COAL STRIKE TO STOP MILLS IN FEW WEEKS

Reserve Supply Has Been Cut in Half By Eight Weeks' Idleness.

WASHINGTON, June 3.—Industrial activity of the nation will be curbed within a few weeks because of shortage of fuel according to government experts working on the estimates of supply and demand. Many industries will be forced to suspend within the next twenty days. The national coal bin now contains 32,000,000 tons. The stock has dwindled to that figure from 64,000,000 tons since the strike of 500,000 union miners eight weeks ago.

CHICAGO TRIES ADVERTISING TO STOP LABOR WAR

CHICAGO, June 3.—Advertising as a means of preventing crime is being tried in Chicago as a result of the recent bombings and murders which, the police say, are part of a labor war brought on by acceptance of the Landis building trades wage award by certain unions and rejection of it by others. The citizens' committee to enforce the Landis award, carries advertisements in all local papers almost daily appealing to citizens to "throw away their apathy" and rid the city of bombers and murderers. These appeals range in size from two columns to a full page. The advertisements appeal to "militant citizenship" in the "war against disreputable elements," and each one closes with the sentence: "Some day you will be asked: 'What did you do in the war for Chicago?' Be prepared to say that you saw your duty and did it."

WACO FLAG 'DEFILER' IS HELD TO GRAND JURY

WACO, June 3.—V. L. Edwards, charged with defiling and casting contempt on the United States flag, was released this morning under a bond of \$1,500 to await action of the grand jury. The charge against Edwards resulted from an incident occurring on May 26 when a mob was threatening to take a negro from jail. Edwards' bond was first placed at \$2,600 but reduced to \$1,500 when he waived preliminary examination.

WIFE "MADE HIM" KILL

TOLEDO, Ohio, June 3.—Fred Griffin, negro, 39 years old, under arrest in connection with a shooting affray here has confessed, according to police, the murder and robbery of John Biss of Cleveland, early in January, 1920. The negro said he struck Biss on the head with an iron pipe and took \$165 in gold from a bag Biss carried about his neck. Griffin declared his wife "made him" murder Biss for his money.

THOMAS PANS RAILROADS, FEDERAL POWER'S GROWTH; IS FOR BONUS

Twenty enthusiastic supporters of Cullen F. Thomas met the senatorial candidate on his arrival here yesterday afternoon from Strawn and after a luncheon at the Ranger cafe escorted him to the Majestic theatre, where he addressed an audience estimated from 100 to 250. Mr. Thomas' main attack was centered on the railroads, in his hour and a half address. He compared the prices received by the farmer with the freight rates and commented on the "false alarm" of the carrier's distress cry two years ago. Barons Worse Than Unions. He struck a responsive note with several miners present when he declared that he had rather be at the mercy of the most radical of the mine labor leaders than at the mercy of the coal barons. While on the railroad subject the speaker declared himself against edicts of the interstate commerce commission "that undertake to control rates on purely intrastate commerce as an unwarranted federal interference with state affairs. He expressed the opinion that the public would best be served by wiping out the entire Esch-Commins act and by restoring the railroad commissions of the states to their original powers over traffic and commerce. The growth of power in the federal courts, the "economic crime of 2 per cent of the population owning two-thirds of the nation's wealth," the present orgy of extravagance and waste in public life; unjust taxation; high protective tariff; stricken agricultural interests, and the anti-lynching bill was condemned by Mr. Thomas. The speaker declared in favor of the soldier bonus and generous care of disabled veterans. Firman Introduces Speaker. Lytton R. Taylor introduced Judge E. A. Firman, who in turn introduced the candidate in an eloquent speech in which he brought out the characteristics of his friend of twenty-five years. Thomas was declared by Judge Firman, as the driest of the dry prohibitionists. The party meeting the candidate on his arrival included: Dr. H. A. Logsdon, Sam Wasaff, L. R. Taylor, J. W. Strode, E. A. Firman, M. T. Lyman, L. H. Flewellyn, W. S. Adamson, T. E. Henshaw, A. G. Jury, J. H. Kramer, Mr. Alderman, and John M. Gholson. Mr. Thomas left for Eastland following his speech here and spoke in that city last night.

