

Partly cloudy tonight; Friday fair; little change in temperature.

Local Organization Maps Howard County USO Drive

80 Workers Will Solicit \$1,470 Quota

Money Will Benefit Men Serving Units in Military Units

Enthusiastically predicting a ready response from people of Howard county, workers Wednesday evening mapped plans to carry the appeal for support of United Service Organizations to the public here in an all-out one-day drive next week.

The date will be Wednesday, July 2; the hour 9 a. m. Approximately four score workers have been designated for participation in the drive to raise Howard county's quota of \$1,470—based on the rate of seven cents per capita.

United Service Organizations is a joint effort to raise funds for national spiritual, civic and service organizations for use in providing for needs of young men in military contingents.

Similar drives are underway over the nation and in many areas the response has been instantaneous with over-subscription of the quota. The national objective is more than \$14,000,000.

The U. S. military is cooperating by furnishing buildings for the USO work, but it is up to USO to provide the program of property utilizing the leisure time of the soldier or sailor.

G. C. Dunham, mayor, who is general chairman of the drive here, is to be in charge of a speakers committee, which in turn will see that the program is properly explained. On the publicity committee were R. W. Whipple, Joe Hayden, E. L. K. Rice and Jack Wallace.

Solicitation will be directed by Ted Groehl and J. L. LeBlou, and indications are that teams will be plentiful to insure quick victory to the drive. Mrs. Harry Hurst's committee was given the responsibility of informing workers of an important, final planning meeting Monday at 7 p. m. in the chamber of commerce offices.

NYA Open House Set For Tonight

Public inspection of the quarters and facilities of the National Youth Administration resident center here will be in order from 6 p. m. to 8 p. m. today when open house is observed at the unit on the south highway.

The affair is part of a national effort commemorating the issuance of the executive order six years ago which resulted in establishment of the NYA.

E. V. Spence, city manager, is to review NYA work in Big Spring and Rod Merritt, district representative, will discuss the general program. There may be other short addresses, said Joe B. Harrison, director. Music will be furnished by the high school band and B. C. and W. B. Locke, center ensembles, will give special instrumentalizations.

Assisting in the program will be Mrs. H. S. Paw, Mrs. R. L. Beale, Mrs. B. T. Cardwell, Mrs. Ira Thurman and Mrs. W. J. McAdams, who will be in the receiving line and who will assist in serving.

More Defense Housing Asked

WASHINGTON, June 26 (AP)—President Roosevelt proposed today that congress authorize spending of an additional \$300,000,000 on defense housing.

This would double the amount approved last October. In a special message to the legislators, Mr. Roosevelt suggested early consideration of his recommendation "in view of the urgency of this matter."

"Data have been presented to me," he said, "which indicate the possibility that the government should be prepared to undertake the construction of at least 125,000 additional defense homes between now and July 1, 1942."

"It is thought best, however, to limit the additional program to \$300,000,000 at this time, which will permit the construction of approximately 75,000 houses pending the most urgent present needs."

Of the original \$300,000,000 authorized for defense housing, the chief executive said appropriations had been made to its full extent and practically all the money allocated to projects.

Oil Authorities—H. B. Fell, left, and C. E. Buchner, high officials of the Independent Petroleum Association of America, will be honor guests at an oil men's meeting at 7:30 p. m. today in the Settles ballroom. Fell, executive vice-president of the IFA, has just returned from Washington where he made a close study of the industry's problems, particularly those concerning national defense. Sam Goldman, who has been in charge of local arrangements, estimated that around 75 oilmen from this area and many businessmen would hear the two speak.

School Bond Vote Set Here Friday

Tax-paying voters of the Big Spring Independent School district will go to the polls Friday to make a decision on a \$12,000 bond proposal for extensions to the Kate Morrison Americanization and the negro schools.

Polls will be opened in the county courtroom at 8 a. m. under the direction of F. W. Bettle, election judge, and will close at 7 p. m.

Citizens with poll taxes and who have rendered real or personal property for school taxes or who have property listed on the school rolls are eligible to vote in the election if they reside within the district confines.

Called at the request of 48 persons who signed a petition, the election is to determine if addition of three rooms to the Kate Morrison and one to the negro school building can be financed.

School officials said that currently there was an enrollment of 324 pupils in the Kate Morrison (Mexican ward) school; that nine teachers had to work in shifts from 7 a. m. to 6 p. m. in order to accommodate all the students. The negro school has 87 enrolled for nine grades in a two-room plank building.

If floated, the bonds would provide for three more rooms of similar construction at Kate Morrison and another frame room at the negro school.

Following the vote, the board of trustees will canvass returns. If the bonds are favored, this certification will be delivered to Austin Monday so that the state board of education, which holds options on any such bonds, will be able to study them at the current meeting.

PLANE REPAIRMEN SCARCE—Austin, June 26 (AP)—Scarcity of experienced men for aircraft overhauling at the Corpus Christi naval air station has led to establishment of a vocational training school at the base, James R. D. Eddy, state director of national defense training said today.

Doyle Turner and orchestra; Harlene Terrell, vocalist; Betty Farrar, vocalist; Helen Duley, vocal trio; Bernice Fallon and C. E. Lawdennick, instrumentalists; Helen Blount, vocalist; Donnie Jane and Reba Jean Roberts, steel guitar; Douglas Perry, vocalist; Arnold Marshall, vocalist.

Swedes Permit Nazi Passage—Sweden announced today that it had agreed to permit passage of a German force of not more than one division across its borders from Norway to Finland (1). The latter country was pounded by soviet bombs. German reports indicated that three giant tank thrusts are stabbing into Russian territory—out of East Prussia into the Baltic states (2); from Poland into the Red center (3); and out of Rumania into Bessarabia (4).

Machinists End 47-Day Strike In Shipyards

AFL Unit Goes Back To Work; CIO Hesitates

By The Associated Press—AFL machinists announced today the end of their 47-day strike at 11 San Francisco bay shipyards.

Important defense orders aggregating \$500,000,000 have been delayed by the walkout of 1,200 AFL machinists and of 600 affiliated with the CIO.

At a meeting in San Francisco last night, the AFL men voted to return to work Monday, negotiating their contracts later. Meanwhile, they were assured of protection under terms of a master contract negotiated by the AFL metal trades council with all 39 major Pacific coast shipyards. The striking machinists, after their walk-out, had withdrawn from the trades council, but they received assurance from the Office of Production Management in Washington of protection under terms of the master contract.

Meanwhile the CIO strikers prepared to meet tonight to reconsider their position. James Smith, business agent for the CIO local, sat in on the AFL meeting and said he would have a definite recommendation to make to the members of his union. Recently, Smith has opposed back-to-work plans.

Wages were one of the big issues in the strike. The machinists, who had been getting \$1 an hour and double time for overtime, struck for \$1.15 and continuation of the double overtime. The master contract provides for 1.15 and time and one-half for extra hours.

Clear across the continent, a strike threat hung over New York city's municipally operated subway system, which carries more than 1,800,000,000 passengers annually.

With union contracts expiring June 30, Michael J. Quill, international president of the CIO Transport Workers union, declared last night that union members would not work "one hour of the month of July without a signed contract." The TWU wants a \$1 a day blanket wage increase and a decrease in hours for 33,000 workers.

Efforts to avert a strike at the Sperry Gyroscope Company, Inc., in Brooklyn went forward today when the management and an independent union, the Brotherhood of Scientific Instrument Workers of America, scheduled another conference. If an agreement is not reached, a union spokesman declared, a strike involving some 6,000 employees will be called for July 1.

The union's demand includes a blanket 20 per cent increase in wages, which the union said now ranged from 45 cents to \$1.30 an hour. The company has \$3,000,000 in defense orders for bombights, automatic airplane pilots and other such instruments of war.

In Chicago three afternoon newspapers, the Daily Times, the Daily News and the Herald-American, encountered labor difficulties in their composing rooms. The work stoppage began yesterday.

Nazis Claim Raider Sunk 152,000 Tons

BERLIN, June 26 (AP)—The German high command acknowledged today the loss of one of its surface raiders in an Indian ocean battle with a British cruiser, but announced the return of the pocket battleship Admiral Scheer from a raiding cruise in the Atlantic which netted 152,000 tons of shipping.

The daily communique said that the auxiliary cruiser Pinguin, "which had been active in foreign waters against enemy merchant shipping, was lost in the Indian ocean in a fight against the much superior heavy British cruiser Cornwall."

"The commander and the majority of the crew were killed after a heroic fight," the communique continued. "Some of the crew were captured by the enemy."

(Lloyd's Register lists a German steamer Pinguin of 985 tons, built in 1907, home port Bremen. The Cornwall is a 10,000-ton cruiser carrying eight 8-inch guns.)

The communique said the 10,000-ton Admiral Scheer commanded by Captain Krancke, "arrived at a German base after a long successful cruise in the north and south Atlantic." It credited her with the sinking of 85,000 of her total of 152,000 tons in the destruction of a single convoy.

Nazi Drive Stalls?

Japan Likely To Join War Against Reds

Italian Says All Of Sakhalin May Be Occupied

ROME, June 26 (AP)—Admiral Gino Ducaud of the Italian navy said today that Japan might join in the axis war on Russia, occupying all of Sakhalin Island and the soviet base at Petropavlovsk on Kamchatka to prevent the United States from occupying Siberian bases in a war against Japan, Germany and Italy.

United States commercial aid to Russia "may force" Japan to "re-examine her defensive problem toward the west and north," Admiral Ducaud wrote in Il Giornale d'Italia, the newspaper of the authoritative editor Virginia Gayda.

"Complete occupation of Sakhalin and the Port of Petropavlovsk on Kamchatka would complete Japanese security toward the north against possible war initiatives of the United States," the admiral said.

(Russia owns the northern half of Sakhalin Island, Japan the southern half. The island lies north of Japan off the Siberian coast.)

TOKYO, Friday, June 27 (AP)—Since United States aid to Soviet Russia will be directed against the axis, Japan cannot "take it lightly," the influential Tokyo newspaper Asahi said today.

Such help, however, will be "largely abstract" because of geographical and other factors, Asahi said, adding:

"Britain, Russia and the United States now have a common enemy, so cooperation may be expected."

The Japanese cabinet continued a series of extraordinary meetings yesterday to study the international situation as it relates to Japan—particularly with reference to the German-Russian conflict.

WASHINGTON, June 26 (AP)—Leon Henderson, price administrator, announced today that both wholesale and retail prices of automobile tires and tubes would be frozen at the levels prevailing June 15.

Henderson said that conferences with the tire industry would be held within the next few days to smooth out certain details of the proposed schedule, which is expected to be ordered next week.

An advance announcement of the pending move was decided upon, Henderson said, to advise the trade as to what to expect and to avert any price changes before the schedule is issued.

American Flags In Britain Sell Out

LONDON, June 26 (AP)—There has been such a heavy demand for American flags since passage of the lend-lease bill that the newest United States embassy can't get one.

Anthony J. Drexel Biddle, Jr., ambassador to Poland and Belgium is also short of chairs, carpets and a plaque for his door.

ART MEET SET—HOUSTON, June 26 (AP)—Robert W. Tully, president of the Associated Art Instructors of Texas, said today that Denton had been selected by poll of the board of directors as the site for the 1942 spring art festival of the association.

Maiden Flight Of Big Bomber Again Delayed—The maiden flight of the army's huge bomber, the B-29, was postponed again June 25 when engineers discovered the landing gear was not working properly. The \$2,200,000 craft is shown above after undergoing preliminary tests on the runway at Clover Field, Santa Monica, Cal., before a previous delay in the test flight.

Russians Assert Germans Trapped

With Germany herself silent on details of the Russian campaign, reports from other quarters, including the Russian, indicated late today that the offensive had been stalled on large sections of the 1100-mile active line on the fifth day of the epic clash.

