

Car Crash Kills Three County Men Saturday

Three Friona men are dead and one remains in the Parmer County Community Hospital following a truck-car collision which occurred near Black around 9:30 Saturday night.

The dead are Burl Harrison Beene, J. D. Johnson and Carl Davis Greeson. Hospitalized is Glenn Mingus.

All four were occupants of a 1953 Mercury owned and driven by Beene. The four were traveling east on Highway 60 and started to pass another vehicle, only to discover an oncoming truck close. Beene apparently hit the brakes in an attempt to get back into line but the car skidded, throwing it directly into the path of the truck.

The truck was driven by Marvin Valentine Crow of Clovis, who was injured in the crash.

Funeral services for both Beene and Johnson were held in the Friona Baptist church on Monday afternoon, at 2:30 and 4:30 respectively.

Rev. Russell Pogue of Hereford conducted the Beene funeral, assisted by Rev. Jimmy Tidwell of Paducah. Both are former local pastors. Surviving Beene are his wife, the former Benthall Southall; three sons, Vance, Gilbert, and Gregory; one daughter, Elaine; one sister, Mrs. Joe Brummett; a half-brother, Glenn Griffith of Amarillo.

Beene, who was 29 years of age had been a resident of this community since he was a youngster, and was a World War II veteran. Ironically enough, his parents, Mr. and Mrs. Harrison Beene, were both killed in car accident occasioned by icy roads in Oklahoma some years ago.

Conducting the services for Johnson, 20, were Rev. S. C. McLean of Lubbock, assisted by Rev. R. W. Wilbur, pastor of the Friona Pentecostal Church and E. E. Houlette.

The son of Mr. and Mrs. Joe Johnson of Friona, the wreck victim had only recently returned from overseas service in Korea. He was born at Wichita Falls, Sept. 5, 1928 and came to Friona in 1939 with his parents. A graduate of the local school in 1945, Johnson entered service in 1950 and served with the 45th Division. He was awarded the Purple Heart for service.

Survivors include his parents; and two brothers, Roy Lee Johnson of Amarillo and Nolen Johnson of Friona.

The third member of the quartet to meet death Saturday night was Carl Davis Greeson, whose funeral was held in the local Baptist Church on Tuesday morning. Greeson, 39, was engaged in farming at Black, and was married to the former Lorene Shirley, who survives.

Five children also survive: O'Neal, 13; Jimmy, 12; Maynard, 9; Rose Ann, 7; Garlene Kay, 18 months. Other survivors include his parents, Mr. and Mrs. Sam Greeson of Black; three sisters, Mrs. H. E. Lindley, Mrs. E. J. Bush and Mrs. Elsa Warrick of Hereford. Greeson's only brother was killed in a car wreck some 12 years ago.

Reports from the local hospital on Tuesday were to the effect that Mingus is in a serious, but not critical condition.

Gilliland Funeral Home of Hereford was in charge of arrangements, and interment was made in the Friona cemetery.

Inspectors Study Public Opinion, Discuss Economy

In a move unexpected by local citizens, postal inspectors from Roswell and Amarillo met here in Texico-Farwell this week to look into the possibility of consolidating the two post offices under one roof.

They stressed that they were here on a "fact-finding" tour only, and it was their intention of contacting as many businessmen and citizens as possible while in town.

"The reason we are anxious to examine a merger of the two offices," said W. R. Gray of Amarillo, "is to determine if we can economize the operation of the Post Office on a national scale."

He and A. P. Bryant, the other inspector, from Roswell, said several things would be taken into consideration before anything definite was done by the department. For one thing, they are interested in finding out if patrons of the mail service will be able to get adequate service from one department. The principal aim in such a consolidation, if it is effected, would be for reasons of economy.

The inspectors cited other instances of similar situations such as exists for Texico-Farwell, and mentioned in particular the case of Anthony, Texas-New Mexico, which is east of El Paso.

A letter, addressed to Anthony, New Mexico, or Anthony, Texas, or Anthony, Texas-New Mexico still goes to the same office, they point out, and probably a similar situation would result from the joining of the two Twin City offices.

At the present time, the Texico post office is regarded as second class by the Post Office Department, and the Farwell office third class. The ratings indicate no reflection on the service or facilities of either; they are compiled directly from the amount of revenue that goes through the offices.

Receipts of both Texico and Farwell post offices would be insufficient to constitute a first-class office, the inspectors advise, and if the two should be united, they would be regarded as second-class. Neither Bryant nor Gray would speculate on what might be the outcome of employees should the two offices be joined. "We don't have any way of knowing who would be postmaster," they said.

In addition, they made it clear that whatever they would do on the project would be of an advisory nature. They spent Monday and Tuesday in Texico-Farwell discussing the matter with local people, and presumably, they will make their recommendation, one way or the other, this weekend.

They declined to publicly announce what their findings would be.

The Texico post office is in leased quarters, the Farwell is rented. If a consolidation is effected, it is likely that another location would be hunted for the new office.

Texico and Farwell Post Office Merger Considered

This is one doggie you probably couldn't put in a window if you wanted to. Timber, the Great Dane, sits obediently beside Jo Ann Williams, Farwell, to have a picture taken. His mistress is Miss Beatrice Mayhon, teacher in the Farwell school system.

HUGE GREAT DANE MAKES HOME HERE

Great Dane Dan of Timberline, who knows himself better as Timber, Tim, or Timmie, has recently come to Farwell to live. Since he is connected with the public school system, he makes his home at the middle teacherage. He will be four years of age on October 1.

At the age of four months, Timber, on record as Royal Cavalier, was shipped to Austin by train from the Kalmar Kennels of Stone Mountain, Georgia. His sire, Mr. X, is an international champion, and made the front of Dog World magazine. His official title is Xerxes of Twin Cedars.

Timber already feels at home in Farwell, making morning and evening jaunts and daily car rides to the post office and grocery stores. His son, nineteen-weeks-old Ja, who also has a long name for the records, sometimes accompanies him. The muzzle and leash worn by Timber are for the sure protection of other canines, as they are not needed for the safety of humans. He is a friend to both young and old so long as they are friends of his owner, Beatrice Mayhon.

Timber has two sons and one daughter waiting to be companions in good homes. Two sons have found homes in Albuquerque and Roswell, two daughters in Clovis, one in Brownfield, and one in Lubbock.

Miss Mayhon, with whom Timber lives, will teach English and speech in Farwell schools the coming term, and maybe Latin. She taught in Muleshoe the past year and has been employed in several Texas schools.

She has a bachelor degree from Southern Methodist University in Dallas. She has her MA and post graduate work from Texas University in Austin. She refers to her home residence as "just Texas." Asked about her reaction to Farwell, the new teacher says "I feel so much at home already."

First Shipments Arrive In Drouth Relief Plan

The first of several shipments of feed provided from government surpluses for Parmer County, recently included in the "drouth disaster" program of the USDA, arrived at Bovina Saturday.

One carload of cottonseed cake—about 80,000 pounds—was unloaded at Bovina Wheat Growers elevator and distributed to ranchers and farmers who signed up for the aid program.

The feed, according to county RMA secretary Joe Camp, was disbursed according to the order in which applications were made. That is, those registering first were the first to get feed.

The cake was made available to about 30 Parmer County men who had been notified of its arrival, and by Tuesday of this week, all of the 90-pound sacks were gone.

Four cars of cottonseed meal came in Tuesday noon, said Camp, representing a shipment of about 220,000 pounds combined. This feed will be handed out in the same manner as the first car.

The five car loads represent about half of the meal and cake ordered by the PMA several weeks ago. The dates of further shipments of these commodities, as well as the oats and corn which have been ordered, are unknown to the PMA here.

Fishing More Like Rodeo To Travelers

A couple of Twin City folks who have been a-roamin up in the Northwest liken fishing to rodeo exhibitions, according to employees of Roberts Seed Company, who have received cards from Mr. and Mrs. M. C. Roberts.

Roberts and his wife have been vacationing and tending to some business matters at the same time, and they tried out a little salmon fishing up in Washington and Canada.

Last week, three big salmon arrived for the employees' pleasure, and a note was attached by M. C. saying that hooking one of the eight or ten pounders was "just like catching a calf on the end of a rope."

Farmers To Vote On Wheat Quotas

Parmer County farmers, together with others throughout the nation, will go to the polls August 14 to vote in a farm referendum on whether marketing quotas will be put into effect on the 1954 wheat crop.

A two-thirds majority of all U. S. farmers must favor the quotas if they take effect next year.

The referendum has been ordered by Secretary of Agriculture Ezra Benson in the face of a huge surplus of grain now being stockpiled in elevators and warehouses.

The alternative to marketing quotas and 90-per cent of parity price supports would be price supports at the level of 50 per cent of parity and no acreage controls.

If farmers reject the proposed acreage allotments, and marketing quotas, price supports on wheat will be dropped from the current level of about \$2.21 per bushel to about \$1.20 per bushel, county PMA officials advise.

Acreage reductions across the nation, if quotas are approved, will amount to approximately 20 percent. In Parmer County, the cut would be 10 percent.

Three polling places will be opened for Parmer County farmers—at the PMA office in Farwell, Parmer Co. Implement in Friona and the Church of Christ in Lazowedy. All eligible voters are being urged to participate in the referendum.

Who is eligible? Any person, says county PMA secretary, Joe Camp, who will have an interest (share) on a farm with an acreage of more than 15 acres.

Wives of eligible farmers also may vote. Landlords are eligible if they have a share in the wheat crop (not if they get cash only.)

May Lose Foot After Accident

A 13-year-old boy is faced with the possibility of losing his right foot from just above the ankle after a sickening accident in the field Monday morning.

Kenneth, son of Mr. and Mrs. "Dude" Redwine, who live seven miles north of Progress, was driving a M-M 4-row tractor, pulling a mowing attachment near an irrigation ditch.

He lost his position atop the tractor, and fell into the machinery, and his right foot was almost severed from his leg. He was able to seize the clutch as he slipped, however, and prevented himself from "being ground up" said spectators.

