

4-H Clubbers Gather For Stock Show

Thorn Calf Winner at Lubbock Show

Billy John Thorn, of the Lazbudy 4-H club, walked off with first place honors in the "heavy" class for calves at the South Plains Junior Fat Stock Show, which was held the first of last week in Lubbock.

This was Billy John's second attempt at the South Plains Show, County Agent Lee McElroy reported. In 1940 he took a calf to the show which was refused as not being of the quality required to enter the show, and at that time the young clubber declared that he would eventually go back "with a calf good enough to be Grand Champion—I hope."

The clubber is the son of Mr. and Mrs. Garvin Thorn, and his prize-winning calf was selected from his father's herd of registered Herefords.

The calf weighed 1000 pounds at the show, and was sold to Swift & Company at 35c per pound, Agent McElroy reported. He added that the price received by Thorn had inspired several club boys in the county to feed more calves next year. Boys interested in feeding calves another year should contact their 4-H leader or Agent McElroy before June 1, so arrangements may be made for the coming year.

Harding Takes Second

Hershel Harding and Duane Curtis, both of the Farwell ag chapter, entered hogs at the Lubbock show, with Harding placing second in the light barrow class for Berkshires and Curtis placing 11th in the heavy division for Duroc pigs.

An oddity was noted in the barrow contest. Harding previously sold two barrows to a Mr. Brown, of Muleshoe, believing that he kept the choice of the lot. At the Lubbock show, the Brown barrows placed first and third. Harding's animal was sold for 30c per pound, at a weight of 209.

A dividing line of 250 pounds separated the lights from the heavy pigs at the show, and the Curtis animal weighed exactly 250, putting it in the heavy class. It was sold for 23c per pound.

Harding plans to enter another barrow at the Plainview show, this month, supervisor Robert Morton advised today.

Bovina Voters Will Decide on Tax Hike

Voters of the Bovina Independent School district will go to the polls in the school building on Saturday, April 6th, to make their decision regarding an increase in tax rate for the school, Supt. W. O. Cherry said today.

In addition to this important tax matter, voters will choose two school board members out of a field of eight candidates, consisting of Rouel Barron, Billie Wilkerson, I. W. Quicke, Clarence Jones, N. E. Bonds, Reagan Looney, L. M. McFarland and Frank P. Wilson. Supt. Cherry added that terms of Mr. Berggren and Bonds are expiring, with Berggren asking that his name be taken off the ticket.

The school board has received a petition, Cherry went on, signed by the required number of taxpayer voters, asking that an election be held to determine whether a majority of the property owning qualified voters of the district wish to have the tax rate hiked—not to exceed \$1.50 per \$100 valuation. At present, the limit is \$1 per \$100.

The superintendent said that the school board has had this subject under discussion and consideration for several months, and has reached the conclusion that this authorization is necessary for the school to receive the greatest amount of state aid and put the board in a better position to deal with the resistance of public utilities to higher valuations. Any interested taxpayer is invited to discuss the matter with any member of the board or with Cherry. "But by all means the important thing is for every qualified voter to go the polls on Saturday," Cherry concluded.

GO FOR INDUCTION

William Cecil White and Charles Edwin Christian left this (Wednesday) morning for the Oklahoma City induction center, Mrs. Bess Henne-man, local draft clerk, reports. Both boys recently passed pre-induction physicals.

March Retires in Heat And Wind, Sunday

Keeping alive the old adage, March went out like a lion, Sunday, with a blistering wind that sent the temperature to an unusually high mark of 92, according to the Santa Fe recording.

After two days of lovely spring weather, the temperature began its upward climb Saturday, and the winds of March gathered themselves for a healthy blow on Sunday.

The first heat wave continued early this week, with no prospects of rain in sight.

Red Cross Chapter To Elect Officers

Aubrey Brock of Bovina, county chairman of the Parmer County American Red Cross, today announced that the annual meeting of the Parmer County Chapter AMC would be held at Bovina on Tuesday, April 9th, starting at 8 p. m.

The meeting is scheduled to be held in the Bovina school building.

The most important business to come before the annual meeting will be the election of officers for the ensuing year, and Mrs. Waunita Hutchinson of Plainview, general field representative, will be present to discuss and assist in outlining plans for the coming year.

Chairman Brock explained that anyone who contributed as much as \$1.00 to the Red Cross the past year, and is a resident of Parmer County, will be allowed a vote in the proceedings of the annual meeting. He insisted that a good representation of the county be present.

Spring Barely Arrives As Summer Follows

The first day of spring, officially marked on the calendar as March 21, was followed by the first day of summer last Saturday, March 30, so far as local residents were concerned.

The temperature went up to 90 on Saturday, followed by a record of 92 on Sunday, and the weatherman seemed determined to continue the unseasonable hot spell the first of the week.

Following almost a week of warm weather, a profusion of peach blossoms have appeared over the entire area, almost unbelievably pink, while forsythia thrust yellow sprays up and the pear and plum trees toss fragrance from their white boughs. Chinese elms trees are practically in full leaf, while jonquils, hyacinths, and iris have been blooming for several days, as the timid redbud makes up its mind to come out this week. To date, the spirea's white blooms are missing, but continued warm weather will bring them out in a hurry.

Local gardeners, thinking they still had several weeks of cool weather, are making frantic preparations to get their seeds in the ground, and indications are that Texico-Farwell will again have a large "home-made" garden crop this year.

