JONES CHOSEN AS SECRETARY OF MERCHANTS

New Executive Will Take Office on June 15, Succeeding M. O. Burt.

Karl E. Jones, public accountant and income tax expert of Ranger, was elected secretary of the Retail Merchants' association last night at a meeting of the board of directors of the organization. Mr. Jones, who was elected from a field of four applicants for the position, will succeed M. O. Burt, present secretary. Mr. Burt's term of office has expired but on the request of the directors he will remain in charge of the association offices in the Guaranty Bank building until about June 15. His future plans are not announced. Mr. Burt was one of the organizers of the association and has served efficiently as secretary for the last two years. Previous to his connection with the association he was in the real estate business here.

IRISH RUSHING MORE TROOPS TO FIGHT BRITISH

BELFAST, June 6.—Irish reinforcements are being rushed into the Bellek sector for resumption of the battle with the British army.

The imperial troops still hold the towns of Peddigoe, which they captured Sunday. Their lines extend on a front of about a mile, partly in Free State territory.

The Irish are expecting to launch a counter attack if the British attempt to advance to Magheramena castle or the town of Bellek, their next objective.

There was a heavy outbreak of firing in Belfast streets today and several bullets struck a hospital but there were no casualties. Arson squads applied the torch to a large warehouse, which burned with extensive damage.

OFFICER'S SLAYER TELLS STORY TO ARMY BOARD

OKLAHOMA CITY, June 6.—Judge Jean P. Day, wealthy oil man and attorney today went before the special board of army officers in session here and told the story of the killing of Lieut. Col. Paul Ward Beck, commanding officer at Post Field in the early morning of April 4.

Day was accompanied only by his attorney and all the proceedings were kept secret. One of the members of the board announced today that several other witnesses yet remain to be examined.

Moman Pruiett, noted criminal attorney, Day's lawyer, arrived at the hearing about ten minutes after Day. Pruiett refused to discuss the hearing. Day was seated at a long table in the courtroom, surrounded on both sides by members of the army board.

New evidence in the case was brought out when Day's attorney laid before members of the board letters alleged to have been written by several women to Colonel Beck. The action of the defense was a surprise, as it was understood that Judge Day would not seek to introduce further evidence.

A police captain who went to the Day home on the morning of the killing was questioned for a few minutes by the board, which adjourned at noon with the understanding that the members would go to the Day home to question Mrs. Day. Mrs. Day is to be asked to repeat her testimony before the coroner's jury, in which she declared that Beck had seized her in his arms, crying, "Girl, you have swept me off my feet! you must come to my room tonight."

FLORIDA SHERIFF HALTS TRAIN FOR BOOZE HUNT

MIAMI, Fla., June 6.—A Florida east coast passenger train was held at Fort Lauderdale for one hour and five minutes by Sheriff Bryan of Brouard county, while he and his armed deputies, armed with search warrants for the train and passengers, made a search for liquor. Three men were arrested in a compartment and later placed in the county jail, and six suit cases of liquor in their possession were seized.

LAWTON'S PICTURESQUE PARSON SAYS HE WAS SEIZED AND BEATEN

LAWTON, Okla., June 6.—Rev. Thomas J. Irwin, who resigned the pastorate of the First Presbyterian church recently after charges of conduct unbecoming a minister were brought against him by the governing presbytery, claims he was attacked and beaten while motoring outside Lawton last night, according to reports here. County officers who went out in search of Irwin when he failed to return to his home telephoned from the residence of J. F. Woods, nine miles east of here, that they had found Irwin at Woods' home. He was in a weak condition. Most of Irwin's clothing had been torn off him, officers said.

Irwin was seen at about 8:30 o'clock at a filling station here. When he did not return to his home at 9:30 the search was instituted. No details have been learned of the alleged attack on the minister.

An investigation of the attack will probably be made by the county authorities. The county attorney stated that he had not been advised of the attack on the minister and that the only thing he knew of it was from the newspaper accounts. The minister could not be found today for a statement.

CITIZENS' COMMITTEE TO WAGE ACTIVE CAMPAIGN FOR H. S. COLE

An active campaign in behalf of H. S. Cole, law enforcement candidate for police commissioner in the special election called for July 1, has been launched by the citizens' committee who opened the vice war several weeks ago and brought about at least a suspension of the open saloons and professional gambling in this city.

