OFFICERS "RAN OFF TENANTS"; SUED FOR \$25,000

FIRE AND FLOOD IN TWO CITIES COST MILLIONS

Worcester, Mass., Business District Burned; Oakland Inundated.

WORCESTER, Mass., Jan. 19.—Two big business buildings on Main street were destroyed, twenty tenements and other buildings in the heart of the business district set ablaze, and the city was thrown into confusion by fire today, which caused a loss estimated at \$2,900,000.

The cause of the fire, which is believed to have started in the Knowles building, a seven-story brick, is believed incendiary. From the Knowles building, which was burned to a shell, the flames leaped across the main street to another building of similar size, and from there scattered in terrifying fashion from one to another of the lesser structures. Snow and ice handicapped the efforts of the firemen.

International News Service. OAKLAND, Jan. 19.—Damage estimated by fire and police officials to total \$2,000,000 was caused by a flood which inundated the main business district here today. The flood resulted from the breaking of a cross-town main. It is feared that the strong flow of water will undermine the pavements and cause still heavier damage.

The entire fighting force of the city is endeavoring to prevent further damage and is manning pumps in an effort to keep traffic moving.

RED AND WHITE RUSSIANS WAR NEAR BORDER

International News Service. LONDON, Jan. 19.—Fighting has again broken out in Western Russia, according to an Exchange Telegraph dispatch from Copenhagen. White Russians are reporting to be operating in the regions of Minsk, Lutsk and Boresov, near the Lithuanian frontier.

The Exchange Telegraph states the "red" Russians have declared a state of siege at Minsk and the town is closely beleaguered.

There has been no previous news of any conflict between the "red" Russians and the "white" or anti-Bolshevik Russians on the Russo-Lithuanian frontier.

RAILROAD TRAINMEN TO SPEND MILLION ON CLEVELAND OFFICES

By Associated Press. CLEVELAND, O., Jan. 19.—With the completion before the end of the year of a new eight-story modern office building, which it will own, and half of which will be occupied as its permanent office, the Brotherhood of Railroad Trainmen will be the second of the four great railroad brotherhoods to own modern office buildings here, the Brotherhood of Locomotive Engineers for several years having occupied its own ten-story building.

The contract for the trainmen's building has been let and the site and building will involve an expenditure of about \$750,000.

Membership in the Brotherhood of Railroad Trainmen now exceeds 188,000 in the United States and Canada, about 10 per cent being Canadians. The organization pays death benefits and disability insurance approximating \$4,000,000 per year to its membership, which includes conductors, brakemen, switchmen, baggagemen, yard foremen and helpers.

THOUSANDS AWAIT TRIAL FOR VIOLATIONS OF U. S. WAR-TIME REGULATIONS

WASHINGTON, Jan. 19.—Of a total of 17,900 alleged violations of war statutes on the dockets of federal courts, there have been 5,720 convictions and 2,924 acquittals, while 9,259 cases are still pending, Attorney General A. Mitchell Palmer told the senate judiciary committee today when it resumed consideration of the proposed legislation to grant amnesty to Eugene V. Debs and others serving terms for violation of war-time sedition acts.

PIPE MOLDERS REJECT CUT

ANNISTON, Ala., Jan. 19.—Over 200 pipe molders have voted not to accept a reduction of wage offered by pipe founders here, who stated this would be necessary if they were able to open their plants which have been idle since the middle of December.

SAN FRANCISCO, Jan. 19.—Nival seaplane N-5, which was forced down and wrecked during the group naval seaplane flight from San Diego to Balboa, Canal Zone, has been "sunk by gun fire," according to a report received at the naval radio here today. No explanation of the message has been received.

WILL BE ONLY WOMAN RABBI IN AMERICA

Miss Martha Neumark of Cincinnati, who has the distinction of being the only woman in the United States studying to be a rabbi. When Miss Neumark completes her course at the Hebrew Union college in Cincinnati, she will be the only woman rabbi in the country. She resides in Cincinnati and is also a student at the University of Cincinnati.

BRECKENRIDGE MAN HIJACKED ON EAST MAIN

With a gun sticking him in the ribs from either side, R. C. Johnson, a Breckenridge citizen, was relieved of \$167 and a twenty-one-jewel gold watch last night at 9 o'clock on East Main street by two masked men. Johnson was going from the city to the Hamon station at the time. The men, according to the description he gave the police, were dressed in long coats and wore caps with handkerchiefs over their eyes.

WILL EXHIBIT MODEL HUBBIES AT 'BENCH SHOW'

PORTLAND, Ore., Jan. 19.—A "bench show" for husbands will be the first social event on the January calendar for Portland's elite. It is to be given at the home of Mrs. George T. Gerlinger, one of Portland's society leaders.

The husband will take the place of the pet Pomeranian or the prize Persian or the Chinese Dalia and the best exhibits will receive a blue ribbon and a cup.

The exhibitors will be Portland's social leaders of the feminine persuasion. Such entries as can show satisfactory records for having spent several evenings at home during 1920 will be given honorable mention. Those who didn't complain at the Christmas bills will be duly honored. It is hoped to find a prize husband in Portland.

VIRGINIA WOMAN KILLS THREE CHILDREN AND HERSELF

WINCHESTER, Va., Jan. 19.—Mrs. Mary Glenn Hicks, wife of Stanley Hicks, shot and killed three of her four children early today at their home here, then she killed herself. She is believed to have been mentally deranged due to a recent attack of influenza. The dead children are: Walter, 6; Margaret, 5; and Stewart, 3. The mother used a shotgun and the position of the bodies indicated that the children were trying to shield themselves. Hicks and her eldest daughter were asleep upstairs and only awoke when the mother had turned the gun upon herself.

WHY WE HAVE LEGISLATURES.

OKLAHOMA COPY, Jan. 19.—Oklahoma lawmakers soon will attempt to legislate French high heels out of existence, according to a measure to be introduced under the auspices of the Oklahoma Osteopathic association. The bill will declare that high heels cause flat feet, curved spine and other bodily deformities.

ORPINGTON FANCIERS WANT POULTRY SHOW

Belief Is Expressed That Show Should Be County-Wide Affair.

