WASHINGTON, June 5 (AP)—West coast ship operators today offered a new compromise proposal to the Marine Firemen's Union in a fresh attempt to head off the threatened mid-June maritime strike on all coasts.

As this move brightened the prospects of settlement, Conciliation Director Edgar L. Warren said he believed it "too early" for the government to step in with its own settlement proposal.

Churchill Lauds Labor's Blast Against Russia

LONDON, June 5 (AP)—Former Prime Minister Winston Churchill declared in commons today that the British labor government had "made an important contribution to world peace" by a "resolute denunciation of communism."

He said, however, that Prime Minister Attlee's government "has followed the Russian principle in foreign affairs of one party government" by not consulting opposition leaders.

Churchill, now leader of the conservative opposition, said "I am not complaining," however.

Churchill, opening the second day of a foreign affairs debate, praised laborite foreign secretary Ernest Bevin, who he said "has stood forth as a representative of much that is wise and courageous in the British character."

"It would be wrong to cast blame on him," Churchill said for what he called "virtual breakdown or stalemate in the concert and collaboration of the three great powers as well as a painful decline in British influence and prestige" since the end of fighting against Germany.

Churchill applauded Britain's hands off policy in Spain, declaring the government has shown "wise restraint in not interfering in the internal affairs of that country."

Trustees To Hear Survey Report

Report of the survey committee, commissioned to check on suggestions from the public for strengthening the school system, will be heard at the meeting of the Big Spring Independent School district board of trustees at 8 p. m. today in the administrative offices.

On the committee are R. L. Tollett, chairman, Dewey Martin and Justin Holmes.

Also due for consideration of the board is the naming of administrative personnel for the district, consideration of appointments including coordinator for diversified occupations and director for the band.

June 15 Deadline To File For Office

Saturday, June 15, is the last day for candidates for county and precinct offices to file with L. S. Patterson, chairman of the county democratic executive committee, for a place on the democratic primary ballot.

Private Convicted In Soldier Beating

BAD NAUHEIM, June 5 (AP)—A general court martial today convicted Pfc. William B. Norris, of Mulga, Ala., of beating four American soldiers imprisoned at the US Army guardhouse at Lichfield, Eng.

A soldier accused of beating Lichfield guardhouse prisoners admitted the charge today and said the prisoners were beaten in accord with orders from Lt. Granville Cubage of Oklahoma City.

The soldier, Pfc. Thomas E. Warren of Plainview, Tex., was testifying in the trial of Cubage, who is accused of authorizing and aiding cruelty to prisoners in the US Army guardhouse at Lichfield, England.

Although warned by the military court that his answers to prosecution questions might be incriminating and that he need not answer, Warren said:

"I intend to tell the truth in this trial and I'll repeat these things in my own trial."

"Cubage told us if prisoners gave trouble to beat hell out of them," said Warren, a former guard at Lichfield.

"He told us not to dirty our hands, but to use rifle butts and billy clubs. He said if they gave us too much trouble to beat them into the damned floor."

Deadlocked Trial Jury Dismissed In Newton Case

PLAINVIEW, June 5 (AP)—District Judge C. D. Russell dismissed the jury today in the trial of Dr. W. R. Newton of Cameron, charged with assault with intent to murder in connection with the shooting of Dr. Roy Hunt of Littlefield.

The jury reported at 9:33 a. m., a little more than 36 hours after retiring for its deliberation, that it was deadlocked 11-1.

The trial began May 28. The jury received the case at 9 o'clock Monday night.

Dr. Hunt was shot on a highway near Littlefield May 10, 1942, after a woman had telephoned him to come to the spot.

Newton was given a seven-year sentence at Plainview in a trial held in August, 1943. The sentence was appealed and on June 16, 1944, the court of criminal appeals reversed and remanded it.

On Oct. 26, 1943, Dr. and Mrs. Hunt were slain in the bedroom of their home at Littlefield. Jim Thomas, paroled convict, was arrested the next day at Galveston and after days of questioning was charged with murder in the slayings.

Tried at Plainview, Thomas was convicted and on Aug. 31, 1944 was sentenced to death.

He was granted a new trial by Judge Russell after it had been established that the 54th district court jury discussed his previous criminal record.

On a change of venue, Thomas was next tried in Dawson county and in January, 1945, was convicted and sentenced to death. The court of criminal appeals reversed the case and a new trial is pending.

Early Arrangements Made For Programs

Preliminary arrangements have been completed for the first post-war amateur program to be held Friday night in the city park amphitheatre, the chamber of commerce announced today.

A full slate of musical entertainment has been listed, and order of appearance on the program will be arranged by Thursday.

Hoyle Nix and his Center Point Serenaders will furnish opening music and then appear at various times during the program. Vocal selections will be given by Edith Gay, Helen Blount, Wanda McElhannon, Marion Beam and Edith and Allan Christian. Lillian Hurt and Helen Dufey will be featured in a piano duet, Ben Logan in violin selections and Kenneth Bryant on the Spanish guitar. Accompanists will be Helen Duley, Mary Logan, Mrs. C. W. Norman and Mrs. S. H. Gibson.

WASHINGTON, June 5 (AP)—The state department reported today the Romanian government had sent an unsatisfactory reply to the American demand that Romania fix a date for early free elections.

TO RECONCILE ARMY-NAVY DIFFERENCES

Truman Decides Against Single Chief Of Staff In Merger Plan

WASHINGTON, June 5 (AP)—The proposal for a single chief of staff over the armed forces was reported the first casualty today, as President Truman personally undertook to reconcile army-navy merger differences.

The single chief of staff proposal was strongly pledged by the army but congressional circles heard reports the president had decided against it.

The fact that Mr. Truman is taking over the job of resolving army-navy merger disagreement was disclosed after a 90-minute conference yesterday between the president, Secretary of Navy For-

restal and Secretary of War Patterson.

White House Press Secretary Charles G. Ross reported Mr. Truman termed it "a very constructive session."

Nevertheless, Forrestal was reported sticking by the navy's contention that two departments, with separate cabinet members, should be maintained instead of the single department of common defense suggested in a bill sponsored by Chairman Elbert D. Thomas (D-Utah) of the senate military committee.

Warren Leads California Vote In Both Parties

By the Associated Press

Republican Governor Earl Warren, seeking another term as California's chief executive, was out in front for both Republican and Democratic nominations on the basis of returns today from Tuesday's primary balloting.

Senator William K. Knowland, another California Republican who hoped to be selected by both political organizations, ran far ahead in his own party's senatorial primary but trailed former US Representative Will Rogers, Jr., for the Democratic endorsement.

Elsewhere in the five states which held primaries yesterday:

1. Democratic Senator Dennis Chavez of New Mexico held a slight lead for renomination over Gov. John J. Dempsey.

2. A political novice war veteran, giant James E. Folsom, won the Democratic nomination and hence for practical purposes the election as governor of Alabama.

3. Former Governor Harold G. Hoffman of New Jersey was beaten off in a comeback attempt.

4. The Republican governor of South Dakota was defeated.

5. Renomination of incumbent senators and most representatives was indicated in all sections.

Italians Vote For Republic

ROME, June 5 (AP)—Pietro Nenni, Socialist vice premier, announced today that the republic had been voted by the Italian people and that King Umberto would leave Italy Saturday.

A government source had announced four hours earlier the defeat of the monarchy in the weekend plebiscite.

Queen Marie Jose, wife of King Umberto II, and her four children arrived at the Capoddi Chino airport in the Naples suburb tonight by plane from Rome. She was accompanied by three ladies in waiting.

Trucks loaded with 20 pieces of luggage from the plane went to the villa. Umberto was not with his wife.

Dallas Rains Tax Airport Facilities

Intense rains at Dallas have had the effect of taxing facilities at the municipal airport.

American Airlines reported a total of 120 passengers held up at the terminal building at one time this week.

Two of the massive DC-4s, with 50 passengers each aboard, were held here waiting for water to run off the Dallas airport.

At the same time, one DC-3, with 20 passengers, was held here.