His father, who was following in a pickup, rushed the boy to Muleshoe where he was hospitalized. Physicians there are doubtful the foot will knit, since the leg bone was crushed in the accident. The fact that Kenneth was wearing heavy boots probably prevented the loss of his foot at the time of the accident.

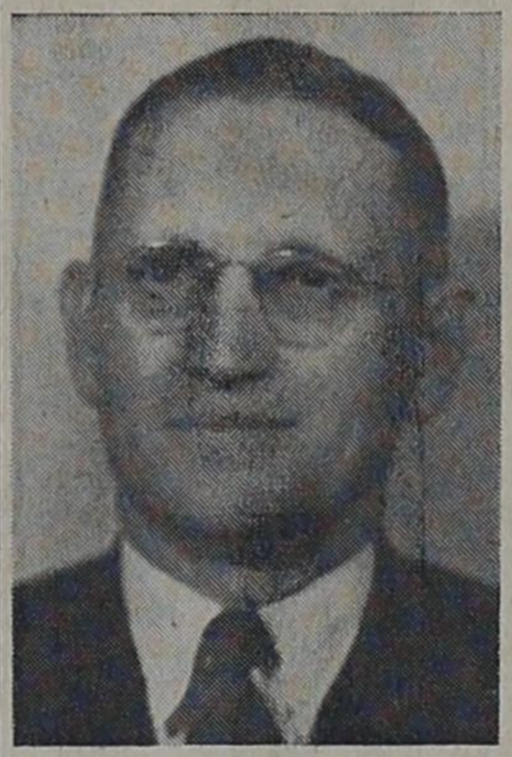

The Redwines have three children younger, and one older, than Kenneth.

Faville Urges Good Turnout For C O F C

LeRoy Faville, president of the Texico Chamber of Commerce, urges a good turnout for the meeting Tuesday night, August 11.

Faville says, "We have to get a crowd out, so we can elect new officers." The meeting will be at the City Hall at 8:30 p. m. and all members are reminded of their duty to attend.

Mr. and Mrs. Earl Hatcher of San Diego, California, visited Friday afternoon in the Alfred Hapke home here. The two families were friends several years ago in Nebraska, and this was their first meeting in fifteen years.

Texico Baptists To Have Revival Soon

Announcement has been made this week of plans for a revival meeting at the Texico Baptist Church, to begin Aug. 14, and continue through Aug. 23.

Leading the singing for the services will be F. O. Polston, of Portales, the district missionary.

Preaching for the revival will be Rev. C. C. Morgan, who has been pastor of the local church for about two months.

There will be early morning services and evening services will be at 8:30 daily. Everyone is cordially invited to attend, says Rev. Morgan.

Lutheran Church to Conduct Bible School

St. John Lutheran Church of Lariat will conduct a Vacation Bible school, beginning Monday August 10, and extending until August 21, Rev. W. B. Gummelt, pastor of the church, says.

Sessions begin at 9 o'clock in the morning and close at 11:30 a.m.

"Your children will be instructed by trained teachers, and will be under good supervision," the pastor says.

New Farwell Church Plans Revival 16th

Revival meeting for First Baptist Church, Farwell, is to begin Aug. 16, church members say. Rev. Dewey Horton, pastor of the new church, will conduct the week-long services, which will conclude Sunday, Aug. 23.

Directing the music for the meetings will be Walter Hardage.

Evening services are to be held at 8:30 p. m., and morning worship time will be announced later.

Roth Gro. & Market Has Fifth Anniversary

Mrs. T. E. Roth and daughters are observing the fifth year that Roth's Grocery and Market has operated in Texico, this Friday and Saturday.

Besides offering special low prices for the event, they will give away five baskets of groceries worth \$15 each to persons who come by their business Friday and Saturday and register.

Free balloons and bubble gum will be given the kiddoes, too, says Mrs. Roth.

Visitors in the A. T. Watts home over the weekend were her sister and family, Mr. and Mrs. O. Z. Findley of Olton.

Okla. Lane Methodist Revival Starts Aug. 14

"A cordial invitation is extended to everyone to attend the revival meeting at the Oklahoma Lane Methodist church beginning Friday night, August 14 and continuing through Sunday night, August 23", Rev. Vernon Willard, pastor of the church, says. Rev. S. M. Dunham, pastor of the First Methodist church at Hereford, will do the preaching. Special music and singing are planned throughout the meeting.

Improvements continue to be made on the church property, Rev. Willard says. A new Jet water well has been installed, to supply water for both the church and parsonage. Landscaping has begun on the church grounds, and the building has been air conditioned, he continues.

Rebecca Foster and David Willard attended Intermediate camp at Ceta Canyon the latter part of July, and at least 1 group of laymen will attend Laymen's Retreat at Ceta Canyon August 7-9. Laymen from different churches throughout the Northwest Texas Conference will attend the retreat. Don Calame, secretary General Board of Lay Activities from Nashville, Tenn., and Rev. H. H. Hollowell, pastor of the Oak Cliff Methodist church of Dallas will be the speakers, the pastors concludes.

Mr. and Mrs. Loyde Brewer and sons are attending the Methodist Family Camp this week in the Sacramento Mountains. Brewer is a dormitory counselor at the camp.

Mr. and Mrs. Billy Jack Gibson and children from Broadview, N. M. spent the weekend with his parents, the L. N. Gibsons of Texico.

Marilyn White and Diane Millwee, nieces of the W. W. Vinyards, are guests in the Vinyard home this week.

Our front yard, for example. We have conclusively established that tickle grass will take on prolific growth even under the most adverse circumstances. It seems to grow best at night, when you're asleep. You can take pains to dig it all out of your lawn some afternoon, and the next morning, there'll be another good crop coming on.

Crabgrass and goatheads do very well, too, and don't seem to require too much water. What will become of the dandelion crop is in doubt at the moment. It has hardly resisted two sprayings, but we can tell it's weakening.

All the above crops seem to be exceptionally drouth resistant and should bear looking into. Market-wise, their value is questionable, since they aren't supported by the government. We'll have to search for outside markets, since the local demand seems to be pretty well taken care of.

Desperate measures dept: Up at Dalhart, one rancher, Gus Schneider, has taken the slumped cattle market pretty seriously. He had to go to the hospital last week after spraying his herd with poison instead of insecticide.

His cattle were valued at \$6000, and the county agent said the rancher accidentally used tetra-ethyl-pyrophosphate which is normally used only on plant life. The cattle died within 15 minutes after being sprayed.

Just goes to show you need an education even to punch cows nowadays.

It is a never-ending source of wonderment to weekly newspaper people how important stories always seem to break just after the paper is put into the mails.

Recent rains are a case in point. For the past three weeks in a row good rains have visited the area on Thursday night. We put the papers into the mail just before or just after noon Thursday, and the trip to the post office is always accompanied by rumbling of thunder. By the time the curtain of night has come, the rain is pelting down.

It used to start raining on Wednesday nights, but that was when we put out the paper on Wednesday, so we moved the date of publication back a day. Now it always rains on Thursday night.

Here's one that ought to go into the Hopper that we almost forgot about: Young Byron Brewer, one of the two small sons of the Loyde Brewers, is an avid member of the Methodist Sunday School.

A while back he was looking forward with much impatience to the annual graduation which would move him up a class in the department. He referred to the event as "commotion Sunday."

Pretty accurate analysis for a small fry.

To date not one inquiry has been received at our office regarding an article in last week's Tribune about the possibilities of increasing rainfall over this part of the High Plains.

Here's the way we figure it: People either

- (1) Don't believe it.
- (2) Figure the drouth is broken.
- (3) Don't want to spend any money on rain.
- (4) Have all gone fishing.

It isn't that we don't realize that we may be running one subject into the ground, but we still have a lot of things we'd like to say about this government subsidy business.

Instead of laying it on the farmer and the cattlemen, though, who are our friends and neighbors, we'd like to express our opinion on the nature of subsidies in general—any of them.

First of all, let it be known that newspapers are subsidized by the federal government. The State Line Tribune is no exception. The reason that you can get 52 copies of this paper for two and a half bucks is not because we're so kind hearted, because we've just got to make some money if we stay in business.

The reason a sub costs you only \$2.50 is because The Tribune, and nearly any other newspaper, magazine or what-not, has what they call a second class mailing permit.

This permit enables us to mail to you and other subscribers this newspaper at a price that is ridiculously low. If we had to stick a two-cent stamp on each Tribune, mailing costs would be about eight times what they are now.

Who makes up for the difference between what we pay to mail your paper and what it costs the government to get it to you? The

THE TRIBUNE'S EDITORIAL COMMENT

Our Confidence in the Administration Begins To Wane Somewhat

Up until just recently, we had been hope-fully regarding the new administration as a sort of knight in shining armor bent on saving the damsel called America from the clutches of the socialistic state.

Alas, our hope is fading. President Eisenhower has announced a plan designed to make 10 million more Americans "beneficiaries" of the Social Security plan (whether they like it or not).

This, of course, will mean that another burden has been thrown on the American taxpayer who is unfortunate enough to be making a modest living. This also will mean an additional strain on the already quaking federal debt, which is pushing toward new record.

"Social security" is the biggest hoax ever perpetrated on the citizens of this country. The inequalities and inconsistencies of the program are a national scandal.

A man who has been self-employed and who paid no taxes into the fund for thirty years is now eligible for benefits when he reaches 65 years of age, even though he has been paying into the fund only during the last two years.

Maybe it would be more clearly explained this way: A man, who was 64 in 1951, and had been self-employed for 30 years (having paid nothing toward Social Security during that time), now finds he is just as eligible for benefits at 65 as his neighbor, also 65, who worked for someone else and has been paying taxes toward SS for 30 years. All this is because of modification of the SS laws a couple of years back.

Another thing which has caused us some concern is the apparent disregard of the administration of its pre-election campaign to reduce if not eliminate the federal debt.

