West Texas—Tonight and Saturday, partly cloudy.

VOL. VII

SENTENCE SERMON

Debt and happiness are only casual acquaintances at best. It is almost impossible for them to be on friendly terms.

CRUDE OIL TAKES ANOTHER UPWARD CLIMB

WATER STANDPIPE NEARLY CLAIMS MAN'S LIFE

MAN ENTERING TANK TO MAKE REPAIRS SWIMS

Rope to Which He Clings Comes Untied; Spends "Age" in Darkness.

Even though all parties concerned in the following adventure, which has just come to light, may deny knowledge of it and confirmation is lacking, there is reason to believe that Ranger's new standpipe on Eastland hill proved a wet and disastrous dungeon for one city employe for nearly two hours not so very long ago, and thoughts of vengeance that flitted through his mind during the period of incarceration were only dissipated by his thankfulness when finally rescued and the profuse apologies of those who, in a measure, contributed to his hour or two of profound meditation on the marker on the standpipe that indicates how much water is stored. Several city employes examined it on the outside and determined it would be necessary for one of them to enter the tank, then nearly half full of water, to make repairs. There is a little hole at the top of the tank through which one may enter. A rope was procured and one of the party was lowered through this hole, the others standing on the ground grasping the other end of the rope so that when repairs had been made they could pull their comrade out. It was tiresome holding the rope, so they tied it to a post and sat down to await the signal, three sharp pulls on the line, that had been agreed upon.

But it is not everyone who can tie a knot that will hold. The man in the tank completed the repairs and gave the signal. To his surprise and alarm the entire length of the rope came to him. His tugs had loosened the knot without attracting the attention of his friends and he was in a dark tank swimming in 20 feet of water, holding to a bob that would not sustain his weight and calling in vain for help, knowing that none outside the tank could hear his voice.

Finally the comrades outside began to wonder how long before their friend would come out of the tank and then they saw the rope had disappeared. While one ran hurriedly to get a new line, another climbed the ladder to the top of the tank and peered anxiously in. He was reassured by the voice of the swimmer, who pleaded for help, declaring that he had been in the tank swimming about for more than two days, having counted the hours of the night and day, and was becoming both tired and hungry. Promise of relief in a few minutes was given, but arguments to convince the swimmer he had been in the tank less than two hours fell on deaf ears. Two days was the entire length of the swimmer's ordeal; in fact, he really believed he had been in the tank much longer. When the rope finally arrived and he was assisted out, it was hard to prove to him that it was the same day he had entered the tank.

It was agreed between all the parties that nothing would be said of the occurrence to anyone, but one of them must have talked in his sleep and been overheard.

Fireworks Exhibition In Ranger Tonight to Be Wonderful Display

The exhibition of fireworks in Ranger, postponed from July 4 because of the wet weather at that time, will be given tonight soon after dark in Nitro park, where everything is in readiness to accommodate a big crowd. Those having charge of arrangements promise it will be one of the finest pyrotechnic displays ever seen in West Texas.

HEALTH BOARD ISSUES TYPHOID FEVER WARNING

AUSTIN, July 10.—A warning against typhoid fever was issued from the state board of health today, saying that the fever rate is high in southern states. Typhoid vaccination is urged with sanitation of premises and treatment of milk and water.

FURNITURE MAKERS FINED FOR VIOLATING THE LAW

CHICAGO, July 10.—Eighty-two furniture manufacturers today pleaded guilty to violation of the Sherman anti-trust law and were fined in amounts totaling \$186,000. The fines imposed brought the total amount since the investigation started to \$420,000.

One-Crop Idea is Absurd and Ruinous To Country's Prosperity Says R. Q. Lee, President West Texas C. of Commerce

MEMPHIS, Texas, July 10.—R. Q. Lee of Cisco, president of the West Texas Chamber of Commerce, attacked the one-crop idea in Hall county, which at the present time is almost one solid cotton field. He compared the reckless abandon with which Hall county farmers have turned to cotton with the mad lust for oil that broke down the agricultural structure of Central West Texas and brought ruin and disaster to his own section, which regained prosperity only through diversified and intensive farming. Although Hall county farmers are today rolling in the wealth produced

ESTIMATES OF WHEAT CROP GO SLIGHTLY DOWN

Acres Less Than Last Year and Somewhat Smaller Yield Expected.

WASHINGTON, July 10.—The condition of all wheat in the United States on July 1 was 73.40, forecasting a total production of 680,000,000 bushels, the department of agriculture estimates show. This compares with 73.5 per cent on June 1, when the forecast was for 661,000,000 bushels and 75 per cent on July 1, last year, when 873,000,000 bushels were produced.

The yield per acre this year was estimated at 12.6 bushels compared with 16.1 last year and a five-year average of 13.9.

Wheat remaining on farms on July 1 was estimated at 13.4 per cent of last year's crop, or about 29,705,000 bushels as compared with 30,930,000 bushels on the same date last year.

The acreage of all wheat is 53,894,000—99.6 of last year's acreage.

The condition of winter wheat on July 1 was 65.9 per cent, forecasting a production of 404,000,000 bushels compared with an estimate of 407,000,000 bushels on June 1, and a production last year of 590,000,000 bushels. The yield per acre was estimated at 12.3 bushels compared with 16.2 last year and a five-year average of 14.7.

The condition of spring wheat on July 1 was 86.1 per cent forecasting a production of 176,000,000 bushels, compared with an estimate of 254,000,000 bushels on June 1 and a production last year of 293,000,000 bushels. The yield per acre was estimated at 13 bushels, compared with 15.9 last year, and a five-year average of 12.3.

West Texas Sheriffs Have Meeting in Eden

Sheriff Bob Edwards, Deputy Sheriff Virgil Foster and Chief of Police Elmer Lawrence of Eastland presided at the sheriff's convention held at Eden in Concho county, Wednesday and Thursday. They report a large attendance and a splendid meeting. A big free barbecue, prepared by the citizens of Concho and surrounding counties, was served.

FORBES AND THOMPSON FILE THEIR APPEAL BRIEF

CHICAGO, July 10.—Attorneys representing Charles R. Forbes and John W. Thompson, today filed an appeal in the United States court of appeals from the conviction of Forbes and Thompson on charges of conspiracy to defraud the government in erecting veterans' hospitals. Forbes, head of the United States veterans' bureau, and Thompson, a wealthy St. Louis contractor, were found guilty last summer and were sentenced to two years in prison and fined \$2,000 each.

THE WEATHER.

West Texas—Tonight and Saturday, partly cloudy.