Normally, the port building will accommodate the passengers from only one DC-3. The big ships land here only for service, for weather emergencies, or to bring in engines, etc., AA officials said.

Senate Fights Draftless Draft Bill; Boost Pay Of Lower Servicemen

WASHINGTON, June 5 (AP)—Senators weary by hours of wrangling appeared set today to reject a proposal for a "draftless draft"—a maneuver designed to block inductions of teen-agers.

The senate yesterday voted to resume the drafting of 18 and 19 year olds and senators who want to keep the selective service law intact were confident of defeating any draft "holiday."

The teen age draft cleared the chamber by a vote of 53 to 26.

The leadership then put on steam in an effort to get the draft extension bill back to the house.

It rammed through, 67 to 4, a graduated pay boost for enlisted men and non-commissioned officers that would give privates and apprentice seamen, the lowest ranks, a 50 percent hike to \$75 a month.

But then the bill ran into trouble.

Three republican senators, Rev. Groome (W.Va.), Wilson (Iowa) and Wherry (Neb.) put forth their substitute bill. It would continue draft registration and job benefit sections of the present selective service act but suspend all inductions.

The draft act currently is operating under a six-week stop-gap extension that runs July 7. Its age limits are 20 through 29, but the senate restored the wartime 18 through 44 yesterday, even though the armed services have said they do not want men over 25.

Most of yesterday's senate debate centered around the necessity for drafting teen-agers to police Germany and Japan.

The test found 22 republicans supporting the teen-age induction and 12 against. The democrats split 31 for, 13 against.

With this out of the way, the senate proceeded to vote the pay increases, boosting \$.25 monthly for army privates and navy apprentice seamen to \$2 for top non-commissioned ranks.

Struck Railroad Will Resume Operations

NEW YORK, June 5 (AP)—The Hudson and Manhattan railroad—stalled seven days by a strike of union engineers and trainmen—today announced plans to resume operations "as soon as we can secure competent personnel—inside or outside the unions."

The statement was made by John E. Buck, vice president and general counsel, on the eve of the first scheduled meeting of an emergency board appointed by President Truman to investigate the strike.

House Unit Approves Hemispheric Defense

WASHINGTON, June 5 (AP)—Legislation providing for a broad program of "military cooperation" with other western hemisphere nations was approved today by the house foreign affairs committee.

The measure, requested by President Truman, would authorize the chief executive to arrange for:

1. Transfer of war goods to other countries of the hemisphere.

2. The training of military and naval personnel of those nations;

3. Repair and maintenance of their armaments.

Mr. Truman told congress in a May 6 message the chief purpose of the bill is to permit standardization of military equipment and training.

Six Floors Burned Out While Guests Suffocate Overcome By Fumes

CHICAGO, June 5 (AP)—At least 58 persons were killed—many suffocated in their beds without being awakened—today in an early morning fire that swept through the 27-story La Salle Hotel in the heart of Chicago's loop district.

Fire department sources estimated about 200 persons were injured.

The first alarm was turned in at 12:35 a. m., when most of the 1100 guests had retired for the night. Within 10 minutes the first three floors were engulfed in flames and both of the main street exits from the 37-year-old hostelry were impassable.

Five extra alarms were sounded and more than 300 firemen battled the blaze bringing it under control about 3:30 a. m.

Most of those who were burned had been housed on the third, fourth, fifth and sixth floors. About the sixth floor, smoke and panic claimed their victims. At least 10 persons died as they leaped from their rooms and fell to the street or in a courtyard.

Of the 53 bodies which overflowed the county morgue—29 were listed as unidentified. On many of the bodies there were only a few fragments of burned clothing, which crumbled when touched. Most were clad only in negligees or robes. Three more bodies had not been removed from hospital to the morgue.

Fire Marshal Michael Corrigan, calling the fire the worst in his 35 years of experience and "one of the hardest to explain," said firemen had heard three explosions, spaced about a minute and a half apart, preceded discovery of the fire.

John Flanagan, chief house detective at the La Salle, said the fire started in the No. 5 elevator shaft. He quoted Detective Edward McNamara as saying that the operator of the No. 5 elevator rushed into the lobby and said there was fire in his pit.

"But it was simply appalling the way the fire spread," McNamara said. "In a twinkling the whole lobby was a mass of flames. From then on, everything was chaos."

Coroner A. L. Brodie called an inquest this morning, and said he would use prominent hotel managers and engineers for members of the jury.

Firemen and volunteers rushed into the hotel, to control the blaze, and assist the guests from the building. Smoke and heat rushed to the upper floors through the elevator shafts, permeating all the halls and filling the rooms. On the fourth floor, seven bodies were found in a crawling position. The victims had been headed toward a fire escape, and had been overcome on the way.

On a glass canopy were found the bodies of a mother and her child, arms banding one another. Both were burned beyond recognition.

The figures of many persons appeared in windows, as if they were planning to leap. Even as flame and smoke menaced those in the windows, firemen cautioned:

"Sit tight—we'll get you out." Rescue ladders were quickly raised and more than 50 persons were rescued. Military police and shore members banded together with police, firemen and other volunteers to stretch nets in the streets to catch those who chose to leap. One woman was carried down a fire escape by a fireman and rushed to Passavant Hospital. Almost on arrival, she gave birth to a baby.

"If only some of them had not been panicked, they might have been saved," said Fire Marshal Corrigan.

A temporary morgue was hastily set up in the city hall, only a block from the hotel. More than 600 policemen were called to the scene. More than 50 Red Cross people assisted.

The hotel's register was destroyed in the fire and an emergency list of those who had not been injured was compiled by police, to aid in answering the pitiful pleas of those seeking loved ones.

Other loop hotels quickly volunteered shelter for those driven from their rooms. Cots were set up in ball rooms, and other guests in the nearby hotels shared their rooms with the dispossessed.

One fireman was killed and 29 to 30 were injured.

There were many stories of individual heroism. Taxicab drivers waiting at the hotel for fares went to the upper floors to assist. Walter Boris, an employe of the Chicago Elevated Lines, was credited with carrying 12 persons from the third floor.

Boris said that he came on one couple overcome in their bed. He carried them to the bathtub, covered them with wet towels and called help. Police then evacuated them on stretchers.

Sabath Recommends Veto Of Case Bill

WASHINGTON, June 5 (AP)—Chairman Sabath (D-Ill.) of the house rules committee counseled President Truman today to veto the Case labor disputes bill.

Sabath told White House reporters that he had urged the president to let a senate-house committee study the whole question of labor legislation for a few months and "agree on a sane bill for peace and harmony between labor and management."

He said he told Mr. Truman: "The Case bill is a bill that will not eliminate strikes, will not help industry and may create more trouble than anything else."

BREAD LINES FORMING OVER NATION; RELIEF PREDICTED IN THREE WEEKS

CHICAGO, June 5 (AP)—Bread lines were forming in most of the nation's stores and bakeries as the country experienced its worst wheat shortage, but the millers national federation predicted relief in two or three weeks.

However, Herman Steen, executive secretary of the federation, said yesterday "this is the worst week the millers will have" and added that from 80 to 90 percent of the nation's flour mills will shut down for lack of wheat to grind into flour.

Scarcely any city escaped the pinch.

However, two factors pointed to an upturn. They were the new winter wheat crop, running 25 percent above expectations, coming in in Texas and Oklahoma; and a plan by the Department of Agriculture to divert some foreign relief wheat stocks to the most acute domestic bread shortage areas.

Steen predicted the shortage would be considerably relieved by mid-to-late July as more of the new winter crop reaches the mills. He said, however, "government red tape," shipping the grain from elevators to mills, getting the right "blend" for bread flour, and delivering the flour to bakers, all would require a time lag of two or more weeks.

Lee Olive, Chauncey Long Wed In Single Ring Rites

In a single ring ceremony performed Saturday evening in Midland, Lee Olive, daughter of Mr. and Mrs. J. B. Olive of Mangum, Okla., was wed to Chauncey B. Long of Forsan.

For the ceremony the bride was attired in a dressy suit of aqua gabardine. All accessories were white and wore a small cello-type hat of white felt. Her corsage was of gardenias.