FORMER RESIDENT DIES

Mrs. Miranda Jane Bell, formerly of Farwell, died at her home in Alpena Pass, Arkansas, Friday, following a second stroke, relatives were informed Saturday. Funeral services were held Sunday at Alpena Pass, and interment made there. Mrs. Bell would have been 90 years of age this month. Of the immediate family, she is survived by two sons, Jake and Tom, and two daughters, Mrs. Nora McDaniels and Mrs. Roma Morris. She was the grandmother of Joe Crume of this city, the mother of Mrs. C. E. Crume, who died several years ago in Farwell.

The goal of one million home gardens in Texas for 1946 is the same as during the war years, brought about by world starvation.

M. C. Roberts was returned to the mayor's office in Texico, Tuesday, in a quiet city election that drew only a few voters to the polls. He defeated Raymond Mears by a vote of 46 to 16.

W. L. Freeman, who has served as clerk-treasurer the past several years, and who declined to be a candidate for re-election again this year, was returned to office by the write-in method.

John Lockhart will be the only new man among the officials, he having been elected as a member of the town council, succeeding Les Means, who declined to be a candidate. Carl McCully, who was unopposed, was re-elected a member of the town council. Other holdover members of the council are Frank Jones and C. E. Sanders.

Parmer County Exceeds '46 Red Cross Quota

Parmer County has exceeded its quota in the American Red Cross drive, staged during the month of March, it was announced here today by H. Y. Overstreet, county financial chairman.

Asked for a statement of the result of the drive, Overstreet replied, "You can tell your readers that we are over our quota by a substantial margin." He added that as yet reports from at least three of the outlying districts were not in hand, and concluded, "we already have over \$1200 accounted for, and our quota was only \$1020."

Overstreet said that final reports are yet to be filed by solicitors at Bovina, Friona and Lazbudy.

Two County Trustees Will Be Elected

County Judge A. D. Smith said today that two county school trustees were to be elected, along with local school board members, in the election to be held on Saturday of this week in the various precincts.

No names for county trustees have been submitted through the county judge's office, and Judge Smith said today that they would have to be selected by the write-in method. The terms of J. D. Hamlin of this city, who is county trustee-at-large, and Matt Jesko of precinct 4, expire this year.

Davis Nominated On School Ticket

The name of Carl Davis has been submitted as a candidate for school trustee of the Farwell school, in the election to be held Saturday of this week.

The nominating committee had previously named John Holland as a candidate, but his name was withdrawn when it was found that he was soon to move out of the district, and the name of Davis was submitted in his stead.

Revival In Progress At Oklahoma Lane

Rev. Roscoe Trostle, pastor of the Oklahoma Lane Methodist Church, announced today that a revival meeting is now in progress at that place, and he invited the public to attend.

Rev. Rollo Davidson, of Olton, is doing the evangelistic preaching during the meeting, which is scheduled to continue until Friday of next week.

Two Draw \$100 Fines

Erwin (Red) Boatman and Tommy Williams were fined \$100 each and court costs in county court here Monday, when they entered a plea of guilty before County Judge A. D. Smith on charges of selling liquor illegally, court records reveal.

The offense was alleged to have occurred at a dance at Bovina, officers said.

With an estimated 100 to 150 hogs, and 50 to 75 head of cattle on hand, the annual Parmer County Club Stock Show will open to the public at the Friona bus barn on Friday, April 5th.

County Agent Lee McElroy, contacted the first of the week, said that interest was running high, and expressed his belief that competition would be keen. In addition to the stock entered for judging by club boys, several animals will be on hand for exhibit only, he added.

Homer Brumley, of Hereford, will serve as judge of the show, and the placements will be determined on Friday, beginning at 1:30. Cash awards have been arranged, and ribbons are also planned for the individual winners, sponsors report.

Animals which are entered in the milk production contest, a feature of the show, will be milked out on Friday evening. Results of the tests, and the winner, will be announced by Saturday noon, the agent added.

Classes for the show include: Milking Division—Class 1, under three years; class 2, over three.

Bulls—Class 1, six months and under; class 2, six months and under 12; class 3, 12 months to 24; class 4, 24 months and over; class 5, get of sire, showing three offspring.

Heifers and cows—Class 1, six months and under; class 2, six months and under 12; class 3, 12 to 24 months; class 4, 24 months to three years; class 5, three to four years; class 7, four years and over.

Hogs—Class 1, open gilts; class 2, bred gilts; class 3, sows; class 4, sow and litter of 4 or over; class 5, fat litter; class 6, pen of three; class 7, fat pigs; class 8, boars under 12 months; class 9, boars over year.

Grand and reserve champions will be named in the bull, heifer-cow and hog divisions, with special prizes.

The show will open to the public on Friday morning, and animals may be removed from the show barn after 4 o'clock Saturday afternoon. Only boys who are enrolled in 4-H or FFA clubs in the county are eligible to participate in competition.

FFA Boys Participate In Judging Contests

Texico Future Farmers of America will be in Portales, Saturday of this week, attending the district FFA judging contests, at which time various chapter teams will rate livestock, poultry, dairy animals, farm shop work, and crops.

Tom Hudson, ag supervisor, said today that it was expected that some 20 teams would attend the district contests. Team members from the local school will be:

Livestock: Bill Johnson, Buddy Pearce, Francis Smotherman.

Poultry: Melvin Curry, Delmar May, Buddy Pearce.