Ike got his ears pinned back when he tried to get the red-ink limit moved up to \$290 billion. Hooray! It took a coalition of Demos and Republicans to do it, but it's heartening to see that some legislators are waking up to the fact that the good old USA prosperous as she is, cannot hold up the world economy herself.

Failure of Credit System Will Mean Disaster

The other day a fellow who was genuinely concerned over just how long he would be able to remain in business took time to point out just what credit is doing to the retail businessman in Texico-Farwell and other small High Plains cities.

"What in the world has gotten into people?" he asked us. "They come in and fill up their car with my gas and say 'charge it,' then when it comes time to pay their bill they look at me and say, 'well I just haven't got the money. Sorry.'"

"Don't they realize that I have to pay for the gas I buy to sell to them? Don't they realize that if they don't pay their bills I can't pay mine?"

Those are the sentiments of just a lot of businessmen. He's losing confidence in the system, and if something isn't done voluntarily by the consumer, credit is going to become something of the past. Who could blame the retailer?

According to what businessmen tell us, they don't condemn people for not paying bills because they don't have any money. That can't be helped. But what DOES make a businessman disgusted is to have people charge a bill of goods that they know within reason they won't be able to pay for within six months.

There is nothing honorable about letting a bill

"ride." It's little short of embezzlement, at the very least. You're using the other fellow's money without his permission.

Few indeed are the businessmen who will bear a grudge against a customer who will come in and honestly say, "Look, Fred, I don't have enough money to pay this bill. Here's ten dollars, though. I'll pay you more as soon as I can."

But when a man or woman simply ignores dunnings and notices month after month, there can be little condemnation of a retailer who resorts to legal (if not brute) force to regain his investment.

Consolidation Issue Should Provoke Some Thinking

The two postal inspectors in Texico-Farwell this week, were, we think, sincere in their effort to bring about economies of operation in the Post Office Department, not only here, but in other towns in which they serve.

From their announced attitude, it appears that the public reaction for or against the consolidation of the Texico and Farwell Post Offices will have some bearing on whether the department will make a move.

If there is a legitimate argument against such a more unified arrangement, then by all means let it be made known. The Tribune will assist in publishing facts either in support of or against the proposal, but one thing we are NOT interested in doing is giving space to a useless and senseless jealousy that exists between the neighbors of the two states involved.

The most important thing to bear in mind in a situation such as this, we believe, is to remember that whatever the result may be will probably establish a precedent. Should the two offices be combined, it is not inconceivable that the two school systems might some day be united.

The schools are an entirely different matter, though, of course. Special legislation would be required for the education consolidation, where no such thing is necessary in the case of a federally financed postal system.

To The Tribune, it would appear that a post office consolidation would:

1. Effect an immediate and recognizable economy in operational expenses, since in all likelihood, the hours of personnel in one larger office would not amount to a total as large as two independent systems.
2. Eliminate the necessity of shuttling mail back and forth between the two offices, which really are a part of only one community.
3. Be in harmony with the announced intention of the federal government to eliminate duplication and overlapping in as many "service" branches as possible.
4. Not impair, but improve present out-of-town deliveries.
5. Point toward the day when a higher rating might be given the local post office, since the combined receipts will undoubtedly be higher than either if they operated independently.

It's Always Smart To Drive Safely

Three Parmer County citizens were killed in a car wreck over the weekend. This tragedy brings home once again the painful truth of living in this age of machines: Failure to exercise recognized rules of safety while operating an automobile will sooner or later catch up with you—with terrifying results.

Go easy on the gas. Be there ten minutes late if necessary, but be there.

Parmer County Boys Leave for 4-H Camp

Seventy-two boys and seven adult leaders departed from Farwell at 8:30 a.m. Monday for their annual 4-H Club trip into the mountains of New Mexico.

The group will camp out, and enjoy "roughing it" for three days. Plans were to go to Holy Ghost Canyon, near Pecos, N. M. They are due back in Farwell at about 7:00 p.m. tonight, (Thursday).

Sponsors making the trip are: Joe Jones, county agent; James Mabry, Ruel Barron, Rene Snead, Elmer Langford, J. K. Adams, and Bill McMillen.

Boys in the group were: Johnny Armstrong, Clifton Allen, Don Bandy, Mike Booth, Jerry Barron, Julius Bradshaw, Darrell Buske, George Baca, Bobby Callaway, Aubrey Lee Carlton, Donnie Carpenter, Larry Cooper, and Tom Collins.

Also: Jerry Delashaw, Bryant Dukes, Keith Estes, Weldon Fairchild, James Gilmore, Jerry Gleason, Gerald Gober, Leland Ray Gustin, John Hamilton, Burke Hand, Keith Huggins, Joe Hughes, Keith Hughes, Jimmy Hardage, Ronnie Isham, Durwood Ivy, Jimmy Ivy, Darrell Jennings, Herman Jesko, Richard Jesko, and Charles Jones.

And: Herman Kelson, Joe Land-

rum, Richard Lesly, Jesse Latham, Joe Latham, Delvin Langford, Jimmy Mabry, Junior Mallouf, Bobby Magness, Jimmy Martin, David Massey, Eddie Massey, Leon Massey, Tommie Massey, Dale Merriman, Gene Merriman, Truman McKillip, Dennis Nelson, Jerry Primrose, Ira Parr, Morris Reed, Billy Richards, and Joe Roark.

And: Gay Sherrieb, Gaylord Stowers, Roy Slagle, Gary Snead, Elmer Snodgrass, Donnie Spring, Darrell Stephens, Weldon Tatum, Jerry Turner, Durwood Teague, Anthony Whitfield, Dean Watkins, Glen Watkins, Ronnie Wilburn, and Dean Wines.

Texico Recreation Program to End Soon

The Texico Recreation Program will continue about one more week, according to Jimmy Starkey, instructor in the program. Starkey says that no definite date is available on when the swimming lessons will end.

The boys' baseball team, the Tornados, met the Clovis Elks last Thursday night, and were defeated, 6-5. Then the Elks and Tornados combined forces for the second game of the evening, and played the National League All-Stars. This was to give the All-Stars some practice for the play-off game in Portales. The All-Stars won, 19-3. Starkey says that the team will have a game this week if the uniforms arrive, but it is not yet scheduled.

Farm Bureau To Meet Monday Night

Texico Chapter of the Farm Bureau will meet Monday night in regular session at the School Lunchroom.

Olan Schlueter, chairman of the group, says no special program has been planned as yet, with just routine business to be presented.

Women are instructed to bring cookies for refreshments.

Large Group Attends Methodist Camp

A large group of adults, young people and children from The Hamlin Memorial Methodist Church are attending the Clovis District Methodist Family Camp at the Methodist Assembly Ground at Sacramento, N. M. The group left last Monday morning at 6 o'clock and will return on Friday. Mrs. Miller H. Stroup is in charge of the Juniors at the Camp Vacation Church School, Loyde Brewer and Marcia Foster are dormitory counselors, and Rev. Stroup was the editor of the first issue of the camp paper, "The Clovis District Camper."

Those attending the camp are Mr. and Mrs. Loyde Brewer and boys, Mrs. Miller H. Stroup, Rex Pool, Johnny Lovelace, Jerry Lovelace, Jimmy Don Moss, Anita Moss, Doris Rowland, Pete Rowland, Merlene Crook, Gari Lynn Crook, Charlotte Lawson, Sharon Coffman, Mikala Faville, Susan Levins, Marcia Foster, Jimmy Moore, David Watkins, Ree Stroup, Sally McShan, D'Tanis Caldwell, Bert Williams, Tommy Williams, and Dickie Williams.

Guest Pianist At Methodist Church

Lawrence Overstreet, of Oklahoma City, who is visiting in the home of his mother, Mrs. Anne Overstreet, will be guest pianist for both the morning and evening services, Sunday, August 9th, at the Hamlin Memorial Methodist Church.

At the 11 o'clock hour, Mrs. W. H. Graham will bring the solo, "An Evening Prayer," by Gabriel. The pastor, Rev. Miller H. Stroup, will speak on the subject, "A Spiritual Malady."

At the 8 p. m. hour, Rex Pool will bring the solo, "My Faith Looks Up to Thee," by Mason. The sermon subject will be, "Faith for this day."

The Sunday School hour is 10

a. m. Loyde Brewer is general superintendent.

LEGAL NOTICE

CITATION BY PUBLICATION
THE STATE OF TEXAS
To: The unknown heirs of D. H. Sleichter, if any, and the unknown heirs of Barbara Sleichter, if any, and George Ruener and his wife, Ellen Ruener, and should any of said defendants be deceased, then the unknown heirs, assigns, or legal representatives of said deceased defendants. Greeting:
YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Parmer County at the courthouse thereof, in Farwell, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 21st day of September, A. D. 1953, to Plaintiff's Petition filed in said court, on the first day of May, A. D. 1953, in this cause, numbered 1654 on the docket of said court and styled O. M. Jennings, et al. Plaintiffs, vs. Ralph N. Sleichter, et al. defendants.
A brief statement of the nature of this suit is as follows, to-wit:
Said in trespass to try title plaintiffs alleging that on 9-1-52 they were and still are the owner in fee simple of the East 420.13 acres of Section No. 100, Block H, Kelly Subdivision of Parmer County, Texas, and that the defendants on that date entered upon and dispossessed them therefrom, and that reasonable annual rental is \$400 per year, plaintiffs alleging source of title, and asking for judgment for title to and possession of said land and for costs of court as is more fully shown by Plaintiff's Petition on file in this suit.
If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved. The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.
Issued and given under my hand and the seal of said court at Farwell, Texas, this 4th day of August, A. D. 1953.

NOTICE OF PUBLIC HEARING ON BUDGET

THE COMMISSIONERS COURT of Parmer County, Texas, will convene at the Courthouse in Farwell, Texas, at a regular meeting on August 18, 1953, at 10:00 o'clock A. M. to adopt Budget for Parmer County. All persons who are interested are invited to be present at the adoption of the County Budget.

