

President Tells Congress --

War Aims Need No Explanation

WASHINGTON, Aug. 21 (AP)—President Roosevelt, reporting to congress on his epochal meeting at sea with Prime Minister Churchill, said today the declaration of principles agreed upon there was so clear cut that they would be difficult to oppose "without automatically admitting a willingness to accept compromise" with nazism.

These principles, the president added in a brief special message, would be hard to oppose without admitting a willingness to "agree to a world peace which would give to nazism domination over large numbers of conquered nations."

"Thevitably," Mr. Roosevelt asserted, "such a peace would be a gift to nazism to take breath—armed breath—for a second war to extend the control over Europe and Asia to the American hemisphere itself."

Colorado City Man Dies Of Severe Burns

COLORADO CITY, Aug. 21 (Sp)—Funeral services were to be held at Colorado City Thursday afternoon for D. D. Franks, 71, semi-invalid who was fatally burned in his one room home in East Colorado City about 9:30 Wednesday night.

6,000 Jews In Paris Arrested

VICHY, Unoccupied France, Aug. 21 (AP)—French and German police arrested 6,000 Jews in Paris today in a roundup of persons suspected of opposing German troops.

The arrests were made in a single arrondissement of Paris, but the movement started to spread to other sections of the city. Even in unoccupied France police were stopping travelers on roads and examining their papers but there were no arrests.

Nazi Troops Move Up To Turk Border

ANKARA, Turkey, Aug. 20. (Delayed) (AP)—Foreign diplomatic sources reported today that advance units of two German army divisions had arrived in Bulgaria and that Italian patrols had been scouting the Greek-Turkish border.

At the same time fresh groups of German aviators were reported to have arrived in the Bulgarian capital of Sofia during the past few days. The portents of these reported developments opposite the Turkish frontier was uncertain, but one competent source said they could have only two purposes:

Reduction In Auto Building Agreed Upon

WASHINGTON, Aug. 21 (AP)—The Office of Production Management announced today that passenger car production will be curtailed 25 1/2 per cent during August, September and October.

British Say Raids Exceed Germans'

LONDON, Aug. 21 (AP)—British air raids during the last eight weeks of heavy attack have placed far more RAF bombers over Germany in a single night than the Germans put over Britain nightly in the heaviest assaults of last autumn and winter, a high British authority said today.

Japanese Grant Americans Passage

TOKYO, Aug. 21 (AP)—The NYK line—apparently under foreign office pressure—suddenly announced tonight it had reservations for 26 United States embassy and consular officials aboard the liner Tatsuta Maru, scheduled to sail Aug. 28 for Shanghai.

Daker Defenses Are Strengthened

VICHY, Unoccupied France, Aug. 21 (AP)—Reports in German-occupied France today said improvements were being rushed on coastal batteries and air fields at Dakar, the French colony on the most westerly point of Africa nearest America.

National WCTU Convention Set

EVANSTON, Ill., Aug. 21 (AP)—The National Woman's Christian Temperance Union today formally called 2,000 delegates to its 60th annual convention to study problems related to "the horrors of world war and of the relegalized liquor traffic."

Vladivostok Draws Eyes Of Japanese

TOKYO, Aug. 21 (AP)—Kokumin, which almost daily expresses the viewpoint of the more radical Japanese militarists, said today that "Japan as the stabilizing power in East Asia absolutely cannot remain indifferent" if Vladivostok becomes the pivot of British-American assistance to the Soviet.

British Ship Under Repair In America

NEW YORK, Aug. 21 (AP)—The British press service announced that the famous battle-scarred aircraft carrier Illustrious, is in an American shipyard undergoing repairs and that Capt. Lord Louis Mountbatten, cousin of King George VI, who arrived by Clipper Tuesday, would command the ship and supervise repairs.

Artillery in 'Action'—These 155mm guns rolled into action by the 150th Field Artillery Army Corps in a theoretical 10-mile advance as units of the Second Army staged a coordinated drive at a simulated enemy in southwest Arkansas.

FDR Talks To Officials Of Shipyard

Strike Has Tied Up Building Of Ships Two Weeks

By The Associated Press
In an eleventh-hour attempt to halt the 14-day strike at the Kearny, N. J., Federal Shipbuilding and Drydock plant, President Roosevelt conferred today with L. H. Korndorff, company president, and Myron C. Taylor, former board chairman of the United Steel Corporation, of which the Kearny company is a subsidiary.

Following their White House visit, Taylor and Korndorff were to confer with Secretary of Navy Knox, Sidney Hillman, associate director of OPM, and William H. Davis, chairman of the defense mediation board.

There were indications, meanwhile, that a development might be expected soon in the city-wide transportation strike tie-up in Detroit. Shortly before resumption of conferences aimed at settlement of the union jurisdictional dispute there, Thomas J. Donahue, Michigan labor mediator board chairman, declared: "There are signs of a break."

Mayor Edward J. Jeffries of Detroit called for further conferences today with leaders of the two transit unions in an effort to restore service on municipally operated street car and bus lines used by hundreds of thousands of defense workers and office employees.

Spokesman for the Amalgamated Association of Street Railway and Motor Coach Operators (AFL) which called the strike spoke of the possibility of sympathy strikes by union members in other city departments.

The AFL organization demands the right to act as one sole bargaining agency for employees of the department of street railways. A CIO union, the State, County and Municipal Workers of America, has contested the demand.

Mayor Jeffries has taken the position that the AFL is in effect demanding a closed shop, and threatened to "call upon the might of government" to end the tie-up.

Detroiters who drove, hitchhiked or taxied to and from work yesterday were prepared for the same routine again.

The strike at the Kearny, N. J., yards of the Federal Shipbuilding and Dry Dock company has tied up work the past two weeks on \$493,000 worth of defense orders, including warships for the navy. The CIO Industrial Union of Marine and Shipbuilding Workers is demanding that the company accept a recent recommendation of the national mediation board for inclusion of a maintenance of union membership clause in the working contract.

That would mean that present and future members of the union would have to maintain good union standing as a requisite of employment.

Clamor For New War Front Grows

LONDON, Aug. 21 (AP)—Unofficial English, Polish and Norwegian strategists raised anew today their cries for a British invasion of the continent as the only way to defeat Germany.

British military leaders were called upon for all-out war against the Nazis. Current RAF bombings of Germany and occupied France were deemed insufficient by these sources.

Frank Owen, editor of Minister of Supply Lord Beaverbrook's Evening Standard, demanded "a second front and not only in the air" in a signed editorial. Owen suggested a British offensive against Italy, long favored by some military sources as the spot where the axis could be hit hardest.

He conceded that the Germans had won considerable successes, but he declared "there is no alarm or pessimism within our ranks."

Leningrad In Great Danger, Reds Admit

On The Eastern Front—Arrows indicate main sectors on the eastern front and the possibility, envisioned in Berlin, of a German thrust at Batum, soviet oil port on the Black sea. Russians, reporting a firm stand east of Kingisepp, acknowledged a German drive to the Novgorod region (1) and an advance in the Gomel sector (2). Odessa (3) was reported under heavy pressure, and Germans reported attacks on Dnieper river bridgehead defenses. In Berlin, where the quick fall of Odessa was predicted, possibility of a sea-borne thrust at Batum (4) was seen.

All Bids Rejected By School Board

All of three general bids submitted for additions to the Kate Morrison Americanization school and the negro ward school were rejected by the school board Thursday evening when they exceeded estimates.

A total of \$12,000 had been made available for the work, which included three more rooms at the Americanization school and additional classroom space at the negro school, through the medium of a bond issue.

Trustees ordered plans revised and may soon readvertise for bids. They also waded through a tentative schedule for a 1941-42 budget. No definite public hearing date was set but likely it will be established for Sept. 8, next, regular meeting date.

It was announced that five portable-type school structures, each 20x30 feet, had been acquired to serve as dressing rooms for the football team, and for such other purposes as are needed. These structures were originally designed for use in Chicago as classrooms but were abandoned because they were not adapted to such rigorous weather as that in the midwest.

Calves Killed By Poison On Cotton

COLORADO CITY, Aug. 21 (Sp)—Several cases of livestock loss because of cotton poison have been reported by County Agent Joe C. Williams.

These were reported especially in instances where arsenical poisons were used instead of calcium arsenate. Most of the losses were calves which got into cotton fields at night.

Leaf worm damage seems to be letting up in most of the county.