PRESIDENT IS CONCERNED FOR CHINESE ISSUE

Summons Secretary of State Kellogg for Conference on Situation in China.

WASHINGTON, July 10.—President Coolidge has hurriedly summoned Secretary of State Kellogg from St. Paul and Under Secretary Grew from Washington, to the summer white house at Swampscott, Mass., to confer on the serious Chinese situation which has suddenly taken a turn for the worse. In a week-end conference, beginning tomorrow, the president and the state department chief will make the critical decision as to whether the United States will stand on its demand for an immediate conference on submission to the British pressure that they want.

With anti-foreign sentiment rising rapidly in China, threatening further violent outbreaks, any longer delay by foreign powers in replying to China's unanswered and demanding treaty revision and apologies for the Shanghai affair is considered dangerous.

This government is now insisting, through its representatives in Peking, London, Paris and Tokio, that those powers signatory to resolution No. 5 of the Washington arms conference providing for a Chinese conference to consider Chinese extraterritorial terms make good their promise now.

SWAMPSCOTT, Mass., July 10.—Secretary of State Kellogg will visit the summer white house tomorrow to confer with the president on Chinese affairs. The president's office here flatly refused to discuss the reason for Kellogg's sudden trip from St. Paul.

Man and Woman Shot To Death and Mystery Hangs Over Tragedy

RUMSON, N. J., July 10.—William D. Walling Jr., a detective sergeant of the Long Branch police force, and Miss Mary Linzmayer, 19, a graduate nurse of the Monmouth Memorial Hospital, were found early today dead from bullet wounds on the rear seat of Walling's sedan. The automobile had been parked at the intersection of two roads. A revolver from which two shots had been fired, a cartridge belt, holster and a blackjack were found on the floor of the sedan. The windows of the car were open, but the lights of the automobile had been extinguished.

Fred Merdendons, watchman of a nearby estate, told the police he heard three shots fired in rapid succession, after which he found the bodies in the rear of the sedan. Both had been shot in the region of the heart.

FORMER POLICE CHIEF IN SAN ANTONIO IS DEAD

SAN ANTONIO, July 10.—A. C. Van Ripper, constable of the San Antonio precincts, a former chief of police in San Antonio and a well known police officer in Southwest Texas, died late Thursday following an operation.

ST. EDWARD'S COLLEGE PRESIDENT REAPPOINTED

SOUTH BEND, Ind., July 10.—Bringing to a close the three-day session of the Order of Holy Cross of the University of Notre Dame, appointments to executive, superior, and pastorate officers in universities and colleges which are in charge of the order throughout the United States, were announced today.

They include Rev. Joseph Burke, president of St. Edward's college, Austin, Texas.

Dryin' It Up

They're trying to spread prohibition in South Africa! Mike H. Thomas (above), who pays the biggest income tax of any man in Dallas, Tex., has donated \$20,000 to send Dr. Jesse R. Kellems, evangelist (below), to Cape Town and neighboring cities for a year's lectures. He is considered an accompanying him.

CLOUDS TEMPER SUN'S RAYS, BUT RAIN FALLS NOT

Large Part of Texas Oppressed by Heat; Eastland County Hoping for Rain.

Heavy clouds hung low over portions of Eastland county early this morning, being especially black and threatening in the northeast, but before noon they had been largely dispelled, although the sun shone with diminished force because of intervening vapors.

Although weather bureau reports gave no promise of rain, the fact that showers were falling in Oklahoma aroused hope they descend over North and West Texas, reaching Eastland county, before a great while.

DALLAS, July 10.—High temperatures were forecast for the entire state today with no relief in sight from the oppressive heat of the last three days. Only clear weather was predicted by the weather bureau.

SHOWERS GIVE RELIEF FROM HEAT IN OKLAHOMA

OKLAHOMA CITY, July 10.—Showers today gave some relief from the tropical weather of yesterday, when the mercury climbed to 112 degrees at Weatherford, Okla., and above 100 in virtually every section of the state. Heat records of 20 years' standing were broken here when the temperature registered 104.4. Altus, Okla., reported a temperature of 108.

Corn and other green vegetables that stood fresh and green in the morning had been baked to a dry crisp before night.

LIQUOR LAW VIOLATIONS CHARGED IN INDICTMENTS

PHILADELPHIA, July 10.—Five firms and 48 individuals were indicted by the federal grand jury today for the illegal diversion of alcohol. The indictments climaxed five months of investigation by the government.

EVOLUTION AND SCOPES FACING COURT TODAY

Judge Seeks Divine Guidance in Trial, After Which Pictures Are Taken

DAYTON, Tenn., July 10.—While the great throng that overflowed the Rhea county court house stood with bowed heads and typewriters and keys of press associations' wires were stilled, Judge John T. Ralston banged his gavel at 9:06 o'clock this morning and opened the now famous John T. Scopes trial with prayer.

People of the countryside, counsel, newspaper men and court attaches thronged about the bench as the court requested the Rev. Mr. Courtright to ask divine guidance for the proceedings. The Tennessee pastor, in a voice that boomed through the courtroom, called on God to direct the course of the trial and give wisdom to the judge and jury.

The trial was halted after the invocation while photographers made pictures of all the principals and chief scenes in the epic battle.

On the eve of the trial Judge Ralston issued a statement in which he asked that personal issues be forgotten and the eternal truth only be sought. His statement follows:

"I approach my duties in the trial of the Scopes case with a deep consciousness that the issues are profound.

"I am concerned that those connected with this investigation shall divest themselves with all ambition to establish any particular theory for personal gratification and that we all constantly inquire for the eternal truth.

"If man, without inspiration, attempts to delve into the mystic, he finds himself overwhelmed with perplexities.

"Therefore, I am much interested that the unerring hand of Him who is author of all truth and justice, shall direct every official act of mine.

DAYTON, Tenn., July 10.—In an atmosphere which combined the elements of a religious revival and a county fair, the Scopes evolution trial swung into its first stage today.

Opened with an exhortation by the Rev. Mr. Cartwright that God might guide the decision of judge and jury, it reverted shortly after to the semblance of carnival spirit as town-folks and merely curious mingled in the huge court while a new grand jury retired for a time to bring in a strictly legal indictment against the high school teacher who started the epic battle. Then, when this jury of 13 sturdy Tennessee farmers, miners and merchants, had returned a new bill alleging the same criminal offense against Scopes but drafted in a more meticulous legal phraseology, the earnestness with which all approached the trial returned.

The indictment was merely a formality but it served to delay the start of the actual legal battle.

