

**MEDAL FOR FATHER . . .** Little William B. Collins, 2 years old, never saw his father, and he never will. Lt. Jarden B. Collins, USNR, died in action. In lieu of a third air medal, a gold star was presented to his son.

## Consumers To Open New Store In Bovina

The Consumers Supply Company will open its new grocery and market in Bovina with a gala festival of special prices next Saturday, Sept. 14.

The new building, which has been in the process of construction the past few weeks, has been completed and will house the grocery and market of the firm. It has been equipped with the latest in modern equipment, including fluorescent lights and power saws in the market.

The zero freezer space has been enlarged to accommodate 70 additional lockers, and the capacity of the cooling room has been doubled.

While W. B. Eberting will continue as general manager of the firm, J. O. Combs will serve as meat cutter and act as manager of the store. Paul Sheppard and Mrs. Hubert McKinney will serve as clerks.

The firm was organized in 1932 with 100 stockholders. Today the membership has grown to 520. Starting originally in the gas and oil business, the co-op opened the Bovina and Lariat groceries in 1936.

Special prices are being offered on the opening day of the new store. Turn to page seven of this issue for interesting news to shoppers.

### More Rains Fall Here During Past Week

Additional rains have been visiting this section since the middle of last week, with the result that most farmers of the county believe they have sufficient underground season to go ahead with wheat sowing.

A heavy shower fell in Farwell last Thursday night. On the same night, most of the Oklahoma Lane community was visited with a deluge, filling farmhouse basements, washing newly-plowed fields, and doing considerable damage to dirt roads.

About the only section of this county that has been slighted by the moisture seems to be in the Rhea community, where some farmers claim that only two fairly heavy showers have visited them during the wet season.

Some wheat producers, anxious to take advantage of the first offerings of the moisture, are reported to have "jumped the gun" and planted their wheat too early, with the result that grass and weeds are taking the fields. Grady Pierce, of the Pleasant Hill neighborhood, is reported to have been compelled to re-plant 600 acres of good wheat that became infected with a thick growth of grass.

While the rains came too late to be of much benefit to late feed crops, many of which were not planted until early in July, many farmers are reporting this week that they will have good yields of fodder crops and some feed on the dry land farms. Some sections, particularly the Lazbuddy, Lariat and West Camp communities, are expecting to harvest good grain crops this fall.

Acidity tests should be made before applying lime to pastures.

### HINER SALE SUCCESS

Some came out of mere curiosity, some were looking for antiques, while others just followed the crowd to attend the public sale of the personal effects of Mrs. Mary Hiner, deceased, at her old home in south Farwell last Saturday afternoon.

But among the crowds was a good sprinkle of ready bidders, who snapped up the offerings with the result that the sale was a pronounced success. Col. Dick Doshier had charge, with O. W. Francis and Frank Doshier acting as clerks.

### Consumers Store At Lariat Is Sold

W. D. Eberting, general manager of the Consumers Fuel Association, today announced the sale of the Lariat store to C. A. Felts, who comes here from Dalhart. Felts took over the business on Monday.

He said that the name of the store would be changed to Felts' Grocery, but would continue to operate in the same location, carrying the same line of goods, together with gas and oils. Felts has had 23 years experience in the mercantile business.

In retiring from the Lariat field, Eberting said that the directors were well pleased with the business the firm had enjoyed at Lariat, and wished to thank the trade. Hereafter, all the business will be centered in Bovina, Eberting added.

### New Sugar Stamp In, Lasts Through Dec.

Housewives rejoiced last weekend when they learned that a new sugar stamp, Spare No. 51, is now valid for five pounds of the precious sweetening, but quickly changed cheers to groans when the announcement continued that the ration must hold out until the first of next year.

Currently, that makes four stamps valid, with No. 49 being stretched over September in view of the fact that sugar was short in some areas and housewives had not been able to obtain their ration. The other stamps are No. 9 and 10, earlier designated as canning stamps. All are good for just five pounds.

The Amarillo paper carried a notice on Tuesday to the effect that some ration books in that district had been found to be incorrectly printed, bearing the number "5" on the spare stamp rather than number "51". Such books must be re-issued, and local housewives are urged to check up on their own books, to see that they are in order.

### IN CLOVIS HOSPITAL

Miss Jo Ann Williams, daughter of Mr. and Mrs. Johnnie Williams, is reported improving at a Clovis hospital, where she was confined for treatment last weekend. The Williams returned from Hollis, Oklahoma on Saturday, and Jo Ann entered the hospital immediately.

# OIL TEST NEAR CITY ASSURED

## Douglas Rescued From Wrecked Ship

## Meat Shortage Seen For Local Consumers

An apparent squeeze play on the part of the packers to force the OPA to grant an increased price for fresh meats was in evidence here this week when meat trucks making this city declined to sell any of their products—unless there was some "side money".

Local butchers declined on any of the offerings, which seemed to "smell of black market deals", with the result that butchers are expecting empty meat cases before the close of the present week.

Under the revived OPA price lists, packers are actually allowed less for their fresh meats than under the old OPA regulations, while at the same time, the retailer's price has been hiked. Bill Hall, local butcher, said that under the new retail prices he could sell choice steaks at "four to six cents higher than we ever got before".

Champ Porter, of the State Line Market, opined that any fresh meat sold in the immediate future would "have to come from the black market".

Local speculation is that the packers, who are apparently justified in their refusal to sell at OPA levels, intend to withhold their products from the trade until the customers raise a howl with Washington for more meat.

Questioned about the possibility of butchering meats locally, John Porter said that since the recent rains, which have greatly improved range conditions, farmers would not sell at a price on the hoof that would justify butchering the animal.

So, here we go again!

### 5-Foot Fall Fatal To Wornie Hurst

Mr. and Mrs. Travis Rundell and Robert Rundell returned Sunday from Yakima, Wash., where they went to attend the funeral of Wornie Hurst, 51-year-old former resident of the Oklahoma Lane community, who with his family moved to Washington only a few months ago.

They brought back the report that the former local farmer met his death while picking fruit, when he toppled and fell off a ladder from a height of about five feet.

Funeral services were held at Yakima, conducted by Rev. J. W. Bowles, Baptist minister, and burial was made there.

### Warning Issued On Mail Box Damage

Texico Postmaster Mrs. Lucy Brown today issued a warning against the practice of damaging mail boxes on the rural routes.

She said that a number of boxes on route two had been damaged of late by being shot full of holes with a small bore rifle, and laid the blame to young boys. One box has had 32 holes drilled through it, and others have been damaged to a lesser extent. Only last week the mail box of J. F. Pesch became the target of thoughtless persons, with the result that it has been punctured with a number of holes.

Mrs. Brown called attention to the Postal Regulation which makes damaging of mail boxes a Federal offense and punishable by a heavy fine.

### Sears Pig Show To Be Held, Farwell

Boys who are competing in the Sears Foundation pig contest will show their animals for judging on September 24th, it is announced.

The show will be held in Farwell, beginning at around 3 o'clock in the afternoon. County winner will then be shown at the district exhibit, in Amarillo, and judged for placement.

Mrs. Bess Henneman visited in Friona, last Thursday, with Mrs. Vance Crume.

### LUNCH ROOM TO OPEN

Officials of the Lazbuddy Community Club announced today that the Lazbuddy hot lunch room, which is being operated in connection with the Lazbuddy school for the first time this year, will be opened on next Monday. Mr. and Mrs. Ray Hays will be in charge of the lunch room, it was announced.

The Lazbuddy school opened on Monday of this week with attendance up to about the expected figure. One faculty member is needed to complete the teaching staff, but it was expected that this vacancy would be filled before the close of the present week.