Three Main Bulwarks Of City Taken

Desperate Fighting Continues On South Front In Ukraine

By The Associated Press
German troops storming toward Leningrad from the south were reported today to be within 13 miles of the old czarist capital, Russia's second city, and even there Russians acknowledged that Leningrad was in "diread danger."

A Swedish broadcast quoting the Berlin correspondent of a Stockholm newspaper, said the Nazis were advancing via Gatschina, about 23 miles south of Leningrad.

Adolf Hitler's high command reported that German columns had smashed three main bulwarks of Leningrad's outer defense system. Total Red army losses of 6,000-8,000 men in the 61-day-old struggle were claimed by the Germans, including 1,200,000 prisoners. DNB, the official German news agency, said conquered Soviet territory exceeded 335,000 square miles—an area greater than the entire German reich and its newly-incorporated territories east and west.

Challenging an official Russian order for a fight to defend Leningrad to the death, the Berlin radio declared that if the city were defended it would suffer the fate of Warsaw, which was largely destroyed by Nazi Stukas and steps guns when the Poles refused to surrender.

The red army northwest command admitted that Leningrad was under "direct threat of attack" but the Russians expressed confidence that the city's defenses—with an estimated garrison of 1,000,000 men—would hold.

On the southern front, Russia's great Black sea port of Odessa was reported aflame, blasted by German artillery and Stuka dive-bombers.

The German high command reported that Nazi troops storming toward Leningrad from the south had captured the ancient walled city of Novgorod, 100 miles below Leningrad, in bitter fighting against the red army defenders.

The Berlin radio, reporting the fall of Novgorod, also claimed the capture of Narva, 80 miles southwest of Leningrad, and Kingisepp, the rail gate to Leningrad, 25 miles farther east. This would place the Germans in that sector within 85 miles of Leningrad.

In the critical battle of the Ukraine, the Germans reported that units of the 61-day-old struggle (G.I. Guards) had seized the strategic town of Kherson, on the west bank of the lower Dnieper river, thereby virtually sealing red army troops in the Odessa sector.

DNB, the official German news agency, said Nazi siege guns and Stuka dive-bombers were raining havoc on Odessa, inflicting tremendous losses on Soviet troops awaiting embarkation on jammed quays.

Amid this desperate plight of the red armies in the Ukraine, unconfirmed reports circulated in European listening posts that the Russians had opened or blown up the great 100,000,000 Dnieper river dam, near Dniepropetrovsk, in an attempt to stem the Nazi tide.

Built by American engineers, the dam is 200 feet high and was the world's largest hydro-electric plant before the construction of Boulder dam.

Dr. Amos R. Wood's Mother Succumbs

Dr. Amos R. Wood left Wednesday night via American Airlines for Berkeley, Calif., where he was called by the death of his mother, Mrs. Harriett Wood.

Services for Mrs. Wood, who died Wednesday morning, were held Thursday afternoon in Berkeley.

In Attempted Jailbreak --

Abilene Sheriff Severely Beaten

ABILENE, Aug. 21 (AP)—Attempt of three prisoners in the Taylor county jail to escape was thwarted late yesterday after a running fist-and-club fight in which Sheriff Sid McAdams was injured seriously.

McAdams was injured seriously by and Jailer Jess Edwards and the prisoners were beaten up. McAdams suffered head wounds, a broken rib, a broken hand and a slight concussion. Sixty-seven stitches were necessary to close his wounds. Edwards suffered a broken rib and minor cuts and the prisoners were less severely hurt.

The prisoners were Alfred M. Lurs, Ed Wolfe and Doyle Morgan. McLaugh and Wolfe are Choctaw Indians, members of Company C, 150th Infantry of the 48th division. They have been in jail more than a month under charges of attacking a 17-year-old Abilene girl.

Wolfe was charged with rape and McLaugh with accessory to rape in connection with an attack. Morgan was held on an auto theft charge.

The break was attempted when Edwards went to a cell to empty a trash can. The men attacked him when he unlocked the door and sought to lock him in a bathroom. His shouts brought McAdams and other officers. McLaugh, called the ringleader, took a club from the sheriff and beat him on the head. While Edwards and Lee Standard, a civilian, battled Wolfe from the second floor to the street entrance, McAdams was locked in a cell with McLaugh and other prisoners. He sank into unconsciousness after being rescued but later was revived.

HOUSING BILL PASSES
WASHINGTON, Aug. 21 (AP)—The senate passed and sent to the White House today legislation authorizing an additional \$300,000,000 outlay for defense housing.

Downtown Stroller

JACK HODGES, the Boy Scout executive who now lives in Odessa, spent the day here yesterday doing a little business and visiting his friends.

Dining out downtown last night were Mr. and Mrs. CLAUDE MOIVER who seemed to know just about everybody. They greeted just about everybody who went in and out and seemed to be having a good time.

Went calling on Miss MATTIE LEATHERWOOD, who is convalescing from an operation. Being sick hasn't kept Miss Leatherwood from keeping up with the news. She was better informed than most people.

Talked with Mrs. G. A. BROWN who told that her son, JOHN WAYNE, is now flying for the Royal Canadian Airforce. He writes that he likes Canada and that everybody treats the flyers like they were super-special.

Visiting in town is HANK HART, who is stationed at Chanute Field, Rentoul, Ill. Hear tell he may go to Puerto Rico soon. We had to join the army that's where our aim would be too.

Comes a card from Ruidoso, N. M., where Mrs. J. H. GREENE is vacationing. This is bound to make your temperature rise. She says, "How would you like, on this August night, to undress by a good warm fire, put on winter sleepers, cover up in bed with two pair of heavy wool blankets, plus sheet and counterpane? That's just what we are doing and enjoying it." How do you feel now?

Old-style Chinese medicines continue to flourish alongside more modern western formulas, the department of commerce reports.

News And Views About Books

The McMillan Company has just concluded a contract with Elizabeth Morrow for a book of stories about the Tucker family to be published in the spring of 1942, under the title My Favorite Age.

My Favorite Age will contain "Shannon," "The Rabbit's Nest," and probably other of Mrs. Morrow's published work, as well as stories about the Tuckers which have never before appeared in book form.

Mrs. Morrow has written several stories about Elizabeth, Sally, Issey and Derek Tucker, and their parents, which have been published in booklet form. The latest of these is Shannon, which is scheduled for publication this fall, and which will undoubtedly find its way into many Christmas packages.

Shannon is the story of a little boy and his dog told with the charm of manner which readers have come to expect of Mrs. Morrow. Attractively made and sympathetically illustrated by Helen Torrey, it will answer the call of many people who want something

a little bit more elaborate than a Christmas card.

The manuscript of Frenchman's Creek, Daphne du Maurier's new novel, and her first since Rebecca, has arrived safely in the United States, Doubleday, Doran report. The book will be published in February.

Added to Doubleday, Doran's fall list is Galant Show, a volume of verse by Josiah Tittell, who published a novel under the pseudonym Frederick Lambek, entitled Best In The Greenwood. The book will be ready November 7.

The German army, paradoxically, is the most democratic in the world, according to Joseph C. Harsch, whose Pattern of Conquest will be released August 22. As step number one toward world conquest, reports Mr. Harsch, Hitler de-Franzified the army, so that despite iron discipline, soldiers are made to believe that they are "equal in the German fellowship of arms." Mr. Harsch was the Christian Science Monitor's Berlin correspondent.

Half Of Needy Blind Already On Pension Rolls

AUSTIN, Aug. 21. (AP)—Preliminary surveys by state officials today disclosed that nearly half of the persons eligible for social security assistance under the aid to the needy adult blind program already were on the old age pension rolls.

State department of public welfare officials said that under Texas laws, no person was allowed to participate under both programs. Applications under the assistance-to-the-blind program were being received at district offices.

J. S. Murchison, director of the department, estimated between 4,000 and 5,000 persons would qualify for the newly-inaugurated program, financed by the legislature at its recent session four years after it had been voted by the people as an amendment to the state constitution.

The director said that in many instances it would not be wise for old age pension recipients to transfer to the blind assistance program because requirements were practically identical and they would receive no more under one than the other.

Farm Bureau Leaders Will Discuss 1942 Farm Program

Plans for the 1942 farm program will be discussed by leaders of the Texas Farm Bureau Federation at the district meeting in Big Spring, Settles hotel, Aug. 29, according to H. E. Wood, Concho county farmer and director of the organization for this district.

Wood states that Farm Bureau was represented in 41 states by farmers asking fair prices for what farmers sell as compared with things they buy. All members support the national Farm Bureau's program for fair prices, Wood said.