Dairy: Clifton McDonald, Beale Stewart, Gerald Baldock.

Shop: George Paul, Quentin Jacks, Fred Curtis.

Crops: Francis Smotherman, Bill Johnson, George Paul.

These same boys, the supervisor went on, will participate in the state judging contests, at Las Cruces. The teams and their sponsor will leave next Wednesday, April 10, for State College, and plan to return here on Sunday, April 14. It is believed that 40 or more chapters will be represented at the state contests.

Installing New Walks In South Farwell

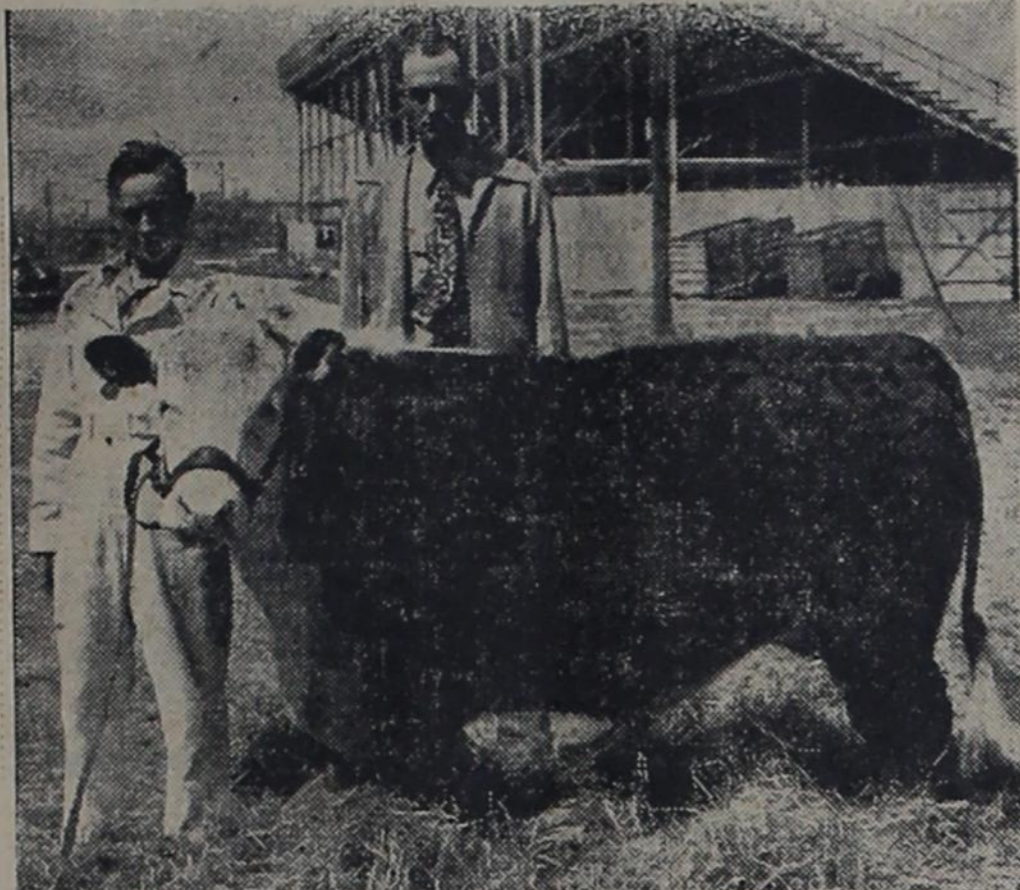

A full block of concrete sidewalk is being built in south Farwell this week, along the property lines of Joe Crume, W. W. Hall, Aubrey Sprawls and Mrs. H. C. Thompson.

This will complete a full block of walks in that particular block. The J. D. Thomas property has had concrete walks for a number of years.

Ray Sudderth has just completed a new concrete driveway at his home.

OFF TO HOT SPRINGS

Mr. and Mrs. Jim Ellison, of Bovina, were here last Friday enroute to Hot Springs, N. M., for an indefinite stay. Jim said he has disposed of his hogs, chickens and cows, and expects to be gone until wheat harvest. "I'm way behind with my fishing and I hope to catch up between now and the first of July," he said as he turned his pickup to the west.

FIRST PLACE WINNER IN HEAVY CLASS—Billy John Thorn of Friona, Parmer county, is shown with his first place winner in the heavy calf class at the South Plains Junior Fat Stock show Monday. With young Thorn is L. H. McElroy, Parmer county agent, former assistant county agent of Lubbock county.

Activities Come Thick and Fast Rest of School Year

A full calendar at both local schools was announced this week by Superintendents B. A. Rogers and H. A. Clift, as the 1945-46 year gets into its final few weeks. Banquets and graduation activities mark the calendar for the remainder of the season.

The Texico home economics girls will hold their annual Mother-Daughter banquet on next Wednesday night, April 10th, at the school, with the juniors entertaining the seniors in the class banquet and social on the night of April 20th. The third banquet of the season will be on May 10th, when the ag boys entertain with their annual Father-Son spread.

Baccalaureate services at the Texico school are planned for the night of May 12th, with Minister Lewis C. Cox, of the local Church of Christ, as the speaker. The high school commencement program will be held on May 16th, officials reported, but no definite announcement could be made concerning the speaker.

Eighth grade students of the Texico school will hold their graduating exercises on the night of May 14th. Rev. Harvey E. Carrell, Methodist pastor, has been asked to deliver the principal address of the evening.