The move to have a spring poultry and pet stock show is gaining advocates daily. This morning Eugene Reynolds and Charles Moore declared themselves highly in favor of the move. Mr. Reynolds' yard is stocked with pure strain Buff Orpington, while Mr. Moore has a flock of White Orpingtons of Philo strain. Both men, as is the custom of those afflicted with the disease, declare without equivocation that they have the best stock in the country. However, it has been said that this is the opinion that is required to make a horse race or a chicken show.

It is said that the show, as well as the poultry and pet stock association that may be formed, should be made county-wide and should be an annual event. It is thought that this is the plan that will be worked out at the meeting of the owners of pet stock and plans for forming the association and holding the show.

Over the county, it is said, are hundreds of persons who own pure strain chickens and pet stock, such as rabbits and fine dogs, who it is thought would welcome the chance to come into an association and place their stock on exhibition.

While no definite date has yet been decided upon, it is thought that a meeting will be called shortly to see if the interest is sufficient to go forward with the plans.

STUDENTS WILL CARRY LETTERS ON BOND ISSUE

Chamber of Commerce Takes This Method of Putting Election Before Patrons.

So important does the Chamber of Commerce consider the school bond election to be held Saturday that it will give to all pupils an appeal, written by the chamber, to take home to their fathers, asking that they make it a point to vote in the election and vote for the issue.

The great danger that the organization fears is that the voters will not turn out to cast a ballot. It believes that everyone realizes the need for the buildings for which the issue of \$250,000 bonds are to be voted, but it fears that the voters will not go to the polls and cast their ballots. The view that many persons take of the issue is that the new buildings will be something of a present, since the tax rate is not affected and the bonds can be retired from the present income. All that is necessary is to secure the consent of the majority of the voters of the district.

TULSA SAFE STEALERS HAUL AWAY EMPTY 'BOX'

TULSA, Jan. 19.—For the fourth time in seven weeks a truck has been used in stealing safes from Tulsa stores. The West Side grocery was the latest victim. A safe weighing 1,000 pounds was removed from the store last night. Citizens residing in the vicinity saw the truck leaving the safe emerge from an alley.

GOVERNMENT MAN TO DEVISE BEST METHOD OF TRAPPING WOLVES

HOUGHTON, Mich., Jan. 19.—Godfrey Ligon, a representative of the Department of Agriculture, has arrived in this district as a field worker to study scientific methods of exterminating wolves. He is dividing his time between Houghton and Baraga counties.

Through investigation and study made by the department it is expected that advanced methods will be developed to insure greater success in the trapping of wolves. A cunning animal, though cowardly, except when traveling in packs or when hungry, the wolf is difficult to trap.

NAVAL OFFICER KILLED BY JAPANESE AT VLADIVOSTOK

Lieutenant W. H. Langdon of Boston, Mass., who was shot and killed by a Japanese sentry in Vladivostok, Siberia, while returning to his ship, the U. S. S. Albany, stationed there. It is said the slaying of the American officer might bring about international complications, as the United States never recognized the claim of the Japanese to the right to patrol Vladivostok. Langdon, according to reports, was shot in the back by the sentry.

SINCLAIR MAN KILLED WHILE SWABBING WELL

T. V. Bryant was killed almost instantly this morning when his clothing was caught in the pulley and revolving line and his body flung the five times around the shaft upon which the line was revolving. The accident happened at a Sinclair well on the T. J. Ernest lease, five miles north of Ranger. The Milford Undertaking company is preparing the body for shipment to Illinois for burial. The dead man is unmarried and is 25 years old.

The well was being swabbed and Bryant, who was wearing a loose leather coat, reached up near the line to clean a lamp globe when in some manner the coat became entangled in the line, drawing him into the revolving shaft.

MEMBERSHIP OF CONGRESS REMAINS 435

WASHINGTON, Jan. 19.—The house today voted to retain its membership at the present figure despite increases in population shown by the 1920 census. An amendment to the Siegel re-apportionment bill, proposed by Representative Barbour of California, providing that the membership should not exceed 435, as at present, was adopted.

Under the new apportionment, some slight changes will be made in the representation of several states.

TARIFF BILL TO FAIL

WASHINGTON, Jan. 19.—The Fordney emergency tariff bill will not be passed at this session of congress, it was predicted today. Senator Penrose, who first opposed the bill and later reversed his position, said he would try to have the tariff made the unfinished business of the senate in an effort to obtain its passage.

INJUNCTION ISSUED AGAINST W. U. CABLE

NEW YORK, Jan. 19.—Federal Judge A. N. Hand today issued a temporary injunction returnable next Friday restraining the Western Union Telegraph company from landing the British-Brazil Barbados cable at Miami. The injunction also restrains the company from using three cables between Key West and Havana and the connection of messages between the United States and Brazil and from splicing their line from Barbados to Cuba.

TODD AND AMALONG SAY DEPUTIES BEAT AND KICKED NEGROES

Negro Colony on Cypress Street Vacant Since Officers' Visit, They Allege; Ames Says Working Negroes Not Disturbed.

The negro colony on Cypress street is basis of a damage suit for \$25,000, filed today in the Eighty-eighth district court by R. M. Todd and C. R. Amalong, against J. B. Ames and Shell McDowell, local peace officers. The citation of the plaintiffs sets out, among other things, that the officers came to the colony Jan. 17 and cursed and abused the negroes and threatened to kill them if they did not leave town within twenty-four hours and beat them with their guns; that they drew their guns on R. M. Todd, one of the plaintiffs, and told him that if he or the "niggers," who are the plaintiffs' tenants, were on the ground the following day both Todd and the negroes would be killed. The plea alleges that this action of the officers drove the tenants away and their buildings, which brought in a rental of \$1,000 a month, were standing vacant. The buildings are on marshy ground, it is alleged, and suitable only for negroes, and were erected by a permit from the city commission. The action of the officers was to harass and to ruin the plaintiffs financially, the citation recites.