Dallas Elks Will Have to Answer for Tragic Occurrence

DALLAS, July 10.—Word hasn't yet reached the Elks club headquarters, on their way to the Pacific coast of the tragedy that was caused in the downtown section today as a direct result of their noisy celebration.

The bright costumed fraternal brothers fired off a few guns when they reached a certain street corner on Main—at once—and one man on the sidewalk had his back turned. He jumped, and didn't waste the jump either, but went right on and hadn't stopped when the last witness to the incident saw him rounding a corner without checking up.

But the tragic part of it hasn't been told yet. When he made the leap he dropped a bottle of red liquor and it broke into a thousand pieces, before a hundred eyes.

THREE MEN SOUGHT FOR MURDER OF YOUNG GIRL

CHICAGO, July 10.—Police today searched for three men thought to be responsible for the murder last night of Miss Madeline White, pretty 17-year-old girl. Her body, badly bruised, was found at dawn under a front porch, a block from her home.

Earthquake Shock Is Felt in Montana

GREAT FALLS, Mont., July 10.—An earthquake shock lasting about 30 seconds shook the Big Belt mountain district at 7:45 a. m. today. The shocks apparently centered between White Sulphur Springs and Three Forks, the area which suffered most from the severe quake on the night of June 27.

No serious damage was reported, although the quakes were felt distinctly at Lombard, Manhattan, Logan, in the Gelatin valley and other points as far north as the Springs. People were momentarily terrorized as they hastened from buildings into the open.

WASHINGTON, July 10.—The Montana earth tremor was recorded on the Georgetown university seismograph here at 9:56 a. m. to 10:15 a. m. today. Rev. Father Tondorf, seismograph expert, declared it was a minor shock, known as an after quake resulting from the recent earth upheaval there.

BRITISH WILL MAINTAIN RULE IN SHANGHAI

Threaten to Deport Unemployed Chinese and Flog Strikers Intimidating Workers

LONDON, July 10.—Deportation of unemployed Chinese in the strike ridden city of Hong Kong and flogging for men who use intimidation were threatened by Sir Reginald Stubbs, British governor of the city, according to press advices today.

SHANGHAI, July 10.—Intimidation, abduction and starvation are the newest weapons used here to force workers into joining the general strike. Many workers are being abducted and carried into Chinese territory, where they are beaten and starved, while their wives and children are abducted.

The water company is threatening to cut off the water supply to outlying district as a measure of retaliation, hoping thereby to stop the deprivations of men engaged in intimidation.

Another Fond Legend May Go Into Discard

PARIS, July 10.—After nearly five hundred years, "blue beard" is about to be cleared of the charge that he was a brutal wife murderer.

The verdict of the illustrious French scientists, lawyers and historians is about to appear in the court of cessation against his conviction and hanging at Nantes in 1440.

Instead of being the arch murderer of women, his present day defenders contend that "Blue Beard" otherwise Baron Deretz, was in reality a brilliant student of science and theology, who was unfortunate enough to have the two girls to whom he was engaged before he was 16 years old, die by accident. They claim that he had a closet full of heads of his victims was pure gossip.

The wealth he was supposed to obtain by his murders emanated actually from a gold vein which ran beneath his Brittany chateau, say his defenders, who add that he was religious and scientific.

They say he was a distinguished warrior and became a marshal of France at the extraordinary early age of 22.

Three in California Hanged for Murder

SAN FRANCISCO, July 10.—Three youths were to die on the California gallows today in execution of one murder. Behind San Quentin prison walls, Lewis Perry, 19, formerly of Dallas and Carrollton, Texas, and Tom Bailey, 22, waited for 10 o'clock, the hour they were doomed to be hanged for the murder of Policeman Glenn E. Bond of Los Angeles, Feb. 20, 1924.

In the Folsom penitentiary, Ed. Montijo, 24, sentenced to die at the same hour for participation in the same crime, hung to the last shan possibility that the death noose might be stayed by the superior court at Sacramento when Judge C. C. Busick had considered the report of an alienist for the defense that Montijo had been mentally irresponsible since childhood.

DALLAS, July 10.—"I believe I am going to die, so I want to purchase a coffin," John Choate, 72, of Sherman, told a clerk in an undertaking establishment today. While the clerk was attending to his wants, Choate turned away and shot himself. Physicians say he will probably die.

PRAIRIE MAKES ANNOUNCEMENT HIGHER PRICES

Petroleum Advances One to Eight Cents Per Unit of Gravity.

Price advances of from one to eight cents per unit of gravity for Kansas, Oklahoma and North Texas crude were announced this morning by the Prairie Oil & Gas company. This is the first price advance for several months with no intervening decline since the last higher price announcement. The new prices are stated in a telegram from E. T. Patterson, treasurer, at Independence, Kansas, which follows:

Effective today, Friday, July 10, and until further notice, the Prairie Oil & Gas company will pay the following prices for Kansas, Oklahoma and North Texas crude oil purchased at the wells: 28 degrees to and including 28.9 degrees Beaume gravity, \$1.40 per barrel; 29 degrees to and including 29.9 degrees Beaume gravity, \$1.48 per barrel; 30 degrees to and including 30.9 degrees Beaume gravity, \$1.56 per barrel; 31 degrees to and including 31.9 degrees Beaume gravity, \$1.64 per barrel; 32 degrees to and including 32.9 degrees Beaume gravity, \$1.72 per barrel; 33 degrees to and including 33.9 degrees Beaume gravity, \$1.80 per barrel; 34 degrees to and including 34.9 degrees Beaume gravity, \$1.88 per barrel; 35 degrees to and including 35.9 degrees Beaume gravity, \$1.96 per barrel; 36 degrees to and including 36.9 degrees Beaume gravity, \$2.04 per barrel; 37 degrees to and including 37.9 degrees Beaume gravity, \$2.12 per barrel; 38 degrees to and including 38.9 degrees Beaume gravity, \$2.20 per barrel; 39 degrees to and including 39.9 degrees Beaume gravity, \$2.28 per barrel; 40 degrees to and including 40.9 degrees Beaume gravity, \$2.36 per barrel; 41 degrees to and including 41.9 degrees Beaume gravity, \$2.44 per barrel; 42 degrees to and including 42.9 degrees Beaume gravity, \$2.52 per barrel; 43 degrees to and including 43.9 degrees Beaume gravity, \$2.60 per barrel; 44 degrees to and including 44.9 degrees Beaume gravity, \$2.68 per barrel.

With the announcement of a new price schedule for Mid-Continent crude oil, it is stated at the company's offices here this morning, by Dana H. Kelsey, vice president and general manager, that while the new schedule reflects an advance in some grades the action should not be taken as any indication that we of the Prairie Oil & Gas company, see anything in the general situation within or relating to the oil industry which warrants the expectation of substantial change in price so long as the present relation between production and market requirements for crude oil is maintained.

