RUSSIAN DEFENDERS STAND FIRM AGAINST REINFORCED NAZIS

By HENRY G. CASSIDY MOSCOW, Sept. 8. (AP)—Defenders of Stalingrad were reported firmly regrouped today against reinforced German shock troops seeking to enlarge a new and dangerous salient in the western defenses by non-stop attacks and southwestern lines also held overnight on battlefields stained with blood.

A Red army detachment took the initiative in a night raid, destroyed the headquarters of a Rumanian battalion below the city, slew 80 Rumanian officers and men and blew up seven Axis ammunition trucks, the mid-day communique said.

Germans wedged into Russian positions in the Novorossiisk area of the western Caucasus, but were either driven back or held fast in the Mozdok region of the central Caucasus and they lost additional positions to the Russians on the northwestern fronts, it was announced.

Army Bomber Crashes Into Newark Homes

Bodies Of Two Of Crew Hurtle Into Middle Of City

NEWARK, Ohio, Sept. 8. (AP)—An army bomber crashed and exploded on the edge of the business district today after two crewmen plunged to their death, one smashing through the roof of a doctor's office, the other landing on the platform of a railroad depot.

The plane dropped into the home of Mrs. A. L. Weston at Hudson avenue and Wyoming street, demolished it, and then plunged on into two other houses before exploding.

The ship and homes all burst into flames. An instant before the plane struck the ground, one wing gone, the body of a man in uniform landed on the platform of the Baltimore & Ohio depot, six blocks from the scene of the crash.

At about the same time, the body of another uniformed man fell through the roof of a downtown building two blocks from the crash and landed dead in the office of Dr. Lewis Mitchell.

George Arenberg, proprietor of a drug store, said he was in his establishment a block and a half from the crash when he "heard a tremendous explosion."

"As I stood in my prescription room I heard the explosion and then pieces of steel shot through the wall at my right," Arenberg related. "I examined them and found they were pieces of a motor."

Bond Sales Over \$16,000

Howard county was approximately one-sixth the way to its September war bond goal at the end of five days' sales, a check of issuing agencies revealed Tuesday. Sales totaled \$16,218.75, against a monthly allotment of \$99,800.

This was for the past week, with no Monday totals shown since agencies were closed Monday. That is, all except the theatres, which are heading up the bond drive this month, and which have bonds and stamps available on Sundays and holidays as well as at night.

The theatre drive is contributing strongly to the local program, the Riz having issued over \$2600 in bonds for the month to date.

Persons buying bonds there may leave their name and the serial number of their issue, and the name will be forwarded for auto-graphing on a North American bomber. Before September is over, it is expected that a lot of Howard county names will be on those planes which may in the future carry out a destructive mission over German and Jap held territory.

New Course For Raid Wardens To Start Tonight

Persons who have volunteered and those who will give their services as air raid wardens, auxiliary firemen, and fire watchers were reminded today by E. E. Bethell, in charge of instruction, of the instructional course starting at 8 o'clock this evening.

The instruction will be at the city hall. Herman S. Williams, Forsan, specialist in instructing on combating chemical warfare from a civilian point, will be in charge of the first meeting and will have a list of names of those who have volunteered.

At the same time, Bethell called attention to the showing of air raid warden films at the Lyric theatre today and suggested it might be well to attend the instructional session and then take to the film.

FDR, Churchill Stress Coming Allied Offensive

Dieppe Raid, Force In Egypt Cited As Trend In Our Favor

LONDON, Sept. 8. (AP)—Prime Minister Churchill told the house of commons today that the storming of Hitler's Europe at Dieppe was the "indispensable preliminary" to bigger undertakings and that Britain's army in Egypt "now is stronger actually and relatively than it ever has been."

Britain, he reported in a war summary to the reconvened parliament, "may be confident in our ability to maintain a successful defense of Egypt not for days or weeks but for several months ahead."

These specific details fitted into what Churchill termed a continuing trend in the Allies' favor since his last report and with a complete accord between Britain and the United States on waging global war, an accord which he said has existed since the end of July.

At sea also, he gave cheering news with the report that, though losses still are heavy, they had dropped so sharply that they are at a slower rate than replacements through new building.

"Our warfare on U-boats," he added, "has been more successful than at any other period in the war."

Still, he acknowledged, the nazis have been building submarines faster than the Allies have been able to sink them nevertheless, he said, the bombing of German shipbuilding yards "will have increasing effect upon the output and assembly of U-boats."

With direct reference to American air cooperation in the European theater, he commented: "United States daylight bombing is a new and increasing important factor and there is no doubt that both in the accuracy of high-level aim and in mutually defensive power the new possibilities of air warfare are being opened by our American comrades and their flying fortresses."

The Dieppe raid, he said, was necessary to "get the information" before launching operations on "a much larger scale."

Of his visit to Moscow to talk with Joseph Stalin, Churchill conceded that "the Russians do not think we or the Americans have done enough so far to take the weight off them."

But, he said, "we made their leader feel confidence in our loyal resolve to come to their aid as quickly as possible and without regard to losses or sacrifices involved so long as the contribution was toward victory."