Negroes Loafing, Ames Says. In an interview this morning J. B. Ames declared that he and Shell McDowell, with two other officers, went into the colony and put the "fear of God" into those of the negroes who were loafing around the city and living off the immoral traffic of the negroes who lived in that neighborhood. He admitted that notice was served on them to leave town. He denied, however, that he molested any negroes who had jobs or who are working. The action of the officers, Deputy Ames declared, followed

many complaints of white people, who declared that they did not dare send their children through that section on their way to school. The officer stated that of his own knowledge he knew of many negroes who lived there and who plied an immoral traffic, and who kept negro men in idleness. He said that at one time he knew there were 300 of both sexes living there who made no pretense of working. These had been arrested, he stated, but they rarely ever paid fines and when they were released they immediately returned to the thing that they were doing before. As a result the only method of remedying the situation was to drive them out of town, which he believed, as an officer, he had a right to do.

Just Wore Good Clothes. The fact that the officers, when they visited the negro section, did not bother those who had jobs and were working has been verified by one of their number, who asserted that there were many negro men in that neighborhood who did nothing but wear good clothing. Their source of income was not known. The same source of information declared that the officers kicked the "good for nothing niggers" and told them that they would have to leave town or go to work.

Several months ago a long list of white people signed a petition and presented it to the city commission asking that it take some action on the situation. The petitioners stated that a negro cabaret man in the neighborhood and the actions of its visitors were both noisy and disgraceful. The commission issued orders to the police department to warn the negroes to behave themselves.

"JUST KILLED WIFE AND MAN," COPPER TOLD

International News Service. GALVESTON, Jan. 19.—"I just killed my wife and a man who was trying to take her from me." With these words Francis Brown, 40-year-old fisherman, announced to C. E. Gregory, precinct constable, the breaking up of a love triangle after awakening the constable at 1:30 this morning.

Gregory accompanied Brown to the scene of the tragedy in an outlying district, where he found M. S. Settle, a railroad switchman, lying dead in the street with a bullet through his brain. The body of the woman was found in Settle's car, shot through the heart.

SOUTHERN RAILWAYS WILL USE WIRELESS

By Associated Press. LOUISVILLE, Ky., Jan. 19.—Transaction of railroad business by wireless soon will be a reality in the South, according to announcement here by Telegraph Superintendent R. R. Hobbs of the Louisville and Nashville railroad. The company has purchased wireless outfits and will install them at Louisville, New Orleans, Pensacola and Mobile for the general message service of the company. Train dispatching by wireless, however, Mr. Hobbs said, is not practicable at this time. There sometimes are as many as twenty-five trains with the same number running on the lines of the company at the same time and as wireless messages can be heard all over the country, confusion would be created. The wireless will be merely supplementary to the regular wires.

BROTHER FORCED TO SEE SINN FEIN YOUTH EXECUTED

International News Service. BELFAST, Jan. 19.—John Doran, a prominent young Sinn Feiner, of Camlough, South Armagh, was taken from his father's house at midnight last night by seven armed men and shot to death. After a distressing scene in the house Doran was led to a spot nearby. His brother Michael was compelled to witness the execution.

BACK TO IRELAND

WASHINGTON, Jan. 19.—The Department of Labor today directed Judge Lowell, counsel for Daniel O'Donoghue, lord mayor of Cork, to surrender his client to the immigration authorities at Norfolk.

RANGER DRAGNET CATCHES CORPUS CHRISTI POLICE

All But One Are Under Charges of Aiding Violators of the Law. International News Service. CORPUS CHRISTI, Jan. 19.—Charges of aiding law violators will be filed against all members of the city police force with the exception of one. Mayor Gordon Boone announced today following the rounding up last night of seventy-two law violators by Texas Rangers. A number of policemen were in the fourteen alleged bawdy houses searched, it was said. Evidence against the police force, the mayor said, has been collected during the past month by operatives of the William J. Burns detective agency. The evidence was turned over to Adjutant General Cope at Austin, who Tuesday ordered the Rangers to quietly take over the policing of the city.

Aided by Burns' detectives, six rangers last night scoured down an alleged "red light" district where gambling was conducted in open violation of the law and liquor was bootlegged. Nineteen women and fifty-three men are held today on various charges.

SALVATION ARMY BUYS FIVE-ROOM RESIDENCE

The Salvation Army has established itself in a permanent home, having purchased a five-room house from Dr. A. K. Weir and moved it to a lot on Austin street. An addition has been added to the rear of the dwelling, which allows for ample living quarters for the army corps and caring for emergency cases.

WILSON TO MAKE FURTHER DECISIONS ON ARMENIA

WASHINGTON, Jan. 19.—President Wilson is now planning his next step in his role as mediator in the Armenian situation, and probably a recommendation will be forwarded next week. No intimation of the nature of the president's decision was given out by the state department.

NEGRO DESERTER ADMITS KILLING NAVAL NURSE

ANNAPOLIS, Jan. 19.—Henry A. Brown, 19-year-old negro, alleged deserter from the naval training ship Cumberland, this afternoon confessed he had attacked Miss Harriet Kavanaugh, a naval nurse, who died after an assault on government property.

MRS. J. L. HAMON TO TESTIFY AT TRIAL, BELIEF

Claim of Will Said to Have Injected Tensity Into Murder Trial.

International News Service. ARDMORE, Okla., Jan. 19.—Friends of Clara Smith Hamon made threats today that "if she is sent up prominent men will go with her."

The threat came after developments indicating that the Hamon family with their millions and power are arraying to fight the accused woman when she faces a jury on March 8, the date set for the trial.

Claims of a will that bequeathed Clara Smith Hamon one-fourth of the millions left by Jake Hamon, Oklahoma oil king and Republican national committeeman, and her only concern is liberty. Her lawyers will say nothing but others in close touch predict that there will be startling developments when the case comes to trial.

DEFENSE READY

International News Service. FORT WORTH, Jan. 19.—The defense will announce ready when Clara Smith Hamon is called for trial at Ardmore, March 8, Walter Scott, the accused woman's chief counsel, announced today.