The bride was attended by her sister, Midge Olive, who was attired in a beige wool suit with black accessories, and had a cor-

sage of pink carnations. Best man was Fred Lunceford.

Mrs. Long was graduated from Mangum, Okla., high school and attended Southwestern Tech at Weatherford, Okla., for a year. She was employed at Burrs department store prior to her marriage.

Long, son of Mr. and Mrs. C. C. Long of Forsan, attended Forsan schools and is now employed as a gauger for Cosden.

The couple left following the ceremony for points in Colorado on a two-weeks wedding trip. On their return they will be at home at 1008 1-2 Runnels street.

Girl Scouts Get Varied Camp Experience As Association Program Gets Underway

Punching holes in scraps of leather to make book marks, dabbling in clay to make a flat bowl, splashing around in the municipal swimming pool—all are examples of activities being carried on every day at the Girl Scout Day Camp now going on at the park.

The 100 girls were divided by the camp leaders into five groups according to their ages. They include the Bobby Sox, directed by Mrs. J. L. Roberts and Mrs. M. F. Ray; Fairies, Mrs. W. R. McGinnis and Mrs. George French; Star Haven, Mrs. R. L. Pritchett; Fan Tail Fish, Mrs. Ben Whitaker; and Lazy Daisies, Mrs. C. Y. Clinkscakes.

A detailed schedule was worked out before the camp opened in which each group was assured of some activity at every time during the camp. A sing-song session opened the camp as it convened Monday morning and assignments were made.

Each group then chose camp headquarters, with general headquarters maintained at the amphitheatre, and began setting up games, projects and handicrafts. Mrs. Dan Conley is instructing the girls in basketry and clay work.

Mrs. R. L. Pritchett is giving instruction in leather craft, and Mrs. Clinkscakes is teaching the girls woodwork.

Two groups, the Lazy Daisies and Star Haven, plan to have overnight camp in the park. The Star group, under Mrs. Pritchett's instruction, will study the constellations.

W. M. Garrison is giving instruction in swimming and lifesaving, and Jack Thompson is teaching the fundamentals in archery. Dart boards are set up, and in true camping technique, lunch baskets are hung by clothespins on rope lines, creating an air purr of girls' camps throughout the park.

Several of the groups plan to get experience in outdoor cookery during the camp, in addition to crafts experience.

The last session in the camp will be held Friday.

Forty-one Enter First Christian Vacation School

Forty-one children are enrolled in the First Christian Vacation Bible school, which will terminate after one week of activity on Friday.

Those participating are taking part in four departments with daily programs starting at 9 a. m. and continuing to 11:15 a. m. Friday at 8 p. m. a brief program will be put on by the students at graduation exercises.

The Rev. J. E. McCoy, pastor, is head of the school, aided by the following faculty:

Beginner, Mrs. A. G. Hall, Jr., superintendent, Mrs. Ray McMahen and Mrs. J. R. Broughton. Primary, Mrs. A. A. Marchant, superintendent, Mrs. W. D. McNair. Junior, Mrs. George W. Housing Shortage Only Nuisance To Some Texans

By JACK RUTLEDGE Associated Press Staff

The housing shortage is nothing more than a nuisance to Texans with initiative. It doesn't keep them from having a home.

Mr. and Mrs. Hugo Huffman of Crane were told they could not possibly obtain building materials for a new home. But they went ahead with plans for a five-room, house, anyway.

They bought a supply of second-hand two-inch pipe, and sucker rods used in oil field operations. Hiring a welder, they went to work. The pipe served as verticals and the rods as horizontals. They formed an almost indestructible skeleton frame.

Then the Huffmans bought wire mesh. Plastered it with three coats of stucco, inside and out. Cement and tar formed a roof that was built in such a way it catches and retains rainwater for garden and lawn.

The cost of the house was \$1,500 less than estimates they had been given for a regular home.

At Shamrock, G. G. Angley is building himself a cafe.

He's using old ammunition boxes. They are 12 x 12, 105 MM ammunition boxes which he is stacking like you lay bricks. Then they are "toe-nailed" together. The inside of the building will be finished with sheetrock or plaster, the outside of stucco or brick siding.

He says he'll have enough boxes left over to build him a home, too.

They were made at Pantex, and hauled" to Wheeler county by truck.

Or is it a labor shortage that baffles you?

Joe Hunt, a contractor at Hillsboro, has solved that. He uses his daughter, Miss Peggy Jean Hunt.

When he has a roof job, she goes up and works like any other laborer.

And when he has more than one concrete job, she handles one and sets the forms.

By ADELAIDE KERR AP Newsfeatures Writer Whang Kyung Koh, with her apricot-toned skin, her soft brown hair and her sea-green satin native dress looks like a lovely porcelain doll. A doll who sometimes wears spectacles.

Except for those spectacles you'd never dream that she is a doctor of philosophy with a second degree in law. Or the founder of a Korean social welfare institute. Or the only woman member of the United States Military government in Korea to study American developments in general education, mining, industry, agriculture, commerce, public finance, civil service, foreign affairs, public health and public welfare. Dr. Koh's division is welfare.

Her country, an Asiatic peninsula of 30,000,000 people, was annexed by Japan in 1910 and under its domination till the defeat of the emperor's troops in World War II. It is now under the military government of the United States and the U.S.S.R.

"In order to have a democratic nation, we must reconstruct our whole educational system," said Dr. Koh. "So we have come to study here. Each of us will ask American experts to come to Korea, survey the situation and recommend the best system in the various fields. At the same time we shall send key Korean people here to study for six months. And finally we want to have Korean students come to the United States and study in these different fields with the idea that they will help build a new Korea. Then, we hope, we can take care of ourselves."

"If we don't make Korea a strong democratic country, it might again be the tool of imperialism, a contesting ground for other countries. And that would threaten the peace of Asia and thus the peace of the world. Don't forget that the invasion of Korea was Japan's first step in her imperialistic program. If she had not succeeded there, her forces might never have reached Pearl Harbor."

All this was spoken in fluent English in a soft voice and earnest manner. Dr. Koh, now 37, is the daughter of a surgeon who studied at Long Island Medical College, Brooklyn. She is an interesting exponent of the New Oriental woman, who has begun to go places.

She was graduated from Doshisha Women's College in Kyoto, Japan, studied law at Doshisha University and piled up an MA and Ph.D. degrees at the University of Michigan. Then she went home and taught economics at Ewka College for ten years and finally became principal of the Kung High School for Girls in Seoul.

In time she was fired by a desire to help her country, which she says has an estimated 75 percent illiteracy, low sanitary conditions compared to the West and a lack of social workers. So, while her father supported her and her

planist teacher, they poured all their savings into founding and running a village settlement, Cha Mai Won (The Sisters Garden) which taught reading and writing to women, conducted a kindergarten, nursery school and baby clinic. During the war it cared for 10 delinquent girls. Dr. Koh's life aim is to make it a second Hull House.

All her conversation is peppered with affectionate references to the American people. "I love Americans by heart," she says.

Recent Bride Feted At Gift Shower

Mrs. Bill H. Smith, the former Buna Brunett before her marriage last week, was honored Tuesday evening at a shower in the home of Mrs. A. W. Reed. Hostesses were Mrs. Reed, Mrs. Al Cipriani and Doris Freeman.

Cut spring flowers were used in decorations for the room, and the refreshment table was laid with a lace cloth. Mrs. Reed registered guests in the bride's book.

Attending were Mrs. Roy L. Coffee, Mrs. A. L. Gilstrap, Doris Freeman, Mrs. Cipriani, Mrs. Don Carter, Mrs. H. L. Autry, Eva Fay Denton, Mrs. Bernard Lamun, Mrs. L. J. Campbell, Mrs. Dick Harper, Mrs. H. C. Tidwell Jr., Mrs. L. Bunker, Mrs. Byron McCracken, Mrs. J. H. Fuller, Elizabeth Ann Burrell, Norman Nell Burrell and Dorothy Gilstrap.