The Texas state hospital board reported 16,444 persons receiving treatment for mental illness in state-operated hospitals in May 1952.

TIME TO PLANT LEGUMES

Steve Bavousett, head of the Parmer County SCS, and Earl W. Drake, who farms in the east part of the county, check an interrow planter before beginning operations Friday morning. They are seeding Hairy Vetch, a legume highly recommended by the District.

PARMER COUNTY FARMERS BEGIN SEEDING HAIRY VETCH

With an eye toward improving their soil and providing a winter cover crop, Parmer County farmers last week began planting legumes under the supervision of the Parmer County Soil Conservation District.

One of the men convinced it's a wise move to make is Earl W. Drake, southeast of Friona, who has used one of the district interrow seeders to plant Hairy Vetch down the rows of his up-and-coming grain crop.

Drake has planted the recommended 10 pounds per acre on about 60 acres of feed, and by last Saturday, some of the legume was already coming up, following recent rains.

The planting season is just getting under way for this part of the country, says Steve Bavousett, SCS man, who figures Drake is one of the first to have planted.

For the farmer, planting is no real problem. Drake used the planter behind a 4-row cultivator that he would be having to use anyhow, so it doesn't mean much investment in time and expense to sow the legume.

The seeder takes care of only three middles, however, so Drake plants three and skips one as he

cultivates. Two rows of seed are deposited in each furrow, up against the side of the feed.

After the grain matures and is combined this fall, the Vetch will green out and stay that way through the winter, providing a good cover.

The main advantage is gained through soil improvement, says Bavousett, who notes that legumes return to the earth vital nitrogen.

An advantage that is strictly by-product, and should not always be counted on, is grazing. Sometimes grazing is good, sometimes not he points out.

Has Weekend Visitor

Miss Joan Boney, Broadview, visited over the weekend in the home of Miss Jo Sondra Magerus, Texico. The girls attended services at the Church of Christ meeting, and did various other things during her stay here.

Mr. and Mrs. K. N. Elliott of Kennedy, Texas, visited in the Jim Grisham home this weekend.

Rev. Stowers Takes Over Pastorate Here

Rev. and Mrs. M. W. Stowers have moved to Texico to make their home, where he will be new pastor of the United Pentecostal Church there. He is formerly of Friona.

The Stowers have recently lived in Tulsa, Okla. where he attended Bible school. They are making their home in a trailer house situated near the church.

Beverly Gulley Named Miss WT-NM League

Miss Beverly Gulley, daughter of Mr. and Mrs. O. G. Gulley, Farwell, who was recently named "Miss Clovis", also won in the West Texas-New Mexico League contest, to be named queen of the league.

Miss Gulley was crowned recently in ceremonies at the North-South all-star game in Lubbock, after the decision was made. She had previously made a tour with the other contestants in the League, to the various league towns.

Miss Gulley will represent the WT-NM league at the annual convention of the National Association of Professional Minor Baseball Leagues at Atlanta Ga. in December. She will compete with other representatives for the title, "Miss Minor League."

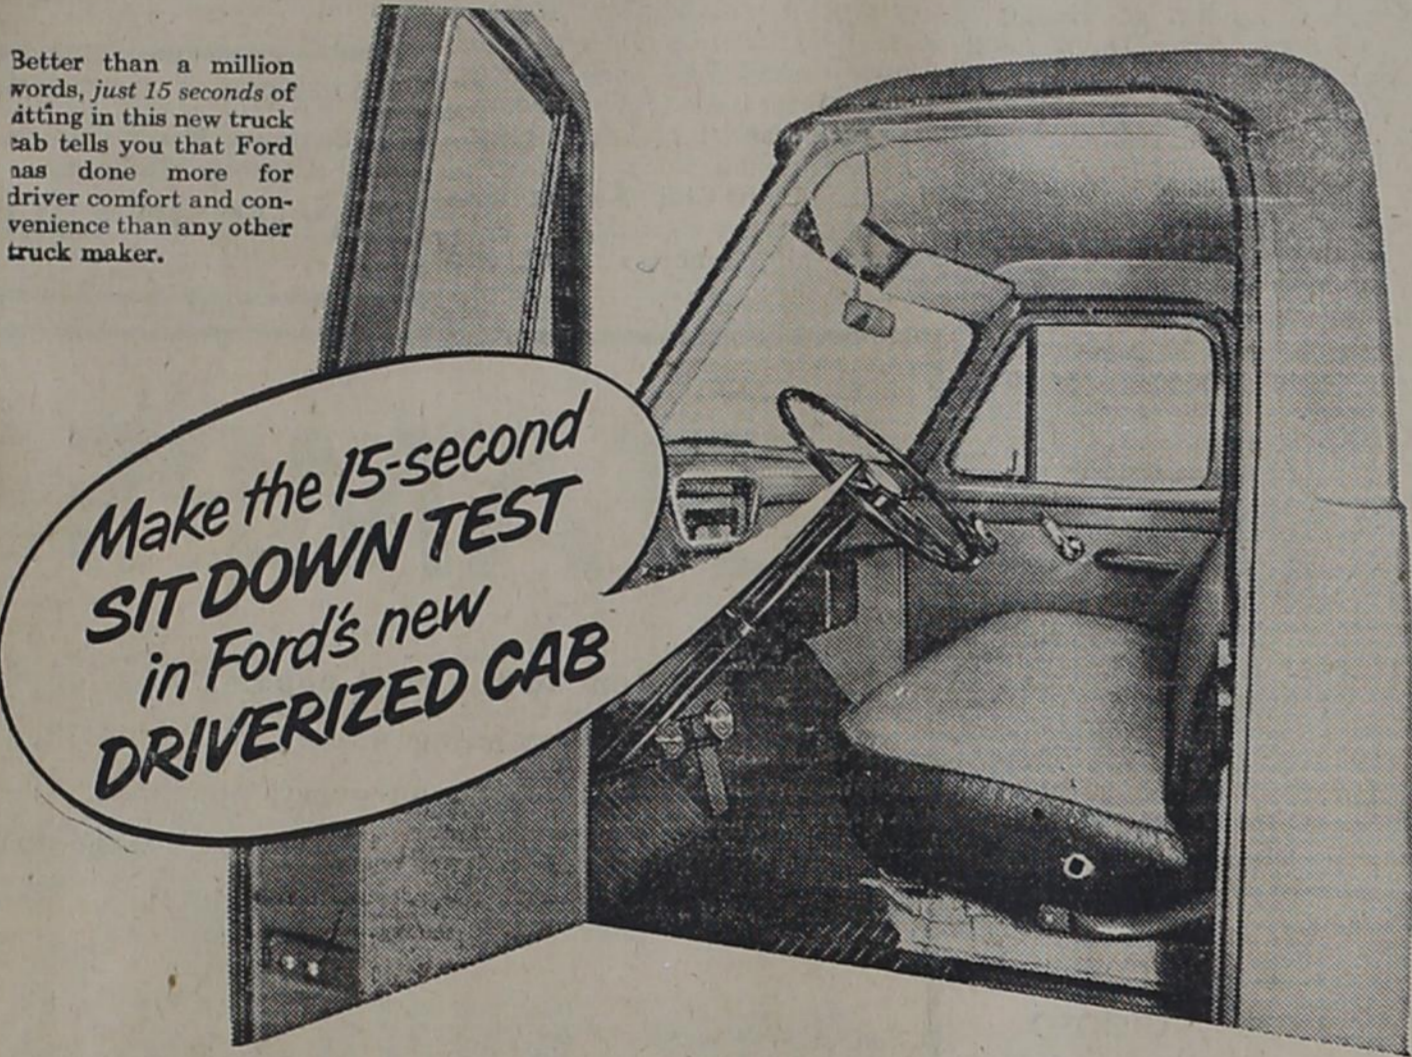

Committee Meets To Plan Sequel

A committee of Epsilon Sigma Alpha met recently in the home of Jeanne Graham to begin preliminary plans for the fall project of the group. Plans are to present a sequel to the Womanless Wedding, sponsored two years ago by ESA.

Committee members were Nell Walling, Dorothy Quickel, Gloria Miller and Mrs. Graham. Coffee and cake were served.

Mr. and Mrs. Elbert Landrum were in Sulphur Springs, Texas over the weekend visiting her brother, Woodrow Hyatt, who is ill and with other relatives and friends there.

Everyone wants to get in the act! The editor, father and husband of this household was discussing newspaper columns last week. As an off hand remark, we quipped "You know, that's something we'll have to try some day." The result he took the remark seriously and we find ourselves on Saturday afternoon sitting in front of the old faithful "society" typewriter, surrounded by unswept floors, a baby in our lap and a book on "How To Write Columns" to our left. With all that equipment, how can we lose? There is only one drawback, so far, we have nothing to say.

Our one experience in writing columns was back in high school days, when we wrote, what was supposed to be a humor column. We are old enough now to wonder if it was really funny. But we did get to go to state interscholastic league contests, and didn't get to first base when we were in competition with all the really good high school journalists. But we learned one thing—that we would never be happy in any other profession, except our present one of course—wife and mother.