In a statement issued this morning, the citizens of Ranger who stand for law enforcement and its permanence in this city are urged to lend their wholehearted support and influence in making this possible. Mr. Cole is at present in Los Angeles as a delegate from the Ranger Rotary club to the International Rotary convention, but will return here about June 15.

MOSLAH SHRINERS CAPTURE TOWN AS 'FRISCO SPECIAL PAYS VISIT

One hundred and fifty Shriners, including a forty-piece band and a well drilled patrol, stopped over in Ranger this morning at 11:40 to greet Ranger nobles and citizens in general. From the time the wildcat siren whistle of the Moslah Shrine special out of Fort Worth announced its arrival at the station until it belched a blood-curdling farewell, the Shriners had the city in their grip.

The band and patrol, dressed in checked suits and fezes paraded from the Texas & Pacific station up Main street to Marston and back to Austin, where the band gave a short concert and the band and patrol sang. No speeches were made. The special was allowed only a half hour stop here and because of the lack of time no entertainment was provided for the visitors.

The Shrine special, after a number of stops at points en route, is due in San Francisco in time for the imperial council on June 13-15. Shriners and their families from all over the United States will be in attendance. The special leaving Fort Worth bore 150 Shriners and their families and was manned by a Shrine crew. The big locomotive bore "Moslah" across the front and the monogram of Moslah temple on the tender.

EASTLAND LAWYER TO BE SPECIAL JUDGE ON SUPREME BENCH

EASTLAND, June 6.—Governor Neff has appointed O. C. Funderburk of Eastland as a special associate justice on the state supreme court to serve in an important case in which several of the justices have disqualified. The case in question is styled Sovereign Camp Woodmen of the World vs. W. A. Ayres.

Mr. Funderburk is a member of the firm of Scott, Brelsford, Funderburk & Ferrell.

WARD'S WIFE REFUSES TO ANSWER GRAND JURY

WHITE PLAINS, N. Y., June 6.—Mrs. Walter S. Ward defied the grand jury today and refused to answer questions about occurrences on the night of May 15, when her husband killed Clarence Peters, alleged black-mailer.

District Attorney Weeks and Attorney Allen R. Campbell for Ward then asked the court what questions Mrs. Ward could be forced to answer and it was ruled that she must answer all questions about things happening when others were present beside her husband. It was declared that she did not have to answer questions pertaining to what occurred while she and her husband were alone.

HORSE FALLS UPON AND KILLS ROBY BOY

ROBY, June 6.—Spurgeon Hollibaugh, 14, son of Mr. and Mrs. R. M. Hollibaugh, was instantly killed by being thrown from a horse. The animal stumbled and fell on him. He was a graduate of the Roby grammar school this term.

LABOR MEMBERS PROTEST CUT IN RAILWAY WAGES

Reduction in Pay of 400,000 Workers Passed Over Their Objections.

CHICAGO, June 6.—Over strong protest of three labor representatives on the United States railroad labor board, a new wage cut of 7 cents an hour for shopmen, 9 cents for freight car men, and 5 cents an hour for cleaners, cutting 400,000 workers approximately \$60,000,000 a year, was ordered by the board today.

The new wage reduction brought an estimated saving of \$59,669,347 annually to the railroads. The decision becomes effective July 1.

Wage Not Just. The minority report of the labor members stated that the majority decision was made with "no consideration of human needs" and charges that it fails to carry out the functions of the board to "set a just and reasonable wage."

"The tendency of this decision is a vindication of the propaganda of the railroads and consequently condemns such statements as the employees have been able to bring to public attention," the minority opinion said.

Will Add Workers. In the petition for a reduction of pay, for the shop workers, the carriers told the board that the cut would mean that more men would be employed to repair equipment of the roads. The carriers contended that because of present wages rolling stock had deteriorated for lack of funds to hire men to do the work.

The board said its decision was based on a reported decline in the cost of living. The dissenting opinion of the minority pointed out that even the old scale of wages does not enable shopcraft families, with the utmost economy, to procure enough food.

TEXAS COMPANY LAYING SIX-INCH LINE TO PIONEER

The Texas Pipe Line company will immediately begin the construction of a six-inch pipe line from Ranger to Pioneer and the construction of storage tanks in the Pioneer field to take care of the large amount of surplus oil. J. B. Haden, superintendent, announced this afternoon.