Mrs. Sheppard Elected To Head Rebekahs

Thelma Sheppard was elected noble grand of the Rebekah lodge when members gathered for a business session Tuesday evening at the regular election. Tracie Thomason was named vice-grand.

Attending were Hazel Lamar, Lenora Amerson, Nannie Adkins, Effie Meadows, Beatrice Bonner, Gertrude Newton, Mary Martin, Novie Ballard, Thelma Sheppard, Evelyn Rogers, Cordie Mason, Julia Wilkerson, Rosalie Gilliland, Mabel Glenn, Bessie Cummings, Gertrude Cline and Josie McDaniel.

"UNBLOCK" your DIGESTIVE TRACT

And Stop Dosing Your Stomach With Soda and Alkalies

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalies if the true cause of your trouble is constipation.

In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when it gets blocked it fails to digest properly.

What you want for real relief is not soda or an alkaline—but something to "unblock" your intestinal tract. Something to clean it out effectively—help Nature get back on her feet.

Get Carter's Pills right now. Take them as directed. They gently and effectively "unblock" your digestive tract. This permits your food to move along normally. Nature's own digestive juices can then reach it. You get genuine relief that makes you feel really good again.

Get Carter's Pills at any drugstore—5¢. "Unblock" your intestinal tract for real relief from indigestion.

Christian Scientist Directors Choose Luther Cudworth Head Of Mother Church

Until all responsible government heads are made to realize that the measure of a nation's true greatness is the spiritual stature of its people, rather than its physical resources, there can be no end to the conflict between material mental forces that precipitated World War II, the Christian Science board of directors told the annual meeting of the Mother Church, the First Church of Christ, Scientist, in Boston.

LUTHER P. CUDWORTH

The board also announced the appointment of Luther Phillips Cudworth, CSB, of Boston, as president of the Mother Church. The time has come, the directors affirmed, when representatives of all social and religious systems are being called upon to give something more convincing than promises, preachment and paganistic pageantries to sustain the faith of their fellows and to provide for a lasting peace.

If these systems are to survive, declared the official spokesman of the world-embracing Christian Science movement they must "furnish proof that the ideals for which they stand can be made of practical use in advancing the cultural, economic and spiritual welfare of the race."

Thousands of Christian Scientists attended the first peace-time meeting in five years. They brought with them vital lessons from the troubled years just passed to emphasize the directors' contention that the "supreme duty of statesmen and churchmen

OVER 700 PERSONS EACH WEEK IN Y ACTIVITIES, DAWES SAYS

YMCA activities are touching upwards of 700 persons each week, Bill Dawes, executive secretary, estimated today.

Bulk of the attendance results from youth participation at the YMCA headquarters, 212 1-2 Main, and the Y-Church softball leagues.

Youngsters happening in at the Y during afternoon average about 30, whereas around 40 show up of an evening except on those nights when planned parties are held by the Y Co-Ed club. Then the figure jumps to 125 or more.

Something like 125 men and boys take part in the Y softball leagues during the week, Dawes figured, and the checker tournament draws 12 to 15.

In addition, special groups such

as the Toastmasters club attract around a score. Soon other small groups such as the Hi-Y, Tri-Hi-Y, Gra-Y and others are anticipated along with specialty groups such as hobbyists, etc.

To date, 150 children have signed up for swimming instruction under the YMCA this summer, and the weekly gym night affairs still attract from 12 to 20 young adults to the high school gymnasium each Thursday.

Besides the purely Y-sponsored events, the Y hall is a busy place on other accounts. For the past three weeks retail sales classes have been taught in the building.

Jones Blasts British Loan

WASHINGTON, June 5 (AP) — Jesse Jones put his weight behind the house opposition to the \$3,750,000,000 British loan today, blasting the credit as an "irreparable mistake" and a step "toward financial ruin" for the United States.

Primed for a "sizzling battle" when the measure reaches the floor, its foes had their determination boosted by the way the former secretary of commerce sailed into the proposed legislation.

Jones notified the house banking committee he considers the credit equivalent to "an alliance with Britain." He said that, after rescuing the British empire in two wars, the United States again is being called on "to save the empire."

Rep. Buffett (R-Neb.), a leader of the opposition, said "I agree with Jones one hundred percent." He conceded the banking committee will approve the bill, but forecast the "sizzling" floor battle.

On the other hand, Banking Chairman Spence (D-Ky) said "I believe the proponents of the loan have made out the best case."

Spence said the committee will close its hearings Thursday, with a vote possible there Friday. Only six of the 27 members thus far have indicated they will cast opposition votes. However, several have declined to say how they will stand.

The loan already has received senate approval, 46 to 34.

Rainey Formally Opens Campaign

SHERMAN, June 5 (AP) — Dr. Homer P. Rainey formally opened his campaign for governor here last night with a pledge that he would seek a formula for industrial peace in Texas if elected.

A few great financial groups have a stranglehold on the state, he told a crowd at the Sherman baseball park. Financial returns from Texas' great wealth of industrial and natural resources are going to a relatively few people.

"Our problem is to break this stranglehold," he declared. As a solution he proposed millions in new taxes on oil, gas, and other natural resources to finance greatly expanded public health, welfare, school and road programs in Texas.

"Texas is a sleeping giant," he said. "I propose that we wake up. I propose that we get from these natural resources and other resources enough tax revenue to give us a decent school system, a first-class health program, a good system of farm-to-market roads, and an adequate welfare program. We can do it."

Rainey advocated repeal of the state property tax, establishment of "the finest school system in America," including a first-class negro university, and 100 per cent cooperation with the federal government in building homes for Texas veterans.

Rural Areas Elect Alabama Candidate

BIRMINGHAM, Ala., June 5 (AP) — Sweeping majorities in northern rural areas brought the Democratic nomination for governor today to James E. (Big Jim) Folsom, 37-year-old Cullman insurance man who advocated poll tax repeal, increased old age pensions and teachers' pay, and promised to "mop up the professional politicians."

Folsom, backed by the CIO's Political Action Committee, took a command lead in the state's runoff primary yesterday almost as soon as rural boxes began reporting and kept well in front on late counting despite margins against him in Birmingham, Mobile and Montgomery. His opponent was Lt. Gov. Handy Ellis, 65-year-old attorney and legislative veteran from Columbiana.

Ellis, in the bitter four weeks runoff campaign, had charged that Sidney Hillman, National PAC chairman, would dominate Alabama government if Folsom won.

Enrollment Up
COLLEGE STATION, June 5 (AP) — Registrar H. L. Heston of Texas A&M college has forecast a summer school enrollment of 3,300 students, approximately double that of any prewar year. So far 3,000 students have registered, of which 2,700 were veterans attending school under the GI Bill of Rights.

Man Killed, Girl Hurt In Airplane Crash

FORT WORTH, June 5 (AP) — Miss Naomi Brothers, 20, senior in Baylor university, is in a hospital here today suffering critical injuries received in a plane crash on the ranch of her parents, Mr. and Mrs. T. L. Brothers, yesterday.

Cornell F. Van Der Leun, 22, Cincinnati, O., killed in the accident, was visiting in the Brothers home and had taken Miss Brothers for a ride in a converted army BT-13 trainer rented from the Weatherford airport. The girl's father saw the crash.

Fire Burns Block In Downtown Lubbock

LUBBOCK, June 5 (AP) — A roaring blaze which burned for more than two hours destroyed almost a fourth of a block in the downtown business district of Lubbock last night.

All available fire fighting equipment in the city was called out to combat the blaze. An interior decorator's store, furniture store and a cleaning establishment were practically destroyed. Smoke damaged an appliance store and drug store nearby.

Several thousand persons caused one of the biggest traffic jams in months in the city and extra police had to be called to keep the crowds in order.

METHODIST PASTOR DIES

A New Appeal To Help Yourself

On Thursday it will have been one year since even the most stubborn nazis had to admit that the German fighting machine no longer existed, that capitulation was the only choice.

That touched off a wave of celebrations, tempered only by the realization that in all probability a long, hard fight lay ahead in the Pacific theatre. As it turned out, the atomic bomb and general war-weariness of the Japanese brought victory sooner than most of us dared or had any sound right of hoping. It was a God-send.