Farwell's end-of-the-year activities open on April 19th, when the Father-Son banquet will be held, the schedule reveals, to be followed a week later, April 26th, by the Junior-Senior banquet.

Minister Cox has also been invited to deliver the baccalaureate sermon at Farwell, on Sunday morning, May 12th, with J. T. Carter, of Lubbock, former local superintendent, to appear as the commencement speaker on the night of May 17th.

Supt. Clift said today that no definite plans regarding an eighth grade graduation program had been made.

At Bovina, the Junior-Senior banquet is planned for the night of April 12th, with the senior play to be presented at the school on the evening of April 19th.

Due to the flu epidemic which closed the school for two weeks just before Christmas, the Bovina seniors will be late in completing graduation activities this year, having scheduled their baccalaureate services for May 26th, with commencement to follow on May 27th.

HAD GOOD SALE

Mr. and Mrs. John Kloepper stated this week that they were exceptionally well pleased with the results of their farm sale on Tuesday of last week. Mrs. Kloepper reported that they had hoped to realize at least \$2000 from the sale, and actually, the proceeds amounted to more than \$3000. Col. Dick Doshier of this city, was in charge of the sale.

Never Saw Anything Quite Like It

Little three-year-old Leslie Winsper, who recently arrived here from England, with his mother, Mrs. Claude Dyer, is wondering about West Texas weather, the like of which he never saw before.

A neighbor passed by the Dyer yard Monday afternoon, and seeing Leslie standing out in the wind and sand, inquired as to what he was doing.

"I'm just watching the wind blow," he replied soberly.

Passenger Cars Show Increase This Year

Parmer County has 31 more passenger cars in operation this year than during 1945, it was revealed at the tax collector's office here today. This year's registrations totaled 1150 as compared to 1129 last year.

Commercial vehicles also show a substantial increase over last year's registrations with 119 registered trucks for this year, as compared to only 89 last year.

The only decline in the number of registrations is noted in the farm tag class, with 470 registered for 1946, compared to 481 listed for 1945. Attaches at the collector's office explained that this figure would likely increase sharply in the event of a wheat crop this summer.

Many of the old farm trucks, now inactive, will be pressed into service if the need arises, it was thought.

Combine Situation Not Encouraging

With wheat harvest approaching and current indications that considerable grain will be harvested in this region during the summer month, a survey of necessary machinery to accomplish the task is anything but encouraging, it was revealed this week.

Implement dealers interviewed said that with the recent settlement of the steel strike their hopes had been heightened with reference to new machines, but later developments are anything but encouraging. One implement firm in Amarillo has notified the Farwell dealer that more recent strikes "shuts off our supply" of combines.

In the belief that plenty of new combines would be available this year, many Parmer county farmers disposed of their old machines last year after they had gathered their crops. This tends to create a real shortage of harvesting machinery in the county, and wheat farmers are already beginning to wonder how they will harvest their crops.

RECONDITIONING OFFICE

The office formerly occupied by Dr. V. Scott Johnson at the rear of the Security State Bank is being redecorated this week and put in shape for Dr. Wm. Vaden Coventry, who expects to open his office here shortly.

Dr. Coventry and wife are attending business matters down state this week, and are scheduled to return to Farwell about the 10th of the month.

Dairy Show Slated At Plainview, April 13-19

PLAINVIEW—Plans are rapidly shaping up for the 19th annual Panhandle Plains Dairy Show, scheduled here April 13-19, inclusive. The largest entry list in the history of the show is forecast by C. B. Martin, general superintendent.

Preliminary tests in the production contest at 6 p. m. Saturday, April 13, will launch the program. From that hour until the Milking Short-horn auction at 1 o'clock Friday afternoon, some of the finest dairy cattle in the country will be on exhibit and day and night calendars of activities will unfold events of general public interest.

Prize money for this year's show totals \$3,035, the largest amount in the history of the exposition. A tent has been rented to take care of the overflow of entries. Last year the approximately 500 animals on display could not all be placed in the barns.

Sunday's program calls for completion of the production contest. FFA and 4H club boys start judging cattle at 8:30 Monday morning. This contest is being held for the first time in three years, having been suspended during the war. Club boy cattle will be judged Monday afternoon, starting at 1 o'clock. Judging of Holstein-Friesians begins at 8 a. m. Tuesday, with I. Walker Rupel of the dairy husbandry department of A. & M. as judge. Rupel will also judge Guernseys and Jersey bulls, during the afternoon.

The annual dairymen's banquet is scheduled Tuesday night at 8. Wednesday is designated as Jersey day and judging of cows and groups in that department will be held in the morning, the auction at 1:30. Approximately 40 head have been listed for the sale.

Milking Shorthorns will be judged Thursday, starting at 8 a. m., with Carl Tyner, of Tipton, Ind., scoring the entries. The annual breeds banquet will be held that night and the Shorthorn auction will be held Friday, drawing the curtain on what show officials predict will be the biggest and best attended Panhandle Plains Dairy Show ever held.

Catalogues are in the mail, and entries are expected to begin coming in the latter part of this week.

TO PLANT BEETS

LUBBOCK—Six varieties of sugar beets, including three new ones, will be planted on the Texas Technological College farm this spring to test sugar content and disease controls, according to Dr. A. W. Young, head of the plant industry department.

The production of sugar beets is increasing in Texas, says Young. Over 1200 acres will be planted in sugar beets this year as compared with 290 acres last year.

