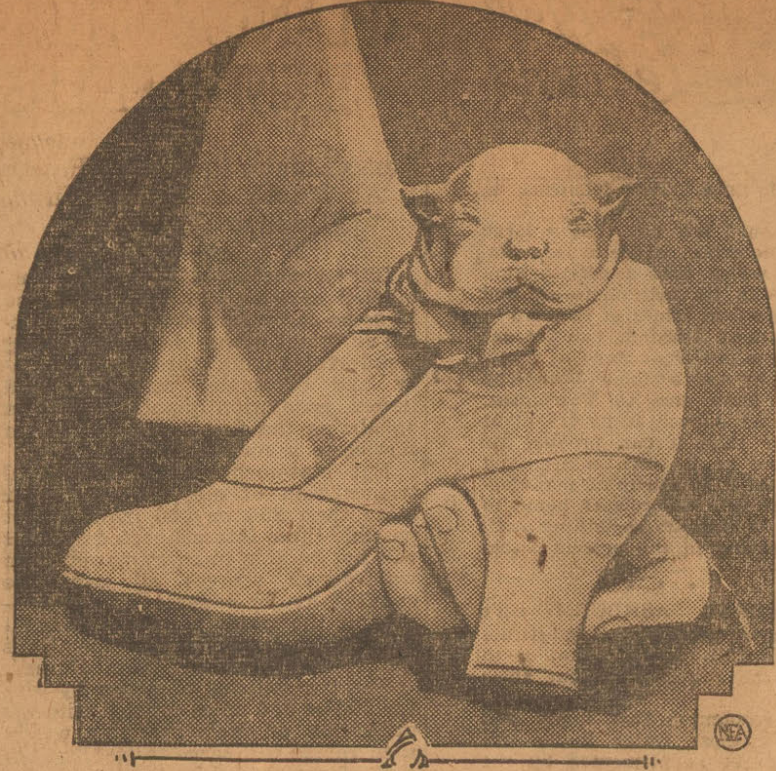

BEDFORD, June 20.—The people of this community were made sad Thursday by the death of Mrs. Alice Yarborough, who died following the bursting of a blood vessel in her head while attending church. She was taken home immediately and lived only about an hour after reaching home. She is survived by her husband and six children and by a number of other relatives, including sisters and brothers.

The Banner club girls, with Miss Ruth Ramey, met at the home of Mrs. M. A. Matthews, Thursday, for a cooking demonstration, but on account of the death of Mrs. Yarborough the meeting was called off until July 2.

Crops in this community are doing fairly well but are needing rain. Mrs. E. D. Dulin and family of Eastland were visitors in our community Sunday afternoon. Mrs. M. A. Matthews and daughter, Miss Della, are leaving today for Baird to have Miss Della's tonsils removed.

A singing at E. D. Archer's was enjoyed by a large crowd Sunday night.

A Slipperful of Puppy

This wee Boston bull puppy weighs only three ounces. He fits perfectly into the slipper of his fair owner, Miss Sunny Lowder of Los Angeles.

DAN HORN NEWS

Special Correspondence.

DAN HORN, June 20.—Brother Baldere of Cisco preached here Sunday morning at which service there were two conversions.

Mr. and Mrs. W. D. Perry of Abilene attended church here Sunday.

Mr. and Mrs. Earl Shell and family of Oklahoma are visiting Mrs. Shell's parents, Mr. and Mrs. J. C. Bradshaw.

Mrs. John Stuteville is ill at this writing.

Miss Willie Weeed was the Sunday guest of Miss Lillie Tarver.

Mrs. Jake Hazelwood and children of Cisco and Mrs. Hattie Sawyers of Scranton spent Wednesday with Mrs. M. Lee Hull.

Mr. and Mrs. C. C. King and children of Putnam visited in the R. C. Speegle home Sunday.

Erma Lasater of Scranton is spending the week with her grandparents, Mr. and Mrs. J. D. Speegle.