Thus began the "era of peace." But it was not all over. We had, and still have, the big job of transporting men back home, of carrying on the remnants of an army and navy overseas and at home, of continuing a crippled training program and of general demobilization and reconversion.

And most of all, we still had the task of paying the fiddler and of seeking means of curbing a monster economic enemy in inflation.

The process of reconversion has not been an easy one. It has been retarded for one cause or another and today the threat of inflation is greater than it has ever been.

According to treasury estimates, Americans will have about \$22,000,000,000 more in income this year than they will spend on consumer goods. Millions still have sizable backlogs of savings in bonds and bank accounts.

While this offers a sense of security on one hand, it also is fraught with economic dynamite.

With this in mind, the treasury department is placing new impetus on saving bond purchases starting June 6, the first anniversary of VE-Day, and to continue to July 4, Independence Day.

The treasury has reduced its peak indebtedness by \$10 billion since February, wisely retiring accounts held with commercial banks and thus alleviating the threat of inflation. The alternative now is to place the debt in the hands of the people where it will not have the same effect as hand money.

To participate wholeheartedly in boosting purchase of bonds during this period not only will be putting money back for a day when it will buy more, but it will have the effect of helping to control the rising spiral of living costs now.

Developing A Most Vital Art

The newest organization in the city is the Toastmasters club, sponsored by the YMCA. This happens to be a homey title for a group, whose sole aim is to learn a few of the fine points about public expression.

One of the most practical arts, and at the same time the most neglected, is that of speech. It is virtually a prerequisite to success. Taken seriously, this small club could contribute a most worthy function.

Who Will Be Stalin's Successor?

Eddy Gilmore has spent five years in Russia as Associated Press correspondent.

By EDDY GILMORE

NEW YORK, June 5 (AP)—Generalissimo Joseph Stalin is a highly respected, almost hallowed, figure in Russia today and regarded by his 193,000,000 people as probably the greatest Russian of all time—greater than Peter the Great, Ivan the Terrible and perhaps even Lenin.

At 68, Stalin is still a vigorous man and still in charge of this nation that occupies one-sixth of the earth's surface.

Elected in February this year to four more years as Russia's leader, Stalin seems likely to fill out his term and if his health is as good as it is today be elected again.

They give him full marks for Russia's ability to withstand the Wehrmacht, for the elimination of anti-Soviet elements before the war which resulted in the USSR having no fifth column, and for wise planning and thinking for their future all the time.

The Russians have great faith in Stalin's new five-year plans and are quite certain that by putting the effort and sacrifice into the work that he says is necessary they are going to emerge the greatest industrial country in the world, the country with the most secure political and economical system and eventually the coun-

try with the most spiritual as well as material surpluses.

Any beliefs, fears or hopes here or elsewhere that there is opposition to Stalin in Russia is nonsense. There is no political group striving to grab the power, for they are Russia's only party and will continue so.

There is no such thing as a general's group or clique. There are generals and marshals by the dozens, yes, but they are nothing as a group more than fighting men and would be the most embarrassed men in the Soviet Union to hear themselves referred to as a bloc seeking power.

Who are the men under Stalin and what importance should one attach to them as possible successors to the generalissimo who, someday, of course, must step down or die, as bad as this would be for the USSR, and, as a lot of foreign diplomats think, bad for the United States, too?

Chairman of the council of ministers, which means he's prime minister.

Head of all the armed forces. Secretary general of the central committee of the communist party.

Head of the powerful Politburo. Chairman of the organizational committee of the communist party.

Deputy to the supreme Soviet, Vyacheslav Molotov, the foreign minister, appears to rank next to Stalin for he holds, in addition to what here would be the secretary of state's job, the post of first assistant chairman of the council of ministers. This makes him vice premier.

Molotov is also a high ranking member of the Politburo and a deputy to the supreme Soviet, a party man of great drive, ability and devotion to his country and its cause.

Although a member of the vital central committee of the party, Molotov is not one of its secretaries, nor is he on the organizational committee of the party.

This fact may or may not figure in his future.

There are three relatively young men who have risen rapidly with the end of the war: Marshal L. E. Beria, General A. A. Zhdanov, G. M. Malenkov.

They are all younger than Stalin, Molotov or Nikolai Shvernik, the new president of the presidium of the supreme Soviet—Russia's president.

Taking them individually and probably in order of their importance at the moment—and I stress, at the moment:

Zhdanov, 50 years old, chairman of the supreme Soviet's council of the union—one of Russia's two legislative chambers. (The council of nationalities is the other.) He's a full member of the Politburo, a secretary of the party's central committee and member of the organizational committee of the party, deputy to the supreme Soviet, head of the party organization in the great city of Leningrad and chairman of the allied control commission for Finland.

Malenkov is 44, a member of the presidium of the supreme Soviet, a full member of the Politburo now, a secretary of the central committee of the party and deputy to the supreme Soviet. Mr. Malenkov was Stalin's personal secretary for a number of years.

Marshal Beria is 47, and considered to be the ranking member of the council of ministers next to Stalin and Molotov. He's a full member of the Politburo, deputy to the supreme Soviet and former head of Russia's office of internal affairs, indicating the trust Stalin has in him. Like Stalin, he is a Georgian by birth.

There are three other Russians who have taken on added importance since the war. They are Alexei N. Kossygin, Vasily M. Muznetsov, and General Nikolai A. Bulganin, all important political figures.

From this list Stalin's successor is almost surely to be chosen. (Tomorrow—Russia far behind on atomic power, works desperately to catch up.)

Traffic Quiet In Sweden

STOCKHOLM, (AP)—Sweden has the quietest street traffic in the world. It's against the law for motorists to sound their horns, so they've learned to use their brakes. Accidents are fewer. Bicycles abound throughout Scandinavia and many main roads have special paths for cyclists.

The nights are tricky this time of year for visitors. It never gets really darker than a spring twilight in America. The Scandinavians are so glad to get rid of the everlasting night of winter that they sleep only a few hours at a time to get the most of the sun.

Swedish people have occupied one area longer than probably any race in history without notable admixtures.

The Finns are reported to be the hardest workers. The Norwegians are perhaps the heaviest drinkers, and the Danes are the most like Americans in outlook.

The most popular display in Stockholm isn't the windows full of cheese, butter and eggs. It is a store exhibiting two civilian style jeeps complete with side curtains and all kinds of fancy trimmings.

Swedish women traveling to other European countries can make more than pocket money from their country's plenty. One bought a mink coat for 12,000 kroner in Stockholm and took it along to London where she had no trouble disposing of it for 40,000 kroner—a net profit of better than \$7,000.

In any Scandinavian country an American is stopped at least twice a day by some stranger who says, "My, it's good to hear that language again."

Visiting American soldiers have some difficulty understanding Scandinavian girls. Prostitution is almost unknown and street pickups are rare compared to such cities as Rome, London and Paris.

There are many more women of illegal entry.

Labor Unions Plan Weekly Meetings

Members of all labor unions of this vicinity have been invited to attend the first in a series of weekly meetings called by chiefs of the organizations at 8 o'clock Friday evening in the district court room at the court house.

At that time, a name will be chosen for the group and plans discussed for future course of action.

The session may prove to be one of the most important of its kind ever held here, in that leaders will endeavor to rally legislative policy and create a common understanding among the respective organizations.

A number of issues came up for debate at a June 2 meeting held at the WOW hall, at which time date for the Friday session was agreed upon.

The meetings will henceforth be held every Friday evening at the court house, according to Charles Vines, one of the committeemen.

English Girls Face Illegal Entry Trial

GALVESTON, June 5 (AP)—Trial of two English girls allegedly smuggled into this country through the port of Galveston last week with the aid of two negro mess attendants is scheduled in US district court here today.

The girls will answer to charges of illegal entry.

Washington Merry-Go-Round—Draw Pearson

Senate Stepping Stone To Presidency

WASHINGTON.—Erudite Senator Vandenberg of Michigan not only has been doing a good job on foreign relations, but he takes it—and himself—seriously. Perhaps one is necessary to the other. Talking to a friend the other day, the Michigan senator opined:

"Well, we're getting along pretty well now that we have a Republican foreign policy."