How the big-town fashion magnets capitalize on trends in industry. Remember the T-V craze, when designers made such pretty T-V shoes, T-V peddle pushers for those "at-home" evenings. Then we had the chlorophyll era, which is still in evidence. Now there is a new one. One of the outstanding shops in Dallas is advertising cottons with that won-

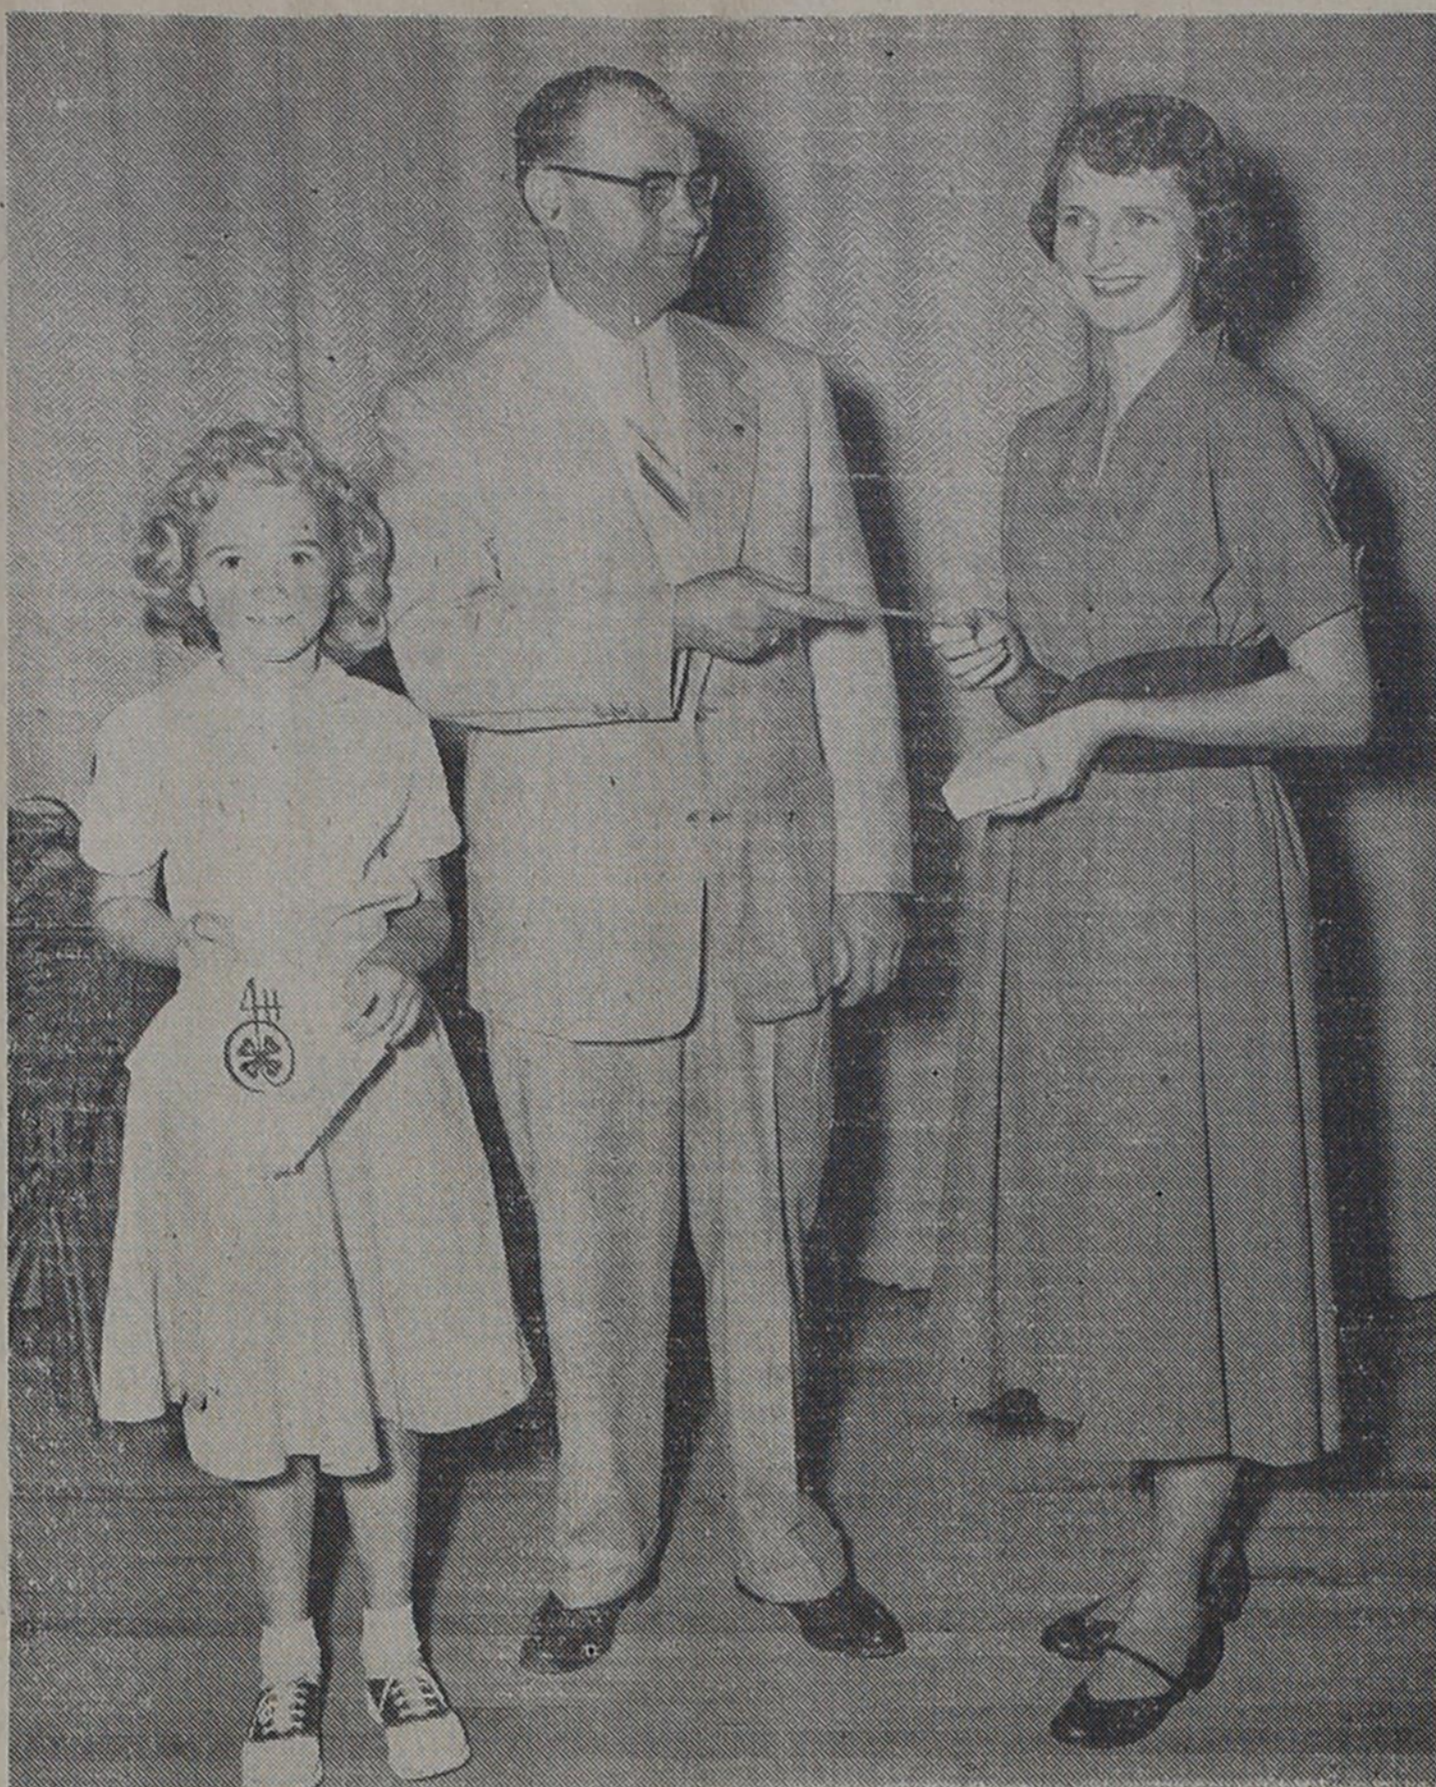

derful "3-D" texture. *****
What is more exciting than the rearing of a baby? Our own offspring is only three and one-half months old, but what a multitude of knowledge we have gained in that short time. We've learned there is nothing sweeter than a tiny baby. He can cry and fuss when we are busy until we want to pick him up and spank him, then we walk over to his crib, and he grins up at us with that cute little toothless mouth rippling dimples all the way across his face, and what can you do? And even if you are rather awkward in caring for his needs, are slow and just learning, he loves you anyway? If all the years are as interesting as the first few months there will never be a dull moment. *****

The trouble with most of us is that our necessities are too luxurious and our luxuries too necessary. *****
One of the best ideas we've read for cheering up a housewife is for her to go to one of the mid-summer clearance sales. She pushes through the crowd, bears the heat, and has a wonderful time just looking. She may come home with unmatched accessories, and a bag of article she doesn't need, but she gets that utter satisfaction when she runs on to something she really does wish for, and marked down ever so much. That is when she finds a bargain, and it's worth the trip. *****

RECIPE OF THE WEEK: Baked Ham with apple juice—1 1/4 pounds ham, 1 tsp. dry mustard, 2 tablespoons brown sugar, and 1 cup apple juice. Rub ham with mustard and brown sugar, place in baking pan and add juice. Bake at 350 F. for 1 hour, covered; then uncover and bake 1/2 hour, basting occasionally. *****

WIN PUBLIC SPEAKING CONTEST

Pictured above are Jo Sondra Magerus, Texico, winner of the County 4-H Club Speaking Contest held Saturday; Marion Alexander, representative of the Clovis Chamber of Commerce; and Queena Jones, Field, jr. speaking winner.

Miss Magerus Wins Speaking Contest

Jo Sondra Magerus, Texico, was named winner in the Curry County 4-H Public Speaking Contest, held July 25 in the R. E. Marshall Auditorium in Clovis. This makes the third straight year that Miss Magerus has captured the honor in this contest.

She also won first place in the sixth-year division of the Dress Revue, also held Saturday morning. She modeled an accessory dress of beige orlon, for which she made four sets of accessories to make an all-occasion dress. The award for this was a miniature sewing kit and a blue ribbon, while a bracelet was received in the speaking contest.