Mrs. Carrie Hull and mother, Mrs. W. H. Horn, were dinner guests of Mrs. Sam Hull, Sunday.

Will Joe Starr went to Eastland Saturday.

Mrs. Ervin Yeager of near Bluff Branch is on an extended visit to her parents, Mr. and Mrs. T. B. Harris, of this community.

Stewart's Washington Letter

BY CHARLES P. STEWART
NEA Service Writer

WASHINGTON—To reduce the spread in prices between what the American producer gets and the ultimate consumer has to pay—to give the former more for his product and the latter his living at lower cost—let's get back to our old-time utilization of the country's inland waterways.

The suggestion is Brig. Gen. T. Q. Ashburn's. Ashburn is chairman of the Inland Waterways Corporation, created by Congress a year ago—a government enterprise, but intended to be run governmentally only with a view to demonstrating "the feasibility and economic value of water transportation."

It is then to encourage "the re-establishment of private corporations upon our navigable streams and canals, operating common carriers which will be of mutual benefit to the public and themselves."

AMERICA, General Ashburn remarks in a pamphlet he has just issued through the government, has experienced two stages of transportation and is entering on a third.

The first was the wagon and water stage; the second, rail; today we need every available transportation means—rail, the automobile, air—we already are using or beginning to use all these—and water.

This latter method we abandoned during the period of our great railroad development but ought to be getting back to, for the handling of bulk freight, because "it's the cheapest means of transportation known."

TO show how very much cheaper water is than anything else the general cites figures gathered in connection with his operation of the government's experimental Mississippi, Warrior River and Louisiana and Alabama

constal lines. The following is typical:

"When I tell you that a large manufacturing concern of Alabama, which uses a certain kind of ore in its manufactures, and owns its own mines of this ore in the state of Alabama, can yet get this same ore from Sweden, transport it by sea to Mobile, thence by our Warrior line to Tuscaloosa, Ala., and deliver it at its plant cheaper than it can produce its own ore at its own mines, and transport it by rail to its manufactory, it will be brought home to you that there is something radically wrong in the present situation."

GENERAL ASHBURN isn't trying to furnish a substitute for rail transportation or to force the railroads to cut their rates.

He recognizes that many and perhaps most water hauls will have to be supplemented by the roads, on some equitable rate division which the Interstate Commerce Commission presumably will fix.

But setting everything else aside, he says, "the increasing demands of the country's commerce" will soon be beyond the railroads' power to meet without a tremendous enlargement of their facilities.

He estimates its cost at 10 billion dollars in the next decade. His theory is that it will be better to minimize this expenditure on the railroads' part and to devote part of the money to waterways development, which costs far less and can be made, he thinks, to accomplish just as much or more.

Besides, the general doubts if the roads can possibly manage the necessary expansion of their services, at any cost.

"When we reach a point," he says, "where it costs more and takes a longer time to get a car in and out of a city like New York than it does to move it from New York to Philadelphia, the transportation system is pretty well saturated."

STEAM POWER PLANTS IN THE LIGNITE FIELDS

Texas Lignite Producing Power At Mouth of Mine, Will Stabilize Electricity

Interconnection of electric transmission systems which is envisioned by some as "superpower" and by others as "giant power" is accomplishing wonderful saving through efficiency and economies resulting from larger generation plants and from equalizing the factor of demand for service to a considerable extent.

But inasmuch as the economical transmission of electric energy for more than 250 or 300 miles is not possible these interconnected systems will not be able to carry power from waterpower sources all over the country as some persons imagine—even if the water power were available, which it is not, says the Texas Public Service Information Bureau.

The transmission of power by wire for 200 or 300 miles coupled with the utilization of fuels available within such radius will serve to stabilize the cost of power and its supply.

In the case of Texas, for instance, the construction now under way of a gigantic steam power plant in the heart of the lignite fields near the center of the state is an assurance of

stabilized costs for the reason that such fuel will very probably be available at uniform cost, not exposed to fluctuations of the market and vicissitudes of production and transportation that beset fuel supplies which come from the open markets frequently beyond the borders of the state.