The house cheered when Churchill declared that "one thing stands out in my mind after this visit and that is the inexorable resolve of Soviet Russia to fight Hitlerism to the end."

The Germans, Churchill said, could see at British ports "movements we are unable to conceal" and observe a "steady and rapid influx into these islands of United States divisions and other troops."

The enemy, Churchill went on, does not know "when and where with what force and in what direction he will be smitten. . . . All this, he said, is the result of the firm determination of the United States government to support the British and American cause."

Again, the prime minister said: "There is no reason to suppose that we have not the means of victory in our hands providing that the utmost in human power is done here and in the United States."

Fortresses Shoot Down 12 Nazis In Raiding Holland

LONDON, Sept. 8. (AP)—American flying fortresses—once criticized for deficient fire power—were praised again today after a precision raid on Rotterdam and Utrecht in occupied Holland yesterday from which a formation of fortresses returned intact by fighting off a swarm of German fighters and shooting 12 of the best German planes out of the sky.

"With more crews and aircraft like these, there can be no doubt about the mastery of the air over Europe," said Maj. Gen. Carl Spaatz, commander in chief of U.S. air forces in the European theater.

Making their longest raid into naz-held territory, the fortresses bombed the railroad yards at Utrecht and the Schiedam shipyards at Rotterdam.

The attack brought to a climax two days intense aerial activity against naz military installations. Unfavorable weather over the apparently interrupted this damaging cycle last night.

The flying fortress raid yesterday brought forth a new story of a sturdy plane. "In returning from the attack at Rotterdam," a statement issued by U. S. Army Air Forces headquarters said, "a formation of B-17s encountered enemy fighters and the engine of one aircraft was damaged."

"The pilot, Capt. Aquilla B. Hughes of Waco, Tex., endeavored to keep up with our formation by diving his aircraft, but in doing so the flying fortress fell behind and became a special target for 12 Focke-Wulf 190s which dived at tremendous speed from a higher altitude."

"On a second attack of 12 enemy aircraft, Sgt. Gilbert Gear of Clarkdale, Miss., himself wounded, shot down a F-W 190 which caught fire as it fell. Then Sgt. Jerry D. Johnson of Milwaukee fired a single burst from his .50 caliber machinegun into a second F-W 190 which also burst into smoke. The navigator, Lieut. Morris E. Mansell of Houston, Tex., put a burst of .50 caliber bullets into a third F-W 190, but could not confirm its destruction."

Captain Hughes fought off all attacks and brought his bomber back to his home airfield. The running battle lasted 15 minutes. "During this raid," the statement said, "twelve German fighters were destroyed and many others probably destroyed or damaged. All the crews are fighting with bravery and tenacity of purpose."

Rommel Loses Many Tanks

WITH AMERICAN TANK CREWS IN EGYPT'S WESTERN DESERT, Sept. 8. (AP)—Scattered over the desert are wrecks of German tanks destroyed by American tank crews in Marshal Rommel's latest thwarted drive toward the valley of the Nile.

These were the tanks which were considered virtually invincible as they broke through France's defenses two years ago and later models were strengthened by face-hardened armor plates.

If there are any illusions left about the invincibility of German tanks one has only to look at these burned-out and smashed junk heaps which once were Hitler's armored pride and joy.

The exact number of the Axis African corps tanks knocked out by the Americans is not known. It is, however, comparable to those knocked out by British tanks since the Americans formed only a small fraction of the armored formations in the past week's desert battles.

(Wendell Willkie said in Ankara Monday that in all, the Allies knocked out 100 of the 200 first-line tanks Rommel had.)

One Flurry In Demo Convention As Chairman Flays Expenditures

AUSTIN, Sept. 8. (AP)—The state democratic convention broke out into an uproar today when a gallery spectator interrupted a speech by E. B. Germany, retiring executive committee chairman, who had called on the delegates to adopt party restrictions to require "candidates to report known expenses to protect honest candidates."

"Why do you come here to try to smear the name of one man," shouted the spectator, who later identified himself to reporters as W. A. Braddock, 80, of Austin. "If the gentleman knows any one who has been so dishonest I am after him," Germany replied. "I have made no reference to anyone. I am confident that practically all candidates are guilty of the same thing."

Braddock, who attempted to speak further, was shouted down as Germany continued his report to the convention. He praised the two-party system and said it was the nation's best means of preserving the democratic form of government. "I was given this office originally because I was no professional politician, but I have learned lots about politics," said Germany, who was regarded as one of the original supporters of W. Lee O'Daniel. In the recent senatorial campaign, he supported James V. Alfred for the democratic senatorial nomination. "I have learned that candidates for public office sometimes are careless of the statistics by which they report their expenditures in a campaign," he asserted. "I do not refer to any individual."

I am speaking in general terms. But its a bad situation when obvious expenses are incurred—such as radio time—and not reported. It is a dangerous situation when a candidate—mine or anybody else's—has friends who spend money or time in his behalf and they fail to make note of it. "If a man accepts contributions, when he does not know from whom they come, he is not honest with his constituents. He puts himself under obligations to sources which will eventually make themselves known. "I'm talking sensible facts and they hit pretty close to some of the best friends I have."