"Farmers of this area may well thank the Farm Bureau for the great increase in prices of cotton, wheat, and several other crops above last year," Wood declares. "Without the strength of Farm Bureau members in 41 states and the leadership of Edward A. O'Neal, president of the American Farm Bureau Federation, J. Walter Hammond, president of the Texas Farm Bureau, and other state leaders testifying before congressional committees, the 35 percent parity loan for cotton would not have been provided. Congress was made to realize that farmers deserved better prices."

Wood further advises that the present market price of cotton has been influenced above the 14 cent loan value due to speculation, increased domestic consumption, low crop forecast, and reports that stocks of government loan cotton would be withheld from the market.

"Without a cotton loan serving as a floor for the cotton market, we would be receiving far less than 10 cents per pound," Wood said. A word of warning to cotton and wheat farmers, however, is that this loan applies on 1941 crops only. We must band together in our Farm Bureau organizations throughout the nation to hold this loan for 1942 crops and for consecutive years."

On the program will be J. Walter Hammond, president of the Texas Farm Bureau Federation; E. B. Alexander, general manager of the TFFB, and district Farm Bureau leaders. All in attendance will have a part in the discussion according to Wood's plans.

The Farm Bureau meeting for this district held at Big Spring last April 1 was attended by more than 250 farmers and farm leaders. Wood expects an even larger attendance at the Friday conference.

District 8 is composed of the following counties: Andrews, Borden, Coke, Concho, Crane, Dawson, Ector, Fisher, Gaines, Glasscock, Howard, Martin, Menard, Midland, Mitchell, Nolan, Scurry, Sterling, Tom Green, Brewster, Crockett, Culberson, El Paso, Hudspeth, Irion, Jeff Davis, Kimble, Loving, Pecos, Presidio, Reagan, Reeves, Schleicher, Sutton, Terrell, Upton, Valverde, Ward and Winkler.

Each of the above counties is expected to have more than 25 representatives present at the Big Spring meeting. The conference begins at 10 a. m.

It's Time To Check Driver's License Number

What is the number on your driver's license?

In the past, that has not meant much to you, but for the next several months, it will. The highway patrol, beginning October 1, will issue new licenses to holders of the originals issued several years ago.

In order to keep the patrol from being swamped with this work, only a part of the licenses will be renewed at one time. Each three months, 450,000 licenses will be renewed.

During the first three month period—October 1 to December 31—the first 450,000 licenses—numbers 1 to 450,000 will be renewed. The person carrying an old license number under 450,000 after December 31 will be considered without a license.

The next three months will find the patrol renewing the licenses numbers 450,001 through 900,000, etc., until reissuance is completed.

4-H Club Girl Makes Sizeable Profits From Turkey Project

Any businessman or farmer will agree that Gwendolyn Simpson, 4-H club member of the Vealmoor community, has made a little capital yield a big profit.

She was one of several 4-H club girls in the county given a start of turkeys last year by the Kiwanis club.

Given 10 young baby beef turkeys, she raised nine of them to marketable age. Only two were sold, bringing in \$8.56, and seven—one tom and six hens—were kept for breeding purposes.

With this stock, she has raised 67 turkeys this year in addition to the original 7. And besides that she has sold \$12.00 worth of eggs and also traded the hatchery enough eggs to pay for the hatching of her own. She will give 10 of these turkeys to another 4-H club girl to pay back her original loan, then sell all but seven of the turkeys.

She and a twin sister, Evelyn, plan to enter Texas Tech this fall. The proceeds from these turkeys should make a good start on the expenses, since home grown feeds have kept costs down to virtually nothing.

County Agent Lora Farnsworth reports that Gwendolyn has done outstanding work in other club projects.

Comfort Making Underway Here

Comfort making under the AAA and extension service program has started in the Gay Hill center and will start soon at Moore, according to Lora Farnsworth, county HD agent.

About 300 pounds of cotton—enough for 75 comforts—is on hand at each center. When this is used up, it is doubtful if any more will be available, so only one comfort per family, as long as the cotton lasts, is being made.

These same families who received mattresses under the similar program are eligible to receive a comfort.

A process for producing tin from ore formerly classed as waste has been developed in Canada, the department of commerce says.

Ford Anti-Trust Trial Set Dec. 8

Many sufferers relieve nagging backache quickly once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, itching up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Big Spring Edges Pampa In 12-Inning Series Opener

Cardinals' Biggest Worry—

Will Injuries Beat Them?

Davies Names Top Golfers

OMAHA, Neb., Aug. 21 (AP)—Stanley Davies, the husky English-born professional who brought Johnny Goodman up from the cadet ranks and had the sure-fire hunch his protégé would win the 1934 U. S. open title, has several top choices for the 1941 national amateur golf championship, including his own Johnny.

"Really, it is an amazing field and I couldn't possibly name you the winner this time," said Davies as he took time off from his duties of getting the Field club ready for the opening shots Monday.

The big fellow may not have a No. 1 selection for the amateur crown but he has pretty fair ideas about those he believes will be the front challengers for the title now held by Richard Chapman, here on leave from an army camp in Georgia.

Here are Davies selections and why:

Johnny Goodman—"although Johnny hasn't been playing his best golf this summer, he's a great competitor and will be dangerous."

Rodney Ellis, another Omaha favorite—"Rodney should do awfully well. He'll be very tough on this course."

Marvin (Bud) Ward of Spokane, the 1939 winner—"everybody likes Bud Ward."

John Fischer of Cincinnati, another former champion—"I've always liked his golf."

Math Gonzalez, Brazilian champion—"This young fellow may be a surprise next week. He seems to have the ability to play his best golf when he needs it."

Harry Todd, Dallas, Texas—"He seems to have the intestinal fortitude characteristic of all Texans and he undoubtedly gained considerable confidence by being long amateur in the national open."

Champ Semi-Pros Threaten Repeat

WICHITA, Kan., Aug. 21 (AP)—They say the champion never repeats in the national semi-professional tournament—but you'd never get the Enid, Okla., Refiners to admit it.

The Refiners, defending champions, walked over the rugged Fort Riley Cavalry team, 4-0, last night behind the curves of Carl Dumlair. He allowed just one hit.

Today's program includes: 6 p. m.—Lancaster, Ohio, vs. Mt. Pleasant, Tex.
10 p. m.—Waco, Tex., vs. Osceola, Ark.

BASEBALL TONIGHT

Terry Moore Is Latest Addition To Sick List

By The Associated Press
The pennant problem in the National league is getting to be "can the St. Louis Cardinals keep going with all their injuries?" instead of "can the Cardinals beat the Brooklyn Dodgers?"

There have been only five games this season in which Manager Billy Southworth has had available the complete Cardinal lineup and the club's hospital list is beginning to read like a page out of Who's Who in Baseball.

Topping off a long string of accidents, Terry Moore, the best centerfielder in the league, was struck on the head by a ball pitched by Art Johnson yesterday at Boston. He will be out of action for a week.

Moore is captain of the Redbirds, an invaluable cog in the club, one of the great fielding players in baseball, a .300 plus hitter, and a real Gas-Houser with the heart of a lion.

In spite of this procession of trouble the Cardinals have kept right on coming and yesterday they swept a doubleheader from the Braves 2-0 and 3-2. Ernie White, the Cards' great young leftfielder, pitched a six-hit shutout in the first game for his 15th victory and Howard Pollett, a 20-year-old southpaw just brought up from the Texas league, pitched a four-hitter for his major league debut in the nightcap.

The double triumph enabled the Cards to climb within a game and a half of the Brooklyn Dodgers, who were given a 7-0 handout by the Pittsburgh Pirates for Brooklyn's sixth straight win.

The Cincinnati Reds reinforced their third place position by shutting out the poor Phillies twice, 2-0 and 3-0.

The Chicago Cubs cut loose with a 16-hit attack on Valis Eaves, kept eight hits spaced to beat the New York Giants 9-4.

In the American league the New York Yankees were squeezed out 1-0 by the Detroit Tigers as Tommy Bridges pitched two-hit ball for ten innings in one of the finest performances of his long career.

The Chicago White Sox chopped another notch in the Yankees' ample lead as John Rigley blanked the Philadelphia Athletics 9-0.

The collaring Cleveland Indians dropped their 14th game in 15 decisions 6-3 to the Washington Senators.

Ted Williams hit two home runs, giving him a total of five in two days and 28 for the season, but his Boston Red Sox were beaten in both ends of a doubleheader by the St. Louis Browns, 11-9 and 4-3.