### Fall Harvest Begins; First Load Received

Harvesting of the county's fall feed crop began to get underway here the first of the week as Joe Sennacher of south of Lariat brought in the first load of milo, which was sold to the Farwell Elevator Company.

Ray Ford, elevator manager, says the grower received the market price of \$2.7 per bushel for the threshed grain, in addition to a \$25 premium paid by the buyers.

The grain was produced on irrigated and the yield was about 1400 pounds to the acre, which is not considered a very good yield for an irrigated crop. Admittedly, the stand in the field was poor.

Quite a number of Lariat and West Camp irrigated crops will be ready for harvest within the next few days now, while harvesting in the dry land areas will not get started for a few weeks yet, farmers say. Due to the lateness of the dry land crops, farmers plan to wait just as long as they feel safe, to allow the crops the maximum time to mature.

Frost usually hits this section between Sept. 12 and 20. Weather observers here are predicting that the first 1946 killing frost will arrive here on Sept. 18.

### Feeders Short Course Is Slated For Tech

A short course for 4-H boys who plan to do feed-lot work has been announced, to be held at Texas Tech on September 21.

County Agent Lee McElroy said today that some five boys from this county would likely attend, but he was not in position to list their names.

He added that any boy who was interested in securing calves to feed out this winter should contact him immediately, as a party will leave Farwell at 8:30 Saturday morning of this week to check herds in this and Deaf Smith county, relative to buying feeder calves.

### TO ATTEND REUNION

Mr. and Mrs. Dick Doshier and children and Mr. and Mrs. Frank Doshier and children expect to leave here Friday for Tipton, Okla., to attend a family reunion which will be held on Sunday. This will be the first gathering of all the family members in the past ten years.

### PEP SQUAD ORGANIZED

The official pep squad of the Texico school was organized on Monday, with Warren G. Harding to act as director. Goldie Mae Sutton was named as leader, with Mary Harding and Claudine Baker as assistants. Twenty-four students are in the squad.

### RETURN INDICTMENT

The Parmer County Grand Jury, in session here last Friday, returned one indictment and adjourned. Sheriff Earl Booth said today that as yet no arrest had been made in the case.

R. L. Douglas, Jr., who lives near Bovina, has been reported as one of the crew members rescued when the American Liberty Ship David Caldwell broke in two after running aground in the Gironde Estuary off the coast at Bordeaux, France, on September 4th.

According to Associated Press reports, the David Caldwell, out of Hampton Roads, Va., snapped her anchor chain, went aground and broke in half on the shoal during a heavy storm.

It is understood that the ship carried a crew of 50, with 31 being saved. Douglas and the others who were rescued are at the Bordeaux Seamen's Home, awaiting transportation to the United States.

Douglas was Chief Steward on the ship. He has served in the Merchant Marine over two and one-half years, and is due to be discharged on October 1. His wife is a teacher in the Pleasant Hill school.

### Death Claims Pioneer Saturday Morning

Following a four-year illness, during which he has been hospitalized, death claimed James David Cross, 86, at 7 o'clock Saturday morning, at a Clovis hospital.

Cross had been a resident of this section since 1906, having formerly lived in Texico. Funeral services were held Monday morning at 10 o'clock in the Steed Memorial Chapel in Clovis, with Minister Ebb Randol, of Farwell, in charge. The remains were taken to Silverton, Texas, for burial.

Cross was born in Ripley County, Mo., moving with his family in early youth to Lipan, Tex. On Oct. 23, 1892, he was married to Miss Rosa Lee Woodburn at Lipan. Cross worked several years on the JA Ranch near Clarendon and later moved to Silverton, where Mrs. Cross died in 1906.

He came to Texico in 1906 and had remained in the county since.

Survivors include two daughters, Mrs. Carl P. Morris of Albuquerque, and Mrs. Mason Neeley, of near Pleasant Hill; one brother, Ashel Cross of Silverton; and four grandchildren, James and Gayle Morris of Albuquerque; Mrs. Ray Donahy of Pleasant Hill; and Buster Neeley of Pittsburg, Kansas.

### Much Poison Is Used For Rodent Control

A good deal of poisoning is going on in the county to control the ever-recurring ravages of prairie dogs and gophers, County Agent Lee McElroy reported this week, adding that poison grain and poison oats are both obtainable at the local courthouse.

Poisoned oats are something new to most farmers in this area, the agent said, adding that he had no definite reports on the efficiency of the kill. In the past, only poison grain has been used, with good results, and many fear that oats are too light and will blow from the areas where they are spread, possibly being picked up by livestock.

Oats are priced at 16c, and grain at 12c, and there is a good supply of both available here.

### ON VACATION

C. F. Bieler, Texico rural route carrier, was permitted to leave a Clovis hospital the latter part of last week, where he had received treatment. He announced the first of the week that he was taking a month's sick leave and that Raymond Mears, substitute, was carrying the mail in his stead.

### RETURN TO ILLINOIS

Mr. and Mrs. Paul H. Schmidt, who have been making their home here the past nine months, have returned to their old home at Earlville, Ill. Schmidt has been working on a wire-winding device the past several months and said that he was making plans to begin manufacture of his patent, and may return here at some future date.

A good stand of lespedeza seed is generally worth far more than the grazing value it offers.

Farwell's actual first test for oil and gas in paying quantities, which has been in the formation stages the past several weeks, moved to a reality the first of the week, with the announcement that the test would be made a short distance from this city in the near future.

A firm known as the Oil Well Drilling Company has obtained leases on several thousand acres of land, located principally north, northeast and east of this city with a contract to sink a deep test to 7500 feet.

The contract calls for actual drilling operations to start by September 30.

Just where the test will be located is not definitely known outside the circle of officials of the oil drilling company, but most speculation is that it will be sunk on the N. L. Tharp holdings just north of Farwell. Tharp is known to be the largest lessee in the entire block.

The test will mark about the third or fourth of such tests that have been made in Parmer County in past years, all previous efforts resulting in dry holes.

Considerable wildcat activity has been indulged in throughout West Texas in recent months, with the result that some production is being brought closer and closer to this county.

### Lateral Road Fund To Receive \$5,858.59

A total of \$5,858.59 will be received by the Parmer County commissioners court shortly, from the State offices, to be placed in the lateral road fund of the county, for construction and maintenance of lateral roads.

A letter from John Nelson, chief accountant, advised Judge A. D. Smith that the money was on hand as surplus, to be divided among counties in the district, with the Parmer share listed at over \$5,000. The county commissioners, meeting on Monday, voted to request immediate delivery of the funds to the county, where they will be used for lateral road work.

Other business transacted at the Monday meeting included the approval of bills and authorization of payment by County Treasurer R. B. Ezell.

### Disproves Old Ideas Concerning Turks

The old idea that turkeys must have a large range is being disproved by Mrs. E. M. Roop in Texico, who has a herd of 26 healthy birds that are rapidly nearing maturity stage in a small pen at the Houston Bros. lumber yard.

Mrs. Roop said that she hatched 14 poulters from a chicken hen, and has not lost a one from her original hatching. She obtained the other 12 from a neighbor, which had been hatched in a like manner.

The young birds, mostly all toms, will be ready for market long before the Thanksgiving rush opens, their owner believes.

### Sleep Walker Out On Crutches This Week

Pat Blewett, 15-year-old son of Mr. and Mrs. T. W. Blewett of the Farwell Cafe, has been able to be out on crutches since the latter part of last week, and hopes to be able to attend school shortly.

Pat received compound fracture of the left leg just above the ankle several weeks ago, when he took a stroll in his sleep and fell off the 1-foot awning at the Cruise building in Texico.

### Certification Laws Are Not Relaxed

Answering numerous inquiries, County Agent Lee McElroy reported this week that rules governing the certification of seed have not been relaxed for Texas producers.