Our company has for some time contemplated such change in our price schedule, but delayed making it effective until it could be done without reducing the price for any grade. We regard this schedule as being in the interest of many producers from whom we buy and more competitive with other purchasers in the field.

If refiners, marketers and producers are able to maintain previous balances we hope to see present conditions in the industry become more stable.

(Signed) E. T. Patterson, treas.

Announcement was made this afternoon that the advance in the price of crude oil had been made by the Sinclair Oil company and the Gulf Production company. While the Texas company had not met the advance, it was believed it would be done.

RADIO PROGRAM

Radio programs are announced for today and tomorrow as follows: Fort Worth, station WCAP, 475.9 meters: Friday 7:30 to 8:30 p. m.—Miss Mary Bowman, pianist, and assisting artists. (C.B.L.) 9:30 to 10:45 p. m.—Concert given by Pearl Calhoun Davis and pupils. (W.E.B.)

Saturday 1 p. m.—R. G. Dun's business report. 7:30 p. m.—Review of the interdenominational Sunday school lesson by Mrs. W. F. Barnum.

Dallas, station WFAA, 475.9 meters: Friday 6:30 to 7:30 p. m.—Frank Davenport's orchestra, C-sharp Six Synco-peters. 8:30 to 9:30 p. m.—Mrs. Frank Floyd Eason and other Dallas musical artists in musical recital.

OUT OUR WAY

MOMENTS WE'D LIKE TO LIVE OVER—OUR DANDY OL' GRAMMA.

BY WILLIAMS

BIBLE THOUGHT
 The Second Commandment:—Thou shalt not make unto thee any graven image or any likeness of any thing that is in heaven above, or that is in the earth beneath, or that is in the water under the earth: thou shalt not bow down thyself to them, nor serve them: for I the Lord thy God am a jealous God, visiting the iniquity of the fathers upon the children unto the third and fourth generation of them that hate me, and showing mercy unto thousands of them that love me, and keep my commandments.—Ex. 20:4-6.

PRAYER.—Forbid it Lord that we should ever either by intent or by accident allow anything to replace Thee in our thought, or in our purpose or affection.

THERE'S MORE OF GLADNESS THAN SADNESS.

You may not think of it, but it is a fact that there is more of sunshine than of shadow in this globe of ours, and more of gladness than of sadness in this world of ours.

When the sun shines and the weather is balmy you go along comfortably enough without giving thought to the brightness and cheerfulness, and rarely think of mentioning it to your neighbor.

But let the conditions change only for a day, or part of a day, and you begin to growl and complain to your neighbor, and even to the stranger whom you meet in the way.

Isn't this true? The extreme of this is the habit of some people to wrap themselves in gloom when a relative passes from this troublesome world to a world of real enjoyment. They call it mourning, or showing respect for the dead, forgetting that it is a sort of ancestor worship differing only from that of the heathen Chinese in color of the cloth.

Besides if your religion is true you ought to rejoice when a sufferer is given complete and everlasting release from bodily pain. And, further, it does you no good to mourn and put on funeral airs, nor does it add in the least to the welfare of the departed.

As long as people continue to observe disagreeable customs because they are old, they will have to bear the pains and inconveniences peculiar to them.

If you desire a bright and cheerful life keep on the bright side, shy the shadows, and accept the occasional cold blasts that you encounter as inevitable, and complacently wait until they have passed, for pass they will, and be followed by balmy breezes.

Learn to love the bright, the cheery, the beautiful, and the good in this world, and you will find the shadows growing less dense, the storms less fierce, and disappointments less annoying.

BUSINESS CONDITIONS.

April sales at a very large number of retail stores in all sections of the country were 1.6 per cent larger than in April, 1924. Sales of mail order houses were 7 per cent larger than last year, and buying at 5-and-10-cent stores was 10 per cent greater. Automobile production was the largest of any month on record. Building expenditures authorized in April in 170 cities was 36.6 per cent larger than April, 1924. New life insurance written during the first four months of this year show a gain of 12.8 per cent over the same period in 1924, and savings deposits also show a large gain. Wheat, corn and cotton crops are in good condition and promise big yields.

These reports indicate a healthy business condition and form the basis of the optimistic sentiment among business men.

The worth of the body means very little—almost nothing. But each body has a kit of neat tools. The more intelligence you employ in handling these tools, the more valuable your work becomes. That's all there is to great men—dead or alive—intelligence.

Society
 AND THE ACTIVITIES OF WOMEN IN RANGER
 Mrs. R. B. Campbell, Editor
 Telephone 224

SATURDAY.
 Ice Cream social at First Christian church in the evening.
 Helpers' bake sale at 2:30.

BAKE SALE.
 The Helpers' class of the Methodist Sunday school will hold a bake sale, tomorrow afternoon. Their wares will furnish many goodies for the Sunday dinner or picnic.

CASH FAMILY BEREAVED.
 J. W. Cash was called to Arkansas City, Kan., several weeks ago on account of the serious illness of his mother, Mrs. J. M. Freel, who passed away on July 1. Mrs. Freel had been ill since March, as she underwent an operation at that time, from which she had never regained her strength, so her death was not entirely unexpected. Mr. and Mrs. Cash were with her one week before the end came, returning to Ranger yesterday. Mrs. Cash visited with her family in Coffeyville, Kan., a few days before returning home. The many friends of the family here extend their sincere sympathy in this great bereavement.

LAWN SOCIAL.
 Announcement of a lawn social takes one back to the days of festivals and church socials, when the social life of a community practically revolved around the affairs given by the churches, and time had not dulled their lure. The one on the lawn of the First Christian church tomorrow night promises to be a very attractive affair, with its ice cream, home-made cakes, and lemonade. Doubtless a great portion of Ranger's Saturday night downtown crowd will find it a welcome oasis.

RANGER COUNTRY CLUB ANNOUNCE DANCE.

Invitations are being mailed to the members of the Ranger Country club for a dance Tuesday evening, July 14, at the country club. This dance is being given for the members of the club and each member will be permitted to bring one lady and one gentleman, which naturally means that this will be an exclusive dance. Gus Coleman's six-piece orchestra will furnish the music.

PERSONALS.

Mrs. R. M. Cuney and little sons, Phil-Bert and Bobby, arrived Thursday from Los Angeles, to spend the summer with Mrs. Cuney's parents, Judge and Mrs. A. E. Firman.