Following the interruption, the convention again subsided into the smoothly functioning body that had characterized it from the start.

Spending-Tax Proposal Is Turned Down

WASHINGTON, Sept. 8. (AP)—The senate finance committee overwhelmingly rejected today a treasury proposal to raise \$6,500,000 additional revenue by super-imposing a spending tax on present and anticipated revenues and broadening the base of the regular income tax.

Senator Byrd (D-Va.) said the group voted 13 to 0 in a closed session against the proposal, "submitted personally last Thursday by Secretary of the Treasury Morgenthau."

As outlined to the committee at that time, the program called for a 10 per cent levy on all of the money spent by single persons who earned more than \$500 a year and married persons with more than \$1,000 income. Married couples would be given an additional \$250 credit for each dependent.

This 10 per cent, which was to be in the form of enforced savings, was calculated to yield \$4,500,000 annually, all of which would be paid back to taxpayers after the war.

In addition, the treasury proposed a graduated tax ranging from 10 to 75 per cent on "luxury" spending above specified exemptions, the amount thus collected to be retained as direct tax.

This latter tax, combined with a reduction in income tax exemptions, was calculated to yield about \$2,000,000 in direct next taxes yearly.

Byrd said the entire program was rejected, including the treasury-proposed reductions in regular income tax exemptions.

Laredo Man Found Dead In Home

LAREDO, Sept. 8. (AP)—Officers found the body of H. D. Beasler, about 42, an ex-service man, dead beside his bed last night after neighbors reported a light burning in the room the past two days and sought investigation.

Justice of the Peace Manuel Cruz said he believed the man had been dead several days. The body is being held pending further investigation.

Time Bomb Found In Electric Plant

NEWARK, N. J., Sept. 8. (AP)—Discovery of a powerful time bomb in the Western Electric company's vast Kearny plant was disclosed by the federal bureau of investigation today with the arrest of an employee who supposedly found it.

E. E. Conroy, assistant FBI director, said the bomb had been set to explode at 11 p. m. Sunday, but that at 10:45 p. m. it was turned over to company guards by Bernard Joseph O'Donnell, 21, of Teaneck. Guards ripped out wires to prevent a detonation.

Had the bomb exploded in a strategic spot, Conroy said, it could have killed 100 persons.

British Ship Lost In The Caribbean

By The Associated Press The sinking of a British merchant ship in the Caribbean last month was disclosed today by the navy, but only 54 men aboard the ship escaped safely and were rescued 30 minutes later by a United States warship.

The submarine which fired the torpedo was not seen, survivors said. The sinking brought the Associated Press total of announced sinkings of United Nations and neutral ships in the western Atlantic since Pearl Harbor to 458.

'Necessary Decisions' Made; Several Fronts Are Prospects

WASHINGTON, Sept. 8. (AP)—The White House disclosed today, after President Roosevelt had made it plain that preparations were under way for opening a second front in Europe, that the "necessary decisions regarding military operations" were made at a London conference between British and American officials in July.

The conferences, held with Prime Minister Winston Churchill and the British chiefs of staff, lasted ten days and covered the whole conduct of the war.

This government was represented by Harry L. Hopkins as President Roosevelt's personal representative, Gen. George C. Marshall, army chief of staff, and Admiral Ernest J. King, chief of naval operations.

Stephen Early, presidential secretary, was in London at the same time conferring with Brendon Bracken, Britain's minister of public information.

"The decisions on military operations were, of course, not revealed, although Mr. Roosevelt in his 'fireside chat' last night pointed out that there were at least a dozen different places at which attacks could be launched."

President Roosevelt told of the offensive preparations in reporting to the nation that he had called on congress to give him quick and specific authority to stabilize the cost of living as a means of averting economic chaos on the home front.

Declaring he would accept the responsibility and act on his own initiative if congress failed to respond with adequate legislation by Oct. 1, Mr. Roosevelt said he would not hesitate to "use every power vested in me to accomplish the defeat of our enemies."

"The president has the powers, under the constitution and under congressional acts," he said, "to take measures necessary to avert a disaster which would interfere with the winning of the war."

In a front-by-front review of a global war which he said would cost this nation nearly one hundred billion dollars in 1943, the president said the aim in Europe was an offensive against Germany.

"There are at least a dozen different points at which attacks can be launched," he said. "You, of course, do not expect me to give details of future plans, but you can rest assured that preparations are being made here and in Britain toward this purpose."

"The power of Germany must be broken on the battlefields of Europe."

Asserting that certain vital military decisions had been made, he added: "In due time you will know what these decisions are—and so will our enemies. I can say now that all these decisions are directed toward taking the offensive."

By implication, he disclosed that at least 528,000 American troops already have been sent overseas, or, as he put it, more than three times the number sent to France in the first nine months of the last war.

On the Russian front, he said the Germans "are still unable to gain the smashing victory which, almost a year ago, Hitler announced he had already achieved." Russia will hold out despite any setbacks, he said, and with the help of her Allies will ultimately "drive every naz from her soil."

In the Pacific, he warned that the Japanese, while stopped in one major offensive, "still possess great strength" and undoubtedly will strike hard again.