HARDSHIPS OF BALLOONISTS TOLD BY KLOOR

Ate Moss, Drank Snow Water, Fixed Clothes With Wood-cen Pegs and Twine. International News Service. ROCKAWAY, Jan. 19.—Lieut. Walter Hinton, during the four days' trail at Moose Factory, suffered stomach illness, while Lieut. Stephen Farrell, clad only in heavy underwear, which was only partially covered by a flying suit which was cut to shreds by underbrush, suffered quite a bit by exposure. Lieut. Kloor, commander of the naval balloon "lost in Canada," told the naval board of inquiry today.

Kloor said Hinton's illness probably was due to eating moss and drinking snow water. An effort was made to patch up Farrell's flying suit with wooden pegs and pieces of twine, but the wind continued to whistle through his garments through apertures which would not remain closed. Hinton suffered more in delving snow water and eating than Farrell, Kloor said, stating he himself was sick for two days from eating moss.

ATTORNEY GENERAL'S RECORD CRITICISED

International News Service. NEW YORK, Jan. 19.—Attorney General Mitchell A. Palmer, it was believed here today, will be forced to reply to charges made by Samuel Entemeyer, attacking Palmer's record, made in a speech here last night. While the attorney general was not mentioned by name, Entemeyer made a scathing attack on the Department of Justice and the office of alien property custodian, which Palmer held during the war.

NEGRO DESERTER ADMITS KILLING NAVAL NURSE

International News Service. ANNAPOLIS, Jan. 19.—Henry A. Brown, 19-year-old negro, alleged deserter from the naval training ship Cumberland, this afternoon confessed he had attacked Miss Harriet Kavanaugh, a naval nurse, who died after an assault on government property.

J. N. GALLAGHER NAMED COMMISSIONER OF APPEALS BY NEFF

AUSTIN, Jan. 19.—Governor Pat Neff today announced the appointment of J. N. Gallagher of Waco as judge of the commission of appeals to fill the vacancy caused by the resignation of Judge Leon Sanfield, who returns to Beaumont to resume the practice of law. The appointment is effective Feb. 1. This is one of the first official acts today of the new governor.

Indian Prophets Foretold Planes, Autos, World War

By Associated Press
MAYETTA, Kan., Jan. 19.—The Pottawatomie Indians recently finished a two days' dance and feast in honor of the New Year. It was a celebration which every Indian on the reservation, a mile from here, attended, and many white guests were present, for the Pottawatomie feasts are famous for their quality and excellence. Barbecued beef is one of the favorite dishes.

The reservation is twenty-five miles from Topeka, the capital of Kansas, and contains about eleven square miles of land. Approximately five hundred Indians are living there, and the land is farmed. The white man's civilization has flowed around the little reservation and left it a relic of pioneer days in Kansas. Much of the white man's civilization has, of course, been absorbed by the Pottawatomies; they all speak English, and motor cars are commonplace among the red men.

Prophecies Come True.
"I can remember," Mat Septa, a young Pottawatomie said, "when the dancers and medicine men used to prophesy at our dances of how the white man would one day ride in carriages without horses, and fly through the air like birds. We used to think that was very wonderful, but we have seen it happen. Our dancers told of how there would be a great war among the white men, in which they would cross the sea to kill one another. That was the European war. I was in France sixteen months myself with the Eighty-ninth Division. A great experience. You know, what I liked about the army, you always had friends and were not lonesome. But I was glad to come home."

"Our people live softer than they used to. When I was a little boy, often they used to take us down to the bank of the creek water mornings, and break the ice and make us jump in. That was to make us hard and strong. They don't do that any more with our boys."

Money "Not Good."
"Our prophets tell of another great war that will come among the white men, and after that, they say, there will be no more war. They tell us that the white man's heart will be changed then, and that much of the land that once belonged to the Indian will be given back to him. I do not know. It is not good for my people to have too much money in their pockets, for they spend it swiftly."

The Pottawatomies are proud of the fact that Charles Curtis, senior United States senator from Kansas, is of Pottawatomie ancestry, and still count him a member of their tribe, although they do not often see him on the reservation.

"His time is taken up in the city of the Great White Father," the Pottawatomies explain, "but his heart is friendly toward his people."

MRS. FRANZEN GONE AGAIN DESPITE RECONCILIATION
MADISON, Wis., Jan. 19.—Mrs. Philip Franzen, whose escapade with Pierre P. Auther, Highland Park, Ill., chemist, was followed by a reported reconciliation with her husband, has again left Madison, it became known today. She was reported to have gone to Chicago. Last night Mrs. Franzen said she would not contest a divorce action, if one is started by her husband.

Franzen has not pressed further his efforts to have withdrawn the warrant charging Auther with grand larceny. He visited the district attorney yesterday in an effort to have the document quashed. He told officials he believed his wife was repentant and would remain with him and their adopted child.

BETTER THAN WHISKEY FOR COLDS AND FLU

New Elixir, Called Aspirinal Medicated with Latest Scientific Remedies, Used and Endorsed by European and American Army Surgeons to Cut Short a Cold and Prevent Complications.

Every Druggist in U. S. Instructed to Refund Price While you Wait at Counter if Relief Does Not Come Within Two Minutes.

Delightful Taste, Immediate Relief, Quick Warm-Up.

The sensation of the year in the drug trade is Aspirinal, the two-minute cold and cough reliever, authoritatively guaranteed by the laboratories; tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the common people as ten times as quick and effective as whiskey, rock and rye, or any other cold and cough remedy they have ever tried.

All drug stores are now supplied with the wonderful new elixir, so all you have to do to get rid of that cold is to step into the nearest drug store, hand the clerk half a dollar for a bottle of Aspirinal and tell him to serve you two teaspoonfuls with four teaspoonfuls of water in a glass. With your watch in your hand, take the drink at one swallow and call for your money back in two minutes if you cannot feel your cold fading away like a dream within the time limit. Don't be bashful, for all druggists invite you and expect you to try it. Everybody's doing it.

When your cold or cough is relieved, take the remainder of the bottle home to your wife and babies, for Aspirinal is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for infants and children.—Adv.

BROUGHT FIRST WORD OF MISSING BALLOONISTS

George McLeod, the Indian trapper who brought the first news of the safety of the three balloonists, Hinton, Farrell and Kloor, to the outside world. McLeod travelled for several days through the frozen north from the Hudson Bay post at Moose Factory to Mattie, where the above photo of McLeod and his dogs were taken.