Bombers Take Half-Game Lead In Loop

By The Associated Press
Big Spring's Bombers moved a half-game ahead of Borger's Gassers, Willard Ramsdell added the twentieth victory of the season to his pitching record, and Pampa was beaten, 8 to 7, as Jack Lindsey, Bomber second baseman, turned on a perfect squeeze play to bring in Art Shillings for the winning score and closing a 12-inning ball game here last night.

Tonight the two clubs tee-off at the same time, 8:15, for the finale of the two-game series. Thursday morning Manager Jodie Tate said lighthanded Mel Reeves or Bob Kohout would handle the pitching assignment.

Big Spring, led by Andy Mohrlock's smooth pitching, took an early game lead, making up three runs in the third as Reeves homered with Mohrlock and J. L. Haney on bases. But, after holding Pampa hitless and scoreless for four innings, Mohrlock gave up three hits and two runs in the fifth, allowed a brace of wildpitches and a score in the sixth, and two runs and a hit in the seventh. Then, in the eighth, Mohrlock gave up the mound to Ramsdell as he walked a couple and bopped one.

After Ramsdell entered the game, the two walks given by Mohrlock came in to tie the score, 7-7.

From there on to Big Spring's share of the 12th frame, the contest developed into a showing of air-tight fielding and fairly steady pitching in the pinches. A two-base hit by Ramsdell in the tenth stanza with two out threatened to start the beginning of the end of the game. Haney hammered out a powerful hit ball, but it was sacked up by Lettifer Scott and that chance ended.

Finally, in the last round, Pampa's McPartland walked Shillings, Steven landed safe on first as an attempt to stop Shillings flopped, and Dick Ratliff, replacing Al Zigelman, stroked Lindsey that rolled the pitch off his bat as Shillings eluded his four-hit performance with the winning run.

Bufs Whip Tribe! 4 More Wins And Flag Is Cinched

By The Associated Press
The hard-prossed Dallas Rebels, who slipped from third to fourth place in the Texas league within the past few days, now have the hungry Fort Worth Cats snuffing at their heels.

While the Rebels were splitting a doubleheader with the Exporters at Beaumont last night, the Cats pulled up to within three and one-half games of Dallas by drubbing the Sports at Shreveport by the score of 9-2.

Behind the pitching of Joe Demoran, the Rebels punched out a 7-4 victory over the Exporters in the opener, but dropped the nightcap, 5-2.

The Houston Bufs, their losing streak definitely a thing of the past, maimed the visiting Oklahoma City Indians to the tune of 6 to 3 in a series opener. If the Bufs win four more games they will have clinched the league pennant.

The Tulsa Oilers, who get stronger as the league season nears an end, banged out 15 hits to win 6-4 from the last-place San Antonio Missions.

Umps To Use New Signals

DALLAS, Aug. 21 (AP)—There's less than a month to go, so football fans had better start learning four new signals officials will use this year.

The officials will learn the signals at the Southwest Football Officials Association fall rules interpretation meeting, here, Aug. 30-Sept. 1.

James W. St. Clair, secretary-treasurer of the association, lists the new signals as follows:

Intentional grounding of a forward pass—both hands held high over the right shoulder as if grasping a football, and then brought down and forward. (The motion is to resemble the throwing of an imaginary football to the ground.)

Unsportsmanlike conduct—arms outstretched at the sides of the body, parallel to the ground, with palms downward.

Illegal touching of a kicked or free ball—both shoulders tapped with the finger tips, with the upper part of the arms parallel to the ground.

Spur for Fruit Trees Found

ELKHART, Ind.—Having trouble with fruit trees? Walter J. Weybright advises steel shavings. When his 17-year-old apricot tree in his back-yard bore blossoms but no fruit, Weybright circled each of the three trees with a shallow trench in which he buried steel shavings. Now his trees are "loaded."

Wichita Falls Picked For Game At Wichita Falls

WICHITA FALLS, Aug. 21 (AP)—With the acceptance of Ed Green, Gainesville high school backfielder, all 22 members of the North Texas team were in the fold today for Maskat Shrine's Oil Bowl football game here Labor Day.

Green, one of the leading mail carriers in district 5-AA last season, will report with his mates Monday to begin practice under Coach Jess Neely of Rice and Assistant Coach Ted Jefferies of the Wichita Falls Coyotes.

The West Texans, 22 strong, also will report Monday under Morley Jennings, Texas Tech athletic director and former Baylor coach. His assistant will be Howard (Bull) Lynch, head coach of Amarillo's state champion high school Bandies.

Lookin 'em Over

WITH JACK DOUGLAS

Following the system set up by one or two other clubs in the West Texas-New Mexico league, the Big Spring Bombers are going to have a matinee and an evening performance for their Saturday doubleheader with the Borger Gassers. Some of the other clubs have been playing the same bill with their Sunday doubleheaders but Prexy Tink Riviere opines that it will be sufficient to make only the Saturday game.

But the change in program is a slight change compared to what's on the menu for Friday, Saturday and Sunday. In these three days Big Spring and Borger are going to clear the record of six games—six games by two clubs that are already under considerable strain and feeling the pressure of a neck-and-neck race. Right now, Big Spring is a half-game ahead, having moved to the front as a result of its win over Pampa Wednesday night and Borger's loss to the giant-killing Lamesa Lobos. That's a thin margin and one that may swing from one side to the other during the three days Borger is in the Big Spring camp.

It will be Big Spring's advantage if Bill Garland does not start the series. Garland's the lad who seems to have the best chance against the Bombers, judging from past games, but if he opens up against them in the middle of the series that will probably mean that the Big Springers need face him only the one time. If he starts the roundelays, he'll likely go on the field again before the struggle is over, although that will be pushing him considerably.

If Garland does pull the iron man act, Big Spring should be able to match him—day for day. Buck Schulze and Willard Ramsdell aren't exactly weaklings when it comes to pitching under-pressure ball.

Change in Big Spring's Saturday program is going to throw a monkey wrench in Elra Phillips' thousand percent attendance record. Thus for in the season, with the exception of one or two innings on some Saturday nights, Phillips has not failed to appear on the scene at Roberts Field. This Saturday afternoon he figures he will not be able to leave his barber shop—record or not.

Hank Hart, former Heraldman, is in town on a few days leave from the army. Right now, Hank is stationed at a New York City post. He's been in uniform for almost a year, but he has yet to reach his home station. In fact he doesn't know where it is—it might be Puerto Rico, Iceland, or Haiti.

In the meantime, Hank is taking advantage of his opportunities to see some of the major league ball clubs display their wares. He's of the opinion that it will be the Yankees and the Dodgers in the world series. "The Dodgers are a September club," Hank declares.

ROUNDUP SPORTS

By SID FEDER (Pitch-Hitting for Eddie Brife)

NEW YORK, Aug. 21—You hear the strangest things... Like the Spragato story about Eddie Arcaro's perfume. Eddie used a lot of it, and when Little Wacko gets a whiff, he forgets all about running and crooked. Then there's the whisper going round the American league that Bobby Feller's depending so much on his curve these days because he's lost — or mistimed—his fast one... Southwest grid coaches say it's between Texas and Rice, with the Aggies and Southern Methodist threatening this fall.

Old timers around St. Loo watched young Howie Pollett check in with a four-hitter, and recalled a guy named Dizzy Dean bowed into the big leagues with a three-hit whitewash job "way back in 1930... And right in the middle of a hot flag fight, too... You can laugh off those stories that light-heavy champ Gus Lesnevich is having weight troubles for his fight with Tami Mauterello in the Garden next Tuesday... Word from New England is Calledon will send his winning in the Pacific in time to try some running again at Narragansett's fall meeting.

Headline: Williams hits five homers in two days. The pitcher's union must agree that Williams is on quite a spree.

On every team he finds his cousins. And he knocks 'em off by the dozens.

So for their own self preservation. And to end their aggravation. The hurriers should stop serving Ted.

Home run balls, and walk him instead.

How-do-they-do-it-dept.
The White Sox, last in club batting in the American league, seventh in fielding, lowest in home runs... Right now are the hottest club in the loop.

Don't believe a word of that yarn about Yankee Coach Art Fletcher getting the job as Detroit manager... He's turned down a lot better housing job than the Tigers can offer. The Dodgers, who rated that beef about extra men on the Cubs roster, have it right in their own laps now... And Judge Landis has given 'em ten days to cut from 28 to 23... When you're talking about eastern grid prospects don't overlook Navy... The word in the nation are really loaded this time... The army's getting ready to grab Don Schiffer, who handles all the National league statistics for Al Munro Elias... But will wait 'till after the season's over and the batting averages are out.