"What do you mean?"

"Well, analyze it for yourself," shot back the man who may be the next GOP nominee. "It all goes back to my now somewhat famous speech of January 1945."

NOTE—Van claims he is getting bored with politics. "One question I can't answer to my wife's satisfaction," he says, "is why I'm running for re-election (as senator). I've threatened to divorce her if she asks me again." The answer, of course, is that if Van doesn't run again for senator, he won't be in the trial heats for President.

No Strike Pledge

Then, with a scowl, the usually mild-mannered CIO boss acidly added:

"Did he offer legislation then to penalize and enslave all management as he did in this case against labor? Well, I don't remember reading anything about it."

Senator Hill inquired if labor would be willing to offer Truman a compromise on the strike issue, such as a six-month no-strike pledge.

"That is impossible, as far as the CIO is concerned," replied Murray emphatically. "My organization is run on democratic lines and such a pledge could never be enforced. When members of a CIO union are working under intolerable conditions, I couldn't dictate to them not to strike. Therefore, I would never agree to such a pledge."

Russia's One-Time Friend

How tragically the Russian situation has deteriorated is illustrated by Undersecretary of State Dean Acheson. Once the Soviets' most important friend in the State Department, Acheson is now bitter against them.

Most people don't know that it was Acheson who first helped sell Secretary Byrnes on a conciliatory course toward Russia. Son of the Episcopalian bishop of Connecticut, Acheson argued that the Russians, despite all their bumptiousness and bad manners, would improve if we showed tolerance, patience. Now Acheson has been kicked in the teeth so often that, the other day, he remarked:

"The Soviet is like a sneak thief walking down the street trying door latches. If the police come along, they're merely walking down the street. But if they find a latch unlocked and the police aren't looking, they'll go in."

Sumner Welles for UN

If President Truman accepts the advice of high-up friends and makes Sumner Welles US delegate to the United Nations, it will not only rectify an old wrong, but also pick up a policy which Welles sold Roosevelt in 1943, but which has been allowed to lapse for three years—until last month.

This is the policy of writing the peace with all nations—big and little—sitting in. Secretary of State Byrnes finally came around to this idea only last month after his failure at Paris. Welles, however, had urged this on Roosevelt during the height of the war when the Russians still had their backs to the wall at Stalingrad and the British were still in their bombproof cellars. That was the time, Welles argued, when the terms of the peace should be written.

Welles also sold Roosevelt on the

idea that the small nations would be our best allies for permanent peace. They had the most to lose through war. Their territories were always laid waste. Therefore, not merely the Big 3 or the Big 4 or the Big 5, which are more likely to start wars, but the little nations which don't want war, Welles urged, should be included in the peace settlement.

Roosevelt agreed. But when Cordell Hull forced Welles' resignation and took his fateful trip to Moscow in the autumn of 1943, he forgot all about the little nations and set up a council of Big 4 foreign ministers.

Later Roosevelt tried to pick up the ball by issuing a corrective statement after Hull's return from Moscow. The ball, however, was never really picked up, and the big powers have been bungling the peace of the world from that time on—until Jimmy Byrnes, after learning in the school of hard knocks, finally adopted Welles' idea following his return from Paris.

Tragic fact is that the peace of the world suffers while men in high places gradually gain experience.

New Chief Justice

Inside reason why Truman is having such a hard time making up his mind regarding a new chief justice is the fact that he hates to shake Secretary of the Treasury Vinson from his official family.

Daily, Truman leans more and more on Vinson. Along with Jimmy Byrnes, he has the most all-around experience in the cabinet—service as a congressman, judge, economic stabilizer, war mobilizer, and head of the RFC. Vinson's ties with Capitol Hill today are even closer than those of Byrnes. Despite official statements to the contrary, the President has given serious consideration to Vinson as chief justice, but he hates to part with him.

The Nation Today—James Marlow

GI Health Improved

By FRANK CAREY (Substituting for James Marlow)

WASHINGTON, (AP)—The health of American soldiers during the war just ended was better than during the first world war, latest figures from the army surgeon general's office show.

Statistics on disease incidence for the army up to the first of this year were shown to reporters in a pre-view of an exhibit to be presented to the American Medical association in San Francisco next month.

Figured on a basis of per thousand troop-strength per year, the record shows:

The overall disease rate was 649 in World War II, compared with 852 in the first world war; and the death rate from disease was 6.62, compared with 4.6 in the last war.

Battle wounds and injuries took the same toll in each war—112 out of every 1,000 combat troops per year—but the statistics for diseases were as follows:

Common respiratory diseases, 167 cases per 1,000 men a year, compared to 325 in the last war;

venereal disease, 43 to 87; mumps, 4.3 to 56; measles, 3.1 to 24; diarrheal diseases, 2.14 to 22; pneumonia, 10.9 to 19; tuberculosis, 1.1 to 9.4; scarlet fever, 1.2 to 2.1.

The incidence of malaria was much higher in the recent war than in the first world war, the figure showing 18.9 compared to 3.8 in the last war.

Surgeon General Kirk, at a news conference held during the exhibit, disclosed proposed plans of his department to establish an "army medical research and graduate training center" at Forest Glen, Md.

He said he envisioned it as a "national research institute" which would give the general public, the Veterans Administration, and the medical profession—as well as the army itself—the benefits of army medical research. The program must first be approved by the war department and by congress.

Kirk said his department also hopes for ultimate establishment of a school of "global medicine"—a science born of global warfare.

Bobby Feller On Way Toward Waddell's Strikeout Record

Whiffs 14 Sens To Bring Total To 118 For Year

By the Associated Press
Bobby Feller's amazing record of 118 strikeouts in 107 innings so far outdistances the field that his sole competition appears to be the dusty record books in the Hall of Fame.

With Hal Newhouser, the 1944-45 king, running a distant second with 75 victims and no national league hurler up to the 50 mark, rapid Robert has only Rube Waddell's modern big league record of 343 at which to aim.

Feller might make it, too, for he's pitched but 12 games for the Cleveland Indians — approximately 30 per cent of his normal schedule of 40 starts. If he can maintain his early pace he will wind up with plenty to spare.

The tribe has won but 19 games and the Van Meter, Iowa speed-boy has captured eight, working 11 complete contests. The only time he failed to go the route, he was lifted for a pinch hitter at Boston. Three times he has been hit hard but in every other start he has looked like just about the best pitcher in baseball.

Washington is a particularly

fine vantage point to sign any Feller testimonials for the Senators have been the chief contributors to his soaring strikeout total. When he faced them for the first time this season, May 17, he whiffed 14 and last night he repeated the trick with 14 additional third strike victims in coasting to a 10-2 decision. Boston and New York maintained the status quo in the pennant "race" as the Red Sox trimmed the St. Louis Browns, 9-4, and the Yankees edged out Chicago, 2-1, leaving Joe Cronin's gang, seven full games ahead.

Detroit presented a patched-up lineup that was good enough to hand the Philadelphia Athletics another trimming, 2-0, on Dixie Trout's seven-hit chucking.

St. Louis clipped a half game off Brooklyn's National league lead but still trailed by 3 1-2 lengths

after trimming Boston, 5-1, in a night game.

Brooklyn rallied to score three runs in the ninth inning of the second tilt at Pittsburgh and pulled out with a 7-6 "evening" in the 11th. Fritz Ostermueller south-pawed the Pirates to a 4-3 victory in the opener when Hugh Casey threw a bunted ball wildly in the ninth inning.

Ewell Blackwell, Cincinnati's rookie mound ace, turned in a gaudy three-hit job on the Phillies, 5-0, facing only 27 men, for his third straight triumph.

LOOKING 'EM OVER

With TOMMY HART

Skippers of Muny softball league teams are kicking up a fuss over the wretched condition of the city park diamond, which certainly is no credit to the rest of the park set-up nor to the village as a whole.

In the game's parlance, the playing field itself is an "ash heap." It could be improved by running a grader and roller over it every now and then.