BULLETS END WAR ROMANCE

KANSAS CITY, Mo., June 3.—Frank Anderson, superintendent of the Jones department store was found shot to death in a room at a local hotel early today. Beside his body lay Miss Marie L. Beal, said by police to be a nurse at Bethany hospital, Springfield, Ill., a bullet wound in her side and her silken undergarments on fire. The girl was registered at the hotel as Anderson's wife. Police declare the nurse, a very pretty young woman, admitted shooting Anderson. "Don't ask me why I did it. My God, ask him what he did," police said the young woman gasped as hotel attaches crawled through the transom and found the couple. Beside the body of the woman lay a death note declared by police to be the only clue to the mysterious shooting they have so far. The note read: "The night has a thousand eyes, the day but one. And the light of the whole world dies with the dying sun. "The mind has a thousand eyes and the heart but one; Yet the light of a whole life dies when love is done."

WIFE GIVES HUSBY 'ONE MORE CHANCE' AND HE SLAYS HER

CHICAGO, June 3.—Mrs. Alice Kelliher, mother of seven children, was shot to death here by her husband, William, for whom commitment papers to the psychopathic hospital had been obtained, but a fatal delay made in having him taken into custody. The cause of the shooting is unknown, but it is believed Kelliher killed his wife in a fit of insanity, without provocation. Kelliher's habitual drunkenness, combined with his queer actions of late, led the family to believe it would be safer if Kelliher was locked up and placed under observation. On his next offense, after getting the papers, Mrs. Kelliher planned to call the police and have Kelliher taken into custody. They waited too long.

FRENCH AIRSHIP DIVES INTO ENGLISH CHANNEL

LONDON, June 3.—Three persons were killed when a French airship flying from London to Paris nosedived 2,000 feet into the English channel off Folkestone today. The dead are: Pilot Morin, Gordon Ley and another passenger, an unidentified Frenchman. Thousands of persons along the shore witnessed the spectacular disaster.

Freestone Race War Flivvers as Wild Rumors Prove Untrue

AGRICULTURAL DEVELOPMENT TO BE CHAMBER OF COMMERCE AIM

Election of Secretary Deferred; Committee Appointed to Assist in Location of Brick Plant in Adjacent Territory; Other Small Industries to Be Sought.

Ranger as a future agricultural, dairy and poultry center was discussed in detail last night at the regular weekly meeting of the Chamber of Commerce directors. It was pointed out that with the cold storage facilities available in this city, Ranger should become a big shipping center for dairy products, vegetables, poultry and eggs. The advantage of encouraging such industries in this section was demonstrated at the meeting by a report from Dublin, showing that milk valued at \$1,000 was shipped from that point daily. The directors agreed to continue the payment of \$25 monthly on the salary and expenses of the county agricultural agent and to urge his active co-operation in the work of encouraging and assisting agricultural, dairy and poultry industries adjacent to Ranger. Such is to be one of the main objects of the new Chamber of Commerce during the coming year, it was decided. A committee was appointed from the board to assist a brick manufacturer in the location of a small brick plant here. It is felt by the board that the Chamber of Commerce should be especially active in locating small manufacturing plants here as such plants will grow with the town, on a solid foundation. The brick manufacturer told the directors that he had taken one of the bricks manufactured from the clay in this section to one of the contractors engaged in work here and that he had pronounced the brick one of the best made and promised to use his output wherever possible in all work through this section. The directors took no action on electing a secretary. Several applications are on file, but the board in its desire to get the right man for the place is withholding action until all prospective applicants have been heard from, it is said.

No White Men Killed; Officers Persuade Hundreds of Armed Whites to Return Home; Situation Quiet With Daybreak