The Red army was reported in Russian military dispatches today to be enveloping the thrusts of Germany's mechanized armies and if ultimately successful the tactic will be the first checkmate ever found for the panzer infiltration.

By the Russian account, masses of Red troops, thrown into the breach after passage of German tanks in their drive toward Vilna, Lithuania, reformed the front, leaving the tanks to be disposed of in rearguard action.

The French tried it a little more than a year ago and it didn't work.

Russian forces were reported holding tight in the Vilna sector and elsewhere along the 1,000-mile active battle front. Russian dispatches said that Przemysl, on the border of German-occupied Poland, had been recaptured in a Russian counter-attack.

The announcement of Russian successes coincided with broadcast of an official Russian statement charging Finland with flagrant violation of Germany's dictate of her treaty with the U. S. S. R. and threatened blows by land and sea to end the "provocations."

Instead of issuing the detailed account of German "successes baffling the imagination" that had been forecast for its communique on the Russian campaign, Adolf Hitler's headquarters today continued only generalized claims of success.

As such it was a let-down from the prediction made by military commentators in Berlin yesterday.

Whether it meant that Germany had encountered resistance far greater than she counted on before she invaded Russia last Sunday—as the Russians said she had—or that the high command simply did not choose yet to name places and give distances was not known.

The language of the communique was restrained. In this it might be compared with communique in the early stages of other German campaigns which showed sweeping success from the start. It said:

"In the east, operations on land and in the air continued on schedule yesterday. After decisions fell in our favor in numerous border battles successes in operations of great dimensions are beginning to show themselves."

"Whether she needs it or not, Germany will get active help from Italy against the red army, it was announced in Rome.

Senate Votes To Override Tax Bill Veto

AUSTIN, June 26 (AP)—The senate today voted by narrow margin to override the veto by Governor W. Lee O'Daniel of a bill remitting to counties certain ad valorem taxes.

The vote was 18 to 7, two-thirds majority being necessary.

The bill would remit for five years one-half of state ad valorem taxes which go to the general fund. The revenue totals about \$4,500,000 annually.

Counties might spend the money for a variety of purposes.

In his veto message, Governor O'Daniel said he believed it unconstitutional to remit state revenue to the counties.

If the counties needed additional money, he said, their taxing powers should be increased. If additional ad valorem taxes were not desired, the constitutional authority to levy such taxes should be curtailed, he asserted.

A similar bill which passed the legislature two years ago was held unconstitutional by the supreme court. Attorney General Gerald C. Mann in an opinion declared the new one also unconstitutional.

The senate acted without debate.

Timely Art Piece: Napoleon At Moscow

LONDON, June 26 (AP)—An art advertiser with an eye to timing put this notice in the Times today: "Napoleon and officers watching Moscow burning. Turner. For sale."

Britain To Ask Pledge Of Russia

Red Promise Against Separate Peace May Be Sought By Allies

LONDON, June 25 (AP)—Reports circulated in London tonight that Soviet Russia would be asked to subscribe to an inter-allied agreement against concluding a separate peace with Germany before the end of the war.

Informed sources, however, asserted that a formal British-soviet alliance probably would be a necessary prerequisite and declared there was no indication that any treaty of alliance was being considered at the moment.

"No one knows whether there eventually will be one," they added. They conceded, however, that both Britain and the United States probably would welcome Russian assurance against a separate peace as a condition for sending materiel aid which the Russians capitulated.

Spending her efforts to aid Russia, Great Britain was reported today to have started a military, naval and air mission on its way to Moscow from the Middle East.

Negotiations, meanwhile, were said to be going on in London to free 300,000 Polish soldiers who are prisoners in Soviet Russia to fight against the Germans.

The foreign office was giving "urgent consideration" to Britain's position regarding Finland in view of the Helsinki government's policy of defense against Russia and also was studying the question of Swedish neutrality as possibly affected by Stockholm's permission for German troops to cross its northern territory.

Soviet chances of holding the German invaders away from Leningrad were viewed here with some optimism providing the Red army withdraws to the fortified positions on the Drina river on which the imperial army held in the last war.

The Drina runs through Vitebsk and Polotsk into Latvia.

Leningrad Is German Target

BERLIN, June 26 (AP)—Germany's powerful Luftwaffe has directed heavy attacks during the last two days against Leningrad, second city of Soviet Russia and center of her war industry, DNE, official German news agency, said tonight.

(Earlier reports from Helsinki and Stockholm said German bombers had set huge fires in Leningrad.)

DNE indicated the military importance of the city as stating that it contains many metal factories, docks, aircraft, munitions and machine-tool plants.

The sky was overcast and mist shrouded the French coast but prolonged explosions could be heard in the distance and later the planes could be seen winging home.

Yesterday's great raid culminated in another smashing air attack on western Germany. The short summer nights were said to be forcing the RAF to concentrate on western Germany but when the nights lengthen they expect to reach out to the virtually untouched eastern sector.

Bremen and Kiel were the main objectives last night. The night raids on Germany were the 15th in as many nights, and the British Broadcasting corporation declared that the RAF was just hitting its stride.

"The most gigantic air offensive known in the world's history" is only beginning, the broadcasting corporation declared.

WEST TEXAS—Widely scattered thunderstorms this afternoon and evening; clearing tonight, Friday fair. Saturday considerable cloudiness in southeast portion. Little change in temperature.

EAST TEXAS: Considerable cloudiness tonight and Friday, with showers and scattered thunderstorms in west and south portions. Gentle to fresh mostly southeast winds on the coast.

LOCAL WEATHER DATA—Highest temperature Wednesday, 83.6; lowest temperature today, 68. Sunset today, 7:55 p. m.; sunrise tomorrow, 5:45 a. m.

### Double Heart All-Kid Rodeo Action Packed

SWEETWATER, June 25 — A program packed with varied ac-

tivities is in store for the Double Heart ranch All-Kid Rodeo scheduled near here for July 3-4. Unique in its limitations, the rodeo provides for contestants 18 years and under. Cowgirls, either representing their town or ranch, must come within this age classification and will compete for valuable prizes the first day. Sweetwater is planning a street

parade for 10 a. m. on July 3. Performers start at 3 p. m. and 8:30 p. m. at the Double Heart ranch, 10 miles south of Sweetwater. The grounds, on the highest spot in Nolan county, are boasted as being among the coolest in the section. Little Wayne McGill, world's champion kid roper and rider, has been contracted and will be on

hand for the rodeo shows with his educated horse, "Rookus." Michigan Protects Forests LANSING, Mich.—The state conservation department reports that few forest fires are expected along Michigan's 8,000 miles of railroad track this summer because of an anticipated rainy season and improved spark arresters used on locomotives.

### Boy Scouts Will Hold Water Meet

LAMESA, June 25. (Spl.)—The southern district of the Boy Scouts South Plains council will stage a swimming meet here Wednesday night, July 21. Bevington Reed, newly appointed as one of the field executives for

the council, will supervise the event. It is considered certain the local pool will be ready for use, but in case it is not, the event will be held in the Big Spring pool. Joe Spikes, Lamesa scoutmaster, said. Twenty-seven signers of the Declaration of Independence—almost half — were college graduates.

Historic Garden Modeled NEW ORLEANS—A scale replica of New Orleans' first botanical garden, where the old French settlers learned what vegetables would grow in the New World soil, has been completed in the Vieux Carre. W. Edward Woolbright, Jr., a landscape artist, conceived the idea for the garden when he learn-

### Nazi Attack May Demobilize Japanese Army

WASHINGTON, June 26 (AP)—A prediction that Germany's attack on Russia would immobilize Japan at least temporarily and thus ease the tension in the Far East came today from Senator Tydings (D-Md) as congressional leaders gave further study to this country's position in relation to the latest Nazi campaign.

Tydings, who is chairman of the senate committee on territories and insular affairs, told reporters he considered it unlikely that Japan would move southward toward the East Indies or become an imminent threat to the Philippines so long as the success of the Nazi smash into Russia remained in doubt.

Beyond that, however, he said that if it became apparent that the Germans were about to score another conquest, Japan might join in dealing the death blow to Russia and thus free herself of a rear-door check on her expansion southward.

The Maryland senator said it therefore seemed to the advantage of the United States to bolster the Soviet effort against the Germans. He continued, however, that this ought to be accomplished indirectly by speeding up production for the British rather than by attempting

**MOUTH OF AUTHORITY**—In repose this gun, one of the smaller coast defense guns ringing Singapore, Britain's strategic Far East base at the lower tip of Malay peninsula, seems mild enough, but its voice could be stern—on occasion. Since world tension has increased England has greatly strengthened her defenses and manpower in Singapore.

### MANY NEVER SUSPECT CAUSE OF BACKACHES

**This Old Treatment Often Brings Happy Relief**

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about a pint a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness, redness of the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

### The War Today—Hitler Returns To Teachings Of Mein Kampf In New Course

(This daily feature, conducted by DeWitt MacKenzie, is being written in his absence on vacation by Fred Vanderschmidt.)

Required re-reading for this week in Moscow, Rome, Tokyo and elsewhere is chapter XVI, Mein Kampf, by Adolf Hitler. One wonders, too, if Hitler is not re-reading it himself in some humiliation.

### Stanton Elementary School Head Named

STANTON, June 26 (Sp)—Homer E. Barnes has been elected principal of the elementary school to succeed H. D. Halsey.

A graduate of Daniel Baker college, Barnes has taught school 14 years. For the past two years he has been head of the Crosscut school.

Mrs. F. L. Danzell has been elected music teacher, succeeding Mrs. R. G. DeBerry, resigned.

### Hitler Returns To Teachings Of Mein Kampf In New Course

not an ally but a state marked for the same destiny. . . . One does not conclude a treaty with someone whose sole interest is the destruction of his partner."

The book also, by constant repetition, drives home this thought: "Neither western nor eastern orientation should be the future goal of our foreign policy, but an eastern policy signifying the acquisition of the necessary soil for our German people."

Well, Hitler, having failed to knock out England, has gone back to the book and gone after the "necessary soil," and the danger for his foes on the west lies in the chance that he will be able to carve that soil out of the heart of the Russian richlands in six, or eight, or twelve weeks; encircle and destroy the Russian army and turn back again in the direction of England.

In this one military decision he has left his allies, Italy and Japan, dangling unhappily from the frayed threads of the tripartite pact, and he has done so with cynicism and contempt, for as he wrote in Mein Kampf: "An alliance which does not comprise a plan for war is senseless and worthless. One makes alliances only for fighting."

Hitler made the Italian alliance for fighting; Italy fought, but now Italy has expended her fighting strength, and is becoming what Hitler wanted to avoid: one of those allies "who suck like leeches on our own economy." (Again, Mein Kampf.)

As for Japan, she was given to believe that by signing the tripartite pact she would be able to complete her advance southward whenever the final assault on England took place. Then, she was told, Britain's eastern strength would be dispersed and weakened and the United States fleet would have gone on guard into the Atlantic. Japan's unexpected withdrawal from her heavy pressure on the Dutch East Indies is evidence that she suspected some days ago that Germany was about to reverse herself. Now the German assault on Russia leaves British and American defenses unimpaired in the Pacific and it postpones, indefinitely, Japan's original plan of expansion there.

### Gene Autry To Organize Big Rodeo Troupe

ARDMORE, Okla., June 26 (AP) Gene Autry, Oklahoma's singing cowboy who has been sitting on top of Hollywood's fan mail heap for quite a spell now, plans to seek new laurels with the "finest rodeo show in the world."

Autry announced he had virtually completed negotiations for the purchase of a 1,500-acre ranch 11 miles northeast of here to be used as headquarters for his show, which he expects to take on the road by next fall or spring.

Autry, who left today for Hollywood, added that he would spend between \$50,000 and \$75,000 building up the troupe, which would be quartered at the ranch.

Autry said he also hoped to develop eventually a dude ranch in connection with his rodeo headquarters.