Dr. H. M. Barker of Olden, left yesterday for Chattanooga, Tenn., and points in South Carolina, where he will visit until the last of the month. Mrs. Barker and children, Son and Christine, are now visiting relatives in Chattanooga, and they will return to Olden with the doctor.

Mrs. C. S. Thompson of Arlington is visiting at the S. W. Bobo home, in the Bobo addition.

Mr. and Mrs. Howard Cole Jr. are back in Ranger temporarily. Mr. Cole has been doing special work at Georgia Tech for the past year, and while Mr. Cole was at his studies Mrs. Cole employed her time by taking a commercial course and is now working at the Baltic Gasoline plant in the capacity of stenographer. Mr. Cole is doing detail work on the Carter gasoline plant. About the latter part of August they will leave for Berkeley, Calif., where Mr. Cole will continue his studies at the University of California. This young couple are among the few that have had the courage to quit a good position in order to better prepare themselves by college degrees and deserve a great deal of praise for living up to "the courage of their convictions." Mrs. Cole is the daughter of Mr. and Mrs. S. W. Bobo and was formerly Clover Bobo, while Mr. Cole is a son of H. S. Cole Sr., of Bonham, formerly of Ranger.

Mr. and Mrs. T. R. Valliant of the Flower shop are expected home today from Brownwood, where they have been attending the state florists' convention this week.

Miss Hope Corbett has returned to her home in Stephenville after a short visit with Miss Ernestine Davis.

Mrs. Sanders and little son are the guests of Mrs. Sanders' parents, Mr. and Mrs. Jones, at their home on Cherry street. Mr. and Mrs. Jones have recently moved to his home, having sold their home in Dallas and located here. Mr. Jones is with the Texas company.

George Cullins of Batesville, Ark., is the guest of his sister, Mrs. Carl C. Cooper. Mr. Cullins is very much impressed with Ranger and is here with a view to locating.

The historic river Jordan may soon be harnessed to provide electrical energy for present-day Palestine. Plans have been formulated involving the expenditure at the start of \$10,000,000 for the electrification of this region which include raising the level of the sea of Galilee and the construction of hydro-electric generating plants along the Jordan.

Out of bed and into Kellogg's! Boy! What a breakfast! Each crackly crisp flake is chock-full of flavor supreme!

Tomorrow, for breakfast, a flavor surprise, a flavor feast—a big, happy serving of Kellogg's Corn Flakes—a pitcher of milk or cream—perhaps, fresh or preserved fruit too! Just the ticket to start the day right! Served and sold everywhere.

Kellogg's CORN FLAKES

Open-fresh ALWAYS Kellogg's patented iron-orested, waffle wrapper processes the flour and keeps the flakes fluffy-soft. This is an exclusive Kellogg feature!

HEALTH SURVEY FOR CHILDREN CARRYING ON

All to Enter Ranger Schools First Time Next Fall to Be Examined by Nurse

The summer round-up for "better" children in Ranger is at hand. The Child Study club and the Parent-Teacher association of Ranger are sponsoring an examination of all children who expect to enter school for the first time next fall.

Arrangements have been made for cars to be at the several school buildings in Ranger, July 14, to take the children to the office of the city nurse for examinations. The hours are to be between 9 and 12 a. m., and 2 to 5 p. m. It means much to the child, it is said, to enter school 100 per cent perfect in health. A record of weight and measurements every three months is urged.

In 213 first grade children examined last September in Ranger, more than 50 per cent were found with abnormal tonsils, adenoids and defective teeth. This condition leads to deformed noses and jaws through mouth breathing, infected neck glands, deafness, heart trouble and general poor health.

All persons entering their children in the Ranger schools for the first time next fall may, if they prefer, bring the children themselves to the office of the health nurse, second floor of the Guaranty Bank building, but if not able to do so, may send them to the school they are to enter, from where they will be taken to the office of the health nurse and later returned to the school.

STATE VOCATIONAL BOARD PLANS FOR YEAR'S WORK

By United Press. AUSTIN, July 10.—There was a meeting of the state vocational board Friday to make final plans for work in Texas during the coming scholastic year. Because of Governor Ferguson's veto of the main Texas appropriation measure, the amount available from this state has been materially reduced but the local fund will enable Texas as a whole to obtain the full share of federal funds.

DID YOU EVER STOP TO THINK

By E. R. Waite, Secretary Shawnee, Okla., Board of Commerce.

That J. F. Owens, vice president and general manager of the Oklahoma Gas and Electric company, one of the greatest public utilities executives the world has ever known, says:

That one of the greatest problems confronting the country today is the retention on the farm of the type of men, who after leaving the farm,

You Can't Beat Our BARBECUE

WITH PAPER AND PENCIL

THE JAMESONS

132 PHONES 135

have made successes in modern business ventures. That to keep men of this character on the farm there must be brought to the farm many of the conveniences that are commonplace in city life. That these conveniences must be such as will eliminate much of the drudgery incident to farm life and bring more profits. That men and women on the farm are entitled to leisure hours for recreation and cultural development. That electricity has demonstrated by its use where it is available in the country that much of the drudgery incident to farm work may be eliminated by taking advantage of what electricity offers. That bringing electricity to the farms offers many intricate problems, but that these problems should be studied by all of the parties interested, to the end that the greatest utilization of this modern boon to mankind may be available for the rural sections to the same extent as it is in urban localities. Careful study of the problems involved in bringing electric power to the farms will prove to all parties at interest its feasible application to agriculture.

(Copyright, 1925.) Assignment, S. J. Price to Clara Ellen Watt et al., 298.57 acres out of Texas Immigration Land Co. survey, Eastland county, \$1.

How Well Did He Know Scopes?

This is what started all the evolution trial fuss in Tennessee. It is a facsimile of the telegram sent by George W. Rappleyea, instrumental in bringing about the indictment as a test of the anti-evolution law, to the American Civil Liberties Union. Since he gives John T. Scopes' name as "Scopes", perhaps he didn't know him as well as he has since indicated.

ANNOUNCEMENT

Miss Mitchell Is Here In Person All This Week!

Miss Mitchell—an authority on cosmetics and their application for perfect complexions—is now in our store demonstrating Arabian Toilet Preparations. Miss Mitchell has just returned from Chicago, where she has been visiting the Arabian laboratories. During the demonstration she will be glad to give authoritative advice about your individual complexion needs.

When you visit our department, be sure to ask about Arabian Wrinkle Eradicator. This wonder-working cream absolutely banishes wrinkles, lines and furrows from the face.