TEAGUE, Texas, June 3.—The flare of race war which for a time threatened to sweep uncontrolled over Freestone county has apparently burned itself out. Thousands of armed citizens who rushed from three counties to the scene of yesterday's shooting had dispersed at 9 o'clock today. Rangers and county officials had the situation well in hand, according to authoritative reports. Guards had been thrown around the negro settlement near Simsboro and around the business section of Kirvin to prevent further trouble. Trouble-Raisers Flee. Authorities after a conference this morning declared it was their belief that all negroes who yesterday took part in the ambush of white officers had fled the scene. It is understood the sheriff, H. M. Mayo, has sent word to Floyd Gibson, negro, and a companion, believed to be the ring-leaders in the shooting affray, that if they will surrender he will guarantee protection. Wild rumors that several white men had been killed, which circulated throughout the night, resulted in the gathering of more than 2,000 heavily armed white men in Simsboro and Kirvin, a few miles away. According to an official statement issued by Freestone county officers today, they were ambushed yesterday afternoon after they left the house of Mose Gibson, negro, with Leroy Gibson as their prisoner. Leroy was wanted in connection with the murder of Miss Eula Ousley, for which three negroes were burned at the stake in Kirvin last month and another was hanged. According to officers, Leroy confessed to participating in the brutal assault and murder of the pretty school girl. Kill Two With Rifle. As the officers left Gibson's home, they were fired upon by negroes hidden in the house and bushes nearby. The officers dropped to the ground and with the one rifle they carried returned the fire. Leroy made a break for liberty and was killed. Allie Gibson, another negro, also was killed. The rifle then jammed and the officers were forced to retire. The news of the clash spread like wildfire throughout three counties. Hundreds of citizens armed themselves and drove in automobiles to Simsboro and Kirvin. There they were met by Sheriff Mayo and his deputies, who prevailed upon them after several hours to return to their homes. Want Disarm Negroes. Authorities early today were planning to disarm Freestone county negroes, according to reports. It was later decided, however, that the negroes remaining were not armed and those who took part in yesterday's affair had disappeared. No posses were out today and no attempt was being made to search negro homes, it was said. Three shotguns were taken from the home of Mose Gibson early today and it is believed the rest of the arms were taken by the negroes in their flight. It was also officially denied later today that state troops had been called for.

NAVY BALLOON PILOT MISSING FOR THREE DAYS

All Other Contestants Landed Safely; Army Man and Civilian Winners.

CHICAGO, June 3.—Lieut. W. F. Reed, naval pilot, is either lost in the wilds of Canada or else has suffered some serious accident, in the opinion of weather bureau officials and aviation authorities here today. Both feel that it is impossible for Reed's balloon to be still in the air and some fear is expressed for the safety of the pilot and his assistant, Tip Mullen, who did not carry as extensive equipment as some of the others in the balloon race.

BOOTLEGGERS USE WIRELESS

NEW YORK, June 3.—A bootleggers' wireless station here which keeps in touch with rum ships and gives them orders is being sought by revenue agents. Existence of such a wireless station was discovered in a raid on the ocean-going tug Ripple, which was seized on the Brooklyn water front early today after a pistol battle in which thirty shots were fired. Agents found the Ripple had been lying off New York harbor for three days, in constant communication by radio with bootlegger headquarters. It was ordered to enter the bay during the night and a flotilla of twenty motor boats went boldly to meet it, removing the booze brought from the Bahamas.

RAIL STRIKE AWAITS WAGE CUT BY BOARD

CHICAGO, June 3.—A rail strike threatened the nation today as the railroad unions awaited the imminent slash in the wages of all classes of employes other than the train service men by the railroad labor board. President Jewell of the railway department of the American Federation of Labor declared that the wage reductions would probably result in a strike vote following next Tuesday's conference of railroad union leaders at Cincinnati. Leaders of eleven railroad unions will take part in the conference, Jewell said.

WOOLWINE CHARGED WITH IMMORALITY

LOS ANGELES, June 3.—The Los Angeles county civil service commission Friday recommended that the county grand jury conduct an investigation of charges of immorality preferred against Thomas Lee Woolwine, district attorney, by Miss Ida Wright Jones, formerly an investigator in his office. The grand jury was in session and the commission planned to transmit its recommendation. Miss Jones was recently discharged by Woolwine with the statement that he had learned she had planned to relate a series of episodes in which she claimed they had both participated, according to her story, for the purpose of discrediting Woolwine politically. He has since announced his candidacy for the democratic nomination for governor.

MA VS. MAX

CHICAGO, June 3.—The court fight against Mathilde McCormick's marriage to Max Oer, ended abruptly in less than two minutes' proceedings in probate court today, when Mrs. Edith Rockefeller McCormick withdrew her petition for a restraining order to prevent Mathilde's marriage to the Swiss sportsman.

SEEKS LANDIS' AID IN WAR GRAFT PROSECUTIONS

CHICAGO, Ill., June 3.—Kenesaw M. Landis, former federal judge here and now high commissioner of organized baseball, may play a leading part in the prosecution of the government's war fraud cases as a special assistant to Attorney General Daugherty. Landis has been offered the job, Daugherty declared here Friday, and is now considering acceptance. Daugherty believes he will accept. If Landis agrees to help in going after the war fraud cases, his friends declared following Daugherty's announcement, the country can expect to see more action in these cases than would be likely to occur in the appointment of any other man. Landis, if Daugherty's plans go through, will be the principal figure in a new branch of the department of justice to be known as the "war contract division," which will devote itself exclusively to investigation and prosecution of alleged defrauders of the government during the war.