The price of electric power is generally made contingent on the cost of fuel. When Texas lignite produced by the power company makes the steam that generates electric energy there will probably be stable costs coupled with steady service.

GOES FROM CHURCH CHOIR TO GRAND OPERA STAR

Mary Lewis' rise from singer in a little Arkansas church to prima donna in the grand opera world, in six swift years, is striking proof that the twentieth century American girl has pluck!

Mary Lewis was nineteen when she decided to aim for the artist's platform. That was in 1919, when she was the Sunday evening soloist of Little Rock's (Ark.) Presbyterian congregation. Her friends urged her to hold local glory rather than pursue visions of foreign fame. Her widowed mother needed the \$30 a month that the choir earned. But Miss Lewis took the chance of winning both money and success on the stage.

She started by joining the chorus of a vaudeville troupe. That meant four performances a day in combination movie and vaudeville houses.

However, it provided money she needed, a tour to the Pacific coast, and enough savings in a year to buy a railroad ticket to Broadway.

Reaching New York practically penniless, she sang in cabarets until placed in the "Greenwich Village Follies" chorus. In the first week of rehearsals, Producer John Murray Anderson discovered the richness of the girl's lyric soprano voice and promoted her from chorus to prima donna role at \$100 a week.

Two years later Florenz Ziegfeld, Jr., secured her for his "Follies" and the following autumn Mary Lewis reached her goal—the opportunity to join the University of Moscow and graduated from it.

She made her operatic debut in the National opera house at Vienna in 1923. "Brava! Greater than Jeritza!" her audience cheered. At the London opera house last year music lovers called for her to bow before the curtain fifteen times. This coming winter Mary Lewis will sing in America, making a concert tour through her native Arkansas and the forty-seven sister states.

HOUSTON TEACHERS WANT TO WHIP THE PUPILS

By United Press.
HOUSTON, June 20.—At a meeting of 50 school teachers held here recently to discuss the subject of corporal punishment in schools, only two were in favor of abolishing it. The heavy end of the vote thinks that a hickory stick is still a good ally in correcting waywardness in the work of imparting education to young Texas.

Buy Your Studebaker—Now!

You may buy a Studebaker today—or on any day of the year—with the confident assurance that no act of ours will stigmatize it as a "last year's model"

STUDEBAKER has discontinued the custom of presenting a new line of automobiles each year. Instead of bringing Studebaker cars dramatically up-to-date once in twelve months, we shall keep them up-to-date all of the time—with every improvement made available by our great engineering and manufacturing resources.

Improvements and refinements, of course, will be made from time to time. New features will be added. As in the past, we shall continue to pioneer all vital betterments. But Studebaker will have no yearly models to make your July car obsolete in August.

A dramatic story

There is a dramatic story behind this new Studebaker policy that vitally concerns everyone who expects to buy an automobile this year.

Amazing records of Studebaker performance and endurance prove beyond question that the present line of Studebaker cars is so soundly engineered and manufactured and so satisfactory in the hands of owners that drastic annual changes are not required.

Authentic reports show that hundreds of Studebaker cars have given from 125,000 to 400,000 miles of sturdy, dependable service. One Studebaker Big Six, used as a mail car, traveled almost 500,000 miles in 5½ years, giving 24-hour round trip service between Bakersfield and Los Angeles, California.

Stupendous mileage! But the same stamina and rugged dependability is built into every Studebaker that leaves the factory.

A Studebaker taxi in Jewett City, Conn., has

traveled 31,003 miles without even having the valves ground or the carbon removed.

In Stockton, Calif., a Studebaker Big Six has piled up 138,000 miles over steep mountain grades and rough country roads with negligible upkeep—not a single major part has been purchased or repaired by reason of wear or accident.

It is a significant fact that wherever travel conditions are most severe, Studebaker by far outsells its normal proportion of cars.