Arabian Pore Cream is indispensable to women who seek creamy-rose complexions. With just a few applications, Arabian Pore Cream removes bumps, blackheads, and all blemishes from the faces of men, boys and women.

Each of the eighty Arabian Toilet Preparations is absolutely guaranteed on a "money-back-if-not-satisfied" basis.

WHAT DOES EACH CITIZEN OWE TO THE COMMUNITY

If a city were wiped out, some persons would lose nothing more than a job, others would lose a small amount of personal property, others would lose investments, and still others would lose a profitable practice or an income-producing business.

The organization bureau of the Chamber of Commerce of the United States calls attention to the fact that some of the larger chambers of commerce have adopted this theory and in building up their communities have asked their members to contribute to "service funds" on the

basis of their financial stake in them.

"Recently," says the bureau, "this service fund, sometimes called budget fund, or sustaining fund, or activities fund, plan has been put into successful operation by four chambers of commerce in larger communities, namely, in Scranton, Pa., in Dayton, Ohio, in Tulsa, Okla., and in Stockton, Calif. The plan

Legs and Cats Must Be Watched for Any Signs of Rabies

Since the coming of real hot weather, persons have been warned to watch both their dogs and cats for any indications of rabies. While it is only occasionally that any of them go mad, the exceptions are so dangerous that it is necessary to be vigilant at all times. A cat killed in Ranger only a few days ago when it began acting queer was said after examination to have been afflicted with rabies.

JUDGE R. F. ARNOLD OF HENRIETTA IS DEAD

GRAHAM, Texas, July 10—Judge R. F. Arnold of Henrietta, Clay county, died Wednesday at the Graham hospital after a long illness and was buried here Thursday afternoon. Judge Arnold was born in Mississippi in 1857. He was married in Mississippi in 1882 after having moved in 1876 from that state to Fort Worth where he was admitted to the bar. Graham was his home from 1878 until he moved to Henrietta a few years ago.

Three children survive Judge Arnold, and their mother was buried here only a few months ago. The children are Fred T. Arnold of Graham, R. F. Arnold Jr., of Clovis, N. M., and Dr. C. K. Arnold of Henrietta.

American Legion Endowment Preachers Have Exciting Ride

SAN ANTONIO, July 10—A head-on flight into a heavy rain cloud eight thousand feet high, so black the aviators could not read the compass, was one of the thrills experienced by American Legion endowment fund workers who have returned to San Antonio, from a 48-hour visit to the

COMMON MALADY IS FOUND SERIOUS AMONG WOMEN HERE

Remarkable Discovery of the Cause of Nine Out of Every Ten Cases of So-called Female Troubles Results in Perfection of Wonderful Medicine.

The charm of woman is very easily destroyed. Very often girls go hopelessly through that period of life when all her companions are looking forward with eagerness and rapture to the day when they shall realize the greatest ambition of their life and become a happy bride. You have seen her arrive at the doubtful age of 30 still with no prospect of marriage, while all her other girlhood friends are either married or about to be. It is easy to see that she doesn't attract men in the way that her chums do, but why doesn't she?

What is holding her back from the realization of every girl's dream? She has nice features, education, brains, perhaps money, but no man seems to be interested in her.

The answer to the question lies in the state of her health. She would be a liability instead of an asset to any man. She has broken engagements with them because she was too sick to keep them; she has alarmed them by her nervousness, and angered them by her irritability. Regardless of her charming personality when she is well she cannot make up for her shortcomings when she is sick.

Only a few weeks ago the discoverers of the now famous St. Joseph's G. F. P. made the prediction that within a few years after the universal use of G. F. P., by the women of this country, such common ailments as nausea, pains in the sides, back and legs, headaches, cramping spells, and that awful tired-out run-down feeling of depression, will be a thing of the past. And the way it is causing women to become miracles of restored energy, strength and vitality with glowing, healthy buoyant spirits, proves that this prophecy is coming true.

Women Now Depend on St. Joseph's G. F. P. To Restore Their Vitality

What the World Is Doing

(As Seen by Popular Mechanics Magazine)

Roadway Raised as a Barrier to Guard Crossings

Barricades operated by hydraulic pressure applied by the trains, have been suggested for prevention of accidents at railway crossings. They are to be constructed as triangular platforms elevated from the road level by the weight of the engine and cars, and sink back to a horizontal position when the train has passed. Vivid "Stop" signs on the sides, illuminated at night, would give motorists ample warning at a distance.

Foot Switch for Car Signals Increases Auto Safety

Stop-signal and direction lights are flashed for the guidance of motorists by pressing a foot switch fitted on the bot-

tom of the car so that the driver need not remove his hands from the steering wheel. It may be operated either

Rio Grande valley and Laredo. Addresses were made before five meetings and conferences held in nine communities, according to a report just received by American Legion national headquarters here.

One of the legionnaires was Paul H. Jordan, basso of the famous "Keno Four," official national American Legion cowboy quartette, now engaged in endowment fund work as national field secretary in the Texas campaign.

The other passenger in the two army aeroplanes that made the flight was the Texas state adjutant of the legion, G. L. Folbre.

The use of the aeroplanes was obtained through the courtesy of Brig. Gen. Paul B. Malone, commander of

Oil Extracted from Locusts Lubricates Watches

Oil extracted from locusts is being used in South Africa as a substitute for purpose oil as a lubricant for watches and other delicate mechanisms. The insects are fed into presses which crush them and the resultant oil is refined and allowed to stand for a year. Its quality is then determined by its color, consistency and odor. The solid matter remaining after the oil is extracted, is made into cakes that are used for poultry feed and defray much of the expense of making the oil.

Improved Electric Stove

When one housewife wanted an electric stove, she took a tin can, 6 in. square and 6 in. high, and cut a slot, 6 in. long and about 1 in. wide, in one side with a can opener. One end was also cut open. The electric flatiron was slipped into the slot with the bottom up, as shown, and the stove was ready for cooking. All kinds of liquids may be kept hot on it, and it has various other uses.

Hundred Bolts of Lightning Flash Every Second

According to a London weather-bureau report, there are about 1,800 thunderstorms in progress every minute throughout the world, giving 360,000 lightning flashes an hour or 100 every second. Observations made from 3,000 stations, indicate that the earth experiences 16,000,000 storms of this character each year, about 44,000 daily. At certain posts in tropical countries, during the rainy seasons, distant thunder is such a common occurrence that the observer frequently forgets to enter it in his register.