He explained that he selected Oklahoma for the base largely because it was "centrally located and not too severe in the winter nor too hot in summer." He added that he also wanted to be back among his Oklahoma friends, many of whom knew him during the days when he was a telegraph operator.

On a hot summer night in 1925, when he was on the late shift at the Frisco railway's Chelsea station, Autry got his inspiration to tackle show business.

He was plunking his guitar and singing some cowboy ballads late on a summer night when a stranger stepped quietly through the door.

He listened intently until the song was finished, then said: "You're pretty good, boy, keep at it and try your hand on the stage some time."

The stranger left a telegram to be wired to New York and slipped out before Autry had read through the message. By the time he got to the signature, the stranger was "Will Rogers," the rancher had disappeared.

Gene probably still would be a telegraph operator if he hadn't received that encouragement from the late cowboy humorist.

### HD Agent Resigns

STANTON, June 26 (Sp)—Fannie Luckie, who has been county home demonstration agent of Martin county for the past several months, has resigned, effective July 1. The A. and M. extension service is sending another applicant for the job.

## Tie Score ON THE FIELD

**FRIDAY**  
LADIES GOLF ASSOCIATION will meet at 1 o'clock at the Country club for luncheon.  
WOODMEN CIRCLE will meet at 7:30 o'clock at the W.O.W. Hall.

**SUNDAY**  
BETA SIGMA PHI will meet at 6 o'clock at Mrs. Ben Le Fever's home for a barbecue and outdoor party.

### Whipkeys Hosts To Supper Club Party At Colorado City

COLORADO CITY, June 26 (Sp) — Mrs. Walter Whipkey hosts this week to the supper club of Colorado City. Following dinner at the Colorado hotel cafe, bridge was played at the Whipkey home.

Mr. and Mrs. J. W. Randle made high scores. Mr. and Mrs. Tom Camp of Dallas were guests. Other players were Mr. and Mrs. R. J. Wallace, Mr. and Mrs. Joe Mills, E. L. Latham, Mr. and Mrs. Lester Mamerings, and the Whipkeys.

### Stitch A Bit Club Has Sewing Session

Sewing was entertainment for the Stitch A Bit club when members met in the home of Mrs. Burtley Hull Wednesday. A patriotic theme was used in the refreshments.

Attending were Mrs. H. J. Ages, Mrs. Irvin Daniels and the hostess, Mrs. John Knox is to be next hostess.

### It's About Time...

**By DOLORES BOLAND**

It's about time to glamourize your headgear for a dinner date with your One-and-Only. Place fresh flowers under the upturned brim of a hat. Wire posies together and tack securely with a few large stitches.

(Esquire Features, Inc.)

### Diamond M Horse Show Set Sunday

Third annual invitational horse show of the Diamond M Ranch in Scurry county is set for Sunday of this week. One of the major events of its kind in West Texas—open to the public—the show is expected to draw at least 3,000 people.

C. T. McLaughlin, West Texas oil drilling contractor, owner of the ranch and exhibitor of gaited horses, annually plays host for the show. His ranch, a show place, has a special exhibit ring.

Some 60 horses are expected to compete in ten classes during the afternoon, the show being scheduled to start at 2 o'clock. Entries already have been received, McLaughlin said, from the Joe D. Hughes stables of Houston, Pickens Burton of Dallas, Rockwood and Beasley stables of Fort Worth, Frontier Stables of Colorado City, and from exhibitors of Lubbock, Plainview, Amarillo and Midland.

Cash awards will total \$400, and there will be ribbons to winners in all classes. The Diamond M horses will not compete.

Special music will be furnished by the Colorado City Cowboy band.

The mechanism of Big Ben, giant clock in the tower of the Houses of Parliament, includes a 15 1/2 foot pendulum, numerals two feet high, minute hands 16 feet long, and hour hands nine feet long.

### Miss Laneous Notes

By MARY WHEALEY

Nothing is as educational as a trip back to your alma mater after several years absence. And we guarantee that you'll come away feeling three years older than the Pyramids, so far as glamour goes, and definitely over dressed.

The class of '41 does not believe in dressing much.

A pair of silk hose and a hat are as outmoded as corsets that tied the wrists to 18 inches.

Pancake makeup is the thing and bows in the hair. But hair sets are out of date, too. Sweaters and skirts are still the college girls' uniform but the skirts hit above the knees and sweaters below the hips. It gives them a top heavy look that seems to be stuff!

Everybody knows the words to the Hut Hut song (although how they memorized them is a miracle). Maybe the students still use slang but that seems to be on the way out, too.

The boys are pretty vague as far as personality goes and get pushed around by the co-eds who out talk, out smoke and out drink their beaus. The wear and tear must be awful but it shows only slightly on them.

The girls seem to own the automobiles and have the money. The boys are only a necessity, like a pass, to get into dances, parties and such.

A trip back to your old school is entertaining but it makes you come away feeling as out-dated as the dodo bird.

**BENDING KNEES**—Warm was the greeting between Mrs. Eleanor Roosevelt and Crown Princess Juliana of the Netherlands whose knees may be bending because of the steps she mounted or because she made a "courtesy curtsy" to the First Lady.

**BENDING KNEES**—Warm was the greeting between Mrs. Eleanor Roosevelt and Crown Princess Juliana of the Netherlands whose knees may be bending because of the steps she mounted or because she made a "courtesy curtsy" to the First Lady.

### Mrs. R. B. Bliss Is Hostess To Ely See Bridge Club At Hotel

Luncheon at the Settles hotel followed by bridge games entertained the Ely See Club Wednesday. Mrs. R. B. Bliss was hostess.

Mrs. Bob Wagener won high score and Mrs. Lee Rogers second. Others playing were Mrs. George Oldham, a guest, Mrs. Tom Ashley, Mrs. J. B. Young, Mrs. R. L. Beale, Mrs. R. R. McEwen, Mrs. Elmo Wasson. Mrs. Rogers is to be next hostess.

### Leroy Le Fever Honored On Third Birthday With Party

Mrs. R. C. LeFevre honored her son, Leroy, with a party on his third birthday anniversary in her home Tuesday afternoon. Favors of balloons, dolls for the girls and toy cars for the boys were given. Refreshments were served. Present were Kenda McGibbons, Cecil Wilson, Butch McCrary, Jack and Dickey Pearce, Barbara Jean and Mary Ann Green, Jo Ann McKinney, Jerry Bruce, Eddie Mack Dyer, Linda Smith and Patrick Henley of Monahans.

### Mexican Goodwill Broadcasts Slated

MEXICO CITY, June 25. (AP) — Under-secretary of the Interior, Casas Aleman announced tonight the government planned to dedicate one of its weekly radio programs each month to Mexicans living in other American republics, particularly in the United States, in the belief it would not only strengthen their ties with the homeland, but promote continental understanding.

The program will feature an hour of typical Mexican music and will be short-waved Sunday nights to the entire hemisphere.

Casas Aleman said he would inaugurate the series next Sunday, greeting all Mexicans abroad in the name of President Avila Camacho.

All but eight signers of the Declaration of Independence were born on American soil.

BENDING KNEES—Warm was the greeting between Mrs. Eleanor Roosevelt and Crown Princess Juliana of the Netherlands whose knees may be bending because of the steps she mounted or because she made a "courtesy curtsy" to the First Lady.

### Summer Time Brings Plenty Of Heat But Vacationers, Too

With the good ole summer time comes plenty of heat and—visitors. While our friend Sol pours forth his rays of light, the buses, trains, and cars produce a regular stream of summer vacationers, both to and from Big Spring.

Mrs. Mary Kenney, mother of Pat Kenney of Big Spring, will return to her home in San Antonio Monday following a two week visit here.

Mrs. Phil Jenkins, Florence and Charles, returned last night from a trip to Dallas, Galveston, and Houston. Mrs. Jenkins' mother returned with them for a visit here.

Mrs. Jim Sparks, who was the former Jewel Smith of Big Spring, was through here yesterday on a trip to Weatherford to visit her parents.

Mrs. J. B. King had as her weekend guest, her cousin, Billie Leonard, of Biabee, Ariz.

Mrs. C. E. Johnson will leave next Wednesday for a visit with her brother, D. B. Frost of Weatherford, and her sister, Mrs. Cora Brannon, of Ft. Worth.

Mrs. C. E. Jones will leave tomorrow to visit relatives in Ft. Worth and Dallas. She will be gone a week.

Mrs. S. P. Jones is expected home Sunday from a trip to Dallas.

Mrs. L. O. Kaderli has as her guest of two weeks, Annie Steve Holster, her granddaughter from Dyer, Jerry Bruce, Eddie Mack Dyer, Linda Smith and Patrick Henley of Monahans.

Mrs. Jack Lightfoot left yesterday for a few days visit with her sister in Bowling Green, Ky.

Mr. and Mrs. Jimmy Laird and Jo Carol plan to leave soon for a twelve day vacation in San Antonio and Corpus Christi. They will return through the Big Bend country.

Mrs. Vance Lobkovsky and her mother, Mrs. H. F. Taylor, left today to visit her sister, Mrs. Billy Dykes of Morton.

Mr. and Mrs. Jim Zaack will leave Sunday for a ten day vacation in Los Angeles, Calif.

Betty and Martha Leysath will go to Ennis soon to spend a week with their grandmother, Mrs. A. B. Ross.

Mary Kay Lumpkins has been in Marlow, Okla., for two weeks visiting her grandmother, Mrs. Nora L. Shaw.

Mrs. Lorenia Hood of Albuquerque, N. M., is visiting her fa-

ther, C. L. Lumpkins, of Big Spring.

Mrs. O. B. Bryan spent Thursday in Valleyview, Martin county, where she reviewed the book, "American Family" by Faith Baldwin for the Home Demonstration club. The review was held in the home of Mrs. Wylie Clements.

Mrs. J. I. Prichard has had as guests C. Ed Prichard, Jr., of Midland and Wayne Lesler of Fort Worth. The guests returned to Midland Thursday. Ed Prichard is to go on to Fort Worth to visit another grandmother, Mrs. M. Lesler.

The Rev. H. W. Hattling spent Thursday at Buffalo Gap making arrangements for the young people's camp to be held there.

Mrs. L. M. Gary has as guests her son, Jack Gary of near San Francisco, Calif., and two grandsons, Billy Pat and Gary Lee Black, sons of Mr. and Mrs. Pat Black. They will be here three weeks.

Theo Andrews and his grandson, Eddie Daniels of Pecos, have returned from a visit in El Paso with Mrs. J. A. Casey.

Mr. and Mrs. J. D. Ramsey of German are visiting with Mr. and Mrs. H. M. Macomber for a few days.

Mrs. Dudley Mann is confined to her home with an attack of influenza.

Perry Horton, Tech student, has passed his examinations to qualify as a flying cadet and expects to receive his appointment around July 10th.

Mr. and Mrs. C. E. Manning had as a guest for two weeks their daughter, Mrs. W. W. McCrary.

Oklahoma City guests of Mrs. L. Z. Marchbanks were her brother and his wife, Mr. and Mrs. M. R. Spears.

Mrs. E. L. Indermuhle and son, Russell, and Mrs. George Bond and son and daughter, Carolyn Ann and George III, left yesterday for their home in El Paso after spending several days with Mrs. Dewey Martin in Big Spring.

Guests in the James Little home are Mrs. James A. Davis and son, Alan of Fort Worth. They arrived Tuesday and will return to their home on Saturday.

Ray Skalleky, son of Mr. and Mrs. J. F. Skalleky, has gone to Los Angeles, Calif., to visit his brother, James Skalleky, for two weeks. James is employed at the North American airplane factory.

### Germans Pleased At Swedish Act

BERLIN, June 26. (AP) — Sweden's decision to allow a German division to cross her territory on the way to Finland and Russia was regarded by Berlin today as a "significant and friendly act."