The Pioneer line will be connected with the line just completed from Eastland to Ranger and oil from both fields will be brought here, Mr. Haden said.

Approximately 100 men will be used in the construction of the Pioneer line which is to be rushed to completion. Mr. Haden was unable to say at this time the extent of the storage facilities to be provided by his company in Pioneer.

Reports from Pioneer stated that the present production of that field is around 25,000 barrels daily and that the pipe lines of the Prairie and Humble companies are able to take care of only about half that amount.

MAN OVERCOME BY SMOKE FROM FORT WORTH BLAZE

FORT WORTH, June 6.—H. H. Powell, 65, was overcome by smoke and is now in a serious condition in a local hospital as the result of fire which broke out on the second floor of an uptown garage about 2:45 this morning and resulted in damage amounting to approximately \$10,000.

Powell was asleep in the Labor Temple, on the third floor of the garage, when the fire broke out on the second floor and set fire to three barrels of crude oil.

Shipboard Accident Leads to Fatal Illness of Internationally Famous Beauty.

PITTSBURG, June 6.—Lillian Russell—Mrs. Alexander P. Moore—bright star of the American comic opera for three decades and internationally known as a professional beauty, died at 2:20 this morning after being ill for several weeks following a shipboard accident while returning from Europe. Her death was unexpected, as physicians two days ago announced that she had passed the crisis and would recover.

Mrs. Moore, who was the wife of the publisher of the Pittsburg Leader, later suffered a relapse and yesterday afternoon was so ill that members of the family were summoned to her bedside. The accident which physicians said was the primary cause of her illness and death, occurred when she was violently thrown on the ship during a storm. She went to Europe at the request of Secretary of Labor Davis for the purpose of making a study of the immigration problem among prospective immigrants to the United States.

In addition to her husband, a daughter by a former marriage, Mrs. Dorothy Calvit, and a niece, Miss Mildred A. Martin, were present. She also is survived by two sisters.

The funeral probably will be held Thursday at Trinity church, with burial in this city. Lillian Russell, who made the beauty of American womanhood internationally famous, was born in Clinton, Iowa, Dec. 4, 1861, the daughter of Charles E. Leonard, a newspaper publisher. She was educated at the Sacred Heart college in Chicago and there began the study of music in 1877. She made her first appearance on the stage in 1879, in an amateur performance "Time Tries All." Her talent soon attracted attention and for years she reigned as queen of the American stage. She was married four times.

'FORD FOR PRESIDENT' CLUB BEING FORMED

DEARBORN, Mich., June 6.—The auditorium of the village schoolhouse will be crowded tonight with loyal friends of Henry Ford attending the first mass meeting of the "Henry Ford for President" club.

A committee of friends and neighbors last week waited on Ford in the interest of his announcement, but were told he would not discuss the subject of being a possible candidate for the presidency. The spirit and ardor of the charter members of the club were not dampened, however, and Edward F. Fisher, village president and enthusiastic member of the club, said today another committee had been chosen, subject to ratification by the meeting tonight, to present formally the arguments of the auto king's neighbors to Ford.

Plans have been drawn up to make Dearborn the nucleus for a national organization of "Ford for President" clubs.

HENRY FORD WILLING TO RUN FOR PRESIDENT

DETROIT, June 6.—Henry Ford has intimated privately that he would run for President "if the people of the country desire him to do so," but "he would refuse to spend any money to bring about his nomination or election," according to William T. Bronberg, editor of a Dearborn newspaper, and one of the leaders in the Dearborn "Henry Ford for President" club.

TWO SOLDIERS KILLED IN TRUCK ACCIDENT

BALTIMORE, Md., June 6.—Two soldiers were instantly killed, two others fatally injured and two more less seriously hurt when a truck in which ten soldiers were making a trip to Buffalo turned over in a ditch. The dead are Privates Parent and Herschner.

NEW REFINERY COMPANY. CHICAGO, June 6.—Formal announcement of the resignation of George N. Moore as president of the Shaffer Oil & Refining company to head a new organization which has purchased the refining plant of the Milliken Oil company at Arkansas City, Kan., was made at the offices of the Shaffer company today. The new company is yet unnamed.

COUNTY ENTERS SUIT TO OBTAIN BANK DEPOSITS

Claims \$629,847.00 in Security Bank Was Non-Interest Bearing and Unsecured.