Jap-Soviet Break Near, China Hears

CHUNGKING, Sept. 8. (AP)—Reports circulated in foreign circles here today that Japanese Ambassador Naotake Sato had presented recent "suggestions" to Russia which the Soviet government found unacceptable, and that as a result a break into open conflict between the two nations was expected at any moment.

These reports did not specify what suggestions Japan was alleged to have made. They were said, however, to have been laid before the Russians since the resignation of Shigenori Togo as Japanese foreign minister last week.

An army spokesman said at a press conference the China had no new knowledge of Japanese troop movements outside of China, but reports reaching other quarters in the capital continued to describe a steady flow of Japanese forces into Manchukuo, across the border from Siberia.

Members of the senate finance committee, who already have declined to close some of the tax loopholes which the president cited in his message, appeared unlikely to accept his recommendation for rate increases which would limit individual incomes to \$25,000 a year. They speeded consideration of the new revenue measure in an attempt to bring it before the senate by Sept. 21.

In his message to congress, the president said he was prepared to act in an executive capacity to stabilize wages, but insisted that farm prices must also be controlled. He contended that the present law would permit the average of all farm commodities to rise to 116 per cent of parity.

Legislation to be introduced in both houses this week to carry out his objectives thus was expected to call for repeal of section three of the price control act which contains these restrictions on the operation of price ceilings.

Beyond that, the legislation was expected to outline a broad new economic authority which would be headed by an administrator who would take over much of the work of controlling the cost of living.

DECATUR, Sept. 8. (AP)—Two brothers, Bill Pickett, 15, and Daryl Pickett, 17, were charged yesterday with murder and assault to murder in connection with the slaying near Boyd Sunday of their uncle, L. O. Pickett, 89, who lives near Fort Worth.

The shooting occurred on a farm near Boyd. The youths waived examining trial and were released under bond.

Jesse Porter, 23, of Asia, a companion of L. O. Pickett, was wounded slightly.

Congress Demands Wage Regulation With Farm Curb

WASHINGTON, Sept. 8. (AP)—Widespread demands for statutory control of wages came from members today as an aroused congress awaited introduction of a legislative blueprint for President Roosevelt's drastic new program to stabilize living costs and prevent inflation.

Mr. Roosevelt's statement that he would invoke executive powers if congress did not act by Oct. 1 to knock down present statutory ceilings and provide new taxes brought retorts that the president was "pointing a pistol" at congress, was waving a "club" and was setting out on "uncharted seas" of presidential authority.

But out of the storm of criticism that arose over the language in which he conveyed his objectives to congress in a message yesterday and to the people in a radio "fireside chat" last night these trends were discernable among legislators:

Influential democrats and republicans appeared agreed that overall controls of the nation's economic machinery were needed, with many contending that wages, as well as farm prices should be stabilized by legislation.

Farm state members rallied to insist that if ceilings were to be fixed on the prices of agricultural commodities at parity levels, parity returns for all crops should be guaranteed to the farmers by the government.

(Parity is a price calculated to give growers a purchasing power equal to a past favorable period, usually 1909-14. The price control law provides no ceilings can be placed on farm crops below 110 per cent parity, below the average 1919-29 level, or below the price prevailing on Oct. 1 or Dec. 15 of last year, whichever is the more favorable.)

Members of the senate finance committee, who already have declined to close some of the tax loopholes which the president cited in his message, appeared unlikely to accept his recommendation for rate increases which would limit individual incomes to \$25,000 a year. They speeded consideration of the new revenue measure in an attempt to bring it before the senate by Sept. 21.

In his message to congress, the president said he was prepared to act in an executive capacity to stabilize wages, but insisted that farm prices must also be controlled. He contended that the present law would permit the average of all farm commodities to rise to 116 per cent of parity.

Indications a month ago were for a crop of 13,985,000 bales. Production totaled 10,744,000 bales last year and the ten-year (1931-40) production averaged 12,100,000 bales.

The condition of the crop on Sept. 1 compared with 65 per cent of a normal a year ago, and a ten-year normal 1 average condition of 85.

The indicated yield of lint cotton is 289.3 pounds to the acre, compared with 267.7 pounds a month ago, 231.9 pounds produced last year, and a ten-year average yield of 215.0 pounds.

The department placed the acreage for harvest this year, after determining the abandonment since July 1 was 3.0 per cent, at 25,573,000 acres. The acreage in cultivation July 1 was 23,544,000. Harvested acreage last year was 22,238,000 and in 1940 it was 22,551,000.

The census bureau reported that cotton of this year's growth gained to Sept. 1 totaled 137,589 running bales, counting round bales and excluding linters, compared with 506,730 bales a year ago, and 605,764 bales two years ago.

Jap Jungle Units Force Allies Back

GENERAL L. MACARTHUR'S HEADQUARTERS, Australia, Sept. 8. (AP)—Japanese jungle fighters, forcing back Allied advance patrols, have pushed up into the Owen Stanley range and are in contact with the Allied defense line in the mountains guarding the way across southeast New Guinea to Port Moresby, General MacArthur's headquarters disclosed today.