Rumors here had been received to the effect that regulations on certification had been relaxed in New Mexico, due to the scarcity of seed, but McElroy said that a check with Texas certifiers revealed that this state's stringent rules are still in effect.

Persons desirous of having their seed certified are invited to contact the agent for specific information.

One-half an inch square is smaller than one-half square inch.

**Get Ownership Proof, Hiway Dept. Says**

AUSTIN—Buyers of used cars were warned Thursday to secure from the seller acceptable proof of ownership as the State Highway Department moved toward wiping out traffic in stolen and mortgaged motor vehicles in Texas.

"All county tax collectors have now received instructions to hold the line in requiring proof of ownership on all applications for vehicle titles, E. J. Amey, Director of Motor Vehicle Registration announced. Applications for Texas titles are made through local Tax Collectors under the present law.

"Properly assigned certificate of title from any of the thirty States having a title law similar to Texas is the best evidence of ownership. The purchaser should insist upon receiving a release of any lien recorded on a Texas title or a title issued by any other state," Amey stated.

Outlining minimum acceptable ownership proof of vehicles brought into Texas from any of the seventeen non-title States, which includes Louisiana, Amey announced. "We will accept a 1945 license receipt from Louisiana or other non-title State and the current receipt if both are in the name of the person applying for the Texas title."

"Bills of Sale showing all changes

in ownership must supplement such 1945 license receipt, if applicant for a Texas title is not the same person in whose name the receipt is issued," he added.

Strict enforcement of the Texas title law was endorsed at a recent meeting of car dealers, enforcement officers, tax collectors and representatives of finance and insurance companies. The meeting had been called to determine if present requirements for title were meeting with the approval of all concerned.

"Numerous stolen and mortgaged cars bearing license plates from non-title States have been sold in Texas," Amey stated. "Purchasers of such vehicles are unable to obtain valid titles in Texas and the vehicles are subject to seizure by their lawful owners."

The National Automobile Theft Bureau has estimated that the current requirements of the Highway Department have reduced sales of stolen cars in Texas by half.

The simplest way for a wife to tell if her husband is lying is to look and see if his lips are moving.

**VISITS TEXAS TECH**

LUBBOCK—I. P. Tolmachoff, distinguished Russian-American scientist and retired curator of invertebrate paleontology of Carnegie Institute in Pittsburgh, has been named visiting professor of paleontology at Texas Technological College, Pres. W. M. Whyburn has announced.

Prof. Tolmachoff served 23 years at Carnegie Institute, following many years of scientific service in Russia, Siberia and other countries in Europe and Asia. He is a member of scientific societies of several nations and is a specialist in paleontology, micro-paleontology and polar lands of Europe.

Three months of formal schooling comprised the education of Thomas Edison, who patented 1033 inventions.

**FIRST FACULTY BABY**

LUBBOCK—Texas Tech's first faculty baby was awarded a degree at summer commencement exercises of the college. Ava Ruth Stangel, daughter of W. L. Stangel, dean of Agriculture, and Mrs. Stangel, received a bachelor of arts degree, with a major in Spanish and minor English. She was born Sept. 16, 1925, the day the first Tech faculty meeting was held, a few days prior to opening of the college.

22 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

# THE MAVERICK

## SECOND GRADE NEWS

We have 29 in the second grade, 15 girls and 14 boys. We are learning some new songs. We are proud of our clean room and are going to try to keep it that way.

## EIGHTH GRADE NEWS

During civics class last Thursday, committees were appointed to dust the shades, wash the windows, dust and polish the tables, clean the blackboards, and clean the floors.

Officers were elected on Friday, president, Ernest Lokey; vice tary and treasurer, Nellie Summers; reporter, Jerry Pool. Miss Rose is the class sponsor.

## FRESHMAN NEWS

The class is glad to be back in school after a vacation—especially those who got to run tractors, plows or combines most of the summer.

There are nine new students in the class: Ione Billingsley, Irene Shanks, Ivydell Evans, Dwight Rose, Melvin Venable, Chester Johnson, Charles Roark, Bob Smith and Duane Key.

The first of the week the sponsor and class officers were named, as follows: sponsor, Robert Morton; president, Cary Joe Magness; vice president, Don Ford; secretary-treasurer, Pauline Sheets; reporter, Rosamnd Booth.

Have you noticed any of the freshman girls walking slightly stiff-legged this week? That's because Coach Williams makes us work so hard in gym practice. He said we would finally get over that, but—does anyone have any suggestions? A few of the boys have come out for football, and I imagine they're just as sore as the girls. Hear Coach has been working them pretty hard, too.

## SOPHOMORE NEWS

New officers and the class sponsor were elected Wednesday. President is Toby Booth; vice-president, Mary Ruth Petree; secretary-treasurer, Alta Faye Martin; reporter, Peggy Cummins; class parents, Mr. and Mrs. Petree and Mr. and Mrs. Cummins. Miss Nabors is the sponsor.

We feel that if we work hard and cooperate we will have an excellent class.

## JUNIOR NEWS

The Junior Class began the new school year with an election of class officers. They are as follows: president, Harry Sheets; vice president, Junior Robertson; secretary-treasurer, Nina Loe; reporter, Sonny Graham; class parents, Mr. and Mrs. Johnnie Williams and Mr. and Mrs. Sam Aldridge; Student Council members, Maxine Ford and Junior Robertson; class sponsor, Mrs. Earl

## Booth.

## SENIOR REPORTING

The Senior Class met Thursday and elected officers as follows: president, J. W. Herington; vice president, Don Williams; secretary-treasurer, LaMoin Jones; editor-in-chief of The Maverick, Hurshel Harding; assistant editor, Athalee Evans; Student Council members, Max Ford, L. C. Herington and Bob Loe; class parents, Mr. and Mrs. W. W. Williams and Mr. and Mrs. A. J. Jones; sponsor, Jack Williams.

We have one new member, Duane Bluit.

The class rings are expected to arrive some time soon.

## FHT NEWS

The third year class of home-making is planning to make wool skirts. If you should smell anything like a glue factory, it's this class testing samples of wool for rayon and other adulterations by burning them.

In the near future, we are going to organize our FHT club. Miss Ann Nabors is the teacher.

## ATHLETIC CORNER

As always, the beginning of another football season brought renewed groans to the ears of everyone here at Farwell High. Harry Sheets sliding down the stair bannister, to keep from walking down on his sore legs, was not an uncommon sight at all this last week.

And take a peek at the new equipment for this year! That would make anybody feel like playing football after just looking at it.

A checkup with manager A. C. Henneman showed that we have new helmets, new shoulder pads, blocking pads, playing pants, jerseys, shoes, footballs—well, in fact, just about anything that you would need in the way of football equipment. We are really proud of it!

## FFA NAMES OFFICERS

The officers for 1946-47 are President, Duane Curtis; vice president, Hershel Harding; secretary, J. W. Herington; treasurer, Herman Gerles; reporter, Leon London; historian, Bob Loe; sentinel, Buster Herington; second vice president, Ernest Foreman; third vice president, Warlick Thomas.

These boys were elected last Friday. The enrollment for FFA subjects is larger this year than last.

## WASTE FOOD

Damage in shipment results in loss of fresh fruits and vegetables amounting to more than \$10 per car, or \$11 million per year for U. S. carries, producers and consumers. But the heaviest losses are the starving people overseas who pay with their lives for our food wastes.

Light never adds to color, but it can take away from it.

## SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending August 31, 1946, were 26,470 compared with 25,837 for same week in 1945. Cars received from connections totaled 12,333 compared with 11,234 for same week in 1945. Total cars moved were 38,803

compared with 37,071 for same week in 1945. Santa Fe handled a total of 38,842 cars in preceding week of this year.