EASTLAND, June 6.—Suit for \$629,847.42 as the amount of county deposits in the Security State bank which closed last August, was filed here today in Ninety-first district court by Eastland county against Ed Hall, state commissioner of insurance and banking. It is set forth in the petition that the amount covered two county deposits in the Security State bank which were non-interest bearing and unsecured and therefore guaranteed under the guaranty act.

Proof of claims was filed with the state banking commissioner on Nov. 22, 1921, it is set forth in the petition, but the commissioner has so far failed to classify the accounts as entitled to be paid from the guaranty fund. The county asks the court to order the claim classified as a non-interest bearing, unsecured claim, entitled to payment from the guaranty fund. Attorneys for the county are Burckett & Orr of Eastland, Bailey, Nickels & Bailey and Coffey & Coffey of Austin.

BIG INITIATION IS PUT OVER BY EASTLAND ELKS

EASTLAND, June 6.—Sixty-nine candidates for Elksdom were taken into the Eastland lodge last night with initiation ceremonies that followed an Elk parade over the city earlier in the night. The Elks marched behind a very live band and provided comedy along the entire line of march. The class is said to be the largest in this district, which comprises El Paso.

Dr. Maddox of Abilene, deputy district grand exalted ruler, was present for the initiation and pronounced the Eastland lodge to be the best in the district.

CHURCH FIRE BLAMED ON FUNERAL TAPERS

CRYSTAL CITY, June 6.—Candles used in a funeral ceremony are believed responsible for the fire which destroyed the Catholic church here last Thursday night. The loss is several thousand dollars, a part of which was covered by insurance.

The funeral was held in the church Wednesday afternoon and it is thought that one or more candles were left burning when the procession left the building.

STRAW VOTE OVERWHELMINGLY IN FAVOR OF PICTURE SHOWS

Sixty-four of the seventy Rangerites voting in the Times straw vote today demand Sunday picture shows. Six are against Sunday picture shows.

Four feel that Ranger is better off with open saloons and professional gambling.

Four fail to express themselves on this subject.

From the vote so far, Ranger is overwhelmingly for Sunday picture shows and against a return to the open saloon and professional gambling houses.

HOME BILLS ARE REDUCED ONE-FOURTH

Voluntary Action of Company to Lower Bills of All Consumers.

Effective on the July bill, the electric light rates to domestic consumers of Ranger will be decreased 25 per cent and the present sliding scale affecting large business firms and plants will be reduced from 10 to 12 per cent.

This material decrease in rates, voluntarily made by the Oil Cities Electric company, was announced to Mayor Gholsen and Commissioner Teal yesterday afternoon following a conference here between J. E. Lewis of Eastland, vice president of the Oil Cities Electric company, and Gifford Clegg, Ranger manager of the company, at which time the matter was gone into from the standpoint of the company and the consumers and the reduced scale worked out.

See Business Increase. While the reduction is in the nature of an experiment by the company to determine whether it can operate under such rates, it is felt that the increased use of lighting current will justify its permanence. The new rates as stated become effective on the July billing, or about June 22 when the meters are read.

"The Oil Cities Electric company cannot do business on a less margin of profit than it is now receiving," it is declared in a statement to the public. "It is a mooted question as to whether or not there can be such increase in the use of electric power for light and other purposes as would offset reasonably the loss incident to a reduced rate. Some people in authority contend that the use of electric power can be popularized by a cheaper rate to such an extent that the increase in the quantity used will offset the loss by a lower rate."

Wants More Customers. "The Oil Cities Electric company is disposed to meet any reasonable proposition half way for the purpose of giving its patrons the best service possible at such cost as will justify the necessary expense of its operation and meet its fixed charges. To that end, the company has decided to try for a period the experiment of a lower rate to its lighting customers, to determine whether or not there will be such increase in patronage by the lower rate as contended by many of its friends and patrons. The company hopes sincerely that this will be the result as it would much prefer a larger patronage and a lower rate than a smaller patronage and a necessarily higher rate.

"The old rate of the company was 20 cents for the first 100 kilowatt hours; 15 cents for the second 100 kilowatt hours and 10 cents for all over that amount of current used.

"The new rate announced is 15 cents for the first 200 kilowatt hours; 13 cents for the next 100 kilowatt hours; 10 cents for the next 500 kilowatt hours and 8 cents for all over that amount of current."