A communique said fighting was on an expanded scale from earlier patrol clashes.

Here's A Landlord You'd Like To Have

SAN DIEGO, Calif., Sept. 8. (AP)—Federal Rent Director John A. Arvin received 16,000 requests from San Diego landlords who want more rent. He granted the change requested by No. 16,001—who wrote: "The legal maximum rent on my property is \$35 a month. My tenant is a navy man in the lower pay brackets and \$35 is all he can afford to pay. And I am satisfied with the \$25. . . . So was Arvin."

Rains Fall Over Wide Texas Area

Texas, from Dallas and Fort Worth to the Rio Grande and in between, today soaked up drenching rains that filled creek beds, overflowed on to highways and hindered farming operations. Little actual damage was reported. (Big Spring's total rainfall for Monday was gauged at the airport as 1.60 inches.)

U. S. Cotton Forecast Is 14,028,000

Predicted Yield Placed Higher Than Month Ago

WASHINGTON, Sept. 8. (AP)—The agriculture department today forecast this year's cotton crop at 14,028,000 bales, of 800 pounds gross weight, based on the condition of the crop Sept. 1, which was 79 per cent of a normal.

Indications a month ago were for a crop of 13,985,000 bales. Production totaled 10,744,000 bales last year and the ten-year (1931-40) production averaged 12,100,000 bales.

The condition of the crop on Sept. 1 compared with 65 per cent of a normal a year ago, and a ten-year normal 1 average condition of 85.

## Miss Laneous Notes

**By MARY WHEALEY**

A past time with those a little tetchy in the head, and that includes us too, is riding around in the rain. Some song writer wrote a song about it once so there is no need to get lyrical, but it is fun.

It's a question just why this is a favorite sport with a certain select few. Many will brand you as slightly off the beam if you so much as suggest the idea to them but the dyed-in-the-wool rain-riders says you with pleasure when they find another member of their group.

It may be that the fun from this sport comes from the fact that you feel so warm and dry inside a car while the rest of the world in your view streams with the rain. It may be that you don't want to go home, and riding in the rain is just another excuse to stay out.

But you could put it down to the fact that the world seems unreal and distant with lights from windows, cars, and street signs reflecting in the wet streets. Shoddy looking houses and usually dreary streets take on a new and shiny appearance as the rain drenches them all impartially.

There's a certain feeling of contentment and satisfaction you get when the rain finally stops and trees themselves free of glistening rain drops. You can see all this from the inside of a house all right, but only the rain riders get the full effect of a storm and then the sudden quiet that follows.

## Final Canvass Of Election Gives O'Daniel 51.13 Pct

AUSTIN, Sept. 8. (AP)—The reins of democratic party leadership in Texas slip into the hands of Governor Coke R. Stevenson today.

An estimated 2,500 delegates met at Gregory gymnasium on the University of Texas campus for the party's biennial show—a statewide convention at which men and women of the governor's choice step into party executive posts.

Members of the state executive committee, 61 in all, half men and half women, guide the party machinery for the next two years.

The retiring committee, meeting finally yesterday, wound up its administration by canvassing returns from the Aug. 22 run-off primary.

The canvass gave 482,224 votes or 51.13 per cent of those cast in the U. S. senate race to incumbent W. Lee O'Daniel and 452,238 or 48.87 per cent to James V. Allred. Thus O'Daniel's name—together with those of other nominees—goes on the November general election ballot as the democratic ticket.

Other run-off results of the canvass gave:

For lieutenant-governor—John Lee Smith, 485,487; Harold Beck, 347,298.

For state treasurer—Jesse James, 561,410; W. Gregory Hatcher, 250,970.

For railroad commissioner (unexpired term)—Beauford H. Jester, 488,638; Pierce Brooks, 361,886.

The retiring committee pledged its support of Governor Stevenson and recommended, as one of its final acts, the election of temporary convention officers of the governor's choice.

Headed by E. B. Germany of Dallas, the group has functioned for years, first taking office shortly before O'Daniel began his initial term as governor.

## Both Cards And Dodgers Shaky Down Home Stretch

### Bums' Margin Remains At 2 1/2 Games

By JUDSON BAILEY  
Associated Press Sports Writer

The Brooklyn Dodgers and St. Louis Cardinals are giving the National League its typical tight finish, but both clubs seem likely to stay within the speed limit in their race down the stretch.

Both teams looked tired and wobbly in dividing Labor Day doubleheaders and kept the margin between them unchanged at 2 1/2 games. Today the standing was:

Team	W	L	GB	GTP
Brooklyn	95	43	...	18
St. Louis	91	46	2 1/2	17

At the end of the Dodgers' recent western trip Manager Leo Durocher named the five pitchers he was relying upon to bring Brooklyn home in front. They were Rookie Max Mason and the veterans Whit Wyatt, Curt Davis, Kirby Higbe and Bobo Newsom. Over the weekend all five worked and none of the veterans, pitching on short rest, was able to last a complete game.

Yesterday at Boston Davis was removed after three innings although Dolph Camilli had given him a three-run lead with his 22nd homer in the first frame. The Dodgers ultimately won 11-4 with a six-run spurge in the fourth frame, but Rookie Les Webber received the credit.