The "Nurses Wanted" sign is still on display at VA hospitals in Texas, Louisiana and Mississippi, which are short 400 nurses. Salaries for

## TO EXHIBIT AT FAIR

Parmer County will have a booth on exhibit at the South Plains Fair in Lubbock next month, prepared by 4-H boys under the direction of County Agent Lee McElroy. The booth will feature crops produced in the county.

### 64-Hour Week For The Farm Wife

COLLEGE STATION—Pity the poor farm housewife who works a 64-hour-week, with no added rewards for over-time!

At least, this was the report of 183 farm housewives interviewed in a study by the Vermont Agricultural Experiment Station. And Florence Low, associate specialist in home management for the Extension Service, says she expects the average farm or ranch woman in Texas spends every bit as much time on housework.

The Vermont farm women found the time they spent on housework figured about 59 per cent of their waking hours, and the hours of housework varied with individuals all the way from 54 to 120 hours. Those who spent the most time with household tasks had large families and young children, while those who spent the least time had hired help or family aid.

Three jobs — preparing meals, house cleaning and dish washing—required the lion's share of housework hours. Preparing meals required a fourth of the total time, house cleaning another fourth, and dishwashing about a sixth. Other household jobs included: care of children and the sick, nine per cent; laundry, cleaning, mending and sewing, nine per cent; canning and preserving, six per cent; marketing and household business, three per cent.

Since preparing meals, house cleaning and dish washing not only required most of the homemakers' time but also were described as "most tiring" and "most disliked", Mrs. Low advises Texas homemakers to study these three jobs for short cuts. Greater efficiency, sometimes easily achieved, cuts down on drudgery and will leave more time for recreation and pleasure, she points out.

### Hospitals No Good Without Nurses

The average person generally thinks as little as possible about hospitals—or illness—until he suddenly finds himself occupying a hospital bed.

We usually are too prone to take our hospital, as well as our other community outwards such as the church and school, as something that always is there in quiet efficiency in time of need.

But in a very few years, unless more student nurses are enrolled immediately, the hospitals won't be there in all its strength.

Only three-fourths as many beds now are being manned in the nation—at a time when the need actually has been the greatest in hospital history because of the increases in population and the influx of returned war wounded.

The reason? Lack of nurses. Skilled nurses heretofore have been fairly much in the category of hospitals in the mind of the general public. Their quiet efficiency too was more or less taken for granted by a busy public.

Texas has two-score highly-accredited schools of nursing. Normally these schools enroll at least 1,500 students annually.

This year, unless enrollments increase mightily within a few weeks, the enrollment will be at the pitifully low figure of 300 students. This average only about one girl from each county in the state.

The reason for the startling decline isn't too apparent. School facilities, from educational, recreational and living condition standpoints, never were better. The profession of nursing, always highly-skilled and highly-paid, never was in better repute after its rise to exceptional heights during World War II.

But the students aren't there, and nursing, hospital and the medical professions warn that the "closed bed" rate is due for an even further increase with dire results to the health of every community in the state.

Texas can, and should, do better. Any hospital can advise interested prospective students of the nearest nursing school and its entrance requirements.

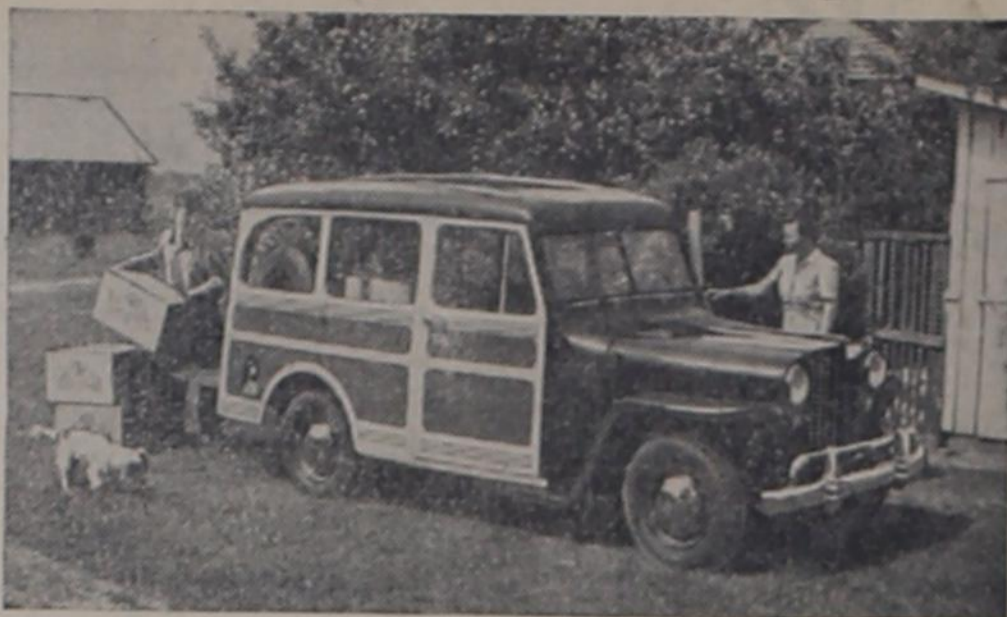

### SANTA FE CARLOADINGS

Santa Fe System carloadings for the week ending Sept. 7 were 23,092 compared with 21,865 for same week in 1945. Cars received from connections totaled 11,023 compared with 10,647 for the same week in 1945. Total cars moved were 34,115 compared with 32,512 for the same week in 1945. The Santa Fe handled a total of 38,803 cars in the preceding week of this year.

### FOOD CONFERENCES URGED

COLLEGE STATION — Youth United for Famine Relief, national organization of teen-agers, has urged all youth organizations in the nation to hold food conferences during the week of September 23. Purpose of the conferences will be to enlist boys' and girls' interest and aid in the famine relief program.

### New Jeep Station Wagon

Willys-Overland Motors "surprise of the year" is the new Jeep Station Wagon which is now in mass production. The vehicle is powered by an improved 63 HP jeep engine, has a 104 inch wheel-base, seats 7 adults, and has an all-steel body. Designed to fill the need for an all-around car which rides with passenger car comfort and can, with seats removed, be used as a light transport, the vehicle is meant for people who never seriously considered a station wagon before. With generous carrying space, it is a utility car for farm or business use. The aspen-grained masonite interior makes cleaning easy after utility use while the steel body eliminates varnish upkeep costs, essential with the traditional wooden station wagon.

### September Landscape Gardening Tips Given

COLLEGE STATION—Mulch material will protect roots of flowers and other landscape plants, and enriches the soil when it decays.

According to Sadie Hatfield, specialist in landscape gardening of the Extension Service, the best mulch for flowers is the decayed material found around oat, wheat and hay stacks, or near feed grinders and trench silos. Leaves in ditches and under trees also make good mulch.

In applying the mulch, it should be spread six to eight inches deep, Miss Hatfield says. When that has settled to as low as a two-inch thickness, more should be added.

Many flowers that were killed by heat in August may be replanted in September. In the colder parts of the state, only hardy plants like the hollyhock and gayfeather can be safely planted now. However, in most all sections, these are some of the flowers that can be re-planted this month: arctotis, babysbreath, balsam, calendula, candytuft, Chinese forget-me-not, cockscomb, coreopsis, cornflower, delphinium, laceflower, larkspur, mignonette, pansy, petunia, phlox, pinks, queenslace, salvia scabiosa, snapdragon, stock, strawflower and sweet-william.

### RECIPE VS. STORY

A recipe for beef sausage loaf was the first manuscript sold by Mary Jane Ward. It brought her \$10. She has received \$100,000 in royalties from her novel, The Snake Pit.