"Deadliest Ray" Is Reported

Said to be more destructive than any previous invention of its kind, a new death ray discovered by a German has an effective ground range of forty miles and operates to an altitude of more than 45,000 feet. Men and animals are rendered unconscious by the mysterious force of its waves, the paralyzing influence lasting for six hours, according to reports to the department of commerce.

the second division, U. S. A., and vice chairman of the San Antonio committee of the endowment fund, which is being raised nationally for the cure and assistance of disabled veterans and for the care of helpless orphans of former service men.

Jordan, who enlisted in the marines July 9, 1917, has been working early, late and between times in behalf of the endowment fund. He is an attorney of Omaha, Neb., and was with the "Keno Four" on its strenuous singing tour of a group of southern states before he was assigned to the work in Texas, which now is raising its share of the fund.

The first lap of the flight was to Brownsville, then Harlingen, where \$1100 has been donated. Returning to Brownsville, the two planes hopped off early in the morning for Laredo, 200 miles away for luncheon and meeting with legionnaires and prominent citizens. Neuclos was visited. Returning to Brownsville, a side trip

was made to San Benito, Mercedes, which already had oversubscribed its quota, promised to double it to help bring up the state total.

It was on the return trip from Laredo that the black rain cloud was encountered. The planes dashed through the downpour for thirty miles without accident.

When a Mountain Peak Fell Off

This lake was formed overnight at Jackson Hole, Wyoming, when the top of Chief Mountain fell off and slipped down into the river valley forming a dam half a mile across and 275 feet above the old river bed. Across the lake to the right, the waters covered a ranch house that was on the bank of the stream before the landslide.

U. S. INDUSTRIES AFFECTED BY WASTE OF HUMAN LABOR

NEW YORK, July 10.—Waste of human labor is a serious handicap to the industries of this country in the struggle for the world's markets, in the opinion of Lawrence W. Wallace, executive secretary of the American Engineering Council. Europe's great advantage, he points out, is cheap labor. To offset this Wallace urges that steps be taken to eliminate waste, and to extend the use of material handling and processing machinery in the workshops of the United States.

"It is evident," he says, "that if American industry is to hold its position in world trade it must eliminate the enormous waste occurring and this can be done by extending and intensifying the management function. "European industry has an unlimited supply of cheap labor. We have a limited supply, and labor in America is paid more in real money than anywhere in the world. Furthermore, American industry and commerce will be confronted with an annual reduction in the addition to the unskilled labor supply of about 800,000 as compared with years previous to the war, due to the restricted immigration policy."

Oil and gas lease, S. J. Bivens et al., to L. G. Simon, undivided 7-8, interest in 160 acres, the SE 1-4 of section 55, block 4, H. & T. C. Ry. Co. survey, Eastland county, \$1400.

sarily the fast one. Some persons are in danger of molding away. It is a positive disgrace to fall into that class. If you are beginning to feel that nothing really matters, go somewhere or do something that will get your blood into circulation. Make new contacts. Give yourself the opportunity to form new interests. "Don't decide on your vacation plans before you know what you really need and want from your vacation. Don't throw away this valuable free time that the majority of us get but once a year. This time should be considered an investment and should be used in the form of fresh physical vigor and renewed mental energies."

HER "SWEETIE" TRIES TO SPOIL HER APPEARANCE

DALLAS, July 10.—Callie Johnson, 30, fast-stepping high-tone yellow girl, was reticent about explaining why her nose was flatter than usual and several teeth missing, and why she had several bruises on the front part of her head, but she finally did. "Mah sweetie ironed me wif a flat iron," she said. Doctors made her as comfortable as possible, and officers are still looking for the hardware heaver.

RISEING STAR.—The Texas company has just purchased a 100 acre tract from the W. M. Armstrong tract. This lease is situated between the Pete Hoffman well and Kilgore No. 1.

RELIABLE FOR ECZEMA. PIMPLES AND BLOTCHES

The many people here who have gotten such wonderful results from Black and White Ointment, and Soap, for pimples, blotches, bumps, "breaking out," eczema, rash, itching, etc., are proving their gratitude by giving them the most whole-hearted and enthusiastic word-of-mouth publicity ever known. The fact that Black and White Ointment, and Soap, are already selling at the phenomenal and unheard-of rate of more than two million packages a year, proves louder than words how dependable they are to people who had never before been able to get relief from their skin troubles by using anything else. Black and White Ointment, and Soap, are economically priced in liberal size packages. The 50c size Ointment contains three times as much as the 25c size. All dealers have both the Ointment and the Soap.—Advertisement.

HOW TO JUDGE WHERE TO GO FOR VACATION

Determine Mental, Moral or Physical Weak Spot and Endeavor to Repair It

Determine what your mental, moral or physical weak spot is and use

your vacation to repair it. That is the advice given in the cause of health, mental and physical, by Dr. J. Allen Patton, medical director of the Prudential Insurance company. He calls attention to the fact that a vacation should be considered as an investment, from which one must get the highest dividends, and he warns people against careless planning. "If you have been working to the full extent of your power or beyond them, if you are all fagged out and need rest, in the sense of opportunity to relax and live quietly for a fort-night away from the bus-

Is there anything to this evolution stuff, anyway? Well, here are exhibits from the two ends of the scale—Miss Polly Lux, Broadway dancer, and her new pet monkey "Siki," acquired while she was on a trip in France. Let's hope Polly isn't starting a new fad.

Menus for the Family

Breakfast—Stewed prunes, scrambled eggs with bacon, graham muffins, milk, coffee.

Luncheon—Green pea bisque, toast sticks, tomato sandwiches, rice custard pudding, milk, tea.

Dinner—Strawberry cocktails, smothered chicken, mashed potatoes, buttered green beans, cucumber boat salad, sliced fresh peaches, puff white cake, whole wheat bread, milk, coffee.

Strawberry cocktails make a delicious breakfast fruit. The strawberries should be washed and hulled and cut in quarters, sprinkled lightly with sugar and the orange juice added the night before. The mixture is then put into a covered jar and placed on ice over night, all ready for breakfast in the morning.

Green Pea Bisque

Two cups shelled peas, 1-2 cup strained canned tomatoes, 1 cup thin cream, 1 cup milk, 1 teaspoon salt, 1 teaspoon sugar, 1-2 teaspoon pepper, 2 tablespoons butter, 1 tablespoon flour.

Cook peas until tender in as little water as possible. Rub through a sieve. Add tomato juice and reheat. Melt butter, stir in flour and add milk and cream. Cook, stirring constantly until the boiling point is reached. Add salt, pepper, sugar and pea mixture. Do not let boil but serve very hot.