The lighting system, too, is inadequate. There are dark spots in the outfield and some of the lamps are focused the wrong way.

There's been so much activity around the infield, the dirt has been pulverized and when the wind gets up, both the players and the spectators suffer for it.

Monday night, Cap Tarver of the Coahoma Stanolind Oilers broke his ankle in three places while in the act of sliding into the bag. Part of the mishap can be blamed on the fact that Cap caught his spikes in the bag.

However, it must be added here that some of the players are wary of hitting the dirt because of the questionable underfooting, the treacherous cavities in the terrain.

Johnny Rizzo, the Houston, Texas, product who starred for several years in the major baseball leagues, didn't exactly find the welcome mat out when he returned to the professional game.

Sent down to St. Paul of the American Association, Johnny found himself crowded to the sidelines by Joe Vitter, the former Texas leaguer; Larry Rosenthal and Eric Tipton. He's still riding the bench, making an occasional appearance as a pinch hitter.

Dick Trout, who appeared here in many a wrestling match when Herman Fuhrer, was the grapping czar, is now active in midwestern rings and reports say he's turned villain.

Lamesa Nips Sox For First Time

LAMESA, June 4. — Barton Cook, Lamesa Lobo catcher and acting manager, scratched a single off the left fielder's glove in the eighth inning with two out to bring home Joe Fortin with the winning run as Lamesa downed the Abilene Blue Sox for the first time this season. They split a two game series.

Fortin had drilled a double to right behind Sammy Malvica's single for the run that tied the score at seven-all.

Texas League Fan Interest Higher Than In 1926

DALLAS, June 5. (AP) — The Texas League has already passed the half-million mark in attendance with less than one-third of the season gone, indicating that the all-time record for turnstile clicking will be broken.

The league in 1942, after which it suspended operations during the war, drew just 490,165.

This season's big upturn comes in the face of a somewhat methodical race, without a single stand-out fence buster and with the brand of ball not considered up to best standards.

Secretary Milton Price checked his records today and found that with more than 20 games unaccounted for the league still showed 485,259 paid attendance. In other words, the 20 games on which official attendance has not been reported would have had to average fewer than 1,000 to put the total over 500,000. Five of those games did that on the basis of the average to date.

Fewer than 100 home runs have been hit throughout the circuit and the leading round-trip knockers have just five for the season. Several reasons are advanced for the unprecedented interest. There is plenty of money to be spent, most of the players are youngsters who turn in daring, slashing baseball and the boys put on a good show.

In 1926 the league drew 1,150,000 fans. That was the greatest year in its history. But at the present rate 1946 will surpass 1926 with thousands to spare.

But the clubs need it, as one official pointed out. There was plenty of expense attached to starting up again after being out of baseball for three years. Repairing the parks was a pretty good item to begin with. And getting entire clubs together starting from scratch cost plenty.

East Fourth Wins Over 1st Baptist

Runs by Watts and Cates in the sixth inning gave the East Fourth Baptist senior softball team an 11-0 victory over 1st Baptist in a slam-bang game played on the high school diamond Tuesday afternoon.

First Baptist had powered across eight tallies in a big fifth to take what appeared to be a safe lead.

Joe Pickle drove out a home run for the losers.

Gene Haston, East Fourth second sacker, contributed 11 putouts to the East Fourth defense in the seven inning contest, nine of which were unassisted.

Score by innings: —
First Baptist 200 080 0—10
East Fourth 034 202 x—11

Mountbatten Praises US Air Transport Aid

LONDON, June 5 (AP) — Adm. Louis Mountbatten, allied supreme commander for Southeast Asia, paid tribute today to American air transport in beating the Japanese in that theater.

"America's greatest contribution," he told a news conference, "was the great proportion of air transport they supplied."

Pair Of Contests On Muny League Card Tonight

Cosden's Oilers get a chance to catch up with the Muny softball league leaders, the Coahoma Stanolind Oilers, in a game with Dub's Garage this evening at city park. Game time is 7:30 o'clock.

Coahoma took a half game advantage by thumping United Body Works, 12-2 last Monday for their seventh win in eight starts.

Dub's team is managed by Lige Brothers. The Mechanics recently replaced Coca-Cola within the league. Brothers has changed the lineup but little.

Big Spring Hardware and Doc's Redcaps mix it up in the 9 o'clock setto. Doc's gang need a win to remain in the running for the first half gonfalon and will shoot the works against Clyde Wynans.

VFW, one of the most improved clubs of the circuit, invades Forzan and was scheduled to engage the Cosden Pipeliners in an important contest. However, the game was postponed until Friday.

The Pipeliners have won five times in seven starts. A victory would put them just a step behind the leaders.

Waco Advances In Prep Race

DALLAS, June 5 (AP) — Waco will play Forest (Dallas) and Longview meets Highland Park (Dallas) today in the first round of the quarter finals of the ninth annual Texas high school baseball tournament here.

Both are night games. Tomorrow Orange tangles with Adamson (Dallas) and Corpus Christi will play Sunset (Dallas).

Yesterday Waco took Nocona 11-0 with the game ending in the fifth by the 10-run rule. Longview beat Honda 4-3. Orange shaded St. Thomas of Houston 5-4. Corpus Christi eliminated Amarillo 9-3.

Nelson, M'Spadden Good In Goodall But Hogan And His 51 Plus Better

NEW YORK, June 5. (AP) — By plus 19 (\$700); Lawson Little, plus 13 (\$600); Vic Ghezzi, plus 5 (\$550); Jimmy Hines, plus 3 (\$500); Sam Sneed and Hermank Barron, each plus 2 (each \$425); Harrison and Sam Byrd, each minus 10 (each \$337.50); Demaret, minus 26 (\$300); Hamilton, minus 44 (\$275); Burton, minus 74 (\$250).

But there is little that is new that can be written about Hogan. So, for the sake of variety, this could be a piece about . . .

Byron Nelson. Up to the last round in the Winged Foot G. C. yesterday, he looked about ready to nose out Hogan on a medal-play basis, if not in the Goodall match-play scoring. But then little Ben fired his best round of the tournament, a three-under-par 69, in his final match to whip Nelson 3 up and tie him for the medal at 502, two under par for the 126 holes.

Or Jug McSpaden. He broke all competitive records for Winged Foot's west course in the fourth round with a 65, seven under par. Only Jug made the mistake of shooting that 65 at a time when Nelson, matched with him, was posting a 68. As a result McSpaden's net gain for the round was no greater than Hogan's who at the same time was getting his worst score, a 75, out of his system.

Hogan was feted by his Hershey (Pa.) club members last night. He tops the money-winners for the year at \$22,069.50, and is looking to next week's US open championship at Cleveland secure in the knowledge that for the first time in his career he is hitting the ball properly as he comes up to the biggest test of them all.

Just for the record, here is how they finished in the Goodall: Hogan, plus 51 (\$2,000); Lloyd Mangrum, plus 26 (\$1,400); Nelson, plus 32 (\$1,000); McSpaden, plus 21 (\$900); Herman Keiser.

If you've been on the trail of that better shave too, we think your first Pal shave will end your search.

Ordinary safety razor blades are ground like a pocket knife. Pal Blades are different—they're Leather Stripped and Hollow Ground, just like a barber's razor.

Result: Pal Blades are flexible in your razor—follow facial contours effortlessly. Your shave is cool, quick, so "beating down". And delicate edges last longer, too. That's why millions call it the Pal.

One of the popular summer sports here has proved to be rouge, especially for the elderly folks.

Red Peppers Back In Winning Stride

By The Associated Press
Decisive wins in the East Texas league last night left the positions unchanged.

The loop leading Paris Red Peppers took Texarkana 3-1.

Tyler, fourth place club, licked second place Henderson to the tune of 13-3. It was the third straight win for Tyler over Henderson.

Jacksonville won 5-1 over Lufkin in a game featured by a three run homer in the second.

Greenville scored nine runs in the eighth inning on seven hits to defeat Sherman 13-3.