### 2-Year Enlistments To Be Discontinued

OKLAHOMA CITY—Captain Richard L. Pierce, officer in charge of the U. S. Marine Recruiting Service in the state of Oklahoma and Panhandle of Texas, announced today that two-year enlistments in the United States Marine Corps will be discontinued after September 30, 1946, and enlistments for duty with aviation units will also be discontinued after that date. After Sept. 30, enlistments will be accepted for three and four-year periods in general service only.

Capt. Pierce urges all men who desire to enlist for a short period and still be able to come under the

### DORMITORY IS NAMED

LUBBOCK—Women's dormitory No. 2 at Texas Tech has been named Florence Drane Hall by action of the board of directors, honoring the former board member from Torsicana. The three-story building, housing 320 students, was erected in 1941. Mrs. Drane was appointed by Governor Neff to the first board of directors in 1923 for a six-year term. She was reappointed in 1929 and served until 1932.

Local harvest festivals are being planned throughout the nation now to encourage an increase in home food production and preservation.

## Miss Velma Kube Is Bride Of W. Zoch

Miss Velma Kube, daughter of Mrs. Mary Kube of Lariat, and Wilbert Zoch, son of Mr. and Mrs. Carl Zoch of the Oklahoma Lane community, were united in marriage Sunday afternoon at 5 o'clock, in a beautiful wedding held in the Evangelical Lutheran Church at Lariat.

The altar was flanked by large bouquets of summer flowers, and topped with asters in pastel shades. The double-ring ceremony was performed by Rev. C. E. Wedig of Clovis. Henry Kossman, of Clovis, was at the organ, and played several selections, preceding the traditional wedding march.

The bride was attended by her sister-in-law, Mrs. Aliene Kube, of Phillips, Tex., as matron of honor, and Miss Ruby Zoch, sister of the groom, as maid of honor. Mrs. Kube and Miss Zoch wore identical dresses of net over satin in pastel pink and aqua blue respectively. Their corsages were white asters.

Ludwig Kube, of Phillips, was best man and Paul Guthals served as groomsman. Martin Kube and Fred Ramm acted as ushers.

The bride wore a beautiful formal white satin gown, fashioned with a full skirt and fitted basque waist with tiny pearl buttons down the back. The sleeves were puffed above the elbows and fitted below, coming to a point over the hands. Her fingertip veil of net and lace fell from a net halo. She carried a white Bible, on which rested a gardenia spray, surrounded by satin streamers and stephanitis.

For something old, the bride wore in her shoe a good luck coin brought from Germany in 1895 by her Grandmother Helms. "Something borrowed" was a crystal necklace belonging to her sister-in-law, Mrs. Ernest Kube, and she also wore the traditional blue garter.

For her daughter's wedding, Mrs. Kube was gowned in black crepe with matching accessories and a corsage of pink carnations. Mrs. Zoch, mother of the groom, also wore black with an identical corsage.

Following the ceremony, the bridal party was honored at a buffet supper in the home of the bride's mother. The table was laid with a lace cloth and centered with a three-tiered wedding cake on a crystal platter. The cake was surrounded with pink roses and topped with a miniature bride and groom. White tapers in crystal candleabra and pastel asters in white vases flanked the centerpiece.

Seated at the bride's table were the bridal party and Mr. and Mrs. Carl Zoch, Mrs. Mary Kube, Rev. and Mrs. C. E. Wedig and Mr. Kossman.

Other guests were Mr. and Mrs. Ben Kube and children, Mr. and Mrs. Ernest Kube and daughters, and Rudolph Kube, all of Farwell; Mr. and Mrs. Albert Kube and Martin, Mr. and Mrs. Edd Ramm, Fred, Ernest and Alice Marie, of Muleshoe; Mr. and Mrs. Adolph Guthals and children, Mrs. Henry Kossman and son of Clovis, Mr. and Mrs. B. F. Stoval of Muleshoe, Mr. and Mrs. Frank Menix, Mr. and Mrs. Gilbert Menix, Mrs. Ester Jones and daughters, all of Lamesa.

After the supper other friends called and the bride opened and displayed many beautiful gifts. Miss Louise Guthals presided at the bride's book.

For traveling, the bride chose a rose wool tailored dress with black accessories and a gardenia corsage. The couple will be at home in the Oklahoma Lane community.

Guests in the home of Rev. and Mrs. David McNew of Bovina, Sunday, were Miss Wanda Sanderson, of Portales, Miss Hazel Dishman and Jim Bob Smart of Farwell, and Rev. A. L. Strubble of Albuquerque.

## Miss Beryl Brown Is Top-Ranking Student

PORTALES.—Five of the top-ranking freshmen who took the student English entry exam at Eastern New Mexico college, Portales, at the beginning of the 1946 fall semester were announced this week by Dr. Eunice C. Roberts, director of personnel.

Given to freshmen entering colleges and universities throughout the United States, the exams are standardized and scores are used to compile the national student average and the rating of each college.

Beryl Louise Brown, Texico, who lists as her major secretarial science, heads the list of the ENMC freshmen, Johnny Harrison, Clovis, ranks second, and John Cochran, Yonkers, N. Y., veteran, third. Harrison lists mathematics as his major, while Cochran is specializing in the journalism department.

Fourth on the list is Ruth Mauldin, Portales, also a secretarial science major; and Eleanor Hinrichsen, Hagerman, is fifth. Miss Hinrichsen is taking a liberal arts course.

## Ceremony Performed In Albuquerque, Sept. 4

In a lovely ceremony performed by Daniel W. Khoe in the St. Charles Rectory in Albuquerque at 7:30 last Wednesday evening, September 4, Miss Margaret Sheehan, daughter of Mr. and Mrs. Jno. T. Sheehan of Hoisington, Kansas, became the bride of Harold W. Dixon, son of Mrs. Ruby Dixon, of Farwell.

The impressive single-ring ceremony was held in the presence of members of the immediate families of the bride and groom.

Maid of honor was Miss Donica Belcheff, while Jim Cleve Dixon, brother of the groom, served as best man.

The bride chose for her wedding a tailored fall suit in light blue, trimmed in brown and with matching brown accessories. Her corsage was of red roses. Miss Belcheff wore a medium blue suit with black accessories and had a corsage of pink roses.

Mrs. Sheehan, mother of the bride, wore a black pin-stripe suit with matching accessories, while Mrs. Dixon, mother of the groom, was dressed in a black crepe dress with accessories in white. The two mothers wore matching corsages of red carnations.

After the wedding, the party assembled in the suburban home of the groom's uncle, Mr. and Mrs. E. C. Temple, for a wedding supper, which was served buffet style. The table was centered with the traditional wedding cake, topped with bride and groom figurines.

Mrs. Dixon is a 1944 graduate of Mount St. Scholastic Academy in Atchison, Kansas. Until her marriage, she had served as a photographer's assistant in Hoisington.

A graduate of the Farwell high school, Dixon had completed his freshman year at Texas Tech when he enlisted in the Air Corps, serving a total of 42 months. He has recently returned from occupation duty in Europe.

The couple enjoyed a honeymoon trip to Old Mexico, and will make their home in Albuquerque, where Dixon will enter the University of New Mexico.

## Former Resident Here

W. A. Doshier, former resident of the Oklahoma Lane community, is spending this week visiting with friends in and around Farwell. He is enroute to Tipton, Okla., where he now makes his home, after a tour through the northwestern states. Doshier plans to leave here on Friday. Mr. and Mrs. Clarence Barber, of the Oklahoma Lane community, accompanied him on his trip and have returned to their home.