Jo Sondra will attend State 4-H Club Camp at Las Cruces August 10-14, where she will give her speech in state competition. The speech is entitled "I'm Free; I Think".

Jo Sondra has been requested to give her prize-winning speech this Saturday morning on a broadcast from station KICA in Clovis. Time for the broadcast is 8:00 a.m. CST.

Earlier in the week, Miss Magerus gave her speech to the Clovis Toastmistress Club and received their constructive criticism on it. The speech deals with communism and how it would affect rural people.

Other Texico girls entered in the recent Dress Revue, were Patsy Ruth Fain, Mary McDaniel, Karen Brehm, Gloria Ann Johnson, Lynell Lovett and Joyce Gil-

lean. Miss Gillean will also attend State Camp as a member of the Curry County Home Economics Judging Team.

Frankie Coffman First Polio Case

Frankie Coffman, son of Mr. and Mrs. Gene Coffman of this city, is the only polio case that has been reported for Farwell this year.

The Coffman boy, who will be 14 in September, noted a weakness in his right side—his leg, face, and arm. According to his mother, he had none of the preliminary polio symptoms. Upon realizing something was wrong, the boy was taken to a doctor, who said he was undoubtedly suffering from polio.

He now takes three therapy treatments a week, and after six weeks will have treatments once each week. His mother reports he still can't use his right arm, and doctors have told him he cannot enter into any sports or exert himself in any manner.

He has been very active in junior athletics at Farwell Schools in past seasons.

Mr. and Mrs. Russell Johnson, Gloria and Don, spent Saturday night and Sunday in Roswell visiting Mr. and Mrs. Bill Johnson.

Mr. and Mrs. W. M. McKinney returned home Thursday from Amarillo where they spent a week with their son.

Jeanene Grisham returned Monday from the hospital in Clovis where she underwent surgery last week.

Mr. and Mrs. Bobby Ray Goldsmith visited earlier this week in the Willie Goldsmith home in Texico.

Mrs. E. G. Snodgrass, Mrs. Tom Foster and Sondra Patton attended the School of Missions held in Lubbock July 27-31.

Dr. McNeff Renamed Veep of Delta Omega

Dr. Mary Leone McNeff, osteopathic physician of Farwell, was re-elected vice-president of Delta Omega, during their annual meeting which was held in conjunction with the 57th annual national convention of the American Osteopathic Association at the Conrad Hilton Hotel in Chicago.

The five-day scientific and medical sessions were held from July 13 to 17. Theme of the convention is "The Impact of Environment on Man's Health in a Changing World." The roundtable and lecture sessions featured nationally known specialists, general practitioners, and professors from the six osteopathic medical colleges.

Legion Zone to Meet in Farwell

The Zone Meeting of the American Legion will be held in Farwell August 11, according to Loyde Brewer, outgoing commander of the local chapter. The meeting will be at 8:00 p. m. at the Legion Hall says Brewer, and new officers for the post will be installed at that time.

Mike McCully, commander of the 18th district, has been invited to install the officers. Also invited is Mrs. Lavern Tekell, of Phillips, who is president of the 18th district Auxillary. She will install the new auxillary officers, according to a spokesman for the group.

Attend Bus Drivers School in Silver City

A group left Texico the first of this week to attend the state Bus Drivers' School at the Silver City College. Mr. and Mrs. N. W. Peyton, contractors, all the Texico bus drivers, and Supt. and Mrs. Agrie Jones were members of the group. Jones is scheduled to teach a class during the school. They will return the latter part of the week.

Jim's Cafe Has Good Opening Day

Mrs. Jim Moore reports a very good attendance at the re-opening of Jim's Cafe Saturday. "We gave away about ten dozen doughnuts, and made up about five pounds of coffee. We were rushed all day, and did a very good business," says Mrs. Moore.

The Moores have been in Hale Center, Texas for the past few months due to the ill health of Mr. Moore. During that time the cafe was leased to Lee Findley, but is now under the management of the Moores again.

Men's Team Wins One, Loses One

The local men's team split the two games they played last week, according to one of the players. They met the Clovis American Legion last Wednesday night, and were defeated 7-6.

Sunday afternoon, they met the Farwell colored team, and won with a top-heavy score of 17-1.

The team is now in the playoffs in the league, and will probably play Amherst this Sunday.

TO FFA CONVENTION

Cecil Dykes left Sunday for Albuquerque with Jimmy Moss of Pleasant Hill and Jerry Johnson, as delegates to attend an FFA convention. The group was to return Sunday night.

New-Type Loans Now Available For Producers

Farmer farmers who have quite a bit of time to devote to reading daily newspapers may have been able to keep up with the special provisions being made for drought disaster by Congress in the past few weeks.

But for those who have missed out on a chapter or two, and still find the situation just a little bit muddled, a statement this week from Walter Johnson of the FHA may help clear things up. The following information, chiefly concerning a newly created livestock loan, was given The Tribune by him Tuesday:

Financial aid to drought-stricken farmers and ranchers of Texas was promised immediately by the FHA state director, L. J. Cappelman, from his office in Dallas upon being informed recently by Secty. of Agriculture Ezra Benson that details of the new special livestock loan are complete and that lending procedure has been announced.

Funds are available up to \$150 million, and the purposes for which loan funds may be used include a long list of essential ranch operating purposes such as feed, grazing lease charges, crop land rentals, for production of feed, purchase, hire and repair of farm machinery, building or repairing of fences;

Transportation of cattle to and from grazing lands, payment of one year's operating interest on debts secured by liens on chattels or real estate, payment of one year's taxes on real and personal property, purchase of livestock for replacement or restocking, but not expansion of normal operations;

For water supplies, living expenses, but not to refinance secured or unsecured debts nor to establish a man in livestock operations.

loans is five percent, and repayment must be made within three years. Present FHA county committees will certify the loans for the present.

Cappelman also referred to the crop disaster loans administered by the FHA that are being made at the rate of more than \$1 million a month now. These loans are available in all areas suffering from the effects of production losses caused by reasons beyond the control of the farmer.

Cappelman has instructed county FHA supervisors to give priority to crop and special livestock loans and to call into session county loan committees as often as necessary to expedite loans.

He emphasized that money is available for the purpose of obtaining seed and other necessary supplies to start a new crop and to carry farmers and ranchers through the emergency.

The FHA is ready to receive applications and process loans immediately, the director says. The entire state is already a designated disaster area and loans can be processed without delay to purchase feed and to meet crop production needs in any county.

Cowpeas Planted In Grain Fields

Two experiments in planting cowpeas among grain sorghums are being watched with interest by officials in the Soil Conservation Service office at the present time.

The idea is to use the cowpeas as soil builders, with the crop being turned under to fertilize the ground following harvest of the grain sorghums this fall.

At present, cowpeas are planted in the fields of Carl Schlenker, in the Rhea community, and D. F. Anderson, near Muleshoe, officials report.

Stress in using soil builder crops, particularly in fields which have been irrigated over a period of years, is being made by the SCS, and various types legume crops are being used.

New Church Receives \$3000 For Building

Almost capacity crowds were in church services at the First Baptist Church, Farwell, for their move-in day the past Sunday morning. About 240 people were in morning worship services, and the building has a seating capacity of 258, church members say.

One-hundred and seventy-nine were on hand for Sunday School, which is one more than is enrolled.

Rev. Dewey Horton, pastor, preached the special sermon; Walter Hardage was choir director and Mrs. Jack McManigal was pianist. Miss Shirley Smith presented a special vocal number; and Mrs. Dewey Horton and her three daughters rendered a song.

At the close of the service, everyone marched by a tub and placed a love offering to be used for the construction costs of the new church building.

All gifts given by those outside the church were recognized. A total of \$3000 was received, and church members express their appreciation for all that has been done for them.

In Training Union that evening, an attendance of 87 was recorded. Flowers were sent by several businesses and individuals to beautify the interior of the building.

The young people of the church were to have charge of services last night (Wednesday).

Out-of-town visitors in the junior division Sunday were Oleta Ruth Cummings, Billy Liles, Doyle Coatney, Faye Roberson, Ann Spies, and Aubrey White.

Registering as visitors at the church Sunday were Mr. and Mrs. W. E. Wilkins of Amarillo; Marilyn Clark and Karla of Amarillo; Harold Harlow of Clovis; Mr. and Mrs. W. L. Another Half-Inch Rain Here Thursday

Rainfall Thursday night in Texico-Farwell amounted to at least a half inch, and some reports were up to .73 inch. Showers have not been general since the good rains of 10 days ago, but nearly every afternoon it clouds up enough for somebody in the area to get a little moisture.

Pasture is greening up very well over all the Plains, according to reports, and feed and cotton crops "have never looked better," particularly in Parmer County.

Agriculture men point out that subsurface moisture is still inadequate for crops to sustain a dry spell of any length, but frequent showers are helping things along considerably.

REACTIONS TO HOT WEATHER WIDELY VARIED FOR TOWN

The man who said, "Everybody talks about the weather, but nobody does anything about it" hit the nail right on the head as far as the people in Texico-Farwell are concerned.

Following are some of the answers received to your reporters' query of "What are you doing to beat the heat?"

Mae Porter says, "Nothing but just suffer and work. I think it's getting hotter!"

Dorothy Eason, who works at Bradshaw Grocery reports, "We have a fan at the store, which helps. I don't think it'll be as bad as it was earlier, because we're more accustomed to it."

Mrs. W. H. McDaniel, who lives west of Texico says she is "just sleeping it off." She finds it very hard to keep garden and plants growing in the terrific heat.

Mrs. Tena Roth says she is just "huffin' and puffin' it out." And Mrs. Paul Wurster finds working conditions very pleasant in her air conditioned office.

Joe Camp at the PMA office, says he solves the problem by "using two air conditioners, and listening to the ball game."

Mikala Faville, Texico teenager says, "I spend all of my time down at the drug store, where we have a good air conditioner."

Mary Crume, of City Cleaners,

tells us that she can't find anything to help the heat in the cleaning establishment, and if anyone knows of a solution, it would help a lot, if they'd tell her about it.