Altman Decided

SAN ANTONIO, June 5. (AP) — Tony Elizondo, Corpus Christi, won a 10-round decision off Paul Altman, Houston, in a main event boxing match here last night to regain the Texas middleweight boxing championship.

Army Teams Win By Same Scores

Salvation Army softball teams racked up a brace of triumphs Tuesday on different diamonds and by the same score.

First Baptist Juniors absorbed a 10-1 licking at the hands of the SA Juniors in a game played on the West Fifth and San Antonio street diamond in an afternoon contest.

The Army's senior team, taking a cue from their younger brothers, walloped the First Christian team in a nocturnal contest at the score. The count: 19-1.

Dewey Byers hurled creditably for the Juniors against First Baptist while Andy Daylong went the route for the Seniors against First Christian.

Leader Of Canadian Spy-Network Dead

OTTAWA, June 5 (AP)—The Ottawa Morning Journal said today word had reached here of the death in Russia of Col. Nicolai Zabotin, former military attache at the Soviet embassy in Ottawa, four days after his return to Moscow from the Canadian capital.

Zabotin was named by Igor Gouzenko, former Russian embassy cipher clerk here and star crown witness in the current espionage trials, as master-mind of a spy network in Canada.

By the Associated Press
Top teams in the Texas league stepped out last night to strengthen their positions in the standings. Fort Worth shutout Oklahoma City 7-0 to win the deciding game in a three-game series.

Dallas Rebels took a 2-1 win off the Tulsa Oilers to give them breathing space in the second-place position. Shreveport blanked Houston 9-0. San Antonio took Beaumont 7-1.

Joh Vann Cuyk pitched his fifth victory and second shutout for the Fort Worth Cats last night. Three of the Cats runs in the first five innings were unearned. The Cats pounded Leonard Gilmore of the Indians for six runs then followed through with 11 hits off two relief pitchers.

Clint Conatser's two-run homer in the sixth inning ruined Tulsa's one-run lead. Dallas outthit Tulsa 9 to 5. The win gives the Rebels a two and one-half game hold on second place.

Doyle Lade of Shreveport came through with a six-hit shutout of the Houston Buffs. The Sports capitalized on the wildness of three Buff pitchers to rush across two runs in both the first and second, and five in the third.

The San Antonio Missions came from behind to overcome Beaumont's one-run lead in the second. They made two in the fifth and one in the sixth for the victory margin.

Today's schedule: Oklahoma City at Dallas (two night games). Tulsa at Fort Worth, night game. Houston at Shreveport, night game. Beaumont at San Antonio, night game.

10 Per cent Raise Given on Telegrams
WASHINGTON, June 5 (AP) — Telegraph rates are going up 10 per cent in about 30 days to meet what the Federal Communications Commission calls Western Union's "dire need for additional revenue."
The commission limited the rate increases to a one year period and also permitted Western Union to revise certain classes of service.

Stock Market Skid Reported Stopped
NEW YORK, June 5 (AP)—The slide of stock prices from recent highs leveled off in today's market and an assortment of industrial managed modest advances.
A number of early gains ranging from more than two points were trimmed or erased in later dealings. Several rails stayed on the outside throughout the session.
Profit-taking appeared to have dwindled, brokers said, while optimistic customers were encouraged by the lack of sustained liquidating pressure on recent downturns. Doubts over pending labor-management disputes inspired caution, and bidders were hesitant.
Volume continued light, with transfers approximating 1,100,000.

Maritime Strike May Cut Sugar Supplies
WASHINGTON, June 5 (AP) — Government officials said today a complete maritime shutdown would cause a sugar pinch "in a matter of days" and an industrial slowdown within two months.
The tieup would not have the paralyzing effect of last month's brief railroad strike, nor even the duller impact of the bituminous walkout.

FSA Supervisors Open Conference

Approximately 45 people representing ten West Texas cities gather at the Settles hotel Thursday morning to begin a two-day conference of Farm Security Administration supervisors and clerks.
Among FSA officials expected here are H. T. Stewart, District 13 supervisor from Sweetwater; T. E. Limer, who fills a like capacity for District 14 and hails from San Angelo; C. T. Watson, FSA state director, Dallas; J. C. Smith, administrative analyst, also of Dallas; Martha G. Brent, farm and home supervisor; and Bess Porter, of the Lubbock office.
E. A. Miller, Howard county supervisor; Mary Watson Jones, associate supervisor and home economist; and Mrs. Frances Tucker, clerk, will represent the home office.
Miller and Miss Jones will give a demonstration on the proper way of milking a cow and the proper feeding and testing of the animal.

The local FSA office will be closed throughout the session.

Grocers Planning To Attend Course In Food Handling

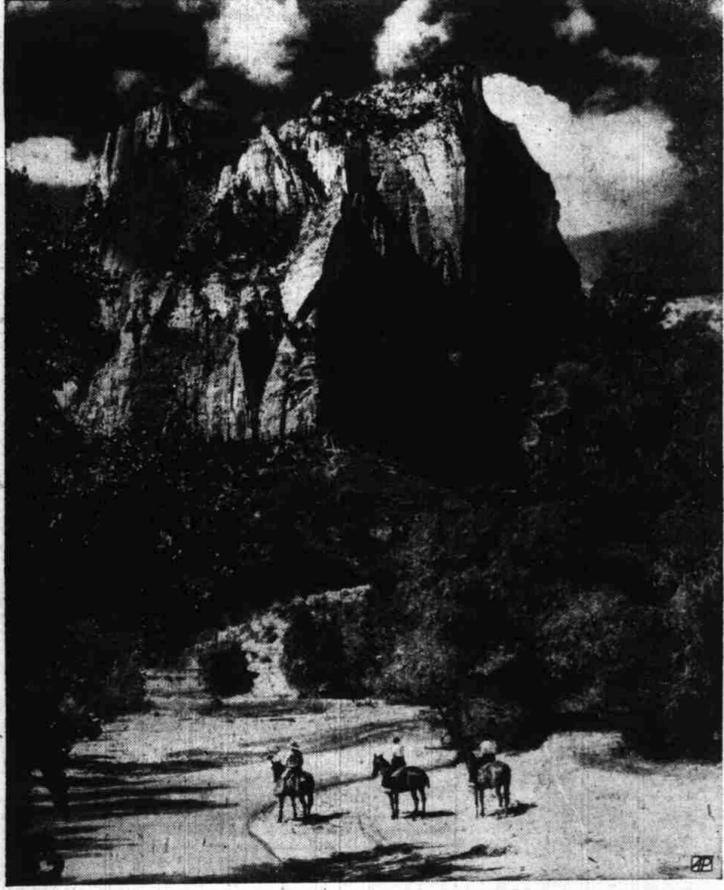

Several grocery stores, milk plants, dairies and other types of firms handling food products are planning to send certain percentages of their employees to the food handlers short course beginning June 13, Lawrence Wells, city sanitarian, said today.
Cards have been mailed requesting the approximate number of employees each expects to send, and Wells urged that replies be made promptly.
Present indications are that eating and drinking establishments will cooperate 100 percent by closing during class hours and sending all employees to the school, Wells said. The other firms are being asked to send 25 to 50 per cent of their personnel. Class will be held for one hour and 45 minutes, beginning at 2:15 p. m., each day from June 10 through June 14.
Housewives and any other persons interested are urged to attend the course, Wells said. There will be no enrollment fee, with instructors furnished by the state health department.
Workers in eating and drinking establishments are required to take the course and complete it successfully in order to secure a permanent food handlers certificate in accordance with a new city ordinance which goes into effect June 14.

May Circulation In Free Library At All-Time High

Howard county free library circulation for the month of May attained an all-time high, figures released by Mrs. Inez Ragsdale, librarian, revealed.
A total of 2042 volumes were checked out by subscribers during that 31-day period, more than tripling the traffic for January.
Issuances from Jan. 1 through May 31 totaled 6,595. Average for the first three days of June amount to 85, highest since the facility has been opened.
A wall clock, which was installed for the convenience of patrons, was purchased from funds derived from book fines.
Miss Jackie Ragsdale, daughter of the librarian, recently arrived from Austin to spend the summer and will assist her mother in the library.