An authorized spokesman said the reich was pleased and there was now substantial evidence that "in sympathies, Sweden is on our side in the fight to prevent a westward surge of communism."

### British Forces In Syria Make Gains

CAIRO, Egypt, June 26. (AP) — British forces in Syria have made "substantial gains" west of Damascus in the face of increased resistance," the British command reported today.

Positions captured yesterday in the region of Mardjayoun, southern Syria, are being consolidated, the daily communique said, while land guns and guns of the British fleet off the coast are cooperating in supporting the British drive toward Beirut.

### Worried OF FALSE TEETH

Slipping or irritating Don't be embarrassed by loose false teeth slipping, dropping or wabbling when you eat, talk or laugh. Just sprinkle a little **PAS-TERTH** on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Get **PAS-TERTH** at any drug store.—ADV.

### Wednesday Bridge Club Entertained By Mrs. Ray Shaw

Mrs. G. C. Graves won high score for the Wednesday Bridge club when members met in the home of Mrs. Ray Shaw yesterday.

Mrs. C. M. Shaw won second high score and Mrs. M. C. Lawrence and Mrs. W. M. Gage bingood.

A salad course was served. Flowers decorated the rooms. Miss Lois Thompson and Mrs. Lionel Lee were guests.

Others playing were Mrs. George Hall and Mrs. Robert Anderson.

Mrs. C. M. Shaw is to be next hostess.

### Hazel Carmack Is Hostess To Group At Lawn Party

Hazel Carmack entertained a group of her friends with a party on the lawn of her home Wednesday night. Ping pong and ring games furnished recreation for the evening, and guests received apple suckers as favors.

Refreshments were served to Sonia and Ramona Weaver, Jane and Roslyn Beale, Martha Winter of Abilene, Mildred Boggs, Irene Duke, Joe Robert Roadie, Harry Jr. Wegg, Billy Bob, Wesley and Jerry Rogers, Maxverson and Billy Joe Kilpatrick, and Marilyn Carmack.

### Methodist Young People Hold Picnic At The City Park

The First Methodist Intermediate department members met at the church Wednesday night and went to the city park for a picnic.

Recreation was directed by Woodrow Wendsek. Others attending were Henrietta McCarty, Myra Lee Bigley, Leola Smith, Frances Myers, Richard Stripling, Harbelle Johnson, Hayes Stripling, Jr., of Kirbyville, Mr. and Mrs. Edmund Fink, Sadie Puckett, Frances Gilliam.

### The Women Are Right -- Groceries Show Appreciable Price Rise

It is true that the womenfolks have been saying. Groceries are up. Economists have been referring to 10 and 20 per cent increases in the past year, and ads inserted in The Herald by grocers show at least that much increase.

National statistics show that groceries in the nation as a whole are not as high as they were in 1937, but most items here are as high, according to comparison of the advertisements.

Of course, comparison of the ads is not a fully accurate system. Astute grocers naturally feature the items that are relatively lowest at the time, leaving items that have risen lying quietly on the shelves.

And it might be pointed out that most of the increase has come on certain items—notably meats, eggs, butter, cheese, shortening and sugar—while vegetables, fruit, canned goods, bread and a lot of odds and ends show little change. With some new alignments in the customary menus, part of the difference can be made up.

But nevertheless, the woman who has been shopping groceries for 30 dollars a month last June needs \$44 to \$48 now.

Those who have been complaining about the price of ham might look back to 1937, when local grocers wanted 24 and 25 cents for picnic hams and 25 cents for cured ham. It was a year ago that we all gorged on ham, selling then for 17 and 18 cents. Now it is around 22 cents. All figures used in this story apply to the month of June, so there are no seasonal variances.

Lovers of good steaks really have to pay the price now, with round steak running 36 cents as a habit and some grocers even bragging about T-bone at 33. A year ago the housewife could sometimes get round for 28 cents and T-bone for 27. In 1937 the prices were about the same, maybe a might lower, than in 1940.

Bacon is getting out of hand these days too. Much bacon ranges up to 40 cents now. In 1937 it sold for 28 cents and down—the best quality—and in 1940 the best could be had for 30 to 32 cents.

Those who dine on cheaper cuts of meat are finding a lesser difference.

Good roasts may be bought for under 20 cents. Among the staples, flour is advancing, but it is still around the 1937 level—\$1 for 24 pounds of the best, less for cheaper brands. In 1940, it was 10 or 12 cents cheaper here.

Sugar and shortening are giving housewives grey hair. Sugar is up at least a dime for a 10-pound sack and grocers boast when the difference is no more. That means 58 to 60 cents for a sack compared to 46 to 50 a year ago and about the same prices in 1937.

Shortening is little advertised here, but seems to be up 40 or 50 percent over a year ago and well above the 1937 price.

Coffee is up a bit from 1940, about the same as 1937. Leaf cheese sold for 43 cents for a two pound box last year brings 57 and 58 now.

Canned goods—on weekend specials at least—show small change. Ten to 12 cents for number two cans usually holds for vegetables. Perhaps the grocers are having fewer real big bargains—like three for a quarter—on these things. And eggs have jumped from 11 and 12 1/2 cents a year ago to about 20 now. Creamery butter has moved

up from 27 to 40. These figures apply to every day basic foods. Some prices are practically disappearing, because of up-ward world trade, but we can do without them.

### Summer Flowers Used For Decoration At Informal Coffee

Summer flowers were placed at vantage points throughout the room when Mrs. Robert Currie, Mrs. A. Swartz and Mrs. Curtis Driver entertained Wednesday morning with an informal coffee at the Settles hotel. Hours were from 10 o'clock to 13 o'clock.

Hostesses and members of the houseparty wore summer frocks of pastel colors.

The table was linen-laid and centered with a silver tray holding vari-colored napragons and fern. A profusion of snapdragons, gladioli, daisies and other summer flowers decorated the rooms.

Assisting the hostesses were Mrs. John Collins, Mrs. Vance Lobkovsky, Dorothy Driver, Mrs. George Oldham, Don Hutto, Mrs. Ren Carter.

Mrs. Lee Rogers, Mrs. Turner Wynn, Mrs. Obie Bristol, Mrs. William Tate presided at the silver service at either end of the coffee table.

**Informal Tea Given Here By Mrs. Hensch**

Mrs. Russell Hensch entertained with an informal tea Wednesday afternoon at 3 o'clock in her home at the Alta Vista apartments.

Gladioli and dahlias decorated the rooms. The guest list included Dorothy Dublin, Mrs. George Thomas, Mrs. Ralph Duvall, Mrs. Morris Patterson, Mrs. Maurice Koger, Mrs. Robert Ballinger of Garden City, Mrs. Robert Jones, Mrs. William M. Mosher, Mrs. Rufus Ybarguen, Mrs. R. O. Holleron, Jr.

The defense boom is offering employment to large groups of men and women over 40 years of age for the first time in many years. An unofficial estimate places the number returning to work each month at 7,000.

### Cecile Lillian Wilson Given Party On Her Second Birthday

Cecile Lillian Wilson celebrated her second birthday anniversary Wednesday with a party in the home of her parents, Mr. and Mrs. Rupert Wilson. Games were played and refreshments served.

The group sang "Happy Birthday" and pictures were taken. Gifts were presented by Billy and Margaret Ann Croan, C. I. and Gerry Lynne, Elouise Carroll, Jean Neill, Dean Hollan, Donnie Ann Jones, Jolene and Della Sue Runnels, Mable Rasco, Garrett and Madie Fay Thurman, Leroy Le Fever.

Thirty-four of the 56 signers of the Declaration of Independence were lawyers.

"But I already know they're fresh and always good. I always prefer Sally Ann Bread and Cakes."

## Senatorial Candidates Keep Talking Of Defense, Pensions

By the Associated Press  
Despite the personalities being bandied about among the four major Texas senatorial candidates, with the election but two days off there is no sign of any material variation in the serenades with which they woo the voter — the necessity of national defense and the desirability of increasing old-age pensions.

The candidates differ as to means and the qualifications needed to carry out the issues. Yet broadly speaking, the points of disagreement are minor. For the most part, their publicly expressed opinions coincide as to what should be done.

Talks of the candidates last night, while perhaps pitched in a somewhat higher key due to nearness of the election, followed closely the themes set at the outset of the campaign.

Frying his compliments to the other three prominent aspirants, Dies asserted that Texas could not afford to place its trust in a "show" horse, a parrot or a novice.

Attorney General Gerald C. Mann devoted much of a talk at Corpus Christi to replying to Johnson's charge that he had sought CIO support. Mann declared that "I do here and now repudiate the CIO, John L. Lewis, and all of his cohorts."

Mann said that Johnson had purposely withheld all of the truth when he had excerpts from a letter sent to Welly K. Hopkins, now a CIO attorney.

"As a matter of fact," Mann asserted, "on June 9, 1941, a printed form letter like the one read over the radio by Congressman Johnson and Harold Young, executive assistant to the vice president, was sent over my signature to a list of several thousand persons."

### Robin Moor Crew Members Returned

NEW ORLEANS, June 25. (AP)—Carrying nine crew members of the torpedoed American merchant ship Robin Moor, the S. S. Deitarsgenino of the Mississippi Shipping Company, entered the Mississippi river early today on its last voyage before being turned over to the maritime commission.

The \$3,000,000 combination passenger and cargo vessel made a special trip to Recife, Brazil, to pick up the survivors of the Robin Moor which was torpedoed in the South Atlantic May 21.

Among those taken aboard was N. D. Rice, Bowie, Texas.

### College Course Up to Turkeys

PALESTINE, Tex.—Glynn Link is going to pay his own way through college next year. He's raising 100 broad-breasted bronze turkey poulters from which he expects to realize \$350 to \$400 before Texas A. & M. college, his chosen school, opens next fall.

### Hoyt's Compound The Medicine For Me, Says Mr. Sealy

Since Taking Hoyt's Compound My Bowels Are Regular, Kidneys Better, Appetite Is Improving, Says Well-Known Lubbock Man

Mr. W. D. Sealy of Shallowater, Texas, states: "I have lived in and around Lubbock for the past 21 years and am now 59 years of age. I have had poisons in my system which caused me to have weak kidneys and back. I had to get up nights which caused me a loss of sleep and weight. My bowels and stomach caused misery from gas pains and indigestion."

### Colorado City Masons Install New Officers

COLORADO CITY, June 26 (AP)—Joint installation of officers for Colorado City's three Masonic organizations was held Tuesday night in Masonic hall.

Jim White was installing officer for the Blue Lodge, W. J. Chesney for the chapter and council.

Installed for the lodge were: Basil Hudson, W. M.; Huron Dorn, E. W.; J. C. Hall, Jr., J. W.; H. E. Grantland, treasurer; Jim White, secretary; A. T. Williams, S. D.; Leonard Henderson, J. D.; A. B. Erwin, S. S.; Earl Hammond, J. S.; W. W. Porter, chaplain; J. D. Sherwin, Wiler.

Royal Arch Chapter officers installed were: James Herrington, H. P.; A. B. Erwin, king; M. C. Holt, scribe; H. E. Grantland, treasurer; Jim White, secretary; W. H. Gunn, C. O. H.; E. J. Moser, P. S.; W. J. Chesney, R. A. C.; Basil Hudson, third veil; Huron Dorn, second veil; Bruce Hart, first veil; J. D. Sherwin, guard.

The Council of Royal and Select Masters installed: L. A. Costin, T. I. M.; Earl Hammond, D. M.; A. K. McCarley, Conductor of the work; H. E. Grantland, treasurer; Jim White, recorder; J. Lee Jones, captain of the guard; E. J. Moser, conductor of the council; W. H. Gunn, steward; J. D. Sherwin, sentinel.