LEON GROSS ADDRESSES FORUM LUNCHEON TOMORROW

Tomorrow at the forum luncheon of the Chamber of Commerce, to be held at the Lone Star banquet hall, Leon Gross of Fort Worth will address the gathering on "How 1921 Looks to Me." Tickets for the luncheon are \$1 and may be secured at the Chamber of Commerce.

The event is for the benefit of members and they are expected to attend.

Mr. Gross, who is president of Washer Brothers of Fort Worth and a leader of the chamber of that city, is expected to shed some light on what business conditions will be for the next twelve months.

SEVENTEENTH CHILD BORN TO DENVER FAMILY

DENVER, Jan. 19.—There is one Denver family which has a good excuse for putting on a wild celebration whenever the cost of living skids.

It is that of Wolf Cohen, 1423 Julian street.

His wife has just given birth to her seventeenth child at St. Anthony's hospital. Twelve children of the couple are living.

Cohen, who is a coal and fuel dealer on Larimer street, declares that he isn't complaining.

Dr. J. M. Krohn, who officiated at the birth of the last child, also was the physician at the arrival of ten other children in the Cohen family. The last eleven arrived in fourteen years.

The oldest, a daughter, 21 years old, is married and has two children.

COOKS AND WAITERS' BALL AT MOOSE HALL TONIGHT

The cooks, waiters and waitresses of the Ranger local will give a masquerade ball tonight at the Moose hall. Good music has been secured and the floor is in good dancing condition. The union has extended a welcome to everyone. No charge will be made for ladies. Tickets are \$1 each.

A handsome prize will be given the couple wearing the most unique uniforms and who come masked.

NO INDICTMENT RETURNED AGAINST ASA CARLTON

No indictment was returned by the federal grand jury against Asa Carlton, now under bond charged by complaint with white slavery, which met in Abilene this week. Such evidence as it had in the case was insufficient upon which to return an indictment, according to S. R. Black, who returned from Abilene last night where he was called as a witness in the grand jury investigation. However Carlton is still under bond and the federal district attorney's office is making further investigations, Black said.

Carlton was arrested in Ranger about ten days ago by Ranger Captain Blackwell after a girl had made a voluntary statement concerning her condition and her relation with the man arrested.

Lady Auckland Geddes, wife of the British ambassador in Washington, is passionately fond of children.

In Turkestan wives can be purchased for a box of matches and each man can have as many wives as he chooses.

PLANS LIBRARY ON WHEELS FOR BENEFIT OF RURAL SECTIONS

By Associated Press
FORT WORTH, Jan. 19.—Texans living in rural communities will have libraries at their door, from which they can draw books every two weeks. This was the statement of H. M. Means, Tarrant county farm agent, who, with Dr. H. K. Taylor, of Texas Woman's college, is planning to start circulating libraries in this county. The libraries he said, will be used in disseminating agricultural literature and government bulletins on farming and farm problems.

The libraries "on wheels" were adopted by the United States department of agriculture to bring library facilities to the rural communities. In addition to the farm bulletins which Means said would be carried, there would be books on other subjects and for general reading, such as fiction.

The arrival of the library automobile would be heralded in each community by an entertainment or community welfare meeting at which movies would be shown by aid of a picture machine carried in the truck. Music would be furnished by the phonograph which would be a part of the truck's equipment.

When the library visited a community, books could be withdrawn and kept until the next visit of the truck in two weeks. If books of a certain title or on some particular subject were wanted, they would be brought on the next fortnightly trip.

The only expense to the communities is a share in the cost of the automobile and its equipment and the transportation of the books, Means said.

BUYING LIQUOR ON SHIPS HELD LAWFUL BY NEW YORK JUDGE

NEW YORK, Jan. 19.—It is not contrary to law to board incoming steamers to purchase liquor.

This ruling was made yesterday by Magistrate Koenig in the Tombs court, when he discharged Sam Abbey, 140 Schermerhorn street, Brooklyn, and Nick Hanco, 87 Tillary street, Brooklyn. The men were arrested on board the steamer Santa Monica, which they admitted they had boarded with intent to purchase liquor.

Frank Sheey, a worker on the ship, admitted that crews of incoming vessels brought liquor to the piers and sold it.

The Anti-Blue Law league of New York yesterday issued a warning against numerous "mushroom" anti-blue law organizations which have sprung up. The statement said that the league was hampered by the activities of the irresponsible organizations. It is charged that they are doing profitable business among paucity business men threatened by the proposed blue laws.

William H. Hurley and Frank Strappone, prohibition inspectors charged with accepting a bribe, were arraigned before United States Commissioner Hitchcock yesterday in removal proceedings. They pleaded not guilty and were held in \$1,000 bail each for a hearing.

HOW DOCTORS TREAT COLDS AND THE FLU

Calotabs, the Purified and Refined Tablets That Are Nausealess, Safe and Sure.

Doctors have found by experience that no medicine for colds and influenza can be depended upon for full effectiveness until the liver is made thoroughly active. That is why the first step in the treatment is the new, nausealess calomel tablet called Calotabs, which are free from the sickening and weakening effects of the old style calomel. Doctors also point out the fact that an active liver may go a long way towards preventing influenza and is one of the most important factors in enabling the patient to successfully withstand an attack and ward off pneumonia.

One Calotab on the tongue at bed time, with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, pleasure or work. Next morning your cold has vanished, your liver is active, your system is purified, and you are feeling fine, with a hearty appetite for breakfast. Druggists sell Calotabs only in original sealed packages, price thirty-five cents. Your money will be cheerfully refunded if you do not find them delightful.—Adv.

PROGRAM

MAJESTIC—Greer and Lawler's Pioneer Girls, presenting "Why She Loved Him So," and picture, "The Pawn of Fate."
TEMPLE—Wanda Hawley in "Her First Elopement," and "The Son of Tarzan."
LIBERTY—"The House of Whispers" all-star cast, also "Bride 13" and comedy.
LAMB—"Homespun Folks," also Charlie Chaplin Comedy and Pathe Review.

LAMB.