Big Six Loses Mentors To Army

KANSAS CITY, Aug. 21 (AP)—The Big Six hasn't lost many star football players to the defense program, but Uncle Sam has claimed as officers a trio of coaches any school would welcome.

Nebraska, last year's conference champion and Rose Bowl victor, must do without Lieut.-Col. W. Harold Browne and Capt. Harold G. Peta during the coming campaign. Browne, top aid to Major L. M. (Biff) Jones in the Nebraska grid wars, devised the team's defensive maneuvers and tutored the backs. Peta, primarily a track coach, helped with the freshmen griders.

Missouri lost Lieut. Houston (Foot) Betty, line-builder. Oklahoma was the most generous with its grid talent. Six varsity players enlisted and 17 other squad members are draft eligibles. The enlistments took away Olin Keith, senior guard; Tommy Tall Chief, 230-pound Osaie Indian, and Harvey Stone. The latter two were the best line prospects to appear on the Sooner campus in recent years.

Markets At A Glance

NEW YORK, Aug. 21 (AP)—A little more recovery light filtered into parts of today's stock market but many issues were obscured by mild selling shadows.

While negligible plus signs were fairly well distributed at the close, small declines were plentiful and numerous stocks held at yesterday's final marks.

Dealings faded with the buying urge and transfers for the full proceedings were around 75,000 shares.

Stocks given an occasional feeble lift included U. S. Steel, Chrysler, Goodyear, Great Northern, Pennsylvania, Northern Pacific, Cerro de Pasco, Sears Roebuck, Standard Oil (NJ), United Aircraft, Paine Film, American Telephone and Union Carbide.

The recently climbing Paramount Pictures, Loew's and Warner Bros. were under water most of the day as the result of profit cashing. Lacking rising animation also were Bethlehem Steel, General Motors, Douglas Aircraft, Consolidated Edison, Santa Fe, Southern Railway and Woolworth.

oh, what a pal was Polly!

Guess the weather had my mind muddled because if it hadn't been for Polly, my parrot, I'd never have signed up that big business tycoon.

Our discussion grew more heated as the afternoon turned hotter and hotter. When I was despairing of it all, Polly upped and gave this life-saving call, "Grand-tastin'—grand beer—Grand Prize."

Well, you should have seen the smile that spread over this business man's face. "Sure," said he, "any man with a parrot so well trained deserves our order."

Now, if you find the heat hard to beat, get next to a chilled glassful of grand-tastin' Grand Prize. Your thirst will vanish with your first sip . . . for here is beer truly a triumph of the brewmaster's craft. Grand Prize—sparkling with grand-tastin' flavor—comes in Keglined cans as well as in bottles.

Living Water Obtained On 'Dry' Farm

Something can be done about farms and ranches under which there is no living water, for a water facilities set-up on the Dr. R. G. Cowper farm in Martin county has demonstrated it.

When he bought the farm, those who knew the country well shook their heads. "It has no water," they admitted but ruefully shook their heads. "But that situation has been handled. Now there is a windmill pumping water where there was no water or never would have been had not a plan been put into effect.

A steep dam was constructed on a small drainage area and impounded around three acre feet of water—a considerable volume for one farm. The windmill was installed to pump water from the surface tank to an overhead filter. Purified, it is siphoned into a reservoir and used for domestic, stock and other uses. The scheme was affected by a water facilities program extended through the co-operative efforts of the Soil Conservation Service, the Farm Security Administration, and the Bureau of Agricultural Economics.

Grain

CHICAGO, Aug. 21 (AP)—After declining a cent a bushel due to profit taking and liquidation of September contracts, the wheat market steadied today and rallied at times.

Good demand for cash grain, as evidenced by steadiness of spot prices, helped to support the futures pit.

Wheat closed 1-3 to 1 cent lower than yesterday, September \$1.12 1-4 to 3-8, December \$1.16-1.18 1-8; corn 1-4 to 1-2 off, September 77 1-4, December 80 7-8; oats 1-8 to 1-4 down.

Twelve Students To Take Flight Tests

Twelve students in Big Spring's unit of the civilian pilot training program are scheduled to take secondary flight tests Friday, Art Wintheler, head of the local branch, announced today.

Students have completed a maximum training period of forty hours and will go into cross country instruction after their tests are passed.

Boy Scouts Will Camp On Weekend

Boy Scouts of troop No. 7 will leave Friday for a weekend encampment, possibly at Camp Louis Farr on Spring Creek near Mertzon.

The boys, unable to attend council camping activities because the Mexican school is in session during the summer, are staging an individual troop camp. The Lions club, sponsors, have made the trip possible.

Civil service positions recently announced include: junior inspector, signal corps equipment, \$2,000 per year; engineers (many types), \$3,800 per year; associate engineers, \$3,200; assignment engineers, \$2,600. Full information may be obtained from the civil service examiner at the Big Spring postoffice.

Two new teachers for the Chalk school have been named, to succeed those resigned. J. T. Holladay will be principal, succeeding Otis Walls; and Willadeen Martin will teach music, succeeding Mrs. James Payne.

William Walton Laird of Stanton has enlisted in the navy through the Big Spring recruiting station and has been sent to San Diego for basic training.

Children under 16 in Howard county who have received drivers' licenses by special permission include Mackie Aline Roberts, 1100 Reynolds; Eddie Gene Mann, Vincoak; Earle Ray Fletcher, Coshoma; Eva Jane Darby, 1708 Gregg street.

Ike Houston, out at the Super-Food market on the Lamesa highway, has a purse somebody left in his place. He figures maybe somebody would like to have it since it contains money and other valuables.

Add to the list of concerns hiking the wages of employees the name of Barrow Furniture Co. Those connected with the business here have been given 10 per cent increases.

Dan Conley, director of the municipal high school band, called the regular weekly rehearsal for 7:15 p. m. today, slightly earlier than usual. The band is to resume its place on the amphitheatre program Friday evening after a week's absence due to an engagement at the rodeo.

With no definite word possible until the end of the month when all bills will be due, the financial picture of the rodeo was an unknown element Thursday. There was every reason to believe, however, that the show would about break even and possibly with a small balance on the right side of the ledger. All of which means that probably underwriters will not be called upon to contribute.

The Robert Ray Co. has moved in a gravity meter crew for work in this area. Some seven families have been brought to town by the move.

B. J. McDaniel, city manager, and J. H. Greene, chamber of commerce manager, left Thursday morning for San Antonio to confer with state WPA officials in an effort to settle definitely the scope of the local airport project. Meanwhile work goes on at the port. Around 40,000 feet of drainage pipe, ranging from six to 30 inches, have been ordered.

Repair work at the end of the Powell Creek service spillway outlet is being done to overcome the effect of eddying under the apron. A heavy volume of water poured out of this spillway earlier in the year.

It comes on good authority that Ringling Bros. circus will pitch its big top, side shows, main tent, power station, etc. here Sept. 23 for a one-day stand. Location of the show is to be in the pasture just west of the rodeo grounds.

Women's golf competition at the Country Club Friday will follow a freakish line—not necessarily a women but an odd system. Two selected clubs will be used by each player to make a nine-hole round.

Scores turned in tomorrow will not be counted on ringer play, now in progress over the Country Club course, Mrs. Harry Stalcup announced. Play will continue throughout the day.

Jan Valtin Asks Pardon

SACRAMENTO, Calif., Aug. 21.—Jan Valtin, author of the book "Out of the Night," applied formally to Governor C. L. Olson Wednesday for a pardon as a step in his fight against deportation to Germany.

The 36-year-old former seaman wrote the governor that a pardon would help him realize a dream to establish a permanent home in America and would "also frustrate Nazi and communist efforts to deliver me to Hitler's headman for having become an implacable foe of totalitarian methods of government."

Forsan School Term To Start On September

FORSAN, Aug. 21 (Sp)—Supt. P. D. Lewis begins his third year's work with the local school system with the opening of classes Sept. 1. The school's first trial of the 12-grade system begins at the same time.

Lewis, who holds a B.A. degree from Baylor university and M.A. from Colorado university, has had 13 years experience in school administration.

To create the new grade, a special test will be given in the first five grades, promoting advanced students and retaining others. No additions have been made to the faculty. Mrs. W. B. Dunn, primary instructor, will teach the first two grades. She has a B.A. degree from Southwestern.