Bus Operators, Rent-a-Car Companies, Police and Fire Departments—all turn to Studebaker year after year for their transportation equipment, because they have found that it always yields scores of thousands of miles of reserve transportation, and has low upkeep costs.

At the mileage when other cars are breaking up—Studebaker cars are breaking in. It's the second and third fifteen thousand miles that prove Studebaker superiority. It's this reserve mileage—even though you may never use it—that greatly increases Studebaker resale value.

Stamina is in-built—irreversible—a vital and indispensable part of the Studebaker formula for building fine motor cars.

Buy this "One Profit" car now

Remember—under this new Studebaker policy—there is no need to delay the purchase of your new automobile until annual changes have been made. Come in and see these sturdy, dependable, "one-profit" automobiles. Today Studebaker offers greater values than ever before. It is sound judgment to buy now.

BREWSTER COUNTY MARBLE BEING QUARRIED IN EARNEST

By United Press.
ALPINE, June 20.—The first carload of marble from the works of a newly organized company left here several weeks ago for California. The actual production of Brewster county marble has actually begun in earnest.

The new company's capacity will be about four cars per week, and it gives promise of being a relatively new and profitable industry for Texas.

Their operation is on a mountain of marble that embraces 480 acres. There is an enormous quantity of marble to be worked, and it is planned to increase the production to eight cars per day in the near future.

LOWER RIO GRANDE VALLEY SUITABLE FOR CANTALOUPE

By United Press.
HOUSTON, June 20.—According to Prof. J. J. Taubenhaus, scientist of the Texas experiment station, the Texas Rio Grande Valley should ship 10,000 carloads of cantaloupes annually.

Professor Taubenhaus has just returned from the Imperial valley in California where he has been studying plant diseases in behalf of the Gulf Coast-I. G. N. railroad lines, and he declares that with the Rio Grande valley's numerous advantages, it should far outstrip the Imperial valley in the production of cantaloupes if the farmers will raise them. Two crops can be grown in the Texas valley and put on the market before California can market her first crop.

KANSAS CITY POLICEMAN SPEAKS SEVEN TONGUES

KANSAS CITY.—Sgt. Joseph Cigich, this city's police prodigy of station No. 4, can say, "Stop, thief!" in seven ways.

More than that—he can properly address the transgressor so as to eliminate the proverbial shaking of the head and accompanying gesticulations of one who "no understands." He is a linguist, and his tongue twisters are not merely Mother Goose rhymes.

Sergeant Cigich converses in seven languages: English, Croatian, Serbian, Polish, Slovak, Bulgarian and Russian. Forty years old, and a Croatian by birth, he came to Kansas City 24 years ago, and has taken complete citizenship papers. He said he learned the languages from persons he associated with in his youth. Besides being master of seven languages, Cigich is the father of nine children.

The state revenue agent of Mississippi is attracting nation-wide attention through suits brought to recover a total of \$12,000,000 from big corporations who are alleged to be violating the anti-trust laws. It is growing near and more evident that the education of this nation is to "skin" the government. "Boot-legging" is not confined to illegal liquor business—it means anything and everything illegal. The term should be applied where it fits.

IRISHMAN WARNS IRISH TO LEAVE POLITICS ALONE

DUBLIN (By mail to United Press).—Addressing a confirmation class at Castledra, the Rev. Dr. Doorley implored the children to leave politics alone.