## Pipkin-Brown Rites

### Read On Thursday

With Rev. Virgil E. Hunton officiating, wedding vows for Miss Wynelle Brown, daughter of Mr. and Mrs. Travis Brown of Farwell, and Jess Herbert Pipkin, son of Mr. and Mrs. O. B. Pipkin of Farwell, were read in the Texico-Farwell Baptist Church at 11 o'clock Thursday morning, September 5th.

The lovely double-ring ceremony was performed before an altar banked with bouquets of fall flowers.

The bride was attractively dressed in a grey fall suit, with accessories of black, and had a shoulder corsage of gardenias. Miss Maxine Ford, of Farwell, was bridesmaid, and wore a white gabardine suit with black accessories. Her shoulder corsage was of rosebuds and gardenias.

Karl (Smokey) Gast, Jr., acted as best man.

Witnessing the ceremony were Mrs. O. B. Pipkin, mother of the groom; Mrs. Travis Brown, mother of the bride, and daughter, Ysleta; Joe White and Miss Peggie Flye.

Mrs. Pipkin graduated from the Farwell high school the past spring, while her husband is also a local graduate, class of 1941. He was in uniform for three years, serving 13 months in the European theatre with a parachute division. He was discharged last December.

The couple enjoyed a short honeymoon in Amarillo, and are now visiting relatives here. They will go to Canyon the last of this month, where Pipkin will enter West Texas State College on October 1.

## Texico Girls Named On Library Staff

PORTALES.—Seventeen students at Eastern New Mexico college have been selected to augment the staff of the college library for the current year, according to the new librarian, Edwin C. Mirise.

This list includes Bobbie Alford, freshman, Causey; Beryl Louise Brown, freshman, Texico; Evelyn Lois Brown, freshman, Texico; Lillie May Clay, freshman, Tatum; Dot Ann Hargrove, senior, Morton, Texas; Elanor Hinrichsen, Hagerman; Louise Kimbler, sophomore, Loving; Ruth Mauldin, freshman, Portales; R. C. Morgan, senior, Portales; Aura Lou Schwab, freshman, Ft. Sumner; Maydele Smith, freshman, Portales; Wanda Taylor, senior, Portales; James Vanderford, sophomore, Ft. Sumner; Jimmie Welch, junior, Marlow, Oklahoma; Polly Wells, freshman, Grady; and Jean Woodburn, senior, Portales.

In addition to assisting with the regular library activities, these students do all the mimeographing for the faculty and operate the college book store.

## August Wedding Is Announced Here

Announcement has been made here of the wedding of Miss Barbara Ivy to C. C. Matthews, Jr., which was performed in the home of Rev. W. B. Vaughn, Muleshoe Methodist minister, on August 31. The double-ring ceremony was used.

Attending the couple were Miss Bobbie Treider, as bridesmaid, and Demp Foster, who acted as best man.

The bride was dressed in a fall suit of aquamarine, trimmed with brown. Her accessories were likewise in brown, and a corsage of tiger lilies complimented her costume. For something old, she wore a watch belonging to her mother, and for something borrowed and blue, carried a blue silk handkerchief belonging to her bridesmaid.

Miss Treider was attired in an orchid suit with contrasting accessories of black.

Attending the nuptials were Mrs. Vaughn, wife of the minister, and Rev. and Mrs. Johnson.

The couple enjoyed a wedding trip through New Mexico, and have made their home in the Lazbuddy community.

## Reception Thursday

The annual fall reception for new and old faculty members of the Farwell school will be held at the first meeting of the PTA, Thursday evening of this week, at the school building. The social is to begin at 8:15, and all patrons of the school are urged to be in attendance.

Mrs. A. D. Smith spent Friday in Amarillo, visiting Mrs. M. T. Jones.

## B. N. GRAHAM

"Insurance of All Kinds"

Farwell, Texas

## NEWS FROM OUR BOYS IN UNIFORM

### DISCHARGES FILED

Master Sergeant Roy B. Ezell, Jr. was discharged at Fort Sam Houston on April 19th, after serving 41 months, with 11 months in the European theatre on occupation duty. Ezell holds the American theatre, EAME, good conduct and victory ribbons.

Master Sergeant Calvin G. Dotson received his discharge at Fort Lewis, Wash., on August 1. Dotson has the Army of Occupation ribbon (Japan), Philippine liberation, victory and good conduct ribbons, and the A-P ribbon with one bronze star for campaigning on Luzon. He was overseas 13 months, spent five months in the States.

Staff Sergeant Lee R. McDaniel was released at Camp Beale, Calif., on August 18. McDaniel has the A-P, good conduct, victory and American defense ribbons. He was in uniform 30 months, spent 13 months in the Aleutians.

## Texico Girl Marries In Clovis Ceremony

Miss Opal Singletery, formerly of Ranchvale and now of Texico, and Minter Box, of Clovis, were married recently in the home of Mr. and Mrs. Truman Clark, in Clovis.

Rites were read before an improvised altar with decorations of pink gladioli and white asters, intertwined in fern. Tall baskets of identical flowers were placed at each side, and seven-branched candelabra completed the decorations.

Mrs. Box wore a two-piece suit of soft blue wool, with black accessories, and carried a small Bible topped with pink carnations and satin streamers. Her attendant was Miss Audrey Hinson.

Ervin Duncan, cousin of the bride, attended the groom.

Mrs. Box is the daughter of Mr. and Mrs. Everett Singletery, and a graduate of the Ranchvale school the past spring.

Son of Mr. and Mrs. S. T. Box of Clovis, the groom is a World War II veteran, having served with the 200th. He was captured by the Japanese at Bataan and spent 42 months as a prisoner, returning to the States after his liberation last October. Since that time he has been receiving treatment at Bruns General hospital in Santa Fe. He is to report to Fort Sam Houston after a 30-day leave.

Mr. and Mrs. Box are now at home in Clovis.

## Guild On Wednesday

Members of the Wesleyan Guild are reminded that the fall meetings will begin tonight (Wednesday), when the group meets in the home of Mrs. W. W. Vinyard at 8 o'clock. All former members and others interested in joining the group are cordially invited to attend.

## Here From California

Mr. and Mrs. Hayden Cason and young son, who have been making their home in California, arrived here last weekend for a visit with her father, C. E. Crume, and other relatives and friends. They plan to locate in this area.

## Deputy On Vacation

Mrs. Bess Mansfield, deputy in the office of tax collector here, is currently enjoying her annual vacation with her mother at Tyler, Tex. Mrs. Alvenia Sharpe is employed during her absence.

## To Arizona Points

Mr. and Mrs. D. K. Roberts and Mr. and Mrs. Paul Roberts left the past Thursday for Arizona, where they will spend several days visiting relatives at various points in that state.

Mrs. Frank Storm and Mrs. Clarence Williams and son, Clarence, Jr., all of Amarillo, visited in the B. E. Nobles home Monday. The ladies are nieces of Mr. Nobles, and were enroute to Portales.

Mrs. Anne H. Overstreet left on Tuesday afternoon for a visit with Mr. and Mrs. Jimmie Overstreet, in Lubbock.

Jim Cleve Dixon, who has been spending a few days with his mother in Farwell, left Saturday for Lubbock, to enroll at Texas Tech.

Arlon Lovelace left the first of the week for Albuquerque, where he is entering the University of New Mexico for the current term.

## Marriages Recorded

Miss Velma Kube and Wilbert Ludwig Zach were married on Sept. 1 at St. John's Lutheran Church in Lariat by Chas. E. Wedig, pastor of the Immanuel Lutheran Church in Clovis.

Nuptials for Miss Amy Lofton Grubbs and Clifford Wayne Waldor were performed by Rev. Harvey E. Carrell, local Methodist minister, on Sept. 7.

On August 31, Miss Barbara Ann Ivy became the bride of Clarence Cecil Matthews, with Rev. W. B. Vaughn, Methodist pastor, Muleshoe, reading the vows.