Clip this ballot, vote as you wish, sign and mail or bring it to the Times office. All ballots must be signed, but the signatures will not be published. The result will be announced.

BANDIT HANGED IN 1877 IS STILL ALIVE, HE WRITES

TACOMA, Wash., June 6.—Forty-five years ago a posse in Missouri captured a desperate bandit, upon whose head a price was set. The bandit was duly hanged to a cottonwood tree near Joplin, Mo., on July 12, 1877. The posse dispersed and a woman whom the bandit had befriended cut him down and he recovered from the ordeal. This is the story told by an aged resident of Tacoma, who has written to a newspaper here to learn if he can still be tried for robberies in which men were killed.

COURT RULING GIVES MINERS \$1,000,000 POT

WASHINGTON, June 6.—The supreme court decision yesterday in the Coronado case, releasing \$750,000 to the United Mine Workers, may hasten the end of the strike, miners' officials said today. The decision released for use of the miners' union funds which have been tied up in escrow for years in connection with the Coronado coal company's damage suit. The supreme court ruled in favor of the miners' union. Release of this sum and the virtual certainty that as a result of the decision the mine workers will recover another \$350,000 tied up in an identical suit brought by the Pennsylvania mine companies, now pending in circuit court of appeals at St. Louis, so strengthens the miners that coal operators may be willing to meet them in conference to settle the strike at once, according to opinion at union headquarters.

BONUS BILL TO BE PUT BEFORE SENATE THURSDAY

WASHINGTON, June 6.—The formal presentation of the soldiers' bonus bill to the senate on Thursday is planned by Chairman McCumber, chairman of the senate finance committee. The presentation will be accompanied by the usual report. Chairman McCumber expects to make a brief speech on the bill. But little pressure for the early consideration of the bill is apparent. Some Republican senators do not believe that it should be taken up until after the tariff bill has been disposed of. The tariff bill will have to be sidetracked for the time being, it is stated, to make room for important appropriation measures.

KINNEY LOSES FIGHT TO HOLD WEALTHY BRIDE

MUSKOGEE, Okla., June 6.—Facing extradition papers signed by the governors of two states, Ludie E. Kinney of Ardmore lost at least temporarily his fight to keep his beautiful and wealthy bride, Opal Rexroat Kinney by his side. Following Kinney's arrest here today on a warrant issued in Kansas where he is charged with child desertion, the defendant was lodged in jail and denied bond, pending hearing Wednesday of an application for his release on a writ of habeas corpus. The warrant was issued on requisition papers issued by Governor Henry J. Allen of Kansas and honored by Governor J. B. A. Robertson of Oklahoma. Kinney and his wife were returned to Oklahoma from Houston, Texas, recently by U. T. Rexroat, father of the girl, who objected to the marriage because he said the alliance was a plot to gain control of her fortune. He also charged that Kinney was married at the time the ceremony uniting him with Miss Rexroat was performed. The couple came here last week in anticipation of a hearing of suits involving Miss Kinney's estate. The charge was filed against Kinney in Morris county, Kansas, and is said to be the outgrowth of a former marriage.

KANSAS CITY PLANS DOG VACCINATION

KANSAS CITY, Mo., June 6.—Every dog in Kansas City will have to show a vaccination for rabies scar or be locked up in the city pound, if the suggestion of Dr. E. H. Bullock, city health director, is adopted. The cost of the immunity process would be from 50 cents to \$1 per canine pet. Already boy lovers of dogs are lining up forces to fight against the proposition. Dr. Bullock says the scheme is necessary for the health of the city during the summer months.

GROVER ASSERTS HE WAS LASHED IN SCHOOL ROW

TULSA, June 6.—J. S. Lawhorn, grocer of Jenks, near here, appeared in the office of County Attorney Seaver Monday afternoon and complained against a band of unmasked men who, he declared, seized him as he was leaving church last night and took him to the country, where he was lashed 45 times over a school controversy which had been taken to court. Lawhorn and others instituted action to prevent payment of school teachers and payment of other debts following a dispute over funds. Lawhorn said he was lashed 15 times when he refused to withdraw the suit, 15 more lashes were applied when he held out against withdrawal and an additional fifteen laid on when he finally consented to withdraw the action.