Then in the six-inning Newsom lasted less than six innings and was charged with the 5-4 loss.

The Cardinals showed the extent of their reaction to pressure by letting the Pittsburgh Pirates score 11 runs after two were out in the sixth inning of the first game. The Pirates won 11-6 but the Cards came back battling to take the nightcap 6-4.

In the American League, the New York Yankees swept a doubleheader from the Philadelphia Athletics 6-5 and 11-2 and gained half a game on the Boston Red Sox, who won the one encounter that escaped the weatherman at Washington, 9-7. This put the Yankees nine games in front.

The St. Louis Browns and Detroit Tigers divided their doubleheader. In the first game Al Benton retained his first success since the all-star game, 5-3. In the second, Harold Giff made five straight hits to beat in all runs as the Browns won 3-0.

Cleveland at Chicago was postponed until today.

The New York Giants pounced on Philadelphia twice 5-3 and 4-0 to extend the Phils' losing streak to 13 games, longest of the National League season.

Bucky Walters finally achieved his 13th victory with a six-hit job as Cincinnati nudged out the Chicago Cubs 3-1. The Bruins took the second game on the strength of Lou Stringer's three-run double in the eighth inning, 5 to 3.

### Texas League Going Into Playoffs

By The Associated Press

Four top finishers in the Texas league tangle in the loop's annual Shaughnessy playoff Wednesday with a slugging Beaumont outfit the team to beat on the basis of its record.

The Exporters, who led the league all season, entertain San Antonio's Missions, the fourth place winners, and Shreveport, as runner-up, chose to start its four-out-of-seven series at home against third place Fort Worth.

A crowd of 4,500 was forecast for the Beaumont game, scheduled at 8:30 p. m. A probable attendance of 5,500 was expected for an 8:15 p. m. opener at Shreveport.

Three clubs announced starting pitchers, Fort Worth preparing to send star Hank Oana against Shreveport's Doyle Lade. Beaumont announced its starter would be Charley Fuchs.

The last official compilation gave Oana 18 wins against 4 losses; Lade 18 wins and 7 defeats, and Fuchs 11 wins and 4 losses.

A seven-game series between winners of the first round will determine the championship.

The first two games will be at Beaumont and Shreveport; the next three at San Antonio and Fort Worth, and two more if needed to decide the first round winners, will be at Beaumont and Shreveport.

Shreveport goes into the playoff crippled through an injury to Outfielder Vernon Washington, a key man on offense. Fort Worth's hitting has been off badly the last few weeks, and San Antonio's strength was affected by heavy losses during the season.

The regular schedule ended Monday, and San Antonio found an easy entrance to the championship bracket, when doubleheaders at Beaumont and Shreveport were cancelled because of weather. San Antonio had held a half game lead over Houston in a battle to finish in fourth place.

Irv Kupcinet, Chicago Times: "Just in case horse players are interested, Sportsman's Park has been designated as an official morgue in event of an air raid on Cicero. . . . And no cracks, please, about the stiffs you've already seen there."

Jock Sempie, the Marathon runner, works a ten-hour day as a ship joiner in Boston and then runs ten miles to his home in Lynn to save gas.

Cantius college will use a "v" huddle this season to conform with the spirit of the times—and maybe keep the guys on the ends of the "v" from second-guessing the quarterback.

At Cincinnati's Redland field the other day, the announcer was giving out the news that Mike Robot, the pitching machine, would serve 'em up for a fungo hitting contest the next night. . . . A fan interrupted: "We've seen enough pitchers. Let's see a mechanical hitter."

WHAT'S COOKIN', COACH? The day after Snappy Moore, the U. of Chattanooga grid coach, entertained and instructed his players with movies of last season's games, a freshman asked "What kind of pictures are you going to show tonight, Coach? A comedy, maybe?" . . . Moore raked the recruit with his sternest look and boomed out, "and what do you expect to see, Carol Galt?"

## War Bonds Go To Top Men In All Flights

Bill Roden, playing under Big Spring colors, kept the championship trophy of the 13th annual Country Club invitational golf tournament at home Monday, turning back Don Starnes of Odessa in the final round, 3-2. It was a double triumph for Roden, who had copped medal honors.

Roden, one of the section's finest young golfers, was steady all the way through. Three of his matches on the way up were won by a 4-3 count, and it was this same steadiness in the stretch that turned back Starnes, whose woods went sour on the back nine. His magic putter had kept him in, but even this was not enough to offset some wild tee shots. Starnes had advanced to the finals by eliminating Frank Stacey of Midland, 4-3, while Roden was disposing of Max Boring of Odessa by the same margin.

Jack Brown of Texon beat Bob Davidson of Sweetwater, the defending champion, 2-1, for consolation honors.

War bonds and stamps were distributed as prizes, with the winner in each flight getting a \$26 issue. Each consolationist was awarded \$10 in stamps, as was the runner-up in each flight. Roden received a watch as medalist.

Although the field was some smaller than in previous years, Country Club officials were pleased with the tournament and called it a successful affair from every standpoint.