SOVIETS MUST WITHDRAW MEMO FRENCH DEMAND

PARIS, June 3.—Premier Poincare today in a memorandum to the United States government and the allied powers which have received invitations to attend The Hague conference on Russian affairs, demands that the soviet government withdraw its memorandum presented to the Genoa conference on May 11, as a condition for French participation at The Hague meeting with Russia.

LOCAL CYCLONE WRECKS MEXIA OIL DERRICKS

MEXIA, June 3.—Forty-seven oil derricks were blown down and a large amount of property damage done when a cyclone struck the Fishpond area, about a mile and a half north of here, late yesterday afternoon. The storm was a purely local disturbance and came as a surprise, as the sky was practically cloudless when it struck. No one was injured.

BRECK FINES TWO FOR VIOLATING JAKE LAW

BRECKENRIDGE, Texas, June 3.—Oscar Olson was given 120 days in jail and a fine of \$500, and Rock Weaver 90 days in jail and a fine of \$250 Friday afternoon by District Judge C. O. Hamlin. The charge was violation of an injunction issued Feb. 16, this year, prohibiting Olson, who runs a drug store, from selling "Jake." Weaver is a clerk. Attorneys have gone to Austin to sue out a writ of habeas corpus for Olson and Weaver.

TURKISH ATROCITIES TO BE INVESTIGATED

WASHINGTON, June 3.—The American government today accepted the invitation of Great Britain to investigate alleged Turkish atrocities in Anatolia. In accepting the invitation, it is explained by state department officials that this government does not bind or obligate itself in any way and that the details of the commission is merely to make an investigation for the information of the governments represented.

COX PEN PICTURES OF QUICK RICHES HELD TOO STRONG

HOUSTON, June 3.—The federal court convened for the morning session today, to consider hearing government witnesses at the trial of S. E. J. Cox, one time millionaire oil promoter, charging use of the mails to defraud in connection with oil and mineral stocks. Former Cox employees were put on the stand to testify concerning advertising sent out by the different companies. The prosecution is attempting to prove that false statements and misrepresentations were purposely made in the advertisements.

DALLAS INTERURBAN TRAIN HITS TRUCK; THREE INJURED

ENNIS, June 3.—E. S. Haynie was probably fatally injured and Claude Slaughter and John M. Water were hurt, when a truck in which they were riding was struck by a Dallas interurban train, one mile south of here today.

FREE SPOONING EDICT WILL KEEP PREACHERS OUT OF POLITICS—OLES

YOUNGSTOWN, Ohio, June 3.—Legitimate spooning in public parks will be encouraged this summer, says Mayor George L. Oles. One of the planks in his platform last fall was unlimited spooning privileges. "I intend to live up to it," he stated. "Look at the chipmunks and robins. There are no restrictions on their spooning, and they even raise families in the city parks. Why should we prohibit young men and women spooning, anyway? "Many surroundings are not conducive to sentimental thoughts. You need lots of scenery, a proper setting and a poetic atmosphere. That's where love thrives. Why, we expect to keep the preachers so busy this summer tying marital knots they won't be able to meddle in politics. "The first policeman who stops a couple spooning is going to be fired."

SUSPECT OVERLOOKED BY MOB HELD AT WACO

WACO, June 3.—F. Sank Johnson, negro, who was arrested here on May 26 in connection with the murder of Harrell Bolton and the assault on Mrs. Maggie Hays, was given a preliminary hearing today before Justice of the Peace Padgett on charge of rudely displaying a pistol. The case against him was dismissed but Johnson will be held a while longer for investigation.

As an example of the baleful ef-
fects of intolerance, Ireland is en-
titled to the palm. The extremists
of several factions and two creeds
are united in determination that they
shall prevail, and their determination
goes so far as to murder and destruc-
tion. It is a case of extremity
run riot, and might easily be taken
as proof of the old saying that the
Irish are not capable of self-govern-
ment.

And yet it is probable that nine-
tenths of the Irish are just like nine-
tenths of the Americans—eager to
live in peace and capable of living
in peace—free stater and republican,
Catholic and Protestant, side by
side, without animosity.