Adjustable Ironing Boards Available

COLLEGE STATION.—Homemakers as a rule consider ironing the most tiresome household work they do, so scientists studied the ironing job in an effort to make it easier. As a result of these studies, manufacturers now are putting adjustable ironing boards on the market.

Whether you buy a new one or work over your old one, make certain it is comfortable to you. This advice comes from Mrs. Florence Low, specialist in home management for the Texas A. and M. College Extension Service.

She says there's no rule-of-thumb for finding out the comfortable height of an ironing board. That's something to work out for yourself, but women of average height generally find 31 or 32 inches satisfactory. She suggests that you try sitting down to iron if you usually do the job standing.

In most instances, non-adjustable

boards are too low, and stooping will cause more weariness plus real muscle aches and pains, Mrs. Low says. She adds that if several members of the family use the ironing board regularly, it's even more important to have one which is adjustable.

MORE BUILDING PERMITS

AUSTIN—Building permits in Texas were seven-fold greater in January, 1946, than they were in January, 1945, the University of Texas Bureau of Business Research reports.

Statistics from 44 Texas cities show that permits totaling \$26,248,692 were issued this year, compared with \$3,325,652 in January, 1945. The only one of the 44 cities to show a decline was Denison.

The value of building permits issued in January was 31.9 per cent lower than in December, 1945.

Pacific Mail Gets Top Air Priority

Lt. Colonel Robert L. Hardy, commanding officer of West Texas US Army Recruiting District, has just been informed that Secretary of War Robert P. Patterson, in an effort to improve and speed up mail deliveries to soldiers in the Pacific, announced that all air mail to and from troops in Japan, the Philippines, Okinawa and other Pacific areas has been given a No. 1 priority and is being transmitted daily by air. This means mail will have priority over both personnel and cargo.

Because of rapid demobilization during recent month, plane service to the Pacific has been curtailed. This is due partially to the loss of maintenance personnel. As a consequence of the curtailed service, it has been necessary to send a large volume of personal air mail letters, to and from military personnel, by surface during February, and over 3,000,000 of such letters are now enroute by surface vessels.

With the establishment of the new priority for mail, all air mail letters for troops in the Pacific, except those already enroute by ship, are being flown to their destination without delay.

If everything in life went along quickly, attraction.

Army Caste System To Be Studied By Veis

By Congressman Eugene Worley
A very constructive move was made last week by Secretary of War Patterson when he appointed a six-man board of former servicemen to study the much criticized "military caste system".

Heading the board will be Lt. Gen. James H. Doolittle, of Tokio raid fame and subsequent distinguished service. On the board will be ex-GIs and officers as well. Former Technical Sergeant Lake Lindsey of Mississippi, the 100th infantryman to win the Congressional Medal of Honor, will serve, along with Troy H. Middleton, comptroller of Louisiana State University, who as a lieutenant general commanded the 45th division in North Africa and Sicily. Other members include Robert Neville, New York newspaperman and a former lieutenant colonel, Adna H. Underhill of Freeville, N. Y., who was a paratroop captain and Anzio veteran, and Meryll H. Frost of Hanover, N. H., a former Air Force sergeant badly wounded in Italy.

Secretary Patterson said the Army investigation will look into the relations between officers and men both on and off duty, investigate provisions of housing, clothing and recreation facilities, living conditions and the promotion system. Enlisted men and officers in service at the present time will testify at the hearings which will start late this month. A large number of witnesses, including civilians who had close

contact with service personnel, such as workers of the Red Cross, will be heard.

It is expected that the Navy will announce the appointment of a similar board soon. Vice Admiral Louis E. Denfield, chief of Navy Personnel, disclosed that the make-up of the Navy board has not yet been determined but stated that it would consist of reservists or former naval men.

Patterson, in appointing the board said that in planning for a peacetime Army any changes in personnel policy should be made to achieve a citizen's Army of the best type possible. "In the last few years, millions have served in the Army who would not have done so had it not been for the war—and while the experience of the war is still fresh in our minds, the time is right to take stock and determine what changes should be made in our practices."

Another announcement made by the War Department was that of 212 Brigadier Generals being reverted to the permanent status of Colonels, which services to give some idea of how rapid has been the demobilization policy.

METHODIST CHURCH NEWS

Bovina, Texas

The Bovina and Oklahoma Lane intermediate groups had a joint social last Friday evening at the Bovina Methodist church.

Entertainment was furnished by the Bovina group, under the sponsorship of Mr. and Mrs. Vernon Estes. Refreshments of doughnuts and pop were served, and the occasion concluded by a very impressive worship service by the Oklahoma Lane group, led by Mrs. Tom Foster.

Most of the boys and girls took part in sentence prayers at the altar after which they were dismissed by Rev. Roscoe Trostle.

Attending from Bovina were Clara Derrick, Yvonne Moody, Willie Denny, Billie Derrick, Jimmie Ware, Harold Lee and Kenneth Joe Lowrie, Weldon Moody, Mr. and Mrs. Estes and Rev. Trostle. From Oklahoma Lane: June Christian, Bonnie and Betty Foster, Caryetta Grissom, Wilma Del Doshier, Joy McDonald, Doris Kent and Gloria Kepley.