First flight honors went to Lieut. Bill Ebey, Midland, over Troy White, Big Spring, 4-3. Lieut. Goff, Midland, turned back A. G. Barnard, Jr., Lamesa, 3-4, for consolation. W. W. Barker, Midland, beat Wright Cowden, Midland, 4-3, for second flight honors. Jim Sebell, Texon, taking consolation 2 up over C. L. Rowe, Big Spring.

Bill White, Lamesa, trimmed Bob Hodges, Big Spring, 3-2, for top spot in the third flight while Tommy Neal, Big Spring, beat Sgt. Moore, Midland, for a consolation. Marvin House, Sr., Big Spring, beat fellow townsman Travis Reed 3-1 for fourth flight honors and Louis Heuval, Foran, took consolation by default from Roy Reeder.

Heavy showers stopped play during the morning and slowed matches during afternoon.

Results of Monday's rounds:

Gasoline and tire rationing observance of war time have adversely affected attendance at many drive-in motion picture theatres, says the Department of Commerce.

NEW YORK, Sept. 8 (AP)—Ted Schroeder, Jr., a big, awkward-looking youngster from Glendale, Calif., with a "plovboy" walk something like Bob Feller's, is the country's first tennis champion of the present war era.

He polished off the veteran Frankie Parker with undignified ease and polish in the finals at Forest Hills yesterday, 6-6, 7-4, 6-4, 4-6, 6-2, proving himself a much finer tennis player than had been realized previously.

He trimmed the clock-like Frankie almost as he pleased—the marathon score being misleading.

When he slammed the ball away for the final point of his victory, Schroeder spoke his valedictory to tennis for the duration. Within a week he expects to be in the naval academy at Annapolis.

Schroeder shared another championship when he and Louise Brough of Beverly Hills, Calif., won the final of the mixed doubles from Alejo Russell of the Argentine and Mrs. Patricia Canning Todd of New York, 2-6, 6-1, 6-4. Miss Brough paired with Marjorie Osborne of San Francisco to capture the women's doubles with a 2-6, 7-5, 6-3 victory over Pauline Betz of Los Angeles and Doris Hart of Miami.

Miss Betz scored an upset win over Miss Brough in the women's singles final on Sunday, 4-6, 6-1, 6-4.

### Ted Williams Lifts Stick Mark To .352

NEW YORK, Sept. 8 (AP)—Ted Williams keeps going up and Pete Reiser keeps coming down, but thus far both have retained their major league batting leadership.

Williams, the long, lean slugger of the Boston Red Sox who a week ago had a mark of .346, today had lifted his average to .352 and the only question about his winning the American league hitting crown for the second straight year appeared to be the distance over the rest of the field.

Reiser's long batting slump, which was interrupted but not ended by a trip to Johns Hopkins hospital at Baltimore, finally was broken with three hits at Boston yesterday. But even so the Brooklyn Dodger ace dropped from .328 to .324 during the week and would have lost the lead except that Enoc (Country) Slaughter of the St. Louis Cardinals, previously his most persistent pursuer, also skidded sharply.

Four top finishers in the Texas league tangle in the loop's annual Shaughnessy playoff Wednesday with a slugging Beaumont outfit the team to beat on the basis of its record.

The Exporters, who led the league all season, entertain San Antonio's Missions, the fourth place winners, and Shreveport, as runner-up, chose to start its four-out-of-seven series at home against third place Fort Worth.

A crowd of 4,500 was forecast for the Beaumont game, scheduled at 8:30 p. m. A probable attendance of 5,500 was expected for an 8:15 p. m. opener at Shreveport.

Three clubs announced starting pitchers, Fort Worth preparing to send star Hank Oana against Shreveport's Doyle Lade. Beaumont announced its starter would be Charley Fuchs.

The last official compilation gave Oana 18 wins against 4 losses; Lade 18 wins and 7 defeats, and Fuchs 11 wins and 4 losses.

A seven-game series between winners of the first round will determine the championship.

The first two games will be at Beaumont and Shreveport; the next three at San Antonio and Fort Worth, and two more if needed to decide the first round winners, will be at Beaumont and Shreveport.

Shreveport goes into the playoff crippled through an injury to Outfielder Vernon Washington, a key man on offense. Fort Worth's hitting has been off badly the last few weeks, and San Antonio's strength was affected by heavy losses during the season.

The regular schedule ended Monday, and San Antonio found an easy entrance to the championship bracket, when doubleheaders at Beaumont and Shreveport were cancelled because of weather. San Antonio had held a half game lead over Houston in a battle to finish in fourth place.

## S'West Squads Into Scrimmage

By The Associated Press.

A quick scheduling of scrimmages by most Southwest conference football teams as fall conditioning got under way indicated that gridmen in camp were already in fair to middlin' shape.

Coach Dutch Meyer sent the Texas Christian university Frogs through their first scrimmage Monday; the Texas Aggies charged through a tough scrimmage on a water-soaked turf, and Coach Dana Bible told his University of Texas squad to get ready for contact work today.

Coach Jimmy Stewart of Southern Methodist was pleased with the good shape of his Mustangs in their first workouts Monday and said that they'd get their first scrimmage not later than Thursday.