### Fun With Flowers Use Red, White And Blue For Your Fourth Of July Table

No. 1—Whether this patriotic red, white and blue decoration is to grace a village celebration, a church supper, a festive young people's party, or an Independence Day social we know it will cause comment. Start out with a big, giant firecracker—a toy one for safety's sake. Take out the insides and fill it with pebbles for ballast. If it was originally filled with candy, save that and wrap it in red, white and blue paper.

deep in gravel. You will find that the beflowered balloons move slightly in the breeze. The red, white and blue kisses, as well as more flowers, can be added at the base of the balloons. Isn't it gay and effective? Just the thing for a long, "difficult to decorate" table. Here's to a bright and glorious Fourth.

(Distributed by Esquire Features, Inc. Reproduction strictly prohibited.)

DUMMY DUTY—British firemen going through rescue drill used these dummies; it was during London's War Week.

### Mexican Flood Relief Planned

MEXICO CITY, June 25 (AP)—Deputies and senators from San Luis Potosi state organized a relief committee today for victims of floods which swept several towns in the central section of the

state yesterday, and interrupted traffic on the mainline of the National Railways.  
Senator Leon Garcia headed the group. He appealed to President Avila Camacho for federal aid for the distressed communities.  
Helium gas first was observed on the sun.

### Navy Department Lets Contracts

WASHINGTON, June 26 (AP)—Secretary Knox reports that contracts totalling \$381,977,944 have been signed and letters of intent have been issued for \$41,000,195 additional in the navy's half-billion program to expand the nation's shipbuilding facilities to meet the emergency demands.  
Among the twenty-six states which had received "direct and substantial benefits" from the program, Knox said, were Texas, \$3,636,300.

### Abilene Gets State Semi-Pro Tourney

WACO, June 26 (AP)—A. H. Kibbey, Texas commissioner of semi-pro baseball, today announced a state district elimination tournament had been assigned Abilene. It will be a three-day event, starting July 6. Howard Green, Abilene, was named district commissioner to supervise the event.  
The district champion will qualify directly into the sixth annual Texas championship semi-pro tournament here, starting July 24.

### Effects Of Alcohol Cannot Be Repealed

Years ago official posters were put up in Paris warning of the dangers of alcohol. "Alcoholism is chronic poisoning resulting from the habitual use of alcohol, even when this is not taken in amounts sufficient to produce drunkenness. . . . Alcoholism is one of the most frightful scourges, whether it be regarded from the point of view of the health of the individual, of the existence of the family, or of the future of the country." This warning was not from "temperance fanatics," but from the Director and Secretary of the Poor Law Administration, the Dean of the Medical Faculty of Paris, and others whose business it was to guard the public health and point the way to make France a vigorous and efficient nation.

New for the story of traitorous "Fifth Column" blocking of the good work. The liquor dealers protested that the posters were calculated to injure their trade — not denying the truth of the warning.

When the present European war broke, Germany took prompt steps to curb drinking. France, the heaviest drinking nation in the world, made no effort to do so. The two armies clashed. The result might have been foreseen. In fact, it WAS foreseen. Fourteen years before this war broke a distinguished French psychiatrist prophesied: "I conclude this short clinical survey, trusting that it may have impressed upon you the terrible gravity of the alcohol problem and the vital necessity for our unhappy country to check the unceasing progress of alcoholism, agent of every kind of physical and moral degeneracy. Alcoholism, under the indifferent eyes of the authorities, is indeed destroying our nation. I cannot insist strongly enough on the literal truth of this, and I solemnly affirm that one might inscribe on the windows of all the public houses in France these fateful words: 'Finis Gallias (the end of France)'"

Alcoholism threatens the destruction of our nation under the indifferent eyes of the authorities. Will they awake before it is too late?—(Submitted and published at the request of the local W. C. T. U.)

### Summertime Cookies

By Katherine Fisher

*Diets, Good Housekeeping Institute*

The perfect accompaniment for a cool, summertime beverage is a plateful of cookies. But it's not much fun spending glorious summer hours making the old-fashioned rolled and cut-out kind, hard to beat though they are. Hence these recipes for drop and sliced cookies. With these you'll find it easy to keep your cookie jar filled—even with the outdoors beckoning.

All recipes tested by Good Housekeeping Institute. Use Institute-approved measuring cups and spoons. Measure level.

#### Lacy Oatmeal Cookies

1 egg  
1/2 c. granulated sugar or brown sugar, firmly packed  
1/2 c. oatmeal  
1/2 c. rolled oats  
1 tsp. melted butter  
1/2 tsp. vanilla extract

Beat the egg; then add the sugar and salt gradually, while stirring. Next add the rolled oats, melted butter, and vanilla, and stir until well-blended. Drop by heaping teaspoons onto a well-buttered cookie sheet; then flatten into thin rounds with a spatula. Bake in moderately hot oven of 375°F. for 8 to 10 min. Makes 15 cookies.

#### Soft Molasses Jumbles

5 tbs. shortening  
1/2 c. brown sugar, firmly packed  
1 c. molasses  
1 tsp. baking soda  
1/2 c. sifted all-purpose flour  
1/2 c. cold water

Cream shortening with a spoon until light. Gradually add sugar, while creaming. Add molasses, and stir well. Stir the dry ingredients together, and add alternately with the water, while stirring. Drop by heaping tablespoons onto a greased pan. Bake in moderately hot oven of 375°F. for 8 to 10 min. Makes 2 1/2 doz. cookies. Don't be alarmed at amount of baking soda. It is correct.

#### Peanut Fruit Drops

2 1/2 c. rolled peanuts, ground  
1 c. dried apricots, ground or cut-up dates  
1 1/2 c. canned sweetened condensed milk  
2 tbs. lemon juice

Put the peanuts and apricots through a food grinder. Then add the condensed milk and lemon juice, and stir thoroughly. Drop by heaping tablespoons onto a greased cookie sheet. Bake in moderate oven of 350°F. about 20 min., or until golden-brown and done. Makes about 3 dozen drops. Baked peanuts, fresh and crisp, can now be purchased in tin cans.

#### Quick Date Slices

1/2 c. shortening  
1/2 c. brown sugar, firmly packed  
1 egg, well beaten  
1 1/2 c. packaged bloom mix  
1/4 c. finely chopped dates

Cream shortening with a spoon until light. Gradually add sugar, while creaming. Add egg. Blend bloom mix and bran; stir into sugar mixture. Add the dates. Knead in bowl until blended. Shape into a rectangle 11" x 11" x 1/4" on waxed paper. Wrap in waxed paper; chill thoroughly. Slice 1/4" thick; bake in a greased pan in moderately hot oven of 400°F. for 8 min. Makes about 2 1/2 dozen cookies.

#### News Notes From The Oil Field

### COMMUNITIES

Conrad Kent of Amarillo is visiting Mr. and Mrs. W. E. Wadsworth this week.

Mr. and Mrs. H. E. Peacock and family returned Monday from a vacation in Louisiana. Darnell Peacock remained in Munster, Tex., for a visit.

Ira Bartlett left Thursday for a trip to California.

Mr. and Mrs. A. L. Grant and family returned last weekend from

a two weeks vacation at Snyder and Buchanan lake.

John Nasworthy went to Jayton Tuesday to work for his brother, Mark Henry Nasworthy, Jr., a contracting superintendent.

Walter Ray of San Angelo has returned to work for Larkin Longshore.

Jim West and J. R. Smith were fishermen on the Comcho near Water Valley Tuesday and Wednesday.

The O. L. Bradhams attended the Wheat funeral services in Comcho Monday.

Mr. and Mrs. Arnold Bradham and baby of Kermit will visit relatives here this weekend.

Mr. and Mrs. John Lane and daughter, Joy, were Roscoe visitors Sunday.

Mr. and Mrs. Jess Smith of Kermit were recent guests of the R. L. Wilsons.

Ruth Brown is the instructor for the vacation Bible school held at the Forsan Baptist church this week.

Mr. and Mrs. R. T. Hale and family visited in El Paso last weekend.

F. D. Lewis and E. T. Branham were business visitors in Oklahoma City last weekend.

Mr. and Mrs. Woodrow Scudday visited Mr. Scudday's cousin in Sweetwater Sunday.

Friends in Forsan have received the announcement of the marriage of Mary Snell of Crane and Marvin Sawyer of Glendale, Calif.

The couple, former of Forsan residents, were married June 20. Sawyer is employed by the Southern California Gas company.

Mr. and Mrs. C. R. Hayes of Chicago are guests of his sister, Mrs. Oscar Bradham and Mr. Bradham this week.

Del Coledge and Bob Kneer attended the Shell supervisors meeting at Colorado City Monday and Tuesday.

Mr. and Mrs. P. D. Lewis and daughter, Joanne, will visit Mrs. Lewis' parents, Mr. and Mrs. W. A. Bishop at Cleburne this week.

Betty Branfield is visiting Mr. and Mrs. Don Chaney in Crane and Mr. and Mrs. H. A. Zoda at McCamey this week.

Mrs. C. E. Parker and Marjorie and June Crutcher of Kermit were guests of the O. L. Bradhams this week.

Mr. and Mrs. Walter Grassett have as their guest Mrs. Grassett's sister, Miss Lometa Wood of Sterling City.

Pauline McWilliams was a weekend visitor in Lubbock.

Policeman Gets Ph.D. TURLUCK, Calif.—David C. Peters won his Ph.D. degree from the Blackstone College of Law at Chicago with a thesis on "Law and Social Order," written while serving as desk officer at the city police station. The thesis was the result of seven years of research work. Peters is a retired clergyman.

### United States and Mexico Expect To Sign Pact Soon

By LLOYD LEHRMAN

WASHINGTON, June 26 (AP)—The United States and Mexico have virtually concluded negotiation of an economic defense pact under which Mexico will prohibit exports of vital war materials to countries outside the western hemisphere and the United States will purchase from her millions of dollars worth of strategic supplies needed for defense production.

Informed officials said today the pact would be signed and full details announced as quickly as final decisions were reached on prices and delivery schedules for the supplies involved.

None of the Mexican products involved in the deal was disclosed, but Mexico produces considerable lead, zinc, copper, antimony, cadmium, molybdenum, mercury, graphite, henequen and other fibers—all basic materials in the production of military supplies.

A similar economic pact was recently concluded with Brazil, also a producer of many essential metals, rubber and industrial diamonds, under which American government purchases estimated at \$16,000,000 are in progress.

In Brazil, it was explained, buyers for American manufacturers will have first call on the raw materials desired, and then representatives of the government-owned Metals Reserve company, Rubber Reserve company, or Defense Supplies corporation, will

purchase any surplus at a guaranteed price.

A buyer for the government-owned corporations is already in Mexico, it was learned, prepared to follow the same procedure in purchasing Mexican materials, upon conclusion of the pact.

The forthcoming Mexican pact, it was explained, is one of a series of economic understandings with other American republics, which have already resulted in the purchase by United States government-owned corporations and agencies of defense supplies valued at more than \$300,000,000.

Gold production in the Canadian Northwest Territories amounted to 21,399 ounces for the first four months of 1941 compared with 18,808 ounces in the same 1940 period.

# Flashes Of Life-

**By The Associated Press**  
**CLYDE, N. Y.**—Small fry found an "ice cream mine" in the village dump—a cigar box crammed with "free" sticks used by an ice cream company which freezes ice cream on a stick, the last lick sometimes revealing that its holder gets another one on the house. They were tossed by error into the waste-basket and thence to the dump.  
 Confectioners reported a rushing business, one admitting he had accepted 250 "free" sticks.

**ST. LOUIS**—A burglary was reported at a downtown office. Thieves had obtained \$68.72 from one cash box and an undetermined amount from another.  
 The victimized office was headquarters for a thief protection service.

**TACOMA, Wash.**—The thief probably was disappointed with the loot he took from the car of Robert Goodwin, University of Washington professor.  
 Goodwin reported 60 blue books, college final examination papers, were gone. None had been graded.

**CHICAGO**—Arnold Witt really scoots around.  
 The 16-year-old youth rode his motor scooter the 125 miles from his home in Watertown, Wis., to Chicago on one gallon of gasoline. And he still had enough left to scoot around and see some of the sights.