WSCS Meets

The Marcie Lynn Circle of the WSCS completed its study of Africa

last week, by having Rev. L. L. Hill of Friona, former Army chaplain, here to speak. Rev. Hill told of his varied experiences as chaplain, visiting the different mission fields and studying first-hand the conditions of Africa. He told of first landing in North Africa and then flying in plane almost across the continent to the post where he was station. Securing a few days' leave, he visited in the undeveloped and uncivilized parts of the jungle, where the natives were still very savage. They had to have guards along and at night kept close to native settlements for fear of wild animals.

Chaplain Hill made his talk more impressive and vivid by showing a small chest filled with trophies from the mission field. The chest, 2x2x3, was made by the natives, as were most of the things he exhibited.

Refreshments were served to Rev. and Mrs. Hill, Mmes. C. C. Christian and Tom Foster of Oklahoma Lane; Mmes. C. T. Jones, E. M. Ware, Elmer Lowrie, Frank Smith, Doris Wilson, T. J. Hopingardner, Mable Newberry, Bob Blalock, Vernon Estes, Louis Pesch, W. E. Williams, J. G. Charles and sister, Miss Ellen Rhemsnyder who was a special worker in Alaska for years, and Rev. and Mrs. Trostle.

OKLAHOMA LANE

Mr. and Mrs. Hubert Gage of Aus-

tin, spent the weekend with Tom Caldwell. Gage was navigator on the Flying Fortress on which Tom was the co-pilot. Both were captured by the Germans in 1943 and placed in the same prison camp, where they were roommates until their liberation in April, 1945. Gage is employed in Amarillo at present.

Mr. and Mrs. J. R. Caldwell spent Sunday in the home of Mr. and Mrs. Ralph Caldwell in Lubbock. The occasion was the celebration of the first birthday of Genevieve Ann, daughter of the Ralph Caddwells.

The seventh and eighth graders of Oklahoma Lane spent April Fool's Day in Clovis, having pictures made for the school annual. They had lunch in Clovis, went to the show and then enjoyed a picnic in the park.

Mmes. W. E. Verner, A. B. Wilkerson, Clyde Perkins, Dovie Sides and Jewel Barry spent the weekend in Lubbock visiting Mr. and Mrs. W. J. Sides, Rita Wilkerson and Mrs. Perkins' sister.

DEAR GAS CONSUMERS:

FOUR YEARS of war have created a backlog of approximately 4,000,000 gas ranges needed to meet normal demands. Gas refrigerator requirements now have passed the 2,000,000 mark. In addition, gas water heaters and gas air conditioning units, which have been virtually out of production during the war years, are in great demand.

Gas appliances are now coming off the production lines and if labor and materials shortages do not become too serious, full production is predicted by the end of the year. Normal production of 3,100,000 gas ranges is planned yearly for the next three years. From this great number of ranges, and equally great numbers of other gas appliances, your orders will be filled just as soon as possible.

Sincerely yours,
The Gas Industry

Tom W. Deen Seeks Office Re-election

To The Voters of State Representative District 120: Realizing that it is pretty hard for a poor man to make a race for a

District office, and having watched the record of Tom W. Deen and discussed his platform with him, we know that he has stood for and will by

continue to stand for the following: Redistributing the state for state representatives and State senators; appropriating the full \$35,000,000 as called for in the constitution for payment of Old Age pensions and for blind and dependent children; strong laws to curb the liquor traffic, and that he is in sympathy with the program of the United Texas dries; has supported teachers retirement program and favors raising teachers salaries and is a friend of the school children; favors allowing all service men with an honorable discharge \$300 mustering out pay in addition to what the federal government allows;

Was able to kill the bill in the last legislature that would have abolished the refund on gasoline that the farmers of this district use in their tractors, thus saving the farmers thousands of dollars.

Voted against House Bill 12 that would have made it impossible for laboring men to organize in Texas and thus protected the rights of the laboring men of Texas; is opposed to special interests of the North and East building pipe lines to pipe out our natural gas to build up the industries of those sections, and favors using such natural resources to build up Texas industry. To accomplish this purpose, he favors a heavy tax on all gas piped out of the state.

(This announcement was paid for by friends of Tom W. Deen.)

LARGE ENROLLMENT

LUBBOCK—Students enrolled in Texas Technological College this semester total 3,214, of which 1,828 are men and 1,386 women. W. P. Clement, registrar, has announced. It is the first semester in over three years that men outnumbered women. The Arts and Science Division has the largest enrollment, with Engineering second and Commerce third. Division of Agriculture enrollment is up 275 per cent, 312 being registered, as compared with 84 a year ago.

FOOD SUPPLIES SHIPPED

About 3,813,000 tons of U. S. food supplies have been designated for shipment to fight starvation in liberated and occupied countries for the current quarter.

This amount is out of a total of 5,347,000 tons estimated available for all exports, including the United Kingdom, U. S. territories and others, according to E. A. McBryde, District Director.

Wheat, flour and other grains, generally considered most vital in war-devastated areas, comprise about 71 per cent of the maximum estimates for these countries.

During the current three-month

period, about 33-1/2 million tons of U. S. food supplies are estimated to be available for all purposes. Of this amount U. S. civilians will receive 26,675,000 tons, he said.

Farmers are your neighbors—They want you to know that—

Cooperatives breathe life into our system of FREE ENTERPRISE

Farmers, workers, and business men formed an unbeatable team to help win the war. America needs that teamwork now to win the peace.

THE phrase, "free enterprise", is heard everywhere these days. People refer to "our system of free enterprise". Most Americans are for free enterprise. We are freedom loving people. We must stay that way.