From where I sit ...  
by Joe Marsh

It's real puzzlin' when you stop to think about it...

I mean the way the human race has worked out a whole set of cut-an'-dried alibis for its misdeeds and shortcomings.

Some of them's harmless alibis—like the office boy's grandmother who always passes away just before the big baseball game.

Here's some others: "My alarm clock didn't go off." "I left my money in my other suit." "I was settin' up with a sick friend."

And then the one about the two beers. Now that one is downright exasperatin'.

Because there's not a shred of truth in it.

Every once in a while I read in the papers about some ornery cuss, who never did know the meanin' of moderation, gettin' himself into trouble—

—and then protestin' that all he had to drink was "a couple of beers."

We know it isn't true. He's just sayin' that because he knows that

"a couple of beers" sounds moderate and sensible-like—and it is.

Personally, I don't ever remember seein' a couple of glasses of good beer, enjoyed among friends, hurt any normal, sensible person.

If you won't get in trouble without beer, you aren't going to get in trouble with it.

Matter of fact, it's been my observation right along that a friendly glass of beer in pleasant sociability leads to just the opposite of trouble.

It goes along, seems to me, with good companionship, and moderation, and tolerance for the other fellow.

Yes, sir, from where I sit, it looks like the fellow that goes and gets himself in trouble, and then blames it all on a "couple of beers" isn't really foolin' anybody.

But he is bein' mighty mean and unfair to the people that enjoy the right to a sensible moderate drink like beer—yes, includin' "a couple of beers."

**Reservations Go Rapidly For C-C Officers' Dinner**

Chamber of commerce members were rapidly exhausting the supply of tickets for the organization's get-acquainted dinner and dance affair set for Thursday evening.

At the same time the chamber announced to the membership that the supply was fast being exhausted, it was reiterated that the affair would be informal. Some confusion on the point had arisen as the result of invitations, but the event, was conceived as an informal one, according to the committee in charge.

Because of the limited supply, only chamber members will be permitted to make reservations for the event. It was estimated that there would be between 150 to 200 guests, counting officers and their wives, and that the remaining space would be necessarily limited.

Time of the dinner is 8:30 p. m. but the committee suggested that by many who can come early in order to visit and meet the officers and their ladies. There will be an interim following the dinner while the ballroom is being cleared before the dance will begin.

**Keep 'Em Flying**

It is not just a slogan with these two Big Spring young men, now stationed at the Army Air Force Advanced Flying school here. Sgt. Charles R. Nelson, left, makes sure the plane engine is in top trim by changing a spark plug while Hollace E. Bowden insures good flying conditions of the ship by a thorough inspection. Both of these young men enlisted here June 3, 1941, were assigned to Fort Bliss and then to Kelly Field where Bowden graduated from the airplane mechanics school Jan. 23, 1942 and Nelson a few days later on Feb. 1. Bowden came directly from Kelly Field to Big Spring but Sgt. Nelson spent a time at the Midland Army Flying School before transferring back home. Currently, all men who can qualify as air corps specialists are being enlisted with assurance of being assigned here for their on-the-job training.

**August Month Of Thunderstorms**

Put August down as a month of thunderstorms, for the monthly summary released by the U. S. Navy, S. L. Cooke, recruiter in charge of the Big Spring sub-station of commerce weather bureau at the airport, shows no less than 11 of these meteorological disturbances with nine showers.

After an abnormally dry summer, August finally jarred loose toward the end of the month and 3.47 inches of moisture on the 24th broke the drought. Another 1.19 on Aug. 31 clinched the deal. While there were showers on nine days, enough moisture fell on 10 others to be registered as a trace, so there was little wonder that this August turned out to be the wettest for the month in 22 years with 5.71 inches.

Mean maximum for the month was 90.2 and mean minimum 69.3, the average temperature being 79.7 for the month. Highest was 101 degrees on Aug. 10 and the lowest 64 degrees on Aug. 31.

**Rat Eradication Demonstrations Are Continued**

Another successful rat extermination demonstration was held in Sosa community Monday night as several buildings were gassed for rats and methods of prebaiting poison and trapping were discussed.

Tuesday afternoon poison was to be set out at the Moore school house and on Wednesday at the W. P. Fickett farm in Richland another demonstration will be held.

The biggest job in the rat poisoning campaign, County Agent O. P. Griffin pointed out, was in getting people interested through the press, radio and through demonstrations in doing away with the rats. A concerted war on rodents is the only method of riding the community of the danger of typhus fever. Isolated killing of the rats here and there will not stamp them out but only cause them to migrate from one point to another, Griffin said.

**Students On Hand For Class Work**

Schools got underway Tuesday morning at scheduled hour of 8:30 o'clock with teachers and pupils arriving on time and in full force. Estimated enrollment, since exact figures will not be available until late this afternoon, shows a slightly lower number of pupils than at first expected.

Eighth grade pupils to date numbered approximately 242 students. In nearly every instance, more new pupils were to come in and Wednesday morning will be devoted to registering these pupils, J. A. Coffey, principal, said.

Teachers were present one hundred percent with the exception of a vacancy in the chemistry department which still has to be filled.