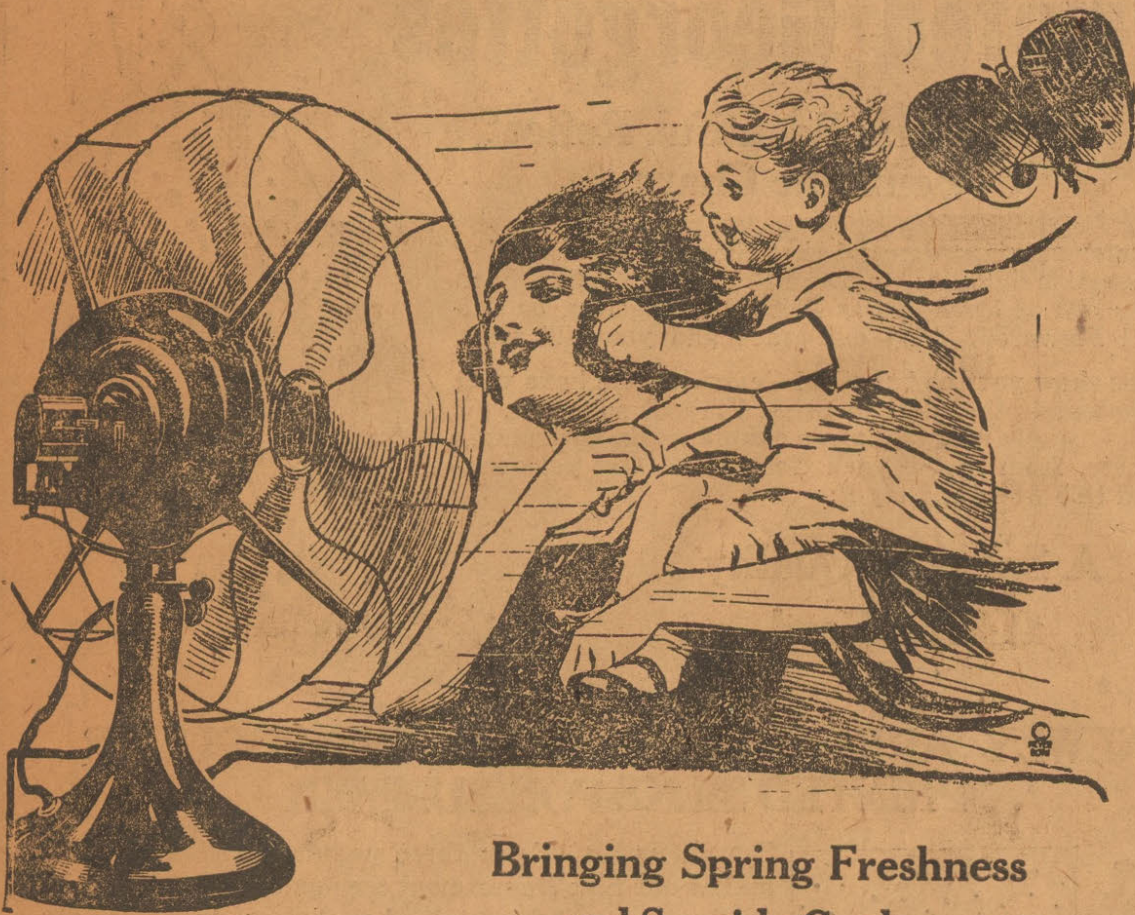

"Politics in Ireland are too full of hatred," he declared. "Love of Ireland is, to many people, merely an excuse for hating your neighbors. That is not genuine love of Ireland. The only way you can help the people is to leave politics alone."

"Why, children, if I had a friend who showed a tendency to take up politics, I would pray to God to change his heart! If I had a little girl friend who took up politics, why, I would almost give up praying for her. Women who go around carrying dispatches and arms from one place to another are furries. Who likes them? Who respects them? Who would carry them?"

"Never join their organizations, but do your work as your grandmothers did before you."

GAS IS FAVORITE FUEL OF TEXAS UTILITIES

In Texas during April of this year, according to figures supplied by the United States geological survey, public utility power plants used 1,184,515,000 cubic feet of natural gas as fuel in the generation of electricity. The total use of natural gas in the United States for the same purpose during that month was 3,456,065,000 cubic feet. No other state used natural gas to such an extent in this service, and it is noted that Texas used about one-third of the total so used.