But some people who are loudest in proclaiming its virtues could not, if they were called upon, give a good definition of the phrase. They should know its meaning.

"Free enterprise" means "a project, especially one which involves activity, courage, energy or the like, not subject to arbitrary external power or authority". That definition is taken from Webster's unabridged dictionary. Webster is the foremost authority for meaning of all words and phrases in our language.

The desire for free enterprise is one of the chief reasons which attract freedom-loving American farmers, your neighbors, to cooperatives. Farmers see in their co-ops the embodiment of the free enterprise system. They lend their enthusiasm, their courage, and their energy to all of their cooperative undertakings.

The farmers are free from arbitrary external power or authority. They share in the savings according to the amount of their individual effort or patronage.

No matter how many shares in his cooperative a farmer may own, he can have but one vote at the stockholders' meetings. He is on the same plane as the young fellow just starting out who has his whole future before him. They are equals.

Yes, the farmers' cooperatives breathe life into free enterprise. They make free enterprise responsive to the every day needs of the people they serve.

Be a booster for the farmers' co-ops in your community. They are owned by your neighbors, the farmers.

Vega Wins District Track Meet Friday

The Vega cindersmen, with a total of 52 points for the day's activities, walked off with the honors at the District 6-B track and field meet, held the past Friday at Bovina.

Although Adrian, Bovina, Farwell, Lazbuddy, Oklahoma Lane and Vega are members of the district, only three schools—Oklahoma Lane, Bovina and Vega—are staging track work this year.

Second place in the event went to the Oklahoma Laners, who scored a total of 40 points, while the Bovina trackmen had a count of 28.

Hammonds, of Vega, was the strong man of the meet, taking individual scoring honors with 13 3-4. In addition to placing first in both the high jump and broad jump, he took second in the 100-yard dash and was a member of the 440-yard relay squad, which placed second.

Donaldson, of Oklahoma Lane, was the second high individual of the meet, with a total of 11 1/4, taking first in both the 100 and 220 and acting as a team member on the winning relay squad.

Placements in events follow:

100-yard dash: Donaldson, Okla. Lane, 1st; Hammonds, Vega, 2nd; Flores, Vega, 3rd; Christian, Okla. Lane, 4th. Time, 10.5 seconds.

440-yard dash—Rose, Vega, 1st; Loney, Bovina, 2nd; Gully, Okla. Lane, 3rd; Morgan, Vega, 4th. Time, 58.1 seconds.

High Jump—Hammonds, Vega, 1st; Young, Okla. Lane, 2nd; Brock, Bovina, 3rd; Vega and Price, Vega, tied for third. Height: 5 ft. 11 in.

440-yard Relay—Oklahoma Lane (Donaldson, Rundell, Grissom, and Christian), 1st; Vega (Hammonds, Morgan, Rose, Flores), 2nd; Bovina (Bridges, Eberling, Shanks, Brock), 3rd. Time, 50.5 seconds.

Shot Put—Eberling, Bovina, 1st; Brock, Bovina, 2nd; Ross, Bovina, 3rd; Young, Okla. Lane, 4th. Distance: 37 ft. 3 1/2 in.

880-yard Run—Lackey, Vega, 1st; Young, Okla. Lane, 2nd; Queen, Bovina; Pruitt, Okla. Lane, 4th. Time, 2 min. 22.7 seconds.

Broad Jump—Hammonds, Vega, 1st; Price, Vega, 2nd; Brock, Bovina, 3rd; Looney, Bovina, 4th. Distance, 19 ft. 1 in.

220-yard Dash—Donaldson, Okla. Lane, 1st; Rose, Vega, 2nd; Flores, Vega, 3rd; Grissom, Okla. Lane, 4th. Time: 24.2 seconds. (Run on one curve.)

1 Mile Run—Rundell, Okla. Lane, 1st; Harwel, Vega, 2nd; Christian, Okla. Lane, 3rd; Shanks, Bovina, 4th. Time: 5 minutes, 36 seconds.

Discus—Roark, Vega, 1st; Ross, Bovina, 2nd; Young, Okla. Lane, 3rd; Tabor, Bovina, 4th. Distance, 112 ft., 3 inches.

1 Mile Relay—Vega (Rose, Morgan, Lackey, Flores), 1st; Oklahoma Lane (Young, Gully, Pruitt, Grissim), 2nd; Bovina (McKinney, Tidenberg, Shanks, Looney), 3rd. Time: 4 minutes, 2 seconds.

Large Crowd Attends Texico Senior Play

One of the largest crowds of the year was on hand at the Texico auditorium the past Friday night, when members of the senior class, under the direction of Mrs. Kittie Russell, presented "Arizona Dude Ranch".

A burlesque story of life on a dude ranch, the play moved from one laughable incident to another, with all members of the cast turning in creditable performances.

Minor roles proved outstanding in the play, in the opinion of the crowd, with Harry Baker as the hen-pecked husband of Mrs. Barclay (Evelyn Brown) practically stealing the show. Francis Smotherman, who enacted the part of an Indian squaw, was also highly entertaining, and the two appearances made by Robert May as Lem Streeter, stage coach driver, drew big laughs from the crowd.

Peggy Flye, as Gail Winslow, the dude ranch owner, starred in the feminine lead, with Calcin Blain in the role of Sam Smith, young man from the East, providing the romantic interest.