FIVE CALIFORNIANS DIE IN POWDER BLAST

OAKLAND, Cal., June 6.—Five men were instantly killed and two, including H. A. Bornstein, superintendent of the plant, seriously injured in a series of three connected explosions today at the plant of the Trojan Powder Company at San Lorenzo, seven miles south of here.

DOG HILL PARAGRAPHS

By GEORGE BINGHAM

Clab Harcock says the postmaster is going to lose a lot of his most constant loafers if he does not bottom some of the chairs, as Sim Flinders got hung in one of them this morning. The unexpected cool spell this week caused a lot of unfavorable comment among our citizens, and grave fears were entertained. However, Tohe Moseley, after an investigation, found that the flys crop is safe. Sam Barlow, our enterprising banjo player, hereafter is not going to play when anybody asks him, as it says they will appreciate his music a lot more when he doesn't play.

SENATOR'S DAUGHTER PLAYED MARRIAGE JOKE.

Miss Elizabeth Dana Wells, daughter of State Senator Wellington Wells, of Massachusetts, took out a marriage license and announced her engagement to William F. Fitzgerald Jr., son of a prominent Boston broker. She did this at an engagement party to win a bet from a friend to whom he had jokingly said she was to be married. Miss Wells had no serious thought of marriage and young Fitzgerald, a college student, didn't even know anything about the affair.

Pope Ignores Precedents of Centuries, Has Woman As His Servant In Vatican

ROME, June 6.—Pope Pius has disregarded the conventions of centuries by installing his old servant, Signora Linda, within the precincts of his apartment, appointing her his housekeeper and wardrobe maid, says the Giornale d'Italia. Signora Linda, who has been with the Ratti family for forty years, watched at the deathbed of the mother of Pius while he was absent in Poland and after the death of her mistress retired to a convent in Milan. Upon his appointment as cardinal, Pius quickly called her to govern his household, and after only seven months as cardinal he was elected pope. Upon his elevation, Signora Linda prepared to return to the convent, but she was summoned to Rome and installed by the pope in charge of his wardrobe, to which she adds many other duties, ordering the frugal meals for the pope and his secretaries, overseeing the household and insisting upon economy and order. Since this was the first time a woman had been admitted to such a position, some of the conservatives in the vatican made remonstrances. They were received by the pope, who gave his customary tranquil decision, saying: "It is our will." He added that the papal life of sacrifice, labor and responsibility made more than ever necessary the comfort of old habits and accustomed service.

HUB DIGGS BUYS STOCK IN DALTON OIL COMPANY

FORT WORTH, June 6.—Hub Diggs has purchased \$26,000 of the capital stock of the Dalton Oil & Gas company, it was announced Monday. Of this amount \$6,000 of the stock already has been transferred to Diggs and the remainder will be transferred within a short time. The stock was bought from Mark Dalton, who controlled the majority of 50 per cent of the stock of the company.

THREE MEN KILLED IN FIGHT AT DANCE

BROWNSVILLE, June 6.—Three men are dead at Los Indios, Cameron county, following an attempt by Deputy Sheriff George Carpenter to disarm Martine George at a Mexican dance Sunday. The officer asked George to surrender his pistol and the latter, stepping forward as if to comply, shot Carpenter in the abdomen. Carpenter drew his gun and each man holding the other by the shoulder, emptied their pistols into the other's body. Both were dead when the smoke cleared away. Andres Perez, believed to have tried to assist Carpenter in preserving peace at the dance, was later found dead 100 yards from the scene with a bullet through the throat and two empty shells in his pistol. It is not known who fired the shot that killed him.

ATTENTION INTERMEDIATE LEAGUE MEMBERS.

The party which was to have been given tonight by the Intermediate league of the Methodist church has been postponed. Date will be announced later.

TEN YEARS OLD.

Dorothy Nicholson was the honoree of a very attractive birthday party given yesterday afternoon by her mother, at the family home on McCleskey avenue, in honor of her tenth birthday. Games dear to the hearts of 10-year-olds were played, while favors of tiny fans added a further pleasure to the afternoon's entertainment. There was a lovely birthday cake with its ten tiny tapers, marking the number of years that Dorothy has attained. Refreshments of ice cream and cake were served to some twelve of her little friends.

FORMER RESIDENT OF RANGER DIES IN FORT WORTH.