Bringing Spring Freshness
and Seaside Coolness

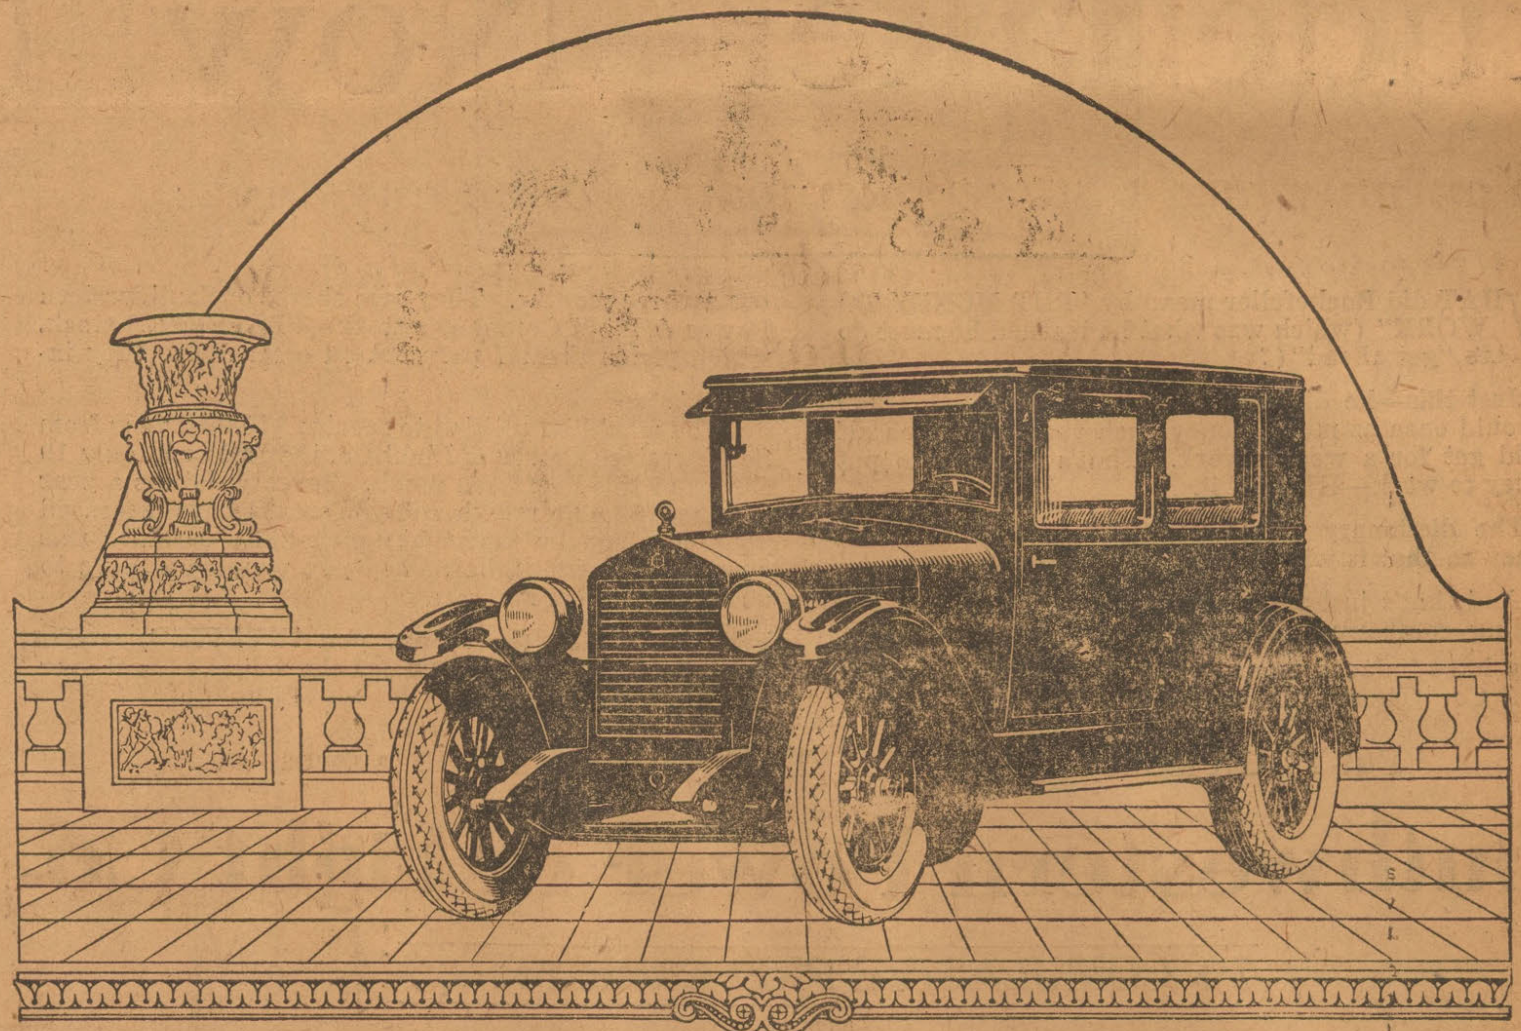

General Electric Fan

Hot weather dangers to the baby are quickly and economically dispelled when you install a General Electric Fan.

You'll find a wonderful sensation of cooling seashore breezes sweeping across your face if you stand in the path of one of these fans. They're cheap to operate, too—and while the initial cost is small they may be purchased on the deferred payment plan.

FLATWOOD NEWS

FLATWOODS, June 20.—Ralph Reagan is seriously ill with typhoid fever. Mrs. S. J. Lyerla has gone to Lamesa to visit her daughter, Mrs. Robert Hartwick. Mrs. Belle Reeves and daughter, Jimmie, of Cisco were the Sunday guests of Mr. and Mrs. Ed Ramsey. Mr. and Mrs. Conner Stubblefield of Carbon visited Mrs. Stubblefield's parents, Mr. and Mrs. L. A. Horn, last Sunday. Fred Mangum of Mangu and Miss Udell Reese, daughter of Mr. and Mrs. R. S. Reese of this community, were married last Sunday. Their many friends wish for them a long and happy voyage on the matrimonial sea. They will make their home at Mangum.

PILES CURED.

No knife, no pain, no detention from work. Dr. E. R. Cockwell, rectal and skin specialist, Abilene, Texas, will be in Ranger, Sunday, June 21, Gholson hotel, 9 a. m. to 5 p. m., for the purpose of treating the above named diseases. Cures piles by new scientific process or money refunded. Old standing eczema cases cured. Consultation free.—Adv.