Other faculty members are C. B. Connally, high school principal, B.S. from Sul Ross; Gebhard Martin, B.S., NTSTC; Mrs. P. D. Lewis, B.A., Baylor; Cagle Hunt, B.A., Hardin-Simmons; Barnett Hinds, grade school principal, B.A., McMurry; Margaret Jackson, B.A., McMurry; Ila Bartlett, B.S., Sul Ross; Mrs. Cagle Hunt, B.A., Hardin-Simmons; Mrs. Bill Conger, B.S., Sul Ross; Mrs. Gebhard Martin, B.S., NTSTC.

Try Something New And Different To Break Monotony Of Breakfast

By MRS. ALEXANDER GEORGE AF Feature Service Writer

You can often step up family food interest—especially in summer—by changing your breakfast routine. The regular fare (orange juice, bacon and eggs, buttered toast) has a tendency to wear thin if followed for months on end.

An assortment of breakfast specialties is also an aid to nutrition. And what a break for the budget when you slip in some of the economy foods!

For a change, bring on the CEREAL IN CAKES, browned and offered as a partner for poached, scrambled or fried eggs. Pour hot cooked cereal into molds—pound baking powder cans are splendid. Cool, unmold, cut into half-inch slices, sprinkle with flour and a dash of salt and brown quickly on both sides in fat heated in frying pan. There will be some calls for syrup and melted butter or strained honey to go with this breakfast hit. Fresh apple sauce or peach jam make other topper suggestions. Your choice will have to depend upon your kitchen supply and how far the family will let you get off the beaten path. For more substantial breakfast cakes mix chopped cooked meat, fish or crumbled cooked bacon into the cereal and proceed as directed.

Time permitting for both preparation and eating, CHEESE OMELET with a jelly top spread will surely arouse breakfast concern. To serve 4, beat 4 egg yolks, with 1-4 cup milk, 1 teaspoon baking powder, one-third teaspoon salt and 1 tablespoon melted butter. Lightly mix in 4 beaten whites and pour into buttered frying pan. Sprinkle with 1-2 cup grated cheese and cover. Cook slowly 10 minutes over low heat. Uncover and place in moderately slow oven for five minutes. Carefully turn onto heated platter and surround with sliced apple rings. Quickly spread top of omelet with 1-4 cup currant or plum jelly beaten with a fork. Cut in wedges to serve.

Something new in coffee rings is WASHINGTON CIRCLE. It calls for peaches, fresh or canned. Mix 2 cups flour, 3 teaspoons baking powder, 3 tablespoons sugar, 1 teaspoon grated orange rind, 1-3 teaspoon salt, 1 egg, beaten, 1 cup milk and 4 tablespoons fat, melted. Pour into a greased ring mold or a round or square cake pan. Spread the top with 1 cup sliced peaches mixed with 1-4 cup dark brown sugar, 1-3 cup raisins, 1-4 teaspoon salt, 1-2 teaspoon grated lemon rind and 1-3 teaspoon cinnamon. Bake 30 minutes in a moderate oven. As soon as removed from the oven brush top with melted butter. Serve warm.

Meaning Of Letters WCTU Explained

During the recent rodeo parade the question was asked by many onlookers: "What does WCTU mean?" We are glad to answer and give some information about it.

The letters WCTU stand for the Woman's Christian Temperance Union, one of the earliest temperance organizations in the United States. It was organized in Cleveland, Ohio, April 1874, the organization growing out of what was known as the "Woman's Crusade," which took place in December of the previous year at Hillsborough, Ohio. Of that memorable crusade (started by 70 women going to the saloons of that town asking the keepers to discontinue their business). It so spread over three states (Ohio, Indiana and Western New York) that 450 saloons quit business of their own accord within three months.

The WCTU of the United States at this time has more than 600,000 members. Well organized in every state, it is also an international organization, operative in some 30 nations of the world. It teaches and set forth the two fundamental beliefs—Total abstinence for the individual and prohibition for the state, nation and the world. (Submitted and published at the request of the local WCTU).

Honesty Of News Agencies Praised

BOSTON, Aug. 21.—American Press Associations are the fairest and finest news gathering and news disseminating agencies in the world, Lowell Mellett, administrative aid to President Roosevelt, says in an article written for the September issue of the Atlantic Monthly.

Mellett says that press associations and the American had to set a standard of truthful reporting that has caused their reports to be believed, and nothing except a sudden change to dishonesty can take that advantage away from them.

Two Month Duck Season Promised By Government

WASHINGTON, Aug. 21. (AP)—America's 7,500,000 licensed hunters got official assurance today of a 60-day open season on ducks this fall, along with welcome word from the fish and wildlife service that the waterfowl population had more than doubled since 1935.

The interior department's 1941 regulations for shooting migratory game birds, announced yesterday, permit northern sportsmen to take to the blind first, on October 1.

Two other broad lateral ones, stretching east-west and having the same general expectations for the advance of duck hunting weather, were assigned later opening dates. The season will start in the intermediate zone October 16, and

on November 2 in the southern states.

A 60-day season, and a big limit of 10 again was set for ducks, but dove hunters saw their shooting period trimmed to a maximum of 42 days. The 15-day season for woodcock was continued.

The regulations continue to bar the use of bait or live decoys, and in addition prohibit the use of cattle, horses, or mules as blinds. Hunters may use shotguns not larger than 10 gauge, and repeating and automatic guns must be plugged to take no more than three shells.

Duck and Goose shooting hours remain the same—sunrise to 4 p. m.

Dove hunters may start gunning early, in some areas on September 1, but their game will be limited. A drastic reduction in the shooting season for mourning doves was ordered, a survey showing the numbers of these birds were "decidedly unsatisfactory." The seasons were reduced to a maximum of 42 days, against shooting periods as long as 77 days in some areas last year.

Shooting hours for mourning (turtle) doves, white-winged doves, woodcocks, band-tailed pigeons, and rails and gallinules (other than coots) were not changed. They are sunrise to sunset.

No changes were made in the length of the woodcock hunting seasons, the shortened seasons of 15 days, introduced in 1940, being continued because, the announcement said, the woodcock population had not recovered from the severe losses in storms during 1939.

The regulations, however, made several important revisions from last year, including:

A closed season on Wilson snipe, commonly known as jacksnipe; a 10-day limit on canvasback and ruddy ducks, formerly limited to 2; legalizing the shooting and possession of one wood duck in Pennsylvania, Delaware, Kentucky, Missouri, Maryland, Virginia, North Carolina, South Carolina, Tennessee, Georgia, Alabama, Mississippi, Arkansas, Louisiana and Texas.

Unmarried Canadians earning \$1,200 annually pay a flat rate of 7 per cent on gross income, the department of commerce says.

Fun With Flowers— Make Your Flower Decorations Look Cool And Summery Now

By FRANCES JONES

No. 1—Floor vases filled with green and grain look cool in the summer time. As for those big floor vases—they aren't hard to find. Put that really lovely, deep, old fashioned umbrella stand to work. If you are at a loss for good looking foliage try a few stalks of corn. You'll be amazed to see how truly decorative it is. Pull it up roots and all—pull off the eating ears if you want—and use the foliage for decoration. Fill the umbrella stand with deep, cool water.

No. 2—Another summery thought for your vacation cottage is to use a wicker basket as a corner vase. A road map (memento of a pleasant summer trip) is pasted on the old wicker basket and shellacked for a permanent finish. Dry grain (we have used barley) fills the basket with airy grace. You will find sheaves of wheat or rye are just as attractive. I have also used the wild sea oats which grow along our ocean coast with equally good effect. Long pine branches are additional possibilities.

No. 3—At a rustic cottage or in a simple country house you'll find nothing better looking or more practical as a flower container than an old copper or brass kettle. In the above sketch several stalks of canons have been cut and placed in the hearth side bucket. Their foliage is so decorative that they need no arranging. The colorful blooms yellow, orange, and red are really stunning. Why is it that we've never appreciated these striking plants for house decoration? Even without flowers the

leaves will serve you in good stead for interesting foliage effects.—(Distributed by Esquire Features, Inc. Reproduction strictly prohibited.)

Grayson County Courthouse Now 'Possum Home

SHERMAN, Aug. 21. (AP)—Ground floor office workers in the Grayson county building have started a campaign against possums, since several three-quarter grown rodents have been captured there in the past 10 days.

"I have the feeling all the time that someone is looking over my shoulder," declared Jess Wall, justice of the peace.