**Errors Blamed To Noise**  
**ST. LOUIS**—If the boss accuses you of making too many errors in your work, blame it on the noise. Experiments conducted at St.

**NO THREAT IN THIS 'GUN AT HIS BACK'**—One of guns at Norfolk, Va., naval base nuzzles Rear Admiral Manley H. Simons during ceremonies at which he took over command of Norfolk naval district from Rear Admiral Joseph K. Taussig (left).

Louis prepared to launch a campaign to diminish unnecessary noises were reported as showing noise abatement reduced typing errors as much as 52 per cent.

**Poetry Aids Conversation**  
**NEW YORK**—Poetry was found in an experiment at Hunter College to be the most effective method of developing good conversational speech, with conversation itself far behind. Other methods considered were dramatics and prose, which was the poorest medium.

## SPORTS ROUNDUP

**By HUGH S. FULLERTON, JR.**  
 (Pinch-hitting for Eddie Briets)  
**NEW YORK, June 26**—Poughkeepsie pickups: The talk along rowing row all week has been that Washington's Al Ulbricksen will get a bid from Yale to take Ed

Leader's place...The Ell alumni think something must be done about Harvard's string of victories and the Crimson's won't go to Poughkeepsie to let Ulbricksen do it with his Huskies. Like Washington, George Pocock couldn't lose yesterday. He built all the boats in the race...Skip Wals, Wisconsin's coach and one of the most enthusiastic rowing men on the river though he never tugged an oar in college, is trying to persuade one of the eastern crews to visit Madison next spring and help him sell rowing to other Big Ten schools.

**One minute interview—**  
**Ty Cobb:** "I like to watch baseball but I haven't seen a game yet this year. Maybe its because the mistakes I see on the field drive me wild. Maybe its because I hate the change that's come over the game. When the value of one run was destroyed, a big kick was taken out of the game for me."

**Fall guys—**  
 Summer's only a few days old but the pro football clubs already are bombarding us with announcements of players being signed up etc...Portland, Ore., fans are up in arms over the new Eldon Jenne test that requires a physical education degree from high school coaches...They point out that none of the coast conference grid coaches could hold jobs in Portland high schools and neither could such fair country coaches as Knute Rockne or Pop Warner...Among those slated to go is Wade Williams, who's considered tops among school baseball tutors...Susquehanna U. won't have just one football captain this year, but four...Navy will get a year of football out of Fred Van Hull, Minnesota tackle, who just got his Annapolis appointment...Auburn has enough football players studying in its summer school to make up a full football team...Who called it soft, though?...When Bill Hartman, Georgia backfield coach, and his prize pupil, Frank Sinkwich, dropped in at Atlanta the other day, all they'd talk about was law, because Frank is getting ready to enter law school in the fall...Coast scribes claim the conference coaches ought to glick back part of their salaries now, since the strictly amateur code lets them loaf all summer instead of scouting for talent.

**Today's guest star—**  
 Charles Johnson, Minneapolis Star Journal: "In many respects, Joe Louis is like the Minnesota football team, Northwestern, for example, might beat the Gophers on this Saturday, but next Saturday they couldn't beat Fordunk college. The reason is that the Maroon and Gold boys took so much out of them that they couldn't move." (Ed's note: Take it from us its a tremendous compliment to Joe when a Minnesotan compares him to the Gophers.)

**Major and minor operations—**  
 Joe DiMaggio didn't show much interest in his hitting streak until he got within a few games of the record, but now he's really out to bust the mark...Jimmy Pofahl, a.w.o.l. from the Senators because Clark Griffith wanted to ship him to the Chattanooga farm, says he will quit and go into business with his dad at Faribault, Minn., unless he gets a reprieve...Detroit has one of the Southern association's greatest prospects in Hal Manders, who pitches for Fred Lindstrom's Knoxville Smokies...The Reds have farmed out Eddie Shokes, Duke U. first sacker, to Indianapolis and Manager Bill Meyer thinks he has "possibilities"—if he can hit...Al Vincent, Buffalo manager, wasn't handing out any left-handed compliments when he described a pal as being "as sincere as an umpire."

**Haw dept—**  
 Our idea of the toughest job of the week is the one Doc Morris has trying to work up some popularity for Bunmy Davis...Doc's best line so far was when he quoted Trainer Ray Arcei as telling Davis "Nobody ever accused you of using unfair tactics."

Indians of pure blood still form a large share of the population in South America.

## Visitors Many In Coahoma

**COAHOMA, June 26 (Spl.)**—DeWitt Shive and Grady Acuff spent Monday and Tuesday in El Indio on business.

Louise Thompson spent Sunday visiting relatives and friends in Eastland.  
 Ruth Anette Hill has returned to her home in Sweetwater after visiting her grandparents, Mr. and Mrs. W. M. Spears, for the last week.

Mrs. Cora Echols is visiting relatives in Stanton and Midland for the next few weeks.  
 Mr. and Mrs. Fred Beckham are on a week's vacation in Fort Worth and Dallas. They also plan to visit in El Paso and Carlsbad, N. M., before returning here.

Mr. and Mrs. John C. Adams left Tuesday for a visit with their daughters, Mrs. John Holland of Farwell and Mrs. Joe Foster of Sudan.

Mr. and Mrs. Otis Walters and children of Del Rio visited Mrs. M. L. Williams and Mrs. Zula Patterson, and Mildred returned home with them for a two weeks visit.

Walter Holden of Arizona is here this week visiting his sister, Mrs. J. A. Roberts.

Jimmie Patterson of St. Elmo,

Ill., visited his mother, Mrs. Zula Patterson, last week.  
 Mrs. Ray Hall of Woodson is here this week visiting her mother, Mrs. A. M. Sullivan.

Mrs. Berle Cramer and Baslene of Levelland are visiting relatives and friends here this week.

Mr. and Mrs. Hadden of Kenton, Okla., visited in the homes of Mrs. Zula Patterson and Mrs. M. L. Williams last week.

Mrs. Elsie Baker of San Angelo is visiting her daughter, Mrs. Maggie Briggs, this week.

Mr. and Mrs. Ernest Baker of Gall visited Mrs. Maggie Briggs here this week.

**Thief Loses Trouser Seat**  
**HASTINGS, Neb.**—Filling station operator, A. E. Wright, was relieved of his slot machine but not until he had the seat from the thief's trousers. He appeared just as a youth was carrying the slot machine from the station office and made a grab for him but all he got was a fistful of cloth.

## College Netters Enter Semi-finals

**COLUMBUS, Ohio, June 26 (Sp.)**—Sixteen stars from 11 schools, survivors of the 84 who started match play yesterday, battle today for berths in the semi-finals of the 44th national intercollegiate golf championship.

Everyone had an eye on Stanford's great four-man squad, winner of the team title. The quartet of Indians roared through two sets of victories yesterday, and they made up half the top bracket as play started today.

**Ministers and Speakers!**  
 Don't let indignation, "fullness" or harshness steal power and vigor from sermons or lectures. ADLA Tablets have Bismuth and Carbonates for quick relief. Get ADLA from your druggist. Cunningham & Phillips, Druggists, and Collins Bros. Drug Co.—adv.

**I**f you have ever thought that artists were long-haired sissies, step up and meet Lloyd Jones. That's a cigar he's holding in his left hand, and the mitt that's holding the brush is proof in itself that in the days when he used to be a boxer, he must have packed a terrific wallop.

Winning first prizes in the international water color exhibitions, and having one of his water color sketches purchased by the Art Institute of Chicago for permanent exhibition right in the same gallery with America's greatest water color artist, Winslow Homer, hasn't swelled his head a bit. You see him, here, at his drawing board, with an enlargement of one of his best water color paintings—the one that just came back from a whole string of exhibitions in art galleries all over the country.

To know why all this is important to you, you need to know what the artist is working on, at his drawing board. He is working on a picture which will be included in the Meyer Both General Newspaper Service, to which we subscribe, and from which any advertiser in town may select illustrations to use in his ads in this paper. This means much more than a service to advertisers. It means that you and your children and all the rest of our readers will see, as a matter of course, the work of an internationally famous artist. Maybe you haven't realized it, but this has been going on for a long time. And Jones is only one of the many famous artists whose commercial work appears in this paper, regularly. We think this is important to you because it means that our readers are constantly seeing fine art, of a sort few can afford to travel far enough to see in our country's great museums. We know you will agree with us that art exerts a tremendous cultural influence—particularly on our children—and we feel certain you will agree with us that our efforts to contribute in this respect are further testimony to the important part played in the job of making this a better land in which to live... by this—your newspaper.

Big Spring, Texas, Thursday, June 26, PAGE ELEVEN

### Age Triumphs As Youth Bopped In Texas Loop

By The Associated Press  
Age triumphed in the Texas league while youth got a setback last night.

While 49-year-old Snipe Conley, the nation's oldest rookie, was putting up an amazing exhibition of skill to win an 11-4 victory for the Dallas Rebels over the San Antonio Missions, youthful Freddie Martin, sensational Houston Buff twirler, went down before the Fort Worth Cats while trying to lengthen his string of consecutive wins to 15. Fort Worth won 9 to 1.

The Oilers continued their none-too-secure hold on second place with a 5-1 decision over Shreveport at Tulsa, and the Indians and Beaumont divided a doubleheader at Oklahoma City, the Exporters winning the opener 2-1 and the Indians taking the nightcap 1-0.

Conley, who returned to the Rebel lineup to show a Dallas crowd that he hadn't lost his cunning during years of retirement, let the Missions down with only one run and six hits until the ninth, when the strain got him. The Padres slipped over five runs in the final frame, but they couldn't take the game away from the gallant veteran.

### Lookin 'em Over

WITH JACK DOUGLAS

Matt Harrington is of a certainty the typical golfer. To our knowledge, Matt has definitely quit golf for a spell at least three times in four weeks time—yet he's still hitting 'em and losing 'em.

What happens is that Matt, like all we poor mortals, turns in a remarkably poor game, decides to heck with the whole thing, then tries it just once more, turning in a sizzling hot one in his effort. Then what happens—Matt decides mebbe so the game isn't so bad. He rides high for a time, then the pixies hiding in the rough start snaring his ball and tolling it toward the tall grass. About that time Matt comes to the firm conclusion that he was born under an evil star and when the boogies start snapping at him he loses all doubt.

Yesterday was a sort of in-between period for Matt. He wasn't doing so bad, yet he certainly wasn't doing so good. About two days from now Matt will again be giving up the game.

It won't be long now before Major and Minor city league softball will be getting into the final rounds. This major bracket ball is just as fast a brand of the sport as one could find. There is a scarcity of errors, except on those occasions when the lads get into a humorous streak, and some of the trickiest hurling can be seen right out at Big Spring's own City Park.

Those Major loop boys are playing for blood. Some of them want to enter the state meet and play as though they were slated to go into the finals tomorrow. For an evening of sport entertainment, free of charge, and easily accessible, drive out to City Park on these week nights. Get a first-hand view of amateur ball played at its best.

### Oilers Go To Abilene Sat.

Manager W. D. Berry and his traveling Citie's Service Oilers hit the high road to Abilene Saturday, where they will take on a West Texas Utilities softball aggrega-

tion over the double header route. As the count now stands in the current season, the Oilers are on the short end of a two and one game card. Berry declares the Oilers are primed to even the bill.

L. D. Cunningham and Bobby Savage, as neat a pair of hurlers as can be found in these wind-swept acres are slated to be on the mound for the Big Springers. Only non-regular on the Oilers' touring team will be Maxie Carroll, who will share the catching post with Lewis Heuvel.

At the close of last year's seasons, the Oilers had a total of four wins out of five games with the Uhlittymen.

Curtain raiser for the Abilene affair is scheduled for 8 p. m.