RANGER, TEXAS

EXPENSES OF STUDENT AT UNIVERSITY OF TEXAS

AUSTIN.—In order to give parents some idea of the probable cost of sending a boy or girl to the University of Texas for the long session, a schedule of expenses for the freshman year has been made by the student life staff. Two lists are presented, one being considered low and the other high by the officials preparing the schedule of expenses. According to the first list, the following items are presented: Board, \$175; room and fuel, \$80; laundry, \$20; books, \$25; fees, \$48. According to the list designated as high, the following items are presented: Board, \$270; room and fuel, \$210; laundry, \$40; books, \$40; fees, \$70. The first list totals \$348 and the second amounts to \$630.

In addition to the above figures, it is stated, the incidental expenses will depend upon the student. Many students, both men and women, who have the required energy and initiative, are enabled to make their own way while students in the university, and pay all of their expenses. Others pay a part of their expenses. However, it is advisable for a student to have at least \$150 before matriculating, so that he can provide for himself until he can get adjusted and secure employment. It should further be kept in mind that too many hours of outside work usually jeopardize the chances of a student to do his academic work satisfactorily. Men students desiring employment should write to the secretary of the Young Men's Christian Association, W. A. Smith, and women students desiring employment should write to the secretary of the University Young Women's Christian Association, Miss Tone Spears.

FREE PELLAGRA DIAGNOSIS

New treatment for Pellagra by a graduate physician of 30 yrs. experience in general and hospital practice. Early symptoms are nervousness, stomach trouble, despondency, shortness of breath, burning feet, constipation, brown or rough skin, loss of sleep, loss of weight, diarrhoea, and general weakness. You may not have all these symptoms in the beginning. My FREE booklet, "The Story of Pellagra," will explain. If you have taken other treatments with unsatisfactory results, YOU are the one I want. Put my treatment to a test.

LET OTHERS TELL YOU WHAT IT DID FOR THEM, IN MY FREE BOOK OF TESTIMONIALS. SEND FOR QUESTIONNAIRE, FILL IT OUT AND SEND IT TO ME AND I WILL DIAGNOSE YOUR CASE FREE. WRITE W. C. ROUNTREE, M. D. Texarkana, Texas.

MOTORCYCLE OFFICER LOSES "HIDE-AND-SEEK" CONTEST

DALLAS, July 10.—Will Simpson, motorcycle policeman, ran himself into a state of complete exhaustion and collapsed when he undertook to capture a suspicious character last week.

Simpson spied a man with a car he thought he had stolen, whistled at him, and then sped up to give chase. Around and around the hills of Oak Cliff they went, either of them willing to give up. Finally, the man in the car got too anxious to gain a few rods at a corner and bowled the car over. With admirable persistence he crawled out from the wreckage and "hot-footed" it through territory impassable by motorcycle. They necessitated Simpson taking the sole-leather route too, and he abandoned his wheel and continued.

The exertion and heat combined were too much for Simpson, though. After it had gone on for some distance, he crumpled up and had to be hauled in and worked over. The other "hide-and-seek" expert got away.

WARRANTY DEED, R. L. PARSONS ET AL., TO H. E. RYE, LOT 4, OF R. F. DAVIS AND JOHN H. GARNER SUBDIVISION OF LOT 2, IN BLOCK 92, CITY OF CISCO, \$2,750.

FOR EVENING

THE smartest evening wrap is the silk shawl with the wide fringe. It may be embroidered, printed or plain and may be very costly or comparatively inexpensive. The trick is to wear it in an individual manner—something the Spanish woman has mastered more thoroughly than any of her sisters.

They took eight stitches in the head of a Dallas (Tex.) swimmer because he failed to use it.

They have so much jazz music on the farms the cows may become the laughing stock of this country.

Tried to dynamite a Chicago hotel. Gueust put out the bomb. Maybe thought his room was high enough.

Being in love with somebody else is a fairly good chaperone.

In Tennessee, they jalled a boy of 12 for bootlegging. The state needs more child labor laws.

If your car fails to start unscrew the cap and see if the radiator happens to be frozen. (Copyright, 1925, NEA Service, Inc.)

BURMER DRUCILLE WHEAT DIES AFTER SHORT ILLNESS

Seven-year-old Burmer Drucille Wheat, daughter of Mrs. Joe Wheat, whose father was killed by a train in January, 1924, and who died in the home of her mother in Cooper addition, after an illness of about one week, was buried in the Alameda cemetery, on the banks of the Leon about midway between Ranger and Desdemona, the funeral services being conducted by the Rev. A. L. Leake, pastor of the Central Baptist church. The little girl was beloved by all who knew her and many beautiful floral tributes were sent. Death resulted from inflammatory rheumatism caused by diseased tonsils. Surviving relatives are her mother, two sisters, Waldin and Bobbie Joe, and her grandparents, Mr. and Mrs. J. M. Wheat and Mr. and Mrs. Patterson.

WARRANTY DEED, Mrs. Mamie Hill et vir to Irene Rotrammel, subdivision of block G-3, being lots 6 and 7 of said block, in E. A. Hill's subdivision, \$100.

No. 111048. SHERIFF'S SALE. THE STATE OF TEXAS, County of Eastland.

By virtue of a certain order of sale, issued out of the honorable 55th district court of Harris county, on the 25th day of June, 1925, by O. M. Duclos, clerk of said court against F. H. Clawson and R. A. Comer, for the sum of One Hundred Sixty-nine and 42/100 (\$169.42) Dollars and costs of suit, in case No. 111,048 in said court, styled Texas Town Lot company versus R. A. Comer et al., and placed in my hands for service, I, R. W. Edwards as sheriff of Eastland county, Texas, did on the 6th day of July, 1925, levy on certain real estate situated in Eastland county, described as follows, to-wit:

Lots number one (1) and two (2) in block A, a subdivision of original block number XV in the town of Gorman, in the county of Eastland, state of Texas, as represented on the map of Central Heights (Gorman) as recorded in book 38 at page 250 of the deed records of Eastland county, Texas. Said judgment being a foreclosure of a lien as it existed on said property on the 3rd day of April, A. D. 1919, and levied upon as the property of said R. A. Comer and F. L. Clawson, and on Tuesday, the 4th day of August, 1925, at the courthouse door of Eastland county, in the city of Eastland, Texas, between the hours of 10 a. m. and 4 p. m., I will sell said real estate at public vendue, for cash, to the highest bidder as the property of said R. A. Comer and F. L. Clawson by virtue of said levy and said order of sale.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Ranger Daily Times, a newspaper published in Eastland county.

Witness my hand, this 6th day of July, A. D. 1925. R. W. EDWARDS, Sheriff Eastland County, Texas. By E. E. WOOD, Deputy. July 10-17-24.