For highway Patrolman G. T. Avery, the thing came to a head Sunday, when he attempted to start his car parked on the south side of the plaza. From under the hood came shrieks, growls and possum swear words. One of the rodents had become involved in the fan belt.

Avery turned him loose on the county building grounds, where he was seen by several other persons Sunday.

Harris Haislip, county building superintendent, said he was mystified by the sudden descent of the rodents on the building. One employee, mindful of the well known

partiality of possums for damson plums, remarked that possibly the animals had political aspirations.

It was believed by Mr. Haislip and some others that the animals came up the street from Post Oak creek at night, and made for the greenery and shrubs about the county building. There they lie during the day, hitting through the recessed windows at the work of the county employes.

Wolves Hungry In Missouri

LINN, Mo.—Osage county farmers who have lost livestock to wolves are planning a drive to stamp out the predators. Forty stockmen have petitioned the interior department to send a federal trapper to the county and the state conservation commission has promised to pay one-third the cost.

Commercial fishermen have landed tuna weighing as much as 1,800 pounds and above ten feet in length.

GOOD THINGS TO EAT

Editorial -- Conservation Needs Attention-NOW

The Soil Conservation Service, following a statewide survey, estimates that little more than 71 per cent of the state's acreage is suffering from soil erosion.

To most people, unfortunately, this alarming fact is viewed only with a degree of abstract concern. It is, in reason, most folks, a problem for the farmer and the rancher, and they hope those two classes can work it out.

But results of this sort of condition will not be so abstract. Depleted and eroded soils will not be the farmer's and the rancher's problem alone. It will affect every individual in the state. Regardless of the statistical advantages in volume by other industries, agriculture is still our basic one—and there is no indication that this age-old truth will be altered.

In this light the erosion factor becomes an important item.

What business would stand by idly and submit to a condition which amounted to the steady deterioration of 71 per cent of its capacity to produce? It is not a matter of concern any institution with hopes of perpetuation, is obvious.

Applied to the basic industry of agriculture, there is no reason for permitting a condition to exist which eventually would undermine the ability of the industry to produce profitably.

Like all other collective problems, the solution to this roots in solution of individual problems. It must start with this farm and this ranch. It must spread over conservation districts, over counties and eventually over the state. This is a job that has long needed doing, and it is high time that we are getting about it more seriously than ever before.

Washington Goes Polling On Question Of War Entry

By JACK STINNEY

WASHINGTON—Congress has gone a-polling.

According to the longest memory of the oldest inhabitant, there never was a time when the congressmen were so eager to get the pulse of the electorate. Many of them have been away from their districts for a year or more. Public opinion is changing from week to week. Election 1942 for all representatives and a third of the Senate is just around the corner. A mid-poll now may mean political disaster.

So Congress, unable to get home and mend those political fences, is resorting to the poll.

Back in the very earliest spring, I wrote a story on one of the first congressmen to go a-polling. It was William T. Pfeiffer, representative of New York's sixteenth district. Dropping into his House seat when the fight on the Lend-Lease bill was at its hottest, Mr. Pfeiffer sent letters to one out of seven of all voters in his district. He explained that he couldn't poll everybody but asked each recipient to pass the letter on to as many persons as possible who had not got one. In the letter, he asked the voters to write him their opinions on the pending bill. The letters received guided the freshman representative in his vote and although he is a Republican with a passion for governmental econ-

omy, he strung along with the Democratic administration.

Started Something

It was a lesson that hit Congress between the eyes. Since then, the number of polls taken by members of both houses couldn't be listed in this short space.

Not the least of these sentiment soundings has been Rep. Hamilton Fish's poll of his district. Mr. Fish reported back that his constituents didn't like war. Rep. Paul Shafer, Michigan Republican, recently told the House that in his district, 93 per cent of the folks were against entry into the European war.

In a way, Sen. Burton K. Wheeler's late letter to the public in general, asking that they write the President their opinions on whether we should go into the war (or stay out) was nothing but a poll. The furor that the Senator's plea caused in Washington gave rise to a wholesale recapitulation of "franking privileges" as well as charges, counter-charges, and a couple of apologies.

Now comes Stephen A. Day, Republican representative at large, from Illinois. Congressman Day's poll is probably the most ambitious undertaken by any member of either house to date. He addresses his inquiry to every member of "Who's Who."

Crops Good In Moore Vicinity

MOORE, Aug. 21 (Sp) — Crop conditions in this community continue to hold up well in spite of dry weather.

Insect infestation is letting up and cotton is fruiting rapidly. Frustration is being harvested. Good rain would be welcomed, but crops will be good without additional moisture.

This year has seen new records set in canning in this community. Many households have canned 200 to 400 containers with as many as 30 varieties of food.

The AAA and extension service comfort making project will get underway soon, according to Lora Farnsworth, county HD agent. The center at Moore will serve this and surrounding communities.

Sticks By His Views

Enclosed with the letter is a penny-prepaid postcard. On it is the question: "The United States should (1) enter the war; (2) stay out of the war." Following that is a space for name and address, with an explanation that the signature is optional.

"This is not done," says Mr. Day, in his letter, because I have changed my views. They are the same as they were. I merely want to know how American leaders stand."

Mr. Day's poll, like Mr. Wheeler's, went out postage free, under the privilege of "official business."

Aside from the commendable effort on the part of congressmen to find out what the public thinks, the story would hardly be worth relating if it weren't that a few pulse-takers of Congress—the wisecracks who sit around and talk of the shape of things to come in our legislative branch—are saying now that that off-debated "franking privilege" will again soon be blowing its head off in one of this session's better volcanic eruptions.

Mrs. Ray Phillips left Wednesday for Kansas City where she will join her husband who is employed by Walgreen Drug company.

"Just before the show went into rehearsal."

"So you knew," Peterson snapped, "that Miss Blanton was in New York and in your place?"

Morris smiled. "Naturally. But I didn't know that Miss Blanton was Miss Gray."

"You have no way of proving that?"

"Of course not."

"But you recognized her as Lee Gray when you saw Green Apples on opening night?"

"Certainly."

"And yet you denied knowing Lee Gray. Why?"

"That's fairly obvious, isn't it? Miss Blanton had been poisoned on the very night of my arrival, unfortunately. The police, apparently, were searching for someone with a past connection to her. I saw no reason to offer the evidence of my connection with her by explaining Lee Gray and implicating myself. And since Miss Blanton seemed anxious to do so..."

"So. Very pretty. And the story the Miss Blanton has just told... was it... has she been correct about your relationship with her in England?"

"Would you expect me to admit it if it were the truth?"

"Is it?"

"That I'm a degenerate, a man-sco who scares little girls?"

"Why did Miss Blanton leave your show?"

Steve jumped up angrily. "Carol's told you why she left! Must you drag her through all that again? Isn't it bad enough that she has to stay here and..."

Peterson interrupted him. "She doesn't have to stay here. She can leave now if she wants to."

"I'll stay," Carol said quietly. Her hand reached up to Steve, drawing him down beside her. "Steve, I've got to stay."

"All right, Morris. Why did Miss Blanton leave your show?"

To be continued.

Hollywood Sights and Sounds—Movies Go All Out For Funny Stuff In Usual Overboard Way

By ROBBIN COONS

HOLLYWOOD—Just about now, for the sheer novelty of it, some alert producer ought to be whipping up one of those old-fashioned tea-jerkers full of sweet sorrow, pathos, and hearts-and-flowers.

Come the autumn, such a picture would be a novelty, and a relief to audiences from what—or so the movie-makers hope—will be aching sides and laugh-wrinkles.

The sound stages now are neck-deep in comedians. If any of the funny boys and girls aren't working, they'll never again be confronted with such a tidal wave of opportunities. Hollywood's idea of what you want—and it's a pretty good idea at that—is laughter.

Abbott and Costello, still riding their phenomenal crest (and nobody more surprised than Universal), are 'way out West for "Ride 'Em Cowboy." Olsen and Johnson, once poppin' their all into "Hellzapoppin'."

"Panama Hattie," with Ann Sothern and Red Skelton among others, is Metro's currently loud-est contender, Skelton having won his A-letter through monkey-shines in "Whistling in the Dark." "Babes on Broadway" would be the Number One entry here, for its comedy and music, except that Mickey Rooney-Judy Garland bid includes a dab or two of pathos—the kids give up their big chance, etc., for the sake of the orphan kiddies.

RKO's mixing in with "An Obliging Young Lady," starring Joan Carroll—not exactly slapstick or zany, but loaded to the last reel with funny characters, including a covey of bird-callers, "Tom, Dick and Harry" (already on view) and the completed "Look Who's Laughing," with Fibber McGee and Molly, and Bergen and McCarthy, are other giggle entries.