### East Side Edges Birdwell Park

Birdwell Park midgets softball team lost to East Side midgets Tuesday, 11 to 12. Outstanding players for East Side were: H. H. Wasley, Clyde Majors, Bob Carlisle and Dee Thomas. Dee Thomas made the only home run in the game. Bob Carlisle hit a two bagger to bring Dee Thomas in for the winning score.

Outstanding players for Birdwell Park were Jesse Gibson, Bobby Pritchett and Granville Miller.

Mrs. Alice Phillips and Mrs. J. R. Farmer of Big Spring came out on top of the heap after their initial championship flight round matches at Wichita Falls in the annual West Texas Women's Golf association yesterday.

Mrs. Phillips defeated Mrs. J. E. McFarlin of Wichita Falls, 3 and 2, while Mrs. Farmer took the nod with a 4 and 3 count over Mrs. C. C. Dillon of Odessa.

The second round of the tourney got underway today after Mrs. J. H. Ball, medalist and favorite, justified advance predictions by giving her first-round opponent, Mrs. James L. Nelson a 7-and-6 spanking. Both women are of Wichita Falls.

### Bomber Album

BOB KOHOUT

Here's a Big Spring Bomber with a schedule including baseball and a college degree. Bob Kohout, one of the smoothest, handiest pitchers ever to grace a West Texas-New Mexico mound, plans to go back to school when the current season is over.

Born in Tacoma, Wash., August 19, 1921, the 21-year-old right-hander has, with the exception of one year, been a pitcher throughout his baseball apprenticeship. This makes his third year in the hurling department.

This is Bob's first year in pro ball. He did go up with the Cleveland Indians' farm at Fargo, N. D., but he doesn't count that as an actual start in organized ball, since he spent the short time he was there holding down one corner of the dugout bench.

Bob pitched for his high school team at Tacoma in his senior year, then played college ball at San Francisco State during last year's playing season. Before his high school showing, Bob played second base on an American Legion ball club, one that went into the district semifinals only to be beaten in a doubleheader by Seattle. Fred Hutchinson, now with the Detroit Tigers, was the lad who put the kibosh on Bob's club's hopes for a state title.

Bob started his pitching career off with a bang, winning his first high school tussle, a seven inning affair with the Bremerton, Wash., high school. Also, as part of his high school work, he tossed a one-strike against O'Day, one of the outstanding parochial schools in Bob's neck of the woods.

Although Bob doesn't have any ball players on his family tree, he has one thing that means a lot to him—his mother has been the one to back him in his efforts to make a reality of his baseball hopes.

Bob came to Big Spring from the Santa Barbara training camp, having been signed on by Charley Walkgreen of the Brooklyn Dodger organization.

He took the eye of Big Spring fans from the very first time he appeared on the local diamond and has yet to let his followers down with a straightout failure.

The six foot, 190-pound Anglo-Bohemian boy is just about as full of the old will to win as any player on anybody's ball club. When he's out on the hill, he put everything on the apple of which he is capable—a trait that is slated to carry him far up the ladder toward that day when he performs in top-bracket company.

Bob isn't given much to talking, letting his actions give the true picture. Also, he isn't inclined toward beeping about bad breaks.

At the end of this year's ball season, Bob intends to return to college, continuing his work until he gets a degree in physical education.

"One of these days I'm going to be too old to play ball, or maybe something will happen that will keep me from getting to the top, so I want to be able to make a living when the time comes," is Bob's explanation.

### Tiremen Trip Automen, 11-9

Phillips Tiremen rolled over Stags Automen, 11 to 9, last night in a Major city softball affair at City Park.

Tireman Leeman Bostick allowed six hits over the route by the Automen, while Maxie Carroll was nipped for seven innings over the route.

Tonight, Citie's Service Oilers tangle with Montgomery Ward's crew.

### Roberson Leads Knothole Loop

This week's Knothole Gang baseball league activity has been shot full of first-class sandlot ball.

To start the thing off with a bang, Bruce Roberson, hurling for the club under his name, marked up a no-hitter, defeating Scotty Wolf's club, 11 to 0. In the same tussle, B. Vaughn, on the mound for the Wolfmen, allowed only four walkups over the route.

Bruce's club carries a 1 up lead in the league chase.

In an engagement between Jimmie Byers' and Sammy Tate's teams, Jimmie won his own ball game, pounding out a home run to bring in G. Brown and mark up the winning score in a 3-2 game count.

Wolf's Tommy Anderson hurled one-hit ball to defeat Sammy Tate's club, 3 to 0, while M. Hull allowed a trio of blinges by the Tatemans. Roberson took a forfeit victory Tuesday.

The Kiwanis-sponsored league is fast moving into full swing and any and all boys are urged to turn out for the games every week morning, with the exception of Friday, when the little fellows in the Gang show their wares.

# Bombers Split Doubleheader To Open Series With The Gold Sox

Lined up in glittering array, golf trophies await the time when they will be awarded to their owners, local divotees who placed in one of the divisions of the function yet to be decided. Trophies, shown above and listed left to right, and their winners are: Claude Wilkins, second flight winner; Shirley Robbins, championship flight consolation; Sammy Bostick, third flight winner; Novis Womack, second flight consolation. Three other trophies—those to be awarded Nell Hilliard, second flight runner up; A. E. Suggs, third flight runner up; and W. F. Juliff, third flight consolation, have yet to arrive. (Photo by Kelsey).

### After 13-Year Layoff Old Snipe Conley Wins Himself A Ball Game

DALLAS, June 26 (AP)—Life began at 49 for James Patrick (Snipe) Conley—and almost ended in the ninth inning.

Baseball's oldest rookie finished with his arm limp but it failed to dim the luster of the most unusual comeback in Texas league history.

When Conley pitched for Dallas last night the batters were fellows who were going to grammar school when he set the present league record of 19 straight victories.

But Snipe was just as crafty, just as speedy and just as effective—that is, for eight innings. In the ninth he faltered. The San Antonio Missions combed his offerings for five hits and five runs. He managed to finish with an 11-6

victory but the end didn't come any too soon.

"I just gave out," he explained as he sat in the dugout while his mates rubbed his arm with arnica. "But a couple more nights like that and I'll be ready to go nine innings. You know it's been 13 years since I pitched the route."

Three thousand fans turned out to see Conley in his comeback. There would have been more but too many figured that while Snipe still had the heart the arm and legs wouldn't last.

Conley quit professional baseball in 1928 after seventeen years in the game, twelve with Dallas. Out to Texon, Tex., he went to work for an oil company and managed its semi-pro team.

But President George Schapp of the Dallas club saw the possibilities not only of building attendance for his club—because Conley was the most popular player this city ever had—but of one of the unique stunts of baseball annals. Conley thought Conley still could win in the Texas league.

Under league rules Snipe returned as a rookie and also could use his spittle.

Conley was a little crestfallen over the finish but the fans were not. If pitching nine innings doesn't sap the aging right arm autographing likely will.

Yanks Take First Place In League

By The Associated Press  
For the first time since the season was in its infancy the New York Yankees are in first place in the American league today, and now the pressure is on the Cleveland Indians.

Critics of Cleveland always have contended the Indians were front runners who would fold up if the going got tough and the Yankees are not going to let anybody wait till September to find out.

The Yanks captured the lead yesterday by bumping the St. Louis Browns 7-5 while the third place Boston Red Sox raided the Tribe 7-2.

Joe DiMaggio led the bombing in New York with a two-run homer that extended his hitting streak to 37 games, four short of the record, and made 20 consecutive contests in which one or more of the Yankees have hit home runs.

In Boston the Indians were set back on their heels by old Lefty Grove, who pitched seven-hit ball for the 29th victory of his long and illustrious career.

The best one-game pitching show of the season, however, was staged for a little throng of 2,000 fans at Washington yesterday when John Rigney and Sid Hudson struggled for 13 scoreless innings before the White Sox downed the Senators 2-0 in the 13th.

The Philadelphia Athletics nosed out the Detroit Tigers 5-4. In the National league, the St. Louis Cardinals and Brooklyn Dodgers both won, preserving the half game margin between them. Ernie White held the Boston Braves to seven hits and fanned nine as the Cardinals coasted to a 5-3 decision.

The Dodgers squeaked past the Pittsburgh Pirates 5-4 with two runs in the eighth inning on a single and two doubles.

The New York Giants cleaned up on the Chicago Cubs 4-1. Cincinnati swept a doubleheader from the Phillies 3-2 and 5-1.

### Herald Nips Muny, 19-18

Muny softballers fell victims to an up-and-coming Herald crew, 19 to 18, in a nip-and-tuck Minor city softball league affair last night at City Park.

The Heraldmen took the lead in the opening stanza with a four-run spree, came near to losing it in the sixth when the Munymen ripped over the home plate eight times, but maintained the lead with a three-run rally in the seventh frame.

### Lamesa Golf Meet Gets Underway

LAMESA, June 26 (Spl)—Lamesa's country club opened its annual city golf tournament Tuesday with qualifying rounds first on the menu.

Medal play will continue through Sunday. Match play is scheduled to get under way Monday.

### Whelchel May Hurl Against Hosts Tonight

Big Spring Bombers opened their series with the Amarillo Gold Sox last night by splitting a doubleheader. The visiting Bombers dropped the curtain raiser to the Sox, 5 to 3, but came back in the nightcap with a flourish to edge out their hosts, 9 to 2.

Due to conditions beyond the Herald's control, box scores on the Amarillo Big Spring and Lamesa-Clovis games had failed to arrive at deadline. A telephone conversation this morning with Manager Jodie Tate gave the information here given concerning the Big Spring showing in Amarillo.

In a conversation this morning, Manager Jodie Tate said Charlie Whelchel would likely take the mound for the Bombers tonight as they go into the second day of their three-day engagement in Amarillo. Tate said Whelchel should arrive in Amarillo about 4 p. m. Whelchel has recently recovered from a tussle with the Tulsa Oilers.

Tate declared the Bombers were running shy of pitchers. "I might get in there myself—who knows?" was Uncle Jodie's comment concerning today's battle.

### Regulars To Play First In All-Star Tilt

DALLAS, June 26 (AP)—Although seven active players in the north have handled first base for their clubs this year, the choice to represent the team in the sixth annual Texas league all-star game at Beaumont July 16 will probably be limited to the quartet playing the best regularly.

Tula used Ed Zydovitsky, who is a natural outfielder, and replaced the big fellow with Glenn Russell, who belongs elsewhere in the infield, and was promptly shifted to third when Ed Waitkus came back well after the season start.

Waitkus, a great Texas league development of 1940, is a southpaw and the two others are right-handers. Dallas used Heinz Becker, a righthander, at first while Roy Mort was injured but moved Becker to outfield as soon as Mort was available. So the choice really boils down to Waitkus, Mort, Charlie Baron of Fort Worth and Harry Ashworth of Oklahoma City. Actually it is more limited than that. On season showing, it should be either Baron or Waitkus.

Mort was easily the best first sacker in the north last season. Waitkus was green and Mort at top stride. This year, the Dallas first sacker, probably slowed by his bad spring, is hitting way below par and is under his real stride at Fort Worth. Harry Ashworth is defensive play. Harry Ashworth is hitting too far below a first baseman's pace and doing only a so-so job on the bag.

South America contains about 14 per cent of the world's land surface.

Want Easy Starting The Year Round?

Then You'll Need A Powerful Goodyear Battery

Editorial --

Fighting Greatest Of Two Evils

Just whom we are with and on whom we can depend these extraordinary days is a great question indeed.

It is so ironical that it would be generally amusing were it not so utterly serious.

In the beginning we were tolerant but skeptical of communist doctrine. Later we were convinced that it was not merely an experiment, but a movement diametrically

opposed to our way of life. It became our bitter enemy. Its agents filtered in to spread insidious seeds of malcontent.