There can be no government by ex-
tremists, for they stir up other ex-
tremists to oppose them, and there is
continual wrangling or worse, while
the great mass of the people, imbued
with the spirit of tolerance and a de-
sire to attend to their own affairs,
enact the part of the innocent by-
standers, with the customary fate of
innocent bystanders.

There probably is no perfect govern-
ment. But the nearest perfect
government is a compromise between
two extremes, a compromise in which
practically all can subscribe without
which will achieve, the practical re-
sults which advocates of those prin-
ciples desire.

The Irish, in the opinion of most
Americans, are engaged in an inter-
minic strife which is as futile as it
is disastrous. The benefits to be
derived from the triumph of any fac-
tion are not worth the cost. On the
other hand, extremism must inevit-
ably arouse extremism, because people
cannot entirely surrender their prin-
ciples.

The Irish—and the Americans—
can well take a hint from nature in
this regard. The beneficent deeds of
nature are wrought slowly, while ex-
treme acts, as shown in storms, vol-
canic eruptions and the like, bring
only havoc.

In order to reassure the other mem-
bers of the senate, it may be well
enough to say that Tom Watson has
been cutting up that way for 36 years,
and hasn't licked many people so far.

WIFE INSISTS WARD IS INNOCENT

Mrs. Beryl Curtis Ward, wife of Walter S. Ward, millionaire New York
baker, insists her husband is telling the truth in the mystery of the death
of Clarence Peters, former U. S. marine, and that no woman is involved in
the case. She denied rumors she contemplated bringing divorce proceed-
ings. Mrs. Ward is shown in a striking new pose. Ward, who was police
commissioner of New Rochelle at the time of the shooting, is shown with a
group of officers of the New Rochelle police force.

MONTENEGRO
COUNT BECOMES
FOREST RANGER

MINNEAPOLIS, June 3.—Minne-
apolis' best known nobleman, Count
William Rudolph Martinovich von
Rovingno, nephew of the former king
of Montenegro, is on his way to the
wilds of northern St. Louis county to
adopt a new avocation, that of forest
ranger. He is to be joined there this
summer by Cornelius Vanderbilt Jr.,
"millionaire reporter."

Count Rovingno, democratic in
spite of his titles and known to num-
berless friends in this city and at St.
Paul as "Ruddy," has hunted big
game with Buffalo Bill and Theodore
Roosevelt and accompanied General
Pancho Villa on one of his revolution-
ary campaigns. He has been an animal
trainer, a Minnesota game ward-
en, a circus bareback rider and the
proprietor of a ham-and-egg sand-
wich wagon in St. Paul.

The count now has a traveling
home planned to satisfy all require-
ments. It consists of a one-ton truck
on which are mounted a camper's bed
and an oil stove. Other equipment
includes a revolver and a phonograph.
The canvas walls are decorated with
autographed photographs of Colonel
Cody, ex-President Roosevelt and
most of the crowned heads of Europe,
past and present. A Mexican saddle,
silver mounted, won by the count in
a rough riding contest staged by Gen-
eral Villa, is one of the prized pos-
sessions of the new ranger.

"Ruddy" is the nephew of former
King Nikola of Montenegro, first
cousin of the queen of Italy and
"Voyeda" (military chieftain) and
sole owner of a small island in the
Adriatic, off Serbia, which bears his
name. He was exiled by King Nikola
for liberal ideas acquired on a trip
to Siberia. He was sent to Africa.
Making his way to America, he got in
touch with Buffalo Bill, whom he had
met at a performance given by Cody
before the court of old King Francis
Joseph of Austria, and took a job as
bareback rider.

WOMAN SLAYER TO BE TRIED SOON

This unusual photograph shows Mrs. Lillian Raizen peering from behind
the bars of the Brooklyn (N. Y.) jail, where she awaits trial for the mur-
der of Dr. Abraham Glickstein, whom she shot to death in his office, alleg-
ing he wronged her. Her sanity must be determined before she faces a jury.

CHILDREN PLOT DEATH PENALTY
FOR FATHER, TO COLLECT ESTATE

UNIONTOWN, Pa., June 3.—That
they testified falsely to send their
father, Elmer Miller, of Vanderbilt,
to the electric chair in order to share
in his estate of \$20,000 was admitted
by Robert Miller, 8 years old, Eunice,
12 and Jacob 15, in affidavits filed in
connection with an action to obtain a
new trial for Miller, who was con-
victed of murder in the first degree.