Word has been received in the city of the death of Mrs. Wilson Campbell, which occurred in a Fort Worth sanitarium Monday morning. The body was taken to Weatherford for burial. Mrs. Campbell is survived by her husband and one child. Mr. and Mrs. Campbell lived in Ranger during 1919-1920, at which time Mr. Campbell was connected with the Ranger Hardware company.

PURELY PERSONAL.

Artie D. McFatter, son of Judge and Mr. McFatter, returned Sunday from Galveston, where he graduated in the pharmacy department of the State medical school.

Mrs. Walter Murray and little daughters, Mavis and Doris, are visiting in Fort Worth.

Mrs. R. B. Waggoner was a weekend visitor to Fort Worth.

Miss Mary McRae has returned from Dallas, where she attended school.

Mr. and Mrs. J. C. Blair and family of Breckenridge spent Saturday and Sunday with L. A. Page and family.

SWEDISH METHOD STOPS SPREAD OF JUVENILE CRIME

By Associated Press.

STOCKHOLM, June 6.—Sweden has eliminated one of the worst curses which the world war brought to neutrals and belligerents alike, the alarming increase in juvenile delinquency.

Not a country in Europe escaped the epidemic which continued to infect the youth after armed hostilities had ceased. Sweden took immediate steps to check the spread of youthful criminality which threatened to undermine the country's social structure. Fortunately, the country was prepared, having many years before the war established institutions for the training of children that showed criminal tendencies.

Dr. David Lund, head of the social department of the Swedish prison board and recognized as one of the foremost European authorities on criminality among the youth, has now announced that the country has returned to normal in respect to juvenile crime.

Dr. Lund attributed Sweden's success in combating this evil to the excellent care taken of affected youngsters in special educational institutions whose inmates are given an exceptional opportunity of leading natural, healthy and active lives under the most wholesome influences and where they are given an opportunity to acquire not only some book learning but to master the fundamentals of useful occupations. Of these schools that of Hall, located near Stockholm, is the best known and probably the most successful. Here farming, gardening, stock raising and various handicrafts are taught and here large numbers of youngsters, seemingly predestined to criminal careers and prison life, have been redeemed with such success that during the last nineteen years only 10 per cent of the youth discharged from the institution have later been arrested and convicted of offenses against the law. Hall originally was privately endowed. It takes boys between the ages of 10 and 15.

The report of Sweden's reformatory system shows that 75 per cent of the youths discharged therefrom have proved to be entirely cured of their criminal tendencies, having turned into law-abiding citizens of regular habits.

But Dr. Lund states that this percentage can be increased.

He declares that he has found that only 3 per cent of the morally defective youth coming under his observation is irredeemable.

WOMEN TRADE UNIONISTS WILL MEET IN CHICAGO

The other officers are: Miss Rosa Schneiderman, of New York, of the Cloth and Capmakers' union; Miss Elizabeth Christman, of Chicago, of the Govemakers' union, secretary-treasurer; Mrs. Hilda S. Boyle, of Schenectady, N. Y., of the Bookkeepers, Stenographers and Accountants' union; Miss Jo Coffin, of New York, of the Typographical union; Mrs. Sarah Green, of Kansas City of the Waitresses' union; Miss Agnes Nestor, of Chicago, of the Govemakers' union; Miss Pauline Newman, of the Philadelphia Women's Trade Union league; Miss Julia O'Connor, of Boston, of the Telephone Operators' union, and Miss Emma Stephaeger, of Chicago, of the Boot and Shoe Workers' union.

Go-Cart Garage Being Erected by Jersey Landlord

JERSEY CITY, N. J., June 6.—A new candidate for the rarely contested title of world's champion landlord has been brought forth by Jersey City in John Swanson. Here is his record: Bought modern six-story apartment house and rented three and four room apartments for not more than \$35 a month.

Refuses to rent to anyone without children.

Guarantees for the first boy born in the house a yearly gift of \$100 until the child reaches 21.

Guarantees and has already paid to Emma Myrtle Doyle, the first \$50 of a yearly gift of that amount until she is 21, for being the first girl born in the house.

Bought a four-story house in the rear to erect a two-story "perambulator garage" to park the carriages used by more than 100 babies in his apartments.

Installed a "superintendent" in the garage to see that the baby gets its proper car.