Raymond Euler, Parmer County Farm Bureau service representative, quipped, "I come in the Tribune office, where it's cool, when I'm in Farwell." He also says that he likes to get out and ride around, and "stir up the circulation." He plans to have an air conditioner in his car next summer.

Robert Morton, Farwell Ag instructor, says, "I can't change it, so I'm just enduring it."

Mitz and Nell Walling each had a comment to make on the subject, with Nell saying, "I just stay at home under the air conditioner." Mitz says, "I'm just waiting for a rain!" And he got it, finally.

Mr. and Mrs. Ray Lepak and daughter Karen of Yukon, Oklahoma, visited last week in the home of Mrs. Lepak's brother, Albert Magerus and family.

Mr. and Mrs. Gene Coffman and the L. E. McKillips were in Friona Saturday night to attend the Coffman-Allen wedding.

Lawrence Overstreet of Oklahoma City is in Farwell for a two-week visit with his mother, Mrs. Anne Overstreet.

Mrs. William Thornton, who lives north of Bovina, entered the Plainview hospital last week for observation.

Mrs. F. E. Autry and Carmen Roth were in Amarillo Monday to have an eye check-up.

DOES IT PAY TO ADVERTISE?

Most assuredly, and it pays best when it's newspaper advertising.

1. J.C. Penny, board chairman of J. C. Penny Company, with 1,632 stores in 48 states: "It pays to advertise in newspapers. That's why we spend the bulk of our advertising dollars in newspapers. Newspaper advertising gives retailers an invitation into the homes of those we want to reach—and can reach in no other economical way. Note the word economical."

2. Sears Roebuck and Company, with 684 stores announced that it spent \$34,009,500 for newspaper advertising in 1952 which was a record 7.7 per cent over the previous year's expenditure and the seventh consecutive year it has been increased. Sears has placed its major promotional emphasis on newspaper advertising since its entry into the retail field in 1925, so this constant increase in budget must indicate more than satisfactory sales results. Newspaper advertising must have done more than an adequate selling job for Sears or it would not have shown the growth in volume, number of stores and an advertising budget that have gone hand in hand.

3. Another major retailer Evan L. Ellis of Crowley's Department Store

in Detroit, praised newspapers at the National Retail Dry Goods Association conference in Cincinnati recently: "I have yet to find a newspaper that I would consider unworthy or lacking in potential pulling power. . . . It is so easy to see what we are buying, what we get for our money. If we cannot learn to use force to our best advantage then we must admit that we have failed rather than coming up with that trite old rhubarb that the newspaper doesn't pull any more. When it doesn't pull any more, it is because of what you have done to your advertising, what you've neglected to put into it. . . . Newspapers are the retailers' gold mine! That's why I say, let's do everything we can to preserve, protect this permanency and power of the press. . . ."

It is worthy to note that the speaker at the National Dry Goods Association meeting quoted above wasn't coining fancy phrases before a group of newspapermen to make them happy. Here was one retailer talking to others!

It all boils down to this: There is nothing speculative about newspaper advertising. The largest retailers in the country have demonstrated in words and action their faith in newspaper advertising. For them it has paid off. It can for others.

Spud Harvest Will Continue Locally

Potatoes continued to roll through the Friona shed this week as some growers pondered the advisability of digging their spuds at the current price or merely letting them remain in the ground.

Asked about the number of loads that had been handled locally, Horace Neff, operator of the shed, said that he did not have definite figures. Estimates put the turn out thus far at around 12 carloads the first week, that number or less the second week and upwards of 70 during the third week of operation. This is the fourth week of operation for the shed and indications were that the work would continue for the remainder of the month.

Producers who find the majority of their potatoes to be in the No. 1 class are going ahead with their digging, but the grower who checks up to discover that his spuds are smaller—although good and will grade No. 2 is reluctant to pay the expense of getting the tubers out of the ground.

McLaughlin Erecting Drive-In Theatre

Bill McLaughlin, operator of the local downtown theatre, said this week that he is making progress on the erection of a drive-in theatre on Highway 60 just west of Friona.

Asked as to when the theatre might be in operation, McLaughlin admitted it might be possible that he would not open this fall, but added that he was going ahead on the work.

The drive-in, second in Friona, will accommodate 240-250 cars, McLaughlin said, adding he was moving these up here from another location. Ramps have been run already, and erection on the tower is expected to begin soon.

The theatre owner said further that he would continue to operate the movie house in downtown Friona as regularly scheduled.

NEWS FROM THE FARM BUREAU

By RALPH SMITH

Attorney General John Ben Shepperd has cut travel and other expenses of the office to one half of what they were in the first six months of last year. Because of this improved economy of operation \$20,000 will be returned to the state treasury in August. That this represents efficiency is indicated in the fact that of 671 cases tried or appealed since January, only eleven have been lost. Why not let John Ben know that you appreciate his successful efforts to economize and increase efficiency in the use of your tax money? Maybe your reaction would inspire others to try similar operations.

Your service representative and Aubrey Ellison will spend this week at A & M trying to learn how to serve you better. Deaf Smith County is sending five of their prominent farmers along.

If you know a pretty girl between 16 and 22 on September 1st, whose father or brother is or wants to be a Farm Bureau Member, urge her to enter the Queen Contest to be held August 21. If she's the right girl, she can go right on to Lubbock Sept. 3rd, to Mineral Wells in November and then to Chicago in December with \$750 expense money plus all the gifts and courtesies that will accompany her and her matron. Mrs. Flossie Anderson of Bovina is seeking and taking entries. Business places who would like to help some girl along are invited to participate. \$5 entry fee is required and Farm Bureau will pay for formal ensemble for the county winner who goes to Lubbock. Cotton informals will reign at the county show. Cotton John, KGNC staff member, and Tim Magness and the "Techs" of Lubbock Tech will make the evening enjoyable for all.

Wheat producers, remember August 14, the day to vote for or against marketing quotas.

Theater industry leaders are pleading "hardships" in their drive to have amusement taxes eliminated. American Farm Bureau is contending that such a move would be inconsistent with FB budget balancing policies. We believe that farmers and other businesses could make the hardship pleas as justly as theater operators.

Consider this: "The name of the Lord is a strong tower, the righteous runneth into it, and is safe." Proverbs 18:10.

Gee Attends Meet Of Ag Teachers

J. T. Gee, vocational agriculture teacher for the local high school has gone to Dallas where he will attend a gathering and training school for Texas ag men.

Mrs. Gee accompanied Gee to Dallas, with the children, Linda Gaye and Tom, stopping enroute at Carbon to visit with relatives.

New Gin Will Be Erected Near Here

Erection of a new cotton gin in Parmer County, located on Highway 299 between Friona and Muleshoe, is going on this week, with equipment being moved onto the location.

Owner and operator of the gin will be H. C. Barton of Lamesa. Barton is hopeful that the new gin will be ready for operation by the time picking season gets underway in this county.

In general, the cotton situation in the Friona area looks very good at the present time. Irrigated fields bear evidence of a prolific yield, and since quotas are threatening for the coming year, it is likely that not a boll of cotton will remain in the fields.

Cars Damaged Sunday In County Accident

Two cars were damaged but none of the occupants were injured in a collision near Lazbuddy, Sunday, involving local people.

A 1953 Pontiac owned and driven by J. D. Allen was damaged to the extent of \$200, while the vehicle owned and operated by Leonard Smith had estimated damages in the amount of \$500.

The Allens, accompanied by Mrs. James P. Wilson, were enroute to Lazbuddy to visit relatives and were traveling east. Smith was headed north on a country road. High weeds impaired vision at the cross-road and the two vehicles collided.

Mr. and Mrs. T. G. White were Sunday visitors with her parents Mr. and Mrs. J. Q. Marrs.

Well House On Pope Farm Burns Thursday

Mr. and Mrs. L. D. Pope had the misfortune to have their irrigation well house burned to the ground Thursday night. The motor was also damaged. The Pope's had only been to the house about an hour before, when neighbors came to tell them it was burning. It is supposed that the fire started from the exhaust pipe.

Coffman-Allen Rites Performed Saturday

In an impressive ceremony at the Sixth Street Church of Christ at 6:30 Saturday evening, Miss Onedia Coffman, daughter of Mrs. Orma Coffman of Friona, became the bride of Frankie D. Allen, son of Mr. and Mrs. John Allen of Friona.

Bouquets of seasonal flowers decorated the church, with the rites being performed by Minister Stanley Lockhart.

Best man for the couple was Gene Watson, with Phyllis Hines serving as bridesmaid. Candle-lighters were Sue Nazworth and Wanda Beatty. Ushers were Cliff Coffman, brother of the bride, and Joe Allen, brother of the groom. Given in marriage by her brother, T. E. Coffman, the bride was gowned in a street costume of beige linen with lace bolero and contrasting navy accessories. She carried a white Bible. Mrs. Coffman, mother of the bride, chose navy crepe with white accessories, and Mrs. Allen wore navy crepe also with white accessories.

A reception was held in the church annex for intimates of the couple, following which the couple left for a honeymoon to points in New Mexico.

Allen is a graduate of the local high school and is employed at the Friona Lumber Company. Mrs. Allen is also a local graduate and is employed at the Ethridge-Spring Insurance agency. The couple will reside in Friona.

Survey Indicates Teacher Shortage

AUSTIN, TEXAS, July 25—A survey just completed by the Texas State Teachers Association indicates that there will be only 2,550 new teachers available for approximately 8,000 vacant teaching jobs in Texas next September, Research Director E. L. Galyean announced Saturday. Supt. W. H. Willoughby, Bovina, notes the survey.

The 8,000 figure is an estimate based on previous records, Galyean explained. The survey showed that there were 3,508 vacant teaching jobs—almost 1,000 more than the supply of new teachers—as of June 1.

"There are usually more than twice as many teaching jobs vacant on September 1 as on June 1," Galyean said, "because so many teachers find new jobs, outside the teaching profession, during the summer."