Miss Billie Joe Witten and Charlie Andrew Moore were married by Rev. Harvey E. Carrell on August 31. Also on that day, Rev. Carrell performed the marriage ceremony for Miss Dollie Anderson and L. C. Burgett, Jr.

On Sept. 1, Miss Ruby Pearl Johnston and Elvin Aubrey Hammonds were married, with J. Neland Hester, Methodist minister, officiating.

Mrs. William Thornton is spending this week in Morton, as guest of her sister, Mrs. Raymond Ross.

Mr. and Mrs. Loyde Brewer and Mr. and Mrs. Johnnie Blackburn, all of Friona, were visitors in Farwell, Sunday afternoon.

Mrs. M. H. Poteet and children visited Sunday with her sister in Lockney.

Mr. and Mrs. H. A. Clift and family visited last week in Hermalie, Tex. Her mother, Mrs. C. C. Hedge, of Bonham, is now a guest here.

Mrs. Lee Bradshaw and Mrs. Violet Curry visited last Friday in Amarillo.

Mr. and Mrs. John Cornelius, of Wheeler, Tex., have been visiting their daughter and family, Mr. and Mrs. Denver May of Texico.

Miss Wanda Sanderson, of Portales, visited in the Ben Smart home Saturday night, returning home on Sunday.

Mrs. Lena Bonine, of Ralls, and Mr. and Mrs. Martin, of Tatum, have been visiting in the Roy B. Ezell home. Mr. Martin, Mrs. Bonine and Mrs. Ezell are brother and sisters.

Mr. and Mrs. Rex Kyker are here visiting his parents, before going to Abilene, where they will both teach at ACC.

Mr. and Mrs. Lee McDaniel left Monday morning for Lubbock, where they will make their home. McDaniel is entering Tech, and Mrs. McDaniel will do nursing.

Mr. and Mrs. Hurston Batey and Mr. and Mrs. Doyle Cummings are vacationing in New Mexico this week.

Mrs. Aubrey Ellison left Wednesday evening to be with her father, who was to undergo surgery.

Off on an outing are Delores Wilson, Inell Elliot, Martha Williams, Sam Johnston, Jackie Barnett and John Tabor. They will visit Mr. and Mrs. Lorn Elliot in El Paso, returning home by way of Carlsbad Cavern.

W. T. Kelley, of Reydon, Okla., is visiting her brother, Bob Kelley.

Shelby Ann Jersig sustained a badly cut arm, Friday morning, when she tripped and fell as she was carrying a glass coffee maker. She was taken to the Memorial hospital and six stitches were taken in the cut.

Charlene King will attend school at the Canyon high school.

Mr. and Mrs. Coy B. Sanders, the former Vera Wines, visited in the Wines home last weekend.

The Davis Kings have received word that they are grandparents. Mr. and Mrs. Roy Heuer, of St. Paul,

have a new baby.

Ronald Berggren had some dental work done in Clovis, Thursday.

Little Jackie Standefer is suffering from tonsillitis this week.

New sidewalks were built from the drug store to the hotel this week. The new buildings being erected, plus the sidewalk, improve the town's appearance.

Rex Kyker preached at the Church of Christ at Bovina, Sunday weekend at Gainesville, Texas.

Mr. and Mrs. L. E. Johnston, of Custer City, Okla., and Mr. and Mrs. Ed Miller of Portales, are visiting in the home of Mr. and Mrs. E. F. Johnston.

Frank Wilson returned home from Detroit, Saturday night, the proud owner of a new Chevrolet.

## Wedding Performed For Bovina Couple

Miss Ruby Pearl Johnston, daughter of Mr. and Mrs. Luther Johnston of Bovina, became the bride of Elvin A. Hammonds, son of Mrs. Rush Looney of Hot Springs, N. M., on Sept. 1st, 1946.

The impressive ceremony was performed by Rev. J. N. Hester, of Brownfield, at the Methodist Church in Bovina.

As a wedding costume, Mrs. Hammonds chose a beautiful light grey suit, with black accessories.

The bride was graduated from the Bovina high school the past spring.

Mr. Hammonds is also a graduate of the local school and is well known here. He served 22 months in the Army, 15 of which were spent in Germany.

Only close friends and relatives attended the wedding, which was followed by a reception in the home of Mr. and Mrs. O. M. Hammonds, brother of the groom.

The bride and groom cut the beautiful two-tiered wedding cake which was topped with miniature figurines, after which cake and punch was served to the party.

Mr. and Mrs. Hammonds will make their home at Hot Springs.

More power to women. Sure it's the woman who pays—she spends 85 percent of the budget—and the man who picks his own clothes is on his way out. Read The Hilarious Details in The American Weekly, the Magazine distributed with next Sunday's Los Angeles Examiner.

## NAMED ACTING DEAN

LUBBOCK—T. C. Root, for the past year assistant to Pres. W. M. Whyburn of Texas Technological College, has been given the additional post of acting dean of Commerce at Tech, succeeding Dr. J. O. Ellsworth, recently resigned.

A lot of girls won't stand for necking. Guess standing makes them tired. High heels must have been invented by some woman who was kissed too often, on the forehead.

**NEW**

Keeps for weeks on your pantry shelf ... You can bake at a moment's notice

If you bake at home—you'll cheer wonderful New Fleischmann's Fast Rising Dry Yeast. Easy-to-use . . . extra-fast, New Fleischmann's Fast Rising stays fresh, potent for weeks on your pantry shelf . . . lets you turn out delicious bread quickly . . . at any time.

No more being "caught short" without yeast in the house . . . no spoiled dough because yeast weakened before you could use it. With New Fleischmann's Fast Rising you can start baking any time . . . finish baking in "jig-time." It's ready for action when you need it. Get New Fleischmann's Fast Rising Dry Yeast at your grocer's.

#### A New Store . . . A New Policy

**PAY CASH—PAY LESS**

For ten years you have operated in Bovina. During that time you have been willing to open charge accounts for hundreds of customers . . . people who had the best intentions in the world when the account was opened. We don't believe we have extended credit to a single individual who intended to beat you out of a penny. But, through certain turn of events that they or you could foresee, they found themselves unable to meet their obligations. These losses on bad accounts have been burdensome with the result that your net profits have been curtailed.

We have decided that the only safe and reasonable way to operate your grocery and market is to sell **STRICTLY FOR CASH**, which simply means that the savings realized on bad charge accounts will be passed on to your customers in their everyday purchases.

**Softball Schedule Is Given For Curry**

Actually getting underway last weekend, when Pleasant Hill visited on the Texico diamond, the complete schedule for softball games in Curry county was announced to coaches late Thursday. The season is due to run for about six weeks, concluding with the annual county tournament.

Coach C. E. Sanders reported the following list of games for the locals, both boys and girls:

September 13: Texico vs. Field, at Field.

September 20: Grady vs. Texico, here.

September 28: Preliminary tournament, place to be determined.

October 4: Ranchvale vs. Texico, here.

October 11: Rosedale vs. Texico, at Rosedale.

October 18: County tournament, place to be determined.

With only one day of practice behind them, and several team members missing, the locals split games with Pleasant Hill here on Friday, taking the girls' battle 24-22 and losing the boys' skirmish, 17-7.

Coach Sanders was minus the services of Baldock, regular pitcher, with Fought and Wall taking over the mound against the visitors. Other members of the local team included May, catcher; Curtis, 1st; M. Doolittle, second; Billington, shortstop; Curry and Fought, third; Pearce, left fielder; Gerry Paul, center field; H. Doolittle, right field.

With the return of a few veterans the first of the week, the coach was of the opinion that his team would begin to shape up "in a week or two, when they have a little more practice and become accustomed to each other."