GORMAN NEWS BRIEFS

Special Correspondence. GORMAN, June 20.—Funeral services for Mrs. Howard Dean, who died Tuesday following an operation at a local sanitarium for intestinal trouble, were conducted Wednesday by Rev. Mr. Parrack, pastor of the Gorman Baptist church. Interment was in the Gorman cemetery. Deceased was 36 years of age and leaves a husband and several children. The postoffice department at Washington has asked for plans and bids for quarters for the Gorman postoffice on the basis of a five or 10-year lease. All bids must be in by July 10. The Methodist church of Gorman will begin a revival meeting Sunday morning, June 21, at 11 o'clock. The first service will be at the Methodist church and the remainder of the services will be at the Baptist tabernacle. Rev. R. S. Watkins of Albany will do the preaching, Alfred R. Wells of Dallas will have charge of the song and children services. Mrs. J. T. Bloodworth of Fort Worth will lead in the personal work and conduct special women's services, while Rev. J. F. Isbell, the pastor, will hold special men's services each day.

Scopes and His Defenders

Prominent lawyers conferred with John T. Scopes, Tennessee teacher under indictment for teaching evolution, when he visited New York. This picture shows, left to right, Clarence Darrow, famous criminal lawyer; Dudley Field Malone, former collector of the port New York, and Scopes.