Other members of the cast were Bill Johnson as Jeff, Gail's brother, Delvin Freeman as Wild Bill Hickup, the sheriff; George Paul as a United States marshal; Beryl Brown and Harriet Baker as Sue and Dixie, the Barclay brats; Mozelle May as Miss Prim, Indian school teacher; and Mary Cervantez as "Falling Hairpins", Indian girl.

Mrs. Russell reported today that the gate receipts totaled approximately \$110.

Sophs Win Stunt Nite With Hillbilly Act

The Farwell sophomore class, sending the audience into hysterics with their presentation of a hillbilly wedding, won first place at the stunt night program sponsored by the Farwell Parent Teacher Association, last Thursday evening.

With tall Billy Hart as the "bride" and diminutive Jo Ann Williams as the "groom", the sophs kept the laughter at such a pitch that the audience could hardly keep up with the dialogue. Dressed in appropriate costumes, the youngsters literally took down the house, and won first place by unanimous decision of the judges.

The sixth and seventh grader stunt was judged second. In the skit, two youngsters in costume formed a cow, with a third attempting to milk her—and giving the audience near collapse when milk actually poured into the bucket placed under the cow's "bag" as the milker stood behind the animal and pumped her tail.

Third place went to the members of the eight grade, who brought out everything but an automobile tire in their skit, "The Shadow Operation".

Ribbons were presented to the winning groups.

Mrs. W. H. Graham announced for the PTA that \$120 was taken in at the door, all of which will go to buy playground equipment for the school.

Work Started On Local Gridiron This Week

Work which is to climax with a sodded field, was started on the Farwell gridiron this week. Coach Jack Williams reported on Monday.

At that time, county machinery, under the direction of Commissioner T. E. Levy, was on hand, and the field was completely scraped to a depth of two inches, to eliminate a generous crop of goatheads. The field will next be rounded up, Coach Williams said, and then plowed, following which it will be completely sodded with Bermuda grass.

"A number of people have called us, reporting that they had Bermuda sod on hand," Coach Williams went on to say, "and I believe we will locate enough of the grass to sod the field heavily."

Water lines were laid to the field some years ago, and plans are now that a caretaker will be secured to keep the grid watered, mowed and weeded during the summer, so that the turf will be in perfect condition by football time next fall.

Farwell Seniors Take Stage on Thursday

Presenting a three-act comedy, "The Bride Breezes In", members of the Farwell senior class will take the stage at the school auditorium on Thursday night, April 4th, in their annual play.

Directed by sponsor Jack Williams, the seniors have been in rehearsal for the past three weeks, and promise a letter-perfect performance at play time, 8:15, Thursday night.

Taking parts in the presentation will be Sam Young, Ruth Birchfield, Billy Moore, Don Summers, Ray Ford, Tommie Randol, Jeatonne Morris, Joe Threet, Wynelle Brown and Sybil Ham.

Briefly, the play deals with the efforts of Sam Cotrex to cover up his embezzlement of money belonging to Fannie Fay, his ward. By throwing his son, Al, at the head of the visiting young heiress, who has meanwhile changed places with her maid, the senior Cotrex hopes to avoid punishment. On the other hand, "Goldie", a vaudeville star, is enamored with young Cotrex and has invaded the household as a maid to save him from the clutches of Fannie, and the ensuing mixup is decidedly hilarious.

I GUESS SO

The teacher was examining a paper presented by a primary student. "And where is the dot over the i, Mary?" she inquired. "That's funny," replied the child. "I guess it must be in the pencil yet."

4-H Essay Contest For 4-H Clubbers

Eight boys in Parmer County will receive a registered gilt from the Sears Roebuck Foundation, the boys to be named by an essay contest on the Cow-Hog-Hen Plan of Farming, County Agent Lee McElroy said today.

In order to qualify for receipt of one of these registered pigs, McElroy added, the following rules will apply: Any boy between the age of 10 and 21 in Parmer county is eligible, providing he is enrolled in a 4-H club by May 1. The boy must write a 500-word essay on the Cow-Hog-Hen Plan of Farming, with all essays in the hands of the agent by May 1.

If there are more than eight contestants, the top eight will be selected as the boys eligible to receive the Sears gilt.

In addition to the gilts, Sears also puts a registered boar of the same breed in the county, and each boy in the contest is required to breed the gilt to the boar and return the top sow pig of the litter next spring, which will in turn be given to another club boy. The boy whose gilt is rated best in the county will be eligible to receive a registered Jersey heifer this fall.

In addition to the Sears gilts, Agent McElroy announces that George Trimble of Bovina, is giving two registered gilts on the same plan. Only boys from Bovina will be eligible for these gilts.

Any boy in Parmer County who is interested in the contest is asked to contact his 4-H club leader or Agent McElroy.

Parmer Meets Quota In Museum Fund

CANYON—Eight counties of the Panhandle have raised their quotas of funds for the completion of the addition to the Plains Museum on the campus of West Texas State College here.

Parmer County was the first to reach its quota in the current drive to raise \$60,000. Parmer set the pace with a total of \$2,000 contributed by 16 subscribers. The drive was directed by Hamlin Overstreet, an officer of the Panhandle Plains Historical Society.

About half of the \$60,000 needed is on deposit in a bank, said Dr. P. L. Sheffy of Canyon, secretary of the Historical Society. Officers have decided to complete the drive as soon as possible in order to start work on the two-story addition. Such construction is considered imperative in order to prevent rain damage to the original building.