A complete assortment of rural types, some perfectly harmless, some capable of considerable villainy, some exceedingly lovable, most of them humorous and all of them interesting and true to life, are included in the cast of "Homespun Folks," the big Thomas H. Ince-Associated Producers' special production, which is to be featured at the Lamb theatre today and Thursday.

"Homespun Folks" is a picture that sends thrills up and down the spine, tickles the funny bone, stirs up righteous indignation and plays on the heartstrings. All of the elements that go toward the making of a cinema success are present and are so skillfully blended, the climaxes so powerfully built up and the comedy reliefs so cleverly placed that there is never an instant in which the story stalls or loses interest.

An all-star cast, in which Lloyd Hughes is featured, has been ably directed by John Griffith Wray, under the personal supervision of Thomas H. Ince. The story was written by Julien Josephson. Henry Sharp handled the photography.

MAJESTIC.

George Dehan once again demonstrates his mastery of characterization in "The Pawn of Fate," a picture which shows him as a Norman peasant. It gives him more opportunity than his previous work, in that all his former personifications ran along in an even tone of pathos, while this one allows him to produce a mere complete character, one in whom pathos does not predominate, but appears only in the end. Consequently it is more of a triumph for the actor.

A splendid story is built around the center figure and the climax comes as a complete surprise for the spectators.

Lasalle, a Parisian artist, goes to a village in Normandy to recuperate. Here he meets Marcine, wife of Pierre, and conceives a liking for her. In order to get her to Paris he persuades her husband, an ignorant shepherd, that he is a genius and only needs training to become a great painter. Pierre and his wife go with the artist, who spreads the news abroad that he has discovered a genius. Pierre paints industriously, and when he has finished a picture Lasalle invites a crowd of connoisseurs in to see it. It is a failure, of course, and Pierre then discovers that he has been used for a joke.

He fights with Lasalle, whom he nearly kills, and flees. He is caught by the police, but later Lasalle has him freed. So he goes back to his flock.

Doris Kenyon takes the part of Marcine in a more than adequate way. John Davidson is Lasalle, a character which he is eminently fitted for portraying. The settings are wonderfully good and the rural scenes are extremely artistic. At the Majestic today and Thursday.

Mlle. Adrienne Baland, known as the leading "ace" of the French airwomen, will make a tour of South America, representing her country as aerial missionary.

Barney's Selection of a Model Was a Sale Killer.

WOMEN'S PERFUMED LETTERS BY TONS DELUGE CONGRESS

Sheppard-Towner Bill to Protect Maternity and Infancy Develops Country-Wide Propaganda For and Against Measure—Telegrams, Petitions and Notes Flowing In.

WASHINGTON, Jan. 19.—Congress is being treated to a grand new kind of propaganda by women interested in the Sheppard-Towner bill to protect maternity and infancy. A veritable deluge of telegrams, petitions and personal letters was let loose by the new woman's lobby before Christmas. Now the flood is continuing from every part of the country.

The children have gone to writing. Truck loads of letters are moving up and down the corridors of the house office.

This mail has a perfumed atmosphere. It is engraved. It is embossed in gold. It is done up with ribbon. The stationery is something distinctive in its tints of pink and blue.

The supporters of the measure appear to be in the overwhelming majority, but there is showing up in the mails now a vigorous opposition that seems to come from those who believe in Christian Science, or faith healing. The following letter from a Wisconsin woman is a sample:

"I wish you to work and vote against it. My reasons are, first, it is unconstitutional; second, un-American, an encroachment on the individual's freedom of choice of the means of healing disease."

A regular form of petition signed by a large number of women, attacks the propaganda "of sectarian medical teachings."

By far the strongest propaganda is in favor of the immediate enactment of the Sheppard-Towner Bill. Thousands of women have signed a form petition of which the following is a sample:

"We, the undersigned, residents of Whatcom county, State of Washington, urgently request that you use your utmost efforts to secure immediate and favorable action on House Bill No. 10925, which offers federal aid to the states in stopping the needless waste of mother and baby life. We believe that this bill is of the utmost importance and ask for its passage at once."

In December, about the time congress met, officials of the League of Women Voters met in Washington, had themselves photographed and announced that they intended to lobby for legislation at once.

Million Workers in Great Britain Are Unemployed

LONDON, Jan. 19.—The proposal by the government to alleviate unemployment by big roadmaking and house building schemes and other work of public utility is called inadequate by the leaders of the unemployed.

Official returns give the number of registered workless in the United Kingdom on December 30 as 591,074, an increase of 70,721 during the preceding fortnight. London alone accounts for 141,533 and the proportion of men to women out of work is roughly as 3 to 1.

Labor leaders say these figures are incomplete. They declare that at least 250,000 other manual workers and as many clerical workers are out of jobs, though not on the government books. These would bring up the workless army to well over 1,000,000 and counting their dependents, a grand total is arrived at

of close upon 1,500,000 sufferers from lack of work in one way or another.

Clamor for reopening trade with Russia is growing and the chairman of the London Unemployed Council has told the Associated Press representative that by acting in concert with all other labor organizations, they were confident of being able to force the government's hands.

"If an American business man is able to get \$2,000,000,000 worth of contracts out of Russia, that means that there is another \$3,000,000,000 worth waiting there for British trade," he said.

Meanwhile, public charity has been deeply stirred by reports made by social workers on many cases of genuine distress, with the result that gifts, both in money and kind, have been pouring into the different local unemployed centers. The danger of food riots, which threatened some weeks ago, has apparently to a large extent vanished.

RECORD SNOW AT DENISON.

DENISON, Jan. 19.—The snowfall here on Jan. 12-13 was the heaviest which has visited north Texas in eight years, the records here indicate. Almost three inches of snow covered Denison. It was the second snow in Denison in three years, a light fall having been recorded Dec. 22, 1920.

HAS OLD DEEDS.

CORSICANA, Texas, Jan. 19.—Two deeds, one dated May 10, 1848, and bearing the signature of President James K. Polk, and the other dated April 15, 1852, and signed by President Franklin Pierce, are in the possession of A. Highnote of Corsicana. The deeds are on fine parchment and are in an excellent state of preservation. They are to forty acres of land each, the land being located in Jackson county, Indiana. The land was deeded by the United States to Mr. Highnote's father, and he says it has changed hands but twice since it first came into possession of the Highnote family.