Bridges, a transfer from Bovina, took over the pitching duties for the girls in their winning game, being relieved later by Jean Rogers, Coach Tom Hudson reported. Engram served throughout the game as catcher, while Green was on first, Moore, another newcomer, on second; Johnson on third; May on shortstop; Peggy Rogers in right field; McDaniel in center field; and Hazzard in left field. A switch later in the game put Bridges on second and Moore in left field, as J. Rogers went in as pitcher.

**FIRST IN TURKEY BREEDING**

COLLEGE STATION—In a turkey improvement plan during 1945, Texas led the 23 states participating in breeding improvement work. There were 1,091 U. S. approved turkey flocks reported in the state. Minnesota was second with 411 approved flocks reported.

**Sport Schedule Will Be Made Wednesday**

With coaches from all schools in this conference slated to meet in Bovina tonight (Wednesday), it is hoped that a complete schedule for the 1946-47 football and basketball games can be announced next week, Coach Jack Williams, of the Farwell school, said today.

Williams went on to say that a football game, scheduled to be played here on September 20th opposite Adrian, is somewhat up in the air at present, as when he checked up last week he found that the Adrian school had not started, and the new coach had no plans to announce.

Coaches from Vega, Adrian, Oklahoma Lane, Bovina and Farwell are slated to iron out their six-man grid schedule tonight, while the Parmer county schools, including Lazbuddy and Friona, will work out dates for basketball games and tournaments.

The occasion will also see the formation of the Parmer County Teachers' Association for the year, it was reported.

"Until we have the meeting," Coach Williams said on Tuesday, "I just don't know how we stand on our football schedule."

The local school plans six-man again this year, and earlier indications had been that Adrian and possibly Vega would be in the conference with Farwell, Oklahoma Lane and Bovina.

**Cotton Leaf Worms Appear In County**

Although there is little cotton in Parmer County this year, what there is of that crop is being seriously threatened by cotton leaf worms, according to producers' reports.

The cotton acreage, almost without exception, is located in the extreme southern section of the county, and Agent Lee McElroy estimated the total acreage at between two and three thousand acres.

McElroy went on to say that any type arsenic poison will efficiently control the worms—but added further that the poison will have to be found in areas where more cotton is grown, as it is practically unobtainable in this section.

**ORIGINATION POINT**

Blue Point oysters originally came from Blue Point, a village on Long Island near the eastern end of Great South Bay. Now, however, most small-sized round oyster are called Blue Point.

**MONLY LOOKS AT MAPS AGAIN . . .** With world problems un-solved, spheres of influence have caused generals as well as diplomats to consult their maps once again. In this picture, Field Marshal Viscount Montgomery, chief of Britain's imperial staff, is lecturing on mapwork at the British staff college in Camberly, England.

**CLASSES ORGANIZED AT TEXICO SCHOOL**

Class meetings were held at the Texico school last week, with the officers and sponsors being named.

Mansel Doolittle is president of the freshmen, with Glen Haemper as vice president, Mark Leavel as secretary-treasurer, and Joyce Hazzard as reporter.

Sophomore president is Maudine Bridges; vice president, Delphine Johnson; secretary-treasurer, Delmar May; reporter, Ansell Doolittle; and sponsor, Mrs. Jimmie Allman.

The juniors named Clifton McDonald as president, Gerald Baldock as vice president, Aileen May as secretary, Goldie Mae Sutton as treasurer; Malvin Curry as reporter and Warren G. Harding as sponsor.

For the seniors, the officers are: Marvin Doolittle, president; Clarence Fought, vice president; Minnie Smotherman, secretary; Rada Morgan, treasurer; and Retha Bridges, reporter.

The staff to handle The Wolverine official publication of the school, was also elected, with Delores Green as editor-in-chief; Rada Morgan as assistant; James Paul, business manager; Marvin Doolittle, assistant; columnist, Mildred Moore, assistant, Tommie Torbett; high school reporter, Claudine Curry, assistant, Retha Bridges; grade school reporter, Jerry Paul, assistant, Minnie Smotherman; Boy Scout reporter, Clarence Fought; Girl Scout reporter, Letha Bridges; and photographer, Jerry Paul.

**Egg Grading Discussed By Extension Expert**

COLLEGE STATION—Texas has a great deal to gain by adopting a voluntary egg grading program since it has large numbers of producers, large numbers of hens, and produces much of its own feed, in the opinion of F. Z. Beanblossom, poultry marketing specialist of the Extension Service.

He says at a recent meeting of representatives of the state's poultry industry, leaders agreed that grading of poultry products would be beneficial to producers, handlers and consumers alike. The consensus was that it is highly important to maintain trade and brand names along with grades, Beanblossom reports.

Conferees agreed that the trend in Texas is toward asking for a voluntary egg grading law.

Beanblossom points out that pricing must be based on grades, before a grading program could be successful. "Unless producers have an incentive for taking better care of eggs, they can't afford the extra trouble and expense of grading," he says. He also emphasizes the need for increased consumer education on egg buying.

In a recent study in which Beanblossom cooperated with the Texas Agricultural Experiment Station, College Station buyers, given free choice, bought twice as many eggs marked "fresh and infertile" in preference to the better quality Grade A eggs offered at the same price.

Along with grading and consumer education, the need of the industry is for more attractive packaging and adequate refrigeration of poultry products from producer to consumer, he believes.

**PLANT PASTURE**

Dairymen should plant at least one acre of small grain pasture for each cow for the coming winter, say dairy specialists of the Extension Service.

**INFANT BURIED SUNDAY**

Funeral services for Lela Pearl McMahan, 9-months-old daughter of Mr. and Mrs. C. McMahan, were held Sunday at Lariat, with Minister Ebb Randol in charge. Burial was made at Oklahoma Lane. She is survived by her parents, three brothers, four sisters, all of Muleshoe; and two grandmothers, Mrs. Dane Humphrey and Mrs. Lena Threet, of Muleshoe.

**LEAVE FOR DENVER**

Mr. and Mrs. Fred Henry plan to leave here today (Wednesday) for Denver, Colo., where they will likely make their home. Recently Henry sold his barber shop to T. M. Templeman, and a deal was closed this week for the sale of the Henry residence property to Loyde Brewer, county clerk elect, of Friona. The Brewers plan to move to Farwell in the near future, he stated Sunday.

**COPPER CARBONATE**

Treat your seed wheat BEFORE you plant. We have the material on hand to do an efficient job at home.

**FOX DRUG STORE**

**BIKES FOR VETS**

Bicycle riding—as a wholesome form of recreation and exercise—will become a phase of the recreational and entertainment in Veterans Administration hospitals and some of the Southwest. VA's Washington office has ordered 1,000 bicycles, which will be distributed among the 110 hospitals and homes of the VA.

**EMPLOYMENT UP**

AUSTIN—Employment in all industries rose in Texas in July, and payrolls were also increased, compared with June statistics, the University of Texas Bureau of Business Research reports. Employment rose 1.5 per cent over June, and payrolls

rose 2.7 per cent. Total manufacturing employment in Texas was estimated at 308,300 in July.

**TEXAS FOOD LOCKER PLANTS**

COLLEGE STATION—There are now 402 frozen food locker plants doing business in Texas. A survey by the Farm Credit Administration showed that Texas was among the seven states in the nation that have as many as 400 locker plants in operation. A nation-wide count showed 8,025 food locker plants in the United States. There were only 2,870 in 1940.

**SAME WORDS USED**

Pitch, run, score and slide are words used in baseball and in mu-

**Watch Your Cattle**

Heavy cattle losses from bloat may be expected if you don't watch your cattle which will soon be grazing on wheat.

Better fortify them against this unnecessary loss by feeding them Vit-A-Way the mineral feed that more than pays its way.