Washington Daybook--

Jimmie Byrnes Made Many Enemies, Had None As Court Opening Came

By JACK STINNETT WASHINGTON--When the Senate confirmed the elevation of Democratic Sen. James F. Byrnes to the U. S. Supreme Court, it did it unanimously and so quickly that no one had time to take out a stop watch.

for at least eight years. I haven't found many who will agree that he has any formula--but in almost every case, it appears that he has mixed soothing syrup with his bad medicine to such an extent that not even the opposition came out of the ruckus with any complaints against the South Carolina senator about what they had had to swallow.

Even when "Jimmy" went against the home team--and he did, importantly, several times--he was always welcomed back into the line-up with a lot of heartiness. When he fought in the ranks against the Chief Executive, he seemed to be able to do it without acquiring or leaving any scars.

Now, some Washington wags are saying that the President, in removing from the political arena the cleverest liaison man he has had in Congress has done one of the nicest things he could do for the opposing party.

He rammed the two-billion-dollar veterans' bonus bill through over the President's veto; he backed his senior colleague, Sen. E. D. "Cotton Ed" Smith, in the famous purge elections after the latter had been placed on the blacklist. He opposed the wage and hour bill. He backed out of the Senate majority leader race to throw his weight for Sen. Pat Harrison, who lost to the administration-favored Sen. Alben Barkley by only one vote.

He rammed the two-billion-dollar veterans' bonus bill through over the President's veto; he backed his senior colleague, Sen. E. D. "Cotton Ed" Smith, in the famous purge elections after the latter had been placed on the blacklist. He opposed the wage and hour bill. He backed out of the Senate majority leader race to throw his weight for Sen. Pat Harrison, who lost to the administration-favored Sen. Alben Barkley by only one vote.

THE SACRED DAGGER

by Rita Moller Hanson

Chapter 15 NO PLACE TO GO "Pete had a gun," Anne recalled. "Maybe the men are chasing him."

Slowly Anne drew her hand away from his and sat up straight. "But you said he would take no chances on the Nagaras avenging my death."

He caught and held her eye. "Hungry?" "Not in the least. I'm too stirred up. Food and emotion don't mix."

DEFENSE BOND Quiz

- Q. What happens if I suddenly need the money I put into a Defense Savings Bond? A. You can cash your bond at any time, after 60 days, for the full amount paid, plus any interest due you.

NOTE--To purchase Defense Bonds and Stamps, go to the nearest post office or bank, or write for information to the Treasurer of the United States, Washington, D. C.

The Big Spring Herald

Published Sunday morning and weekday afternoon except Saturdays by THE SPRING HERALD, Inc. Entered as second class mail matter at the Postoffice at Big Spring, Texas under order of March 1, 1939.

Man About Manhattan-- Grace Moore Will Make Flying Concert Tour of South America

By GEORGE TUCKER NEW YORK--We were talking with Jean Dalrymple, who is Grace Moore's personal manager, and she said, "Well, it looks like I may be off to South America again. We've got a 36-concert tour to do, and six weeks to do it in."

Aires. It was later, much later, that the dreams began to bother me. I never even thought about not flying. I'm not superstitious. I wouldn't miss flying--it's the only way to travel."

I thought back a few years and saw headlines in the morning newspaper about a clipper plane diving into the bay of Trinidad, of three people losing their lives, and of Jean Dalrymple--this same Jean clipper to the accompanying roar of waters rushing in through the broken windows.

All the piers that stretch their arms into the Hudson and East rivers from Manhattan's banks aren't for foreign shipping. About 40 per cent are used and controlled by the railroads. Manhattan used to have more than 200 piers in hourly use, before the war. Now a great many of them are idle. The daily tidal rise and fall is four feet.

Hollywood Sights and Sounds-- Harry Carey, Cowboy Star Has Comeback Qualities

By ROBBIN OONIS HOLLYWOOD--A bunch of old movie cowboys were lamenting the passing of the old-time cowboy stars. Talkies had driven them from the picture ranges to the two-day stage or to the circus.

The party was at Harry's ranch near Saugus, 40 miles from Hollywood. It's a real ranch, not one of these Hollywood half-acres with an orange tree and a station wagon.

Otto was a prophet. That guy Carey, even then, was banished from the movie plains, following a circus through the middle west. But he bounced. The other day, celebrating his 33rd year in the movies, they threw a party for Harry and his latest picture, "Shepherd of the Hills."

They're a hearty clan, these Carey's. Harry, getting on past 60, is sturdy and straight, blue eyes keen in faded weatherbeaten face. No fancy cowboy rig--just boots, trousers, a flannel shirt. Ollie is still slim and pretty, but no fussing about her looks. The girl Ellen (Cappy, they call her) is 17, a slim range princess who can jiggerbug, ride a barback, or operate on a horse with equal ease.

Are You Listening?

Comic strip with multiple panels. Characters are talking about fishing, matches, and a pilot. One character says: "I've decided to smoke a pipe from now on." Another says: "Two more days and I'll be on vacation." A third says: "But it's always gone out. I've got to get it out now." A fourth says: "And then--no for the time being. I'll get a giant salmon."

Comic strip titled 'Blondie'. Characters are talking about fishing, a water bag, and a prophecy. One character says: "Daddy's staying late on his fishing trip." Another says: "Yes, they drove a hundred miles to the lake." A third says: "He'll be real tired when he gets home." A fourth says: "Yes, dear, well, get the tub with ice ready for him to put the fish in." A fifth says: "Goodie--here comes daddy." A sixth says: "Must you all stare at me like that?"

Comic strip titled 'Barney & Snuffy'. Characters are talking about a gentleman, a prophecy, and a water bag. One character says: "A gentleman to see you, sir." Another says: "I just couldn't resist meeting you, Mr. Smith--by Jove, what a man you are!! Why--this nation might have been on the rocks if you hadn't fought those foreign spies and saved our military secrets--you're a hero!! Your name will go down in history!!" A third says: "What I really wanted to see you about--how are you fixed for insurance?"

Comic strip titled 'Anniversary'. Characters are talking about a puzzle, a prophecy, and a water bag. One character says: "I'll bestow it, Abbie, if trying to decide the best family to have Anne live with isn't harder to solve. That's a Chinese puzzle." Another says: "I've always figured our folks was a mighty decent, honest lot of humans, but--and in telling you, it's a mighty big 'but'--none of 'em fills the bill exactly." A third says: "I think the trouble with you is that we love the child so much we expect her guardians to be shiny angels with snow-white wings and--" A fourth says: "Wait--here comes Anne, now--you have a talk with her--maybe the youngsters, herself, can give the correct answer."

Comic strip titled 'Oakley'. Characters are talking about a prophecy, a water bag, and a water bag. One character says: "Yes, I believe I'm hearing home!" Another says: "Now I know I'm almost home!"

**Playtime In Legislature**

AUSTIN, June 25 (CP) — Rep. Fred V. Klingeman of Karnes City plainly was in a lather. He had lost something and wanted it returned. He hurried to the microphone and interrupted proceedings of the house.

"Mr. Speaker," he told Speaker Homer Leonard of McAllen, "I had a copy of the W. Lee O'Daniel News on my desk and it is gone. I would greatly appreciate its return."

He paused, then added: "I don't care about the O'Daniel News. But it had a telephone number on it."

The cost of seersucker suits and the language which "country boys" can understand figured in house deliberations the other day.

Rep. Dorsey B. Hardeman of San Angelo was presiding temporarily as speaker and Rep. Jimmy Phillips of Angleton took exception to "big words" which Hardeman used.

Phillips loudly objected: "Get down to the level of us country boys."

Hardeman just grinned, but Rep. Mark (Hop) Halsey of Lubbock came to his defense.

"If Jimmy is going to be a country boy," Halsey snapped into the loudspeaking apparatus, "he ought to quit wearing those \$30 suits."

"Whoever heard of seersucker costing \$30?" roared Phillips.

For weeks the senate and house had wrangled over when and how to terminate the session. The senate wanted to adjourn sine die; the

**Cobb Drubs Babe In Golf Match**

NEWTON, Mass., June 25. (CP) Ty Cobb may have first blood on Babe Ruth, his fellow baseball hall-of-famer, as far as their "grudge" golf matches are concerned but the latter is hiding his time and he does not expect to be kept waiting over long.

"What else can you expect when you can't sink two-foot putts," Ruth philosophized yesterday when he took a 3 and 2 drubbing from the Georgia Peach in the first of their charity exhibition series here at Commonwealth. "But watch me take him when we get to fresh meadow in Flushing, N. Y., on Friday. There's a course that's built for my game."

**Toy Air Fleet Blinded**  
 CAMDEN, N. J.—Twenty-four aircraft carriers with their complement of hundreds of planes and large quantities of ammunition were destroyed by fire at Camden—but no heavy suffered. The fire swept a cartons of toys off a railroad platform—ruining the small vessel and a quantity of cap pistol ammunition.

**Story**

Continued From Page 13

supposed to exist a high level plain on which is situated the hidden city of Shy-a-Nago.

"Can a city be hidden on a plain?"

"It can if surrounded by higher mountains inhabited by a race of fierce natives pledged to keep all knowledge of the place secret from other men until the appointed time."

"Which has come?" she asked.

"It all depends," he said with an amused glance at her, refusing to be hurried. "Tradition has it that in this section of Asia a great colonial nation, springing from some continent farther west, a land of bliss and mystery, had been established thousands and thousands of years ago, before the mountains rose. This country here is supposed to be the land bridge between the Pacific continent and Siberia, reaching to Europe." He changed his position and stretched out beside Anne resting on one elbow.

"With the rising of the mountains this one city was lifted up intact—neither shattered by earthquakes nor buried in volcanic ash."

"That seems impossible," she murmured.

"So does the great pyramid seem impossible when you think of it, but there it stands. . . . The story goes that ruling inhabitants of this city of ours soon sank with their slaves to a savage remnant from which has sprung the Nagara tribe."

"How wonderful if it proves to be true!" murmured Anne with shining eyes.

"The only man not a Nagaran known to have seen the city was a Tibetan hunter who came out carrying this two-headed image of mine in one hand and two rubies the size of marbles in the other. But his hardships had been too much for him. He died in delirium a few weeks later."

"And the prophecy?" Anne prompted.

On The Horizon

Sherwood walked back and forth while he talked, and, happening to lift his eyes to the horizon, suddenly stiffened like a man turned to stone.

Anne sprang to her knees and then to her feet. She saw the same object.

"Is it some one moving?" she asked.

"I cannot tell. Let's climb to the top of the cliff." For the object they saw seemed to move behind a ridge of clay like a man behind

a fence moving with only his head visible.

From the crown of the rock when they arrived there, climbing swiftly, they could see no sign of movement. Anne felt sick with disappointment. The view that spread out before them was revealing in its desolation. An endless expanse of shallow clay ridges, dunes encroaching on the east, reached to hazy distances that had no background save sky except in the direction of the Bekkan Bula mountains which rose, afar off, to glistening snow heights and merely served to show the helplessness of man.

"This will be a furnace in another month," said Sherwood. He looked at Anne, who had dropped down panting. "We shouldn't race like this and use up our strength for so little profit." He reached out a hand to pull her to her feet. "Let's go back to the tent."

"There's no object," she said hastily.

"We'll have something softer than stone to rest on."

"I am feeling bruised," she admitted rising and examining the weathered rock pattern indented on the heel of her hand.

They looked once more at the ridges across the bowl. Slowly an eagle rose and glided away in the sunset.

"So that's what it was! At least we have aristocratic neighbors," murmured Anne. Sherwood made no reply.

Anne's feet lagged as they approached the tent and he slowed down with her. She felt buffeted by cross winds of secret emotions trying to tear her from her mooring.

"We shall be rescued," she told herself vehemently. "I refuse to believe anything else."

They paused before the tent and Sherwood turned and regarded her in an odd way, his eyes dark and narrowed under their thick lashes. She felt her pulses begin to race despite an effort at calm.

To be continued.