RECORD DIVIDENDS.

FALL RIVER, Mass., Jan. 19.—A new high record for dividends was made by the cotton mills of this city during the year 1920, according to a summary issued Saturday. The total dividends paid during the mill year amounted to \$9,989,300, an average of 29.148 per cent on a capitalization of \$36,000,000. The best previous record was in 1918, when there was disbursements of \$6,985,325 for a rate of 48.489 per cent. The list shows an unusual number of large dividends paid during the year, ranging from 65 per cent down to 16 1-2 per cent on common stock.

In the World of Sport

HERMAN, 13 POUNDS HEAVIER TOOK SEVENTEEN ROUNDS TO STOP WEE BRITISH WONDER

American Fighter, Unable to Make Stipulated Weight, Puts Up Clean, Sportsmanlike Contest Against the Famous "Mighty Atom"-No Title at Stake.

LONDON, Jan. 19.-Although no title was at stake, all of pugilistic London is still talking of the great fight witnessed at Albert hall, when, after more than sixteen rounds of battling, the former American bantamweight champion, Pete Herman, battered the world's flyweight titleholder, Jimmy Wilde, into submission.

After Wilde had taken the lead on points in the early rounds, Herman gradually gained ground and by the fourteenth was considered to have the point advantage. From that time the heavier American fighter, battling a clean, fair, sportsmanlike fight, gradually wore down the little Welshman.

There was a terrific fight on the ropes in the fifteenth. Herman, with left to the ribs and right to the jaw, appeared to have Wilde half out, but was unable to finish him before the bell.

Herman failed to batter down the game little Welshman in the sixteenth, but the seventeenth saw the finish of the famous "Mighty Atom."

Early in this period Herman knocked Wilde through the ropes with a right to the jaw, dazing him and making it easy for the American to repeat the feat twice more.

Wild Carried to His Corner. At this time the referee decided that Wilde was unable to resist effectively, and

Hunting Bargains in Ranger

Bargains discovered in trips through Ranger shops and department stores are here presented briefly for the benefit of Times readers.

An interesting new spring suit at the Julianna Shop is of ostrich point twill. The straight backed coat has long lapels, fastened at side seam with fancy buttons. It is trimmed with self-colored stitching and cord tucks, and features the new flaring cuff. The skirt is gathered, with a narrow belt, and is finished with stitching at pockets and cord tucks.

Some clever new hats of cellophane and horsehair braids are displayed at the Vogue. These are in "off the face" models, rolled brim and turban effects, and are splendid values.

A charming afternoon frock at Humes' is of steel gray Canton crepe. It features the long-waisted blouse effect, fastening with four buttons and loops over vest of same material, and the kimono sleeves with tied cuffs. It has a bloused overskirt reaching almost to hem. The shirred belt is finished with a drape on one side, lined with silver grayorgette. This shop also has a good assortment of spring hats, including sailors in the latest styles and colors, very reasonably priced.

The Boston Store is offering serge and tricotine dresses, formerly sold up to \$100, at a special price of \$33.75.

FALLING PLANK KILLS SOUTH TEXAS OIL WORKER

International News Service. BEAUMONT, Jan. 19.-A. V. Board, an oil field worker, was instantly killed at Saratoga, near here, today, when a board fell from an oil derrick on which he was working and broke his neck.

PANTS STOLEN, BED MADE UP, BAGGAGE CAR FOR BRECK. MAN

CISCO, Jan. 19.-Minus his pantaloons that had been stolen enroute from Fort Worth while he slept in a Pullman berth, a passenger on a Breckenridge board train had to check in at the baggage car to make the trip. The train carries no Pullman and the passenger arrived in Cisco before the local stores were opened for business. Pajamas not being allowed in the day coach, his only recourse was to ride in the baggage car which is inhabited only by vulgar males. An S. O. S. message was sent ahead to friends at Breckenridge to take pity on a poor trouserless man, and come to his relief.

The travellers breeches were stolen while he slept in a berth of a Texas & Pacific passenger train out of Fort Worth.

HUNT WILD BOAR BY MOTORCYCLE.

Can one imagine a more exciting sport than hunting big game from a speeding motorcycle? In faroff Australia the speedy kangaroo are hunted down by sportsmen in automobile. Here we see the results of the first wild boar hunt ever undertaken by motorcycle. It took place recently on Santa Cruz Island, a rugged mountainous bit of land jutting above the surface of the blue Pacific. The successful hunter with motorcycle in the background is shown coming up to his catch. The boar is said to be the largest ever killed. It weighed 327 pounds.

ALDERMAN'S MISSING SON IS FOUND DEAD IN A POND

NEW BEDFORD, Mass., Jan. 19.-The body of James F. Collins Jr., sixteen-year-old son of Alderman Collins of this city, was found in Turner's pond in Plainville.

There were no marks of violence and the police said the drowning must have been accidental. The lad had been missing since he went on a hunting trip in Plainville woods Dec. 18, and it was feared that he had been murdered.

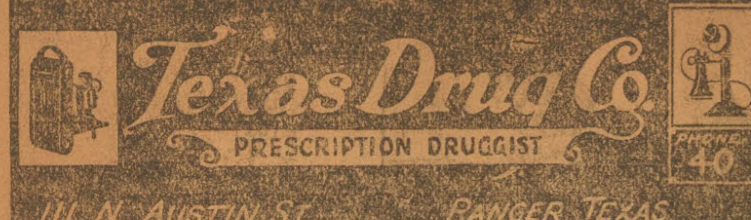

In the first second of its descent a body falls 16 feet. Goodwin is the highest mountain peak in Canada, measuring 11,900 feet.

AGRICULTURAL EXPERTS URGE PURE BRED SEED

By Associated Press. FORT WORTH, Jan. 19.-The value of pure bred livestock is known to Texas producers. Agricultural leaders of the state are now endeavoring to show farmers and bankers who aid the farmers, the advantage of pure bred seed in the planting of their crops.