The three children declared they
were trained and rehearsed in the false
story by their sister, Mrs. Anna Liv-
ingstone, and brother, Ewing, who
told them, the children swore, that,
in case their father was electrocuted
or sent to prison for life, they imme-
diately would get a part of the big
estate.

Son Plotted Death.
Counsel for Miller told the court
that he would be able to prove that
Ewing Miller, the eldest son, was a
party to the plot and that he planned
to kill his father. Each of the three

smaller children specified parts of
their testimony which, they declared
by affidavits, was false.

By Associated Press.

WASHINGTON, June 3.—President
Harding was charged in the senate
today by Senator Stanley, Democrat,
of Kentucky, with attempting to
stifle if not muzzle the press in an
attempt to prevent publication of at-
tacks on Attorney General Daugherty,
with attempting to shield a man who
dares not shield himself and to pro-
tect a man who dares not protect him-
self.

In the course of his attack Senator
Stanley characterized Daugherty as a
"nefarious and crooked" pardon
broker, who made it his business to
do nothing to prevent men from
plundering women in peace time and
robbing the federal government in
war time.

Dancer's Ankles Wins Her Verdict In Big Damage Suit

PARIS, June 3.—Miss Blanche Otero has much to thank her pretty features—and particularly her pretty ankles—for. She admits it for both of these played an important part in swaying the jury's verdict in a recent lawsuit in which the well-known dancer claimed \$100,000 francs damages for a crushed foot sustained in a taxicab accident.

Blanche Otero claims that she has the prettiest ankles in France and these are an asset, as she was a professional dancer.

Guests at Wireless Dinner Party Tap Talk on Tumblers

LONDON, June 3.—Wireless dinner parties are the latest fad in London.

A well known titled woman gave a dinner at which no one was supposed to speak, communications being carried on by tapping messages in dots and dashes against crystal tumblers with knives and forks. Pouring different amounts of champagne in the glasses gave the notes a different sound, permitting half a dozen conversations to be carried on simultaneously for the more delicate attuned ears.

The wireless dinner party was a great success until a bill for six pounds was presented for two dozen broken glasses.

Coney Island Guard Saves Contest Beauty Second Time In Year

CONEY ISLAND, N. Y., June 3.—Madge Merritt, who won a newspaper beauty contest last year, and her sister, Victoria, who is 16 years old and might win one any day now, put on their most fetching bathing costumes here and went canoeing on the broad Atlantic. Its breadth didn't worry them, for they intended merely to skirt the beach at Brighton, which often needs skirting of an afternoon.

Its depth did not worry them either, as the young women are expert swimmers. A quarter mile off Brighton baths they undertook to change seats.

Otto H. Ahrens, life guard at the baths, saw the canoe upset and put out in a row boat with Stanley Klusner, another life guard. Both young women were submerged when they reached them and Ahrens had to plunge into the ocean to get them aboard the boat.

Madge shook hands with Ahrens when she opened her eyes on the beach and said she was glad to meet him again. She had not seen him, it turned out, since he rescued her from drowning last winter at Miami, Fla.

Struggling Waitress Made Rich By Oil Strike

In a small tumble-down shack at Santa Fe Springs, Cal., little Elva was born. When her father died she inherited the dismal place. Later she married Leslie Beers, but all her life it has been a struggle to make both ends meet, and she was working as a waitress to help her husband out. A few days ago a stranger entered Cozy Inn (?), where she worked, and said: "I have found oil on your place. I will give you \$15,000 cash, pay all the expense of drilling and operating and give you a sixth interest in all I make." The promoters declare she will be rich soon.

Chaplin's Ex-Wife Says She's Minor and Won't Pay Debts

NEW YORK, June 3.—In her answer to a \$2,500 suit brought by a Fifth Avenue gown importer, Mildred Harris, former wife of Charlie Chaplin, alleges she is a minor and therefore not liable to be held for the debt. The plaintiff, Henri Bendel, alleges that between Nov. 24 and Dec. 31, 1920, Miss Harris ran up a bill amounting to the sum mentioned. He says she paid only \$100 and disregarded further bills. A summons was served on her on April 7, while she was playing in a Broadway vaudeville house. Sol S. Ostertag, the plaintiff's attorney, said yesterday: "The purchases were mostly gowns."