LITTLE EDGAR GILBERT FALLS AND BREAKS LEG

Edgar, son of Mr. and Mrs. Edgar Gilbert of Ranger, had the misfortune to break his right leg, Thursday afternoon. The child, with his mother, was visiting friends in Eastland, and while playing fell and broke his leg between the knee and the ankle. He was brought to Ranger for

treatment, and an X-Ray picture made of the fracture, showed a split bone. It will be several weeks before the youngster is able to walk again. However, he is doing nicely.

DALLAS.—Site being cleared for construction of 18-story office building at corner of Commerce and Ervy streets.

Calvin Brown to Be Manager of Eastland County Lumber Co.

Calvin Brown, who for six years or more was manager of the E. A. Scripture Lumber company in Eastland, has accepted a position as manager of the Eastland County Lumber company in Eastland and will not move from the city as he had planned to do. Mr. Brown, formerly a member of the Eastland city commission, is an experienced lumber man, having been in the business more than 20 years, and has the reputation of being very successful. The Eastland County Lumber company, of which Tom Harrell of Eastland is secretary and treasurer, is one of the leading lumber companies in the city.

Mr. Brown states that since he has been in Eastland about seven years, he is glad to stay here and invites his friends to call on him at his new location.

E. G. SCHRECK CONVALESCING MAY RETURN HOME SOON

E. G. Schreck of Eastland, superintendent of the land department for the state of Texas for the Prairie Oil & Gas company, who was taken sick two weeks ago while on a cross-country trip in East Texas, and was carried to St. Joseph's Infirmary in Fort Worth, is improving and it is expected will soon be able to return to his home. His condition was graver than at first thought and physicians declare that it will be sometime before he is able to take long motor trips.

PRAIRIE OIL OFFICIALS VISIT THE LOCAL OFFICES

Fred S. Cook, superintendent of the land department of the Prairie Oil & Gas company, accompanied by H. A. Meyer, assistant to the general manager, were in Eastland and Ranger Thursday on a visit to the local offices. A meeting of the heads of the departments was held at Ranger for the purpose of explaining more fully the beneficent plan of the Prairie for the promotion of thrift among its employees. The party motored from Ranger to Fort Worth, accompanied by E. H. Ellinghausen, of the marketing department, and E. D. Coady, of the land department, of Eastland. This was Mr. Cook's second visit to the Eastland and Ranger offices.

and the fields of this section. He was accorded a hearty welcome by the members of the forces and expressed himself as well pleased with affairs here. Mr. Meyer was formerly assistant to the superintendent of production at Ranger and is well known here.

"One day while working in the fields, it dawned upon me that if I was ever to get ahead I must PUT MONEY TO WORK."—John D. Rockefeller

WHAT did Rockefeller mean by "PUT MONEY TO WORK" (which was what he learned he must do to "get ahead"?)

Just this—he discovered that by INVESTING \$50 it would earn as much money each year as he himself could get for a week's work. That's the way to put money to work—INVEST it.

The dictionary says "investing" means "to place money so that it will be safe and yield more money."

And that's just what hundreds of customers of the lighting company and other local people are doing. They have "placed money" in Southwestern Power & Light Co. There it is "safe and yields more money"

every three months. They own shares of Southwestern Power & Light Company's stock—PREFERRED stock, which yields them 7 per cent on each dollar they invested.

You would be entitled to receive \$70.00 a year from Southwestern Power & Light Co. if you owned only 10 shares of this Preferred Stock. Seventy dollars a year is almost \$6.00 a month and you would have increased your earnings by just that much and—consider this carefully—it would be money you would not have to do a tap of work for.

Your SAVINGS, the money you INVESTED, would have done the work and turned the wages earned over to you.

Put YOUR money to work. INVEST your savings in shares of

Southwestern Power & Light Co.

7% CUMULATIVE PREFERRED STOCK

Each Share Pays 7% on Your Money