Meetings are being held in the rural communities "to acquaint farmers and business interests with the value of pure bred seed," said H. M. Means, farm agent of Tarrant county. One of the purposes of the meetings, he said, was to induce bankers to give financial aid to the farmers for the purchase of pure bred seed.

KANSAS TO TRY TO STOP USE OF 'THIRD DEGREE'

Charge That Life Termer Was Beaten Until He Confessed.

TOPEKA, Kan., Jan. 19.—If there is any way by which a prohibition can be made, it is probable that the coming session of the legislature will attempt to stop the application of the police "third degree" to alleged criminals.

Kansas wants the police to discriminate between real criminals and those who may be criminals more or less by accident. Kansas does not hold any brief for the "hard-boiled" son of crime, but the Kansas spirit is up over the treatment of men, and in a few cases of women, who are charged with serious crimes, but in which it appears this was the first offense.

The case which brought the third degree to the attention of the general public strongly was that of Oral Ray, sentenced to prison for life for the murder of Clarence Le Clerc at Wichita in 1918. Mrs. Gertrude Ray, his wife, has filed an affidavit with Governor Allen and with the court officials in Sedgewick county, charging that her husband was "railroaded" to prison through the methods of the "third degree."

Confession Repudiated.

Ray himself has undertaken to have his sentence set aside, and there is pending in the District court of Sedgewick county a motion for a new trial based upon the allegation that Ray signed a confession to the murder when he was so dazed that he did not know what he was doing. Ray has repudiated his confession entirely.

The day after Ray was brought back to Wichita his wife went to see him at the jail. One side of her husband's face was bruised, it has been alleged, one eye swollen shut and the other black, and the other side of his face scratched and torn, with a dent under his eye. Others saw Ray in this condition, they have said.

He has informed the court and Governor Allen that when he was brought back to Wichita the police began insisting that he had killed Le Clerc. Every time he denied this statement or attempted to make a statement to show that he did not commit the murder he was struck by a police officer, he said. He was knocked down many times, he declared, several times striking chair or radiators or other furniture. He said he stood this more than two hours and finally could not stand the pain any longer.

Forced Him to Sign Confession.

Then it is charged that the police worked out a hypothetical case in which they detailed to him their theory of the murder, and he was so dazed he agreed to everything that was said, and when a

OWLS ORGANIZE LODGE, ELECT FIRST OFFICERS

A permanent organization of the Owls lodge was perfected in Ranger last night when it met in the Odd Fellows' hall on Elm street and elected officers and initiated 127 candidates.

Officers elected were: H. R. Applegate, president; H. Steinhorn, vice president; G. Booth, past president; P. C. Merrick, Invocator; C. H. Gardner, warden; B. Miller, treasurer; G. B. Hinkle, secretary; C. M. Hunt, sentinel; G. I. Defales, picket.

The lodge expects to receive fifty new members at its meeting on Jan. 25.

METHODIST YOUNG FOLK FORM EPWORTH LEAGUE

The young people of the Methodist church, who formed Junior Epworth league last Sunday are extending an invitation to others to join the league. They meet each Sunday afternoon at 2:30 p.m.

Charter members of the organization are: Nannie Haden, Clara Haden, Eleanor Alworth, Harriet Heasley, Bertha Davenport, Arreta Davenport, Oretta Smith, Blanch Niver, Chas. Brasher, Helen Cooney, Margaret Transmel, Minnie Belle McGibbon, Azelline Cox, Rose McEver, Italy West, Thelma Collins, Eralia Wolf, Lelia McCullough.

More than 48 per cent of immigrants from Italy during the last year were women. This is an increase of nearly 25 per cent over the pre-war period.

man handed him a sheet of paper and said, "Sign here," pointing to the dotted line. Ray signed. In his statement to the governor and the court, Ray has asserted that he did not know what he was signing.

Kansas folk believe in a square deal, and that every man ought to have a reasonable chance for his liberty and to prove himself innocent. In the Ray case it is charged that the man had to prove himself guilty to end the hearing.

Le Clerc was a motor car salesman. He started out to demonstrate a car to Ray and they picked up another man. When out in the country Le Clerc was murdered and Ray was later arrested at Dodge City with the car. Ray has contended that the other man, a stranger, shot Le Clerc because of a quarrel over a business deal, and that this stranger had threatened Ray and compelled him to drive away in the car.

There have been several other cases where the third degree was applied which have aroused the spirits of Kansas folk to the fighting point. There are numerous letters coming to the governor and to members of the legislature demanding that there be some legislation to abolish the third degree in the state, particularly as it is applied to those who have never before committed any crime.

AUSTRIAN ON WAY HERE TO APPEAL TO HARDING

BERNE, Jan. 19.—Prof. Joseph Redlich arrived here today from Vienna. He is on his way to the United States to inform President-elect Harding of Austria's commercial, financial and political situation. Mr. Harding, according to Prof. Redlich, has agreed to receive him.

Prof. Redlich hopes to raise a loan, declaring that Austria finds the machinery of the League of Nations too cumbersome.

Missourian States Tanlac is the Best Medicine in World

Joplin Man Tells of Wonderful Results He and Wife Got From Tanlac.

"My wife and I have both put Tanlac to the test and we say it is the best medicine in the world," said S. L. Thompson, 1510 New Hampshire ave., Joplin, Mo.

"For years my wife had been suffering with stomach trouble and finally got to where she could hardly eat anything. After meals she complained of a heavy, stuffed-up feeling, and at times had such cramping pains she just had to give up everything and go to bed. She had headaches constantly, and often got so dizzy she could hardly stand. She complained of pains in her back and became so nervous the least little thing would upset her, and at night she could hardly sleep at all.

"Well, I had been taking Tanlac, and it helped me so much I persuaded her to try it. She eats just anything she wants now and as much as she pleases without feeling the least touch of indigestion. Her appetite is fine and everything agrees with her so well she has gained considerably in weight. Her nerves are in fine condition, too, and she sleeps like a child every night. In fact she is a well woman and we both think Tanlac a wonder."

Tanlac is sold in Ranger by Phillips Bros., and in Eastland by Butler Drug Co.—Adv.