At Paramount it's "Louisiana Purchase" (Bob Hope, Victor Moore, Vera Zorina, Irene Bordoni et als.) and at 20th Century-Fox it's Laurel and Hardy in "Great Guns," more fun in the draft. Warner's has comedy on the polite side in "The Male Animal" and "The Man Who Came to Dinner," following the raucous "Navy Blues." Columbia is throwing in "Three Girls About Town" (Joan Blondell, Binnie Barnes and newcomer Janet Blair with John Howard).

More politeness, but funny, is evident "When Ladies Meet"—Greer Garson, Joan Crawford, "The Doctor's Husband" (Henry

Man About Manhattan—Boris Karloff, Off-Scene, Still Casts His Spell

By GEORGE TUCKER

NEW YORK—It's like this: The gin rummy craze on Broadway has spread even to the juvenile actors over at "Watch on the Rhine," which indicates just how simple an indoor sport it really is. . . . George Coulouris of that show says, "If they play it in Hollywood it has to be simple."

R. Howard Lindsay and just plain Howard Lindsay are in no sense related—they never have even shaken hands—though both are past masters of the art of cunning whodunit thrillers. . . . R. Howard Lindsay is the author of that blood-curdler "Pow! Murder," published by Little Brown and Company. Just plain Howard Lindsay is co-producer of "Arsenic and Old

We've come to Paul Lukas now. More than once this corner has talked about the fine piece of acting he does in that fine piece of stage writing, "Watch on the Rhine." . . . But I never knew until the other day how Herman Shumlin came to cast him as the star. . . . That wasn't Shumlin's original intention at all. . . . He went out to Hollywood to interview Lukas and ask him to play the heavy. . . . "Heavy hell," cried Shumlin five minutes after he had shaken hands with Lukas, "you're the star."

A friend of mine took the train recently at Darien, Conn. But a drawbridge was stuck somewhere up the line, and the train was more than an hour late, and my friend decided to explore the platform.

Boris Karloff was sitting there in a tan gabardine suit reading, his face almost mahogany, his hair peculiarly straight and rather dead looking. Disconcertingly, he looked just the same on the station platform as he had in "Arsenic and Old Lace," my friend decided, and put him out of his mind.

Almost in a minute he noticed a strange stillness on the platform. Children who normally would have been shinning up the nearest pole were quiet. Women who normally would have been gabbing were silent. Men who looked to be over-stuffed with smoking car stories stalked eerily about, smoking too much. Even the sparrows held their tongues.

Then my friend looked again at Karloff. He was still there, still reading the same leg crossed over its mate. For an hour he moved only once; that was to look up the track where there was no train. His face showed no annoyance, no interest, nothing. He said nothing. He sat.

This hush was not the result of seeing a celebrity. Darien is full of celebrities. My friend thought for a while, and then the answer came to him, quick like a fox.

This was merely Boris Karloff's living. He is Karloff, and he throws a lovely, non-rusting pall even off-stage, and he collects a nice regular paycheck. But it was pretty quiet.

Chapter 29

ENTER GREELY MORRIS

"Once I nearly got a job, not a good one, but a job," Carol went on. "A manager who had seen my performance in Green Apples and had liked me. I got as far as a week's rehearsal. That was all. Morris heard about it and I was fired."

"There was nothing for me in London then and so I came back. I changed my name to Carol Blanton again so that Morris couldn't find me, couldn't spoil my chances with the managers here if he still wanted to. And I was afraid he did."

"I pounded the pavements here for months. I did get a few chances to read for parts, but I read so badly. And I had had no experience. I couldn't tell them about Green Apples. I had to say, 'No experience at all.' Then on day I saw in the paper that Clint Bowers was going to do Green Apples. All of a sudden it came to me. There was a part I could do. Jeff, you saw what that critic said in Manchester. And Greely Morris never came to America for any of his plays. He would never know if the girl who played Dina was Lelia Gray. I was . . . pretty desperate then. There was no money left, none at all. Well, it was worth the chance and I took it."

"She studied her fingertips incessantly. 'You know the rest. I got the job and the day we opened I heard that he was to be here. 'I didn't know what to do at first. And then I thought. . . he was only to be here that one night and, if he shouldn't see me, if he should go on to Hollywood without knowing. I had to make Alice play that one night. 'I did it. I pretended my voice was gone, and then, when you had gone to the theater, Halle, then I remembered the pictures in front of the Colony, and I knew it wouldn't work. He couldn't see me plastered there, he would know. It would be better if I played. Maybe he wouldn't say anything, maybe I could keep him from saying anything. You and Tommy came in when I was telephoning the theater to say that I'd be there. You didn't believe me, I could see that. But I. . . I couldn't explain."

"I wrote the note when I was alone in my dressing room and after it was written I didn't know what to do with it. I kept asking myself if it was worth while to plead with him or if I should just keep still and take my chance. Even after the play I was still muddled up. I didn't know what to do. And then, suddenly, I was sick. The kind of sick when you think you're dying and nothing matters at all. I forgot about that note and Greely Morris and my job, forgot about everything but getting home and into bed. That was all. The next thing I knew I was in Bellevue."

"She sank on the couch and covered her face with her hands. After a moment Jeff said, "Did you think it was Greely Morris who tried to kill you, Carol?"

"I. . . I don't know. At first I did. When we met that morning in Bowers' office and he pretended not to know me, when he said that he had never heard of Lee Gray, then I thought he was the one. But the next night when Eve was murdered, he wasn't even in the theater. And then. . . then I knew it couldn't be he."

"Carol, why were you calling him at his hotel? When I answered the phone?"

"I nearly fainted when I recognized your voice."

"Who was Crowley when you called?"

"Crowley's Fault"

"I had gone out for a walk and he was with me. And suddenly I had to talk to Morris. I had to find out what he was going to do. I didn't want him to tell the police about Lee Gray, the way he'd tell it, it would sound. . . if anyone told the police or Mr. Bowers or you, I wanted to do it."

NOTICE OF FIRST MEETING OF CREDITORS
 In the District Court of the United States for the Northern District of Texas in Bankruptcy, Abilene Division.

In the Matter of ALBERT FLETCHER HILL, Bankrupt, No. 1908 in Bankruptcy, Abilene, Texas, August 18, 1941.

Before D. M. OLDFHAM, Referee in Bankruptcy.

To the Creditors of ALBERT FLETCHER HILL of Big Spring in the county of Howard and District aforesaid, a bankrupt. Notice is hereby given that on the 11th day of August A. D. 1941, the said ALBERT FLETCHER HILL was duly adjudged bankrupt, and that the first meeting of his creditors will be held at my office in the City of Abilene, Taylor County, Texas, on the 3rd day of September, A. D. 1941, at 10 o'clock in the forenoon, at which time the said creditors may attend, prove their claims, appoint a trustee, appoint a committee of creditors, examine the bankrupt and transact such other business as may properly come before said meeting.

D. M. OLDFHAM, Referee in Bankruptcy.

Last Lost Watch Ticks Again - Mrs. Ora Cox found an old-fashioned watch in a field where it apparently had lain for years. She wound the timepiece and then asked her husband for the time. She discovered the watch was set exactly to the minute—and it's been running correctly ever since.

Soviet Bombers Penetrate Germany

BERLIN, Aug. 21 (AP)—A number of Soviet Russian bombers flying along the Baltic coast penetrated northern Germany last night, a German announcement said.
 The announcement said the planes "circled planlessly over German territory" for some time and dropped a few bombs at random which caused no noteworthy damage.

Interest Grows In Revival Meeting

There is growing interest in the gospel meeting being conducted by the Church of Christ at Fourteenth and Main, according to Byron Fullerton, regular minister for the church.
 The evangelist, Trina Starnes, discussed last night the things that may cause a Christian to go astray, how he may return to God, and the turning of a sinner to God. He used the eighth chapter of Acts as the basis of the latter part of his sermon. There was found the pattern of the turning of a good moral man to the Lord. "Morality is an essential part of Christianity, but morality is not enough since it does not give heed to the gospel, and does not partake of the blessing of the shed blood of Christ," he pointed out.

Bolt Rings Invasion Bell WINDSOR, England.—Lightning struck the belfry of an old school at Windsor and caused the bell to ring. The bell is Windsor's invasion bell—to be sounded to give the alarm if German parachute troops land nearby. Home guards turned out when they heard the bell.