The survey showed that the annual turnover in teaching personnel is nearing 25 per cent. Records of the Texas Education Agency show that schools made 12,754 replacements during the 1952-53 school year. That means that one out of every five Texas teachers changed jobs during the past year.

Answers to the survey questions were received from 944 city and county superintendents. Practically all of the larger school districts reported, producing information from schools representing more than 88 per cent of the total professional personnel in Texas public schools.

The fifty-one senior colleges and universities were surveyed on the supply of new teachers that will be available. Forty-nine of these replied, reporting that 3,660 graduating seniors were eligible for teaching certificates. But they also reported that only 2,550 said they would accept teaching positions. More than 30 per cent of those trained to teach said they planned to enter other fields.

The survey of superintendents showed that the teacher shortage is less critical in large cities which pay salaries considerably higher than the minimums required by state law. School districts with less than 2,500 students reported the greatest percentage of teaching vacancies.

Approximately 2,100 of the new teachers to be in demand next fall are needed to take care of an anticipated increase of 60,000 in the state's scholastic population.

By subjects, the shortage of primary teachers is the most critical with 354 schools reporting a shortage. Mathematics teachers are needed by 290 schools, science teachers by 287, English by 166, physical education teachers by 156, music teachers by 150, and home economics teachers by 148.

"A great many schools will be forced to go on half-day schedules next fall, Galyean said, "because of the critical teacher shortage. Most of these half-day schedules will involve pupils in the first two grades."

The President of the U. S. is addressed as Mr. President, when spoken to.

Letter Tells Of Experience Abroad

The following letter was received by Mr. and Mrs. Frank Smith from their son, Paul, who has just been sent to France from the United States. He is serving with the army. We thought his many friends would enjoy reading his interesting account of his trip to France and so we are printing his letter here.

July 24, 1953

Dear Folks,
Guess I will try to write a few letters now that I am about halfway settled down. I have been putting off writing until I had some idea where I was going to be and what my address would be.

I have finally wound up in France. I am at Rochelle, which is on the Bay of Bisque, which is really the Atlantic. We are about 125 miles from the Spanish border. I don't know for sure where I'll be working, but it will be for the Judge Advocate here, I am almost sure. I'll find out for sure tomorrow.

I have really seen the country since I left the States. Went clear through the English Channel and landed in the northern part of Germany. We got off the ship there and got right on a train and came clear down the western edge of Germany to within two miles of France. There we were interviewed and assigned, with me getting France. So then I came clear across France.

I got changed from radar to clerk typist, so my work will be in an office again.

The country in Germany is really beautiful. Much more so than France. Everyone farms little plots of ground and everyone has a garden in Germany even though it may be no more than 10' X 10'. The German people are much cleaner and neater than the French at least they seem so, from what little I have seen. Haven't been in town anywhere yet, other than passing through.

I saw the White Cliffs of Dover as we went through the channel. Saw lots of places that had been bombed in Germany though most of it has been pretty well cleaned up now. We had breakfast in Paris yesterday morning. Prices in France are pretty high. They are fairly comparable to prices in the U. S. In Germany though, they are much lower. The buildings

for the most part here are made from brick and rock with slate or tile roofs. They don't have lumber to build with. The barracks in Germany were the ones formerly used by Hitler's S. S. Troops and were about like a dorm. In France, there are a lot of tents being used. I am in a tent at the present, but won't be when I finally get located.

The bunch I took basic with were all sent to England and that is where I would have gone, if I had not changed to office work. We aren't far from England, though. We can go anywhere in Europe we want when we are on leave. A lot of them go to England, Spain, Germany, Belgium, Holland, etc.

We couldn't wear civilian clothes in Germany, but can in France. In fact they want you to wear them because of the communist element here in France. They do all they can to antagonize anyone in uniform. Therefore, I want you to send me quite a bit of my clothing. It will be cheaper than buying more.

Will write more after I get settled. Incidentally, I didn't get seasick.

Love from Paul

INJURED ON TRACTOR

Glenda Jaquess, daughter of Mr. and Mrs. Rex Jaquess, escaped really serious injuries on Wednesday of last week when her foot was caught in the power lift on their tractor. The accident occurred at their farm as they were going in from the field.

She was taken to the hospital where some twenty stitches were required to close the wound. She almost lost several toes, but if there are no complications, she will not lose any of her foot. She is walking on crutches and will be for some time.

Feted On Birthday

Harriette Charles, was honored with a swimming party August 1 on her eleventh birthday. Her mother took her and her little friends to Muleshoe swimming and then treated them with refreshments at the drug store.

Those attending were Joy Redden, Suzie Estes, Verna Marie Estes, Celia Berry, Jackie Davies, Carolyn Norton, Carol Hammonds, Richard Kaminski and the honoree, and her mother, Mrs. Charles.

Get-Together Held In Bradshaw Home

An old-fashioned get-together and ice cream supper was held on Thursday night in the lovely backyard of the H. D. Bradshaw home. They enjoyed lots of good music and singing with Frank and Hugh Webb playing some old time songs on the fiddle. They also enjoyed reminiscing about the good old days and the kids all enjoyed running and playing in the spacious yard.

The backyard table was covered with cakes and surrounded by freezers full of ice cream, but it was soon cleared as the group shivered a little, but went back for seconds and even thirds.

Those present for the fun were Mr. and Mrs. Pierceson Adams, Terry, O. W. and Martha; Mr. and Mrs. Ovid Lawlis, James and David; Mr. and Mrs. Van Smith and Beverly; Mr. and Mrs. C. M. Huggins, Keith and Jean; Mr. and Mrs. Alvin Glasscock, Gary, Mac and Ronnie, Frank, Bob and Hugh Webb; Millie Holden, Yvonne Moody, Lavon Lanning, Bert Huggins, Jamie Tidenberg, Anthony Whitfield and the hosts, Bill, Erma, Julius, Dyalithia and Ella Bradshaw.

Mr. and Mrs. H. L. Tidenberg went to their cabin in the mountains near Las Vegas, New Mexico last week to vacation and fish. Their son Jamie, went up on Monday to join them.

Mr. and Mrs. J. P. Macon returned home Sunday from a weeks vacation in Arkansas.

Mr. and Mrs. M. D. Durham and Marvalynne left last week to spend several days vacationing at Red River, New Mexico.

Mr. and Mrs. Von Bowen, Pat Steelman and Donna Smith left last week for a vacation trip. They plan to visit Santa Fe, New Mexico, Yellowstone National Park in Wyoming and come back and visit in Denver and Colorado Springs, Colorado.

Rev. and Mrs. Gene Hawkins and daughter Nancy left on Thursday of last week from Plainview for Ft. Worth, Texas. Rev. Hawkins will enter the Southwestern Seminary for the fall term.

Mrs. Margaret Caldwell, teacher of the kindergarten school, asks that parents who wish their children to attend this school please register their child by the 15th of August, if possible. This will help greatly in preparation for the opening of school.

Mrs. Margaret Caldwell will begin her fall class in piano the first week in September and would like for all students to register as soon as possible, especially those students who want to do the work for school credit. Pupils may take this work or not, just as they choose.

Glenden Sudderth was honored Sunday, Aug. 2, with a surprise birthday dinner given by his mother on his seventeenth birthday. Those attending were Ted Walling, Pat Burnam, Janie Alverson, Sammie Sudderth, Wanda Roberts, and the honoree.

Those attending the School of Missions of the Methodist Church in Lubbock from Monday through Friday of last week were Mrs. Rouel Barron, Lillie Ellison, Mrs. Billie Sudderth and Pat Burnam. There were 404 women and girls enrolled.

Ronnie Sudderth visited his grandparents, Mr. and Mrs. John West, last week while his mother was in Lubbock.

G. W. Mayben has gone to Ft. Sill, Oklahoma where he will take two weeks of training.

Writes About Norway

A postcard was received last week by Mrs. W. H. Graham, from Miss Marcia Ann Johnson, who is studying this summer in Oslo, Norway.

Marcia writes that she is learning a great deal, and that she finds the people very friendly and thoughtful to strangers in their country. She says, "The people are rather slow-moving, compared to Americans, but they get things done." She describes the country as beautiful, and says that she is

really enjoying her stay there.

"HOW TO CONVERT A COMMUNIST"—Bishop Fulton J. Sheen gives three simple rules for fighting the communist doctrine of hate and destruction...outlines America's role in bringing peace to our troubled world...predicts the day that Russia will return to God. Read his inspiring article in the American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

FRIONA BAPTIST CHURCH

Rev. C. M. Fields, Pastor
 One person with active TB and

 losis Association.

The STRAIGHT and NARROW WAY

A playground does not need a straight path, but the highway which takes men to important goals must be as straight and direct as the engineers can make it. Much of the work of the road makers of our day is consumed in straightening out the winding roads of yesterday. Trucks loaded with milk and food for hungry people, hospital ambulances carrying sick and ailing men, automobiles filled with travelers pointed towards home, all sorts of busy workmen of the world are demanding the straight road. For the most of the way all that we ask is one narrow lane along which the motor vehicles may spin toward their destination.

Great spiritual leaders and teachers have insisted through the centuries that every soul must demand the same sort of *straight and narrow way* along which it moves with directness and devotion toward the *good goal*. The wide roads which are only midways of State Fairs and playgrounds for the immature spirits take us nowhere worth the going; if we tarry too long with the jostling and self-indulgent throng we find the goals that are destructive. The Kingdom of God is not reached in such fashion. If you are bent toward the heavenly goal of the spirit, choose *the straight and narrow way* that leads to life everlasting. "Heaven is not reached by the single bound"; it is the faithful day-by-day movement of mind and heart, in the high company of faithful souls, which will bring us "where the blessed are."

The *straight and narrow road* begins exactly where you are standing today. If you will lift your eyes to the hills of God, the path will lead you to the footprints of the good and the noble pilgrim who has gone ahead. Join them.