Swanson is a shipbuilder, born of Swedish parents in Ireland. He is 60 and has a wife and five children.

Awakens to Find Rattler on Bed, Shoots Reptile and His Own Toe

PORTERVILLE, Cal., June 6.—To his bed, apparently preparing to make awoken from a night of peaceful slumber to find a rattlesnake, sport-rowing experience of R. E. Woods, ing nine rattles, coiled at the foot of Woods fortunately had a revolver be-

neath his pillow and shot the rattler. Unfortunately, however, Woods' foot was in the line of fire and the bullet that ended the snake's life clipped off the nail of his big toe. He was brought to a local hospital for treatment. He brought the rattler along to back up his story.

HERO'S FARM IS SAVED.

CHATTANOOGA, Tenn., June 6.—Sergeant Alvin York finally feels safe, the deed to his 400-acre river-bottom farm in Fentress county having been presented to him, with the title clear, by J. T. Whealea of Jamestown, one of the trustees of the fund started by the Nashville Rotary club, with which the farm was purchased. The first campaign for the fund left the title to the farm clouded with a mortgage.

A second campaign was inaugurated by the Rotarians and the mortgage was paid.

His Name's on a Monument as Dead Hero, But He's Just Departed on Honeymoon

NEW YORK, June 6.—If Anthony Pentola hadn't been on his honeymoon, he would have attended the ceremony held by an American Legion post in Brooklyn upon the unveiling of a monument to soldiers who died in the World war. For Anthony's name was conspicuous among those cut on the face of the marble memorial.

Two weeks ago, just before his marriage, Anthony attended an unveiling in Prospect park. His name appeared third from the top. He tried to convince the speakers on that occasion that he was Anthony Pentola, but they wouldn't believe him and he

heard how bravely he had died in France.

A member of Company C, 160th infantry, Twenty-seventh division, A. E. F., Pentola was wounded at Cambrai. He was carried with other men to an ambulance. A shell burst, the ambulance was wrecked. An identification tag bearing Anthony's name was found beside a less fortunate comrade.

"And that," said Anthony, "is how it came about."

LONG KNOCKS AND BUNTS WIN FINAL, 8 TO 4

Lefty Lybrand Stops Broncs Except in Two Innings; on Road 10 Days.

The Nitro tendency for long knocks vented itself on "Old Folks" Trammel—evidently a relative or fellow townsman of Jack Gullahorn—yesterday afternoon, and by lusty swats coupled with Bronco errors, and inside work, the home series was brought to a close by an 8 to 4 victory over San Angelo.

Lefty Lybrand, here from the San Antonio club, stepped out on the mound for the Nitros yesterday. He yielded nine swats to the Broncs, but conducted himself with a sangfroid that stamped him as a paid-up member of the pitchers' union.

The first assault was in the third round, when he yielded three hits and dished out a walk that netted the Broncs a brace of runs.

Downs had two chances to prevent the seventh inning rally which gave a momentarily scare, but couldn't quite pull the rattling good stop that would have been necessary.

The Nitros flivvered in the second, when Dockery led off with a three-base rap to the clubhouse, but after the Broncs had scored two, in the third tied the count on a walk to White and Downs' long fly to center, which went for a homer on a close play to the plate.

In the sixth, the Nitros took a decided lead by adding two more markers, with Trammell paving the way by a wild throw. Dockery had led off with a Texas leaguer to center and Craig bunted.

The game was called with one out in the ninth, in order that the two teams might catch the Sunshine for the long jumps to Lubbock and Amarillo.

Table with columns: The score: San Angelo, AB, R, H, PO, A, E. Rows for Butler, Scoggins, McBride, Robinson, Greer, Alexander, Dean, Lebew, Trammell.

Table with columns: Ranger, AB, R, H, PO, A, E. Rows for White, Downs, Hoffman, Pyle, Dockery, Guber, Clayton, Lybrand.

Score by innings: San Angelo 002 000 20-4. Ranger 022 202 02-8.

Summary—Two-base hits, McBride, Lybrand 2; three-base hits, Dockery, Guber; home run, Downs; sacrifice hits, Scoggins, Downs, Clayton 2; struck out, by Lybrand 9, by Trammell 6; bases on balls, off Lybrand 3, off Trammell 2; wild pitch, Trammell; passed ball, Alexander. Time of game, 2 hours. Umpire, Jones.