WANTS \$10,000 FOR "SHIMMYITIES"

Miss Marie Ehlers has filed suit for \$10,000 in Chicago against Ernie Young, theatrical producer. She charges that because she was compelled to perform the Natch dance and jazz numbers, which consisted of "contortions, convolutions, distortions and gyrations associated with dancing aberrations, particularly writhing and twisting of the hips, shivering and convulsing of the shoulders" she suffered a complete nervous breakdown. When she crosses the street and hears an automobile horn, she says, she has to stop and "shimmy," and the photographer caught her at it.

LEAVES \$500 FOR DOG.

NEW YORK, June 3.—Mrs. Mary A. Burge, in her will filed for probate in Jersey City yesterday, gives \$500 for the care of her pet dog, Petty Burge. Mrs. Burge left an estate of about \$15,000.

WEST TEXAS GAMES

ONE RUN BEATS CLOVIS CLOVIS, June 3.—Moore's single, Meanor's sacrifice and Fitzgerald's pinch rap scored for Amarillo the only run of a tense battle yesterday.

Anderson and Smith waged a brilliant duel, with Smith's strikeout record of ten giving him the best of it. The Buzzers pulled a triple play in the eighth, when Anhier and Byers led off with singles. Byers hit a hot liner to Holloway, who stepped on the bag and threw to Curran.

SWATTERS ROUTE LUBBOCK SWEETWATER, June 3.—Flearty held the Hubbers to five hits yesterday and the Swatters took the opener, 9 to 4. Swensen was ineffective and wild, especially in the fourth round, and the Swatters sewed up the game early. Lubbock also gave him poor support. Green pitched good ball in the last four rounds. Frierson led the Swatter attack with three hits out of three times up, and Thrash blocked Lubbock scores by spectacular fielding.

Score by innings: Lubbock . . . 000 100 300—4 5 5 Sweetwater . . . 300 501 00x—9 9 3 Batteries—Swensen, Green and Allen; Flearty and Shaw.

PLYE'S HITTING BEATS ANGELO IN OPENER, 4-0

Zapalac Holds Broncos to Five Safeties and They Never Threaten.

Yesterday was Ash Friday with Parson Pyle, premier pellet pestler of the Nitros. Twice the Rev. illustrated with his trusty ash that two and two make four, and as a result of the precision and efficiency of his demonstration, the Nitro's took the opener from San Angelo, 4 to 0.

Japalac Zapalac worked hand in hand with the Rev. in bringing about the happy consummation. With his trusty flipper he chauffeured the ball around the plate in such a manner that the Broncos never had a chance to climb on and start a ruckus. Two men—count 'em—two, saw second, and none even knocked at the door of third. Zap yielded only five safe hits during the afternoon, and at its conclusion had applied one of the nearest coats of varnish administered hereabouts in some months. Also, he banged out a two-base blow that led to the final scoring.

Base Running Slow.

A field heavy from the morning rains kept the runners in low gear at all times, and an infield rap was a certain out for both teams. As the heavy going gave the inner works plenty of time, and slowed down the speed of hard hit balls, there was nary a hobble to mark the mechanical excellence of the pastime. Four double plays were made, largely on this account; five Broncos were nipped at second, and six Nitros. Badger perhaps pulled the feature play of the game in the third round, when his feet slid in opposite directions as he fielded Flagg's bunt, and he heaved Jimmy out while doing a split which would have won encomiums on the gay white way.

Two in First

Jimmy Flagg started the biffing in the opening round, when he smacked a grounder through the box. He was forced at second by Hoffman and then Pyle lugged himself up to the plate. He was a stranger to Badger, it was evident. So on the first ball pitched he presented his letter of introduction, a lofty liner that traveled far beyond the fence in deep right center, bringing in two runs.

That a deep impression had been made on Badger's mind was plain to all in the third round, when Pyle dropped in again while White waited at second. The Bronc infield started toward the box for a caucus, but Badger waved them back, with an I-thought-of-it-first air, after which he delivered four wide pitches to his new acquaintance.

Pyle Smacks Another

In the fifth, however, the bases were filled to capacity, and since there was no room on them for the Rev., Badger took a chance. His first serve was again smacked forcibly—this time a grounder down the first base line that counted Zapalac and White with the final runs of the day. Thus did the Parson drive in two runs and demonstrate that two and two make four.
